

AROUND TOWN

SIGHTS, FACES SEEN

Tomorrow is Memorial Day. Many will pause briefly to pay silent tribute to those who have died, in wars past, in the service of their country. Worth more than a passing thought, perhaps, on this occasion is the problem of how best to prevent that sad honor roll from growing in wars yet to come. A nation which finds a way to guarantee peace to future generations can pay no higher tribute to those who have died in its service.

Early tomorrow morning, the local American Legion and VFW posts will join hands to place flags on the graves of all war veterans buried in West Park Cemetery. If any ex-serviceman is missed during this ceremony, please notify Bill Smith and the error will be corrected.

The Bank will close tomorrow for Memorial Day, and again on Tuesday, June 3, in observance of Jefferson Davis' birthday. Leo Forrest also announces that the Hereford Rotary Club will not meet tomorrow, due to the fact that Friday is a national holiday.

“Booster Tags” for automobile license plates, bearing the legend “Hereford Texas—the Town Without a Toothache,” are on sale this week by members of the American Legion Auxiliary. The tags are lettered in luminous white on a red background. Proceeds from the sale will be used.

Moore Talks To Lions on Nat'l Defense Program

Jimmie Moore, of Amarillo, immediate past commander of the 18th District American Legion, made a brief address yesterday noon before the Hereford Lions Club on the subject of National Defense and the proposed Universal Military Training program, which the American Legion and VFW organizations are backing.

“This is not a program to militarize our youth,” Moore told the Lions, “but a program to have them protected and to be able to protect themselves.”

Universal Military Training is nearer to passage at this time than it has ever been before, Moore said, recalling that the American Legion has been advocating such a program since shortly after World War I.

Voicing concern over the threat of Communism, Moore called for alertness on the part of every citizen against any form of subversive activity, which, he said, “is more prevalent today than ever before.”

“If ever there was a time,” Moore declared, “when it is important for all of us to realize the importance of being American citizens, it is now.”

Moore was introduced by Bill Smith of the local American Legion Post.

Increased Sugar Rations Promised This Summer by Agriculture Dept.

Ration Stamp No. 12 in War Ration Book 4 is valid now for 10 pounds of sugar. The Department of Agriculture revealed in a surprise announcement from Washington Tuesday.

Spare Stamp 12, originally scheduled to become valid on July 1, had been re-set for June 1, but the Agriculture Department, apparently spurred by a flood of sugar from Cuban markets, plus an impending tie-up of transportation facilities by the wheat harvest, moved this week to make the new stamp good immediately.

With the announcement came more and better news for American house-wives:

Another ration stamp, good for 10 pounds of sugar, will be made valid on or before August 1.

Previously, the department had said that Stamp 12 would have to last until October 31, when rationing is scheduled to expire.

A sudden turn in sugar fortunes, however, brought the startlingly optimistic announcement from the nation's capitol this week. Sugar supplies are (Continued on Page 5)

New Officers And Directors Named By Club Yesterday

D. C. Kinsey, current vice president of the Hereford Lions Club, was elected yesterday noon to succeed Howard Gault as Boss Lion for the coming club year.

Kinsey defeated Bill Davis in the election to select the new Lions Club president.

O. L. Bybee was elected to succeed Kinsey as Vice-President, defeating Urlin Streu in the balloting.

Bill Phillips was re-elected as Secretary-Treasurer of the club over his rival candidate, W. J. (Dub) Reeves.

W. J. (Bill) Smith was elected Tall Twister, succeeding Durward Robertson in that office. Woody Wilson was the opposition candidate.

Bruce Woodell was named Lion Tamer, defeating H. M. Thomas for the office which has been vacant since the resignation of Jim Snelson last fall.

Elected to the Board of Directors were Ben Ezell and Sylvester Slagle. Other nominees were Dr. L. B. Barnett and Dr. Will Graham. Retiring members of the Board are Bob Wilson and Glenn Snyder. Hold-over members are Alex Thompson and Wayne Evans.

Nominations for the offices were announced by a nominating committee two weeks ago, and campaign speeches were made last week by Lions Club members appointed to “manage” the candidacies of the various nominees.

The new officers and directors of the club will be installed in July.

Sevier Is Given Five Years Suspended in Assault Case

Drunk Driver No. Ten Pays Off in County Court

Lloyd (Mickey) Mingus, 21, of Friona, became drunk driver No. 10 to get a sample of County Court justice in Hereford this year.

Mingus was arrested on Highway 60 in Hereford Saturday afternoon by Deputy Sheriff Neal Young and lodged in county jail to await trial on charges of driving while intoxicated.

(Continued on Page 4)

Robert Sevier, charged in District Court with “Assault with intent to murder, with malice” entered a plea of guilty last Friday afternoon and received a five-year suspended sentence.

District Judge Harry Schultz opened court here briefly Friday to hear Sevier's case and one other.

Schultz in suspending sentence for Sevier, commented that it was contrary to his principles to suspend sentence in a case of this type.

Sentence was suspended on the recommendation of F. E. Gray, the man whom Sevier had assaulted, Schultz said, and in view of the fact that Sevier has a wife (Continued on Page 4)

Dawn and Firemen Take Early Lead in Munny Softball League As Play Enters Third Week

Dawn and the Hereford Firemen were off to an early and commanding lead in the Munny Softball League this week as league play went into its third week.

