AROUND TOWN SIGHTS, FACES SEEN

Once in a while, a weekly newspaper like The Brand has a big job of news coverage dropped in its lap in the last few hours before press time. When that happens, as it did last Thursday, we of The Brand staff are everlastingly grateful to the dozens of volunteers who, in effect, join our staff for a few minutes by bringing us bits of information which enables us to piece together a complete story for our readers.

In an area where rural telephones are as scarce as nickel hamburgers, help such as this is invaluable. We're not bragging that last week's storm coverage was complete, but without the help of a lot of people it wouldn't have been possible at (Continued on page 8)

Obie Lee Malone Is Ninth Drunk Driver Convicted

Obie Lee Malone, arrested last Saturday by State Highway Patrolmen here, became the ninth person to be convicted of drunk driving in this county since the first of the year. Malone pleaded guilty in County Court Monday to charges of Driving While Intoxicated, and was fined \$150 and costs and loss of his driver's license for six months. His total fine was more than \$170. Malone waived jury trial and entered a plea of guilty. He was arrested by highway patrolmen Saturday afternoon while driving a Ford pick-up on Highway 60 near Hereford. Malone was lodged in Deaf Smith County jail here this week pending payment of the fine.

Hail, Tornado Cause Heavy Damage in Area

Hail Takes Heavy Toll of Bumper Wheat Crops

Widespread hail storms, which are estimated to have damaged five percent of the Deaf Smith County wheat crop, struck this area last mid-week. Heaviest damage occurred late on Wednesday afternoon of last week, when tornadoes and rains of near-flood proportions accompanied the scattered hail storms. Unsettled weather conditions continued through Sunday.

A total of slightly more than four inches of rain fell in this area during the four-day period, most of it on Wednesday afternoon and night when the down-pour in Hereford was measured at 3.71 inches.

Heaviest hail damage was south of Hereford in the tornado area, south and east of Dawn, and in the vicinity north and south of Black, although hail losses have been reported from all parts of the area.

In the Hereford area, local insurance agencies report that damage claims are averaging 30 per cent, although a few have ranged much higher. Miss Roberta Campbell, who lives in the southeast edge of (Continued on Page 8)

AERIAL PHOTOS OF TORNADO DAMAGE ARE ON DISPLAY

Two aerial photographs of the tornado area, made by M. L. Simpson Jr., from a plane piloted by Lyle Stanton, are on display this afternoon in the window of The Brand office. The photographs show the Wirt Albracht and Lee Cocanougher farms as they appeared two days after the tornado struck.

Summer Recreation Program Slated For Youngsters Again This Year

Hereford's Kids Club will convene again this summer. Members of the joint Lions-Rotary Club committee in charge of planning the summer recreation program announced this week that Coach H. V. Stanton has been employed again this summer to direct the program. A supervised recreation program for boys between the ages of 7 and 14 years will be conducted for two months this summer, beginning on June 2. Coach Stanton announced yesterday that youngsters will be enrolled for the program on Monday, June 2 and a two-month program of games and physical training is planned, to extend through July.

All youngsters will be asked to sign up and be classified according to age and weight when the program opens. A junior softball league will be organized, and Stanton announced that probably three scheduled, with the youngsters playing at the softball diamond north of Whiteface Field just ahead of the regularly scheduled Mundy League games.

Members of the joint Lions-Rotary Club committee charged with planning the program are Pete Cowart and Bruce Woodell of the Lions Club and Sam Allen and Ernest Wade of the Rotary Club.

Storm Follows Frio Draw South Of Hereford

Tornado-conscious citizens of the Panhandle kept an apprehensive eye on the skies last week as twisters played hop-skip-and-jump across the Plains. Of four twisters sighted in this area last mid-week, at least two found their marks near Hereford.

At about 5:30 last Wednesday afternoon, May 14, a twister which apparently formed southwest of Hereford, followed the ancient flood-path of Frio draw to its junction with the Tierra Blanca, about five miles east of Hereford, then swept on into the area south of Dawn, leaving a trail of destruction in its wake.

At least four farms were badly damaged, many barns were wrecked, trees uprooted, and heavy crop and property damage inflicted. Miraculously, no one was injured.

Hardest hit were the Lee Cocanougher and Wirt Albracht farms. The seven-room Cocanougher house was almost completely wrecked. The family by fortunate chance, took shelter in the only undamaged corner of the house.

A tenant house near-by was un-roofed and badly damaged. The house was occupied by Mr. and Mrs. Leroy Rhodes and baby. Mrs. Rhodes fell across her baby when the roof was ripped from the house and saved it from possible injury. She was dazed but un-hurt. A car and truck were badly smashed, and a garage destroyed. Barns and fences were wrecked. Several registered Hereford cows were de-horned by flying debris. The Albracht home north- (Continued on Page 8)

Kearns Gets Six Months Jail Sentence on Assault Charge

Jackie Kearns, 21, plead guilty to charges of aggravated assault in connection with "indecent familiarity on the person of a child under 12" in County Court last Thursday afternoon and was sentenced to serve six months in county jail and fined \$25 and costs.

Kearns had been arraigned on the charge in County Court Monday of last week, but at that time entered a plea of not guilty and demanded trial, after denying his guilt in connection with the alleged attacks.

Thursday afternoon, however, he notified officers that he wished to enter a plea of guilty and was returned to court to receive sentence. His trial had formally been set for last Monday morning.

Kearns was arrested by Sheriff J. C. Reece two weeks ago after complaints were filed by the mother of two small girls. The children identified Kearns at a local cafe where he was employed as dish-washer as the man who had committed the attacks on them in a local theater. The little girls were five and seven years old, respectively. Kearns plead guilty and was tried on only one of the charges. Sheriff Reece said that this was not Kearns' first offense of this type.

Cotton Gin In Hereford Now Seems Certain

Definite assurance that a cotton gin will be ready for operation in Hereford in time for the fall harvest was given local cotton farmers at a meeting at the Chamber of Commerce offices Tuesday night.

While a local group is still considering plans for building a gin here in competition with a locally operated concern, but said that a gin would definitely be in operation in Hereford in time for the first cotton.

"If they decide not to build, I am ready to build a modern cotton gin and machine shop, and can have it in operation in 45 days," Roan said. "I'm convinced that cotton can be grown here, and am ready to take my chance on it."

Local farmers, who have indicated intention of planting between two and three thousand acres in cotton here this year, have been negotiating for two months for a gin to be located somewhere in the area.

Negotiations with the Walker Cotton Company of Las Vegas, N. M., fell through suddenly two weeks ago. Walker had demanded pledges of 3500 acres planted to cotton this year, but called off (Continued on Page 8)

HONOR STUDENTS

Biggest Class In History to Get Diplomas

The largest graduating class in the history of Hereford High School will march to the stage of the High School auditorium tonight to receive diplomas at the commencement exercises.

Seventy-five youngsters make up the record-breaking class of graduates. Commencement exercises will begin promptly at eight o'clock tonight (Thursday) at the High School auditorium.

PICTURES OF GRADUATES ON PAGE 1, SECTION 2

Seats will be reserved on the main floor of the auditorium for parents and members of the families of the graduates.

Roy Bass, prominent young Lubbock lawyer and part-time faculty member at Texas Technological College, will be the commencement speaker, Supt. George Graham announced yesterday.

Dr. S. H. Condon, professor of Government at West Texas State College in Canyon, who was scheduled to make the commencement address, has been forced by illness to cancel all speaking engagements, Graham said. Dr. Condon, ill with a throat infection, reluctantly notified school authorities here that he would be unable to appear on the program.

Bass, who will make the address, is an excellent speaker, Graham said. A graduate of Baylor University, he served in the Navy during the war, and since returning from the service, has been teaching government and business administration courses at Texas Tech in addition to carrying on his law practice.

The commencement program will be opened with the processional march, played by Mrs. Ellis Coombes, followed by the invocation by Rev. Uel D. Crosby, pastor of the First Methodist Church.

Telephone Strike Ends After Forty Days; Operators Back

A forty-day strike of telephone operators ended last Saturday morning as telephone company employees all over the nation returned to their switchboards.

Striking operators of the Hereford exchange of Southwestern Bell-Telephone Company returned to their jobs Saturday morning to give the small crew of supervisors and linemen, who had kept the exchange in operation during the strike, a needed rest.

"The voice with a smile is back in style" caroled the Amarillo Daily News in a page one headline Sunday.

Mrs. Marie Sears, chief operator at the local exchange, who had stayed on the job throughout the 40-day walk-out, smiled happily Monday morning as she explained to a Brand reporter that "the girls" were all back at their places and "everybody's happy."

Most workers had won a \$4.42 weekly pay raise as a result of the walk-out. On the debit side of the ledger was the loss of six weeks pay.

Telephone company subscribers, who have not yet received billing for the first month of the strike, will get a bit of credit too. Southwestern Bell announced this week that telephone users in Hereford would not be charged "for exchange service for the period of emergency." "An adjustment will be made (Continued on Page 5)

Spud Surveys to Check Compliance Start Next Week

Surveyors from the Deaf Smith County ACA office will begin measuring potato acreage for compliance with 1947 goals next week, F. G. Collier, ACA secretary, announced yesterday.

Growers will be notified by mail whether or not their planted acreage is within the goal allotted, and along with the notices will go application blanks for eligibility certificates.

When the applications are submitted, they must be accompanied by the required fee, starting at a three dollar minimum and based on estimated 1947 production. Certificates of eligibility to participate in the price support program will then be issued.

