

Tornado, Rain, Hail Cause Heavy Loss

Storm Strikes On Wednesday Afternoon

Torrential rains and scattered hail storms, apparently stirred up by the formation of three large tornadoes over the Hereford area late Wednesday afternoon, swept northwestward from Hereford across the Panhandle.

The storm struck here shortly before five o'clock Wednesday afternoon, and continued for more than five hours.

Local residents apprehensively watched three tornado clouds form northwest of Hereford shortly before five o'clock. The clouds were high, at an estimated 1,000 feet, and were moving toward the northeast.

One of the tornadoes dipped to the ground briefly about 15 miles northwest of town, bounced high in the air and disappeared finally to the northeast.

Only tornado damage reported in the north, however, was to the V. T. Glenn home south of Vega. The twister hit the Glenn house, according to reports, carrying away the porch and part of the roof.

Rain and hail began falling at about five o'clock, and continued in near-cloudburst proportions until after ten o'clock last night.

Three and seventy-one hundredths inches of rain was measured on the official gauge at the City Hall.

Hail storms continued intermittently throughout the downpour. Hailstones were extraordinarily large, but damage so far reported has been slight. Five separate hail storms occurred during the evening.

From Summerfield, where the storm appeared heavy, came reports this morning of little hail damage in the immediate area. D. C. Walser had reported no hail damage from his place three miles west of Summerfield. Rainfall there was estimated at between three and four inches.

From north of Hereford, reports are of heavy rain and little hail. Some tornado damage.

Tornado Hits South of Town; Heavy Damage

While attention in Hereford was centered on three tornadoes forming north of town yesterday afternoon, at least one twister was wreaking havoc among farm homes south of Hereford.

The Wrt Abracht home, four miles southeast of town, was completely destroyed by the tornado, which struck shortly before six o'clock.

At the George Postzold farm, a barn was wrecked and trees uprooted.

John Postzold reported the loss of a windmill tower and outbuildings.

At the Chester Cox farm, a barn was wrecked and the roof blown off the house.

C. R. Gandy reports a White-face bull killed by the storm.

Another twister is reported to have struck south of Dimmitt, but no details of damage are available here this morning.

Heavy hail damage was reported by the Postzolds and Abrachts. Huge hail stones battered crops and damaged property in that area. Full extent of the storm cannot yet be determined.

Time of the tornado at the Abracht place was set at 5:55 p.m., when an electric clock stopped as the storm ripped power lines.

At the Ira Scott farm four and a half miles southeast of Hereford, the tornado wrecked a windmill tower, tore up a new truck and wrecked a combine.

Lee Coonougher, 9 miles southeast, reports his rent house destroyed and a car wrecked.

Doc Roberson, 2 miles east and a mile south of town, reports that the twister hit a field a mile from his house and spun there for between 15 and 20 minutes before taking off on its tour of destruction.

Reports of Hail Damage Growing as Claims Pour in to Local Insurance Offices Today

Reports of hail damage are pouring in to local insurance offices this morning, with the major damage centering, apparently, in the area south and southeast of Hereford.

Bob Lewis estimated this morning that damage to wheat is ranging from ten to fifty per cent in that area, with some 200 farms reported.

Claims for hail damage are coming in from many sections of the county, although the heaviest loss is in the area to the south.

Scattered reports are reaching Hereford from all directions this morning, however.

Full extent of the damage from hail storms probably will not be determined for several days.

Henry Sears, whose place is on the highway east of town estimated this morning that damage would run to about ten per cent.

Nestor Gass reports from south of Hereford that damage is ranging in the neighborhood of 25 per cent in his area.

Leo Forrest, two miles south-east of town, reports heavy damage to wheat.

Robert Veigel, from the Westway community area, reports no hail damage and little rain.

At Summerfield early this morning, little hail damage had been reported, although rains in that area were heavy.

Local Santa Fe office reports that hail at Black knocked out several glass windows there. No report of the extent of hail damage to crops in that area has been received.

At Black, the Farmers Associated Elevator reports heavy hail damage, estimated to average more than 20 per cent, covering an area 10 miles south and 15 miles north of Black.

The heaviest and most damaging hail struck that area about 11:30 last night.

Little hail damage was reported at Friona. Heaviest damage in the Black area was reported about 11 miles north of that community.

The Triple-A office at Dimmitt reported at 10 o'clock this morning that no reports of hail damage in that area had reached their office. There was also no report on a tornado rumored to have struck south of Dimmitt yesterday afternoon.

Leo Coffin, who had 60 acres in onions 2 miles east of town, reports his onion crop a total loss from hail, and said damage to crops in that area was 25 to 40 per cent.

From an early morning glance Lake Park, looks like the kids got their swimming pool considerably ahead of schedule. There may be shortages of lumber fixtures and building materials, but there's certainly no shortage of water. Now we know how Lake Park got its name.

Who was it said tornadoes never occurred on the Plains? We've had eye-witness accounts at least three which formed over Hereford yesterday afternoon.

Speaking of water, the County Commissioners Court has just installed a new electrically-powered drinking fountain in the courthouse. Very timely.

Permanent Care for Cemetery to be Discussed

Annual meeting of the Hereford Cemetery Association, for purpose of electing officers and directors, will be held at the County Courthouse on June 2. Ireland, treasurer of the association announced this week at this meeting, Mr. Ireland has a plan to provide permanent care for the cemetery is submitted to the members. "The larger cities," he pointed out, "the best cemeteries are privately owned and permanent care is provided and paid for when the lot or burial space is purchased. The sum paid for this service is placed in a permanent fund, kept invested by trustees appointed under the law, in approved securities, and can never be expended. The income from the investment provides for taking care of the cemetery."

Under Texas laws, public cemeteries operated by associations such as ours, may convert to and operate under this plan.

The directors have been considering such a plan for a long time. Ireland pointed out, and in fact, already set aside some funds from the sale of lots and burial sites to be transferred to such a fund, if and when the plan is adopted.

A total of \$7,818.84 has now been accumulated in this fund.

Ireland said, "future buyers of lots would be required to pay in a certain amount when the lot is purchased." (Continued on Page 8)

Trial of Kearns on Assault Charge Set for Monday

Trial of Jackie Kearns, 21 year old Hereford youth charged with "aggravated assault" in connection with an alleged attack on two small girls, has been set for Monday morning in County Court. Judge Leonard Foster revealed this week.

Charges were filed last Friday by County Attorney Carl Gilliland, who acted on a complaint by the mother of one of the children involved.

The little girls, five and a half and seven years old, respectively, identified Kearns at a local cafe where he was employed. He was arrested early last week by Sheriff J. C. Reece, and held in Deaf Smith County Jail pending charges, which were filed last Friday.

Kearns was brought into court Tuesday and indicated that he wanted to enter a plea of Not Guilty. Judge Foster said.

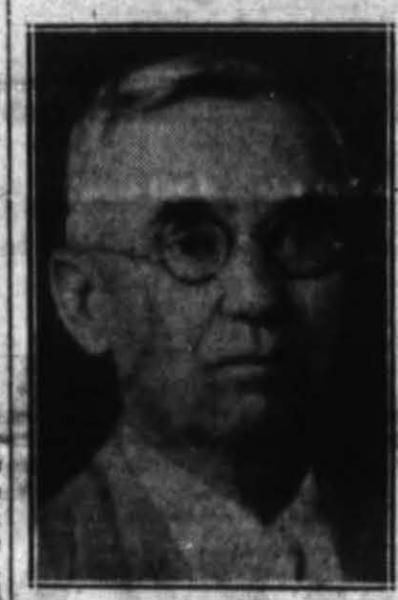

There will be no jury for the trial, which is set for next Monday.

