

The Hereford Brand

VOLUME 19

HEREFORD, DEAF SMITH COUNTY, TEXAS, APRIL 10, 1919

NUMBER 11

HAVE WE ANY OIL FUTURE

While this community is outside the region of the proven Texas oil fields, so far as they have been exploited, at the same time a great deal of local agitation has been going on looking toward the development of real facts—whether we have any oil under us or not. Whatever one group or another may believe to be the truth regarding this disturbing question, all agree that they would like to have the matter settled once and for all time by drilling a hole to the bottom of things in general.

To that end several local enterprises have been slowly unfolding for several weeks past, and this week foreign promoters invaded us and made some tentative propositions. D. L. McDonald has been working on a lease proposition, as has J. H. Foster and associates.

This week a promoter from Amarillo, who is drilling one hole near there, and another from California, made a proposition to a group of local land owners which looks good for a well, provided the visitors carry through the plans they have submitted. It is believed that if they do so their proposition will be met with the needed leases.

This kind of development work is slow, and a lot of pioneering is needed before actual concrete progress can be reported. The Brand has never favored the encouragement of speculation in stock and leases away from home, during these times of financial stress, but is heartily in favor of local development. There is a lot of promiscuous leasing going on all over this section, by local people and outsiders. Where there is so much smoke there ought to be a resulting fire, and the Brand believes that we will have something tangible to chronicle before long.

Dairy Team Spills Milk Everywhere

Last Monday morning the pin in the double-tree on the Schultz Dairy wagon dropped out and the horses became frightened and bolted. The wagon was overturned and partially wrecked on the curbing across from the Courthouse and broken milk bottles were scattered to the four winds of the heaven. Fred Schultz, who was driving, escaped by some miracle, and the horses were soon rounded up.

Will Beautify Courthouse Sidewalks

The ladies of the Park Board have decided to cultivate the narrow park-ways around two sides, at least, of the county Courthouse square, and to grow some flowers and plants in them.

To accomplish this worthy civic movement will require a little money, and these ladies would very much appreciate a little financial assistance for this purpose. Call or write Mrs. D. F. Ashbrook that you will help.

STATE ELECTION, MAY 24.

A general election will be held in Texas, May 24th, 1919, to vote on the adoption or rejection four proposed amendments to the State Constitution.

Every citizen is vitally interested in these measures, and should inform himself, or herself, concerning them.

J. B. PHILLIPS ENJOYS VISIT OF BROTHER

Thomas W. Phillips of Kansas City, arrived in Hereford April 1, to spend a few days with his brother J. B. Phillips. His visit was a pleasant surprise as the following day marked another "milestone" for J. B. who was beginning to feel rather "aged". But his fellow townsmen relieved that feeling some what by casually asking "who is that 'old gentleman' you have with you?" J. B. is now feeling some four years younger. Thomas W., is in the employ of the government, being an officer at one of the "Federal Reserve Banks," Kansas City.

How About A Ball Team This Year?

Along with the Band, and other public enterprises, the old war has almost ruined the baseball outlook for Hereford the coming summer. Practically all the diamond talent was called on by Uncle Sam to throw grenades at the Huns, and just now the prospect for a team is anything but promising.

However, Earl E. Wilson, who managed last year's nine, has been heard to pine for a little exercise recently; Holloway, the hard-hitting outfielder of 1918, is back at his old job as Express Agent; Ralph Smith, infielder, is available; and other promising material is being rounded up. Let's have a team.

LOCAL PROS BEAT STATE TO DATES

The State Central Prohibition Campaign Committee may not have adopted Hereford's suggestion as to the appropriate date for beginning the campaign for votes for the coming constitutional amendment election, but as one of the members of the local committee put it: "At least we beat 'em to it."

Some time ago the local pro and suffrage committee decided upon San Jacinto Day, April 21, as the most fitting date for beginning the campaign in Deaf Smith county, and now the State Committee announces the selection of the same date for the state-wide campaign.

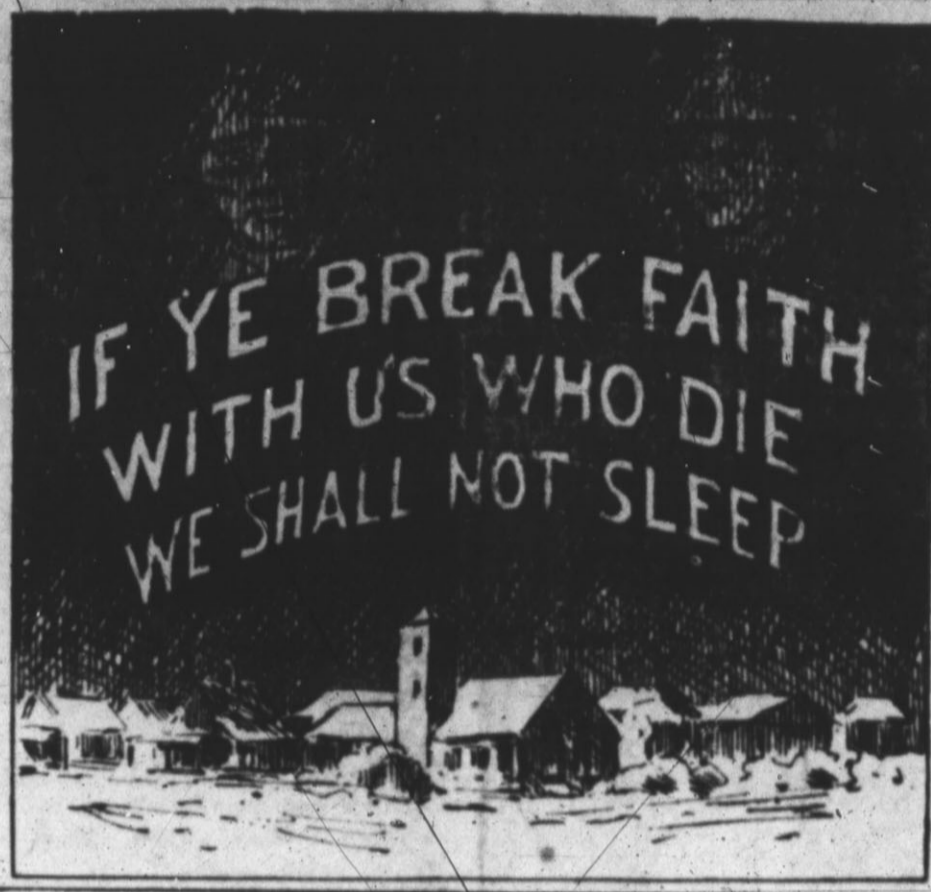

The opening gun was fired here Wednesday when Mrs. Eva Craven Wheeler, a prominent field worker of the National Prohibition organization, spoke to the school children at the Central building during the day, and at night addressed a small audience at the Courthouse. Owing to the stormy weather the attendance was greatly reduced from what it would undoubtedly have been had circumstances permitted.

The local committee has prepared copies of the four constitutional amendments to the state constitution, to be voted upon May 24th, and will wage a vigorous county campaign in their behalf. The committee is in receipt of the following postal from state headquarters:

"The State Central Prohibition Campaign Committee have decided upon a formal opening of the Statewide Prohibition Campaign on San Jacinto Day, April 21. Mass meetings are called for every county in Texas on this historic day, at the county court house, or other convenient place to be determined consisting of good speaking, music, etc., and thoroughly advertise same through local press and other proper mediums. By that time, your county has not been completely organized, including every voting precinct, try to complete your full organization on that day.

"Let April 21, 1919 mark the birth day of a New Liberty.

R. HARPER KIRBY,
State Chairman."

SNOW STORM MAY CAUSE MORE LOSS

Portions of Texas, Oklahoma and Arkansas Hit By Blow Which Causes Death of 82 Persons

The 1918-1919 record for freakish weather still holds good. Here it is, April 10, and outdoors the landscape closely resembles what most people would picture as a typical Arctic scene in the dead of winter.

Tuesday was a cold, windy, rainy day, and about six p. m. a blow from the north came up, bringing with it mixed sleet and snow which one local citizen described as a "regular wampus." The ground was soon covered with sleet, and during the night a heavy snow fell, followed by lighter snow Wednesday morning. It cleared up Wednesday afternoon, however, and Thursday the sun is shining brightly and warmly and the snow promises to be gone in a day or so if the sunshine continues.

Estimates on the snowfall vary all the way from seven to twelve inches. Owing to the wind the drifts are piled high in places.

Some cattle losses will undoubtedly follow, owing to the weakened condition of the livestock following the hard winter, the cold rain and sleet of Tuesday night. Up to the time of going to press The Brand had been unable to secure accurate information as to the extent of the storm or the losses sustained.

Later—The Amarillo News of Thursday morning carried the following local account of the storm:

"Amarillo and surrounding communities were visited Tuesday night and Wednesday by one of the most severe snowstorms of the season. Local traffic was demoralized yesterday, and unpaved streets were almost impassible.

LESTER BLAKEMORE LEAVES FOR AMARILLO POSITION

Lester Blakemore, better known to his friends as "George," who has been with Jeweler W. H. Ray for the past two years, left Hereford Monday for Amarillo, where he has accepted a position with the Finklea Jewelry Co.

Saturday night friends of Lester gave a "banquet" in his honor on the tables in the Corner Drug Store. The places were decorated with real violets, and friends toasted the departing one in fitting manner.

