D. 1934, then and there to answer plaintiff's petition filed in said Court on the 20th day of September A. D. 1934, in a certain suit No. T-391, in which said suit The State of Texas is Plaintiff, and G. F. Laughmiller is Defendant; the nature of the demand set out in said petition being an action by plaintiff praying for judgment against the defendant in the sum of Eighty-Six and 48-100 Dollars for State and County taxes, due plaintiff for the years 1909, 1910, 1912, 1913, 1914, 1915, 1916, 1917, 1918, 1919, 1920, 1921, 1922, 1923, 1924,

and 1925, including poll, school and special taxes, together with interest, penalties and costs levied, assessed and assessed against the lands and lots hereinafter described and the said defendants as owners and claimants thereof, and the said amounts charged against each tract or lot of land so herein described constituting a lien in favor of said plaintiff against the same, and the said lands and lots lying and being situated in the County of Deaf Smith, State of Texas, to-wit: Lot 11, Block 14, Evans Addition to the town of Hereford, Texas.

And plaintiff further prays for the foreclosure of its lien against said property, to satisfy said taxes, interest, penalties and costs, for order of this writ of possession, all court costs, and for general and special relief, all of which will more fully appear in plaintiff's original petition now on file in this office.

And you are further commanded to deliver to each of the above named defendants in person a true copy of this citation, together with a certified copy of plaintiff's said original petition.

Herein Fail Not, and have you

then and there before said Court on the first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Hereford, Texas, this 20th day of September, 1934.

### Thirty-Two Members in Tech Graduating Class

UBBOCK, Oct. 18.—Texas Technical College will have a graduating class of thirty-two members in June, according to an announcement given out recently following a meeting held for the purpose of electing class officers for the year. Although the Tech of only two years of college work last year and offers only the first year work this year, the group of thirty-two students, who began their college work in other institutions, have enrolled in the Tech to take their degree. Many of these are here this year as new students.

M. Barnett, who transferred from the Tech from Howard Payne College, Brownwood, was elected president of the first degree class. Miss Pauline Trippe, who transferred to the Tech from Trinity University last year, was elected vice president. Miss Hope Westbrook, of Sipes, who came to the Tech this summer, was named secretary. Miss Westbrook was formerly of John Carleton College. J. M. Gordon, of the College of Liberal Arts was elected class president. The election of Miss Trippe and Dean Gordon were unanimous.

## QUALITY AT LOW COST

# It Aint Right, Folks, It Just Aint Right!

—to let the women-folks do the washing! But, some-how-or-other, most of 'em do it in this man's country. So all good men who love their wives buy them washing machines to save their backs and general dispositions, etc.

—All of which leads up to the point in this little narrative, which is that we are selling a little Washing Machine that's positively DIFFERENT!

—It's made out of aluminum, and will not crack, warp, rot or corrode. It stirs the water in a way that resembles a cataclysm (how does that word strike you?), and does it with very little noise. It is claimed that it washes faster, cleaner, and has the largest hourly capacity of any washer in the world—fifty pounds of ordinary family wash in an hour. That's going some, but it looks it. And it is a small machine, covering only a space of 25 inches square.

—And the pretty thing about it all is that it is made for the country as well as where there is electricity, for it may be equipped with a little gasoline engine that is flipped on and off with the foot.

—The MAYTAG—that's its name—has the most wonderful sale of any washer in the world, according to the folks who make it. It works on the Gyraform principle, and it looks very much like the way it stirs the water and shoots it back and forth and all around that it will certainly force it into the closest meshes of a garment.

—It looks so good that we have seriously threatened to take one home and do the washing ourselves. We have swiped this ad, almost bodily, from a neighboring dealer in the Maytag, and the crime has so hardened us that we make this home-washing threat stuff boldly—even if we have to make good on it at home.

—But, seriously, folks—come around here and watch us do a little washing with this machine for your benefit—it's a peach of a little outfit, and we are proud to sell it.

Yours for Good, Easy Washing.

**Here and There**

"Let the sun shine!" says everyone from Here and There.

