FRANK POTTS AGAIN LEADS LOAN ASS'N

FINE ANNUAL MEETING FEDERAL SECRETARIES HELD

PLAINS LEADS

Secures One Third Money Available For Texas. Great Meeting

J. Frank Potts, of Hereford, was re-elected president of the Panhandle National Farm Loan Secretaries Association, at the business session of the organization Thursday afternoon at Amarillo.

B. D. Woodlee, of Dimmitt, was elected vice-president and W. J. Fleisher of Canyon, was elected secretary-treasurer.

Mr. Potts reports a very interesting, instructive and harmonious meeting, where many hard points were explained by attorney Lewis Rogers of the Federal Land Bank at Houston. Forty-five associations were represented at this meeting, and it developed that the Panhandle had up to date received over one-third of the \$64,000,000 allotted to Texas, and that less than one percent was delinquent, and not one foreclosure made. It also was discovered that the Hereford Association had loaned over \$1,000,000.

Officials of the bank at Washington were memorialized to increase the loan limit from \$10,000 to \$25,000.

The all-day session closed with a banquet at the Amarillo Hotel last night. About 40 men were present. F. P. Collins, of Amarillo, was toastmaster. Judge W. C. Dinwiddie, of Tulla, gave a short sketch of the Swisher county organization.

E. C. Young, of Lubbock, spoke a few words of felicitation. All of the speakers sprung many jokes on Mr. Collins and the diners were kept in a merry humor.

H. V. Tull, of Plainview, declared he liked being secretary-treasurer even if there is a lot of work to it.

D. P. Bates, of Hale Center, said he had gained a great deal of information at the meeting.

W. J. Fleisher, of Canyon, told some stories of loans made in Randall county.

W. E. Schott, of Silverton, expressed his pleasure at being present and emphasized the value of such meetings.

J. M. Neely, of Amarillo, advocated the lessening of eligibility requirements. He gave an instance of a man's farm being saved through the granting of a loan.

L. S. Barron, of Muleshoe, praised the organization and gave some of his experiences.

Judge Lawrence Ashby, of Dalhart, related the story of saving a man's farm through hasty action in getting a loan.

A. P. Crane, of Farwell, made a witty talk, getting off many original "digs" at Mr. Collins. He also facetiously said he would offer some advice to the bank officials from Houston, which he did.

O. L. Glenn, of Roaring Springs, said that loans should be available on less acreage than is defined in the law.

The speaking came to a close with short talks by John E. Van Delft, secretary of the Farm Loan Bank at Houston and M. H. Gossett, president of the bank. These two men praised the Panhandle officials for their work in connection with the granting of loans.

Judge Gossett told the district meeting of the officials Thursday morning that the bank officials at Houston believed in the Panhandle farmers and pointed out how the Houston officials had interceded at Washington in interest of the Panhandle. He said the Houston bank was well pleased with risks in the Plains country.

Senatorial Mess Delays Issuance Official Ballot

Official ballots for the general election November 7 will be held up all over the state, from the present outlook, until the last minute after which they can be sent out to the various election judges. As a rule these ballots are printed early and sent out in plenty of time, but this year the senatorial controversy has reached such a pass that the ballots will be delayed somewhat.

Both Mayfield and Peady have been enjoined from appearing on the ticket and both are fighting it through the courts. It is understood that the Mayfield hearing will come up about October 16 before a Federal court in another state. Meanwhile County Judge McGert has been instructed to prepare the forms for printing the ballot and then hold them as long as possible, pending settlement of the legal entanglements surrounding the senatorial candidates.

Another odd feature on the local ballot at this election will be the fact that two local candidates elected at the last primary will not have their names on the general ballot and their friends will have to write in their names if they are named to the offices to which they aspire. F. T. Roloson, county attorney-elect, and J. H. Wilson, Justice of the Peace-elect, are the two. It was found after the last election that the law requires that candidates must make application for their places, with the exception of county and precinct chairmen, and this was not done by either of these gentlemen.

HEREFORD BAND IN CONCERT IN DISTRICT COURT ROOM

The Hereford Band rendered a concert Thursday night in the District Court room to a small, but appreciative crowd. The band played several difficult numbers, much to the delight of the listeners. The inclement weather kept down the attendance and the concert was played indoors on account of the high, raw wind.

H. D. Neely of Omaha, Nebraska, was in this city and Castro county this week visiting in the home of Mr. and Mrs. Ben Neely and also looking up his farm interests managed by Frank L. Pinkert. Mr. Neely departed for Waco, Texas Wednesday morning.

Harrison's Hog Wins Second at The Dallas Fair

Sensation's Pride, E. W. Harrison's splendid Duroc Jersey boar, captured second prize at the Dallas Fair in the Junior Yearling class, according to a telegram sent by Mr. Harrison to J. H. Head this week. The outstanding measure of this winning when the character of the opposition the pig encountered at Dallas is considered, is apparent to everyone who knows anything about the hog game.