American Legion, with only one game played so far, still ranks with the leaders with no losses, and Summerfield is showing lots of power at the plate, particularly in last night's 23-22 slugfest, although VFW squeezed out a win.

The Dawn nine, newcomers to the league this year, started off like a house afire to win its first three games by impressive scores.

Monday night the Dawn aggregation downed the underdog Hereford Lions 18 to 4; and rounded out a double header in a make-up game by bowling over High School 12 to 7.

Tuesday night's game pitted the Firemen, still in the under-

errors to shove across 12 runs.

In Tuesday night's battle between High School and Firemen, the hits were split nine and nine. Simmons pitched again for High School, with Brock on the mound for the Firemen. The margin in the Firemen's 9 to 5 victory was in errors, four chalked against High school, only one on the smoke-eaters.

In last night's contest between VFW and Summerfield, a comedy of errors marked the play. VFW scored 15 hits and 17 errors. Summerfield 13 hits and 12 errors. The runs: 23 for VFW, 22 for Summerfield.

Against the Lions Monday night, Dawn pounded out 18 hits on Morgan, while Lemmons gave up 10. Against High school, May hurled for the Dawn team and gave up 11 hits, but tight fielding held down the score while the Dawn slugger, gathering only 7 hits off Simmons, capitalized on

McNeil and Berry Make Arrest Barely An Hour After Hold-up

Thanks to the efficiency of the Panhandle Police radio network and the alertness of two local Highway patrolmen, a trio of amateur bandits who robbed the First National Bank at Hale Center Monday morning had one of the shortest careers in crime on record.

The three, S. M. Wilburn, 21, Charles W. Royalty, 23, and Grissom May, 31, all of Lubbock, wound up in custody of officers on the Dimmitt Highway seven miles south of Hereford barely an hour after they had sped away from the Hale Center bank with some \$2300 in loot.

State Highway Patrolmen Cecil McNeil and S. M. Berry made the arrest. The trio of would-be gunmen didn't put up any opposition at all, the patrolmen reported.

McNeil and Berry were speeding south from Hereford to set up a road block on the Dimmitt highway when they passed the northbound green Plymouth sedan which answered the description of the get-away car.

Whipping the patrol car around, they sped after the fugitives, overtaking and stopping them in less than a mile.

A flood of currency, whipped by the wind, was scattered in a nearby wheat field when the Patrolmen jerked open the door of the bandit's car. Forcing the trio to lie face-down on the Highway, Berry and McNeil kept them covered while they radioed for help.

The call for assistance was picked up moments later at the office of Sheriff J. C. Reese, and Deputy Sheriff Neal Young, who was guarding Highway 60 at the edge of town, was notified and sped to the scene, picking up City Marshal Bruce Woodell, who was cruising south of town, en route.

Sheriff Reese accompanied by Deputy Worth Covington and a Brand reporter, was close behind them.

Young and Woodell assisted the Highway Patrolmen in handcuffing the prisoners and rounding up the one, five, and ten-dollar bills which were scattered over nearby fields.

All of the \$2300 in loot taken from the bank was recovered.

Within an hour and fifteen minutes after the Hale Center bank was robbed, it was all over. The bandit car was stopped at a few minutes before eleven o'clock. The robbery had occurred at about 9:45.

Within a few minutes after the robbery, the alarm had been broadcast by the Panhandle Police Radio station in Amarillo, to be picked up by highway patrol cars and in sheriff's offices all over the Panhandle-Plains area. (Continued on Page 5)

Mrs. Carl Frye Dies After Stroke Here on Monday

Mrs. Carl Frye, 55, died at the Godwin Nursing Home here at 4:30 o'clock Monday afternoon, a few hours after suffering a stroke at her home at 11 o'clock Monday morning.

Funeral services were held this morning (Thursday) at ten o'clock at the First Methodist Church, with Rev. Russell Winger, pastor of the First Presbyterian Church, in charge of the rites.

Interment was in West Park cemetery under direction of E. B. Black Funeral Home.

Mrs. Frye was born Sarah Meda Woodburn at Litan, Texas, on March 28, 1892. She had moved with her family from Silverton to this county in 1915, and was married on August 1, 1917, to Carl Frye in Hereford.

She was the daughter of the late Mr. and Mrs. E. T. Woodburn, pioneers of Deaf Smith County. She was educated at Trinity University, and later taught in the Hereford schools.

Mr. and Mrs. Frye had made their home on their farm in Castro county south of Hereford until last fall, when they moved to Hereford, and were building a new home here.

She is survived by her husband; four daughters, Mrs. Louise Gunther of Lubbock, Mrs. Caroline Higgins of Wildorado, and Carrie Ray and Pat Frye of Hereford; one son, Charles, of Hereford; three sisters, Mrs. Mattie Woodburn of Hereford, Mrs. Edgar Betts of Clovis, N. M., and Mrs. Leota Squires of Fort Worth; and four brothers, Jim Woodburn of Lockney, Bill Woodburn of Dimmitt, Ernest Woodburn of San Francisco, California; and Erles Woodburn of Claude; and four grandchildren.

