

PROFITEERS HAD BETTER TAKE TO THE HIGH GRASS

If we Have any of the Species in our Midst They Are in Middle of Bad Fix. Uncle Sam is on the Trail of Old Man H. C. of L.

If there are any Profiteers dwelling in our midst they had better take the storm cellars, or bury their ill-gotten gains at the foot of the old apple tree, for Uncle Sam, represented in Deaf Smith county by J. S. Jones and staff, are hot on their trail.

Mr. Jones, who served as County Food Administrator so acceptably to everyone concerned during the unpleasantness with the Huns, has been called back into harness by the State Food Administrator, E. A. Peden of Houston, and will to his bit all over again in aiding the fight against Old Man H. C. L. Mr. Peden's letter of instruction covering the new work of the County Administrator, follows:

"1. The Department of Justice has called the United States Food Administration back into service, during an emergency, and in my offer of appointment to you on August 16th, I outlined the program for the immediate appointment of Fair Price Committees.

"2. You will please appoint committees made up as follows:

- 1 Retailer of Groceries.
- 1 Retailer of Dry Goods
- 1 Representative of the Producers
- 1 Representative of Organized Labor
- 1 Representative of the householders
- 2 or 3 from the Public Generally
- 1 Wholesaler, wherever practical.

"3. I am advised by Attorney General Palmer in regard to the creation of the Fair Price Committees as follows:

"Your authority through Fair Price Committees is to investigate prices of food and wearing apparel and secure, as far as possible, cooperation of trade in accepting the prices suggested by the committees.

"Cases of profiteering or hoarding if discovered should be reported to the U. S. Attorneys.

"Hoarding is already punishable under the Act and we are asking Congress to provide a penalty for profiteering. When this is done U. S. Attorneys will be able to effectively back the judgment of the Food Administrators about prices.

"4. The Fair Price Committee will be an extra legal body without power to summon witnesses or fix fines. It is requested, however, ascertain the cost prices, determine a fair margin of profits, and retail prices are in excess of that the committee regards a fair price to have published its list of prices, reporting to these headquarters for review.

"5. At the present moment we have no information other than the above with regard to the procedure of the Fair Price Committees, so that it would be a good idea bringing the membership together for the purpose of making a study of the various trades, and to determine, as near as possible, the fits under which these trades are operating at this time. There should be considerable preliminary work in this direction, because there is no schedule of profits to be as was the case during the war, and sales, both from jobber to the consumer are naturally based upon replacement value.

"6. Your Committee will, of necessity, not only function as an interpreter of prices but will also set the character of investigation—this does not mean prosecution. In other words, until a definite procedure is outlined to come from Washington, we will have to depend upon the good judgment of the County Food Administrator to bring the distributor and consumer closer together, and to tranquilize a situation which present time seems to invite understanding on all sides.

"7. Having made the appointment of your committees and sending the names into the State headquarters, no confirmation of the appointments is necessary—the County Administrators being authorized to act in this capacity; and the State headquarters depending wholly upon their good judgment and discretion in selection of a committee which will function fairly and justly under any and all conditions.

"8. I feel confident that our work is one intended to span the time between present uncertain price conditions brought about through the market being governed by export demands; and certain legislation, now pending, which if properly directed, may be remedied.

"9. Our task is to help restore business to normal conditions and to be content with simpler living, and legitimate rather than undue profits. The response of the County and District Administrators is very encouraging, and with such an organization over Texas, I am confident that a beneficial and constructive influence will be exercised."

Mr. Jones has appointed the following local citizens as chairmen of the various committees:

- Groceries—S. J. Williams.
- Dry Goods—Geo. A. Stambaugh.
- Producers—J. L. Wilson.
- Organized Labor—Geo. Beams.
- Housewives—Mrs. R. N. Mounts.
- General Public—W. H. Ray, E. W. Kinney.

Mr. Jones is in receipt of a very handsome scroll, signed personally by Herbert Hoover and Mr. Peden, as his sole reward for months of hard service during the war.

U. S. Rear Admiral Entertains Parkers

Mr. and Mrs. G. A. F. Parker and family not only had the privilege of inspecting Uncle Sam's great new Pacific War Fleet at Los Angeles recently, but also the rare distinction of being entertained by a Rear Admiral on board his flagship.

Rear Admiral Robert E. Coontz, in command of one squadron of the Pacific Fleet, is a cousin of Mr. Parker, and prior to the latter's visit to the Coast this summer the two had not met in forty years. The Admiral called upon Mr. Parker's mother in Los Angeles and there met Mr. Parker and family.

The Admiral arranged a private dinner on board his flagship, the "Wyoming," and entertained his relatives in true Navy style, sending his private launch ashore for the party. In his speech at the dinner the Admiral referred to the fact that the last time he had seen Mr. Parker the latter was bound for Chicago, while the Admiral was bound for the penitentiary. He left his audience to guess the rest, until Mr. Parker in replying, explained that the Admiral was enroute to the penitentiary in charge of a squad of condemned prisoners.

Mrs. Parker and children left Hereford several months ago for a summer stay on the Pacific coast, and Mr. Parker joined them several weeks ago. Recently Mr. and Mrs. E. B. Black also journeyed to the Coast, and there met the Parkers, the entire party returning home together.

Best People on Earth

M. T. Johnson arrived in Hereford last Thursday from California. "You can tell them that every time I go away from Hereford I appreciate it a little bit more, and that I have discovered these are the very best people on the earth," said Mr. Johnson.

SPUDDING IN PARTY ON THURSDAY

A big "spudding in party," including plenty of barbecue, and ice cream for the kiddies, commemorating the beginning of actual drilling work on Hereford's first test oil well, will be held at the site of the Hereford Oil & Gas Co.'s location, seventeen miles northeast, on Thursday, September 4.

A big crowd of interested people from Amarillo is expected on that day, as the Big Cabin Oil Company who are interested in the well, have a large number of stockholders in Amarillo.

Local arrangements are in charge of Roy K. Bruner, C. R. Smith and Driller Ricketts. It is understood that four beehives have been donated for the occasion, cars will be provided for the transportation of those without automobiles, and the public generally is cordially invited to be on hand, with a large ingrowing appetite.

The work of getting ready for actual drilling work at the well is progressing smoothly. The official driller has arrived, as has the tool dresser. Cattle guards are being erected between Hereford and the well, so that no gates will have to be opened hereafter.

A steady stream of oil men and prospectors have been visiting the location for several weeks past, and the surroundings are rapidly taking on the regulation oil field aspect.

Hooper Has Foot Mangled by Gun

D. L. Hooper, pharmacist at the Geo. E. Burns Drug Store, is in a Plainview sanitarium with a badly shattered foot, the result of an unfortunate accident last Saturday.

Mr. Hooper, whose health has been bothering him of late, was on a few days vacation at Plainview and had been out hunting. According to information received here he had returned from the hunt and placed his gun in a corner of the house, barrel downwards. The hammer caught in a lady's mesh bag hanging on the wall with the result that the gun was discharged, the shot entering the instep of one foot. He was hurried to the sanitarium, where it was stated that he would lose three toes at least. The large bone in the instep was shattered, and the heel bone was also injured. At last accounts there was hope that the foot itself could be saved. Mr. Hooper's wife and baby are with him at Plainview.

During Mr. Hooper's absence, Jack Hines of Roswell, N. M., a registered pharmacist, will take his place at the Burns Drug Store. Mr. Hines is due to arrive in Hereford Saturday morning.

Lem Carlyle Will Open New Business

Announcement is made this week that Lem Carlyle, formerly in the grocery business here, will open a Tire & Accessory Room and Filling Station on Main Street in the near future.

Mr. Carlyle has secured the building now occupied by the J. O. Newell Dry Goods Co., who will move to one of the new Elliston bricks as soon as it is ready for occupancy.

Mr. Carlyle is one of the best known and best liked young business men in Hereford, and his many friends wish him success in his new venture.

Examination For Postal Clerk 13th

An examination for the position of Post Office Clerk will be held in Hereford on September 13. Anyone interested in taking this examination should apply to Mrs. D. N. Cox, Postmistress, for detailed instructions.

COUNTY FAIR SEPT. 25 26 27

C. of C. Will Be Reorganized Soon

In addition to taking up the matter of holding a 1919 Fair, the Chamber of Commerce Directors last Friday resolved to work up another banquet and membership meeting of the Chamber soon after the Fair closes, and ask the membership to elect another board for another year.

The term of office of the present board expired some time ago, but owing to financial conditions it was deemed inadvisable to attempt reorganization until fall. The members of the Board have served faithfully during the war period, under many restrictions, and at great disadvantage, but now believe the time is ripe to reorganize and go forward with a vim.

Propositions from the Panhandle Chamber of Commerce, the West Texas Chamber of Commerce and the State Chamber of Commerce for membership in these organizations from this county were declined at Friday's meeting and tabled until the new board takes them up, if it feels inclined to do so.

Christian Revival Closed Last Sunday

The big Christian revival closed last Sunday night and the Evangelistic party, consisting of the Rev. Graham Frank of Dallas, and Mr. and Mrs. S. W. Hutton, of Fort Worth, departed on the morning train for their homes.

Members of the Christian church feel that the meeting was productive of much good. Dr. Frank's sermons were wholesome and uplifting. The Huttons made good as singers. The net result in additions was 15. It would undoubtedly have been larger could Dr. Frank have remained longer. His daughter had only recently undergone an operation, and he felt that he must close the revival and her.

He made a fine impression on the community and all our people hope he can come to us again at another time.

Local Power Co. To Water Santa Fe

If an unexpected hitch does not occur, the Hereford Light & Power Company will soon be pumping the water used locally by the Santa Fe railroad.

At present the railroad has its own well, engine and equipment, but Manager Oberthier of the Light & Power Company has recently been advised that his proposition to handle the pumping for the railroad has been tentatively accepted and that final contracts may be expected soon.

It is proposed to dig out the present well to the water and there install lifting machinery, the pump being connected directly with and controlled from the Light & Power plant. Mr. Oberthier figures the railroad will make quite a saving by this change.

Stocking Visits Factory

Roy Stocking, of the Ford Garage went to Oklahoma City Sunday and spent two days in the assembling plant of the Ford people at that point. Mr. Stocking is enthusiastic over the magnitude and efficiency and amazing output of the big assembling plant which he represents.

