City Calls \$220,000 Bond Vote

A \$220,000 bond election to provide funds for street improvements will be held Tuesday, Feb. 21, the Hereford City Commission decided Monday night.

Meeting in a special session, the Commissioners approved a revised list of paving and street improvements, contingent upon passage of the bond election.

Before the vote the city also will call for bids on the street work, also hinging upon passage of the bond issue. "We want to get bids in as soon as possible," explained city manager Dudley Bayne.

"Right now, most of the paving work is being bid at a very low figure... this figure would increase sharply if the state started letting more highway contracts."

If approved, the issue would increase taxes by 7 1/4 per cent, or 8.97 cents per \$100 assessed valuation. The current tax rate is \$1.25 per \$100 valuation.

The city cut its tax levy by 10 cents about three years ago.

Named to serve as election officials were: Neil Cooper, presiding judge; Mrs. C. Ora Cookrell, judge; Mrs. Nona Howell and Mrs. Grant Fuller.

Only polling place will be at City Hall. All qualified property owners in the city will be eligible to vote in the election.

Deleted from the original proposal for street improvements was the paving of Union Avenue, the intersection of Union and Avenue F and some damaged

County Accepts Bid For Tearing Down Old Jail

County Commissioners took care of several bits of unfinished business during a special recess meeting Monday afternoon.

A bid to pay the county \$210,50 for material, salvage in wrecking the old county jail building from W. E. Snow of Amarillo was accepted by the court. The lot will be cleared and Snow will take all materials, except for the jail cells, which will be retained by the county.

There were three other bids, all less favorable: B. W. Waters of Amarillo, no payment or charge involved; R. H. Rickart of Dimmitt, asked payment of \$1100 for the job; and Earl Woods of Hereford asked \$1000.

Commissioners also decided to give notice to the Deaf Smith County Farm Bureau that it must move its office, presently located on county property just west of the old jail. The building must be moved by April 1, they decided.

Southwestern Public Service Company was authorized to furnish electrical service for the new county barn.

Bert Boomer was appointed to the child welfare board, replacing Arthur Pearce.

Following office machines were ordered purchased: two Underwood electric typewriters at \$319.20 each and one Underwood calculator for \$540 from Amarillo Office Supply and one Remington adding machine for \$246.60 from Connell Stationery, Dumas.

Commissioners and the county judge went on record Monday as advocating the adoption of a general sales tax in Texas in lieu of a proposed payroll tax. They also went on record as favoring the collection of vehicle taxes at the time of license payment.

County Judge Don D. Zimmerman was asked to draft a letter to the State Legislature, giving the Commissioners' Court views on the two matters.

Farwell abstractor Albert Johnson talked with the court about microfilming all county records. Cost, he said would be about \$10 per volume, a total of about \$2000.

Commissioners voted to raise insurance coverage from \$214,000 on the courthouse to \$500,000 on the courthouse and jail. Coverage on contents also was raised from \$20,000 to \$30,000.

Raymond Bean of Hereford was hired as custodian of the courthouse. His salary will be \$300 per month during a trial period.

Click Gets High Scouting Award

A Scout leader for more than 15 years, Orpha Click of Hereford Saturday night was presented the Silver Beaver Award at the annual Llano Estacado Boy Scout Council banquet held in Amarillo.

Click, 505 N. Roosevelt St., was presented a Silver Beaver medal and certificate at the affair, which was held in the First Baptist Church of Amarillo.

The Silver Beaver Award is the highest honor a volunteer leader can receive in recognition of work with Boy Scouts. Click is the fourth local resident ever to receive the award. Other recipients of the award in past years include Dr. Milton Adams, Urlin Streu and Bill Phillips, all of Hereford.

Only three Silver Beaver awards are given each year by the Council, which includes six districts in the Panhandle area. Others receiving the award this year were Dr. James Corneille of Canyon, president of West Texas State College, and Floyd Garwood of Amarillo.

Click has been active in Boy Scout activity in Hereford for the past 15 years. Presently, he is serving his second year as district chairman, Tierra Blanca District, Llano Estacado Boy Scouts Council.

He has been assistant scoutmaster of Scout Troop 52 in Hereford. Click accompanied Scouts from the Council who attended the huge Jamboree at Colorado Springs last July.

The scout leader is assistant to Hereford Rural High School District tax assessor-collector.

Robinson Files For Re-Election To School Board

Tom Robinson, president of Hereford Rural High School District board of trustees, Tuesday afternoon filed for reelection to one of two school board posts to be filled in an election April 1.

Robinson became the fifth candidate to file for a place on the ballot. Last day for filing candidacy in the school tax assessor-collector's office is March 1.

Three-year terms as trustees will expire this year for Robinson and for W. P. Axe. Axe had not filed intention for reelection Wednesday morning.

Robinson and Axe each have served two three-year terms on the board. The school board is set made up of seven trustees.

In mid-January, three candidates filed for the two posts, including Donald L. Baugous, associated with a Hereford abstract agency; Dr. Wesley B. Owen, a local dentist; and Labry E. Ballard, a county farmer.

A former school teacher now employed by an irrigation pipe concern, Johnny Johnson of Hereford last week announced his candidacy for the board of trustees.

The election will be held on April 1, at the school tax collector's office in Hereford and at Dawn School. Polls will open at 8 a.m. and close at 7 p.m.

School tax collector Fred Baird said deadline for filing candidacy must be 30 days before the election, trustees will be elected at large.

Burglary Suspect Among 8 Indicted

In a lengthy session which lasted all day Monday and through the morning Tuesday, a new 69th District Grand Jury returned eight indictments and only one no-bill.

Garrett Milton Ramsey, 26, of Fort Worth, was indicted by the Grand Jury for the burglary of Cooper's Market in Hereford. The burglary, in which about \$9,000 in cash and checks were taken from a floor safe, was investigated on the morning of Jan. 19.

On the morning the burglary was investigated, a billfold containing the social security card and various other papers bearing the identification of the Fort Worth man was found almost directly underneath a hole which had been cut through the supermarket's roof.

Ramsey's bond was set at \$10,000 after he waived examining trial, and he was released after making the bond.

Other indictments returned included: Jay Lee Walters, alias

Tom Jenkins, forgery and passing; Antonio Gonzales Mendoza, possession of a narcotic drug; Bobbie Alvarez, obtaining money with worthless check; Francisco Lopez Satazar, possession of a narcotic drug; Fred Zapada Guerrero, possession of a narcotic drug; and W. C. Johnson, fraud.

Another man was indicted for forgery and passing forged instrument, but is not in custody of law enforcement authorities at this time.

The session began at 10:00 a.m. Monday with the selection of the Grand Jury for the six-month January term. The session ended at 1 p.m. Tuesday, and was recessed until April.

District Judge Harry Schultz of Dalhart set pre-trials on civil suits for Feb. 15 and jury trials on civil suits for March 13. No guilty pleas in criminal cases were heard by the judge during the two-day session.

Grand Jury members who qualified for duty included Troy Moore, foreman, Mrs. Dyalthea Benson, Mrs. Bert Boomer, J. B. Noland, Melvin May, H. C. Williams, Hilkey Aven, Mrs. O. G. Hill Sr., Ray Stewart, Earnest Brown, Howard Gault and Tom Robinson.

New Telephone Books Ready

The new February issue of Hereford telephone directory will be mailed to subscribers here Friday. It has been announced by Al Leach of Berger, Hereford—manager of Southwestern Bell Telephone Company.

This year's directory has a gray cover and contains 20 "white" or alphabetical pages with almost 2,800 listings. The classified section, or "yellow pages," contains 108 pages.

According to Leach, more than 6,300 directories have been printed for distribution to telephone customers here. He added that extra copies were printed as replacements for those used in public telephone booths and other places where a great deal of use occurs.

Names of persons who had telephones as of Jan. 1 will be included in the new book.

Old directories should be thrown away as soon as the new issue arrives, Leach said. However, out-of-town and frequently-called telephone numbers should be copied in the new directory before throwing the old book away, Leach cautioned.

More than 700 persons will converge upon the Hereford High School gymnasium Friday night, Feb. 3, for the annual Deaf Smith County Chamber of Commerce banquet.

Buffet will start serving at 7:30 p.m. with the meal catered by Walter Jetton of Fort Worth.

When ticket sales closed Tuesday afternoon, 722 tickets had been sold. An extra 25 were reserved for out-of-town visitors.

Guest speaker for the occasion will be Paul Harvey, dynamic radio commentator.

Master of ceremonies will be Paul Harvey of Hereford. The Rev. B. L. Davis, pastor of the First Baptist Church, will give the invocation and the Hereford High School mixed choir, directed by Don Moore, will present the entertainment. Mrs. John Sims will provide organ dinner music and Chamber president C. Palmer Norton will be presiding.

Lions Club president Homer Brumley is to present the plaque to the Outstanding Citizen of the Year for 1960. Recept

Paul Harvey speaks here Friday

of the annual award will not be revealed until Brumley's announcement.

