AROUND ATOWN

Sights and Faces Seen
In Dogpatch, Sadie Hawkins Day means a lot of misery for the entire "mizzuble" male population, but in Hereford it just means a certain amount of trouble for the mamas, who are expected to concoct costumes and sack lunches—and not worry if daughter wants to go underclad and barefoot on one of the coldest days in the year. Just another one of the joys of parenthood, to hear the parents tell it.

The Campfire Girls will take their hamburgers without onions, thank you. After a half-day session last Saturday, cutting onion tops out at the Finlan farm to raise money for their Christmas party, they never want to see another onion—much less smell one.

A cashier's check which had been outstanding for 24 years was cashed last week at the First National Bank, and employees believe that in carrying the check on their books for practically two decades and a half they have set some kind of record. Not much money was involved—just \$2.50, and the check was made to David H. Allen of Delavan, Ill., by Bob Higgins of Hereford.

A March of Time about Portugal is scheduled for showing at the Star Theatre next Wednesday and Thursday, Nov. 17 and 18, and it should be especially interesting in view of Portugal's recent change from a neutrality status by giving Azores bases to the Allies.

And even Winston Churchill can't dampen the feeling that a lot of people have that Germany is going to crack soon. In fact, one Hereford man has even backed his judgment with his money on the opinion that Germany will sue for peace by Nov. 15.

Quite a few people have been asking why The Brand was not published Wednesday in view of Armistice Day falling on Thursday this year. The best answer (Continued on Page 12)

J. C. McCracken Named as Roll Call Chairman

Announcement was made here this week of the appointment of J. C. McCracken as Roll Call and War Fund Campaign Chairman for the Deaf Smith County Red Cross Chapter.

Mr. McCracken takes the place of S. P. Rossow, who has resigned after serving for two years in the important Red Cross volunteer service.

Other recent appointees to head Red Cross activities in the county are Mrs. Clyde Cave, Junior Red Cross chairman, and Mrs. Homer Henslee, who has taken the place of Mrs. Ernest Medkief as director of the Red Cross sewing room.

Mrs. J. W. Scott Dies at Home in Dodson on Thursday

Funeral services were held at the Church of Christ in Dodson, Saturday morning, for Mrs. J. W. Scott, 75 years old, mother of R. S. Scott of Hereford and Mrs. F. Y. Moreman of the Ward community.

Mrs. Scott died early Thursday afternoon after an illness of several weeks. Mr. Scott and Mrs. Moreman had been in Dodson most of the time for about two weeks at the time of their mother's death. Others from here who attended the funeral were Mrs. R. S. Scott and daughter Beth, and F. Y. Moreman and daughters Ruth and Marie.

Survivors, besides the son and daughter in Hereford are two sons, V. K. Scott of Dallas and Vernon Scott of Childress, and a daughter, Mrs. E. W. Bennett of Hollis, Okla.

Mrs. Palmer Suffers Injury In Fall Friday

Condition of Mrs. Mary Palmer, 80-year-old Hereford pioneer who fell last Friday and suffered a crushed hip bone, was reported this morning as very satisfactory. Because of the type of break, it was impossible to set the broken bone in the ordinary way and yesterday Mrs. Palmer underwent an operation, during which doctors fastened the bone together.

Mrs. Palmer fell at about six o'clock Friday afternoon, when she rose from her chair to turn on the radio for the news. No one else was in the house at the time, and she dragged herself to the back porch, where she remained for about an hour before the woman who lived in the house in Mrs. Palmer's back (Continued on Page 12)

Mercury Tumbles to Season Low of 18

Temperatures dipped to season lows here this week as a cold wave which came in Saturday on a Norther brought the mercury tumbling to the week's low record of 18 degrees on Monday morning.

Record lows for the week as reported at the West Texas Gas Company are: Sunday, 28 degrees; Monday, 18; Tuesday, 21 and Wednesday, 21.

Continued rising temperatures have been predicted for Friday. A few flakes of snow fell in the north and west parts of the county on Sunday, but wind and dust which ushered in the cold wave promised no relief for serious drought conditions.

Two Homes Sold in Recent Real Estate Transfers

Two recent real estate transfers in Hereford were made when long-time residents moved from this city. The E. B. Hicks home, on Witherspoon Avenue in East Hereford, has been sold to Gaylord Newell and the Hicks family has moved to Las Vegas, N. M.

T. P. McCollister, formerly employed in the AAA office in Hereford, is now doing defense work in Pampa and has sold his home on B Street to L. E. Harrington.

Martin-Parker Farm Sale To Be Nov. 18

Another farm sale featuring large offerings of dairy cattle and other livestock and some good machinery items will be held next Thursday, Nov. 18, at the Bill Martin place, four miles north of Hereford on Highway 51. Property in the sale is owned by Bill Martin and Mrs. Dora Parker.

More than 50 head of dairy stock and some good hogs will be offered for sale, together with a combine, tractor and other farm machinery. A complete listing of items is contained in a sale bill printed elsewhere in this paper.

Sale will start at 11 o'clock in the morning and lunch will be served by the North Hereford Home Demonstration Club. Brumley and Otten will be auctioneers and E. C. Eubanks will serve as clerk.

Three Local Delegates at Methodist Conference

Rev. Marvin Boyd, pastor of the local Methodist Church, left Monday for Lubbock to attend the 54th annual Northwest Texas Methodist Conference which began a three day session under the leadership of Bishop Ivan Lee Holt of Dallas.

Rev. Boyd was accompanied by Rev. M. M. Beavers, member of the conference, and by W. J. Stanford, lay delegate from the church.

A streamlined session is being held this year and the conference will be concluded at noon today in order that the approximately 440 pastors, bishops and lay delegates in attendance may not crowd the already overtaxed hotel accommodations over the week end.

United War Chest Drive to Close By November 20th

Out lining plans to close the United War Chest drive in this county not later than Saturday, Nov. 20, residents were asked to get their donations in this week if possible. A balance of \$1,300 remains to be collected to meet the \$3,420 quota set for this county.

"This is a job we have to do," leaders said. "Let's all pitch in and get it over. Twenty out of the 26 Panhandle counties in this district have already met their quotas, and several have over-subscribed by substantial margins. This is one of the few counties which is lagging behind—and that doesn't sound like our county."

Checks should be made to "United War Drive" and mailed to Urlin Streu, or left with Elizabeth Womble.

Mail In November If You Would Avoid Xmas Disappointment

Christmas mailing is always a serious problem for the post office department, but this year it will be a "downright impossibility" unless Christmas mailings are made largely in November.

This is the gist of a statement issued this week by Postmaster General Frank C. Walker, who goes on to explain that overburdened transportation systems, and a serious shortage of experienced post office help simply will not permit the usual volume of last minute mailing. "The only solution to the Christmas problem is: MAIL IN NOVEMBER. Mark your parcels. DO NOT OPEN UNTIL CHRISTMAS," Walker states.

"If the public will cooperate by mailing most Christmas parcels during November, we can handle a small volume of light, last-minute mailings, such as cards, up to Dec. 10—but we can do that and avoid an emergency only if November is a real Christmas mail month." Postmaster General Walker warns.

There is another reason for shopping and mailing earlier than ever before. Retail stores are shorthanded. Purchasers can avoid shopping in crowded stores long waits for service and other inconveniences of late shopping if they buy now. They will also have a better choice of merchandise than will be available later.

The warning from the past office department is not an attempt to tell the public what to do, Walker observes; it is (Continued on Page 12)

Husband of Hereford Girl Missing In Action, Asiatic Area

Lt. Roy G. Vaughan, whose wife is the former Miss Evelyn Calhoun, daughter of Mr. and Mrs. O. G. Calhoun of Hereford, is missing in action in the Asiatic area, according to War Department messages received last week.