County Gets U. S. Trucks

Deaf Smith County has been allotted three of Uncle Sam's surplus Army Trucks, for use in maintaining the road system of the county. These trucks are to be delivered at Amarillo soon, and will be driven overland from that point.

Practically every county in the State is charing in this broad policy of the Government in the matter of road advancement.

To be Held on Same Site as Last Year, and Under Same General Plan of Management, But is to be Bigger and Better in Every Way Than 1918

At a special meeting of the Directors of the Chamber of Commerce, held last Friday at noon, it was unanimously resolved to hold the annual County Fair this year on Thursday, Friday and Saturday, September 25, 26, 27. Chairman McDonald was authorized to appoint Committee Chairmen for the different divisions of the exhibition. Discussion developed the fact that everyone favored the same site as last year, in and around the Courthouse, and the arrangement of 1918 in regard to the stock barn, hog pens, etc., was endorsed.

It developed during the discussion that the Irrigators' Association had decided to hold their barbecue during the Fair this year and the management of the Fair was notified by Chairman Jim Robinson of the Irrigators that that Association would furnish the meat and bread for a big barbecue for everybody, to be held on Saturday, the last day of the Fair. It was suggested by Mr. Robinson that the ladies who attend the barbecue bring the sweets and pastries with them. Otherwise the Irrigators will be the hosts. This generous offer was gladly accepted at Friday's meeting, and Saturday, September 27, was designated "Soldiers and Irrigation Day." The first day of the Fair will be called "Live Stock Day," but the second day has not yet been named.

Amarillo Boosters Are Our Guests

Headed by Secretary Ramsey and Trade Extension Chairman Oliver of the Amarillo Board of Development, one hundred and twenty five Amarillo boosters, on a special train, invaded Hereford Monday and spent an hour with us shaking hands and making friends.

The visitors carried a fine and drum corps with them that made a lot of noise and demonstrated some fancy handling of the drum sticks. Every man in the delegation wore a broad yellow ribbon across his shoulder with the words "Amarillo Boosters" printed thereon in black, and nearly all of them were loaded down with advertising material. A good sized crowd of our citizens met the special at the depot and escorted the visitors up town, the drum corps leading the parade.

The visitors demonstrated the spirit and civic pride of the gate city of the Panhandle. Such stunts as this promote good fellowship and better feeling all around, and Amarillo is to be congratulated on her enterprise.

The special train continued on into New Mexico, making a loop through Vaughn, Trinidad, Colorado, and back home over the Fort Worth and Denver railroad.

Amarillo Bevo Too Much For Ramsey

While the Amarillo trade boosters were with us last Monday, Secretary Sam Ramsey lost the party railroad ticket covering the entire trip. Soon after they departed the ticket was found by Rex Tynes and turned over to Agent Garton. Some of the local boys endeavored to get the train conductor on the wire and have some fun out of the Amarillo crowd, but Mr. Garton beat them to it and notified the Santa Fe officials of finding the ticket.

And next day the Amarillo News calmly stated that their energetic Secretary lost the ticket in Hereford because he drank three bottles of our Bevo and went wild.

They certainly brought that Bevo with them in their baggage car, for if that brand was sold here somebody would get killed—in the rush.

Carl's Burglar is Source of Laughter

C. H. Carl, of the Carl Cafe, experienced some difficulty in finishing a bath which he started last Tuesday night. Late at night, after closing the Cafe, Mr. Carl's family went home and he retired to the rear of the cafe to heat water for his bath. Neighbors noticing the light at such an unusual hour, informed his family that burglars must be at work in the rear of the Cafe. Quite a little excitement ensued. After moving his identity Mr. Carl was allowed to finish bath.

Chairman McDonald announced that he would select chairmen for committees on finance, grounds, Registered cattle, other cattle and sheep, horses, poultry, hogs, agricultural display, entertainment, soldiers' day, advertising, invitation, premiums, decorations and lights, and merchants' booths. It is soberly realized that the only way to make the Fair an unqualified success is to have all these committees work, and work earnestly, and for the people of the county as a whole to lend their financial and moral aid in every possible way. The decision to hold the Fair was based on the belief that the people were willing to do this. It was pointed out at the meeting that 1919 is one year in a hundred to have a bang-up, first class Fair, as there has not been such crops in this county before in years. The Fair of 1918, although planned and staged on one week's notice and pulled off in a bad crop year, was undoubtedly a success in every way, and Mr. McDonald, in appointing committees, endeavored to secure as many of the workers of last year as possible for 1919, owing to their clever management of the past and the experience gained. The Committee Chairmen named are:

- Poultry—Ralph Barnett
- Merchants Exhibit—Homer Fox
- Hereford Cattle—Pure-bred—W. T. Womble and W. E. Dameron
- Swine—G. W. Brunley
- Barbecue—J. R. Robinson
- Soldiers and Sailors Reunion—Carl Gilliland
- Decorations and Light—F. H. Oberthier
- Hereford Cattle Grades—C. C. Ferguson
- Sheep—Wm. Gilbreath
- Agricultural Exhibit—A. O. Thompson and Percy Welliver
- Amusements—L. F. Borden
- Sports—Chas. Purcell
- Horses and Mules—Leslie Neal
- Finance—The Board of Directors.

All committee chairmen are invited to eat dinner with the Board on next Monday, September 1, to get the detailed work under way.

The Fair will be generously advertised throughout this section of the Plains, and our neighbors invited to attend and participate.

A proposition from the Panhandle Chamber of Commerce to bunch exhibits with them was declined, after thorough discussion. There was no dispute about the value of the Dallas Fair exhibit, but to do any good with it, it was pointed out, would require a lot of hard work, a competent man to handle the display, and a lot of money. Owing to so many other demands for money this fall, it was deemed inadvisable to attempt the Dallas exhibit in 1919.

The Brand is delighted to see the Fair again in sight. It can be made a great success if all will help. This is our year, of all years, and now lets go it, everybody get busy, and pull off a Fair that will be talked about for years.

R. T. Evans Honored

R. T. Evans recently was notified by the management of the State Fair of Texas, at Dallas, that he had been elected an Honorary Vice President representing his home district at Pilot Point, Texas.

Ninetieth Division Men Will Publish History And Hold Reunion

Headquarters of the 90th Division Association have been opened in the Southwestern Life Building, Dallas, Texas. The work of the association will be, primarily, the publication and distribution of the 90th Division history and making plans for the reunion of the 90th Division men which is to be held at the State Fair in Dallas, this fall. The date set for the reunion is October 11. It is planned to keep on record at headquarters, a complete record of all men who served with this division either in the states or overseas. Anyone having served with the division is eligible for membership. The membership fee is \$1.00 per year.

The contract for the printing of the history has been let and the histories should be ready for delivery about November 1. Twenty thousand copies will be printed in the first edition; over sixteen thousand of which have already been subscribed for. If necessary, a second edition will be published. It is expected that the demand for the book will be very great since the 90th Division was conspicuous for its service in France and in Germany with the Army of Occupation.

Indications are that the history will be bought by a large number of people not members of the division but having a particular interest in the division, its deeds and performances during the war.

The history was prepared under direction of the division authorities and from historical data contained in the war diary, official records and accounts furnished by individual members of the division. It is calculated to be of both historical and literary value as it will relate all of the salient facts in the life of the 90th Division and will portray fully the happenings in which the 90th Division took part. It will contain many pictures of the troops in action and other scenes of interest made from actual photographs taken by the division. It will also contain about 275 pages of printed matter, in narrative form, making a good readable history.

The price of the history is \$1.50 per copy and payable, in advance, to Arthur J. Reinhart, Secretary of the 90th Division, Southwestern Life Building, Dallas, Texas. Subscriptions should be mailed at once.

The 90th Division Association is not a military organization in any sense of the word and it is in no way connected with the war department or any other branch of the government. It is purely a civilian organization designed to perpetuate the memory of the 90th Division, its dead and the ties formed between its members during the service. The association wishes to assist members during any difficulties such as allotments, vocational training, insurance, and so forth.

Elaborate plans are being made for the reunion which is to be held this Fall and it is hoped that the reunion may be made one of the biggest events of the State Fair. Remember—October 11 is the 90th Division Day. Every member is urgently requested to be present and make himself known. It is to be a real get-together meeting, and will be held in the coliseum at the State Fair grounds. **DON'T FORGET THAT YOUR BUDDY WILL BE THERE!**

WILL DISTRIBUTE GAUZE

The American Red Cross is about to distribute to the hospitals of the United States approximately 25,000,000 yards of gauze, such distribution being based upon data procured and recommendations made by the American Hospital Association. Inquiries have already been received from various hospitals as to the possibility of utilizing the services of the Red Cross workers in making up this material into surgical dressings.

Assisting the civil hospitals of the country in this manner is thoroughly in accord with the present policies of the Red Cross.

CLOVIS FAIR

The County Fair proposition has dragged on account of everyone being so busy that the proper time could not be devoted toward doing the necessary work toward its organization. With labor and material conditions as they are now it would be an impossibility to attempt the erection of a building

between now and the time that the fair should be held. The News suggests that the fair be held this year anyway in a temporary way. The matter for a suitable place for holding it is the biggest problem. —Clovis News.

ROAD BOND ELECTION

An election will be held in Parmer County on the 13th day of September to determine whether or not a special road tax of 15 cents on the \$100.00 property valuation shall be levied for the purpose of construction and maintenance of better roads in the County.

COUNCIL TABLED PETITION ON SUNDAY BASEBALL

At a recent session of the Plainview City Council a petition presented in favor of the prohibition of Sunday baseball was tabled.

Crosbyton Prisoner Hung Himself Sunday Night

Wilkie C. Gotts, charged with the crime of committing assault upon the person of Miss Onie Hughes, daughter of Mr. and Mrs. W. T. Hughes, of the Cone community, Saturday evening, August 2, and held in the Crosbyton jail, awaiting the opening of the Special Session of District Court, to hear the evidence, hung himself in the jail sometime during Sunday night, by using his belt and bed sheet tied to part of the jail fixtures.

Much excitement has prevailed over the Cone community since the committing of the crime, and the prisoner as brought to Lubbock County jail last week and held until Sunday, when Sheriff Mitchell, of Crosbyton came after him and placed him in the Crosbyton jail to remain over Sunday night.

On account of the excitement over the country, a special session of District Court was called by Judge W. R. Spencer, and was to have opened session Monday morning of this week. This would have been, possibly, the first special session called in the history of the 72nd Judicial District.

