Frank Cogdell and W. C. Pittman have nominated J. H. "Big Dad" Pittman as Hereford's champion fisherman. In addition to letting the biggest crapple get away, they say "Big Dad" pushed Ernest Medkief into the lake and caught the only pink turtle in the history of Conchas Dam.

TEACHER GETS HOT RECEPTION IN HAWAII

Rev. R. H. Cagle, pastor of the First Baptist Church now on an evangelistic tour of Hawaii, found a warm welcome in Honolulu Tuesday surprisingly warm. Cagle noted:

"Arrived safely Tuesday midnight after turning back to San Francisco for another plane. Warm Reception here. Airport was burning."

A hangar at Honolulu airport was a-buzz as the big TWA transport winged into the island's capital.

Coach H. V. Stanton is getting his kid's program underway this summer. Coach says there are about 50 youngsters taking part now, and a lot more are expected when Vacation Bible Schools close. Three softball teams have been organized, and games are played at the softball diamond at 5 o'clock most afternoons. Tomorrow and Friday afternoons all three teams will be in action. Everybody's invited.

Firemen Still In Lead in Muni Softball Loop

Only two games were played in the Municipal Softball League this week, as a mix-up Monday night caused postponement of a scheduled game between Dawn and the Firemen, and Sunday School, scheduled to meet VFW last night, requested postponement on account of the revival meeting.

The Firemen, idle this week, held their loop lead, but American Legion slipped into second place ahead of Dawn, with Summerfield remaining in fourth position. The tall-end clubs remained tall-enders, although Sunday School climbed a notch out of the cellar last Thursday night by upsetting Dawn 10 to 5.

Black, pitching for Sunday School, allowed 7 hits, and May, on the mound for Dawn gave up only 8, but the Saints capitalized on the breaks and some heavy batting.

American Legion moved into second position Tuesday night by downing Summerfield 9 to 7. Winkler pitched for the Legionnaires, Clark for the losers.

Dawn and the Firemen will play off their game, scheduled for Monday night on Friday night. Tonight (Thursday) High School meets the Lions. Other scheduled games: Monday, Dawn vs. Legion; Tuesday, Firemen vs. Summerfield; Wednesday, VFW vs. High School; Thursday, June 19, Sunday School vs. the Lions.

The Standings:

	W	L	Pct.
Firemen	4	0	1.000
Am. Legion	4	1	.800
Dawn	3	1	.750
Summerfield	3	2	.600
VFW	2	2	.500
Sunday School	1	3	.250
High School	0	4	.000

New Blue Cross Group Is Formed

Membership in a new Blue Cross Group Hospitalization Insurance group is being opened here, Eimer Mathies, business manager of the Deaf Smith County Hospital, announced this week.

Membership in the new community group will be open until June 30. Forty members have already enrolled, Mathies said, and the group will be held open for fifty or more. Inquiries should be made to Mathies at the hospital.

OLD COURTHOUSE ENDS 25TH YEAR AS CHURCH

Man Is Burned In Flash Fire Tuesday Morning

W. F. (Bill) Taylor, employee of the United Geophysical Corporation, suffered severe burns on his left arm Tuesday morning when gasoline from a truck on which he was working exploded and lashed off a fire in the building recently occupied by United Geophysical at 313 Main Street.

Taylor is still in Deaf Smith County Hospital this week receiving treatment for burns.

He was attempting to replace a fuel pump on one of the company trucks when a spark ignited the gasoline. Taylor had attempted to stem the flow of gasoline from the fuel line with his left hand, and that hand and arm was covered with gasoline.

The Hereford Fire Department was called to the blaze and quickly brought the flames under control. There was little damage to the building, which is owned by Era Norton. One truck was considerably damaged. The building was occupied until recently by Boyd's Radiator Shop.

Polio Committee Names Officers

The Executive Committee of the Deaf Smith County Chapter, National Foundation for Infantile Paralysis, held its annual meeting Wednesday afternoon at 3 o'clock, at the County Courtroom.

A new executive committee, to be composed of Paul Harvey, E. C. Eubanks, Dyalitha Brady, Leonard Foster, C. C. Acker, and Essie Cardwell, was named.

Harvey was elected chairman, Eubanks vice-chairman, Mrs. Brady ladies chairman, Judge Foster secretary, Acker treasurer, and Mrs. Cardwell member. In addition to other business, the executive committee voted to donate \$250, if needed, toward the community purchase of an iron lung (chest type) for Hereford and area.

Naval Reserve Team to Show Movies and Present Program

A Naval Reserve recruiting team from the Amarillo unit of the Organized Naval Reserve will be in Hereford next Wednesday night, June 18, for a program at the county courtroom, Dr. M. C. Adams, local reservist announced yesterday.

The team will show movies, display a plastic model of the new naval reserve armory to be constructed in Amarillo, and will explain the post-war Naval Reserve.

The program will begin at 8 o'clock, Adams said. All persons interested are invited to be present for the meet-

BISHOP TO PRESIDE

St. Anthony's to Celebrate 25th Anniversary

St. Anthony's parish will celebrate the 25th anniversary of the dedication of its church with a Solemn Field Mass at a specially constructed altar on the school playground next Sunday.

The Most Rev. Laurence J. Frusimon, bishop of Amarillo, will preside at the mass, and in the afternoon at 3 o'clock, will deliver an address and formally bless an outdoor statue of St. Anthony, erected to commemorate the Silver Jubilee event by members of the parish. Friends and former parishioners of St. Anthony's are invited to attend the services.

While St. Anthony's celebrated the silver anniversary of its church this year, the parish itself is much older.

It began in November of 1910, when the Rev. J. A. Campbell, then pastor of St. Mary's Church at Umbarger, purchased the old Deaf Smith County courthouse in Hereford.

The old courthouse building was moved to the present site of St. Anthony's and the present church was later fashioned from the old building. The belfry of St. Anthony's once formed the corner of the original Deaf Smith courthouse.

If timbers could talk, the beams in St. Anthony's church could tell many an interesting story. The old courthouse was built originally at La Plata, the original county seat of Deaf Smith County, 15 miles north.

\$100 Reward Is Offered Here for Tire Slashers

A reward of \$100 has been offered by Bill Kerr of Kerr Implement Company for information leading to the arrest and conviction of the party or parties guilty of slashing at least 20 tires last Thursday night. Sheriff J. C. Reese said yesterday.

Fifteen of the mutilated tires were on five one-way plows belonging to Kerr Implement. The plows were parked, waiting delivery, on a lot west of the West Texas Gas Company.

The remaining five tires belonged to members of the local VFW post who were attending a meeting at City Hall when the vandalsism occurred.

The tires had been cut through in several places with a sharp instrument, believed to have been a pocket knife, Reese said. Officers held to the theory that the tire-slashing was the work of juveniles.

The tires belonging to Kerr were not discovered to have been mutilated until Monday, but officers believe that all the slashing was done on Thursday night. Anyone having information which might lead to the arrest and conviction of the culprits should turn it in to the Sheriff's office. The reward will be paid on conviction.

An effort will be made to form a Naval Reserve section from Hereford, to be a part of the Amarillo units. One organized Surface Division has already been formed in Amarillo, Adams said, and another unit is now being formed. Hereford reservists have been invited to join.

Wheat Estimates Still Rising

George Parker Dies of Burns In Adrian Fire

George H. Parker, Adrian rancher and former resident of Hereford, died late Monday at the Northwest Texas Hospital in Amarillo as a result of burns suffered in an explosion which destroyed the 66 Cafe and Service Station at Adrian about noon Monday.

An explosion and flash fire of undetermined origin completely destroyed the filling station and adjoining cafe and dance hall. Parker was believed to have been seated on a stool either in the service station doorway or near by when the explosion occurred. He was severely burned. Doctors at the Amarillo hospital said third degree burns covered most of his head, legs and body. His clothes were almost entirely burned off.

The fire was believed by witnesses to have started on the grease rack at the filling station. Clinton Homfeldt said he had been talking with Parker and had moved a few feet away when the sudden flash occurred, and believed that it originated in the grease rack.

W. J. Brown, who was standing beside his car in the driveway of the station, narrowly escaped injury. His car was scorched by the burst of flames as he quickly drove it out of danger.

Fire fighting equipment was summoned from Vega, and raced the 14 miles in less than 20 minutes. (Continued on Page 8)

Parker Rites Are Held in Hereford

Last rites for George H. Parker, 26, of Adrian, were conducted at the First Baptist Church in Hereford yesterday morning (Wednesday). Rev. Russell Winger, pastor of the First Presbyterian Church, was in charge of the services.

Interment was in West Park Cemetery. Parker was born at Perryton on November 23, 1920. He had lived in Hereford prior to moving to Adrian three years ago.

Out-of-town relatives here for the funeral were Mr. and Mrs. Henry DeBeek and Mrs. Maurice Halverson of Watonga, Okla.; Mrs. Irene Reodell and daughter. (Continued on Page 8)

Hereford's "First Wheat" Still Due But Tulia, Dimmitt Get First Load

Nope, there's no wheat in Hereford elevators yet. Not from the 1947 crop anyway.

What's more local elevator operators insist that they're not expecting any for a week or ten days, though some of them hedged a bit and said that some wind-burned wheat might ripen a bit earlier.

The "First Wheat at Hereford" reported yesterday by the Amarillo Daily News was actually delivered to the Farmers Elevator in Tulia Tuesday. Cal Dickey, who lives nine miles west of Tulia in the Lakeview community brought in the first load and received \$2.25 a bushel. . . . the twenty-five cents being premium.

Dickey's wheat was of the

early-ripening Wichita variety, and was reported to be yielding 35 bushels to the acre. Test weight was 60 pounds.

First wheat arrived at Dimmitt Tuesday also. The Farmers Elevator at Dimmitt reported yesterday that J. C. Gilbreath, from south of Dimmitt, had brought in the first load.

Gilbreath's wheat, an early Blackhul variety, tested 59, and brought \$2.25 per bushel, twenty-five cents of which was premium. It is cutting 20-25 bushels. The Gilbreath place is located 12 miles south of Dimmitt.

Combines are rolling on the South Plains, where first delivery was reported at Silverton by J. L. Webb Tuesday. A 20-bushel to (Continued on Page 8)

Harvest Here Due to Start In Ten Days

A U. S. wheat crop of nearly a billion and a half bushels, the highest in the nation's history, was forecast this week by the Department of Agriculture in its monthly bulletin.