AN AUTO FOR THE PREACHER

Rev. Russell Wingert (right) pastor of the First Presbyterian Church, got a pleasant surprise when he returned from a vacation trip last Thursday as Grant Fuller presented him with the keys to a new 1947 Dodge, a gift from members of his congregation. Mrs. Wingert and daughter Anne look on.

J. H. Head, Pioneer Mayor of Hereford, Dies Here Monday

J. H. Head, 88, native Texan, and pioneer mayor of Hereford, died early Monday morning at the Deaf Smith County Hospital after a long illness.

Funeral services were conducted Tuesday afternoon at four o'clock at the First Christian Church. Rev. Roy W. Ford, local pastor, was in charge of the rites. Interment was in West Park Cemetery under direction of E. E. Black & Co.

John Henry was born on Christmas Eve in 1858 in what was later Grayson County, Texas, near the present town of Whitesight. His parents had moved to Texas from Tennessee in 1851. His father was elected to the state Legislature in 1880, but died before he could reach Austin to fill his office.

Mr. Head, in an interview with a Brand reporter last year, recalled many events during the Civil War, when he was making his home with his uncles, both of whom fought in the war with the Confederate army.

He attended school for one term at Tebanuca Hills in Limestone County when he was 12 years old. The school is now known as Trinity University.

At 14, he went to work on a ranch in Cooke County. In 1882 he was married to Miss Sallie Ann Vaughan at Valley View, and moved to Collin County in 1888 where he operated a mercantile business at Allen.

In 1900, he came to West Texas and bought a section of land in Castro County, 16 miles south of Hereford. (Continued on Page 8)

New Bus Route Begins Operation Next Tuesday

Service on a new bus route between Hereford and Lamesa will be inaugurated next Tuesday, May 20, Jess C. Levens, vice-president and general manager of the Texas, New Mexico, and Oklahoma Coaches, Inc., of Lubbock, has announced.

Permission to operate passenger bus service on the route was granted early this year by the Texas Railroad Commission, but inauguration of service has been delayed by the shortage of buses.

"Service would have been started sooner," Levens reports, "except for the fact that we could not get a bus we deemed suitable for this run. We now have made arrangements so that we can put a very good bus on the line, and will start actual operation on the 20th."

The first bus will arrive in Hereford at 3:15 p.m. Tuesday afternoon, and will depart on the return trip at 3:40.

At the present time, only one bus will be run daily on the route, leaving Lamesa at 10:40 a.m. and returning to Lamesa at 8:00 p.m.

The new bus route serves Hereford, Dimmitt, Springlake, Littlefield, Witharrah, Levelland, (Continued on page 8)

Clearance Sale At Pantex Is Set for May 21

AMARILLO (Special) — An emergency site clearance sale at the Pantex Ordnance Plant, 17 miles east of Amarillo, has been scheduled by the War Assets Administration for May 21, 22 and 23. According to John M. McGee, manager of the WAA Customer Service Center at Amarillo, who has been placed in charge of the site clearance sale, personal property which originally cost the government approximately \$250,000 will be offered for sale to the highest bidders in lots which will include related items.

McGee pointed out that at this sale no priorities will be required and that any person was welcome to make an inspection of the property and place a bid. Inspection may be made Wednesday May 21 and Thursday May 22 from 8 a.m. to 4:30 p.m. and on Friday May 23 from 8 a.m. to 1 p.m., at which time the bid boxes will be opened and awards will be made to the successful high bidders who must be present to claim their purchases.

Property to be offered for sale, McGee stated, includes such attractive merchandise as 9000 double bunk beds, pneumatic tools, automotive parts, welding supplies, electronics, heaters, plumbing fixtures, industrial batteries, industrial truck parts, (Continued on Back Page)

Woodrow Garrison Is No. 8 Nabbed On Drunk Driving

Woodrow Garrison of Hereford was convicted on a charge of driving while intoxicated in County Court last week end, and was fined \$100 and costs, his fine totalling \$121.15.

Garrison entered a plea of guilty as charged, and the fine was assessed by County Judge Leonard Foster.

The case was the eighth conviction for drunk driving in this county this year. Penalties have ranged from \$70 and costs to six months in jail and \$500 fine. The latter penalty was assessed against Devon Floyd of Bovina, who was involved in a near-fatal wreck.

Six Hundred REA Members Guests Attend Annual Meeting

Approximately 600 REA members and guests from three counties attended the annual meeting of the Deaf Smith County Electric Cooperative in Hereford yesterday afternoon (Wednesday).

At an election of directors which wound up the meeting co-op members followed the lead of their nominating committee, returning five directors to the board and naming two new members.

T. E. Seigler of Hereford and E. (Goose) Ramey of Dimmitt are the new members on the board, succeeding J. T. Gilbreath Jr. of Hereford and Joe Warren of Nazareth.

Other directors named were Joe Bicknell of Nazareth, H. H. Miller of Dawn, Sloan H. Osborn of Friona, T. W. Robinson of Hereford, and G. T. Watkins of Farwell.

The meeting was opened with a barbecue at noon at the county Bull Barn, at which more than 600 members and guests were served.

Following the barbecue, members were entertained with a program of music presented by the Hereford High School Choral Club, under the direction of Miss Thelma McMinn.

Leo Forrest, manager of the Deaf Smith Cooperative, made the principal address of the afternoon, reviewing the background and accomplishments of the local project.

Since REA was first established by the late President Roosevelt in 1935, Forrest told the group, the government has loaned to cooperatives \$1,075,000,000. Of this \$125,000,000 has already been paid back, more than 20 million dollars of it before the due date.

Increase in Use Of Butane Gas Poses Problems

With the return to the domestic market of gas-burning appliances in large numbers the problems of the butane industry are increasing rapidly, according to a statement just made by Lyle Blanton of Hereford, who is president of the Texas Butane Dealers Association. He pointed out that prior to the war few persons were heavy users of butane as a heating and cooking fuel and that the small storage system in general vogue at the time was ample to meet his needs.

"As the manufacturers get back into production and appliances begin to flow to the markets, thousands of persons are adding ranges, refrigerators, water heaters and space heaters to already overloaded systems," continued Blanton, "with the result there is an unprecedented drain upon their small systems and the customer often finds himself without fuel. This requires frequent trips by the fuel dealer to the customer's premises, but it also raises the more serious question of whether or not the trend will continue to the point where there will not be enough gas produced during the peak months of November, December, January, and February to fulfill the demands. As a matter of fact, this condition did develop in many parts of Texas last year and it appears it will be even worse next winter.

"The logical and practical answer to the problem," stated the president of the state butane trade association, "is for customers to take out 'winter insurance' by purchasing and installing butane systems large enough so they can 'stock-pile' the butane gas during the summer months when the domestic demand is the lightest. In that way they can have enough fuel on hand at the beginning of the winter months to carry them through until spring without filling of their tank. There is absolutely no loss to the customer from evaporation or

shrinkage during the months the gas is being held in the customer's tank." Local butane gas dealers are supporting the program being sponsored by the Texas Butane Dealers Association to get new butane users to install adequate storage facilities, or to supplement their present systems if they are already customers, so as to take care of their needs during the forthcoming winter months.

Rev. Roy Ford and Mr. and Mrs. F. M. Kester left Monday for Fort Worth to attend a state convention being held there this week by the Christian church.

Mr. and Mrs. Wm. McGehee were in Canyon Friday night to attend the annual banquet held by the Panhandle Historical Society.

