

ALL SET FOR THE FAIR!

Committees Are Busy, and Preliminaries Are Rapidly Being Completed --- Merchants Must Help to Make the Parade A Success

IMPORTANT!

Manager Leslie Neal requests the Brand to ask every Committee chairman, of every single department of the Fair, to meet him at the Stockman's Cafe, at high noon, next Monday for lunch.

It is important that not a single Chairman miss this meeting, as a final check and consultation will take place, and a missing department will throw the entire plan out of joint.

Don't forget this!

If some careless person does not kick over the old dope basket we are going to participate in a real, honest-to-goodness, old fashioned Fair next Thursday, Friday and Saturday.

A birdseye view by Departments apparently reveals a satisfactory state of preparedness. Everything is humming, committees are busy, enthusiasm is good.

There is just one green fly in our ointment, to-wit: The Industrial Parade, scheduled for Friday, is "hard sledding," just now, owing to the fact that everybody is "busy." The Parade Committee is working hard. Mrs. Rolson has joined forces with Ambrose Gibson, Arch Collins and D. P. Vaughn, and will assist with ideas

for decorations, etc. The great difficulty seems in getting the merchants to undertake to decorate a float or car. Now it is a cinch that if everybody is too busy to do this the Parade will blow up. That will never do. Everybody worth while in this community is, or ought to be, busy for that matter and it is hoped that the merchants will think better of this Parade and each one do his part.

The Registered Hereford Judge has been announced as B. H. Conner, of Claude, Texas, a breeder himself and a fine judge of real cowflesh.

Manager Neal announces that entries in all departments will close at 9:00 a. m. Thursday, October 9. The first judging will begin at 11:00 a. m. on the same day.

Chairman C. C. Ferguson, of the Range Cattle division, states that ribbons will be awarded on the following entries:

- Best Yearling Heifer
- Best Pen, Ten Head, Yearling Heifers
- Best 2-year-old Heifer
- Best Cow
- Best Pen of Five Cows
- Best Heifer Calf
- Best Pen of Five Heifer Calves
- Best Carlot of Yearling Steers.

Amarillo Boosters Attend Roads Meet

Sam Ramsey, Secretary of the Board of City Development of Amarillo, Editor McCorkle, of the Amarillo News, and Clyde Cockrell, of Russell & Cockrell, and Mrs. Cockrell, passed through Hereford Monday enroute to Roswell, where they attended the sessions of the Ozark Trails Convention.

Mrs. David Thompson left Wednesday to visit her mother, Mrs. W. B. Bourland of Vernon, Texas.

Judge J. D. Hamlin Pays Us A Visit

Judge James D. Hamlin, County Judge, A. H. Hite, proprietor of the Farwell Inn, and E. F. Lokey, an attorney, all of Farwell, were in the city Monday on business. Mr. Hite is a nephew of T. E. Shirley, of Hereford.

Judge Hamlin, who is almost as well known locally as he is at home, was greeting his numerous friends on our streets. He is scheduled to address our citizens on Saturday of the Fair.

Mass Meeting Largely Attended

The district courtroom at the Courthouse was packed to capacity last Sunday night by citizens interested in the peace time program of the Red Cross, and in the enforcement of laws governing local health conditions.

The need for an organized public sentiment along this line, which would enable our health officers to enforce the law, was stressed by the speakers, as was the aims and purposes of the peace time program outlined for the various Chapters of the American Red Cross the coming year.

There was no question but that the great audience was heartily in favor of the program and of the law enforcement, and although no resolutions were passed, or formal action taken, it is felt that the moral sentiment of the community is behind the proposed measures, and that the meeting was well worth while.

"The Unpardonable Sin" at Star Theater

Announcement is made that "The Unpardonable Sin," one of the strongest photoplays ever presented on the screen, will be shown at The Star Theatre, next Monday and Tuesday nights, October 6 and 7.

This play is put out with an All-Star cast by the First National Exhibitors Circuit, the people who produced "Daddy Long Legs," although it is a much larger and costlier production than the last named. Critics state that it is a rival of "The Birth of a Nation" and "The Heart of Humanity" in its size and appeal.

Manager Fullwood states that this is one of the most expensive and widely heralded pictures he has ever undertaken to present to the Hereford public, and is preparing for packed houses both Monday and Tuesday nights.

Football Boys Hard At Work

Hard practice is the order of the day on the high school gridiron. A fast, strong and promising squad of husky young molekinners are reporting at noon and in the afternoons for practice, in earnest effort to "make the team" for the opening game with Tulia High on Friday afternoon, October 10.

Cliff Acker is coaching the backfield candidates, while Roy Terry is handling the line. Both are giving the boys the benefit of their past experience, and putting a lot of life and pep into the bunch. Critics believe Hereford High will have a team that someone will have to beat to secure the premier honors this year.

A practice game with a town team was scheduled to occur Friday, as a tryout for the team aspirants.

FREE BARBECUE

The Brand is requested to announce that the Happy Oil & Gas Co. will hold a free barbecue at their well near Happy next Saturday, October 4. "Plenty to eat and drink and good music, free to everybody," is promised those who attend.

RED CROSS MEETING

Officers and chairmen of the local Chapter, Red Cross, held a business meeting Monday for the purpose of outlining the Chapter's part in the parades and other exhibitions of the Fair.

RANGER MAN HERE

R. M. Davenport, a successful oil operator of Ranger, Texas, and T. W. Galloway, of Friona, were in the city Thursday, investigating local oil and general business conditions.

Rev. G. L. Moore, Presiding Elder of the Amarillo District, was a Hereford visitor for a few days this week.

FIRE LOSS SHOULD BE ANTICIPATED

TO THE PEOPLE OF HEREFORD:

The Governor has just issued his proclamation designating October 9th as Fire Prevention Day.

He states that the annual fire waste in Texas is above \$15,000,000, and that 75 percent of that is preventable.

He calls on all Mayors in Texas to issue proclamations, calling attention to the need for systematic effort in the prevention of fires, and urging all property owners to give personal attention to their premises, and to all heating appliances, flues and chimneys, to the end that they may be safe for winter use.

In deference to the request of the Governor, I, William M. Knight, Mayor of Hereford, hereby request all property owners of the City to have their premises inspected on the designated date, and to see that every stove, flue and chimney is in a safe condition for winter use.

I suggest to the Superintendent and teachers in all the schools to teach the children the importance of every precaution to avoid fires and to impress upon them the ordinary fire dangers and the simple methods of fire prevention. Fire drills should be inaugurated and practiced in the schools.

Every condition that may make a fire possible should be corrected. For your own good and that of the community won't you see to it!

There is a relation between the High Cost of Living and the Fire Waste.

Respectfully,
Wm. M. Knight, Mayor.

Methodists Hold Initial Ceremonies

Monday, September 29, was a big day in the history of the Methodists of Hereford, this being the day when dirt was first broken and work started in earnest on their new church building.

A number of the Members with a few friends, gathered at one o'clock on the site of the new church and, after a short program was rendered, Mother Turrentine was asked, as a token of appreciation of faithful service for a number of years, to remove the first dirt and thus start the work. Rev. G. L. Moore, Presiding Elder, was asked to remove the second shovel of dirt, and Eli Dunlap, who is president of the Board of Stewards the third.

The work is now in progress and from the "pep" put into the job the New Church will soon be a reality.