The June estimate was far ahead of the May prediction of 1,275, 00,000 bushels. Agriculture Department is now setting the 1947 crop as a super-bumper 1,400,000,000 bushels.

Santa Fe Railway agriculture experts, in their June bulletin, echoed the Agriculture Department's optimism. "The best prospect in history" was the Santa Fe estimate of the current crop.

An estimated yield for north-west Texas of 112,425,000 bushels is predicted in the Santa Fe bulletin. Harvest is late in this area, the bulletin stated, being scheduled to start in mid-June and extend well into July.

In Deaf Smith and adjoining counties, wheat estimates are still highly optimistic.

Some damage is feared by local growers from the hot dry winds that swept the area Monday and Tuesday, and several farmers have reported that the yield may have been cut slightly.

Cooler weather at mid-week, however, brightened the outlook again. Farm experts here report that a great deal of wheat is still in the "milk" stage and may have been shriveled some by the hot winds.

Temperatures hit a three-day high of 102 degrees on Saturday, Sunday and Monday, dropping sharply Tuesday to a maximum of 82 degrees and continued cooler a mid-week. The high temperatures over the week-end were accompanied by a burning southwest wind.

A dust storm rolling up from the Southwest late Sunday afternoon was reminiscent of the "dust bowl days" of the thirties. The storm, centering on Hereford and covering a path estimated at 10 miles in width, moved from southwest to northeast. Wind reached a velocity estimated at between 35 and 40 miles per hour.

Estimates still place the Deaf Smith wheat crop at between seven and eight million bushels, with harvest due to start within a week to ten days. Some fields may be cut earlier, but there will be little harvesting before the 20th, most grain men believe.

Wheat Loan Price May Be Set 15th

The Department of Agriculture is expected to announce the 1947 loan price on wheat early next week, F. G. Collier, Secretary of the Deaf Smith County ACA, said yesterday.

Parity for the 1947 crop is due to be set on June 5, Collier said, and the loan price will probably be announced shortly afterward.

Last year's support loan price was set at \$1.48 per bushel for U. S. No. 1. Best-guessing at the present time by Washington farm observers is that the 1947 support loan will be pegged at about \$1.80 per bushel, although some local operators are predicting that the loan will be three to four cents higher than that figure.

Price of wheat on national markets has been steadily dropping. (Continued on Page 8)

Hereford Youth Is Drowned In Lake Near Paducah on Sunday

Luther John Kuykendall, 20 years old, of Hereford, was drowned Sunday morning at a lake known as the Mayfield Tank three miles southeast of Paducah.

He was swimming with his father, J. C. Kuykendall, and a brother Jack, both of Hereford, when he was stricken by cramps and drowned. Water in the tank was estimated to be 20 feet in depth.

The body was recovered by divers from the bottom of the lake. The accident occurred at about 9 o'clock Sunday morning.

The body was returned to Hereford early Monday morning by the E. B. Black Funeral Home of this city.

The youth and his father and brother had driven a combine to Paducah last week end to join the wheat harvest there.

Luther John was a member of the Baptist Church. He was born on April 20, 1927, in Floyd county, and came with his parents to Hereford from Sudan ten years ago.

Surviving him, besides his parents, are two brothers, Jack and Virgil Claude; two sisters, Mrs. Johnny Mann, and Nancy Kuykendall; and his maternal grandparents, Mr. and Mrs. L. J. McKenzie, all of Hereford; and his paternal grandmother, Mrs. J. H. (Continued on Page 8)

Opening of New Hereford Bank Is Slated Monday

The new Hereford State Bank will open its doors Monday morning at nine o'clock, A. V. Hendrick, president of the new institution, announced this week.

Workmen are busy this week rushing re-modeling operations on the bank building, located across the street from the courthouse, and a new modernistic glass brick front is being installed.

Work on the building will not be completed, and new fixtures ordered for the bank probably will not be on hand by Monday, but the work will be sufficiently along to permit the bank to open for business on schedule.

SUGAR RATIONING ENDS

Sugar rationing controls ended at midnight last night. Price controls remain in effect. End of rationing came by action of the Agriculture Department, just as Congress was preparing to debate a bill to remove sugar controls, by legislation.

Camp Fire Medal Is Presented To Mrs. Bob Wilson Monday

At a Campfire Council meeting Monday, Mrs. Bob Wilson was formally presented with the Camp Fire medal recently awarded her by National Camp Fire Girls, Inc. in recognition of outstanding service.

George Heard, president of the Hereford Council, presented the silver medal, which bears the Campfire emblem and the engraved date, '46. A silver chain attached to the medal was a gift of the local Council.

Mrs. Wilson was one of ten women in the United States to receive the National Leadership award.

Her citation follows: "In her two years as Guardian in Hereford, Texas, Mrs. Mabel F. Wilson has never missed a meeting with Shishtnta Camp

Fire Group. For that, and for her work in the formation of a council, she received this award."

Following Mrs. Wilson's acceptance speech, there was a brief business session of the council.

Mrs. Wilson gave a brief report of "the workshop," a three-day school for Camp Fire Leaders and Guardians, held at Lake Murray, Ardmore, Oklahoma.

Other Hereford members who attended the school were Mrs. Urline Streu, Mrs. Milton C. Adams and Mrs. Phillip Barkley.

Members of the Council present at the meeting were George Heard, Henry Sears, Herman Ford, Earl Phillips, F. M. Kester, Bob Wilson, Mrs. Urline Streu and Mrs. Corinne Jennings.

Potato Acreage Check Is Completed; Growers Must Sign Support Applications By June 30

Measurements of all potato acreages in the county have been completed, F. G. Collier, ACA secretary, announced yesterday, and all that remains now is for growers to come in and sign applications for "certificates of eligibility" to participate in the government's price support program.

The ACA office will provide each grower with his individual performance report at the same time. Growers will be required to sign their applications and estimate their production of marketable potatoes.

A service fee of one-cent per 100 pounds of estimated yield will be charged, Collier said, with a minimum fee of \$3.00. The service fee will be some-

thing new to most growers in this area. Last year potato prices were supported in some areas by loan agreement, and the service charge was made. Here potatoes were purchased outright by the government at parity prices.

This year, however, the Commodity Credit Corporation has written in the loan provisions into all support payments, and the service fee must be paid if growers are to participate in the support loan.

Deadline for all applications is June 30, Collier said. Small growers (those who planted less than three acres) who were not required to declare goals can participate in the support loan program by filing application before the deadline and

paying the service fee.

Dealers, to be eligible to handle price-supported potatoes, must sign a contract with the government this year, and June 30 is the deadline for signing. The Commodity Credit Corporation has announced that it will not handle potatoes from any dealer who has not signed a contract.

The support loan this year for No. 1 spuds, graded and sacked, is \$2.25 per hundred, f. o. b. Hereford.

Under the support program, maximum handling charges approved by the CCC have been set at 61 cents per hundred, sacked and graded including hauling; 51 cents not including hauling; and 32 cents per hundred for bulk loading.

Juvenile Court Rules on Case of Carter Youngster

Tommy Jim Carter, charged in Juvenile Court here last week as a delinquent child, was placed in custody of his mother, Mrs. T. J. Carter, with the understanding that he would be placed in a military school and would not return to Hereford for a period of two years, at a preliminary hearing before Judge Leonard Foster Monday morning.

Tommy Jim, 13 years old, was not present at the hearing. Attorney Jim Witherspoon represented his father, T. J. Carter, who was also present.

Wayland Seeks Pledges of Farm and Livestock Products for Expansion

Arrival of George Stokes, recently appointed member of the Wayland College staff, marks the beginning of an intensive effort to further the Wayland enlargement campaign this summer, announces Dr. J. W. Marshall, former personnel secretary of the Baptist Foreign Mission Board, and newly-elected president of the Baptist college at Plainview.

Under the program, designed to allow easy participation by the farmers of the plains area, a donor may designate a given number of acres, bushels, or head of livestock, and market that acreage or livestock in the name of Wayland.

Mr. and Mrs. Paul Marceau and small son of San Antonio are expected to arrive this week for a visit with relatives here and in Summerfield. Mrs. Marceau is the daughter of Mr. and Mrs. B. A. Atchley of Summerfield.

Florida Minister Is Speaker On Baptist Hour

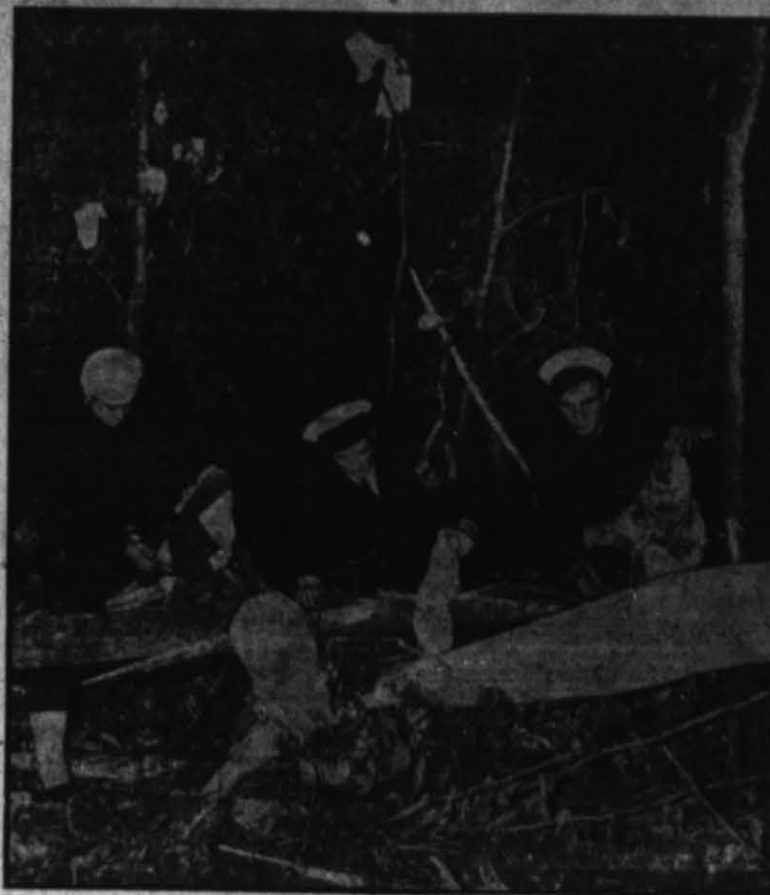

With Dr. W. S. Allen of DeLand, Florida, as speaker, the Baptist Hour next Sunday, June 15, will feature Christian Education as a contributing factor in evangelizing the world, as announced by the Radio Commission, Southern Baptist Convention, S. F. Lowe, Director, Atlanta, Georgia. Dr. Allen, a layman and formerly dean of Baylor University, Waco, Texas, is President of John B. Stetson University, of DeLand, Florida. Mr. Lowe further stated that when education is the handmaid of Christianity it is always a power in extending the kingdom of God.