Mr. Blakemore has been one of the best-liked and most popular young men in the town, and he will be sorely missed by his many friends and acquaintances.

The street department of the city spent all of yesterday clearing the gutters on Polk street in order that water from the melting snow might be carried away.

"Train service on all lines entering Amarillo was paralyzed by the snow. All trains were delayed for several hours during yesterday and work in the local yards was hampered.

"Dispatches from adjoining communities indicate that snow and rain has fallen practically over the entire Panhandle. The effort was felt as far south on the Plains as Lubbock, where almost one inch of rain fell.

"Storm conditions prevailed to the south on the Plains country, covering an area stretching from north-central Texas into Oklahoma and Arkansas."

The Associated press reports in the News also stated that the storm swept over all North Texas, Southern Oklahoma and a section of Arkansas, taking a toll of 82 lives in these sections. The News report carries the following list of dead:

- Canaan, Texas, 4.
- Durant, Okla., 11.
- Wood county, Texas, 4.
- Pontotoc county, Okla., 1.
- Ector, Texas, 3.
- Ravenna, Texas, 3.
- Mineola, Texas, 11.
- Tundry, Texas, 8.
- Winnboro, Texas, 15.
- San Angelo, Texas, 1.
- Texarkana, Texas, 1.
- Newsome, Texas, 6.
- Pleasant Grove, Texas, 2.
- Eustace, Texas, 1.
- Ogden, Arkansas, 5.
- Walters, Okla., 1.

BOBO McLEAN AND MISS JOHNSON SURPRISE EACH OTHER

Two former Hereford friends, who had not met in months, and neither of whom suspected the other to be in France, met the other day in Toul, France, and a joyful reunion followed.

This information reached Hereford this week in a letter from Bobo McLean, who said he was wandering down the street in the French town on March 15th, his birthday, and suddenly met Miss Johnnie Johnson, formerly a nurse located at Hereford.

Bobo says he cancelled a leave of absence from the city he held, and a joyful reunion and old-time gab-fest followed.

PARK BOARD COULD MAKE USE OF TREES

The Park Board has made the discovery that it will take about one hundred locust trees to replace those that have died in the city's park on the river, opposite the bridge.

This is such a favorable season for transplanting trees that it seems a pity not to seize the opportunity. It will cost quite a sum to replace these trees, and if any of our citizens want to thin out their own trees and donate the surplus to the Park Board for use in this Park, the Board will very much appreciate the gift.

Locust trees can be safely transplanted for a few days yet.

U. D. C. Will Entertain The Veterans

The sons and daughters of the U. D. C.'s will entertain the old Veterans and the E. T. Woodburn Chapter at the home of Mrs. D. C. Laird on April 18, 1919. The following program is being prepared:

- Music—Victrola
- Reading—Dene Dunlap.
- Song—Pauline Fertsch
- Reading—Marlin Gilliland.
- Music—Annie Fitzhugh Parker.
- Reading—Frances Wilson
- Chorus—"They Made it Twice as Nice as Paradise and Called it Dixieland—By seven little girls.
- Hostesses, Mesdames D. C. Laird, T. M. Palmer, Miss Landrum.

COAL OIL CAUSE OF BAD BURN

What might have been a very serious accident, turned out to be only a painful one last Sunday when Claude Terry, Assistant Cashier of the Western National Bank, was badly burned about the face.

Mr. Terry rebuilt a fire in his heater, after the blaze had died out, and used coal oil to start it. A blast of fire shot out of the open door of the stove when the match caught the oil, and struck Mr. Terry in the face. One corner of his right eye was injured, although the sight was not impaired, and while not deep, the burns have been very painful and have confined Mr. Terry to his home for the first part of this week.

Our Warriors Are Arriving Home Fast

Corporal Leonard Foster, Melvin Standifer, Charles Bennett and Roy Baker, all members of the famous Thirty Sixth Division, arrived home Thursday morning, having received their discharges from the Army. Other local members of this famous fighting group are expected to be dropping in every few days.

County Court Starts Three Week Grind

County Judge Jas. A. Hughes opened County Court last Monday for a term of three weeks. No cases have been brought to trial yet, and the work so far has been confined to non-jury matters, etc.

37 VOTE TRUSTEE TICKET

At the School Trustee election, held at the Courthouse last Saturday, just 37 votes were cast, the three nominees of the recent mass meeting receiving the entire vote, no additional names being written on any of the ballots. The small interest is attributed to the fact that there were no disputed issues at stake, and no opposition to the candidates.

Captain E. T. Woodburn presided as Judge, and F. W. Lambert acted as Clerk.

The three new Trustees are Mesdames B. F. Guthrie and E. W. Harrison, and A. O. Thompson. They will serve for a term of two years. Next year four trustees will be voted upon. The holdovers at present are: C. R. Smith, H. G. Conkright, C. C. Ferguson and J. Frank Potts.

The novel feature of last Saturday's election was the precedent-breaking decision of the citizens to admit women to the Board, and the result will be followed with keen interest.

Our Courthouse Visitors Fail To Arrive

Recently County Judge Hughes received word that the members of the Commissioners' Court of Limestone County, Texas, would call on him this week and look over Deaf Smith County's fine courthouse, with a view of obtaining tips for constructing a similar one in their county.

The Farwell paper states that these gentlemen called there last week and inspected their Courthouse, but so far they have failed to show up at Hereford.

Rex Tynes and Hooper Take New Jobs

Rex Tynes, who has been prescription man with Geo. E. Burns for over a year, is now installed behind the counter at the Corner Drug Store.

D. L. Hooper of Roswell, N. M., a registered pharmacist, arrived in Hereford last Sunday, and Monday began work with the Burns Drug Store.

Miles Roberson Tries Out A "Cits" Suit

Miles Roberson, Assistant Cashier of the First National Bank, who has just returned from the Army, is back with the bank, and this week was discovered endeavoring to find a suit of "Cits" clothes that would feel good to him after wearing the tight khaki.

Miles was carried on the rolls of bank during his absence as Assistant Cashier.

MAYOR KNIGHT AND L. BASKIN SPEND SUNDAY IN CITY OF CLOVIS

Mayor Wm. M. Knight and L. Baskin spent last Sunday in Clovis, where they investigated certain civic matters from which they hoped to obtain data which might be of benefit to similar work in Hereford.

Miss Hazel Wilson came down from Amarillo Saturday to spend the week-end with home folks.

THE HEREFORD BRAND

PUBLISHED EVERY THURSDAY BY BRAND PUBLISHING COMPANY

HOLMAN & STECKMAN, Proprietors

Entered April 17, 1901, in the postoffice at Hereford, Texas, as second-class mail matter. First number of the paper issued Feb. 23, 1901, as the Hereford Reporter; first number of The Brand issued March 23, 1906.

Subscription Price \$2.00 a Year : : : : : Strictly in Advance

ADVERTISING RATES—Locals 10 cents per line first insertion, 7 cents per line subsequent insertions (no ad taken for less than 25 cents). Classified: first insertion 1c per word, minimum 25c; subsequent insertions 1c per word, minimum 25c. Professional cards \$1.00 per month for one inch space. Closing advertisements 15c per single column inch per week. Special rates for time contracts.

ANNOUNCEMENT

With this issue of The Brand the management of the paper and plant passes to the firm of Holman & Steckman, Walter R. Steckman having purchased a half interest in the business.

Mr. Steckman has been Foreman of The Brand for over a year, and is a practical newspaper man and printer of long and successful experience. The writer feels that the new firm will be better able to serve the public with a bigger and better newspaper, in the job line, and in every other line of work carried on by a first-class, up-to-date weekly paper.

I give my thanks to the friends and patrons who have so loyally supported me, personally and financially, for the past year and a half, and solicit their continued good wishes and business for The Brand Publishing Co.

Seth B. Holman.

There are two consoling features about this last snow-fall: First, the Federal Loan officials at Dallas, who have in charge the fixing of the quota for this county for the Fifth Liberty Loan, were in Amarillo Wednesday, and undoubtedly saw from first-hand experience, what this country is struggling with, financially. Secondly, there is absolutely no beating us out of a tremendous feed crop this fall, with the greatest season in the ground at this time

of the year in our history. There's a silver lining, always.

Maybe Woodrow will demonstrate to the Council of Four what he has repeatedly demonstrated to the American people—that he does not carry around that firm, square jaw for nothing. The French are apparently showing a vindictive spirit toward the Huns, and Italy wants to annex the earth, both attitudes being antagonistic to the principles for which America fought and won this war. "Watch Woodrow Win."

The County and State campaigns for votes for the prohibition and suffrage amendments to the constitution begin on San Jacinto Day. It the present state of public sentiment this is an unbeatable and inevitable combination.

Who will help the ladies of our Park Board in financing those flowers around the Courthouse, and those new trees in the Park? Here is a concrete opportunity to demonstrate your civic pride.

The Chautauquus is nearly due—let's get ready to attend both daily performances.

Get your money's worth. Buy the best commodity on the market—Government W. S. S. They increase constantly in value and that constant increase is guaranteed.

There are two roads in life. One leads to a quagmire of nothingness. The other leads to success. Both are lined with sign posts to show the wary traveller in which direction he is moving. But many people go along, their eyes on the skies, on the ground, or unseeing in dreamland, never noticing that they are advancing on the wrong highway. Do you know which road you are travelling? Here are the sign posts. The end of one will find you empty-handed. The end of the other will find you with funds for a sunny opportunity—with War Savings Stamps and Liberty Bonds working for you at over 4% interest.

