Two Men Die In Accidents

Lady's Man

It appears that Wayne Lady is indeed a ladies' man as he happily accepts a kiss on each cheek from two lovely ladies. You'll have to turn to the story inside to find the reason for such goings-on. We'll give you a hint — it's not for his accounting work, but it has something to do with his job as Lions Club president. (See Page 1C)

Former Resident Is New MHRM Center Head

Keith Schroyer

A former Hereford resident, Keith Schroyer has returned to assume the director's post for the District 3 Mental Health Mental Retardation Center here, replacing Don Elwell. He came from Tallahassee, Fla. Schroyer became familiar with Hereford in 1967-68 when he worked as a VISTA Volunteer at the Labor Camp. At that time he met and married Eunice Vasquez, who was working in the Migrant Ministry program. They are living at 811 Brevard with their two children, Derek, 4, and Maria Elena, 2. Schroyer has served four years in the U.S. Navy and

(See SCHROYER, Page 2)

A Hereford man was killed early Friday morning when the car in which he was a passenger veered off the road near Canyon and struck a tree.

George W. Stringer, 47, of Route 3, was riding to a job in Borger at the time of the accident. Jerry Kent Brock, 18, of 537 Westhaven, was the driver of the vehicle. Brock was taken to Neblitt Hospital in Canyon and reportedly sustained only minor injuries in the accident.

BROCK told officers he and Stringer had been commuting between Borger and Hereford. At about 5:35 a.m. Friday, the two were traveling east on Hwy. 60. Four-tenths of a mile west of Canyon, the vehicle left the roadway and struck a tree in the center median.

DPS officer Ralph Pedigo, who investigated the accident, said the vehicle struck the tree on the side. Justice of the Peace Bill Wilson pronounced Stringer dead at the scene.

Funeral services for Stringer will be conducted at 10 a.m. Monday in the Assembly of God Church, of which he was a member, by the Rev. H.L. Stephan of Dumas and the Rev. Homer Goodwin, pastor.

A graveside service is scheduled at 3 p.m. in the Dumas Cemetery where burial will be directed by Gilliland-Watson Funeral Home.

Born May 16, 1927, at Vernon, Stringer married Dorothy Chambers Oct. 31, 1952, at Clayton, N.M. They moved to this county from Dumas in 1962. He was a veteran of military service during World War II.

Survivors are his wife; three daughters, Lanny Stringer and Vickie Lynn Walker of Hereford and Deborah Jacobs of Lubbock; his mother, Mrs. Lydia Stringer of Dumas; a sister, Elwanda Blackwell of Dumas, and one granddaughter.

Truck Fall Kills Man

The body of Merced Perez, 47 is carried to a waiting ambulance by Hereford Fire Marshal Jay Spain and ambulance attendant John Gilliland. Perez was killed Thursday morning on a farm four miles north of Hereford when the welding truck he was welding on fell from a jack, crushing him beneath.

'Litter' Is Former Governor's Billfold

Preston Smith, former governor of Texas, lost his billfold near Hereford this week, but it is on the way back to him thanks to the sharp eyes of Miles M. Funk.

Funk, a Hereford man employed by the Texas Highway Department, spotted the billfold Wednesday when a crew was blading mud off Hwy. 385 about three miles south of town. Identification in the wallet quickly determined the owner.

FUNK TURNED the billfold into a department supervisor here, who took it to the Amarillo office of the highway department. A call to Smith's office in Lubbock revealed that the former governor had gone fishing in Colorado and probably passed through Hereford on the way.

Thanks to Funk, the billfold will be waiting for Smith on his return home to Lubbock.

A Hereford farm worker was killed Thursday morning when the truck he was working on apparently slipped off a jack, pinning him beneath the vehicle.

Merced Perez, 46, of 121 Avenue F, was found by fellow workers about 11:20 a.m. Gilliland-Watson ambulance was called to the scene, but the accident had gone unnoticed too long.

Perez was employed by the L.J. Jones farm, and was replacing a muffler on a welding truck when the accident happened. The truck was pulled halfway into a barn four miles north of Hereford and apparently was being held up by only one jack.

Two fellow workers, Robert Compas and Rudy Flores, were working in other areas of the barn, one with a noisy sanding machine. They told officers investigating the incident that Perez was last seen about 11 a.m., but that a long session of noisy work followed. About 20 minutes later Flores and Compas stopped work and began searching for Perez, only to find that the truck had fallen. They jacked the vehicle off Perez. Acting Justice of the Peace Mrs. Johnny Turrentine pronounced Perez dead at the scene from severe chest injuries. Mrs. Turrentine is substituting for Judge Glen Nelson, who is away attending school.

The truck Perez had been working on was rated as a two-ton vehicle. A welding bed and welder were on the rear of the truck.

The funeral of Perez is set for 11:30 a.m. Monday in St. Anthony's Catholic Church. Burial will be directed by Gilliland-Watson Funeral Home in St. Anthony's Cemetery.

He was a native of Texas, born in June Sept. 24, 1927. He came to Deaf Smith County from Del Rio in 1964.

He is survived by his wife, the former Teresia Salazar; four daughters, Norma and Veronica Perez, Juanita Montenegro and Elsa Balderes; three sons, Rickie, Jesse and Lupe, all of Hereford. Also surviving are three sisters and a brother.

'Big Red Band From Hustlin' Land' Makes Debut

By KERRIE WOMBLE
Brand Staff Writer

A voluminous hand-painted banner proclaiming "The Big Red Band From Hustlin' Land" decorates the home-ground of Hereford High School's Whiteface Marching Band. And according to Randy Vaughn, band coordinator, this year's Big Red could be Hereford's best.

Citing a great attitude, new talent and a lot of hard work, Vaughn forecast an exceptional season for the Herd's most impressive supporters. "One of the band's main goals is to support the football team and to personify school spirit through our music and formations," he said.

"Also, I guess you could say that halftime is another contest between the two school's bands," Vaughn stated. "And like football, you win some and you lose some."

THE MAJORITY of students in the HHS marching band, entered the program during the first year of secondary school, the seventh grade. "This first year in the band program is the most important," Vaughn continued. "It is during the seventh grade that we

(the band directors) lay the groundwork for a marching band. The student is exposed to an intensive format of education with his particular musical instrument.

"The seventh grader in Hereford learns as much in one year as another student does in three years," Vaughn stated. "If a local band student can make it through this year, he has it made."

La Plata and Stanton Junior High bands each numbering about 225, do not march. "We allow junior high band members to get completely acquainted with their instruments," he said. "This three-year period prepares them to coordinate marching drills with a musical performance."

"IT REQUIRES a tremendous amount of coordination to perform in a marching band," the director commented. "Combining the physical aspects of a moving formation with a memorized piece of music results from many hours of practice and trained concentration."

High School's marching Whitefaces consume about 27 hours of rehearsal in preparation for the first halftime show. Minor changes in the performance routine requires about eight hours of practice. HHS band members rehearse 2 and one-half hours each Tuesday and Thursday evening, plus an hour daily during school hours. They learn about as

many as 35 selections during the 10-week football season.

"We're a little behind last year's schedule, due to all the wet weather we had," explained the high school director. "But we expect to catch up in a couple of weeks."

Rehearsals are regimented to resemble exact requirements during the actual performance, Vaughn said. "Many bands do not control rehearsals, but students need to be accustomed to the self-discipline required during a public performance."

Vaughn said, "We try to balance rehearsal time with a student's schedule. Band participation is not designed to monopolize the members' time. Most HHS band students are ranked high academically."

"Eleven of the top 15 scholars last year were band members including the valedictorian and salutatorian. A band student has to work hard to meet other responsibilities and must be organized," Vaughn said. "But a student who is really involved in school activities earns a lot of respect."

VAUGHN ATTRIBUTES the success of the local band program to a team teaching criteria. The 560 junior high and high school band students are distributed between four directors. However, each rehearsal is audited by all four band teachers. Two of the directors specialize in woodwind instruments while the other pair concentrates on brass sections. One member of each pair teaches percussion music.

Through this joint teaching plan, band students are taught consistently in specialized fields. Vaughn explained, "This team method saves the kids' time and the band directors'. All four band teachers feel responsible for each of the three school bands."

Band directors are Nick Nixon, assistant at HHS and brass specialist; Jim Priest, La Plata director and brass specialist; Tom Wine, Stanton director and woodwind specialist. Vaughn also concentrates on woodwind instruments.

INDIVIDUAL BAND members are offered two methods of obtaining instruments. The school will loan the more expensive ones, such as oboes, bassoons and French horns. Students usually buy other band pieces.

Sometimes, the popularity of one instrument can throw a band off balance, according to Vaughn. "Right now, brass instruments are chosen by many band members. Most of these students can be persuaded to study another music category. But of course if they insist on an instrument, we allow them their first choice."

ONE HUNDRED AND sixty students are currently enrolled in the high school band with formations utilizing 128 members. The leftover band youth are twirlers, football players and substitutes. "We try to alternate band participants so that every student gets a

chance to perform during the season," Vaughn said.

Band youngsters are ranked according to a seating chart where the first chair in the first section is the highest position. This arrangement gives a student incentive and forms a basis for grades.

Football season gives excellent local exposure for the Whiteface marching band, but the rest of the school year is active for the group.

In October, the group will be vying for the 15th superior marching rating earned by HHS bands. The annual Christmas concert and membership in the all-region band will be December highlights. During January, a few gifted individuals will compete for positions in the all-state

band, while the entire band and orchestra team for the annual HHS musical production. February marks the start of competition for junior high and high school bands in solo and ensemble contests. More rivalry will ensue during March as band youth participate in UIL Concert and Sight Reading events.

A trip to Corpus Christi is the icing on the cake for the Whiteface Band as they perform in the Buccaneer Festival, a contest known as "one of the toughest in the Southwest."

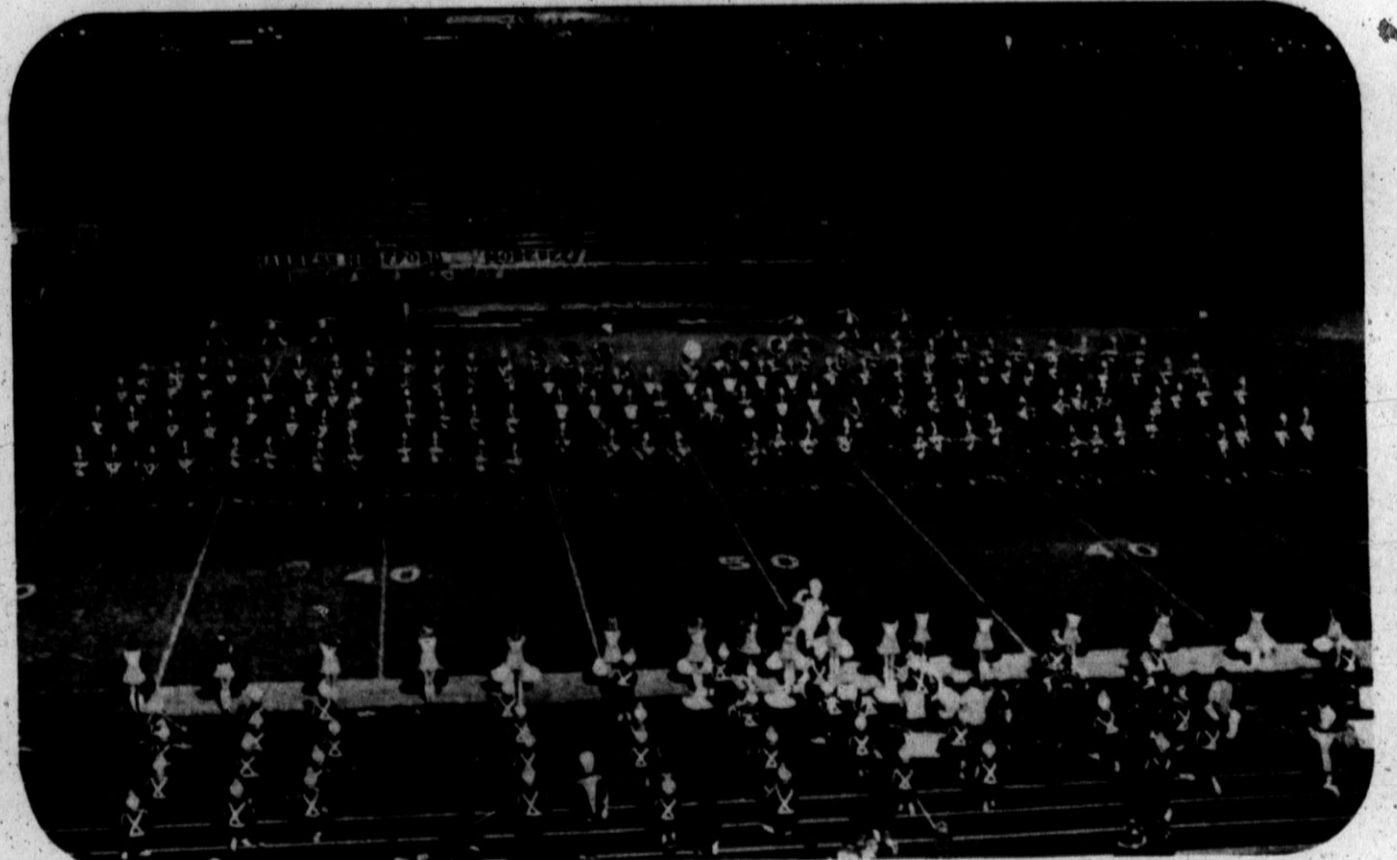

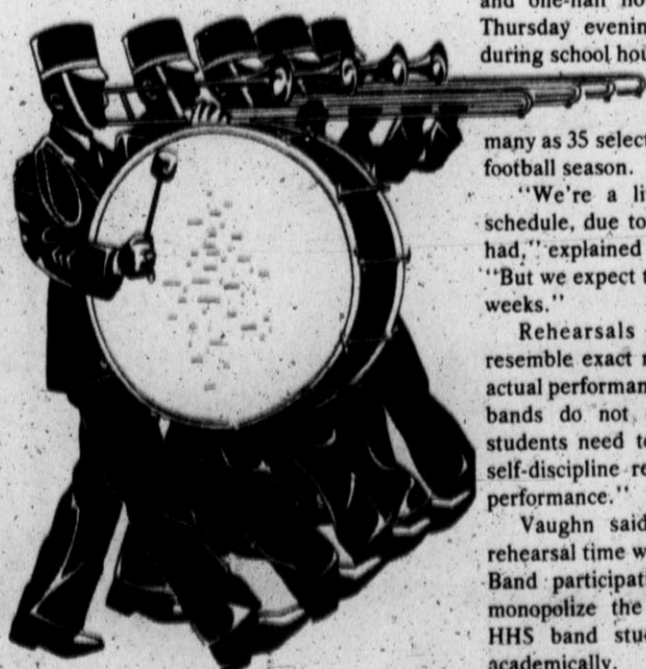

DENYING ANY prejudice, Vaughn stated that Texas is reputed to produce some of the best bands in the nation. "I've known many band directors from

other states who rate Texas groups as the best bands from any state," he said.