With John D. Hoffman directing and George L. Hamrick at the organ, the Baptist Hour Choir of sixteen voices is a contributing factor to the popularity of the Baptist Hour, as is reflected in the volume of fan mail received every week.

The Baptist Hour may be heard in Texas over radio stations KGNC, Amarillo; KPRC, Houston; KRIC, Beaumont; WFAC, Dallas; and WOAI, San Antonio, at 7:30 AM CST; and over KCRS, Midland at 7:30 AM CST the following Sunday.

Funeral Services For Arthur Stone Held in Amarillo

Funeral rites for Arthur Stone, former resident of Hereford and a brother of Mrs. W. A. Gentry and Mrs. E. Ramey of this city, were held Wednesday, June 4, at 4 o'clock at the Blackburn-Shaw Funeral Memorial Chapel in Amarillo.

A nephew of Mr. Stone's, Samie E. Swin, minister of the Church of Christ and a recent graduate of Hardin Christian College, conducted the services, assisted by Rev. Roy B. Filippo pastor of the Baptist Church at Amarillo.

Mr. Stone lived at 1918 Bowie Street in Amarillo.

Out of town relatives and friends attending the funeral services included Mrs. G. A. Frye, a daughter, and Mr. Frye of Berryville, Arkansas; Miss Dorothy Jean Stone, a granddaughter, who has been attending Texas University; Mr. and Mrs. Keith Swin of Bernie, Missouri; Mrs. S. A. Swin, a sister, and Mr. Swin of Wichita Falls; Ernest Stone, a brother, of Denison, and Mrs. Stone; and Wilbur Johnson, a nephew, of Dallas.

Attending from Hereford were Mrs. W. A. Gentry, Mr. and Mrs. E. Ramey, Mr. and Mrs. Harland Caraway, Mrs. Louise Olson, Mrs. Earl DeHart, Mrs. John Hacker, and Mr. and Mrs. R. E. Barnett of Black.

Interment was in Llano Cemetery in Amarillo.

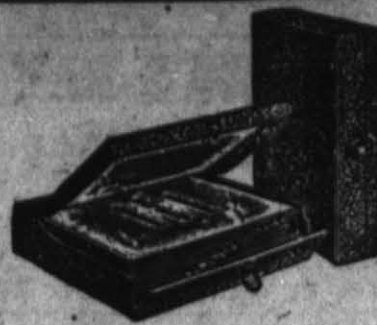

Non-Residential Construction Is Still Rationed

Non residential construction is still limited, and still requires government authorization, Wm. G. Williams, 9-8 1-2 Polk Street, Amarillo, Texas, Hereford representative for the Office of the Housing Expediter, said yesterday. Only permits for building houses have been discontinued, along with other recent actions by the National Housing Expediter, he stated. The other actions included raising the maximum allowable floor space from 1,500 to 2,000 square feet of habitable rooms, and removing the limitation

on the number of completed bathrooms in a house. "All other controls on both nonresidential and residential construction remain in full force and effect," Williams made plain. "These include limitation on nonhousing construction, veterans' preference under which veterans must be given first choice on houses not built for the builder's occupancy, rent ceilings on new construction, guaranteed-market contracts for factory-built houses and new-type materials, premium payments on scarce basic materials, and allocations of a few short basic materials."

Mr. and Mrs. Geo. Batty of Longbeach California were weekend visitors of Mr. and Mrs. Jeff Gibreath, Mrs. Batty is the former Miss Harriette Shirley. They were enroute to the East coast on a vacation trip.

Farm Income in Texas Down But Still High

AUSTIN, June 2—Farm cash income in Texas almost reached the \$900,000,000 mark in the first four months of 1947 in spite of the fact that April income was 6 per cent below the 1946 April total. The seasonally-adjusted index computed by the University of Texas Bureau of Business Research dipped to 295, since the March-to-April gain failed to come up to expectations. April's income reached \$81,469,000 bringing the total for the year to date up to \$277,277,000, or 11 per cent above the figure for the same months last year.

The 5 per cent March-to-April hike in farm cash income was a result of increases throughout the State, with the exception of declines in the Northern High Plains and in the Lower Rio Grande Valley. The monthly reduction in the Northern High Plains was due to the sharp upswing in farm cash income in March, naturally followed by a decline. Greatest monthly per cent gains were in the Trans-Pecos District (156 per cent), South Texas Plains (153 per cent), and Edwards Plateau (56 per cent).

Cumulated totals for the period ending April 30 reflect different trends. Only declines were in the Trans-Pecos (44 per cent), Southern Texas Plains (9 per cent) and the Lower Rio Grande Valley (27 per cent). Gains ranged upward to 46 per cent hike in the Northern High Plains as a result of the heavy flow of livestock during March. Other significant increases were recorded in the Western Cross Timbers district, the East Texas Timbered Plains and the Coastal Prairies.

The Northern High Plains logged up the greatest monthly total for April despite the per cent drop below the March level and came in first in total farm cash income for the period, with \$49,971,000. The Lower Rio Grande Valley was second with a total of \$42,799,000 for the first four months of the year.

ATLANTA FAMILY

Miss Norma Elaine Gallagher And Joe Huckert Jr. Are Married

Miss Norma Elaine Gallagher became the bride of Joe Huckert of Hereford at 8 o'clock Tuesday morning June 3, at the St. Paul Church in Prairie View, Texas. The bride is the daughter of Mr. and Mrs. James Gallagher of Prairie View. Miss Ann Gallagher, organist, a cousin of the bride, played spiritual music and the wedding marches. Red and white round valley lilies decorated the altar before which the couple and their attendants stood for ceremony. Father Sylvester performed the rites. Mr. James Edward Gallagher, her sister-in-law's maternal uncle, wore a pastel blue dress with shoulder corsage of pink roses, and carried white prayer book topped with pink roses. Mr. James Edward Gallagher was best man. The bride, given in marriage by her father, wore an ivory frock made along simple lines with sweetheart neckline, sleeves and full skirt. Her crown hat. Her shoulder corsage of white carnations and she carried a white Bible topped with roses. In brown and she wore an off-the-face natural sweetheart roses tied with white streamers. At the reception which followed immediately at the bride's home, wedding cake and coffee were served to close

friends and relatives. The couple left on a wedding journey to points in Arkansas and Texas and have arrived in Hereford to make their home for the present at the Gentry Apartments.

Before her marriage Mrs. Huckert attended The Academy of St. Mary's Immaculate in Wichita Falls. Mr. Huckert is a graduate of Hereford High School and attended Texas A & M College, Bryan. He served four years in the Air Corps during the war with 13 months duty in the Pacific Theater of War.

He now operates a Radio Shop in Hereford.

Gift Party Is Given

Mrs. C. E. Shepard was hostess at an informal gift-party honoring Mrs. F. T. Pittman on Wednesday afternoon June 4. Decorations were used in gardens and Mrs. Denzil Pulliam and Mrs. Billy Wells poured punch at the refreshment table.

Those attending were Mesdames D. F. Drury, Alton Biggers, F. L. White, H. C. Owen, Dorothy Laundry, M. F. Vaughn, D. E. Pulliam, Bessie Rhodes, G. E. Pulliam, F. M. Pittman, W. W. Wells, Misses Paula Rhodes, Bobby, Linda and Kay Pulliam, Bobby Drury, the honoree and the hostesses.

WED LAST WEEK

Mr. and Mrs. Raymond Paetzold are pictured above following their wedding Sunday, June 1, at St. Anthony's rectory. Mrs. Paetzold is the former Miss Betty Sue Pickens.

W. S. C. S. Circles Meet

Dorcas Circle of the Woman's Society of Christian Service of the First Methodist Church met at the church yesterday afternoon at 2:30 o'clock and went in a group to the country home of Mrs. Earl Plank for the regular meeting.

An afternoon of Bingo games was enjoyed with prizes of household gadgets. Refreshments were served to Mesdames Richard Winget, W. L. Davis Jr., Earl Stagner, Blanche Newsom, Richard Barnard, Paul Conaway, W. H. Goetsch, Howard Gore, Lee Kent, Joe L. Hamilton, Leo Forrest, Beulah Ortega, P. A. Winget and the hostess, Lattie Fox Circle.

Lualaba Circle met at the church for a lesson in the study book "Growing Together in the Family." Mrs. A. B. Christian was leader and Mrs. G. W. Newsom gave the fifth chapter of the book on "The Family Pattern" followed by a review of the sixth chapter on "Building a Spiritual Foundation for the Home" given by Mrs. Christian. Mrs. J. E. Beyer gave the devotional.

No Drunk Drivers But County Court Remains Busy

For the first time in weeks, no drunk driving charges have been filed in County Court. Two cases filed last week marked the eleventh and twelfth to be convicted this year.

Court remained busy, however. Charlie Anderson and Bob Adams, each charged with theft of an exhaust manifold and tail pins from an irrigation motor, each plead guilty and received fines totalling \$26.15 for Anderson, \$23.15 for Adams.

William Lloyd Jenkins, charged with theft of personal property under \$5 value, was convicted and fined \$26.15.

Dock Mitchell Hicks, charged with possession of whiskey for sale, became the 15th to be charged with liquor law violations this year.

Here is the charred tail section—only part of the fuselage left—of the United Air Lines transport which crashed at LaGuardia Field, N. Y., killing 42 of the 48 persons aboard.

Miss Gamble and Mr. Womble Wed In Canyon, To Reside on Ranch

The marriage of Miss Mary Gamble, daughter of Mr. and Mrs. John Gamble of Canyon, and E. W. Womble, son of Mr. and Mrs. Elmer Womble of near Hereford, was solemnized Sunday afternoon at 4 o'clock in the First Methodist Church of Canyon.

Rev. Hubert Thompson, pastor, read the double-ring ceremony before an altar decorated with snap dragons and greenery with white tapers burning in white candelabra at each side of the altar. Miss Ellen Sanders played Wagner's "Bridal Chorus" from "Lohengrin" as the processional and Mendelssohn's "Wedding March" as the recessional.