Spendthrift Road

"This is on me."

"One will do."
"The walk will do me good."
"No, thank you."
"I can't afford that."
"Give me your best price."
"I'll carry this."
"I promised my wife."
"I need the money."
"Let me pay my share."
"I can get along without this."
"Is it worth seeing?"
"This is what I've gotten for my money."
"I could, but there are more necessary things to be taken care of first."

As Honorary Chairman of the first campaign ever instituted by the Jews to secure funds for sufferers in Asia Minor, Governor William P. Hobby has set aside the week of April seventh to April twelfth as Jewish War Relief Days in Texas. By reason of the fact that Jews have never before been the recipients of any of the many drives for war sufferers and because of the urgency of the situation, Jews and non-Jews alike are assisting in the effort to raise the sum of \$600,000 in their state.

Governor Hobby in his proclamation states in part: "The end of the war has not lessened, but rather has accentuated the misery of the war-torn area of Lithuania, Palestine, Poland and Galicia, and the Jews in these countries have been subjected to every outrage, persecution and indignity. They are compelled to go insufficiently clad and permitted to starve, and have been ground between the upper and the lower mill stone by friend and foe alike. Now the veil has been lifted, there is born to our gaze a picture so crushing in its desolate misery that we shudder to describe all of its horrible details.

"The people who have suffered the full weight of these blood-curdling conditions have been the Jews. Six millions of them—children, women and old men, have grown and crushed to the point of extinction. Their protectors, the young and vigorous, have been killed or deported, and they, the helpless have been left to bear the brunt of oppression.

"With the one purpose of aiding these victims of brutality, the Texas Division of the American Jewish Relief Committee has determined to carry on a campaign for the raising of funds.

"Now Therefore, I, William P. Hobby, Governor of the State of Texas issue this proclamation, setting aside, April 7th to April 12th, 1919, as Jewish War Relief Days in the state of Texas, and I call upon our people to organize in each city, town, village, and rural district so that an aggressive and vigorous campaign can be conducted and Texas contributing her means for the relief of the suffering, starving and deserving Jews in those sections where they have been the innocent victims of a ruthless war. The Jews have contributed liberally to every drive for Liberty Bonds, War Savings Stamps, Red Cross, Y. M. C. A. and other war funds, and in this, their first call for assistance from others than members of their own faith, it is most fitting and proper that each and every one of us give of his means to aid the suffering and dying of this great race."

HILL SEEKS SPEAKERSHIP

Representative H. B. Hill of Wheeler county was today announced by his friends in the House as an avowed candidate for the speakership of the Thirty-seventh House of Representatives. They state that Representative Hill is in the prime of life, full of vigor and with a laudable ambition; that he is a college graduate, a man well versed in parliamentarianism, and withal, a gentleman with adequate dignity and poise.

Representative Hill has been an active worker throughout the regular session of the present legislature, and coming, as he does,

from the great Panhandle portion of Texas, which section of the state, his friends claim, has never enjoyed the honor of furnishing a speaker of the House, they state they will enter enthusiastically upon a well outlined plan of support for him when the proper time arrives.—Austin Statesman.

SAFE, GENTLE REMEDY BRINGS SURE RELIEF

For 100 years GOLD MEDAL Haarem Oil has enabled suffering humanity to withstand attacks of kidney, liver, bladder and stomach troubles and all diseases connected with the urinary organs and to build up and restore to health organs weakened by disease. These most important organs must be watched, because they filter and purify the blood; unless they do their work you are doomed.

Weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pains in the loins and lower abdomen, gravel, difficulty when urinating, rheumatism, sciatica and lumbago all warn you of trouble with your kidneys. GOLD MEDAL Haarem Oil Capsules are the remedy you need. Take three or four every day. The healing oil soaks into the cells and lining of the kidneys and drives out the poisons. New life and health will surely follow. When your normal vigor has been restored continue treatment for a while to keep yourself in condition and prevent a return of the disease.

Don't wait until you are incapable of fighting. Start taking GOLD MEDAL Haarem Oil Capsules today. Your druggist will cheerfully refund your money if you are not satisfied with results. But be sure to get the original imported GOLD MEDAL and accept no substitutes. In three sizes. Sealed packages. At all drug stores.

CASTRO COUNTY

The knitting is progressing very well. There is still some yarn to let out; any one wanting to help call on Mrs. Kerr. A letter was received by our chairman that this would be our last knitting that we would be asked to do. Liberal supply of old clothing as brought in.

An all day rain Wednesday and its of sunshine since has been of great benefit to gardens, wheat and other crops.

Mr. E. S. Ireland returned from months vacation and reports a prospect for wheat in the fields.

The school children had a vacation last Friday; the teachers went to Canyon to attend the Institute. Mr. Earl Keller, who was shot by Mr. Watts at Springlake Friday of last week, was buried here Tuesday.

Mrs. McNealy is visiting her mother in Ft. Worth this week.

Mr. B. T. Bell who has been poorly all winter has gone

to Hereford to take medical treatment.

Mrs. Clarence Dickson has been spending the week with her parents Mr. and Mrs. C. E. McLean.

Miss Stacy Easter, one of Arroyo school teachers, spent the week end with home folks.

Mr. Tom Baker came in this week. He reports that he was just behind the firing line for several weeks but was not in any battles but his brother Carl was badly wounded and will be a cripple. He is in the states but will not be able to return home for awhile.

Rev. McNealy is holding a revival meeting near Childress.

Roy Wagner, another Castro County soldier, came in Wednesday. He has just arrived from France.

Mr. Reuben Holland formerly of this place but now a resident of Lubbock came in last Saturday.

Miss Graham of Canyon, a Y. M. C. A. worker, gave a very interesting talk here Sunday evening.

FROM VIRGIL KEITH

Ervy, France
2-26-19

Mrs. G. W. Keith,

Dear mother:—I have at last received a letter from you. Four at once, two from you and two from brother. Your first letter was sad and gloomy. It seemed as tho you had the same thought of me as I had of you, that maybe my arm was broke or something. The last one, wrote Feb. 1st, was just splendid. You was more satisfied and I am sure I was much more satisfied when I read it than the former.

I am not on the Rhine, but might as well be, because my Division won't be home until August. It is hard luck but I will have to take it. The Divi-

sions will return as they come over from now on. I have seen the list that will be before June 1st, and the 26th is not on it. This is very tough luck, but we have to look to that day of being as happy as any. The longer I stay the more I learn. I have learned that I did not know any thing, so I am going to try and get some knowledge of this old world. You can write many more letters, feel assured that I will get them alright. I am very glad you all look to my home coming. It gives me great pleasure to know of such a welcome.

Mother, you have spoke of that wine twice to me. Perhaps you do not know that the French people drink wine instead of coffee, tea and water. There is a full quart sitting in front of me now. It last me and my buddie two days. Hahn and I have the finest room in town and a bed that equals my bed at home. It is covered with the prettiest piece of hand work I ever saw. The room has a nice fire place in it, a writing desk and wash stand. I pay one dollar per week for it. Every few days the old woman brings us a bottle of old wine. I speak hardly enough French to get by but do most of the time.

I will be out of the service as soon as they get ready to let me out. I know boys have served their three years and are still here. I expect to be out by September and am very sure of it unless hostility breaks out again.

I have spoken very little of my brother that I have not yet seen, but feel assured that I think more of him than probably you know. As long as you all are in health I am not blue, but it scares me to open a letter, for fear there is something I do not want to know.

I must run along to supper for I am very hungry, after my bath this afternoon. Will finish this tonight.

I have finished my supper and went to my French class. Mother you would be a little surprised to see me come home about half French. I am only going to school to review my English, which will help me very much toward my progress.

I am not very well contented over here but will do the best I can. At the present I am busy at first one thing and another. I had hoped to be home by spring but it has vanished now.

I must be going to bed mother as it is very late for me to be up, not being used to losing sleep. Trusting this letter will not discourage you and that all are in good health. I remain,
Your obedient son,
Corp. Virgil Keith.

"THE MAN OF MIGHT"

Star Theatre on Wednesday and Thursday Nights.

Episode 5—"The Leap Through Space"
The Cast

Dick Van Brunt..... William Duncan
Polly Ransome..... Edith Johnson
Scarface Bender..... Joe Ryan
George Teel..... Walter Rodgers
Joseph Stebbins..... Del Harris
Chu Chen King..... Frank Tokanaga
Juan Diaz..... Otto Lederer
Tommas..... Willie Calles

Synopsis of Preceding Episodes
Dick Van Brunt and his bride, Polly, lead an expedition in search of a treasure buried years before on the Gulf of Mexico. The only key to the location of the treasure is a flag, which on a former expedition was divided into six pieces, these together giving the exact latitude and longitude.

Polly's father was one of the expedition. As the story opens he is murdered for his piece of flag by "Scarface" Bender, also of the party.

As Dick and Polly start, they find a third holder of the flag, George Teel, who joins them. They are attacked by "Scarface" and his gang and Teel is left to die, suspended over a cliff.

Dick and Polly are racing for help in an automobile when a bridge over a deep gorge is blown up just as the car reaches it.

All habits are not bad. There is one you should cultivate. It's the saving habit.