Vaughn thinks that these laurels are a result of the Texas Bandmasters Association (TBA), which boasts a membership of 95 per cent of all state band directors. TBA is a strong and vital organization which constantly informs its members of new techniques and trends in band instruction.

VAUGHN ANNOUNCED that most of the HHS halftime performances will feature rock and show tunes such as Hawaii 5-0, the Patton theme, the overture to Tommy and a modern

(See BAND, Page 2)

Winning Combination

Hereford High School's Marching Whiteface Band, twirlers and drill team proved a winning combination during halftime activities Friday night at the Pama-Hereford clash here. The "Big Red Band From Hustlin' Land" is the result of a six-year program coordinated by Randy Vaughn.

Schroyer--- from Page 1

completed graduate studies in social science at Florida State University since he left Hereford. He recently received the masters degree in sociology.

At the MHRM Center he plans to continue the workshops for mentally retarded which Etwell has been directing, and to carry out follow-up contacts with former state hospital patients.

"My major goal is to improve the community's mental health and treat the retarded," he said.

The MHRM Center, which became operative last October under a new plan, is located at 625 East First. It operates with a full staff of four. The telephone number is 364-6111.

Do you try to get all the facts before criticizing someone or something?

rendition of the Wabash Cannonball.

Many of the HHS band arrangements are designed for college bands by Joel Leach of Los Angeles. Through a longtime friendship, Vaughn has obtained exclusive permission to allow his high school musicians to play them. "The Leach arrangements are a little more expensive and they are more difficult," said Vaughn. "But I think they add polish to our performances."

A PRETTY and special faction of all bands are the twirlers. Auditions are scheduled each May in order for band directors to select "the baton beauties." Local policy requires a twirler to play an instrument with the band for the first year. She is then eligible for twirler auditions.

Each of the junior high schools feature four eighth and ninth grade twirlers. HHS does not limit the number of twirlers and sponsors seven this season. Responsible for the Whiteface twirlers is Mrs. Joe Tubb of 209 Fir.

Prompting the band this year is Drum

Major Hank Stringer. He was selected by the four local band leaders and two drum majors from West Texas State University.

During band trips, the "Big Red" travels en masse via buses. Individuals must travel to and from a performance on the bus unless they have obtained signed permission from parents, the principal and band directors.

VAUGHN SAID the local band program is indebted to many people, especially parents of band students. "The support and encouragement given by a parent is very important to the success of any school activity and the band is no exception," Vaughn surmised. "It certainly helps a band youngster to know that his parents are interested in his successes and failures."

The band coordinator said that he was also grateful to the school administration and other directors for their cooperation.

"Of course," he began, "the kids are the biggest factor. Their attitude and dedication to the band unit and to their schools, is directly responsible for the band's success."

Service Is Held For Woman

The funeral of Elisia DeLosSantos, 49, who died Wednesday at her home in the Labor Camp, was conducted Friday morning at St. Joseph's Catholic Church by the Rev. Joe Gilligan. Burial was in St. Anthony's Cemetery under direction of Gilliland-Watson Funeral Home.

A resident of Deaf Smith County since 1947 when she moved from Spade, Miss DeLosSantos was a native of Mexico who came to Texas from that country in 1929. She was born Oct. 21, 1922.

Surviving her are six sisters, Lupe Flores, Esperansia Martinez, Catherine Pesina, Delfina Pesina, Elida and Alga DeLosSantos, and three brothers, Seferino, Rufus and Juan DeLosSantos, all of Hereford.

Starting Campfire Year

New leaders were among those at the meeting of Hereford Campfire Girl Leaders Association Friday, when organization of new groups and recruiting of new leaders was a topic of discussion. Standing are Mrs. W.C. Russell, organization chairman on the local Campfire Girl board, and Mrs. Jim Carnahan, a prospective Bluebird group leader. Seated from left are Mrs. Lanny Crump, organizer for Northwest School groups; Mrs. Greg Jones, a new Bluebird leader, and her assistant Mrs. Jimmy White.

Manjeot Is Buried In Kansas

The funeral of Alfred A. Manjeot, 76 of Spivey, Kan., former Hereford resident, was conducted at Harper, Kan., Friday. Mr. Manjeot was a brother of the late A.L. Manjeot of Hereford; Mrs. A.L. Manjeot attended the funeral.

Survivors of Mr. Manjeot are his wife; a son, D.D. Manjeot of Topeka, a sister, two brothers and three granddaughters.

Graveside Rites Held For Infant

Graveside funeral rites for Vicanta Bellejo Gamez, infant daughter of Mr. and Mrs. James V. Gamez of 441 Ave. C, were conducted Thursday in West Park Cemetery.

The baby died earlier that day in a local hospital. Gilliland-Watson Funeral Home was in charge of burial.

In addition to the parents she is survived by three sisters, Clarissa, Roxane and Sabrina, of the home, and grandparents, Mrs. Mary Gamez of Hereford, Mr. and Mrs. Lupe Ballejo of Dalhart.

Infant Son Of Bradys Is Buried

Funeral services for the infant son of Mr. and Mrs. James Edward Brady, who live eight miles northwest of Bovina, were conducted at the graveside in West Park Cemetery Thursday. Burial was directed by Gilliland-Watson Funeral Home.

Death of the baby occurred Wednesday in a hospital here. Survivors are the parents.

Most of the luxuries, and many of the so-called comforts of life, are not indispensable, but positive hindrances to the elevation of mankind. -H.D. Thoreau.

LETTERS TO THE EDITOR

To the Editor: I am writing in hopes that you will print this letter in your paper to tell the people of Hereford of a nice family in their community.

We wish to THANK the B.G. Yarbrough family and especially Mr. Yarbrough for their generous help during the Labor day weekend.

My husband and I and some friends were on our way to Santa Fe, NM from Lubbock when the V-Belts broke on our VW Van. Mr. Yarbrough came to our assistance and repaired not only the V-Belt damage, but also checked the engine out and Mr. Yarbrough did a valve job on the Van. Without which we might still be sitting in Hereford today.

Then after working several hours to complete the work, Mr. Yarbrough invited us to his house so he could change the oil and check the engine out. Mrs. Yarbrough kindly opened her house to four strangers while her husband worked on our Van.

Without their help we would not have been able to make our Holiday trip - so we are forever grateful to these people. It is refreshing to know that there are people who will stop to

help a stranger in trouble. Thanks for our Happy Fiesta!!!! Dale, Monte, Paul and Vivian Thompson

Dear Sir, I have intended to write this letter to you for some time.

Another funeral has prompted me to do so today.

In the name of the congregation of La Mision de San Jose' I wish to express our thanks to the Police Department of Hereford for their courteous and respectful help with leading the funeral cortege to the cemetery. Ever since my coming, without exception, on the occasion of a funeral here at San Jose' in La Colonia' San Jose' the same efficient, polite, and considerate service has been rendered.

To Captain Morgan and his men a prayerful thanks. God bless, Padre Jose' S.A. Administrador

School Board Meets Monday

Hereford School Board will hold a regular meeting Monday, beginning at 4 p.m., with a agenda facing trustees. Curriculum reports, board policies, on several matters, elections and resignations of teachers, and administrative reports are among the items on the agenda.

Patsy Giles and Carolyn Waters, presidents of two professional organizations, will make reports to the board. A presentation regarding the school's dress code policy has also been requested by Mrs. Annie Brashear.

Breathtaking Blossom

An unusual but pleasant sight in Hereford is this magnolia blossom which was cultivated by Mrs. J.V. Campbell, 311 Western. Several hours after this photograph was taken, the flower opened to a full foot in diameter. Her son Mark discovered the bloom.

Hart Neighbors Sow Wheat Crop Hull Named To

Several area farmers "extended a helping hand" Wednesday to Cecil Hart, local resident who has been in ill health for some time. More than 500 acres of Hart's farm, located southeast of Hereford near Arney, were sown with wheat by neighboring farm owners and hired hands. Assisting with the planting were

Arthur Clark, Lowell Neumayer, J.E. and Gerald McCathern, Leroy Bodkin, G.W. Duncan, W.R. Stovall, George Olson, Fred Turner, Raymond Higginbotham, Pat Robbins, Bud Snyder, Bill Ellis, Norman Hodges, Tommy Braddy and Charles Hoover. Mrs. Hoover provided lunch for the men.

Water Committee

James Hull, general manager, Deaf Smith Electric Co-Op, Inc., has accepted appointment to the Membership Drive Steering Committee of Water, Inc. The appointment was made by Geo. W. McCleskey, Water, Inc., president. As a member of the committee, Hull will participate in drafting and executing plans for the annual emphasis on membership enlistment, scheduled in November and December. Others serving with Hull are Lloyd Calhoun of Hobbs, N.M., Sam Spikes of Seminole, Ed Weber of Amarillo, J.W. Buchanans of Dumas and Joe D. Unfred of New Home.

In announcing the committee for this year, McCleskey noted that Water, Inc., activities directed toward importation of water into West Texas and Eastern New Mexico are directly dependent on its membership. "Expanding membership is the key to our stepping up our activities," McCleskey said. "With our annual drive under the direction

of dedicated members such as Hull, we are confident that the day our goals are achieved will be hastened," he added.

Down The Drain

Hereford police officers cleaned out the evidence room Friday and poured alcoholic beverages that has been confiscated down the sink. The booze has been piling up for about three months as officers arrested persons for driving while intoxicated and drunkenness in public. Officers estimated about 25 cases of beer and 40 fifths of various other alcoholic beverages went down the drain.

THE HEREFORD BRAND'S ANNUAL

FOOTBALL CONTEST

Weekly Winners Receive

1st. Place **\$15⁰⁰** 2nd Place **\$10⁰⁰** 3rd. Place **\$5⁰⁰**

And Season Winners Receive Grand Prizes Of

1st. Place **\$100** 2nd Place **\$35⁰⁰** 3rd Place **\$15⁰⁰**

To be eligible for a grand prize, a contestant must participate in 12 of the 13 weeks (If 13 entered worst week is thrown out)

Enter every week....simply look for games in the sponsoring merchants ads and check the number in the official entry blank.

OFFICIAL ENTRY BLANK

Only one entry per person; entrants must be at least 10 years of age to be eligible. Check the games in the ads, then mark the box number in the entry blank of the team you select to win. To be eligible for the season prizes, entrants must have at least 12 weekly scores. Entries must be turned in at The Brand office, or mailed to Box 673 by 5 p.m. on Thursday. Please use the official entry form or a reasonable facsimile. Members of The Brand staff or their families are not eligible. Decision of the judges is final.

Fumbles, Poor Defense To Blame

Farmers Plow Herd

Goal Line Stand

Linebacker Danny Jones (70) grabs Pampa running back Rick Leverich from behind while Doug Charest (35) and other Hereford players stay busy near the goal line. Hereford withstood two Pampa attacks at the goal line during the first quarter of Friday night's game.

By DAN WELTY Sports Editor

A stingy Pampa defense recovered several Hereford fumbles and limited the Herd offense to only 139 yards as the Harvesters downed Hereford 35-8 in the season opener at Whiteface Stadium Friday night.

A crowd of about 5,500 watched as Hereford fumbled on their first two possessions of the evening, and eventually gave the ball to Pampa six times on fumbles during the evening.

Coach Larry Dippel's charges were only able to score when Dave Charest took a kickoff in the third quarter 100 yards for a touchdown.

Pampa, on the other hand, scored almost at will under the guidance of quarterback Chuck Quarles. Quarles tossed two touchdown passes to receiver Howie Lewis, while running back Rick Leverich accounted for three scores.

Pampa rolled over the Herd with 18 first downs, 235 yards rushing and 124 yards passing for a total of 359 yards. Hereford was held to just 69 yards on the ground and 70 in the air by the Harvester defense.

Hereford's first possession turned into disaster as Doug Charest fumbled the handoff from quarterback Mike Crim. Pampa took the ball at Hereford's 43-yard line and drove to the 6-yard line before the Hereford defense could stop them.

Hereford fumbled again on the very next play when the Crim-Dave Charest handoff came off clumsily. This gave Pampa the ball at the Hereford 5.

The Herd defense made another stand at the goal line against the invading Harvesters and stopped Pampa from scoring as defensive end Terry Bell made key plays.

Early in the second quarter, another fumble by Dave Charest gave Pampa the ball at the

Hereford 32-yard line. Rick Leverich and running back Dave Smith handled ball-carrying chores as Pampa drove to the goal line in six plays. Leverich found running room up the middle as the Hereford defense dropped back expecting a pass. Leverich scampered 14 yards to the goal line untouched. The extra point attempt failed, and the Herd trailed 6-0 with 8:29 left in the half.

Late in the half, it was Pampa's turn to fumble as quarterback Chuck Quarles lost control of the ball at the Hereford 2-yard line.

Hereford could only move the ball to the 8-yard line in four plays. Mike Crim readied to punt, but center Dennis Evans threw a high snap that tumbled into the end zone, scoring a two-point safety for Pampa.

On the next play from scrimmage, running back Dave Smith utilized the draw play to run 42 yards and put Pampa in scoring range again on the Hereford 5-yard line. Leverich scored from three yards out two plays later. Joe Coutts kicked the conversion and Pampa went into the locker room at the half with a 15-0 advantage over the Herd.

Pampa's first possession of the second half ended in a score. The Harvesters covered 59 yards in seven plays with the key being a 37-yard pass from Quarles to Tim Thornburg. Two plays later, Leverich carried the ball in from the one-yard line. A Coutts conversion was good and Pampa led 22-0 with 7:16 left in the third quarter.

Dave Charest put Hereford on the scoreboard, catching the following kickoff at the goal line and racing 100 yards for a score. After an interference penalty against Pampa on a conversion attempt, Charest was again called on to carry the ball, and scored the two-point conversion.

Late in the third quarter, Doug Charest fumbled a handoff at Hereford's 42-yard line. Pampa drove to the goal line in nine plays, mostly on the running of quarterback Quarles. Quarles connected on an 18-yrd pass to Howie Lewis for the score with 10:55 remaining in the game. The extra-point kick failed. Hereford was down 28-8.

Quarles hit Lewis in the end zone again a few minutes later after substitute quarterback Mike Artho fumbled the snap from the center. Quarles tossed the ball 24 yards as the Herd defense broke down against the big receiver. Coutts kicked the extra point to wrap up the scoring.

Coach Larry Dippel will show the game film and comment at the Tuesday night meeting of the Whiteface Booster Club. That meeting is set for 8 p.m. in the high school auditorium. Dippel will present a scouting report on the Palo Duro Dons. The Herd will meet the Dons in Amarillo Thursday night.

Table with columns: Stat, Herd, Pampa. Rows include First downs, Yds. rushing, Yds. passing, Passes att'd., Passes comp., Fumbles lost, Punts, avg., Penalties, PAMPA, HEREFORD, RUSHING, RECEIVING.

riding. Bill Austin will be the arena announcer. In addition, parents of Hereford contestants will be working in the concession stand and the admission gate. Dances will be held after the rodeo Friday and Saturday at 9:30. The dances will be in the Civic Center with Bobby Wynn and his band providing the music.

