

# The Hereford Brand

Pick Poultry, Garden and Farm Stuff for the County Fair

19th YEAR. NO. 34.

Irrigation is Crop Insurance

HEREFORD, DEAF SMITH COUNTY, TEXAS, SEPT. 18, 1919.

TWO DOLLARS A YEAR.

## COMMITTEES ARE ON DUTY

### Fair Chairmen Hold Meeting, to Lay Plans For Best Fair In Our History

The work of making the Deaf Smith County Fair the best ever now in full swing. Last Monday lunch, the Directors of the Chamber of Commerce and chairmen of various Fair committees met over the situation fully and appraised ideas during the noon hour. General Manager Leslie was unable to attend, as he is mud-bound at Dawn, as was O. Thompson of the Agricultural Committee. Otherwise the attendance was representative.

Mrs. A. L. Gibson, in charge of Women's Division, reported that it had been resolved to bunch Ladies part of the Fair up on the second floor of the rthouse, leaving the basement the Agricultural and Merchantry exhibits. She announced chairmen as follows: Canned Goods Department, Mrs. J. A. Pitts; Flowers Department, Mrs. George Barber; Fancy Work Department, Mrs. W. B. Daniels; Art Department, Mrs. Charles E. Johnson; Culinary Department, J. W. McQueen; Curio Department, Miss Inez Dunlap.

Mrs. Gibson also reported that a plat had agreed to put on a canning demonstration, with approved machine, at certain places each day during the Fair, would can products for our wives on a fifty-fifty basis of material brought in. Mrs. Ed Johnson is chairman of the committee to secure the products for these demonstrations. A meeting of the chairmen of the various divisions of the Woman's Department was held at four o'clock day afternoon to work out her details.

Decorations and Lights, F. H. Oberthier, chairman.—After discussion it was resolved to accept opposition from a business committee to decorate the streets for the fair and Mr. Oberthier and the other were instructed to drive best trade they could.

Merchants exhibits, Homer Fox, chairman.—Mr. Fox had a ground plan of the booth space in the rthouse, and reported that all the space was disposed of.

Officers Day Committee, Carl and, chairman.—Mr. Gilliland reported a good deal of preparation, with arrangements for entertainments at night for the soldiers, etc., as well as a parade on Saturday in honor of the war veterans.

Registered Cattle, W. E. Dameron, chairman.—Mr. Dameron reported progress by his Association in arranging for their display, will in all probability use the cow barn for dressing up the and housing them at night, using the show barn across the Courthouse for inspection during the day.

Side Cattle, C. C. Ferguson, chairman.—Mr. Ferguson said he rounding up all available and the outlook is good in department.

Entertainment Committee, L. F. n, chairman.—Mr. Borden has out for a good band and val and will probably be to report the signing of both week.

Poultry Department, Lee Biggs, chairman.—The coops from last year are available, and it is a question of securing exhibits from owner of pure bred poultry country.

luncheon were: D. L. McDonald, Henry Wilkinson, Rev. W. H. Terry, W. E. Dameron, Eli Dunlap, Homer Fox, Carl Gilliland, Mrs. A. L. Gibson, C. C. Ferguson, F. H. Oberthier, L. F. Borden, Homer Wilkinson, Ray Barber, Lee Biggs and The Brand man.

Remember! These Monday lunches are open to any citizen of the county who is interested in our progress and has the price of his dinner! Come out and help boost.

The luncheon next Monday will show a good advance in the work of making the Fair a success.

### PREMIUM LIST

Women's Department, Deaf Smith County Fair

(Mrs. A. L. Gibson, Supt.) All exhibits must be entered by 4 o'clock Wednesday, Oct. 8. No deviation from the rule.

First, second and third Ribbon Premiums will be awarded in the following exhibits:

- Fancy Work.**  
Committee: Mrs. M. V. Daniel, Chairman; Mrs. T. M. Palmer, Miss Johnnie Estes.
- Lunch Clothes.
  - Center Pieces.
  - Luncheon Sets.
  - Dresser Scarfs.
  - Sheets and Pillow Cases.
  - Pillow Cases.
  - Linen Towels.
  - Bath Towels.
  - Piano Scarfs.
  - Pin Cushions.
  - Dollies.
  - Collars.
  - Yokes.
  - Camisoles.
  - Teddy Bears.
  - Gowns.
  - Princess Slips.
  - Quilts.
  - Counterpanes.
  - Baby Boots.
  - Baby Dresses.
  - Baby Socks.
  - Hand Bags.
  - Colored Emb.
  - Home Made Hugs.
  - Tea Napkins.
  - Table Linens.
  - All Knitted Articles.
  - Best Collection of All Emb.

### Art.

- Committee: Mrs. Chas. Donald, Chairman.
- Mrs. Dr. Hicks.
  - Mrs. J. E. Ferguson.
  - Mrs. Dr. Heard.
  - Mrs. Frank Potts.
  - Plates.
  - Cups and Saucers.
  - Toilet Sets.
  - Pitchers.
  - Vases.
  - Punch Sets.
  - Salt and Pepper Sets.
  - Salad Bowls.
  - Falques.
  - Chop Plates.
  - Individual Nut Sets.
  - Individual Salt Sets.
  - Celery Dishes.
  - Any Miscellaneous Pieces.
- Oil.**  
Watercolors and Pen Sketches.  
Landscape in Oil.  
Landscape in Watercolors.  
Flowers in Oil.  
Flowers in Watercolors.  
Fruit in Oil.  
Fruit in Watercolors.  
Tapestry.  
Any Kind of Hand Painted

(Continued on Page 4)

### Houses Scarce

The demand for homes apparently continues undiminished. Many houses are changing hands and board is at a premium. Rent houses are practically exhausted. Oh, for a man with money who will put up a lot of rent houses and help relieve the situation.

### Bricks Going Up

The four brick buildings on Main street are rapidly nearing completion. The rain of this week of course, stopped work for the time being, but it will now be but a short time until the buildings will be completed and occupied.

## Mayor Knight is Back at His Desk

After an absence of several months, Mayor W. M. Knight returned to Hereford Tuesday morning. Judge Knight is much improved in health and spirits, and says he never felt better in his life than now.

While away he made headquarters near Boston with old college friends, and visited his birthplace in New Hampshire, also New York, Washington, and many other points. He returned by way of Dallas and Fort Worth.

