Butane Dealers to Hold State Convention Starting Monday

A program designed to meet the challenge of a rapidly expanding and progressive industry, will be the theme of the Second Annual Convention and Trade Show of the Texas Butane Dealers Association.

Lyle Blanton of Hereford, president of the State Association, will leave Saturday for Galveston to attend the Convention.

The Convention will be held in Galveston on June 9, 10, and 11, with headquarters at the Buccaneer Hotel.

Butane dealers over the State will meet together at this time to improve methods of better serving their ever-growing list of fuel consumers, more adequately, more quickly and more efficiently. Only in this way can the dealers in this infant industry, which has grown by leaps and bounds within the last few years, hope to keep pace with its gigantic growth and keep its business within their own trade sphere.

Advance Convention registration will be held on Sunday, June 8, and also on that day will be the President's Reception and Friendship Hour.

Speakers on the Monday morning program include Russell J. Turner, former President, Houston Exchange Club, Houston; S. M. Apperson, Sales Manager, Texas Public Service Company, Austin, whose speech is titled "Duty and Obligation of

Grass and Clover Put Abandoned Fields in Use

COLLEGE STATION, June 2—Abandoned fields are being brought back into use this year by Fisher County farmers, who are seeding the depleted soils to pasture grasses and clovers.

Fisher County Agricultural Agent L. E. Turbeville reports that he has been called on repeatedly for help in putting the old fields back into production.

J. C. Simpson, Fisher County farmer has made five acres of abandoned land pay him dividends again by clearing off mesquite growth and planting weeping love grass, madrid clover and blue panic grass. Tom Parker, another Swisher County farmer, revived nine and one half acres with buffalo, blue grama and blue panic grasses. Mrs. Faye Young Morton ranch owner brought six acres back to life with the weeping love and blue panic grasses.

County Agent Turbeville says that there is a drive underway in the county to put all land to some good use. Most of the new acreage that has been planted to the grasses and clovers will be harvested for seed, so that more extensive pasture seeding can be done next year.

Fertilizing From Air Is Tried by Cotton Farmers

COLLEGE STATION, June 2—Latest trick in South Plains agriculture is fertilizing cotton by airplane.

Lubbock County Agricultural Agent D. W. Sherrill, who believes there is something new happening every day in West Texas farming and ranching, reports that a demonstration was held recently in that county to see how airplane fertilization goes.

The demonstration took place on the L. J. West farm, 12 miles southwest of Lubbock. About 50 people watched a ship from a local flying service dust a cotton field with 4-12-4 fertilizer. Sherrill says a stiff breeze interfered with operations a bit, and the fertilizer did not settle as rapidly and evenly as it should. There may be cotton fertilized free for miles around. If the method pans out as effective, however, you can

Willson Endows Lectureship at Westex State

CANYON, June 2—A gift of \$5,000 to endow a religious lectureship has been made West Texas State College by J. M. Willson, Floydada business man, announces Dr. J. A. Hill, president of the college. The first \$1,000 from the increment of the gift already is available and will be used during the 1947-48 college year for two series of lectures, each of four days.

The first visiting lecturer will be Dr. Roy L. Smith, editor of the Christian Advocate, official organ of the Methodist Church according to Mr. Willson's stipulation. The second will be chosen later by an ex officio committee not yet named according to the Rev. Herbert Thomson, pastor of the Canyon Methodist Church. The endowment of the lectureship though made through the church is to promote christianity, not Methodism. "For some years I have dreamed about an endowed lectureship at West Texas State—one that would bring to the campus leading colorful and spiritual personalities of the nation," commented Dr. Hill early this week.

"Mr. Willson has opened the

door to the realization of this dream.

"He is one of the people of Northwest Texas who are becoming conscious of their opportunities and obligations to West Texas State in the matter of endowments of all kinds," the President continued. There are a great many people in this area who could easily match or exceed Mr. Willson's gift that would mean much to the youth of our state and nation."

the Dealer to His Customer," and S. C. McIntosh, Director, Gas Utilities Division, Texas Railroad Commission, Austin, whose address will concern "Rules and Regulations of Texas Railroad Commission As They Apply to LP Gas Industry."

Also on that day a luncheon will be held in the Hotel Galvez, and a coffee will be given for the ladies attending the convention. The Trade Show will open at 2 p. m. Tuesday, with booths to be located on the Mezzanine Floor of the Buccaneer Hotel.

Addressing the Tuesday meeting on "Relationship Between Fuel Supply and Larger Customer Storage" will be W. E. Fraley, President, Fraley and Company, Abilene, who will be followed by A. A. Pickens, President, Reliance Gas Company, Tyler, who will lead a discussion.

Other speakers on the Tuesday program are Ray Noblitt, Noblitt Sales Company, Clarendon, on "Decency and Courtesy in the Industry"; R. B. Hightower, Supervising Engineer, Travelers Insurance Company, Dallas, on "Safety Engineering Services Through Insurance Companies"; and J. H. Winton, President, Winton Automatic Gas Company, Beaumont, on "Dealer Cost of Operation in the Butane Industry."

Norman Brook of San Antonio will address Texas butane dealers at their luncheon on Tuesday, and that evening the Annual Banquet will be held.

At the Wednesday morning meeting, Voyle Tipton and Carl Rewick, University of Texas Extension Division, Austin, will make a report on the Association's Safety Training Schools, presently being held over the State.

Hereford Man and Clarendon Girl Are Wed in Home Ceremony Held Sunday

Miss Wilma Henson, daughter of Mr. and Mrs. G. G. Henson of Clarendon, became the bride of Francis W. Hill, son of Mr. and Mrs. W. W. Hill of this city, in a double-ring ceremony at sunset, Sunday evening in the country home of her parents.

An all-white setting marked the arrangements with an arch of roses, daisies and duetzia clusters flanked by white tapers in candelabra, forming a background as vows were spoken. Rev. H. W. Hanks, pastor of the First Methodist Church, conducted the ceremony. Tapers were lighted by Floyd Henson and Chauncey Hommel. "Always", played softly, gave musical accompaniment for the ceremony.

law of the bride, was the matron of honor. She was dressed in an aqua crepe dress accented with black accessories and a corsage of pink gladioli. Forrest D. Hill, brother of the bridegroom, was best man.

Miss Henson, given in marriage by her father, wore a white street-length frock designed with a peplum in back and round neckline. She wore a wide-brimmed white hat trimmed with black ribbon bow with accessories in black and white. She carried a bouquet of red radianse roses tied with white satin ribbons, on a white Biele belonging to Mrs. Charles Hill.

The bride's mother wore a white suit and the bridegroom's mother wore pastel pink. Both wore corsages of yellow rose-

Mrs. Francis W. Hill (above) was Miss Wilma Henson of Clarendon before her marriage last Sunday evening at the home of her parents.

Wedding cake and punch were served after the ceremony from a lace-laid table appointed with crystal and silver. Mrs. N. H. Rhoades presided over the three-tiered wedding cake and Mrs. Charles Hill and the bride's mother served punch.

Following a short wedding trip the couple will live at his farm home four miles north of Hereford.

Mrs. Hill is a graduate of Clarendon High School and attended West Texas State College, Canyon. She was a member of Hereford High School faculty the past year.

Mr. Hill attended Hereford High School and for several years was connected with his father's farming interests. During the war he was in complete charge of the W. W. Hill farms. He is now operating his own farm.

Wedding guests included members of the immediate families. Those from Hereford included Mrs. W. W. Hill, Forrest D. Hill, Mr. and Mrs. Charles Hill and Mr. and Mrs. Robert Lemons and daughters Beth and Kay.

Dinner-Bridge Party

Dr. and Mrs. C. D. Kelton were hosts at a bridge-dinner party at their home Sunday evening.

Places were laid for eight at a table laid with white linen with a centerpiece of white roses encircled with white peonies in a silver container. Perched nearby were tiny silver birds with tall blue tapers in silver holders flanking the arrangement.

Those seated were Mr. and Mrs. Curtis Traweck, Mr. and Mrs. Liston Wilson, Mr. and Mrs. Liston Wilson, Mr. and Mrs. W. S. Fluitt and the hosts.

St. Anthony's Church Rectory Is Setting For Sunday Morning Rites

St. Anthony's Church Rectory was the setting at 8 o'clock Sunday morning for the marriage of Miss Betty Sue Pickens, daughter of Mr. and Mrs. J. Y. Pickens, to Raymond Paetzold, son of Mr. and Mrs. John J. Paetzold. The altar was decorated with bouquets of pale pink peonies. Father James Salvi S. A. read the ceremony.

Miss Ruth Pickens served her sister as maid of honor. She wore a pastel-blue linen two-piece dress with red-rosebud corsage. Lester Wagner was best man.

The bride wore a frost-white linen suit with pale blue blouse, a white off-the-face hat and all white accessories. Her shoulder corsage was of pink rosebuds.

Her "something borrowed" was a gold necklace belonging to the bridegroom's mother and "something old" was a lace handkerchief which her mother carried at her wedding.

A wedding breakfast in the Pickens home followed the ceremony. A three-tiered cake topped with miniature bridal

Mary Palmer Circle Meets

Mary Palmer Circle of the Woman's Auxiliary of the Presbyterian Church met with Mrs. C. C. Ferguson Tuesday afternoon.

The lesson on "The Bible Book of the Month" was led by Mrs. D. H. Alexander with the First Psalm as the study subject. Mrs. Lee Conklin gave the devotional using the Tenth Psalm as her scripture.

The couple was featured. The couple has left for a trip to points in New Mexico and Colorado. For traveling the bride wore a blue gabardine suit with white button trim. They will be at home in Hereford.