Bandits Get-Away Car Too Slow for Highway Patrol

The get-away-car used by the Hale Center Bank robbers, was a 1941 Plymouth Sedan belonging to the City Cab Company of Lubbock, Sam Wilburn, the driver, told local officers when the trio of bandits were arrested.

Wilburn said he was employed by the City Cab Company as a driver, and insisted that he had no part in the robbery. Wilburn said that Royalty and May had hired the cab.

Wilburn, however, got no credit for the ease with which Highway Patrolmen overtook the Plymouth after sighting it south of Hereford on Highway 51 Monday morning. Deputy Sheriff Worth Covington, who drove the car back to Hereford after the bandits had been arrested, insisted that he wasn't able to get more than 60 miles an hour out of it.

Lubbock City cab officials reported to officers that Wilburn was no longer employed by them at the time of the robbery, opening the way to filing of car-theft charges in addition to the robbery charges.

Probably a May readily admitted their part in the Hale Center hold-up under questioning by City Marshal Bruce Woodell, Deputy Sheriff Neal (Continued on Page 6)

Dwaine Russell Drowns in Stock Tank on Sunday

FAIRVIEW, May 27—Dwaine Russell, 8 year old son of Mr. and Mrs. Roy Russell of Fairview community, was drowned in a stock tank at the family farm here last Sunday morning.

The youngster's body was discovered at about 11 o'clock Sunday morning.

Dwaine had been playing in a tree overhanging the tank, and it was believed that he fell from the tree into the tank and was knocked unconscious by the blow. There was only about a foot of water in the tank.

Dwaine's brothers and sisters had gone to Sunday School, and his body was discovered only after they had returned home at about 11 o'clock.

Funeral services were held Tuesday afternoon at three o'clock at the Palo Duro Church, with Rev. J. M. Sullivan officiating. Burial was in Palo Duro cemetery.

Survivors include his parents, Mr. and Mrs. James Russell; two brothers, Charles and Jimmy; and a sister, Carol June.

State Bank Will Open in Bartlett Building June 16

Opening of the new Hereford State Bank is scheduled for Monday, June 16, in the Bartlett Building across the street west of the Hereford Post Office, A. V. Hendrick, president of the new bank, reported this week.

Workmen are already busy remodeling the building, which has been occupied by the body and paint shops of Iread Motor Company until recently.

The building is owned by N. D. Bartlett of Hereford.

Remodeling of the building may not be completed by the scheduled opening date, Hendrick said, but the vaults will be installed by that time, and plans are set for the opening of business on that date.

Plans call for complete remodeling and modernization of the Main street business structure.

Local Man Faces Drunk Driving Charge After Fatal Accident

Neil Andrews, 36, Hereford truck driver, is being held in Moore County Jail in Dumas this week on charges of driving while intoxicated, following a head-on collision on Highway 87 eleven miles south of Dumas early Sunday morning in which two men were killed.

Killed in the collision with Andrews' truck were Clyde A. Lacey and N. W. McGowan, both of Dumas. Mrs. N. W. McGowan was critically injured in the crash, and is still in St. Anthony's Hospital in Amarillo. Mrs. Lacey was released from the hospital Sunday after emergency treatment for cuts and bruises.

Sheriff P. F. Younger of Dumas said Monday that Andrews was being held in Moore county jail after falling to make \$2500 bond. The accident occurred at about 1:50 o'clock Sunday morning. A dump truck, driven by Andrews, collided head-on with a Buick car driven by Lacey. The car apparently jumped the front of the truck, and the left side of the car struck the dump bed of the truck. The left side of the Buick was crushed by the impact, and Lacey and McGowan, both of whom were sitting on that side of the car, were apparently killed instantly.

The Dumas couples were enroute home from Amarillo, and Andrews was driving south on Highway 87, en route from Dalhart to Hereford, when the crash occurred. Andrews was not seriously injured. Charges were filed in Moore county by Sheriff Younger, following investigation of the accident, and bond for Andrews was set at \$2500.

Andrews was driving a heavy dump truck. He was employed by Bell and Braden, Highway construction engineers. Sincere sympathy is extended to the Joe Wagener family in the loss of his father, Ed Wagener, of Groom; and to the John Young family in the loss of Mrs. Young. The Wageners went to Groom Thursday to attend the funeral and spent several days there with Mr. Wagener's mother. They returned home Sunday night.

Rev. B. H. Price Is Baptist Hour Speaker Sunday

With the Reverend Bruce H. Price (above) as speaker, the Baptist Hour will feature The Christian Home in the broadcast next Sunday, June 1, as announced by The Radio Commission of the Southern Baptist Convention, S. F. Lowe, Director, Atlanta, Georgia. Mr. Price is pastor of the Beech Street Baptist Church, Texarkana, Arkansas. The subject of his message will be "Christ in the Home."

The Atlanta announcement stated that all husbands and wives throughout the area from Baltimore, Maryland to San Antonio, Texas, and from Kansas City to Miami, Florida, are invited to be special guests in the Baptist Hour audience on that date.

Mr. Lowe further states that every indication, including the heavy fan mail, points to an unusually large audience every Sunday morning.