Previously chosen as outstanding citizens have been: Wayne Evans, 1946; Dub Reeves, 1947; W. E. Dameron, 1948; Dr. L. B. Barnett, 1949; Lybe Blanton, 1950; Henry Sears, 1951; Father Raymond Gilla, 1952; S. O. Wilson, 1953; Earl Phillips, 1954; D. C. Kinsey, 1955; Della Stagner, 1956; Argen Draper, 1957; Don Zimmerman, 1958; and Wayne Lawrence, 1959. A special award also was given to Dr. George W. Heard.

The Deaf Smith County Chamber of Commerce has, for the past several years, been the largest such affair in the Southwest. It annually has a larger attendance than any other Chamber banquet in the region. Paul Harvey, the one from the radio network, started broadcasting when he was 15 in Tulsa, Okla. After being discharged from the Air Force in 1944, he went to Chicago for the start of a rapid climb to fame.

When he gave his famous obituary of President Roosevelt on April 13, 1945, starting with "A great tree has fallen..." one station received 10,000 requests for reprints.

Harvey has hammered hard at inadequacies in government and other fields, but always, he says, he has been fighting "not against men, but against ideas which destroy men."

His own way of life includes a suburban home outside Chicago, where he lives with his wife and their son, Paul (Hoppy) Harvey II.

Hoppy broke a run of fours when he was born on Feb. 15, 1948. Paul was born Sept. 4, Mrs. Harvey's birthday is Oct. 4, they met on April 4 and were married on June 4.

For several years the Harveys have had a farm for feeding cattle on the Mississippi River below St. Louis, named Reville Ranch, in honor of a cocker spaniel they had for many years.

Paul Harvey has little time for the farm with his rigid broadcast schedule. He is in the news room by 7 a.m. to start preparation for his noon broadcast.

He has written three books: Remember These Things, Autumn of Liberty and The Rest of the Story. Since 1955, he has written a syndicated newspaper column.

5 Fighters Still In Regional Meet

Three game Hereford fighters' hopes of winning their first regional title were shattered Tuesday when they lost their initial matches on opening night of the Amarillo Regional Golden Gloves Tournament.

Losing close matches in opening activity of the four-night affair were local glovers Wa Dee Hudson, 126-pound high school; Zeke Clement, 155-pound high school; and Frank Lopez, 126-pound open division.

No Hereford fighters were scheduled for a card of 17 bouts Wednesday, which is being held in the Sports Arena on Tri-State Fair Grounds in Amarillo. Hereford's hopes will be carried on the shoulders of five remaining fighters, Roy Rogers,

defending high school heavyweight champion; Elmer Clement, defending 175-pound open division champion; Johnny Welty, 155-pound high school contender; Euel Perry, 175-pound high school entrant; and Donny Leslie, 135-pound open favorite.

The four-day tourney will skip a night Thursday and will be finals Friday and final matches Saturday night.

Hudson gave his opponent, Jim Reeves of Perryton, a run for his money by exchanging hard lefts and rights throughout the three rounds, but lost by a decision.

Clement lost a close match to Cleo Savage of Levelland. Both glovers brought the crowd to its feet by flashing left-right (Continued on Page 2)

Around Town

A total of 2,315 residents of Deaf Smith County will have the right to vote in at least four elections slated for 1961, all having purchased their poll taxes by deadline Tuesday. The count stood at about 1,900 receipts Saturday afternoon, but about 1,000 residents stormed the County Tax Monday and Tuesday, some just barely "getting under the wire." Elections this year will include that of naming a new United States Senator to replace Vice President Lyndon B. Johnson, who resigned as senator from Texas in January, voting for trustees to Hereford Rural High School District, an election for city officials and a city street improvement vote slated for Feb. 21.

Hereford High School principal Bill Stanford is on the program of the annual National Association of Secondary School Principals meet scheduled to be held in Detroit Feb. 11. Stanford will be chairman of a study group and panel to discuss ethics and building character (Continued on Page 2)

Herd Drops Hawks, Hosts Levelland Here Thursday

Hereford shook off a first-half slump Tuesday night to defeat the Phillips Blackhawks 53-45. It was the third win against a single loss in District 1-AAA play as the Whitefacs battled to stay in contention.

Thursday, Feb. 2, the Herd will be host to the dangerous Levelland Lobos in a make-up game. Originally scheduled for last week, the game was postponed by bad travel conditions.

Levelland Tuesday night won its first conference game and its fourth game of the season, dropping the hapless Littlefield Wildcats 81-59. Last Saturday night the Lobos almost pulled off the upset of the year before falling to Dumas in an

overtime game, 63-55. The game was tied 53-all at the end of the regular period of play.

Big Roy Sage is pacing the Lobos this year. The 6-1 jump-shot artist canned 26 points against Littlefield. Backing him up are Jackie Nunn and David Schmidly.

Prior to the varsity game, Bonnie Sparkman was crowned as 1961 basketball queen at Hereford High. She was escorted by co-captains Thomas Coffman and Dennis Hodges. Miss Sharon Hill, the B team queen, was escorted by Randy Dowell, while Charlie Burrus escorted Miss Carole Sneed, varsity queen attendant.

On Tuesday the Whitefacs just couldn't seem to find the basket during the first half while the Hawks used ball control to keep the score down.