Mrs. Paetzold is a graduate of Hereford High School, having received her diploma in May 1947. Mr. Paetzold also attended Hereford High School and served in the Navy during the war.

South Hereford H. D. Club Meets

South Hereford Home Demonstration Club met in the home of Mrs. A. C. Flowers Tuesday afternoon. During the business meeting the meeting time was changed from 2:30 to 3 o'clock.

Mrs. John P. Slaton conducted a demonstration on flower arrangement and the next meeting was announced for June 17 in the home of Mrs. Orin Russell. A covered dish luncheon

will be the order of the meeting.

Those attending were Mesdames John Draper, Ronald Matthews, W. H. Goetsch, Clarence Hollabaugh, Julia Slaton, Orin Russell, John P. Slaton, A. C. Flowers, Herman Fletcher and Elmer Winkler.

Mr. and Mrs. Cecil Wilson and son George of Hot Springs, N. M., arrived in their private plane Friday to spend a couple of days in Hereford. They were guests of his cousins Mr. and Mrs. Hugh Witherspoon.

Your Cost of Living is a PENNEY Problem

Maybe we ought to say it's THE Penney problem—that's what we built our success on.

We make it our business to think about getting the things you need, at prices you can afford. We don't have "sales". Why should we, when we sell at lowest cash prices EVERY day! When prices zoom, we fight to keep them down. When prices fall, they fall for YOU—fast and low—at Penney's. Millions of hard-working American families know this. They are our customers—the backbone of our business.

PERSONALS

Karl Shirley left Tuesday for Austin where he will enroll in the University of Texas summer school. He was accompanied as far as Abilene by his sister, Thornton Shirley, who will visit friends there for several days.

Miss Swisher will spend the remainder of the summer at her home in Grafton, West Virginia and will return to Hereford about September 1, when she will resume her voice teaching.

Mr. and Mrs. Paul Harvey have gone to Oklahoma City on a business trip. While there they will also visit with relatives.

Mr. and Mrs. Harold Harlin left yesterday after spending several days here with his par-

ents, Mr. and Mrs. J. B. Harlin. He has recently completed a course of study in the Central Radio School in Kansas City, and will be employed in the radio maintenance department of Northwestern Air Lines in St. Paul, Minn.

Sharie and James Wilson, daughter and son of Mrs. Jimmie Wilson of Roswell, N. M., have arrived to spend the summer with their grandparents, Mr. and Mrs. J. J. Clark.

Mr. and Mrs. Wm. McGehee attended the annual Pioneer Day celebration held in Floydada on Wednesday May 28. They were among the early settlers of Floyd County.

Get Degrees Mr. and Mrs. J. E. Cockrell returned Tuesday from Abilene, where they attended graduation exercises held at Hardin-Simmons University. Their sons-in-law, Laverne Frost and Vernon Chambliss, both received degrees from the University. Mr. Frost received a BS degree and he and Mrs. Frost are both employed by The Continental Oil Company in Abilene. Mr. Chambliss received a BA degree and after six weeks of further study at Hardin-Simmons will enter The Baptist Theological Seminary at Fort Worth to study for the ministry.

Mr. and Mrs. Howard Williamson of Muleshoe were guests of his parents, Mr. and Mrs. H. V. Williamson, the past weekend.

Buren Sowell and daughter, Margaret, returned from Dallas Friday night, where Margaret received medical treatment. They were accompanied by his mother, Mrs. Julia Sowell.

Mrs. Frank Wilde and Mr. and Mrs. James Wilde and daughter, Wynette, went to Abilene this week to accompany Dorothy Dee home for summer vacation. She is attending St. Joseph's Academy.

NOTICE: If you are a newcomer or a visitor in Hereford call the telephone number 181 so that your name may be listed among Hereford's new citizens and guests in The Hereford Brand.

T-Sgt. and Mrs. W. J. Turnbow of Washington, D. C., were visiting relatives and friends en route to Fort Sam Houston, where Sergeant Turnbow has been assigned to temporary duty with the ROTC summer training camp. They plan to return to Washington by August 15. T-Sgt. Turnbow is the son of P. A. Turnbow of Hereford.

Mrs. S. F. Lucas Jr. of San Diego, Calif., arrived Wednesday afternoon to visit in the home of Mr. and Mrs. F. L. Lucas Sr.

Miss Elizabeth Morgan left last Saturday by plane from Amarillo for New York, after visiting for two weeks in the home of Mr. and Mrs. Ben Ezzell and Miss Alice Morgan. She was accompanied to Amarillo by the Ezzells, Dr. and Mrs. Millard Nobles, and Miss Alice Morgan.

Mrs. Bill McIver was a visitor in Amarillo Saturday night and Sunday.

Rev. Noel Bryant of Falls, son of Mr. and Mrs. D. H. Bryant, was transferred to Wellington last week as pastor of the First Methodist Church in that city.

METHODISTS TO HAVE BASKET LUNCH SUNDAY Members of the Methodist Church will enjoy a basket dinner at the Church next Sunday. All members of the church are asked to attend and to bring food which will be spread after the eleven o'clock church hour. The get-together of the church members will serve as a welcome to the new pastor, Rev. O. B. Herring, and plans for the proposed church building will be discussed.

CARD OF THANKS We take this opportunity to express our heartfelt gratitude for your expressions of sympathy, especially the kind deeds, kind and beautiful flowers following the tragic death of my husband, our son and brother. My God bless each and every one, is our prayer. Ann Fortenberry, Mr. and Mrs. Jack Fortenberry, Mr. and Mrs. E. J. Dorris, Mr. and Mrs. Raymond Sevier, Mr. and Mrs. Jay Fortenberry, Alta Mae, Christine, Kate and Chloe Dell Fortenberry.

Marriage Solemnized in Church Rites

Miss Irene Artho, daughter of Mr. and Mrs. Paul Artho of Umbarger, and Elmer Reinart, son of Mr. and Mrs. Joe Reinart, were united in marriage Tuesday morning at 9 o'clock May 27, in St. Mary's Church in Umbarger. The nuptial mass was read by Reverend Tarris with the chok furnishing the wedding music. White peonies and mock orange blossoms decked the altar.

Miss Pauline Loerwald and Miss Viola Artho, sister of the bride, were bridesmaids. They wore identically made pink and blue floor length dresses fashioned with full skirts and puffed sleeves, and carried pink and white bouquets of carnations and snapdragons. Elroy Artho, brother of the bride, and Leander Reinart, brother of the bridegroom, were the bridegroom's attendants.

O. E. S. Holds Public Installation

The Hereford Chapter of the Order of Eastern Star held public installation rites Saturday night May 31, in the Masonic Hall.

Mrs. Pearl Kinsley, retiring worthy matron and her corps of officers opened the chapter and following the opening march Mrs. Kinsley paid a tribute to the officers working with her and asked her bluebird, Mrs. Chloa Brown, to present each officer with a white Bible tied with her colors of blue and white, as a gift from her. Mrs. Kinsley also presented a war savings bond to the chapter as her retiring gift. Elaine Thompson completed the opening part of the ceremonies by singing "Star of the East" dedicated to the retiring worthy matron.

The Hall was decorated throughout in blue and white to honor the retiring worthy matron and as the installing officers took their places the central floral piece was changed to a basket of pink roses to carry out the aqua and pink color theme chosen by the incoming matron. Installing officers included Mrs. Clara Shore assisted by Mrs. Gladys Manjeot, installing chaplain, Mrs. Bruce Rose, installing marshal and Mrs. Vivian Major, installing organist.

The incoming officers presented a colorful picture as stations were filled. All feminine officers were wearing aqua formals, identically made, and their corsages were of pink rosebuds.

The officers include Mrs. Belle Hromas, worthy matron; W. C. Hromas, worthy patron; Mrs. Juahita Hershey, associate matron; G. T. Higgins, associate patron; Mrs. Myrtle Witherspoon, secretary; Mrs. Cille Brady, treasurer; Mrs. Nell Culpepper, conductress; Mrs. Ada Higgins, associate conductress; Mrs. Effie Melton, chaplain; Mrs. Virginia Patton, marshal; Mrs. Hester McLallen, Ada; Mrs. Dorothy Noland, Ruth; Mrs. Opal Robinson, Esther; Mrs. Chloa Brown, Martha; Mrs. Beesie Jones, Electa; Mrs. Gladys Graham, warden and John Patton, sentinel.

The installing officer presented the incoming worthy matron with a scrap book, made during the time they had been coworkers in the chapter and the installing officers were presented with a gift from the incoming matron. Mrs. Gladys Manjeot presented the gavel tied with the emblematic colors. The gavel had been made from the wood of a walnut tree grown in Hereford.

The address from the incoming matron revealed her theme for the year, "Friendship," and included a brief outline for the coming work. Mr. Hromas, worthy patron, talked on "Cooperation" as his watchword.

Sam Allen, accompanied at the piano by Mrs. A. J. Schroeter, sang "What Friendship Means" by Carrie Jacobs Bond and dedicated the song "The Golden Key" to the junior past worthy matron, Mrs. Kinsley.

Mrs. Lee Cocanougher presented Mrs. Kinsley with the past matron's jewel and Mrs. Kinsley's officers presented her with a lovely gift. As Mrs. O. G. Hill read the poem "Treasures" the star-points took their treasures from the treasure basket.

A social hour was enjoyed in Fellowship Hall after the ceremonies.

A&M Students Home from Texas A&M College are Billy and Jack London, sons of Mr. and Mrs. Boyd London, John and Clifford Estes, sons of Mr. and Mrs. Cliff Estes, Robert Hickman, son of Mr. and Mrs. John Hickman, and Wayne Phillips, son of Mr. and Mrs. Earl Phillips, Bud Wilkins, son of Mr. and Mrs. C. O. Wilkins, and Jack Kassahn, son of Mrs. Frank Gyles.