The Baptist Hour may be heard over radio stations KGNC, Amarillo, KRIC, Beaumont, WFAA, Dallas, KPRC, Houston, and WCAL, San Antonio, at 7:30 A. M. CST Sunday, and over KCBS, Midland, at 7:30 A. M. CST, the following Sunday.

CARD OF THANKS
Dear friends and benefactors: Our family wishes to take this means of expressing our thanks, first to a loving Providence for having spared our lives and that of our neighbors and friends visited by the recent storm. For having blessed us with loyal friends and neighbors who came to our aid in time of need. Words cannot express the gratitude we feel toward our good friends and neighbors. The members of St. Anthony's Parish, my fellow members of the Knights of Columbus, the ladies of St. Anthony's Guild who served the lunches. Also the county maintenance crew and the folks in business in Hereford. May God bless you all and ever keep you safe from disaster. Gratefully yours,
W. J. ALBRACHT and family.

Bigger Sugar Ration Seen; Stamp 12 Good

(Continued from Page 1)

Improving so rapidly, the Agriculture Department said, that even more sugar may be allotted before the end of the year.

At least 35 pounds of sugar per person are now guaranteed for this year, and if supplies continue to improve, the allotment may be further increased.

The current rationing control act is due to expire on October 31, unless it is renewed by Congress before that date, and if sugar supplies continue to pile up, prospects are excellent for an end of rationing altogether.

The June 1 validation date was set in an effort to speed up shipment of sugar from eastern ports, where the Cuban export crop has been piling up, while railway transportation is still available.

Agriculture department officials were fearful that if shipment of sugar was delayed much longer, a real shortage would be created as the bumper mid-west wheat crop floods the railroads with grain making transportation of any other commodity difficult.

The department explained that supplies from a big Cuban sugar crop, now reaching a seasonal harvest peak, have been piling up in large quantities at east coast refineries.

CARD OF THANKS

We take this opportunity to express our heartfelt gratitude for your expressions of sympathy, especially the kind deeds and flowers, following the tragic death of our son and brother. May God bless each and every one of our prayers.

Mr. and Mrs. Roy Russell Charles, Jimmie and Carol.

Mrs. Leora Robinson calls to inform us that the former "Myrtle Witherspoon" of Hereford High School graduating class of 1906 is, contrary to published reports, still living and happily married. She is now Mrs. Homer Inman, and is living in El Paso, according to Mrs. Robinson. The Brand regrets its premature interment of Mrs. Inman and is happy to pass on to her friends and former classmates the news of her present whereabouts and well-being.

The Commissioners Court, in session Monday, passed an order discontinuing the two dollar bounty on coyotes. The order is effective June 1, so if anyone's hoarding some coyote ears (pairs only) they'd better trot them in to the County Clerk's office pronto and collect the bounty. While the Commissioners didn't say so, there've been rumors that a lot of New Mexico coyotes have been crossing the state line... and not under their own power either.

Mr. and Mrs. E. E. Fridley, Mr. and Mrs. John N. Jacobsen Jr., and son, Marcus Earl, went to Pampa on Sunday, May 28, to attend the 40th wedding anniversary of Mr. and Mrs. E. E. Plank, and the 85th birthday of Mr. Plank's father, O. E. Nell, of Arnett, Okla.

Young, and Highway Patrolmen Berry and McNeil at the scene of the arrest.

Royalty told officers that he had already "done time" for armed robbery, although the other two insisted that they had no previous police record.

He was sentenced to 5 years for robbery by assault in Lubbock in 1941, and said he served a little over three years. Prior to that, he had served two terms in reform school.

Royalty said that May was the trigger man on the robbery, and said he did not carry a gun himself, but held his hand in his coat pocket to stimulate a pistol.

The bandits, when arrested, had a 12-gauge shotgun, a .22 calibre rifle, and a .45 calibre au-

tomatic pistol. Royalty said May carried the pistol during the hold-up, and Wilburn remained in the cab.

Royalty, like Wilburn, said he was a taxi-cab driver at Lubbock. May and Wilburn both told of-

ficers that they were Navy veterans.

Royalty, who did most of the talking when questioned, told officers that the robbery had been planned Sunday night "while they were drinking."

Estimated Eight Hundred Combines Needed for Wheat in This County

Outlook For 1947 Crops Will Bright

Prospects for good harvest conditions throughout the county are excellent. County Agent Hugh Clearman reported this week, after a week-end survey of the county's agricultural lands. Clearman minimized reports of damage to wheat from rust. In only three fields inspected last week-end were any traces of rust found. In these three, some leaf rust was discovered, but so far there had been no serious damage, Clearman reported. No stem rust at all was discovered in the wheat. It is still possible, the county agent pointed out, for damage from rust to cut down wheat yields, but so far there has been little sign of any trouble from this source. Green bugs, which plagued the wheat farmers mildly in some scattered areas this spring, are nothing of the sort, Clearman said. Some wheat was damaged by green bugs, but no widespread damage has been reported and the effect on the total crop will be small. No serious infestation of red spider has been reported on the wheat to date. A good portion of the grain acreage will have to be replanted, Clearman said, due to the continued heavy rains. Some farmers are re-planting fields this week, and praying for a spell of dry weather... some of the most of them would never have dreamed possible a few years ago. Sugar beets are doing fine. Seeding was started in many of the fields this week. Some farmers are still planting, with most of the remaining acreage to be seeded within the next few days. Wheat harvest should be getting underway about the 25th of June. (Continued on Page 4)