Mrs. Peggy Mickey was matron of honor, the bride's sisters, Peggy and Nancy Gamble and Mrs. M. E. Cantrell, and Janelle Womble, sister of the bridegroom, were bridesmaids. They wore identically made dresses, similar to that worn by the bride, fashioned with full net skirts and satin bodice in pink and blue. The matron of honor wore yellow. All carried nosegays of roses and honeysuckle.

Mr. William Oglesby was best man and ushers were Byron Campbell, Bill Clark, and Gene Ake. Candles were lighted by Lollie Landrum and Rosemary Phillips of Hereford, cousin of the bridegroom.

Sharon Womble, sister of the bridegroom, was flower girl, and Gene Gamble, brother of the bride, carried the rings on a white satin pillow.

The bride, who was given in marriage by her father, wore traditional white satin. The dress was fashioned with long sleeves, high neckline and deep yoke of net. Rose-petal bow knots of white satin decorated in a train full skirt which ended in a train at the back. Tiny clusters of white rosebuds were used to hold in place the finger-tip veil of illusion. Her bridal bouquet was of white snapdragons and white carnations.

After the wedding a small reception was held at the home of the bride's parents where a three-tiered wedding cake was served. Mrs. M. W. Mitchell of Amarillo served punch and Mrs. Bob Upton presided at the guest book.

Following the reception the couple left for a wedding trip to points in New Mexico. They will be at home on the ranch near Hereford where he will be engaged in business with his father.

Both Mr. and Mrs. Womble are graduates of West Texas State College Training School and both have completed their sophomore work at West Texas State College Canyon.

On Saturday night preceding the wedding, the rehearsal party was held at the home of the bridegroom's parents. After the rehearsal the wedding party and guests enjoyed a picnic supper.

JUDGE FLOWER SHOW

Three Hereford women left today for Levelland to assist in the judging of arrangements in Levelland's Garden Clubs flower show. Mrs. O. G. Hill and Mrs. John Jacobsen and Mrs. A. L. Manjeet will do the judging and Mrs. Manjeet will be the principle speaker.

Open house will be held in connection with the flower show and a tea and program will be featured.

REBEKAHS AT MEETING

A group of Hereford people attended a joint meeting of Panhandle Rebekah Lodge groups held in Amarillo Tuesday night. Mrs. Louise Reinicke of Houston, president of the Rebekah Assembly of Texas was the speaker.

Those from Hereford attending were Mr. and Mrs. E. E. Fridley, Mr. and Mrs. John Jacobsen Jr., Mesdames H. Nickerson, Ronald Matthews, John Draper, J. Barrett Sowell, E. L. Lawhon, J. E. Cockrell, Hazel Sparks, W. F. Harlow, Raymond Steffens, Cecil Wilkins and Miss Alice Sparks.

Mr. and Mrs. Colby Conkright and son Jimmie, are in Lubbock this week attending the Rodeo and Gene Autry performances.

Brennerman Breakfast Is Success

The Hereford Assembly of the Order of Rainbow for Girls want to thank everyone who helped make the Tom Brennerman Breakfast Tuesday morning a success. Mrs. A. L. Manjeet, mother advisor, said today.

"Without the support of business firms and the attendance response the breakfast could not have succeeded." The proceeds amounted to \$91 and will be used to defray expenses of the 34 Rainbow Girls and their six sponsors to the Grand Assembly which will be held in Dallas on June 23 to 25, inclusive.

After the invocation by Robert Thompson the program proceeded in Tom Brennerman fashion, with breakfast music by Donna Jean Stagner and Mary Helen McGilvary. Linnea French introduced the cast of characters who were all dressed to suit the person represented, with Patsy Elgie, worthy advisor, as the announcer.

Troubadors furnishing the music were Beverley Barkley and Elaine Thompson. Mary Jo Math-

ies was Bobby Phillipino, and Doris Jean Hastings took the part of "Corny."

Virginia Lyons proved an excellent "Tom Brennerman" and expertly awarded prizes with ready and witty replies to contestants.

Mrs. Julia Sowell won first prize for the craziest looking hat which was a conglomerated mass of fowers. Mrs. Frank Smith ran a close second with a big white hat topped with a shiny black cat. Other hats receiving notice were those worn by Mrs. S. B. McLallen, Mrs. Phil Barkley, Mrs. Syd Barclay and Kathryn Kester. Mrs. Julia Sowell drew the lucky number for the wishing ring.

The good neighbor award went to Mrs. N. C. Vogele and she received an orchid. Virginia Lyons wrote the prize winning, good neighbor letter, telling of Mrs. Vogele's outstanding qualities as a "good neighbor."

Mrs. Mary Ott, 68 years old and mother of 7 children was the oldest woman present, receiving an orchid. Other prize winning letters by Gayle Robertson and Linnea French and a long list of "good neighbors" who had been recommended were read.

Mrs. Phillip Miller received the Nylon hose and a box of Ivory flakes for their care, for coming the longest distance to attend the breakfast.

O. E. S. Reports Are Heard

Hereford Chapter of the Order of Eastern Stars met in regular session Tuesday night at the Masonic Hall. New officers were in charge of the business and annual reports were heard. Mrs. Pearl Tinsley, junior past worthy matron, gave a review of the past year's work showing an increase of 23 in membership.

A fellowship hour was enjoyed with Mrs. F. P. Lyons, Mrs. Berry Jacobsen, Mrs. Dalton Criswell and Mrs. Vivian Major as hostesses.

Joe Reinauer Jr. Is Honored On Sixth Birthday

Joe Reinauer Jr., was complimented Tuesday afternoon when his mother, Mrs. Joe Reinauer, entertained with a party honoring his sixth birthday. Outdoor games were played and the children listened to recordings of nursery rhymes and songs. Musical games were enjoyed with Bobby Hicks and Mary Jo Peters winning prizes.

Garden Beautiful Club Conducts Tour

Garden Beautiful Club met in the home of Mrs. O. W. Dickey Friday afternoon for a program and business session followed by a tour of Hereford beauty spots.

During the business session members voted to meet at 4 o'clock instead of at 3 as has previously been scheduled.

Mrs. Lisle Woodford was in charge of the program and introduced the guest speaker, Mrs. A. O. Thompson, who spoke on "The Iris" explaining its care and growth. The speaker mentioned the fact that she has nearly 400 different varieties of iris now growing in her gardens and showed slides of her flower garden.

Mrs. Woodford conducted a tour of Hereford gardens including those of Mrs. Charles Dehes, Mrs. J. P. Slaton and Mrs. Harry Seed. Scheduled to visit was the garden at the home of Mr. and Mrs. J. H. Pitman but it will be viewed at a later date.

Those attending were Mesdames O. M. Dickey, S. L. Easley, Herman Ford, J. M. French, Clinton Jackson, Berry Jacobsen, D. C. Kinsey, Maurice Tannahill, C. L. Whiteside, and Lisle Woodford. Special guests were Mrs. A. O. Thompson and Mrs. L. R. Bradley.

Rebekahs Conduct Memorial

Hereford Rebekah Lodge held a memorial service at the ROOF Hall recently with Mrs. John Jacobsen Jr., conducting the service.

A flower-garden setting was featured for the memorial ceremonies and Mrs. Lee Renfro, Mrs. Edwin Mauk and Mrs. George Springer Jr. presented a playlet with Mrs. Springer representing the angel, selecting a flower from the garden and placing it on the cross as each departed member's name was called.

A musical program was presented by Connie Hopson and Mrs. E. E. Fridley who entertained with vocal selections.

Lubbock Guest Is Complimented

Mrs. R. A. Daniel Jr. was hostess at a three-table bridge party honoring her sister-in-law, Mrs. L. B. Ray of Lubbock, who is visiting her mother, Mrs. Artis Daniel and other relatives in Hereford, at her home Tuesday afternoon. Garden flowers in pastel shades were used in decorations for the party.

High score prize went to Mrs. Worth Ware and low to Mrs. B. Y. Crosthwait. Guest prize went to the honoree.

Those present were Mesdames B. Y. Crosthwait, Wayne Evans, V. D. Harris, J. D. Neill, T. J. Cay, W. J. Reeves, Fred Pierce, Worth Ware, W. H. Patton, Richard Barnard and the honoree.

Shishtinta Camp Fire Girls

Shishtinta Camp Fire Girls entertained Tuesday evening at the First Christian Church with an honor-party naming mothers and fathers and six specially designated guests to receive mention and lovely corsages fashioned by the Shishtinta group members.

The program which was planned and executed by the girls, included the welcome given by Doris Stanfield, introduction of parents, and tribute to special guests by Camp Fire Girls. Glimpse of the Group's activities, Patsy Cates; Pictures of the overnight camping trip, F. M. Kester and a social hour when games were enjoyed and refreshments, arranged by the girls, were served.

Those receiving special recognition were Mrs. J. B. Hammer, for her service to her fellow man through her church; Miss Madeline Bell, as a representative teacher who has served her community; Mrs. J. P. Slaton, for outstanding contribution to the making of a more beautiful Hereford; Mrs. John McLean, as past-president of the sponsoring Club, (The Bay View Club) and for her interest in Camp Fire work; Mrs. Urlin Streu, for her aid given all Camp Fire organizations in Hereford and Mrs. Dyalthis Brady, as representative of civic organizations.

As a surprise to Mrs. Bob Wilson, guardian of the Shishtinta Group, the Camp Fire Girls presented her and Mr. Wilson with corsages as an expression of their appreciation of their work with the group.

Chris Gatlin Is Farewell Party Honoree June 4

WESTWAY, June 9—A farewell party was given in the home of Mr. and Mrs. Harry L. Creed at Westway Wednesday night, June 4, honoring Miss Chris Gatlin, who left Monday on a trip to California.

The guests arrived they were greeted by Dora Livesay and Kathleen Brunson and registered in the guest book before a

large picture of the honoree. The room was lighted with green lights, and vases of roses, pink, larkspur, honeysuckle, snapdragons and carnations decorated the entertaining room. Dancing was enjoyed by the group.

Among the gifts presented the honoree was a watch presented by the girls at City Drug, with whom she had worked until Saturday night. The girls are Dora Livesay, Kathleen Brunson, Jerry Henry, Mary Creed, and Beverly Billingsley.

Refreshments were served to

Clarendon Visitor Is Entertained

Miss Juanita Carpenter of Clarendon was entertained in the Charles Newell home the past week end. She was the guest of Miss Jacqueline Newell.

Friday morning the Clarendon visitor was honored at a breakfast when a Mexican theme predominated in all appointments. The table was laid with a Mexican cloth and centered with a vase done in Mexican design filled with red roses. Colorful Fiesta table ware completed the setting. Those seated were Bettie Jo Carnahan, Billie Ray Johnson, Martisha Ramey, Mary Jo Mathis, Jaynice Boston, Doris Hastings, the honoree and the hostess.