Billy London, Bud Wilkins, Robert Hickman and Mr. and Mrs. Wayne Phillips plan to leave Sunday morning for Bryan, where the boys will enroll in summer school.

Mrs. D. H. Bryant and Mr. and Mrs. Cavethon Bryant and John David attended the Northwest Texas Methodist Conference at Amarillo Sunday.

CARD OF THANKS We desire to express our deep and sincere appreciation for the many expressions of kind thoughtfulness conveyed by telegrams, cards letters and the beautiful flowers sent to the hospital in Dallas during our sojourn there, also for the delicious food sent to our home after our return from the hospital. Thanking you each and all from the depth of our hearts. THE ROLOSON FAMILY. Sell Thru the Want Ads!

The LITTLE FASHION SHOP

Andrew Lewis conducting the program on "Catholic Programs on the Radio."
Plans were completed for the clergy dinner which will be held in connection with the June 15, celebration of St. Anthony's Silver Jubilee of Dedication.
The next meeting will be held with Mrs. John Albracht on June 11.
Those present were Mesdames Jerry Albracht, Frank Brinkman, George Hund, Jimmy McGuire, Alton Robinson, Felix Urbanczyk, Frank Walterscheid, Bill Warren, Wm. Peeley and the hostess.

Sims H. D. Club Meets

Sims Home Demonstration Club met Thursday in the home of Roscoe Finnell for an all-day meeting. A requested demonstration of upholstering a platform rocker was given by Mrs. Tom Draper, CHDA.
Mrs. Draper stressed the fact that a chair being upholstered should be strong and have good springs. All old upholstery should be removed and used as a pattern for the new material. She urged the use of good materials for long wear and neat appearance.
Those attending the meeting were Mesdames Glen Hetzler, Lloyd Heaton, Fred Rusk, Jack Johnson, M. W. Blankenship, Elmer Cook, Geo. Ferguson, Tom Draper and the hostess, Mrs. Edd Thomas was a guest.

George E. Shepard Celebrates 91st Birthday

George E. Shepard was honored Sunday when relatives and friends arranged a covered dish dinner at his home to celebrate his ninety first birthday.
Those taking part in the celebration were Mr. and Mrs. Frank Shepard, Mr. and Mrs. Clyde Shepard, Joyce, Winifred and Clyde Shepard, Mrs. Harold W. Breeding, Mr. and Mrs. Clarence C. Williams and daughter Kaye, Mr. and Mrs. Percy Shepard and Thelma and Hutton Anderson, all of Dimmitt, Mr. and Mrs. Otto Lynch and the honoree.
Lyle Fluit, junior student at the University of Texas arrived home Monday night. He is the son of Mr. and Mrs. W. S. Fluit.
Patty Frye left Sunday for Lubbock where she will visit in the home of her sister, Mrs. Earl Gunther.

Jean Gilliland Celebrates Birthday

Five little guests celebrated Jean Gilliland's birthday with her Saturday afternoon at a party given by her grandmother, Mrs. Henry Hastings. Nine candles adorned the birthday cake.
Games were played and favors given with entertainment centering for the most part, around a new record player, the gift of Jean's Dad who came from Amarillo to share in the birthday celebrations.
Children present were Dorothy Veigel, Marlene Gilliland, Doris Lee Singer, Linda Phillips, Royce Ann Gilliland and the honoree.

Rainbow Girls Plan For Trip

Hereford Assembly of the Order of Rainbow Girls held a meeting at the Masonic Hall Monday night with Patsy Slagle, newly elected worthy advisor in charge. Initiation rites were held for Florence Goldston.
Plans were made for the group to attend the Grand Assembly meeting of the Order of Rainbow Girls to be held in Dallas June 23-25. Thirty six members and their sponsors will make the trip.
The Scottish Rite Club has chartered a special bus for the group.

Hardesty Attends Son's Graduation

C. D. Hardesty, Southwestern Public Service Company manager, left Tuesday by plane for Lexington, Virginia, where he will attend graduation exercises tomorrow (Friday) at Washington and Lee University.
His son, Charles D. Hardesty Jr., is a member of the Washington and Lee graduating class.
Charles Jr. served with the Navy air arm during the war, holding a Lieutenant's rating. He returned to college last year after receiving his discharge from the Navy.
Mr. Hardesty planned to visit in Kentucky before returning home. He plans to return to Hereford in about three weeks.

Gene Autry Will Feature Lubbock Rodeo June 11-14

LUBBOCK, May 23.—The American Business Club here is proceeding with plans for the Worlds Championship Rodeo which will feature Gene Autry. The rodeo, one of the biggest ever presented on the Plains, will be held at Tech Stadium, June 11-14. Sharing top billing with Autry is his horse, Champion, Junior.
Everett Colburn, manager of the rodeo, with headquarters at the famous Lightning C Ranch, Dublin, Texas, has the most outstanding aggregation of cowboys and rodeo stock in the world. The bone-jarring, spinebusting bucking broncs grow up on the Lightning C. South Plains fans will see such outstanding examples of wicked horses as

Kickapoo, Hell Diver, Star Bright, Whiskey Gap, Bear Park, and Conclusion.
Steer-wrestlers match their skill against wily Mexican Steers imported from below the Rio Grande. The brahma calves and brahma steers used in the calf roping and bull riding events are brought up to the Lightning C from the Texas Gulf Coast. Careful selection on the ranch enables Colburn to present only the best and fastest animals in the rodeo.
One of the more interesting features of the show is the herd of Longhorns owned by the ranch. These once proud rulers of the Plains are the largest single collection of the type now known. They form the background for some of Gene Autry's numbers, lending a real touch of the Old West.
Tickets for the rodeo may be obtained by sending a cashier's check or money order to 1007 Main, Lubbock, Texas. Proceeds go to the capital fund of the Lubbock Boys Club.

CARD OF THANKS
We desire to express our sincere thanks and appreciation for the many acts of kindness of neighbors and friends during the recent illness and death of our loved one. The beautiful floral offerings, the cards of sympathy and all the expressions of friendship and interest have been greatly appreciated and we take this means of expressing our gratitude for the manifestations made by friends during our sorrow.
The Carl Frye Family.

MISS SWISHER CLOSSES STUDIO
Miss Mattie Mae Swisher has closed her music studio for the summer and has gone to Imperial, Texas where she will direct a Vacation Church School and sing for the Methodist Church for two weeks. From there she will go to points in Colorado for visits with friends and relatives and then she will go to Chicago for some special study in music.
Sell Thru the Want Ads!

Miss Jessie Ann Buckner, daughter of Mr. and Mrs. J. J. Buckner, has arrived home to spend the summer. She has been attending North Texas State Teachers College in Denton.
Mr. and Mrs. Max Wood and two little daughters of Portland, Oregon, and Wm. L. Parker of Palm Beach, Florida have returned to their homes after visiting their mother, Mrs. G. A. F. Parker, in Hereford.

Frio

BY MARQUERITE MOBLEY
The revival meeting at Frio church closed Sunday night. Rev. Bill Colson of Childress conducted the meeting, with Rev. Truett Allen leading the singing. Large crowds attended the services. There were 124 in Sunday school Sunday.
Mrs. Bill Colson and son, Henry, came over Sunday afternoon and Rev. Colson accompanied them home after services Sunday night.
The Vacation Bible School will begin at Frio Saturday morning at nine o'clock. Every child between the ages of four and sixteen is cordially invited to attend the school. Classes will be held from 9 until 12 o'clock each morning from June 7 to 14.
Lee Dowdy and Leonard and

cates at the graduation ceremonies. Sixty-eight per cent of the cadets receiving High School certificates enrolled in the Junior College division, and may become graduates of New Mexico Military Institute after completing the two-year course.
Enrollment at New Mexico Military Institute, Roswell, is limited to 600 cadets. Of this number, one hundred sixty are from Texas. Thirty-four states and foreign countries are represented in the geographic distribution of cadets this year.

Summerfield

BY MRS. GUY WALSER
Sunday school and church were attended by 90 Sunday morning. Rev. and Mrs. Littlejohn and children of Eric, N. M., were present, and Rev. Littlejohn preached Sunday morning.
Vacation Bible school got off to a good start Monday morning. There were 74 pupils and helpers present. The school will run through Saturday morning.
Mr. and Mrs. Earl Lance Jr. are spending this week with her parents, at Woodson, Texas.
Mr. and Mrs. Vernon Lovett of Clovis spent Friday in the home of Mr. and Mrs. Roy Lovett.
Mr. and Mrs. L. G. Harris of Louisiana spent last week with his father, W. G. Harris. They also visited his sisters, Mrs. Pete Carmichael and family of Hereford and Mrs. Dee Brown and family of Oklahoma Lane.
Mr. and Mrs. John Black of Amarillo visited in the Lee Curry home on Sunday.
Mrs. Jim Clark, Mrs. Lynn Powelson, Mrs. Gene Johns, and Mrs. J. H. Patrick attended an all-day meeting of the Lillie night in the H. D. Robbins home.
Reginald and Charles Dowdy of Oklahoma City are making an extended visit in the L. D. Irwin and Luther Dowdy homes.
Earl Cole made a business trip to Dunesan, Walters, and Ardmore Oklahoma last week.
Mr. and Mrs. J. H. Simpson and J. C. visited Mr. and Mrs. Joe Simpson at Earth Sunday.
Dinner guests in the W. C. Lowry home Sunday were Mr. and Mrs. Leo Hall, Mr. and Mrs. W. J. Dickson and family, and Mr. and Mrs. W. B. McReynolds and family. Mr. and Mrs. Howard Lowry and family of Amarillo were afternoon visitors.
Mrs. T. L. Sparkman Sr. underwent an operation in the Deaf Smith County Hospital in Hereford last week. She is reported doing fine.
Mrs. J. P. Hays has been visiting her mother, who is ill, in Dallas.
Mr. and Mrs. Raymond Mobley and Mrs. H. M. Mobley and family spent part of last week in Throckmorton county visiting relatives.
Mr. and Mrs. W. A. Springer, Mr. and Mrs. H. F. Benson and family, Mr. and Mrs. A. T. Jones and H. D. Robbins attended the funeral services for Mrs. Carl Frye in Hereford Thursday morning.
Mrs. Lorene Hathaway and children of Belem, N. M., spent last Saturday night and Sunday in the H. D. Robbins home.