The Mayor dryly commented upon the fact that Hereford "appeared to have her share of weeds," and there is something about his manner which indicates a vigorous assault upon this universal pest as soon as he can clear his desk of accumulated papers.

## Geological Report On Sulphur Park

Owing to the wide interest displayed in oil development work in this section, The Brand is glad to reproduce herewith a report made to Judge L. Gough, on his Sulphur Park property, by W. T. Noblitt, a Consulting Geologist.

Mr. Noblitt in 1914 was a resident of Hereford and President of the Christian College, then in operation here. Afterwards he moved to the South Texas oil belt, locating at Beaumont, where he has been actively employed in geological work for producing companies and has traveled in his professional capacity over the principal oil fields of the United States and Mexico. Mr. Noblitt has moved his family here until January first, at least, as he states he has work here that will keep him very busy until that time. The report follows:

### GEOLOGICAL REPORT

"Hereford, Texas, June 30, 1919  
Hon. L. Gough,  
Hereford, Texas.

Dear Sir: "Complying with your request, I herewith make you this geological report on the technical feasibility of oil and gas, or other petroleum productions, as indicated on, or in vicinity of, your "Sulphur Park" properties adjacent to and south east of Hereford.

"The geologic conditions patent surrounding the same and on your lands appear regular and void of violent chemical actions after the last uplift from former marine beds. The region of country about your lands is marked by no unusual complications as to irregular erosions, propulsions, fissures, fractures, faults, or glacial retroversions during its period of emergence from liquid inundation.

"The mountains to the north and west were made coincident with the forces acting to produce corrugations elongated, oval, and tumulus. The elongated class is more obvious on your lands, yet the oval folds, and tumulus are indicated in a less potent degree in your vicinity. Now elongated horizontal folds, corrugations, or anticlines when composed of imperious materials containing at times a degree of viscosity and superimposed upon one, or more, strata of the varicolored, and varidegree granulations, or porous lithological depositions, are known commonly as Trinity formations. And since indicated elongations preponderate on your lands, as well as those of this vicinity, consequent frequent subterranean connections are indicated; hence, reservoirs of liquid and gaseous petroleum are indicated, not only in super-abundant quantities, but wells tapping such reservoirs have continuous production for great periods.

"Again, Sir, I congratulate you that while the mighty forces which raised much of this vicinity to its present height, they did so with such compensating ease of action and gradual compound curvature of motion that the fewest possible reduplications, fractures, or breaks have occurred; hence, any hypothetical losses from leaks, or other petrole migration are reduced to an ultimate minimum.

"An elongated void with an indicated apex manifests itself most potently at a point just above the confluence of the Frio and Tierra Blanca canyons. An iron pin is driven at this point so designated. This anticline in a fan-like shape

## CHURCH DETAILS FINISHED

### Contract Awarded to B. A. Nicks and Dirt to Fly Within Ten Days

Final details in the preliminary work of building the new Methodist church were completed this week and if nothing intervenes dirt will actually be broken for the foundations within the next ten days.

Revised plans drawn by Architect J. C. Berry of Amarillo, were handed to Contractor B. A. Nicks on Thursday. Mr. Nicks has entered into contract to build the church, and will get at it as soon as material can be collected and placed on the ground.

In order to better facilitate the construction, Contractor Nicks has leased the old Lipscomb home, now the property of H. L. Broadwell, which is near the site of the new house of worship.

This ends a campaign of years among the local Methodists for better church facilities, and marks the end of strenuous work on the part of many devoted members of the congregation who have devoted their thought, time and money to the enterprise.

## Drill in Quicksand; Another Rig Coming

Hereford Oil & Gas Company's No. 1 is now down 130 feet and in the quicksand, or "creeping sand" as some call it. As fast as the bailer would bring up one bunch of it the hole would fill up nearly to the top again. Accordingly a carload of twenty inch piping was ordered, and is now here, with which the hole will be blocked off.

The Brand is receiving many requests by mail for the exact location of this well. The Company gives the following description: "The northwest corner of the East half of Section 34, Carter & Head subdivision."

Information has been received here that the rig for the McDonald well, somewhere near Dawn, has been shipped and should arrive in a short time. It is billed to Hereford but will be unloaded at Dawn. The rig for the other two wells under this contract will be shipped later, as soon as finished and assembled.

## Lyceum Number Pleases

The Mozart Ladies Quartette, the second number of the school Lyceum Course, was presented at the Central Auditorium Wednesday to a very highly pleased and attentive audience. These young ladies can sing, read and play practically anything in the musical line. There was something doing every minute, and the number was a big hit from start to finish.

## Visitor From Kansas

J. S. Brown, of Mulvane, Kansas father of Mrs. J. R. Stubbs, of this city, is here on a visit. Mr. Brown has been out on the Pacific Coast on a summer vacation trip, and is enroute home.

## THE GULF STORM

There are several families in Hereford affected by the terrific storm which raged on the Gulf Coast last Sunday. Mrs. Randolph Cox, daughter of T. M. Coulson, was due to arrive in Corpus Christi last Friday, and to date Mr. Coulson has been unable to hear from her.

It is also understood that the mother of Arch Collins was in that city, and so far no definite news of her safety has been received.

The casualty lists are being anxiously scanned by our entire population.

## Stork Special

Born—September 13th to Mr. and Mrs. Oscar Cardwell, of Cle-

## Whale of a Rain Visits This Section

A tremendous fall wheat acreage for this section is assured, following one of the most remarkable rains that has visited the Panhandle of Texas in years.

The rain, a slow, soaking affair, began just before daybreak last Monday morning, and continued, with only slight slackening up periods, all day Monday, Monday night, Tuesday and Tuesday night, breaking up about eight o'clock Wednesday morning. Unofficial estimates place the total precipitation at from four to four and a half inches, and not a drop of it was lost. The official rain gauge at the First National Bank became clogged, and the exact record was not available.

A good deal of ground was already broken and ready for planting, and many hundreds of acres will now go in after this magnificent season is safely stored. While of course the rain hindered to some extent the harvest season, still it will mean thousands of dollars to this country in the long run.

## Mrs. Connell Loses Brother, With His Wife and Children

Mrs. E. F. Connell, Tuesday received the sad news that one of her brothers, Hugh Stockton, together with his wife and two children, was missing after the storm at Corpus Christi.