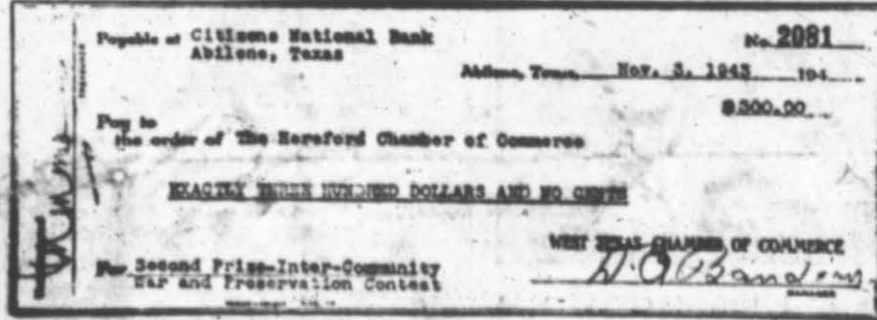

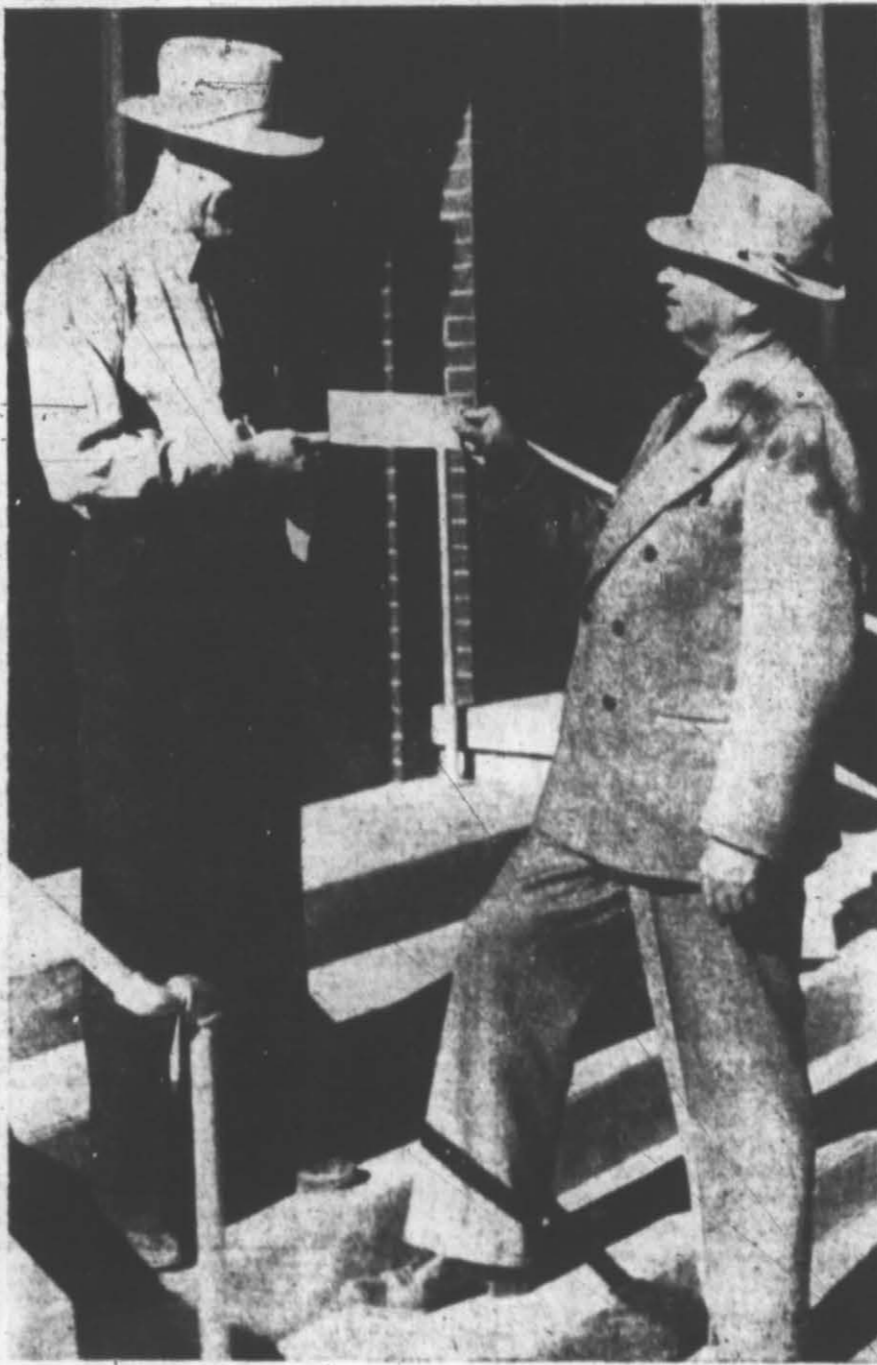

Lieutenant Vaughan, who has been overseas since January and who was promoted to the rank of first lieutenant in May, has been missing since Oct. 26, according to the War Department message. Vaughan was pilot of a B-24 bomber.

A son of Dr. and Mrs. John H. Vaughan of Amarillo, young Vaughan is a graduate of Amarillo High School and attended the University of Texas until his entry in the Army Air Corps in July, 1941. He was commissioned Feb. 6, 1942, and was married to Miss Calhoun on the day he received his wings and commission.

Roberts Farm Home Burns Saturday

The farm home of A. F. Roberts, near Adrian, burned to the ground Saturday and destruction of home and furnishings was complete.

The fire was thought to have originated with a faulty stove. Mr. Roberts, whose home is in Salsaba, Kan., has been staying at the Deaf Smith County place recently. He hopes to build a new home next summer.

And below is a copy of the check itself, which Hereford won in competition with more than 100 towns and cities of West Texas which entered the contest.

Apply for Renewal of Driver's License

Expiration dates are coming up on many driver's licenses, and holders of these licenses are advised to come by the office of Tax Collector J. O. Newell immediately and get a renewal application form.

Though the renewal forms are available at the collector's office, it will not be possible for employees in the office of fill out these forms, it was pointed out. The collector's office is merely an issuing agency for State Highway Department in this matter.

In connection with the issuing of new licenses and the taking of driver's examinations, the collector's office announces that the license bureau patrolman in charge of this work has not been in Hereford for about six weeks. As soon as the patrolman's new schedule is learned it will be announced in The Brand.

Pvt. Dyer of WAC's First Girl from Area In Foreign Service

Pvt. Billie Dyer, daughter of Mr. and Mrs. P. H. Dyer of the Jumbo community, can claim the honor of being the first "daughter service" from this area to see foreign duty.

Mr. and Mrs. Dyer received a letter from their daughter from England last week, and she echoed the opinions of most service personnel recently arrived in the British Isles when she reported being the country but having a lot of trouble getting accustomed to the English money system. Fighting Yanks Thanks to Hereford for Cigarette Gifts

Hereford's gifts of cigarettes to men in service overseas are evidently being appreciated. In fact, some of the servicemen have written their thanks on the special message form enclosed with each package of cigarettes, and following are some of the messages received here:

Pvt. William L. Grassl writes, "Believe me, I thank you from the bottom of my heart. I am somewhere in Africa, and the boys here, really appreciate the gift you kind people have sent us."

Pvt. Joseph Sweeney writes, "I am overjoyed to receive this carton of cigarettes and am yearning to come back to Texas—my home base."

Pfc. William Glavin reports that the cigarettes "are just my brand... The boys appreciate something like this. We are all doing fine and hope this thing will be over soon."

Several more thank you cards, written in much the same vein, have been received here. In all the cards which gave an address, the writers were stationed somewhere in Africa.

Father of Mrs. Craner Dies at Idaho Home

Otto F. Heise, 77 years old, father of Mrs. R. L. Craner, died Monday morning at Burley, Ida., only a short time after Mrs. Craner had started on the trip to Idaho after learning of her father's serious illness. Funeral services will be held in Burley on Sunday and are being held up pending the arrival of Mr. Craner, who left Hereford yesterday after completing details in disposing of his property interests here. The Craner family plan to make their home in Idaho.

Mr. Heise had made his home here with the Craners for the past two years. Mrs. Heise's death occurred only a few weeks ago.

Farm Slaughter Plan Explained

Procedure by which farmers and other producers of livestock may determine whether or not they are eligible to slaughter without a War Food Administration permit or license or to consume meat, without giving up ration points was announced last week by Howard R. Gholson, OPA district director.

WFA has authorized an individual to slaughter for home consumption without a license or permit, providing he is entitled under OPA regulations to consume the meat point-free.

"Farmers and others who produce livestock may, of course, continue to serve at their own table the meat they raise without giving up ration points," Gholson said. "The simplified limitations make it clear, however, that those who are not bona fide producers of livestock are not entitled to eat more meat than their ration stamps will buy." (Continued on Page 12)

Petition Circulated for Closing on Armistice Thanksgiving and Xmas

Petitions circulated by the Chamber of Commerce this week, are expected to sign up most Hereford businesses to close for holidays on Armistice, Thanksgiving and Christmas.

Since most businesses take the three holidays, the signing of the single petition will save the formality of getting closing orders for each of the three separate dates. Thanksgiving will come on Nov. 25 this year and since Christmas is on Saturday, most business houses will get a two day holiday week-end for the occasion.