Prosecuting Attorneys Gordon B. McGuire and W. H. Bledsoe, and Judge Spencer, were enroute to Crosbyton Monday morning and had gotten a few miles out of the city, when they were overtaken

and told the news of the prisoner hanging himself.

The Crosbyton sheriff lives about one-half mile from the jail building and the body of the pris-

oner was not found until about eight o'clock Monday morning, or rather, when Sheriff Mitchell sent word to a party to carry breakfast to him.—Lubbock Avalanche.

SAFE, GENTLE REMEDY BRINGS SURE RELIEF

For 200 years GOLD MEDAL Haarlem Oil has enabled suffering humanity to withstand attacks of kidney, liver, bladder and stomach troubles and all diseases connected with the urinary organs and to build up and restore to health organs weakened by disease. These most important organs must be watched, because they filter and purify the blood; unless they do their work you are doomed.

Weariness, sleeplessness, nervousness, dependency, backache, stomach trouble, pains in the joints and lower abdomen, gravel, difficulty when urinating, rheumatism, sciatica and lumbago all warn you of trouble with your kidneys. GOLD MEDAL Haarlem Oil Capsules are the remedy you need. Take three or four every day. The healing oil soaks into the cells and lining of the kidneys and drives out the poison. New life and health will surely follow. When your normal vigor has been restored continue treatment for a while to keep yourself in condition and prevent a return of the disease.

Don't wait until you are incapable of fighting. Start taking GOLD MEDAL Haarlem Oil Capsules today. Your druggist will cheerfully refund your money if you are not satisfied with results. But be sure to get the original imported GOLD MEDAL and accept no substitutes. In three sizes. Sealed packages. At all drug stores.

Give Me a Friendly, Natural Hand-shake

an' a friendly natural tobacco. Keep yo' put-on airs an' "sauced-up" tobaccos for the fellow that likes nut sundaes better than home made pie—

So says a friend of ours named Velvet Joe. And he just about hits the nail on the head.

Velvet is made for men who think there's no smoke like real tobacco. If you are that sort of man, listen:

Velvet was born in old Kentucky, where more than one good thing comes from. It was raised as carefully as any other Kentucky thoroughbred. But the real secret of Velvet's friendly qualities is its slow natural ageing in wooden hogsheads. Ageing in the wood never hurt anything—and least of all, tobacco.

And so we say, Velvet is good tobacco—nothing more or less. It runs second to none.

The picture of the pipe on the tin needn't keep you from rolling a jim-dandy cigarette with Velvet.

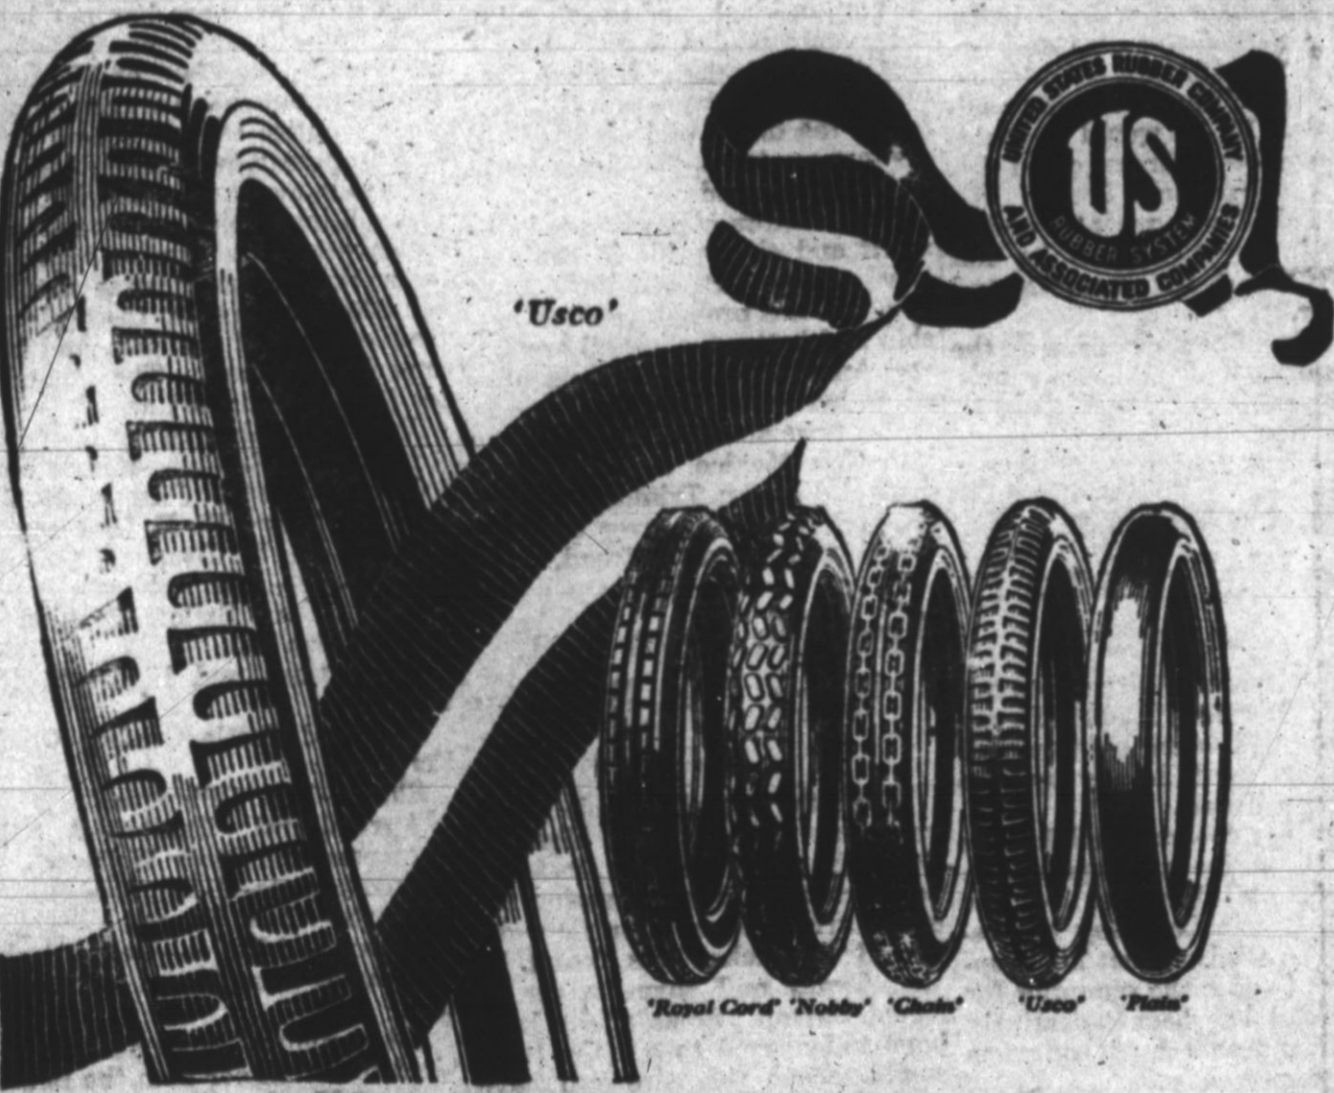

Liggett & Myers Tobacco Co.

Not 16 cents or 17 cents—

But 15 cents

We Vouch for Them

Of all the tires that are made, —why do you suppose we prefer to sell United States Tires?

Because they are made by the biggest rubber company in the world. And they know how to build good tires.

They have choice of materials,—they have immense

facilities,—they employ many exclusive methods.

They can go to greater lengths in testing, improving and perfecting the things that make good tires.

We find it good business to sell United States Tires.

And—you will find it good business to buy them. They are here—a tire for every need.

United States Tires are Good Tires

We know United States Tires are GOOD tires. That's why we sell them.

CASTRO COUNTY

DIMMITT

This community was blest with one and a half inches of rain Tuesday night, which has been of great help to the crops. The threshing is about finished and the farmers and freighters are very busy hauling the grain to market with trucks and teams. Some are making two loads a day, 25 and 30 mile hauls with their trucks.

Mr. and Mrs. Harvey Cash left Monday of last week for Dallas to lay in a stock of goods for the fall trade. They returned Sunday, August 24.

Mr. McEntire and family, returned from visiting relatives in east Texas, Sunday.

Mr. and Mrs. Payne Gililand, of Hereford, spent the week at the L. D. Shepherd home.

Mr. and Mrs. Ray Gilbreth will move to Dimmitt this fall as he has bought an interest in the Hardware. Mr. Gilbreth lived here several years ago.

Mrs. John Flannigan, Miss Young, and Miss Helen Cowser were shopping in Hereford Tuesday.

Mr. Thomas Turnbow, formerly of this place, but now of Burkburnett was shaking hands with old friends here Thursday.

Mr. Crawford of Iowa, is here looking after his land interest. Mr. Crawford and family lived here a few years ago.

Messrs. Holman and Laird, accompanied by their wives, were calling on relatives here Sunday evening.

Mr. Wimberly's, of Cleo, have gone to east Texas to visit relatives and friends.

Miss Clara Turner returned from New Mexico this week.

Mr. Shufords were Plainview visitors last Sunday.

Mr. and Mrs. Bert Abbot, of Spring Lake are enjoying a visit with home folks down in the sticks.

Miss Fannie Cash delightfully entertained a number of her friends Sunday at luncheon. The occasion being her fifteenth birthday. The following girls were present: Misses, Mary Cowser, Jennie Hastings, Leola Shuford, Bettie Rose Kerr, and Cecil Clifton. They left wishing her many happy birthdays.

Salvation Army Campaign

Dallas, Texas, Aug. 26.—Vigorous support for the Salvation Army home service campaign for \$1,000,000 in the Southwestern states of Texas, Oklahoma, Louisiana and Arkansas is promised according to John Kirby, chairman of the state campaign committee who received a telegram yesterday from Frank Rain, grand ruler.

"I earnestly co-operate with you and the good people of my home section of the United States," Mr. Rain said in his telegram. "We are behind you in your home service campaign."

"Commander Evangeline Booth told us in our recent convention at Atlantic City that if it had not been for the Elks, the Salvation Army could not have achieved the success it did in the great war.