Hereford Couple Marry in Canyon

FRIED, June 3—In a double ceremony performed Sunday evening, Miss Marcella Robbins, daughter of Mr. and Mrs. H. D. Robbins of the Frio community, became the bride of E. H. Little, son of Mrs. Grace Little of Westway.

The wedding took place in Canyon in the home of the bride's aunt, Mrs. Rhea Robbins, with the Reverend Truett D. Allen, Baptist minister, reading the service.

Pink roses and lighted tapers arranged in front of the fireplace, and a background for the ceremony, and tapers were lighted by Betty and Lyla Robbins, the bridesmaids, and Mary Helms, the flower girl, of Canyon played the wedding march.

A prelude was given by Mrs. Truett Allen who sang

"I Love You Truly" and "At the End of a Perfect Day" accompanied by Miss Mickey, and Misses Ruth Moreman and Wilma Roberson who sang "Tell Me Why" as a duet. Miss Mickey played the proverbial wedding march and "Ah Sweet Mystery of Life" softly, during the ceremony.

The bride was attended by Miss Betty McDowell of Spring-Lake who wore a pastel pink dress with black and white accessories. Mr. Weldon Steffens of Westway served as best man.

Miss Robbins, who was given in marriage by her father, was dressed in all white, with flowers and accessories matching her simple street length dress.

After the vows were spoken the couple knelt on a white sa-

lin pillow as Mrs. Truett Allen sang "Blest Be the Tie That Binds."

Refreshments were served in the dining room after the ceremony. Miss Ruth Ella Pundt of Canadian served the cake and Miss Valeria Holly of Plainview presided at the punch bowl. Mrs. Lorene Hathaway of Belen, N. M., presided at the guest register.

Mrs. Little is a graduate of Hereford High School and attended Wayland College, Plainview. For the past year she has been employed as primary teacher in Claude.

After a short wedding trip the couple plan to make their home in Hereford.

Five Boys Nabbed By City Officers Held in Jail

Five boys arrested here Tuesday night by City officers Bruce Woodell and W. E. Pittman, are being held in county and city jails today pending filing of misdemeanor theft charges.

Three of the boys are juveniles, Woodell said, and are being held in City jail temporarily, while the other two, 17 and 19 years old, respectively, are in County jail.

The boys were rounded up Tuesday night by city police, following a tip from Mrs. C. E. Beauford, who heard a noise and discovered a car battery stolen. The boys were traveling in a Model A Ford.

Arrested were Edward G. Mitchell, 16, Chester Adams, 15, and Bob Adams, 19, all of Hereford, and Eugene Schrievogel, 16, and Charles Anderson, 17, of Garden City, Kansas, driver of the Model A.

Two automobile batteries which had been reported stolen here were recovered from the car, and an exhaust manifold and irrigation pipe stripped from an irrigation well at the C. E. Beauford place were recovered at a house in South Hereford where the two Garden City boys had been staying.

Sheriff J. C. Reese, Deputy Sheriff Neal Young, and Highway Patrolman Cecil McNeil, with Woodell, questioned the boys at length yesterday in regard to other local thefts reported during the past few days.

Sam Allen ...

(Continued from Page 1)

assist Coach Harley Redin in coaching the Jackrabbit basketball teams, in addition to handling public relations work for the college.

Allen's assignment to the Wayland post was announced by President-elect Dr. J. W. Marshall, and comes as another step in an ambitious expansion program undertaken by the Plainview college.

Since its founding in 1908, Wayland has operated as a Junior College. This week, however, Dr. Marshall, who is taking over the duties of president of the college from Dr. G. W. McDonad, was authorized by the board of trustees to ask permission of the Baptist General Convention to permit Wayland to become a standard four-year college.

In the state does work on the problems peculiar to the irrigated areas of the High Plains, Clearman pointed out.

Chamber of Commerce Secretary, Pete Cowart made a brief appeal for telegrams to be sent to the Governor and Lt. Governor in an effort to get the bill before the Senate.

Telegrams are still being poured in to Austin from Hereford and other Plains towns urging passage of the Bill.

MRS. SETH HOLMAN ILL

Mrs. Seth B. Holman, who has been visiting in the home of her sister, Mrs. D. C. Laird, at Kilgore, has been ill in the hospital there, but is reported better at mid-week and has been released from the hospital. Mrs. Holman will probably return home this week end.

Nell Madely left Tuesday for his home in Harlingen after spending a few days in the home of Mr. and Mrs. Cliff Estes. A classmate of Clifford Estes at Texas A & M College, he returned home with John and Clifford from Bryan last week.

Hereford, where J. C. Ricketts will be presiding judge.

There will be only one voting box in the Rural High School district, and all voters of the district will ballot at the courthouse.

No action has been taken to date by the board of trustees of the Hereford Rural High School district on admission this fall of high school students from the Summerfield school district.

In the past, Summerfield high school students have attended the local schools, but crowded conditions locally have brought up a question of admitting any transfers from other districts.

Rev. Herring ...

(Continued from Page 1)

uated this year from Hereford High School, would enter Texas Technological College in Lubbock this fall.

Rev. Herring, who will take over the local pastorate, had served as pastor of the First Methodist Church at Lockney before going to Snyder four years ago.

He and Mrs. Herring are expected to arrive here today (Thursday), and he will deliver his first sermon in the local pulpit on Sunday.

The Harrings have three daughters, all of whom are married.

Attending the Conference at Amarillo last week end were Jesse Stanford and Robert Thompson, official delegates from the local church; Rev. and Mrs. Crosby and Rev. and Mrs. M. M. Beavers, and a large number of other members of the Hereford church.

tion and for a highway crossing of the Canadian which would permit through-paying of Highway 51, the "International Parks Highway."

The Highway 51 association had been active in efforts to secure construction of the proposed dam at that site.

Other interests had made a strong bid for the Sanford location. A hearing was held in Amarillo in August of 1944, when the Engineers began their survey.

The Army Engineers report recommending abandonment of the proposed project at either site, was forwarded to the Board of Engineers of Rivers and Harbors in Washington for review. The report was released by Col. Henry Hutchins Jr., southwest division engineer, at Dallas.

WAA Offers ...

(Continued from Page 1)

some box cars for transportation in this area.

A recent survey by The Brand indicated that a maximum storage capacity of three million bushels would be available in Dear Smith County for this harvest. Of this amount, less than half a million bushels of storage was available on farms.

This figure appeared inadequate in the face of an anticipated seven million bushel wheat crop or better in the county this year. To date, hail losses have been comparatively light, and heavy yields are predicted in most sections of the county.

Wheat in the northwest portion of the county, outside the irrigated sections, is reported to be excellent. Poorest wheat in this county is in the area north and east of Hereford, and even in these fields a profitable yield is expected.

The Panlex offer by War Assets Administration was appar-

Telegrams ...

fight to get the bill presented on the Senate floor.

County Agent Hugh Clearman, in a brief talk before the Hereford Lions Club yesterday noon, outlined some of the reasons why an experiment station is needed here.

Among the experimental work needed in the High Plains irrigation area, which is not available elsewhere, Clearman listed re-charge for irrigation, penetration of water on irrigated land, loss by seepage and evaporation, various problems of growing wheat on irrigated land, comparisons between feed grown on irrigated and dry land, and development of grain sorghum crops which can be used in industry.

"If we have the right kind of crops, we won't have to worry about markets," Clearman said, pointing out the increasing use of grain sorghum products in industry.

No other experiment station

EASY COME, EASY GO

Agricultural Experiment Station for High Plains Proposed in Austin

Local Farm Bureau Joins Protests Against House Committee Slash of Farm Appropriation

Secy. Anderson Denounces Cuts In Farm Funds

Secretary of Agriculture Clinton F. Anderson last week bitterly denounced the proposed cuts in the 1947-48 budget for the Department of Agriculture, declaring that the action of the House Appropriations Committee is in direct conflict with Congress' declared policy.

"If the Congress followed the recommendations of the committee," Anderson declared, "it would in effect be saying to farmers: 'The policy legislation on the books means nothing; you have to fight for your rights every time an appropriation bill comes up.' The committee action nullifies or drastically restricts the effect of several national farm policies which Congress has adopted and to which both major political parties have pledged continuing support."

The Department of Agriculture is now operating on a budget nearly \$75 million dollars less than in 1940, Anderson said. The cuts now made by the House appropriations committee represent an additional 37 percent reduction.

"Because of wartime damage to the soil," he continued, "we should re-emphasize, not reduce, the effectiveness of the conservation program."

The Agriculture committee (Continued on Page 8)

A 32 percent cut in the Agriculture Department budget, voted recently by the Republican-controlled House appropriations committee, was a body blow at the surviving agencies of the New Deal farm program.