Community committeemen, who will help administer the AAA program in the rural districts of the county for the next year, will be chosen next Thursday and Friday, Nov. 18 and 19, according to information received at the county AAA office this week. Delegates (who may or may not be community committeemen) will then choose the members of the county committee, present members of which are N. E. Gass, Paul Mathers and J. T. Gilbreath.

Following is a list of the voting places in the county, together with the names of the present community committeemen:

Bippus, at Bippus Community House. Present committeemen, Charley A. Hoover, H. M. Thomas and C. F. Rickels.

Rohr, at Ford School house, T. E. Rohrbach, B. A. West, J. R. Overstreet.

Fairview, Fairview Schoolhouse. E. W. Womble, R. L. Campbell, Neil Downing.

Bootleg, Bootleg Store. J. L. Brown, J. T. Guinn, R. J. Coleman.

Westway, Westway Schoolhouse. P. B. Sowell, Maurice Tannahill, E. H. Little. (Continued on Page 12)

Olton in Return Contest With Whitefaces Here

Meeting Olton in a return engagement, the Hereford Whitefaces will be out to erase the record of an early season defeat tomorrow night when they meet the Olton boys in a non-conference game on Whiteface Field, with starting time slated for 8:30. It is the final game of the season and season tickets will be good.

Olton defeated Hereford 13 to 0 on Sept. 24, in a contest notable mostly for the basing of both teams. However, both outfits have showed much improvement during the season, and the game tomorrow night should be fairly evenly matched, with Olton having an edge on weight and power in the line.

Livingston Escapes from Military Guard at Camp

Picked up early Saturday afternoon by Sheriff J. O. Newell and deputies, Tommy Livingston wanted at a California replacement center where he has been listed as A. W. O. L. since Sept. 15, was turned over to military authorities from the Prisoner of War Camp and made his escape from the camp guard house in a matter of hours after his incarceration.

Livingston evidently made his way to New Mexico, as he was reported this week in both Fortales and Clovis, but he has not yet been picked up by representatives of the law.

Summerfield Club Features Program On Patriotism

A patriotic program was featured at the Summerfield Study Club meeting held Thursday afternoon at the home of Mrs. B. E. Roberson with Mrs. Walk Boston acting as assistant hostess.

The Pledge of Allegiance given in unison opened the program followed by group singing of "America."

Mrs. O. B. Sumner directed the program. In a comprehensive story of the flag she gave the birth and history of the flag and described the meaning of its colors. She told of the making of the first American flag and of how our flags are made now. She told of the use of the flag in war and in peace times and demonstrated the appropriate way of displaying the flag at given occasions.

Mrs. M. D. Rexrode furnished patriotic music and in conclusion the entire group joined in the singing of the national anthem.

A short business session was held after the program when plans for the annual Thanksgiving dinner, when husbands are honor guests, were discussed. Mrs. Ray Johnson gave the war service report.

Refreshments carrying out the patriotic theme with miniature flags as plate favors.

Those present were Mesdames L. L. Cannon, Britt Clark, Jim Clark, Lee Curry, Ray Johnson, Lloyd Lookingbill, Ross Royce, Chas. Noland, J. B. Noland, Otho Noland, M. D. Rexrode, O. B. Sumner, Guy Walser, C. R. Walser, D. C. Walser and the hostesses.

MISS DAVIES GIVES BOOK REVIEW FOR CALLIOPIAN CLUB

Mrs. J. R. Allison was hostess to members of the Calliopean Club Thursday evening.

In keeping with the general public's interest in a "back to the farm" movement, the book review for the evening dealt with life on a farm, leaving out none of its trials and tribulations.

Miss Kathryn Davies gave the review of "A Sense of Humus" by Bertha Damon. She said in part—"Nature herself is the princel

pal character in this rambling description of life the seasons 'round on a New Hampshire farm. The praises of living in the country, the vicissitudes of gardening—the small lovable satisfactions of working on ones own land—these are to be found in the pages of "A Sense of Humus." It contains, among a great many other things, a round by round account of the author's long battle with the soil of her chill, rocky, but beloved New Hampshire."

Members present were Mesdames O. J. Beene, W. L. Davis, Wayne Evans, Alton Fraser, J. T. Gilbreath, Jr., Jack Gilliland, J. E. Kirby, W. C. Pitman, Elizabeth Womble, Misses Mary Kate Brotherton, Kathryn Davies, Marie Glaspy, Katherine Kirby, Mary Jane Morgan, Eloyse Pitman and the hostess

employed for a time at the Hereford Brand. She has been employed in Galveston for the past two years and is now a typist at Camp Wallace.

Sgt. Geffkin's home is in New Jersey. He is a mechanic with the armed forces at Camp Wallace.

The couple plan to make their home in Alvin.

Heads Training Division Lt. Col. D. G. Bell is now heading the searchlight department of the division of instruction at the antiaircraft artillery school at Camp Davis, N. C.

The giant searchlights, termed "The eyes and ears of Antiaircraft Artillery, are helping to make the guns the scourge of Axis and Jap planes on every battlefield, according to a re-

cent news story from the Camp Davis newspaper.

According to a quotation from Lt. Col. Bell, "this branch (the searchlight) is being constantly improved so that 'sneak raids' of the kind that left Pearl Harbor a shambles, are virtually impossible."

Lt. Col. Bell is a son of Mrs. Allan Bell of Hereford.

At Pensacola

Aviation Cadet C. A. (Bud) Wilkins has been transferred to Pensacola, Fla., where he will take the final phases of his flight training at the Naval Air Base. He is the son of Mr. and Mrs. C. O. Wilkins.

There's a crowd on the lines

It's always a big crowd in these war days. But the Long Distance operator keeps the calls moving quickly unless they just get too many for the circuits. • If she says the circuits are busy, you can help by canceling your call if it isn't really important. But if you can't cancel, the operator will request—"Please limit your call to 5 minutes." It's the work of war we are trying to speed over the wires.

BULL

Buck Richardson is the most consistent early riser I know. Even Roger Corbett, who likes to brag about how early he gets up, has to admit that Buck is pretty close to champion.

Most restaurant men, of course, get up early. When Carl Jennings was in the restaurant business he usually got to town around 5 o'clock, stopped in and ate a short stack with Buck, then went on down and opened his own cafe. Burl Elliston is another fellow who usually gets to town early and pretty often you will run into Oscar Easley. Elmer Gollehon is another one of the regulars. Don't get me wrong, I don't see them every morning, but occasionally I do get to work early and see them. Roger Corbet always contends that I am just going home instead of just getting up. Anyway, it is interesting to look around town this early in the mornings.

It's pretty chilly, too. Charley Hardwick says he had one of his hydrants freeze and burst this week. It was down to 17 above Monday night, and if you still don't believe it's cold you just watch E. W. Young when he delivers your morning mail. He has been wearing earmuffs.

C. C. Bowman was nice enough to bring by some English editions of "The Yank" and "Stars and Stripes," American Expeditionary Force papers published in England. Bill Bowman sent them to his parents. I wish someone would send a few copies of the London Times, or some other English newspaper. I understand that newspapers in England are very few in pages and are practically supported by the government. T-Sgt. Ralph Jennings sent out a V-Mail letter from the British Isles requesting some copies of The Brand and adds: "I've finally accomplished a great feat. I've learned to count money with an Englishman. The first time I heard someone say, '2-6-1-2', I thought they were talking about shoes; however, I finally learned that they meant 2 shillings, 6 penny and one-half penny. Americans are treated swell over here, but if a person ever tells you an Englishman is slow don't believe him. They can make a Texas cow pony look like a snail when Tea is announced—and woe to the man who tries to detain them."

Recent setting of a \$2 bounty on coyote scalps in this county is really like old times. Bob Hope says a coyote is "a wolf who hasn't been drafted yet."

Deaf Smith County is still around \$1,500 behind in the United War Fund Drive. Our quota was \$3,420 and a lot of neighboring towns have already met similar quotas. By now I figure that everyone knows donations for this cause aid the U. S. O., along with 16 other worthwhile causes. Failure to reach our quota is due entirely to negligence. Stop right now and write out your check; mail it to Urlin Streu, or take it to Elizabeth Womble. This drive and the Red Cross are the two best causes to which you ever donated. The service Honor Roll is also asking for some more money. They now have around \$160 out of the necessary \$400. The board got so large that the location has been moved to the courthouse lawn; the board will be approximately nine feet high and 24 feet long. Mail your check to R. C. McGilvary or John McLean.