Geo. Mosley and mother spent Saturday night visiting in the Edgar Mosley home.

Miss Grace Jamison and Mrs. Harlin and children spent Saturday with Mrs. Jack Roberson and family.

Mrs. Bob Knox and little son returned home Tuesday after spending a week with Mrs. Estes in Dimmitt.

Mr. and Mrs. J. B. Harlin had as their guests for supper Sunday night Mr. and Mrs. Henry Allman and Mr. and Mrs. Veri Sullivan.

Wednesday morning found the ladies in and near Frio hunting thimbles and needles and cranking up the old Fords to be at an all day quilting bee to be held at Mrs. Harlin's. All came in fine spirits prepared for a good time and brought with them a dish of good eats. Just when everyone was at the busiest quilting, dinner was announced and in a few minutes the quilt was deserted and everyone was gazing at a table laden with good eats. The table was soon relieved of its burden and the enthusiastic quilters were back at their places. When the quilts were finished they had the fun of shaking out the cat and it fell out near the dignified school room, Miss Jamison, and she gave a shout of joy. Those who declared this a most pleasant day were Mrs. Clyde Roberson, Jack Roberson, Mack Dixon, Richard Dixon, Easter, Tice, Mother Mosley, Knox, Green, Allman, Sullivan, Greer, Miss Jamison and Miss Nettie Lee Green.

Mother Mosley and Mr. Geo. Mosley enjoyed Sunday dinner with Mr. and Mrs. J. B. Harlin.

Howard Carlyle spent Wednesday night with his sister, Mrs. Joe Greer and family. He was en route to different parts of Mexico and expected to go through the Carlsbad cave while away.

Little Miss Kitty Cleo Harlin spent Friday with Mary Joe Greer and the little folks felt like grown ups.

Mr. Estes returned to his farm Wednesday after spending several days in Dimmitt with home folks. The engagement seat at Frio is looking rather slim these days, since Mr. Box Axe and Miss Zelma Sullenger married. We wish them much happiness and hope others will take their places.

Mr. and Mrs. Bell enjoyed taking Sunday dinner with Mr. and Mrs. Leo Williams and they, all motored over to Stemmmonsville and inspected the oil fields.

Mr. and Mrs. Easter and daughter

ters and Mrs. Harry Lomas attended Sunday school at Frio and afterwards visited Mrs. W. B. Green.

Mrs. Robert Holmes and Mrs. Nolla Holmes spent Saturday evening visiting Mrs. Smith.

Mrs. Bell visited with Mrs. Howard Friday afternoon.

Mr. A. W. Alexander has had the misfortune to lose four good cows recently.

Those who enjoyed a feast of watermelon and later a good supper with Mr. and Mrs. Leo Williams were Mr. and Mrs. H. M. Mobley, Chas. Bell, Robert Holmes and Miss Nettie Lee Green.

Mr. and Mrs. Guy Ham spent Monday at the L. F. Boyd home.

Mr. J. C. Lance spent several days of last week at the farm helping build a new garage.

Mrs. Leo Williams spent several days with Mrs. Bell, canning greens.

Mr. Henry Allman to combine the Mack Dixon crop Monday.

Mr. and Mrs. Henry Allman were visiting in the Bethel community Sunday and took dinner at the Lloyd Lutz home, attended Sunday school at Bethel and singing at the home of Mrs. Benton. They also visited awhile with Mr. and Mrs. Jim Bagwell.

Miss Nettie Lee Green was the guest of Mrs. Robert Holmes Sunday evening.

Mr. and Mrs. Joe Greer took supper Sunday evening with Mr. and Mrs. Harlin and Miss Jamison.

Mrs. Earl Lance and Mother Mosley spent Thursday afternoon at Mrs. Edgar Mosley's helping quilt. Mrs. C. H. Carl and Mrs. Wood Vaughan were also there.

John Gaetz and Floyd Tice were heading maize Friday for Mr. Lawther.

Mrs. W. B. Green attended the show at Hereford Saturday afternoon and stayed for church Saturday night. She was greatly impressed with Rev. Bell's good sermon.