Boy Scouts to Have Strong Troop

A meeting of boys interested in the local Boy Scout Troop was held at the Courthouse last Monday night. About eighteen interested youngsters were on hand.

The meeting was conducted by Scout Master Claude Ricketts, assisted by the Rev. J. R. Sharp. A Scout Troop committee was appointed and preliminary plans discussed for establishing one of the strongest and most active organizations ever assembled here.

Another meeting has been called for next Monday night, at the Courthouse, to begin at 8:00 o'clock sharp, and every boy in town who can be interested, as well as all others who will aid, are urged to be present.

JUDGE GOUGH ON TRIP

Judge L. Gough left Hereford Tuesday in his jitney for a visit to his farm in Cherokee County, Texas. His son, Earl is in charge of Sulphur Park farm.

Judge and Mrs. Gough recently moved to town and rented a house for the winter.

Alvin C. Thompson, local manager of the Panhandle Lumber Company, returned last week from a vacation trip to Channing, Dalhart and other points to the north of us.

Schools to Have Exhibit at The Fair

The boys of the Manual Training Department have been busy setting the electric motor. By next week, all the machinery will be ready for service.

The public is invited to be present at the football game Tulia vs Hereford, next Friday at 3 p. m. The team is working hard and a good game is assured.

Report cards have been sent home thru our children. Parents ought to look over these cards and consult their children. Good work is worthy of commendation and poor work calls for parents to be in close touch with the schools.

Mrs. M. Brownlee, Smith, Wolf and Davidson were school visitors on Wednesday morning. We were delighted to have these ladies with us too for chapel. Come again.

All the teachers are busy with their classes preparing for the school exhibit at the Fair. It was quite necessary for the children to secure material for art work. As a rule teachers are quite conservative in their demands of the public. To date requests have been made: first, fees for library extension; second, requests for art material. There have been no other calls on the part of the schools for money. Visit the schools often, get familiar with the work of the school and above all continue in close cooperation with overworked teachers.

Oil Activities Are Continuing

The location for the oil well to be sunk for Geo. L. Muse, et al in the northwest part of the county, is now given as the northeast corner of Section 27, Block 7. Tiefel Bros. have secured the contract for erecting the bunk houses and other shelters on the site, and work is now starting.

The drilling outfit for the McDonald well, near Dawn, is expected daily from Akron, Ohio. The Muse well outfit is expected to be shipped within a week or ten days.

Mr. A. H. Squier, who will have active charge of the three wells to be drilled for Messrs. McDonald, Muse and Jackson Bros., is expected to arrive here Saturday, and will at once get active work underway.

The Hereford Oil & Gas Co. well No. 1 is idle for the moment while the twenty inch casing is being put in place to block off the quicksand. A pit 23 feet deep, with concrete bottom, and cribbed with 2x4's has been excavated over the hole, and the casing is stacked therein ready for immediate shifts or sudden trouble. As soon as this casing is set active drilling will be pushed.

HOOPER AT WORK

D. L. Hooper, pharmacist at the Burns Drug Store, who accidentally shot himself in the foot several weeks ago, while visiting at Plainview, is back on his job. Mr. Hooper's foot will not heal entirely for some months, but he sits in a wheel chair and manages to attend to his duties without very much inconvenience.

Bring a Pen of Chickens to the Fair

What is said to be the highest average price ever paid at a private sale for cattle of any breed was received by Jones & Dameron the past week, from Mousel Bros., of Nebraska, for thirty-four head of the famous Anxiety strain Herefords.

The price exceeded \$100,000, or a little over \$3,000 a head.

This extraordinary sale is significant in several ways: (1) it shows the scale and the magnitude to which local registered development is attaining; (2) it shows that local herds must have the best blood lines in the country to attract such buyers as Mousel Bros., who have what is conceded to be one of the best and largest, if not the very largest Anxiety Hereford herds in the world; (3) it shows what local breeders can do with this industry if the sales end of their business is handled in a modern, go-after-it way.

And the fact that these thirty-four head of fine blooded animals have been sold from this herd does not mean that Jones & Dameron are selling out, or are disposing of their tops. On the contrary, it means that they are just getting down to business; establishing selling relations; blazing the way for real Hereford development locally.

It is understood that Mousel Bros. will hold a gigantic Anxiety strain sale in January, and that some of these cattle will be included in this sale. Discriminating buyers from all over the country will pick breeding stock for their herds at this big sale classic. Why not get some of this blood back here!

Jones & Dameron recently purchased the T. C. Ivay herd for a consideration of \$135,000, and many of the unimproved thought these young breeders were getting in very deep. This sale demonstrates that this new firm seems to know where it stands. The Brand is informed that two of the very best herd bulls in the bunch, Beau Randolph Third, and Beau Randolph Fourth, will head the Jones & Dameron herd hereafter.

The real development of this great industry is just opening up for the breeders of this section. These two sales point the way to what can be attained by organization and selling ability. The Breeders' Association was organized for the express purpose of fostering the local breeding grounds and advertising them to the world. It's a splendid start; here's hoping the development is steady, sure and strong.

W. T. Smith and Troy Womble Back

W. T. (Red) Smith, who left here eight weeks ago via auto for a trip to his old home in Tennessee returned last Saturday, after visiting the states of Oklahoma, Arkansas, Kentucky, Illinois, Kansas and Missouri. He was nine days going and nine days and a half returning, and traveled 2800 miles with only two punctures. His wife and baby accompanied him, and his mother and nephew, Wayne Smith, accompanied him home.

Troy Womble and children, who left here about three weeks after Mr. Smith, returned with him. Both express themselves as glad to get back home.

Frank Hastings, of the Bovina Mercantile Company, a brother to Henry Hastings, of Hereford, was a business visitor Monday.

Call For Students By the Red Cross

Following the decision of the Red Cross to introduce into the schools and high schools of the nation a course in foods and home cookery for women and girls, a call for housewives and girl students who can qualify as instructors was received today by Mrs. Charles Donald, Chairman of the Committee on Nursing Activities of the Deaf Smith County Chapter of the Red Cross.

According to Red Cross officials, it is the intention of the organization to offer every woman and child in Deaf Smith County an opportunity to learn more about food. Inasmuch as conservation and thrift will be among the points stressed, it is thought that this move will do much indirectly to bring about a substantial decrease in the present high cost of living.

In addition to the classes in the schools there will be courses offered housewives held in cities and towns over the country in much the same way the home hygiene classes were given.

There will be two courses offered. One will be the regulation course given by an enrolled Red Cross dietitian or by a lay instructor under the supervision of a dietitian. A certificate is given for graduation from this course. A modified course also will be offered for which a card is given.

Anyone who has had a two-year course in an accredited school of Household Economics, or its equivalent, and subsequent teaching experience is eligible for enrollment in the dietitian service of the Red Cross and after such instruction may be appointed instructor. The Red Cross is anxious to get in touch with women who meet these requirements and they are advised to write the Nursing Department of the Southwestern Division of the Red Cross at St. Louis.

Both these courses are ready for distribution to the schools for the forthcoming term and the co-operation of school authorities in Texas is being sought in an effort to introduce them into as many schools as possible.

Among the subjects taken up in the 15 lessons are the following: Planning the day's food, vegetables and fruits, milk—the indispensible food, meats and meat substitutes, bread, sugar and sweets, fats, beverages, buying and checking the food supply, infant feeding and children's food.