Friday night four girls joined the honor guest and the party followed by a slumber party at the Newell home. The four girls were Mary Jo Mathis, Doris Hastings, Martisha Ramey and Margaret Sowell.

Miss Edah Park arrived Saturday from Denver, Colo., and is visiting her parents, Mr. and Mrs. J. L. Park and sister, Miss Lucile Park.

Funeral Rites Conducted For Luther Hastings

Funeral rites were held Sunday afternoon at 4 o'clock in the Methodist Church at Bovina for Luther Hastings, 67, who died Saturday following a stroke. He has been bedfast for the past 18 months.

Mr. Hastings had lived in Bovina for the past 28 years. He leaves three brothers, Frank of Bovina, Henry of Hereford and W. S. of Clarendon. Also one sister, Mrs. Romie Derrick of Clarendon.

Relatives from Hereford attending the rites were Mr. and Mrs. Henry Hastings, Mr. and Mrs. J. T. Gilbreath Jr., Mr. and Mrs. Ralph Hastings, Mr. and Mrs. Charles Hill, and Mr. and Mrs. Jack Wright and Jackie Wright.

Deaf Smith Sugar Beet Crop Totals 1600 Acres Now

COLLEGE STATION, June 9—Sugar beet acreage in Deaf Smith County will reach the 1,600 acre mark this year.

County Agricultural Agent Hugh L. Clearman reports that farmers in the county are in the process of planting about 1,600 acres to the crop and practically all of them have applied commercial fertilizer to sugar beet fields.

In many cases, says the county agent, barn yard fertilizer was applied to cropland during the winter, to put land in good shape for sugar beet production.

The application going on much of beet acreage is 100 pounds per acre of 16-20-0 commercial fertilizer.

SW Life Insurance Company to Hold Agency Convention

The first agency convention of Southwestern Life Insurance Company to be held since Pearl Harbor will convene in Dallas, Texas, June 18, 19, 20 and 21. A program headed by some of the nation's leading authorities on

life insurance will be presented, and agents and their wives will be guests of the Company at a number of festivities arranged in their honor. Special entertainment has been planned for the ladies.

By virtue of the outstanding production in this area during the past year, special invitation has been extended the company's local representative, W. B. (Woody) Wilson.

Mr. and Mrs. Dan Guseman returned Sunday from a month's visit in Dallas. During that time, Dan underwent a lung operation at Baylor Hospital. He is recovering satisfactorily.

Mr. and Mrs. William Hollabaugh of Fulton, Mo., are visiting his parents, Mr. and Mrs. Clarence Hollabaugh. Mr. Hollabaugh is a student at Westminster College at Fulton.

Wheat Storage Is Still Big Problem In Plains Area

Storage of wheat in the face of what now seems certain to be a record-breaking yield in this area still looms as the most acute problem for farmers and buyers alike.

Although elevators and farm storage in this county will total approximately three million bushels by harvest time, the shortage of transportation facilities combined with a wheat yield that is expected to set an all-time high, is expected to overflow storage facilities before the half-way mark is reached.

Another factor which may pose a headache to local farmers was pointed out this week by F. G. Collier, county ACA secretary. To be eligible for wheat loans, producers must have their grain in approved storage either on the farm or in the elevators.

Wheat support loan price is expected to be set by the Agriculture Department early next week at about \$1.80 per bushel. If the wheat market, under pressure from a vast U. S. crop, drops below the support figure, a rush for government loan applications is anticipated.

As in the past, many farmers may seek government loans to enable them to hold wheat for a rising market. At any rate, grain storage of all types is likely to be at premium within ten days after the harvest gets in full swing.

No, this isn't a major league park—it's Korakuen Stadium, Tokyo, filled to 30,000 capacity for a weekend game between teams of Japan's eight-team pro league representing three cities. Despite transportation difficulties, games draw 10,000 even on week days, a manifestation of revived enthusiasm for the American sport. The teams are the Giants, Flyers, Gold Stars, representing Tokyo; Dragons, from Nagoya; Tigers, Bears, Great Rings, Robins, from Osaka.

D. A. R. President

Mrs. Roscoe C. O'Byrne of Brookville, Ind., is new president of the Daughters of the American Revolution, elected by delegates to the 56th annual convention in Washington.

New Treasury Bond-A-Month Plan Announced

Beginning today, more than 90 per cent of the commercial banks of the nation will offer the new Bond-a-Month Plan for the automatic purchase of U. S. Savings Bonds, according to a Treasury Department statement in Washington.

The Bond-a-Month Plan, as explained by C. C. Acker, vice-president of the First National Bank is simply this: A depositor signs a form authorizing the bank to debit his checking account with the purchase price of a bond or bonds of the denomination he desires issued to him each month. The bank delivers the bonds monthly, free of charge.

The Plan, Acker explained, was originated by bankers and was tested across the nation before the Secretary of the Treasury asked all banks to offer it to depositors with checking accounts. Authorization forms and franked envelopes for mailing bonds are supplied by the Treasury Department to the banks. The executive council of the American Bankers Association pledged the support of member banks to the plan, as a valuable aid to the management of the national debt.

"Heretofore," Acker continued, "only employees in establishments where the Payroll Savings Plan is made available have been able to buy Savings Bonds automatically, through allotments from their pay. The Bond-a-Month Plan extends a similar privilege to bank depositors to whom the payroll plan is not available, including owners and employees in small business and industry, professional people, independent business men and women, farmers and others who are self-employed. Since the secret of successful savings is regularly, I know this plan will prove a boon to these citizens, helping them to build security, realize their dreams and build up buying power for the future. Ask your banker about the Bond-a-month plan."

OPENS FLOWER SHOP

Mrs. L. H. Stevens, above, will operate the Western Flower Shop, recently purchased from Corinne Jennings.

Formal Opening Of New Flower Shop on Saturday

Mr. and Mrs. L. H. Stevens have announced the purchase of the flower department and location of Corinne's Gift Shop on east 2nd Street, from Mrs. Corinne Jennings.

Mrs. Stevens is the son of Mrs. Estie Stevens, owner and operator of the Stevens Floral and Greenhouse in Canyon, and they have both been associated with her for a number of years.

The shop here will be named the Western Flower Shop, and will be a member of the Florist's Telegraphic Delivery Service association equipped to wire orders for flowers to any point in the United States or abroad.

Formal opening of the shop will be Saturday, June 14. An orchid will be awarded to one registered visitor at the shop on opening day. Other awards will include a dozen roses, a pot plant, and corsages.

The show room will be well-stocked for the opening. Mrs. Stevens has announced.

Burford Palmer, old-time Hereford resident, was looking up friends and old acquaintances here last week. He now lives in Dallas.

Forger Is Given 5 Year Suspended Sentence Friday

Johnny William Haney, charged in this county with forgery, entered a plea of guilty and received a five-year suspended sentence in District Court last Friday.

Haney forged a check for \$400 on W. W. Hill, and attempted to pass it at the First National Bank here.

He was indicted by the Grand Jury in session Friday, and asked for immediate trial.

No other contested cases were heard. Judge Schultz disposed of some un-contested civil matters at the one-day session, and left for Vega, where a Grand Jury had been convened for Friday.

Judge Schultz said there would probably be no other jury cases tried here until the new term of court opens on August 4.

BASEBALL SUNDAY

The Hereford baseball club will meet the Clovis Blackjacks in a Western Panhandle Association League game here Sunday afternoon at the softball diamond. Game time is 2:30 p. m. The Hereford nine defeated Friona 13 to 7 at Friona last Sunday in their League opener.

Early wheat delivered at Plains elevators this week brought prices ranging from \$1.98 to \$2.00 per bushel at Silverton and Tulla, respectively. The first wheat delivered at Tulla brought a 25-cent bushel premium above the \$2.00 market paid there Tuesday. At the local county ACA office, Collier announced that details of a new set-up for handling the wheat support loans this year will probably be available early next week.

Around Town

(Continued from Page 1)

Baptist WMS has just announced that it has decided to pay the expenses of a second delegate to accompany her. The lucky young lady is Florence Goldston, daughter of Mr. and Mrs. H. D. Goldston.

From Cal Farley, president of Boys Ranch, comes a letter, of thanks to Rev. Roy Ford, pastor of the First Christian Church, for the \$275 collected and donated to Boy's Ranch a few Sundays ago when a group of youngsters from Tascosa were entertained here. Rev. Roy says that since a lot of people from other churches as well as his own contributed to the gift, he'd like to pass the thank-you along. "Hereford has always helped us at Boy's Ranch in many, many ways, and we want you to know we appreciate it," Cal wrote. "We invite all of you to visit the ranch at your convenience and see just what we're trying to do. It's your ranch as much as anyone else's. Thank you again."

Band parents are asked to meet Friday night at 8:30 in the Band Hall on the high school grounds. All parents interested in the band organization have been asked to be present.

Another member of the Class of 1906 has turned up. This time it's the former Bessie Lay who, The Brand was informed, had died "in the early 20's". From Crosbyton comes a letter from Mrs. W. P. Lamar, who tells us that the lady in question is not only living, but is married, has "a nice husband, Mr. C. E. Westerman, one son, a beautiful home, and is one of the outstanding citizens of Crosby County." Mrs. Lamar, a personal friend of Mrs. Westerman's, encloses a card from her confirming that she was a member of the Hereford High School Class of '06. Mrs. Westerman is now living at Robertson, near Lorenzo. Any more old grads?

County Agent Hugh Clearman wants all members of the Deaf Smith County 4-H Club to attend a meeting Saturday afternoon at 2:30 at the courthouse.

All combine operators who need trucks to work the harvest and truckers who are looking for combines, and farmers who want both, are invited to get together at the County Agent's office. Clearman is acting as a clearingman, and no puns intended, for the harvest here.

west of Hereford, in 1890 or 1891.

When the county seat was moved to Hereford, the courthouse was moved as well, and served as the seat of the county government until 1911 when the present marble building was erected.

Sometime in 1911, after it had been purchased by Fr. Campbell, one of the courtrooms in the building was arranged as a chapel and named after St. Anthony of Padua, one of the great preachers of the 13th century.

In 1913 Fr. Campbell moved to Hereford and resided in the old building. He also installed a printing press on which he printed a magazine called "The Antidote." The old courthouse later became known as the "Antidote Building."

