

ART SEEMS TO BE one of the most important things that children are learning in the Vacation Bible Schools that are in progress in Hereford at this time. Some are just beginning while for some Friday was the closing day. Shown at the left are members of the St. Anthony's Catholic Church Vacation Bible School painting madonnas and crucifixes which they

made from molds of casting powder. Mrs. M. R. Buck is the teacher of this group. From the left are: Patsy Hallenstein, Virginia Isebel, Kenneth Loerwald, John Buck and Eddy Gallagher. In the center are shown boys in the First Presbyterian Church Vacation Bible School finishing up their key and belt racks. From the left are: Greg Combs, Steve McWhorter, Dickie

Combs, Paul Wall and Bill Krumbain. Teachers for this group are Mrs. Robert K. Phillips, Mrs. Steve Clements, Mrs. Fred Axe and Mrs. D. C. McWhorter. On the right is the three to four age group of the Immanuel Lutheran Church Vacation Bible School. The children are arranging a scene of the crucifixion and resurrection of Christ. Teacher for this group is Mrs. E. A.

Wilke. From the left are: David Ruland, Carolyn Hernandez, Freddie Moreno, Martha Lillard, Darrell Wayne Wilke, Diane Osborn, Mrs. Wilke, David Maya and Johnny Maya. (Staff Photos)

PARATROOPER

Showing Sunday, Monday and Tuesday at the Star Theatre. Starring Alan Ladd, Susan Stephen and Leo Glenn.

Skies full of paratroop commandoes, re-enacting the most daring attacks ever to rip Europe and Africa, tell the story of "Paratrooper," adapted from Hilary St. George Sanders' best-selling book, "The Red Beret."

This is the true story of the paratrooper raids that probed the Normandy coast for the invaders of the second front and broke enemy resistance in the center of the North African coast.

Ladd had to be taught how to fight the Army-way after shooting his way through 40 starring roles with every imaginable weapon, before he could portray the toughest paratrooper of them all.

All the Army's facilities were turned over to "Paratrooper" company to assist it in its monumental task of re-enacting the film's

WSCS Sub-District Meet Held At Wesley Methodist

The Sub-District meeting of the Women's Society of Christian Service of the Methodist Church was held Wednesday at the Wesley Methodist Church. Representatives from Canyon, Friona, Adrian, Willadoro and Hereford attended. Mrs. H. E. Campfield of Canyon, presided.

Theme for the day was "Widening of the Way," with members of the Hereford First Methodist Church opening the program with a pledge service. Those taking part in the service were Mesdames Paul Conaway, Lee Benefield, Maurice Hare and S. M. Dunnam.

Talks were given by Mrs. George Hill of Canyon; Mrs. Claude Curb of Amarillo, who told of attending the WSCS General Assembly held recently in Milwaukee, Wis.; and Mrs. Ralph Palmer of Dumas, dis-

trict devotional secretary, who gave the devotional lesson on the theme for the day. Special vocal selections were presented by Mrs. Ray Conaway, accompanied at the piano by Mrs. W. J. Stanford, and Mrs. Maurice Hare, accompanied by Mrs. S. M. Dunnam.

Following a luncheon held at the noon hour, members of the Adrian organization presented a skit, "Planning the Program," followed by a play, "The Challenge of the Cross" presented by representatives from Canyon.

During the business session Mrs. Leroy Aven was named research chairman. Members voted to hold the next meeting in Vega the last week in January, 1955.

Let's Cook Something

Make Dad His Favorite Dessert On Father's Day
Why not prepare Dad's favorite dessert for Father's Day? Make him a special pie. Pie is a favorite American dessert, and it's an event bet that father will like this new version of chess pie as well or better than he did the old.
It's filled with tangy pineapple which makes it quite out of the ordinary and appropriate fare for party dinners, and even for parties or special occasions. Men as well as women like it.
Mrs. Maude Tannahill likes to make chess pies because they are one of her family's favorites. She has used this recipe ever since her sister-in-law in Lockney served it several months ago while the

Tannahills were guests in their home. It is easy to make because you bake the crust and the filling at the same time, and it always comes out just right.
Pineapple Chess Pie FILLING
2 cups sugar
2 tablespoons flour
4 egg yolks
1/2 cup butter
1 cup crushed pineapple
4 stiffly beaten egg whites
Cream sugar, flour, butter and beaten egg yolks together. Add pineapple and then fold in beaten egg whites. Bake in unbaked crust until brown and firm in moderate oven. This makes enough filling for two pies.

Pie Crusts
All sorts of crusts made with crumbs or ground nuts have become popular, especially for chiffon fillings, yet nothing takes the place of a tender, but firm, pie crust made of shortening, flour, salt and water.
Here is a good basic recipe for pie crust which provides just enough for one 9-inch pie pan.
One Nine-Inch Pastry Shell
1 cup flour
1-3 cup shortening
1/2 teaspoon salt
3 tablespoons cold water
Put the flour in mixing bowl, add salt and cut in the shortening with pastry blender or knife. Add the water gradually, working into a smooth dough. Roll out on board to fit the pan, pricking gently to let out air as you fit the dough in the pan.

DON'T BLOW YOUR TOP!!
Use Water Resistant **TITEKOTE**
Rain, wind, frost action and temperature extremes are natural enemies of unprotected masonry surfaces. Penetration of water into the masonry causes disfigurement and permanent damage to the structure. Under prolonged exposure, moisture will penetrate to the interior of the structure, producing dampness, discoloration and damage.
TITEKOTE has been especially developed as a protective coating for brick, stucco, all types of block and other masonry surfaces.

- ★ RESISTS RAIN
 - ★ RESISTS WIND
 - ★ RESISTS ICE
 - ★ RESISTS SUN
- TITEKOTE No. 1 (Base Coat) is unexcelled for filling and sealing the surface of Cinder Block, Haydite Block, Pumice Block, Superrock Block, Slag Block.
TITEKOTE No. 2 (Finish Coat) is used for protecting and beautifying all masonry surfaces. Has same water-resistant qualities as Titekote No. 1 but does not have the ability to span large voids.

Success Story
— AND A GOOD TIP FOR YOU —
WHEN it comes to sales, every car maker aspires to be up at the top of his price class.
Which is only natural. Popularity like that means success.
We know, because for years Buick has held such an envied position — the unquestioned sales leader in its class. And with good reasons in styling, room, power, value.
But today, folks like you have pushed Buick success even beyond such bounds.
Today, the top sales standings of a full generation have been changed. Today, latest sales figures for the first four months of 1954 reveal this phenomenal fact:
In total national volume, regardless of price class, Buick is outselling all cars in America except two of the so-called "low-price three."
That's a tip too good to pass up. That's the tip-off that Buick must have the hottest styling of the times and the sweetest performance of the year.
More important, that's the tip-off that Buick prices are well within the reach of more and more people — and that such prices buy a lot more automobile per dollar.
So why not look into the tomorrow-styled Buick that puts you so far ahead today?
Come in, or phone us this week for a demonstration. Then you can judge for yourself that Buick really is the beautiful buy — by far.

Adaptation Is Key In Changing World

We live in a changing world. Even in the past few years, most of us have noted changes in transportation, communications, manufacturing methods and economics. It is also important to note that the people of this age are likewise undergoing radical social changes. Methods of shopping have altered, our schools have consolidated. Even our general conception of "success or failure" is different from that of the past generation.

These things are the inevitable result of progress and our present high state of civilization. More important than the changes, however, is our ability to adapt ourselves to these new conditions. Upon this factor depends our present - - and our future. An excellent example of such adaptation, we feel can be noted in recent completion of the Black Community House.

The Black School was discontinued three years ago as part of a consolidated program. It remained idle, just as thousands of such small school buildings have done over the Southwest. It might have ultimately rotted and fallen to pieces, except for an idea conceived by ladies of the Black Social and Study Club. The ladies felt that the community needed a central gathering point for residents of the area. They took one look at the school building, made a deal with the school district, then pitched in and went to work. Today they have one of the most modern community houses in the country with running water, kitchen facilities and storage for extra seats.

Fundamentally, these ladies took a worthless structure and transformed it into the community's most important asset. The project represents vision, hard work, cooperation and excellent planning. In addition to this community house will also be found others over the area, including Westway and Sims.

Opponents of school consolidation frequently pointed out that such movements would result in loss of rural community interest. Theoretically they were correct, but they failed to account for the element of American initiative. In transforming the abandoned school houses into workable community projects, the ladies of Black and other communities have more closely unified themselves than ever before. They possess greater pride in their projects and, possibly even more important, that pride is based upon self-accomplishment.

Water Shortage Is Threat To World

Blessed with an ocean of underground water, the people of Hereford are possibly lax in their realization of the diminishing water supply over the entire world.

In the Southwest, for instance, many cities are already faced with drinking water problems. Industrialization of the area is one of the chief causes and this leads experts to predict that by 1975 U. S. Industry will expand into areas only which afford ample water supply. For instance, 65,000 gallons of water are used to produce one ton of steel. Similar startling figures are connected with carbon black, synthetic rubber, plastics and other modern day products.

As people begin to realize the extent of the national water shortage, they naturally wonder what can be done. More especially, they localize the situation down to themselves.