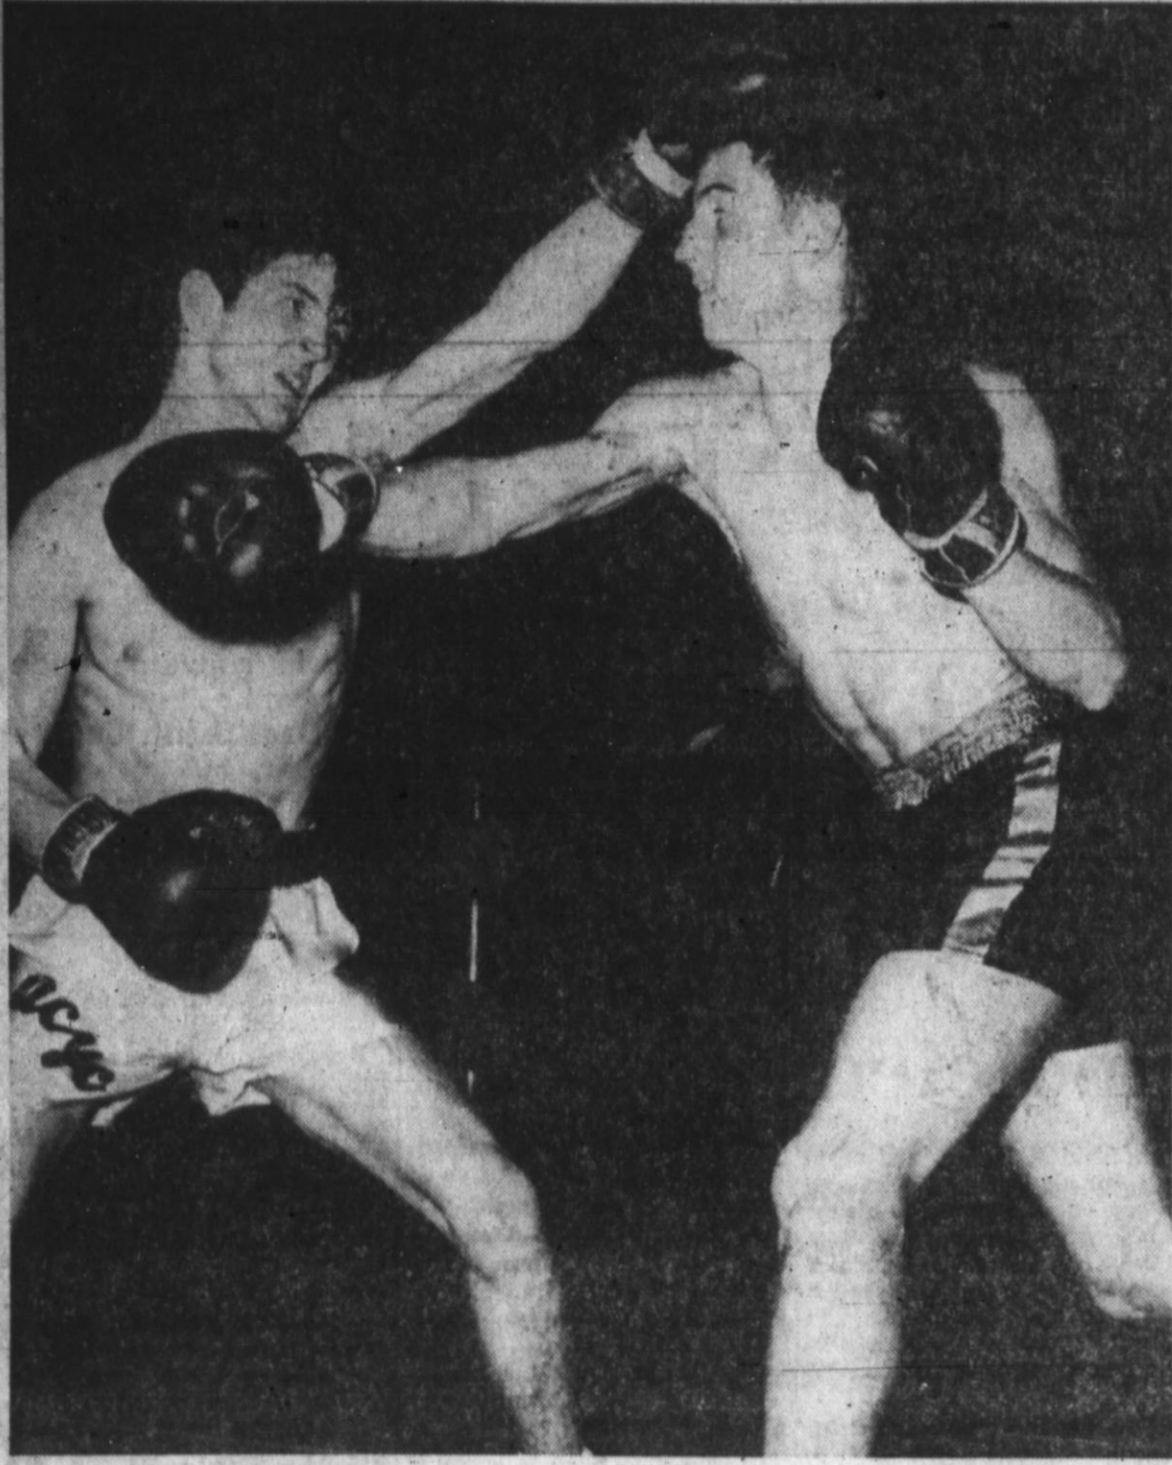

Thomas Coffman kept Hereford in the game during the first quarter as he canned six points. Midway through the period, Hereford was behind 8-4 as Dale Moore canned easy shots for the Hawks.

But a seven-point surge gave Hereford an 11-8 margin. Eddie Pennington tossed in a free throw just five seconds before the end of the period to narrow the gap to 11-9.

Fans were stunned by a almost scoreless second (Continued on Page 2)

HEREFORD BOXER Wa Dee Hudson, right, misses a hard right while a left thrown by Perryton glover Jim Reeves also misses the head of his opponent on opening night of Amarillo Regional Golden Gloves Tournament Tuesday. Hudson and Reeves, matched in the 126-pound high school division, exchanged blows throughout the three rounds, shooting exploding rights and lefts to win applause of the packed house of fans in the Amarillo Sports Arena. Reeves decided Hudson to keep in the four-day tourney, which will end Saturday night.

combinations throughout the bout. Both gloves were staggered by hard rights during the second round.

Lopez broke his right hand during his fight, but fought until the final bell sounded. He lost a split decision to Paul Edwards of Perryton in one of two open bouts on the initial night of the tourney.

Of the 17 fights slated Wednesday night, seven were to have been in the open division. Fights will begin at 8 p.m. Friday, and at 7:30 p.m. Saturday.

An unusually good tourney card this year lists 47 boxers in the high school division and 34 scrappers in open competition.

quarter, Phillips went into a semi-stall, trying to work in close for an easy shot. Hereford was shooting frequently, but with almost no success. Moore started off with two field goals before Carl Miller and Jackie Oldham each made two-points. Phillips went in front 15-14 with 30 seconds left on Ricky Rickard's smooth shot from the corner.

But Charlie Thomas slipped inside with 15 seconds left for a deft underhand lay-up to give Hereford a scant 16-15 margin at the end of the first half.

The puzzled Herd trailed 22-18 before it started finding the range in the third quarter. Behind 26-21 midway through the third stanza, Hereford finally caught fire and rammed in 14 straight points for a comfortable 35-26 edge. Thomas, Miller and Hodges made all of the 14 points, including two field goals on fast breaks.

Phillips finally got a free throw and a field goal in the period's waning seconds, but trailed 35-29 going into the final eight minutes.

It was time then for defensive ace Charlie Burrus to break into the scoring column for Hereford as he whipped in five points. Hodges and Miller kept up their shooting for six points each during the period.

Phillips was never able to get closer than seven points during the last quarter. Reserves finished up the last 60 seconds for Hereford.

After hitting for just four points in the first half, big Carl Miller ended up with 18 points for the game. Dennis Hodges was second for the Herd with 10 markers.

Dale Moore poured in baskets from all over the court to pace the Hawks with 21 points. Next best was Kenny Hunt's seven.

Also Thursday night, the Hereford High basketball team will play here against the Levelland Lobos. The game is one that was postponed last week by bad weather. The B game starts at 6:15 p.m. with the varsity action starting at 8 p.m.

Friday night, of course, is reserved for the annual Chamber of Commerce banquet, which starts at 7:30 p.m. in the high school gymnasium.

curb, gutters and valleys. New proposal includes the widening of Third Street to 47 feet, rather than 50 feet as had been proposed originally. The street now is 31 feet wide.

Additions include storm drainage for Avenue K and Park Avenue, hot mix overlay for Blevins, Irvin and Mable Streets and a hot mix overlay rather than double seal coat.

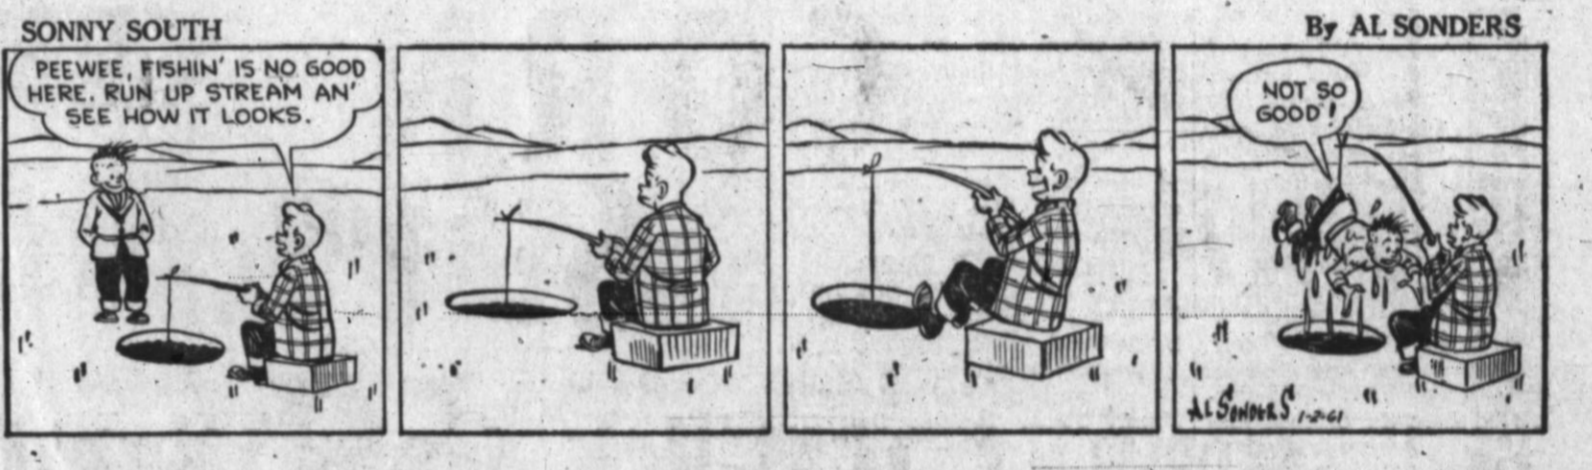

Unchanged were proposals to pave Grand Avenue, make a number of intersection repairs, one-half block of paving on 13th Street and paving of the Community Center parking lot.

Total cost of the work now proposed is an estimated \$209,869, a slight increase from the original estimate of \$186,957. The \$220,000 bond issue figure was used in both cases. This provides a slight cushion in case actual bids are higher than the estimates.

Total figure includes the cost of engineering work.

Henry Sears of Hereford is community chairman for the Boy Scout Capital Funds Campaign which was kicked off in the city Wednesday. The drive, which has a goal of \$150,000 for improvements to Camp Don Harrington, will be held in all nine counties included in Llano Estacado Boy Scout Council. Funds collected in the drive will be used for general building improvements and enlarging of facilities of Camp Don Harrington, located 12 miles northeast of Canyon. Louis Machuca, Tierra Blanca District Scout executive, pointed out that the Council's scout membership has increased 95 per cent in the past ten years, and that attendance at summer camp has increased 183 per cent during the same 10-year period. Facilities at Camp Don Harrington are not large enough for the increasing membership, Machuca said.

There will be a reception Sunday, Feb. 5, for Frederick Taubes, distinguished American art instructor. The reception will be held from 3-5 p.m. in the Hereford Community Center, Taubes, who will show many of his paintings. Sunday afternoon, will present a school for artists Feb. 6-11. The school is being sponsored by the Hereford Art Guild.

American Cancer Society and the Hereford Medical Society will jointly sponsor the showing of a film, "Time and Two Women," at the St. Anthony's school auditorium at 8:30 p.m. Wednesday, Feb. 8. All women are invited to attend the free show. Two doctors will be on hand to answer questions after the show.

No Lost Beads
You can prevent loss of beads the next time the string is accidentally broken if you apply a liberal coating of hard-soap to the string when the beads are restrung. Although a few beads may drop off when the string is severed, the rest remain in place, held by the adhesive quality of the soap.
Removing Lipstick
To remove lipstick from sheets, try hot, sudsy water. If this doesn't work, bleach with hydrogen peroxide or rub hard into the stain until soft, then scrape off grease and wash in hot suds.