The remarkable feature of the string of wins this hog has made lies in the fact that before shipping he was on a green range. He was shipped to Canyon for several days, then to Childress, then to Oklahoma City, and then to Dallas. His range was gone, his feed changed and the jostling about of traveling all this distance certainly did him no good. Yet with all that he was good enough to win second in the hottest competition in the country. "Come to the Plains!"

SHEEPMEN HOPEFUL BETTER PRICES ON LAMBS THIS FALL

Chicago.—It appears that a higher price for lambs will prevail this fall and there is a mad scramble to get back into the business, according to a survey of the National Institute of Progressive Farming, which declares that the sheep industry will be entirely recovered from the recent near collapse within five years.

"How close the sheep industry in this country came to annihilation during the inflation period is not realized by the general public," state the survey. "It was all but wiped out. Imported rams were butchered and sold as meat owing to the collapse of the market."

There is a rush to stock up now and the market has returned to a notable level, the survey states, and herds which almost disappeared are being revived.

The supply of breeding stock, sheep association officials say, is the lowest in twenty years and the demand for such stock on the Pacific coast is the greatest seen in double that time. Texas, Idaho Wyoming and Montana also report a large demand.

"In the corn belt where the maize crops can be fed to three dollar mutton, the problem is to find the lambs," declared the survey.

"Sheep men are in the habit of virtually ceasing business when the wool market is against them, and then slowly turning back when the tide turns. While the United States cannot compete in the wool markets of the world with Argentine and Australia yet it is unthinkable that the whole agricultural system should be thrown out of the balance by wool alone."

SOLON BYRD, FORMER RESIDENT, IS A VISITOR FRIDAY

Solon C. Byrd and D. Wilson, of Claude, Texas, reached Hereford Friday morning. Mr. Byrd is here consulting his former partner, J. E. Hill. Mr. Wilson is superintending the shipping of some fat cows from his ranch near Black.

ANNUAL RED CROSS ROLL CALL SOON

LOCAL DRIVE WILL BEGIN SOMETIME IN DECEMBER

MEETING SUNDAY

Call Issued for Mass Meeting of People to Consider Year's Work

Next Sunday afternoon, at the Methodist church, beginning at 3:30 o'clock, a mass meeting of all the people of this community has been called to consider Red Cross work for the coming year.

Chairman Knight of the local Chapter, has been asked by the national headquarters to bring this matter to a head and to especially prepare for the annual Roll Call, which will be during the month of December.

At Sunday's meeting reports will be heard from the different divisions of the local Chapter on the work of the past year, the financial status of the organization, the work now in progress, and the question of the coming Roll Call and work for 1923 taken up.

Chairman Knight is requesting the pastors and Sunday school superintendents of the city to announce this meeting at Sunday morning's services, and it is hoped that a big and representative audience will respond.

MRS. W. B. BEEDLE IS DEAD, TO BE BURIED SATURDAY

Mrs. W. B. Beedle passed away Thursday, October 12. Mr. and Mrs. Beedle left Hereford for Rochester, Minn., the latter part of the summer, where Mrs. Beedle entered the Mayo Bros. Sanitarium, undergoing an operation. They returned home a few weeks later.

The funeral services will be held at the residence in South Hereford, Saturday morning at 9:00 o'clock, conducted by Rev. W. R. Hill. The departed leaves her husband, one sister, Mrs. May Patchin, of Lewistown, Mo., and three daughters, Mrs. Ralph Jamison, of Kansas City, Mesdames Gleen Greer and Ira Cocheil of this city.

MRS. C. C. SLAUGHTER TO TEACH IN LITTLEFIELD, ARIZ.

Mrs. C. C. Slaughter and three children left Hereford Sunday for Littlefield, Arizona, where Mrs. Slaughter has been employed to teach school at a salary of \$150 per month. Mrs. Slaughter holds a permanent certificate. She was also accompanied by her 11-year-old nephew, Jack Terry, who will make his home with her.

Littlefield is in the extreme northwestern portion of Arizona, on the other side of the Grand Canyon. Mr. Slaughter will remain here to look after his cattle interests.

Flocks of Sea Gulls Blown In Here by Winds?

Thursday and Friday of this week great flocks of sea gulls have been hovering over the Plains country. It looked like there were thousands of them over Hereford. Small, pretty, swift creatures, that attracted lots of attention. Visitors from Tulla here Friday reported them at that point Thursday, and the Amarillo papers report them in that vicinity.

The supposition is that there has been a storm or disturbance over the ocean somewhere and these gulls have been blown far out of their native haunts. The Weather Man or the daily press has not reported such a disturbance, however, and the reason for the rare visitation still remains a mystery.