So far as the Hereford territory is concerned, there is but one answer: "Conservation." While we do not necessarily feel that people should rob themselves of ample water for domestic and irrigation purposes, it does make sense that we should not waste our most precious asset. Careful study of the conditions and possible cooperation with the High Plains Water District are possibly the most logical directions which we might follow.

Locally, the situation is comparable to the timber shortage in the U. S. several years back. Cooperation of local areas with state and federal conservation agencies have done much toward retarding complete annihilation of our lumber supply. Action along similar lines can undoubtedly contribute much toward retaining our water resources. However, it is also well to remember that where we have substituted other materials for lumber, we can hardly expect to find a practical substitute for water.

Just as our water supply will determine the future of Texas as an industrial center, so will the present day conservation of water determine the future of agriculture and advancement in Deaf Smith County and its surrounding territory. It is a serious problem worthy of serious consideration.

Red Cross Awards

Two Hereford citizens were honored here Tuesday night when Mrs. Reed Williams and Fred W. Baird received service pins for outstanding Red Cross work in the community.

While most people join the annual Red Cross drive each year, it is seldom that you find two individuals with such records of personal service. Mrs. Williams started her Red Cross career in 1917 as a Canteen Girl during World War I. Since that time she has helped fund campaigns in some capacity each year - a total of 37 years active service to the organization and to the community.

Mr. Baird began his Red Cross career in 1938 and served for the following eight years as chapter treasurer. He has since supplemented the work as chapter chairman and as a director.

The Brand agrees with American Red Cross. These two citizens have merited honor and recognition. Year in and year out, often in the face of criticism and adversity, they have contributed generously of their time and, at the same time, their own personal donations of money. People of this type are responsible for the success of Red Crosses, locally and nationally. In addition, they are also responsible for success and welfare of their individual communities.

For Fathers Only

Today is Father's Day. What will it mean to you?

Father's Day holds a different meaning to each individual son and daughter. Likewise, it will have a different meaning for each individual father.

What we are driving at is the fact that in this world of competitive business, meetings galore and activities in general, too few of us find enough time to spend with our children. Too often, we leave their future in the hands of their mothers, their teachers and the neighbors. Seldom do we find time to play with them, to visit with them or to instill the fundamentals of honesty and hard work which our parents taught us as children.

In the pursuit of "livelihood and happiness", too many of us lose sight of our goal through the actual pursuing. Fathers, after all, are just people, but they are mighty "important people" to their children. A little time spent with our children today can eliminate heartaches and disaster for tomorrow. It can even mean future happiness by completely altering the lives of our children.

Father's Day, 1954, might be an excellent time to make an inventory of ourselves. It could give a rich feeling of success on the occasion of Father's Day 1955, - or 1965.

A TWO HEADED MONSTER ???

QUESTION OF THE WEEK

Red Cross Asking Repayment For Aid Sounds A Bit Rough

Should cities which get disaster aid from the Red Cross be required to reimburse the Red Cross, as that organization now contends?

MRS. E. B. HEDRICK

"I have been reading in the paper where they wanted Waco to reimburse them and up until that I didn't know that the Red Cross asked that. I really don't think that they should be reimbursed. After all, we donate the money to be distributed in the first place and it has to be used, so why should we pay back what we have already contributed?"

JAY SULLIVAN

"No, I don't think that cities should be required to reimburse the Red Cross. We make donations to the Red Cross through our cities and the money they use for disaster help is from that fund. I don't feel we should pay back what we give in the first place."

MRS. B. LEE COCANOUGHER

"In a way I think that cities which get disaster aid from the Red Cross should be required to reimburse them. The way I understand it that is the way the Red Cross operates. I mean through contributions, and if these cities would reimburse them they would be more able to help others. Too, if anything else ever happened to the city they would feel better about calling on the Red Cross and the Red Cross would be more able to help them."

R. A. STORY

"No, I don't think that cities which get disaster aid from the Red Cross should be required to reimburse them. I thought the Red Cross was a full aid center and that people put money in the organization to do such things as that. I don't see any need in paying them back. We contribute to the Red Cross year after year and I believe that they have enough money to meet needs without asking for it back."

W. T. VERNON

"I don't believe that cities should be required to reimburse the Red Cross completely for the help that they get during disasters. I thought the reason we contributed to the Red Cross was so they would have money to use in these disaster areas and help people who need it."

We washed up the coffee pot just in case we should win one of those free pounds of coffee Francis Hardwick was giving away.

It's real nice of him to let a few people enjoy their favorite beverage once more without the price giving them indigestion.

We probably waste money in a good many ways but it is the idea of the coffee distributor that makes us furious.

If you think the weatherman has been rough with you then you should have seen Lloyd Olson's and Carroll Newsom's crops just after the last round of hail. Stalks were all that was left of what had been a nice potato patch with potatoes almost eating size. The vines are beginning to put out but what the results will be is pretty uncertain. Both boys had their wheat pounded into a mat of straw.

The N. A. Brown's had good prospects for wheat in spite of the fact that they do not irrigate but first the freeze damaged the early wheat and then the hail hit the good wheat they had left and didn't even hail on the field that had been frozen according to Mrs. Ernest Brown.

Texas Press Association
AUSTIN — Governor Allan Shivers will claim the political spotlight Monday.

The Lufkin-born chief executive formally opens his campaign for re-election in the city of his birth in the heart of East Texas on June 21.

It will be an old-fashioned political rally, reviving the personal-appearance type of campaign.

Newspaper ads are being used to call statewide attention to his talk which will go on the air at 8:30 p.m.

Lufkin is also the home of Governor Shivers' campaign manager, Senator Otis Lock.

It was in nearby Woodville that Shivers received word in July of 1949 that he—then Lt. Governor—had become governor, with the sudden death of Governor Beauford Jester.

Shivers' Busy Campaigning
Governor Shivers is filling many speaking engagements over the state.

Kicking off his drive for campaign funds was a \$10 per plate luncheon in Dallas, attended by 800 persons.

In his off-the-cuff talk in Big-D, Shivers said he would run on his record.

He branded the majority of his political enemies as persons who believe in a centralized government, subject to socialistic infiltration, as against the theory of local powers and States' rights.

"Perpetuity" Says Yarborough
Judge Ralph Yarborough, Austin attorney who is campaigning against Shivers, got his own campaign into motion earlier, with stinging remarks about "perpetuity in office."

So far Yarborough has undertaken no statewide promotion.

The rest of the political front was much like the quiet that comes just before a tornado strikes.

Cotes Returns
However, political incidents of 1948 are being brought back to mind.

Coke Stevenson has returned to political life.

The former governor of Texas stepped into the limelight with an endorsement of Dudley T. Dougherty for U. S. Senator.

Dougherty seeks the seat occupied by Senator Lyndon Johnson who won over Stevenson by 87 votes, in a hotly contested race for the senate six years ago.

Stevenson will serve as chairman of the campaign steering committee for Dougherty.

He promised the voters a refresher course in Texas political history.

"This time," he said, "we can go into and reveal all the details about Box 13 in Jim Wells County, where on Friday after the primary a sleight of hand miracle occurred and 200 votes were added to the Johnson total."

MORE GRAIN STORAGE

Patterson Grain Company of Lockney and Sterley will construct a 300,000 bushel elevator at Sterley and expect to have it ready for the maize harvest crop this fall, according to information from members of the firm.

The elevator will be of concrete, similar to the large one built here last year, and will be located just west of the building now owned by Patterson Grain at Sterley. Chalmers & Barton of Hutchinson, Kans., will construct the elevator as well as one at Plainview and another at Lubbock for other grain firms. They built the elevator here last year. The BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher on his Johnson grass farm seems a little riled up this week. He'll get over it.

—o—

Dear editor:

I was fiddlin with my radio the other night tryin to get a weather report, you can't always depend on a weather report, but when a man needs a rain a rain forecast is better than nothing, when I accidentally turned in a speech somebody was making, I never did catch his name, but I was interested in what he said.

Accordin to him, "the average man is the key to peace in the world."

Now first off I'd like to say I have never met an average man, but I think I know what a speaker means by the phrase, it's people like you and me, especially me, and for that reason I would like to disagree violently with anybody who says I'm the key to peace in the world. I don't have a thing to do with it.

All the wars I can remember, I didn't even know what was happening till I read about it in the papers, and all the armistices I can remember, I didn't know was signed till I read about that too. They can't pin it on me.

You take the present trouble in Indo-China. Why, in the last fifteen or twenty years I don't guess I've spent fifteen seconds thinking about that country, don't even know which direction it is from here, and anybody who is dependin on me to bring about peace over there has sure got his head in the clouds and his foot in his mouth at the same time. If I ever had the key to peace in Indo-China I blamed sure have misplaced it. I've gone through my brain and my pants' pockets too, and it ain't here.

Maybe in the Revolutionary War the average man had something to do with it, maybe in the Civil War, when a man with a single-shot rifle was as well armed as anybody else, but nowadays it's the men who control the bombs and the airplanes that have the key, and I ain't got a bomb or an airplane to my name.

I am afraid that big shots cause wars, not little shots, and I decline the honor of the responsibility.