Not more than ten or twelve or fourteen families made up the parish during the five years that Fr. Campbell served as pastor. Before the establishment of St. Anthony's Chapel, services were held occasionally in the home of the late Mr. and Mrs. W. D. Kelleher, the pioneer catholic family in the area.

Fr. Campbell obtained the services of the Franciscan Sisters of the Atonement, Graymoor, N. Y., for the establishment of a parochial school. The sisters arrived in August, 1917, and used as their first convent the present St. Anthony's rectory. Their permanent home, known as St. Francis House on 25-mile avenue, is now the residence of Mrs. Edith Vogele. It was purchased by the sisters in 1918, and retained by them until 1938, when they gave up the school.

In 1924 the present St. Anthony's Convent was purchased and used as a school until the present St. Anthony's school was erected in 1927.

Fr. Campbell retired in 1918 and returned to his native Canada. Some years later he came back to the Panhandle, however, and died in this country in 1927. He is buried in Llano cemetery.

In June 1920 Fr. Salvador di Giovanni arrived from Graymoor to assume direction of the parish. His first task was the erection of a church, and on June 13, 1922, transformation of the old courthouse to the present St. Anthony's was completed. Fr. Salvador remained as pastor until 1938. He is now pastor of St. Rita's Church, Carrizozo, N. M.

Fr. Matthias Gilberg was pastor from 1932 to 1937, Fr. Nathaniel Madden from 1937 to 1943, and Fr. Albert Heald, the present pastor, succeeded Fr. Nathaniel.

As St. Anthony's prepares for the Jubilee celebration this year, plans are already being made for the construction of a new St. Anthony's.

In preparation for the Jubilee, special services are being held at St. Anthony's on the three preceding days, with masses in the morning at 8, 7 and 8 a. m., and evening services at 8:30.

Celebrant of the Solemn Mass at 11 o'clock on the morning of the Jubilee will be the pastor of St. Anthony's, the Rev. Albert Heald, S. A. The choir will be under direction of Rev. James Salvi, S. A.

The sermon will be by the Very Rev. Nathaniel Madden, S. A., former pastor and now a member of the governing board of the Franciscan Friars of the Atonement Graymoor, N. Y.

The deacons of honor to Bishop Fitzsimon will be the Rev. Cyril Therras of the Dominican Order and the Rev. Bartholomew O'Brien, chaplain of St. Anthony's Hospital at Amarillo.

From Plainview, J. B. Kidd, area farm labor supervisor for the Texas A & M Extension service, said harvest would begin by the first of next week in Crosby, Hale, Swisher, and adjoining south plains counties.

Kidd said the northern Plains harvest would begin about June 25 in most areas.

utes. Adrian has no fire fighting equipment. By-standers organized a bucket brigade and pressed a Phillips transport truck into service to haul water to a nearby cistern in an effort to get the flames under control.

The Vega firemen succeeded in saving a tourist court near the filling station, but the blaze raced through the station and cafe with great rapidity, and all efforts to bring it under control failed.

The building was owned and operated by Mr. and Mrs. Manuel Loveless. Loveless estimated the property loss might exceed \$20,000.

No customers were in the cafe at the time of the blast, and the cook and waitress fled uninjured before the flames reached the cafe.

Parker was rushed to the hospital in Amarillo where he died a few hours after the explosion. He was 26 years of age.

Parker had been ranching near Adrian for the past three years, having moved there from Hereford. He had lived here for 12 years prior to going to Adrian.

Surviving him are his wife, Mrs. Dorothy Parker; three daughters, Linda Sue, 7; Verena Dell, 5; and Antonita Lee, 3; and a son, Joe Scott, 10 months old.

Also surviving are his parents, Mr. and Mrs. George S. Parker of Hereford; three brothers, Muri, and Tom Parker of Hereford and Glen Parker of Alva, Oklahoma; and six sisters, Mrs. Delbert Brunstetter of Alva; Mrs. Chaney Ross of Oklahoma City; and Mrs. Frank Giles, Mrs. Noble Willier, Mrs. Clinton Jackson, and Mrs. Jerry Albracht, all of Hereford.

CANADIAN RIVER DAMS OKAY FOR CONSERVATION BUT— Army Engineers Explain Reasons for Turn- Down of Projects For Flood Control Plan

A simplification of the report of the U. S. Engineers regarding proposed flood control on the Canadian River was received this week from Harry Hutchings, Jr., Division Engineer, of Dallas.

The U. S. Engineers, after investigating both proposed dams at Tascosa and Sanford, turned thumbs down on both locations as flood control projects in a report issued last week.

However, the Engineers report left the way open to construction of a dam by some other Federal Agency as a water conservation measure, and recommended that if a dam should be constructed at either site for this purpose, that the flood control provisions be incorporated.

Hutchings report reveals, "The principal reason upon which adverse conclusions are based," Hutchings said, "is that detailed investigations have shown that the estimated annual cost for providing reservoir storage capacity for flood control at either the Sanford or Tascosa sites would in each case, materially exceed the estimated average annual benefits that could be expected to accrue as a result of such construction."

In plain English, the engineers believe that the proposed dam, for flood control purposes, is not worth the cost. "The reporting officers," he continued, "have, however, recognized the fact that in the portion of the South Canadian River Basin under investigation in this report, the predominant interest is the conservation of water for beneficial purposes. For this reason, therefore, those officers have further concluded that construction of the improve-

Robina Culpepper Receives Diploma From Nurse's School on June 2nd

Miss Robina Culpepper, (left) daughter of Mr. and Mrs. L. Culpepper of Hereford, received her diploma on Monday, June 2, as a graduate of the Nurse's school at Northwest Texas Hospital in Amarillo.

She is a graduate of Hereford High School, with the class of 1943, and attended Wayland College for one year (1943-44) before entering Nurses Training. She has also completed two years work at Amarillo Junior College.

Robina plans to spend two weeks as camp nurse at Girl Scout Camp at Amarillo this summer, but has made no further plans.

ments desired should not be undertaken as a flood control project. They have recommended that if reservoirs are constructed in this basin by another Federal agency, provision should be made for the inclusion of such flood control storage as may be justified at that time.

A dam at the proposed Sanford site, Hutchings revealed, would consist of a rolled earth-fill structure approximately 2,950 feet in length and 150 feet high. The reservoir formed thereby would have a total storage capacity of 1,125,000 acre-feet, of which 425,000 acre feet would be for flood control and 700,000 acre feet for conservation purposes. The Tascosa dam, similar in construction, would have an

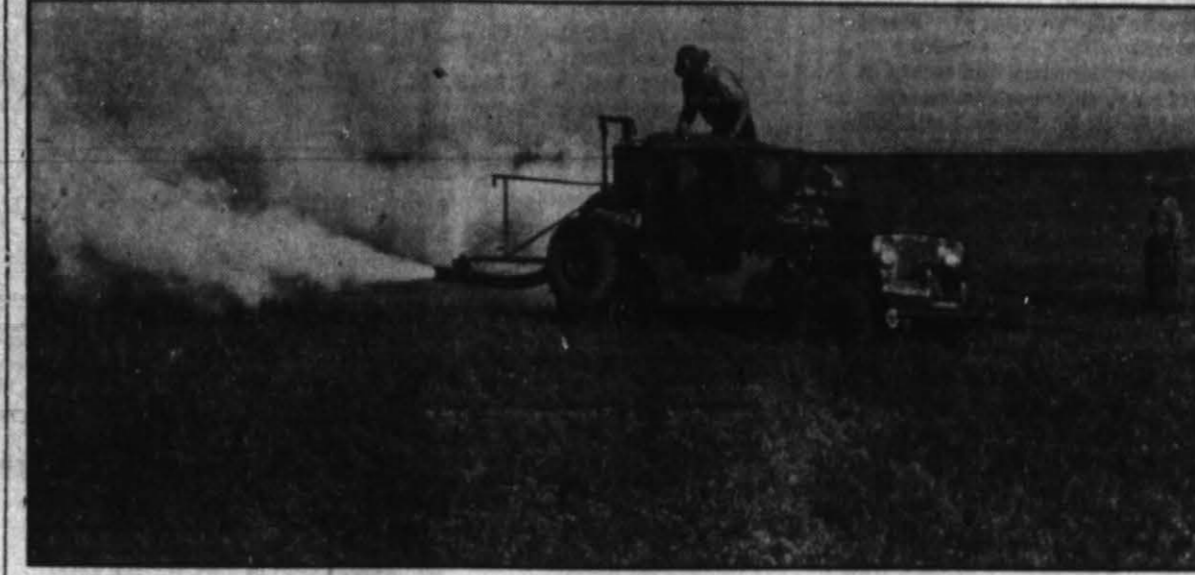

embankment length of 11,400 feet and would be 144 feet high. This dam would create a reservoir having a total storage capacity of 1,150,000 acre-feet, of which 410,000 acre-feet would be for flood control and 740,000 acre feet for conservation purposes, including irrigation.

Proponents of the Tascosa site, among them the International Parks (Highway 51) Highway Association, had also hoped for construction of a dam at that point to provide a highway crossing of the Canadian on the Highway 51 route.

Hutchings, in his report, also advised that all interested parties have the privilege of presenting their views on the (Continued on Page 8)

Secretary Anderson Defends Destruction Of Early Potatoes In Early '47 Alabama Crop

Secretary of Agriculture Clinton Anderson made public this week a letter to Congressman August H. Anderson of Minnesota defending the department's position on the potato support program, following a bitter Congressional attack by Anderson on the destruction of surplus potatoes.

Secretary Anderson turned his ire on members of the House and Senate Agriculture Committees, asserting that he had warned last year, with particular reference to the price support of potatoes, would result in "inevitable difficulties."

"I estimated," Anderson said, "that there would be as

many as 20 million bushels of potatoes for which we would be unable to find any practical outlet and which would likely be a total waste. A copy of that letter was mailed to you, and yet, knowing that I am powerless to make any change in price support responsibilities, you now call on "the Secretary of Agriculture to halt the wanton destruction of potatoes," the Secretary wrote Anderson.

Anderson reviewed price support operations for the 1946 crop. The 946 crop was 100 million bushels over the goal, he asserted. From this crop, nearly three million bushels were distributed to the school lunch program and to

charitable institutions. About ten and a half million bushels have been exported. This was accomplished by offering the potatoes for export for relief feeding abroad at token prices as low as four cents per hundred pounds.