Comment

WASHINGTON, D.C. — Football this year features Monday night college and pro games. And since most of the pros seem to be ready to play rather than strike, the standard of football should be excellent.

Notre Dame begins 1974 as the reigning national champion, so all opponents will be out to upset the top team. The Miami Dolphins seem destined to win again, also, and are an awesome pro aggregation. Unless some of the key Dolphins are injured, they may well repeat in 1974—and in the Super Bowl in 1975.

On the college scene, if Alabama can have another good year the best bowl matchup would be a Crimson Tide-Irish bowl go, because the memory of their clash last January is still vivid in fans' minds.

Rodeo Prizes

Officers of the Hereford High School Rodeo Club display some of the prizes that will be awarded at the fifth annual HHS Tri-State Rodeo. Left, club treasurer Kirk Andrews holds the saddle that will be given to the all-around cowboy. Center, club reporter Curtis Smith displays one of the belt buckles that will be given for first, second, and third places in all events. Right, club President Richard Esqueda holds the all-around cowgirl saddle.

youngsters, many adults will be helping to stage the event. Bill Thorpe of Dumas will be working as arena clown, protecting the riders from animals, and entertaining the crowd between events. James Martin of Spearman has contracted the stock. Spicer Gripp will be arena director. Judges will be Glenn Green and Ed Jessup and Gary Cotten serving as flagman. Roping directors will be Gene Duren and David Hill, with Steve Robison directing the

Hereford To Host High School Rodeo

The fifth annual Hereford High School Rodeo will be held next week with performances for Thursday Friday and Saturday nights, as well as a matinee performance Saturday.

The event is sanctioned by the Tri-State High School Rodeo Association, and will feature youngsters who are members of that organization from four states. Texas, New Mexico, Oklahoma and Kansas will all be represented within the 225 rodeo contestants.

Rodeo participants will be compiling points for a chance to compete in the TSHSRA finals

to be held in Dumas next spring. According to Hereford's agriculture teacher Marcus Phillips, the event held here is one of the largest on the TSHSRA circuit. Hereford is a charter member of the organization.

Prizes awarded here will include saddles for the cowboy and cowgirl named to all-around honors. Belt buckles will be awarded to first, second, and third places in each event. Team trophies will be awarded to the teams of boys and girls with the highest points.

Events the boys will be competing in include bareback bronc riding, bull riding, team roping, ribbon roping, tie-down calf roping, and steer wrestling. The steer wrestling is a newly-sanctioned event in the organization and there are only a few who enter, but the event is growing.

Girls will compete in barrel racing, pole bending goat tying, break-away roping and steer riding.

Although the rodeo is strictly for competition among the

DAN WELTY

IN DEFENSE OF OURSELVES, we would like to dispel any rumors that we're trying to hurry the skiing season.

Persons here at the Branch and around town have raised eyebrows to have the ski racks already perched atop our minipickup. Actually we've only carried the skis back and forth to Amarillo to have bottoms refinished and waxed.

Now, if it should snow by October 15 (as an old Indian prophet has promised us it will), we'll be ready to head for the mountains.

Let's see, the ski poles are under the bed and the boots are in the closet...

SEPT. 8 IS BOUND to be a day remembered in history. Robert Craig Kneivel will attempt to jump his "Sky-Cycle" across the Snake River canyon this afternoon, and will either join the list of many men who were laughed at before and after their daring deeds failed, or become a bigger hero than he is already.

The entire event will last only about two minutes, or maybe shorter if something goes wrong with Evel's machine. A space engineer named Bobby Truax built the machine, and he doesn't seem too sure if it will work.

The whole thing is one of the biggest publicity farces ever thrown in the faces of the American public. If Kneivel makes it and lives, though, he will be at least six million dollars richer guaranteed for the television rights. Some people call that Big Business. The American way. The Code of the West.

We'd like to see old Evel make it, just for the sake of the novelty of the whole thing. Bet that the whole deal doesn't live up to all its advance publicity, though. Gotta be a hitch somewhere.

THOSE OF US in our Fearless Forecaster poll who picked the Cowboys to win over the Steelers ought to have learned a lesson. Sentimental choices are not necessarily the best ones.

Kinda expect the Steelers might do some heavy winning this season. Most everybody on the team is young, and they looked good last year. Maybe they were just a year away then.

Poor Craig Morton! Sometimes think nobody in Dallas likes the second string quarterback. Some of the group watching the game on the tube were heard to comment on Morton's quarterbacking abilities, but none can be printed here.

To point out that Craig was the only quarterback of five who didn't score a touchdown in the game would only add insult to injury. But it seems to us that the "Mad Bomber," little Cliff Longley, could make a name for himself in just a short while if fate swings his way.

Sure he made a couple of bad throws, but remember, Cliffie is a rookie. His playing experience at Abilene Christian College matched with the way ball is played in the pros is as different as driving a Volkswagen and a lumber truck. But tossing two touchdown passes in the fourth quarter seemed to come natural to the third string signal-caller. (Watch out, Craig, Cliffie may get the number two quarterback spot before you leave for Houston and the WFL.) And what if Staubach stays on the injured list?

Pittsburgh, of course, has quarterbacks running out of it's ears. Joe Gilliam, Terry

Bradshaw, and Terry Hanratty all struck the Doomsday defense for touchdowns at one time or another in the game.

Oh, by the way... that was the first time Dallas has lost an exhibition game at home. A specter of things to come?

BY THE WAY, did you know that the pheasants so many people enjoy hunting in our area are foreigners? Yep, they were imported all the way from Portales, N.M.

According to Jimmie Gillentine, the former Brand sage writing in the Diamond Jubilee edition, Homer Fox was the person responsible for the birds being imported.

Fox spearheaded a drive for donations to buy the first birds. They came from Portales and were distributed along the Tierra Blanca. However, a fire broke out and burned all the tules along the creek, along with most of the young pheasant.

Fox bounced right back, started a second drive, but got less money. Eggs were purchased this time; and were hatched out in incubators in the Packard Mill. The birds were distributed far and wide and today still thrive throughout the area.

A BOOK WE PICKED up over at the library claims the Amarillo Sandies were the world's most famous high school football team during the 30's. "One Short Sleep Past" is the book, David Nail is the author.

The book is a profile of Amarillo in the 30's and discusses not only the Depression, dust bowl and WPA, but devotes a chapter to all the charisma and tradition surrounding the Sandie football teams of that era.

The Sandies of course, won the state championship three times during that decade, and many persons attribute that success to Blair Cherry, the coach. The book points out that Howard Lynch also had a hand in the coaching.

Most of the information is quoted from interviews and the records of the Amarillo paper.

If you're a history buff, drop by the library and check this one out. If you're a sports buff, check around page 110 for the chapter entitled, "The Sandies and the Big Apple."

Speaking of skiing season (as we were above), wonder if the streaking fad has worn off, or if there will be some brave souls schussing the slopes in nature's own this winter?

CHINA'S POPULATION
 TOKYO -- China, for the first time since 1957, has told the world that its population is almost 800 million. The last official population tally, released 17 years ago, showed 656.6 million people.

SOYBEAN BOOKLET
 WASHINGTON--The Agriculture Department has published a new 26-page booklet telling consumers how to prepare soybeans for family meals.

"DOC" COWAN
 Someone asked me the other day if diamonds, like so many natural resources, were becoming scarce. Without going into the details of how diamonds are marketed, I would have to answer that as a commodity, diamonds are not scarce. More people in the world are buying diamonds than ever. There is a larger market for big diamonds than ever before. But, on the other hand, jewelry is being designed, for smaller stones that most any one who wants diamonds can buy them.

A way to enjoy wearing diamond jewelry of more than one carat at a comparatively low price is to have a piece that uses many small stones clustered together. When gathered together in a cluster mounting, eleven or more diamonds or roughly 10 points each (1-10th of a carat will give a dazzling effect. The cost will be less than half the price of a comparable quality diamond of one carat.

This situation may represent a true bargain in jewelry. The reason is that there are many more small diamond crystals found than large ones. The price per carat of a fine diamond is on an ascending ratio, based on size. For example, ten diamonds of 1-10th carat each, could roughly be priced at \$400-\$850. A single, one carat stone can be priced as high as \$5,000, depending on its quality.

It is more difficult to cut small diamonds than large ones, so the cost of cutting many small diamonds is more than fashioning one large one, but there is still a savings. There is also more work involved in setting many small diamonds. Still, their availability keeps the price down.

Cowans can show you a fine array of diamond jewelry that makes use of smaller stones. These pieces are fashionable, chic. Let us show you why, large or small, diamonds are still forever.

Scoring Conversion

Dave Charest (25) drives across the goal line to score a two-point conversion for Hereford after returning a kick-off 100 yards. Roy Martinez (40) jumps for joy at the right. The kickoff return was the only score Hereford made during their 35-8 defeat at the hands of Pampa.

H³ HUSTLE HUSTLE HUSTLE

By Bill Albright, Executive Vice President Deaf Smith County Chamber of Commerce

Hereford's Hustlin' Herd deserves our full support and encouragement. They're a fine bunch of young men and even though it's a brand new team they showed a lot of promise on Friday night. Now's the time for us to show them that we're backing them 100 per cent.

Hats off to Randy's great band — the same for the cheerleaders, the twirlers and the drill team. Best of all was the spirit showed by the students — hope more of that fierce Hereford Hustle filters south into the adult section.

The celebration of the 200th Anniversary of these United States is gaining momentum throughout the country. Many, many projects are under way and activities are increasing daily. The best place to gain an appreciation of our part in this grand event is the Deaf Smith County Museum.

This unusually fine facility shows, in surprising detail, the heritage of this area. The addition of the Pioneer Chapel will enhance the value of a visit even more. If you've already toured the museum—great. If you haven't been to the museum—you'll be pleasantly surprised. It's open Wednesday, Saturday and Sunday, 2 to 5 p.m.

And while I'm on the subject of Bicentennial, you'll want to know that your committee is working on plans to include all the various groups of our community in celebrating our birthday. What we do need now is ideas from as many different sources as possible, and such a variety is exactly what made our country.

Mrs. Joe Reinauer and Mrs. Clint Formby are co-chairman and will welcome your thoughts and suggestions. Drop a line to them at Box 192, Hereford.

The "Action Agency" for Hereford and Deaf Smith County will meet on Tuesday at noon in the Civic Club Center.

It's the regular quarterly meeting of the Chamber of Commerce and everyone is welcome. A Dutch lunch will be followed by an interesting program and President Roy Faubion will bring us up to date on Chamber activities. Come and bring a friend. Ladies are especially welcome.

The annual Fiesta signifying Mexican-American Independence will be celebrated Sept. 13 thru 15. A grand parade is scheduled for Saturday beginning promptly at 4 p.m. Many organizations, plan to participate, reflecting appreciation of the ethnic heritage of our Spanish-American community. It's an opportunity for all of us to experience a colorful and enjoyable occasion so let's join in the celebration—Viva la America!

And finally, I want to remind you that the Community Concert Association begins its annual drive on Monday. It's amazing that we can get so much in entertainment for so little investment and what really impresses newcomers to the area is the genuine pleasure derived from the programs.

Headquarters for the campaign will be the Chamber office. This is a real bargain in these days of inflated economy and is comparable only to the terrific value you get when you invest in your community as a member of the Chamber of Commerce. Enroll in both and you get wholesome entertainment plus community progress—and, at no extra cost, you get your share of HUSTLE-HUSTLE-HUSTLE.

Price Index Still Climbing

The Consumer Price Index rose 0.8 per cent in July to 148.3 (1967=100), the Bureau of Labor Statistics of the U.S. Department of Labor has reported.

Increases in mortgage interest costs and higher prices for automobiles, medical care services, restaurant meals, and a wide range of other commodities and services accounted for the rise. The effect of these increases was partially offset by lower prices for apparel and some food items—notably fresh fruits and vegetables, beef, and dairy products.

On a seasonally adjusted basis, the rise in the July CPI compares with an increase of 1.0 per cent in June and 1.1 per cent in May. The slower rise in July was due to a decline in the food index of 0.4 per cent after seasonal adjustment. The index for nonfood commodities rose 1.3 per cent, continuing the rapid pace of the first 6 months of this year. The services index rose 1.1 per cent in July, compared with 1.0 per cent increases in each of the preceding months and the 0.7 per cent average monthly rise in the first 4 months of this year. The index for food purchased

in grocery stores—the major part of the food index—declined 0.2 per cent in July. This index usually rises seasonally in July.

Contrary to their usual upward movement in July, prices for beef, dairy products, eggs, and fresh fruits declined; fresh vegetable prices fell more than is usual for this time of the year. The effect of these declines was largely offset by higher prices for most other grocery store food items.

Poultry and pork prices rose for the first time since early this year. Prices for cereal and bakery products, sugar and sweets, nonalcoholic beverages, and partially prepared foods continued to increase. The index for food away from home—restaurant meals and snacks—rose 1.1 per cent, about the same in recent months.

Prices continue to rise for many other nonfood commodities including household durables, housekeeping supplies, toilet goods, alcoholic beverages, tobacco products, and fuel oil and coal. The rise in the gasoline and motor oil index slowed noticeably. Prices for apparel commodities declined, but by much less than is usual for July.

The services index rose 1.1 per cent in July. Over a fourth of

WTSU Offers Scholarship

Applications for the 1975 Marshall Scholarship are now available in the office of Dean David Wheeler, West Texas State University Graduate School.

Applicants must possess baccalaureate degree from an accredited college or university, and be a citizen of the United States, Wheeler noted. No applicant can be older than 25 and unmarried ones are preferred.

This scholarship, worth approximately \$3600 a year, is to one of 44 British universities and is for two years. The awardee selects his field of study. Four scholarships are awarded in each of five regions of the United States, while ten are "scholarships at large."

Criterion for selection, according to the Marshall Scholarship notice, are "distinction of intellect and character as evidenced both by scholastic attainments and by other activities and achievements."

State Fair Plans October Billing

The local entertainment forecast for October promised cowboys in the Coliseum, Mustangs in the Cotton Bowl and Debbie Reynolds on stage at the Music Hall.

Fair and fun is the prediction when the gates of the 1974 State Fair of Texas swing open corral-style for a 17 day "Exposition of the West," October 4-20, at Fair Park in Dallas.

Bronc-busters and bull-riders break from the chute October 5, in the first of nine State Fair Rodeo performances in the Coliseum. Top cowboys from the national rodeo circuit will compete for individual championships and more than \$50,000 in prize money.

Colorful college football headlines Cotton Bowl events during this year's Fair. SMU-Oregon State, Prairie View-Grambling, Texas-Oklahoma and SMU-Virginia Tech. are scheduled for the 72,000 seat stadium.