To The Hereford Brand:

Well, I thought I would tell you something of my life in the Sanitarium. I have been here twelve days and the time, outside of the suffering I've gone through, has been very pleasant. My room has been full of beautiful pot plants, given to me by my friends of Amarillo and Dimmitt. Also from my big boy. He never tires doing something for mama. His daily visits and smiles have been a wonderful help to me. Mothers, don't fail to let your big boys know you love them. Everybody is so good to me. The girls and sisters here have cared for me as tenderly as a baby. The girls accuse me of being somewhat of a pet; say I get more lovely flowers, cards and letters than any one here. I have received so many letters and beautiful cards from Dimmitt and let me tell you they were appreciated. And to my great joy who should slip in on me one afternoon but Mrs. Cash and Aunt Q. B. Hill. Both had their hands full of pot plants.

While I was so sick and was suffering so much I would think, "Oh death would be sweet." Then I would think of my children and brace up. I feel that God has been good to me. And I look around and see so many worse than I that I feel like I want to scatter more sunshine and help those more unfortunate. This is a beautiful world, let's make it better. Let me say again that I feel like I have more friends than anyone. Mrs. Loving, of Amarillo, has been kindness itself. Also Grandmother Alexander and Donald. They have proven friends indeed. Thanks to the Ladies Aid for their sweet thoughts of me. The Sisters here are so sweet to me. Can't do enough.

Well as the Doctor will not let me sit up I doubt if you can read this and am getting tired so will have to close. When any of our friends feel like coming to Amarillo will say our doors are wide

open. We are all delighted with our new home and new friends.

Respectfully,
Mrs. Mary Vaden.

Galveston's Appeal

Galveston, Texas, Sept. 25, 1919. To the People of Texas:

One of the amendments to be voted on in the coming November election is that authorizing the City of Galveston and County of Galveston to issue bonds not to exceed in the aggregate five million dollars (\$5,000,000.00) for the raising of the grade and to provide other storm protective works, and to levy and collect the necessary

taxes to meet the interest and sinking fund; provided that no such bonds shall be issued unless authorized by a majority of all the qualified taxing voters of the city; if issued by the city, or of the county outside the city if issued by the county.

Of the five million of bonds, the city seeks authority to issue four million and the county one million.

This is an amendment that embodies the principle of local self-government. It simply authorizes the taxpayers of the City or County of Galveston upon a majority vote to issue protective bonds and tax themselves to meet the interest and the sinking funds necessary to care for same.

The adoption of this amendment will not cost the people of Texas outside of Galveston County one dollar either directly or indirectly.

There is no sound reason for any one voting against this amendment. We, therefore, respectfully and earnestly ask the qualified voters of our state to vote for the adoption of said amendment, and thus make it possible for our city to complete its protective works. Galveston Commercial Association.

Bond Issue Proposed

The Clovis Chamber of Commerce has been reorganized, and new "pep" has been injected into the organization. They are now in the market for a competent paid secretary.

At the initial meeting last week one of the main projects launched was the proposition to float a \$200,000 bond issue to build a permanent highway from Clovis to the Grady neighborhood. The resolution adopted reads:

"Be it resolved, that the President appoint a committee of four to prepare and circulate the necessary petition to the Board of County Commissioners of Curry County to call a special election to vote on a bond issue of \$200,000 for improving the Clovis, Claud and Grady highway, with an east spur toward Hollene and another west toward Forest, said bond issue to be used to secure \$200,000 Federal aid, making a total of \$400,000 for aid road improvement."

Panhandle Oil & Refining Co.
PRODUCERS AND REFINERS, AMARILLO, TEXAS
NOT A DREAM--NO IDLE PROMISES BUT THE TRUTH

The purpose for which this company is formed is to build a Refinery to manufacture crude oil products; to be wholesale manufacturers and jobbers of crude products, such as Gasoline, Kerosene and Crude Oil products.

It has been the history of the oil industry that those who have invested in the refining of crude oil have realized on their investments in nearly every instance. Where there has been one failure of a refining company paying substantial dividends, there have been countless numbers of failures among producing companies to even secure a single barrel of oil.

With the refining business the stock holder can go daily, if he so desires, to the site, and see the foundations, brickwork, stonework, stills and other valuable machinery placed upon and erected on the site, and he can go away feeling that his money is being spent in something tangible, and not put into a dry hole where he cannot even see that his money has ever served any useful purpose. We believe that this statement as to the desirability of refining stock over oil stock will appear logical and satisfying to the minds of every investor.

NO PROMOTION STOCK--NO DEBTS--NO BONDS--CONSERVATIVE ESTIMATE OF OUR HOLDINGS

THE REFINERY SITE
Mr. D. E. Foster of the firm of Foster and Gilmore Consulting Engineers and Constructors of Tulsa, Okla., has been in Amarillo since Monday morning conferring with the officials of the company concerning plans and specifications for our refinery and has been assisting them in the selection of a site. One hundred acres adjacent to the right of way of the Fort Worth and Denver Railroad has been purchased for this purpose. It is about two and one-half miles east of the city. The Rock Island railroad passes the property to the north.

A considerable amount of the stock allotted to the citizens of Amarillo has already been purchased. The balance will move rapidly, make your reservations early and help a home enterprise. In addition to the stock already sold in Amarillo, large blocks have been taken up by the business men and residents of surrounding towns.

Capital \$250,000. Shares \$1.00 Each Fully Paid and Non-Assessable. Is a Company Without Personal Liability to Stockholders

FINANCIAL MANAGEMENT
Our company is organized under a Declaration of Trust, and is what is known as a Common Law Company. The authorized capital stock of this company is \$50,000 divided into two hundred and fifty thousand shares at one dollar (\$1.00) each. This form of company makes all reports to the Federal Government that a Corporation is required to make, and the investor is safeguarded by the jurisdiction of courts of chancery over the management of the trust estate.

The story of the refining industry is one of fabulous money-making. Oklahoma's most remarkable example is J. S. Condon. Only eight years ago he started his Big Heart Refinery. He came from a modest clerkship in a Baltimore, Md., office and was wholly inexperienced in the refining business. Today he is head of one of the largest independent refining companies in the Southwest and his wealth is conservatively estimated at \$30,000,000, paying \$60,000 profits daily.

An idea of the possible dividends that may be earned from oil refining is afforded by the Dixie Oil Company of San Antonio. This is a new company, and yet it paid its stockholders in dividends from June, 1916, to February, 1917, a total of 165 per cent on its capital stock. The Southern Refinery of Yale, Okla., paid for itself in sixty days. Its capacity is now 5,000 barrels.

The Ponca City Oil and Refining Co., of Ponca City, Oklahoma, in the first four years of its operation paid over 400 per cent in dividends and sold out, netting its stockholders \$2,350 for each \$100 invested.

A refinery at Lawton, Okla., paid for itself in ninety days operation.

The refinery at Iowa Park, Texas, in the Electra Field, of 1,000-barrel daily capacity, has paid for itself in thirty days' operation.

THE HEREFORD FAIR

On October 9, 10 and 11 Hereford will forget everything else for the time being and turn to make her 1919 Fair a success.