Alvey-Beene Rites Are Announced

Announcements have been received here of the recent marriage of Miss Nelrita Alvey of Amarillo, and Billy Beene, formerly of Hereford, in a double ring ceremony held in Clovis, N. M. Saturday, May 10. The rites were read in the church parlor of the Presbyterian Church and Rev. R. L. Sha-pe, pastor.

Attendant for the bride was Miss Claudia Brummit of Amarillo, who wore a tweed tailored suit with brown accessories, and the best man Harvey Nunn of Hereford, a college roommate of the bridegroom.

The bride was attractive in an off-white dressmaker suit accented with brown accessories. Her corsage was a single orchid.

Mrs. Beene is a graduate of Amarillo High School and is a sophomore at the Amarillo Junior College.

Mr. Beene, who is a grandson of Mrs. J. W. Beene of Hereford, graduated from Hereford High School and is also a sophomore at Amarillo Junior College. Both finish their work at the Junior College on May 28, and plan to enter a senior college in the fall.

Mr. and Mrs. H. D. Reed and daughter Bertella Kay of Amarillo were guests of Miss Lucy Reed and Dr. G. W. Heard Sunday.

Mr. and Mrs. DeWitt Landis and children of Lubbock spent Mother's Day with her mother, Mrs. T. E. Seigler Sr.

Garden Club Guest-Day Features Miniature Flower Show As Program

Guest Day featuring a miniature flower show was held by the Hereford Garden Club Friday afternoon in the home of Mrs. C. D. Kelton with Mrs. J. J. Slaton as co-hostesses. Guests included prospective members of a new garden club which will function among new home-makers. Mrs. J. P. Slaton was chairman in charge and Mrs. John Robinson was chairman of the flower exhibit.

Guests registered as they arrived and after refreshments were served the arrangements and specimen were viewed. One arrangement of special interest was a May Day luncheon table done by Mrs. A. L. Manjeot in which yellow tulips with iris and ribbon were used with May Day design.

Blue ribbon winners were Mrs. C. D. Carnahan for her mass arrangement in monochromatic colors, Mrs. A. L. Manjeot, Mrs. F. M. Kester and Mrs. A. M. Jones third for vertical arrangement in complimentary colors; Mrs. J. P. Slaton, first, Mrs. John Robinson second, and Mrs. C. D. Kelton and Mrs. Jim Black third, for a line arrangement in analogous colors.

Specimen-iris, Mrs. A. O. Thompson, and Mrs. A. L. Manjeot, first; Mrs. J. P. Slaton and Mrs. P. H. Gilliland, second, and Mrs. John Robinson and Mrs. Lan Shore third.

Tulips—Mrs. Durward Robinson, first, Mrs. Earl Springer, second; and Mrs. Jim Black third.

Lilacs—Mrs. C. H. Dyar. Snowball—Mrs. C. D. Carnahan. Geranium—Mrs. F. M. Kester and Puschla—Mrs. Lynn Kester.

Mrs. Earl Springer gave a review of "The Legend of the Golden Bell" by Mrs. L. D. Moses, member of the Sunset Garden Club of El Paso. Mrs. A. O. Thompson, Hereford's iris fan, discussed her favorites in the iris family. Stressing the fact that the iris is one of the gardener's "must-haves," Mrs. Thompson said "The iris pays high in color and beauty" and told of its adaptability to this locality. She also gave pointers on how to plant and cultivate the iris.

Special guests at the interesting affair were Mesdames George Springer, Marvin Knox, E. D. Hopson, Arthur Telfel, Paul Harvey, C. W. Parker, R. A. Daniel, Jr., Marlin Pierce, George Eio, Lee Kent, Travis Caraway, Jimmie Mercer and H. H. Caraway. Members of the club attending were Mesdames J. P. Slaton, John Robinson, John Jacobsen, Jr., A. O. Thompson, Jim Black, Lan Shore, E. W. Harrison, Chas. Dones, Durward Robinson, Fred Axe, C. D. Kelton, O. H. Culpepper, N. E. Gass, C. H.; Dyar, Earl Springer, C. C. Ferguson, A. L. Manjeot, A. M. Jones, Homer Brumley, C. D. Carnahan, E. Ramey, and Roy Manning.

Frio H. D. Club Meets on Friday

FRIO, May 12 — Frio Home Demonstration club met with Mrs. T. L. Sparkman Jr., at her home near Dawn Friday afternoon, May 9. Due to the rain, only a small group of the members were able to be present.

Mrs. Tom Draper, county home demonstration agent, gave an interesting demonstration on color schemes for the home and choosing colors to match complexion and hair.

Attending were Mesdames Owen Andrews, E. B. Berryman, Tom Draper, and Henry Dobbs, Miss Alma Andrews, Veradelle and Francis Andrews, Larry Dobbs, Joe Edd Andrews, Bonnie Sparkman and the hostess.

Mrs. Charles King of Amarillo was a visitor. The next meeting will be with Mrs. T. L. Sparkman Sr., on May 21.

Butane Dealers Announce Series Of Safety Schools

Taking one of the most forward steps in the history of the butane industry in the United States the Texas Butane Dealers Association has begun fulfilling plans for a safety training school for dealers throughout Texas.

The association's program is designed to train butane company employees in better and safer installation and servicing of appliances using butane gas for fuel.

The University of Texas in Austin has accepted a \$2000 grant from the association with which to operate safety training schools. Two training directors have been hired to conduct the night schools over the state. The courses will cover approximately ten hours, and employees completing the training school satisfactorily will be awarded a certificate of proficiency.

The two directors are at present completing a six week course in the art of teaching at the University. Their traveling itinerary will soon be announced through the association office in Austin, and all dealers will be invited to have their employees attend these schools.

The directors are Voyle Tipton of Burnet and Carl Bewick of Big Lake. They will be assigned

to their training program under the auspices of a Butane Industry Committee, the University of Texas, and the State Board for Vocational Education.

The Texas Butane Dealers Association is the first in the nation to promote such a program for safety and safe practices in their industry.

South Plains Ranks First In Grain Sorghums

LUBBOCK, May 10—Nine of the ten top ranking grain sorghum producing counties in Texas for 1945 were on the South Plains, according to figures recently released by the United States Census Bureau.

No. 1 county in the state was Lamb which grew 5,614,123 bushels of grain sorghum. The only county off the South Plains to break into the first ten was Nueces which raised 2,493,000 bushels and ranked ninth.

Other South Plains counties and their ranking were Terry, second, 5,149,219 bushels; Lynn, third, 4,665,652 bushels; Lubbock, fourth, 4,462,905 bushels; Bailey, fifth, 4,071,344 bushels; Hockley, sixth, 3,827,4

Second Graders Entertain Mothers Birthday Is Celebrated

One of the nicest honor parties for Mothers' Day recognition was the tea given by second graders at Central School for their mothers Monday afternoon. During the year this group has held five open programs for the mothers and at each program some phase of work done in school was reviewed.

Monday afternoon the program was the culmination of a year's reading study and each student chose a book from the school library, read a couple of pages and told the rest of the story.

After the program at the school the children took their mothers across the street to the home of Mrs. E. A. Altman, teach-

Heiselman Club Meets Thursday

"Color Schemes-Interiors" was the subject for discussion at the meeting of the Heiselman Home Demonstration Club last Thursday in the home of Mrs. E. N. Jacobson.

Mrs. Henry Kinney presided at the business session when members submitted color schemes in interior decoration to suit the personality of the hostesses for

each roll call. Mrs. R. W. Perry presented the annual report, and club members decided to take and distribute a copy of the yearbook. Mrs. E. B. Pennington and Mrs. R. E. Caldwell conducted the social hour, when Mrs. W. M. Twibler, a recent bride, was honored with a miscellaneous gift shower.