Overflow Crowd At Commencement Exercises Thursday Night; Honor Awards Announced

Graduation Exercises Are Held On Sunday At St. Anthony's School

Graduation exercises for St. Anthony's School, Hereford, were held at 8 o'clock Sunday evening, May 25, in St. Anthony's Church. Diplomas were presented to the following children: Linda Betzen, Harry Broman, Gerald Diller, Leon Frerich, James Henderson, Leora Wilhelm and Thomas Wilhelm. The services closed with Benediction of the Most Blessed Sacrament, at which Father Andrew Lewis, S. A., officiated. The recessional was the "Coronation March," by Meyerbeer. As the graduates entered the church the "March Pontificale" by Gounod was played. The school choir then sang "Come, Thou Holy Spirit, Come." Father James Salvi, S. A., addressed the graduates, stressing the importance of character training and development. The choir sang "Hail, Holy Queen, Enthroned Above," an English version of the Salve Regina. After the presentation of diplomas, awards were presented to the child in each grade ranking highest in religion and conduct and to the child highest in scholarship. Those winning the awards in religion and conduct were Carolyn Sue Loerwald, Mary Kathryn Huckert, Dolores Loerwald, Cieta Betzen, Ardella Frerich, Annie Broman, Doris Wilhelm and Linda Betzen. The scholarship awards were presented to the following: Brandon Gallagher, Donald Vinton, William Albracht, Ronald Ker-shen, Gail Albracht, Joan Knabe, Joseph Betzen and Gerald Diller. Attendance awards were given to Shirley Schulte, Kenneth Diller, Kenneth Walterscheid, Col-etta Diller, Neile Conklin, Annie Broman, Wilfred Erdman and Linda Betzen. In addition, two special prizes were given for the writing of the history of St. Anthony's School, done in connection with the twenty-fifth jubilee celebration of St. Anthony's Church, to be observed in June. This prize was won in the seventh grade by Matilda Bednorz, and in the eighth by Leon Frerich. The services closed with Benediction of the Most Blessed Sacrament, at which Father Andrew Lewis, S. A., officiated. The recessional was the "Coronation March," by Meyerbeer.

Pantex Ordnance Is Cleared of Surplus

AMARILLO (Special)—May 24—Pantex Ordnance Plant was cleared of all but \$7,000 of the \$400,000 offered for sale this week in an emergency clearance sale sponsored by the War Assets Administration when several hundred bidders from the Panhandle, north central Texas and Oklahoma Friday purchased over 60 lots of industrial and construction equipment. The remaining material will revert back to the WAA Customer Service Center which will continue to operate under WAA's chief, Bob Murray, at the Pantex site 17 miles northeast of Amarillo. Mr. and Mrs. Jim Higgins and son James Ellis plan to attend graduation exercises held at Texas Technological College, Lubbock, June 2. Their son, Hilton Higgins, will be among the 321 students who will receive diplomas on that day. Miss Edna Daughtee of Panama has been visiting in the home of Mr. and Mrs. Elmer Patterson. She is a former teacher in Hereford Central School.

Roy Bass, young Lubbock attorney and World War II veteran, delivered one of the briefest Commencement addresses on record to graduates of Hereford High School in Commencement exercises at the High School auditorium last Thursday night. Bass spoke for less than ten minutes, making an entertaining and sharply pointed talk on the subject, "Tales That Tombstones Tell," illustrating his brief address with a number of humorous accounts of legends appearing on tombstones throughout the world, and driving home his point that the best and most lasting memorial which any person can leave is a life of service to fellow men. Bass was an eleventh-hour replacement for the scheduled Commencement speaker, Dr. S. H. Condon, professor of government at West Texas State College, who was prevented from filling his engagement here by a serious throat infection. A World War II veteran, graduate of Baylor University, he is a part-time professor of government and business administration at Texas Technological College in Lubbock, where he also carries on a flourishing law practice. Seventy-five Hereford High School Seniors, making up the largest graduating class in the 41-year history of the high school, received their diplomas from Leo Forrest, president of the Board of Trustees, in the closing exercises. Scholarships were awarded by Supt. George Graham to Anne Morgan and J. L. McFarling Jr., salutatorian and valedictorian, respectively, of the graduating class. A surprise feature of the program was the announcement by Supt. Graham that James Ellis Higgins had been selected as the outstanding student of the year, and would have his name engraved on the honor plaque provided for that purpose in the office of the Superintendent. James won the honor on points based on scholarship, citizenship, extra-curricular activities, athletics, and student leadership. Honorable mention went to Cherry Anne Forrest and Anne Morgan, seniors; Patsy Slagle and Keith Hutson, juniors; Danny McLallen and Inez Tucker, sophomores; and Donna Jean Stagner and Ruby Faye Barclay, freshmen. The services were opened with the processional march, played by Mrs. Ellis Coombes, as the graduates marched to their places. The invocation was delivered by Rev. Uel D. Crosby, pastor of the First Methodist Church. "Climbin' Up the Mountain," a negro spiritual, was sung by the High School Chorus, followed by "The Perfect Day" sung by the Girls Sextette. The program was closed with (Continued on Page 4)