Letter Today

Getting the message across is a PT boat tender for a beach, a crewman reads his letter from home. His expression is earnest, a half-smile plays about his lips as the news takes him back to his back to you. Write to him often. (Navy Photo.)

Ready for an Invasion!

Lined up at a North African dock is a flotilla of LST's (landing ship—tanks) and some smaller craft, ready to take on everything imaginable needed for an amphibious attack and fighting a war on foreign soil. Compare the size of these huge ocean-going warehouses with the scores of transport-size Army trucks on their decks and hauling materials up to their gaping doors. (U. S. Navy photo.)

Hereford seems to be getting an ample supply of milk, but don't be too sure. Make arrangements now to get your milk from a dependable source, especially if you have children in your home. When things really

get tough, the supply from Amarillo dairies could easily be eliminated.

For the first time in many years, livestock is being taken off the ranges in Deaf Smith County. Lack of moisture has

resulted in a lack of wheat pasture for grazing; a short feed crop and none too good grass helped take away the incentive to feed cattle. These things, coupled with OPA price regulations, have cut the cattle industry more than 50 per cent in

this area. Several large operators do not have any cattle at all, a situation which exists the first time in 25 years for some of them.

Do You Remember?

From the files of The Brand, Nov. 13, 1903.

Dr. J. W. Hicks, brother-in-law of our townsman, H. B. Webb, arrived from Weatherford Monday with his family and will take up his permanent abode with us. The doctor has purchased W. O. Fox's residence and will engage in the practice of his profession.

Miss Alice Roosevelt has discarded the side-saddle and now appears in divided skirts astride. This would not look out of order for a small girl but it seems that the old-time way of riding is still most suitable for ladies. But when we stop to consider that this young lady is slightly akin to her father, Teddy, there is really no cause for wonder at her attempting to establish a precedent, even at a slight risk of sacrificing a degree of modesty.

Rev. C. L. Cartwright, pastor of the Methodist church, left Hereford Sunday afternoon for Fort Worth to attend the Northwest Texas Conference. Mr. Cartwright is a young man of excellent ability and thoroughly consecrated to the great cause for which he is nobly battling. His church raised about \$2,000 for all purposes this year.

A shooting affray took place at the W. H. Hopkins ranch Wednesday, in which Jack Carlton lost his life at the hands of Mr. Hopkins. There were no witnesses to the affair and but few particulars can be learned. About all that is known at present is that Carlton was armed and went to the ranch to see Hopkins with the avowed intention of forcing him to pay some lease money which Hopkins claims he did not owe and it was over the discussion of this matter that the shooting took place.

From the files of The Brand, Nov. 14, 1918.

November 11, 1918, the first International Independence Day, was observed all over the Nation, but nowhere more hilariously or more earnestly than in Hereford.

The actual signing of the armistice seemed to lift a great weight from the spirits of the people, and everything was set for the moment and the afternoon devoted exclusively to celebrating the beginning of the end of the world's greatest tragedy.

SOCIETY

Mrs. T. L. Welch Is Hostess For Dawn Study Club

Mrs. T. L. Welch was hostess for the Dawn Study Club meeting at her home last week. Mrs. Johnny Womble was cohostess.

The meeting was opened with a prayer given by Mrs. H. E. Stevens, after which Mrs. Lester Galley took charge of the program. She discussed "Russia," telling of the people, the land, the League of Soviet Nations, the people's army, and of the commander in chief, Joseph Stalin. In conclusion she said in part, "In post-war planning the Russians can contribute expert knowledge and experience and in answer to the question—What does Russia intend to do? I quote ambassador Davies who said: 'Of all the nations of the earth none has a finer record of living up to its treaty promises than the Soviet Union.'"

Mrs. Cecil Walker told of the Canadian-Alaskan Military Highway, and of the Alaska to South America Highway which is the longest road in the world. In describing the highways she

told of their construction, their military importance and of their value in post-war days. Members attending the meeting were Mesdames Lloyd Bentley, J. B. Coconougher, Fred Fain, A. T. Frye, C. P. Galley, Lester Galley, Walter Galley, Iverson Leake, H. V. McCabe, H. E. Miller, Ernest May, H. E. Stevens, C. A. Wimberly, Baker Womble, Cecil Walker, J. M. White, and the hostesses, Mrs. A. H. Frye and Mrs. Welch were guests.

Mrs. Benefield Reviews Book For Study Club

Mrs. Lee Benefield reviewed "The Promise," by Pearl Buck, for the Bay View Club Thursday afternoon at the meeting held at the home of Mrs. Henry Sears. Mrs. C. F. Moore gave the roll call which opened the program on "China" in a discussion of Homer Baldwin's "Too Much Wishful Thinking About China," and introduced Mrs. Essie Cardwell who gave the background for the review in a timely discussion of "Progress in China."

Mrs. Benefield gave a complete resume of the book, which is the heroic tale of the Chinese people in the jungle of Burma, clearly portraying the theme, the desperate need of the white man and the Chinese to understand each other, as she told the story of two Chinese young people and their romance against a mighty background—the retreat of the British and the sacrifices of their gallant allies. A short session was held when members voted to donate to the Day Room at the Prisoner of War Camp here and to contribute to the service plaque now being arranged as a community project.

Members present were Mesdames D. H. Alexander, C. E. Barber, Essie Cardwell, E. W. Harrison, Lee Benefield, E. B. Hedrick, J. W. Kirby, Paul Mathers, John McLean, C. F. Moore, G. A. F. Parker, J. F. Stalon, J. W. Spradley, Bob Wilson and the hostess.

1943 RUBBER TREE

YESTERDAY'S RUBBER TREES were 10,000 miles away in Far Eastern plantations. Today's rubber trees are right in our own front yard.

Only a punctuation mark here separates the two simple sentences above. Actually between them are more than a decade of intensive research, hundreds of millions of dollars, and an almost unbelievable plant-construction program to meet our relentless wartime needs for rubber.

From the day of its founding, the great Research Laboratory of Phillips Petroleum Company was dedicated to a twofold objective: (1) the improvement of present petroleum products; (2) the extraction of chemical values from petroleum.

Because Phillips and other American scientists devoted themselves to such problems; the

Nation is today, in its hour of need, harvesting a multi-million-ton crop of home-grown rubber!

The butadiene (basic ingredient of synthetic rubber) which Phillips produces is a synthetic chemical. So likewise is Phillips 100 octane gasoline. From petroleum chemicals, too, come explosives... plastics... medicines and anesthetics. The list is almost endless because petroleum and petroleum gases are an overflowing storehouse of hydrocarbons, the chemical raw materials for making an almost limitless number of products.

That is why we say: Every time you see the Phillips 66 Shield, let it remind you that Phillips refineries in addition to producing gasoline, lubricants, and fuel oils, are also gigantic chemical plants pouring out weapons for victory.

LEGAL NOTICE CITATION BY PUBLICATION THE STATE OF TEXAS.

Walter Bushnell, sometimes written Walter C. Bushnell, if living, if deceased, his heirs, unknown heirs and legal representatives; and to Clara B. Bushnell, his wife; if living, if deceased, her heirs, unknown heirs and legal representatives, and to C. P. Atwood, Trustee, GREETINGS:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this ci-

tion, the same being Monday the 29th day of November A. D. 1943, before the Honorable District Court of Deaf Smith County, at the Court House in Hereford, Texas.

Plaintiff's petition was filed on the 13th day of October 1943; the file number of the suit being No. 2642.

The names of the parties in said suit are: Lina Morton Bushnell and Raymond Bushnell, plaintiffs, and Walter Bushnell and Clara B. Bushnell, their heirs, unknown heirs and legal representatives, as above, and C. P. Atwood, Trustee, as defendants.

The nature of said suit being substantially as follows:

To clear the title to the south 140 acres of the southwest quarter of Section 37, Block 7, B. S. & F. Survey, Deaf Smith County, Texas; and to cancel a vendor's and trust deed lien on said land by reason of a vendor's lien note barred by the 4 year statute of limitation, alleging that said note was executed by Murry Bushnell and Laura Bushnell, payable to Walter C. Bushnell and Clara B. Bushnell, dated December 21st, 1927, due in three years; alleging that Lina

Morton Bushnell was the owner of said land and praying cancellation of said note and liens, and title quieted in plaintiffs.

Issued under my hand and seal of said court this 13th day of October A. D. 1943, at office in Hereford, Texas.