"Great good is being done by the Salvation Army along a line that cannot be accomplished by any other organization. We as an order have always aided the Salvation Army and the Elks from coast to coast are assisting them hoping that you go over in Texas, Oklahoma, Louisiana and Arkansas.

Stockmen See Need for Emergency Feed.

The protracted drought through the northwestern section is showing to farmers the need for carrying emergency feed for the live stock during unfavorable seasons. Specialists of the United States Department of Agriculture point out that shortages of rainfall are likely to occur frequently in this territory and that it is essential that live-stock farmers carry over feed reserves as insurance against dry weather and stunted crops.

Anniversary Program of C. W. E. M. Forty-five years of Service.

Wednesday, Sept. 3, at 4 p. m. At the Home of Mrs. C. E. Smith

Song—"The King's Business." Invocation—Bro. Asbell.

Song—"Bringing in the Sheaves." Devotional Period—Sentence Prayers by every member of the society.

Song—"Help Somebody Today." Anniversary Poem—Mrs. Steekman.

Beginnings of the Christian Board of Missions—Mrs. Henry. Fields we have entered—Mrs. Elliston.

Our Missionaries—Mrs. Guthrie. Special Music—Mesdames Guthrie and Smith.

Round Table—An experience meeting as to length of service of each member and what it means to her.

Hidden answers by all members. Love Gift offering.

Benediction.

Montana Stock Moved

Cut-over and burned-over lands in northern Minnesota are being utilized for the pasturage of Montana live stock, reports a representative of the United States Department of Agriculture. About 13,000 sheep have been moved to Minnesota, as drought has made the Montana pastures unsuitable for stocking to capacity. Arrangements have been made between Montana stockmen and owners of cut-over lands in Minnesota to continue this pasturage plan, idle land thereby being used for profitable live-stock production.

Better Breeding—More Meat

Use of standard-bred fowls in east central Tennessee has increased the average weight of poultry in that section 25 per cent. This is the statement of a local poultry buyer made to a specialist of the United States Department of Agriculture, which cooperates with the State agricultural college in the work. Better breeding has the same beneficial effect on poultry as on larger live stock. It means more meat, more profits, more satisfaction to the breeder.

Comb honey that is to be sent to a distant market should be shipped before cold weather, since the combs become extremely fragile when cold.

PUBLISHED EVERY THURSDAY BY BRAND PUBLISHING COMPANY
HOLMAN & STECKMAN, Proprietors

Entered April 27, 1911, in the postoffice at Hereford, Texas, as second-class mail matter. First issue of the paper issued Feb. 23, 1911, as the Hereford Reporter; first number of The Brand issued March 21, 1916.

Subscription Price \$2.00 a Year Strictly in Advance

THE FUTURE

The oil prospectors are at their task of discovering what in the way of treasure is concealed beneath the earth of the section surrounding Hereford. The geological conditions, we are told, are favorable, but even then the chances of striking oil in paying quantities is considerably less than a certainty. It is a kind of gamble, and the community is waiting the result like one waits the turn of a wheel of fortune.

If the prospectors find oil, it means much to Hereford. It will be the passing to a new order of things. New people and new interests will come among us, and to an extent the community life will be made over and readjusted. It will bring prosperity to some in bounds, and to others, because men and women have never ceased to be human, it will bring selfishness, jealousy and unhappiness.

With oil will come progress. It will be such a progress, as could not come in the ordinary course of events. Values may be inflated. Speculation will take hold. It will be a time for good citizens to sit steady in the boat—for level heads to control the situation. Hereford will emerge from the stressful times, should they come, triumphant, for pioneers here already have prepared a foundation of substance.

But what if it should be found that there is no oil, but only, as we know in advance, pure water in rich abundance—should we be discouraged and downhearted?

Hereford cannot stand still. It is a law of nature that everything, even individuals and cities, must go either forward or backward. If we know the stuff of which Hereford is made, and we confidently think we do, the forward march will continue, oil or no oil.

A HOME SPELLING BEE

Do you think you are smart? Then prove it; here is the test.

The Brand goes into practically every home in Hereford. In every home there will be some member of the family who will read this particular copy first. He will have the opportunity of discovering just how well informed are the rest of the family. A great educational authority, Prof. W. S. Miller, of the University of Minnesota, says that anyone who can spell the following ten words and spell them correctly is a smart man:

- Repellent
- Collectible
- Pienicking
- Inoculate
- Copensus
- Inferred
- Sacrilegious
- Dissipate
- Bilious
- Vilify

Now, if you have failed, don't be discouraged. Prof. Miller advises that the test was applied to ninety normal students who intend to teach school next year, and the best record was seven of the ten

words spelled correctly. The ten words are in common use. You see them nearly every day in something that you read. The theory of Prof. Miller is that one who is able to spell the words correctly naturally is one who is observant and retentive, and, therefore, smart.

THE SCIENTIFIC ANGLE

A learned gentleman of science has written in a current magazine on the subject of integrated effort. As an example he tells the story of the man who had a lawn to cut and no lawn-mower. The man was too poor to buy a lawn-mower and he hated the labor of mowing so he bought a goat. The goat saved him the labor by eating the grass, produced special milk for the baby, fertilized the lawn and ate a few tin cans on the side. That, says the writer, was a crude case of integrated effort.

Now here at Hereford is a case of what might be referred to as anticipated integrated effort. Oil wells are being drilled. If no oil is discovered, the wells ordinarily would be of no value. By applying the principal of integrated effort the wells could be cut up into post holes and sold to citizens who have fencing to do.

Not caring to go deeper into this question, we gladly turn it over to the class in elementary science of the Hereford High School.

A NEW HYPOCRISY

Censorship is a subject upon which republican statesmen based many severe criticisms of the administration during the war. They affected an abhorrence of anything that tended to restrict free speech. A recent incident in the House of Representatives makes interesting comparison of their attitude then and the way they feel about it now.

The chaplain of the House is the venerable Dr. Henry N. Couden, a blind minister of the gospel. He has been chaplain for 24 years. Not long ago Dr. Couden prayed for "a league of nations" such as would "spring from the hearts of the world."

"I am sorry you put politics into your prayer," Speaker Gillette told Dr. Couden, when the prayer

had been finished. The chaplain was admonished to steer clear of politics.

"I have never before been told I put politics in my prayers," declared Dr. Couden in a trembling voice.

Since the incident the chaplain has prayed several times for a league of nations to prevent future wars, thus demonstrating to the republican leader of the House that he refuses to be "muzzled".

An oft repeated story is the one about a jurymen who complained bitterly of the contrariness of his eleven associates on the jury when they would not agree with him on a verdict. His was a mild case of egotism as compared with that of Congressman Blanton, of Texas, who frequently finds himself a minority of one in the House of Representatives, which has a membership of 435.

If you are searching for the cause of the unrest prevailing throughout the United States, don't overlook the kaiser.

Did you ever hear a farmer referred to as a profiteer. Neither did we.

New Pastures for Drought-Stricken Stock.

The activities of the United States Department of Agriculture in saving thousands of cattle from starvation last season by transferring the animals from the drought-stricken regions of Texas to other southern pastures were so successful that Federal officials are rendering similar assistance this season to the stockmen of the Northwest who are suffering severely from dry weather and short pastures. Representatives of the Federal department are cooperating with State departments of agriculture, the agricultural colleges, and the Railroad Administration in moving the live stock from the drought-stricken districts to available pasture lands wherever they can be found. A survey is being made in Wisconsin, the upper peninsula of Michigan, Oklahoma, Kansas, and sections of the corn belt, to locate available pastures. Prospects are that the majority of the cattle will be accommodated on grass land, so that the meat losses resulting from the drought will be small.

Uncle Sam has a bargain day again. It is Saturday, August 30, which is the last day on which War Savings Stamps can be purchased for \$4.19. This is also the last chance to get \$100 Registered Treasury Savings Certificates for \$83.80 and \$1,000 Registered Treasury Certificates for \$838. The price of War Savings Stamps advances to \$4.20 on September 1st, that of \$100 Registered Treasury Savings Certificates to \$84 and \$1,000 Registered Treasury Savings Certificates to \$840.

As the cashable value of War Savings Stamps and Registered Treasury Savings Stamps also automatically advances with the price, those you have already purchased this year are worth that much more. The longer you hold them, the more they're worth.

Buy this week. Don't put off getting those War Savings Stamps or Registered Treasury Savings Certificates longer than Saturday. If you do, you are simply beating yourself out of that much interest. It's not what you make but what you save that counts. SAVE THAT INTEREST.

Hopperdozer Collects Grasshoppers

No modern implement of warfare terrorizes the enemy more than the hopperdozer, built according to plans recommended by the United States Department of Agriculture, terrorizes grasshoppers. Ten bushels of grasshoppers were captured in two hours on one farm in Morgan County, Ind., by the use of a hopperdozer built by the county agent in order to control a serious outbreak of the pests. Continued use of the device has resulted in the control of vast hordes of the insects which have done considerable damage on many farms in the county. The catcher is about 15 feet long and 6 feet high. Near the bottom is a trough leading into a big screen cage at the back. The device was drawn by two horses over a clover field after the crop had been cut. The agent reports that at times the pests were so thick as they jumped into the catcher that they presented the appearance of a cloud. Complete directions for building and operating a hopperdozer will be furnished by the United States Department of Agriculture.

Piles Cured in 6 to 14 Days
Druggists refund money if PIAZO OINTMENT fails to cure itching, blind, bleeding or protruding Piles. Instantly relieves itching, Piles, and you can get a night's sleep after the first application. Price 6c.

Live-Stock Imports from England Resumed

Recently 378 sheep, 111 cows and heifers, 6 horses, and 1 Berkshire boar pig arrived in New York from England on the steamship Michigan, according to the United States Department of Agriculture. Included in the shipment were 70 yearling lambs of Hampshire, Cotswold, and Suffolk breeding, while the cows were mostly Guernseys and Jerseys, all of the animals being pure bred purchased for use as foundation stock and in improving the herds of United States breeders. This shipment of live stock is one of the first which has reached this country from the British Isles since the outbreak of the war and marks the resumption of live stock trade between the two countries which was abruptly curtailed by the activities of the U boats.

Y. P. M. S.

The Y. P. M. S. will entertain at Mrs. Ashbrook's, Friday, Sept. 5th at 8 p. m. with a Japanese Garden party consisting of a Tour Around the Inland Seas.