This information was contained in a telephone message from another brother, Andy Stockton, at Temple, Texas, who had been in communication with Corpus Christi by telephone.

Later Mrs. Connell was advised that the bodies had been recovered and would be buried at Bartlett, Texas. Mrs. Connell left Wednesday morning for Bartlett to attend the funeral.

## Red Cross Meeting

Chairman Asbell of the Local Red Cross called a special meeting of the Executive Committee for Thursday afternoon to consider important matters affecting the Nursing and Home Welfare divisions of the service.

The Publicity Department has been advised that Red Cross films will be sent to Hereford soon, to be run in the local motion picture theatre from time to time. Also The Brand has been asked to insert a page of Red Cross news occasionally, which request will be gladly complied with.

## New Veterinarian

First Lieutenant R. S. Beattie, a veterinarian of four years service with the U. S. Remount and Cavalry divisions of the Army, recently received his discharge and will move to Hereford to practice his profession. Lieutenant Beattie is now actively house hunting, anticipating the arrival of his wife within the next two weeks.

He comes to Hereford with a fine record behind him and high recommendations as a competent and successful veterinarian.

## Hooper Improves

D. L. Hooper, who accidentally shot himself in the foot recently at Plainview, returned to the city last Sunday, and is now under medical treatment at his home. It will probably be thirty days or more before Mr. Hooper can stand on the injured member, and longer before he can actively return to his work at Burns Drug Store.

## W. B. Dameron on Trip

W. B. Dameron left Sunday for San Antonio, where he will make headquarters for the next few months. Mr. Dameron's family is away at present, and he intends to make San Antonio his headquarters temporarily while he visits the Ranger oil fields and other centers of oil activity.

## Mrs. W. E. Hicks Visiting

Mrs. W. E. Hicks and daughter, Miss Mary, left Tuesday for Henrietta, Texas, for a visit with relatives, after which Mrs. Hicks will return home, while Miss Mary will go to Belton, Texas, where she will

## NEW OIL WELL IN SIGHT

### Denver Corporation Dicker With Shore Bros. and Roy K. Bruner

The Brand has been informed by the interested parties that there is a possibility of another oil well test contract being let by Saturday night, provided certain property owners line up enough to comply with the terms demanded by the drillers.

Shore Bros. and Roy K. Bruner have entered into a tentative contract with Daniel Green and Clyde C. Coleman, representing a Denver corporation, to furnish said corporation 15,000 acres in leases in a more or less compact body and lying northwest of Hereford about twelve miles, in return for which the Denver people are to drill a hole and give suitable guarantees of their ability and determination to do so.

It is understood that the bulk of this land belongs to Shore Bros. and Mr. Bruner, who have put in all their holdings, and that the success of the negotiations, which are to come to a head next Saturday, hinges in the action of adjacent land owners in "kicking in" with their prorate.

The Denver corporation is reported to be a solid and substantial one, plenty able to carry out such a contract. They state that they will not put leases or stock in this well on the market. The outcome of the deal is being awaited with interest locally.

## Elmer Dameron and Rat Jowell Return

W. E. Dameron and Rat Jowell returned the first part of the week from a two weeks inspection of registered Herefords in the states of Kansas, Missouri, and Nebraska. While away they visited the famous herds of these states and were royally entertained by the breeders everywhere they landed.

They saw some fine cattle but returned feeling that Deaf Smith county is right up-to the minute in the kind of registered stuff she boasts and will hold her own in the show ring, or in any other kind of ring, where blooded Herefords are pitted against each other.

## That Athletic Fund

Owing to the inclement weather little progress was made this week in raising the fund for the School Athletics. It is intended to push this matter actively, however, the coming week. Meanwhile, if you have not subscribed, hand in your name to Jim Lipscomb, at Burns Drug Store, and help give our boys and girls a boost for clean and healthful athletics during the current school year.

## Business Change

A business change announced this week was that whereby Raymond Hawkins purchased the Golden Rule Produce and Confectionery from E. K. Crouch.

Mr. Crouch has been a resident of Hereford for about a year and has made a place for himself in the business life of the town. He will return to Massachusetts in a few weeks.

Raymond Hawkins was raised in Hereford and his many friends predict for him a successful business career.

## Former Citizen Here

Chas. H. Peugh, of Ridgeway, Mo., a former resident of this county, arrived in Hereford Wednesday morning to look over the local situation. Mr. Peugh still owns property northwest of Hereford. He left here nine years ago.

Mr. Peugh says he does not contemplate moving back here just now, although he has never been

### THE BOY WAS RIGHT

Tommy's experience as a pupil had covered a period of one week, when his father asked him what part of school he liked best. "The recesses," was the prompt reply. The father of Tommy, if he was discerning, and not altogether forgetful, was neither shocked nor surprised, for Tommy told the truth. His philosophy was flawless, and the sentiment was natural. He spoke both his mind and his heart. And there was nothing strange about it. Who among you older ones does not remember the precious moments of those recesses of the first week of school?

The first week of school! How hard the wooden bench! Wonder why they don't furnish soft cushions? It's hard to get used to new shoes, when your feet don't quite touch the floor. Wouldn't it be fine to be outside? But the fishes are biting at the creek!

If Tommy can manage to pull through the first week of school, and then the second week—the hardest part of the school year is over. By that time the novelty is wearing off and interest is picking up, and a little later on Tommy has ceased to be a martyr; he is really having the very best time of his life, and he will tell you so, himself—about twenty years from now, when he has a retrospective moment.

But we were speaking of recesses. Recesses are as essential as books in school work. They constitute an important part of an education. Fresh air and play strengthen the body and mind, and we don't mind saying we should like to join with Tommy's shout, "Hurrah for recesses and health!"

### WILLIAM TANNER GENTLEMAN

A few words will suffice to tell the simple story of William and Mary Tanner. They lived at Hubbard Wood, near Chicago, and were happy in their little home with their three young children. William was the cashier in the local railroad office. One evening leaving the children with their grandmother, the couple started for a movie. Crossing the railroad track, Mary caught her foot between the rail and the sidewalk.

A train was thundering upon them. The foot could not be freed. A spasm of fear and despair swept over the frail little woman. Her white face was an appeal to the man who had sworn to be her protector.