Geo. Mosley finished drilling wheat on the N. E. Gass farm Saturday.

Mr. and Mrs. Veri Sullivan and Mr. and Mrs. Bob Knox visited in the Kincaid home Sunday afternoon and later all enjoyed supper at the Knox home.

Everyone was cheered up over the good attendance at Sunday school Sunday and it is hoped it will continue to improve.

Guy Ham received the sad message Thursday evening that his mother was at the point of death, and he left at once for Vernon to be at her bedside.

Mr. and Mrs. Joe Kendall spent

Saturday night at the Earl Lance home.

W. E. Upton and Walter Tice began to combine for Mr. Jay South, of Summersfield, Monday.

Mrs. Mack Dixon visited in the Frank Barber home last Friday.

Mr. and Mrs. Boyd spent Sunday night with Mrs. Guy Ham. Mrs. Ham had just received word that Mr. Ham's mother passed away Saturday afternoon.

Mrs. Joe Greer visited with Mrs. Reed Williams Saturday evening.

**What's Doing In West Texas.**

Post—Garza county carried away first honors for West Texas and the South Plains this week in having its agricultural exhibit adjudged the finest of all state entries at the Dallas Fair. The display was arranged by George Samson, Garza county agricultural agent, and featured small grains and grain sorghums. Garza's grain sorghums scored 193 points out of a possible 200, forage feeds 47 out of 50, and alfalfa 72 out of 73 points. The same exhibits took first honors at Lubbock and Abilene. Randall and Hartley counties drew second and third honors to Garza. The biggest demonstration in the history of Post was given on the return of Samson from Dallas, over 1200 people with the band meeting him upon his arrival.

Amarillo—Amarillo and Wichita Falls are running neck and neck in their West Texas Chamber of Commerce membership drive, with Wichita leading slightly. Both have around 500 memberships, but

Amarillo expects to forge ahead when all her pledges are taken up.

Quanah—An impediment to Quanah's progress in the opinion of its citizens has been removed with the opening of the Peace River Bridge as a free bridge. No more tolls will be collected for passage over it.

Stamford—Despite the continued rains in this section, the community fair which opened here Thursday, is drawing good crowds. A concert by the Stamford Firemen's Band, official band of the West Texas Chamber of Commerce, began the festivities in the municipal auditorium where the exhibits are located. Some twenty-five merchants, manufacturers and communities have displays there.

Levelland—A new unit, consisting of engine and dynamo, will be installed here immediately by the Texas Utilities Company, doubling the capacity of the local power plant.

Amarillo—Contract has been let by the Texas Gas Company for the construction of its line from the Panhandle gas fields to the South Plains. Cities already under franchise are Lubbock, Slaton, Plainview, Floydada, Lockney and Tulla. Distributing systems are to be located at Canyon, Abernathy, Happy, Kress, Hale Center and other points.

Stamford—West Texas advertised as the "Land of Opportunity" has recently gotten publicity over ten states of the Union. The medium through which the section was brought to the mind of New Mexico, Colorado, Wyoming, Montana, North and South Dakota, Nebraska,

Oklahoma, Kansas, and all parts of Texas was the Wortham Shows. The Wortham Shows, one of the largest carnival attraction organizations in the states, hold large memberships with the West Texas Chamber of Commerce, and as a means of expressing their loyalty to that great regional organization, and to further the interest of their native state and favored section, they carry over their office wagon large signs telling the world about West Texas. The Wortham Shows are having a two weeks run in Stamford now in connection with the first annual community fair held here, having

come direct from Wichita Falls where they had an engagement in connection with the Oklahoma-Texas Fair.

**Unseen Sources of Long Life**

The basic sources of automobile value are not always apparent to the eye.

A motor car, like a house, may LOOK a great deal more substantial than it really is.

Because of this difficulty, more and more thousands are turning to Dodge Brothers product for insurance against disappointment.

The years have proved, and each year proves anew, that Dodge Brothers are as deeply concerned with the UNSEEN goodness of their motor car as with the seen.