A sparkling production of the recent Broadway hit, "Irene" starring Debbie Reynolds and Patsy Kelly, marks the second anniversary of the new Music Hall in Fair Park. Bright songs, dazzling choreography and a charming Cinderella story highlight this musical revival.

The popular Pan-American Livestock Exposition will offer fair-goers a look at prime rib on the hoof as champion beef cattle parade past the judges' stand. Horses, swine, sheep, goats, rabbits and poultry combine for a barnyard symposium attracting breeders, buyers and curious spectators

of all ages. Free outdoor entertainment includes marching bands, high-wire acts, versatile musical groups, parades and fireworks. Booths, shops displays and demonstrations will garner attention in six mammoth exhibit halls. Multiple performances of an old fashioned three-ring circus are scheduled daily.

The matchless Midway, alive with State Fair tradition and excitement, will glisten with new lighting, paving improvements, re-designed game stands and attractive landscaping features from Big Tex Circle to the Cotton Bowl Plaza.

The Carnival atmosphere, carefree attitudes, Indian summer weather, contests and exhibitions, outdoor picnic opportunities and toe-tapping music for three million people add up to a "one-of-a-kind" October extravaganza... the 1974 State Fair of Texas.

"The only way to become financially independent is to spend less than you make now!"

SEPTIC TANK - CESSPOOL CLOGGING CAN NOW BE PREVENTED!

LIVINGSTON, N. J. — An amazing bacterial discovery that prevents clogging of septic tanks and cesspools with but a single, safe and easy-to-use yearly treatment, has been developed by the FX-Lab Co., Livingston, N. J. Sluggish systems and drainfields can also be restored to normal by fast acting bacterial cultures. They are also recommended as a "starter" to seed newly cleaned-out or newly installed septic tanks and cesspools.

These proven FX bacterial organisms, known as FX-4 for septic tanks, FX-7 for cesspools, and FX-11 for sluggish septic tanks and cesspools are available locally.

Available also, is a free booklet "The Story of Willie Bacteria, or How To Take Care of Your Septic Tank or Cesspool" from:

Community Concert Conducts Membership Drive

One of seven drive captains is Mrs. R.C. Hoelscher. Those not pictured are Mmes. R.B. Hutson, Wes Fisher and Robert Josserand.

Punch is served by Mrs. Richard Ottesen in the dining room of the handsome Holt home, to Mrs. Rudy Metz and Mrs. Clarence Betzen. Both are captains, Mrs. Betzen in the Dawn community.

Membership drive chairman for the 1974-75 Community Concert Association season is Mrs. Paul Scott, and her co-chairman is Mrs. Bill Walden. They confer at the tea for drive workers in Mrs. Earl Holt's home. Members are enrolled only during the annual drive, and admission to concerts is by membership card only.

Popular musical group already booked for a concert in Hereford Feb. 21, the King Family is well known for numerous television appearances. At least two other programs by artists of equal calibre will be scheduled by the local board at the close of the annual membership drive.

The Sunday Brand

Section Two
(See Story Inside Page This Issue)

Residents of nearby cities are among members of Hereford CCAA, and Mrs. Von Edelman, pictured at the tea, is captain for Friona. Mrs. Tom Baynham, not pictured, is the Vega representative.

Campaign kits and information were issued to workers who will enrol new Community Concert members this week after taking renewals last week, at a tea Tuesday. Mrs. George Warner, left, is Hereford CCA president for the new year.

She chats with Mrs. Earl Holt, in whose new home on Rio Vista the tea was held, and Nancy Richie, right, one of the seven captains who are directing workers.

Couple To Make Home In Hereford After Marriage

Miss Paula Dyan Herring and Kimberly Spicer Gripp exchanged wedding vows in a double ring ceremony Saturday evening in First Baptist Church at Sentinel, Okla. with the Rev. Daryl Moore, pastor of the church, officiating.

The bride is the daughter of Mr. and Mrs. Dwain Herring of Sentinel and the bridegroom is the son of Mr. and Mrs. Spicer Gripp, South of Hereford.

An archway of green smilax and two 15-branch candelabra trimmed with greenery and bows decorated the main altar of the church. Aisles were marked with cathedral candles and greenery.

Miss Sue Cluck of Sentinel was maid of honor and best man was Jeff Deavenport of Hereford serving as ushers and candlelighters Richard Riddle of Sentinel and Scott Stowers of Carter, Okla.

The bridegroom's niece, Shelby Stokes of Mt. Vernon, Wash. was flower girl and Spicer Sigman of Muskogee, Okla. was ring bearer.

Miss Rhonda Baker of Dill City, Okla. sang "Let Me Be The One and The First Time Ever I Saw Your Face." She was accompanied by Miss Cindy Abston of Sentinel who also presented the bridal march from Lohengrin.

Given in marriage her by her father, the bride wore a gown of candle-light peau de soie and lace. Re-embroidered lace edged with crystal pleated ruffles, designed the over-the-shoulder yoke, high neckline and trimmed the longfitted sleeves.

Matching lace panels extended from the yoke to the hemline of the A-line skirt and bordered the chapel train.

Her cathedral-length veil was outlined in scalloped lace and was attached to a lace bandeau. She carried a bouquet of pink roses centered with white orchids and stephanotis.

The maid of honor wore a

floor-length wine colored jersey dress designed with an empire bodice, high neckline with back straps and a matching hooded tie jacket with long sleeves. She carried a colonial bouquet of pink roses.

The flower girl wore a wine crepe gown with a halter top and sailor collar with matching ties and a wristlet of pink roses. She carried a basket of roses petals.

The bride's mother was attired in azalea pink jersey with high neckline, empire waist and matching long-sleeve bolero jacket trimmed with a self ruffle.

An aqua blue crepe gown with a tucked neckline and A-line skirt was worn by the bridegroom's mother. Each was presented a colored orchid corsage.

Miss Treasa Baker of Hobart, Okla. invited guests to sign the guest book at the reception held

in the fellowship hall of the church.

Miss Gayle Gripp served punch, assisted by Miss Trena Carroll of Olustee, Okla., and Miss Karen Connolly of Carter, served the three-tiered cake which was decorated with pink and wine roses with angelic figures sitting above a flowing water fountain.

Leaving for a short wedding trip, the bride wore a dusty blue and white checked pantsuit and a white orchid corsage. The couple will make their home in Hereford.

The bride attended Southwestern State College in Weatherford, Okla. and graduated from Sentinel High School.

The bridegroom is engaged in farming and ranching. He also attended Southwestern College after graduation from Hereford High in 1972.

Mrs. Kimberly Gripp nee Paula Dyan Herring

Autumn Activity Schedule Begins

First of the monthly socials which Alpha Iota Mu Chapter of Beta Sigma Phi has scheduled to supplement its programs this year, a crazy bridge party in September was planned as study sessions began Thursday evening in Hereford State Bank Friendship Room.

Another special fall event, an art show and sale to be held in October, was discussed. The chapter will sponsor a show of work by two area artists, inviting the public to view paintings which will be for sale.

Yearbooks for the coming season were presented by the committee which prepared them, Mmes. David McDonald, Chick Holbert, Bill Drake and Jerry LaFrance. Sorority

colors, gold and black, are used in the books.

Officers listed are Mrs. Ken Waiser, president; Mrs. Holbert, vice president; Mrs. Jimmy Bell, secretary; Mrs. Drake, correspondent; Beverly Basrrett, treasurer; Mrs. Kenneth Glenn, extension and civil defense officer.

Mrs. Drake is chairman of the program committee, Mrs. Holbert of membership, Miss Basrrett of ways and means, Mrs. Glenn of welcome, Mrs. Coy Mason of the rosebud committee, Mrs. Phil Scumbato the social committee.

Phyllis Gerdson heads the service committee, Mrs. La France publicity, Mrs. Johnnie Burkhalter the contact committee.

Miss Gerdson gave the program titled "The Orator," which will appear in the yearbook. It brought out the fact that personalities are revealed by the way a thing is said rather than by what is said. Private oords of friends or family often mean more than great orations of history, the speaker stressed.

Mmes. McDonald and Bell were hostesses who served refreshments to the chapter's member advisers, Mmes. John Schneider and Charles Laing, and to Linda Wilhite, Betty Barrett, Mmes. Floyd Neill, Fred Ruland and Gerald Sledge in addition to officers and chairmen.

Shower Is Event For Paula Haug

The bride in a wedding next Saturday, Paula Haug was honored at a shower Saturday afternoon in the REA Medallion Room.

She is the fiancee of Jim Gregston of Houston, and the marriage will be solemnized in St. Anthony's Catholic Church here.

Autumnal colors of gold and avocado, which will appear in wedding decoration were used in the shower setting. Corsages of gold pom-pom mums were worn by Miss Haug and her mother, Mrs. F.H. Haug, as they greeted guests.

Flowers in the same shades were arranged on the table, which was covered with an avocado cloth. Hostesses in turn received callers, invited them to register and served the refreshments.

Gift packages were presented to the bride-elect to open so guests could view the contents. In the hostess party were

Mmes. John Gilliland, Virgil Sientz, Joe Reinauer Sr., Jack Wilcox, Bill Gilleland, Marcel Fischbacher, Bob Smith, Dean Allen, W.P. Hagar, Sandy Anderson, Robert Stewart, W. Koelzer and Jerry Albracht.

September Party Honors Birthdays

The monthly birthday party at Westgate unit of Kings Manor retirement home Wednesday afternoon had five honorees, residents who celebrate birthdays in September. Marjorie Stephens Circle of First Baptist Women's Union was hostess.

Birthday honorees were Ruby Hewitt, Sallie Kirby, Lucille Kemp, Dora Kolb and Henry Cogdell. A decorated cake was served with punch at the party in the dining room.

Songs by Miss Donna Kendall with Mrs. Cecil Boyer as accompanist entertained the group.

In the hostess party were Mmes. Ed Lemons, Edgar Vinson, W.O. Shelton, H.E. Miller, John Seiver and Boyer.

By The Garden Gate With Glad

By Mrs. Art Manjeot

There is definitely a twinge of fall in the air. The drop of temperature to 48 degrees, furnaces readied for winter, sweaters and coats are buttoned up to drive away the chill.

The fields are taking on a new look with freshly plowed soil; the tiny green spears of wheat make the land beautiful along with lakes full of blue sparkling water. Again and again I was thrilled as I looked down upon the glorious land as I flew to Wichita, Kan. recently.

When there is a touch of autumn in the air gardeners can keep a touch of summer indoors by making floral arrangements from flowers, weeds, branches, seedpods which are now ready to be cut and prepared for winter arrangements.

Source of materials can be the garden, both flower and vegetable, fields or wayside areas. The selection of material for arranging can be as broad as your imagination. For instance those hated sandbars, dried, can enrich a low arrangement. Cockleburrs are quite attractive.

From the wayside can come goldenrod, sunac, curly dock and the common dock which grows profusely in moist places. Other materials are grasses, many of them are really beautiful, pearly everlasting ironweed, cattails, thistles, mullein, Queen Anne's lace and grain from the field.

Really the gathering of outdoor materials can become a most interesting and profitable hobby. A friend of mine has made it a very popular commercial item.

From the garden choose strawflowers (helichrysum), statice (limonium), cockscomb (celosia) several varieties. They are really colorful. Yarrow is a popular selection, as are ageratum and zinnias. Almost any garden flower can

be preserved by cover drying and other processes.

In selecting material for winter bouquets, keep in mind the needs. Spike material fillers, color accents and selections for created interest. Seed pods are excellent for accent.

Choose catalpa, locust pod, sunac, evergreen cones, gourds, aquaw corn and husks, beans, both in the pod and loose. The latter can be placed and glued in pods, which makes them very interesting I saw a most attractive arrangement using beans in a show window in Wichita.

Other selections are oriental poppies, bitter-sweet, rose hips, hydrangea, alyssum, okra pods and dried tendrils from vining vegetables.

These can be air dried. If properly done colors will be retained. To achieve best results, materials should be picked when perfectly fresh and when they reach their prime condition.

Allow about two weeks for drying. A dim attic with free air circulation is a good drying place, also a garage which can have the doors closed so too much light is not let in.

Select carefully, place in bunches, tie securely with yarn or other soft twine. Do not let materials overlap; it is very important that the air flows freely.

If there is a question as to whether materials will air dry satisfactorily, test a small collection. All heads should hang down.

Another method of preservation is the use of water-glycerin. This is especially recommended for foliage. Mix one part glycerin to two parts water. The glycerin is a bit costly, but remember it can be kept from year to year and reused.

To prepare materials for this process, remove all lower leaves, split or smash the stems to increase the area and rate of absorption. To smash, place the ends which have been freed of foliage and bark, between two stones or bricks and pound until the ends are soft.

Place stems in solution until the desired color and texture is attained; this may be one to three weeks. Store the treated material in a dry place for later use. They should be placed in an upright position or layered loosely in large boxes between newspapers.

For ivy vine-type foliage, use one part glycerin to one part water. Submerge vines in the solution. Glycerin solutions give the foliage a smooth satiny look. Many leaves change colors during the process of absorption.

Glycerin treated materials last for years and, attractiveness increases with age. Deep brown, blends of brown to black and other shades are very beautiful.

Materials which can be preserved with this method are canna leaves, barberry, eucynymus, ivy, rubber plant (soak the whole leaf) poplar, Russian olive, magnolia, camellia, aspistrada, dracaena, iris, lilac, oak and maple. Some evergreen responds well to this treatment.

One of the most beautiful arrangements I made last year for winter, was of magnolia leaves and burs in a copper container. This was done in a flower arranging class of military wives in Virginia. Really was fun, and it made a note of beauty for a marble topped table.

Garden flowers such as roses, marigolds, chrysanthemums, asters and small zinnias, are best dried with silica gel, which is purchased at a hobby shop or drug store. Read directions carefully, and you will be delighted with the results.

Properly prepared, materials treated as above suggested will maintain color and beauty for several years if properly stored and kept out of direct sunlight. Many of the materials will keep their fragrance too.

GARDEN TIPS. Rose care in the fall is very important. It is especially important that fungicidal controls are consistent. If black-spot mildew or rust develop defoliation results. As this occurs, new growth takes place, thus the plant is weakened and will be exposed to hardships during the winter.

Water regularly during September and October, in the later month in limited amounts. It is not good to promote too much tender growth.

Start working on sunken pots which will be taken in the house for winter. Turn the pots carefully to break off any roots which may have grown through the drain holes. Leave in the garden location so they can recover from this root pruning, then gradually lift and make plans to take them indoors.

Prepare flower beds for the bulbs you plan to plant this fall so when the bulbs arrive they can be planted without too much trouble. Soil preparation is very important. Work a 2-inch layer of compost into the soil, also add 2 to 3 pounds of garden-type fertilizer per 100 square feet.

September is the month to plant peonies. Use care in planting, making sure the eyes (pinkish points at the tops of the tubers) will be more than an inch below the surface after the soil settles. It is wise to plant them on a mound (similar to iris) thus the soil will settle properly.

Continue to take good care of the lawn. It is wise to have it in top condition to go into winter.

GOING STRONG!