Approximately 11 million bushels were diverted to livestock feeding, Anderson continued, and this was made possible again by making them available at token prices. Another ten and a half million bushels were made available to starch mills manufacturing starch in this country for relief abroad. The greatest diversion of potatoes that otherwise would have been wasted

Adjournment Halts Hazlewood Bid for Ballot on Projects

An eleventh hour rally in an attempt to get a House Bill authored by Representatives Blake Timmons and I. B. Holt, proposing the establishment of an agricultural experiment station for the High Plains, through the Senate ended in failure last Friday as the Legislature adjourned promptly at noon.

Senator Grady Hazlewood lost a three-day fight on the Senate floor to get the bill, which had passed the House by a heavy majority, submitted to vote.

Hazlewood and Timmons had appealed to voters in the Plains area for support in trying to get the bill out of the Senate Finance Committee, where it had been buried, before adjournment last week. Their appeal was answered by a flood of telegrams to Governor Beauford Jester and Lt. Governor Shivers, presiding officer of the Senate.

Shivers blocked all attempts to introduce the bill in the Senate by refusing to recognize Hazlewood until minutes after the Senate clock had passed the hour of adjournment last Friday noon.

Hazlewood, after finally gaining the floor Friday, started to introduce the bill—and was stopped on a point of order as the Senate speaker declared the session ended.

The Timmons-Holt bill had proposed the establishment of an agricultural experiment station somewhere in the High Plains irrigation area. Hereford was reported to be a favored site for the station, since it is centrally located in the irrigation belt.

A bill appropriating \$180,000 for museums at West Texas State College in Canyon and Texas Technological College in Lubbock was passed before the session closed, but the State (Continued on Page 8)

Worley Asks Help In Hearings On Farm Policies

The House Committee on Agriculture recently began hearings which will continue for several months concerning a general long range Agricultural program for the United States, Congressman Eugene Worley advised local farm leaders in letters this week.

"These hearings will be the most comprehensive held in many years and are intended to lay the foundation for long-range legislation to be introduced at the next session of Congress, convening in 1948," Worley said.

Testimony and recommendations as to what the government's policies should be regarding farm price supports, crop controls, subsidies, credits, soil conservation and related matters will be presented and thoroughly and carefully analyzed, Worley reported.

Curtis Ponder Is On Honor Roll at Military Academy

LEXINGTON, Mo., June 5 — Cadet Curtis Ponder, son of Mr. roll.

and Mrs. W. F. Ponder of Hereford a student at Wentworth Military Academy here, has been cited for academic honors for the second semester at the school. Cadet Ponder qualified for a place on the high school honor roll.

Major Leon H. Ungles, dean of the school, pointed out that this honor is of special significance, since final semester honors in the academic department were awarded only to students who have consistently earned good grades and who were cited for

their proficiency at the end of the three six-weeks grading periods during the semester.

Teaching Your CHILD

With the organization of Parents-Teachers Organizations, Mothers Congress and Child Study Clubs, just "growing up like Topsy" wasn't good enough and parents began the systematic study of how to teach and train their children, how to understand them and how to help them to understand the parents.

without knowing the satisfaction of sharing or giving joy. Learning to give and share is difficult for adults, as well as children, for we are born with a greedy instinct. It is the instinct of a human being to grab and to hold and that is why early training counts for so much. It takes a great deal of time and a great deal of effort to convince a very small boy or girl that we really have more when we share what we have with others who may have less.

During the past year members of the Hereford Child Study Club have given serious study to the teaching of children from pre-school age through the teen-age under the leadership of Mrs. Earl Springer, president. A series of papers will be condensed and printed in the Hereford Brand as a service from the Child Study Club to mothers of young children who are unable to participate in club work. The following article was prepared by Mrs. John Robinson.

Teaching Your Child to Give and Share
How to give and share is one of the first things a child should be taught, and one of the most important. The real joy of living comes with giving and sharing and yet some reach adulthood

When parents refuse to let children do little jobs that might cause a mess or a lot of work on the part of the parents to straighten out, they lose the true meaning of genuine parenthood. Teaching your child these little beginnings in the ways of life are but simple expressions in child-like terms of the greatest principles of civilized existence. After the simple things are learned the more complicated forms of giving and sharing are met easily if parents have gone all the way in their training. It is not enough that children be given an opportunity to give, they need to feel a concern for the persons to whom they give, for then the giving becomes sharing. There is a fellowship in sharing—a certain give-and-take which calls for even more understanding and adjustment.

One child, in trying to understand the difference between giving and sharing said, "When you give anything, it's gone and you can just remember how nice it was to give it; but when you

Buy Sugar Now Is Advice to Housewives In Face of Boxcar Crisis

COLLEGE STATION, June 9.—The estimated record wheat crop coming up is due to affect the distribution of sugar to Texas store shelves.

The U. S. Department of Agriculture has urged the nation's homemakers to cash in their sugar stamps—numbers 11 and 12—as soon as possible. While the total year's supply of sugar for the nation, estimated earlier at about 6,800,000 tons, remains unchanged, the distribution of the supply is another question, USDA says. The large wheat crop is expected to create a difficult

transportation problem. In another month, there will not be enough box cars to carry both wheat and sugar.

Due to that situation, the No. 12 sugar stamp in housewives' ration books was made good in advance. Grocers can accept both Stamp 11 and Stamp 12 and will continue doing so until October 31.

Miss Gwendolyn Jones, food preservation specialist of the Texas A. and M. College Extension Service, reminds Texas homemakers that no sugar will be allowed them especially for

coming, and that any canning sugar used must come from their regular allotment.

USDA says that many consumers are apparently postponing the use of their stamps. Housewives making last-minute runs on stores to cash sugar stamps are likely to find local shortages since the wheat crop is due to tie up rail transportation.

California Rites Unite Couple June 4

Announcement has been made of the marriage of Miss Patricia Sever, daughter of Mrs. Josephine Root, Beverly Hills, Calif., and Loy Cook, son of Mrs. John Wink, Fresno, Calif.

The wedding was held on Wednesday June 4, with the ceremony conducted at Westwood Community Church in Beverly Hills. Rev. Gordon Chapman read the service in the presence of close friends and relatives, before a flower-decked altar illuminated by all white tapers in candle-

Mr. Cook made his home in Hereford with his grandparents, the late Mr. and Mrs. H. C. Mattison, near Hereford. He is a nephew of Miss Jessie Mattison and Paul Mattison of Hereford.

He spent three and a half years in the Navy with four months overseas in the anti-submarine patrol. He is a senior student at Texas Technological College, majoring in political science. He graduated from Hereford High School in 1940.

Mrs. Loy Cook (above) was Miss Patricia Sever before her marriage on June 4 at Beverly Hills, California.

Martisha Ramsey Wins Award

Martisha Ramey, daughter of Mr. and Mrs. Sank Ramey, wrote the winning theme on "My Place in Missions" and has been selected as delegate from district 9, of the Southern Baptist Association to attend the annual encampment held at Ridgecrest, N. C.

Martisha is a senior in Hereford High School and has been active in church work all her life. When rules for themes were announced she decided to enter the contest and Sunday she was notified that her theme had won.

The award includes one week at the encampment where training classes will be conducted, outstanding speakers will be heard and social and educational activities featured. Between eight and ten thousand girls are expected to attend.

Thirty-seven girls and three sponsors are scheduled to leave Dallas on June 16, by chartered bus. They will go by Jackson, Tenn., and stops will be made at historic spots. The return trip will be made along the southern route and Martisha will leave the group at Atlanta, Ga. where she will visit with an uncle, H. B. Carlton, and family. She plans to return to Hereford about July 1.

SOCIETY

New Organization Replaces W. M. S.

The last meeting of the Woman's Society of the First Christian Church, an organization which has functioned since the establishment of the local church years ago, was held at the church Wednesday afternoon, June 4. A new organization, which will be known as The Woman's Council, was recently organized to take the place of the old organization.

Rev. Roy Ford, pastor, gave the devotional lesson which preceded the installation of new officers conducted by Mrs. Robert Vei-gel.

The new officers include; Mrs.

O. H. Culpepper, president; Mrs. Clyde Russell, vice-president; Mrs. Jack Wilson, secretary; Mrs. E. F. Cain, corresponding secretary; Mrs. John Robinson, treasurer.

Books were closed for the old organization and regular meetings for the Council were announced for the first Wednesday in each month. The July meeting will be at the church in the form of a covered dish luncheon.

Group meetings will be held in homes of members once each month. Leaders of groups are; Mrs. C. P. Cockrell, Business Women's Group, and Mesdames; R. G. Blue, W. E. Dameron and Herman Ford.

MARKETS

(USDA)—Active demand at firm to higher prices ruled the majority of southwest farm markets last week, according to the Production and Marketing Administration, U. S. Department of Agriculture. Wheat, cows, calves, shorn lambs, and hens were the losers.

Liberal offerings of new crop wheat broke the market early last week, and prices fell fifty cents per bushel after the long holiday week end. Later rallies recovered only a little of the loss, and Friday closed \$2.45 for No. 1 hard at Fort Worth and Galveston. New crop oats and barley dropped some too, but corn and sorghums gained.

Seasonal dullness ruled rice markets last week. New crop made rapid growth and looks well. Principal feed ingredients maintained strength despite abundant green feeds. Weather held back alfalfa cutting, but dehydration plants continued to operate South Texas peanut crop looked good, and other areas tried to finish planting. Choice 12-months Texas and Territory staple wools found good demand. Finer mohair sold steady.

Oilings of generally good quality and medium to small sizes moved in volume from North Texas areas last week in a strong market. Fifty pound sacks of U. S. No. 1 yellow Bermudas brought \$1.75, and Crystal White Wax \$2.00. Tomato shipments declined.

J. Kirksey, Charles Dones, Lynn Kester, A. L. Manjeot, Frank Watson, Sam Allen, G. T. Slaughter, G. F. Muller, Carroll Whiteside, D. C. Kinsey, George Suggs, M. T. Rutter, Avon Vick, and the hostess.

In the Lower Rio Grande Valley and increased in East Texas amid advancing prices.

Valley haulings of green corn lightened, and grapefruit strengthened near the season's end. A few cantaloupes moved out. More Coastal Bend watermelons came on the market.

Spot cotton prices climbed steadily last week to score total advances of around \$4.50 per bale. Fairly numerous inquiries for the higher grades attracted only light offerings. The new crop made favorable progress in most areas.

Eggs and most poultry maintained steady to firm prices last week. Hens showed slight weakness, and sold mainly at 22 to 26 cents per pound. Most areas bought eggs at 36 to 38 cents per dozen; but South Texas and

Louisiana centers paid 40 to 50 cents.

