TWO DOLLARS A YEAR

VACATIONS AND SUMMER GATHERINGS ARE GETTING UNDER WAY IN EARNEST

CROUCH AND BETTS FAMILIES ASSEMBLE IN HUGE REUNION

A family reunion on a large scale was held at the homes of J. E. Crouch and Edgar Betts last week, over twenty comprising the party. The party consisted of Mrs. Eva R. Betts, Rev. and Mrs. W. E. Garrison and two children of Stigler, Okla., Mrs. R. A. Summers and three children, Miss Lottie Lane, Miss Mable Betts and Mr. and Mrs. C. A. Burton, of Clarendon, Claude C. Crouch and Fred H. Crouch, of Salvia, S. C., and Mr. and Mrs. W. E. Betts, Mr. and Mrs. R. L. Betts and two children, and Mr. and Mrs. J. E. Crouch and children, of Hereford.

Madame Garrison, Summers, Burton, and J. E. Crouch, and Miss Mabel Betts are daughters of Mrs. Eva R. Betts, W. E. and E. L. Betts are her sons, Claude C. Crouch is a brother and Fred H. Crouch a cousin of J. E. Crouch.

The big party was split up between the homes of J. E. Crouch and W. E. Betts, and a most pleasant and enjoyable week is reported by all.

REX TYNES TAMES JITNEY IN FIRST OVERLAND JOURNEY

Rex Tynes and family reached home Tuesday from a week's outing in and around Lubbock and nearby points, visiting relatives and friends. Grave fears for the outcome of this trip had been expressed by Rex's friends, owing to the fact that it was his first experience with a "jitney," but he proudly declared upon his return that he and the jitney were bosom friends during the whole time and he returned without even a puncture to mar his leisure enroute.

A. M. JONES IS BACK AFTER QUEST FOR OIL LOCATION

A. M. Jones and family returned from Pecos, Texas, Wednesday, after an absence of several weeks. It had been Mr. Jones' original intention to rent a house in Pecos and remain there indefinitely, owing to the oil activity at that point. However, the drilling of six dry holes in that territory has punctured the Pecos boom to a large extent and Mr. Jones has decided that Hereford offers a better field for the future than the West Texas town.

MRS. J. O. NEWELL WILL MAKE SANTA FE SUMMER HOME

Mrs. J. O. Newell and children left Saturday for Santa Fe, N. M., where they will spend the summer. While in Santa Fe, Mrs. Newell will visit a cousin, Mrs. Walter Danberg, formerly Miss Maud Patton, of Hereford, and well known here.

W. S. WILLIAMS AND LOUIS ARNOLD BACK FROM COLO.

W. S. Williams and Louis Arnold returned Saturday from an automobile trip of several weeks duration in Colorado. While away they made headquarters at Boulder, but visited Denver and surrounding points of interest. The tourists report a delightful time and mental and physical benefit from the change.

GEO. H. GUINN AND FAMILY LEAVE FOR FINE VACATION TRIP

Mr. and Mrs. Geo. H. Guinn and daughter, Frances, and son, Lester Guinn, of Lubbock, and Mrs. Lester Guinn, left Hereford Thursday for an automobile trip into Colorado. While away the party will visit another daughter, Mrs. Lee-Chamness, of La Junta, Colo.

MRS. W. H. GILBREATH GOES TO LONG BEACH, CALIF.

Mrs. W. H. Gilbreath and two children departed Monday for Long Beach, Calif., where they will spend the summer. Mrs. Iva Grison and daughter, Mrs. Velma, of Tulsa, who have been visiting Mr. and Mrs. Gilbreath, accompanied Mrs. Gilbreath as far as Memphis, N. M., where they will stop off and visit Mrs. Grison's mother.

CORBETT FAMILY ARRIVES TO LIVE ON IRRIGATED FARM

The family of M. R. Corbett, who recently purchased the fine irrigated farm of Jim Robinson south of Hereford, arrived in Hereford Wednesday from their old home in Illinois. The trip was made overland.

METHODIST'S MISSIONARY CONFERENCE

Meeting Here Declared to Be One of Most Helpful Ever Held

The meeting of the Plainview District Woman's Missionary Conference, M. E. Church, South, held here last week, is declared by those who are familiar with its history to have been one of the best and most helpful meetings of the kind ever held anywhere. The leaders on the program were broad-gauged and inspiring. Earnestness and devoted interest in the work was conspicuous throughout.

The address of welcome to the visitors was delivered by Mrs. F. T. Rolison. District officers for the ensuing year were elected as follows: Superintendent of Y. P. M. S., Mrs. J. A. Stegall; Children's Work, Mrs. Morris; Superintendent of Study, Mrs. Sternberg; Superintendent of Social Service, Mrs. G. W. Heard; Superintendent of Supplies, Miss Rebecca Almsley; Treasurer, Mrs. John Smith; Agent for the "Voice" and "Young Christian Worker," Mrs. C. C. Miller.

Hale Center was the winner of the contest for next year's Conference. Many young people pledged their allegiance to the church during the meeting. A splendid lunch was served by the Methodist ladies of the city both days of the Conference. Conference officers expressed themselves as especially indebted to local ladies who contributed musical and entertainment numbers, as follows: Mrs. H. H. Hawkins, Mrs. John McLean, Mrs. John Williams, Miss Rebecca Almsley, Mrs. Homer Fox and Mrs. Roy Stocking. Delegates and visitors present were:

Mrs. Mary L. Hargrove, Centenary Sec., Nashville, Tenn.; Mrs. N. G. Rollins, Pres., N. W. T. C., Aspermont, Texas; Mrs. J. B. Smith, Conference Supt., Social Service, Stamford, Texas; Mrs. Tom Delaney, Conference Supt., Y. P. M. S., Memphis, Texas; Mrs. Gable Betts Burton, Cor. Sec., Clarendon, Texas; Mrs. J. F. Neaf, Plainview, Texas; Mrs. L. A. Jones, Plainview; Mrs. F. W. Hendrix, Plainview; Mrs. Ezell, Bovina; Mrs. Ward, Tulsa; Mrs. Wilson, Canyon City; Mrs. Simeon Shaw, Canyon City; Bro. Simeon Shaw, Canyon City; Miss Sara Shaw, Canyon City; Mrs. R. E. Douglas, Silverton; Mrs. B. W. Wilkins, Silverton; Mrs. J. C. Miller, Lockney; Miss Ira Hammond, Memphis; Mrs. Stanly, Mrs. Story, Mrs. C. H. Churchill, Mrs. Frank Giassell, Mrs. O. C. Winkler, Mrs. L. Johnson, Mrs. Jake Robinson, and Miss Robinson, all of Summerfield; Rev. Preston Florence, Dinamit; Rev. Chas. McNeely and Mrs. Chas. McNeely, Happy; Mrs. Hastings and Mrs. H. B. Easter, Dinamit; Misses Leila Wilhite, Very Terry, Elizabeth Knight, and Medames Andy F. Lee, H. B. Bates, Geo. L. Yates, W. L. Porter, Nick Alley, and Rev. and Mrs. G. H. Bryant, all of Hale Center; Mrs. Bony, Happy; Mrs. Willett and Mrs. Caldwell, Tulsa.