REP. WALTER ROGERS WRITES:

Looking Back On Inauguration

TO THE PEOPLE OF THE 18TH DISTRICT:
Washington in recent years is the center of plenty of activities in the ordinary and usual trend of events. This is always tremendously increased during an Inauguration.

"This is further tremendously increased by a snow storm during the several days of the Inaugural festivities. Those are the circumstances under which John Fitzgerald Kennedy was inaugurated.

Thousands upon thousands of people came into Washington to witness the change of Administrations, and the Inauguration of the newly-elected President of the United States.

They did not anticipate the turn of the elements, and the thousands and thousands who came to town had thousands and thousands of experiences which they will be able to relate for many years to come. Some pleasant, some unpleasant. We were very happy to have quite a number of visitors from the Panhandle of Texas. Some could not reach the Capitol by car, by foot, or by telephone. If we missed seeing someone I am sorry, because we had a wonderful time with all those who got to the office.

About ten o'clock in the morning on Inauguration Day the police blocked off the streets around the Capitol and the office buildings. Unless you can show some pretty clear authority to get

through, you are stranded outside the blockades. I told all of our folks to be sure to get to the office as early as they could.

I got the entire Rogers family up about six o'clock and started for the Capitol. The night before, a snow storm had suddenly descended upon Washington, leaving several inches of snow on the streets and several thousand people stranded.

I was in a taxicab just after the storm hit, and it took 55 minutes for us to go a distance of about 25 city blocks. Mary Catherine, our youngest, was on her school bus for four and a half hours coming home from school.

Preparations had been made to clear the streets on the Inaugural Parade route, but this took all of the available snow equipment; hence, all other streets had to wait. On the morning of Inauguration Day, the sun was out but it was bitter cold and the snow was hard-packed and frozen.

We had to bring quite a number of things to the office because I had made arrangements to have some coffee, soft drinks, sandwiches and cookies for all of the folks from the Panhandle. We packed everything in the car, including the clothes that I had to change to in order to be properly dressed for the Inaugural Ceremony.

Realizing the possibility of getting stuck in the snow, I did not relish trying to dig out in

a morning suit and top hat. Available food and drink in the office is almost a necessity on Inauguration Day because of the tremendous crowds and the impossibility of getting through the barricades to eating places. We got to the office in due time and set up for business.

Mr. and Mrs. Bob Lindsey from Borger and Mr. Dick Kennedy from Clarendon were the first to arrive and then came the Kenneth Kendricks from

Stratford, who were followed in short order by Mr. and Mrs. Charlie Gibson, Mr. Michael Johnson, Mr. and Mrs. Marion Bruce, Mr. and Mrs. James Smith, Mr. John Ketter, Mr. and Mrs. Frank Rapstine, all from Amarillo; Mr. and Mrs. Clayton Cook and their sons Ronny and Larry from Vega, Mr. Jim McAndrews of Hereford, and Mrs. George Oliver of Canyon. Mr. and Mrs. John Bookout and their children almost didn't

because of the difficulty in obtaining a taxicab. However, they did get up a few minutes before the Inauguration.

A number of others missed getting up to the office, including Mr. and Mrs. Asa Willis of Texline, whom we saw later, Mrs. Julia Cooke Smith, Mrs. Robert Bruce, and Dr. and Mrs. George Powers of Amarillo; Mrs. Jack Allen of Perryton and Mrs. Joe Berg of Panhandle.

There were many others by the office from outside of our District, including Mr. and Mrs. Fred North of Fort Worth, Mr. Bill Bailey of Houston, former Congressman, and Mrs. John Lyle of Corpus Christi, Texas State Representative Bill Dungan of McKinney, Mr. and Mrs. Frank Moore of Plainview, and a number of others.

The open house was most enjoyable and everyone seemed to have a good time. I had to get dressed up in the morning suit and the top hat and get to the House of Representatives by 10:45 a.m., as we paraded to the Presidential platform in a body, Jean and the children and all of the other guests went

over a little later. Susan was to ride on the Texas float in the Inaugural Parade and the time between the end of the Inauguration and her scheduled appearance on the float was so close that Jean left the Inauguration before President Kennedy had finished his Inaugural Address. She took Susan to the office where she changed into her parade-clothes.

They then went to the garage where I had left the car, only to discover that there were no keys. I had them in my pocket, on the Presidential stand. This almost created a panic because Susan was over due. But thanks to the garage attendant and two metropolitan policemen, Mrs. Rogers and Su-

san made it on time. After the Inauguration went down town and joined Jimmie Smiths and other Willard Hotel to watch parade. After the parade was a mad dash for home to clothes and go to the Inauguration Ball. That is another story because so many things place that night that isn't room to even list one newsletter. It was a great occasion fellow was heard to remark that with all of the chaos, he could understand why these occasions were held four years apart.

WALTER ROGERS, MEMBER OF CONGRESS, 18TH DISTRICT OF TEXAS

B Team Outlasts Blackhawks, 65-59

BY WAIN MILLER BRAND SPORTS WRITER
Making up for a lagging start, the Hereford Bees picked off the Phillips Blackhawks 65-59 here Tuesday night. The Herd had previously been up-ended 64-58 at Phillips in their district opener.

Led by Mack Cansler's 20 points, the Herd came from a 13-4 deficit early in the first quarter to win. With a 14-5 record for the season, the Herd entertains the underdog Levelland Lobos here Thursday night.

Phillips netted six fast points before Randy Dowell came through with a free throw for Hereford with 4:15 remaining in the first period. Mickey Stevens plunked one in from the key shortly thereafter for the Herd's first field goal.

Virgil Strange hit a two-pointer as Hereford lagged 13-4. Dwight McGee rushed in four points, followed in quick succession by field goals of Mickey Stevens and Austin Hodges. The lead was then narrowed to 16-12. Stevens and Dowell added two each to tie it up at 16-16 after the first quarter.

Paced by Mack Cansler's eight points, the Herd built up a 33-23 advantage over the baffled Blackhawks in the second quarter.

More of the same was in store for the visitors in the third stanza, as Cansler totaled six, Allred five, and McGee two, as Hereford maintained a 46-37 safety margin.

Cansler broke loose with six fast points early in the final round before allowing Strange a free throw. Hereford now held title to a 53-37 lead with 6:00 remaining. Allred canned one for two points while David

Dowell claimed four straight free shots. Allred added three more as the Herd led 62-52. Phillips picked up six bonus shots to threaten 58-62 with 1:00 left. Randy Dowell sank a field goal before Stevens added a charity toss to make it 65-58 with two seconds remaining. Fouled as the buzzer sounded, R. J. Richardson made good a free throw after the game was over, setting the final tally at 65-59.

Local Lions Sponsor Clean-Up Campaign

BY MRS. R. L. PINNELL
Local Lions were very evident around town Thursday when they sponsored the "Clean Up Adrian" project. Loren Creitz acted as "crew chief" and gathered the eighteen men who helped all during the day.

The men burned weeds that had blown in or grown on the vacant lots in and around town. Many who were not Lions joined in on this worthy cause. The men plan to gather later to collect the trash that mars the cleanliness of our town.

In the evening the club met for its regular meal and program. The program was brought by Erik Okseter, foreign exchange student of Hereford. He talked nearly an hour, comparing the United States and his homeland of Norway.

Erik said the average farm in Norway was about 10 to 15 acres and small combines have only been in Norway for the past two or three years.

The schools are much more concentrated on many subjects and four or five languages are taught. Erik spoke English that he learned at school quite fluently to the delight of the audience.

Erik said that the temperatures sometime reach 45 degrees below zero and they are able to ski the year around.

Enjoying the evening were Jim Sessions, V. E. Lemke, Lorin Creitz, A. P. Jones, Bob Caldwell, Bill James, Skeet Fincher, Wilburn Harris, Jess Fincher, Ray Brown, John Horton, Johnnie Lewis, Keith Kromer, E. K. Pinnell, John Skaggs, Don Johnson, Jim Clark, Ed Olman, Grady Skaggs, and Jim Perrin and Boss Lion, Mrs. Homer Brumley of Hereford brought the speaker.

The seventh and eighth grades enjoyed a theater party in Amarillo Thursday evening. The children attended the movie, "Swiss Family Robinson" and dinner following the movie. Those attending were Jolene Betts, Ina Sue Ferguson, Linda Pridmore, Billy Perry, Rocky Gruhkey, James Whaley, David Whitten, George Harwood, Carroll Weidner, Doris Horton, Suzette Sisk, Myrna Zaring, Bucky Clark, Bob Liningood, Mike Horton, Tommy Loveless, and Phyllis Heaton. Also Mac Fortenberry and Linda Pinnell.

BY JIMMIE GILLENTE
President Kennedy's State of Union message Monday has created much interest and discussion in this area and, I presume, all over the country. Personally, I seem to expect him to do the impossible. I want him to be strong enough to shove through the defense measures, and to get our State Department on the ball, which is apparently no mean task. On the other hand, I hope that he will be blocked on his socialized medicine and federal control of schools. To expect him to be strong in one instance, and weak in the other is not logical. It just doesn't figure.