Nothing takes a man more comfortably through any season than a blazer. Our new models by Curlee share your relish for trim style, just right detailing and superb tailoring in fine, wrinkle-free knits. And you'll find them in a fresh selection of colors and patterns.

DE Club Installs Officers

Hereford's chapter of the Distributive Education Clubs of America installed officers for 74-75 at ceremonies in the Flame Room Wednesday evening. From left to right are Elaine Birkenfeld, vice president; Cathy Carrothers, secretary; Melissa Henry, reporter; Clarkie Cook, installing officer; Sandra Stallings, president; Valerie Moseley, treasurer; and John Hix, parliamentarian.

Rainbows Discuss Benefit Project

Operation of a concession stand at an auction this fall was planned as a fund-raising project for Hereford Rainbow Girls, at the meeting this week in the Masonic Hall. Patricia Brownlow presided as worthy advisor. Michelle Moore was elected to fill an office vacancy, as Faith Brown was welcomed as a visitor.

Guests Give Gifts For Baby-To-Be

A shower for a mother-to-be, Mrs. Jerry LaFrance 112 Northwest, was given at a pretty tea Friday afternoon in the home of Mrs. Ken Walsler. Approximately 50 friends called. The honoree, formerly a teacher in Aikman school, received guests with her mother, Mrs. Glen Stevick of Friona; her husband's mother, Mrs. Ernest LaFrance of Olton, and her grandmother, Mrs. O.E. Stevick. They were presented corsages made of baby socks. Hostesses, Mmes. James Bullard, Claude DeBord, Joel Lytal, Fred Ruland; Tom Saigent, H.R. Stewart and Walsler, in turn invited guests to register and served coffee and punch from a table decorated with multi-colored balloons and congratulatory cigars. Cake squares had balloons traced on the icing.

Engagement Announced

Mr. and Mrs. Jay Kerr, southeast of Hereford, announce the engagement of their daughter, Pamela Sue, to Bud Kendrick, son of Mr. and Mrs. Marvin Kendrick, 210 E. Gracey. The couple plans to marry November 16 in First Methodist Church. The bride-elect is employed at the Hereford Brand and is a 1974 Hereford High School graduate. While attending HHS, she served as president of Industrial Cooperative Training, was chosen sweetheart of Future Farmers of America and was a member of the HHS Rodeo Team. The prospective bride-groom is employed by Southwest Feed Yards and is a 1973 HHS graduate.

Anniversary Dance Set

Merry Mixers Square Dance Club welcomed Mr. and Mrs. Warren Hall as new members during a recent dance. Mr. and Mrs. Hall have moved here from Council Bluffs, Iowa. Also, Mr. and Mrs. B.F. McDowell were named social directors. They are replacing Mr. and Mrs. Jack Ambold. Plans were announced for an anniversary dance which will host area square dancers. The event is scheduled at 8 p.m. Oct. 12 at Community Center.

CIGARETTES SALES UP

The Federal Trade Commission has reported cigarette sales in 1973 increased 4 per cent over the previous year, the largest rise in 10 years. The sale of low-tar cigarettes rose 40 per cent in the same period.

Supper Has Note Of Bicentennial

Red, white and blue invitations set the patriotic theme used for Hereford Study Club's first meeting of a new season, a salad supper Thursday evening on the screened patio of Mrs. Richard Winget's home. Calling attention to the U.S. Bicentennial Celebration planned for 1976, decorations were in the flag colors, with streamers and a flower arrangement for the table. A pre-Bicentennial program is among those outlined in new yearbooks which members received at the supper. It is scheduled in February, the month of U.S. President's birthdays. Yearbooks were presented by the committee which prepared them, Mmes. Cawthon Bryant, Merlin Kaul, Shirley Garrison and Winget. Mrs. Bryant, who headed the committee, briefly reviewed the varied programs planned for the year. Members of this committee acted as hostesses for the supper. Mrs. Joe Story, new president, conducted business. Others present were Mmes. N.D. Bartlett, T.E. Braddy, B.F. Cain, W.H. Gentry, Roy Hartman, Sam Long, Bob Poston, Don Robinson, Art Stoy, Melvin Thompson, Bob Word and R.N. Yarbro. A life that stands still is a monument to the past rather than a promise for the future.

Coming Into Area
 by Joyce Shipp

THE ANNUAL state THDA meeting will be held in Amarillo at the Hilton Inn, Sep. 17-19. All County Home Demonstration club members should make every effort to attend. This is the first time it's been in Amarillo in 30 years and it won't be this close for another 20 or 30 years, so I'm urging each of you to make plans to attend. If you need transportation, please call please call our office 364-3573, and will help make arrangements. Three women in government and education will address the 48th annual THDA meeting. As keynote speaker Judge Mary Lou Robinson of Amarillo will discuss the role of women in a changing world Sep. 18 during a morning assembly. Mrs. WILMER Smith of Wilson will speak the same morning. Currently serving as the second woman member of the Texas A&M University System board of directors, Mrs. Smith is also a former president of the Texas Home Demonstration Association. Mrs. Florence W. Low, assistant director, Texas Agricultural Extension Service, Texas A&M University System, will address the group during the September 19 evening assembly. Her topic is looking Forward with THDA. Other activities during the three-day meeting will be workshops on <delegates, publicity, citizenship, family life, 4-H, health, cultural arts, recreation, safety and THDA itself. MENS WEAR is the program topic for all HD clubs this month. We're studying buying menswear, the revolution of menswear, the type of yarn used for mens wear, etc. The type of yarn used determines how well the doubleknit garment will wear and how snag resistant it will be. The most common yarn used is 100 percent textured polyester fibers snag easily. The second kind of fiber used for mens wear doubleknit is spun polyester. The long filaments are chopped into short pieces to look like cotton or wool staple lengths. When spun into yarn, there are millions of microscopic fiber ends. Not only is the fabric softer, but there is less chance for a rough fingernail or an abrasive desk edge to snag fiber ends. CHOPPING up the filaments and spinning them like cotton costs more than twisting filaments together. Also, while spun polyester does resist snagging, the short fibers slither their way out of yarn during the abrasion of wear. This creates 'pilling,' which yarn makers are trying to correct. The third kind of mens wear doubleknit is the newest and considered the best. It is a combination of polyester and 25 per cent wool. The spun polyester and wool fibers are combined for the surface of the fabric. The filament polyester provides greater strength and smoothness on the underside. The surface feels like wool and the fabric snags less and keeps the wind from blowing through the garment. These are good pointers to keep in mind when buying clothes for the man in your life! IF ANY woman, age 18 and up, is interested in joining a Home Demonstration club, please contact our office - 304 Courthouse. We're just getting a new year off to a good start and we'd welcome you as a visitor to any club meeting. We have 13 clubs meeting at different times throughout each month. Clubs meet in the morning, afternoon and night. This is a good opportunity to meet new friends, learn the latest information in the area of home economics and just relax and enjoy yourself. We'll look forward to seeing you at one of our club meetings.

Styles Of Past Century For Men Shown

Men's fashions from Civil War times to the present were shown on film as part of the program for Wyche Extension Club Thursday afternoon in the home of Mrs. L.B. Worthan. Joyce Shipp, county extension agent, gave the program on clothing for men, showing some current styles from Hereford stores. Because the state convention of Texas Home Demonstration Association will be in session at Amarillo on the club's next regular meeting date, Sep. 19, that meeting will be canceled. Several members will attend the THDA programs. Members at the Thursday program, first of the fall season, were Mmes. Leo Helman, H.L. Ward, W.P. Axe, Frank Duncan, Leroy Bodkin, Ira Ott, Wayne Jones, C.F. Newsom, Norman Hodges, G.W. Duncan and E.C. Hewitt Jr. Why not make up your mind to do something every day to improve yourself?

To Marry Soon

Mr. and Mrs. Edward Logan, 732 Avenue G, announce plans for the September 29 wedding of her daughter, Donna Duke, and Eddie Ambold son of Mr. and Mrs. John Ambold, 438 Avenue G. The marriage of the couple, both Hereford High School seniors, is to take place 7:30 p.m. in Avenue Baptist Church.

C. M. Smiths To Mark Anniversary

Friends and relatives of Mr. and Mrs. C. M. Smith of 229 Ave. C. are invited to their golden wedding anniversary reception to be held from 2 to 4 p.m. in their home. Eva Harbison and Smith married September 6, 1924 in Oklahoma and came to Deaf Smith County from that state in 1952. Hosting the event will be the couple's niece Joyce Smith, and Bess Williams. Hosting the event will be the

couple's nieces, Joyce Smith and Janice Kelley, and Bess Williams.

LOTTERIES & TAX

The Senate has passed a bill that would exempt state-run lotteries from the 10 percent excise tax on wagers.

ON NUCLEAR SALES

The House of Representatives has voted to require an act of Congress before nuclear materials or technology could be transferred to a foreign nation.

Comings And Goings At King's Manor

By FAY GAUGGEL

Evadne Cox had as her guest this weekend Lula Bybee, nee Lula Watts, of Lubbock. They had been friends in Clarendon College too many years ago to count.

Charles Evans of Happy visited the Joe Evanses of Kings Manor Sunday Sept. 1. Mrs. W. R. Fiddelke, of Palatka, Fla., is visiting her aunt, Mrs. S.O. Wilson, for several days.

Mr. and Mrs. Gerald Steed of Roswell, N.M., and their daughter Katrena, visited with Avis Thompson Aug. 31. Miss Thompson and Steed are

cousins. It was yearly watermelon cutting time and we had fun on the patio at Westgate Aug. 30. Dear Diversional Director, Davidson, enthusiastic as usual, set the pace by leading us as we sang "The More We Get Together." We managed to get the tasty pink chunks passed out quickly. Then came a marathon elbow-bending contest. Everybody won that.

Mr. and Mrs. Virgil Dodson were visiting their niece and nephew Mr. and Mrs. Willie Weaver, of Canyon, on Labor Day.

State Convention Trips Planned by Club Women

Attendance at the Texas Home Demonstration Association's annual meeting, scheduled Sept. 17-19 in Amarillo, was planned by members of North Hereford HD Club at a lunch Thursday in Mrs. Paul Hoff's home, the first meeting after a summer vacation period.

Since many of the members will go to the state meeting, the scheduled Sept. 18 club program was canceled and the next meeting will be Oct. 3 in the home of the president, Mrs. T.E. Brisendine. Mrs. Cliff Johnson presented the program on the subject, Safe Use Of Aerosol Sprays.

Members related experiences with these sprays as they answered roll call, and Mrs. Johnson stressed the homemaker's responsibility for safety although government and industry have standards for safe use.

Mrs. Bob Campbell was a guest for the covered dish lunch, as were Joyce Shipp, county extension agent, and Mrs. Terry Johnson, secretary in the extension office.

Members present included Roberta Campbell, Mmes. J.A. Crofford, A.E. Hodges, Iva Saltzman, Viola Williams and Carl Thorell.

L'Allegra Season Opens

Brunch Thursday morning in the ranch home of Mrs. Jim Conkright opened another year for L'Allegra Study Club, with Mrs. Joe Reinauer Jr. and Mrs. Tommy Carnahan as hostesses with Mrs. Conkright.

A second annual antique show and sale to be sponsored by the club Nov. 1-3 to raise funds for community service, was discussed as Mrs. Hugh McCrary, project chairman, gave a progress report. Committees

have been named and are at work on show plans, she said. Welcomed as new members at the start of a season were Mrs. Bill Lyles and Mrs. Walker.

Also at the morning meeting were Mmes. Eddie Reinauer Jr., Dennis Lomas, Dennis Farley, Gerald Parker, Burns Hamilton, Jim Carnahan, Bobby Veigel, Gary McZuigg, Gerald Payne, Terry Caviness, Danny Martin, Rudy Metz, John E. Smith and Bill Warrick.

Book Sale Repeat Is Scheduled

A second book sale similar to the one held in July but with an outdoor locale, is announced by Los Ciboleros Chapter, Daughters of American Revolution, for Sept. 28. It will be held on the driveway in front of the new Deaf Smith County Library building.

Like the summer sale it will benefit a fund to purchase a microfilm scanner for the Library. Books not sold in the first sale will be offered again, along with additions. As before, the chapter asks for contributions of books and records from area residents.

Any type of books, either hardbacks or paperbacks, and records or albums of any kind are wanted. Experience showed a demand for all the numerous kinds of books among the hundreds assembled for the July sale. As wide a variety will be offered again.

Residents who failed to get their unwanted books into the previous collection are invited to notify Mrs. L.W. Norvell, regent, or a member of the DAR chapter. Donations may be taken to the library also.

Volumes will be priced from 10 cents to \$5 or more, depending upon the condition and the demand, but most are sold at less than a dollar.

BIBLE VERSE

"Great peace have they who love thy law."

1. Where may this statement be found?
2. Who is its author?
3. Is its truth evident today?
4. What is the most pressing need of mankind, other than salvation?

Answers to Bible Verse

1. Psalm 119: 165.
2. Probably David.
3. Certainly—those who love and obey God's laws are at peace with themselves, with God and their fellowmen.
4. Peace of mind, which comes only through a right relationship with God.

State Head Visits

Special meeting of Hereford Rebekah Lodge was held Wednesday evening to welcome Mrs. Carl Banks of Denton, president of the Rebekah Assembly of Texas, on a visit here. Members from Dimmitt and Friona were present for the program and dinner in IOOF Hall. From left are Mrs. P. B. Sowell, district deputy president; Mrs. Banks; Edna Mathes, noble grand in the Hereford Lodge, and Mrs. Carl Reid of Amarillo, treasurer of the state organization.

CCA Membership Offers Bargain With \$10 Card

A bargain in entertainment, with admission to 14 programs by nationally-known artists offered for \$10, is available to area residents this week as Hereford Community Concert Association conducts its annual membership drive. Kickoff of the campaign for new members is scheduled at a coffee in Deaf Smith County Chamber of Commerce building, the drive headquarters, from 9:30 to 11:30 a.m. Monday. Enrollment of members will continue to Friday. Mrs. Paul Scott, drive chairman, announces.

In addition to three concerts in Hereford High School Auditorium during the season, membership cards will admit the holders to as many in Canyon and Clarks and five programs in Lubbock, through a reciprocity arrangement with CCA in those cities. Their membership drives have already been conducted and artists booked. Hereford has engaged the King Family

for a concert Feb. 21, but will not choose other programs until the local campaign closes and the exact budget is known, in keeping with national CCA policy. Canyon concerts will be on Nov. 26, by violinist Stephanie Chase; Jan 6, the Daniel Lord Marionettes, and Jan. 31, Chamber Orchestra of Paris. At Clovis, the New Christy Minstrels will appear Oct. 16. Annapolis Brass Quartet Feb. 10 and a violin-soprano duo, Joseph and Catherine Malfitano, April 9.