R. L. Thompson, Clerk, District Court, Deaf Smith County, Texas. (Seal) 42-56c

Hereford Teachers Are Entertained

The annual entertainment for Hereford teachers sponsored each year by Band and Orchestra Parents Association of the high school and Junior Band Mothers of Central School, was held at the high school Thursday night.

Refreshments were served to approximately 90 guests after various games and stunts and "forty-two" games were enjoyed. Prizes went to Mrs. Elmer Patterson, Jeff Roberson and Owen Stagner.

The Thanksgiving theme was accented in decorations and refreshments.

The next regular meeting will be held on Dec. 2 at the home of Mrs. H. H. Caraway. Members of the club are asked to bring cookies and gifts for the Wyche Community soldiers. Packages will be wrapped and addressed for mailing at this meeting.

MRS. KESTER REVIEWS BOOK FOR PIONEERS
Mrs. Kester reviewed the book "Year of the Wild Boar" by Helen Mears, at the Pioneer Club

meeting held Tuesday afternoon at the home of Mrs. Burl France. Mrs. Al Werner was hostess for the meeting.

Mrs. A. L. Manjeot reported that the past two week's war service for the club consisted of binding short stories for the soldiers in the Prisoner of War Camp here.

Mrs. Kester told of the author's life as an introduction to the book review, giving an account of her year in Japan just previous to the book's publication. She described the Zodiac Signs and told of their meaning to the Japanese and gave descriptions of the fanatical life based on generations of propaganda that the Japanese lead.

The next meeting of the club will be in the form of a Thanksgiving luncheon at the home of Mrs. C. T. Guseman.

Those present were Mesdames Fred Barrett, A. G. Bell, Geo. Benson, Noah Ewton, N. E. Gass, J. M. Gilliland, P. H. Gilliland, E. S. Ireland, Ray Johnson, F. M. Kester, A. L. Manjeot, Wirt Phillips, H. D. Reed, B. E. Roberson, T. E. Seigler, F. L. Terrell, and the hostesses.

Miss Funderburg Is Married To Pfc. Arthur Housley

Miss Inez Funderburg, daughter of Mr. and Mrs. J. I. Funderburg, and Pfc. Arthur Housley, son of Mr. and Mrs. J. H. Housley of Hayward, Calif., were married Sunday evening at the home of her parents with the Rev. W. E. Barnes performing the double ring ceremony at twilight.

The couple stood before an arch of greenery banked with white and yellow chrysanthemums and flanked by white and blue tapers. Sandra Jo Caraway and Mary Jane White, nieces of the bride, lighted the tapers.

Preceding the ceremony Wanda Lee Terry played "Indian Love Call" and accompanied Ellen Posey who sang "Dearly Beloved." Miss Terry also played the wedding march.

Miss Dorothy Funderburg attended her sister as maid of honor. She wore a wool dress in pastel pink and a corsage of sweetheart roses. Pvt. Jimmy Mercer who is stationed at the Hereford Prisoner of War Camp,

served as best man.

The bride was dressed in a soldier blue suit of velvet with matching hat and veil. Her flowers were red roses. For something borrowed she carried a white Bible topped with a gardenia and her something old was a silk-lace handkerchief.

After the ceremony refreshments were served. Mrs. Travis Caraway served the two-tiered wedding cake which was topped with a miniature bride and groom, and Miss Thornton Shirley presided at the punch bowl. Nannette Little was in charge of the guest book.

After a trip to New Mexico, Pfc. and Mrs. Housley will make their home here at 206 Lee Avenue. The bride attended Hereford High School and at present is employed in the office of Dr. Norman Harris. Pfc. Housley is a graduate of Hayward High School and attended Hayward Business School. Before enlisting in the United States Army he was employed in the offices of a railway company in California. He is now stationed at the Hereford Prisoner of War Camp.

LONE STAR CLUB HAS PROGRAM IN JACOBSEN HOME

"Why Russia and Germany are at War" proved an interesting discussion Tuesday when members of the Lone Star Study Club met for their regular meeting at the home of Mrs. John Jacobsen, Jr., Mrs. Buren Sowell was assistant hostess.

Mrs. Homer Henslee gave the discussion on Russia and Germany explaining the background for war between the two countries and its culmination under the two leaders, Stalin and Hitler.

Mrs. Jim Higgins read an article on Russia dealing with that country before 1917, giving an accurate account of the chaotic condition that existed in Russia before Stalin came to power. Mrs. W. S. Fluit told how cultural pursuits continue in war-

NEUTRAL PORTUGAL IS HOST

Because the groundwork of Italy's surrender was laid in Portugal, she has been thought by many to be a hotbed of intrigue. Her titular head, President General Antonio Oscar de Fragoso Carmona (right), and his prime minister, (left) Dr. Antonio de Oliveira Salazar, shown as they appear in The March of Time film, "Europe's Crossroads," at a reception for General Jordana, Spanish war minister, have so far kept their country on the even keel of a discreet neutrality.

This unusual photograph from a March of Time film, "Europe's Crossroads," shows a typical Portuguese state reception, where Allied and Axis diplomats rub elbows. Here, (l. to r.) the German Minister to Portugal, Dr. Oswald Baron von Hoyningen-Huene; Spain's Ambassador to Lisbon, Dictator Franco's brother Nicholas; and Franco's war minister, General Francisco Jordana, have things all to themselves.

An alert March of Time cameraman at a Portuguese state reception where Allied and Axis diplomats mingle as one, caught the Japanese Minister, Morito Morishima (left) and the German Minister, Dr. Oswald Baron von Hoyningen-Huene, (right). Perhaps the boys are trying to explain away those defeats in Russia and the Pacific? Picture from March of Time's "Europe's Crossroads."

ring Russia, paying especial attention to literature and music. During the business session it was announced that the next meeting will be held in the home of Mrs. R. G. Blue.

Members present included Mesdames W. S. Fluit, Leo Forrest, Roger Corbett, O. L. Click, Cawthon Bryant, R. G. Blue, Jack Grady, Homer Henslee, C. D. Kelton, Joe Kendall, Nelson McRight, Jerry Morrow, O. W. Newsum, Coy Phillips, Earl Phillips, Owen Stagner, Robert Thompson, Liston Wilson and the hostesses.

Billee Ray Johnson To Appear in Recital

Billee Ray Johnson, daughter of Mr. and Mrs. Ray Johnson of Summerfield, will appear in a voice recital at the home of Mr. and Mrs. O. G. Hill Sunday afternoon at four o'clock. She is a pupil of Miss Mattie Mae Swisher.

Billee is possessed of a fine musical sense and her talents and charm in presenting her numbers are enjoyed by teacher and friends alike. She will be accompanied at the piano by Mrs. Ella Coombs and Mary

Helen McGilvary will assist on the program by playing several piano selections. The entire Voco Club will sing "When the Boys Come Home" (Ole Speaks).

Interested friends are invited to attend the musical program.

The regular stated meeting of the Order of Eastern Star was held at the Masonic Hall Tuesday evening.

Mrs. Frank Terrell gave a report from the recent Grand Chapter meeting in San Antonio. Miss Lucy Reed was pro-

gram chairman and gave a short devotional program concluding with prayers for the armed forces. Miss Reed also conducted a school of instruction for interested members.

Mrs. J. E. Beyer and Mrs. Win. McGehee are in Lubbock this week. Mrs. McGehee is also visiting a daughter in O'Donnell.

"Black Magic" for Nazis

The B-26 Marauder Bomber, "Black Magic," with 1st Lt. Bud W. Lambert at the controls, has proved to be real black magic for the Nazis, according to a recent A. P. story which credited the bomber with shooting down a German Me-109 fighter during a bombardment of the Ghent, Belgium, freight yards.

Lieutenant Lambert is a grandson of Mrs. Marie Angelo of Hereford and lived here for about two years during his boyhood. He is a son of Mr. and Mrs. A. J. Lambert of Wichita, Kan.

According to the A. P. story, rewritten in a Wichita paper, the "Black Magic" has participated in numerous raids over Holland, France and Germany. Lieutenant Lambert, who was recently appointed a flight commander, was in the first group

to fly across the Atlantic in formation with a full crew. He has been stationed in England for five months.

At Maxwell Field

Now stationed at Maxwell Field, Ala., are Aviation Cadet Richard Petersen, son of Mr. and Mrs. A. Petersen, and Lt. L. B. Russell, son of Mr. and Mrs. W. H. Russell. Both boys were recently transferred to Montgomery from Nashville, Tenn.