Compliance with goals will be based on measurements taken in these surveys, and the surveys will measure the acreage planted at the time the survey is made. Planters who are over their goals may plow up the excess acreage before the surveyors reach their farm but no plow up for compliance will be authorized after the survey.

Collier estimated that 4,185 acres of potatoes have been planted in the county this year.

Dawn Shows Power In Softball League Opener Monday Night

With half their schedule rained out last week, the Mundy Softball League got off to a fast start this week with four games in three days. There will be no game tonight (Thursday) due to commencement exercises at the high school, but Dawn and High School teams will meet tomorrow night (Friday) to make up the game missed last week.

Hereford Firemen, American Legion, Dawn and Summerfield all remained in the undefeated ranks this week. The Firemen and Summerfield have each chalked up two victories now. Dawn and the Legion, their first games rained out, have one win each.

Monday night Dawn issued a warning to other teams in the league to look out for the newcomers as they plastered the VFW with a 35-3 shellacking. On Tuesday night, American Legion clipped High School 8 to 6, and in the second half of the double-header, the Firemen took Sunday School 8 to 6. Wednesday night Summerfield rolled over the luckless Lions 14 to 8.

In last week's opener, the Firemen had downed the Lions 35 to 8, and Summerfield took Sunday School 12 to 8.

Next week's schedule, opening Monday night, pits the Lions against Dawn. On Tuesday night, Firemen meet High Summerfield vs. VFW, and Thursday night, Sunday School tangles with American Legion.

Last Rites For Jess B. Shirley Held at Friona

FRIONA, May 21—Funeral services were conducted here Sunday afternoon, May 18, for Jess B. Shirley, 63, who died Saturday at the Farmer County Community Hospital in Friona as the result of a heart ailment.

Mr. Shirley had been a farmer in Farmer county for the past eleven years, having lived on a farm south of Friona until last fall, when he moved to a farm southeast of Hub.

He came to Farmer county from Wellington.

He was married in 1905 to Miss Merle Sewell of Granite, Oklahoma. In addition to Mr. Shirley, his survivors are five sons, Delmer T. Shirley, J. B. Shirley Jr., Carl E. Shirley, Jack G. Shirley, and Resford Shirley; and two daughters, Mrs. Ruth Busby and Mrs. Lorene Greeson; eleven grandchildren, all of Friona; and one brother, S. M. Shirley of Sayre, Oklahoma; one sister, Mrs. J. Lewis And Seigler Announce Purchase Of Local Business

R. G. (Bob) Lewis and T. E. Seigler this week announced the purchase of the Farmers Equipment Company and the Allis-Chalmers Farm Machinery agency from Jim Kirby.

Seigler and Lewis have taken over the Farmers Equipment Company building on Highway 60. In announcing the change of ownership, the new owners pledged that "every machine sold from this dealership will be sold at regular established prices. There will be no 'goosine' or profiteering on any machinery we sell."

In an impressive candlelight service, the following officers were installed: President, Lillie Poff; first vice-president, Mrs. Cecil Williams; 2nd vice-president, Lillye London; Recording secretary, Virginia Adams; corresponding secretary, Jane Harris; treasurer, Gwyn Springer; Reporter, Mary Dyer; Parliamentarian, Marcy Koelzer; and Historian, Ellen Carter.

Legion Auxiliary Will Sell Poppies Here On May 31

On Saturday, May 31, we will be asked to wear a bright red poppy. The day will be Poppy Day, when we pay tribute, by wearing their memorial flower, the poppy, to those who gave their lives in America's service during the World Wars.

These poppies have great significance for they have been grown in hospitals and workrooms where the war's suffering still is going on. They have bloomed under the hands of men disabled in the war—the comrades of those in whose honor they will be worn.

The money which is exchanged for the poppies goes entirely to the welfare activities of the American Legion and the American Legion Auxiliary, supporting the work which these two organizations do for the disabled veterans, the families of the disabled and the families left in need by the death of veterans.

Mrs. Ralph Smith is chairman of the Poppy Day sale with members of the Auxiliary assisting.

Band Trippers Leave Sunday

High School band students look forward each year to the annual "band trip" and this year hopes run high with a six-day trip in the offing.

Twenty-seven members of the band and seven sponsors plan to leave for Las Vegas, N. M. with a full schedule outlined for the entire trip.

The parents have provided the food for the trip and K. P. teams will take turns cooking. Each student will wash and put away his own dishes.

Trips will be made to Hermits Peak, The Mica Mines and Johnson's Mesa, and hiking and sight-seeing trips have been planned. They are out for a good time and T. V. Brantley, band director, states that whatever it takes to make the trip a success, will be included.

Accompanying the students will be Band Director Brantley and Mrs. Brantley, Mrs. Audine Dettman, Mr. and Mrs. R. C. McGilvary and Mr. and Mrs. A. H. Janssen.

Band students planning to make the trip include: John and Wayne Newsom, Alex Schroeter, Perry and Clinton Cates, Jack Ramey, L. T. Hawks, Bobby Millard, Mary Estelle LeGrand, Mary Helen McGilvary, Ruth London, John Coombes, Marian Longbottom, Doris Hastings, Eugene Roberson, Jack Brumley, Mary Louise Grady, Reuben Knox, Mettie Lee Roots, Wanda

Low Net Cost on Farm
And Ranch Loans . . .

We are pleased to announce that in 1946 the average member-borrower enjoyed a net cost on a safe, long term Federal Land Bank loan through the Hereford National Farm Loan Association of only **3.39%**

LOW NET COST is one of the many rights and special benefits passed back to borrowers because they are the owners.

For 30 years the Land Bank System has been helping landowners pay out to debt-free ownership.

Now is the time to tie down long term credit with a Land Bank loan that couples safety with economy.

Miss LaNelle Scheihagen Is Bride-Elect of Bob L. Gray of De Leon

The engagement of Miss LaNelle Scheihagen, daughter of Mr. and Mrs. W. R. Scheihagen of this city, to Bob L. Gray, son of Mr. and Mrs. J. D. Gray, DeLeon, was announced at a supper party in Pampa last week. The party was given by the bride-elect's mother in the home of Mrs. J. M. Fitzgerald, 912 Christine St.

The colors chosen by the bride for her wedding, blue and white, were carried out in her corsage and in decorations for the tables. Place cards revealed the news of the engagement but no definite date has been set for the wedding. Places were laid for twelve close friends of the bride-to-be including Mesdames D. R. Weston, E. E. Eitz, J. D. Livingston, Jack Davis, A. L. Jones, Joe Wilkinson, R. H. Bugouist, J. M. Fitzgerald, Misses Marilyn Fitzgerald, Virginia Vaughan, Mrs. Scheihagen and the honoree.

BRIDAL SHOWER GIVEN

A tea and miscellaneous shower honoring Miss Scheihagen was given in the home of Mrs. Tom Rose 505 N. Gray St. in Pampa on Saturday afternoon. Hostesses were Mesdames Rose, D. R. Weston, J. M. Fitzgerald and Miss Virginia Vaughan. In the receiving line were Miss Scheihagen, her mother, Mrs. W. R. Scheihagen of Hereford, and Mrs. Rose Earl Seitz presided at the guest book and Miss Vaughan was in charge of gifts. Maroon daisies centered the tea table which was laid with an embroidered organdy cloth. Appointments were in silver with Mrs. Arthur Teed, Mrs. Robert Stanford and J. B. Massa presiding at the silver service. Heart shaped sandwiches and other tea delights carried out the romantic theme. Musical entertainment was given during the afternoon by Misses Hilda Burden, Barbara Walters, and Mickey Casada. Approximately one hundred guests registered during the calling hours between 4 and 8 o'clock.

PERSONALS

EXPECTED

on telephone bills," the company's announcement stated. What the "adjustment" would include was not made clear, and local telephone officials did not know. Bills will probably be sent out early next week, Mrs. Sears predicted. All billings come out of the Dallas office. End of the strike Saturday was marred momentarily by orders which went out from Union headquarters to operators not to cross picket lines of still striking Western Electric employees. However, early settlement of Western Electric strike was predicted, and operators went back to work. The picket-line order would not effect the Hereford exchange at any rate, Mrs. Sears said, since no Western Electric workers are here at the present time, although a crew will probably be sent in if the strike is ended. Users of the local exchange had few complaints regarding local service during the strike, and long distance service for emergency purposes was maintained throughout.

Jail Overflowing As County Court Has Busy Week, Sheriff Reports

Last week was a busy one in county court, and facilities at the Deaf Smith County Jail are becoming seriously overcrowded. Lester Franklin Carter and John Thomas Lisenbe plead guilty to charge of "unlawfully making, printing and writing a written composition manifestly designed to corrupt the morals of youth" and were each assessed fines of \$5 and costs. William F. Craig was convicted of charges of "theft of personal property under the value of \$50 and over \$25," and was fined \$20 and costs. As already reported, Obie Malone was found guilty and fined \$150 and costs on charges of driving while intoxicated, being the ninth person convicted on that charge this year; and Jackie Kearns plead guilty and was sentenced to six months in jail on charges of aggravated assault. The county jail is correspondingly crowded. Awaiting trial on forgery charges, Mrs. Mildred Glasscock and John W. Haney are now being held. Haney was arrested at Dickens after an unsuccessful attempt to pass an allegedly forged check at the First National Bank in Hereford. He presented a \$400 check here. V. O. Hennen, cashier at the bank, became suspicious and called the Sheriff's office. Haney immediately took to his heels, and was arrested the following day at his home in Dickens and returned to jail here. Another forger, Joe McCreary, under indictment already in this county, was returned to Deaf Smith jail from Amarillo Monday, adding to the already complicated housing problem at the jail. McCreary has been convicted and sentenced for forgery in Potter county, and will await trial in District Court here.