"I will stay with you, Mary," said the husband. He folded his wife in his arms and with his own body took the first blow from the locomotive that killed them both instantly.

Was it a proper sacrifice? A thousand newspapers and a thousand pulpits have asked the question, and the answers are varied. "We should have thought of the

man. His was not a decision after deliberation. It was not a time for practical thought. Who will say that he did not think of his children? But he also was thinking of his children's mother. It was she who needed the strength, the comfort of his love—needed it as she never had before. What a precious heritage of love and devotion was left to those children! William Tanner died like a gentleman. The spirit of America must have possessed his soul, just as it did those men who gave their lives on France's battlefields.

### SHEEP FOR IRRIGATED FARMS

During the past few years a Nation-wide interest has developed in the production of sheep, particularly the farm flocks. Because of their value for meat as well as wool, sheep merit special attention at this time. Various agencies are operating to bring about a revival of the sheep industry in regions where it formerly thrived and to establish and develop it in others where conditions are favorable.

Little, if any, increase in production of sheep on Western ranges can be expected, as most of the grazing areas are now fully stocked, and it is generally conceded that any material increase must come through the development of farm flocks. In no part of the country can the production of sheep in small flocks be undertaken with better prospects and profit than on farms of the Plainview country.

Sheep are gleaners of the farm. They clean up the lanes and waste places. They can be allowed to run in fields of kafir and maize with little material damage to the crops. They will eat the low leaves and suckers and let the grain stand, thus living on parts of the crop which otherwise would be driven away by the wind or wasted. They clean out the weeds.

In the Plainview country, where clover and alfalfa are through irrigation assured crops, sheep will do well. Almost any farm, irrigated or dry, can raise a few head of sheep with no increase in cost, making them a by-product.

Farmers' Bulletin No. 1051, of the United States Department of Agriculture, is ready for distribution. It can be secured from the Division of Publications of the Department at Washington, D. C. It deals particularly with sheep on irrigated farms of the Northwest. —Plainview Herald.

"Gone," sadly complains an exchange. "is the old-fashioned woman so skilled in the use of the needle that she could plug a hole in her husband's trousers with an invisible patch." No such thing! The dear woman lives here in Hereford, and she has lost none of her adeptness at camouflaging.

Who said we are not getting

### IT IS NEWS. TELL THE EDITOR.

It is a very short step sometimes between a foolish and a common sense idea. After working for hours to extract a bug from an Illinois man's ear, several doctors acknowledged defeat, unless an operation was resorted to. The man's wife suggested a solution which was characterized as a "fool notion" by the learned medical gentlemen. She held an electric light to her husband's ear, and the bug attracted by the light came running out.

Some stories are almost too sad to write. A Chicago reporter witnessed the dumping of 12,000 gallons of regular beer, the kind with a "kick," into the gutters the other day, and returning to his office the only thing he could write was: "The beer flowed and flowed and flowed; oh, how it flowed."

To the extent that Senator Lodge and his friends have never wavered in their policy of opposing everything advocated by President Wilson, the charge of inconsistency against the Senate leadership made by Mr. Taft is not well founded.

Another terrible thing in connection with the league of nations is pointed out by Senator Knox, who has discovered that the United States, through the league, might become "the owner in fee of a tenant in common of European territory."

Victor Berger, resigning from the national committee of the Socialist party, says: "I have been a member of the committee ever since the party was organized, and all I ever got out of it was a 20-year prison sentence." Well, he did deserve more than that.

Some of the Senators who believe that America should not meddle in affairs of other countries are exceedingly angry because the peace treaty takes a concession in China away from Germany and gives it temporarily to Japan.

The inventor who has perfected a telephone which will prevent "listening in" on party lines no doubt thinks he has done a wonderful thing. There are some persons, however, who will regard him as one who has taken the joy out of life.

No, dear reader, it was not a puny expedition of the American army into Mexico. It was a punitive expedition. There is a difference.

Mexicans pronounce the name of their country as if it were spelled Mess-ico, the emphasis being appropriately on the first syllable.

### HANDLING PRESENT WHEAT CROP

It may be several weeks before there is sufficient relief at the wheat centers to open up the market to any considerable extent. At Galveston where most of the Texas wheat is shipped for export, additional ships are being sent as rapidly as they can be found, but with every possible effort it will require some time to clear up the millions of bushels now at the port.

On account of the embargo at Galveston, Texas grain dealers have been granted, by the Food Administrators at Washington, the privilege of paying farmers less than the guaranteed price for their wheat at the farmers request. The privilege has been granted so as to enable grain dealers to ship to New Orleans, where the market is not congested, but the freight is 5c per bushel higher than at Galveston. This will probably give some relief, where the farmers are willing to sell for less than the guaranteed price, but not sufficient to give very much relief in this section.

One of the chief causes for the congested situation at Galveston is the under-estimated yield of the

cient shipping tonnage for the Galveston port. Another cause is the over supply of the lighter grades of wheat, caused by excessive rains and rust. The American mills can only use a very limited amount of wheat that weighs under 56 pounds, owing to the American demand for only the very best grades of flour. Consequently the bulk of the low grades of wheat must be shipped to foreign countries where the people are glad to use the lower grades of wheat. And still another cause for the congested condition of the market is, that many of the European countries must take the wheat slowly on account of finances, the result of the recent war.

So after we study the situation from all these angles we must conclude that the railroads, the grain dealers and others connected with the marketing and handling of the present big grain crop are doing the very best possible under the circumstances, and fretting and worrying is useless.

Fact of the business is, with a big crop as have this year we should not expect the trade to take it all as fast as it is threshed. Farmers must help carry the crop until the market demands it if the highest price is to be maintained.

If you have no house to put your threshed wheat in, it is better to stack it in the field and wait until the market can take it before threshing if you wish to avoid damage and get the best price.

There is no danger of wheat selling for less than the guaranteed price. So don't get uneasy about the price and make sacrifice because of the present situation.

The present prices are fixed by the Government, delivered at Galveston, they are: No. 1, \$1.30; No.

2, \$1.27; No. 3, \$1.24; No. 4, \$1.20; No. 5, \$1.16. The freight rates, including war tax from the Pan-

handle territory to Galveston is about 14c per bushel.—Panhandle Herald.

FRIONA NEWS

J. W. Lovelady and wife are in Gage, Oklahoma, where the former is engaged as operator for the Santa Fe.

Chester Vaughn has returned to Bovina.