As realization of what the appropriations cut would mean to the bulk of the farm program, particularly to soil conservation practices, price supports and rural electrification, began to hit the agricultural mid-west, protests have been pouring in to Washington.

The Deaf Smith County Farm Bureau chapter joined the ranks of the opposition this week. Telegrams to Senators Connally and O'Daniel, Congressman Eugene Worley, and Clifford Hope, Chairman of the House Agriculture committee, H. M. Thomas, chairman of the local Farm Bureau, issued an urgent plea for defeat of the proposed budget cuts.

Thomas wired: "We deplore the drastic slash in the Department of Agriculture appropriations. We believe that the present movement would result in a much worse condition than resulted from the Hoover economy movement. Opposed to any reduction in appropriations which will eliminate price support. Think proposed reduction in research marketing fund is below actual needs. Opposed to \$25,000,000 reduction in REA funds."

J. Walter Hammond, president of the Texas Farm Bureau Federation, called the appropriations slash "a return to the Hoover era that brought on a depression and near panic." "If we follow

the same plan now," Hammond predicted, "it will be eventually ten times worse."

Debate on the appropriations slash is expected to open in the Senate next week, and a hot political fight is forecast.

Ovid A. Martin, Associated Press farm reporter, writing from Washington of the budget cuts, said that the slash "would uproot and destroy the far-flung farmer-committee organization of the AAA with its more than 100,000 members and more than 3,600 state and local field offices. If recommendations of the committee are approved by Congress, this organization (AAA) would go out of existence by July 1, 1948, and all the field offices would be closed by that same date."

F. G. Collier, secretary of the Deaf Smith County ACA committee, said that the cut, if voted, would have an immediate effect on the farm program locally.

While the local office could remain open until next year, a reduction in personnel might be necessary immediately.

Most immediate effect, however, would be the stopping of all payments for conservation practices advocated by the AAA.

It is the theory of the AAA act that if every farmer followed good soil use and conservation practices there would be few crop surpluses and farm price problems. The surpluses, this theory holds, grow out of use for cash crops of some soils which, by their nature, should be devoted to pastures for livestock or which should not be used at all.

The AAA has sought to pro-

Rep. Timmons Asks Pressure On Governor

Representative Blake Timmons issued a call for help from voters in this section of the state this week to put pressure on the Upper House of the Legislature in Austin in an effort to force action on farm bills which Timmons said "are now stuck in the Senate Finance Committee."

Among them and heading Timmons' list is a bill which would authorize establishment of an agricultural experiment station in the High Plains irrigation belt "somewhere between Amarillo and Lubbock."

Other bills are House Bill 455, which appropriates three million dollars for Soil Conservation districts in the state, and House Bill 661 which appropriates \$90,000 for establishment of a tree nursery to supply stock for shelter belts in northwest Texas. The experiment station is authorized in House Bill 754, of which Timmons and Rep. I. B. (Doc) Holt of Plainview are co-authors.

"These bills are among the very few which will do something constructive and beneficial for our farmers, and the economy axe should certainly not fall on them," Timmons said.

The Senate Finance Committee, which is currently holding up the House bills in the Senate, is headed by Senator James E. Taylor of Navarro county, whom Timmons characterized as "the governor's right-hand man."

"I am sure these bills will not be approved unless the Governor makes the request," Timmons (Continued on Page 8)

WORKING FOR EXPERIMENT STATION

Senator Grady Hazelwood (left) and Representative Blake Timmons are attempting to shove through a bill in the Texas Legislature providing for an agricultural experiment station for the High Plains. See story at right.

Efforts Being Made to Secure Location in Deaf Smith County

A bill now in Senate Finance Committee in Austin proposes the establishment of an agricultural experiment station in northwest Texas, and a determined effort is now being made to get the proposed station located in Deaf Smith County.

Representative Blake Timmons and Senator Grady Hazelwood both report from Austin that every effort is being made to secure passage of the bill, which has already been approved by the House of Representatives, and both legislators are reportedly favoring the Deaf Smith County location as being the most centrally located and best suited for the purposes of the proposed research.

The bill, entitled House Bill No. 754, was introduced in the House of Representatives by Rep. I. B. Holt of Plainview and Rep. Timmons of Amarillo. It has already been favorably reported by the House Agriculture committee.

The bill proposes the establishment of an Agricultural Experiment station "for the purpose of making scientific investigations and experiments in the study of agricultural problems relating to upbuilding of irrigated farms and eradication of bindweed in the High Plains region of Texas."

The experiment station would be placed under the control and direction of the Board of Directors of A & M College.

Purpose of the experiment station, in the words of the proposed act, is "to make scientific investigations and experiments in the study of agricultural problems applicable to that region of Texas, with particular emphasis on the upbuilding of the land, improving production, and determining the types of agricultural products most suitable for the region."

The bill provides for obtaining at least 50 acres of land for the

establishment of the experiment station.

"The fact that the High Plains of Texas region has large areas of irrigated land which are not being properly farmed, and which are not being devoted to the growing of types of agricultural products best adapted to preservation of such land, all of which will result in the loss of production and depreciation of the value of farm land, and the further fact that there is no experiment station in the High Plains devoting activity to the study of means of rebuilding and conserving such areas of this state" are reasons pointed out in the bill for establishing the experiment station in this region.

The bill declares an emergency, and provides for immediate establishment of the station following passage of the Act.

Hereford's location near the center of the High Plains irrigation area makes it attractive for such an experiment station.

Efforts were made here last year to secure the location of an experiment station on land at that time controlled by War Assets Administration at the site of the former Hereford Prisoner (Continued on Page 8)

Return of Dust Storms Imminent in Plains Region Warns Ag Department

The Department of Agriculture, which is currently fighting a slash in congressional appropriations which would cut out a major portion of its soil conservation work, issued a stern warning this week to the Great Plains that the destructive droughts and dust storms of the Terrible Thirties will return sooner or later.

It is probable, the Department warned, that they will hit again in the next five years.

The forecast of returning dust storms was made in a bulletin issued by the department's soil conservation service.

Aggravating the danger, the bulletin pointed out, is the fact

that many farmers are plowing up sod to grow wheat at advantageous prices. Other reasons, also attributed to current high prices, included the fact that ranges are now being overstocked and grazed too heavily.

"Soil erosion on unprotected land will probably be worse during the next severe drought than during the last one," the bulletin stated.

Badly timed to coincide with the current congressional fight on agriculture appropriations, the warnings in the bulletin lost some weight because of that fact. Some observers at (Continued on Page 8)

MARKETS

(USDA) Southwest farm markets remained mostly steady to strong last week, except for occasional easiness on some types of livestock, poultry, feeds, fruits and vegetables according to Production and Marketing Administration, U. S. Department of Agriculture.

Wheat and corn prices continued to climb last week, and closed Thursday 6 to 9 cents

higher on corn and four cents on wheat. Barley recorded no changes and sorghums fluctuated only mildly. Texas red oats came on the market at a cent or two above the dear mark, and held about steady, closing Thursday at \$1.01 per bushel in bulk carlots at Fort Worth and Galveston. Wheat closed \$2.91, and white corn \$2.13.

Demand for scarce rice supplies continued active, both from domestic and foreign sources. Rains delayed late planting. Feed demand slackened, as green feeds became plentiful. Millfeeds halted from recent rises. Light offerings of hay found sharply reduced demand. Peanut planting reached its peak in North Texas, under favorable soil and weather conditions. Sizeable quantities of fine and 1-2 blood wools sold this week.

Light offerings of spot cotton and demand for only certain qualities held trading to a small volume. Late rallies overcame early-week losses to the extent that Thursday close showed a net gain of 76 cents per bale, at some markets to a loss of \$1.75.

Heavy rains and some hail damaged crops and seriously interfered with harvesting in the Lower Rio-Grande Valley early last week. Tomatoes resumed volume movement Wednesday at \$3.50 to \$4 per lug box of green wrapped 6x8 and larger sizes. Corn sold a little higher at mostly \$2.25 per bushel sack for white, and \$1.40 to \$1.75 per half bushel for Bantam. Some watermelons and cantaloupes began to ripen. Grapefruit loadings declined rapidly in a weak market. Denver and New Orleans saw fair trading.

Eggs and poultry held fairly steady at most southwest points last week. Fryers remained firm, but hens and roosters weakened at Denver. Heavy hens brought 24 to 26 cents per pound at Fort Worth 26 at Dallas and 26 to 30 at Denver. Fryers sold generally around 32 to 36 cents. Most areas bought eggs at 37 to 38 cents per dozen.

Most cattle remained steady to strong last week, but some classes of cows lost ground, and calves weakened at Oklahoma City. Medium cows brought \$14.50 to \$16 at San Antonio. Medium to good kinds turned at \$14.50 to \$17.50 at Fort Worth, and \$14

to \$17.50 at Oklahoma City. Wichita bought common to medium cows at \$13.50 to \$16, while Denver took most common to good kinds at \$13 to \$15.

Hogs gained mostly 25 to 75 cents last week. Most good and choice butcher hogs sold from

\$24 to \$24.75, but Denver paid up to \$25.50. San Antonio bought sows at \$21 to \$23; but other southwest terminals paid only \$18 to \$19.

Sheep and lambs lost 25 cents to \$1.00 at San Antonio, and good and choice fell 50 cents to \$1.00 at

Fort Worth last week. Other southwest sheep and lambs gained mostly 25 cents to \$1.00. Common to medium shorn lambs brought \$11 to \$15 at San Antonio; medium to good kinds \$13.50 to \$15.50 at Fort Worth; and good and choice \$22.35 at Denver.

Over 50,000 Universal Jeeps' Now at Work on Farms and Ranches!