STORK ANNOUNCEMENT FOR FORMER HEREFORD RESIDENT

Hereford friends of Mrs. Joe Cinquemani, of Waco, Texas, have received announcements of the birth of an eight and a half pound boy, named James Bernard, to Mr. and Mrs. Cinquemani, on June 14.

Mrs. Cinquemani was formerly Miss Nettie Parks, of this city, an employee in the Post Office, and has many friends and acquaintances here.

LIGHTNING HITS C. O. NORTON AN AWFUL WALLOP

C. O. Norton made the intimate acquaintance of Old Man Hank Luck recently, to his sorrow and financial loss. Mr. Norton had a fine cow and calf and three beef yearlings bunched up against the fence during one of the recent thunder showers when a bolt of lightning killed the entire bunch at one crack. Mr. Norton figures his loss at a minimum of \$1,500.

MISS RAMSEY HAS BIG SURPRISE ON RETURN TO HOME

If all the world loves to be pleasantly surprised, then Miss Dorothy Ramsey ought to be a very pleased young lady, for she received the pleasant surprise of a lifetime Thursday morning upon arrival home after a year's absence.

Miss Dorothy has been studying music in Kansas City for the past year. Her parents sold the farm northwest of town last winter and erected a modern little home in town. By some hook or crook they managed to keep the secret of the new home away from their daughter. Recently they went to Kansas City and accompanied her home, all three arriving Thursday morning. The daughter was escorted to the new home and her particular new room before the secret dawned upon her.

THOMASON MEETING GETS POOR START; PLAN MANY TALKS

A call was issued last Monday for a meeting of supporters of Hon. R. A. Thomason's candidacy for governor. The meeting was held at the Court-house at night but was poorly attended and not very much was accomplished on that account. The speaker for the evening, John F. Sison, was unavoidably detained on other business and could not be present.

It is announced that three minute speeches will be inaugurated at the Star Theatre soon, and other campaign measures adopted to push the claims of Mr. Thomason before the voters of the county.

THOMPSON & WILSON ORGANIZE NEW FIRM TO ENTER TRADING

Jeff D. Thompson and Earl E. Wilson this week announced the formation of a partnership, under the firm name of Thompson & Wilson, to handle farms, ranches, cattle and city property. The office will be located in the new Elliston building.

Both of these gentlemen are of long business experience in this community and their friends expect them to organize a going concern in short order.

WILDORADO FOLKS GIVE JIM DANDY PICNIC SATURDAY

A big W. O. W. Picnic and jollification was held at Wildorado last Saturday, June 12, which was attended by many Hereford and Deaf Smith county citizens. Among them were: Lee Biggs, J. J. Ward, and wife, W. S. Higgins, Will Carroll, Mrs. W. J. Bunch, C. S. Purcell and family, E. H. Norton, George Cloyd and family, Walter Fells, word, Henry Wilson and others whose names The Brand did not get. It was a general picnic for the public and not for the W. O. W. alone.

S. H. Taylor, of Amarillo, delivered an address of welcome. The afternoon was spent in athletic sports such as base ball, broncho riding, potato race, relay race, 300-yard dash, and sweepstake race. The Wildorado baseball team defeated the Tascosa team. Some 700 or 800 people were in attendance. The Hereford Roundup, July 1-2, was liberally advertised. All reports indicate corking good time and lots of "cats."

W. B. PARMER NEW JUSTICE

Is Appointed by Commissioners Court to Succeed J. M. Boone, Deceased

W. B. Parmer was selected last Monday by the Commissioners Court as Justice of the Peace, Precinct Number One, to fill out the unexpired term of J. M. Boone, deceased. Mr. Parmer's bond of \$1,000 was submitted to the Court and formally approved. He has assumed charge of his office.

Mr. Parmer, formerly County Commissioner, is too well known locally to need introduction. His long experience makes certain that the duties of the office have been placed in capable hands.

BIG CHURCH MEET BEGINS AT SPRING LAKE ON THURSDAY

The Panhandle Association of the Congregational Church began a meeting at Spring Lake Thursday which was scheduled to last through Sunday.

CLIFF ESTES HEADS LOCAL LEGION MEN

Succeeds Dr. Gabbert After Election for New Year. Post is Growing

Tierra Blanca Post, No. 192, of the American Legion held a meeting at the County Court room last Friday evening.

The first business coming before the post was the election of permanent officers for the ensuing year, and the following were elected:

Post Commander, Cliff Estes, Adjutant, Leonard Foster, Treasurer, Roger C. Johnson, Service Officer, Frank Gyles, Employment Officer, Matthew A. Johnston, Chaplain, Roy Gilliam, Historian, Jack Mounts, Athletic Officer, Robert Elliott, Sergeant-at-Arms, A. H. Hughes.

Dr. W. Floyd Gabbert, who was selected temporary Commander when the post was first organized, was nominated for the permanent office, but declined the nomination, stating that oftentimes the duties of the office would conflict with his practice, and preferred to be only a member of the post. Cliff Estes immediately being elected, took the chair.

The Post pledged its unanimous support to the U. D. C.'s in beautifying Memorial Park, which is to be dedicated Sunday to the veterans of '91 and also the late war. Four new members were received into the Post at the meeting, making a total of 61 to date. The first Friday night in each month was designated as regular meeting time.

Discussing the Post and its possibilities, Adjutant Foster says:

"It is hoped every member will bear the meeting night in mind and be present, for we must put our shoulders to the wheel and PUSH. There were over 300 men from Deaf Smith county in the service, and if you are one of them, let's have your application at once, for no soldier, sailor or marine, who was in the service between the 6th day of April and the 11th of November is barred from membership; but you are wanted in the local post."

Real Summer

Walking and swimming parties and cold Dutch lunches in the drug and confectionery stores have been all the rage the past few days. And it is whispered that there has literally been a "run" on "thin things" for summer togs at all the haberdashery and white goods stores.

Recent rains and a fearfully direct sun have produced a sultriness seldom experienced in this altitude. Great "growing weather" for everything, especially weeds, if the town man's viewpoint is accepted. Half the male population of Hereford is out every afternoon with sharpened hoes endeavoring to head off the amazing growth of the volunteer vegetation.

More rain seems certain to follow the humidity. It is not specially needed just now—but no one will make any special kick if it comes.

CAVALRY IN AUGUST CAMP

All Enlisted Men Must Report to Captain Brady Or get into Trouble

Local members of Troop C, Fourth Cavalry, National Guard of Texas, will be required to go to the annual encampment of the Guard, to be held at Camp Mabry, Austin, Texas, August 6 to 20, inclusive, according to orders just issued by Captain W. B. Brady.