I'm sure in favor of peace, I've got more than I can do fightin insects, not to mention somebody on the other side of the world—I don't even know their last names, and if the world is looking to me to solve its problems, it had better lay in some more headache powder.

Yours faithfully,
J. A.

Insolvency
Legally it's all over. But politically it will be an issue for months to come.

Ralph W. Hammonds has confessed that his Lloyd's of North America insurance company is insolvent.

With head bowed, the heavyset one time University of Texas wrestling champion gave up defense of his company in 98th District Court after only three days of testimony.

The trial had been expected to last at least two weeks and was destined to produce explosive political testimony. . . as the subpoena list included Governor Shivers, his public relations chief John Van Cronkhite, Ralph Yarborough,

two gardenias surrounded with white rosebuds.

Following the wedding, refreshments were served in the church. Mrs. Buren Scott presided at the punch bowl and Mrs. Leo Box served the cake. Mary Beth Sparks assisted guests in registering.

When the couple left on a wedding trip to East Texas, the bride was wearing an iridescent nylon frock with white accessories and the gardenias lifted from the wedding bouquet.

The bride is a graduate of Hereford High School. Mr. Stephens graduated from Yantis High School. He served two years with the armed forces and is now employed in the Hereford Police department.

Out-of-town guests at the wedding included Mr. and Mrs. Clyde Dameron, and Mr. and Mrs. P. L. Hoyle of Dimmitt, and Mrs. Roy Stephens of Frederick, Okla.

and many others active in state politics.

It was a victory for Attorney General John Ben Shepperd and Assistant Attorney General Rudy Rice, chief prosecutor for the state in the case.

Other Trials Delayed
Criminal trials of four officials of defunct insurance companies have been postponed until October.

The four indicted men appeared before District Judge Charles O. Betts, asked and won continuance of their trials until the Fall term of court.

They are Paul and Leslie Lowry, D. H. O'Fiel — all of Beaumont — and Spencer S. Treharne of El Paso.

Now defunct is the Texas Mutual Insurance Company of Beaumont, formerly operated by the Lowry brothers. O'Fiel is a Beaumont attorney. Treharne was operator of the inactive insurance firm of United Lloyd's.

Twenty-eight persons were subpoenaed to testify in the trials, including State Senator William T. Moore of Bryan, chairman of the senate insurance committee, who was an attorney for the Lowry's Texas Mutual Company.

Scotfield Declared Innocent
A federal jury has found Frank Scotfield innocent of charges that he violated the Hatch Act.

He was charged with soliciting and accepting funds for political purposes while serving as Collector of Internal Revenue.

During Scotfield's trial, 10 government witnesses testified that they had no knowledge that Scotfield had ever sold or received money from the sale of tickets to the 1950 Jefferson - Jackson Day Dinner held in Austin.

Federal employees, under the Corrupt Practices Act are prohibited from participating in any political activity.

Sewell-Stephens Vows Exchanged Here June 9

Miss Peggy Sewell, daughter of Mr. and Mrs. Claude Sewell, was married to Joe Stephens, son of Mr. and Mrs. F. H. Stephens of Yantis, at 7 o'clock June 9 at the Temple Baptist Church.

Rev. Russell Pogue read the double-ring ceremony as the couple and their attendants stood before a decorated altar arranged with pink roses in tall baskets, and seven branched candelabra holding lighted tapers.

Jean Glass, pianist, played the wedding music and accompanied Donna Cayler who sang "Because" and "I Love You Truly." Sharon Scott served as candle lighter.

Miss Donnie Johnson was maid of honor. She wore a pink lace ballerina frock and carried an arm bouquet of yellow daisies. Lois Pogue scattered rose petals from a white basket along the bridal aisle and Allan Box carried the rings on a white satin pillow.

Leo Box was best man. Ushers were Carl Hutchison and Woody McDermitt.

The bride, given in marriage by her father, wore a dress fashioned of white Chantilly lace and tulle over satin. The fitted waist had a sweetheart neckline and short sleeves and the skirt fell in full ballerina length folds. Her fingertip veil of illusion fell from a half-hat with seed pearl trim and she carried a white Bible topped with

Jim Hill Has Sixth Win; Rutherford's Edges Knights

Hotel Jim Hill scores its sixth straight triumph by stopping Piggly Wiggly 7-4 in the first game of a double-header Tuesday night. Rutherford's jumped into a tie for second, two games of the pace being set by the hotel team, by edging the Road Knights 6-5 in the second game.

The loss was Piggly Wiggly's fifth, compared with two wins, and puts them in fifth place. Rutherford's share the second place with Summerfield, both having a four and two record. The Road Knights occupy the cellar, possessing a one and six record.

During the first game, it was close all the way. A lead of four runs held by Jim Hill at the end of the fifth was the longest lead held by either team.

Blue Turpin was the winning pitcher for the Hotel team. Don Morgan received credit for the loss. Morgan gave up five hits, struck out nine and walked five. Turpin was one of three pitchers used by Jim Hill. Doug Timberlake started and pitched two innings, giving up two runs and no hits. John Winkler labored on the mound one inning for the Hotel gang, and was touched for two runs and three hits.

First Inning Lead
Jim Hill began the game by picking up an early first inning lead of 1-0. A walk and singles by Carroll and Howard produced the tally.

After Piggly Wiggly was scoreless in the first, the Hotel team went scoreless in the second but Piggly Wiggly took the lead by managing two markers. Four walks and an error scored the run.

This lead was very short lived as Hotel Jim Hill knotted the count with one run in the third. Barrett doubled and scored when Wilson bobbled Hair's grounder.

Piggly Wiggly was held runless in the third, fourth and fifth, while the Hotel batters made their total five by pushing across three runs in the fourth. Howard homered with two mates aboard for the runs.

Thanks to two costly errors, Jim Hill opened even more ground by scoring a single run in the fifth. Jim Hill was held scoreless in the top of the sixth but Piggly Wiggly scored their final two runs in the bottom of the sixth. After two were out Wilson and Dement singled, then Wallace walked to load the bases. Greenway delivered with a double, driving the runs in.

A double by Winkler and an error scored Jim Hill's last run in the seventh inning.

Howard led the Hotel batters with two hits. Dement also led his team, Piggly Wiggly, with two hits.

Second Game
Rutherford's took a 6-5 victory over the Road Knights in the night-cap.

Ken Walterscheid, winning pitcher, gave up five runs and seven hits, with only one error chalked up against him. Losing pitcher Tommy Albracht gave up six runs and six hits, with the Road Knights making six errors.

Knights Take Lead
In the top of the fifth the Road Knights took the lead with a two run out. Singles by Hutchinson and Urbanczyk coupled with two walks and an error were the fundamental causes.

This lead did not stand long. Rutherford's quickly retaliated by scoring four runs in their half of the fifth to take a 5-2 lead. With one out, Burdine, Suttle, Summers and Knox got four straight bingles. In this process the Knights were guilty of three errors which aided Rutherford's considerably.

The Knights narrowed the lead to two runs by scoring one in the sixth. Diller singled. After taking second, ground balls by Urbanczyk and Box scored him.

In the last half of the sixth inning Rutherford's was held scoreless by Tommy Albracht.

Going into the top of the seventh the Knights made a futile attempt to tie the score. Wilson led off with a walk then went to third on Albracht's hard single. Diller binged with a double to score the runs.

Rutherford's won the game by scoring one in the last of the seventh. With one out Knox took first on an error. Tim Corbett then came through with a single, putting runners on first and third. Lueb drove Knox in with a ground ball, ending the game.

Tommy Albracht and Diller led the Road Knights with two hits apiece. The six hits collected by Rutherford's were garnered by six players — Burdine, Suttle, Summers, Knox, Corbett and Lueb.

Bridge Dedication Still Hangs Fire

Final plans for the dedication date of the Canadian River bridge at Old Tascosa will probably be made soon by the Highway Committee of the Texas Highway 51 Association, then all members of the association notified, according to a motion passed Friday at an association meeting held in Hotel Jim Hill.

For a time it appeared that the members, who had gathered here from places as far apart as Dalhart, Seagraves, would deadlock on whether or not to dedicate the bridge before the highway approaches are paved. Finally, on a motion by A. J. Schroeter, it was decided to contact the Texas Highway Commission and get their views on the matter.

A delay in the delivery of steel needed for a railroad overpass south of the bridge will delay the completion of the paving unless the Highway Commission can rush the project. Latest work received from Wallace Braden, contractor on the project, is that steel for the overpass would not be received until August, and the overpass would not be finished until late in

October.

Ordinarily paving work is not done in this part of the country after September 15, which would mean that the paving would be delayed until next spring.

John Nichols, Boys' Ranch representative, got to the root of the problem by asking whether this was to be a bridge dedication or a road dedication, but the question was never finally settled during the meeting.

Those in favor of going ahead with the dedication suggested a weekend about two weeks one way or the other from Labor Day.

T. A. Singer of Dimmitt, one of the earliest backers of the Highway 51 Association and the International Parks Highway Association, which would include Highway 51 in a "Canada to the Big Bend" route, is also making plans, but those are for a motorcade of at

least two cars which would advertise the opening of the bridge, and also the IPHA in states north on the route.