Friday The Thirteenth Passed by Without Accident

Looked at the calendar today—Friday the Thirteenth!

While it may have been largely imagination, seemed like folks hereabouts were unusually cautious Friday. The train traffic was light, too. Lots of people won't tempt fate on Friday the 13th by starting a journey of any kind, or ending it on that date, either, if possible. Consequence was, there was little stirring and Main street looked quiet and sleep-like.

Up to time of going to press no fatalities or accidents of any kind had reported like the superstitious element of this community would not have an opportunity to say "I told you so."

HEREFORD HI VS FRIONA HI GAME BOOKED ON FRIDAY

The football teams representing the Hereford High school and the Friona High school were scheduled to play on the local gridiron Friday afternoon. The Friona aggregation arrived about noon in the official Friona School auto-bus. They are a husky and confident looking bunch and promised to give the local eleven a real battle.

CAPTAIN E. MORRIS IS BACK FROM A REUNION OF VETS

Capt. Ewell Morris reached Hereford Wednesday morning from Dallas, where he attended a reunion of the 30th Division, held at Dallas last Sunday and Monday. Capt. Morris reported a good meeting and a large attendance.

COTTON WILL AGAIN HOLD THE PROGRAM

INTEREST CONTINUES TO GROW STEADILY ON PLAINS

FIRST BALE SOON

Hoffman has One Picked out And Will Exhibit it as Soon as he Can

Next Monday's luncheon of the business men, to be held at the City Cafe is to be another discussion of the proposed cotton acreage movement in this community. Any man interested in cotton as one of the money crops of this section, has a cordial invitation to attend. This meeting is to be a follow up of the original meeting when over 500 acres of cotton, for the coming year were pledged.

The reports of that meeting have stirred up a lot of interest all over the country and indications are growing that the idea is here to stick. One man called the Chamber of Commerce from Lubbock, wanting to know how many acres were pledged, as he had a gin he wanted to move up here. Claude B. Hurlbut, prominent real state man of Lubbock, who owns land in this county, has written that he will put in fifty acres to the pool for 1923. The Mobane Cotton Company has written the Chamber of Commerce, quoting prices and begging for an opportunity to present their claims to our cotton growers. Thursday a representative of the Acala cotton company was in town, trying to sell some of his seed.

Meanwhile Hereford men soon have the opportunity of receiving her first bale, and of making up a bonus for the enterprising grower. J. L. Hoffman, who has in forty-six acres nine miles southeast of town, told The Brand Thursday that he had picked out his first bale last Saturday but had not yet had time to haul it to a gin. As soon as he can do this he will bring it to Hereford and put it on display.

In the opinion of many of those studying the question, the seed should be bought cooperatively if possible and bought as close to home as possible so that it will be acclimated. Swisher county will gin around 900 bales this year, their first venture, and they have learned a lot of lessons in entering upon this new industry. Secretary Fielder, who was in Hereford Friday, said he would be glad to come back over here soon and give the results of their venture this year to all who cared to hear it. A meeting will be arranged for the near future to hear Mr. Fielder. A limited amount of good seed that has been tested out in this climate can probably be secured at Tulla. Come to the meeting next Monday.

Tulia Men Look Into Hereford's Watering System

The Hereford irrigation system is attracting attention not only from people at a distance, but is also being seriously studied by those closer home. Hardly a day passes but the Chamber of Commerce has an inquiry from one source or another regarding the water here and the method of putting it on the ground.

Friday morning a party arrived here headed by Secretary R. M. Fielder, of the Tulla Chamber of Commerce. Mr. Fielder was accompanied by F. Klaus, president of the Tulla Chamber of Commerce, F. C. Bennett, Swisher County Agent and R. L. McSpadden of Amarillo. They were all interested in securing data upon Hereford's wells, and visited the offices of D. L. McDonald, who showed them around.

Mr. Fielder stated that Tulla now has a few wells but the business men and farmers in his community are interested in further irrigation development work.

The party was also interested in the city's water supply, as Tulla is contemplating a bigger and better supply than she now has.

SUBMITTED

With a breezy north wind most every day this week we are reminded that winter will soon be here.

Bro. E. E. Dawson, of the Association campaign, together with Mrs. B. T. Johnson, our women's district president, of Canyon, were with us Wednesday night and each brought a sweet spiritual message to a splendid mid-

week crowd. It had been previously announced Bro. Dawson would be here so all the kiddies were happy and sang the little song which he taught them while here in the summer revival, entitled "Keep Sweet." And to their happy surprise he had a big sack of candy, so they got sweet.