More Than Four Hundred Will Be Moved From Other Areas

Clamor for combines is already beginning as the date for starting the 1947 wheat harvest draws nearer with crops prospects still bright for a bumper record-breaking yield. Current estimates place the number of outside combines which will be needed in this county for the harvest at more than four hundred. There are approximately 400 combines now owned and operated by growers in the county, and at least twice that number will be needed during the peak of the harvest season. County Agent Hugh Clearman has announced that his office is acting as a clearing house for combines and harvest labor. Any farmers in this county who have contracted for Canadian combine crews this summer should contact the county agent's office immediately and make arrangements which will permit these operators to cross the border. A telegram received this week from J. B. Kidd, Farm Labor Field-assistant-supervisor, of Plainview, advised Clearman, "Send names and addresses of Canadians with contracts to harvest wheat in your county to us as soon as possible so we can get permits for them to enter the United States." Canadian operators will not be permitted to cross the border with their machines unless they have definite contracts to work in specified areas. Inquiries from combine operators are already pouring in to the local office, Clearman said, and his office is trying to place both combines and labor, and is acting as an intermediary between farmers needing machines and labor and combine operators and harvest crews. Wheat harvest is expected to start about the last week in June, and should reach its peak during the first week in July. Harvest will be in full swing for nearly a month this year, according to all indications. The labor situation looks pretty good, Clearman reported this week, but there are still far from enough combines contracted for work here. Mexican labor from South Texas and New Mexico is already beginning to pour in, and many families are finding hous-

Randall County Wheat Crop Will Pass Four Million

W. H. Upchurch, former Randall County Agriculture Agent and now ACA secretary in that county, estimated last week that Randall County wheat production would reach a record figure of 4,124,000 bushels this year. The estimate was made before the Canyon Rotary Club in an address last week. Only three other crops have totalled more than three million bushels in Randall County. These were in 1929, 1931 and 1944. Barring unforeseen damage to the crop, and allowing for a loss of 50,000 acres by hail, Upchurch estimated that the 1947 crop in Randall County would pass the four million mark this year and bring in a total revenue of eight and a quarter million dollars. Mrs. R. H. Cagle and daughter Nancy left Tuesday for Sherman where Nancy will make an extended visit with relatives. They were accompanied by Mrs. Sank Ramey who will visit relatives in Paris. Mrs. Cagle and Mrs. Ramey plan to return to Hereford Friday.

Box Car Shortage Is Serious Still As Wheat Harvest Nears

Despite optimistic reports from some quarters, the box-car shortage during the harvest season this year is still expected to be critical. Santa Fe Railway's Freight Agent Kancher has warned local operators that there will be a definite shortage of box cars this summer. In Washington, F. G. Gurley, president of Santa Fe Railway, issued a vehement denial to reports that the shortage is due to the hoarding policy of eastern railroads. Gurley testified before a congressional committee that there is a national shortage of freight cars, but that the shortage could not be traced to discrimination by the American Association of Railroads or the Interstate Commerce Commission. Gurley said the box car shortage was due to two factors: the fact that few box cars were built for the railroads during the depression years in the 1930's, and secondly, because essential materials were diverted to other uses during the war. The railroads are planning to build 10,000 box cars a month beginning in July, and this, he said, represented the maximum production for the immediate future. Record wheat crops throughout the mid-west which will heavily overtax storage facilities is expected to pose a tremendous shipping problems for the railroads. There is little hope that the railroads will be able to handle the shifting of wheat to terminal elevators fast enough to relieve the pressure on local storage units. Storage facilities in Deaf Smith County, totalling approximately three million bushels, are expected to be overflowing before the harvest is a week old unless the Santa Fe can accomplish a miracle of shuttling loaded freight cars between elevators here and terminal storage points. Santa Fe officials, promising only to do the best they can, are holding out little hope for miracles.

Following the regular meeting of the Hereford Assembly of the Order of Rainbow for Girls Number 157, held at the Masonic Hall last week, installation rites for officers were held in a public ceremony with Cheryl Ann West, outgoing worthy advisor, installing officer.

She was assisted by Jo Anne Jett, installing marshal; Jeanne Singleterry, chaplain; Beth Morris, recorder; and Ann Bateman, organist. Sylvester Slagle, father of the incoming worthy advisor, gave the prayer.

The incoming officers entered the assembly carrying colonial

corsages tied with the Rainbow colors. They include: Patsy Slagle, worthy advisor; Cecelia Guseman, associate worthy advisor; Barbara Burney, Charity; Marian Longbottom, Hope; Linaea French, Faith; Elaine Thompson, recorder; Mary Jo Mathies, treasurer; Martisha Ramey, chaplain; Virginia Lyons, drill leader; Edna Marie Harris, love; Wilma Jo Robertson, religion; Gayle Foster, nature; Leta Glenn Rutter, immortality; Bobby Jane Sisk, fidelity; Diane Jowell, patriotism; Doris Jean Smith, service; Wanda Zumwalt, confidential observer; Mary Catherine Carroll, musician and Donna Jean Stagner, organist.