If weather conditions do not show a material change there is little doubt that this year we will be enabled to make a better showing of live stock and agricultural exhibits than ever before. We are blessed with bountiful crops, and the season in the ground has produced grass that has brought out our cattle sleek and fat.

As the home of the registered Hereford, that department of the exhibition, always strong, should this year be bigger and better than ever.

True, we have not yet reached the dignity of a real, incorporated Fair, with fixed rules and regulations for entrance. Another unique feature is that our Fair is free, so far as entrance is concerned. For that reason no cash prizes are given. In other words, the Hereford Fair is largely a neighborhood exhibition of natural resources with small expense attached to its efforts of others.

However, only by making of our as compared with the more pretentious undertaking an unqualified success can the larger vision be realized, and the Brand earnestly hopes every man, woman and child in Deaf Smith county, and our surrounding neighbor counties, will stop the daily grind long enough to visit our grounds and help make this Fair a solid stepping stone to larger efforts in the future.

And in this connection, may we venture the suggestion that each and everyone of us heed the Mayor's Cleanup Proclamation of last week and make our little city a Spotless Town, for these three days at least.

IT CAN'T BE DONE

Congress must have been thoroughly startled the other day when Representative Marvin Jones of Texas, suggested a plan looking to the simplification of railroad rate making. It borders on audacity these days for a congressman to propose legislation which would make laws less complicated. The United States certainly is a law-ridden country.

For twenty years Congress has

devoted much of its time to the proposition of creating difficult and confusing rate laws. We are now at a point where a kind of a Chinese puzzle has been produced which nobody understands, not even the Interstate Commerce Commission, and which operates unfairly against railroads, shippers and communities alike.

The plan advanced by Mr. Jones merely is that of abolishing water-competition rates, eliminating the "long and short haul clause," and placing all rates on a mileage basis, with a reasonable loading and unloading or terminal charge.

It is too good to be true. Congress will reject it. It is too simple. Ten thousand lawyers immediately would lose their jobs. We admire your spunk, Mr. Jones, and our best wishes are with you, but a spasm of pessimism seizes us when we think of the crowd you are up against.

The Washington annalists inform us that the republican Congress so far has passed just one piece of constructive legislation, and that was the suffrage amendment. Aside from that we assume, as Vice President Marshall says, Congress has "ping-ponged" all summer.

Not so long ago Senator Reed of Missouri, was denouncing Herbert Hoover just as furiously as he is now denouncing President Wilson. Yet we all know now that it was Hoover who saved the food situation for the world during the war.

Everybody else may go on a strike, but it must be a comfort to the public to know that the preachers and the editors will never falter in their devotion to their jobs.

The very latest thing, the fashion notes say, is a corset which produces a corsetless effect. Then why—well, it's useless to ask questions.

It is easy to establish a national reputation. An Indiana blacksmith did it merely by buying ten silk shirts at \$10 each.

Make a permanent investment in health and sturdy manhood. Con-

tribute to the public school athletic fund.

BROUGHT HOME 600 SOW FROM CHILDRESS FAIR

While at the Childress Fair last week John Knight bought a Duroc Jersey sow, paying \$600 for her. He then sold two of her pigs for \$250, to be delivered when they are ten weeks old.

The sow took first premium at the Fair. Mr. Knight is highly pleased at getting such a fine animal to add to his herd.—Canyon News.

Deputy Sheriff Killed

According to the Childress Post, Deputy Sheriff Henry Harper of Gould, Okla., was shot and killed near that town Sunday, Sept. 21.

The story is that two questionable characters were seen to camp at a school house near town. They had their car full of auto tires and tubes, so Mr. Harper and the justice of the peace went out on Sunday morning to investigate. Seeing that one of them had a pistol, Mr. Harper arrested both, taking the pistol but failed to search the other man. After starting to town with the prisoners, they had not gone far until the one they had failed to search drew a pistol and killed Harper. The men then ran but were finally overtaken and placed in jail.

FRIONA NEWS

J. L. Hart, of Floydada is here this week with a view to purchasing land for farming purposes. He has about decided on a half section of sod land one and one-half miles north of town.

Oil leasing seems to go steadily on with two companies now in the field. One is operating north of the railroad and the other, south. All indications seem favorable for the development of an oil field here.

Mrs. G. L. Livings and her daughter, Miss Ruth, returned Saturday from a visit of several weeks with relatives in Oklahoma.

Geo. T. Courtright came down from Pampa Friday morning and remained until Monday, looking after business matters and shaking hands with his Friona friends. He says the wheat situation near Pampa is serious with nearly 1,000,000 bushels lying in piles in the fields with no protection whatever from the weather.

R. H. Kinsley spent Saturday in Amarillo attending to business matters.

Many of our farmers are getting anxious to begin sowing wheat. This week will about end the field cutting, then wheat sowing will begin in earnest. T. H. Hughes is already putting the seed in the ground.

Dan Orbaugh came down from Amarillo and spent Sunday with his father, G. M. Orbaugh. This is Dan's first visit to Friona since his return from France, where he served in the signal service of Uncle Sam's army.

W. E. Goodwine has a small force at work filling his 250 ton silo. On account of the scarcity of help the work progresses rather slowly. Everybody urges the farmer to produce more foodstuff, but no one seems to think he needs any help. If all farmers were like the writer of this correspondence, they would all go on a strike and put a mouthful of food would be put on the market until the high headed aristocrats and the striking labor unions were starved until they were so thin one could read a newspaper through them.

Why not boost Friona as a health resort. Nature has fitted it as such in almost every way, and a beautiful location has already been selected for a sanitarium, and one of the best doctors in the best doctors in the country has expressed a willingness to come and take charge of it.

The Santa Fe Grain Company has the contract for furnishing coal for the school building this winter and a car of good coal was received and placed in the school bin during the early part of the week.

Celebrates One Hundred and Thirty-first Birthday

Lexington, Ky., Sept. 3—"Uncle Johnny" Shell, probably the oldest man in the world, celebrated his 131st birthday today by sending for a life insurance agent.

"You never can tell what'll happen, sonny," he told the agent, "and I want to prepare for the worst."

The agent looked over his rate card and found that his card covered only the first 105 years of a man's life. The agent is now busy with his headquarters trying to learn if he can insure "Uncle Johnny."

Shell was first married at the age of 19 and lived with his first wife for more than ninety years. He lived seventy-five years in one house. He is the father of twenty-nine children, the oldest now living being more than 90 years of age.

Six years ago he married again at the age of 125. By his second wife he has one child, a boy aged 5 years. He was at the advanced age of 74 during the Civil War. He was born near Knoxville, Tenn. twelve years after the battle of Bunker Hill, and was full grown when the war of 1812 began. He has seen the United States developed from a small nation to a world power.

He bears his age well. His mind is clear and his eyesight is far better than that of many men still in their youth.—Exchange.

AMERICAN SYNCOPATED ORCHESTRA OF NEW YORK

AGGREGATION OF "JAZZ JUGGLERS" SPECIAL MUSICAL ATTRACTION AT VICTORY FAIR AT DALLAS

The American Syncopated Orchestra of New York, one of the highest priced and most unique musical organizations ever heard in this country, has been secured for special musical entertainments at the Victory Fair at Dallas in October. The concerts will be in the Coliseum.