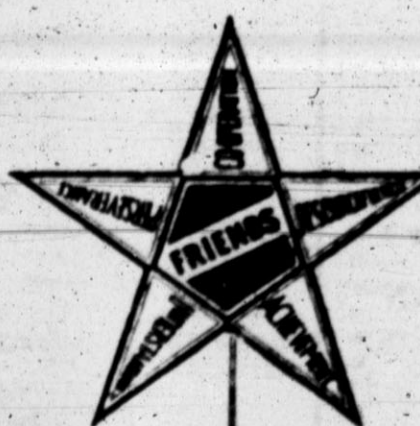

The mileage it will deliver, the safety it will provide, the expense and trouble it will save the owner over a period of years, are quite as important to Dodge Brothers as the more obvious details of equipment and style.

**Progressive.**

Sunday school began at the usual hour last Sunday afternoon with fifty members present and following this Rev. Morgan, pastor of the Hereford Christian church, preached a good sermon.

Singing Sunday evening was spent in learning songs in the new books and we were glad to see so many taking part.

Some of our used-to-be Progressive singers were present Sunday and we want them to come often as they are wanted and needed.

Following is the program for singing next Sunday, October 24: Opening song—Mr. Monaghan. Song—Millard Gregory. Quartet—arr Jessie Monaghan. Song—Orin Russel. Song—Miss Hastings. Reading—Miss Brumley. Quartet—arr Jeff Roberson. Song—Lois Counis. Song—Bill Knox. Song—Ira Ricketts. Piano Solo—Miss Augustine Gregory.

Quartet—arr Elmer Patterson. Everyone's selections led by Mrs. Lewis.

Closing song—Jeff Roberson. Benediction—Mr. Caldwell.

Mr. and Mrs. Roy Hershey attended church in Hereford Sunday evening.

Mr. and Mrs. Ivan Monaghan and family, Mr. and Mrs. Elmo Lawhon and little daughter, Louise, and Miss Velma Caldwell were dinner guests in the Jeff Roberson home Sunday.

Progressive had a community meeting at the school house Monday evening to decide how they should spend the money which they won as first prize at the Deaf Smith county fair. The decision was to save some of it for a rainy day and to buy more chairs and lights for the school house.

The sewing club of the Ward community met with Mrs. C. P. Caldwell last Tuesday afternoon. There were seventeen ladies present and a comfort and quilt top were made during the afternoon.

Later in the afternoon peaches and whipped cream were served to all present.

# The Girl in the Mirror

Elizabeth Jordan

Continued from Page Four.

he hurried into his clothes a temptation came to him to change the whole story. Then he would understand everything. Laurie would have the best of Rodney's advice and he would win Doris' tangle. Again she swam into the sound of his consciousness a vividness that made his tangle. He was sitting on a chair, facing his shoe, and his shock as he finished his. He dressed with almost frantic haste, urged on by a fear that his efforts, was shaping it into a mental panic. Then, rushes in hand, he faced his mirror, and recoiled with a scream.

## CHAPTER XI

### Doris Takes a Journey.

THIN five minutes he was in the studio building across the street, frantically punching the door bell. Outwardly he showed signs of the anxiety that racked him, but inwardly he presented to Sam, when appreciative youth stopped at the ground floor, a picture of perfect calm. Sam, with a vast admiration and some-dreamed of imitating. But when he saw Sam had no today.

### He Made the Run of Twenty-Two Miles in Something Under Thirty Minutes.

He made the run of twenty-two miles in something under thirty minutes, to the severe disapproval of several policemen, who shouted urgent invitations to him to slow down. One of these was so persistent that Laurie prepared to obey; but just as the heavy hand of the law was about to fall, its representative recognized young Devon, and waved him on with a forgiving grin. This was not the first time Laurie had "burned up" that stretch of roadway.