To avoid a barrel of trouble buy a barrel of Magnolia Safety Oil, a nice clear kerosene. Phone 371.

NOTICE

NOTICE is hereby given that HEREFORD INDEPENDENT SCHOOL DISTRICT will on the 30th day of August, 1919, receive proposals from any Banking Corporation, Association or Individual Banker in Hereford, Texas, who may desire to be selected as the Depository for the funds of the said Hereford Independent School District for the term beginning September the first 1919 and ending August the 31st, 1920.

Each proposal shall be sealed and accompanied by a certified check for an amount not less than \$200, made payable to the President of the School Board, said check to be given as a guarantee of the good faith of the bidder, and that if his bid is accepted he will make the bond as required by law.

Each bid must state the rate of interest that the bidder offers to pay on the funds of the said district, said interest to be computed upon daily balances, and credited to the funds of the district at least once a month.

All bids must be delivered to the Secretary of the School Board not later than 10 O'clock A. M. on Saturday, August the 30th, 1919.

Why We Advertise

A friend asked us why we advertise our vulcanizing department so much. "For," he said, "everybody around Hereford knows of your tire repairing and, besides, your men are busy all the time anyway." Which is all true enough but we want to reach the new people who are constantly arriving and who we hope to make steady customers, for all departments, by first interesting them in our tire repairing department, where "QUICK SERVICE" is our motto.

SLAT'S DIARY

FRIDAY—pa & mister Gillem was a tawking about Success & mister Gillem sed he was a successful man becaws his wife she allways kep pushing him ahead & pa sed he supposed the Reason he was sent Successful was becaws his wife which is ma is all ways pushing things at his Hed.

SATURDAY—ma sed at the dinner table 2 pa that the Lord had smiled on mister Krane which lives down the St. & had sent him a pare of Twins. pa sed I wood say he laffed out loud at him. which was all 2 deep for me not understanding there meaning.

SUNDAY—I staid 2 church 2 heer the preaching today. I guess the preacher is a ottomobeel fan becaws he had the Audience 2 sing a song which was named Threw that Beautiful land on high. pa sed he had a ford or something.

MONDAY—ma & me went down town today & we seen a big crowd & snuk up to see what the matter was & they was a man a laying on the ground senseless. ma sed to another man Did sum-thing run into him & the man replied & sed Yes & ma sed What & the man sed About haff a pint I think. ma sed later he ment likker which is a luxury in this Country.

TUESDAY—Got a job today running errands for the Editor of the Paper and etc. He sed 2 me if I do well & lera 2 print & write peaces & Collect bills & everything I will meby own a place of my own sum day. Ats me 2 Tired.

WEDNESDAY—When I swep out the Editors offis this morning I found a \$ Bill a laying on his desk & I put it in my pokket & waited till he cum in & then I give it 2 him & sed I had found it. He sed Slat's yure a fine yung man 2 return that money. I put it there 2 try you. I replied & sed That's what I thot. He frowned.

THURSDAY—Meby I can persuade ma 2 let me work & do sum-thing usefull Instead of going 2 Skool. & meby I cant 2. But we will see.

Homemade Devices Cool Kitchens.
It is cooler in 10,345 southern kitchens this summer for that many housekeepers in the South have made fireless cookers and iceless refrigerators with the aid of the home-demonstration agents during the past year. This number includes only those taught directly by the extension workers. It is impossible to estimate how many more learned from their neighbors how to make and use these hot weather comforts.
Southern women in home clubs

during 1918 made and installed altogether 58,394 devices for saving labor and improving sanitary conditions. Of this number, 6,837 were fireless cookers, 3,508 iceless refrigerators, 15,703 fly traps, 14,342 fly screens, 1,764 improved ironing boards, 411 wheel serving trays, 187 shower baths, 864 kitchen cabinets, 985 water systems installed, 615 driers for home use, and 13,178 other labor-saving devices. There were 28,620 more women who bought labor-saving devices, because they had learned through demonstrations of their value. This number included water canners, steam pressure cookers, lighting plants, and various other articles which make for the comfort and health of the home. The clubs organized through the efforts of the United States Department of Agriculture, and the State colleges are schools of instruction in family betterment and community welfare, clearing houses of neighborhood knowledge, and public exchanges where patterns, magazines, recipes, and ideas are given and taken.

CZECHO-SLOVAK SOLDIERS STAND LONG TRIP WELL.

Washington, Aug. 4.—Of more than five hundred wounded and in valid Czecho-Slovak soldiers of the first contingent of veterans taken home to Bohemia from Vladivostok under escort of American Red Cross workers only one died during the long journey, National

Headquarters of the Red Cross was advised today. Three larger groups of Czech survivors of the Siberian fighting are journeying toward the new Czech republic, cared for by Red Cross nurses, and another transport is about to leave Vladivostok with still another contingent.
The first group of Czechs sent home traveled via Alexandria, Egypt, and Trieste, to Prague. The only member of the party to die succumbed to heart disease and was buried at sea. The journey consumed 63 days, and the Red Cross party was cordially welcomed and thanked for its services by throngs that welcomed the triumphantly returning Czechs in the capital of the liberated nation.

Favors Better-Sire Crusade

In answer to letters sent by the Department of Agriculture to live-stock associations, agricultural colleges, practical breeders, and men throughout the Nation interested in better live-stock asking for comments on the better-sire campaign to be conducted by Federal and State officials, more than 97 per cent of the replies favor the campaign as outlined: Of the 565 replies received by the department up to July 28, a total of 550 favored the campaign, 13 showed some doubt as to the advisability of holding it at this time, and only three were adverse to the plan. All the replies received from live-stock associations and from State departments of agriculture indorsed the crusade. Replies from 31 professors of animal husbandry and dairying in State colleges showed that none opposed the plan and only three were skeptical. County agents are ready to support the movement, the replies from 365 of them showing that 358 are favorable. Many indicated that the campaign would greatly strengthen their efforts in the work of live-stock improvement. Letters from field agents, agricultural paper editors, extension officials, breeders, and stockmen were unanimously favorable.

LOCO AND PROHIBITION

Loco weed has been the cause of considerable loss of livestock on the ranges of the southwest. Since prohibition went into effect it has been found that loco weed and raisins, in certain proportions, fermented and clarified, forms a drink that causes one to love his mother-in-law or rob his own hen roost. Now comes a report from Denver that a bug has been discovered in eastern Colorado that destroys loco weed and experiments are being made in its propagation. Thus another apparent oasis is turned into a mirage.
—Fort Sumner (N. M.) Review.

New Force Starts

Corn-Borer Clean-up.

In the next few days the United States Department of Agriculture will open a field laboratory near Schenectady, N. Y., for the purpose of conducting a survey of European corn-borer conditions in that State. A force of about 25 inspectors will be thrown in the field and a complete survey will be made as quickly as possible. All material collected will be sent to the laboratory, the exact location of which has not yet been decided upon, for determination as to whether or not it is European corn-borer or native species. The infestation in New York is not nearly so widespread as that in Massachusetts, but it is none the less serious, and calls for energetic measures. Actual clean-up work can not be begun until after frost, but before that time information will be gathered to show what area the clean-up must cover.

Died From Snake Bite

Alma Kindle, daughter of Mr. and Mrs. Kindle, of the Olympus community, was bitten by a rattlesnake Monday afternoon and died during the early part of the night. The snake bit her on the leg. Alma, nine years old, was told by her mother to go to the garden and get something. She jumped through a window and evidently

struck the snake or near it, for no sooner than she jumped that she screamed when the snake fastened its deadly fangs into her flesh.

The mother and father rushed to her rescue and the father attempted to kill the snake and wounded it with a rock. However, the snake escaped under the house.

The funeral services were held this afternoon at the Olympus cemetery.

The papers are mentioning quite often now of persons who have been bitten by rattlesnakes. A Quannah boy was bitten not long ago and last week a boy near Altus was bitten. It is said that snakes are more numerous this year than for many years. The tall grass allows them protection and at the same time prevents them from obtaining food. When

hungry, snakes are very vicious, especially a rattlesnake.—Childress Index.

To avoid a barrel of trouble buy a barrel of Magnolia Safety Oil, a nice clear kerosene. Phone 371.

SOCIETY AND CLUBS

MISS CECIL GILLILLAND, Phone 39

Mrs. Luther W. Hough was hostess to a number of friends at a delightful party on Tuesday morning, August 26. Games of "500" and "42" were enjoyed by the guests. The freshness of the morning and Mrs. Hough's charming hospitality made the hours fly, and at the conclusion of the games the hostess, assisted by her sisters, Misses Inez and Dene Dunlap, served a delicious salad course.

On Saturday afternoon, August 23rd, the beautiful Gregg home was thrown open to a number of friends when Miss Jane Gregg and Mrs. C. Allen Skelton entertained for Mrs. Skelton's guest, Mrs. Nears, of Alamogordo, New Mexico.

Fall roses and hanging baskets of garden flowers and ferns turned this home into a lovely garden. Tables were laid for "500" and "42" and after a merry round of games the hostesses, assisted by Misses Ina and Lura Gregg, served a delicious salad course.

On last Tuesday evening Miss Marie Burns entertained a number of friends with a "Program" party which consisted of merry games and interesting contests. A most enjoyable evening was spent as the guests carried out the program and all enjoyed every number, most especially the one when it was announced that the next number would be a trip to the Burns drug store where delicious refreshments were served. Then the return trip to the Burns home, where the program was concluded after which the guests departed for their homes each declaring Miss Marie a most delightful hostess.

AMEND-SAIN

On last Tuesday, August 26, in the office of the County Clerk, Rev. Asbell spoke the ceremony which united in marriage, Finis W. Amend, of Ideal, Texas and Mrs. Lida Lee Sain, of Summerfield, Texas. Only the mother of the groom and Mrs. Clyde Roberson, a sister of the bride were present. Immediately after the ceremony the couple left for their new home in Ideal, Texas.

Misses Coffin and Betts Enroute Here

The Brand is in receipt of a letter from Miss Minnie Dea Coffin, dated at Chicago, in which she states that she will be on hand at the opening of the local schools. Miss Coffin has been studying piano under Harold Henry all summer, and perfecting herself in the "Dunning System" which she will teach here the coming year. Miss Mabel Betts is with Miss Coffin, and the two will make the trip to Hereford together.

We will Please you.

Elliott E. Terry,
John G. Terry.