Captain Brady states that the order given him from state headquarters are imperative, and that there is no dodging this summer training. The transportation of the men will be paid both ways, and pay will start the day of departure from home. The men are instructed not to give up their jobs, but to apply for three weeks leave of absence.

The orders state that the only excuse that will be accepted for not attending this camp will be a physician's certificate, and that subject to investigation. The penalty is trial by court-martial and a fine of \$100.

The state officers emphasize the fact that this camp will be made as pleasant and profitable a vacation as possible for the men. Special instruction in range practice with the rifle and pistol will be given.

BAPTIST'S YOUNG PEOPLE ORGANIZE NEW FEDERATION

An Assembly of the Baptist Young People's Union is being held at Plainview this week for the purpose of organizing a Panhandle association to meet together each year. The meeting is being held in Wayland College. Among those attending from Hereford are Rev. J. E. McClurkin, A. O. Thompson and wife, and Misses Gladys Howton, Ruth Owen, Margaret Estes, Eddie Connell and Glenola Powelson.

Trading and Swapping in Lands, Sheep, etc., Continues Briskly

W. H. GILBREATH AND JIM ROBINSON DO LAND TRADING

Another recent trade recorded was that whereby W. H. Gilbreath traded Section 13, three miles west of Hereford, to Jim Robinson for a half section in Castro county just across the road from the Press Dyer place, ten miles south of Hereford on the east Dimmitt road.

Mr. Gilbreath also announces the sale of 500 head of sheep to Alben Bell of Hereford. In turn Mr. Bell sold these sheep, together with another bunch he had, to Jim Robinson.

This land deal gives Mr. Robinson two sections close in west of Hereford which corner, and the sheep deal, taken in connection with his own fine flock and recent purchases of blooded rams, gives him one of the finest sheep establishments in this section of the county.

U. D. C.'S TO DEDICATE THEIR PARK

Memorial Exercises Also at Cemetery With Aid of Scouts and Legion

The E. T. Woodburn Chapter of the U. D. C.'s will hold a Memorial and Dedication Service next Sunday afternoon, June 20, at 4 o'clock. The Dedication Service will be held at the "U. D. C. Memorial Park," after which all who wish will go to the cemetery to decorate the graves. Everyone is most cordially invited to be present. Miss Jessie Sisk's "Girl Scouts" will assist the U. D. C. girls to gather flowers to decorate the graves and the Old Veterans, the "American Legion" and the Boy Scouts will assist in the service. The following program will be given:

Hymn.
Invocation—Rev. Sharp.
Special Music—Miss Clyde Wilson.
A short talk.
Dedication of "U. D. C. Memorial Park"—Miss Edith Rayson.
Vocal Solo—"Face to Face"—Miss Mable Landrum.
Benediction—Rev. W. H. Terry.

MISS HELEN LEA WRITES OF SCENES AT HISTORIC SPOT

The Brand reproduces the following letter just received from Miss Helen Lea for the benefit of her large circle of friends:

"Nashville, Tenn., June 10, 1920.
"At last I have arrived in Nashville and am ready for a big summer's work. Peabody College is a wonderful school—have students here from every state in the Union.

"I was fortunate in arriving here in time for the Commencement Exercises of Peabody College and Vanderbilt University. Heard some wonderful addresses.

"I visited the Capitol Building yesterday, saw the tomb of Pres. Jas. K. Polk and statues of 'Old Hickory' Jackson and Sam. W. Davis.

"Am planning on visiting 'The Hermitage,' the home of President Jackson, soon. This is truly a beautiful city. The Magnolia trees are in full bloom. There is one just outside of my window.

"Please send The Brand to the address given below. I want to keep up with all my Hereford friends, for the people of Hereford are the best I've ever found.

"I send my best wishes for the best of luck to you and your paper.

BAILEY MEN AND ADMINISTRATION MEN TO MOBILIZE

Two political meetings are announced in this issue of The Brand to be held within the next few days.

On Saturday the Bailey people will hold a meeting at the Courthouse, at 7:30 p. m. in the interests of Mr. Bailey in his race for governor. The called is signed by the county executive committee.

Chairman W. E. Dameron, of the Administration forces, also has a call in this issue, asking members of the county executive committee to meet in his office next Monday, June 21, for the purpose of drawing for names on the ballot, assessing candidate expenses, determining whether the election shall be by plurality or majority, etc.

TULIA MAN BUYS CASTRO CO. RANCH AT \$30 PER ACRE

The Hereford Commission Company, composed of W. H. Gilbreath and Jno. E. McEntyre, announces the sale of a section of land in Castro county, six miles south of Hereford on the east Dimmitt road, to Mr. Caldwell, of Tulsa, for a consideration of \$30.00 per acre. The land formerly was the property of W. E. Hicks.

Mr. Caldwell purchased a section near Tulsa from Mr. Gilbreath about two years ago and recently sold it for more than double his investment.

BE THE SIXTH MAN

The Savage lives. He eats the same food his great-grand-father did and worries not at all over tomorrow, just like his ancestor. That's the reason he's a savage. He didn't look ahead. He lived in the present.

Do you live within your income? No does the savage. Do you save some of it? If you do—you are out of the savage class.

If you wait until you get a thousand dollars together before you begin to save—you won't begin. If the quarters burn a hole in your pockets—the dollars will slip through that hole.

Five men out of every six are destitute when they have reached their sixty-fifth milestone. The five are those who didn't save. BE THE SIXTH MAN.

Put your quarters in Thrift Stamps. Invest what you can in War Savings Stamps. They mean first payment on a home, education for your children, insurance against adversity, and OPPORTUNITY FUND.

Have you bought your Thrift Stamp today?

War Savings Stamps bear 4 percent interest, compounded quarterly. They are redeemable at the postoffice on ten days' written notice.

THE PLATFORM

Only one thing—really mattered in the Republican platform this year. It was the plank dealing with the treaty and the League of Nations. The other planks might be excellent, mediocre, noncommittal, or positively bad, and the country would not greatly care. All eyes were fixed on the single issue. What would be said about peace? What attitude would be taken toward out, international obligations, toward the age-long hope for a society of nations that would put an end to all great wars, bring about gradual disarmament, and release human energies for the peaceful building up of civilization? These questions were felt to be not only of supreme importance in themselves but absolutely critical for the Republican party. For the time had come for it to show the nation whether it had simply been playing politics with the treaty or whether the profession of its leaders in and out of the Senate had been sincere. They affirmed that they were anxious to ratify the treaty and enter the League provided their conditions were met. Men looked to Chicago to see if this were to be proved true or false. They also looked to discover whether the majority of the party was to allow itself to be overborne by a threatening and terrorizing minority.