Thrift helped us win the war and will help us take full advantage of a victorious peace.—Carter-Gass, Secretary of the Treasury.

As the result of a badly twisted ankle, O. L. Killian, freshman gym instructor at the University of Texas, has been unable to meet his classes for several days. O. C. Scurlock and Roy B. Henderson have divided his work among themselves. Meanwhile, the freshmen have been taking lessons in swimming at the Y. M. C. A. pool.

EARL KELLER SHOT AND KILLED BY J. W. WATTS

Earl Keller was shot and killed by J. W. Watts Friday afternoon about 5 o'clock near the store and postoffice at Spring Lake in Lamb county. A pistol was used and but one shot was fired, the bullet striking Keller above the collar bone on the right side of his neck severing the jugular vein. Keller fell and died almost instantly, without moving or saying a word.

The parties to the tragedy lived near each other, on ranches, and had had some trouble which resulted in a fight a few days before, in which Watts is said to have gotten the worst of it. They met Friday and the killing took place.

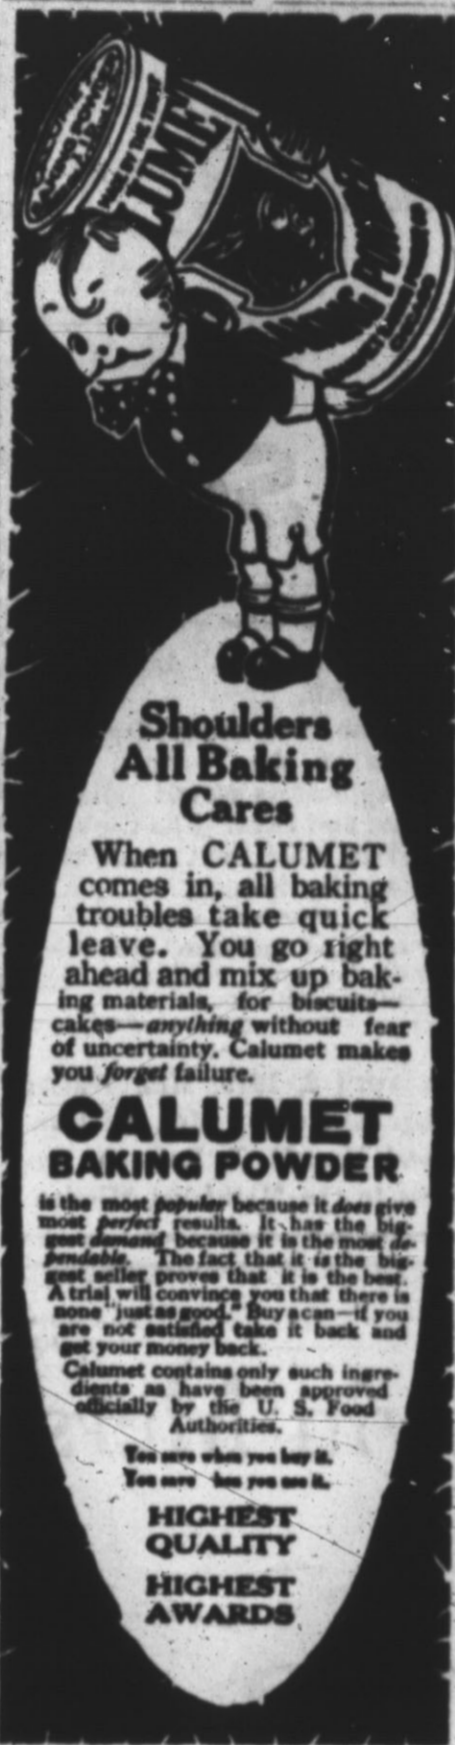

Watts is thirty-eight years old and has a wife and seven children, and lives two or three miles from Spring Lake. Keller was thirty-five and leaves a widow and two children. He used to live near Olton and was well known in Plainview.

District Attorney Hatchell and other officers went to Springlake, and investigated the tragedy.

Watts was brought to Plainview Sunday, and on Monday waived an examining trial and was admitted to bond on the sum of \$7,500, to await the action of the Lamb county grand jury, which will convene in about two months. He made the bond and was released.

Keller will be buried as soon as relatives from South Dakota arrive.—Plainview News.

Albuquerque, N. M., March 28.—Victor Culberson, of Silver City, was re-elected president of the New Mexico Cattle and Horse Growers' association at the fifth annual convention here Thursday. T. E. Mitchell, of Talbert; John Lusk, of Calsbad; J. H. McCammett, of Gallup, and Hugh L. Hodge, of Silver City, were elected vice-presidents. Roswell was awarded the 1920 convention.

**Shoulders
All Baking
Cares**

When CALUMET comes in, all baking troubles take quick leave. You go right ahead and mix up baking materials, for biscuits—cakes—anything without fear of uncertainty. Calumet makes you forget failure.

**CALUMET
BAKING POWDER**

is the most popular because it does give most perfect results. It has the biggest name because it is the most dependable. The fact that it is the biggest seller proves that it is the best. A trial will convince you that there is none "just as good" buy again—if you are not satisfied take it back and get your money back.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

You save when you buy it.
You save less you use it.

SOCIETY AND CLUBS

MISS CECIL GILLILAND, Phone 39

BAY VIEW CLUB

On April 3rd, 1919, The Bay View Club had the pleasure of meeting with Mrs. J. E. Ferguson, with a good attendance. After calling the meeting to order and disposing of the necessary business, Mrs. Seth B. Holman took charge of the meeting and the following program on Lady Gregory

was given.

Lady Gregory's Support of the Irish Theatre, Her Use of Irish Fable and Irish Life—Mrs. B. F. Guthrie.

Lady Gregory as a clear writer of farces compared with that of Synge—Mrs. Geo. Garrison.

Mrs. B. F. Guthrie also told us more of "Anthony and Cleopatra," as she had this assignment

several weeks ago and didn't have time to finish.

The Club then enjoyed several selections on the Victrola, after which the hostess served delicious ice cream and cake. The Club adjourned to meet next week with Mrs. Geo. Garrison.

Now is a good time to sell your chickens while they are a good price. Call us before you sell yours.

Hereford Produce Co.

On April 2, 1919, Mrs. Walter Dunlap assisted by Mrs. Eli Dunlap and Mrs. F. T. Roloson, was hostess to the Methodist Mission

ary society. Those who did not mind coming in the rain felt amply repaid; for the meeting was the regular social and business one and as usual was splendid. The First Vice President, the Treasurer, the Supt. of Supplies and the press reporter gave their reports which was very good. The nomination committee suggested that Mrs. D. F. Ashbrook be sent as our delegate to Lubbock to the Northwest Texas Conference. It was decided to send Mrs. Ashbrook and one of the girls from "The young peoples Missionary Society," as delegates.

We were glad to add Mrs. J. H. Copeland's name to our roll. Mrs. Copeland is just home from Waco and she told us of the Methodist Orphanage there and of the little boy that our society is caring for. After disposing of some other business Miss Dene Dunlap gave us two readings that were enjoyed very much. A guessing contest was next in order after which the hostess served sandwiches, pickles and hot tea to about a dozen ladies. The meeting closed with the Lord's Prayer.

We save you money on ladies and childrens hosiery. SKELTON.

The young people of the Methodist church and their friends were entertained in a most pleasant manner on Friday evening of last week at the home of Mr. and Mrs. E. B. Black. The evening passed as the young people enjoyed the amusements that had been planned for them; and from the laughter that went up from the happy bunch it was made clear that every one was happy. At a late hour the hostess served brick ice cream and cake to about fifty.

Mrs. Edgar Johnson was hostess to a few friends last Friday afternoon when she entertained with "Forty Two" in honor of her sister Mrs. U. N. Oliver, of Amarillo and Mrs. Jack Melvin of Santa Rosa, N. M., who is visiting Mrs. O. M. Shore. The afternoon passed very pleasantly for each guest as the couples progressed from table to table. Delicious refreshments were served to the guests after which they departed wishing for the honor guests many pleasant times while in Hereford.

LICE ON CATTLE
According to G. A. F. Parker, the lice on our cattle is one of the direct causes for much loss among our livestock, and dipping should be resorted to continuously to rid the Plains country of this destructive pest.
Commenting upon this subject Wednesday Mr. Parker said:
"I have been advocating dipping for ticks for years, and believe it to be one vital thing that most of our cowmen neglect. Recently I have interviewed some of our stockmen and have obtained the following expressions from four of them, as follows:
"I am bound to lose some of the poor cows I am feeding— They simply cannot eat enough for themselves and the lice too."
D. C. Laird.
"I dipped last fall once and killed the lice,—I intended to dip again and kill the nits, but the weather turned bad and I neglected it—
It would have been worth at least \$600.00 to me had I dipped the second time—
C. O. Norton.
"I lost a fine registered heifer last fall worth \$500.00 from lice—and had many others not doing well. I dipped them and killed the lice.
Grover Sanders.
"I have lost many cattle this winter that could have been saved if they had not been lousy—I have just built a vat, and shall dip at once—
G. C. Taylor.

I am Getting Back to A Pre-War-Price Basis
just as fast as circumstances will permit it. Come to my store and investigate and you will be convinced of this fact. I am endeavoring to keep a good line of first class merchandise on hand at all times and am selling same on a very close margin. Give me a trial.