Youth Revival Is Planned At First Baptist Church Soon

Young people of the First Baptist Church are planning a Youth Revival to open here on Sunday, June 8, Sam Allen, educational director of the church, announced this week.

"It is the aim of these youths to see that every young person in Hereford knows about Christ and the principles of living as shown by His wonderful example while on earth," Allen said.

Ray Clifton Thompson, pastor of the First Baptist Church at Memphis, will speak each evening, and Bob Kistner, formerly of Canyon, is music and youth director, will lead the singing and conduct fellowship services during the revival.

Mrs. Kistner will also be present and will help with the music program.

The executive committee of young people in charge of planning the revival includes Phil Goldstein, Frances Young, Cecelia Greenman, Mary Estelle LeGrand, Betty Kathryn Hodges, John Davis Owen, and Marjorie May. They are chairman of the planning committee, which includes Prospect committee, Phil...

Now that the

telephone strike is over

The strike is over and our employees are back on the job. Service, both local and long distance, is returning to normal.

TO THE PUBLIC WE SAY: We are genuinely appreciative of your patience and your willingness to co-operate during the work stoppage.

We thank the thousands of telephone people, supervisors and others, who put in long and arduous hours in the effort to continue to give emergency service. To these people who carried the load when the going was tough we are most grateful.

To the returning workers, in all departments we say: Welcome back. We are glad to have you again at your posts. Let's all forget the strike and get back to the job of furnishing telephone service.

NO CHARGE FOR INTERRUPTED SERVICE
Telephone users in Hereford will not be charged for exchange service for the period of the emergency. An adjustment will be made on telephone bills.

TSCW Will Hold Open House for Ex-Students

DEBENTON, May 21.—Texas State College for women will throw open its doors Saturday, May 31, to welcome the hundreds of former students and graduates planning to return to the campus for their second postwar homecoming.

A full program of activities for the day has been planned by the Homecoming Committee and the Ex-students Association.

The day will begin with an Ex-Students breakfast in one of the campus dining rooms. Following registration, a business meeting will be held in the Science Auditorium, with Mrs. Herbert C. Hale, Dallas, president in charge. The afternoon will be free for sightseeing on the campus and for visiting classmates, friends and teachers.

The banquet will feature Miss Beatrice Fields, Tulane University, guest speaker. A musical program will be given and the new state officers will be introduced. A special table will be arranged for daughters of TSCW who are attending the banquet with their mothers.

Honor classes for the homecoming are those of 1907, 1917, 1927, 1937, 1947, and 1957, which is celebrating its twenty-fifth anniversary. Members of the class will be special guests of

Around Town

(Continued from Page 1)

We owe thanks to a lot of you. First to the telephone operators who put through long distance calls in record time in spite of the strike, to such points as Vega, Summerfield, Black, Dawn, Dimmitt, Amarillo, and Friona—and to the folks at the other end of the line who supplied us with reports from their neighborhoods. That's the way newspaper stories of such events are pieced together.

And we owe thanks to people like Faust Collier and Hugh Cleaman of the county architecture offices, and Leo Forrest and Finis Owen of the REA, and to local insurance offices, for helping us collect damage estimates and reports.

And then there are dozens of people who came in to town from rural areas and dropped by the Brand office to give us eye-witness reports of the storm, and others who called 30 to pass on information of one kind or another. The presses at The Brand start rolling, ordinarily, at 12 o'clock noon on Thursdays, and usually a couple of hours is required to get last minute stories set in type and on the press. That's the reason for the ten

the ex-students for the days activities.

o'clock deadline. But on occasions such as this, we kept on gathering reports until just at noon, in order to give our readers as full coverage as possible.

The story wouldn't be complete without mentioning our amateur photographers, some of whom always seem to be on the spot when something important is taking place. Three of them contributed the photos in this issue of The Brand.

We of the Brand staff are sorta proud of the way folks around town, and around the county as well, seem to feel that they are part of The Brand too, and The Brand belongs to them—which, of course, it does. Its your newspaper, folks, and to a great extent, it's just as good a newspaper as you help to make it.

Jack Wilson, just back from a fishing trip, was bragging about the 60 channel cat he caught—and getting away with the story, joo, until too much success went to his head and he said a few words too many. The remark that broke the camel's back: "They were the prettiest little yellow things you ever saw."

Bruce Wooddell, who's now Hereford's chief dog wrangler, apparently, in addition to his other duties, is another victim of the "hoof and mouth disease." Bruce complained publicly that he hadn't caught a dog yet. A trio of "pals," Fred Pierce, Dub

Reeves, and T. J. Clay, rounded up the biggest, shaggiest mongrel they could find and tied it inside Wooddell's car. Bruce is still trying to get rid of the excess hair. Pierce & Co., however, still haven't collected their two-bits reward for the capture.

by Miss Thelma McMinn. Mr. Bass' address will follow, followed by the presentation of diplomas to the graduates by Leo Forrest, president of the Board of Education.

Supt. George Graham will introduce the honor students, J. L. McFarling Jr., valedictorian of the class; and Anne Morgan, salutatorian; and announce awards and scholarships.

The school song, in which the audience will join, will close the program.

The largest previous graduating class in high school history was the class of 1943, when 64 Seniors received diplomas.

The first class to graduate from Hereford High School was in 1906 (see pictures on Page 1, Section 2).

east of the Oceanographer place, and about four and a half miles southeast of Hereford, was smashed by the storm. The roof was blown off the house, barns and fences flattened, and trees up-rooted.

The roof was partly torn off the W. M. Clingan home.

Nolie Ellison reported two granaries overturned and trees up-rooted.

At the Ira Scott farm, a windmill tower was wrecked and a truck and combine damaged.

G. W. Newsom, five, and a half miles southeast of Hereford, reported an 8-inch tree between his house and garage but damaged neither building. Across the road the storm flattened a cement block implement shed and damaged a tenant house on the Trawick farm.

The tornado struck the E. B. Berryman farm in the Frío community, damaging the roof of the Berryman house. Seventeen window panes were broken, the chicken house and brooder house completely destroyed, and several trees up-rooted.

Some damage was also reported from the C. F. Wheeler and H. F. Benson farms. Benson's fuel tank was blown down and a granary damaged.

At the A. H. Frye farm near Dawn, the tornado took the roof off the house and barns and overturned a windmill tower.

At the Floyd Walton farm, also in Dawn community, several windows were broken, a windmill tower overturned, and a tin granary blown away.

Minor damage was reported from the H. V. McCabe farm.

At the George Paetzold farm south of Hereford, a barn was wrecked and trees up-rooted. John Paetzold reported loss of a windmill tower and outbuildings.

The roof of the Chester Cox house was blown away and a barn wrecked.

An hour earlier, at about 5 o'clock on Wednesday afternoon, three twisters were sighted north of Hereford, all moving in a northeasterly direction.

Leo V. Gallagher, who lives north of Hereford, reported that he was caught in the path of one of the tornados. Mr. and Mrs. Gallagher climbed into a pickup and dodged the storm in an open field for several minutes.

The twister struck wheat fields in that area, causing considerable damage.

Only property damage reported from the north was to the V. T. Glenn house south of Vega.

A committee appointed by the growers to carry on negotiations for a gin, composed of Dr. G. W. Heard, Lee Little, C. N. McClure,

C. N. Crosby, and Curtis Trawick, met Tuesday night with Chamber of Commerce Secretary Pete Cowart, Roan, and local men who have indicated a desire to open a gin. Roan told the group flatly that if no one else would establish a gin, he would, and said that he was only waiting for the other parties to make up their minds.

Hail Takes ...

(Continued from Page 1)

Hereford, reported an 80 per cent wheat loss from Wednesday's hail storm.

Era Norton, who had 223 acres of wheat south of Dawn, reported his loss near 100 per cent, and Henry Sears, in the same area, reported heavy damage.

In the area south of Hereford, where tornado and hail damage was combined, losses were estimated from 30 to 40 per cent.

Frío Community, in Castro county, however, reported only minor hail damage.

Leo Coffin reported the loss of 60 acres of onions 2 miles east of Hereford.

Little damage from hail was reported northwest of Hereford. Heavy damage to wheat was reported from the Black area. West of Hereford and at

Umberger, to the east. A heavy hail storm which circled Hereford to the east Sunday afternoon is reported to have caused considerable damage in the vicinity of Way-side, in Swisher county, and east of Canyon.

Latest weather casualty reported was the loss of over 300 acres of newly sprouted sugar beets in the strong windstorm Tuesday. J. B. Noland and Alfred Hopson have reported heavy loss of beets, and are busy replanting the crop this week.

Streu's Diary

May 22, 1947

DEAR DAIRY:

Every year around about this time, comes the grand event in every kid's life—GRADUATION. It is fitting that they graduate in the spring—the spring of the year when nature has done its best to make all things the most attractive. The grass is green, the flowers blooming, the fields showing promise of harvest to come. Our graduates also are showing the bloom and the promise of harvests of ideas, achievements, and ideals to be. My congratulations to all you graduates for the things which you have accomplished, and may success crown your efforts as you follow life's trail.