Gaetz In England

Francis Gaetz, son of Mr. and Mrs. John Gaetz, has arrived safely in England. He is in the Engineer's Corps.

Overweight Motor Oil Proved Non-Essential
See how safe and economical a surprisingly *Light* grade can be with your engine Winter OIL-PLATED

A motorist who kept a record for a month averaged only 2.7 miles between stops. Maybe you average twice that. Yet the "coupon shortage" means short runs—lots of stopping and starting. That's extra bad for your oil. The first hardships of Winter will find it unfit. This year, of all years, the height of economy is to change your oil promptly.

The *lightest* suitable oil you can use is best for your engine—your battery—your gasoline economy... best for lengthening your car's future! You needn't risk any overweight grade...not when you have your engine OIL-PLATED for Winter by changing to economical Conoco Nth motor oil.

The "magnetic attraction" that seems set up by a certain synthetic in patented Conoco Nth oil enables it to OIL-PLATE. Now all good plating forms a staunch protective surface, and that gives you the idea of OIL-PLATING. Now think of any OIL-PLATED part in your engine facing another OIL-PLATED part...double OIL-PLATING in between—plus Conoco Nth oil's regular-type liquid film that's extra strong! You can't get more protection than that, while with overweight oil you'd only invite needless drag and dangerous "absentee" lubrication in starting cold. Don't risk it. Consult Your Conoco Mileage Merchant for your *lightest* grade of Nth, and face Winter fully confident, with your engine OIL-PLATED. Continental Oil Co.

You can't feed the World by Hand! Only mechanics can keep the agricultural machinery on the job. With the food problem more serious than ever, an intelligent maintenance and repair program is now being generally followed. We are aiding to the fullest possible extent — and are asking that you do likewise by having your tractor work done this winter.

Dread Engine Acid Fought by OIL-PLATING
Normal combustion always leaves acids inside of your engine when it stops. Formerly it seldom stood idle long. Soon mileage and speed heated your engine enough to oust acids.
But nowadays rationing may force long rests, while corrosive acids gnaw. To combat corrosion, metals are plated. You combat acid corrosion with your engine OIL-PLATED.

Petted Officer

WELCOME to the 654th and the 626th Companies! Since our last column appeared, we have lost our many friends of the 400th Company. They moved away on Friday morning and we wish we could tell them how much we are missing them. Another company moved in from Michigan last week, and we want them to know that we are eager to get acquainted so that we can be of service to them.

Right now we have more housing accommodations listed than we have had for a long time. The wives of the 400th have left and the other wives have not all come. They are waiting to see how long their husbands will be here. It is expensive and difficult to keep up with your army husband if he is moved every few months.

Last Sunday afternoon, the Camp Fire Girls, under the direction of Mrs. Urlin Streu, served coffee and home-made doughnuts at the USO and made a big hit with the soldiers. The ladies of the Methodist Church have offered to serve next Sunday, Nov. 21. The hours will be from 4 to 6.

We hope that other clubs and church organizations will follow suit and that this means of sociability will prove of benefit to the soldier, his wife and the citizens of Hereford.

Mr. Chips waits in the chow line aboard a Navy transport, probably pondering his experiences in the Attu and Kiska invasions. He was smuggled aboard, kept there by appeal to an officer's softer nature. Mr. Chips has an official record card, and, naturally, a dog tag. (U. S. Navy photo.)

The Whiteface Round-Up

Whitefaces vs. Olton
November 12—Here

May We Soon Have A
Real Armistice Day!

Prince Hereford

My! My! Anyone would think the halls of Hereford High were "Highway 66" last week with all the signs and advertisements scattered all over the building. And incidentally, I want the Juniors to know that I wasn't necessarily for Lloyd Olson just because I kept groaning "Ugh!" "Ugh!"; it was merely because there were so many signs hung around my neck. But I do want to congratulate the winners, Olson and Buckner.

Homer is a good authority on literature. Yesterday, he told me the latest book out that would be of interest to the girls is the "Him Book," which was written by Marie Stephens. How about making a report on it in English 4, Marie?

G. P. Owen has found a solution to monopolize the teachers by threatening to pin them against the walls by turning on the fire hose, so the teachers had better beware of this public menace.

I hear C. W. Reeves surely is trying to get in good with Joe Bishop, Jr., so Joe can persuade his dad to reserve his favorite parking place for him each Friday night when he is courting Helen Acker.

Have you noticed Nettie Hood singing "Oh Johnny" when she comes tripping down the halls? It's very effective, but I wonder why she never changes the tune?

All the band kids would faint if Eugene Matthews wasn't playing a solo on his baritone when they come in the auditorium and Delmo Williams didn't fuss when he has to march.

I'm afraid that's all this week kids, so if you know any good news, how about letting me in on it?

FFA To Have Chili Supper for Fathers

The weekly meeting of the Hereford Chapter of Future Farmers of America was held in the Chapter room November 8. Mr. Cardwell talked to the boys on the matters that arose at the Gilt Show.

The boys decided to have a chili supper for their fathers on November 19. A committee volunteered for the promotion of this supper.

In the past, this chapter has not kept a scrapbook but this year the group voted to have one and work will begin on it shortly.

In the past several weeks the district advisor, Mr. W. G. Sanderson, of Canyon High School, has visited almost all the chapters in this district. Mr. Sanderson was accompanied by Willard Spiser, area president, James Lair, district president and C. W. Reeves, district reporter. Mr. Cardwell, Lloyd Manjeot and C. W. Reeves also visited the two

Let's Co-operate

School elections are now over and the governing body of Hereford High School is in full effect. The sense of competition between various classes in school was great. That is as it should be, because, after all, this is a democracy, and everyone has a chance to make his opinions known. The chance now comes to show just how far that democratic spirit will be carried. Maybe your best friend or class nominee was not elected. The thing for you, a student, to do is co-operate the best you know how with the officers that were elected.

All of us make mistakes, and it is likely that the students of this year are no exception to the rule. We learn by experience and by this, we learn not to make the same mistakes again. The Student Council is for the benefit of the school and always tries to carry out projects for the good of the school and students. However, the plans made by a few have to be carried out by everyone. The job then which confronts us, as students, is to carry out these plans made by our governing body.

Any of the candidates would have made excellent officers, as was seen by the number of votes cast for each one. Since there was not too great a difference, it should be easy for us to transfer our loyalty to the elected and be the best possible followers.

Los Viajeros is Name of New Spanish Club

They feel they have been ignored long enough, so they have set out to make themselves noticed. To create interest in the Spanish language is one of the purposes of the new Spanish club, Los Viajeros. The name, "Los Viajeros," means in English "The Travelers" and implies mental progress for the members. Membership of the club will be composed of second-year Spanish students as charter members, first-year Spanish students to be initiated, and all those who have completed two years of Spanish as honorary members.

The club chose for its colors those of Mexico, red, yellow, and green, and the flag of Mexico was adopted. The emblem which will appear on the flag with the name of the club is a Mexican with his burro. The club flower is the yucca, commonly known as bear-grass.

Los Viajeros will hold monthly meetings each last Wednesday night of every month at the high school. The officers who will preside are: sponsor, Miss Evelyn Milam; president, Ruth Tucker; vice-president, Jessie Ann Buckner; secretary, Lonidene Martin; treasurer, Barbara Smith; and Doris Goldston, reporter.

Besides creating interest in Spanish, the club has as its aim making the Spanish room more attractive with pictures, maps and other projects.

Though it is still young, Los Viajeros is going to become a very important member of the family of clubs in H. H. S.

Library Buys 30 Books of Varied Types, Interests

Attention, students! The library now has thirty new books. Maybe you have noticed the beautifully-bound and illustrated books of fiction, travel, biography, history and adventure. This new list of books was selected because they are interesting, well-written and attractive in every way. They were selected by the Editorial Board of the E. M. Hale Company from approved lists of the National Council of Teachers of English and American Library Association and from the children's catalog. On the inside front cover of each of these books there is a brief discussion addressed to the student. Its purpose is to arouse the student's interest in the book.

The following books of fiction are among those selected: "Arouse and Beware" by Kantor; "Beyond Sing the Woods" by Gulbransen; "Bright Island" by Robinson; "China Quest" and "Young Fu of the Upper Yangtze" by Lewis; "Diary of a Freshman" by Flondran; "Famous Dogs in Fiction" and "Famous Ghost Stories" by McSpadden; "Give a Man a Horse" by Flinger; "The Happy Mountain" by Chapman; "Here I Stay" by Coatsworth; "Love Comes Riding" by Ferris; "Red Heifer" by Davidson; and "Wagons Westward" by Sperry.