A BIRTHDAY SURPRISE

On March 31st, a beautiful balmy day, Circle No. Three, Mrs. W. E. Hicks, and several others, began slipping in at Mrs. Dr. Hicks, in a mysterious way. They did not even tell Bro. McClurkin, but he found out in time to be there.

At 11:30 a. m. Mrs. Hicks, our president, went up to Mother LeGrand's with a lovely bouquet of pink and white carnations; then in a few minutes all the others followed, each bearing a dish of good things to eat for dinner.

Mattie B, seeing them, called her Grandmother to the door, who was so overcome with surprise and inexpressible joy, that she gave way to tears and even laughter. In this the crowd joined and she invited them in very cordially.

Now, these generous hearted ladies had invited all the elderly

ladies of the church and other friends besides, who continued to arrive for some time. They were honor guests. Their expressions were marked and frequent, all during the day, for being remembered on this memorable occasion.

Just after twelve Mother LeGrand was placed at the head of the table, with friends all around and Dr. LeGrand and wife, sitting opposite. The flowers in the center, given by the Circle, gave an added charm and cheerfulness; so did the tempting and beautiful birthday-cake made by Mrs. Pitman. When all were seated, the 78 red candles were lighted and gave a glow and radiance and significance that could be felt.

Bro. McClurkin was asked to offer thanks, which he did not only for temporal things, but for the life of faithfulness and service in the Master's cause, then a blessing in substance—"The Lord bless

and keep thee: The Lord make his face to shine upon thee, and be gracious unto thee; the Lord lift up his countenance upon thee and give thee peace."

Each one seemed to enjoy the sumptuous dinner, a veritable feast of every thing appetizing one could think of. Every dish was praised, but Mr. Deat's fish specially. Merriment and laughter were mingled along with the praise.

Some thought of the quotation: "You'll like Hereford."

Some thought of the dear ladies and friends who were prompted by the warmth and sincerity of their love and good feeling to manifest it on this never-to-be-forgotten occasion.

"The soul of music slumbers in the shell.

Till wak'd and kindled by the master's spell.

And feeling hearts—touch them but lightly—pour

A thousand melodies unheard before."

Two dear friends donated a Guest-book in which the guests were requested to write their names. There were, during the day, 36 grown people and 10 children.

For a climax to a perfect day, Mrs. Audrey-Thompson made a kodak picture of the crowd first, then one of the family.

Many, and many were the expressions of pleasure and enjoyment of this great day, but none more than Mother LeGrand, for whom the event was celebrated.

TEXAS METHODISTS "SHOCK TROOPS"

To Visit 500,000 Church Members in Eight Days and Raise \$5,000,000 Thank-Offering.

Texas Methodists—and there are 304,155 in the churches and 227,203 in the Sunday schools—are going to celebrate the 100th anniversary of Methodist Missions by giving the biggest thank-offering ever raised in the State of Texas, no less than \$5,163,996.77, the minimum which they themselves accepted.

This vast amount is to be raised in eight days, May 18-25, by the "shock troops" of 2,500 Southern Methodist churches in Texas. These troops have all been hand-picked and trained at campaign colleges, and when the zero-hour arrives they are going over the parapets of the most wonderful enthusiasm any church in Texas has ever known. These men will go, two by two, into the homes of every Methodist in Texas, and get Victory Bonds, cash and pledges that will take care of Methodist work for the next five years to come.

Texas Methodists are to raise one-seventh of the \$35,000,000 which 2,000,000 Southern Methodists throughout the land will raise, all at the same time and in exactly eight days. This \$35,000,000 is the Southern part of the \$115,000,000 to be raised by nearly 7,000,000 Methodists of America.

"This is the greatest enterprise ever undertaken by any church since the days of Christ," said W. A. Kilg, field representative for the Methodist Centenary in the States of Texas and New Mexico.

"Texas Methodists," continued Mr. Kilg, "are everywhere showing a pride and an enthusiasm that I have never seen in twenty years of campaigning. They are eager to go over the top, and they will."

The Texas quota looks big, but Texas Methodists are a big people. They have 2,237 church buildings valued at \$8,318,608, and their annual grand total expenses for all purposes last year was \$3,017,549, of which \$1,799,323 went to purely unselfish and benevolent objects. Texas Methodists have 820 preachers. Of these, only 190 are paid \$1,300 a year, while nearly 500 of them get paid only \$900 a year or less. Seventy Methodist preachers in Texas get less than \$400 a year!

There are five annual Conferences in the State. Each of these have their own Conference Campaign Director and their own Conference Missionary Secretary, and each has a definite quota to get. The State organizations and Conference quotas are as follows:

Central Texas Annual Conference, Judge George W. Barnes, Waco, Conference Campaign Director; Rev. J. E. Crawford, Waco, Conference Missionary Secretary. Quota, \$1,345,431.40.

Texas Annual Conference, R. Marvin Kelly, Longview, Conference Campaign Director; John T. Scott, Houston, Associate Conference Campaign Director; Rev. J. E. Morgan, Texarkana, Conference Missionary Secretary. Quota, \$1,501,589.30.

North Texas Annual Conference, Judge C. M. Smith, Dallas, Conference Campaign Director; Rev. C. M. Harless, Greenville, Conference Missionary Secretary. Quota, \$1,206,214.07.

Northwest Texas Annual Conference, John W. Woods, Abilene, Conference Campaign Director; Rev. H. M. Long, Fort Worth, Conference Missionary Secretary. Quota, \$735,000.00.

West Texas—Annual Conference, Hon. Earle B. Mayfield, Austin; Rev. W. M. Rader, Littlefield Building, Austin, Conference Missionary Secretary. Quota, \$485,000.00.

The following are the names of District Campaign Directors, who include scores of the most prominent Texans: Central Texas Annual Conference; M. J. Norvell, Santa Anna; Prof. M. H. Smith, Ranger; Rev. S. A. Ashburn, Alvarado; Hon. W. A. Tarver, Corsicana; L. C. Sellers, Stephenville; C. F. Webb, Polytechnic; Sam Amoler, McGregor; R. O. Culp, Temple; Rev. O. W. Macune, Hillsboro; Dr. S. C. Gage, Waco; H. N. Peters, Waxahatchie; A. L. Howard, Mineral Wells.

Texas Annual Conference: Judge

"Spring Has Come"

Dear Mr. Car Owner:

The spring and summer motoring season is almost here. We presume that your car, whatever the make, has had little mechanical attention since last season.

You realize that it is an economy to have your motor car put in first-class condition once a year.

We are prepared to do the necessary work on your car and would like to do it now, if you please. You must realize the folly of delaying such work until you need the car daily. We can assure you a better job, too, if we can start it now before the rush of general business starts in the spring.

Won't you come in tomorrow, Mr. Car Owner, and let us discuss this proposal of ours? Your immediate attention will be appreciated.

Very truly yours,

The Ford Garage

Hereford, Texas

Bring in Your Car— We'll Do the Rest

In the recent publication of the Roll of Honor of the School of Military Aeronautics of the University of Texas the names of Lieutenant Tom Mooney of Galveston, Lieutenant Henry R. Clay of Fort Worth, and Lieutenant L. H. DeGarmo were inadvertently omitted.

Accompanying the members of the trade excursion of the San Antonio Chamber of Commerce to Mexico, is G. F. Hall, adjunct professor of romance languages at the University of Texas. Mr. Hall is acting as interpreter for the party.

TAKE HOME A WHOLE CARTON

In the old days of candle light good housewives kept extra candles on hand. When one burned down a fresh one took its place.

In these days of electric light, are you as forehanded? Is there an extra lamp or two on the pantry shelf? Or do you go without light in some room when a lamp burns out, getting along the best you can until a new lamp is bought?

Just by saying to us, the next time you come in,—Give me a carton of

Sunbeam MAZDA Lamps

instead of buying your lamps singly you'll save trips to the store and have extralamps when you need them. The cost is exactly the same in the long run.

Each easy-to-carry, bulb carton contains five home size lamps, everyone separately packed. When you get home put it away and forget it until you need lamps—you will find them all safe and sound as long as they are left in the carton.

Why not try out this suggestion which saves steps to the store and provides you with new lamps the minute an old one burns out?

Definitely guaranteed against runaway volition, the known cause of ninety per cent of all battery trouble.

now becomes a state highway. He highly complimented the condition in which this road is now being kept.

Deputy Sheriff, R. H. Kinsley, spent a part of his spare time last week delivering invitations to certain ones of our citizens to attend and take part in a certain gathering at Farwell, known as District Court, during the third and fourth weeks of this month. Rube handles the business with as much dignity as if he had been Deputy Sheriff all his life.

Rev. and Mrs. Willman moved into the parsonage on Wednesday and the house vacated by them will be occupied in the near future by Dayton Hanson and family.

George G. Wright of Kansas City, is a Friona visitor this week. He arrived Saturday.

Mrs. Pierce, landlady of the Friona hotel, who was seriously ill last week from a paralytic stroke, is now gradually recovering.

G. W. Turner has returned from a trip to his home in Iowa.

Bob Galloway shipped in two car loads of sheep Saturday. These were some he shipped out to Coleman, Texas, during the snow last winter.

PANHANDLE OIL NEWS

Drilling was begun this week on the first test well in Quay county. The location is about fifteen miles southeast of Tucumcari, and the formation and geological indications from an expert's point of view, are favorable for striking oil at less than 4000 feet. The derrick and other machinery was unloaded at Lesbia, which is a few miles closer to the well site than Tucumcari.