### Car On Track

Laurie admitted that these responsibilities would claim all the attention of any mind. But was there any one around who might have seen the car, any one, say, who made a specialty of lounging on the platform and watching the pulsations of the town's life in this its throbbing center? No, the girl explained, there were no station loafers around now. The summer was the time for them.

and half a dozen eye-bushes revealed half a dozen homely little details that were full of reassurance. Here, open and face down on the reading-table, was a book she might have dropped that minute. There was the long mirror before which she brushed her wonderful hair and, yes, the silver-backed brush with which she brushed it. On the writing table were a pencil and a torn sheet of paper, as if she had just dashed off a hurried note.

He hung up the receiver with a groan of disgust, and bustled himself packing a small bag and selecting a greatcoat for his journey. Also, he went to a drawer and took out the little pistol he had taken away from Doris in the tragic moment of their first meeting. Holding it in his hand, he hesitated. Heretofore, throughout his short but varied life, young Devon had depended upon his well-trained fists to protect him from the violence of others. But when those others were the kind who went in for chloroform—and this time there was Doris to think of. He dropped the revolver into his pocket, and shot into the elevator and out on the ground floor with an expedition to which the operator was now becoming accustomed.

bedding romance would drive him to the side of the lady so early in the morning. He hung up the receiver with a groan of disgust, and bustled himself packing a small bag and selecting a greatcoat for his journey. Also, he went to a drawer and took out the little pistol he had taken away from Doris in the tragic moment of their first meeting. Holding it in his hand, he hesitated. Heretofore, throughout his short but varied life, young Devon had depended upon his well-trained fists to protect him from the violence of others. But when those others were the kind who went in for chloroform—and this time there was Doris to think of. He dropped the revolver into his pocket, and shot into the elevator and out on the ground floor with an expedition to which the operator was now becoming accustomed.

with a flourish in the opposite direction and on the water's edge. She did not know the name of that house, but she had observed a "To Let" sign on it last Sunday, when out driving. Those were all the houses she knew of. She gave him explicit instructions for reaching all three, and the interview ended in an atmosphere of mutual regard and regret. Indeed, the lady even left her ticket office to follow the gentleman to the door and watch the departure of his chariot.

of the tea leaves and the flower is repeated until the desired aroma is attained. Then the tea is ready for packing. The flowers commonly used by the Foochow tea manufacturers are the white jasmine and a species of magnolia. The jasmine is expensive, costing the tea man from \$20 to \$40 for 133 1-3 pounds. Scented teas are very popular in China and are always made of high grade tea leaves. Black tea is scented for the American market.

THE SPIRIT OF SERVICE

SERVICE is a great word. Great in its meaning. Constant and careless use has somewhat clouded its meaning.

SERVICE—with the Hereford Insurance Agency means the capacity and desire to assist our clients and friends. It means that we are able and willing to join our resources and experience with our friends—for mutual benefit.

Behind each Hereford Insurance Policy stands the Master Policy—GOOD FAITH.

# New Era of Prosperity

## Looms For Hereford

### Mystery Oil Company Announces Its First Location in CASTRO COUNTY, TEXAS

The people of Hereford and adjacent towns are hereby invited to our **MONSTER BARBECUE** which will be given at the spudding of our first well. The exact date will be announced soon.

THE LOCATION IS 23 MILES SOUTHEAST OF HEREFORD and nearly encircled with other locations WITH SUCH MAJOR COMPANIES at the Humble Oil and Refining Company and the Gulf Production Company, also the Vern Dumas, and other companies who have already started work, and I say THAT A NEW ERA of prosperity is about to strike YOU FOLKS.

#### WILL THE MYSTERY OIL COMPANY'S WELL BENEFIT YOU?

—Before the first well was drilled in the Panhandle of Texas, Amarillo, as well as most all other Panhandle cities, depended largely on the cattle and farming industries for their existence, but now a COW or a LOAD of farm products are a very rare thing, compared to the hundreds of loads of OIL field equipment that is being moved daily to diverse parts of this GIGANTIC OIL FIELD, and now FOLKS, we are headed your way, as you probably know, and with the several WELLS which will be drilled in your TEXAS doorway, some one will surely hit the GOLDEN LIQUID; AND HEREFORD will, naturally, get some of the BENEFIT and we believe we have as good a chance to hit as is possible in wild-cat territory, and if we do it will mean nothing less than a MILLION DOLLARS to us, and our well alone will help HEREFORD.