Mrs. John Brownlee returned last Saturday from Amarillo, where she had been in the sanitarium for the past few weeks. Her many friends are glad to see her back home again and doing so nicely.

Mrs. Sid Loving and sons, Roy and Millage, left Friday for their home in Gainesville, Texas after a visit in the home of Mrs. Loving's parents, Mr. and Mrs. W. J. Gilliland. Mrs. Gilliland accompanied them to Amarillo.

Mrs. L. J. Fellman and daughter Mary, arrived Tuesday from their home in Amarillo and will visit for a short time in the home of Mr. and Mrs. T. N. Heifner. Mrs. Fellman and Mrs. Heifner are old time friends.

Merrill E. Brown, Industrial Secretary of the Y. M. C. A. in Texas, with headquarters in Dallas spent a couple of days with us this week, soliciting funds for the upkeep of the Y. M. C. A. the coming year.

Mrs. W. M. Moore and daughter, Miss Rosalee, and Mrs. Fred Miller and children, Miss Frances Lea and James, all of Amarillo were guests in the home of Mr. and Mrs. A. A. Godwine Tuesday of this week.

J. H. Crawford, of Traer, Iowa, Dr. G. C. Trimble, wife and two children, of Montezuma, Iowa, and Dr. Trimble's father, I. N. Trimble, are visiting friends and relatives in Hereford. The party drove through country in five days traveling a total of 1037 miles.

Dr. D. D. McHenry and family, who have been making a tour of Colorado and New Mexico, now enroute to their home in Oklahoma City spent a few days in Hereford this week, visiting Mrs. McHenry's brother, W. R. Steckman, and family.

J. P. Connell of Corpus Christi, Texas, Rufus S. Shaw of Frost, Texas, and W. R. Stockard of Mertons, Texas, have been visiting Mr. and Mrs. Geo. L. Muse the past week. Mr. Connell is Mr. Muse's setp-father and is still here, while the other two visitors, both bankers, have returned to their homes.

FOR SALE—OLIVER TYPE WRITER in good condition. Price \$15.00. E. W. Harrison 31-tf

Good Morning, Hereford Shippers:

Do you remember Kipling's poem about the girl who told her best man he must either give up smoking or give her up? He revolved the situation over in his mind like this:

"Bring out the old cigar box, get me a Cuba Stout,
For things are going crossways and Maggie and I are out;
We quarreled about Havanas, we fought o'er a good Cheroot,
I know that girl's exacting, and she says I'm a brute;
But bring out the old cigar box, let me consider a space,
In the soft blue veil of the vapor, musing on Maggie's face,
Maggie is pretty to look at, Maggie's a loving lass;
But the prettiest cheeks will wither, the truest of loves will pass.

Why a million surplus Maggies are willing to bear the yoke,
And a woman is only a woman and a good cigar is a smoke,
Bring out the old cigar box, I cling to my first sworn vows;
IF MAGGIE WILL HAVE NO "SEEGARS", I'LL HAVE NO MAGGIE FOR SPOUSE."

Which is just what the girl might have expected when she said "YOU MUST" to any man; my attitude is not "You Must" but WON'T YOU PLEASE GIVE MY FIRM THAT NEXT SHIPMENT!

Leave it to you if my firm isn't the best located in these yards, no surer footed steer salesman ever graced an alley than I. R. McAdams. Horace Cox is just as capable on butcher stuff and you can't go over that railroad crossing towards the stock yards without thinking of Elsie Pearl, your former neighbor, and boys, its up to you to say whether you'll honor my firm with your shipments. I'll appreciate the boost it will be, my firm will get the last possible dollar for you. Now will you tell me how you're going to be able to rest well at night if you turn me down, good firm, nice crowd to line up with, real salesmen and a boost for a neighbor girl, oh come on with a collect western union saying shipment is on the way to

Cox McAdams Commission Co.

THIRTEEN FINISH NORMAL COURSE

The ninth year of the West Texas State Normal College closed Monday morning with the commencement exercises for the thirteen young men and women who had completed the course during the summer session of the school.

Sunday morning at the auditorium Rev. B. F. Fronabarger preached the Commencement sermon, delivering an inspiring address to the young people and the large number of their friends and citizens of the town who had gathered.

Monday morning Mrs. Warner, of Claude, and editorial writer for the Fort Worth Star-Telegram, delivered a very fine address before the members of the graduating class and those who were to receive certificates.

The following young people graduated Monday:

- Josephine Franklin Baber, Lubbock
- Lucy May Boyd, Ft. Worth
- Henrietta Mayme Evans, Abilene
- Charles H. Keffer, Lipscomb
- Jim Carrie Lindsay, Ft. Worth
- Charles S. Lofton, Canyon
- Tommie Smith Montfort, Canyon
- Leat Roberts, Amarillo
- Lula Bell Rushing, Floydada
- Mrs. Blanche Hester Stall, Wellington
- Chloe Stripling, Big Springs
- Leta Lucile Treadaway, Brownfield
- Bertie Warren, Amarillo.—Randall County News.

Department Has New Stallion Farm.

A new stallion farm, the only one of its kind in the country, was established by the United States Department of Agriculture in cooperation with the Wyoming Agricultural College, at Buffalo, Wyo., the first of July. It is to be known as the United States-Wyoming Horse Breeding Station, where the work that has been done for the past 15 years by the Department in cooperation with the Colorado Agricultural College will be continued. The object of the work at this station will be to produce the production of utility horses adapted to western range and farm conditions. Stallions at this station are available for use by mare owners in the community, and from time to time they will be sent for service to different parts of Wyoming and Colorado. Stallions developed for the range weight from 1,200 to 1,400 pounds.

BOY ACCIDENTLY SHOT BY FATHER

A most deplorable accident happened near St. Vrain on Tuesday morning of this week when Frank Smith, who lives seven miles southwest of St. Vrain, accidentally shot his ten year old son. It seems that about daylight Mr. Smith arose and shot at a stray dog with his pistol, the shot missing the dog and striking his son, who was asleep in the yard a short distance off. The bullet entered the boy's heart and death resulted instantly. The remains of the child were buried at Floyd cemetery Wednesday.—Clóvis News.

GREAT WESTERN SPUDS IN

The Great Western Oil & Refining Company, with headquarters

at Clóvis, started the drill Sunday afternoon on their location three and one-fourth miles southeast of Kenna.

This location is on a block of forty thousand acres of leases owned by the Great Western, and is known as the Ranger Lake Structure. There have been two distinct gas domes traced on this structure, and geologists predict that the drill will encounter a gas sand at a depth of about 1,000 feet on the south dome where the location was made.

Large crowds were present on the ground all day long. A string of Standard drop tools are being used and the derrick and rig are one of the very best built Standard outfits in the State of New Mexico.—Clóvis News.

TWICE PROVEN

If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-told testimony. It's Hereford evidence—doubly proven.

Mrs. J. B. McCord, 602 W. 2nd St., Hereford, says: "I used Doan's Kidney Pills a couple of years ago, getting them at Betts-Clark Drug Co., and they proved perfectly satisfactory in every way. I had been bothered at that time with my kidneys being weak. My back gave me the most trouble for it ached all the time. My kidneys were also irregular in action. I have had but very little trouble since Doan's Kidney Pills cured the attack at that time. I gladly advise their use to anyone suffering from kidney complaint." (Statement given Nov. 16, 1916.)

On May 3, 1919, Mrs. McCord said: "Since recommending Doan's Kidney Pills before I have used them occasionally. Doan's have never failed to give satisfactory results. This has increased my faith in this remedy and I praise them just as highly today as I did when I first endorsed them."

BIG CANTEN AT TOUL Feeds 1,621,417 MEN

Red Cross workers in the big canteen at Toul, located in the original American battle sector in France, fed 1,621,417 American doughboys oceans of coffee, chocolate and lemonade, mountains of ice cream, pyramids of doughnuts and skyscraping stacks of sandwiches during the last eleven months.

Almost enough soldiers to equal the entire A. E. F. were decorated with refreshments at this one canteen during that period. Exactly 1,561,625 sandwiches and 461,114 doughnuts were sunk without warning. Not a spoonful of ice cream escaped.

FRIONA PICNIC

Elaborate arrangements are being made for the Old Settlers picnic which will be held at Friona on Saturday, August 30th. This promises to be one of the biggest affairs of its kind ever pulled off in Parmer County. A good program has been arranged consisting of addresses, music and athletics. Also prizes will be given for the best samples of farm products.

Colds Cause Grip and Influenza
LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 3c.

LUBBOCK PAVING

An enthusiastic meeting Tuesday evening of the City Council and officials of the Chamber of Commerce was held for the purpose of investigating figures, estimates and plans offered for the paving of fifty blocks in this city, compiled and offered for their consideration by David Drennan, vice president and general manager of Dallas, who was present at the meeting.

The purpose of the meeting was mostly for the benefit of the city council and members of the Chamber of Commerce, as to the feasibility of submitting to the people an election for the issuance of bonds, and making acquaintanceship with engineering companies. The fact that the figures, and plans offered by Mr. Drennan, caused much enthusiasm among the members present, is evident because a special meeting was ordered to be held at the Chamber of Commerce office in the Court House, Aug. 26, or Tuesday evening of next week.—Lubbock Avalanche.

Bright Bagley's Little Girl Bitten By Rattle Snake

The eight year old daughter of Mr. and Mrs. Bright Bagley was bitten by a large rattlesnake, Monday afternoon, en route here from Las Vegas. Mr. Bagley opened the wounds the fangs had made and drew the blood from the incisions and hurried into town for hospital treatment. The little girl is believed entirely out of danger

today. The father's quick attention and first aid treatment in all probability saved his daughter's life. The friends of the Bagleys are rejoicing with them that the little girl has passed the danger and is expected to make a speedy recovery.

The family is here to attend the Round-Up and will be in the city during the week.—Tucuman American.

 Six Heathen Nations, in Costume led by "Night" or Heathen "Darkness."
 Morning—Annie Price.
 Night—Nona Brand.
 Hymn—633.
 Leader—Mrs. Ashbrook.

Report of Circle Number Three
 Circle No. Three met on College Heights at the beautiful and inviting home of Mrs. Ed Connell. She welcomed everyone in her charming way.

The meeting opened with a general favorite, "Near The Cross," with Mrs. Mounts as pianist.
 A very appealing reading, "Sunday's Lonesome for a Little Feller," was given by Emma Lee LeGrand and announced by Mrs. Tubbs.