His idea is to take the motorcade to Lamar, Colo., Alliance, Nebr., and Hot Springs, S. D., and possibly on north from there if weather permits. Further reports on this project will be given at the association's meeting next month at Andrews.

President Kim McAbee of Dalhart called for a financial and membership report, and found it encouraging, as the association has nearly \$900 available and has gained a number of members. Most towns on the route are planning the main part of their membership drive for the near future, though.

Some 40 persons from 14 different towns were present for the meeting.

Swimming Classes Will Start Monday

All persons wishing to take swimming lessons, whether they have signed up for the classes or not, should be present at the Municipal Swimming Pool at 9 o'clock Monday morning, according to O. D. Lowry, pool superintendent.

"So far, we have some 18 persons who have signed up for the swimming lessons, which cost \$10 for the 12 lessons," Lowry said. "Schedules will be worked out Monday morning, depending partly on the number of persons who finally enroll for the classes. Jim Lowry and J. B. Wells are to teach the swimming classes this year."

Last Rites Held For Mrs. Morgan

Funeral services for Mrs. Lula Ellen Morgan, 69, 410 West Second Street, were held Saturday afternoon in Rose Chapel with Rev. Howard Scott, pastor of the First Baptist Church, officiating.

Mrs. Morgan died Thursday night at Deaf Smith County Hospital following an illness of about two and one half years.

She was born April 1, 1885 in Yell County Ark. January 28, 1906, she married J. D. Morgan at Bellville, Ark., and they came to Deaf Smith County from Arkansas in 1932.

A practical nurse for many years before her illness, Mrs. Morgan's hobby was oil painting.

Survivors include: four brothers—Jim Young of Hereford, Joe Young of Eric, Okla., Will Young of Bakersfield, Calif., and Ted Young of Los Angeles, Calif.; two sisters, Mrs. Noah Eaton of Colorado Springs, Colo., and Mrs. Jack Grady of Colorado Springs, Colo.

Burial was in West Park Cemetery under the direction of Gilliland Funeral Home.

Wheat Harvest Begun; Vegetables Ready Soon

IN THIS ONE FIELD are 100 acres of onions which should average several hundred sacks to the acre. Grown by Trautmann Bros., these onions, like many other fields in the Hereford area, are reaching a point where growers are counting the days until time for the harvest. When that time comes, the big question again will be the market price, always the biggest question on perishables. (Staff Photo)

Combines are beginning to roll through wheat fields, the potato and onion fields are probably less than two weeks from harvest, and heavy grain sorghum plantings are replacing other crops which were hailed out, a survey of informed sources has shown.

Men who keep their fingers on the pulse beat of the farm situation figure that probably from 90,000 to 100,000 acres of wheat will be harvested this year, with slightly less than half of that averaging 20 bushels to the acre, because some of the best wheat received the most hail damage.

Even 40,000 acres of that kind of wheat, with another 40,000 which should make six or seven bushels to the acre, would mean at least a million bushels of the golden grain pouring into area elevators.

This is a long way from the bumper harvest that would have been brought in if all of the allotted acres had produced grain which could have been combined, but still means a lot.

Right behind the wheat harvest will be the trucks loaded with spuds, coming in from about 4,500 acres planted with potatoes.

Most of those potatoes got some hail damage, but new foliage covered most of the visible scars, leaving underground the potatoes which will soon show whether or not they recovered from the hail. Nearly all potatoes have been left for the harvest, regardless of the amount of damage to the plants.

Onions, too, were damaged, but none were lost completely. With 600 to 700 acres in that savory crop, many thousands of sacks of onions will be loaded out of the fields unless something else happens to ruin the crop during the few days left before harvest begins.

Looking ahead, farmers who lost wheat or cotton, both of which received about the same amount of damage on a percentage basis, have put or are putting land into sorghums. If there are some further rains, as high as 300,000 acres of sorghums may well be harvested here this year, bringing another bumper crop of maize to the elevators.

Last year's maize crop was big enough to cause small hills of grain to be piled around elevators, and this year's grain sorghum harvest is likely to bring a repetition.

Year's 13th DWI Enters Guilty Plea

A Parmer County man was the "unlucky 13th" person to be convicted of driving while intoxicated in Deaf Smith County this year.

James Hoyt Haynes, 28, who pleaded guilty in County Court Thursday before County Judge Horace L. Schloss, sentenced to 10 days in

jail and fined \$75 and costs.

Haynes was taken into custody about 1:45 o'clock Wednesday morning by Hereford policeman Joe Stephens, after he was involved in an accident in the 600 Block on West First Street.

Stephens testified at the trial that he had received a radio call to investigate an accident, and found that Haynes car had collided with the left front fender of another car. About \$35 damage was done to Haynes' car, and \$50 damage to the other vehicle.

Further testimony by the officer brought out the fact that Haynes smelled strongly of some alcoholic beverage, and that he had difficulty in maintaining his balance. There was no beer or liquor found in the car.

Haynes was given a blood test at the hospital, but the report on the test had not been received at the time of the trial.

After hearing the testimony, Judge Schloss assessed the penalty, then had Haynes surrender his driver's license. Judge Schloss then told Haynes that his license to drive any type of motor vehicle in Texas was suspended for a period of time not to exceed one year from the date of conviction.

Haynes was given credit for the time he had spent in jail before being tried.

Masons Schedule July Installation

Installation services will be held some time in July for Masonic Lodge officers who were elected Monday night.

Those chosen to serve during the coming year include: E. E. Roberson, worshipful master; Lynn Kester, senior warden; J. D. Greeson, junior warden; Ray Bosley, Tyler; Robert Thompson, who was re-elected secretary; and T. D. Stambaugh, treasurer.

FRANK A. GYLES SR.

Draft Board Elects Gyles As Chairman

Frank A. Gyles Sr., has been elected to serve as chairman of Selective Service Board 18; to replace Hershel E. Miller, who resigned because of ill health.

Miller has been in the McKinney Veterans Hospital for the past two weeks undergoing treatment for cancer. He had served as chairman of the board for approximately two months.

Gyles has been a resident of Hereford for almost 50 years, coming here in 1905. He has farmed, operated a Piggly Wiggly store and is now operating Packard Milling Company.

A member of the Presbyterian Church since the age of 12, Gyles served about 18 months in World War I. He is a member of the Masonic Lodge and is a Shriner. The Gyles have one son, Frank A. Gyles Jr.

Ordination Of Three Deacons Scheduled

Temple Baptist Church will ordain three men to the office of deacon at 2:30 o'clock this afternoon.

Those to be ordained include M. R. Latham, R. A. Dainel Jr., and Fred Woffington.

The program will consist of a questioning period, by George Ray of Dimmitt; the delivery of the charge by Owen Stagner; leading of the ordaining prayer by Rev. Paul McClung of Dawn; and the delivery of the ordination address by Rev. G. C. Tiner of Dougherty.

Deacons and pastor of other Baptist churches in the area are being invited to form the ordaining council, it was announced.

Around Town

One of the men who attended the Highway 51 meeting in Hereford found out that light cars are not the type to make long, fast runs. He tried to keep up with a Lincoln, and had to stop in Dimmitt to buy a new car before he could come on to the meeting. His latest idea is that 60 on the highway is fast enough for anyone.

Chamber of Commerce Board President T. W. Alderson reports that he is already getting "nibbles" about the position of Chamber of Commerce manager which G. E. Mullins is leaving, but the board is still looking around.

Most wheat marketing quota cards have already been delivered, but those who don't have them should mail a request to the Agricultural Stabilization and Conservation office in Hereford. A form is found on the bottom of the acreage allotment card.

Rev. S. E. Eldridge, former pastor of the Hereford Assembly of God Church, will deliver the message next Sunday morning and Sunday night at the Church. Eldridge is now district secretary and lives in Lubbock.

Five Hereford students attended the Methodist Youth Fellowship assembly at McMurry College, Abilene last week. They are Ottis Vaughn, Pickens Moore, Carroll Wilcox, Wanda Riddle and Sue Rogers. The meeting was Saturday.

Last scheduled double header of the first co-round in the Hereford Softball League will be played Tuesday night. Rutherford's will meet Pizely Wiggly in the first game, which begins at 8 o'clock in Veterans Park, and Dawn will play Summerfield in the second game.