The final compromise patched up is said to "please everybody." That means inevitably that it can please nobody who believes in honest thought and plain speech. When a plank delights Hiram Johnson, on the one hand, and on the other, is "perfectly satisfactory" to Murray Crane, somebody is being cheated, and the attempt to humbug the public is obvious. The long array of glittering generalities reported by the subcommittee may mean anything or nothing. The certain thing is that it flies directly in the face of the platform adopted by the Republicans of New York and Massachusetts. It is an affront to the churches and the labor unions and the colleges that have asked for a clear and specific adhesion to the League of Nations. The whole thing smacks of the spirit of the Chicago stock yards and a deal in cattle.

As we have said, the other parts of the platform must necessarily seem of minor consequence. The tariff has furnished the chief battle cry of the Republican party for almost as long as the party itself has existed. But this year the trumpet gives an uncertain speak—begins nowhere, and gets nowhere. It weakly starts out by admitting that it is impossible to frame a "definite program to see conditions a year hence." But that has always been true to a degree. Yet it has never till

All these subordinate matters, however, sink out of sight compared with the one great outstanding issue. A party which has gone wrong or that marks itself as evasive, cowardly and insincere. It also marks itself as stupid, for it makes a present to its political opponents of a commanding political and moral issue.—New York Times.

Sugar Information

United States and Cuba Production 1898, 1,166,547 tons.

United States and Cuba Production 1913, 4,290,533 tons.

United States and Cuba Production 1919, 6,173,204 tons.

Cuba's increase since 1898 has been several hundred per cent but very little in the United States.

Half the sugar consumed in the United States in 1919 came from Cuba. One fourth raised in the United States had one fourth from Hawaii, Porto Rica and Philippines.

Cuba raises one fourth of the world's production. Europe one fourth, India one seventh, Java one tenth and United States one-twentieth.

Destruction of beet sugar factories during the war were 4 in Belgium, 21 Poland, 150 put out of commission in France and Russia industry demoralized.

The Madgeburg Statistical Bureau estimates that Europe's sugar crop this year will be only 80 percent of 1919 and only about 90 percent of 1918. Big falling off instead of increased production.

Consumption of sugar in the United States during 1919 passed the four million ton mark, or about as much as United States and Cuba raised in 1913.

Typhoid

Austin, Texas, June 14.—Reports reaching the State Board of Health show that with the rise of the barometer in Texas, the typhoid rate is increasing and Dr. C. W. Goddard, state health officer, issues warning against this dread disease.

"Typhoid in Texas appears to be a good companion to warm weather and flies," says Dr. Goddard, "and sanitary precaution and personal hygiene are vital in escaping its ravages." "Infection," he continues, "come from direct contact with typhoid germs, contaminated food and polluted water." Here are ways to prevent the spread of this disease, according to Dr. Goddard:

- (1). Disinfect excreta from typhoid sufferers.
- (2). Secure safe disposal of all night soil.
- (3). Assure purity of drinking water.
- (4). Safe-guard all food supplies.
- (5). Keep down fly production by eliminating breeding areas.
- (6). Vaccinate against typhoid.

Fricky pears may be fed to live stock in a green, succulent condition right from the field, as needed. They require no curing, housing, or storage. In this they offer an advantage over most crops.

Idle Dollars

Set them to work in this Bank

Would you think of keeping a tramp on your premises who never did a day's work?

Of course you would turn him out to earn his living.

Yet you are keeping idle tramps when you are keeping idle dollars.

They are loafing at your expense. Turn them out to earn their way.

Put them in a bank where they will earn for you. This is a good place to make your idle dollars work.

PERSONALITY

The old idea that a banking institution should be cold and impersonal in its dealings with depositors is decidedly out of date.

No two persons requirements are quite the same and we take a personal interest in accommodating our depositors in the way each individual case demands. If you have out-of-the-ordinary banking requirements we will step out of the beaten path to meet them. See us at your convenience.

DIMMITT

Splendid rains have fallen in this section since last writing. Crops of all kinds are almost assured.

The Dimmitt Sunday School is one of the biggest organizations of which we boast. Our superintendent attended the Sunday School Convention at Waco and brought back quite a number of useful ideas which he intends to put into operation here.

The people of the surrounding country took a week's vacation and attended the Chautauqua last week. The Chautauqua at this place was indeed a surprise in that people were not expecting to see or hear real talent. But the majority of the programs were very interesting. The people are to be congratulated on obtaining it for the next year.

Dr. C. J. Stanley and family were visiting friends in Dimmitt Saturday and Sunday. They intend to move to their new home at Buckholtz, Texas, in a few days.

Mr. and Mrs. J. M. Wright, of Eastland, are visiting their children in the Parrott community this week.

Harvey Cash and family returned Friday from a three weeks' trip to El Paso.

Miss Millicent Griffith spent several days last week visiting friends and attending the Chautauqua here. She left Thursday for Chicago, where she will spend the summer.

Mrs. Payne Gilliland, of Hereford, is visiting in the home of her parents, Mr. and Mrs. L. D. Shepard, this week.

Mrs. M. Miller returned home from Plainview where she has been visiting for the past week.

Miss Lake Woodburn is home from Big Square where she taught school the past year.

Dimmitt can at last boast of having a barber shop. For the past four months we have not been able to secure the services of a competent barber. Mr. J. H. Baine, of Happy, is the barber and at present he is the most popular man in the community. He will operate a tailor shop in connection, and promises to do first class work.

Miss Faye Alexander is home from Abeline where she has been attending school.

Miss Jewel Gilbreath, of Hereford, visited at the home of Mr. and Mrs. R. R. Gilbreath one day this week.

Rea Gilbreath made a business trip to Amarillo last week.

The Dimmitt Sunday School is on the increase. There was a hundred present last Sunday.

SUMMERFIELD

Work on the new Summerfield school house has begun. Many of the patrons of the district volunteered their services at the beginning of the work and helped with the excavation of the basement which will be seventy-five by thirty feet when completed, and will be equipped and used as an auditorium. Many of the pupils, both boys and girls, were on the job and drove teams or held the scrapers until the excavation work was completed. Dinner was served each day to the workmen, in the old school house by the ladies of the district. Many men who found it inconvenient to assist in this part of the work have volunteered their willing-

ness to assist later in unloading the material and in various other ways. A modern three room brick building will be erected over this basement and next year's report of schools and school work will place Summerfield second to none in any point of comparison. The contractor, Mr. Nicka, expects to push the work right along as fast as possible. The delay just at present is in waiting for sand.

Mrs. J. B. Harsh, of Hereford, sister of Mrs. Jack Roberson, visited Saturday night and Sunday in the Roberson

home. Many of her friends gathered there Saturday night, made ice cream, served cake, and had a most enjoyable evening together.

Two lady pedestrians passed through our little burg recently enroute to Los Angeles from Dallas. They were making the trip on foot to win a wager, the terms of which obligated them not to ride even from one station to another on a train.