With more members, Lubbock has the expanded program of five concerts: Stephanie Chase Oct. 30; Marville Cariaga, soprano, Nov. 17; the short opera, Don Pasquale, Feb. 14; Festival Orchestra of Buenos Aires Feb. 20, and pianist Walid Hoivran March 6. Membership renewals were listed in the campaign here last week, and workers will concentrate on new memberships

this week. The goal is a thousand members, near the seating capacity of Hereford High auditorium where the concerts are held. No memberships are sold after campaign week, and no ferrous local holders could. Membership cards are separate admissions to concerts. For example, mail the cards to family members who attend Texas tech, for use in programs at Lubbock.

Price of memberships remains as in past years, \$10 for an individual adult, \$5 for a child and \$30 for family. Mrs. Scott has Mrs. Bill Walden as her co-chairman for the drive, which is directed by seven captains who each have recruited 10 or more workers. Mrs. George Warner is this year's president of the CCA board, Done Moore vice president; Mrs. Roy Hartman secretary and Bill Allen treasurer. Mrs. Wesley Gulley is publicity chairman.

EDITORIAL

Shrinking Dollar

Half of all living Americans were born before 1946. Since then the value of the dollar has shrunk 60 cents.

This shrinkage has taken only 28 years. At this rate, the 1946 dollar will be worth only 16c in another 28 years.

The main reason for this decline has been excessive federal spending—and particularly deficit spending.

If inflation continues and the dollar shrinks at the same rate for the next 28 years, what is in store for the average American?

WHAT WILL you have to earn—or pay—in 16c dollars just to have the same purchasing power, in terms of today's 40c dollar?

- \$7,200 in wages will have to be \$18,000.
- \$3,000 cars will cost \$7,500.
- \$25,000 homes—\$62,000.
- \$4,000 college tuition—\$10,000.
- \$300 television sets—\$750.
- \$125 suit of clothes—\$312.
- \$30 pair of shoes—\$75.

At the same rate of inflation, a family's weekly budget will have to rise as follows:

- Food—from \$61 to \$152.
- Housing—from \$56 to \$140.
- Clothing and laundry—from \$25 to \$62.
- Transportation—from \$20 to \$50.

If inflation continues at the same rate and the Federal Government spends money to provide the same services that it provides today, in the next 28 years:

- Spending will rise from \$305 billion to \$762 billion.
- Federal debt will jump from \$485 billion to \$1,200 billion.

A CONTINUED decline in the dollar's value is not inevitable. You can do something about it—for 1974 is an election year.

Candidates for Congress will be asking for your vote. When they do, make certain you know how they stand on Congress taking the initiative in fighting inflation.

Ask them if they plan to keep the government's spending within its income. Or do they plan to continue deficit spending and assure a 16c dollar.

Your informed choice of candidates willing to make choices needed to halt the dollar's shrinkage is essential.

The New Totalitarians

By Arch Booth
U.S. Chamber of Commerce

Not long ago a court ruled that agents of the federal Occupational Safety and Health Administration may enter any place of business without a court-issued search warrant and without prior notice. This is a power that neither the police nor the President of the United States possess, but Congress has chosen to give it to a small group of appointed bureaucrats and their staff.

The powers of OSHA are so extensive that small businessmen are terrified of it. One writes: "I feel should I become too involved in activities of the National Chamber the OSHA people would get interested and make it impossible to stay in business. There is no way a small contractor can abide with all their rules; therefore let us say I am afraid to speak out."

OSHA inspectors serve as investigating officer, judge and jury. When they levy a fine, it goes into effect within 15 days unless the alleged violator appeals, and the fine can be increased in the appeals process.

The Internal Revenue Service also presumes its victims guilty until proven innocent. IRS can seize property—including you home—on its own determination that you are a tax delinquent, and it's up to you to prove them wrong.

SUCH POWERS are not limited to OSHA and the IRS. They are becoming daily more common throughout the Federal Government.

Consider the case of the Marlin Toy & Electric Company: This small Wisconsin manufacturer was told by the Food and Drug Administration in November, 1972, that two of its most popular toys were hazardous to children and would therefore have to be removed from the market.

The company complied with the order and removed the toys from the market, redesigned them to eliminate all possibility of hazard, and submitted the new toys to the FDA for approval in time for the 1973 Christmas season. And FDA did approve.

Bureaucrats' Salaries

The General Accounting Office recently reported what most newsmen have known for years—federal bureaucrats' salaries are too high.

The GAO recently completed a study of comparative salaries in private industry and in the federal government and found federal salaries were higher than the private industry average.

The GAO discovered that the bureaucrats in the Labor Department's Bureau of Labor Statistics erred in calculating private industry salary levels. Right—they erred on the high side. And since Congress was hoodwinked some years back, to establish pay levels for bureaucrats based on private industry standards, the result has been that federal employees have been paid more (by the taxpayer) than private industry employees.

The GAO, which says the unjustified pay scales were instituted last October, estimates the cost to the nation at a billion dollars a year. That's what Congress invited by allowing civil servants to figure their own pay increases.

Civil service salaries should never have been tied to private industry levels in the first place. Federal employees have many benefits and far better retirement than nine of ten private industry employees, and always have had.

Bi-Partisan Economics?

Congressman Henry Reuss, in a recent speech at the National Press Club in Washington, proposed formation of a bi-partisan economic trusteeship to wage a vigorous fight on inflation.

It is a constructive suggestion and on the present Administration should act on, in the national interest. The late Franklin Roosevelt formed a bi-partisan group to conduct the country's economic affairs during World War II.

Bringing Democrats and Republicans together on a special panel to wage a bi-partisan battle against inflation and rising costs would make both economic and political sense at this time for both the White House and Congress.

Happy ending? No. The Consumer Product Safety Commission, another federal agency, neglected to remove the Marlin products from its holiday list of banned toys. Thus, for the second Christmas season in a row Marlin was unable to sell its two best-selling products.

The commission apologized to Marlin for its "editorial error" and promised to correct the mistake in the next issue of its list. But by then the company was virtually out of business, having had to lay off most of its 100 employees.

Marlin cannot even sue—because the Federal Tort Claims Act does not permit recovery for such offenses as misrepresentation or false statements by federal authorities. Senators Proxmire (D-Wis.) and Helms (R-N.C.) and Rep. Kastenmeier (D-Wis.) have introduced private bills in an attempt to compensate the company. But that's a one-shot remedy, at best.

HAS CONGRESS learned anything from this experience? Well, Congress is now considering legislation to establish yet another "watchdog" agency, to watch the watchdog agencies. This is the so-called Consumer Protection Agency.

Sen. Helms had this to say about it: "The act does not provide a shred of legal protection to the businessman whose products or services are wrongfully condemned by the administrator...the administrator is presumed to be infallible...there is no way for a company to prevent the publication of a false or misleading statement; and then after it has been published, there is no way in which a company can be compensated for wrongful injury."

Senators Helms and Proxmire are trying to amend the Consumer Protection Agency Act to provide some remedy for victims of regulatory injustice, assuming it ever becomes law. But the problems are much deeper than any one act or agency.

Somewhere along the line, we began carelessly to accept new injustices in the name of correcting the old. It was a big mistake.

School Discipline

It is well to take stock of our local schools every so often; and the beginning of the new school year is a good time to review local conditions.

In the first place, capable school administrators—from the superintendent and principals on down—are not as easy to find as some imagine. The really good officials in this field are the subject of much competition.

Parents of children—many of whom have been raised on progressive theories which are now largely discredited—have an obligation to cooperate with school authorities in every way possible and to make their task easier as they attempt to guide, train and educate the children of this community.

Children must be disciplined, as well as educated, for if they are not disciplined they cannot be educated. This is one point parents must keep in mind.

As this school year gets underway, we urge all parents to cooperate with teachers and school officials, and encourage their children to approach school with the proper attitude.

Talk of Texas

By Jack Maguire

FOOTNOTE TO HISTORY—Get-rich-quick schemes involving Texas real estate aren't new. The first land speculators began operating here 140 years ago.

One of the first big promoters to offer cheap land at inflated prices was the Galveston Bay and Texas Land Company. It set up shop in 1834 after the Mexican government was persuaded to lift a ban it had imposed that halted all immigration to Texas from the U.S.

The Galveston Bay company had no land grant of its own. However, it acquired the rights to grants in East Texas that had been awarded originally to David G. Burnett and other empresarios. Then instead of bringing in bona fide colonists the speculators used the land to turn a fast profit.

They advertised the undeveloped, and often uninhabitable, real estate in U.S. newspapers as a paradise on earth. To speed up sales, they leased thousands of acres to other unethical sub-contractors. At one point, the company even sold scrip in land that it did not own.

The Mexican government, which often evidenced little interest in its Texas territory, did little to make honest men of the speculators. As a result, many would-be settlers from the U.S. discovered that the land they thought they had purchased either didn't exist or wasn't worth the price they had paid.

DAIRYLAND—Hopkins County is the U.S. dairy capital these days. The county (Sulphur Springs is the seat) had 43,000 milch cows at last count.

SPORTS NOTE—Players in the National Football League who went on strike for higher salaries would get little support from a Texas

professional football team known as the Dallas Bluebonnets.

Each member of the Bluebonnets is paid the same wage: \$25 per game, plus \$5 a day for expenses when on the road. The team has never played in a game that was televised and players wouldn't receive any additional pay if they had.

The Dallas Bluebonnets are unique in other ways, too. The squad numbers only 31 and only four players weigh more than 160 pounds. The most unique fact of all is that every player is a woman.

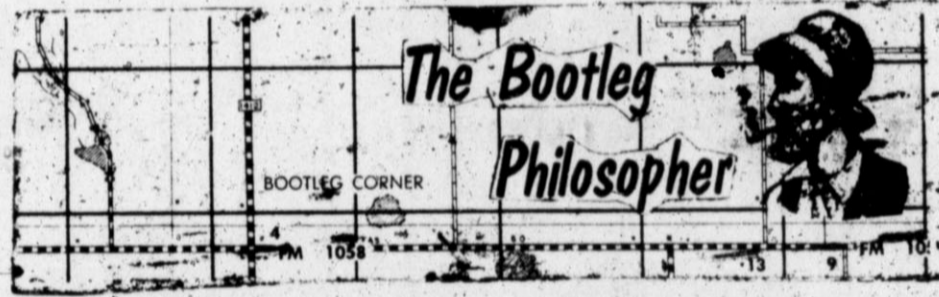

Organized in 1972 by four Dallas businessmen, the Bluebonnets are members of the National Professional Women's Football League. They play a schedule that includes Toledo, Detroit, Pittsburgh, Cleveland, Toronto and Buffalo. Usually fewer than 2,000 paying fans show up for a game.

WHERE THE BELL DOESN'T TOLL—Residents of Italy, Ellis County, love their 21-foot clock tower, but they don't like the bell that chimes the time.

Two decades ago, a local citizen designed the tower and ordered a 620-pound bronze bell for it. The bell was cast in the Netherlands and its tone, say those who appreciate such sounds, is perfect.

In Italy, however, the residents prefer to pass the time of day in silence. The \$1,500 bell hasn't chimed in many years now because the citizens don't like to hear it toll.

REMEMBER WHEN—The corner grocer sold pickles and crackers out of a barrel and cheese came in hoops? That's when sirlin steak cost 25 cents a pound and the butcher often would throw in a serving of liver free.

Editor's note: The Bootleg Philosopher on his alfalfa grass farm on Bootleg Corner takes another look at the problem of inflation this week.

Dear editor:
As I understand it from reading the newspapers that turn up out here, the economists are saying that in our fight against inflation everybody is simply going to have to tighten his belt, which is hard to do if you're wearing overalls, not to mention those new-fangled double-knit slacks that don't even have belt loops. Also, it would be wise to make sure your belt is in good shape before you take it up a notch because if you break it you'll find a new one has tripled in price.

However, my favorite way to fight the effects of inflation is the idea hit on by a big airline. It says the tremendous increase in the price of fuel, repairs, maintenance, salaries, etc. has caused it to lose millions and it's facing bankruptcy and therefore the Federal government should lend it 10 million dollars a month, retroactive to several months back.

THAT'S the answer. Anybody who can't make ends meet is entitled to a government loan and I'd like to find out where I can apply before the line stretches from Washington to Hereford and four times around the block here. If the government will lend me money for every month in the past I failed to make ends meet and for all months in the future the same thing happens, I'll guarantee to arrange my operations to be a steady customer from now on.

In some ways it seems to me the fight against inflation is sort of like our fight in Vietnam. After spending billions and billions of dollars over there it's still hard to figure out what we achieved, other than finally getting out.

THE QUESTION now is, how do you withdraw from inflation?

A rancher friend of mine said cattlemen already have half withdrawn. They're getting half what their cattle are worth and paying twice as much to raise them. Said if cattle go down a little bit more he's going to have to start paying buyers to take em.

Yours faithfully,
J.A.

Club Tradition Sparks Luncheon

Just before a new year begins for Music Study Club the Past Presidents Club has its annual luncheon which was 1974 event Thursday in the home of Mrs. W.T. Carmichael.

Each member brings a dish for the meal, served this year from a table set before wide windows and centered with fall flowers. Afterward the group enjoyed casual talk and followed a tradition of each telling the best joke she has heard in the year.

Mrs. S.O. Wilson, current president of the Past Presidents, is also the one whose term dates farthest back among members till active in the club. She was a young president in the 1922 term, when the club was just five years old. Latest past president is Mrs. Wes Fisher, whose term ended in 1973. Mrs. Joe Hacker is the club president now. Another notable president at the luncheon was Mrs. W.E. Dameron who served in the office twice, in 1924 and in 1938.

A mother-daughter team are Mrs. C.J. Mountz, president in 1935, and Mrs. Jack Keeling of Amarillo, in 1963. Also present were two sisters who held the office, Mrs. A.J. Schroeter, 1947, and Mrs. Carmichael, who followed her in 1949. Their mother, the late Mrs. A.O. Thompson, was president twice. Others at the luncheon were Mmes. J.C. McCracken, J.R. Allison, I.W. Roberson, J.D. Neill, Ellis Coombes and Bill Brady, and a guest, Mrs. Floyd Coleman.

Fall Pledge

Charlotte Ann Fishar, daughter of Mr. and Mrs. Charles Fishar of Easter community, is a fall pledge of Alpha Delta Phi Sorority at West Texas State University. Miss Fishar is a 1974 Hereford High School graduate and the recipient of Easter Lions Club scholarship.

Men's Clothing Is Program Given To Members

Joyce Shipp, county home demonstration agent, gave a program entitled Men's Clothing to Ford Extension Club members at their first meeting of the new year Wednesday morning in Ford community building.

Mrs. Shipp also presented a film on the history of the clothing along with a presentation of men's fall fashions.

Following the program, Mrs. Jeromie Friemel spoke on natural rock type non-chemical fertilizer.

Among members present, three new members were welcomed. They included Mmes. Friemel, Earl Carr and Bill Cheek.

Hostess, Mrs. Raymond Flores, served refreshments.

Local Service Planned

Emphasis will be placed on local service projects this year by members of Xi Epsilon Alpha Chapter of Beta Sigma Phi sorority, they decided at their first business meeting of a new season.