Strain's Diary

Dear Diary: When the boss is gone the clerks of some stores throw a big store-wide sale—but that is so much work (confidentially we think their boss planned the sale before he left). Our boss didn't plan one for us, so we are just doing our best to have sale receipts which will show him he is not indispensable.

How about those graduation gifts you need? We have a wide range of gifts for both boy or girl. Leather billfolds, compact key cases, desk sets, ash trays, photo address books, Westward Ho decorated vanity cases, traveling iron, purse size memo and address books, fitted cases, and all kinds of equipment for the hobby and sports enthusiast. The girls would enjoy a lovely vase, figurine or useful article to adorn her room or to add to her "Home Quest" (or is that old fashioned?) We could never mention all the lovely and practical gift available in our store; just come in and browse around and when you wrap your selection say "gift wrap it."

Search for Oldest Chevrolet Truck Now In Use Is Started

Owners of early-model Chevrolet trucks in Deaf Smith County were invited today by D. C. Kinsey to participate in a nationwide search by the Chevrolet Motor Division to locate the oldest Chevrolet truck still in active service in the United States.

"The owner of the oldest truck will be presented with a brand new Advance-Design Chevrolet truck and may choose and standard model in the current line of Chevrolet commercial cars and trucks," Kinsey said.

Trucks entered in the search must be driven to a Chevrolet dealership, where official entry blanks are available. The search ends June 15, 1947, and the winner will be notified on or before June 30, 1947.

"We have a large number of old Chevrolet trucks still in every-day service in the Hereford area," Kinsey said, "and the winning vehicle may be on a farm or engaged in some other hauling work right in our own community."

The winning truck must carry 1947 license plates. The oldest Chevrolet truck will be determined by the earliest serial number. In cases where the serial number is lost or illegible, the number may be established by an original bill of sale or other legal documents showing the original serial number.

Entries must be filed with a Chevrolet dealer by midnight June 15. Only vehicles manufactured as trucks by Chevrolet are eligible, and the search is open to all truck owners with the exception of employees of the Chevrolet Motor Division, dealers in cars and trucks and their employees.

Details of a local contest with a prize to be given for the oldest Chevrolet in operation in Deaf Smith County, will be announced next week.

Buddy Corbett Heads Hi-Y Club

New officers for Hi-Y Club of Hereford High School were elected at a meeting held at the school Tuesday night. Those chosen were Buddy Corbett, president; John Newson, vice-president; Eugene Roberson, secretary and Weldon Roberson, treasurer.

Records were closed at the Tuesday night meeting and no meeting will be held during the summer vacation. Pat Sullivan, sponsor, will begin next year's work at the opening of the fall school term in September, with a drive for new members.

CALIFORNIA VISITOR

Mrs. George Eio of San Diego Calif. who has been visiting in the home of her daughter, Mrs. Lyle Blanton, has gone to Amarillo and Panhandle for visits with relatives. She will return to Hereford before leaving for her home in California.

Guests in the Blanton home Sunday were his brother, Guy Blanton, Mrs. Guy Blanton and their daughter Marjorie Jo of Amarillo.

New 10-Pound Sugar Stamp to Become Valid First of June

Sugar Ration Stamp No. 12, good for another ten pounds of sugar, will become valid on June 1, just one month ahead of the scheduled date, the Department of Agriculture announced this week.

However, the department said that sugar from this stamp will have to last until October 31, when price and rationing controls are due to expire unless renewed by Congress.

The date for validating the new sugar stamp was moved ahead a month, Agriculture Department officials explained, in order to expedite movement of sugar to the consumers while railway transportation is still available.

A severe shortage of freight cars is anticipated when the wheat harvest begins moving to market late in June, and the Department of Agriculture wants to move sugar, which is reported to be piling up at Eastern refineries, to its ultimate destination before the big harvest hits the railroads.

Stamp 12 was the second to be designated as a 10-pound sugar stamp. No. 11, which was the first, became valid on April 1.

To encourage the distribution of sugar supplies still further, regulations limiting inventories of industrial users to 30 days supply have been suspended. Industrial users may now obtain a full quarter's supply of sugar after their new allocation is determined.

Requests for third quarter allotments will be received June 1, instead of June 10 as originally scheduled.

A big Cuban crop now hitting the Eastern ports was cited as the reason for the sugar pile-up at this time.

New Bus Route

Brownfield, Welch, Lou, and Lamona.

Offering the first bus service to Dimmitt, arrival times in that city are 2:40 p.m. north bound and 4:15 p.m. south bound.

The new line will use the same bus station in Hereford which now serves the New Mexico Transportation Co.

Around Town

Mrs. Tom Draper, CHDA, wants all girls in the county interested in 4-H work to meet with her at the county courtroom at 2:30 o'clock Saturday afternoon. Clubs are already formed at Dawn, Westway, and Adrian, and Mrs. Draper wants to organize the rest of the girls of the county in a Hereford 4-H club. Mothers are requested to attend the meeting with their daughters.

Annual meeting of members of the Deaf Smith County Red Cross Chapter will be held at the County Courtroom on Wednesday, May 28, according to E. C. Eubanks, county chairman.

There'll be a baseball game Sunday afternoon between the VFW and Nazareth at the softball park, beginning at 2:30 o'clock. The game was postponed from last Sunday, when rains made play impossible. A VFW softball team will meet an Amarillo club Friday night at 8 o'clock at the local diamond.

Requests for third quarter allotments will be received June 1, instead of June 10 as originally scheduled.

A big Cuban crop now hitting the Eastern ports was cited as the reason for the sugar pile-up at this time.

The new line will use the same bus station in Hereford which now serves the New Mexico Transportation Co.

Storms

In Amarillo, winds reaching a velocity of more than 70 miles an hour were reported last night, and a cloudburst in the San Jacinto area caused some flood damage.

At Adrian, on the edge of the storm, only .03 inch of rain fell.

J. A. Head

The city of Hereford is declaring war on stray dogs. Recent canine conventions on Main Street in the early mornings have spurred officials to action, and strict enforcement of local ordinances has been ordered.

"All dogs not licensed by Monday morning will be picked up and placed in the city pound," City Marshal Bruce Woodell announced this week. "If dogs are not claimed in five days and the pound fee paid, they will be disposed of."

Dog license tags can be secured at the City Hall at the Clerk's office for \$1.00. The City Pound will be located near the water tower south of the tracks. The collection of unlicensed dogs will begin next Monday morning.

Beginning on that date, the city will pay 25 cents a head for each unlicensed dog delivered to the pound.

Graduation

Thursday evening will be opened with the processional, played by Mrs. Coombes, followed by the invocation by Rev. Uel D. Crosby, pastor of the First Methodist Church.

A negro spiritual, "Climbin Up the Mountain" will be sung by the high school chorus, and the girls' sextette will sing "The Perfect Day."

Following the address by Dr. Condon, diplomas will be presented to the graduates by Leo Forrest, president of the Board of Trustees.

Supt. George Graham will present awards to the honor students. Valedictorian of the class is J. L. McFarling, Jr., son of Mr. and Mrs. J. L. McFarling. Salutatorian of the class is Anne Morgan, daughter of Mr. and Mrs. Elton Morgan.

City Declares War on Stray Dogs; Will Require Licenses by Monday

The city of Hereford is declaring war on stray dogs. Recent canine conventions on Main Street in the early mornings have spurred officials to action, and strict enforcement of local ordinances has been ordered.

"All dogs not licensed by Monday morning will be picked up and placed in the city pound," City Marshal Bruce Woodell announced this week. "If dogs are not claimed in five days and the pound fee paid, they will be disposed of."