Following graduation ceremonies come camps and fishing trips and hot weather and picnics and lots of work. Following Streu's traditional background, we have, this year, the hardware items needed to enjoy the pleasures associated with the summer season and the tools to make necessary work less burdensome. To-wit:

Picnic grills and the charcoal to use in them — Trout fishing equipment — fly lines, leaders, scented hooks, fly reels (both automatic and regular), line dressing, and a great big shipment of Weber trout flies—these won't last too long, so get your assortment picked out early.

Now to turn to the items need-

ed for working—full line of garden and lawn tools, hose, sprinklers, etc. Pruning shears and saws, lawn mowers and hedge trimmers.

For the harvester—Tractor umbrellas, tractor seat cushions, full line of wrenches, pliers, punches, chisels, hammers, vises, gear pullers, files, bolts, water kegs and water bags, and hundreds of small items so necessary to the comfort of the worker and the operation of various farm implements.

Had a complaint the other day from one of our customers—seems that his wife bought some of that Weed-No-More dandelion killer — sprayed the dandelions and killed every last one of them. The Complaint — well the man said "No more dandelion wine". Which goes to show you that what may please one may not please another.

Coming soon — all sizes hip boots for fishing.

Have one big RCA Victor radio-combination job. It is a beautifully finished walnut cabinet with a 12 tube radio and automatic record changer. See it!

Got a lot of other things I would like to mention, but I only hired so much space and I think the above will fill same. If you are not satisfied with the things I have mentioned, come in and make out your own list.

Bill Stephenson was president of the class, with Earl Greathouse vice-president; Billy Jo Cluck, secretary and treasurer, and Mrs. Sam Hunter, sponsor.

Wildorado High Graduates Four Seniors Sunday

WILDORADO, May 19—Baccalaureate and commencement exercises for the graduates of Wildorado High School were held Sunday at the High School auditorium.

L. E. Godwin delivered the baccalaureate sermon at three o'clock Sunday afternoon.

Commencement exercises were held Sunday night at 8 o'clock, with Earle Fischer giving the address.

Alice Galbraith was valedictorian of the class, and Lawana Glyn was salutatorian.

Senior graduates were Alice Galbraith, Lawana Glyn, Maurine Atchley, and Glen Green.

Eighth grade graduates were Rita Tapscott, Billy Joe Broadus, Robert Galbraith, Charlie Grantham and Henry Batenhorst.

CENTRAL SCHOOL CLASSES CLOSED HERE WEDNESDAY

Classes at Central School closed yesterday afternoon (Wednesday), according to Principal Rual Ford.

Pupils will return to school tomorrow morning (Friday) to receive report cards, check in books, and complete the final details of closing the school term.

S. F. Williams, his son Chet, Williams, and grand son Frankie, owners of Box Car ranch, are here from their homes in Phoenix, Arizona. Chet Williams is assistant attorney general of the U. S., with the state of Arizona under his jurisdiction.

Home gardening calls for a constant fight against insects. Local county Extension agents can explain details on spraying and dusting to combat garden pests.

HEREFORD HIGH SCHOOL'S FIRST GRADUATING CLASS

Pictured above are members of the first graduating class from Hereford High School. The year was 1906.

The photograph from which the above cut was made was presented to Hereford High School recently by Mrs. W. A. Vaughn in memory of her brother, Earl Kibbe, deceased, who was a member of the class.

Mrs. Vaughn herself was a pupil in Central school at the time this photograph was made.

In the photo, left to right, the 1906 graduates are: Front row: Patty Estes, who is now married and living in Weatherford; Leta Boone, now Mrs. Paul Barnett of Wichita Falls, daughter of Mrs. J. M. Boone of Hereford; Bessie Lay, who died in 1924; and Audrey Argo, now Mrs. Alex Thompson of Hereford.

Back row (standing): Earl Kibbe, brother of Mrs. W. A. Vaughn, who was drowned while swimming in a lake near Hereford a year after graduation; Myrtle Witherspoon, who died in early '20's; D. W. Hawkins, Superintendent of the School in 1906 and one-time editor of the Brand; Pauline Hughes, who is now Mrs. Fred Millard of Hereford; Sam Bratten, who is now high in New Mexico political circles; and Nellie Robinson, who later became Mrs. Ben Hubbard, now deceased, a sister of Jim Robinson of Hereford.

Alex Thompson reports that he was in the audience, but did not make the photo.

Baccalaureate Services Held Sunday Night for Local Class

Baccalaureate services for seventy-five Hereford High School seniors inaugurated Commencement Week last Sunday evening at the High School auditorium.

A capacity crowd of parents, friends and guests of the graduates filled the auditorium for the ceremonies.

Rev. Roy W. Ford, pastor of the First Christian Church, delivered the Baccalaureate address.

Seniors in traditional cap and gown of maroon and white, the school colors, filed to their places in the auditorium to the impressive strains of the processional march, played by Mrs. Ellis Coombes.

Twenty-four members of the class who are also members of the High School chorus marched to the stage to take their places with the choir for a final performance.

Following the invocation, delivered by Rev. R. H. Cagle, pastor of the First Baptist Church, the chorus sang two numbers, "The Lost Chord" and "The Lord's Prayer," followed by a vocal solo, "My Task," sung by Jim Worrell.

Rev. Ford's address followed the musical selections, and the benediction was pronounced by Rev. Russell Winger, pastor of the First Presbyterian Church.

Commencement exercises for the class will be held tonight (Thursday) at the High School auditorium at eight o'clock.

Harvesting at the right time means better vegetables on the dinner table. Good harvesting tips: summer squash is ready when about half grown, when the shell can easily be pried with the thumbnail; beets are ready when 1 1/2 to 2 inches in diameter; sweet corn when the silk is dried almost back to the husk.

Ninety-Three To Graduate From Junior High

Ninety-three Junior High school students will be graduated into Hereford High School at formal graduation exercises at the High School auditorium Friday afternoon, H. V. Stanton principal, announced this week.

Leo Forrest, president of the Board of Trustees of the Hereford schools, will deliver the graduation address to the class.

Exercises will begin at three o'clock tomorrow afternoon (Friday), marking the close of school for the current term.

Valedictorian is Joyce Harlow. Salutatorian is Patsy Wiltshire.

Santa Fe Offers New Fast Passenger Service On Grand Canyon Limited, Beginning June 8

Courier Nurse service and a complete range of sleeping car accommodations including drawing rooms, compartments, bedrooms, roomettes, open section berths and streamlined coaches, will feature the new and faster Diesel-powered train. The Grand Canyon, which will be placed in service on the Santa Fe June 8, H. C. Vincent, traffic manager, Amarillo, said today. As originally announced, the

train will replace the present Grand Canyon Limited and will make available to the Texas Panhandle and New Mexico a much faster train, without extra fare, between Chicago and the Pacific Coast.

When the new train enters service, two of the sleepers in the train will be of the heavy-weight type but the balance of equipment will be streamlined. T. B. Gallaher, general passenger traffic manager, Chicago, advises. Gallaher, prominent in railway activity in this territory for a number of years before becoming head of the passenger department, declared it was the aim of the railway to provide as much improved service for this territory as soon as possible and to meet the summer travel season. That is the reason, he said, that the new Grand Canyon will be placed in service before a complement of streamlined cars is available. Delivery of some of the cars has been delayed but the train will be completely streamlined as soon as necessary equipment is received. This is expected before the summer is out, he added.

The new train will provide a service of 48 and three quarter hours between Chicago and Los Angeles and 48 hours east-bound. The time between Chicago and San Francisco, will be slashed more than fifteen hours.

The degree of acidity of the soil, and the kind of plants to be grown, determine whether or not the land needs lime. Soil acidity is expressed in terms of pH. For most legumes, soils which have a pH of less than 6.5 need enough lime to bring the pH to that figure.

Dr. Foreman Will Deliver Second Radio Sermon

"The God of All Comfort" will be the subject of Dr. A. D. Foreman Jr., next Sunday morning, May 26, in his last of two messages on the current series of the Baptist Hour, as announced by the Radio Commission, S. B. C. S. F. Lowe director, Atlanta, Georgia. Dr. Foreman, a native of Houston and graduate of the Southwestern Seminary at Fort Worth, is pastor of the First Baptist Church, Amarillo, Texas.

Mr. Lowe stated that "since this message of Dr. Foreman will offer spiritual help to all who have burdens, or blasted hopes, it will be of interest to every one, old and young."

According to the Atlanta announcement, the Baptist Hour, now in its sixth year, is broadcast over a network of 59 independent stations, giving radio coverage to the territory from Maryland to Florida and Westward to include Texas, New Mexico, Oklahoma and Missouri, and is heard around the world by shortwave.

The Baptist Hour may be heard in Texas over the following radio stations: KGNC, Amarillo; KRIC, Beaumont; WFA-A, Dallas; KPRC, Houston; and WOAI, San Antonio, at 7:30 a.m. C. S. T. the following Sunday.

LUBBOCK — Dr. W. M. Whyburn, president of Texas Technological College, has been named honorary vice-president of the Texas State Fair Association.

West Texas Gridders to End Spring Training With Game

CANYON, May 19—C. W. Reeves of Hereford will take part in the final intra-squad tilt of the spring training for the West Texas State Buffaloes at Canyon, Friday night, May 23.

The game will climax a day of athletic activity at the Canyon college.

At 4:30 o'clock, Friday afternoon, there will be an interpretation-of-the-new-rules session for all Panhandle coaches and officials. In charge of the session will be Stina Cain, Jess Cearley, Corkey Cornelius and Haskell Folsom.