The following are travel books found in this list: "Alone Across the Top of the World" by Irwin and O'Brien; "Mexicana" by Harnoncourt; "Working My Way Around the World" by Franck.

There are several biographical books in this list. They are: "My Story" by Rinehart; "Thomas Jefferson" by Lisitzky; and "Young Walter Scott" by Gray.

The other books are "Animal Treasure" by Sanderson; "Coast Guard to the Rescue" and "SOS to the Rescue" by Baarslag; "Digging in the Southwest" by Morris; "Exploring with Beebe" and "Half Mile Down" by Beebe; "How to Ride Your Hobby" by Collins; "A Junior Anthology of World Poetry," edited by Doren and Lapolla; "No Other White Men" by Davis; and "Sold to the Ladies" by Bennett.

The book, "Animal Treasure" discusses animals of West Africa. "Coast Guard to the Rescue" and "S. O. S. to the Rescue" give us some ideas about rescue work at sea. "Digging in the Southwest" discusses the cultures of the Southwest. "Exploring with Beebe" and "Half Mile Down" are books of scientific adventure. The book of hobbies is "How to Ride Your Hobby". Poetry has its place in "A Junior Anthology of World Poetry." History comes in the book, "No Other White Men," which gives us the Lewis and Clark expedition. "Sold to the Ladies" is the true story of three girls and their experiences on a raft.

All these books are among the best to be found on their subjects. Read them and find out for yourself.

Honor Society to Have Formal Induction Service

The Honor Society had its regular monthly meeting Tuesday afternoon. The chief business on hand was the coming induction service to be held in assembly. The three former members will be in charge of this service. The secretary presented a price list on rings, pins, charms and other sorts of emblems.

Another item of business was the student handbook. Because of financial problems, the size of this handbook is limited.

Hamilton to Return Soon

It has been said we never appreciate a person until he or she is absent. Perhaps that is true; anyway, the Senior class has certainly been missing its treasurer, Cornelia Hamilton, the past two weeks.

Cornelia is now recovering at her home from an appendectomy which she underwent November 3. She will return to school in a few days.

David Phillips—"Do you smoke?"
Lyle Flutt—"No."
David—"Do you drink?"
Lyle—"No."
David—"Well, do you eat hay, then?"
Lyle—"No."
David—"Gad! You're not fit companion for man or beast!"

First Privilege Cards Are Issued

Great interest is usually shown in the first privilege cards of the year. This year is no exception, for many are getting A B C privileges on the basis of grades received last spring.

The requirements for a privilege card are a "B" average and not more than one detention hour per six-weeks. The privileges are rated "A," "B" and "C." An "A" privilege permits one to go to locker during study hall period and to go to see teachers off duty. A "B" privilege permits one to go to county library during a study hall period. A "C" privilege permits one to be excused from attendance in the first and last study halls in each half-day. Abuse of these privileges will result in the cancellation of the card.

Those receiving "A," "B" and "C" privileges are: Kathryn Acker, Marie Moreman, Christine Smith, Ruth Tucker, G. P. Owen, Jr., Helen Acker, Marcella Blue, Naomi Brumley, Doris Goldston, Lonidene Martin, Juanita Upton, Billy London, Lloyd Manjeot, Delmo Williams, Ruth Moreman, Jo Ann Rossion, Barbara Smith, Helen Tucker, Jackie Wright, Lyle Flutt, Madelle Beavers, Jessie Ann Buckner and Charlene Davis.

Those receiving "A" and "B" privileges are: Joan Wilhelm and Ralph Fullwood.

Those receiving "A" privileges are: Barbara Ann Burney, Florence Goldston, Nina Beth Hartman, Anne Morgan, Mary Beth Scott, Frankie White, Rae Delle Griffith, Billy Goldston, Phill Goldston, James Higgins, J. L. McFarling, Bobby Millard, Gene Robinson, Meizer Rose, Ellen Posey, Mary Ruth Russell, V. C. Hopson, Aline Waldron.

Central Chatter

From November 10-12 each home room is to assist the Junior Red Cross in its work. Each pupil may help by contributing a penny or more.

The Junior Red Cross sponsors many worthwhile projects, including a day room for soldiers stationed at the Hereford Internment Camp, a fruit and candy Christmas party at the camp, and over-sea relief for refugee children.

Scene about Central: Mary Lue Ruland romancing with Ralph Martin—Homer Rudd always afraid he'll miss something—Candy selling starting again—Mrs. Hromas' glamorous new coiffure—Miss Womble making a funny wisecrack (as usual)—Rea Cox telling about his new guitar—Billie Louise Harrison and Carl Ashlock very interested in each other—Sam Hershey talking too loud.

Class 6B is sorry to have Don Gilbert Hooper leave for Mexico and Oscar Peacock leave for Washington.

SA welcomes two new pupils—Lillian Marshall from Silver City, New Mexico, and Clinton Cates from Roy, New Mexico.

Central is glad to welcome Mrs. Nell Mizatti to its faculty. She is replacing Miss Juno Glascock as one of the second grade teachers.

You never read such love notes as Helen Trueblood writes Lawrence Owen and William Earl Barnes! One was posted on TB's bulletin board much to the amusement of the class.

If you hear weird noises and strange sounds coming from the 8th grade English rooms don't get excited. They are just learning the spooky poem "The Congo" for an experiment in choral speaking.

None can outline like 7th and 8th graders because they've had so much experience. Miss Jackson makes them outline their next lesson if they don't make good grades on tests.

So long till next week and happy Armistice day greetings! (Even if we didn't get a holiday.)

Nettie Hood—"Back from your holiday, eh? Feel any change?"
Kathryn Acker—"Not a penny."

Jack Brumley—"Don't come near me with that red hair, you might set me on fire."
Peggy Jo Probasco—"Oh, don't worry, you're too green to burn."

Tucker, Brumley And Fraser Will Lead The Staff

There is never any great fanfare concerning the election of staff officers, for these positions are not mere places of honor but represent much hard work. This year, for the first time, the staff itself has chosen the three who will serve as leaders for the group.

A committee submitted to the group these nominees: for editor, Christine Smith and Ruth Tucker; for assistant editor, Naomi Brumley and Doris Goldston; for business manager, Kathryn Acker and Beverley Fraser.

Those elected are Ruth Tucker, editor; Naomi Brumley, assistant editor; and Beverley Fraser, business manager. The entire staff and the student body pledge their support to these three leaders, who are capable and reliable and will do their best to edit a good "Whiteface Round-Up."

Stewart's Pet Peeve Is Having Picture Made

Mrs. Mitchell Stewart, the English 2 teacher, is not a new resident of Hereford; well not completely new, for this is Mrs. Stewart's second year in Hereford, but this is her first year of teaching in Hereford High School.

Mrs. Stewart attended Wayland College in Plainview awhile, but she got her B. A. degree at West Texas State College in Canyon. She got her M. A. degree at Texas Tech in Lubbock.

Mrs. Stewart has brown hair and blue eyes and is 5 feet 4 inches tall. She has no particular hobby. Her likes are band music of any kind and picnic-style-meals. Her favorite radio program is "The Aldrich Family." Her pet peeve is having her picture made.

Mrs. Stewart says she likes Hereford very much, and students hope she enjoys her year here very much.

Tri-Hi-Y Induction Service Is Held

An impressive and religious Tri-Hi-Y induction service was held in the high school auditorium Tuesday night, November 2. The ceremony was held in candle light with the president lighting each speaker's candle as she spoke. The speakers formed a square and a triangle around a lighted Tri-Hi-Y emblem. The inductees formed a semi-circle away from the square and triangle.

After the group had assembled in their places, they sang "Living for Jesus." The president, Ruth Tucker, was the main speaker and she stood at the point of the triangle. Marcella Blue made up the second part of the triangle. She explained to the inductees the purpose of the Tri-Hi-Y club.

The impressive ceremony was based on the scripture—Luke 2:52—And Jesus increased in wisdom, and in stature and in favor with God and man." The four girls making the square each gave a summary of the different parts of this scripture. "—And Jesus increased in wisdom" was given by Jackie Wright, who brought out points about intellect. "—And stature" was given by Rosemary Phillips, who brought out points on physical fitness. "—And in favor with God" was given by Arline Millard, who brought out points about our spiritual life. "—And man" was given by Mary Ruth Russell, who brought out social points.