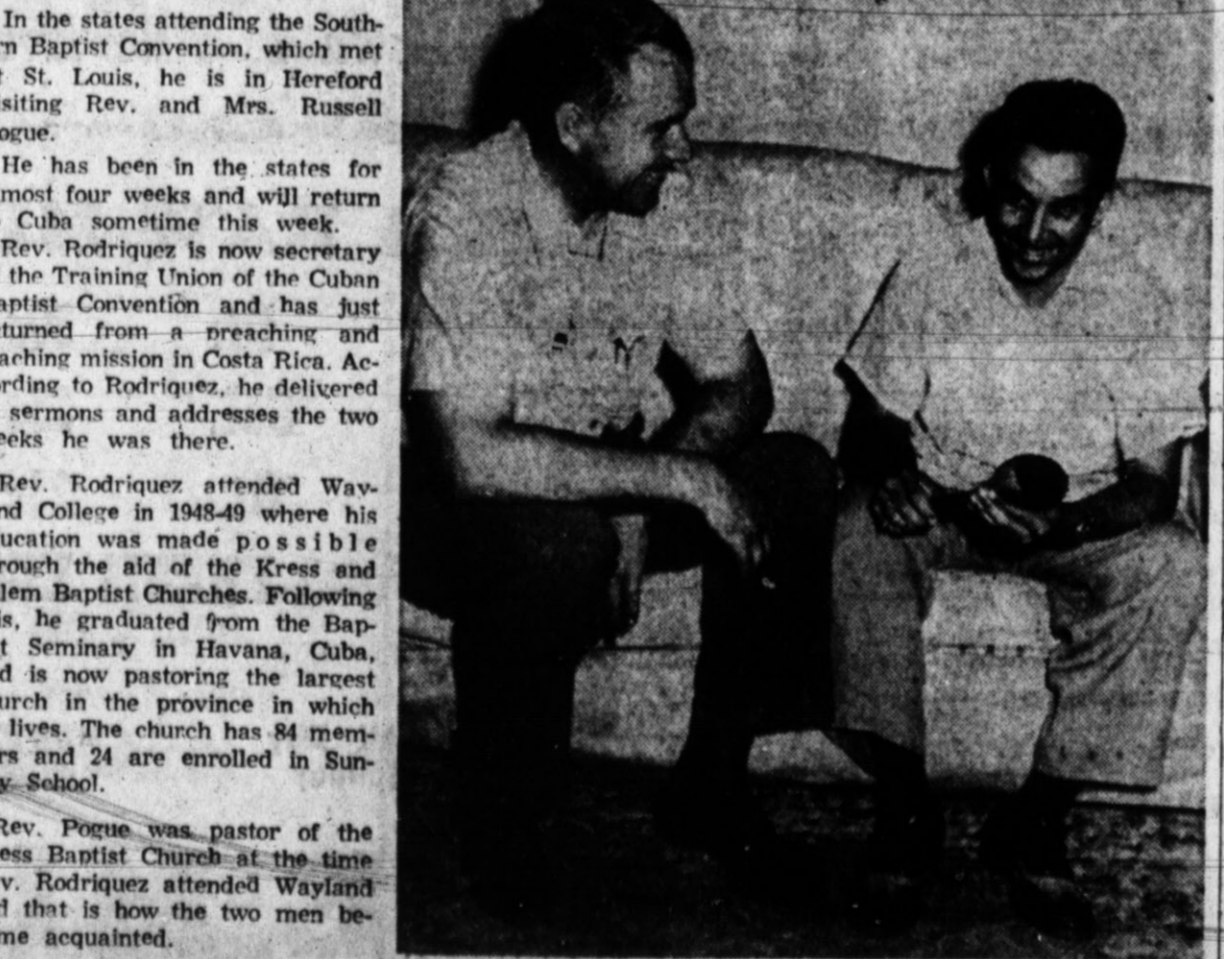

The Hereford State Bank is observing its seventh anniversary this week. It opened in 1947 with \$50,000 capital stock and \$50,000 surplus and now has \$75,000 capital stock and \$100,000 surplus.

Cuban Minister To Speak At Temple Baptist Church

Rev. Daniel Rodriguez, former president of the Cuban Baptist Convention, is to deliver the morning address at the Temple Baptist Church today.

Rev. Rodriguez was his secretary. Rev. Hughes, whose family live in Kress, wrote Rev. Pogue and said that he would like for Rev. Rodriguez to attend Wayland.

Rev. Rodriguez is married and has three small children.

Auction Of Jim Hill Hotel Set For Tuesday Afternoon

A second attempt by Reconstruction Finance Corporation to sell Hereford's four-year-old Hotel Jim Hill and get at least \$199,000, which is still owed RFC, will be made at 1 o'clock Tuesday afternoon.

Big States Auction Company of Amarillo has been advertising the sale, and has evidently given it wide publicity, for dozens of strangers have been quietly dropping into the hotel to look over the facilities.

Though there are rumors, no one knows just who may make bids on the half-million dollar building, which is both a source of pride and something of a sore spot in Hereford.

Opening of the Jim Hill in February of 1950 climaxed some two years of work to raise money for

the structure and have it erected. When RFC made the highest bid at their own auction on April 6 to protect their investment, it meant that \$175,000 worth of Community Hotel Corporation stock became so much paper.

For many, however, the big point is that the hotel does exist, and is likely to continue in operation here, probably without any marked interruption.

The hotel has served as a focal point for buyers and many others working with the vegetable industry in this area. It has also apparently helped attract many other people to this area, and has helped the city by giving a general push toward expansion and modernization.

When RFC foreclosed on the hotel and offered it for sale on April 6 the Community Hotel Corporation, represented by Dr. L. B. Barnett, made a bid of \$75,000 for the hotel, but that was soon left far behind.

A representative of the Hilton Hotel at Plainview hit the \$100,000 mark, but Wayne Wallace made the next to the last bid, finally dropping out when the bid went beyond \$131,000.

Sale of the hotel furnishings and fixtures to RFC went almost unopposed, with Dr. Barnett offering \$5,000 for the corporation, and the RFC closing the bidding by offering \$10,000.

Tuesday's auction will probably

determine whether control of the hotel stays in the Hereford area or not. However, if the auction fails to produce a bid of at least \$199,000, RFC will probably turn it down and try to dispose of the property through a negotiated sale.

Six Indicted By Grand Jury

A District Court grand jury returned six indictments, and examined seven other cases when they met Monday.

Indictments included two for child desertion, two for forgery, one for non-support, and one for theft by bailee.

One man, who has not yet been taken into custody, is charged with forgery and with deserting his wife and child.

Others indicted include: Aubrey Smith, charged with non-support; Sam Villareal, charged with forging a check on J. K. Baker about the first of May; Gilbert Castillo, charged with child desertion; Earl Clayton, charged with theft by bailee in the loss of a car; and Steve Wilson, charged with forging a check on Ed Jesko last spring.

Included in the other cases were two charges of worthless checks in which those involved were not billed; and one case in which the person charged is in the hospital, and the case was passed until his release.

Approximately \$320 damage was done in a collision at the intersection of West Third and Lee Streets about 12:10 o'clock Thursday afternoon.

Howard E. Drye, 305 Bennett, driving a 1951 Plymouth, was going west on Third Street and Robert L. Hodges, Route 4, driving a 1954 Ford pickup, was going north on Lee Street. The pickup had pulled up to the stop sign and then continued through the intersection. According to police reports, he did not see the Plymouth because of some parked cars on his right. Skidding his car approximately 27 feet trying to prevent the accident, Drye collided with the left side of the pickup.

Charge Of DWI Filed On Bailey

Charges of driving while intoxicated were filed Friday against Nelson Bailey, Negro, by the Highway Patrol after a report was received from Austin on a blood test taken June 11 following a collision about five miles south of Hereford.

County Attorney J. Edward Line said that the blood test showed enough alcoholic content in Bailey's blood to support the charge.

Bailey received a compound fracture of the right leg between the knee and ankle when his sedan collided with a truck driven by James A. Honeycutt, Route 3. Honeycutt was making a left turn across the highway to enter a private road when Bailey's car hit the truck bed. The ton of Bailey's car was peeled back by the collision, and enough other damage done that the car was considered demolished. About \$400 damage was done to the truck.

Neither Honeycutt or his wife, who was in the car with him, was injured in the accident.

Charge of making an improper left turn were filed against Honeycutt by the Highway Patrol.

Brand Wins First Place In Editorials

A first place in editorial writing was won by The Hereford Brand in the Texas Press Association's Diamond Anniversary contests, it was announced Saturday at the convention in Fort Worth.

Editorials submitted for the contest had to be from three consecutive issues of The Sunday Brand, and from a period set up by the contest committee.

The Brand came in second in the sweepstakes, with 440 points in the various classifications, compared to 496 points which was chalked up by the Colorado City Record, which won firsts in three classifications—news pictures, news writing and column.

Second place ratings in news pictures and column writing were won by The Brand, as well as third place in news writing, third in general excellence, and third in appearance.

Farwell, which competed in the "weeklies under 2,500" class, won third in the sweepstakes, first in editorials, second in column, and second in news pictures, for a total of 260 points. Winnaboro had the winning paper in that division.

The Canadian Record, edited by Ben Ezzell, a former news editor of The Brand, won a third in appearance in its class, and the Wellington Leader won a fourth place in appearance. Tullia, a north Plains paper, won a third place in editorials.