Another sweet song, "A Little Bit of Love."
 Prayer by Mother LeGrand for missions in every field of work.

Mrs. Gilliland asked Mrs. Powellson to lead the devotional by reading the 28th chap. of Matthew, a chapter of world-wide missions.
 Sister McClurkin was then given charge of the lesson on missions. She taught it by topics, making it very interesting and inspiring to everyone. She wished to enlist all in the Cause.

We were glad to have with us again, Mother Hough and Mrs. Powellson, who helped greatly with the singing. The dear children brightened the occasion with their happy faces, also.

An interesting business session followed. Mrs. J. M. Gilliland was chairman for refreshments for B. W. M. W. for the year.
 Mrs. Dr. Hicks suggested that the Baptist ladies entertain the returned soldier boys, which met with general approval.

Mrs. Bourn sent appreciation of her remembrance from the Circle.
 Mrs. Dr. Hicks closed with a most heartfelt prayer in which Mrs. Thompson was especially remembered.

Several members and friends helped with their cars.

STATIONERY!—neat printing at living prices.

Details Completed For Great C. E. Convention

AMARILLO, Texas, Aug. 27.—Announcement has just been made of the detailed program for the Panhandle District Christian Endeavor Convention to be held at Littlefield, Friday, Saturday and Sunday, September 5, 6 and 7. The program as announced is said to be one of the strongest ever arranged for a Panhandle convention and it is believed will cause considerable interest over the district.

Prof. Wallace Clark, who is in charge of the music department of the West Texas Normal College at Canyon, has practically assured district officers that he will attend the convention and lead the singing. Many Endeavorers have been in his classes at Canyon and are anxious to have him at Littlefield.

Rev. E. C. Mobley, pastor of the First Christian Church of Amarillo will lecture Friday night on "Loyalty to Christ." Rev. Mobley recently returned from France where he served for six months as

an Army Y. M. C. A. secretary and his interesting lectures on religious and political conditions have made him in great demand as a speaker.

Dr. R. Thompson, pastor of the Central Presbyterian church of Amarillo, is expected to be a popular speaker on the program. He has been a pastor in the Panhandle for nearly ten years and is known to thousands through his forceful addresses. Dr. Thomsen also was in Y. M. C. A. service during the war, serving in the personnel bureau at Dallas and aiding in the selection of secretaries. He has been scheduled for three or four places on the program, his chief topics being, "C. E. Facing the Problems of Americanization" and "Whatever He Would Like to Have Me Do."

Rev. J. M. Asbell, pastor of the First Christian Church of Hereford, is a comparatively newcomer in the Panhandle. He went to Hereford slightly over a year ago, but his reputation as a speaker is rapidly spreading. He came from Missouri where he held pastorates for 15 years and has the "show

you" spirit as well as the "show me" spirit.

In addition to these leading ministers of the Panhandle, Miss Jessie Butts of Fort Worth, field secretary for the Southwestern C. E. Federation, will give a number of addresses. Her cheerful addresses at the 1918 convention in Amarillo are remembered by those who attended and they are glad that she will take a leading part on the program.

President P. Hicks Daniel also has lined up a number of the leading Christian Endeavor workers of the district to take part on the program. Littlefield Endeavorers will give a banquet to the visiting delegates and it is believed this will be an enjoyable affair. Mr. Daniel will be toastmaster.

Delegates are urged to send in their registration fee of 50 cents immediately to Mrs. K. E. Edmonds, of Littlefield, convention registration chairman. Delegates from the northern part of the district can get off the train at Hal Center and they will be taken to Littlefield overland without charge.

For Men Only

You men are so absorbed in your daily affairs that sometimes the home affairs become of secondary interest.

You know the cost of living is high. You wonder at the end of the month where all the money has gone for home expenses.

If friend wife doesn't make an itemized report—don't blame her. Perhaps the fault is your own. Do you give her an allowance—deposited in this bank—upon which she can check for all the household expenses?

It's the ideal way to keep a record of home buying. It helps to keep down expenses.

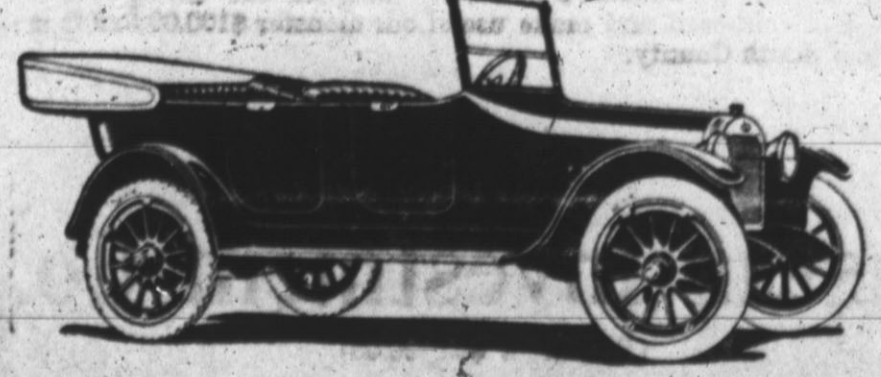

The First National Bank

SAFETY SERVICE SECURITY

THE OAKLAND SENSIBLE SIX

Year after year an overwhelming majority of motorists have chosen the full-tonneau passenger car for its many practical features. It is the selection of most homes where automobiles are used. It affords the amount of room required by a large majority of families, and in its main characteristics measures to the popular idea of a car for constant service.

The "Sixty-five Year Midget."

In 1854 and the two following years the wheat crop over rather a wide area was severely damaged by a little insect called the wheat midge. The loss in New York alone was estimated at \$15,000,000. As a result, many farmers in that State abandoned the growing of wheat. The farm journals at that time were full of discussions of the midge. But for years subsequently the wheat midge was not particularly troublesome. Gradually, both farmers and entomologists forgot about it or remembered it only as one of the pests that used to be. And so it went on for more than 60 years until very recently. Then the wheat midge gave evidence that it isn't out of business. Entomologists of the United States Department of Agriculture say that there is considerable midge injury in New York, Pennsylvania, Maryland, West Virginia, and Virginia. During all these 60 or more years, of course, the midge has been present, but in such small numbers as not to be noticed particularly. Because it was not doing any very serious injury, no thoroughly systematic study was made of the insect. The department experts are inclined to believe that several species are included under the name of wheat midge. Such life history data as are available do not seem to harmonize sufficiently for one species. The probability is, they think, that conditions are very rarely favorable for all of the species at the same time and, until such a universally favorable season occurs, the midge does not inflict enough damage to be particularly noticeable. The department, through the Bureau of Entomology, is undertaking a systematic study of life history together with other in-

vestigations that will result in a much more thorough understanding of the insect than has ever been had up to this time.

It is not regarded as at all likely that the wheat midge will ever again inflict such heavy damage as it did in 1854.

Calls Tuberculosis Conference.

The first conference ever held in this country for the exclusive study of tuberculosis in animals has been called by Dr. Mohler, Chief of the Bureau of Animal Industry, United States Department of Agriculture, to be held in Chicago October 6 to 8, in connection with the National Dairy Show. The conference will be attended by Federal and State officials and veterinarians interested in the con-

trol of tuberculosis, and the purpose will be to discuss various phases of the tuberculosis-eradication campaign. Plans will be made to work out uniform methods of conducting the campaign in various States, a feature favored by practically every State sanitary official who is authorized by State law to control and eradicate live-stock diseases. The program, which will include addresses by Federal and State officials, will be announced in the near future.

Wholesome Candy

To a measure of cleansed and pitted prunes, add an equal measure of raisens, and a fourth of their measure of nuts. Run this mixture through a food chopper form into balls, roll in ground coconut, peanuts, or in powdered sugar. This is more wholesome than sugar or syrup candies because of the valuable mineral substances which these fruits contain.

W. H. Bagley and J. H. Allison, owners and publishers of the Fort Worth Record, have purchased the Wichita Falls News-Tribune and changed the name of the paper to the Record News. Messrs. Bagley and Allison also own the Ranger Daily Times. Porter Oakes is vice-president and general manager of the Wichita Fall Record News.

The Texas State Printers' Association has been organized at Houston. Temporary officers are: R. C. Dyer, of Dallas, President; J. Roussel of Dallas, secretary. A meeting will be held at Dallas later on to perfect the organization.

Some beekeepers find it necessary to fumigate comb honey to prevent damage by the larvae of

the wax moth. For this purpose fumes of sulphur or disulphide of carbon may be used. If disulphide of carbon is used, great care should be taken not to bring it near a flame, as it is highly inflammable.

The second generation of the larger cornstalk borer of the South Atlantic States passes the winter only in the corn roots, so if these are destroyed or plowed under deeply, the pest will be largely decreased. The injury is worst where corn follows corn, so rotation of crops will help to destroy the pest.

To avoid a barrel of trouble buy a barrel of Magnolia Safety Oil, a nice clear kerosene. Phone 371.

In Harness Again!

Back at my old stand again ready to buy or sell your land or land notes. Come in, lets renew old acquaintance and business relations, then if you care to buy, sell or exchange anything anywhere, let me help. - UNIVERSAL JOINT—Detroit cushion, giving the direct drive to the rear axle.
- WEIGHT—2450 pounds.
- WHEEL BASE—115 inches.

Every Day is
Labor Day
when a Woman lacks a Hoover

Don't you hate to stoop to push dirt into the dust-pan? Nearly breaks your back to sweep! And then you have that dissatisfied feeling that you only scraped off the top dirt anyhow. Get a Hoover that you just "steer"—that furnishes all the muscle—that beats, sweeps, suction cleans, straightens nap, brightens colorings and puts the carpetings in shape to wear longer.

The West Texas State Normal College, Canyon, Texas

THE WEST TEXAS STATE NORMAL COLLEGE is nine years old, having opened its first regular session September 20, 1910. During this short time more than 5,000 people have received instruction here. Beginning with a student-body of some 200, the summer session just closed had an enrollment of 780 and the total enrollment for the year, including regular and summer terms, is 1353.

THE WEST TEXAS STATE NORMAL COLLEGE has a faculty of 46 specialists. These men and women have been selected with special reference to their ability as educators and are recognized leaders in their respective fields. They are big of mind and large of heart and easily find their way into the lives of the young people they touch.

