Around Town

Folks were talking more about the weather than anything else Around Town this week. Some were saying they preferred a good blowing sand storm to the kind we had Saturday and Sunday. "At least," said one observer, "the wind blows the sand off your sidewalk." The overhanging sand disappeared, however, and was replaced by a clear blue sky.

Highway Patrolmen J. R. Kirkwood and Clarence W. Blair had a hard time getting to that wreck Tuesday night. They started out and the car began to heat up because the fan belt wasn't working right. Then before they got to the scene of the tragedy, they had a flat. Kirkwood caught a ride with the ambulance to reach the scene and Blair stayed to fix the flat.

The Fred Krolls have sold their Dairy Cream store on East Highway 60 to Mr. and Mrs. C. W. Newcome of Wellington. The Krolls will continue to operate their store at 609 Park Avenue, however.

Twenty-three members of Scout Troop 52 attended the field trip at Camp Don Herrington Saturday and Sunday. The boys took four A ratings, two B ratings and one C rating. Their overall rating was C. Assisting Scoutmaster Paul Conway were Ed Skypala, assistant scoutmaster and C. R. Winger.

Beta Sigma Phi's game night netted \$165 for the Cancer Crusade. Mrs. Johnny Pool won top prize in canasta and bridge winners were Mrs. J. M. Posey, Mrs. Frances Hill, Mrs. Gilbert Hooper, Les Combs, Mrs. Bill Decker, J. T. Gilbreath and Mrs. Dub Harkrider. Thirty merchants assisted in some way.

Gerald McCaskill, field representative of the Hereford State Bank, was named a director of the Panhandle Chapter of the American Institute of Banking at a meeting held Saturday in Vega.

The annual meeting of the Deaf Smith Electric Co-op is scheduled for noon today at the Bull Barn. A lunch featuring pit cooked barbecue beef will be served.