I am amazed, meanwhile, at the striking similarity with Mr. Kennedy's approach to that of the late Franklin D. Roosevelt. The approach, outlook and methods of the two men is startling; even their enthusiasm and zeal are parallel.

Some people say this is due to the influence of Harvard law school colleagues, who also thronged to the White House during the long Roosevelt administrations. At a press meeting in San Antonio recently, I was talking with a man from Ft. Worth, and we were discussing the cabinet appointments.

"Do you know the quickest way to Washington, D. C.?" he asked. His answer was: "You go to Harvard, and turn left!"

Right now, our big No. 1 headache is the "Cold War," and it seems to me that Kennedy is getting things in motion to do a bit of striking back - and it is high time. Unquestionably, he is doing his dead-level best, and I believe we will begin to see some results as the weeks and months roll past.

If this recent cold spell caught you with your overcoat at the cleaners, it was your own fault. I told you so! Furthermore, I have a feel-

The Boy-Scout committee met Monday night to select a new Scout Master for our local scouts. Grady Skaggs was chosen by the group composed of A. P. Jones, John Lewis, V. E. Lemke, Jim Cavin, John Horton and Slick Gruhkey.

Several ladies of the Methodist congregation attended the Sub-District meeting held Thursday in Amarillo at the St. Pauls' Methodist Church. This group includes Mesdames E.N. Jacobson, Gene Moore, Anna Witt and N. L. Jacobson.

The Bobby Speeds returned home from Oklahoma City Wednesday night where they took Don and Dudley to the Allergy Clinic there.

Mr. and Mrs. Haley Shaw and son of Sacramento, Calif. have been visiting relatives all week. They came by the way of Clayton, N.M., where they brought Mrs. Shaw's parents, the Bob Renfros, for a visit with them and another daughter, the R. D. Sisks' of Adrian. They also visited Haley's mother, Mrs. Frankie Shaw, also of Adrian. They left at noon Sunday.

Mr. and Mrs. Lowell Landrum and son of Amarillo spent Sunday with their parents, the Bill Leslies.

Bobby Speed and M. H. Zaring Jr. left Sunday for Tulsa, Okla., to pick up a Staggerwing Beach airplane recently purchased by the Caprock Flying Service.

Bert Speed was honored with a "going away dinner" in the home of his brother, Bobby and Froyes Speed, Saturday evening. The John Hostons were co-hostesses. Attending were the parents, Joe and Pauline Speed, Stella and John Horton, Mr. and Mrs. M. H. Zaring and a family, Myrna, Patty and Jerry Milner, Perry Gruhkey and Duide and Rita Speed.

Each basketball game is becoming interesting as the end of the season is very close. The teams met Hartley Tuesday night at Hartley. The boys met their first defeat in conference play when Hartley laid in the winning two points in the last three seconds of play. The game was nip and tuck from the beginning. The final score was 45 to 43, with Calvin Peters top scorer with 14 and Hartley's Thompson looping 20 points.

The girls also lost 44-41 in a very interesting game. Donna Brownlee made 18 points and Losley of Hartley made 22 points.

This defeat put the boys into a three way tie with Hartley and Channing. On Friday night the tie was cut to two ways with Mrs. Millard Nobles and happened to mention the place. One thing led to another, and it developed that the Nobles spent the same night, in the same motel - only four doors down the hall from the Johnsons. None of the four can figure how they missed each other, but they all agree that it is a small world.

What I am trying to say is that the women of America do handle and manage most of the money. It may be a bit short-sighted, but the men became so involved making a living that they turned the spending over to the wives. This, I am sure, has no connection with the fact that the country boasts five women's apparel shops to each men's haberdashery store.

Women, bless their hearts, are also the avid newspaper readers of the country. They know a bargain, and they are the ones who peruse the ads most carefully. Even the automobile ads are being slanted more and more toward a feminine appeal. Stop and think, and you will agree that you seldom ever see a TV ad slanted for male consumption; always it points to the ladies - even cigars, cigarettes, beet, wrestling and baseball.

A lot of us laugh about this bombing business, but it is serious in many circles. The New York Legislature is now considering a deduction up to \$500 on state personal income tax for expenses of building a fallout shelter. A new defense program is coming through our local agricultural agencies - and it should be given serious consideration. Apparently, many people think we are taking the matter too lightly.

Bad as I hate to apologize, I figure Dr. M. C. Adams has one coming. After five years of false starts, he finally did get off on a fishing trip - and it is a dilly. Doc, Curtis Traveek and Dr. John Channer left Sunday morning for Mazatlan, Mexico, by plane. It was a surprise to me to learn that Curtis is not only a pilot, but a licensed instructor. If they have any luck at all, this is one trip you won't hear the last of for years and years to come.

LANKART COTTON

Planted by More Farmers in Texas and Oklahoma than any other variety!

There is a reason. When planted year after year it gives more satisfaction and profit. This is to be expected when one realizes that during the past fifty years the desirable qualities of vigor, high yield, drought resistance, large stormproof boll and quality standard staple have again and again been bred into this cotton by close line breeding methods.

Lankart cottons can be successfully harvested by either of four methods: hand picking, machine picking, hand snapping or by stripper machine. Many thousands of bales of Lankart cotton are stripper machine harvested in the Southwest, annually, at a saving of up to \$25.00 per bale. Cotton harvesting may be an important item to the farmer this fall. Now is the time to determine what harvest methods will be used. A prime factor will be to save cost. Many farmers gin their Lankart cotton carefully to prevent gin mixtures and save the seed for their own planting. It has pure-line breeding back of it and does not "run out" in a year or two. We fully recommend this practice to all good farmers.

We produced a good crop of planting seed the past year but our supply of saw cleaned fuzzy Lankart Selection 57 has all been sold for this season. We have a limited supply of acid delinted seed of this variety. In our early maturing Lankart Selection 611 we have a supply of both saw cleaned fuzzy and acid delinted seed at this time.

We have sold our Breeders quality seed in our Trade Marked bags to many cotton gins and seed dealers throughout the state. May we suggest you see your ginner or seed dealer, if he cannot supply you with our seed contact us. Write for circular.

We are the originators and breeders of Lankart Cottons.

Snow Leaves Good Moisture

BY MRS. S. N. THWEATT
Snow fell Thursday night covering the community, then again Friday late there came more, leaving around 4 or 5 inches. Temperatures dropped low and there was a lot of water when the snow melted. Some farmers begin to think maybe the moisture was needed. The sun came out Sunday and melted a great deal of the snow but a cool North wind blew in Monday morning.
A number of the small children of the community have the chicken pox. Among them are David Buse, Linda Merrill, Tommy East, Barbara Brown and Cathie Monroe. Gary Coleman is out of school with the mumps. Mr. and Mrs. A. L. Sorrells of Center Plains spent Sunday with the Elton Sorrells.

Observe Dental Health Week Every Day Of Year

By Whiteface Staff
What can you do to protect your teeth from decay and disease and keep them where they belong—in your head?
Studies show that the rate of dental decay is higher during adolescence than at any other period of life.
When everyone was little their parents were extremely careful about their teeth being brushed. Children took this seriously because it was an important duty and that nice, clean feeling was well-

come.
Most people still like that nice, clean feeling but somehow the toothbrushing ritual doesn't see quite so important after they're grown up. People have so many things to do that there just isn't time for all of them. Yet, tooth decay is just like time—it continues to attack unless you give it proper attention.
A person is running a risk if he depends on toothpaste to keep the teeth clean and free from decay. After all, one application of soap won't keep p-

hands clean all day, so one application of toothpaste won't keep your teeth clean all day.
Teeth were designed to last a life time—handsome, perfect teeth are one of a person's features like the nose and eyes. They are part of your charm; they show when you talk, smile, or laugh and are important for good speech habits. They will be even more important during the coming years when the HHS graduates will be going out and applying for a job.

Students Conduct Panel On Alcoholism Problem

Five students from Hereford High School conducted a panel discussion on the problem of alcoholism at the noon meeting of Hereford Rotary Club Monday in the ballroom of the Jim Hill Hotel.
All seniors, the students included Sandra Moore, student representative of the Deaf Smith County Council on Alcoholism, Thomas Coffman, Cherry Holt, Phyllis Ward and Jackie Oldham.
Miss Moore was panel moderator. She told the Rotarians that 99 per cent of students know few if any facts relating to the problem of alcoholism today.
Oldham told of education programs being carried out in schools in Texas. It was pointed out that 150 students in Hereford schools could be subjects of alcoholism, based on national statistics.
Miss Ward told of the work of the Alcoholics Anonymous. Coffman gave statistics, explain-

ing that alcoholism is among the four major health diseases in the United States.
Coffman said there could possibly be as many as 500 alcoholics in this county, based on the national average, and 100 of that number would be made up of women. Only three per cent of the number could be termed as the "skid row" type of alcoholic.
Miss Holt told the group that alcoholism should be termed as a disease, not as a disgrace. "An alcoholic is a sick person," Miss Holt said. "He is a person who cannot control his drinking."
The program was introduced by Bill Hardwick of Hereford.
Visiting Rotarian at the meeting was Hosea Foster of Canyon. Guests included Sam Nunally, the Rev. Joel Treadwell, Charles Bell, C. W. Frye, Jimmie Gillentine and Carl Lance, all of Hereford, and J. Evetts Haley of Canyon.