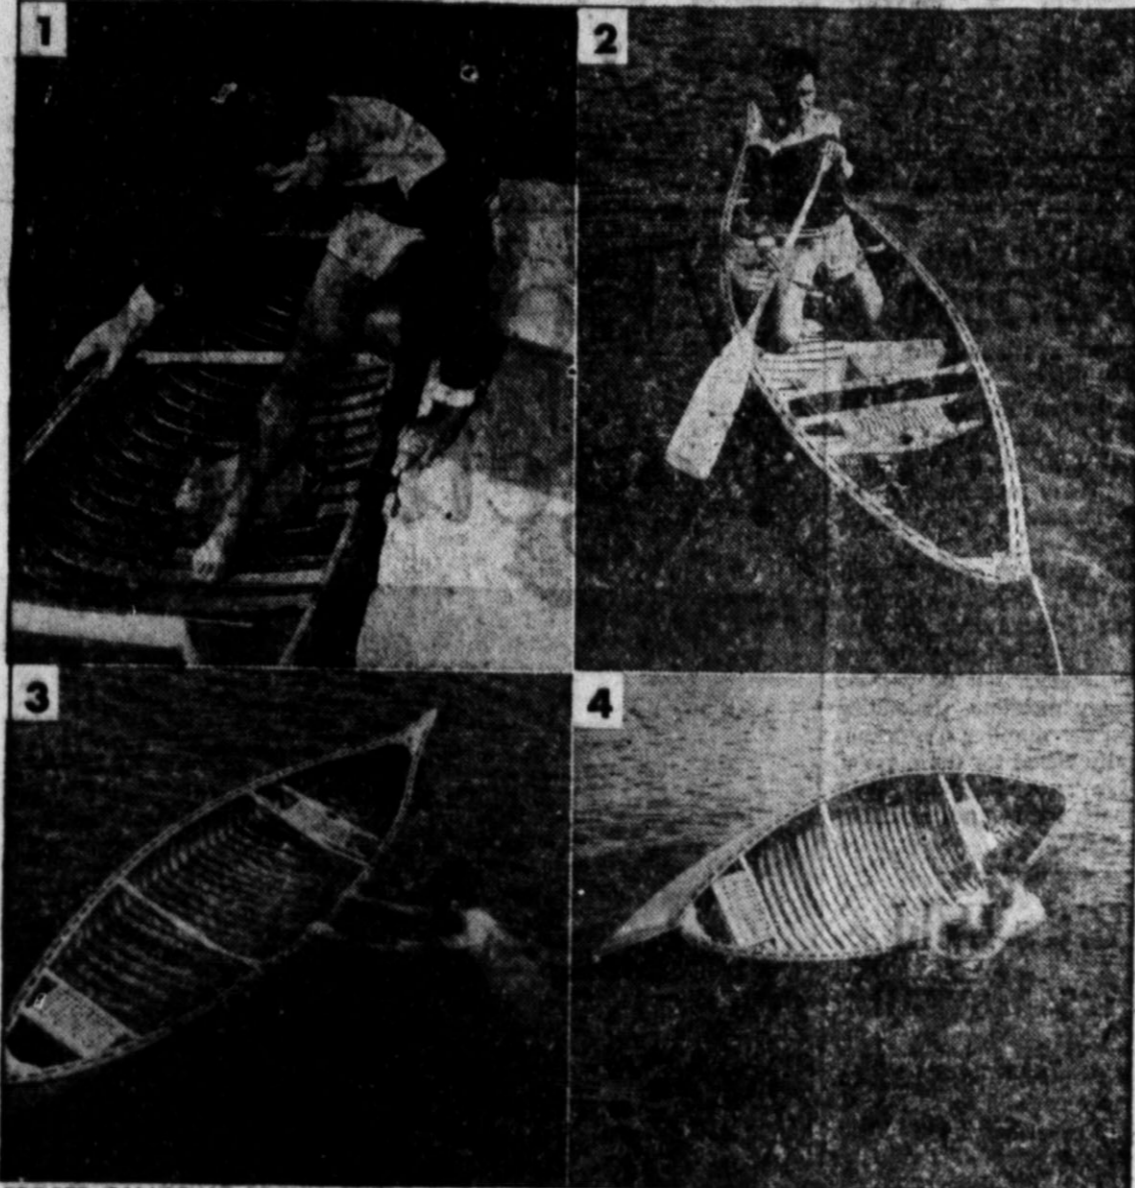

Club Plans Picnic To Honor Husbands

Plans were made to entertain husbands of the members of the Sunshine Club at a picnic Friday, when the club met June 10 in the home of Mrs. George Miner. Hostess games were played and three members received anniversary gifts. They were Mrs. Fred Higgins, Mrs. Clois Kemp and Mrs. Clint Landry. Penny gift was won by Mrs. Clois Kemp. Refreshments were served to 10 members.

Those present were: Mrs. C. B. Watts, Mrs. W. W. Wells, Mrs. C. E. Sheppard, Mrs. Clois Kemp, Mrs. Fred Higgins, Mrs. W. E. Pittman, Mrs. Fred Muller, Mrs. Myrtle Cawthorn, Mrs. Nell Pittman, Miss Pat Watts, a guest, and Mrs. George Miner, hostess.

Olympic Champ Demonstrates Safe Canoeing Tips

PROPER CANOEING TECHNIQUES are demonstrated by Olympic champion Steve Lysak in a new color movie, entitled "Paddle A Safe Canoe," just released by the Aetna Casualty and Surety Company. The above scenes from the film, which was produced in cooperation with American Canoe Association, show: (1) correct method of boarding a canoe, grabbing both gunwales while lifting foot nearest craft in first; (2) safest way to paddle is from kneeling position just forward of the thwart—even though seats are provided; and "shaking out" a capsized canoe by (3) grasping nearest gunwale and (4) depressing until craft is almost vertical, then pushing canoe away using scissors kick at same time. The 14-minute film may now be obtained on a free loan basis from Aetna's public education department at Hartford, Conn., or through the company's local representatives.

DEAF SMITH COUNTY CHECKERBOARD NEWS

By Frank A. Gyles, Jr. PACKARD MILLING CO.

Dropped by Hagan & Kendalls is the incubation periods of different birds eggs, so here is a chart you might like to clip out and save for future reference. Chicken 21 days Turkey 28 days Duck 28 days Muscovy Duck 33-35 days Goose 28-31 days Peafowl 28 days Guinea 28 days Pigeon 17 days Pheasant 23-24 days Quail 23 days

Delivered some Turkey Growena out to the J. T. Guinn place Wednesday, and spent some time looking over her 1500 turkey poult that she purchased from us eight or nine weeks ago. It's hard to believe that anything can grow as fast as these birds have, miss seeing these poult one week and you'd never know they were the same ones. I very seldom use the word expert, but can truthfully say Mrs. Guinn is an expert when it comes to raising turkeys.

CULLS WILL ROB YOU IF YOU LET 'EM

You can't boost the price of eggs, but by culling you can lower your production cost. It's wise to study your production cost, then to determine the production rate necessary to leave you a profit. Holding production at 60 percent, 65 percent, or 70 percent may take some close culling, but it's the best way we know to protect profits.

HEALTH HINT

Ever watch lice eat money? Actually you don't see them eating holes in your profits, but that's exactly what takes place whenever lice get ahead of you. At this season lice are most active, but with Purina Poultry Insecticide you can knock 'em cold. Painted on the roost, with brush or oilcan, the fumes rise and suffocate the lice. It's the sure way. It's easy and the cost is low. They'll knock production if you don't knock them first. A question we are asked...

FEED BIRDS BUT DON'T FEED WORMS

I don't blame folks for balking at catching pullets on range to give them a worm capsule. In worming with Chek-R-Ton Granules you don't have all that fuss. Yet, Chek-R-Ton gets the worms without upsetting the birds. When birds are 10-12 weeks old, simply substitute Chek-R-Ton Granules for their regular feed for a period of 2 days. Repeat this treatment just before moving birds to the laying house. This way you leave the worms (and lots of potential trouble) out on range.

LET'S GET ACQUAINTED

Next time you're in town please drop in and say "Howdy." Tell us about your feeding and sanitation problems. Could be we could be of service to you, since our folks are trained by Purina and have lots of experience, too, in helping farmers around here. Don't forget we have a date. PACKARD MILL

Couple Wanted In Oklahoma Arrested Saturday Morning

Wiring home for money is a pastime which has probably been indulged in since the first telegraphic money order was announced. But sometimes it isn't the wisest thing to do. A couple wanted for forgery in Ponca City and Enid, Okla., were picked up at the Western Union office Saturday morning by Deputy Sheriff Neal Young after he received a telephone call from Enid that the couple could probably be found there, waiting hopefully for money they had wired for.

Father Of Ben Ezell Died At Seymour

Funeral services for Dr. B. R. Ezell, 76, father of Ben R. Ezell Jr., a former news editor of The Hereford Brand, were held Saturday morning in the Harrison Funeral Chapel at Seymour with Rev. E. L. Yeatts, Methodist minister of Roby, and former pastor of churches at Seymour and Quitaque officiating. Dr. Ezell, pioneer West Texas Dentist died Friday morning at his home in Seymour. He had been ill for about three months. Survivors include: his wife; two daughters, Mrs. Ray Bomer of Lubbock and Mrs. Arch L. Martin of Wichita Falls; one son, Ben Ezell of Canadian; two brothers, Roy F. and Willard Ezell, both of Fort Worth and seven grandchildren. Burial was at Crestview Park Cemetery at Wichita Falls.