Dog license tags can be secured at the City Hall at the Clerk's office for \$1.00. The City Pound will be located near the water tower south of the tracks. The collection of unlicensed dogs will begin next Monday morning.

Beginning on that date, the city will pay 25 cents a head for each unlicensed dog delivered to the pound.

Softball League Opens Season Monday Night

Play in the Hereford League opened Monday night, with the Firemen getting off to a big start by scoring a 35-8 victory over the Hereford Lions Club.

Summerfield took a top-heavy verdict Tuesday night from the Sunday school in the second game.

Wednesday night's scheduled contest between Dawn and High school was rained out. American Legion and VFW are scheduled to meet tonight if the playing field is dry enough for the game.

Monday VFW will meet Dawn. Tuesday night High school plays American Legion. Wednesday night's games will be between Summerfield and the Lions Club; and next Thursday night, the Firemen will meet Sunday School.

Forrest discussed legislation pending in Congress which will affect the REA, including the "no generating bill" which prohibit REA from establishing any generating plants. Forrest quoted Tex Goldsmith, head of the Power Division of the Department of Interior as saying, "The demand for electricity is above that of war time peak. We operate on a seven per cent re-

Permanent Care

More land is going to be needed, he said, and machinery and maintenance equipment is going to have to be replaced and provisions made for a better water supply. The water line from the city mains is now inadequate to provide sufficient volume and pressure, he said, and the directors are faced with the necessity of either laying a new and larger line or drilling a well at the cemetery. Directors believe a well can be drilled more cheaply than a new line can be built.

Officers of the Cemetery Association are J. C. Ricketts, president; J. M. Gilliland, secretary; E. S. Ireland, treasurer; and Miss Ella Aikman.

Door prizes were awarded to cooperative members as follows: To O. L. Click of Hereford, an air conditioner; J. N. Burgin of Castro county, a Mixer; Mrs. J. R. Caldwell of Oklahoma Lane, electric door chimes; C. W. Bowman of near Hereford, a desk lamp; Mrs. Moody Stephan of Summerfield, an electric iron; Mrs. E. M. Ware of Bovina, electric heater; Mrs. Alford Smith of Hereford, an electric iron; and Lester Galley of Hereford, an electric clock.

C. W. Bowman, who received one of the prizes, was the newest member of the cooperative, having signed up for membership less than 24 hours before the annual meeting opened.

Bootleg Man Is Surprised to Find Hereford Still Has Newspaper; Wants to Write for It

EDITOR'S NOTE: A man living out at Bootleg Corner who signs himself "J. A." and says he is referred to as the Bootleg Philosopher, has written the following letter, and offers to write others. We will let our readers be the judge of whether or not we ought to give this fellow space every week. The letter follows in his own language, insults and all.

Dear Editor:

I was over on the Tierra Blanca fishin the other afternoon wonderin if my cork was going under from a fish or a snag as there aint no use exerting yourself unnecessarily in these days of manpower shortages and lashing your line out on the bank and makin a fool of yourself if there aint nothin on your hook when I seen a copy of The Hereford Brand floatin down the river and since I was gonna change position anyway and it drifted over near where I was sittin I leaned over and picked it up and was surprised to find it a recent issue, as I am frank to say I didn't know Hereford still had a newspaper as I had been depending exclusively on the W. Lee O'Daniel News until it stopped and don't consider myself no more ignorant than the Senator himself.

But since I discovered the

Brand is still in existence I figured you might be interested in an occasional letter from me if we can agree on a satisfactory price, which won't necessarily be high as a thinkin man can find lots to write about without no trouble if he is confronted with a choice of writin or goin up one row and down another wearin himself and his one-way out like some of my neighbors fightin bindweed as though the stuff could finally be whittiped.

Speakin of bindweed, I noticed Governor Jester says there is thousands of acres of land overrun with it in Texas due to the strike holdin up production of farm equipment, and while I aint in favor of no strikes as my wife has been waitin now for a new churn for four years and I can't by a radio tube right when the Republicans is in control and a man ought to be on guard, I would like to suggest to Gov. Jester that while maybe he can convince his wife the strikes is to blame for the bindweed on his farm, I ain't had no such luck. My wife just blubbly tells me I ain't usin the equipment I already got to no advantage and mentions a lot of other things which I am too much of a gentleman to repeat. I'm in favor of Gov. Jester's

eliminating bindweed but if he thinks eliminatin strikes will do it I'm afraid he aint takin no practical view of the matter. we're liable to have bindweed as long as a man had rather prop his feet on the porch than get corns on them following a one-way or in other areas drivin in his tractor and as far as I'm concerned that's goin to be forever.

Yours Faithfully,
J. A.

P. S. Speakin of corns I'm gettin them other places besides my feet ever time I drive to Hereford over Harrison Highway as the springs on the Ford ain't so good any more and even if they was its doubtful if they'd do much good on these louny roads. I see by The Brand that folks in Hereford is figgerin on pavin some streets, so how about extendin the city limits to Bootleg.—J. A.

Parmer Now In 64th Judicial District

Governor Beauford Jester last week signed into law a bill shifting Parmer County from the 69th Judicial District to the 64th (Plainview) district.

The shift did not affect salaries of court officials in either district. Application for the change had been made by the Parmer County Bar Association early this year. Reasons for requesting the shift, cited by members of the Parmer county bar, were that geographically Parmer county is closer to the center of the 64th district, and that the distance necessary for court officials to travel would be materially lessened.

The 69th District now includes Deaf Smith, Dallam, Moore, Hartley, and Oldham counties. The 64th district, of which C. D. Russell of Plainview is Judge and H. M. Lafont of Plainview district attorney, includes Lamb, Swisher, Castro, Hale, Bailey and Parmer counties.

Included in the terms of the bill were changes in the terms of court in the 64th district. The new term in that district opens on the following schedule: Hale County, first Monday in January; first Monday in June and the third Monday in November. (Continued on Page 5)

Santa Fe Hoarding Box Cars For Big Plains Wheat Harvest

An acute shortage of storage space and transportation facilities to handle the anticipated 1947 bumper wheat crop in this area is the only major cloud on the wheat farmers' horizon this week.

Last week's rains have apparently virtually guaranteed a record wheat yield in the Panhandle; but as crop estimates skyrocket, the problem of what to do with it becomes steadily more pressing.

Fred Gurley, Santa Fe Railway president, cast a small ray of hopes this week when he wrote Congressman Gene Worley of Santa Fe's plans for handling the crop in areas served by his railroad.

"We are taking care of all orders currently, and in anticipation of the grain movement, have stored between 500 and 1,000 box cars. We think that we will be able to load grain immediately following the harvest period at approximately the same rate of a year ago. I think we might be a bit more optimistic and figure we might be able to do a little better than a year ago. I say this because a year ago the overall circumstances were such that we were not able to have any cars stored at all."

Gurley said the Santa Fe would continue to store cars and do everything possible to

prepare for swift movement of the wheat crop.

Congressman Worley is working on the problem of getting cars shifted to the harvest area through Interstate Commerce Commission. Worley reports that the main difficulty is "hogging" of box cars by the Eastern rail lines.

Interstate Commerce handles distribution of cars as in the past, but this hasn't always provided cars where and when they are needed, he pointed out. Worley reports that congressmen from the mid-west wheat belt are making organized efforts to "jar loose" sufficient cars for harvest.

Under existing regulations, when a car belonging to one railroad gets into the possession of another, the second road can keep the car and use it for a rental of \$156 a day. This is cheaper than building new cars, particularly with the existing cramp in new construction, and it is difficult for the Western lines to get cars returned once they have been sent over Eastern roads.