Summerfield has another improvement in the way of a recently graded road leading from the railroad track to

the scales at the store. The road is greatly appreciated by the many who haul grain to be weighed.

Mr. and Mrs. Lawrence Johnson visited Sunday at B. C. Roberson's.

Mr. and Mrs. G. J. Ness spent the day Sunday at Frank Glaspell's.

Nearly all of our people were in Hereford each night last week to attend the show by Brunk's Comedians. Farmers are rushing their work this week trying to finish their planting and working the fields that are already planted and up. Everyone reports everything coming up in fine shape and a good stand. No replanting necessary so far. And the farmer considers himself very fortunate in this as the recent rains have started the weeds to growing so fast, and with harvest close at hand there is a continuous rush and hustle among the menfolks to be ready for it.

Edgar Betts has leased the land joining Guy Ham's place on the north and is having the part of it south of the track broken out to plant in row crop this year. Mr. Keith is breaking it with his tractor and plows.

Mr. and Mrs. W. J. McMinn and two children, Ollie and Edna, also Mrs. Hawkins and Miss Nora Hawkins, mother and sister of Mrs. McMinn, left Monday for a visit with relatives at Memphis, Texas.

Mrs. W. B. Green was called to Hereford Wednesday morning on account of the illness of her daughter, Mrs. Richard Dixon.

Mr. and Mrs. E. E. Rogers are enjoying a visit with their son and his wife, who have come from Chicago to spend the summer here.

W. B. Green is in Hereford at present taking medical treatment. Mr. Green's health is very poor this spring.

Mr. and Mrs. Greer of Hereford, spent the day Monday with their daughter, Mrs. Perry Estes.

Ragnild Ness was a week end visitor in Canyon last week, the guest of Mrs. Blough.

The Methodist congregation are holding a week's revival service at the church in Summerfield. Rev. Dickinson is assisted by Rev. Winn.

Miss Georgie Curtsinger spent Saturday night with Miss Estell Slaton.

Mrs. G. J. Ness visited Tuesday with Mrs. Louie Huckert.

Mr. and Mrs. Glenn Greer and children spent the day Sunday in Hereford at the home of Mrs. Greer's parents, Mr. and Mrs. W. B. Beedle, in company with Mrs. Greer's brother-in-law, Mr. Ralph Jamison, of Kansas City.

Jim Florey, travelling salesman for a

mercantile house in Ft. Worth, spent the week end with homefolks. Lawrence Johnson, B. C. Roberson and Fato Walser made a business trip

to Canyon Tuesday. Miss Florence Hacker, of Parrott

Brighten Up Electrically

Have you ever really, seriously thought of the value of electric service in your own home? Consider not merely the added sales or rental of your property, but also the convenience of having good light at the touch of a button—light that is modern and safe.

And think, too, of the dozens of electrical devices then at your command to take the drudgery out of house-work; to make life more pleasant for every member of the family.

Is there any good reason why you should not have the comfort of an electric fan in summer, heating devices in winter, a vacuum cleaner, a toaster, an electric iron? They are inexpensive to buy and to operate. You spend their cost many times each year for less permanent, less needful things, simply because you cannot realize the worth of electric service in your home until you have actually tried it.

As for the wiring of your home—we can do it quickly because house wiring has become a science—skilled men can do the job better and in half the time it used to take.

Ask today for an estimate on wiring and fixtures—there will be no charge, no obligation connected with your getting these cost figures.

Announcement

This is to announce, that we have taken the agency for the well known "AVERY YELLOW BABY INDIVIDUAL SEPARATOR."

This Separator was especially designed for the small tractor, and when operated with the FORDSON tractor makes a practical and dependable outfit.

This machine has all the good features of the big Averys, such as the Hyatt roller bearing cylinder, and Hyatt roller bearing wind stacker, I X L Separating device, genuine tool steel cylinder teeth, and the many other features that have won for the AVERY separator, individual recognition.

Another important thing, you can always get repairs for an Avery separator. Come in and let's talk over your separator needs, look this "Yellow Baby" over, then you will readily see why we selected this particular one from the dozens that are on the market.

6 days of June! with skies of blue
And roses red around us,
All nature feels life's call anew,
Faint ecstasy hath found us.
The leafy shade, the scented breeze
Are laden with thy gladness,
Life answers thee, O days of June,
With joy akin to madness.

Quite as truly as in June "the month
of bride's and roses" does it inaugurate
the picnic season, and in this vicinity,
picnics and fishing parties are almost
synonymous terms. The number of
picnics held along the Tierra Blanca
each week runs into the dozens and the
healthful recreation this stream affords
both young and old makes it a genuine
asset to the community.

It is also not without reputation
abroad and seldom a week passes in
summer that does not bring a number
of visiting parties to Hereford in order
to take advantage of its swimming and
bathing facilities and its opportunities
for the time honored picnic which
everybody loves and enjoys.

The following bit of philosophy ex-
presses the big human appreciation of
picnics:

"Picnicking consists mainly of going,
arriving, eating and returning. Folks
will sit on the ground around a big
white table cloth, watch the ants climb
over the food with amusement, and not
be particular as to where the spiders
sliding down their life lines, land.
There's a joy in picnicking that neither
time nor age can wither. And change
of scene and routine is its secret."

Honor Capt. and Mrs. Kindred

A pleasant outing was enjoyed on
Monday, by a number of friends of
Capt. and Mrs. J. M. Kindred, of Far-
well, who are visiting, this week, at
the home of Mr. and Mrs. T. G. Nance,
Capt. and Mrs. Kindred being honor
guests of the occasion.

The party went to Sulphur Park
early in the afternoon and enjoyed sev-
eral hours of such delightful pastimes
as are afforded only in places specially
favored by nature. Those who cared
to do so, fished, others went boating,
and still others simply relaxed and
revelled in being "near to nature's
heart."

At supper time a camp fire was built,
fish were fried, coffee made, and these
were added to the elaborate fried chick-
en supper that had already been pre-
pared. It was a veritable feast and
was enjoyed by Captain and Mrs. J. M.
Kindred, Rev. and Mrs. T. G. Nance,
Rev. and Mrs. John Meyer Asbell,
Judge and Mrs. L. Gough, Mr. and Mrs.
C. H. Dyer, Mr. Earl Gough and Mrs.
Cora Lee Fry.

Captain Kindred and Rev. Nance are
old time friends. Both were pioneers
here in the days when the Panhandle
was young and were active in its early
growth and upbuilding. They have
kept in touch with each other through-
out the years and, as they grow older,
they love to rekindle the fires of mem-
ory by these visits which they make as
frequent as possible.

Capt. Kindred was at one time post-
master at Amarillo, and is widely
known throughout the Panhandle.

Woman's Conference

The Woman's Conference held in
Hereford by the Methodist women of
this district last week left but one re-
gret in the minds of those who listened
to its interesting and helpful programs,
and that was, that every woman in
town could not have attended the meet-
ing in its entirety.