—HAVE YOU RECEIVED ANY OF THE ENORMOUS PROFITS WHICH HAVE BEEN AND ARE BEING MADE FROM LEASES IN THE WORLD'S GREATEST OIL FIELD, COMMONLY KNOWN AS THE TEXAS-PANHANDLE AREA?

—Leases have made men wealthy in the past few months who were foresighted enough and who risked some of their money on such investments, and you perhaps know of some of your friends who did that very thing. For instance, the Roxana Company's well in northern Carson County, only a few days ago, sent leases SKY-ROCKETING as high as TWO THOUSAND DOLLARS per acre, and these leases were only worth what the other fellow would pay for them just a few months ago, and many other similar instances have happened in other oil fields. However, the Roxana well did no financial good to many of us, also many of us did not pay any attention to it because it was a wild-cat well, but they are the ones that PAY the BIG PROFITS when the oil is hit, and the time to get in the PLAY is when the leases are selling at th e minimum price, and that is what you are now being offered.

#### PRE-DEVELOPMENT LEASE SALE NOW OF- FERED NEAR OUR TEST.

—Work has begun, the cellar and slush pit have been dug, the contract is let for the rig and the contractor is after it (while this is being written) and it should be on the ground by the time this ad is in the press. You are offered a chance to get your choice lease before the work has caused the leases to enhance in value, the allotment is small, and some of the Major Companies men are now figuring for protection acreage. Incidentally, we refused an OPTION this week as we are not offering options, as they wanted options to drill the well for a percentage of the acreage, as we intend to drill and have our plans already working, and the fact that the BIG BOYS don't sell any acreage, too many small investors are never given a chance to buy any leases close to where the BIG money is made, while now you have a chance to buy in the adjoining sections to the one the well is located on, in tracts of forty acres or over, and you have one week from the date of this paper to make your reservation, by paying one-fourth cash and the balance in three equal monthly payments.

—No lease is offered more than one and a half miles from the well, and not closer than about half a mile, and at one price to all purchasers and that is, at a distance of a half mile, \$25.00 per acre; three-quarters of a mile, \$20.00 per acre; one mile, \$17.50 per acre, and one and a quarter miles, \$15.00 per acre, the usual 88 form lease.

—If you don't feel able to buy forty acres alone, get one or two friends to pool with you, as I don't think anyone should try to play the oil game unless he can afford to play at least that much acreage, as any smaller tracts are harder to sell in this part of the country.

For Your Convenience, You May Use the Attached Reservation Blank.

The Mystery Oil Co., Amarillo, Texas.

Please reserve for me \_\_\_\_\_ acres out  
(Number of Acres)  
of your sub-division in Castro County, Texas, located in the \_\_\_\_\_

class per acre.

**Here and There**

"Let the sun shine" says everyone from Here and There. Geo. Mosley and mother spent Saturday night visiting in the Ed- Mosley home. Miss Grace Jamison and Mrs. Harlin and children spent Saturday with Mrs. Jack Robertson and fam- ily. Mrs. Bob Knox and little son returned home Tuesday after ending a week with Mrs. Estes Dimmitt. Mr. and Mrs. J. B. Harlin had their guests for supper Sunday at Mr. and Mrs. Henry Allman's. Mr. and Mrs. Veri Sullivan, Wednesday morning found the disc in and near Frio hunting turtles and needles and cranking the old Fords to be at an all day quilting bee to be held at Mrs. Harlin's. All came in fine spirits prepared for a good time and brought with them a dish of good eats. Just when everyone was at their busiest quilting, dinner was announced and in a few minutes the quilt was deserted and everyone was gazing at a table laden with good eats. The table was soon relieved of its burden and the enthusiastic quilters were back at their places. When the quilts were finished they had the fun of shaking out the cat and it all out near the dignified school room. Miss Jamison, and she gave shout of joy. Those who declared this a most pleasant day were Mrs. Clyde Robertson, Jack Robertson, Mack Dixon, Richard Dixon, Caster, Tice, Mother Mosley, Knox, Green, Allman, Sullivan, Greer, Miss Jamison and Miss Nettie Lee Green. Mother Mosley and Mr. Geo. Mosley enjoyed Sunday dinner with Mr. and Mrs. J. B. Harlin. Howard Carlyle spent Wednesday night with his sister, Mrs. Joe Greer and family. He was en route to different parts of Mexico and expected to go through the Carlsbad cave while away. Little Miss Kitty Cleo Harlin spent Friday with Mrs. Joe Greer and the little folks felt like grown ups. Mr. Estes returned to his farm Wednesday after spending several days in Dimmitt with home folks. The engagement seat at Frio is looking rather slim these days, since Mr. Box Axe and Miss Zelma Sullenger married. We wish them much happiness and hope others will take their places. Mr. and Mrs. Bell enjoyed taking Sunday dinner with Mr. and Mrs. Leo Williams and they all motored over to Stemmmonsville and inspected the oil fields. Mr. and Mrs. Easter and daugh-