Ray Davis has recently given his residence an overhauling, repainting, etc.

Miss Gertrude Lambert, who teaches the Jeako school, will spend the week-ends with her parents, Mr. and Mrs. G. W. Lambert.

The Christian meeting, which was in progress last week came to a close Sunday night. The preaching was done by Rev. Whitaker, and the singing by Mr. Hooper. A number from a distance attended the meetings and enjoyed a basket dinner at the school house Sunday. This denomination announced a revival meeting to be held at Bovina during the first fifteen days of August next year.

The Senior Epworth League revised their roll Sunday evening, and now have an enrollment of 30. With the population of our town about 100, we consider this a fine representation.

The Fourth Quarterly Conference of Bovina Methodist church will be held at Bovina, Sept. 27 and 28.

REGISTERED AT HOTELS

Dimmitt—Homer Norwood, B. K. Elliott.

CHANGES MADE IN THE NORMAL FACULTY

Several New Members Added to the Normal Faculty for the Coming Year's Work.

President J. A. Hill has announced a number of change in the faculty for the coming year:

A new Commercial Department has been added with H. W. Blaine in charge. Mr. Blaine gives up his former position as director of physical education.

H. J. Buckner has resigned and Miss Margaret Boulware has been promoted from Secretary to the President to Registrar and a teacher in the Commercial Department.

M. B. Johnson has been transferred from the Departments of History and Mathematics to Superintendent of the Training School.

Lloyd Ackerman takes the position resigned by Dr. J. T. Buchholz. This announcement was made last week.

Medy C. Boatwright is a new teacher in the training school.

Miss May Cowling is a new teacher in the training school.

Miss Mary Bradford was elected to a position in the Training School.

Miss Edna E. Haines will have charge of the Kindergarten, which

is a new department. A fuller account of this department will be found in this edition of the News.

Miss Mary Adaline Lamb, Miss Golda Fern Gruver and Miss Anna I. Hibbets will be away on leave during the coming year.

W. M. Willy was selected for the physical education department, taking Mr. Blaine's place. He comes, highly recommended, a coach in various lines of athletics.

Miss Eron Payne has been chosen secretary to the President and arrived from her home in Coleman this week to take up the work.

T. M. Clark is a new teacher in the History department as recently announced.

There are two more teachers yet to be elected, one in the mathematics department and one for the training school. When these are chosen, the faculty will number forty-seven, each of whom is a specialist in his line.

The Normal will open its tenth year on September 26.—Randall Co. News.

RANDALL COUNTY FAIR

Randall County will have a fair in Canyon on Saturday, September 27.

County Agent Walker and Miss Harris are at work on the Fair now and by next week will have some important announcements to make regarding the Fair.

But, every farmer and every gardener and every producer of any kind may get busy now and begin a selection of his products in order to have the very best in the Fair on the 27th.

The Boys Club of Randall County will have a fine showing in the Fair. The boys are working hard now, getting up the very best exhibit. They need the help of their elders to make the Fair the success it may be.

The Fair will be used as a means of gathering an exhibit to be sent to the Dallas Fair, which opens the first of October. Randall County has always made an exceptionally fine showing at the Dallas Fair and can do so this year if all of our people will get behind the Randall county Fair and bring to Canyon their very best samples in all lines.—Randall Co. News.

C. F. Walker Made County Agent For Randall County

At the meeting of the Commissioner's Court Monday an order was passed providing for a county agent to devote his entire time to the work in Randall county. C. F. Walker, who has been serving in Randall Potter and Oldham, was immediately employed to devote his entire time to Randall county.

BOVINA

The rain, which began falling Sunday night, has been a great blessing to the country. Fall plowing will be resumed and quite an acreage will be sown to wheat.

All of Bovina and surrounding country have been downcast this week—too muddy to attend the circus.

About 45 pupils are enrolled in the Bovina schools this term. The books arrived this week, and all is in condition for real work.

Colds Cause Grip and Influenza LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 25c.

Mr. Walker's contract begins the first of October. He will move his family to Canyon as soon as he can procure a house. He will have his office in the court house, taking the room which has been used by the Red Cross during the war. The room is of sufficient size to take care of a large display of samples that Mr. Walker will collect.

Mr. Walker has highly pleased the farmers and stockmen of Randall county with his efficient work and all are highly pleased that he is to devote his entire time to the work of Randall county.—Randall Co. News.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Fall Seeded Lawns Best

Throughout the South Atlantic States fall-sown lawns are always preferable, because, as a rule, spring seeding merely prepares a fine seedbed, which is dominated by crab grass, irrespective of what grass-seed mixture is planted. The fall-seeded lawn should be sown in

September, in order that the turf may attain adequate growth so as to weather the winter well. Old turfs which are beset with weeds may be renovated in the fall by raking out all the crab grass and forming a light mulch about one-half inch deep, so that more seed may be sown as desired. Although this practice is not recommended, it may be instituted where condi-

tions operate against a new seeding. Thousands of dollars' worth of costly grass seed are wasted each year in the Middle and South Atlantic States in spring seeding. Specialists of the United States Department of Agriculture say that fall seeding saves unnecessary work in reseeding, as well as extra costs which usually attend the failures of spring seedings.

A super attraction in seven reels. The love story of an orphan. Incomparably the Greatest Pickford Picture Ever Made. Scenes that will rock you with laughter, scenes that will touch your heart.

## SOCIETY AND CLUBS

MISS CECIL GILLILAND, Phone 30

The Presbyterian Missionary Society had their social meeting on Wednesday in the form of an announcement shower for Miss May Womack at Mrs. Henry Hastings. The meeting was called to order and the devotional lead by the president, Mrs. Holman.

A business session was then held. Miss Ina Mae Hastings, Dorothy Barber and Elizabeth Fatman each favored us with a piano solo. The Ladies had planned to give Miss Womack a shower before going off to school, but all were very much surprised when a young soldier (a young lady in uniform) came into the room and announced that he had a message from Headquarters, that a kit had been lost, that he had located it and it belonged to Sloan Baker. Orders were given for Miss Womack to inspect it and such beautiful gifts as were found in that kit, suitable for a girl going away to school as most everyone thought as few of the ladies knew the secret. Miss Womack favored us with a solo.