Entire Panhandle Area Gets Soaking Two-Inch Rainfall

An average of more than two inches of rain covered the entire Panhandle-Plains area last week-end to provide what appears to be the final needed boost to guarantee a record breaking 1947 wheat yield.

Crop prospects in this area are the finest in many years. Dry-land wheat, which was beginning to show the effects of the first hot summer weather early last week, is now spurting ahead under the impetus of the soaking week end rains.

"The weather can continue hot and dry from now on through harvest," County Agent Hugh Clearman predicted Monday, "without damaging the crop prospects at all."

General opinion here among wheat farmers and grain dealers is that "the crop is made"—barring hail storms or catastrophic weather conditions between now and harvest, of course.

As one local grower expressed it, however, "it will take a whale of a hail storm to beat out 400,000 acres of wheat." That's the total estimated acreage planted to wheat in Deaf Smith County. Catastrophy will have to strike on a major scale to prevent this county from reaping a record-breaking grain crop this summer.

Rainfall in Hereford for the period ending Monday morning totalled two and two tenths inches, approximately the average rainfall for the entire Panhandle area.

After a drizzling week end skies cleared Monday morning and temperatures began to rise. Rain fell intermittently all day Sunday, continuing into Sunday night.

Light hail was reported from the Dalhart area Sunday, but no damage to crops was reported. Well over two inches of rain was reported in that area up to Monday.

Rainfall at Canyon was slightly less than two inches for the week. A half-hour flood hit Dumas Sunday, but no crop damage was reported.

Moisture at Plainview for the three-day period ending Sunday was measured at 1.80 inches. Prospects for row crops in this

Retired Workers May Get Social Security Boost

A change in the Social Security Act that will benefit a number of retired workers in the Texas Panhandle area was made by the 1946 amendments to the Act, according to an announcement made today by John R. Sander...

The amendment provides that retirement payment may

now be refigured as of the date which will give the highest benefit rate. This provision will provide a raise for those who waited for some months after retirement or rather leaving covered employment before filing their Social Security Applications. Retired workers who think that this provision might cause an increase in their payments should get in touch, in person or by mail, with the nearest Social Security Administration office at once.

Although this amendment gives added protection to the retired worker, it is still advisable for each worker to contact the Social Security Administration when he becomes 65 years

of age and to file his claim as soon as possible after retirement. Any Social Security Administration field office will furnish assistance in filing claims.

LEGAL NOTICE

SENATE JOINT RESOLUTION

NO. 4

proposing an amendment to Article VII of the Constitution of the State of Texas by the addition of two new sections to be known as Sections 17 and 18 providing a special fund for the payment of Confederate pensions and providing a method of payment for the construction and other permanent improvement at state institutions of higher learning; provided, that the state tax on property as heretofore provided to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas; and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

RE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Sections 17 and 18 which shall read as follows:

"Section 17. In lieu of the State ad valorem tax on property of Seven (7c) Cents on the One Hundred (\$100.00) Dollars valuation heretofore permitted to be levied by Section 51 of Article 3, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two (2c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations, and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate hereinabove levied.

"Also, there is hereby levied, in addition to all other taxes permitted by the constitution of Texas, a state ad valorem tax on property of Five (5c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping building, or other permanent improvements at the designated institutions of higher learning; and the governing board of each of such institutions of higher learning is fully authorized to pledge all or any part of said funds allotted to such institution as hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said re-

spective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed three (3%) per cent per annum and shall mature serially or otherwise not to exceed ten (10) years from the first (1st) day of January of each year in which such funds are allocated or re-allocated to said respective institutions; provided, the power to issue bonds or notes hereunder is expressly limited to a period of thirty (30) years from the date of the adoption of this amendment; and provided further, that the Five (5c) Cent tax hereby levied shall expire finally upon payment of all bonds hereby authorized; provided further, that the state tax on property as heretofore provided to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas; and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

"Funds raised from said Five (5c) Cents tax levy for the ten (10) year period beginning January 1, 1948, are hereby allocated to the following institutions of higher learning, and in the following proportions, to wit:

- INSTITUTION AND PCT. OF TOTAL
- John Tarleton Agriculture College 5.72167
- North Texas Agricultural College 6.17028
- Texas State College for Women 11.52992
- Texas College of Arts and Industries 4.75511
- College of Mines and Metallurgy 4.71936
- Texas Technological College 16.54877
- East Texas State Teachers College 8.10657
- North Texas State Teachers College 12.64522
- Sam Houston State Teachers College 5.50968
- Southwest State Teachers College 6.78474
- Stephen F. Austin State Teachers College 4.55414
- Sul Ross State Teachers College 2.15315
- West Texas State Teachers College 5.41643
- Prairie View Agricultural and Mechanical College of Texas 5.34416

"Not later than June 1st of the beginning of each succeeding ten (10) year period, the Comptroller of Public Accounts of the State of Texas, based on the average long session full-time student enrollment for the preceding five (5) year period of time, shall re-allocate, to the above designated institutions of higher learning then in existence, all funds to be derived from said Five (5c) Cent ad valorem tax for said ten (10) year period; and all such designated institutions of higher learning which participate in the allocation or re-allocation of such funds shall not thereafter receive any other state funds for the acquiring or construction of buildings or other permanent improvements for which said Five (5c) Cents ad valorem tax is herein provided, except in case of fire, flood, storm or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the loss so incurred may be made by the Legislature out of other state funds. This amendment shall be self-enacting. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this amendment; and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose."

"Section 18. For the purpose of constructing, equipping or acquiring buildings or other permanent improvements, the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Ten Million (\$10,000,000.00) Dollars. Any bonds or notes issued hereunder shall be payable solely out of the income from the Permanent University fund. Bonds or notes so issued shall mature serially or otherwise not more than twenty (20) years from their respective dates, and in no event later than twenty-five (25) years after the date of the adoption of this amendment. This amendment shall be self-enacting.

"Said Bonds are severally authorized to pledge the whole or any part of the respective interests of the Agricultural and Mechanical College of Texas and of the University of Texas in the income from the Permanent University Fund, as such interests

are now apportioned by Chapter 42 of the Acts of the Regular Session of the 42nd Legislature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. The Permanent University Fund may be invested in such bonds or notes.

"All bonds or notes issued pursuant hereto shall be approved by the Attorney General of Texas and when so approved shall be incontestable."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at a special election to be held throughout the state on the fourth Saturday in August, A. D. 1947 at which election all ballots shall have printed thereon: "For the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and other permanent improvements at state institutions of higher learning, in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

"Against the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and other permanent improvements at state institutions of higher learning in the amounts of two (2c) Cents and Five (5c) Cents respectively; providing for a Five (5c) Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation; providing a

Non-operating railroad unions are demanding still another raise of \$568,000,000⁰⁰ a year

MR. & MRS. CONSUMER **MR. SHIPPER & MR. FARMER** **MR. & MRS. PASSENGER**

You would foot the bill!

Look out! There's another big railroad wage demand headed your way!

The non-operating unions alone—whose members do not actually operate trains—are demanding a flat increase of 20 cents an hour. These demands would cost the railroads of the country five hundred sixty-eight million dollars a year!

Last year these employees had an increase of 18½ cents an hour. This was their third major wage increase since 1939. Their average weekly pay has gone up 78%, as against a cost-of-living rise of 54%.

Since 1939, railroad wage and material costs have gone up more than three times as much as freight rates, and five times as much as passenger fares. That is why in 1946, with the largest peacetime traffic in history, the net income of railroads went down to the equivalent of only 23% of the net property investment.

What About 1947?