The third part of the triangle was made up of Ellen Posey, who explained the origin of the Tri-Hi-Y pin. After Ellen had pinned the pins on the new members, she sang "My Creed." The inductees then said the prayer "Others." Following this, Betty Jane Robinson read a poem, "Living—Four Square." The program was concluded with all the Tri-Hi-Y members forming a friendship circle and singing "Blest Be the Tie that Binds" and repeating the Tri-Hi-Y benediction.

The girls inducted were: Virginia Lyons, Betty Morrow, Ann Bateman, Lynn Morrow, Marie Moreman, Beverley Barkley, Lude Virginia Turner, La Nelle Oakes, Frankie White, Elizabeth Lee Cocanougher, Bobby Lee Witherspoon, Marie Williams, Wanda Jean Smith, Madelle Beavers, Cecilia Guseman, Mary Estelle LeGrand, Nettie Lee Roots, Johnnie Sexton, and Helen Tucker.

Olson, Buckner Chosen to Lead Student Council

Things really happened last Tuesday and Wednesday. Just in case you might have forgotten, Tuesday was the day that some members of the student body gave campaign speeches and Wednesday was election day for the president and vice-president of the Student Council.

There were posters all over the building to remind people to vote for London or Olson, candidates for president; and for Blue or Buckner, the candidates for vice-president. Some members of the Senior class were handing out cards for Olson, while the Juniors were putting up handbills for London. This year there were no campaign speeches made at lunch, but the good points of the candidates were discussed in assembly Tuesday morning.

There were three periods for voting: before school, at lunch or after school. The civics classes had charge of the polls.

Almost all of the students of Hereford High School voted this year. Lloyd Olson, the Senior candidate, was elected as president, and Jessie Ann Buckner, the Sophomore candidate, was elected as vice-president.

Join Junior Red Cross . . . NOW!

Junior Red Cross membership drive is now in progress and will continue until November 15. All pupils of the high school are urged to become members. Take your contributions to Miss Davies and receive your membership card.

Homemaking I Girls Make School Dresses

The first year Homemaking students are attempting to make dresses this next twelve weeks. These dresses are to be simple, tailored, cotton, school dresses. If about mid-term, you see several girls with peculiar looking dresses on, you will probably know they are the girls of the Homemaking one classes.

Hereford Girl First Patient to Receive Benefits of Penicillin

Miss Melvina Stewart, daughter of Mr. and Mrs. Mal Stewart of Hereford, is the first patient in this territory to receive the benefits of the new wonder drug, penicillin; and she is now making a satisfactory recovery from a serious strep infection of the blood stream.

Miss Stewart, who is in St. Anthony's Hospital, Amarillo, had been ill for more than two weeks and was in a critical condition, when a shipment of the drug arrived last week, rushed by airplane from Evans Memorial Hospital in Boston. She rallied almost immediately upon the first administration of the new drug.

Penicillin has been used effectively by army doctors in recent months. However, only a very small amount has been released

yard, returned home and heard cries for help.

Mrs. Palmer's daughter, Mrs. E. H. Norton, came immediately, and Mrs. Palmer was rushed to the hospital, where she has since remained. A son, Walter Palmer, and Mrs. Palmer, and Mrs. Mary Palmer's sister, Mrs. Belle Hodges, all of Wichita Falls, arrived Tuesday night.

A grandson, Palmer Norton of the U. S. Marine Corps, arrived here yesterday. He has just completed basic training at Long Beach, Calif., and got special leave to come here to be at his grandmother's bedside.

Farm Slaughter

Limitations Given

Under the OPA revision a person may consume meat without giving up ration points only if he raised the livestock from birth or if he kept the livestock for a period of 60 days immediately before slaughter, or if the weight has increased at least 35 per cent between the time he acquired the livestock and the time of slaughtering. In all these instances, the raising of the livestock must take place on a farm or the place which the producer operates, Gholsen said.

In addition to be considered eligible to slaughter and consume meat, point-free, a person must have resided more than six months of each year on a farm which he operates, or he must have visited the farm for the purpose of giving personal attention and supervision to the raising of the livestock on his premises for at least a third of the time during the period on which he bases his right to consume the meat point-free.

men and our Allies. One of the first problems faced was the drastic need for farm machinery and irrigation equipment in for civilian use. The drug is the best cure yet discovered for many types of strep infections.

that shallow water belt. The Hereford chamber went after this so determinedly, in appeals to federal agencies and Congressmen, and publicized the campaign so widely, that counties over the nation facing the same problem followed Hereford's lead. Result was that the government lifted county quotas on farm machinery; and now, reports the Hereford chamber of commerce, "Our farmers are able to meet agricultural quotas where they might have failed due to lack of machinery."

"In another food production campaign, Deaf Smith County, long the No. 1 wheat producing county of Texas, has pioneered for itself and the Panhandle Plains irrigated belt the growing of Irish potatoes on a commercial scale. Mr. Hereford Potato has been widely publicized and is nationally known. The potato acreage has this year been doubled and the yield has been 60 million pounds of spuds. The Hereford chamber was in the thick of the campaign resulting in securing and installation of new plants for washing, grading, storing and cooling potatoes. Following through in the campaign of diversified food crop production, intensive cultivation has jumped turnip greens yields to 135 bushels per acre; and carrots to around 17 tons per acre.

"On Territorial Preservation Activities, the Hereford Chamber of Commerce has made prompt and effective response to the major assignments in the War and Preservation contest.

"On General Activities, Hereford is looking beyond the end of the war, the Chamber of Commerce having launched a post-war plan calling for a variety of projects. These include farm-to-market roads; and the building of a commercial air field; beautification of parks and parkways; a study of surface water potentialities; and the securing of dehydration, canning, cheese, cold storage, meat packing, small grain cereal, soybean meal and beet sugar plants. The Chamber of Commerce, pursuing a probe into natural resources as yet undeveloped, is sending shipments of Deaf Smith County soil, water, meats and vegetables to the large laboratories for analysis purposes.

"The judges have awarded the City of Hereford second prize in the Inter-Community War and Preservation contest. I now have the pleasure of handing E. B. Posey, secretary-manager of the Hereford Chamber of Commerce this \$300.00 West Texas Chamber of Commerce check."

PERSONALS

Ernest Scheihagen, who is now stationed with the armed forces in Washington, spent a short furlough here with his parents, Mr. and Mrs. W. R. Scheihagen, last week. Ernest is a transport flyer and has seen duty in several foreign countries during the past year.

Mrs. Estelle Todd of Canadian visited her sisters, Mrs. Ida Ricketts and Mrs. J. O. Newell, and other relatives here the past week end.

Mrs. H. D. Reed and daughter, Mrs. Darrell Stagers, spent yesterday in Amarillo with relatives.

Mrs. Viola Foster, now of Amarillo and formerly of Hereford, was a guest of Mrs. J. B. Hammer in Hereford Sunday.

Miss Geraldine Pratt, librarian at LeFors, spent the past week end here with Mrs. Jack Gilliland and Mrs. O. J. Beene. Miss Pratt is a former Hereford teacher.

Recovering From Operation

Lylabeth Blanton, daughter of Mr. and Mrs. Lyle Blanton, was operated on Saturday in an Amarillo hospital and reports early this week were that she is making satisfactory progress.

Miss Jenny Sandy of Borger, was a weekend guest of Miss Mattie Mae Swisher the past week.

Mrs. W. L. Alexander returned last week from a two-weeks visit with relatives. She accompanied her little granddaughter, Beverly Billingsley, home to Stillwater, Okla., and visited there with her daughter, Mrs. Joe Billingsley, and also spent several days in Kansas City and Fort Worth with relatives.

Whitefaces End Conference Season With 12-0 Win Over Tullia Hornets

Ending their conference season on a victorious note, the Whitefaces came through with a 12-0 victory over Tullia last Friday night in a game in which they held a decided edge on the Hornets in almost every phase of play.

C. W. Reeves, fullback, played his best game of the season, starting out early in the first quarter when he got away for 50 yards around end and carried the ball over for the score after Olson had made a first down.

Billy London, halfback, scored in the second period after Hereford had recovered a Tullia fumble to start the maroon and white goalward.

Both Hereford attempts for an extra-point—a kick and a try at fanning the ball over—were failures; and though Hereford made serious scoring threats in both the third and fourth periods, they failed to put over any more touchdowns.

The Whitefaces kept an approximate three to one edge on first downs, and got most of the breaks in the game from the Hornet's fumbles and losses on attempts at a passing game.

The results of Friday night's contest left the Whitefaces secure in their number two place on the District 1-A ladder and ended the conference season, though the Herd will meet Olton in a non-conference go this Friday night.