Hog prices fluctuated some last week but netted mostly gains of 25 to 75 cents. Heavy weights at Wichita showed the only real weakness. Closing bulk of good and choice butcher hogs brought \$24.75 at Fort Worth and Denver. Closing top was \$25.25 at Oklahoma City, and \$24.60 at Wichita. Week's top was \$24.25 at San Antonio.

Spring lambs gained mostly 50 cents to \$1.00 at southwest terminals last week, but aged sheep and low grade shorn lambs dropped almost as much lower. Good and choice spring lambs brought \$20 to \$21.50 at San Antonio; \$23.50 to \$25 at Fort Worth; and \$24.50 to \$25 at Wichita. Oklahoma City bought medium to good kinds at \$20 to \$24.

Generally steady to slightly weaker prices prevailed at Denver last week for steers, heifers, and cows, while low grade cows and calves moved generally lower at other southwest markets. Bulls and some stocker classes showed weakness at San Antonio and Oklahoma City. Canner and cutter cows sold at \$8.50 to \$10.50 at Houston; \$8.50 to \$11 at San Antonio; \$8 to \$12 at Fort Worth; \$9 to \$12 at Oklahoma City; \$10.50 to \$13 at Wichita; and mostly \$11.50 to \$14.50 at Denver.

Another Letter to the Editor from The Bootleg Philosopher

Dear editor:

I seen in a copy of the Brand which I found in the middle of some tumbleweeds piled against my fence row and which was four or five months old although I can't say it is much different from a fresh copy if you don't mind—

disturbed me, as there isn't a thing you got a good paper and lots of times I've got up from a comfortable position to pick one up when it blown by even on a warm day, and as far as I'm concerned your paper is as good to fan with as the American News... anyway as I was sayin' I seen in this here paper, or may-be and finally in my 25th issue as it was the American News,

where a man was appointed Acting Postmaster at a town in Central Texas and while this is something new to me in the form of a title I believe it is worth continuing and whoever that it up ought to be congratulated.

The idea has unlimited possibilities if carried over to the political field. For example, most public offices ought to be filled twice, one by the official office holder and again by the acting office holder.

You take a governor, for example, he ain't really got time to attend every Sunday school, make and fixity in my 25th issue as it was the American News, as counties and still have time

harder to open new bridges and dedicate monuments and help clean up towns and crown Queen and Grapefruit Queens and etc. and do all them other things a governor is supposed to do, not to mention running his office in Austin and vein bills and handling legislation and making appointments and dodging in and out of town. What he probably needs is an Acting Governor, like a Roth governor and let him do the job himself.

Then maybe he could get a round to visit the West Texas something and if he wore out the seat of his breeches riding out Harrison highway towards the place then maybe he might get somebody down in Austin interested in these parts. Yeah, what this state needs is an acting governor.

The same is true of a lot of representatives and judges and tax collectors and congressmen and other kinds of office holders. In fact in some towns I know they could even stand having a acting editor to get while the other one was loafin, although there ain't nothin personal in this as far as I know you work harder than anybody else around the place which may be the reason you don't have no time left for deep thinkin; or it may be the other way around and you do get no time left for workin' in a position, with which I am, in complete accord and I only wish I could get my wife to see the importance of it.

In fact what this country needs also is Farmers and Arlin Farmers and you can tell anybody you see the latter title is unfilled out here at my place. Yours faithfully,
J. A.

Has Taken the Mortgage Out of Her Budget

Home is more than a house and lot to those people. It represents an investment... security... the right neighborhood... good schools and transportation. It is the foundation of family happiness. It has taken the mortgage out of her budget, with Southwestern Life Insurance. He will pay the mortgage if he lives; Southwestern Life Insurance will pay it if he doesn't.

More than that: his Southwestern Life Insurance will give his wife a monthly income, enabling her to live in the future as she now lives—comfortably.

What about your home? It's the place where you want your wife to live—that home of yours... the neighborhood where you want your youngsters to grow up. But could they continue to live there, if you were taken out of the picture? You and your wife both signed the mortgage on your home, and the mortgage will look to her for completion of the payments when you're gone. Have you made it possible for her to meet those payments in full?

Southwestern Life Insurance offers a certain, easy method of solving that problem. Through it, you can leave your family a debt-free home, and take the mortgage out of their budget. You can pay for it on convenient terms, monthly, quarterly or annually. Without obligation, ask for an analysis of your family's home protection needs today. The low cost of the plan will please you.

"Parties desiring to present any statements of facts concerning the proposed improvements may be heard by the Board either orally or in writing," Hutchings said. "Written communications should be addressed to the Board of Engineers for Rivers and Harbors, Room 1336, Temporary Building T-7, Gravelly Point, Washington 25 D. C., and should be mailed in time to be in possession of the board within four weeks from the date of this communication (June 6). If, however, you have important data to communicate to the Board which cannot be collected and put in shape for proper presentation within four weeks, the Board should be informed of this fact without delay and request made for extension of the limiting date."

Comptroller notified the legislature a few minutes before the session closed that all available funds had been exhausted, and refused to certify the bill. Another last-minute casualty, for the same reason, was the \$1,500,000 Soil Conservation bill. The session ended before the free-spending legislature could vote on the question of deficit spending. However, Rep. Blake Timmons reported that the fight for the Museum bill would be carried on at the Capitol, since Governor Jester is expected to veto several measures passed by the legislature, and such action might make funds available for others. Bills getting favorable action in the closing minutes of the session included a bill to set up a Veterans Affairs Commission to take over work formerly handled by a state Service Officer attached to the Adjutant General's department. During the session, the Legislature voted to submit seven constitutional amendments to the voters.

BY MRS. GLEN MAY

Mrs. Howard Bishop entertained Thursday night at her home with a dinner party honoring Mr. and Mrs. McConnell, who have sold their place and are moving to South Texas. Those attending were Mr. and Mrs. Fred Axe, Mr. and Mrs. Leon Matthews, Mr. and Mrs. Glen May and Eddie, Merle Matthews, and the honorees and hostess.

Mrs. Fred Axe left Sunday morning for Happy, where she attended a birthday party honoring her niece, Gracine Devin. She plans to remain for several days.

Mr. and Mrs. L. A. Matthews went to Clovis Friday to visit their new granddaughter, Linda Merle.

Mr. and Mrs. L. J. Wilder were Amarillo visitors Saturday.

Mrs. Howard Bishop and Tommie Lynn went to Floret Sunday to spend the night with relatives.

Mrs. Glenn May and Eddie and Mr. and Mrs. F. A. May were Sunday dinner guests of Mr. and Mrs. Emzy May of Claude.

Lawrence Matthews and Phil were visitors of the L. A. Matthews Tuesday. Phil remained with his grandparents.

A large crowd attended Sunday school Sunday morning. Due to the change of preachers, there were no church services. A short program was given by the children in recognition of Children's Day.

Mrs. Howard Bishop left Monday for Clovis where she will visit Mr. and Mrs. Lawrence Matthews for a few days.

was to distillers for beverage and industrial alcohol, a total of about 30 million bushels.

"Outlets have been found for about 65 million bushels of the surplus," the secretary summarized. About 22 million bushels will be wasted.

"In the absence of any action or advice from Congress," Secretary Anderson said, "I have taken the initiative in dealing with the 1947 potato problem by reducing the goal by a little more than 150,000 acres below last year, and by setting up acreage quotas within which the potato growers must remain to be eligible for price support."

Despite the lowered quotas, Anderson pointed out that local surpluses of early potatoes have already occurred, particularly in Alabama where the surplus, to date, has been about 28,500 bushels.

Of this amount, Anderson said, 21,000 bushels were distributed to the school lunch program, and the remaining 7,500 bushels of lower grade potatoes, for which no market could be found, were destroyed.

It was destruction of these potatoes this spring which brought on the attack in Congress from Anderson.

The potatoes were destroyed, Secretary Anderson explained, because there were no dehydration facilities available locally; farmers were not interested in feeding them to livestock; freight charges were too great to ship them to northern starch plants; alcohol plants were not interested, and the potatoes were not desirable for export.

"Therefore," he concluded, "since we were required to support potato prices and because there was no other place to put the surplus, they have been destroyed."

Anderson made no predictions as to how much surplus there would be eventually from the 1947 spud crop.

BUILDERS! ARCHITECTS!

Now is the time to Join the Swing to GAS

Right now you could probably sell a grass hut to an Eskimo or an igloo to a Hottentot. Even so, it pays to build houses people really want. It pays... not only in immediate sales... but in long-term prestige.

That is why so many farsighted architects and builders are turning to the all-Gas home.

Especially in the Southwest, gas is the fuel people know and prefer. In our cities and towns, everyone uses gas. And modern Gas service—with postwar Gas appliances—promises even greater ease, comfort and efficiency. Here are a few ways it adds to better living:

- 1. **Range**
- 2. **Refrigerator**
- 3. **Water Heater**
- 4. **Heating System**
- 5. **All-Year Air Conditioner**
- 6. **Clothes Dryer**
- 7. **Incinerator**

House heating with an automatic Gas furnace assures cozy warmth on the rawest winter day. Year-round Gas air-conditioning goes even farther—actually brings healthful comfort in every kind of weather. Hot water in abundance is provided for every need... and with such economy and speed-of-recovery that it is possible to own both an automatic dishwasher and automatic laundry. Silent Gas refrigeration keeps foods fresh for long periods and eliminates daily shopping trips. The automatically controlled Gas range cooks meals and turns itself off while the homemaker relaxes or shops or attends to other duties. Incineration simplifies disposal of refuse. A Gas clothes-dryer makes laundering easy and rapid.

Yet, with all this, Gas is economical! Both the initial cost of equipment and carrying charges are low. Mass production, due to volume demand, has resulted in high quality without high cost. And this superior quality plus freedom from mechanical wear means that appliances stay at their peak of efficiency for a longer time. Add to that the well-known economy of operation and it is obvious why Gas is the best buy for any client's money.

Most important of all (from your point of view)... Gas appliances are designed compactly to save space—space that often allows you to put in an extra room or cut down the outside dimensions. They reduce building costs further because they require only simple connections. And the attractive streamlined design of each of the seven Gas appliances listed at the left is so recognizably modern that they help sell a house on sight!

ture but who, based on experience, are in a position to make constructive suggestions," he declared.

Because of limited stenographic help, Worley said, it is impossible to write every farmer and rancher in my district individually, but this letter is going to all members of the ACA committees, and to county agents, to be passed on to individuals concerned.