The great problems of the church,
which are really the great problems of
the nation, of the state, and of our own
town, discussed by women of such mark-
ed intellectual and spiritual strength
as were Mrs. Hargrove, Mrs. Rollins,
Mrs. Smith and others, furnished a
rare opportunity for "information and
inspiration" to the women of Hereford.

Perhaps no address of the convention
struck a responsive chord in more
hearts than did that of Mrs. J. B.
Smith, of Stamford, who talked on
"Social Service." It was especially
timely in view of the fact that during
the past year, different individuals and
organizations of town have been ser-
iously considering the necessity of so-
cial service work in Hereford. Mrs.

Smith's address furnished just the in-
formation needed as well as methods
and means of doing successful work.
Her graphic presentation of facts and
conditions that obtain in the average
community was thrilling and convinc-
ing.

Definite results of this splendid ad-
dress are already taking shape among
the church organizations and clubs of
town and some definite line of social
service work will doubtless be taken up
soon.

Another inspirational address was
that of Mrs. N. G. Rollins, of Asper-
mont, on the subject of "Stewardship."
Mrs. Rollins is a gifted speaker. Her
clear, well modulated voice and earnest
manner, add to the forcefulness of the
thought she so well expresses. Her ad-
dress set forth consecrated Christian
service as the highest privilege of hu-
man life.

The address of Friday evening by
Mrs. Hargrove, of Nashville, Tenn.,
was an elaboration of the following
thought: "God is calling on His
church to have a program and plan as
wide as the world, as deep as human
nature, and as limitless as the un-
fathomable resources of God in Christ
Jesus." It was a telling address,
logical, forceful and interesting.

The different sessions were bright-
ened by special musical numbers and a
luncheon served at the church at the
noon hour added an appreciated social
feature.

Parent-Teacher Club

An interesting meeting of the Parent-
Teacher Club was held in the club room
Monday afternoon.

The president appointed Mrs. F. T.
Rolson, chairman of a civic committee
to be chosen by herself and with full
power to plan and direct the work as
they see fit. The condition of the al-
leys in the business section was dis-
cussed and this matter, together with
that of providing proper receptacles
for waste paper in the downtown dis-
trict was left to the civic committee.

The club voted to publish in this
week's Brand the ordinance relating to
expectorating on the sidewalks.

The day of meeting was changed to
Friday of each week and a large at-
tendance is expected at the next meet-
ing which will be Friday, June 25th.

Class Entertained

Among the very pleasant parties of
the week, was one given Tuesday eve-
ning, in the rest room of the Christian
church, when Mrs. Claude Ricketts en-
tertained her Sunday School class.

The class numbers perhaps a dozen
young girls and these, together with
a number of their boy friends, spent a
jolly evening with games, music, and
other amusements.

The serving of ice cream with assort-
ed cakes concluded the evening's pleas-
ures which were shared by Rev. Asbell
and Mr. Claude Ricketts in addition to
the young people and Mrs. Ricketts.

Bridge Party

The young people of Hereford who
recall with so much pleasure the visit
to Hereford last summer of Miss
Gladys Walton, of Mangum, Okla.,
have welcomed her presence this week
with a number of charming social af-
fairs.

One of the pleasantest of these was
given at the home of Mrs. Homer Fox,
on Friday evening with Miss Mary Fox
as hostess. Bridge was the diversion
of the evening and at the conclusion
of the game a delicious ice course was
served to the following guests: Misses
Gladys Walton, Clara Dunlap, Mary
Bourne, Vivienne Steckman, Bonnie
Chamness and Mary Fox, Messrs.
Bobo McLean, Johnathan Pitman, Mack
Pitman, Roy Jowell, Clifford Acker,
Fred Oberthier, and Mr. and Mrs. John
Williams.

Mrs. Gough Entertained

A delightful afternoon was shared
by the ladies of the Christian church,
on Wednesday, with Mrs. L. Gough, as
hostess and Mrs. J. M. Kindred, of
Farwell, as guest of honor.

A profusion of roses and garden
flowers gave special attractiveness to
the cheery living room, while in the din-
ing room, ferns and pot plants were
used.

The singing of one of the old hymns
of the church, followed by scripture
reading and prayer-lent sweetness and
dignity to a most entertaining program,
a special feature of which was a dialect
reading by Mrs. Asbell. It voiced the
simple, homely, wisdom of a typical
colored "mammy" and so perfectly was
the character taken that it's impressive
lesson sank deep into the hearts of
the hearers. Little Misses Earl Marie
and Ardelle Foster also gave much
pleasure by their inimitable impersona-
tions.

A discussion of the need and oppor-
tunity for social service work in Here-
ford was helpful and interesting as
were also plans for the regular work of
the ladies of the church.

Ice cream and angel food cake were
served to about twenty-five guests.

Prominent Citizen Honored

of town, was the scene of a pleasant
gathering of neighbors and friends on
Sunday, honoring Mr. Easter's father,

week for an extended visit with his

daughter, Mrs. C. D. Mullins, of Fair
Valley, Oklahoma.

The feature of the occasion was a
bountiful dinner served at noon to al-
most one hundred guests. The lavish
display of delicious eatables, charmingly
arranged on long tables, was as
pleasing to the eye as to the palate and
the entire day's program was a real
delight to the appreciative guests.

Mr. Easter has been a highly respect-
ed citizen of that community for fifteen
years and the enjoyable affair of Sun-
day spoke the esteem in which he is
held by his large circle of friends.

A Correction

In the write-up of the Mothers' Club
two weeks ago, the statement that the
floral offering given at the memorial
service for the county's soldier dead
was the gift of the Mothers' Club, was
an error. The flowers were purchased
by the County Council of Defense, who
asked that two ladies of the club pre-
sent them. This was done, the fact lead-
ing to the general supposition that the
flowers were the gift of the club.
In justice to the Council of Defense
this correction is gladly made.

PARENT-TEACHERS CONDEMN SPITTING ON THE SIDEWALKS

The Parent-Teacher Club calls atten-
tion to another of the city ordinances
which is being violated constantly,
namely, that relating to the practice of
spitting on the sidewalks.
Common decency prohibits the prac-
tice, to say nothing of the law, yet the
public health is menaced, the walks
kept filthy and unsightly and the

boys of the town learn contempt of all

law because of lack of law enforcement.
The ordinance is given below.

Ordinance No. 36
Be it ordained by the City Council of
the City of Hereford that it shall be un-
lawful for any person to spit or expec-
torate on or upon any paved sidewalk
in the City of Hereford and any person
violating this ordinance shall be deem-
ed guilty of a misdemeanor and upon
conviction shall be fined in any sum not
exceeding \$50.

Hereford's Roundup—July 1-3!