unknown heirs of Arthur Marshall, deceased, and all the unknown heirs of the heirs and unknown heirs of Arthur Marshall, deceased, to appear at the next regular term of the District Court of Deaf Smith County, Texas, to be held at the court house thereof in the town of Hereford on the sixteenth Monday after the second Monday in July, 1922, the same being the 30th day of October, 1922, then and there to answer the petition filed in said court on the 26th day of September, 1922, in a certain cause No. 1367 upon the docket of said court, wherein Jno. P. Slaton is plaintiff and Rowland Sydney Goward and Charles Henry Spencer, Executors and Trustees under the will of William Henry Bates, deceased, and Gertrude Emma Bates, William Reginald Bates, Elsie Lillian Bates, Rowland Sydney Goward, Kathleen Mary Augusta Goward, Gladys Mary Goward, heirs and legatees of William Henry Bates, deceased, and Arthur Hammond Marshall and Francis Denham Marshall, Administrators of the estate of Arthur Marshall, deceased, and the unknown Administrators and legal representatives of the estate of Arthur Marshall, deceased, and Arthur Hammond Marshall and Francis Denham Marshall, and all the heirs and unknown heirs of Arthur Marshall, deceased, are defendants. The cause of action in said suit being briefly stated as follows, to wit:

Plaintiff brings suit to quiet title in himself and to remove clouds from said title, which he alleges to exist, by virtue of certain claims which defendants are asserting to an interest in and to certain lands lying and being situated in Deaf Smith County, Texas, and being more particularly described as all of Section No. 33, Certificate No. 98, Abstract No. 316 in Block K-8, containing 640 acres of land, more or less, patented to Arthur Marshall by Patent No. 88, Volume 35. All of Section No. 31, Certificate No. 13-2060, Abstract No. 246 in Block K-8, containing 640 acres

of land, more or less, patented to Arthur Marshall by Patent No. 16, Volume 43. Plaintiff alleges that he is the owner of a fee simple title in and to all of said lands by virtue of a regular chain of title as pleaded, from the sovereignty of the soil and by virtue also of the three, five, ten and twenty five years limitations under the Statutes of Texas. Plaintiff prays for judgment quieting title in himself and removing all clouds from the title to all of said lands created and existing by reason of said claims of defendants, and for a writ of possession, and for general and special relief.

WOMAN INSTANTLY KILLED WHEN SHE JUMPS FROM WAGON

About 2 o'clock Tuesday afternoon Mrs. Ella Frazer, aged 56 years, was instantly killed by being run over by a wagon loaded with cotton. The fatal accident occurred between Tell and Childress.

Mrs. Frazer, with her married son and married daughter, was coming to this city on a wagon loaded with four bales of cotton; her son discovered something wrong about the wagon and got out to fix it. While he was out the team took fright at something and began to run. The old lady became frightened and undertook to jump from the wagon. In doing so she slipped in some manner, falling under the wheel, which passed over her head and lower limbs, killing her instantly. The younger woman remained on the wagon until the team was nearly stopped when she too jumped but was not hurt—Childress Post.

PANHANDLE LUMBER CO.

OUR AIM—TO HELP IMPROVE THE PANHANDLE

Monday a serious accident happened to Mr. J. M. Watters as he was ascending the Quitaque cap. His steering wheel came loose in his Ford and he made a complete nose dive down the cap. The accident caused Mr. Watters a broken arm and leg. The car was badly wrecked.

Mr. Watters was found by Mr. Thompson who lives at Silverton, who took him to Quitaque for medical and surgical attention.

Mr. Watters is a prominent ranchman, who lives just on top of the cap, and is well known throughout this section. It is fortunate that he came out of the wreck alive.—Lockney Beacon.

Interest in the American Royal at the Kansas City stock yards November 15 to 25 continues to grow. The entire West and Southwest has come to look on the new show in the new building as being the West's and Southwest's own great Live Stock Show and will patronize it accordingly. The steel superstructure to carry the roof is in place and the entire building with its seven acres of floor space will be enclosed within 10 days and will be ready for occupancy, complete in every detail about thirty days before the Royal is scheduled to open.

A great deal of care is being exercised in selecting judges and superintendents for the new Royal proposed to make the 1922 exposition, the opening event in the new building, one that will set a pace for all shows to come.

Entries are coming in from every section of the country and the management is laying out the floor plans to conform to the interest that is being shown in each individual section.

Complete arrangements have been made for the Messiah chorus, the curtain raiser, that will put on by the Bethany Oratorio Society, Lindsberg, Kans., on Saturday night and Sunday afternoon, November 18 and 19, for the dedication of the New Exposition Building. This is the biggest musical event ever staged in Kansas City.

The American Royal with all its phases will be a miniature world's fair and the United States, Canada, and Mexico will participate in it this year on a big scale.

There will be something for every man, woman and child that lives on a farm and is interested in farming, and the city folks will find at the American Royal this year something to interest them and something that has never

been presented at any American agricultural show before.

The music for the Royal is being selected with care and will be both band and orchestra. The night horse show events will be the most brilliant to be put on at any Central Western show this season and even eclipsing the Madison Square Garden show in New York.