They voted to assume an annual obligation of support to Kings Manor retirement home, and to fill a Thanksgiving basket for a family in need here.

Mrs. Ken Wiley was hostess in her home and was presented a cash award for the best program of the 1973-74 season. The program was entitled Creativity And Stimulants To Thought.

Activities planned for the coming year were discussed. The chapter is looking forward to a hayride and a wiener roast in the next month. A secret vote was taken to select the chapter's Valentine sweetheart for the annual ball.

Dine Graciously And Colorfully

An attractively set table at mealtime can work wonders to create a relaxed atmosphere that will help to push aside the cares of the day. Once upon a time, linens had to be ironed and silver polished, but today there's little effort involved in giving tabletops a bright fresh look. Dining can still be gracious despite short-cuts, whether your family eats at a butcher block table in the kitchen, in a dining alcove off the living room, or in a traditional dining room.

Placemats, tablecloths and napkins have never been more cheerful, colorful or carefree.

Past Presidents Meet

Fourteen former presidents of Music Study Club were at the luncheon Thursday, a prelude to the start of the club's 58th year. Mrs. S.O. Wilson, center in top photo, is president of the Past Presidents. With her are Mrs. T.W. Roberson, left, and Mrs. A.J. Schroeter. From left in lower photo are Mrs. C.J. Mountz, secretary; Mrs. Bill Brady; Mrs. W.T. Carmichael, treasurer and luncheon hostess in her home, and seated, Mrs. Ray Conaway. Inset photo is of Mrs. W.E. Dameron who served twice as president, for the 1924 term and again in 1938-39.

BIBLE VERSE

"The grass withereth, the flower fadeth; but the word of our God shall stand forever."

1. Who was the author of the above statement?
2. What was his position at the time?
3. To whom was he talking?

Answers to Bible Verse

1. Isaiah.
2. He was Israel's most outstanding prophet.
3. To the children of Israel.

Ford 4-H Club On Trail Bikes

Instruction on trail bike maintenance and safety is being given members of Ford 4-H Club, who are building their own motocross track on the Raymond Flores farm according to plans drawn at a recent business meeting.

Only club members are to use the track, which was begun at a work session Aug. 31. The instruction meetings are scheduled every Monday through September, beginning at 7:30 p.m.

The club has business meetings the first Monday of each month. Newly elected officers are Cindy Stokesberry, president; Barry Friemel, vice-president; Brad Glover, secretary-treasurer; Jeff Smith, reporter; Tony Rodriguez, recreation leader. Mr. and Mrs. Bill Cheek are adult leaders of Ford Club.

WHO KNOWS?

1. Name the longest river in the world.
2. What is aerobolism?
3. What was the ancient name of the ostrich?
4. Which U. S. President served the shortest term?
5. Which state is known as "The Beaver" state?
6. Who discovered the North Pole?
7. From whom did the U.S. obtain the Virgin Islands?
8. What territory did the first 13 States cover?
9. Name the 7th president of the United States.
10. What is the most plentiful element in the earth's atmosphere and crust?

Answers to Who Knows

1. The Nile, 4,145 miles long.
2. A sickness suffered by pilots or astronauts caused by a too rapid decrease in atmosphere pressure.
3. The camel bird.
4. William H. Harrison, one month--he died of pneumonia.
5. Oregon.
6. Robert E. Peary.
7. Denmark.
8. From Canada to Florida and from the Mississippi River to the Atlantic Ocean.
9. Andrew Jackson.
10. Oxygen, which accounts for half the weight of each.

Be a good sport in the woods this year. Give your dumb friends a break, and a chance to survive for another season.

Small Talk

By SUE COLEMAN
Women's Editor

HER HOME many years ago was visited at Aztec, N.M. on a recent trip when Linnie Mae Roberson accompanied a niece and nephew and their families into the neighboring state. She returned Tuesday.

Actually, she went to the site of her old home, where the house burned some years ago. The visitors poked among the ruins and found souvenirs which Linnie Mae brought back.

She was telling about the trip at the Music Study Club lunch Thursday, and Grace Coombes said she'd also been back to a former home lately.

She and her daughter, Dorothy, went down to Seymour where there are still cousins living. They met her son, John Samuels, who came up from Dallas to hunt at the start of the bird season.

BACK in time to celebrate Mrs. Inman's birthday at home Thursday, the Burke Inmans spent a week visiting their daughter Vicki, Mrs. Bruce Miller Jr., and granddaughter Lori in Oak Harbor, Wash.

The Millers (Bruce is a U.S. military flier and son of the senior Bruce Millers of Hereford) are being transferred to China Lake, Calif. While the Inmans were in Washington they visited the world fair at Spokane and went on into Canada.

ON A TRIP over the Labor Day holiday to visit their daughter, Ruth, in New Mexico, June and Mike Joelzer were

accompanied by Sue Painter. Ruth is a teacher at a school on the Navajo Indian Reservation at Thoreau.

NO MOVE to Australia is planned by Joyce and Hank Haug, though some of their friends have translated it that way when it became known that he is transferred to Sidney. It is really to Sidney, Mont., for a promotion with Holly Sugar.

He is assistant master mechanic at the plant here and will be senior assistant in the new location. That's nice, but it's a quite sudden move, scheduled Sep. 21. Only a week after daughter Paul's wedding next Saturday, when she becomes the bride of Jim Gregston and moves to Houston.

The Haugs, who have been active in Hereford Community Players, have already discovered there is a similar group of stage-struck amateurs in Sidney and have been recommended as members by Mrs. Al Brown, another former Herefordite now living there.

ANNOUNCEMENT of the birth of a son, Paul Garrett, Aug. 31 is made by the Paul Easleys of Dalhart. The baby weighed 6 pounds 14 ounces. The father has lived in Hereford and was a 1968 graduate of HHS. Mrs. Easley is the former Billie Jean Hayes of Adrian.

Grandparents are the Morris Easleys of 1915 Plains and the Edward A. Hayes of Phoenix.

Luncheon Served For 14 Members

The home of Mrs. A.L. Jordan on Dimmitt Highway was the meeting place for First Baptist Bethany Class Friday, when a potluch lunch was served. Class business was discussed and a devotional talk was presented by Mrs. J.W. Israel.

Others present were Mmes. E.B. Moseley, C.J. Mountz, T.W. Roberson, R.A. Daniel, J.V. Pickens, G.K. Horton, J.T. Gilbreath, J.G. Patton, J.J. Buckner, H.E. Danforth, Ky Higgins and H.J. Roberson.

County Meeting Slated Monday

A regular meeting of the Deaf Smith County Commissioners Court is scheduled Monday, beginning at 10 a.m., with eight items of business listed on the agenda.

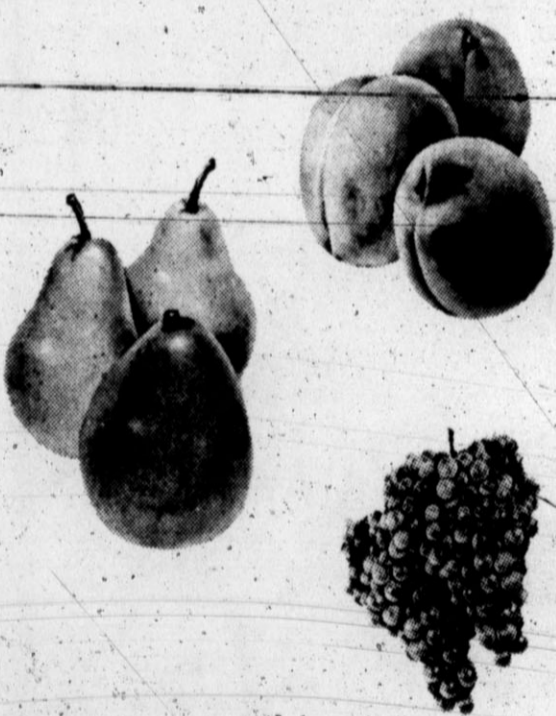

Commissioners have two regular meetings each month — the second and fourth Mondays.

Prices raised on TV tubes and chemicals.

One group — the Museum committee — has asked to meet with the commissioners. Matters for discussion include a proposal to resurface the Bull Barn parking area, disposition of lateral road funds, and a study of travel expenses and departmental budget limits.

Cowbelle Kisses; Key Award

Nolan Grady, past president of the Hereford Lions Club, and Wayne Lady, current president (front page), were the recipients of some Cowbelle kisses this week at the club's regular luncheon meeting. Velma Tanner, Oldham County, and Marn Tyler of Hereford were the CowBelles presenting kisses, and it was for the Lions' contribution of certificates and frames

for the Girlstown beef promotion project. In photo at right, Lion John D. Bryant was presented the "Master Key" award by former president Don Zimmerman. The award — only the second given by the club — goes to a Lion who enrolls 12 new members in the club.

(Brand Photo)

Movie, Awards Top Lions Club Session

"And Then There Was Light", a film about the Hi Plains Eye Bank was shown to the Hereford Lions Club Wednesday in Civic Club Center when the organization held its regular weekly luncheon meeting.

Don York, president of the Eye Bank board of directors and longtime Lions Club member from Canyon, presented the special program. Following the film, the club voted to contribute \$2 per member to the Eye Bank.

Because of the support of area Lions Club, the Eye Bank has given sight to some 255 people since 1961, York reported.

In a special presentation, John David Bryant was awarded the "Master Key" from Lions International on having enrolled 12 new members into the local club. D.C. Martin is the only other member of the club who has attained the Master Key award. Cowbelle representatives were also present at the meeting to thank the club for providing certificates and frames for the Girlstown Beef project, sponsored by the Texas CowBelles. Marn Tyler Hereford, and Velma Taylor, Oldham County, also presented certificates and CowBelle

kisses to president Wayne Lady and past-president Nolan Grady.

In still another presentation,

Tommy Bowling presented a check of \$198.19 to the Leo Club for their work in the "dunking board" booth at the annual club carnival. Cindy Ruther, president of the high school club, accepted the check. Dee Ann Miller gave the weekly Leo Club report.

A number of visiting Lions and guests were recognized during the meeting.

Former Shoup Worker Promoted

R. Lynn Keener
...youngest factory manager

When R. Lynn Keener, 30, was promoted to factory manager of Holly Sugar corporation's Santa Ana, Calif. factory effective Sept. 1, he became the youngest of Holly's nine factory managers.

His promotion from assistant factory manager at Holly's Shoup plant in Hereford was announced here by George W. Miles, Jr., senior vice president-operations. Keener is a 1968 graduate of Colorado State University with a degree in industrial and construction management, and joined Holly's engineering department in March, 1968, following graduation.

Keener replaces Andrew W. Pitsch, who has been promoted to factory manager of Holly's Carlton plant in the Imperial Valley of California.

In July, 1968, he was made a management trainee and was transferred to Holly's Tracy, Calif. Plant as assistant to the factory manager. In March,

1970, he was promoted to shift superintendent and transferred to the Hamilton City, Calif. plant, where he remained until promoted to assistant factory manager at Hereford in Sept., 1971.

Keener met his wife, the former Linda Gosnell, when both were students at CSU. They have a two-year-old daughter, Tabitha. Mrs. Keener was active in the Campfire Girl program while they were in Hereford. Keener raises, trains and hunts with English setters. He is an affiliate member of the American Institute of Industrial Engineers.

U.S. PAYMENTS BALANCE

The federal balance of payments account that reflects the flow of cash in and out of the United States showed a \$6.3 billion deficit during the three months ending June 30, the Commerce Department reported.

Community Classes Begin This Week

Classes for individual improvement will be offered this fall through the Hereford School Community Education Program, announced Richard Robinson, high school vocational director.

Registration will take place during the first class meeting. Course offerings will be:

REAL ESTATE FINANCE — Hereford High School (HHS) room 124, meets Thursdays 7-10 p.m., begins Sept. 12 and ends Dec. 5, fee \$20, instructor Don Lane.

CONVERSATION SPANISH — HHS room 116, meets Tuesdays 7-9 p.m., begins Sept. 9 and ends Dec. 17, fee \$20, instructor Paul Abalos.

BEGINNING TYPING — HHS room 200, meets Mondays 7-10 p.m., begins Sept. 10 and ends Dec. 10, fee \$22.50, instructor Regina Douglass.

ADVANCE TYPING — HHS room 200, meets Thursdays 7-10 p.m., begins Sept. 12 and ends Dec. 12, fee \$22.50, instructor Regina Douglass.

BASIC BOOKKEEPING — HHS room 116, meets Tuesdays 7-10 p.m., begins Sept. 10 and ends Dec. 16, fee \$22.50, instructor Bill Shore.

INCOME TAX PREPARATION — HHS room 125, meets Tuesdays 7-10 p.m., begins Sept. 10 and ends Nov. 12, fee \$20, instructor Ray Barber.

BEGINNING BRIDGE — HHS 102, meets Mondays 7-9 p.m., begins Sept. 9 and ends Nov. 11, fee \$10, instructor Mozelle Neill.

SHORTHAND — HHS room 120, meets Mondays 7-10 p.m., begins Sept. 9 and ends Dec. 16, fee \$22.50, instructor Joyce Wartes.

GYM NIGHT — HHS gymnasium, meets Tuesdays 7-9 p.m., begins Sept. 10, fee \$5.00 per night, instructor Tony Calkins.

WOMEN'S RECREATION — La Plata gymnasium, meets Mondays 7:30-8:30 p.m., begins Sept. 10 and ends Nov. 11, fee \$9, instructor Mrtha Emerson.

AUTO MAINTENANCE AND CARE — HHS room 127, meets Thursdays 7-9:30 p.m., begins Sept. 12 and ends Nov. 28, fee \$17.50, instructor Bill McDowell.

WOODWORKING — HHS industrial arts building meets Tuesdays 7-10 p.m., begins Sept. 10 and ends Dec. 17, fee \$25, instructor Steve Thomas.

BASIC WELDING — HHS agriculture shop, meets Thursdays 7:30-9:30 p.m., begins Sept. 12 and ends Nov. 14, fee \$25, instructor Tim Kearns.

Lyman C. Ogilby, Bishop of the Episcopal Diocese of Philadelphia: "The ordination (of women) is in violation of the constitution and canons of our national church."

Key Club Donates Scoreboard

Key Club officers show the scoreboard the club recently donated to be placed in the Hereford High School gym. Although the high school team doesn't hold games in the old gym, many other organizations play games there. Key Club members raised the \$1,000 to pay for the scoreboard with various activities. From left to right are HHS principal Jerry Don George, Key Club president Tommy Loerwald, senior board member Craig Nieman, treasurer Dirk Vanderzee, and club sponsor Gene Brock.

Alabama Man To Lead Revival

Evangelist V.P. Black of Chickawa, Ala. is featured speaker during a week of gospel meetings starting tomorrow at Church of Christ, Sunset and Plains.

Black, author of six books, is well-versed on the subject of stewardship in the Church of Christ. He has been associated with the Chickasaw congregation since 1944 and his most recent publication is *Sermons For This Crooked Generation*.