After a great deal of time spent in correspondence and personal negotiations, Secretary W. H. Stratton of the State Fair of Texas, has at last succeeded in engaging this big stellar attraction for the Victory Fair this fall. At least two concerts will be given on dates to be selected.

Under the direction of Will Marion Cook, a musical wizard, this melodious aggregation of dark-skinned artists, gives a program that for uniqueness, variety and originality differs from that of any musical organization ever heard before.

Characteristic selections in instrumental ensemble, saxophone, trombone, French horns, trumpets, bassoons, banjos and mandolins, as well as vocal solos, a wonderful vocal quartette, plaintive "spirituals," negro songs, folk songs, and unbelievable, but nevertheless actual, Budde Gilmore's drum solo are among the surprising novelties sprung at every performance.

Effects in both solo and ensemble work, heretofore deemed impossible or at least never heard before, are featured by the American Syncopated Orchestra of New York.

Their music is not all syncopated music, of course. Their "jazz" features, however, are brought in in unexpected moments and in unheard-of ways. Their renditions are so natural and spontaneous, and the combination of instruments in their orchestra so unusual, and different from the regulation orchestra or military band, that entirely new effects are produced, tones colors not heard before.

After electrifying audiences in New York, Chicago, and other musical centers, the American Syncopated Orchestra is now touring Europe and the British Isles, but will return to the United States in time for their engagement at the Victory Fair in October.

The First Baptist church of Dalhart has voted to construct a new church building to cost in the neighborhood of \$50,000. While the plans have not been agreed upon in detail, it will follow the plan of the Baptist church at Claude, Texas but will be larger and will cost more money.—Dalhart Texan.

No Paving Until After this Winter

Last week the city had one bid on paving from the Bitulitic people. The price was much higher than former bids and higher than the members of the city council figured that the property owners would be satisfied to pay at this time. The contractors would not agree to handle the work before next spring so it was decided to wait until that time to let the contract. No doubt bids will be re-advertised for at that time. It will not be necessary for the city to go through the legal procedure of getting service on the property owners again, and it is calculated that paying will be delayed very little by waiting until next spring, and no doubt the property owners will be saved some money.—Clovis News.

U. D. C.

On Friday, Sept. 26, the U. D. C.'s enjoyed an all day meeting at the home of Mrs. Frank Potts. This occasion being the joint celebration of the birthdays of Col. E. T. Woodburn and Capt. C. R. Moreman. A bountiful old time southern dinner cooked and served in true southern style, had been provided by the ladies of the chapter. The dining room was made very inviting, both by the perfectly appointed table and the feast it bore. Hand painted place cards representing a confederate flag, and bearing the chapter's motto, "Lest We Forget," together with the date, "1861," added much to the significance of the occasion.

In the afternoon the guests enjoyed games of "42" and music.

A short business session was also called by the members. The chapter had as guests the old Veterans and their wives. Everyone went away wishing Col. Woodburn and Capt. Moreman would have many other birthdays like this one.

The beautiful Bradley home was thrown open last Friday evening to the members of the B. Y. P. U. and their friends. As the evening passed the games grew in interest, as each one seemed to be enjoyed more than the first.

At a late hour the hostess served a delicious salad course, after which the guests departed for their homes declaring Mrs. Bradley a most wonderful hostess.

Methodist Missionary Society

Mesdames W. A. Preece, E. B. Black, W. O. Curtiss and Sherrin Williams were hostesses to the Methodist Missionary Society on Wednesday afternoon, Oct. 1st, at the home of Mrs. W. A. Preece. This being the regular business and social session, the meeting was opened promptly at 3 o'clock by the President, Mrs. D. E. Ashbrook, who then conducted the devotional services. Reports of all the officers were turned in and accepted as turned in. All committees made reports and arrangements

were completed for the "food booth" to be conducted two days during "The Hereford Fair" by The Methodist Missionary Society.

The committee on "kitchen furnishings" for the new church gave a complete report for same, which closed the business session.

The social hour was then enjoyed very much as Mrs. Ashbrook conducted a "missionary questionnaire" and little Murray Copeland gave two splendid readings. Mrs. W. E. Dunlap asked some amusing conundrums while Mrs. Preece furnished some Victrola music.

The hostesses then served the most delicious cream and cake to a large crowd of ladies.

For Korea's 16 millions we have 29 hospitals, 31 dispensaries, 31 men and 5 women medical missionaries.

A Better Than Park Bench Bed

A litter of straw or the leaves raked up in the fall about 3 or 4 inches deep should be used on the floor of the hen house. This material helps to absorb the droppings and also provides a means of feeding the grain in such a way that the hens are obliged to exercise by scratching for it.

COMMITTEE READY FOR CAMPAIGN TO RAISE S. A. FUND

Kirby Pleased With Organization for Pushing Drive Throughout State.

ELKS PROMISE HELP FOR STATE WORKERS

Soldiers Fall into Line When Asked to Head District and Local Units.

With the appointment of his executive committee complete John Kirby, state chairman for the \$600,000 home service fund drive in Texas, September 29, outlined a vigorous policy to its members at Dallas Saturday.

"I am pleased with the success that has been met in perfecting a strong committee to get the money that is required for placing the Salvation Army on a firm basis in Texas for all time," Mr. Kirby told the committee. "In this work we have the cooperation of virtually every soldier who was 'over there'. We are getting the support of religious and fraternal organizations."

Elks Help in Drive

The order of Elks promised support of the campaign in the following telegram from Frank L. Rain, exalted ruler of the organization:

"I earnestly co-operate with you and the good people of my native State. We are behind you in your home service campaign.

"Commander Evangeline Booth told us in our recent convention at Atlantic City that if it had not been for the Elks the Salvation Army would not have achieved the success that it did in the great war.

"Great good is being done by the Salvation Army along a line that can not be accomplished by any other organization. We as an order have always aided the Salvation Army and the Elks from coast to coast are assisting them in their present drives. Here's hoping that you 'go over the top' in Texas, Oklahoma and Louisiana."

Chairman Kirby is expected to appoint the full number of his executive committee this week, according to Lieut. Col. George Wood, commander of the Southwestern District. Five members of the state committee have been appointed. The number probably will be brought to fifteen.

County Units Are Formed

County organizations are rapidly swinging into line for the intensive week of work that is planned to cover the campaign work. Field men of the Salvation Army corps report success in each county in which they work.

"By far the most gratifying feature of the campaign is the support that the returned soldier is giving the Salvation Army," Mr. Kirby told the executive committee at its last session. "I find that this sympathy for the Salvation Army is deep and sincere. The boys really want to help."

Richard Burgess of El Paso who was one of the first Texas soldiers to go overseas, has been appointed to lead the campaign in the El Paso district. Burgess returned to America with the rank of colonel.

Soldier Ready to Help

"I am not too busy to show the Salvation Army the attention that is due it by every returned soldier," Mr. Burgess said in accepting the position offered him on the state committee.

Definite plans for the campaigns in each county are now in the hands of the state central executive committee. The state committee is the nucleus of an organization of workers that extends down to the last publicity man and county chairman in the state.

"There are to be no loafers on the state committee," Mr. Kirby said in announcing his appointees. "Each man nominated for a place who accepts will have a definite work to perform. Each district chairman will be responsible for the men in his district who are able to give substantial sums of money. Each county chairman will be responsible for the men who are able to give freely in his community. By this plan it is the hope of the Salvation Army that the drive may be brought to a speedy close."