Following this, at 7 o'clock, all members of the West Texas Ac-

tivity Club and special guests will be entertained at a buffet supper at Buffalo Courts, native rock home of the Maroon and White athletes.

Coach Frank Kimbrough will extend the welcome at the supper to be followed by a talk given by Gene Howe, publisher of the Amarillo Globe-News.

Coach Gus Miller will present a discussion of further athletic plans for West Texas State.

At 8:40, fans will see a preview of the 1948 Thundering Herd at Buffalo Field. The famed Buffalo Band will present pre-game and half-time performances.

The game will be open to the public. There will be no admission charged.

Officials at the grid clash will be Jess Cearley and Haskell Folsom, referees; Corkey Cornelius and Stina Cain, umpires; Cecil Smith, Charlie Duval and Bill Teal, head linemen; and Bill Ferem, Hatcher Brown and Lee McLaury, field judges.

All new rules will be employed in the game, which will end training until September 1.

Fourteen Seniors Graduated From Bovina Schools

BOVINA, May 20—Fourteen seniors received diplomas from Bovina High School in commencement exercises at the High School auditorium last night (Monday).

Baccalaureate services were held Sunday, with Rev. York of Bovina delivering the baccalaureate sermon.

Don Bales, of Radio Station KECA of Clovis, delivered the Commencement address on the following evening.

Members of the graduating class were Tom Bonds, Durwood Bell, Louise Fuller, Mary Alice Engiant, Bobbie Edwards, Eugene Hawkins, Howard Ellison D. C. Looney, Charles Ross, Layce Marie Trimble, Martha Williams, Stacey Queen Jr., Robert Read, and Charles Shanks.

The commencement program was opened with the procession by Mrs. W. O. Cherry, followed by the invocation by Rev. York. A song by the girls chorus, the welcome address by Durwood Bell, and an accordion solo by

COLLEGE STATION, May 19—Running a test on the steam gauge of the pressure cooker now will save many a housewife trouble during the canning season.

Correct operation of the pressure gauge is all-important in home canning, say Miss Gwendolyn Jones, food preservation specialist of the Texas A and M College Extension Service. Proper processing of low acid vegetables and meats depends on whether the gauge registers correctly. If the gauge is "off" warns Miss Jones, food may be under processed and lost by spoilage, or it may be overcooked, which results in loss of food value and flavor.

A widespread of native Texas trees around farm buildings gives protection to livestock and poultry in the winter, and plenty of good shade in the summer.

Hereford Lions Club to Hold Election Of New Officers and Directors Next Week

Members of the Hereford Lions Club will vote next Wednesday, May 22, on new club officers to be installed in July.

Reports of the nominating committee were heard last week, and campaign speeches for the nominees were made by members assigned to that duty at the noon luncheon yesterday.

Nominated for the office of president to succeed Howard Gault are D. C. Kinsey, present vice president, and Bill Davis. Assigned as their campaign managers are Jim Kirby and Wayne Evans.

For vice president, Owen Bybee and Urlin Streu have been nomi-

ated, and Paul Harvey and R. C. McGilvary have been assigned to act as their campaign managers.

Other nominees, and their campaign managers are:

For secretary, Bill Phillips (Pete Cowart) and Dub Reeves (Ernest Kendall). Phillips is the present secretary.

For Tall Twister, Bill Smith (Tel Crosby) and W. B. Wilson (Harry McCauley). Duward Roberson is the incumbent.

For Lion Tamer, Bruce Woodell (Grant Fuller) and H. M. Thomas (Robert Thompson). Jim Snelson was elected Lion Tamer, and has not been re-

placed since he moved from the city.

For Directors (two to be elected) Dr. Will Graham (Ray Conaway); Dr. L. B. Barnett (Jack Kirksey); Sylvester Slagle (Lyle Blanton) and Ben Ezell (Guy Lawrence).

Hold-over directors are Wayne Evans and Alex Thompson. Retiring from the board are Bob Wilson and Glenn Snyder.

When a garden is watered, a deep and thorough soaking, as by a fairly heavy rain, is better than more frequent light sprinklings.

SCS Office Offers Advice on Control Of Land Erosion from Heavy Rains

The following article, prepared by the local Soil Conservation office, will be of interest to local farmers and land owners.

Fast heavy rainfalls, such as those of last October and that of May 14, during which 3 inches fell in less than 3 hours, usually result in soil losses on sloping land. Fields with slopes greater than 1 per cent of 1 foot in 100 feet distance, should be handled carefully if one would prevent washing. Particularly is this true of land which is under irrigation.

Most of the soils of Deaf Smith County are of the clay loam type. They can and will readily absorb water to a depth of about 12 to 20 inches. Thereafter it soaks in much more slowly. Thus, land

having a slope of 1 per cent or greater, which has recently been irrigated may absorb very little of a heavy, fast rainfall if it is bare of any vegetation, old stubbles, or crop litter. This was found to be true of some sloping fields around Hereford after last week's rain.

One of the most desirable ways of preventing such erosion losses on sloping lands in cultivation is to make a practice of planting such land to close-growing crops such as small grains, alfalfa, or cultivated pasture grasses. Such crops form a mat of roots and stems which catch and hold the soil particles on their way down the slope. This is true whether the water is natural rainfall or supplied from irrigation wells.

Home-Grown Wool Blankets Are Now Product of Smith Ranch at Slaton

COLLEGE STATION, May 15—Judge C. Smith of Slaton was "forced" into the sheep business, made the best of it, and started something.

Jason O. Gordon, who was Lubbock County agricultural agent when all this began, says that Smith became interested in sheep several years ago and started feeding out lambs. He did all right for a while, and then along came a dry year and a feed shortage and Smith de-

ecided he better get out of the sheep business. So he sold his sheep.

That is, he sold all but five old ewes which the buyer would not take, because he said "they would be dead before they reached the market."

After figuring awhile, Smith couldn't see but one thing to do. He turned around, bought a ram from the same buyer, took his six head of sheep home and got back in the sheep business.

Things came along nicely and Smith built his flock back up to 30 ewes. Then Mrs. Smith decided she wanted to be partner in the sheep business. She voted against sale of the wool clip, and Smith hasn't sold a pound of wool since. They ship it to a wool manufacturer and have fancy blankets made, which are very handy things to have when winter comes to Slaton, Texas. Now the Smiths have blankets all over the place; so have all their married children; and Mrs. Smith has solved one of her bigger problems—Christmas presents for friends and relatives.

Jason Gordon, who told this story, didn't say whether he recommended a flock of sheep for home grown blankets, but he did say that the Smiths get a lot of fun out of their sheep business. Keeps the weeds down on the farm, too.

Another Letter to the Editor from

The Bootleg Philosopher

EDITOR'S NOTE: The self-styled "Bootleg Philosopher" was evidently serious last week about writing for the Brand, even though we warned him that the pay would be even less than the current minimum wage scales for Dollar-a-Year men; and sends along his picture, with some comments that reveal a considerable ignorance of international finance, as well as indicating that J. A. is somewhat behind the times with his reading. However, we have had a little comment on his last week's letter, most of which we wouldn't repeat in public, and have decided to give him a little more rope:

Dear Editor:

I read in a copy of the Amarillo News which I got in town Saturday wrapped around some shoes which I had Alan Poulson half-sole a while back and just got around to payin' for, where England has negotiated a loan from the United States and the terms was so interestin' to me I have been wonderin' why we can't have some bankin' like that in Hereford.

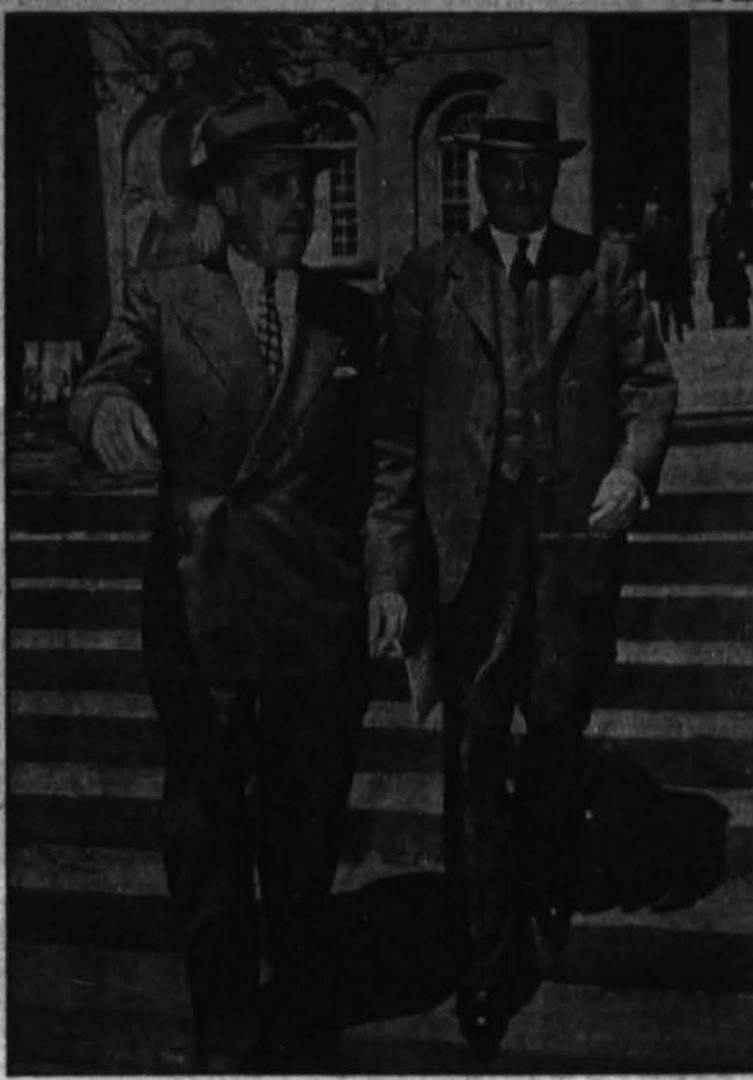

As I understand it the United States is loanin' Great Britain four billion dollars, and won't no interest start until 1951 and when it does start it will be 2 percent, with the provision that England can ignore the

interest if her exports fall below 60 percent of what they was immediately before the war started.