No Worms in a Healthy Child
All children troubled with Worms have an un-
healthy color, which indicates poor blood, and as a
rule, there is more or less stomach disturbance.
GROVE'S TASTELESS GUM TONIC given regularly
for two or three weeks will enrich the blood, im-
prove the digestion, and act as a General Strength-
ening Tonic to the whole system. Nature will then
throw off or diaphragm the worms, and the child will be
in perfect health. Pleasant to take. 50c per bottle.

as 'You Never Saw Such A Girl'
A Paramount Picture

They don't fit her over well, do they? But what does she care, or you, as long as the picture will make you laugh? And it sure will. She starts out with a ratly automobile with a dog, a cat and a shotgun, looking for a grandmother. Of course she has adventures, but she doesn't find a grandmother.

But, after all, for a young and romantic girl, possibly a husband and a fortune are more to be desired. Anyway, our advice is for you to see Vivian Martin in "You Never Saw Such A Girl," at the Star Theatre Monday night, June 21. Also showing the "Adventures of Ruth" and Pathe Review.

Dr. Howe reports that he has three pullets, hatched February 10th, that two of them laid their first egg Sunday June 13th, the other one laid her first egg the next day, the 14th, making them four months and three days old.

The sterilization required in hospitals is obtained with equipment like that which laundries use.

To all external appearances two handkerchiefs, such as those pictured here, may seem identically clean. Actually they may be microscopically unclean. This knowledge has been utilized by modern laundries for the protection of the public. Their laundering method is a combined washing and sterilizing process.

How Our Modern Laundering Protects You From Invisible Dirt

Men and women were quite satisfied a few years ago if a thing merely looked clean. In the best hospitals of Civil War times infection flourished, yet linen and bandages seemed immaculate.

Today we know the reason. We have learned that while apparel may appear spotless to the eye, it is possible for it nevertheless to be invisibly impure.

In our modern laundering practice we take this fact of sanitary science into account. The things received by us in your family bundle are sterilized as well as cleansed. Not alone is visible dirt expelled—the soil that is unseen also is washed away.

An undergarment, for instance, is first given a rinse in soft, lukewarm water, then a series of three sudsy baths in three more waters; and finally a concluding series of four to five rinses in more fresh water.

The ironing process is equally purifying. Steam of 320 degrees temperature is employed to heat the ironing machines. Many things, like bath

towels, that require no ironing, are dried for 15 to 20 minutes in a current of air that has been heated to a temperature of 280 to 320 degrees.

When you wish to make water safe for drinking you boil it 15 to 20 minutes at a temperature of 212 degrees. Through our methods, your personal things are given a purifying treatment that is even more complete.

Of course the details are varied for the several classes of goods like silks, woollens, and fine linens, but in all instances the process insures sterilization that is sufficient for all practical purposes. This is a fact that numerous impartial investigators like Rodet, Elledge, McBride, and others, have many times confirmed.

It's more than a laundering service. We offer what is even more important, protection of your own and your family's good health.

If the washday problem vexes you, why not secure this sanitary, saving assistance? You'll find it a real solution of your washday trials. Telephone.

T. H. Sears

Amarillo, Texas, June 14, 1920.—The remains of T. H. Sears were taken to Ottawa, Kansas for burial this morning after funeral services at the St. Andrews Episcopal church here. Mr. Sears died Saturday night from pneumonia after an illness of about ten days.

Mr. Sears was sixty-seven years of age and had been in railway service fifty years, beginning as a brakeman in the spring of 1870. He came to the Santa Fe Railway in 1886 and remained with this road after that time except for four years during which he was division superintendent of the Colorado and Southern at Denver.

Mr. Sears became general superintendent of the southern district of Western Lines of the Santa Fe with headquarters at Amarillo, Texas, on July 1, 1914. This district includes the lines from Wellington, Kansas to Belen, New Mexico and the Pecos Valley and Panhandle lines.

Mr. Sears is survived by his wife, three sons and three daughters. Having been married August 7, 1870, the fiftieth anniversary would have been celebrated this summer.

Mr. Sears was a capable and conscientious official. Frank and straightforward, he was respected and liked by his superiors, the employes and the public. His passing, therefore, is generally regretted by all who knew him.

School Taxes

Austin, Texas, June 1.—About three dollars per pupil will be added to the

school per capita for next year by the passing of the Five Million Dollar School Relief Appropriation by legislature, according to officers of the Texas State Teachers' Association. "Many persons are unaware of the fact that there is sufficient money in the state treasury, unappropriated by legislature, to give the schools this needed relief," said G. O. Clough, following an investigation made for the Association.

"At present it is evident additional taxes will not have to be levied either this or next year to give this relief. The money is on hand; the schools need it; the people of Texas want the schools to have it, and as they have paid it, we have every reason to believe legislature will grant their wishes. The imperative duty of school people now is to advise legislature that citizens of Texas are demanding this be done for the schools. School boards pressed for funds should participate in this movement; members of legislature will hear them and heed their words. But immediate action is necessary. Delay means defeat."

Gene but not forgotten
 Are caterpillars good to eat? asked Little Tommy at the dinner table.
 "No," said his father: "what makes you ask a question like that while we are eating?"
 "You had one on your lettuce, but it's gone now," replied Tommy.—Our Dumb Animals.

With the highest regard for every good doctor and far from wishing him any personal injury, we yet venture to repeat an old proverb: "Joy, temperance and repose, slam the door on the doctor's nose."

Hurting Feet are unnecessary evils

They only hurt because of some defect. That defect can be readily corrected by wearing the proper scientific appliance, just as defects of vision are corrected by wearing glasses. When the defect is scientifically corrected immediate relief comes and the pain and tenderness disappear.

Corrective devices for all foot troubles, invented by the recognized foot authority, Dr. Scholl, are carried here in all sizes and complete variety.

Goodyear Advantages in Tires for the Smaller Cars

Just as Goodyear is successful in building extreme value into the Goodyear Tires that go on the highest-priced motor cars, so is Goodyear successful in supplying unusual worth in Goodyear Tires for smaller cars.

Into the making of Goodyear Tires in the 30x3, 30x3½, and 31x4-inch sizes have gone the full advantages of Goodyear experience, skill and modern facilities.

The results of this unusual endeavor are easily available to every owner of a Ford, Chevrolet, Dort, Maxwell, or any other car requiring the sizes mentioned.

Go to the nearest Goodyear Service Station Dealer's place of business for these tires, and Goodyear Heavy Tourist Tubes. He carries them in stock.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread	\$23.50
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread	\$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water. \$4.50 proof bag.

Pull Together for an American Merchant Marine

The war resulted in the creation of a great merchant marine—10,000,000 tons of American ships which cost us \$3,000,000,000.

Everybody agrees that we must keep this fleet on the seas.

If we fall back to pre-war conditions—when only 9 per cent of our foreign trade was carried in American ships—we shall be in the position of a department store whose goods are delivered in its competitor's wagons.

Congress is considering legislation which will perpetuate our war-built merchant marine.