Black's revivals are noted by his "power and persuasion" and 267 responded to his sermon in Mobil, Ala. In addition to revival work, he delivers numerous college lectures each year and has made several tours and study trips to the Bible lands.

Re Wright, minister of the North Seminole Church of Christ in Amarillo, has been invited to direct the song services in this meeting.

Saturday, at 1 p.m., there will be an area-wide youth meeting.

Lemuel Phillips, Ulysses, Kansas, will speak on the theme, "Counterfeiting the Real Thing." Wright will give an illustrated lecture on, "Does God Really Exist?" The youth meeting will climax with V.P. Black speaking at 7:30 p.m. on "This Crooked Generation." All young people are invited.

The church extends a cordial invitation for the public to attend the services, of this meeting. On weekdays the time will be 7:30 p.m.; on Sunday, 9:30 and 10:30 a.m. and 6 p.m.

V.P. Black

Before you invest in Central Air Conditioning invest a few minutes to learn something about it!

Our FREE Home Survey and Central Air Conditioning Estimate is just that: FREE. It doesn't cost you a dime. And there's no obligation to buy, now or later. But while our GE Factory-Trained experts are surveying your home, you'll get a chance to learn a lot about what it takes to select and install the proper equipment — and why no two homes are exactly alike! That is the reason we can offer our one year written Guarantee — Every GE Central Air Conditioner we sell carries a one year repair warranty against manufacturing defects on the entire product. GE covers parts... we provide service labor.

Tiefel Ranked In Top Of Class

Mark A. Tiefel, son of Mr. and Mrs. Arthur Tiefel of 231 Ave. C, graduated with top honors from an Army management officers course at Ft. Lee, Va. Tiefel is a 1st Lieutenant in company E 4th Student Battalion. He ranked first academically in a class of 36 students. He has been assigned as Division Technical Supply

Officer in Kitzingen, Germany. His wife, Judi Gail, and four-month-old daughter, Marcy, will join him there. Tiefel is a 1967 graduate of Hereford High School and received a BBA degree in 1971 from West Texas State University. He completed basic training in July 1972 at Ft. Benning, Ga. He then served in the 2nd Battalion 68th Armored and 2nd Armored Division at Ft. Hood. He is a former employee of Furr's, Inc. of Hereford.

His wife and Judi Green before her marriage. Mrs. Tiefel is the daughter of Mr. and Mrs. Weldon Green of 147 Northwest Drive, where she is now residing.

Sherman Addresses Legal Associations

Hereford Bar Association, chaired by president Mack Tubb, hosted a joint dinner meeting of Dimmitt Bar Association and Deaf Smith-Castro Counties Legal Secretaries Association Tuesday at K-Bob's Steak House.

Approximately 35 were present to hear an address by Senator Max Sherman of Amarillo, member of the drafting committee at the recent Constitutional Convention. Senator Sherman spoke on the topic "The New Texas Constitution — What Happened?"

Special guests were Judge and Mrs. John Boyd of Plainview.

The only plant that counts for much is one that is carried out.

TEXAS BUSINESS

by Dudley Lynch

Where will it all end? That's the question that observers of Texas banking have asked, time and again, as the state's 10 largest multi-bank holding companies snatched up 103 of the best banks available.

Now, some well-thought-out answers are in print, thanks to researchers at Rotan Mosle, Inc., which operates eight stock brokerage offices in Texas.

Rotan Mosle, in reaching its conclusions, looked closely at three areas: Texas bank holding companies, both the large and the small. The Florida bank holding company movement, which began to accelerate between 1967 and 1969. And the invasion of Texas by representatives of out-of-state and foreign banks. Here are Rotan Mosle's conclusions:

□ The overall pace of announced plans to acquire other Texas banks by bank holding companies will decline significantly. One reason to think so is that the P/E (stock price-to-current earnings) ratio of most of the state's acquisition-minded bank holding companies is low. Among the top 10, they range from 13.7 at First International Bancshares in Dallas to 5.0 for Texas American Bancshares at Fort Worth.

□ Acquisitions should increase for several of the smaller, never holding companies, such as FrostBank Corp., PanNational Group, Victoria Bancshares and Cullen Bankers, Inc.

□ Texas can expect some mergers between holding companies.

□ Having culled the most promising prospects for bank acquisitions, holding companies in both states will probably announce acquisitions in bank-related fields, such as leasing, consumer finance, mortgage loans and investment management.

□ Out-of-state banking institutions will continue to expand into attractive Texas markets. Already, 21 major out-of-state and foreign banks are represented by offices in Houston and Dallas. Houston, for example, has offices of the Bank of Montreal, Toronto Dominion Bank, Bank of Nova Scotia, Bank of Tokyo and Royal Bank of Scotland among its distant banking representatives.

□ Thus far, the changing face of Texas banking has heightened competition and improved banking services. Texas bankers, both large and small, have been stimulated to become more aggressive and imaginative while retaining sound banking safeguards to protect depositors' funds.

So says Rotan Mosle.

THAT EMBARRASSINGLY bad gasoline that flowed out

of American Petrofina's Mt. Pleasant refinery between July 19 and 22 created havoc for company and customers alike. The Fina people quickly agreed to reimburse more than 500 motorists for damage caused by the bad gas to the engines of their cars.

But Fina dealers suffered, too. Once the word hit the headlines, motorists quit buying Fina gasoline in droves. A Dallas gas station operator said he normally sold \$1,200 to \$1,400 in gas a day, but after announcement of the goof-up, he failed to sell \$1,400 in gas in a week.

The Fina headquarters people, located in Dallas, said mechanical failure, heat and other factors caused excessive gum to form in a circulating tank at the Mt. Pleasant refinery. It seems safe to say that they'll take every precaution to see that it doesn't happen again.

ADD HAY to your list of shortages. It's selling for about a buck and a half a bale at the moment, but by mid-winter, it's going to be scarce, selling for \$2 a bale or more, says the Texas Agriculture Extension Service. Ag agents are urging cattlemen to plant small grains for feeding purposes within the next month. The drought that has plagued the state (and the entire U.S. Great Plains) since spring has badly stunted the '74 hay crop.

TEXANS who felt that the energy crisis was contrived by the major oil companies and their government sympathizers found their suspicions reinforced by the quick response of fuel supplies to higher prices.

This is the word from Dr. David Gottlieb, dean of the University of Houston Social Science College. In a report on a 425-person survey to the Governor's Energy Advisory Council, Gottlieb said interviewees indicated more trust for television news services and environmentalists than for major oil and utility companies and the federal government in reporting on the energy crisis.

Interestingly, Gottlieb suggested that teen-agers may have suffered most from the energy shortage. Priorities for car usage shifted to adults. This factor (fewer teen-age drivers), rather than the slower 55 mile-per-hour speed limit, plus shorter trips may explain the lower automobile death rate that has resulted, Gottlieb says.

TEXAS SCIENTISTS will soon be able to pinpoint areas where the earth is or will be sinking so that businesses can avoid selecting poor plant locations, says a University of Texas geologist. But they better hurry. Hundreds of square miles in the Houston-Galveston area are sinking — and rapidly in terms of geologic time.

A thousand square miles in this shakily supported area have subsided at least one foot in recent years. A 200-square-mile area in the Pasadena area has dropped more than five feet. The culprit is the pumping of underground water for municipal and industrial needs, and since more water is pumped during the summer than in winter, the land sinks faster in summer.

Remember the recent notes about thieves of green plants? Now, it's grease that they're purloining. Restaurant grease and fat drippings scraped off cooking stoves and emptied from deep-fry pans. Usually, the restaurateurs dump the used grease in barrels at the back door and sell it to

grease processors, who come along in trucks and pump it out.

But thieves in the big Texas cities are beating the legitimate buyers to the barrel, pumping it out themselves, even when restaurants put the barrels in steel frames and lock them down. An executive for Wommack Grease Service of Fort Worth says he is losing 10 per cent of his grease each week to the black market. A Dallas police sergeant says, "What can we do? We can't put shotgun squads on every grease barrel in town."

TEXAS IS being invaded by high fashion department stores, no less. And they all seem to be trying to out-Neiman Marcus each other.

Lord & Taylor, a name that sounds more like a Scotch whiskey to Texans but has long been a revered retail establishment to Easterners, opened in Dallas's North Park Shopping Center in April, and the opening — widely ballyhooed in the local press — was pronounced the company's best ever. And this fall, in October, Lord & Taylor is opening in Houston's Galleria II.

Not far away from Lord & Taylor's Houston location is the new Saks Fifth Avenue store, which opened in July. Saks says that it will follow with another new store in Dallas within the next three or four years.

With Neiman-Marcus, Lord & Taylor, Saks, Sakowitz, Joskes and others all vying for the dollars of affluent shoppers, it may be like Christmas year-round for big-city newspaper readers and window shoppers.

QUICK CHECKS:

□ The Sheshunoff Texas Bank Index (stock prices for 22 of the state's largest banks) for August 8 was 912.50 bid, the low for 1973-74.

□ The most dramatic increase between January and May, the latest figures available, for nonresidential building in Texas occurred in amusement buildings (up 81%), industrial buildings (up 79%), commercial garages (up 311%), works and utilities (up 184%), and educational buildings (up 99%).

□ In the same period, the Texas SMSAs (Standard Metropolitan Statistical Areas) experiencing the most substantial gains in authorized nonfarm building were Galveston-Texas City, Midland and Texarkana.

□ Latest measurements of business activity indicate improvement over 1973 in Lubbock (26%), SLLA (25%), Corpus Christi (25%), Wichita Falls (22%), Beaumont (22%) and Austin (17%); business activity declines were registered by Texarkana (10%), Port Arthur (9%), Tyler (6%), Corsicana (3%), Galveston (3%), San Antonio (3%) and Waco (2%).

□ The Hughes Tool Co. count shows 528 oil rigs currently at work in Texas, compared to 365 a year ago.

At one time, caterpillars were thought to cure snake bites.

CARD OF THANKS
Thanks to all for the prayers and cards and flowers and visits I had while a patient in Deaf Smith General Hospital, also for the excellent care I had while in the hospital. May God bless you all is our prayer.
Mrs. Floyd Bates and husband

Legal Notice

STATE OF TEXAS
To C.J. Wharton; Respondent,
GREETINGS:

YOU ARE HEREBY COMMANDED to appear and answer before the Honorable District Court, 69th Judicial District, Deaf Smith County, Texas, at the Courthouse of said County in Hereford, Texas, at or before 10 o'clock a.m. of the Monday next after the expiration of twenty (20) days from the date of service of this citation, then and there to answer the petition of ROSE MARIE TRAMMELL, Petitioner, filed in said Court on the 5 day of September, 1974, against C.J. WHARTON, Respondent, and said suit being Number 7211 on the docket of said Court, and entitled "In the Interest of Charles Walter Wharton, a Child," the nature of which suit is a request to terminate the parent-child relationship. Said Child was born the 7th day of April, 1964, in Lubbock, Texas. The Court has authority in this suit to enter any judgement or decree in the child's interest which will be binding upon you, including the termination of the parent-child relationship and the appointment of a conservator with authority to consent to the child's adoption. Issued and given under my hand and seal of said Court at Hereford, Texas, this 5 day of September, 1974.
Lola Faye Veazey
Clerk of the District Court of Deaf Smith County, Texas
S-10-1c

SHERIFF'S SALE
THE STATE OF TEXAS
COUNTY OF DEAF SMITH

By virtue of an Order of Sale issued out of the Honorable 69th Judicial District Court of Deaf Smith County on the 29 day of August, A.D. 1974, by the Clerk thereof, in the case of STATE OF TEXAS, DEAF SMITH COUNTY, HEREFORD INDEPENDENT SCHOOL DISTRICT and CITY OF HEREFORD VS. WESLEY HIGH, Cause No. 6736, and to me, as Sheriff, directed and delivered, I will proceed to sell, withing the hours prescribed by law for Sheriff's sales, on the FIRST TUESDAY in October, A.D., 1974, it being the 1st day of said month before the Court house door of said Deaf Smith County in the City of Hereford, Texas, the following described property, to-wit:

All that certain lot, tract, or parcel of land more particularly described as all that certain Lot 3, Block 3, Meachem Subdivision of Block 16, Mabry Addition to the town of Hereford, Deaf Smith County, Texas

Levied on this 3 day of Sept., 1974, as the property of WESLEY HIGH to satisfy a judgment amounting to \$523.28 with interest from the 27 day of February, 1974, at 6 per cent per annum and all cost of suit, in favor of State of Texas, Deaf Smith County, Hereford Independent School District and City of Hereford.

GIVEN UNDER MY HAND this 3 day of September, A.D., 1974.
Travis McPherson
Sheriff, Deaf Smith County, Texas
S-10-3c

THE FAMILY LAWYER

"Bum Steer"
With mounting impatience, Walters drove for 15 minutes behind a slow-moving truck on a winding road. Finally the truck driver waved him a go-ahead signal. But as Walters swung out to pass, a car loomed up from the opposite direction. A collision followed, and Walters landed in the hospital with assorted injuries.

In due course, he filed a lawsuit against the trucking firm. "Their driver gave me a 'bum steer' when he waved me on," Walters charged in a court hearing. "But it was an innocent mistake," countered the company. "He was just trying to be helpful. Besides, Walters still had the final responsibility for his own driving."

However, the court granted Walters' claim. The court said that the truck driver, having once undertaken to give directions, had to do so with caution.

Courts generally agree. It is worth noting, however, that Walters had no real chance to see the danger ahead. If he had and took a chance anyhow, he might well have been found negligent himself, regardless of the misleading signal from the truck driver.

In fact, a motorist continues to bear some degree of responsibility even when he is obeying the signal of a traffic officer.

In another case a motorist, waiting at a busy intersection was waved ahead by a policeman who was there directing traffic. He started forward immediately, knocking down a pedestrian who was still in the crosswalk.

Could the motorist escape legal liability by blaming everything on the policeman?

The court said no. "The driver had a right to rely to some extent on the (policeman)," said the court, "but he had no right to abandon all care."

A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

Know THE Weather

Is swell caused by the wind? Is it a wave? Does it

parallel the wind in a hurricane? Swell is caused by a strong weather disturbance, which usually features strong winds, but swell is not a direct product of wind as are waves. And swell does not follow

the course of a hurricane's winds. It will emanate from the center of the disturbance, often at a greater speed than the disturbance is moving, always moving away from the center of the storm. If one will follow the direction of swell he will be

running away from the center of a storm. If he seeks the source, he might be in for trouble. Swell is harder to detect than waves and is the cause of most seasickness. But old-time sailors can

quickly spot which way the ocean is "running" and often predict coming events by watching swell.

He who lives at high tension usually blows a fuse.

The Hindus believe that the use of iron in buildings is conducive to epidemics.

HOUSE ON SEAT BELTS
The House voted overwhelmingly to make optional the seat-belt interlock system that currently comes with all new cars.

ON OIL PRICE LEVELS
The Senate has voted to extend until next June 30 the government's authority to control oil prices and allocated supplies.