The guests were then served with ice cream and cake by the hostesses, Mrs. Hastings, Mrs. Garrison and Mrs. Stubbs.

Mr. and Mrs. Roy Stocking were host and hostess on Saturday evening to a number of young people with a delightful six o'clock dinner in honor of Miss Ruth and George Stocking and Allen Burton, all of McLean, Texas, who were visiting in the Stocking home.

The menu consisted of fried chicken and all other things that make a chicken dinner complete.

After dinner the evening was spent very pleasantly with music and "42". Those to enjoy the occasion were: Misses Ruth Stocking, Clyde Wilson, Belle Woodburn, Waldine Wilson and Messrs. George Stocking, Allen Burton, E. C. Brodie, and Johnathan Pitman.

Miss Percy Gallaher, daughter of Mr. and Mrs. J. J. Gallaher, formerly of Hereford is to be married October 1st, at 5:30 o'clock in the Presbyterian church of McKinney, Texas, her present home. The prospective groom, James

Thompson, also of McKinney has just received a discharge from military service, having served for four months with the American Expeditionary Forces in France. Miss Gallaher has a legion of friends in Hereford, all of whom extend congratulations in advance.

On next Saturday afternoon from the hours of four to six at the home of Mrs. Geo. Barber the Parent-Teachers' Club will entertain the teachers of the Hereford Schools with an informal reception.

First Mary Pickford Film  
by Own Company Adaptation  
of Greatest Human Story.

"Daddy Long Legs," in which Mary Pickford has the most appealing role of her career, and which will be presented at the Star Theatre, Monday and Tuesday, September 22 and 23, is one of the most celebrated stories of the past decade. It first appeared in the Ladies' Home Journal, where it was hailed as the most humanly interesting serial in the history of that publication.

It soon followed in book form, and was read in every city of the English speaking world. One mil-

lion copies were sold, so that Jean Webster, a young woman not long out of college, made a fortune from this single work. Of course the stage claimed it and under Klaw and Erlanger management it "cleaned up," making hundreds of dollars for the producers.

The part of Judy Abbott, the orphan girl, is one exactly suited to Mary Pickford. For a long time Miss Pickford has been anticipating the part, for it was inevitable that she should play it, since the theatrical producers were willing to turn over film rights. These Miss Pickford purchased recently for \$40,000.

Now, on the screen, "Daddy

Long Legs," will be seen by more people than ever. The millions who read the book, or saw the play will see it on the screen, too, for none of them ever have forgotten this appealing story which comes like a ray of sunshine into the troubles of everyday life.

Marshall Neilan, one of the new wonders of the motion picture world, who is known as "The Mark Twain of the Screen," not only directed the picture which foretells its humorous merits, but acts a part in it. Two score of kiddies aid Miss Pickford in the scenes at the John Grier Orphanage, which takes up the first half of the picture.

34-1f **McQueen Grain & Coal Co.**

### GEOLOGICAL REPORT

(Continued from page 1.)

unfolds toward the north west, north, and north east, using above indicated apex as a base, as per structure diagram accompanying, and south east. From surface stration this anticline so located extends, in the main, north-west and south east, to the boundaries of your property.

"We were happy in having access to such splendid stratification, as that presented at those eroded exposures in "Sulphur Park". The semi-silicious sands so abundantly exemplified here, and often underlying quantities of loess, give well rounded periods presaging recurrent strata of evident Trinity formation. These first hydrostatic silicious strata, deposited by fresh waters moving easterly, and deeper down, southwesterly, later became the pervious or granulated receptacles, that retained such amounts of petrol, or its bi-products, as size and space may have permitted.

"I urge immediate drilling for petroleum on above property. Examination of shales contiguous to this property, and those on same, show presence of fossils in the older shales also sulphur and bitumen. These occurrences being of such a sequence as they are, we are assured thereby that commercial quantities of gaseous and liquid petroleum may be relied on as being present on above lands of yours.

"I am not sanguine that oil will be encountered at the 900 foot level, although some pressure gas may be reached there; (2) Petroleum may again be found around 1600 foot level; (3) and again around 2250 foot level; (4) and again around 2825 foot level; (5) and again at round 3575 foot zone; stated indications are that this latter will be prolific indeed.

"The standard drop rig for drilling is recommended. Quick sand and other water trouble may be had the first 800 feet. Prepare the first outside casing of 20 inches first 175 feet, to handle strong gas pressure when encountering same below. Do not hurry to shoot the well, and if resorted to, shoot not very heavy discharges, on reaching the lower and more compact sands. Experienced men only do this shooting.

"Since from the conclusions on above class of elongated anticlines, this field will be a more permanent and desirable one than most fields, the wells yielding continuously for long periods.

"Do not forget that the petroleum of these lands has been held by that indicated semi-viscid covering, and that these beds of sands were laid during the early ages, and were later engulfed by clays and marls, where distillation took place, and that the same was cared for by nature and nature's God till such time when man by divine dict should have "everything that in the earth is."

"Again, I remind you that "Sulphur Park" is bounded on the north by Jewell Switch, on Santa Fe Ry.; hence, facilities for handling equipment, fuel, and production, are the best; ease of access and speed in development being of success.

Respectfully yours,  
**W. T. Noblitt,**  
Consulting Geologist"

Mr. and Mrs. R. T. Evans left last week for Wichita Falls, Texas, where they will visit for a short time and will then go to Dallas for a visit, after which they will spend a month visiting in New York and other eastern points.

Mrs. J. A. Bouman and children returned to their home in Amarillo Thursday, after a visit with her parents, Mr. and Mrs. M. A. Fox.

Mrs. G. M. Suggs and daughter, Mrs. Jim Lipscomb left Thursday for Clovis, New Mexico, where they will visit for a few days with relatives.

We pay the best price for all you produce.

September 12, 1919  
Neighbors, Friends and Patrons:

As the summer threshing has come to a close I wish to thank one and all through the columns of our home paper for your kindness shown me during the season. I hope to serve you again this fall in the same capacity.

With best wishes, I remain  
Your friend,  
**W. A. Knox.**

34-1f **New Veterinarian**  
Hereford, Tex., Sept. 18, 1919

I wish to notify the stockmen and others interested that I intend to locate in Hereford as a practicing Veterinarian.

I have just recently been discharged from the U. S. Army, having had three years service in the Remount division and Cavalry organizations.