The well will be known as "J. O. Whitlington and M. H. Hagaman, et al. Pond No. 1." Location in the southeast corner section 27, Township 10 north, Range 31 east, Quay county, N. M.

The well is being financed by M. H. Hagaman, Ranger, Texas, J. O. Whitlington, Amarillo, Texas, Landergrin Bros. of Amarillo, Crocker Brothers, Bazaar, Kansas; Leslie Wagoner and Wert Davis, Dallas, Texas.

The well will be drilled to a depth of 4000 feet, the geologist estimates that oil will be reached between 2500 to 3000 feet. Geological conditions being exceptionally favorable for big production. The oil shales are exposed to the west where the lower part of the Pennsylvania period is exposed, and it is believed these oil shales will be encountered under the large dome—southeast of Tucumcari.

The undertaking was promoted by H. T. McGee, who has been collecting information on this country for the past ten years, and a little over a year ago began leasing a large acreage in this county.

On the result of the drilling of this test well much depends for the future of Tucumcari and Quay county. But there are others in the field, with the necessary backing, to put down wells in different localities in the county. Some Fort Worth promoters, who claimed to have \$100,000 backing, were endeavoring to lease 20,000 acres close to San Jon during the past week. They finally arranged, it is understood, for 11,000 acres. Those in close touch with the oil business in Tucumcari are noncommittal (that's business), but it is generally believed that there will be considerable oil excitement in Tucumcari before long. Keen rivalry is looked for to develop as to which of the many districts in Quay county will be first to strike the fluid, and tap a "spouter." It will mean a rich harvest to all concerned, and advertise Tucumcari and Quay county from coast to coast. Thursday night two car loads of well-drilling machinery was unloaded at this point. All things come to those who wait, and when the good news is being passed around Tucumcari will be right there—Tucumcari America!

Rumors of an oil company in Bailey County are in the air; but nothing definite has been done so far.

The people of Dimmitt, Castro county, have organized an oil company and are taking leases on 20,000 acres of land. They will put down a test well as soon as possible.

The Palo Duro Oil & Gas Co. has completed blasting a road into the canyon, seventeen miles south of Amarillo, down which they will take the heavy machinery and oil rig timbers. The well will be in the bed of the canyon.

The Happy Oil and Gas Company has let contract for drilling a well for oil in the northwest corner of Swisher county. The contract calls for a 3,500 foot well, work to begin in a short time. Bailey Co. Cor. in State Line Tribune.

CAMP TRAVIS

Camp Travis, Texas, April 7.—All persons honorably discharged from the services in the Army, Navy, or Marine Corps in the present war are authorized to retain uniforms. Orders to this effect have been issued at Camp Travis. According to Act of Congress, approved February 28, 1919, any person who served in the United States Army, Navy, or Marine Corps in the present war may, upon honorable discharge and return to civil life, permanently retain one complete suit of outer uniform clothing, including the overcoat, and such articles of personal apparel and equipment as may be authorized, respectively, by the Secretary of War or the Secretary of the Secretary of the Navy, and may wear such uniform clothing after such discharge; provided, that the uniform above referred to shall include some distinctive mark or insignia to be prescribed, respectively

For Weak Women

In use for over 40 years!

Thousands of voluntary letters from women, telling of the good Cardui has done them. This is the best proof of the value of Cardui. It proves that Cardui is a good medicine for women.

There are no harmful or habit-forming drugs in Cardui. It is composed entirely of mild, medicinal ingredients, with no bad after-effects.

TAKE

CARDUI

The Woman's Tonic

You can rely on Cardui. Surely it will do for you what it has done for so many thousands of other women! It should help. "I was taken sick, seemed to be . . . writes Mrs. Mary E. Vest, of Madison Heights, Va. 'I got down so weak, could hardly walk . . . just staggered around. . . I read of Cardui and after taking one bottle, or before taking quite all, I felt much better. I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when run-down. I had no appetite, and I commenced eating. It is the best tonic I ever saw.' Try Cardui.

All Druggists

L. 70

by the Secretary of War or the Secretary of the Navy, such mark or insignia to be issued, respectively, by the War Department or Navy Department to all enlisted personnel so discharged. The word "Navy" includes the officers and enlisted personnel of the Coast Guard who have served with the Navy during the present war.

The provisions of the Act apply to all persons who have served in the United States Army, Navy and Marine Corps during the present war, honorably discharged since April 6, 1917. In cases where such clothing and uniforms have been restored to the government on their discharge the same shall be returned and given to such soldiers, sailors and marines.

Camp Travis, Texas, April 7.—Soldiers being discharged at Camp Travis are notified that the people of their home towns are anxious to keep accurate records of all men who have been in service. To that end, discharged soldiers are urged to call on city or county clerks at their homes for the purpose of registering.

Through such registration, friends of discharged soldiers may be enabled to get in touch with them, employers will be enabled to select workers, and other information for the benefit of the men thereby be obtained.

Men who land in intermediate cities between camp and home should register at Post Offices, W. C. & R. hubs, and similar points where their townsmen may locate them. Provision for such intermediate registering will be established shortly.

For Sale

Best Bargain in shallow water section in Deaf Smith county.

Have some dandy resident property for sale at the right price.

For lease, 320 acres, good improvements, farm all ready to step right into. With this there is 1800 acres of grass. Fine place for the right man.

J. H. Pitman
Hereford, Texas

NOTICE OF SALE OF AN ESTRAY.

Notice is hereby given that J. A. Witherspoon City Marshal of the City of Hereford, Texas, did take up and impound on the 30th day of March A. D. 1919, one Brown Jersey calf with white face, no brands, and about ten months old, said calf was running at large in the City of Hereford, Texas, on said date and was taken up and placed in the City Pound by me under authority of a certain City Ordinance which was then and is now in effect in said city.

Notice is hereby given that I will on the 14th day of April 1919 at Purcell's Livery Barn in the City of Hereford, Texas, between the hours of one and four p. m. of said date proceed to sell the above described calf at auction, unless re-deemed by the owner prior to said date.

The owner may re-deem said calf at any time prior to the date of said sale by paying the fees of taking up and advertising.

This the 1st day of April, A. D. 1919.
A. WITHERSPOON,
City Marshal of the City of Hereford, Texas.

STILL PURCHASE WIVES

Miss Katherine Wilson, of Dallas, Texas, a missionary of the M. E. Church, South, to Africa, has written recently to her parents that the missionaries are having a hard time getting enough little African girls together to form a school. Miss Wilson walked a long distance to another village in an effort to get a few girls children to come to school. The chief told them very politely, but firmly, that all the little girls of his village had been purchased as wives and their fathers had no further jurisdiction over them. One of the results of the Centenary Movement of the M. E. Church, South, will be the establishment of schools in Africa in the hope of uplifting degraded womanhood on the Dark Continent.

Victory Liberty Loan Chairmen Pledge Their Counties to Raise Quotas Assigned.

County chairmen of Victory Liberty Loan Organizations attending a meeting of Liberty Loan chairmen held in Dallas April 2, unanimously adopted the following resolution:

"We the chairmen and sub-chairmen of Liberty Loan Organizations in this district, have confidence in the ability of the Federal District Director and his committee in assigning the quotas for the Victory Liberty Loan, and we hereby pledge ourselves to accept the quotas as made by him, and agree to give our entire energy and time to seeing that the quota assigned by said Federal District Director goes 'over the top.'"

In the Law Library of the University of Texas are a number of ancient books. One, bearing the date of 1569, and printed in London, is written in Latin and treats of the English Common Law. Another, dated 1640, written in Spanish, and called "Recopilacion" is a collection of laws effective throughout the Spanish dominions during the reign of Philip IV. Other books, principally in Latin, date from the beginning of the seventeenth century and deal for the most part on ecclesiastical laws. All of these books are in a remarkably good state of preservation.

Of the more than 500 known varieties of the soy bean which have been grown on the Government testing farms, at present only about 15 are headed commercially by seed men.

THE STATE OF TEXAS

In the District Court, Deaf Smith County, Texas, May Term, A. D. 1919.

To the Sheriff or any Constable of Deaf Smith County, Greeting:

YOU ARE HEREBY COMMANDED: That by making publication of this Citation in some newspaper published in the County of Deaf Smith four weeks previous to the return day hereof, you summon A. J. Mercer, C. W. Mills, B. F. McCord, Benjamin F. McCord, Rosa F. McCord and Rose F. McCord, alleged to be the same person, and wife or formerly wife of Benjamin F. McCord, Alfred S. Lenthold and Hattie D. Lenthold, wife or formerly the wife of Alfred S. Lenthold, Elton Geary, and Margaret Geary, wife or formerly the wife of Elton Geary, and the unknown heirs, their heirs and legal representatives, respectively, of the said A. J. Mercer, C. W. Mills, B. F. McCord, Benjamin F. McCord, Rosa F. McCord, Benjamin F. McCord, Alfred S. Lenthold, Hattie D. Lenthold, Elton Geary, and Margaret Geary, deceased, whose residences are unknown, to be and appear before the District Court of Deaf Smith County, at the Court House thereof in the City of Hereford, on the first Monday in May, A. D. 1919, the same being the 5th day of said month, then and there to answer the petition of W. Latney Barbes, as plaintiff, filed in said court on the 7th day of April, A. D. 1919, against A. J. Mercer, C. W. Mills, B. F. McCord, Benjamin F. McCord, Rosa F. McCord, Benjamin F. McCord, Alfred S. Lenthold, Hattie D. Lenthold, Elton Geary and Margaret Geary, and the unknown heirs, their heirs and legal representatives respectively of the said A. J. Mercer, C. W. Mills, B. F. McCord, Benjamin F. McCord, Rosa F. McCord, Benjamin F. McCord, Alfred S. Lenthold, Hattie D. Lenthold, Elton Geary and Margaret Geary, deceased, as defendants; and possession of said land, removal of clouds, etc.