THE WEST TEXAS STATE NORMAL COLLEGE offers instruction in Agriculture, Art, Biology, Bookkeeping, Chemistry, Commercial Law, Domestic Art and Science, Economics, Education, English, Expression, French, Government, History, Latin, Manual Training, Mathematics, Music (piano, voice, violin; band, orchestra, public school), Physics, Sociology, Spanish, Stenography, Typewriting.

THE WEST TEXAS STATE NORMAL COLLEGE maintains Kindergarten and Training School for children, under the direction of educational experts. This school furnishes to prospective teachers, opportunity for observation and practice-teaching.

THE WEST TEXAS STATE NORMAL COLLEGE has a standard college curriculum leading to the various kinds of teachers' certificates and to B. A. and B. S. degrees in Education.

THE WEST TEXAS STATE NORMAL COLLEGE offers scholarships annually to the honor students among young women and to the honor students among young men in the graduating class of each fully affiliated high school. These scholarships exempt the holder from all incidental fees.

THE WEST TEXAS STATE NORMAL COLLEGE offers annually one scholarship, worth \$100, to students who have completed with high rank a two or three-year college course in a Normal College.

THE WEST TEXAS STATE NORMAL COLLEGE has the best individual schoolhouse owned by the State of Texas. Plans are now being made for the erection of a fire-proof boiler-house and metal shop at a cost of \$30,000, and a handsome, fire-proof dormitory for girls at a cost of \$150,000.

THE WEST TEXAS STATE NORMAL COLLEGE believes in all that is high and holy in our Christian civilization and seeks always to environ our boys and girls with the most wholesome influences. It is our purpose to evade dogmatism and to enthrone spiritual understanding.

THE WEST TEXAS STATE NORMAL COLLEGE charges no tuition and furnishes free textbooks. An entrance fee of \$15 is the only cost. This is the people's school and its advantages are as wide open as possible.

The fall term will open September 26.

Austrian Revolutionists Make Dozens of Attacks on Red Cross

WASHINGTON, Aug. 25.—Details of a dozen attacks by Austrian revolutionists upon an American Red Cross train carrying relief supplies from Paris to Bucharest some of which were repelled only at the rifle's point by French, Serbian and Roumanian soldiers, have reached National Headquarters of the Red Cross. It required three weeks for the three Red Cross officers in charge of the trip, Capt. G. H. Smith of J. B. Farwell & Co., Chicago; Lt. M. G. Watkins of 245 Magnolia Avenue, Chicago, and Lt. P. H. Dodson of Waco, Texas, to bring their thirty-five cars overland to the Roumanian capital and during the last four nights of their trying journey none of them were able to sleep because of the constant menace of the outlaws.

Trouble began at Combs, Austria, where the Red Cross train ran into a congested freight yard and was immediately surrounded by armed men. The French guard stood by and there was intermittent firing all night. When it began to look as though the train crew was purposely delaying the train until the revolutionists could arrive in large enough numbers to overcome the train guard, an armed detail mounted the tender and the reluctant engineer pulled out of the yard covered with a loaded rifle.

"In this fashion we passed through Zombor and finally reached Scabadka, the edge of the Bolshevik territory," the Red Cross officers report. "Here again the yards were crowded. Civilians and soldiers prowled all around our cars and shooting was constant. Our guard was posted but not quickly enough to prevent the revolutionists from splitting the train in two sections. One section was carried ahead, backing in on another track and deliberately derailed. The outlaws seized the engine and were making off with it when stopped by French poilus.

The operations were watched by sullen hundreds of former Austrian soldiers but the arms of the French and Serbian guard prevented an outbreak while the train was being reassembled. At Brassó the attacking outlaws cut off one ear, which was recovered with difficulty, and at Predeal they broke open two cars and were looting them when the armed guard appeared and scattered them. At another point the revolutionists concealed a group of their looters in four cars, planning an attack later, but this was nipped when we dropped the four cars and proceeded on our way. Throughout the re-

mainder of the trip there was much shooting but no one was wounded.

The various obstacles placed in the way of the train resulted in its running time being more than four times as long as normally the journey consumes.

We will buy your Vendor's lien notes. Baskin Abstract & Title Co.

CHICKEN THIEF

Mrs. M. L. Blankinship reports that on Wednesday night a chicken thief visited her home and took ten or twelve fine young chickens from her hen house. From blood on the floor it is thought the thief pulled the heads off the chickens and thus saved noise that might awaken the family. As the biggest and finest of fifty frying size chickens were taken, it looks like two legged "skunks" were responsible for the deed. A chicken thief is about the lowest sort of thing imaginable and a good, big strong steel trap should be set in a place where it might possibly do its best work. Anyway such thieves had better keep away from hen roosts for traps are going to be set.—Higgins News.

Work on the four new brick buildings between Betts—Clark and C. O. Lee Hardware is rapidly progressing. Contractor Nicks now has the walls up and second story flooring about installed. The buildings will probably be ready for occupancy in October.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 50c per bottle.

Joe Keliher Harvested 25,000 Bushels Of Wheat

Joe Keliher has harvested 25,000 bushels of wheat this year. On one piece of land consisting of two hundred seventy-five acres he had an average yield of thirty-six bushels to the acre.

Mr. Keliher is one of the most successful wheat growers of the Southwest.—Plainview Herald.

JOHN KIRBY WILL DIRECT CAMPAIGN OF S. A. IN TEXAS

Wealthy Lumberman to Select Executive Committee Soon For State.

MILLION IS ASKED FOR RELIEF WORK

Money Raised in Drive to Be Used in Building Where Donated

John Kirby, millionaire lumberman of Houston has accepted the post of chairman of the Salvation Army home service drive in Texas, which will begin in Oklahoma, Texas, Arkansas and Louisiana September 29 for \$1,000,000.

Mr. Kirby will be associated in the drive with Governor J. B. A. Robertson who is heading the drive from Oklahoma City, and Governor R. G. Pleasant of Louisiana. Governor Hobby of Texas is acting in an honorary capacity on the Texas committee.

"Mr. Kirby was selected to head the state committee because of his popularity with the citizens of Texas," Lieutenant Commander George Wood of the Dallas Salvation Army post declared yesterday. "His long association with the financial interests of the state make virtually certain the success of the home service campaign."

General in Scope

The home service campaign will be general throughout the United States. The money asked of the nation is \$13,000,000. The share of the southwestern group of states directed from Dallas is set at \$1,000,000. On an estimated population of 5,000,000 for Texas, Oklahoma and the sections of Arkansas and Louisiana included in the territory the amount required will reach 20 cents per capita.

The Salvation Army funds raised in the great cities of the southwest will be spent in the cities from which it is donated. The money will be spent entirely for the betterment of home conditions.

"The question has been asked by a farmer as to what his interest is in the city development of the Salvation Army is," Lieutenant Colonel Woods of the Dallas office said yesterday. "The interest is strong. It affects him directly. It strikes at his family."

City Life Protected

"The welfare of the Salvation Army is the welfare of his son or daughter who visits the great cities of the nation in search of work."

"The boy who comes to the city is given wholesome surroundings. He is given a clean bed. He is offered a place for healthy recreation. He is taught to avoid the pitfalls of city life into which he might fall were he permitted to go his way without guidance."

"The daughter of the farmer or of the man from a small town is given a clean lodging place in the girls' hotel; with board at a low cost. Many girls would not be able to successfully combat the economic conditions of which they are ignorant when they come to the cities without the aid of the Salvation Army."

Thousands to Cities

"Thousands of such young people flock into the cities each year. They are employed in clothing stores, five and ten cent shops and telephone offices. In many cases the wage paid is insufficient for their needs."

"The Salvation Army steps into the breach at such times and extends a helping hand."

The Salvation Army owns in Texas two rescue, two maternity and two children's homes. In addition the organization has four workwomen's hotels and two industrial stores. The rescue, maternity and children's homes are at San Antonio and El Paso.

Eighty five working girls and 215 children have been admitted to the homes in the past year. The new state fund asked in the Salvation Army campaign will go in part for the enlargement of the San Antonio homes. New buildings and institutions are planned for Oklahoma and Louisiana.

Twenty-Five in Girls' Hotel.

The girls' hotel at Dallas maintained by the Salvation Army now accommodates 25 girls, according to Lieutenant Colonel George Wood in his report for the year ending March 31, 1919. These girls, Mr. Wood declares, are given clean rooms and wholesome meals much below the cost for the poorest kind of board and room obtainable in Dallas. The home is at 1718 Corsicana street.

Many Get S. A. Groceries.

Meals and groceries have been supplied 22,104 needy citizens of the southwest by the Salvation Army in the past year, according to Lieutenant Commander George Wood of the Dallas office. 1945 were given lodging, employment was found for 260, medical aid was given 1148. The total number of suffering people relieved by the Salvation Army in the year is 20,669. The cost of giving the relief amounted to \$17,268.48.

GROOM TO HAVE NEW STATE BANK

Groom is to have a new Bank, the Guaranty State Bank, and the institution will be open for business within the next few days, according to reports. T. C. Lively will be Cashier, assisted by J. F. Turner.

The other officers are C. M. McCollough, of Amarillo, president and C. B. Hendrick, of White Deer, vice president, both of whom are experienced and well known bankers of the Panhandle.

REPORTED OIL AND GAS STRIKE

News has been brought to Dalhart that the Ute Creek Oil & Gas Co., drilling about 70 miles west of Dalhart, had struck a gas-

ser making about 200,000 cubic feet at a depth of 580 feet. It is reported also that there is a liberal showing of oil. The directors of the company have taken all the stock off the market. In the meantime drilling continues with the expectation of a bigger find at a depth of 1200 feet. It is known that the report of the geologists has been borne out so far, and it is

ardently expected that an oil field will be brought in in this vicinity. —Dalhart Texan.

No Worms is a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Worms will then throw off or digest the worms, and the Child will be in a perfect health. Pleasant to take. 60c per bottle.

LET THE LITTLE FORDSON DO YOUR WORK

A test of the Fordson Tractor was made at Wichita, Kansas. The test was crowding a seasons work into thirty days. The test was begun on June 16th and on July 12 the Tractor had cut 220 acres of wheat; dragged 44 miles of road; plowed over 100 acres of land; plowed, disced and planted 8 acres of cane; to say nothing of cutting feed, sawing wood and other farm work. The Tractor was run day and night the engine not being permitted to stop more than five minutes during the entire time.