ters and Mrs. Harry Lomas attended Sunday school at Frio and afterwards visited Mrs. W. B. Green. Mrs. Robert Holmes and Mrs. Nolla Holmes spent Saturday evening visiting Mrs. Smith. Mrs. Bell visited with Mrs. Howard Friday afternoon. Mr. A. W. Alexander has had the misfortune to lose four good cows recently. Those who enjoyed a feast of watermelon and later a good supper with Mr. and Mrs. Leo Williams were Mr. and Mrs. H. M. Mobley, Chas. Bell, Robert Holmes and Miss Nettie Lee Green. Mr. and Mrs. Guy Ham spent Monday at the L. F. Boyd home. Mr. J. C. Lance spent several days of last week at the farm helping build a new garage. Mrs. Leo Williams spent several days with Mrs. Bell, canning greens. Mr. Henry Allman is to combine the Mack Dixon crop Monday. Mr. and Mrs. Henry Allman were visiting in the Bethel community Sunday and took dinner at the Lloyd Lutz home, attended Sunday school at Bethel and singing at the home of Mrs. Benton. They also visited awhile with Mr. and Mrs. Jim Bagwell. Miss Nettie Lee Green was the guest of Mrs. Robert Holmes Sunday evening. Mr. and Mrs. Joe Greer took supper Sunday evening with Mr. and Mrs. Harlin and Miss Jamison. Mrs. Earl Lance and Mother Mosley spent Thursday afternoon at Mrs. Edgar Mosley's helping quilt. Mrs. C. H. Carl and Mrs. Wood Vaughan were also there. John Gaetz and Floyd Tice were heading maize Friday for Mr. Lawther. Mrs. W. B. Green attended the show at Hereford Saturday afternoon and stayed for church Saturday night. She was greatly impressed with Rev. Bell's good sermon. Geo. Mosley finished drilling wheat on the N. E. Gass farm Saturday. Mr. and Mrs. Veri Sullivan and Mr. and Mrs. Bob Knox visited in the Kincaid home Sunday afternoon and later all enjoyed supper at the Knox home. Everyone was cheered up over the good attendance at Sunday school Sunday and it is hoped it will continue to improve. Guy Ham received the sad message Thursday evening that his mother was at the point of death, and he left at once for Vernon to be at her bedside. Mr. and Mrs. Joe Kendall spent

Saturday night at the Earl Lance home. W. E. Upton and Walter Tice began to combine for Mr. Jay South, of Summerfield, Monday. Mrs. Mack Dixon visited in the Frank Barber home last Friday. Mr. and Mrs. Boyd spent Sunday night with Mrs. Guy Ham. Mrs. Ham had just received word that Mr. Ham's mother passed away Saturday afternoon. Mrs. Joe Greer visited with Mrs. Reed Williams Saturday evening. Frio Sing-Song for October 24: Song—Leader. Song—arr Leo Williams. Reading—Maurine Bell. Duet—Mrs. Veri Sullivan and Mrs. Greer. Song—arr Mr. Lindsey. Song—arr Joe Greer. Song—arr Veri Sullivan. Song—arr Sam Kellow. Closing Song—Leader. Mr. and Mrs. Lester Boardman took dinner at the Lindsey home last Tuesday. Mrs. Henry Allman spent last Thursday afternoon with Mrs. Harlin.