Halls Built on Border

Construction work on two recreation halls for the Salvation Army at Santa Helena and Lajitas in the Big Bend district will begin at once according to a letter received last night from Colonel G. T. Langhorne of the United States cavalry by Lieutenant Colonel George Wood, commander of the southwestern division of the Salvation Army.

Colonel Langhorne acknowledged receipt of a check from Lieutenant Colonel Wood for \$1,000. The money was sent the first of the week from the Dallas office of the Salvation Army.

"I take this opportunity to thank you," Colonel Langhorne wrote, "and express the gratitude and appreciation of the officers and soldiers for your consideration of them."

POULTRY SHOW AT VICTORY FAIR BEST SELLING EVENT

\$2,500.00 IN PREMIUMS ATTRACTS POULTRYMEN FROM EVERYWHERE WHO CAN SELL MANY BIRDS

The Poultry and Pet Stock Show will be given greater prominence than ever at the Victory Fair at Dallas in October. Walter Burton, Arlington, Texas, Superintendent, says that reservations for coops are coming in daily.

\$2,500.00 in cash premiums are offered for Poultry. Poultrymen can make good money by exhibiting at the Victory Fair. The Judges will be E. C. Branch, Lee's Summit, Mo.; G. D. McClaskey, Kansas City, and James Tucker, Royal Oak, Mich.

The Texas Barred Rock Club and other clubs will meet at this time at the Victory Fair.

The general arrangement, lighting facilities and hygienic accommodations for the birds, are very gratifying to poultrymen everywhere. The 1917 show was a big success. The exhibits ranked high in number and quality, and many prominent breeders were represented.

Being held ten days earlier this year, the show comes at a time when both farmers and fanciers have money to buy birds, and many fine ones are sold at the Dallas show. The Dallas dates, Oct. 6th to 19th do not conflict with other shows, but enable breeders to advertise their winnings this fall when birds command the highest prices. The Victory Fair Poultry Show will be the biggest selling event in the country this fall.

The Pigeon Display will also be the very best yet. The splendid part played by carrier pigeons in the war has endeared them to both breeders and the public generally. A larger number of pigeon entries than ever before, and a greater variety of fine breeds, will be represented at the Victory Fair Pigeon Show, than ever before. Cash premiums and ribbons are offered.

Buy Fall Grown Pullets

It is advisable, if well-matured pullets can be purchased at a reasonable price, to kill and eat the hens as they begin to molt, replacing the flock with newly purchased pullets. The hens should not be killed, however, until they begin to molt and their comb begins to lose its size, color and flexibility, for if these changes have not taken place the hens will probably still be laying and at a time of year when eggs are especially valuable.

Life

Where humanity weaves
"Git you bum"
Light and welcome
A subtle transformation
Where home fires burn,
Looking into the future

The instrument.

By W. Alexander Imlay

Weaving eternal figure eights through the streets of a great city in the southwest a Saturday evening crowd shifted in a human phantasmagoria under brilliant arc lights. It was early winter. In the fashionable district well clad men wore new or crocoats and silken mufflers. In the lower end of the city men pulled thin summer coats tightly about their necks.

Women beating their way along the thoroughfares felt the chilling wind on sleeky silk clad ankles. Children of the slums hopped swiftly along, homeward bound from errands seeking the warmth of tenements, for their chilled bare feet.

A gutter rat stood in the doorway of a cheap restaurant. The odor of frying onions and steak tantalized his nostrils. It was for the warm air that came through the open door that he carried.

"Git, you bum," he heard. A second later the toe of a tall man's boot had forced him into the street.

"No one wants a down and outer," the sniffling thing moaned as he slunk away.

Women of the street passed him with a leer. A "down and outer" was the last thing on earth they sought. What they wanted was money for food and warm quarters. The "rat" could supply neither.

A swinging light in the street ahead drew his attention. Upon coming close to it he spelled out "W-E-L-C-O-M-E."

"Ha! Ha!" he laughed cynically, but he entered.

Next morning the "rat" was no longer a rat. He had been fed and clothed. He had been bathed and given a bed. Hope burned high in his heart.

Through the offices of his new friends he was given work. It is useless to follow him for, of course, as in all articles of this kind, the "rat" made good.

Beaten and cuffed; scorned and unwanted he had at last come to his own.

Five years later we find the "rat," without a semblance of the thing of the gutter which had been clinging about him.

In a pleasant room, with a flower in the window, we find him reading the daily paper. A woman speaking in soft tones is lulling a child to rest.

Outside the wind howls. A cow bawls in the stable at the rear of the lot on which the cozy home is built.

The one time down and outer is moving up. He has a wife and child. He owns a home. He has a cow.

"We must make some steps to issue our child the surroundings of Christianity," the wife tells the one time thing of the gutter, after the child is sound asleep in its crib.

"Well, what shall we do about it?" he replies.

The woman places her cheek next to his and whispers. The honest citizen is at peace. He nods his head in acquiescence.

Sunday comes with bright sparkling morning light. The honest citizen and his wife dress in their best and start for church.

It is a church of brick and stone. Glazed windows break early morning light into thousands of prismatic crystals.

The minister takes his text—"Even as you do unto others." His sonorous voice rings out in full periods. The one time child of the slums is entranced.

A great organ peels its message of life and love.

The honest citizen and his wife walk forward.

They join the church.

No one knows he has been a thing of the streets and the cinderpath. That has been forgotten. But—

Many are brought to American churches each year who took their first upward step with the Salvation Army backing their effort.

House indorses S. A. Campaign.

Those of us who have been fortunate enough to see something of the work of the Salvation Army with the American troops have been made proud by the devotion and self-sacrifice of the workers connected with your organization. I congratulate you and through you your associates and I wish you the best of fortune in the continuance of your splendid work.

—E. M. House.

Many Cared for by Salvation Army. 661,218 men and women were cared for last year by the Salvation Army. 6,179 mothers were given outings. 31,651 children were sent to the seashore. In medical aid alone the Salvation Army cared for 293,151 persons.

HAVE WHAT YOU WANT WHEN YOU WANT IT

HEREFORD'S FREE FAIR IS NOW BIG ANNUAL EVENT

(By E. Kenneth Evans, Industrial Editor)

Cooperation and the spirit of good fellowship which prevails in the Hereford country is directly responsible for the advancement and development, which has been little short of phenomenal, and this spirit of cooperation and fellowship is better displayed in the Hereford Free Fair, which is an annual event, than through any other medium.

The Hereford Fair was originally known as the Water Carnival, named as such because of the inexhaustible supply of underground water for irrigation purposes. The Fair Association is not incorporated but is managed by local people, financed locally and is the one gala week of the year much

the guarantees for expenses are handled through this source, showing that the business men of the city are vitally interested in any move which has for its object the development of local resources.

Everything is laid aside for the making of the Fair a success. The \$125,000 Tennessee Marble Courthouse, is virtually turned over to the Fair for their main building. The basement of this structure is used for the agricultural and merchants exhibits, while the second floor of the courthouse is devoted to the ladies department and its exhibits. The half block of ground west of the courthouse is used for the live stock exhibits. No more ideal location could be secured for

the limelight. This year the Breeders' Association, which was recently organized, will show over fifty head of as fine Hereford stock as can be found anywhere in the world. While the irrigation farmers, in addition to their demonstrations and displays, have generously decided to furnish this year, a free barbecue to all in attendance on the last day of the Fair, this expense being borne by the irrigation farmers.