AUSTIN HIGHLIGHTS

Legislators Hesitant In Proposing Tax Program

BY VERN SANFORD
AUSTIN — A proposal that would take the monkey off the backs of the legislators who campaigned on a no-sales-tax, no-income-tax platform has been made by one of the State Capitol correspondents.

It is the feeling of many persons in Austin as well as over the state that the public is ready for a definite, long-time tax program, whether it be a sales tax, an income tax or the Governor's proposed payroll tax. They are convinced that the state has to take some drastic financing steps. And they are ready to foot the bill. Many legislators realize this fact.

Trouble is that a goodly number of them campaigned on a no-sales-tax, no-income-tax platform. Many legislators, felt at the time that such was a popular campaign theme; that the public did not want either type of tax; that their resentment to either would be bitter.

It is the opinion of a number of the legislators that the people are far ahead of the lawmakers in this type of thinking; that they understand the problem better than the legislators realize; and that they are willing to face the facts.

But the legislators as a whole are hesitant. They are not sure the people are ready. They are fearful that they will get all the blame.

Richard Morehead of the Austin bureau of the Dallas News suggests that legislators feel the public pulse by ordering a referendum on the April 4 ballot. Voters will be going to the polls anyway to vote for a new U. S. Senator.

Morehead's proposed referendum would point out the state's need for at least \$100,000,000 a year in new revenue. Each voter would be asked to check which of the three tax proposals he preferred: a payroll tax to be paid equally by employer and employee, a general sales tax, or an income tax.

Such a referendum would give the voters a voice in the tax program... an opportunity to express their own preference in the matter. And at the same time it would lift the problem off the shoulders of the legislators.

As Morehead points out, there are other ways to raise money but informed people generally agree that some variation or combination of the three methods outlined herein is going to be passed by the legislature. And by April 4 the voters will have heard many sides of all proposals.

Lawmakers have proposed numerous methods for raising additional tax money.

Rep. W. W. Glass of Jacksonville suggests a constitutional amendment authorizing a one per cent levy on the gross income of all businesses. He estimated it would bring in \$100,000,000 a year.

A 10 per cent tax on the gross receipts of trading stamp firms was suggested by Rep. Henry A. Fletcher of Lufkin.

A graduated levy on gross income at the wholesale level and on income from personal services - for an estimated \$300,000,000 yearly - was put forward by Rep. Lloyd Guffey of El Campo.

Rep. Marshall O. Bell of San Antonio took the opposite approach by proposing a constitutional amendment that would prohibit either a state income or payroll tax.

Racist suggestion came from Fred Arbanas, 1960 Michigan State co-captain, caught his first pass as a sophomore and his last as a senior. Both resulted in touchdowns.

Rep. V. E. (Red) Berry of San Antonio who, as he promised in his campaign, introduced a bill to legalize horse racing and parimutuel betting and to levy a tax on the track proceeds.

As bills dropped into the hopper, State Treasurer Jesse James announced that the general revenue fund deficit has risen to \$95,381,122.

Legislature is also considering proposals aimed at cutting expenses.

Texas Research League, reporting on a study made at the request of the Legislature, made 19 recommendations for reducing the cost of collecting taxes.

Rep. Dick Corv of Victoria has proposed a bill that would set up a commission to study the agencies of state government with a view to eliminating duplication and bringing about maximum economy and efficiency. It has been dubbed the "Little Hoover Commission."

Drive to enact loan company regulations got new push when the State Supreme Court made final its ruling that the "certificate plan" for loans is not legal.

Under this plan a borrower had to buy an investment certificate from the loan firm and pay for the certificate as well as pay off the loan.

Atty. Gen. Will Wilson said it is urgent that the Legislature set up a guide by which loan companies can operate legitimately. Several lawmakers have announced plans to sponsor such bills. One would allow for total charges (interest plus other charges) of 3 per cent per month on the unpaid balance of the loan.

SHORT SHORTS

Sen. Jarrard Secrest of Temple is back with his proposal for "flexible rating" of automobile insurance rates. It would allow individual companies to set up their own rating plans rather than following uniform rates set by the State Board of Insurance.

George Corse of Graham, who

sought unsuccessfully last session to get his own job of county school superintendent abolished, is back for the same purpose. Corse says eliminating the county school superintendent in counties with no county schools would save the state \$711,000.

A bill to allow rural electric cooperatives to continue serving an area after it is annexed by a city has been introduced by Senators Culp Kreuger and Charles Herring in the Senate and by Rep. Alonzo Jamison Jr. in the House.

Texas' 1961 state highway maps, full color and packed with information, are off the press. Free copies may be obtained from district highway offices or by writing the Texas Highway Department, P.O. Box 5064, Austin.

LAWMEN GO TO JAIL

McKEE, Ky. (AP) — When Alcoholic Beverage Control Agent Claude Williams Jr. and Jackson County Sheriff George Felty returned from hunting for moonshiners, they decided to rest for a few hours and then go out again.

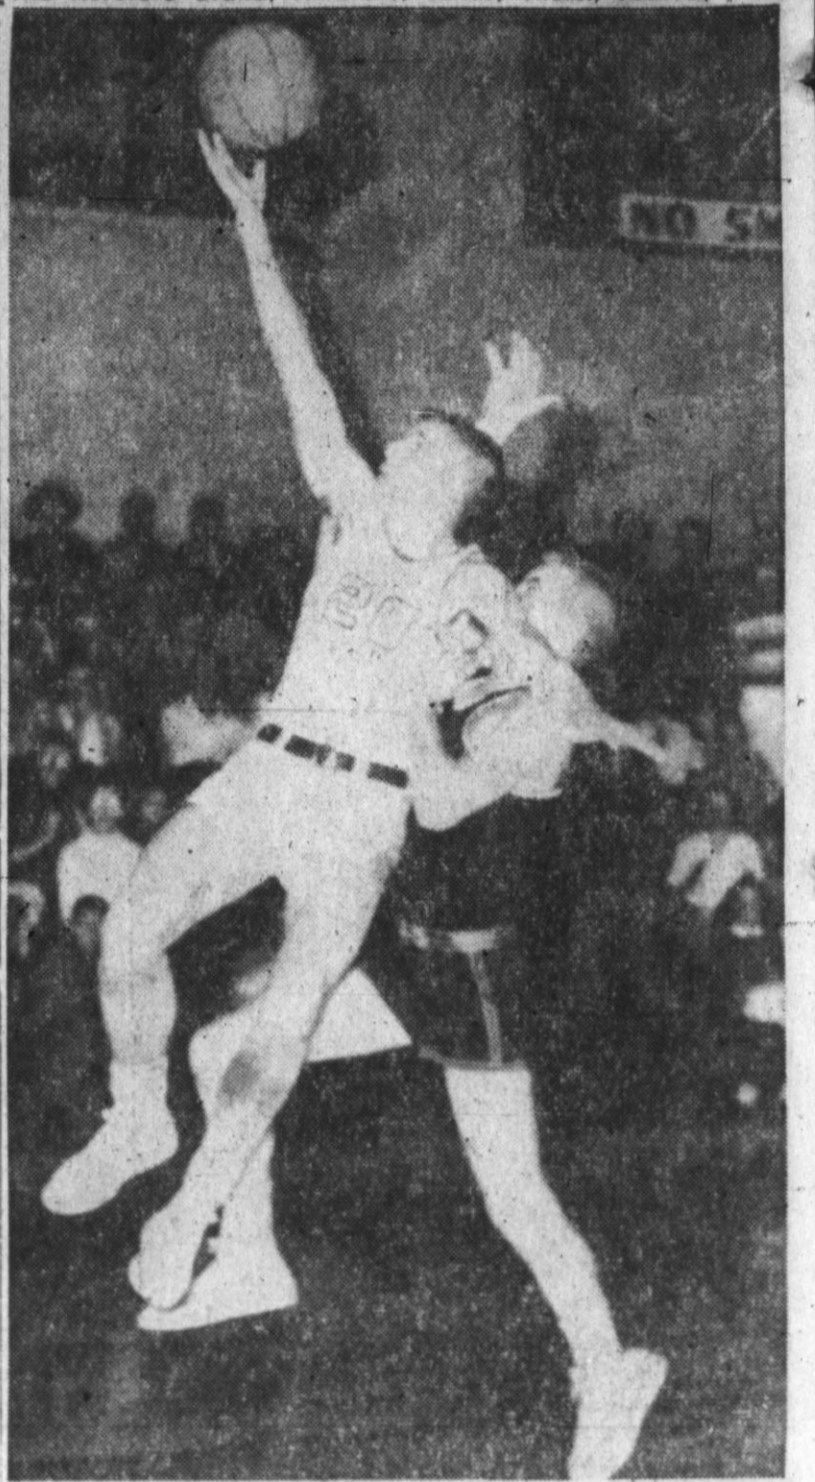

They climbed into two bunks in an empty cell at the county jail. When they awoke, they couldn't get out. The cell had pulled to and locked behind them.

A deputy sheriff let them out after he drove by the jail and noticed his boss shouting from the window.