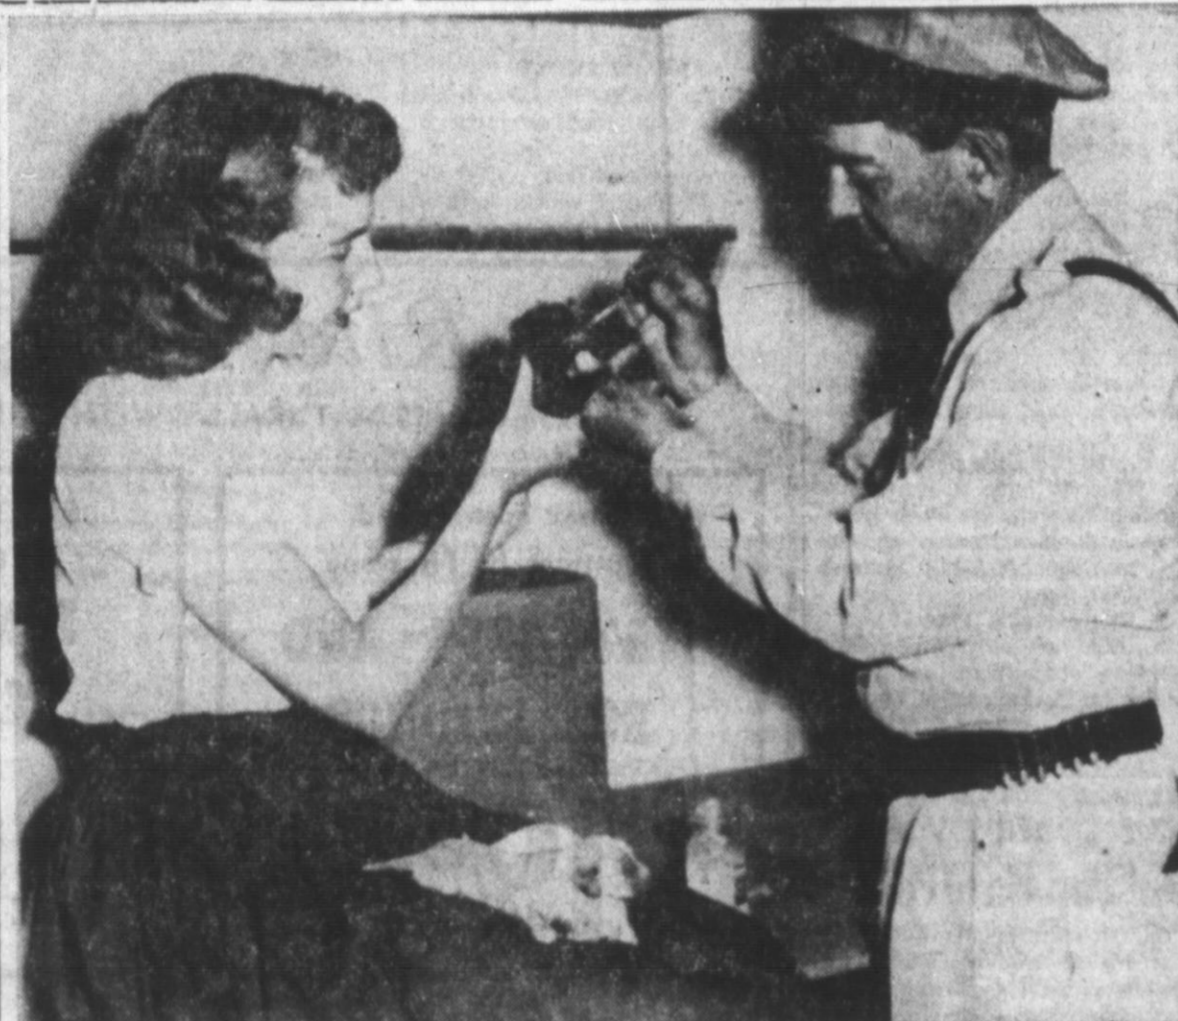

The Hereford High School band, with their director, Bill Miller, left today to attend the Annual Interscholastic League Band Contest held at Canyon. They will participate in three different contests, concert playing at 1:30, sight reading at 2:00, and marching at 9 (Continued on Page 2)

J. V. DAVIS

New Church Of Christ Minister To Preach Sunday

J. V. Davis, former minister of the Dumas Church of Christ, has accepted the position of minister of the Hereford Church of Christ, it was announced recently. Davis will move here in June, replacing Rob Wear, who is moving to Canyon. He will preach at both services here Sunday as guest speaker. The new Hereford minister moved to Dumas in 1953 from Loveland. While in Dumas, the church has seen 185 additions and a Bible school increase of 110 percent. Davis will hold several gospel meetings before moving to Hereford.

Having just been born, they were having to be fed through an eye dropper by Mary Frances Flippo and policeman Walter Smith. Puppy lovers soon claimed all three, however. (Staff Photo)

New Grade School Asked For By Citizens Group

Erection of a new grade school on a 10 acre tract of land near the airport road presently owned by the school district, was recommended by the voluntary citizens committee in their report to the School Board Tuesday night.

"Based on a study of the student body and with the help of the school authorities, we found that a major portion of the student body lies east of Main Street," the committee reported. "In fact, if a line were drawn to divide the school population in half, the line would be one block west of Shirley School. So, we recommend that a grade school be erected on the property owned by the school which is near the airport road (the 10 acre tract recently acquired which is north and east of Shirley.)"

The final report of the committee came after the committee findings and decisions had been presented to clubs and organiza-

tions throughout the community. The School Board took no definite action but agreed to study the building program at their next meeting.

A summary of current student body and projected student body was listed in the report. It showed that as of September of this year, total enrollment in Hereford schools will be 2303. Breaking the figure down into grades, here is what the report showed:

Grade	No. of Students
12	114
11	134
10	167
9	164
8	163
7	193
6	218
5	185
4	196
3	240
2	266
1	267

The committee's projected figures indicated that by 1956 first grade students would increase to 311. By 1957 the figure would be 298, by 1958, 268; and by 1959, 251. The report was based on school census for September, 1955, records of births in the county and current registrations.

The report pointed out that educators recommended that grouping be arranged so that the first six grades fall in one group, grades seven, eight and nine in another, and 10, 11 and 12 in a third. It

also stressed that educators recommend that classrooms in the lower grades be no larger than 22-26 students per classroom. Using these recommendations as a basis, the committee said there will be a need of 11 additional classrooms by September of 1955 and by 1959 27 additional classrooms will be needed.

"Through information furnished by the Hereford Rural High School District tax office, we found that the valuation of the property on the 1954 tax rolls of the district will allow an additional bond issue of \$119,000 and still remain in the category of good bond as far as bond market is concerned," the report (Continued on Page 2)

Amarillo Man's Condition Critical After Car Crash

A 29-year-old Amarillo man is in critical condition in the Deaf Smith County Hospital following an automobile accident 31 miles west of Hereford on Harrison Highway Tuesday night.

Injured is Travis Vernon Barton Jr., 2020 Oak Drive, Amarillo. Hospital attendants said the injured man had not regained consciousness late Wednesday.