Now there's a system of bankin' which I admire and I would like to know why Banker Hedrick don't get his bankin' principles up on the international level and really do some business.

If the bank will loan me money without no interest until 1951 and none then if my farm don't produce 60 percent of what it did before the war, and I figure I can arrange to keep my production down to that figure without no effort at all to speak of, there ain't no tellin' how far I could go

or how much business the bank could do with me.

I understand the United States is makin' this loan because it is worried about England goin under and the same thing would apply in my case. I could meet them terms satisfactorily. But it is my opinion that England ain't in no serious danger as long as there is Englishmen left that are smart enough to negotiate them kind of loans.

If you know of any bank in this area dealin in international loans I will appreciate you lettin me know as soon as possible and I hope I get there before the money's all gone.

By the way, you can just ignore that idea I had last week about extendin the City Limits of Hereford to Bootleg so we can get some roads paved out here. A feller in town Saturday was tellin me that them paved roads is goin to cost folks some money. I figured this here city pavin' was goin to be the same sort of proposition as this loan to Great Britain, and I ain't afford them terms, but I ain't interested in joinin Hereford if its goin to cost me dues. Since the U. S. Treasury is wantin to get rid of money that way, how

about approachin Mr. Truman on the subject of pavin Harrison Hwy? That's what I call a concrete suggestion, heh heh. Yours faithfully,

J. A. P. S. I need some stamps and some of that there writin paper and how about throwin in a new pencil. —J. A.

All-Purpose Poison For Bean Insects Is Announced

COLLEGE STATION, May 19—This year, for the first time, have an all-purpose poison that promises to control all the major insects and diseases

The School of Veterinary Medicine will confer 30 degrees. Candidate from Hereford is Clifford H. Estes, who is scheduled to receive a bachelor of science degree in agriculture.

that hits snap beans.

The remedy, say Entomologist Paul Gregg, of the Texas A. & M. College Extension Service, is merely a new mixture of 3 already well-known materials—DDT, rotenone and sulphur. The DDT kills leafhoppers and beetles, including the black-spotted mahogany-colored bean beetle that feeds on the plant leaves; the rotenone gets plant lice; and the sulphur controls the disease, powdery mildew.

Recommended time for dusting the mixture is two weeks before the beans come says Gregg, followed with a second application when the crop is

in full bloom. If the dust is applied before the bean pods are formed, it cuts down danger of trouble caused by poisonous residue left on the crop.

Gregg emphasizes that the mixture is an all-purpose insecticide only for one crop, beans. But in field trials conducted by the U. S. Department of Agriculture last year, the DDT-rotenone-sulphur combination upped bean yields as much as 87 to 99 bushels an acre.

Is That MILK Really Skimmed?

The tiny globules of butterfat in milk and cream are literally liquid gold. The dairy industry in 1945 produced \$3,632,146,000—or about 15% of the national farm income. Butterfat plays a big part in creating that wealth. That's why the milk you feed your hogs should be separated carefully. The butterfat is much too valuable to you to pour it into hog troughs along with the skim milk.

In more than three centuries, the American dairy industry has come a long way. But there's still a lot of hand-skimming—just the same way the Pilgrim Fathers skimmed their milk. That hand-skimming costs producers plenty, averaging 22% lost butterfat. Surveys show water-diluter separators lose an average of 18% of the butterfat, produce lower grading cream.

But mechanical separators, correctly adjusted and operated, will save all but a very small percentage of the butterfat. Moreover, tests have shown that producers who use mechanical separators market up to 71% of first-grade cream, while only about 40% of the hand- or water-separated cream marketed is first grade.

Thus, with even only three cows, a mechanical separator can pay for itself in as little as six months and begin earning a profit. The five minutes a day it takes to wash and sterilize a separator pays out well in dollars and cents.

Of course, there's a lot more to milk and cream quality than the method of separation used. It begins with healthy cows. Cleanliness every step of the way, quick cooling and frequent marketing—all count heavily. Nearly all state agricultural colleges offer detailed bulletins of improvement of the market value of milk and cream. They are profitable reading.

- 5 tablespoons cocoa
- (or 2 squares chocolate)
- 1/2 teaspoon soda
- 1/2 cup milk
- 1 cup broken nut meats

Beat egg. Add sugar gradually. Beat hard and add. Beat. Add vanilla. Alternately add sifted dry ingredients and milk. Add nut meats. Drop from teaspoon on ungreased baking sheet. Bake in a moderately hot oven (400° F.) 10 minutes.

Early Cut Hay is Better Feed

As Reported by Mark A. Shipley University of Nevada

Steers wintered on meadow hay cut early in the season gained 151 pounds per head while a similar lot of steers fed late-cut hay lost 2 pounds per head. This interesting information is revealed in a report of an experiment conducted by the University of Nevada.

The two lots of steers averaged 535 pounds at the start of the feeding experiment in November. They were weighed again at the end of 100 days with the above result.

The hay classed as early cut was put up on July 10, and that classed as late cut was harvested on September 10.

After the 100-day period, all the steers were shipped back to the summer range which they had been on the previous summer. They were marketed in September. By that time, the lot fed the early-cut hay weighed 69 pounds more than those fed late-cut hay, according to the Nevada report. At 15 cents a pound, the extra gain was worth \$10.35 more per steer.

at Swift & Company means improved nutrition for the nation... and nutrition is our business, and yours!

*Swift & Company cooperates with U. S. Department of Agriculture-Dairy Industry long term program; works with state departments of agriculture, college extension services, boards of health, 4-H Clubs, Future Farmers, American Butter Institute and other organizations interested in improving the quality of milk and cream. Soda Bill Sez:

... in order to make his dreams come true a man has to be wide awake. ... that usually the less a man knows, the more he wants to tell it.

The Not-So-"Good Old Days"

In the "good old days" maybe your grandfather butchered three or four steers. The beef that he didn't need for his own use he could peddle without much trouble.

Today his grandson—perhaps it's you—may produce 30 or 300, or possibly 3,000 steers a year. It would be out of the question for you to butcher them yourself, and an utter impossibility to peddle from door to door all the beef you'd have. So you send your steers to market. There they are purchased by meat packers with facilities to handle thousands of head a day. There they are converted into meat. There's a minimum of waste. By-products are turned into useful products. And the meat is distributed to markets near and far, each weight and grade going wherever it will sell best.

Without the services of nationwide meat packers, such as Swift & Company, there would be no efficient, economical way to bridge the more than 1,000-mile average gap between producers and consumers. Without these services, livestock would have to be shipped long distances, cost of dressed meat would be higher; and consumers could not afford to buy as much meat, nor would they be as well fed.

Things are NOT always as they seem

That square seems to be a solid block of gray. But look at it closely and you find it's made up of many individual dots. Similarly, when some people "look at" Swift & Company, they see a big corporation. But if they look closely, they will see that Swift & Company is PEOPLE.

Sixty-three thousand individual people (shareholders) who have pooled their savings to create and operate this business. Sixty-six thousand individual people (employees) who work for the company—livestock buyers, workers in plants, salesmen, office workers and managers. Their combined efforts create a market for your livestock, dairy and poultry and other agricultural products, and provide nourishing foods for the tables of America.

Retire That Rooster

You'll get eggs that grade higher if you get rid of the roosters in your flock at the end of the breeding season. Infertile eggs keep better in hot weather. If non-producing hens are culled out at the same time, you'll save considerably on feed costs.

With more and more eggs being purchased on a graded basis, quality and cleanliness mean increased income to producers. The way to get uniform high-quality eggs is to keep your flock confined to the hen-house and yard, use dry litter, feed a balanced ration, gather eggs several times a day, keep them clean and cool, market them frequently.