Everything is in readiness for this Fair next week. The entire basement of the Courthouse has been renovated and everything in readiness for the booths which will show the many accomplishments of the Hereford country. A contract has been made with a professional decorator to liven up the streets, with flags and bunting. The Tullia band has been secured, and will be augmented by local talent. An attractive feature will be the Shefland pony race between about twenty-five of the young cowboys of the community. The visitors to the Fair will have access to the fifty or more irrigation plants in the Hereford country and although the pumping season is not on at this time they will be able to see what can be accomplished by irrigation in this section.

Saturday will be the gala day of the Fair, although on Friday, a grand parade with decorated floats will be the attractive feature. There will be a reception given the returned soldiers of and adjoining counties on Saturday. Every soldier in this section of the Panhandle country is invited to be in attendance.

The Deaf Smith County Fair is not limited to this county, with but one exception, and that is the registered cattle. The local Breeders' Association will attend to the registered cattle exhibits. All counties in the Panhandle country are cordially invited to send in exhibits from their county; in fact, the spirit of competition that it would create would make it an incentive for the adjoining counties to follow out this plan, and if possible try to excel the exhibits that will be on display from Deaf Smith county.

The poultry raising industry in this section is in its infancy but much attention is being centered on its development. Last year there were thirty-three entries at the Fair and this year there will be twice as many, indicating that the poultry raising industry is being developed as it should be.

In addition to the registered cattle, ten pens of range cattle have been entered for exhibition, as well as exhibits of sheep and twenty-five entries for exhibition of hogs raised in Deaf Smith County. Another attractive exhibition will be that of Neal Brothers, of Dawn, showing their blooded Percheron horses.

The general idea of the Hereford Fair is to let the people know just what progress is being made towards development of the vast field of resources which exists in this section of the Panhandle country and to encourage further development of these resources from a scientific standpoint.

The management of the Fair is in the hands of Mr. Leslie Neal, representing the Board of Directors of the Chamber of Commerce. The father of Mr. Neal has been one of the important factors in the development of this section and established the city of Dawn on the Santa Fe twelve miles northeast of Hereford.

The Fair will last three days, the first day, October 9, being devoted to Livestock, covering pure bred cattle, hogs, horses, mules and sheep. The second day will be devoted to the Ladies and Ladies' clubs. The third day will be soldiers and sailors day as well as irrigators day. This will be the day of the free barbecue. The largest attendance in the history of the Hereford Fair is anticipated.

Ladies! The Fair needs your Fancy Work, Needle Work, Art Pieces, Flowers.

A HEREFORD MAN'S EXPERIENCE

Can you doubt the evidence of this Hereford citizen?

You can verify Hereford endorsement. Read this: A. C. Barnhart, Hereford, says: "I used Doan's Kidney Pills whenever I have had occasion to use a kidney remedy. At times my back aches and feels sore and lame. My back also becomes weak and it hurts me to bend over and a sharp, catching pain shoots through me whenever I do. At times my kidneys get weak and out of order and the secretions are scanty in passage. I began using Doan's Kidney Pills when I had this trouble and they never fail to give me relief and also fix my kidneys up in good shape." Price 60c. at all Dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Barnhart had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

looked forward to by every resident because of the fact that it affords them an opportunity for a week of diversion from hard work as well as a week of diversion along the lines of scientific stock-farming and other development of resources of this section.

This enterprise, which is rapidly gaining a reputation over the entire Panhandle country, is fostered and its affairs managed by the Hereford Chamber of Commerce. The expense attached to it is borne by the business men of the city and

the holding of the Fair. It is in the heart of the city and within easy access from all parts of the county. No ramshackle buildings are maintained to detract from the effects of the many exhibits and, taken all in all, the spirit of making this a gala event is shown in devoting the county's finest institution exclusively to the Fair during Fair week.

Throughout the Fair, the two leading industries of the county, viz., irrigation and the raising of pure-bred stock, naturally occupy

The Ford Garage

With the development of the importance of the automobile in a commercial sense comes the demand for up to date garages and institutions where automobile repairs can be had and where the proper care to a car can be administered. The automobile garage just becomes as important an institution to any city as its hotels, banks and general stores.

In the Ford Garage Hereford has an institution which would be a credit to a city several times the size of Hereford. It is an institution managed and owned by two of the city's most progressive business men, Homer Wilkinson and Roy M. Stocking. These two young business men take an active interest in the development of the resources of this section and do everything in their power to bring about this development.

Mr. Wilkinson has been in Hereford for many years, spending five years of his time in the grocery business and five years as a traveling salesman for a large wholesale grocery house. In 1916 he realized the opportunities for an up to date and complete garage in Hereford, and established his present institution which has constantly grown and developed from the day it was first established. It is an institution today which can be pointed to with pride as an asset to the commercial world.

The garage proper is a one story brick, 50 by 140 feet, and a brick building used as an accessory sales room and shop. The garage is fire proof with cement walls and steel ceilings, and room for the storage of approximately 100 automobiles. The accessories and tires carried in stock will invoice in the neighborhood of \$20,000.

The Ford Garage is the authorized representative for Ford Cars, Trucks and Fordson Tractors. They carry a large stock of Fordson tractors and parts, which are being purchased by the farmers of this section, who report excellent success with them. The Fordson tractor promises to revolutionize the automobile world.

The parts department of this garage is one of the most extensive. Sufficient parts are carried, on hand at all times, to completely build at least two automobiles. The mechanics employed in the mechanical department have made a specialty of Ford work, and while the garage is equipped to handle work on all makes of cars, the Ford is their specialty. Prompt service and satisfactory work is a part of the policy of this business in the mechanical department.

The stock of accessories incorporates everything that could possibly be used on the automobile, including an extensive line of Goodyear, United States and Pennsylvania tires. The same makes of inner tubes are also handled in all sizes and grades manufactured by these factories.

The battery department of the repair shop is also maintained to the highest standard of efficiency. In this department the Willard and Exide batteries, and repair work and recharging and testing of batteries is a feature. Steam vulcanizing and welding is also a feature of this garage. All the heavy machinery for welding and mechanical work has but recently been installed.

Seven mechanics are employed in the mechanical department, and in all departments it takes fourteen men to handle the work of this growing institution.

Mr. Stocking has been associated with Mr. Wilkinson since last March and prior to that time was associated with the Corner Drug Store, and is known as one of the progressive young men of this section.

Taken all in all this garage maintains the highest class of service and is one of the best systematized lines of business in the entire Panhandle section, equipped to thoroughly handle every phase of the work for which it was established.

CHILD OF JOHN McDONALD IS SERIOUSLY BURNED
The little five year old child of Mr. and Mrs. John McDonald, living four miles south of Lockney was seriously burned the first of the week. The child got hold of some matches, setting its clothes afire. Mrs. McDonald was in the garden at the time, and hearing the child's screams ran to her and rolled her over on the ground. Seeing that she could not extinguish the flames in that manner she picked her up and ran to a barrel of water into which she plunged the child and thus put out the flames. Mrs. McDonald's hands were seriously burned. The child is in a serious condition as result of her burns.—Lockney Beacon.