Highway Patrolman J. R. Kirkwood, who investigated the acci-

dent, said Barton apparently lost control of his 1954 Mercury. The car turned over at least four times and probably five, Kirkwood said. Wreckage from the automobile, which is a total loss, was scattered over a 50 yard area. Time of the mishap was placed at 10 p.m. Apparently no other car was involved in the wreck. Barton was traveling east at the time the accident occurred.

Barton is a salesman for Roberts Paper Co.

County Workers To Go Under Social Security

Commissioners Increase Own Expense Allowances

Deaf Smith County Commissioners Monday voted to put county workers under social security and voted a \$25 a month increase in their own traveling expenses.

Commissioners unanimously agreed to place all county workers under social security after receiving a petition asking such action signed by 55 county employees. The move, which was made effective as of last Jan. 1, also includes county hospital workers.

The Court quickly passed the social security measure, but debated the expense allowance increase for more than an hour before voting in favor of it. A first vote ended in a 2-2 deadlock, but before County Judge Homer Henslee cast his deciding vote, the two opposing commissioners switched and voted in favor of the hike. Precinct Three Commissioner J. T. Guinn made the motion to raise the commissioners' expense allowance and the motion was seconded by Donald Hicks, commissioner of Precinct 4. Guinn and Hicks pointed out that it had been more than 15 years since the expense allowance of commissioners had been increased. They pointed to increased cost of gasoline, oil and automobiles in supporting the \$25 increase. Both said they were unable to pay expenses with the \$25 allowance which had been paid the four commissioners, "much less help defray the cost of depreciation."

Neither Precinct 1 Commissioner M. T. Rutter or Precinct 2 Commissioner Otto Massey actively opposed the increase, but both at first declined to vote in favor of the motion. All four commissioners said they felt the hike was justified since the members of the Court do not draw the maximum salary they can under law. The expense allowance will now be \$50 a month.

No Debate
There was no debate on the so-

cial security proposal. In yielding to the request of the majority of county workers, the court reversed its action of a year ago.

Judge Henslee said that the act would cost the county an estimated \$2000 yearly. Eighty-one employees will be involved. Under the social security law, county workers have an option of being under the act.

In other court action, commissioners appointed a five-man jury of review to decide on whether or not to open a road three miles in length beginning in the southwest corner of section 65 of block K-1 and ending in the southwest corner of section 45. A petition to open the road was presented to the Court two weeks ago by H. C. Williams. The road would connect with Highway 51 on the west and an established county road on the east. Named on the jury were T. W. Roberson, C. R. Smith, P. H. Gilliland, George K. Muse and J. E. Springer. The jury will also decide on the matter of damages, if any to be awarded property owners if the road is opened.