Frio

BY MARGUERITE MOBLEY
A cyclone struck the E. B. Berryman home last Wednesday afternoon. The roof of their house was damaged and seventeen windows were broken. Their chicken house and brooder house were completely destroyed and several trees uprooted. The storm also did some damage at the C. P. Wheeler and H. F. Benson farms. Mr. Benson's fuel tank was blown down and trees up-rooted and a granary damaged. Heavy rains and some hail also fell in this area, but there was no hail damage. There were 84 in Sunday school Sunday. The revival meeting starts next Sunday, May 25. Everyone is invited to attend the services. Several people in this community helped Rev. and Mrs. Allen paper the house formerly occupied by the A. E. Barnett family. The Allen's moved in Thursday. Mr. and Mrs. W. H. Thompson and family and Mr. and Mrs. Raymond Adams and family Sunday dinner guests in the M. B. Odum home at Dimmitt. Sunday dinner guests in the H. F. Benson home were Mr. and Mrs. D. C. Benson, Mr. and Mrs. Henry Benson of Hereford, Mr. and Mrs. Jodie Benson and Myrna Kay of Dimmitt, Mr. and Mrs. J. E. Andrews and Alma, Frances and Veradelle Andrews, and Rose Marie Yandell. Lester Irwin was a guest of Clark and James Dobbs Sunday. Mr. and Mrs. Henry Dobbs and family and Lester Irwin went to Canyon Sunday afternoon and went through the Museum. Mr. and Mrs. R. L. Simpson, Mr. and Mrs. J. H. Simpson, Mr. and Mrs. J. E. Warrick, Mr. and Mrs. Elza Warrick and family, and Mr. and Mrs. E. E. Lindley and Christine attended the funeral of Mr. Shirley at Friona Sunday afternoon. Mr. and Mrs. Lee Dowdy of Oklahoma City spent last week in the L. D. Irwin and Luther Dowdy homes. Mr. and Mrs. Hays and sons visited in the C. P. Hays home Sunday. They were all dinner guests in the Hubert Smith home. Mr. and Mrs. T. L. Spackman Sr. spent part of last week in San Angelo visiting Mr. and Mrs. Andrew Gilliam. Mr. and Mrs. H. D. Robbins visited in the W. S. Littrell home Sunday afternoon.

Mr. and Mrs. J. E. Andrews and Alma, Mr. and Mrs. W. H. Andrews and family, and Mr. and Mrs. Owen Andrews and family went to Melrose last Thursday to attend the High School graduation exercises. Eula Mae Andrews is a member of the graduating class. Mr. and Mrs. E. B. Berryman and family were called to Wellington Saturday to the bedside of his father. Miss Marcia Robbins returned home Friday from Claud, where she has been employed as a first grade teacher for the past year. Mr. and Mrs. Raymond Mobley were Sunday dinner guests in the home of Mr. and Mrs. H. M. Mobley and family. Mr. and Mrs. C. E. Roberts of Wellington spent Thursday in the home of their daughter and family, Mr. and Mrs. R. L. Simpson and Nellie Joe. Mr. and Mrs. Earl Cole and Floyd were Amarillo visitors Friday. Several members of the community helped E. B. Berryman repair the damages at his place Thursday. Ben L. Millen of Plainview was a dinner guest of Mrs. H. M. Mobley and family Thursday. Mr. and Mrs. Charles Pennington and son of Dimmitt were Sunday dinner guests in the L. D. Irwin home. Mr. and Mrs. Earl Cole and Floyd were Sunday dinner guests in the W. S. Littrell home. Mr. and Mrs. Luther Dowdy and son spent the week end in Oklahoma City. Mr. and Mrs. W. A. Springer and Charles were Sunday dinner guests of Mr. and Mrs. Elbert Summers and Clint at Hart.

HEREFORD, TEXAS

TO ALL FARMERS IN THIS TERRITORY:

In taking over the ALLIS CHALMERS agency for this territory we are well aware of our responsibility to the farmers who depend on modern power machinery for their living. Of course with us as well as with other dealers, machinery will be far short of the demands for this year. We are making every effort to secure all of the machinery possible and sincerely hope that it will soon be coming through. We would like to make this statement at this time—every machine sold from this dealership will be sold at regular established prices — THERE WILL BE NO "GOUGING" OR PROFITEERING ON ANY MACHINERY WE SELL!

We do not have any tractors or combines to sell at this time. We do have a good stock of repair parts and will do everything possible to keep present machinery in this territory running. We also have the famous Snow Spiral grain loaders in lengths from 12 to 24 feet with motors or without. Also tripods and swivel attachments for trucks. We think that this is the best spiral type loader that has ever been offered here.

We are agents for the Kirby Digger—the digger that was engineered and built for this country. We have tractor canopies hydraulic tractor seats, sod plows a few hay mowers for AC tractors, the famous Papec Feed Mill, Farnum Curriollers for livestock and hogs.

We are agents for the Unlaub line of Pulleys and belts. We have in stock almost any size pulley or V-Belt you might need. We also have the Universal V-Belt Conversion for most makes of combines that now use sprockets or flat pulleys—making for quieter, more efficient operation of old combines. We have dozens of other items not listed here. We invite all farmers in this territory to come in and discuss their needs with us. We will make a sincere effort to get what you need.

Deaf Smith County Federation Clubs Closes Activities For Season

Fourth and final session of the year of the Deaf Smith County Federation of Women's Clubs was held at the Methodist Church, Friday. Opening with a luncheon at one o'clock, with The Pioneer, South Hereford, Summerfield and Garden Clubs as hostesses.

clubs, final reports were heard and all business of the organization completed for the year with Mrs. Herman Ford, president, presiding.

After the luncheon meeting a fine-arts program was presented by the Music Study Club with Mrs. J. R. Allison, president and

High School Seniors Entertained Elaborate Flower-Garden Banquet

Mrs. R. P. Conaway program chairman, arranging the program.

Included on the program was a piano number "Juba" a dance from the Suite in the Bottoms by Nathaniel Dett, played by Mrs. Buford Crosthwait, an organ solo, "Kammanoi" (Rubenstein) played by Mrs. W. J. Stanford, "Andalucia" by Lecuone, a piano solo played by Mrs. J. C. McCracken. Mrs. A. C. Thompson played "Berecuse" (Renard) on her violin and Mrs. Troys Carmichael sang "Break O'Day" (Carl Venth). Mrs. Glenn Snyder played "Meditation" by Sturgis.

A choral group from the club made up of Meadames Troys Carmichael, Jeff Gilbreath, Earl Phillips, Harold Close, W. E. Dameron and A. C. Thompson, sang a group of Spanish choruses which included "The Peach" (Mexico), "Estrella" (Brazil), and "Rowing in the Sunlight" (Venezuela).

No meeting will be held during the summer vacation months and the fall and winter schedule will be announced in September.

Miss Irene Crawford, former teacher of English in Hereford High School, was a guest of Mrs. Ida Ricketts and other friends here Sunday. Miss Crawford is a member of the Amarillo High School faculty at present.

Climaxing a round of social affairs complimenting members of the 1947 Hereford High School graduating class, The Women's Missionary Society of the First Baptist Church entertained Friday night with the annual banquet in the social hall of the church.

Elaborate decorations featuring a flower-garden theme, had turned the hall into a veritable garden where all the enchantment of early spring seemed garnered with the artistic arrangement of well-chosen flowers.

The garden, fenced with vines and flowers against "blue of the night" walls, was canopied with a star studded sky where a pale gold moon cast its mellow glow over tables, each representing in miniature garden all its own. Above tables and all about the garden, brilliant butterflies floated in the soft breeze, with one, now and then, poised near a fragrant flower centerpiece. Candle-holders, nut-cups, and place cards matched the table centerpiece which set the theme for each individual table.

Entering the garden from the west, first to greet the eye was the jonquil table, resplendent in all its gold and yellow glory, then the white daisy table, the gladiola table in pale peach, the purple iris, the tulip in all pastel shades, the red-rose table, and the table of pink rosebuds, the carnation table and the table of the water-lilies, all grouped around a center wishing-well, covered with wisteria blossoms and reflecting within its depths the image of each passer-by.

The stage for the program was an elevated miniature of the main garden scene, carpeted and abloom with flowers as if growing there. Tulips and jonquils nodded over the wisteria covered enclosing fence.

Programs were done in blue and gold and both the program and menu carried the flower garden theme.

Sam Allen was master of the garden with Rev. R. H. Cagle, pastor, giving the invocation. Mrs. George Graham, president of the W. M. S. gave "Tossing Rosebuds," answered by Phil Goldston, president of the senior class, with "Flowers in Bloom." A musical trio was presented by Louise Young, Barbara Burney and Patsy Slagle, followed by a musical reading by Mrs. Wayne Evans, accompanied by Wayne Evans at the piano. "Springtime" an accordion solo was played by Mrs. Ethridge Ward Jr., and D. Bill Marshall, president of Wayland College, Plainview, gave the main address of the evening. Supt. George Graham gave the benediction. Dinner music was furnished by Mrs. Sam Allen.

Mrs. Bob Wilson Gets One of Ten National Campfire Honors

Mrs. Bob Wilson of Hereford was one of ten women in the United States to receive National Leadership awards this week from Camp Fire Girls, Inc.

Mrs. James C. Parker, president of Camp Fire Girls, Inc., announced the awards at a meeting of the Board of Directors of the National Council last week.

Mrs. Wilson's citation follows: "In her two years as Guardian in Hereford, Texas, Mrs. Mabel F. Wilson has never missed a meeting with her Shishtinta

Camp Fire Group. For that, and for her work in the formation of a council, she receives this award."

Others receiving the National Awards were:

For her outstanding work in keeping interesting program in progress at all times, Miss Rebecca Rice of Worcester, Mass., is receiving a National Leadership Award. Miss Rice has been a Camp Fire Guardian for ten years.

Mrs. Barton Atkinson of Waco,

Texas, a Guardian for three years receives an award for her outstanding contribution to the progress and development of her Camp Fire groups.

For a high record of service, and the fact that all members have taken rank, Mrs. Dorothea Adams of Wichita Falls, Texas, receives the award. A Guardian for three years, Mrs. Adams' group is notable for its splendid cooperation with other organizations, and its excellent service record in all projects.

An award goes to Mrs. Ida Golt of Los Angeles, Calif., who has been a Camp Fire Guardian for twenty-four years. Her work with her girls has given them more responsibility at home, and has been instrumental in making them better homemakers.