RANGE CONSERVATION

Range Conservation Is Featured On New Stamp

Conservation leaders are looking forward to the issuance of the world's first range conservation postage stamp by the Post Office Department in Salt Lake City, Utah, according to Don Newman of the local Soil Conservation Service office. The commemorative 4-cent stamp, printed in 3 colors, will be issued February 2 at the American Society of Range Management's annual meeting at Salt Lake City.

The stamp is in two parts. One part is a reproduction of the famous drawing, "Trail Boss," by Charles Russell, the distinguished artist of western life. The other part shows a scene.

The new stamp, Newman said, symbolizes the development of range conservation from the pioneer days of the open range to today's scientific management techniques. Those who are interested in a "first-day cover," a souvenir

Short History Of Democratic Party

When Mr. John F. Kennedy took his oath of office he became the 13th Democratic President to serve in the United States. The others were Thomas Jefferson, James K. Polk, James Madison, James Monroe, Andrew Jackson, Martin Van Buren, Franklin Pierce, James Buchanan, Grover Cleveland, Woodrow Wilson, Franklin D. Roosevelt and Harry S. Truman.

The Democratic party was established on the principle of popular government. Thomas Jefferson was the first leader of the party. He was the first Secretary of State and the second Vice-President. Jackson was the first one of this party who could be called "a man of the people." He was the first President to come from a frontier family and the first President to travel by train.

Buchanan was the only bachelor President. Cleveland was the only President who had two non-successive terms. Roosevelt was the first President to fly in an airplane while in office. He also served the longest term, which was 12 years, one month, and 8 days. He was the first President to be seen over T.V.

Wilson was awarded the Nobel Peace Prize. Monroe was the first President to deliver his inaugural address in the open air before the Capitol. Madison didn't marry until he was 44 years old. Truman was one of the three Presidents in the Democratic and Republican parties to be born west of the Mississippi River.

All members of the Democratic party are patriots and would fight if need be, for the values of our free society. We are Americans first, and members of the political party second.

TEACHER OF THE WEEK

Mrs. Prowell Lists Yard Work, Sewing As Hobbies

Mrs. Frank Prowell has taught in Hereford for six years. The first two and one-half years she taught reading and Texas history at Stanton Jr. High School, then for three years she was in the extension service. And now she is back teaching home economics in Hereford High.

Mrs. Prowell has two interesting hobbies. One is sewing, because "I get a good feeling from creating something";

and the other is her yard. She says that she can teach all day and be very tired, but can go home and work in her yard and be relaxed and rested.

Mrs. Prowell's husband is a farmer, and she has two daughters, Dollie Jo and Shari. She's been a Texan for nine years.

Ever since she was a freshman in Kiowa, a rural high school in northern New Mexico,

Mrs. Prowell planned to major in home economics and her goal was to become a home demonstration agent. Mrs. Prowell graduated from New Mexico State University and also studied at Oklahoma University.

Mrs. Prowell made her teaching debut in a one room school with eight grades of 23 students. Of her students, three were Anglos and the rest were Latin American. (Continued on Page 2)

Slave Auction Slated Friday

Approximately 30 HHS girls will be auctioned off during the "Slave Day" assembly to be held Feb. 3. Bidding will start at one dollar and the highest bidder gets a slave for the hours of 1:00 through 5:30 on the afternoon of Feb. 4.

The girls will do anything within reason for their "master." This is a good opportunity to get something done that you've been putting off for a long time.

The auction is being sponsored by the Student Council and all proceeds will go to the council. Ken Walser and Edwin Thomas will serve as auctioneers. Representatives from the council got the idea for the auction at the workshop held this past summer in San Antonio.

Any girl who would like to volunteer to be auctioned off can turn her name in to any of the council members or officers. It's a worthy cause girls!

'Shadow' Views Many Moods Of Mystery Girl

Last week the Shadow had an interesting and exciting time keeping up with the mystery girl.

Monday was a very happy day for her because there was no school and she stayed at home waiting patiently for a telephone call from her boyfriend.

Tuesday she got up and went to school with a grudge. It was just another day of ordinary activities for her.

Wednesday seemed to be one of her good days because she bowled with a friend while waiting for her boyfriend to finish bowling in his league.

Thursday a little disgusted at school and then just a little more so after school when she received only one phone call from her boyfriend.

Friday at school she was beaming with joy because her boyfriend was going to take her to Amarillo to the rodeo.

Saturday she was a little tired so she stayed at home and watched T.V.

Sunday she went to see "All the Young Men" in Hereford with a very close friend.

In case you haven't guessed, the Shadow followed Sue Thomas.

Mystery Couple

The mystery boy this week has brown hair and green eyes. He is 17 years old and was born July 27, 1943, in Dimmitt. Five feet, eleven inches is his height and he weighs 162 lbs. He was a member of the varsity football team this year and played end.

Hunting and horseback riding are his hobbies and his favorite pastime is being with Sandy.

Plans for the mystery boy after graduation are to attend West Texas State College and major in drafting. He would like to be an architect when he graduates.

He thinks that going steady has its good points and its bad points but all in all it's all right with him.

His opinion of H.H.S. is that it is pretty good and that it will do until something better comes along.

"Fools Rush In" is his favorite song.

Whiteface Whims

The absent-minded professor was busy in his study when his wife entered with a paper. "Look at this, Henry," she said. "This paper carries a report of your death!"

"My goodness" replied the professor without looking up, "that's too bad. We must remember to send a wreath."

The stage manager called his leading man to him. "After tonight," he said, "I'm going to have you killed in Act

I instead of Act II."

"Wherefore the change?" boomed the villain.

"Because I don't want to run the risk of having the audience do it," explained the manager.

A woman was driving along a country road when she noticed several linemen climbing telephone poles. "Silly fools!" she remarked to her companion. "They must think I've never driven before."

Question Of The Week

The seniors received their rings on Jan. 21. Well, seniors, what do you think of them?

Phyllis Ward — I like this one, but I have another one I like better!

Ann Lance — I'm real proud of it, and nobody is going to get it!

Eugene Baldwin — I think they should have changed them this year.

Charlie Thomas — It cost me too much money.

Kenny Walser — I like it a whole lot.

Clyde Whitaker — I like it.

Lisle Patton — I can't get mine on.

Johnny Welty — I like it.

Gary Tannahill — I think you could turn it around and use it as a wedding ring.

Kay Woolery — It would be delightful if I had it.

Sondra Brumley — I think they are real pretty.

Sharon Farmer — I think it is great.

Audrie Self — I'm real proud of it and no one else is going to wear it.

Carolyn Hammett — I don't think very much of it because it is too little.

Carole Snead — It is worth waiting twelve years to get it.

Sandy Blythe — It is the only one of its kind.

Mary Lois Coker — It is all right.

WHAT AM I BID for this willing worker? chants Ken Walser as he warms up for a "slave auction" which will be held Friday. Playing the unwilling slaves are Patsy Fowler, left, and Ginny Higgins. Edwin Thomas will be the other auctioneer. (Brand Staff Photo)

Senior Class Personalities

(By Whiteface Staff)
Elmer Leeroy Kimball is the son of Mr. and Mrs. Elmer Kimball. He lives at 521 Star. Lee was born on Sept. 8, 1942, in Hereford.
After graduation, he plans to go to college and get married. Lee's favorite pastime is riding around. "Mexican" is the name Lee is known by. His opinion of Hereford High School is, "It's okay, I guess."
Lee would advise all lowerclassmen "to study hard and make your grades while you are young." Anybody who says things that aren't true is Lee's pet peeve.
Football is his favorite sport. His favorite food is shrimp and the subject he likes best is math. The Bramble Bush is his favorite book and the "Ten Commandments" is his favorite movie. He likes "Little Darling" and "Devil or Angel" the best of the songs.

Tommy Sparkman thinks the hardest fall he has ever received was when he landed on a tin can recently. Tommy is the son of Mr. and Mrs. T. L. Sparkman, Jr. He was born on Sept. 14, 1942, in Hereford, Texas.
In his spare time Tommy enjoys hunting. After he graduates he plans to go to college. The college he plans to attend is West Texas State.
Tommy leaves this advice to all underclassmen "Stay away from Mr. Richey as much as possible." He thinks we have a pretty good school but you can't have any fun because it's too strict.

Tommy would like to live to be 110. He chooses this age because he thinks he might as well get as much out of life as he can.

Some of his favorites are: food, steak; color, blue; movie, "Thunder Road"; song, "Don't Worry About Me"; teacher, Mr. Burney McClurkin, and subject, ag.

Kay's secret ambition is to be a criminal lawyer. After graduation, she would like to go to Nevada and spend the summer. She plans to attend Nevada Southern University in the fall.

One of Austin's more embarrassing moments came while he was playing baseball in the fourth grade. Austin managed a hit that got him to second base. One of his teammates then knocked a fly right to second base, so Austin caught it and put him out naturally!

HOLD ON

How we love to watch these trapeze artists perform! We watch them in amazement, though feeling some peril in their doings. We can almost hear the crowd say "Hold On!" It is a parable of you and me. God is the strong member of the team. We live every day in peril and difficulty... we hang from His hand.