I am a graduate of Ontario Veterinary College, Toronto, Canada, Class of 1892.

I have had a number of years practice in Texas, and understand stock conditions fairly well throughout the state.

I am in good standing with the State Veterinary Medical Association, and have a permanent State License.

By strict attention to business, and reasonable charges, I hope to merit the support of those needing my services.

I can be found at the Corner Drug Store, Phone 105.  
**R. S. Beattie, Veterinarian.**

### STATE OF TEXAS

To the Sheriff or any Constable of Deaf Smith County, Greeting:

**YOU ARE HEREBY COMMANDED:** That, by making publication of this Citation in some newspaper published in the County of Deaf Smith, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, once in each week for four consecutive weeks previous to the return day hereof, you summon A. J. Mercer, C. W. Mills, B. F. McCord, Benjamin F. McCord, Rosa F. McCord, and Rose F. McCord, alleged to be the same person, and wife, or formerly the wife, of Benjamin F. McCord, Alfred S. Lenthold and Hattie D. Lenthold, wife, or formerly the wife, of Alfred S. Lenthold, Elton Geary, and Margaret Geary, wife, or formerly the wife of Elton Geary, and the unknown heirs, their heirs and legal representatives, respectively, of the said A. J. Mercer, C. W. Mills, B. F. McCord, Benjamin F. McCord, Rosa F. McCord, Rose F. McCord, Alfred S. Lenthold, Hattie D. Lenthold, Elton Geary and Margaret Geary, deceased, whose names and residences are unknown, to be and appear before the District Court to be holden in and for the County of Deaf Smith at the Court House, thereof in the City of Hereford, on the sixteenth Monday after the second Monday in July, A. D. 1919, the same being the 3rd day of November, A. D. 1919, then and there to answer the petition of W. Latney Barnes, a plaintiff, filed in said court on the 7th day of April, A. D. 1919, against A. J. Mercer, C. W. Mills, B. F. McCord, Benjamin F. McCord, Rosa F. McCord, Rose F. McCord, Alfred S. Lenthold, Hattie D. Lenthold, Elton Geary and Margaret Geary, and the unknown heirs, their heirs and legal representatives, respectively, of the said A. J. 34-4t

Mercer, C. W. Mills, B. F. McCord, Benjamin F. McCord, Rosa F. McCord, Rose F. McCord, Alfred S. Lenthold, Hattie D. Lenthold, Elton Geary and Margaret Geary, deceased, as defendants; the said suit being Numbered 1182, the nature of which demand is as follows, to-wit:

That plaintiff is the legal and equitable owner, clear of all liens and incumbrances, except notes executed by himself, of the following described land situated in Deaf Smith County, Texas, to-wit: All of the north half of Section or Survey No. Eight (8), in Block No. Seven (7), Certificate No. 1-600, B&F, School Land, awarded to B. F. McCord, and containing 640 acres, more or less; plaintiff having a regular chain of title from said B. F. McCord down to himself; that the claims of each of the defendants to said land are only apparent and not well founded, and are clouds upon plaintiff's title, and the claims of each of the defendants are barred by limitation, and that none of the said parties have any claims or rights to said land, and the apparent claims are clouds upon plaintiff's title, which he is entitled to have removed and cancelled, and plaintiff prays for judgment for title and possession of said land, removal of clouds, etc.

Herein I do not, but have you then and there before said court this Writ, with your return thereon, showing how you have executed the same.

WITNESSE, A. O. Thompson, Clerk of the District Court of Deaf Smith County, Texas.

Given under my hand and seal of said Court in Hereford, this the 26th day of August, A. D. 1919.

A. O. Thompson,  
Clerk, District Court, Deaf Smith County, Texas.  
By A. L. Biggs,  
Deputy.

**Life**

The simple lass.  
The broken working man.  
When life entered the door.  
Only a gutter bum.  
The woman who knew no shame.

By W. Alexander Inlay

She was only a simple girl from the country. She entered the big city in the hope of earning enough money to give her the clothing of the fashion plate ladies and movie queens. Perhaps she came with the intent of making herself useful in the world.

She got a job. It was work, if that constitutes a job? She slaved nine hours a day behind a counter or possibly she stacked matches in boxes—no matter she got the job.

And the salary, magnificent—\$10 a week. The clerks in Perkins' store back home only got \$6 but then she was ignorant as yet you see.

So she drifted along until one fine night she found herself hanging over the railing of the river bridge, pocketbook empty, hungry—contemplating a leap from the bridge—or worse.

Then there is ' working man. He knows no trade for he grew up in untrammled America where one is permitted to do as he pleases. An indulgent father had not insisted on him learning anything useful. His mother upheld him in idleness.

Possibly the father went broke. Possibly he never had anything. At least we find our here at forty, discouraged, knowing no trade, on the bum.

A bad season strikes his section of the country. He has no money, no friends. Then we find him—where?

Riding the rods to a better land, in jail and out, a knight of the cinder trail.

The poor man comes one dreary night to a cold home. He is out of work. He knows no friends. His children are huddled around a stove in which the last embers are dying. A small girl of four weeps for food.

A mother in the next room—there are two rooms—lies in a bed of old blankets and ragged great coats. She is moaning in pain.

A little life is to come into the world before many hours have passed. There is no doctor, no provisions. There is no fire, no light.

In despair the man goes into the night stumbling against the cold wind seeking assistance in his trouble.

There is a gutter bum who has no knowledge of how loathsome he really is. Drunken, abused, kicked, and cuffed he dodges all human beings.

Like a trounced dog he avoids people yet he must seek them. At last he decides that he is down and out. He goes down the street with longing in his heart. He longs to tell some one how he despises self.

He has reached the turning point. Will some one hold out a hand?

Hal hal he laughs. He knows the world.

Then there is the woman without shame. Christ had compassion on her kind but she has come to think that no one else had. Happy like she pines her way about the streets of the great city.

Her cheeks are incarnadine. Her soul is as red as her painted lips. Her eyes are as full of guile as the misshapen mind.

Unloved, much caressed, hunted, a prey upon society she comes to the last step down, then she finds gold in her heart. Does anyone else find it?

So they run through the annals of life. But here is what happened.

The simple girl went to a clean boarding house and after a few years made good. She blossomed into a flower of pure womanhood.