**What's Doing In West Texas.**  
Post—Garza county carried away first honors for West Texas and the South Plains this week in having its agricultural exhibit adjudged the finest of all state entries at the Dallas Fair. The display was arranged by George Samson, Garza county agricultural agent, and featured small grains and grain sorghums. Garza's grain sorghums scored 103 points out of a possible 200, forage feeds 47 out of 50, and alfalfa 72 out of 75 points. The same exhibits took first honors at Lubbock and Abilene. Randall and Hartley counties drew second and third honors to Garza. The biggest demonstration in the history of Post was given on the return of Samson from Dallas, over 1200 people with the band meeting him upon his arrival. Amarillo—Amarillo and Wichita Falls are running neck and neck in their West Texas Chamber of Commerce membership drive, with Wichita leading slightly. Both have around 500 memberships, but

Amarillo expects to forge ahead when all her pledges are taken up. Quamah—An impediment to Quamah's progress in the opinion of its citizens has been removed with the opening of the Peace River Bridge as a free bridge. No more tolls will be collected for passage over it. Stamford—Despite the continued rains in this section, the community fair which opened here Thursday, is drawing good crowds. A concert by the Stamford Fireman's Band, official band of the West Texas Chamber of Commerce, began the festivities in the municipal auditorium where the exhibits are located. Some twenty-five merchants, manufacturers and communities have displays there. Levelland—A new unit, consisting of engine and dynamo, will be installed here immediately by the Texas Utilities Company, doubling the capacity of the local power plant. Amarillo—Contract has been let by the Texas Gas Company for the construction of its line from the Panhandle gas fields to the South Plains. Cities already under franchise are Lubbock, Slaton, Plainview, Floydada, Lockney and Tulla. Distributing systems are to be located at Canyon, Abernathy, Happy, Kress, Hale Center and other points. Stamford—West Texas advertised as the "Land of Opportunity" has recently gotten publicity over ten states of the Union. The medium through which the section was brought to the mind of New Mexico, Colorado, Wyoming, Montana, North and South Dakota, Nebraska, Oklahoma, Kansas, and all parts of Texas was the Wortham Shows. The Wortham Shows, one of the largest carnival attraction organizations in the states, hold large memberships with the West Texas Chamber of Commerce, and as a means of expressing their loyalty to that great regional organization, and to further the interest of their native state and favored section, they carry over their office wagon large signs telling the world about West Texas. The Wortham Shows are having a two weeks run in Stamford now in connection with the first annual community fair held here, having

come direct from Wichita Falls where they had an engagement in connection with the Oklahoma-Texas Fair. Quick Job Service at The Brand.

If you want to kill time, why not try working it to death? If laziness is a disease, as some scientists claim, what a pity that it is not fatal.

**The BUICK Vacuum Ventilator**  
Keeps the Crankcase clean . . . just as your vacuum cleans your rugs at home

The Buick Vacuum Ventilator pulls noxious engine vapors out of the crankcase. New luxury is added to Buick ownership by this remarkable device. It keeps the air inside the car free from disagreeable engine fumes. And it prevents dilution of crankcase oil. Every Buick model has the Vacuum Ventilator, and many other vital improvements including an engine vibrationless beyond belief. **Unseen Sources of Long Life**

The basic sources of automobile value are not always apparent to the eye. A motor car, like a house, may LOOK a great deal more substantial than it really is. Because of this difficulty, more and more thousands are turning to Dodge Brothers product for insurance against disappointment. The years have proved, and each year proves anew, that Dodge Brothers are as deeply concerned with the UNSEEN goodness of their motor car as with the seen. The mileage it will deliver, the safety it will provide, the expense and trouble it will save the owner over a period of years, are quite as important to Dodge Brothers as the more obvious details of equipment and style.