Members of the choir include: Patsy Longbottom, Cheryl Ann Forrest, Gayle Roberson, Nancy Cagle, Earline Phillis Jaynice Boston, Beverley Barkley and Betty Katherine Hodges.

Martha Thomas is chairman of the paraphernalia committee and those serving with her will be Doris Jean Hastings, Louise Green, Paula Mathers and Mary Beth Scott.

Mr. and Mrs. Slagle, parents of the incoming worthy advisor, presented behind the bow and given places of honor during the installation service, and Mrs. Robert Thompson and Mrs. Dalton Criswell were presented in the East to present merit awards and color-service bars earned by members of the Order during the past four months.

Patsy Slagle, incoming worthy advisor, presented Cheryl Ann Forrest with the past worthy advisor's jewel and Beverley Barkley made the presentation of the gift from the outgoing officers to the outgoing worthy advisor.

As the outgoing officer relinquished her office, her mother, Mrs. Leo Forrest, took her place at the altar to present her with a white Rainbow Bible, the gift of the mother advisor, Mrs. A. L. Manfrot, and Mr. Manjeot.

Refreshments were served from a table suggestively arranged with an arched rainbow. Martha Thomas and Wilma Jo Robertson presided at the punch bowl. They were assisted in serving by Mrs. F. P. Lyons, Mrs. Bernard Roberson and Mrs. S. B. McLallen.

Mothers-Dads Entertain Seniors

Climaxing a round of parties given during the past few weeks for Hereford High School graduates, senior mothers and dads entertained Thursday evening at the City Hall.

The party, which followed the graduation exercises held at the High School Thursday evening, featured the class colors of blue and yellow in decorations and appointments. The buffet table was centered with blue and yellow iris flanked by blue tapered tied with yellow satin ribbon.

A get-acquainted game centering around baby pictures of the seniors was first on the entertainment schedule with Mary Estelle LeGrand winning the prize. A talk-fest followed with mothers and seniors exchanging high school experiences. Later dancing was enjoyed.

Attending were the seniors and their dates, mothers and dads and the following high school faculty members: Supt. and Mrs. George Graham, the high school principal, Don T. Martin and his wife, and the class sponsors, Pat Sullivan and Mrs. Dalton Criswell, and Mr. Criswell.

Mrs. J. H. Pitman and Mrs. J. A. Pitman left last week for Louisiana, Mo., where they are guests of Mrs. J. H. Pitman's daughter, Mrs. Don Taylor, and Mr. Taylor. They plan to attend graduation exercises at Stephens College, at Columbia, Mo., where Helen Ann daughter of Mrs. J. A. Pitman, is attending school. Miss Pitman will return to Hereford with them.

Joe Kendalls Host Party

Mr. and Mrs. Joe Kendall hosted a dinner-games party at their home Friday evening for members and guests of As You Like-It Club.

Red Radiance roses predominated in decorations for the table from which the dinner was served and also provided attractive decorations for other parts of the house.

At the conclusion of games which followed the dinner, Mr. and Mrs. R. G. Blue held high score for the couple award and Mr. and Mrs. Jack Grady received low award. Guest prize went to Mr. and Mrs. Ralph Smith. Other guests attending the party were Mr. and Mrs. Delbert Balmum and Mr. and Mrs. Preston Hagans.

Club members present were Mr. and Mrs. R. G. Blue, Mr. and Mrs. Jack Grady, Mr. and Mrs. Lee Hopson, Mr. and Mrs. Jeff Roberson and the hosts.

Visit in Austin

Mr. and Mrs. Walter Seed and children, accompanied by her mother, Mrs. R. E. Jackson, left Thursday for Austin, where they planned to visit with Mrs. Jackson's three daughters, Mrs. Leonard Hicks, Mrs. Stewart Long and Mrs. Naomi Reddoch, and their families. On the return trip they will stop at Waco to see Mrs. Jackson's son, Billy, who is a pre-med student at Baylor University, and his family.

Farmers . . . A Word of Warning About Fuel Supply!

It could easily be possible that we experience a gasoline shortage this harvest season. Every serviceable refinery is producing at capacity and all of them are barely able to keep abreast of present demands. With the additional load of harvest and summer touring immediately ahead, supply may not keep up with demand. Very few suppliers in this community have more than a few days storage and should breakdowns occur in either refinery or transportation, they and you might be without fuel. Allow us, then, to make this suggestion: Fill all the storage you have or can get early in June and keep it as nearly full as you can until fall. Then you may be able to tide over any temporary shortage.

The situation in good oil is identically the same, still scarce and will be for the year. Anticipate your summer requirements and buy them now -- if you can.

Section 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Sections 17 and 18 which shall read as follows:

"Section 17. In lieu of the State ad valorem tax on property of Seven (7c) Cents on the One Hundred (\$100.00) Dollars valuation heretofore permitted to be levied by Section 81 of Article 3, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two (2c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations, and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate hereinabove levied.