The first foreign salute to American sovereignty was fired in the Dutch colony of St. Eustatius in the West Indies in 1776. A toad may lay as many as 7,000 eggs at a time. There are about as many miles of elevator shafts as there are subway tracks in New York City. Four elements, oxygen, hydrogen, silicon and aluminum compose about 90 per cent of the earth's crust. Although newborn, Indian elephants may be covered with fur which is soon shed, the adult elephants have very sparse hair.

Both of the Hallmarks waived extradition when they were taken before County Judge Horace L. Schloss, then were put in the Deaf Smith County jail pending the arrival of Oklahoma officers. Before steel pens were made, quills from swan, crow, eagle, owl, hawk, peacock and turkey feathers were used to make pens. For the farmer . . . who wants the finest

The CASE DIESEL
 Model "500"

For the man who knows tractors . . . and wants one that will match his exacting requirements . . . the Case Diesel qualifies on every score. It has smooth, quick-stepping power . . . sure-footed traction and lugging ability . . . to do amazing amounts of actual work. It has more than good design and major features. Like a fine watch or a fine car, it embraces quality, character and precise craftsmanship that make it today's finest diesel.

For example, the Case Diesel is quick-starting, directly on diesel fuel, at the touch of a button. "Powercel" controlled combustion prolongs pressure on power strokes, burns clean at all loads. Six-point fuel protection guards against dirt, dust, and water. Seven-bearing crankshaft adds endurance to six-cylinder smoothness. Power Steering puts this mighty tractor in perfect control of a gentle hand. Come in—see it, try it.

Poppies Are One Of Main Items In Ramey Garden

Most of us wait until we see the finished product before we generate an interest. Especially are we prone to wait until a plant blooms before becoming particularly interested. Gardeners know that much depends upon the earlier care of the plant and especially upon the care and culture as to results of growth and fulfillment of plant development.

Those of you who have seen the gorgeous colors of Mrs. E. Ramey's poppies this spring may have decided that you want to grow poppies too, and through her work with the Hereford Garden Club she is able to tell you how to get the best results.

Begin now to study the varieties and colors you wish to grow, those best suited to your desires and garden purposes, and don't lose interest before planting time comes around.

Mrs. Ramey joined the Hereford

Garden Club a few months after it was organized in 1937 and has been an active member through the years. She has served as treasurer and corresponding secretary, has assisted in judging, and has filled minor offices. Her lovely backyard flower garden testifies the value of the study of horticulture, for already this spring she has had 40 different flowers and shrubs to bloom, including peonies, tulips, iris, several varieties of lilies, roses and others.

GARDEN FAVORITES

Poppies are favorites of many gardeners for their brilliance and the freedom with which they are produced. They will grow anywhere in ordinary soil exposed to the sun. Both annual and perennial poppies are showy flowers of great decorative value in the garden and are adaptable to beds, borders or rock gardens.

The best time to sow the seed is in the autumn, but if the winter is unusually severe, replant in the spring. Seed should be sown where you want the plants to grow, for seedlings are difficult to transplant. Sow thinly and cover lightly with fine pulverized soil. Later the plants may be thinned out to 10 inches apart. The better the soil, the better the foliage and blossoms.

Shirley Poppies are an outstanding favorite. Their blossoms are of a fine, satiny texture ranging in color from pure white through light and rose to deep scarlet. The double hybrids are delicately suffused with a second tint, adding much to their beauty.

The Iceland Poppy is a dainty attractive perennial with fragrant flowers of bright orange, yellow or white. They are excellent for cutting, if cut before fully opened. If the dead blossoms are removed the plants will bloom the entire summer. This perennial lasts about three years, then you should start all over again by planting new seed.

Oriental Poppies do exceedingly well in this area. The blossoms

POPPIES EVERYWHERE Mrs. E. Ramey is shown here with some of her brilliant poppies which have bloomed in profusion in her yard this spring. They have been objects of admiration of friends and passersby attracted by their high color and beauty. (Staff Photo)

range from 6 to 9 inches across in scarlet, orange, pink and white. A large shiny black spot at the base of the petals persists in every color. New colors are now being offered, making the Oriental Poppy a leader among early summer border plants.

Other fine varieties are Beauty of Livermore, with dark crimson blossoms; Jean Manson, a geranium pink; Joyce, with large cher-

ry red flowers; Mrs. Perry, in a shade of apricot pink; Perry White with the black blotch at the base, and Salmon Glow—which has double salmon colored blossoms 6 to 8 inches across.

Poppies should be left undisturbed for several years to develop their full beauty. The Oriental and Shirley are sometimes attacked by bacterial blight. If black lesions appear on stems, leaves and seed

Blantons Attend Dealers Meeting

Lyle Blanton and Darrell Blanton of Blanton Butane, accompanied by Mrs. Darrell Blanton, plan to leave Tuesday for Dallas to attend the ninth annual convention of the Texas Butane Dealers Association.

The convention begins Wednesday and ends Friday. The Blantons plan to return to Hereford next Saturday.

In addition to the convention, the Southwestern Butane Exposition is being held at this time. All public room space in the Baker and Adolphus hotels is being taken up by the convention and exposition.

When Temperatures SOAR So Do TEMPER But We Can Solve Your Problems With A UTILITY EVAPORATIVE AIR COOLER The propeller fan or blower wheel of a Utility Air Cooler continuously pulls outside air through wet aspen fiber filter pads. This lowers the temperature of the air through evaporation of the water, at the same time filtering the air of dust, soot and smog. This cool, fresh, filtered air is then directed and gently circulated into the area to be cooled. HEREFORD FURNITURE CO. Phone 823

Kieth Blanton Celebrated Fifth Birthday Tuesday

Kieth Blanton celebrated his fifth birthday at a party given by his mother, Mrs. Darrell Blanton, at the Blanton home Thursday afternoon.

Outdoor games were played and a big birthday cake was featured. Plastic kites were given to the youngsters as favors.

Topping the afternoon's entertainment was a wiener roast prepared by the honoree's dad and Warren Hitchings. Mrs. Warren Hitchings assisted the hostess.

Children attending were Donna Hill, Edith Davis, Sabra Traveek, Mark Compere, Ronnie and Jim Barnett, Martha Ann Henslee, Lisa, Lenora and Johnnie Hitchings, Gayle Newell, Pam Winget, Darrell Gilliland, Ellen McGowen, Carl Bell, Darlyn Blanton and the honoree.

Since 1888 more than 20 million people have gone to the top of the Washington monument.

A new cotton gin, estimated to cost \$125,000, is under construction two miles west of Summerfield and will be completed in advance of the fall harvest.

The gin will house five Centennial stands consisting of 80 saws. Hulise and Lindsey, who own the gin at Flagg, are building the new gin. The structure will be known as the Tri-County Gin and will serve Castro, Deaf Smith and Parmer Counties.

Due to unfavorable weather the commencement of Bible School was postponed Sunday night to begin tonight.

Mr. and Mrs. Earl Lance Sr., Ann and Jerry Dor are visiting Mr. and Mrs. Earl Lance Jr., and boys in Woodson this weekend.

Surprise Party Held Tuesday For Mrs. C. A. Sauley

Mrs. C. A. Sauley was surprised Tuesday night when a group of neighbors went to her home to help her celebrate her birthday. Tables of pitch furnished the entertainment. Mrs. Joe Wagener, Mrs. Bobby Jones went to Mrs. Sauley's home while she was gone and prepared the tables with a birthday cake and candies, which Mrs. Jones baked and decorated.

Mrs. Sauley had been told she was going to Dimmitt to visit a friend, when Mr. Sauley said he had to go back home. The neighbors were there and when Mrs. Sauley came in the group began singing Happy Birthday.

Those attending were: Mrs. Mack Jackson, Mr. and Mrs. Joe Wagener, Joe Bob, Mr. and Mrs. Bobby Jones, Mr. and Mrs. G. C. Merritt, Mr. and Mrs. Elmer Combs, Mr. and Mrs. Ed Blakney, Mr. and Mrs. Leo Ohlig and Billy, Mr. and Mrs. Marlin Pierce and Deborah, Mr. and Mrs. W. W. Cummings, Mr. and Mrs. Paul Rudd and Mr. and Mrs. W. B. Nunley and Jackie Lynn, Ronnie and Ricky.

CARD OF THANKS
I desire to express my sincerest thanks and appreciation to the many friends who were so thoughtful and kind during my recent illness. The flowers, gifts, visits and prayers for my recovery were greatly appreciated.

Mrs. William McGehee and family.

The first steam elevator in the Washington monument took ten minutes to get to the top compared to 70 seconds for today's elevator.

B&PW To Install Officers Monday

Night Thriller Ups Hotel's League Lead

By Billy Paul Knox

Piggly Wiggly picked up their third win of the year, defeating the Road Knights 12-6 in the first game while Hotel Jim Hill nudged Summerfield 9-8 in a last game thriller Thursday night.

The victory was Jim Hill's seventh straight and they now lead second place Rutherford by 2 1/2 games and Summerfield by 3. Piggly Wiggly holds down fourth and the Road Knights are the lone occupants of the cellar.

In the first Piggly Wiggly trailed only once for a brief time in the first inning and built up a wide lead, the game never being in question from then on.