THE 'JEEP' DOES MORE JOBS—

- Pulls plows, discs, harrows, and other farm implements.
- Hauls loads to 1200 lbs. on or off the road.
- Tows loads to 2½ tons at highway speeds.
- Power take-off delivers to 30 hp on the belt.
- Powers mowers, sprayers—other shaft-driven equipment.
- Works the year 'round!

The Universal "Jeep" has proved its value in the best test of all—round-the-year use on thousands of farms and ranches.

The "Jeep" is the all-around vehicle farmers needed—always ready for hauling, towing, field work and powering equipment. With 2- and 4-wheel drive (6 speeds forward, 2 reverse) and power take-off, the "Jeep" has power and versatility to handle almost any farm job. It is a paying investment. Come in now and inspect it.

Let us demonstrate on YOUR land using YOUR implements!

Another Letter to the Editor from

The Bootleg Philosopher

Dear Editor:

The mail carrier passed up my mail, box out here the other mornin but I don't think it was because the box is layin over in the ditch but because I didn't get no mail... as its been in the ditch before and I managed O. K., as if there was any likelihood of a government check bein delivered I'd be out there on hand waitin anyway to receive it in person. And since I don't like to start the week off without findin out what's goin on in the world as the world is so closely knit now I don't dare plow my blind weed for fear its goin to adversely affect somebody in the north of France I went down

to my neighbor's mailbox and borrowed his Amarillo News, which maybe don't always tell completely what's goin on in the world but comes as close to it as the next paper and I ain't ever noticed that it made much difference whether what you found out was true or not so long as it was interestin

I was surprised to read that State Comptroller George Shepard has looked over his books in Austin and discovered 32 million dollars the state's goin to have that he hadn't seen week before last. My neighbor, who come down to his mail box and demanded his paper which is

just another example of why the world don't get along any better with people always holdin out for their rights and puttin property above enlightenment, says he can't understand how a man could overlook 32 million dollars and he blamed sure ain't took no turn for the better financially in the last week to make the state that much better off, but it ain't nothin really

I know a representative from another county who when he left home for Austin the first time he was elected debated two hours over whether to ride the bus or train in order to save two bits one way or the other, I've forgot which, and two weeks after he got there he was reelin off figgers up in the thousands and millions He could decide in two seconds whether to vote yes or no on a 200,000 dollar appropriation to pay the legislature's expenses and was lashin out at other representatives for bein slow about makin up their minds. There is just somethin about gettin elected that improves a man's whole character over night. I ain't nothin but a busted farmer now, but if I got elected a county commissioner the very next day I'd be a expert on buildin roads and would start throwin figgers around the courthouse like the board of directors of Standard Oil. Gettin elected makes a just ordinary or sub-ordinary man a expert overnight. Wish it would effect some of our commissioners that way about road buildin, as this road to my place is gettin rougher every day and my jalopy has been stuck hub deep in mud for two weeks.

By the way I hear that the word is gettin round that Homer Fox has been writin these letters and I resent it as his style of writin ain't no way as superior as mine and I want this impression corrected pronto.

Yours truly,
J. A.

Michael Jean Kelly, son of Mrs. Bonnie Kelly, has gone to Waco where he will spend several weeks with his grandmother, Mrs. J. D. Hadley, 2525 Sanger, and an aunt, Mrs. N. R. Prade of Prade Cliff.

Miss Ella Aikman and Miss Vida Hicks returned last week from a trip to Las Vegas, N. M., where they visited Miss Hick's brother, Barney Hicks, and family. They also visited in Santa Fe and Albuquerque.

payment of Confederate pensions and providing a method of payment for the construction and equipment of buildings and other permanent improvement at state institutions of higher learning; providing for a five-cent reduction in the maximum allowable state tax on property; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Sections 17 and 18 which shall read as follows:

"Section 17. In lieu of the State ad valorem tax on property of Seven (7c) Cents on the One Hundred (\$100.00) Dollars valuation heretofore permitted to be levied by Section 51 of Article 3, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two (2c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations, and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate hereinabove levied.

"Also, there is hereby levied, in addition to all other taxes permitted by the constitution of Texas, a state ad valorem tax on property of Five (5c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings, or other permanent improvements at the designated institutions of higher learning; and the governing board of each of such institutions of higher learning is fully authorized to pledge all or any part of said funds allotted to such institution as hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed three (3%) per cent per annum and shall mature serially or otherwise not to exceed ten (10) years from the first (1st) day of January of each year in which such funds are allocated or re-allocated to said respective institutions; provided, the power to issue bonds or notes hereunder is expressly limited to a period of thirty (30) years from the date of the adoption of this amendment; and provided further, that the Five (5c) Cent tax hereby levied shall expire finally upon payment of all bonds hereby authorized; provided further, that the state tax on property as heretofore permitted to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

Funds raised from said Five (5c) Cent tax levy for the ten (10) year period beginning January 1, 1948, are hereby allocated to the following institutions of higher learning, and in the following proportions, to wit:

INSTITUTION AND PCT. OF TOTAL	
John Tarleton Agriculture College	5.72107
North Texas Agricultural College	6.17028
Texas State College for Women	11.52992
Texas College of Arts and Industries	4.75551
College of Mines and Metallurgy	4.71936
Texas Technological College	16.54877
East Texas State Teachers College	8.10657
North Texas State Teachers College	12.64522
Sam Houston State Teachers College	5.55068
Southwest State Teachers College	6.78474
Stephen F. Austin State Teachers College	4.55414
Sul Ross State Teachers College	2.15315
West Texas State Teachers College	5.41643
Prarie View Agricultural and Mechanical College of Texas	5.34416

"Not later than June 1st of the beginning of each succeeding ten (10) year period, the Comptroller of Public Accounts of the State of Texas, based on the average long session full-time student enrollment for the preceding five (5) year period of time, shall re-allocate, to the above designated institutions of higher learning then in existence, all funds to be derived from said Five (5c) Cent ad valorem tax for said ten (10) year period; and all such designated institutions of higher learning which participate in the allocation or re-allocation of such funds shall not thereafter receive any other state funds for the acquiring or construction of buildings or other permanent improvements for which said Five (5c) Cents ad valorem tax is herein provided, except in case of fire, flood, storm or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the loss so incurred may be made by the Legislature out of other state funds. This amendment shall be self-enacting. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this amendment; and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose.

"Section 18. For the purpose of constructing, equipping or acquiring buildings or other permanent improvements, the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Million (\$5,000,000.00) Dollars, and the Board of Regents of the University of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Ten Million (\$10,000,000.00) Dollars. Any bonds or notes issued hereunder shall be payable solely out of the income from the Permanent University fund. Bonds or notes so issued shall mature serially or otherwise not more than twenty (20) years from their respective dates, and in no event later than twenty-five (25) years after the date of the adoption of this amendment. This amendment shall be self-enacting.

"Said Boards are severally authorized to pledge the whole or any part of the respective interests of the Agricultural and Mechanical College of Texas and of the University of Texas in the income from the Permanent University Fund, as such interests are now apportioned by Chapter 42 of the Acts of the Regular Session of the 42nd Legislature

of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. The Permanent University Fund may be invested in such bonds or notes. "All bonds or notes issued pursuant hereto shall be approved by the Attorney General of Texas and when so approved shall be incontestable."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at a special election to be held throughout the state on the fourth Saturday in August, A. D. 1947 at which election all ballots shall have printed thereon: "For the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning in the amounts of two (2c) Cents and Five (5c) Cents respectively; providing for a Five (5c) Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

"Against the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning in the amounts of two (2c) Cents and Five (5c) Cents respectively; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the constitution and laws of this state.

Sec. 4. The sum of Ten Thousand (\$10,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state, not otherwise appropriated, to pay the expenses of such publication and election.

construction and equipment of buildings and other permanent improvements at state institutions of higher learning, in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five (5c) Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the constitution and laws of this state.

We're Hitting the Harvest with HI-V-I

Champlin HI-V-I (High Viscosity Index) Aviation Oils are built to

Resist Heat... withstand Pressures and Friction... to lubricate and protect metal surfaces of your motor.

These Champlin Quality Oils went to war to help lubricate Uncle Sam's mechanized and air equipment and come out with flying colors... Champlin post war HI-V-I oils are even better as a result of these grueling tests.

This year, play safe, as thousands of other farmers are doing... Hit the Harvest with HI-V-I, the twin-action aviation oil that flows freely at zero and below... Stands up at boiling and above.

There is a friendly Champlin Dealer in your community... He will help you with your lubrication problems.

Assistant Directors: Harry A. Delashmutt, Jr., Richard H. Evans, and W. M. Teague.

Make pictures: Al Dell.

Attendance Event by Packs: W. J. Hlatt.

Midget Auto Races Start At Lubbock

LUBBOCK, May 31—Lubbock's 1947 midget auto racing season got underway, May 29, with a nine race program at the Panhandle South Plains Park grounds.

Lloyd Ruby of Wichita Falls took top money in the opening session. He had the evening's fastest time of 17.5 seconds. Other drivers here for the first races of the season included Don Brown, Wichita Falls and Red Dowdy, Dallas.

Races ranged in distance from eight to 20 laps around the one-fifth mile caliche track. Although hampered by a muddy track the first night, officials expect drivers to set new speed marks at future races.

The races will continue each Thursday night throughout the summer. Time trials begin at 7:30 p. m. Races start at 8:00 p. m.

G. G. Foster of Canyon Dies at Home on Sunday

CANYON, June 2—George Gray Foster, 77, pioneer Canyon insurance man, died at his home here at 2 o'clock Sunday morning, June 1, after a long illness.