Until this is done the ships we have should not be sent to face conditions which, prior to the war, resulted in the decline of our merchant marine to insignificance.

This Committee calls attention to these facts because a right solution of our shipping problem is vital to the future prosperity of shipbuilding, but equally vital to the safety and prosperity of the nation.

SUMMERFIELD

and Clifford Blackburn, of Cameron, Texas, were supper guests at J. W. Hanlan's Friday evening.

Percy Estes and family attended the birthday dinner Sunday at the home of Walter Easter celebrating the birthday of Mr. Easter's father.

Mrs. S. J. Rice returned home Wednesday, after spending ten days at Arthur Roger's home, helping care for the new baby boy born to Mr. and Mrs. Rogers Monday, June 17th.

Mr. and Mrs. O. C. Winkler and children arrived last week from Colorado Springs and are at present staying at B. C. Robertson's. Mr. Winkler found the altitude at Colorado Springs too high for him to be able to live there. They are contemplating locating again in the vicinity of Summerfield.

Our part of the country was visited again on last Sunday evening by a hard rain which soaked the fields up again to much for working Monday.

Mrs. Frank Sparks has as her guests this week, her sister, Miss Iva Kirksey, and Miss Nonna King, of Panhandle.

S. J. Rice returned Saturday morning from a business trip to Childress.

Mr. and Mrs. Chaney Tice and children were dinner guests Sunday at the home of Mrs. Mary Tice in Hereford.

Mr. and Mrs. Frank Sparks spent the afternoon Thursday with Mr. and Mrs. John Hanlan.

Mrs. A. W. Alexander and Miss Lois were shopping in Hereford Friday afternoon.

Mr. and Mrs. John Gaetz and baby spent the day Sunday with Mr. and Mrs. Joe Huckert.

BOVINA

Mrs. R. B. Ezell has returned from Amarillo and Hereford—where she attended the Annual and District meetings of the Woman's Missionary Society.

R. B. Ezell was a business visitor in Amarillo Monday.

Bovina was represented at the Hereford fishing grounds last week, and report a good catch.

E. V. Day has been re-elected principal of our school, with the following as assistants: Misses Irene Tidenburg and Gertrude Lambert, and Sam Martin. Their compensation will be about twenty-five percent greater than last year.

A good rain fell to the south and west of here Sunday which will greatly benefit crops.

Grandma Hastings is here on a visit to her sons, Frank and Tom.

Mrs. E. E. Greene has returned to Portales, from which place she will go to Oregon for an extended visit.

Mrs. H. Y. Dickinson has gone to Dallas where she is attending a music Normal School conducted by Mr. Kroeger from New York City. She will also study under Dallas artists.

BOVINA

(Delayed Last Week)

Mrs. R. B. Ezell has been in Amarillo attending the meeting of the Woman's Missionary Society of Northwest Texas.

Mrs. Bonnie and father, "Grandpa" Martin, from Ralls, are here on a visit to R. B. Ezell and family.

F. W. Jersig drives a new Marmon car.

Mr. and Mrs. Ben Monning, from Amarillo, have been recent visitors to F. W. Jersig and family.

Rev. J. M. Wynne, Central Texas Conference Evangelist, has been visiting Rev. B. Y. Dickinson and family this week. He will conduct a revival for the Methodist church at Summerfield next week.

Mrs. Ray, of Central Texas, is here on a visit to her sister, Mrs. Roy Hecox.

Mr. Hecox, of Oklahoma, and Mrs. Sprawls, of Central Texas, have been recent visitors in the home of Roy Hecox.

Mr. and Mrs. A. Berggren are spending a visit at Mineral Wells.

Born in Bovina, June 9, to Mr. and Mrs. Frank Hastings, a fine girl.

Bez Martin is slowly improving in the Santa Fe Hospital at Clovis.

Mrs. T. O. Cuning and B. S. Collett were Hereford visitors Monday.

Flavie McGee and Mark Wells have erected a small building near the post-office, and are conducting a confectionery and barber shop.

Bovina has played three games of baseball with Friona recently, the latter team winning two of them.

After closing the recent successful revival here, Rev. Young has gone to attend a Bible Conference at Kansas City.

Five carloads of Bovina people went fishing last Tuesday at Hereford.

Graded Eggs Bring High Prices

Can it be that Canadian citizens are profiting more by the advice of the Bureau of Markets, United States Department of Agriculture, regarding the marketing of eggs than our own people for whose benefit that advice is intended?

Because of the superiority of Canadian eggs, due to grading, packing, and shipping methods similar to those advocated by the Bureau of Markets, Canadian eggs sell for 3 to 17 cents higher in British markets than American eggs. Canadian eggs are carefully graded as to quality, size and color; packed in clean cases with clean filters of proper weight, and provided with adequate refrigeration.

The wide difference between the selling prices of American and Canadian eggs should not exist, say marketing experts of the Bureau of Markets. Canadian hens do not produce better

The Board of Directors employed James B. Wallace to act as licensed inspector for the exchange. Deputy inspectors will be at Tulla, Lubbock and Sinton. These deputies will send samples of all grain shipped to Mr. Wallace and he will inspect the grain. All of the grain from the Floydada branch will be inspected here.

The object of having the Inspector is to enable the Plainview dealers and all dealers in the South Plains to sell on the Plainview official grades instead of the destination grades. The great advantage of this was immediately apparent to all of the dealers present at the meeting Saturday.

Mr. Wallace will move to Plainview between the twenty-fifth of this month and the first of next and will begin his duties at once. He is a licensed grain inspector of wide experience.

Following are the charter members of the exchange, all of whom had representatives at the banquet Saturday night: Porter Grain Company, Hale Center; Floydada Mill and Elevator Company, Floydada; Early Grain and

eggs than American hens; and that being so, all that is necessary for American shippers to secure high prices is the use of greater care in preparing eggs for foreign markets. The same principles apply to eggs marketed at home.

Full information as to methods to be employed can be had upon request to

There's a Special Ingersoll for Each of These Folks

Did you ever "get fitted" to a watch? We mean, did you ever figure out exactly your watch needs and then see if you were properly equipped?

There are a dozen or more different Ingersolls—varying in price, varying in purpose—small watches, jeweled watches, radium dial watches for night use, and so on. For instance, if you have an expensive watch, you probably would choose a Radiolite for \$3.50. If you haven't a good serviceable watch, you'd be likely to buy a 7-jewel Reliance. The dealer will help you to select just the one for you.

"Ingersoll" has always meant the lowest-priced good timekeeper. Today, with present day costs and the 1920 purchasing value of a dollar, \$2.50 is the lowest price at which we can make a watch while keeping up the Ingersoll standard of quality. "Ingersoll" means "money's worth" whether it's for the \$2.50 Yankee or one of the Radiolites that tell time in the dark, or for one of the jeweled watches.

Ingersoll

Prices include Government Tax