"Also, there is hereby levied, in addition to all other taxes permitted by the constitution of Texas, a state ad valorem tax on property of Five (5c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping building, or other permanent improvements at the designated institutions of higher learning; and the governing board of each of such institutions of higher learning is fully authorized to pledge all or any part of said funds allotted to such institution as hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed three (3%) per cent per annum and shall mature serially or otherwise not to exceed ten (10) years from the first (1st) day of January of each year in which such funds are allocated or re-allocated to said respective institutions; provided, the power to issue bonds or notes hereunder is expressly limited to a period of thirty (30) years from the date of the adoption of this amendment; and provided further, that the Five (5c) Cent tax hereby levied shall expire finally upon payment of all bonds hereby authorized; provided further, that the state tax on property as heretofore permitted to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the bene-

fit of the public free schools, shall never exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

"Funds raised from said Five (5c) Cents tax levy for the ten (10) year period beginning January 1, 1948, are hereby allocated to the following institutions of higher learning, and in the following proportions, to wit:

Courses in Bible Will Be Offered At West Texas

Three courses in Bible will be offered for college credit at West Texas State College in Canyon during the summer term which begins June 10 and closes August 16, 1947. The courses will be Old Testament History and Literature; New Testament History and Literature; and The Life of

Christ which is a study of the Gospel story of the ministry and teachings of Jesus of Nazareth. These fully accredited courses are made possible through an arrangement of the college with the Baptist General Convention of Texas which provides the building, the text-books, library facilities and teacher. Miss Eula V. Potter is in charge of this department in Canyon, and the courses offered during the recent long term were well received by students of several denominations since they are non-sectarian in content.

TO TEACH BIBLE

Miss Eula V. Potter (above) will teach Bible courses at West Texas State College in Canyon this summer.

Vegetables showed a general weakness, but only spots of easiness developed at other southwest farm markets last week, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Fresh white corn held firm in the Lower Rio Grande Valley last week, but Bantam weakened a little. Tomatoes strengthened early in the period, but weakened at the last. Heavy rains halted loadings at midweek, and some

hall damage was reported. Coastal Bend cucumbers dropped to \$2.75 and \$3.00 per bushel for U. S. No. 1 Wholesale markets at Fort Worth and Denver reported cucumbers weaker, too, as well as tomatoes, corn, squash, green beans, blackeyed peas and Texas onions.

Late-week easiness in spot cotton markets partly offset earlier advances, and Friday closed only \$1.50 to \$2.30 higher. Spot offerings decreased, but numerous inquiries came in for the medium and higher grades. Crop prospects varied widely by areas.

Light offerings of most grains encountered rather slack demand last week, but the market held firmly to early-week advances of around seven cents per bushel on wheat and corn. Other grains netted no more than a penny or two of difference one way or the other. Wheat closed Friday at around \$2.87, and white corn at \$2.04, at Texas markets.

Active demand ruled rice markets last week. Favorable prospects prevailed for the new crop. Further rises of \$5 to \$7 per ton on bran and shorts lifted prices close to all-time highs. Other feeds changed little. Old crop alfalfa hay met reduced inquiry, but prairie hay demand remained urgent. South Texas peanuts made good growth, while showery slowed planting farther north. Good length Texas Wools found fair demand.

Some poultry eased off a little last week, but fryers held firm. Fully steady early-week egg markets developed an easier undertone later on. At mid-week, Fort Worth and Denver paid 37 cents per dozen; Fort Smith 36; Dallas 37 1-2; New Orleans, Oklahoma City and San Antonio 38; Houston 39; El Paso 40; Carlsbad, Houston and Shreveport 45.

Most cattle markets paid steady to higher prices last week, but Fort Worth held up only on

beef steers and yearlings, while cows showed some weakness at Wichita. Good cows brought \$15 to \$16 at Houston; and \$16.50 to \$17.50 at Wichita. Medium to good kinds moved at \$14 to \$17 at San Antonio; \$14.50 to \$17.50 at Oklahoma City. Denver bought common to good cows at \$14.50 to \$17.50.

Spring lambs strengthened at Oklahoma City and Wichita, but sheep and lambs sagged mostly 25 cents to \$1.00 or more at other southwest terminals. Good and choice spring lambs moved mostly at \$20 to \$22.50 at Fort Worth; \$22.50 to \$23.25 at Oklahoma City; and \$23.25 to \$23.75 at Wichita. Choice spring lambs brought \$23.75 at Denver.

Hog markets showed spots of weakness at all southwest markets, but some classes held steady or netted light gains for the week. Closing bulk of good and choice butchers sold at \$23.75 at Fort Worth. Practical closing top was \$23.75 at Oklahoma City; \$24 at Wichita; and \$25.25 at Denver. Week's top at San Antonio was \$23.

Cox Warns Of Private Use Of Miracle Drugs

AUSTIN, May 28.—"It is an unfortunate fact that some people are willing to risk their health—possibly even their lives—by prescribing for themselves and taking a drug that they have read about somewhere and which has been termed a 'miracle drug'."

Dr. Geo. W. Cox, State Health Officer, said: "Although such drugs as penicillin, streptomycin, thioracil and sulfa drugs have been of great value in combating diseases that have heretofore been very difficult to control, nevertheless, they can be very dangerous products in untrained hands. They were never intended to be used promiscuously for self-medication."