Funeral services were held Monday afternoon at 3 o'clock at the First Methodist Church, with Rev. Hubert Thompson officiating. Burial was in Dreamland Cemetery.

Mr. Foster had lived in Canyon for the past 47 years. He had been prominent in the insurance and loan business, and also had farming interests in Randall County.

His wife preceded him in death last month.

Surviving him are five sons, Paul E. Foster of Amarillo, formerly of Hereford; Robert W. Foster of Amarillo; Gray D. Foster of Colorado City; Jack Foster of Wayside; and Rosa Foster of Canyon; one daughter, Mrs. J. O. Parker of Happy; and two sisters, Mrs. Nabb Perryman of Austin and Mrs. Maggie Alexander of Colorado Springs, Colorado.

Pall bearers at the funeral services were W. C. Black, Lee Foster, A. W. Sternberg, J. W. Shook, O. A. May, and E. C. Robinson, all of Canyon.

Good-Bye Party at Central for Teachers

First grade teachers of Central School entertained the Central School faculty with homemade ice-cream and cake in the school cafeteria Thursday, May 22 with a farewell-to-school party. Good-bye's were in order with many wishes of good luck "Till we meet again."

The hostess teachers were Mrs. Elizabeth Bonesto, Mrs. Merlin Kaul, Mrs. Byron Durham and Miss Vida Hicks.

EASTER H. D. C. SPONSORS BOX SUPPER

A Pic and Box Supper will be held at Easter School house Friday night, June 6, at eight o'clock. The affair is sponsored by the Home Demonstration Club. The public is invited.

YOUR PROPERTY MUST BE RENDERED TO EXEMPT YOUR HOMESTEAD FROM STATE TAXES

Our tax assessors are making a strong effort to get every piece of property rendered correctly, but there have been so many changes of ownership, some property selling more than once during the year that the job is very difficult.

Will you please call by the office and give in your taxes as it will be impossible for us to call on each tax-payer for assessing. It is very important that we get this early so as to have the Tax Rolls completed by the 15th of August. With your assistance we can avoid many errors. It is our aim to give you the very best service possible.

Thanking you very kindly for your early attention to this matter I am,

Yours very truly,

J. L. Crum Dies Last Week at Amarillo Hospital

DIMMITT, May 31—J. L. Crum, 85, pioneer Panhandle farmer-stockman, died in an Amarillo hospital Wednesday of last week (May 28) after a long illness. Funeral services were held Friday afternoon at the First Methodist Church in Tulsa, with Rev. James E. Harrell officiating. Interment was in the Tulsa cemetery.
 Mr. Crum was a pioneer settler in this area. He helped to organize Floyd and Briscoe counties, moving to Floyd county in 1889. Later in that year he homesteaded land in Castro county, and at various times since had lived in Castro, Swisher, and Randall counties.
 A native Texan he was born on July 16, 1861, at Gilmer. Surviving him are five sons, John, Scott, and Homer, all of Dimmitt; Wilbur Crum of Tulsa; and Paul Crum of Chicago; and two daughters, Mrs. Isabelle Brown and Mrs. Ruby Norris, both of Amarillo; and one brother, George Crum, of Wichita Falls.

Suggestions for Controlling Polio Issued by State Medic

AUSTIN, June 5—Dr. Geo. W. Cox, State Health Officer, has issued the following statements and suggestions concerning the control and prevention of poliomyelitis which is now occurring in certain sections of the State.
 At one time it was generally believed that this infection was transmitted primarily by discharges from the respiratory tract. Belief now is that poliomyelitis may be another of the several gastrointestinal infections. Therefore, control measures must include clean-up campaigns and improvements in sanitation.
 Stringent efforts should be made to eliminate house-flies, mosquitoes and rodents to destroy their breeding places. Every effort should be made to institute approved garbage collection systems, and secure safe water supplies. Where adequate municipal sewage disposal systems are not in operation, it is necessary to install and maintain sanitary septic tanks and outdoor privies.
 All swimming pools should

maintain those standards approved by the Texas State Department of Health. This includes maintenance of proper chlorine level. Where such standards are not maintained, those pools should be closed to the public.
 All raw foods and vegetables should be washed thoroughly before use and protected from filth and insects. All food handling establishments should adhere strictly to the State law concerning the sterilization of dishes and utensils. Those restaurants with insufficient personnel to maintain approved sanitation, should close one or two hours a day so that employees can assist in maintaining cleanliness and high sanitation standards.
 Approved milk supplies, rodent control measures, high sanitation standards, and strict personal hygiene are all important. Polio cases should be quarantined for 14 days and excreta from cases and contacts should be handled and disinfected with the same scrupulous care as in typhoid fever or bacillary dysentery.
 Over-exertion in children should be avoided. Children should not visit homes where there is illness. It is advisable to reduce to a minimum all human contacts, especially in children during an outbreak of this disease. It is not advocated that schools, churches, and theaters be closed.

KRAUSE

PLOW CORPORATION

announces a **10% PRICE REDUCTION** Effective June 1, 1947

THIS step is being taken because we believe it is the obligation of every industry to reduce prices when it is possible to do so. We think it is one way we can help cushion the effects of a possible recession and increase the purchasing power of our customers. In one year's time, this reduction will save our customers about \$600,000.00.

There is no "sale" necessity involved in this price cut, for we now have the largest backlog of orders in our history and are entering our best selling season. Sales are increasing every day and many of our customers are in desperate need of plows which we are unable to deliver.

Production Efficiency is Enabling Factor

In our case, production efficiency and sales volume have increased to the point where we are now able to offset the increased costs of labor and material. Our labor rates have increased approximately 110 per cent and our materials costs approximately 112 per cent since 1942. But our sales volume has increased 2490 per cent and our productive efficiency 374 per cent in the same period.

Balancing these things, we find that we are able to cut back our retail plow prices to a level approximately that of 1942. Modern equipment, improved manufacturing methods, our incentive wage system, and above all the unusually high type of hard-working, independent Middlewesterner who builds our plows, have combined to bring our factory to a high peak of productivity. We are passing the benefits on to our customers, who during the past 23 years have enabled us to become the nation's largest producers of one-way disc plows.

This price reduction is simply the execution of what we think is sound policy, that of producing a better and better plow to sell for less and less. To this end we pledge our future efforts.

Sincerely,
Henry Krause
 President

SEEDS of ADVICE

from The Garden Club

(Note—This article on the Culture of Iris—was prepared for the Hereford Garden Club by Mrs. A. O. Thompson.)

Bearded Iris. In fact they are so easy to grow that they are among the top most of all flowering plants.

BETTY SUE by G.D. BILL & FURM STEAKLEY

G.D. STEAKLEY & SONS SUPER SERVICE. G.D. BILL & FURM STEAKLEY. 602 E. 6th Street, Phone 9.

well worked into the soil. The soil should be thoroughly spaded to a depth of at least ten inches, and if available at that time, a generous amount of well-rotted manure or a smaller amount of sheep guano should be mixed with soil.

Iris do well in a non-acid soil. Lime need not be applied unless it is known that the soil is definitely on the acid side.

Planting the Rhizomes or Iris Roots. Prepare a hole large enough to take the spread of the roots, remembering that the top of the rhizome should be flush with the garden level or slightly higher.

Iris have few pests but it pays to keep a close watch for them. Iris-leaf Blotch is a fungus causing brown spots on the leaves in late spring and summer.

B&PW District President Talks To Local Club

Mrs. Adella S. Drew, president of District 9, Business and Professional Women's Clubs, was in Hereford last Saturday and spoke before a meeting of the Hereford club at the City Hall.

Mrs. Drew spoke on "promotion and advancement of the individual club members and the club as a whole in the community."

"It is most important," she said, to the club to keep a file of its members and their abilities for easy reference by any business men searching for employees, allowing a chance for promotion to all business girls, and especially for club members.

CLEAN FROM WEEDS AND DEAD LEAVES. Iris borers cause some trouble. It works within the rhizome and may be suspected when a frond of iris leaves begins to wilt.

CLEAN FROM WEEDS AND DEAD LEAVES. Iris borers cause some trouble. It works within the rhizome and may be suspected when a frond of iris leaves begins to wilt.

Oil Is Discovered— Do You Want To Share in the Tremendous Possibilities? Mr. Banker, Lawyer, Farmer, Rancher Physician, or Businessman.

A. M. Lacey, Oil Well Drilling Contractor, quotes from the speech of Col. Ernest O. Thompson, chairman, Railroad Commission, State of Texas, as of May 23, 1947, which appeared on the front page of the Amarillo Daily News on Saturday Morning, May 24, 1947.

'Find Oil or Import It,' Is Thompson Challenge

Col. Ernest O. Thompson, chairman of the Texas Railroad Commission, last night told oilmen attending the Mid-Continent API production division meeting that the oil and gas industry are on trial before the bar of public opinion as never before.

"The public wants more oil and gasoline and they'll pay for it if they're told how much it costs to drill a well," Colonel Thompson declared in supporting the public relations program being set up by the industry.

He also warned the oil men that unless new fields are discovered in Texas this summer the United States will be importing oil. "We have approximately 250,000 additional barrels of capacity left at maximum efficiency rate in Texas, but to meet this, some 60,000 barrels a day of new production must be discovered this summer or it must be imported," Colonel Thompson said.

An increase of 7 per cent in crude oil demand next year to meet anticipated future requirements can be expected.

In his straight-from-the-shoulder talk, Colonel Thompson declared: "The public will demand the oil and its products. The public being the ultimate consumer, of course is interested in a fair price. They will stand the cost and a fair profit when they are truly and clearly shown that the price is fair."