Another Guardian who has served in that capacity for 24 years is Mrs. Madee Kelly of Wilmington, Calif. Her leadership is creative and her cooperation with other Guardians noteworthy.

Mrs. Allen May of Seattle, two and a half years, has done particularly fine work in membership extension. An award goes to her as well as to Mrs. Joy Gaylor of Denver, Colo., who has given excellent service for three and a half years. Other Guardians receiving National Leadership Awards are Mrs. Henry Stewart of Minneapolis, Minn., a Guardian for three years, and Mrs. Jean Palmer Small of Princeton, Ill., a Guardian for eleven years.

TSCW Paper Edited By Phyllis Radovich Wins College Award

DENTON, May 19—In its first year of publication as a daily, the Lass-O, student newspaper at Texas State College for Women has been awarded All-American award, according to word received in Denton this week.

One of the day editors of the winning Lass-O was Miss Phyllis Radovich, a 212 Catalpa, now a teacher in the Hereford schools.

Miss Radovich, a February graduate of TSCW, was Monday editor of the Lass-O. Only the first semester papers were entered in the contest. The paper began its daily publication in September. For ten years previously it has won All-American in competition with schools with enrollments of 2500 to 5000 but this year competed with all the large university dailies in the United States.

Pound of DDT Is Worth Ton of Beef To Texas Ranches

COLLEGE STATION, May 3—A pound of DDT is worth 2,000 pounds of beef to the Texas stockman during fly season this year.

A tall tale? Entomologist Charles A. King, Jr., of the Texas A. & M. College Extension Service, says "figure it up yourself." One pound of wettable DDT powder, mixed in 25 gallons of water will spray about 25 head of cattle. Stockmen who have used DDT spray the past two years will testify that beef animals will put on an average of 80 pounds of flesh as a result of thorough spraying throughout the fly season. When 25 head gain 80 pounds, that's 2000 pounds of beef from one pound of DDT.

King says that the fly season is getting underway now, and experienced stockmen are checking up on spraying equipment and DDT supplies. Four pounds of wettable DDT powder at a strength of 2 of one per cent, mixed in 100 gallons of water, is the spray to use. When to spray? King says "let the flies tell you." If the pests are thick, the spray is needed. A lot of factors enter into the "when to spray" picture. Often the treatment holds flies in check for months, but a heavy rain can mean the job needs re-doing after a ten-day period.

Invitations for Texas Tech's 21st Commencement Out

LUBBOCK, May 19—Special invitations have been extended some 1500 persons to attend the 21st annual Commencement exercises at Texas Technological College June 2. Hon. Tom Clark, attorney general of the United States, will deliver the commencement address and will receive an honorary degree from the college.

Among those being issued invitations from the college are government officials, leading educators in Texas and surrounding states, and other special guests. The Santa Fe Railway company has announced that it will postpone departure of its regular 9:15 p.m. southbound

train until 10 p.m. to accommodate those who attend the event.

Attorney General Clark will be honored at a barbecue on the campus. He will be introduced at commencement by Dr. W. M. Whyburn, college president, and will be presented the honorary degree by Mark McGee, vice-chairman of the board of directors.

The college will present almost 400 bachelor degrees and 14 master degrees this year.

Surplus Electric Equipment

GRAND PRAIRIE, Tex. (Special)—With surplus electronics materials offered for the first time at location in a new disposal policy, Delhart Army Air Field will be the site of a clearance sale of approximately a quarter million dollars worth of assorted personal property May 26 and 27, according to announcement today by the regional War Assets Administration office.

Limited amounts of receiving, transmitting and communications equipment will be offered at informal bid along with numerous lots of aircraft service parts, furniture, electrical and heating supplies. Previously surplus electronics equipment has been disposed of through a national clearance office.

In order to effect sale of the entire offering in the two day period, no priorities will be observed and informal bids will be acceptable on any of the lots. Inspection may be made at the Dalhart field from 9 a.m. to 4 p.m. Monday, May 26, and during the following day until 2 p.m., at which time the bid boxes will be opened. All successful bidders must be present at the bid opening time to claim the awards.

SUCCESS to the CLASS of 1947

CONGRATULATIONS TO YOU!

We join the many friends of the members of the Class of 1947 in extending our best wishes and congratulations at this graduation time

One definition of success is: "one who has always looked for the best in others and given them the best he had; whose life was an inspiration, whose memory a benediction."

Bear in mind at all times that our wishes for your success are sincere and heartfelt, and if we can be of help to you in any way it will give us great pleasure to do so.

A HEREFORD INSTITUTION

MARKET
(USDA) — Some easiness cropped up at most southwest farm markets last week, but few products suffered much net loss, according to the Production and Marketing Administration, U. S. Department of

Agriculture.
Light offerings of wheat and sorghums pushed prices up several cents early last week, and corn and barley followed, but later losses erased all gains, except on barley and sorghums. Wheat closed Friday at \$2.78 per bushel for No. 1 hard; and corn \$1.96 for white, and \$1.81 for yellow. No. 2 milo brought \$3.15 per hundred pounds. Moderate quantities of milled

rice moved to Cuba and domestic markets this week. Planting of the new crop made good progress. The downward trend in feed prices halted abruptly, as bran and shorts jumped \$9 to \$12 per ton, and other feeds held steady to strong. Alfalfa had not fully adjusted to the new crop basis; but prairie hay remained in urgent demand. New Mexico growers sold some well grown fine wools direct

to mills.
Egg prices dropped a cent or two in some areas last week, and mature poultry showed a slightly weaker undertone. Eggs averaged 36 cents per dozen at Fort Smith; 37 at Denver, Amarillo, and San Antonio, 37 1/2 at Dallas, Fort Worth and New Orleans; 38 at Topeka and Oklahoma City; 44 at Shreveport; and 45 at Houston and Corpus Christi.

Diminished strawberry shipments from Louisiana brought lower prices last week and auction sales discontinued operation. Heavy supplies of snap beans at New Orleans sold lower. On Denver's wholesale market, cucumbers, strawberries, weakened. In the Lower Rio Grande Valley, larger quantities of corn and tomatoes loaded at reduced prices. Growers got 75 cents per bushel for white corn; 50 cents to \$1 per half bushel for bantam, and 5 to 7 cents per pound for tomatoes.

Trading in spot cotton increased last week in some markets. Higher grades sold freely, but lower classes met slow demand. After rather wide fluctuations, Friday's prices stood at \$2.75 to \$4.75 lower for the period.

Butcher hogs closed last Friday about the same as a week earlier at most southwest markets, but some sows and feeder price on good choice medium weights stood at \$23.50 at San Antonio; \$24 at Fort Worth; Denver; and around \$23.50 at Wichita.

Sheep and lambs saw little San Antonio netted 50 cents advance on spring lambs, while Oklahoma City and Denver weakened some. Closing bulk of good and choice spring lambs brought \$21 to \$23.50 at Fort Worth; \$20 to \$22 at San Antonio and Denver; and medium to good \$19 to \$23 at Oklahoma City.

Tech Researchers Experiment With Cattle Feeding

LUBBOCK, May 19—A research project on beef production on various irrigated pasture mixtures being conducted at Texas Technological College moved another step last week when six choice Hereford steers were turned in on a one-acre plot of alfalfa and perennial rye grass, and another group of six started on a mixture of alfalfa perennial rye and broom grass, according to W. L. Stangle, dean of agriculture.

Calves will be grazed on six one-acre plots from now until November and weight records will be made at the time of each transfer to determine beef yields from each mixture. The long-range research will be continued until 1950, and results will be published annually in an Agriculture Division bulletin. The experiment is being conducted by Edwin Dawson, graduate animal husbandry student, under Dean Stangle's supervision.

Animals used in the experiment were carried as stockers from Nov. 26 to April 20. They grazed wheat and barley pas-

Early advances at southwest cattle markets were largely lost late last week, and some spots closed a little lower, but many classes ended up with some net gains. Bulk of common and medium steers and yearlings brought \$14 to \$18 at Houston; and medium grades turned at \$19.25 to \$20.50 at San Antonio. Medium and good steers and yearlings sold mostly at \$18 to \$23 at Fort Worth; and \$20 to City paid mainly \$19 to \$23.50 for medium and good steers.

Nothing would please us more, than to congratulate each of the members of the Class of 1947 in person.

At this time and possibly, unless you come to see us, we take this opportunity of extending to you our heartfelt congratulations and best wishes for your success.

Congratulations, GRADS

As a home-owned and home-operated store, we are naturally interested in our Schools and in our Graduates. Therefore, it is a real pleasure to extend best wishes to the class of 1947. We wish we might give each of you a present this year, but since that is impossible we are passing on some real values to the entire family — which after all means better living at less cost to each of you!

State College Leaders Will Discuss Proposed Constitutional Amendment

AUSTIN, May 19 — Further planning for the \$60,000,000 building program for state owned colleges and universities as authorized by a proposed constitutional amendment will be discussed June 7 at a meeting of college representatives.

The constitutional amendment has been submitted by the 56th Legislature to a vote of the people in a special election set for August 23 of this year.

The amendment has been given a full endorsement by Gov. Beauford H.ester as a forward step that will enable the 16 state supported institutions to provide new buildings and at the same time reduce state property taxes.

Actually, it reduces by five cents the maximum state property tax that can now be levied.

It works this way: There is now permissible under the constitution a property tax of 7 cents per \$100 valuation for support of Confederate pensions.