COAST DRIVE FOR S. A. IS GIVEN UP
Stricken Cities Released From Obligation. Money Sent With Workers

Relief work for the stricken section of the coast of Texas is being pushed with all possible speed by the Salvation Army, according to Lieutenant Colonel George Wood, commander of the southwestern division, who is now in Corpus Christi. Clothing has been rushed into the stricken area from each of the Salvation Army post stores. Special appeals have been made in all leading cities for food and clothing. These supplies have been collected and shipped by the Salvation Army workers to Roy Miller, chairman of the Corpus Christi relief committee. Commissioner Estill, commander of the western territory, has been appealed to for aid. A message was sent to the Chicago office by Lieutenant Colonel Wood before he departed for the coast that special offerings be taken in every large city in the west for the relief of the suffering on the coast. Every city in the southwestern division falling under the jurisdiction of Lieutenant Colonel Wood has been asked for assistance. Prompt responses are being made to all appeals according to southwestern officials. The Salvation Army has withdrawn the coast counties in the stricken section from the home service campaign scheduled for September 29. The amount in quotas withdrawn reaches \$100,000. The decision was reached after a conference between John Henry Kirby, chairman of the state advisory and executive committee, Lieutenant Colonel Wood and Herbert B. Ehler, southwestern financial director.

Salvation Army Chairman Influenced by Attitude of Oversea Veterans

Soldiers and sailors who saw service overseas have been instrumental in many cases in drawing prominent Texans into the county and state organizations for the Salvation Army's \$600,000 home service campaign, according to W. P. "Billy" Walsh of Tyler, Texas, who attended the Dallas district session of county chairmen Monday.

"One of the most harrowing war tales I have ever heard of the war drew me into the Salvation Army Service," Walsh told the county chairman. "We have a young soldier in our town who tried to enlist a half dozen times. Each time he was rejected because of a bad heart. Then along came the draft.

"His heart was all right when the draft board physicians got to him. He went overseas. Within six weeks of the time he was drafted he took part in an action on the Toul sector. He went over the top and got two machine gun bullets through his shoulder.

"Well, the boy says he stumbled into a shell hole. With him were two more wounded men. One of them had been shot through the stomach. He was terribly thirsty but dared not drink for he had heard that water in the stomach was sure death when the stomach's walls had been pierced by a bullet. The other man had a mangled leg.

"These boys lay there from 3 o'clock one day until after 10 o'clock the next day. The soldier with the mangled leg and the one shot through the stomach died. Then help came. The first person to that boy in the shell hole was a Salvation Army man with a pitcher of chocolate. That is why I am chairman in my county."

Relief Workers Rushed to Area Swept by Tide and Storm at Corpus Christi

Relief workers from Texas, Oklahoma and Louisiana Salvation Army posts under orders from Lieutenant Colonel George Wood, commander of the southwestern division of the Salvation Army, are now working in devastated Corpus Christi, according to reports from the forty corps cities of the southwest.

Lieutenant Colonel Wood was in Enid, Oklahoma, when the storm struck Corpus Christi. As soon as he had learned the extent of the storm he ordered workers from all posts to the scene of the disaster. He immediately followed the workers, arriving Wednesday afternoon in Corpus Christi.

Supplies and money were sent with the workers. They were ordered to report to Roy Miller, chairman of the relief committee at Corpus Christi. All the finances and workers, with the maximum amount of supplies available, were placed at the disposal of the relief chairman in the stricken city.

Why Suffer? Mrs. J. A. Cox, of Alderson, W. Va., writes: "My daughter... suffered terribly. She could not turn in bed... the doctors gave her up, and we brought her home to die. She had suffered so much at... time. Having heard of Cardui, we got it for her." CARDUI The Woman's Tonic "In a few days, she began to improve," Mrs. Cox continues, "and had no trouble at... Cardui cured her, and we sing its praises everywhere. We receive many thousands of similar letters every year, telling of the good Cardui has done for women who suffer from complaints so common to their sex. It should do you good, too. Try Cardui. E-77

THE MOST DANGEROUS DISEASE No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back—wake up at once. Your kidneys need help. There are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system. Get some GOLD MEDAL Haarlem Oil Capsules at once. They are an old, tried preparation used all over the world for centuries. They contain only old-fashioned, soothing oils combined with strength-giving and system-cleansing herbs, well known and used by physicians in their daily practice. GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories in Holland. They are convenient to take, and will either give prompt relief or your money will be refunded. Ask for them at any drug store, but be sure to get the original imported GOLD MEDAL brand. Accept no substitutes. In sealed packages. Three sizes.

Soldiers' Reunions at State Fair, October 10 and 11

MEMBERS OF THE AMERICAN LEGION, RAINBOW, 90th, AND 36th DIVISIONS EXPECTED IN LARGE NUMBERS

Bearing the distinction of being the first State convention held in Texas of the world war veterans, the American Legion State convention at the Victory Fair at Dallas, on October 10-11 is confidently expected to be the largest assemblage of war veterans ever brought together. Since the policies and plans of the State association will be outlined at this first annual meeting, it is believed by members of the Dallas post that former service men from all parts of the state will be present. Plans are being laid for the convention on a minimum estimate of 20,000 ex-service men attending.

It is planned to extend an invitation not only to all legion members in Texas, but also, to all former men of the service. A booth will be placed in a local hotel, which will be selected as headquarters, to enable all visiting service men in Dallas at that time to gain such information as they may desire.

The program for the convention is being worked out by a committee of the John W. Low Post. The details of the plans will be announced in the near future.

Plans for the Reunion of the 90th Division at the Victory Fair are proceeding in a very satisfactory manner, according to the Secretary of that organization, Sergeant A. J. Reinhart. General Allen, the commanding officer, has been invited to be present and make an address. "Because of our approaching reunion at the State Fair of Texas, and by reason of the central location of Dallas, this city has been made the location for our permanent organization headquarters," Secretary Reinhart said.

"This organization has been the spontaneous outcome of the associations, friendships and experience of the men and officers of the 90th Division while serving with the A. E. F. in Europe. Our organization has for its purposes: to cherish and perpetuate the memory of our heroic dead, to promote the welfare of the members of the association, and to preserve the bonds of friendship which now unite them."

I know of no where where these purposes can be better carried out than at our approaching Reunion at the Victory Fair, October 11th is the date.

The Rainbow Division is also making plans for an elaborate and interesting Reunion at the Victory Fair.

The Rainbow Division Veterans is now being organized by Mr. F. P. Johnson, of Houston, and the Fair Park Coliseum has been reserved for their Reunion exercises on the morning of Saturday, October 13th.

A delightful program is being arranged.

Pass your hand across this soft, unbroken tuftless surface

You'll understand, then, how truly the Sealy Sanitary Tuftless Mattress comforts the body. You'll understand why our customers as well as ourselves vouch for its comfort.

Our store has its Sealy Mattress line ready for your inspection—ready for any test you think a mattress should stand to conform to your ideas of comfort and quality. Sealy comfort is different from ordinary comfort—it is "individual comfort" by reason of the fact that the Tuftless Resilient Sealy shapes itself to the figure. This Sealy characteristic is due to the patented Sealy Air Weave Process as applied to the use of Sanitary, fluffy, long-fibre, prize cotton. Reasonable care permanently preserves the comforting qualities of the Sealy.