Herein fail not, but bring your then and there before said court this writ, with your return thereon, showing how you have executed the same.

Witness, A. O. Thompson, Clerk of the District Court of Deaf Smith County, Texas.

Given under my hand and seal of said Court in Hereford, this the 7th day of April, A. D. 1919.

A. O. THOMPSON,
Clerk, District Court, Deaf Smith County, Texas.

By A. L. BIGGS, Deputy.

est number of votes and therefore became the long term members. The out-going members of the board have done all in their power to bring the school up to its present high standard of efficiency, it being conceded that Friona has the best school in Parmer county, and it is now up to the new board to see that this standing is maintained. It is the firm belief of the patrons of the school that they will do this and make even greater improvements so far as it is possible to do so. Don't forget the track meet at the school grounds Saturday. You are invited. Program begins 9:30, a. m.

The Panhandle Association of the Congregational church will be held at Friona on May 6 and 7. Each of the Congregational churches in the Panhandle will be represented by delegates and several high talented speakers have been secured for the occasion. The program as arranged will be exceedingly good and all who attend will be benefitted. The Ladies' Aid will arrange for the entertainment of the visiting delegates.

The State Highway Inspector passed through our county last week inspecting our main highway, as a result of which this road

Wyche visitors Sunday.

Miss Beattie Edwards is visiting friends and relatives in Floydada.

Mr. and Mrs. I. E. Woolery and children, and Misses Era Lou Finley and Bonnie Angley were guests of Mr. and Mrs. H. C. Doak Sunday.

R. W. Hough and sons, Warren and Joe, and John Garner are in Swisher county this week.

Mr. and Mrs. S. H. Hembree and

family spent Sunday with Mr. and Mrs. R. C. Bridges.

Miss Ida Edwards visited Miss Theima Goodloe Sunday.

Miss Bonnie Angley spent Tuesday night in the Schuette home.

J. W. Dugan and family visited Mr. and Mrs. Polk Walker Friday evening.

Clem Dugan was a caller in the Hagar home in Hereford, Sunday.

Mr. Scott of Happy made a business trip to the home of Mr. Hembree Sunday.

A trustee election was held at the school house Saturday April 5th and Mr. Marvin Goodloe was elected. The Board of trustees now consists of Messrs. C. J. Paddock, J. W. Dugan, and Goodloe.

TREATING INFESTED CHICKEN HOUSES

The first step necessary to destroy the mites is to get rid of the hiding places so far as possible. The roosts should be taken down and all unnecessary boards and boxes removed. In heavily infested houses the mites are to be found in all parts of the building including the roof. Where they are less numerous the infestations usually are confined to the roosts and nests and the walls immediately adjacent. For small coops a hand atomizer will suffice for applying insecticides as sprays, but for larger houses a bucket pump, knapsack sprayer, or barrel pump is desirable. A rather coarse spray should be applied from all angles and thoroughly driven into the cracks. The floor also should be treated, as many mites fall to the floor when the roosts are being removed.

American motorists will spend over \$1,000,000,000 for automobile and truck tires during 1919. This is the estimate of the B. F. Goodrich Rubber Co., and is based on conservative average price per tire. This amount does not include money expected to be expended for inner tubes and repair materials, which undoubtedly would swell the total by several million dollars.

Before the year closes it is confidently expected that fully 7,300,000 motor vehicles will be in operation in this country. Three fourths of the tires for this enormous number of cars and trucks will be made in Akron.

Engene Quinn, a former student of the University of Texas in a recent letter to a University friend, advocates the establishment of a course in applied economics at that institution. Mr. Quinn has for the past year been engaged in social welfare work in the army and navy. Y. M. C. A. and in this capacity has made a special study of economics as applied to ordinary conditions. He is planning to begin the movement of having courses in applied economics established in all the colleges and universities over the country.

The production of the animal fats, exclusive of butter fat, equal to put 70 per cent of the vegetable oil output of the United States in 1912, rose in 1917 to nearly 80 per cent. Including butter in 1912 the quantity of animal fats was approximately twice as great as that of vegetable oils, while in 1917 the production of the two classes of fats and oils was nearly the same.

It is stated by J. W. Calhoun, associate professor of pure mathematics of the University of Texas, that the University Co-Operative Society is doing a better business than it ever has done at a similar period in other years. The Co-Op is run entirely by students, and employment is given to the best students who are also working their way through school.

Careful experiment has demonstrated that the best method of growing tomatoes in the South is by pruning to one or two stems and tying them to stakes.

Captain E. S. Greig, formerly instructor in economics in the University of Texas, is now in the statistics branch of the general staff of the United States Army. He is at present in New York installing for the superintendent of water transportation a statistical control system, which has for its purpose the more efficient handling of army ships in the New York harbor.

Ellington Field, April 7.—Because the 190 enlisted men who have been on duty at the aviation general supply depot at the turning basin near Houston have been discharged and their places filled by civilians, the Y. M. C. A. center that was maintained there has been discontinued. The Y. M. C. A. works only with the soldiers and sailors. C. K. Standish of Bridgeport, Conn., who has been in charge of the training basin "Y", is now business secretary at Ellington Field.

Roy B. Henderson, athletic director at the University, is making an effort to have swimming contests with other colleges introduced, making swimming events a part of the intercollegiate schedule in coming years.

National Headquarters appeals to the Junior Red Cross to collect newspaper and magazine clippings concerning all phases of Red Cross work. This has heretofore been done by professional clipping bureaus. These bureaus are now unable to furnish satisfactory service due to government restrictions which practically cut off their supply of newspapers.

Clippings are of importance in bringing Chapter interests and accomplishments to the attention of Divisional and National Headquarters and form a permanent record of Red Cross activities.

Under the present situation, the undertaking of this work by the Juniors is the only way of positively assuring the continuance of this valuable service.

Since the Junior Red Cross is accepting the responsibility, each Chapter School Committee should hold itself responsible for securing through certain schools clippings from all periodicals, published monthly, weekly, semi-weekly, or daily, within its jurisdiction. In those Chapters having Junior Publicity Supervisors, the Supervisors, who are members of both the Chapter School Committee and the Publicity Department of the Chapter, will of course take over this work. The Junior or Publicity Supervisor will see that the Chapter Chairman of Publicity receives these clippings, and the Publicity Chairman will then be responsible for sending them, collected, to Division and National Headquarters.

Directions for Making and Sending in Clippings.

- WHAT TO CLIP. Every article that contains the words "Red Cross."
- HOW TO CLIP. Cut out clipping. Carefully paste clipping on to a piece of paper the width of the newspaper column, with a margin two inches above the top of the clipping.
- HOW TO MARK CLIPPINGS. Name of publication, where published, State, Date, School.
- WHEN TO SEND IN CLIPPINGS. Twice a month, on days designated by the Chapter School Committee preferably on the 1st and 15th.
- HOW MANY CLIPPINGS TO MAKE. Three copies of each clipping to be sent by Chapter Chairman of Publicity.

WHEN TO SEND CLIPPINGS

- To Director Publicity Department, Southwestern Division, American Red Cross, Frisco Building, St. Louis, Mo.
- To Director Publicity Department, American Red Cross, Washington D. C.
- To be kept in the Chapter files.

As the clippings are desired regularly and promptly, schools are urged to mail them on a certain day every two weeks starting, if possible, not later than April 15th.

Laura C. Kroeger, Director Junior Red Cross, Charlotte E. Taussing, Director Publicity.

Economize—You But Let It Be Sensible Economy

There are many warped notions regarding the meaning of economy. Some think that economy means skipping stinginess—deprivation—the buying of cheap goods.

When applied to the buying and using of foodstuffs there never was a more grievous error—a graver mistake. It is the worst kind of folly to deprive oneself or family of pure, wholesome foods for the sake of certain—misleadingly—such a method is certain to result in impaired health. Food purity should be the first consideration—then economy.

This happy combination of purity and economy are splendidly defined in Calumet Baking Powder. Calumet is absolutely pure in the can and in the bakings—it contains only such ingredients as have been officially approved by the U. S. Food Authorities. Despite the fact that Calumet is the purest, highest quality Baking Powder procurable, it is moderate in price.

In addition to this, Calumet affords another opportunity for saving. It possesses twice the leavening strength of most powders—only half the usual amount is required. Again—Calumet enables the housewife to practice sensible economy—Calumet never fails—it never allows bakery loss and waste of expensive baking ingredients.

Only by purchasing and using such products can the housewife employ economy of a truly beneficial nature.

Ten thousand tons of clothing, shoes and bedding for the destitute refugees of America's Allies is such an enormous quantity of apparel and equipment that it can scarcely be realized just how great an undertaking it is, and Red Cross officials find it necessary to prompt Americans to the role that it is one of the greatest single undertakings of the organization. As great as the quantity is it is surely possible that more than temporary relief will be afforded the millions of Europe's sufferers.