We must hold to the hand of God if we win. Prayer is our aid to keep his hand in ours. We read The Book and attend His church for courage and strength. But a closer look will give us hope. We are "holding on" to God but better still God is "holding on" to us. God does not faint or grow weary. Then "hold on" to Him, for "He shall renew thy strength."

It seems as though so many men are not gentlemen. Boys are always concerned with good looks, nice cars, and the impression they make. Little do they realize the importance of their manners.

Many manners come from old customs. Carriages rambling down muddy streets often splashed mud on the ladies' dresses. A man, therefore, walked on the outside to protect the lady. Even though we no longer have carriages, this custom still stands.

Boys, do you enjoy watching a girl struggle with her coat? You must enjoy it, or you would help her.

Is the age of chivalry in the past? It must be or a girl would never be seen opening a door for herself while a boy stands idly by.

Girls aren't born to be explorers. Why not lead a girl down the aisle of a movie rather than let her grope her way, hands outstretched in the dark? Some boys eat just like swine! Do you want your date to be embarrassed each time you gulp and gobble your food? Try eating a little slower and with a little more dignity. Your knife, blade inward, belongs on your plate, and your spoon belongs out of the cup.

Somewhere girls have gotten the impression that the boy is supposed to help her with her chair as she sits down at a table. Some impression! How many do?

Stand up! You're supposed to, you know, when a girl or woman enters the room. Offer her your chair instead of sitting there like a log.

Attention! The days of the cave man are in the past! A girl isn't something to beat in the back. Don't grab her neck; she is supposed to be the weaker sex.

Try to profit boys, by this list of a few "pet peeves." You might be surprised what would happen if you "mind your manners."

Seventh Graders Fall To Estacado

**BY WAIN MILLER
BRAND SPORTS WRITER**
Unable to contain a strong second half attack, the Stanton Seventh Grade Dogies were defeated 23-29 by Estacado of Plainview here Thursday night. This is the only conference defeat for the Dogies, but they had downed Estacado earlier this year.

Looking for their tenth win in 14 tries, Stanton hosts Levelland here next Thursday night. With only three conference battles left, the seventh grade Dogies stand a chance to take the Golden Spread Conferen

championship again in basketball, as they did in football. They won easily over Levelland and Littlefield, but only managed a one-point victory over Coronado.

Steve Hodges, Robbie Lemons, and Roger Owen teamed up to lead the Dogies to a 7-2 lead during the first quarter. Steve Hodges canned four in the second quarter, Lemons and Gary Payne two, and Roger Owen one, as the Dogies maintained a 16-8 advantage at the half.

Limited to only four points in the third quarter, the Stanton lead was narrowed to 20-17 at the end of the third period. Allowing the Dogies only three free throws, Estacado racked up 12 points to win 29-23.

TO: The Spirit of General Sam Houston
FROM: The Spirit of Erastus "Deaf" Smith

SUBJECT: A Report on the Activities of My Chamber of Commerce and County

Sam, one of the advantages of our present condition in the spirit world is that we can read other people's mail without being caught. For example, just the other day I was looking over the correspondence on the desk of the Chamber of Commerce manager and came upon the reprint of an editorial which appeared in the Winter Park, Fla., Sun Herald.

The title of the editorial was "What Do You Expect From Your Chamber of Commerce?" It was so interesting and well written that I thought I would pass it on to you; you can substitute "Hereford" or "Deaf Smith County," or any town in each place where it says "Winter Park" and the editorial will read just as well. Here it is:

"If you haven't, it is time that you spend that few minutes of your time and given serious thought or consideration to the question, 'What do you expect from your Chamber of Commerce?'"

"If you haven't, it is time that you spend that few minutes and give this subject your thoughtful meditation. You, your business, and your community are no better than you make your Chamber."

"If your Chamber of Commerce is neglected, if it is apathetic, if it is ineffective, then it is the direction of the reflection of the attitude of the business interests in the community."

"Any organization of business, whether it be termed a Chamber of Commerce, a Commercial League, or a Businessmen's Association, has as its primary objective the promotion of business in the community. Secondly, it has responsibilities for the advancement of the civic and cultural interests in the area, but basically, these secondary functions are important because they have an indirect effect on the primary function."

"Now, after you have made a detailed list of the things you expect the Chamber to accomplish, then immediately opposite this list, record the activities in which you have personally engaged to assist in the accomplishment of these objectives."

"Then compare the lists and see which is the shorter. In many cases, the list of expectations will be long and the list of activities will be non-existent."

"This analysis adds up to only one proposition and that is that no Chamber of Commerce can accomplish any more, achieve any greater results, or rise to the heights which most businessmen desire, than the personal efforts of its membership."

"Basically no organization of this nature can become effective unless it enjoys the support of the entire community. By support is primarily meant the inclusion in its membership list the names of 90 per cent of the business and professional houses" (and farmers, Sam) "in the area it serves."

"On this point, what is the present situation with the Winter Park Chamber of Commerce? LESS THAN ONE-THIRD OF THE PEOPLE WHO SHOULD BELONG ARE ACTUALLY MEMBERS." (Sam, this is not true of the business and professional community in Deaf Smith County where membership does run near to 90 per

Freshmen Free Throws Beat Estacado, 47-29, Thursday

BY WAIN MILLER

BRAND SPORTS WRITER
Racking up a total of 23 free throws, the Stanton Ninth Grade Dogies defeated Estacado Junior High of Plainview 47-29 here Thursday night.

Winning Thursday's game placed the Dogies on an even basis with Estacado in Conference competition, as the Plainview team had defeated the Dogies earlier this season. Stanton also bested Estacado in

tournament action here last month.

Stanton, which now holds a 17-2 record, hosts Levella next Thursday in their second meeting. The Dogies outdid the young Lobos 54-35 in their first clash.

With only three Conference tilts remaining, Stanton has a good chance of winning the Golden Spread Conference title, as it has already defeated Littlefield and Levelland by wide margins. Coronado poses the biggest threat, as the Plainview team has taken one of the three meetings between the squads. The Dogies play Coronado at Plainview, and since there has never been over a five point margin between them, Stanton will have its hands full. In case of a conference tie, the winner will be determined by a flip of the coin.

Eugene Green canned 16 points during the first half to pace the Dogies to a 28-10 stranglehold. Jim Haney totaled 14 points, 12 of which came at the foul line, during the duel Thursday night.

Stanton converted 10 free throws in the first quarter to move out to a 20-6 lead. Green collected 10 points, as Haney hit nine, and Mike Ferguson added one.

Bill-Hill and Neal Lueb picked up a bonus shot apiece, as Green outscored in three field goals to put Stanton ahead 28-10 at the half.

More of the same awaited Estacado in the third stanza as they trailed 35-17. In the fourth quarter, David Stevens and Johnny Northcutt totaled three each, while Steve Coneway, Jim Haney, and Green added two points each to win 47-25.

'Deaf' Smith Says

TO: The Spirit of General Sam Houston
FROM: The Spirit of Erastus "Deaf" Smith

SUBJECT: A Report on the Activities of My Chamber of Commerce and County

Sam, one of the advantages of our present condition in the spirit world is that we can read other people's mail without being caught. For example, just the other day I was looking over the correspondence on the desk of the Chamber of Commerce manager and came upon the reprint of an editorial which appeared in the Winter Park, Fla., Sun Herald.

The title of the editorial was "What Do You Expect From Your Chamber of Commerce?" It was so interesting and well written that I thought I would pass it on to you; you can substitute "Hereford" or "Deaf Smith County," or any town in each place where it says "Winter Park" and the editorial will read just as well. Here it is:

"If you haven't, it is time that you spend that few minutes of your time and given serious thought or consideration to the question, 'What do you expect from your Chamber of Commerce?'"

"If you haven't, it is time that you spend that few minutes and give this subject your thoughtful meditation. You, your business, and your community are no better than you make your Chamber."

"If your Chamber of Commerce is neglected, if it is apathetic, if it is ineffective, then it is the direction of the reflection of the attitude of the business interests in the community."

"Any organization of business, whether it be termed a Chamber of Commerce, a Commercial League, or a Businessmen's Association, has as its primary objective the promotion of business in the community. Secondly, it has responsibilities for the advancement of the civic and cultural interests in the area, but basically, these secondary functions are important because they have an indirect effect on the primary function."

"Now, after you have made a detailed list of the things you expect the Chamber to accomplish, then immediately opposite this list, record the activities in which you have personally engaged to assist in the accomplishment of these objectives."

"Then compare the lists and see which is the shorter. In many cases, the list of expectations will be long and the list of activities will be non-existent."

"This analysis adds up to only one proposition and that is that no Chamber of Commerce can accomplish any more, achieve any greater results, or rise to the heights which most businessmen desire, than the personal efforts of its membership."

"Basically no organization of this nature can become effective unless it enjoys the support of the entire community. By support is primarily meant the inclusion in its membership list the names of 90 per cent of the business and professional houses" (and farmers, Sam) "in the area it serves."

"On this point, what is the present situation with the Winter Park Chamber of Commerce? LESS THAN ONE-THIRD OF THE PEOPLE WHO SHOULD BELONG ARE ACTUALLY MEMBERS." (Sam, this is not true of the business and professional community in Deaf Smith County where membership does run near to 90 per