Even with the recent freight rate increase, preliminary figures indicate that the railroads will make only about the same low return in 1947 as in 1946. This will be because:—the wage increase made in 1946 will be in effect for all of 1947;

—special payroll taxes on railroads have recently been increased;—and passenger traffic has declined.

Where Would the Money Come From?

We can't pay out what we don't take in. And we are not taking in enough new to meet present costs and to complete the improvements in service that you need and that we want to give you.

You Would Foot the Bill!

Mother-Daughter Banquet Staged By Church Men

The second annual mother-daughter banquet given by the Layman's League of the First Christian Church was held at the church Thursday night with mothers and daughters numbering 107.

Mayor W. E. Dameron is president of the League and B. F. Cain was in charge of all arrangements. Mrs. Earl Phillips headed the decorations committee. Mrs. Herman Ford was toastmistress.

The men planned the menu, prepared the food and were in charge of the serving. Betty Jo Carnahan gave a reading, Marcella Blue and Ann McCrab entertained with a vocal duet accompanied at the piano by Mrs. Ellis Coombes, group singing was led by Mrs. B. F. Cain and a devotional talk was given by Wanda Fish.

In conclusion films of Alaska and other entertaining pictures were shown by Rev. Ford, pastor of the church.

Dr. Foreman Will Make Radio Talk On Baptist Hour

Dr. A. D. Foreman, Jr., of Amarillo, (above) will be the feature speaker on The Baptist Hour for the next two Sundays, May 18 and 25 according to the Radio Commission of the Southern Baptist Convention, S. P. Lowe, Director, Atlanta, Georgia. Dr.

Foreman, pastor of the First Baptist Church of Amarillo, has selected as his subject for next Sunday, "Man's Chief End," as divulged in the Atlanta release. In his announcement Mr. Lowe further states that "a sustained spirit of old-fashioned evangelism prevails in literally thousands of the churches throughout the territory, while tens of thousands of the faithful are steadily enrolling in a one-million prayer league with a promise to pray daily for the spiritual awakening our world must have

Mrs. Culpepper Heads Christian Church Council

The Woman's Council, an organization for women of the First Christian Church, was organized and new officers were elected at a meeting held in the home of Mrs. W. N. Lemmon Wednesday afternoon, May 7. The new organization, designed to carry on the local work of the church and to function as a woman's Missionary Society, will take the place of the Woman's Missionary Society of the church which has operated in the past.

Meetings of the Council will be held once each month and in addition circle groups will hold one meeting each month.

An executive board meeting has been called for May 21 when further plans for the organization will be worked out and regular meetings are scheduled to begin July 1.

New officers who will be installed on June 4, include Mrs. O. H. Culpepper, president; Mrs. Clyde Russell, vice-president; Mrs. W. J. Wilson, recording secretary; Mrs. B. F. Cain, corresponding secretary; Mrs. J. W. Robinson, treasurer and Mrs. Troy Moore, reporter.

Members of the council include Mrs. O. H. Culpepper, president; Mrs. Clyde Russell, vice-president; Mrs. W. J. Wilson, recording secretary; Mrs. B. F. Cain, corresponding secretary; Mrs. J. W. Robinson, treasurer and Mrs. Troy Moore, reporter.

Tri-Hi-Y Seniors Feted

Mrs. W. E. Dameron, Tri-Hi-Y mother-sponsor, was hostess for an informal tea Thursday afternoon honoring senior members of Tri-Hi-Y. Purple and white iris and baby's breath were used throughout the entertaining rooms. The tea table, laid with lace and appointed with silver and crystal, held a center arrangement of the spring blossoms in a large silver basket with green tapers giving the completing touch of spring. Cecelia Guesman presided at the tea service. Barbara Burney met the guests at the door and from then on to the end of the party a melee of conversation centering around a recent Circus-Day, held the interest of the group.

Miss Sayde Rigler is sponsor of the Tri-Hi-Y and the senior members of the organization and their mothers or guests included Beverly Barclay and Mrs. Phillip Barclay, Kathleen Brunson, and Mrs. F. W. Brunson, Barbara Burney and Mrs. R. P. Conaway, Elizabeth Coconougher and Mrs. Clyde Coconougher, Linnea French and Mrs. J. M. French, Mary Estelle LeGrand and Mrs. Louie LeGrand, Cecelia Guesman and Mrs. W. E. Dameron, Virginia Lyons and Mrs. F. P. Lyons, Paula Mathers and Mrs. Paul Mathers, Nettie Lee Roots and Mrs. R. L. Roots, Jeanne Sowell and Mrs. Chas. Sowell, Alice Morgan and Mrs. Ben Ezzell, Mary Beth Scott and Mrs. R. L. Scott, Jeanine Singletery and Mrs. Julia Sowell, Ruth Crosby and Mrs. Uel D. Crosby. Mrs. F. H. Oberthier and Mrs. George Graham were Mrs. Dameron's special guests. The hostess was assisted by her daughter, June Dameron.

Bridge-Luncheon Party

Mrs. Oscar Eagley entertained members and guests of the Wednesday Luncheon Club in her home on Wednesday last week, with luncheon tables accenting the spring season with yellow and white floral decorations. After the luncheon contract games entertained the group with Mrs. J. C. McCracken playing high to win the first award and Mrs. W. L. Davis winning second. Mrs. H. A. Close and Mrs. A. R. Bateman were special guests of the club. Members attending were Mesdames H. K. Fox, Jimmy Gillentine, J. C. McCracken, W. C. Pitman, W. L. Davis, Alton Fraser and the hostess.

Hereford Boy Is Honored

Bill Dameron has been chosen to represent the T. C. U. Junior Chamber of Commerce at the National Junior Chamber of Commerce convention to be held this week at the University of Indiana, Bloomington. Bill returned to T. C. U. at the beginning of the winter session after spending a couple of years in the Navy. He is the son of Mayor and Mrs. W. E. Dameron.

MARKERS
 (EDA)—Cotton, strawberries
 some grains and livestock
 strengthened last week, but
 southwest farm products
 about the same or lower
 according to the Production and
 Marketing Administration, U. S.
 Department of Agriculture.
 Corn climbed 13 to 16 cents per
 bushel last week, completely off-
 setting almost continuous losses
 during the past fortnight. No. 2

white corn reached \$1.96 per
 bushel Friday at Fort Worth and
 Galveston; and yellow \$1.91. Oats
 went up four cents to sell at \$1.06
 to \$1.08. Dull trading in other
 grains left prices little changed.
 Rice markets held firm; and
 planting of the new crop went
 forward rapidly last week in fa-
 vorable weather. Alfalfa meal and
 wheat millfeeds remained about
 the same, but other feeds drop-
 ped \$2 to \$5 or more per ton. Al-
 falfa hay sold \$3 to \$4 lower, as
 prairie hay continued in brisk
 demand. Increased tempo of
 peanut planting in North Texas

moved seed at 15 cent per pound
 for reelected farmer's stock and
 21 for treated. Texas wool growers
 held their 1947 clip awaiting
 clarification of the market.
 Despite seasonally dull trading
 in spot cotton, prices gained
 around \$4.50 per bale. Middling
 fifteen-sixteenths closed Friday
 at \$36.00 at Dallas and New Or-
 leans; and \$36.35 at Houston.
 Small supplies of high grades let
 lower classes sell better.
 Poultry saw little change, with
 heavy hens at 36 to 28 cents per
 pound, and fryers 33 to 36. Eggs
 dropped one or two cents per
 dozen at most places. Week's
 price at Fort Worth averaged
 36 cents; Amarillo and Denver
 37; Topeka, Oklahoma City, San
 Antonio and Fort Worth 38; New
 Orleans 42; Shreveport 44 and
 Houston 46.
 Beets and potatoes from the
 Lower Rio Grande Valley played
 out last week, but fresh com-
 moved in volume at mostly \$2.75
 per bushel sack for white, and
 \$2.50 to \$2.75 per half bushel for
 batam; as the market weakened.
 Tomato demand slowed too, and
 lug boxes of green wrapped fell
 to \$5.50 to \$6.00, after reaching
 \$7 to \$8 earlier. Dull shipping
 point market caused most South
 Texas onions to roll unsold. Im-
 proved demand lifted Louisiana
 strawberries to \$4.64 1/2 average
 for 24 pint crates.
 Most cattle sold at Texas mar-
 kets last week, but other south-
 west terminals paid generally
 higher prices. The bulk of com-
 mon to medium steers and year-
 lings brought \$13.50 to \$17.50 at
 Houston; while medium to aver-
 age good kinds turned at \$18 to