The workingman went to working man's hotel. He was given shelter and clothing with food as the lowly Nazarene commanded. He learned a trade and became useful. He became a producer.

**Report of Circle Number Three**

Mrs. L. R. Bradley received most graciously, the members of Circle No. Three, into her stately and hospitable home last Wednesday.

Here and there were flowers, also rare and beautiful works of art and handwork.

The meeting was opened with two dear old-time songs, "Pass Me Not" and "Jesus Lover of My Soul," with Mrs. Mounts at the piano.

Mrs. Connell made an earnest prayer of consecration to service.

Mrs. Mounts led the devotional by reading the 14th chap. of John, a chapter with a message of love and peace and comfort so appropriate to after-war times, before

the world is yet adjusted.

Mrs. Pitman, our vice-president, conducted the meeting in her happy interesting way.

Mrs. Connell made the questions very stimulating and entertaining especially during the discussions.

We were glad to have Miss Miller and Mrs. Pitman with us again.

Another feature that deserves notice is the growing interest in Bible study.

During the business session there was a joyful reponse and hearty co-operation in all matters brought up.

Our hearts went out to Mrs. Carl Gilliland and family with joy and sympathy in receiving and honoring her brother, Mr. Clifford Estes. There was also a program at the Baptist church Sunday, demobiliz-

ing the service flag. How fitting that the people as well as the country are honoring their dear, worthy boys.

Mother Hough closed with a heartfelt prayer.

Next meeting at Mrs. J. M. Gilliland's. A hearty welcome to everyone.

**LIVE STOCK MOVEMENTS**

Crabtree and Heffner shipped five cars of cattle to Kansas City.

E. N. Mounts shipped nine cars of cattle to Kansas City.

M. Slemmons shipped three cars of cattle to Kansas City.

J. H. Harris shipped one car of cattle to Kansas City.

To avoid a barrel of trouble buy a barrel of Magnolia Safety Oil, a nice clear kerosene. Phone 371.

**Littlefield Convention**

Amarillo Texas, September 15, 1919.—Delegates have returned from Littlefield where they attended the eighth annual district convention of Christian Endeavor which was held Friday, Saturday and Sunday, September 5, 6 and 7. According to those persons who have attended the annual gatherings the past few years, the 1919 convention was the most successful ever held. Rev. E. C. Mobley, of Amarillo delivered the principal address Friday evening, his subject being "Loyalty to Christ". He touched upon many current topics and his address was warmly received.

The Saturday morning session was opened with Rev. J. M. Asbell of Hereford, leading the quiet hour service. It was during this service that Miss Jessie Butts, Field Secretary, Texas C. E. Union presented the "Loyalty Campaign" which will be the main task of the C. E. movement for the next two years. Addresses were made Saturday night by Rev. Asbell of Hereford on "Loyalty in Service" and by Rev. T. H. Pollard, of Lubbock on "Christian Endeavor Facing the Problems of Americanization." Rev. Asbell also preached the Sunday morning sermon.

That there is a great need for the development of young people for church work was stressed in the discussion of junior and intermediate departments. P. Hicks Daniel, of Amarillo was unanimously re-elected president of the district. Other officers are: Miss Ruth Arnold, Memphis, Vice President; Miss Mae Womack, Hereford, Secretary; James York, Amarillo, Treasurer; Chairmen of departments of the district work are: Missionary, Miss Loucile Thomas, Amarillo; Intermediate, Miss Kate Arnold, Memphis; Junior, Miss Abena Richardson, Memphis; Citizenship and Community service, Arthur Mueller, Littlefield; Introduction, Mrs. E. K. Edmonds, Littlefield; Efficiency, Luther Griffin, Hale Center; Evangelistic, Hollis Galley, Hereford; Quiet Hour, Miss Minnie Ross, Amarillo; Tenth Legion, Miss Dorothy Boardman, Hereford; Life work recruits, Rev. T. H. Pollard, Lubbock; Publicity, B. B. Holland, Amarillo; Pastor Counselor, Rev. E. C. Mobley, Amarillo.

The financial pledges for district work, were secured easier than at any other convention. The district's assessment is \$250.00 and \$300.00 in pledges were raised quickly, the pledges were as follows: First Christian Church, Amarillo, \$50.00, Presbyterian Church, Amarillo, \$35.00 Memphis Senior Society, \$40.00, Memphis Intermediate Society, \$10.00, Hereford Christian Society, \$20.00, Hereford Presbyterian Society, \$40.00, Hale Center Presbyterian Society, \$15.00, Littlefield Union Society, \$25.00, personal pledges, \$65.00.

**Everybody Has Their Troubles Now**

But the fellow who has his bin full of coal has fewer troubles than the other fellow who has no coal ahead.

Hereford and Deaf Smith county people have stored to a great extent, though there are a few who are not prepared yet.  
 Our Mutual Lump and Nut Coals will prove most satisfactory.

**A Safety Sinking Fund**

If you have a mortgage on your property, of course you want to meet it when due.

If you have personal obligations for the meeting of which your friends have endorsed your paper, honor demands that they be met promptly.

The best way to create a Sinking Fund to meet these obligations is to establish a savings account at this bank.

And the best feature of this kind of savings is that it cultivates a habit of saving, which will prove your most valuable asset.

See us and let us co-operate with you.

**The First National Bank**

SAFETY

SERVICE

SECURITY

Littlefield's hospitality to the visiting delegates could not have been excelled. The visitors were taken into the homes of the residents and shown every possible courtesy. The aggressive Littlefield society arranged a banquet, which was given Saturday evening the first ever held by the district.

The Memphis delegation asked that the convention be held in that city next year. At the meeting of the officers and departmental chairmen, it was unanimously agreed upon to accept the invitation of Memphis.

The resolutions committee of which Rev. H. R. Sharp, of Hereford, was chairman, offered a suitable tribute to the Y. P. S. C. E. of Littlefield for entertainment.

**Moving Time for Pullets**

September is moving time for the hens and pullets which must be transferred from the range to their winter quarters as early as possible so as to be acclimated to their cold-weather environments

before they begin to lay. Year after year poultry keepers neglect to ship their stock from the summer resorts to winter lodgings early enough, as this is one of the basic principles of best management, according to specialists of the United States Department of Agriculture.

Habitual Constipation Cured in 14 to 21 Days  
 "LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.