To the successful handling of the clothing collection campaign must be added the detail, expense and organization of packing, contrasting, delivery to trains and to ships of the clothing collected. The funds and assistants of the American Red Cross will be efficiently used, but much saying can be made by individuals bearing in mind that only useful articles should be sent.

Only durable, warm clothing, soft hats, shoes of any size, underclothing, pieces of cloth, flannel, sheets, blankets, scraps of leather and articles of apparel should be donated that Americans would consider useful to themselves, were they in the condition of privation experienced by the people for whom this clothing collection is made.

Fully 2,000,000 people in France and Belgium are dependent upon their governments and the American Red Cross for food and clothing; in Italy, at least 1,000,000; in Serbia, 3,500,000 remain of the 5,500,000 population; and practically all of them are dependent; in Roumania, 3,000,000; in Greece, Czech-Slovakia, Albania, Montenegro, Poland, Southern Slav countries, Armenia, Syria, Palestine, at the very least 5,000,000, or a total of nearly 15,000,000, who are totally dependent for the plainest essentials of food, clothing, bedding, shelter.

The population would come directly home to Americans if we could contemplate 15,000,000 of our population living in huts, in the open fields, thousands of children orphaned by the war rambling about, nearly naked, crying for food, lying in the streets and roads dying of sickness due to lack of food, clothing and shelter; men and women in prosperous or comfortable circumstances two years ago but now reduced to scraps of food and literally a collection of rags and tatters of carpets, burlap, blankets, or any material that could be held together to cover their bodies.

The American Red Cross has stations in all these countries, even penetrating to the wild passes of the Balkan Moun-

THE Land Man

But clothing must be had before these stations can distribute it, and America is the only country that can furnish it. America is the only country that has not been drained of men, money and resources of manufacture and supplies. A surplus of clothing among individuals in Europe does not exist. It exists in America in abundant quantities to comfortably care for these refugees until they can care for themselves, and Americans are asked to only give of their surplus—used, out-of-style, out-grown, needing repair, clothing, shoes and bedding. Such gifts will be of priceless value to the people of Europe.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Deaf Smith County—Greeting:

YOU ARE HEREBY COMMANDED. That you summon, by making Publication of this Citation in some newspaper published in the County of Deaf Smith if there be a newspaper published therein, but if not, then in any newspaper published in the 60th Judicial district; but if there be no newspaper published in said Judicial district, then in a newspaper published in the nearest district to said 60th Judicial district, for four weeks previous to the return day hereof, C. I. Powelson whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be held in the County of Deaf Smith at the Court House thereof, in Hereford 5th day of May, A. D. 1919, then and there

to answer a Petition filed in said County on the 5th day of April A. D. a suit numbered on the dock Court No. 1181, wherein W. C. Powell is plaintiff and C. I. Powelson and D. C. Laird are defendants. The nature of the pleading as follows, to-wit: Selling as follows, to-wit: Selling and foreclosure of vendor's lien. That C. I. Powelson and D. C. Laird on April 7th, 1916, exact C. Laird 4 notes for \$400.00, 8 per cent interest from date per cent thereafter and 10 per cent attorney's fees; said notes as part payment for 100 feet of lot 4 in Block 3, W. Addition to Hereford in Deaf County, Texas; that the notes have been paid; that Laird has endorsed said notes and he is now the owner of the three remaining notes. Judgment is asked for the interest and attorney's fees notes, costs and a foreclosure vendor's lien on the property described.

HEREIN FAIL NOT. A before said Court, on the 5th day of the next term thereof, with your endorsement therein how you have executed. Given under my hand and seal of said office in Hereford on the 5th day of April A. D. 1919. A. O. THOMI, Clerk District Court Deaf Smith County, Texas. By A. L. Bl.

CHURCH NOTES

Presbyterian Church.

Sunday school 9:45 a. m., preaching 11 a. m., Junior and Intermediate Endeavor, 3:30 p. m., Christian Endeavor 6:45.

Services were well attended last Sunday. Let's make next Sunday "Go to Sunday school Day" at the Presbyterian church. We want every Sunday school member present.

The evening union service will be at the Christian church at 8:00 p. m. Mr. Asbell proposes to tell us all about Bolshevism. I doubt whether he can or not. Let's all see if he can.

In the morning and afternoon every body come to the Presbyterian church. In the evening, 8 p. m., to the Christian church. "Every body and his dog" come.

W. M. BAKER, Pastor.

Baptist Church.

Regular services next Sunday, Sunday school 9:45 a. m., preaching at 11 a. m. and 8 p. m. Every one will receive a cordial welcome.

J. E. McClurkin, Pastor.

Christian Church.

Yes Sir, next Sunday night at the First Christian church, Mr. Asbell is going to devote an hour to the airing of BOLSHEVISM, what it is, where it came from, what the name means, and what the chances are for it swamping America like it has Europe, and real soon he will preach another sermon, on the Remedy or cure for Bolshevism. This is the greatest question before the world this hour. You are interested in it so we are reserving a seat for you, a fine quartered oak seat made especially for you. But they are mighty uncomfortable to sleep in; the pastor sincerely sympathizes with the good people who try to snooze during the sermon.

Remember our Bible school at 9:45. The little folks are down stairs and the adults are up in the main auditorium; the classes are well taken care of by a company of trained teachers. One week from Sunday the Sunday school will take an offering for benevolences; we want seventy-five dollars for the unfortunate people of our old folks home and to care for the hundreds of orphan children. That is the greatest work in the world, and we want to do our

part, and go over the top.

The Christian Endeavor is doing nicely. The church has purchased a fine piano for the Virginia Shirley rest room. The young folks have adopted it as a social hall and what good times they do have, good clean pure wholesome fun. Young feller, if you are wise you will get next; but it is not all a fun proposition. The C. E. people are a religious folk, and by working good social times and serious religious times together they are developing full rounded man and womanhood. May we have the pleasure of welcoming you to all our services next Sunday!

Yours faithfully,

J. M. ASBELL, Pastor.

P. S. Two weeks from last Sunday the Christian Endeavors are to have a debate on The League of Nations, that will be worth coming to hear. Keep the date in mind.

Program for Y. P. M. S. Sunday
April 13th, 1919.

Subject: The Trusted Seed.
 Song
 Prayer
 Scripture Reading Matt: 13: 31-32; Mark 4: 30-34; Luke 13: 18-19.
 Circumstances and Comparison of accounts—Ethel Rice.
 Interpretation—Jesse Anthony
 Central Truth and Group—Eva Auston.

 Benediction.

Quarterly Conference at Summerfield.

Saturday and Sunday the second Quarterly Conference of Bovina charge Methodist church was held at Summerfield. Rev. A. L. Moore, the presiding elder, from Plainview, preached Saturday morning after which dinner was served on the ground. Then a business session was held. Sunday morning there was preaching by the pastor, Rev. B. Y. Dickinson, and Rev. Moore preached in the afternoon. Good crowds were in attendance, and the pastor reports progress in the work throughout the charge.

Rev. W. H. Terry, pastor of Hereford Methodist church, was a welcome visitor.

Program for Juvenile Missionary Society April 12, 1919.

The Tribune is late this week on account of extra work incident to installing a Linotype. We hope to be able to tell our readers more about it next week and get out a better paper in the future. The Linotype Company says we now have a composing room equipment second to none in the state, and we are not inclined to dispute it. Come and see us.—Farwell Tribune.

THE DOG QUESTION

There are dogs and dogs. Some dogs may be good, but any dog that is allowed to stray at large and annoy everybody in the town is a public nuisance and, for the common weal of the community, ought to be destroyed. For some months the city has been annoyed by a bunch of dogs that have been making night hideous, and the

LOOK AHEAD

We have every chance to succeed this year if we will do our part. The man who is always behind, with his work and his obligations is not succeeding.

SAFETY SERVICE SECURITY

The Home Life

It means that you have a stake in the community, and the community interests are yours. In hidden times, few but the wealthy had real homes, and these homes were really castles or fortresses to protect them from the violence of enemies. With the advent of Law this was changed, and the home became more universal. Now, the man without a home is the exception.

"Automatic" The Perfect Refrigerator

The manner in which cold, dry air constantly circulates in an Automatic prevents moisture and mildew. Foods will not spoil or become tainted, but always be cold, sweet and wholesome.

The Automatic circulation keeps air constantly passing over the ice, thus purifying it. Food odors will not mix. Your milk will not taste of onions; your butter will not taste of melon or fish.

You are welcome to see the Automatic demonstrated at our store. You'll be much interested in this modern system of circulation and refrigeration.

The patented bottle holder, an exclusive feature with the Automatic.

You get more refrigeration for less ice in an Automatic because there are eight honestly-built, heat-resisting, cold-retaining walls.

Because these eight walls keep the heat out, and the cold in, you use much less ice than in other refrigerators.

Water cooler, porcelain lined and sanitary, takes up no food space or ice space. Same ice cools both foods and water. No ice to chip and waste. No impure ice in water.

The Trap in an Automatic, is the bottom of ice chamber. When cleaning, nothing in food chambers need be touched, or exposed. The most, in fact the only real satisfactory trap made.

You can pay more, but you can't buy more.

E. B. Black Co.