Piggly Wiggly collected a very scant four hits in massing their 12 runs while the Road Knights got only five hits. Piggly Wiggly had only one extra base hit, a double. The Road Knights got two, a double and a triple.

Winning pitcher for Piggly Wig-

gly was Don Morgan. He gave up five hits, walked seven, and struck out seven. Rex Lee and Tommy Albracht pitched for the Knights with Lee being tabbed the loser. He pitched the first two innings giving up six runs, three hits, walked four and fanned four. Albracht also gave up six runs but only one hit. He walked seven and whiffed seven. Piggly Wiggly made only one error but the Road Knights were guilty of eight miscues.

Piggly Wiggly led off the game by scoring one run in the first. Lynn Bybee singled and took third on Chuck Dillar's throwing error. When Tony Urbanczyk booted Marshall Wilson's grounder, Bybee crossed the plate with the tally.

The Knights took the lead briefly by scoring two runs in their half of the first. A single by Chuck Dillar and three walks forced it in.

Piggly's Big Inning

The second was the big inning for the P.W.'s. They shoved five

runs across the plate capitalizing on four walks, one error, and two hits by Richard Pickens and Joe Kerr.

The Road Knights managed to pick up one in the second. Tony Urbanczyk walked, stole second, and scored on Rex Lee's single.

In the third Piggly Wiggly scored two runs but couldn't manage a hit. They were gifted with two walks and three errors helped considerably.

In the last of the third Leo Box led off with a triple then scored on Tom Albracht's grounder to score one of the Knights two runs in the second. Albracht then scooted all the way around on wild pitches and passed balls.

Both teams didn't score in the fourth but Piggly Wiggly scored four times in the fifth. They drew three walks and the only hit was a double by Marshall Wilson.

The Road Knights again went scoreless in the bottom half of the fifth inning.

Piggly Wiggly went scoreless for the rest of the game but the Knights managed one more in the sixth. Tom Burden walked and Gerald Wilson doubled him home.

Toughest Of Year

Hotel Jim Hill defeated Summerfield 9-8 but it was their toughest game of the year and was a super-thriller all the way.

As usual the Hotel team got off to a fine start, picking up four runs in the top of the first. They collected a total of five hits, including two doubles in this inning.

In the last of the first Summerfield fought back but could not break even with Jim Hill. The first two batters, Kenneth Neil and Bob Clark, got on on a walk and a single. Both scored on Gaston Howell's scoring double down the left field line.

Neither team could muster any runs in the second or third innings.

Hotel made it five in the fourth. Dick Ross doubled and scored on an error.

Summerfield pulled to within one run of Hotel Jim Hill by scoring two in their half of the fourth. They drew two walks, and two singles by Roy Campbell and Bob Clark helped greatly.

In the top of the fifth Hotel picked up their seventh run, thanks

to a two-run homer by Dub Hair. Deadlock in Fifth

Summerfield deadlocked the game by scoring three runs in the fifth. With one out Roy Botkin homered with the bases empty. Jack Streun then singled and Kenneth Neil got on on an error, putting runners on second and third. Bob Clark then binged with a single, driving in two runs and knotting the count 7-7.

John Renner blasted a home run with one mate aboard to again push Jim Hill into the lead.

Summerfield came back gallantly in the last of the sixth. Jack Streun again singled and Duane Baize clouted a long triple to right, driving in Streun.

Both teams went scoreless in the seventh, giving Hotel the victory, 9-8.

Stan Barrett collected four hits to pace Hotel Jim Hill. Bob Clark got three hits to lead Summerfield.

Program On Home Missions Given

Win One Class of the First Methodist Church held a social and business meeting in the home of Mrs. E. W. Solomon Tuesday afternoon. Co-hostesses were Mrs. C. B. Williams and Mrs. J. B. Jones.

Mrs. C. C. Bowman, president, presided and Mrs. S. M. Dunnam gave the prayer. The devotional lesson on "Home Missions" was presented by Mrs. D. H. Bryant. Mrs. Laura Thomas conducted a true-false Bible quiz.

Mrs. William J. Stanford entertained with two accordion selections and, in conclusion of the program, Mrs. D. W. Hawkins gave two humorous readings.

During the business session members of the class voted to provide a glass top for the desk which they had purchased for the newly constructed educational building. Mrs. J. W. Ward, teacher of the class, read a letter of thanks for gifts the class had sent to their "adopted" girl in the Methodist orphan-

Mission Work Reported On At CWF Meeting

"O Living Church, Thy Errand Speed," was the lesson theme presented when Group Two of Christian Women's Fellowship of the First Christian Church met Wednesday in the home of Mrs. Jim Ricketts. Mrs. Clyde Russell was co-hostess.

Mrs. Fred Moreman, leader in presenting the lesson, was assisted by Mrs. Carl Williams in reporting on work that has been done and still to be done in Mexico.

Mrs. R. G. Blue told of mission work in Japan, China and South Africa. Mrs. John Aikin presented the story of the great needs in India, Philippines, and Thailand.

Mrs. Clinton West reported on the great spiritual need for an awakening in Europe, Canada and the United States.

Mrs. John Robinson conducted the worship program.

This meeting concluded the year's study of this particular subject. Mrs. Nona Jowell, Mrs. Robert Veigel, Mrs. John D. Aiken, Mrs. Ida May Vaughn, Mrs. J. J. Clark, Mrs. Bert C. Brown, Mrs. Marvin Winget, Mrs. R. G. Blue, Mrs. John Robinson; Mrs. W. N. Lemmons, Mrs. H. M. Thomas, Mrs. B. F. Cain, Mrs. Ray Suit, Mrs. Earl Phillips, Mrs. Carl Williams, Mrs. Fred Moreman, Mrs. J. R. Hickman, Mrs. Chaton West, Mrs. Clyde Russell, Mrs. Jim Ricketts and Mrs. Ira Ricketts were

erved refreshments after the program.

Cat Mothers Pups

POTTSTOWN, Pa. (AP) — Whop Poochie, a thoroughbred beagle, walked out on her eight puppies a day and a half after they were

born. Sandy took over. Sandy, a three-year-old party Persian cat owned by Mr. and Mrs. Clarence Gauger, has had five litters of stillborn kittens, and seemed delighted to play the role of mother.

GOPHER CITY.

LOOK, BOYS, I'M GETTING WORRIED. HERE WE'VE GONE TO A LOT OF EXPENSE GETTING CLOD HILL SUCKED UP TO COURT THAT GIRL RAIN MAKER, AND WHAT HAPPENS?

WE DON'T KNOW.

HAVEN'T HEARD A WORD FROM HIM.

LEAVE IT TO GOOD OLD CLOD. HE'LL BRING THAT RAIN MAKER BACK.

HE'D BETTER!

AFTER ALL THE MONEY WE SPENT BRINGING HIM UP, HE OUGHT TO BE IRRESISTIBLE.

GIVE HIM A SUIT OF CLOTHES!

HE'S GOT MY SPORTS CAR!

I GIVE HIM A FREE HAIRCUT!

MEANWHILE, GOOD OLD CLOD ARRIVES IN PRETTY FALLS.

I'M LOOKING FOR LUCILLE SWEENEY, THE RAIN MAKER.

MY STARS! ISN'T HE DRESSED UP!

LOOK AT HIS SNAZZY CONVERTIBLE.

HE MUST BE RICH.

CAN WE HELP YOU SIR?

I'M LOOKING FOR A GIRL NAMED LUCILLE SWEENEY.

LET'S RIDE UP AND DOWN THE STREET, MAYBE WE CAN FIND HER.

I'LL HOLD YOUR FLOWERS FOR YOU.

I'LL HOLD THE BOX OF CANDY.

I JUST LOVE YOUR CUTE CONVERTIBLE.

ESTATE

HOW DO YOU WANT TO FIND THAT GIRL RAIN MAKER?

I RUN THE WATERWORKS IN GOPHER CITY. THEY'RE GONNA FIRE ME IF I DON'T MARRY HER AND BRING HER BACK.

I HAVE AN IDEA. LET'S HAVE A PICNIC AND WE'LL LOOK FOR THE RAIN MAKER LATER.

WONDERFUL! I KNOW JUST THE PLACE.

ISN'T HE JUST TOO DARLING FOR WORDS!

TUM ON, DIDDUMS MUST EAT ONE MORE ITSY-BITSY PIECE OF HIS DELICIOUS CANDY.

WHO WANTS TO FIND THAT FAT GIRL RAIN MAKER, ANYHOW?

GOOD OLD CLOD NEVER HAD IT SO GOOD.

TELEGRAM FROM CLOD! HE'S COMING HOME MARRIED!

MURRAH! GOOD OLD CLOD!

I KNEW HE WOULDN'T LET US DOWN!

NOW WE'LL HAVE PLENTY OF RAIN!

HEY! THAT'S NOT THE RAIN MAKER!

WE SHOULD HAVE KNOWN BETTER THAN TO SEND THAT LUNKHEAD TO MARRY THE RAIN MAKER!

GIMME BACK MY SUIT!

PAY ME FOR THAT HAIRCUT, YOU DOUBLE-CROSSER!

YOU'RE FIRED!