\$22.25 at San Antonio. Medium
 to good steers and yearlings
 cashed at \$18 to \$22.50 at Fort
 Worth; and \$20 to \$23.50 at Ok-
 lahoma City. Medium to good
 steers cleared at \$20 to \$23.50 at
 Wichita; and \$18.10 to \$24.75 at
 Denver.
 Hogs gained generally 25 cents
 to \$1.00 for the week, but sows
 lost 25 to 50 cents at Wichita.
 Closing top price at San Antonio
 was \$23.50; Fort Worth \$24.25;
 Oklahoma City \$24; Wichita
 \$24.75; and Denver \$25.
 Some lambs weakened at Tex-
 as markets, and stockers and
 feeders lost at Denver. Other
 sheep and lambs moved steady
 to higher. Good and choice
 spring lambs realized mostly
 \$19.50 to \$21 at San Antonio; \$21
 to \$23 at Fort Worth; \$23 at Den-
 ver; \$23.25 to \$23.75 at Wichita;
 and up to around \$24 at Okla-
 homa City.

Butane—Propane USERS

Is Your
BUTANE or PROPANE
System Too Small?

Can your butane or propane tank carry you
 through four winter months without refilling? If
 not, you should see your local gas dealer at
 once or you may be without fuel in the coldest
 season of the year.

Many users of butane and propane have added
 new appliances—ranges, hot water heaters, and
 refrigerators—until they've outgrown their
 present systems. New industries developed dur-
 ing the war (synthetics, plastics, etc.) use great
 amounts of these gases on a year-round basis.
 But domestic users burn four to seven times more
 gas in winter than in summer, while your dealer
 can furnish you very little more in winter than in
 summer. Therefore, heating gas users must plan

now to store gas in summer, when the demand
 is not heavy.

By doing this, your four months supply will be
 in your tank when you need it most. That's "Win-
 ter-Insurance." Farmers have always stored their
 grain in summer, just as housewives do their win-
 ter canning early. And by taking less time for
 your dealer's services, he can supply you and
 your neighbors more economically at the very
 time when roads are worst.

The Texas Butane Dealers Association urges you
 to drop in and see your local gas dealer as soon
 as possible. He knows butane—propane, and will
 do everything he can to help you get ready for
 next winter now. At any rate, consult your local
 gas dealer before you buy any system—and
 you'll be sure!

See Your Local Butane-Propane Gas Dealer Today!

Claims Examiners Are Assigned to Auditing Self-Employed Veterans Accounts, Claims

Three experienced Claim Examiners have been assigned the job of auditing self-employed veterans claims, F. A. Wells, District Director of the Texas Unemployment Compensation Commission, announced today.

One examiner, James E. Faulkner, is stationed in Amarillo and will audit all self-employed G. I. Claims in the Amarillo, Borger, and Pampa offices, Wells said. Another, Leo G. Ehrig, is stationed at Childress, and will audit all such claims in Childress, Hall, Donley, Cottle, and part of Motley counties. Another examiner, Looney T. May, stationed in the Lubbock office will audit claims in Bailey, Lamb, Hale, Floyd, King, Dickens, Crosby, Lubbock, Hockley, and Cochran counties.

The Texas Unemployment Compensation Commission is acting as agent for the Veterans Administration in this program. The purpose of the audit is to assist self-employed veterans in setting up proper and adequate accounting systems; and counseling with them on

ways and means of improving their self-employment activities to the end that they will become completely re-habilitated in the shortest possible time.

While it is true that there have been several instances of fraud developed at various points of the Panhandle, the primary purpose of an audit of these claims is to be of assistance to the veteran in the keeping of his accounts in the proper order and thereby assist him in conserving his benefits, so that if in the future he suffers economic reverses he will have some benefits

due him that he can apply for; rather than exist on his benefits now when he may not be in great need for the same he might be able to do. Of course if cases of fraud are developed in the course of these audits they will be handled in accordance with the law which specifies rather severe penalties in those cases. Wells states further that the Commission acts as agent for the unemployed title of the G. I. Bill of Rights.

Even if he is otherwise qualified, a veteran is not eligible for readjustment allowances for unemployment if he is receiving allowances for education or training under the G. I. Bill or if he is not available for suitable work, Mr. Wells said.

"This means," he explained, "that in between school terms and during vacation periods veterans should make sure that their Federal government school subsistence allowance payments have been discontinued before claiming readjustment allowances."

"Further, the veteran who is planning merely to rest and play between school terms is not eligible for a readjustment allowance. Among other things he must be available for employment and seeking a suitable job during each period for which he claims a readjustment allowance."

The law provides that further rights to readjustment allowances shall be forfeited by a veteran who knowingly accepts an allowance to which he is not entitled. In addition, misrepresentation and fraud are punishable by Federal fines and prison sentences. In Texas many of the investigations have been handled by the FBI, he added.

Ray Noland, Billy Lookingbill, Bobby Jean Walser, Larry Cannon, Jeanette Euler, and Bradley Lookingbill, and Mrs. Nell.

Mrs. Charlie Robertson of Hereford and Miss Myrtle Smith of California visited in the home of Mr. and Mrs. J. A. Noland Sunday evening.

Mr. and Mrs. Pat Patrick and daughters spent the week end in Crosbyton visiting his parents.

Mr and Mrs. Frits Christman of Hereford are the proud parents of a baby boy born May 12. Mrs. Christman taught school here last year.

Mr. and Mrs. Earl Fenton of Bakersfield, California, and Bob Fullwood of Hereford visited in the home of Mr and Mrs. Charlie Noland Sunday evening.

The Royal Ambassadors of the Summerfield Baptist Church received a letter this week from Ivey Miller of Santiago, Chile. The Chapter was named for Mr. Miller. He told of his trip over Chile, and said that very few people there could speak English and that they had never been in any kind of church service. One of the Chileans told Rev. Miller that he had read the Bible in Spanish and that he wanted to read it in English. He also told of others that he took to church with him. Rev. and Mrs. Miller have two small children. They went to Chile last year as missionaries.

Mr. and Mrs. Joe Storey and daughters spent the week end with Mr. and Mrs. J. A. Noland and Mr. and Mrs. J. D. Storey of Hereford.

Othey Rhodes spent the week end in Mt. View, Oklahoma. He is working on the new elevator which is being built in Summerfield.

Mr. and Mrs. Lloyd Lookingbill spent Saturday night in the home of Mr and Mrs. L. H. Lookingbill.

Mrs. J. B. Noland and daughter, Linda Kay, spent the week end in New Mexico at the Ky Lawrence Ranch, visiting Mr. and Mrs. Lawrence and Jerry Bea Noland. J. B. Noland went to the ranch Monday.

Mr. and Mrs. Luther Foust and Walter F. Plainview spent the week end in the Lee Curry home.