"But one thing Americans will not tolerate in peacetime. That is shortage of oil for gasoline and heating purposes. "The public has been led to believe that all we have to do was to turn the valve open a little more and more gasoline would come and heating oil. They do not want and in my humble opinion the public will not stand for gasolining rationing. It's up to the drillers to drill as never before. The wildcat men must find new fields. Never has the incentive been greater.

"After World War I, crude went to \$2.50 a barrel and the discovery followed with great success, culminating in the findings of the East Texas field 18 years ago. "It is only logical to believe that an adequate price today will again furnish the incentive to find the oil we are going to need. Price is the great discoverer of oil just as price is the greatest conservation agent. People do not waste that which is of value enough to save. "American skill, industry and initiative can be depended upon to again discover new oil deposits in the United States. The public then property will bear the price for the needed oil. Oil is progressive—and being alert and progressive, the oil industry will not be forgotten if it fails to meet the demand for its products.

"The public will not take or accept excuses. The public's being willing to pay the price demands results from oil. There is today's challenge to the industry's claim that oil is progressive."

Unquote You know what the possibilities are, I don't have to tell you. Just as there have been hundreds of oil fields discovered in the past, there should be in the future. The Wild Cat oil business enjoys a most favorable tax set up. This is a people's program. I have the experience, properties and equipment at hand. How much can you afford, and do you want to put in on a highly speculative proposition? You know the advantages of being in on the ground floor on the first well and the block of acreage well chosen. I will be glad to give you authentic information. Write, phone or wire.

Put yourself on EASY Street

SKIR styling for a moment—it's pretty well admitted by now that Buick has called the turn on the shape of cars to come.

And for the present, slide over performance—with that big bonnetful of Fireball power, nobody's going to challenge you much on the open road. What else has the trim Buick got that others can't quite come up to? You find one big answer where the cobbles are plentiful, the car tracks tangled, the bumps big.

This brawny traveler has a ride—a smooth, level, easy stride that makes you think of a canoe drifting in quiet waters. One reason: It was Buick that first introduced the American public to soft, gentle coil springing on all four wheels. It was Buick that first made it possible for each wheel to step over bumps as they came along, leaving the frame and body to pursue their level way undisturbed. Buick's coil springs keep their gentle softness always. They need no greasing or attention. They are unaffected by dirt, wear or the weather, and breakage is practically unheard of.

THESE DO IT—four big-but-gentle coil springs permit each wheel to "step-over" bumps as it reaches them. It is this independent action of each wheel that gives Buick its matchless buoyancy on any and all roads. ONLY BUICK HAS ALL THESE STAR FEATURES: AIRFOIL FENDERS, FIREBALL POWER, SILENT ZONE BODY MOUNTINGS, BROADRIM WHEELS, ACCURATE CYLINDER BORING, FLITELIGHT PISTONS, BUICK COIL SPRINGING, FULL-LENGTH TORQUE-TUBE DRIVE, PERMA-FIRM STEERING, CURL-AROUND BUMPERS, STEPCON PARKING BRAKE, DEPLEX SEAT CUSHIONS, NINE SMART MODELS, BODY BY FISHER.

more soil conservation practices by paying farmers for following practices designed to increase soil fertility.

The proposed reduction for 1947 would mean, officials say, that farmers would get only about 50 percent of the payment rate which they have been promised for specific practices, most of which have already been carried out.

Price supports on farm products will be out the window if the proposed appropriations slash is upheld by Congress.

Agricultural ...

(Continued from Page 1)

of War Camp. The land has since been taken over by the Soil Conservation service for use as an experimental seed farm.

There has been considerable demand throughout the area for establishment of an experiment station in the irrigated Plains area for the purpose of experimenting with new crops and methods adaptable to this section.

Vegetables, particularly potatoes, onions, carrots, beans and peas, are already being grown in this county on irrigated land, with the potato and onion crops being produced on a relatively major scale, but to date, no experimentation in methods of growing these and other crops has been carried out on a scientific basis in the area, and none of the experiment stations now maintained and operated over the State by the A & M College Extension Service offer any help on the particular problems of the irrigated Plains land.

Bindweed, which is rapidly becoming a major menace in this section, is also mentioned in the proposed bill as one of the primary objects of study by an experiment station located in the area.

THOUGHT FOR TODAY ...

The best way to balance your budget is to first balance your wants.

These and other facts relating to problems of agriculture peculiar to the irrigated sections were presented last year when efforts were being made to promote the establishment of an experiment station at the POW campsite, and the campaign is now being renewed as the Holt-Timmons bill comes before the House of Representatives in Austin.

Rep. Timmons ...

(Continued from Page 1)

said, "because a majority of the Senate share the governor's view that this 'single shot' appropriation bill may result in a natural resources tax which they oppose."

"The Republican congress in Washington has cut conservation funds drastically, but farmers have learned not to expect anything from the party of 'high tariffs for the industrial northeast'... they should be able to expect something, however, from the administration in our own state capital which labels itself Democrat."

All three bills have already passed the House of Representatives by a large majority.

Return of ...

(Continued from Page 1)

tributed the warnings simply to a desire on the part of the Agriculture Department to bring public pressure to bear on Congress to restore some of the department's appropriations for soil conservation.

Heads of local farm agencies, however, including the farm bureau, echoed the warnings.

Much land in Deaf Smith county now is in good condition to blow; and some damage has already occurred despite the heavy moisture this year.

One local farm agency chief expressed the opinion that farmers in the immediate area would, for the most part, be able to continue soil conservation and soil building practices without government aid; but added that he felt that the conservation payments should be continued for the benefit of thousands of sub-marginal farms in other areas where soil conservation cannot be carried on without government aid.

All emphasized the danger of blowing land in this immediate area, and expressed the opinion that conservation practices must continue and increase if major dust storm damage is to be avoided again.

Mr. and Mrs. G. W. McReynolds of Roswell, N. M., were recent guests of her parents, Mr. and Mrs. C. O. Phillips.

Sec'y Anderson ...

(Continued from Page 1)

recommendations also have the effect of nullifying the price supports on perishable commodities, such as fruit, vegetables, milk, poultry, and potatoes, the Secretary declared.

The proposed cut also strikes out farm tenancy loans under the Farmers' Home Administration.

The School Lunch Fund, administered by the Department of Agriculture, is cut from 75 million dollars to 45 million.

"This is not a controversy between the Committee and the Secretary of Agriculture," Anderson declared in a message directed to Congress. "Rather it is between the Appropriation Committee of the House and the often-expressed will of the Congress itself."

Women's Group Meets For Study

Emma Wheeler Hawkins Circle of the W. S. C. S. of the Methodist Church, was entertained in the home of Mrs. Tom Boyd Wednesday afternoon, May 28. Mrs. Boyd conducted the new study book lesson on "Growing Together in the Family," assisted by Mrs. J. F. Ward.

Mrs. C. M. Hicks conducted the devotional program and Mrs. C. B. Williams read poems dealing with the home, by Grace Noll Crowell.

Mrs. H. M. Bensfield led a round-table discussion on "What we as Church Women May Do to Help Establish and Maintain The American Home."

Mrs. Cecil Gunter Hostess For Club

Mrs. Cecil Gunter was hostess for the Oterrie Club at her country home Friday afternoon. Guests besides club members present included Mrs. Al Smith and Mrs. Henry Bears.

Roses, shading from pale pink to deep rose, were used in decorations and score awards at the conclusion of games, went to Mrs. Troy Moore, high, Mrs. W. A. Teter, second high and Mrs. Grant Fuller, low.

Members attending the club party were Mesdames Lee Benefield, W. A. Teter, Troy Moore, Grant Fuller, Howard Gault, J. W. Witherspoon and the hostess.

Relatives Attend Rites

Out-of-town relatives attending funeral services held here Thursday morning for Mrs. Carl Frye, included: Mrs. Charles Woodburn, Mr. and Mrs. Charles R. Woodburn, Mr. and Mrs. V. G. Woodburn of Amarillo, Mr. and Mrs. Wilbur Cobb, Claude, Mrs. Leota Squyers, Fort Worth; Mr. and Mrs. Estes Woodburn, Lockney; Mr. and Mrs. Lon Woodburn and W. E. Woodburn of Dimmitt; Mr. and Mrs. W. E. Betts, Mr. and Mrs. Carl Stovall, Mrs. Dewey Watson, Mrs. Mason Neely and Mrs. Ray Donahay, all of Clovis, N. M.

Others included Mrs. Albert Frye, Mrs. John Carlin and son

Mrs. Dudley Green Attends Breakfast

Mrs. Dudley Green one of the local members of the Sunshine Breakfast Club, attended a meeting of the club held in Amarillo Thursday morning.

Tables were decorated with roses and Peonies and the same flowers were used about the home of Mrs. L. H. Koonce, 1912 Monroe St. where the breakfast was held.

Chatting provided entertainment after the meal.

Those present were Mesdames T. A. Bippus, L. H. Diggs, Vaughn Allen, R. B. Bowlin, Jack Edwards, Clyde Hazelwood, Harold Smith, at lot Amarillo, Mrs. Dudley Green of Hereford and the hostess.

Bill, Mrs. Ed Rochau, Alfred Frye and Harry Frye, all of Davenport Iowa; Mr. and Mrs. Wilbert Frye of Independence, Iowa.

Daughter Given Party On Eighth Birthday

Mrs. J. E. Kirby entertained with a birthday party on Wednesday May 28, celebrating the eighth birthday of her daughter, Ballie Sue. After games and party fun a picnic supper was served to Sue Springer, Joan Powtke, Linda West, Linda Hair, Gracie Brunson, Carol Ann Newell, Marilyn Newell, Dorothy Faye Daniel, Carolyn Kirby.