Grain Men Name Sears President

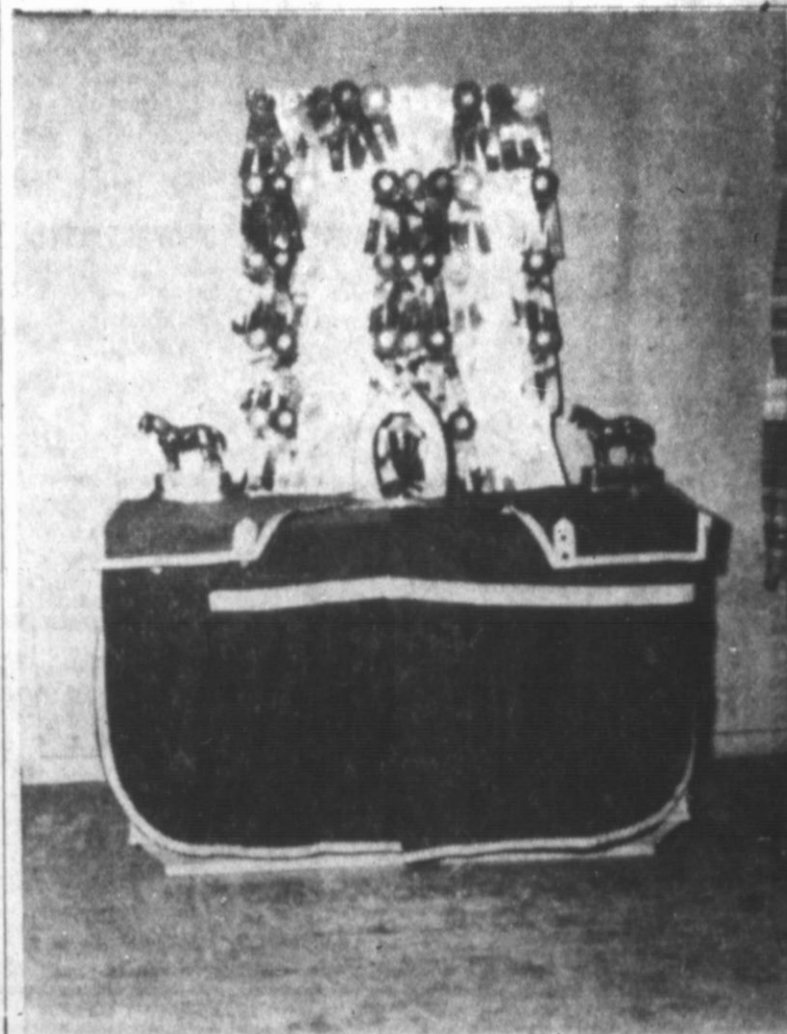

Texas Grain and Feed Dealers Association delegates Saturday elected Henry Sears of Hereford president of the Association at their annual meeting held in Dallas.

Sears will succeed L. R. Perkinson of Dallas. The election concluded the 57th annual convention of the organization. John Kern of Houston and James F. Meyers of Fort Worth were named vice presidents and Ben Ferguson of Fort Worth was re-elected secretary-treasurer.

Directors named were Perkinson, P. B. Mahaffey, Corpus Christi; Jack Forman, Naacodoches; R. B. Johnson, Greenville; R. H. Crouch, McGregor; and Fred Moore Jr., Hamlin.

B. L. Eggerton, chief inspector of the New Orleans branch of the Food and Drug Administration, told the group that the federal agency is beginning to strictly enforce a clean-up of wheat moving into food channels.

He said assurances have been received from the Secretary of Agriculture that any government-owned grain "which exceeds enforcement tolerances" will be diverted to animal feed.

SHOW AWARDS -- Seventy ribbons, two trophies and three horse blankets, all pictured above, will be awarded at the Second Annual Quarterhorse Show, sponsored by the Hereford Riders Club, here Saturday. The trophy in the center of the picture was won by the local club at the recent "Round-Up" held by the West Texas Association of Sheriff's Poses and Riding Clubs held in Spur. (Staff Photo)

Quarterhorse Show Set Here Saturday

Hereford's Riders Club will present the Second Annual Quarterhorse Show Saturday at the rodeo grounds here. The show will feature 14 classes and 70 ribbons are to be awarded as well as two trophies and three horse blankets.

Judging in the show, which is approved by the American Quarterhorse Association, will begin at 1 p.m.

All horses entered in the show must be registered with the American Quarterhorse Association. Foals, yearlings, and two year olds in the appendix are eligible provided their sire and dam are both registered. Geldings in the appendix do not need to have a registered sire and dam.

A grand champion stallion and reserve champion stallion are to be named as well as a grand champion mare and a reserve champion mare. Judge will be Ralph Howe of Seymour.

Classes include: Mares foaled in 1954; mares foaled in 1953; mares foaled in 1952; mares foaled in 1951 or before; stallions foaled in 1954; stallions foaled in 1953; stallions foaled in 1952; stallions foaled in 1951 or before; produce of dam; get of sire; geldings foaled in 1952 or later; geldings foaled in 1951 or later; and in the reining class, foaled in 1952 or later; and foaled in 1951 or before.

Trophies and ribbons are presented by the Quarterhorse Association and the Riders Club is

awarding the blankets. Leo Forrest is president of the Riders Club, J. D. Neil is show chairman and Mrs. Woodrow Ireland, show secretary.

Last year's grand champion mare, Hickory Ann, was shown by O. G. Hill Jr., of Hereford. Grand champion stallion was Polo Dell, owned by Jimmie Randal of Montoya, N. M.

Saturday Is Straw Hat Day

Saturday's the day to take off the old felt hat and look around for your new straw. It's Straw Hat Day in Hereford.

The latest styles are being featured in local stores for the occasion.

Fact is, from an early check, a Brand reporter found that you could get just about any kind of straw topwear you choose.

One thing to remember though—Don't let your new hat get spotted before you get home by an unexpected trip on air and ground via the wind.

Perrys Have Son

Mr. and Mrs. Leon Perry of Texico, formerly of Hereford announce the birth of a son, Eddie James, born April 22 at Muleshoe General Hospital. Mr. and Mrs. Chief Perry are the paternal grandparents.

Farmers Union Meeting To Feature Brannon And White

A former United States secretary of agriculture and the present Texas commissioner of agriculture will share the speaker's rostrum Friday night at a High Plains farmers meeting to be held in the Hereford High School auditorium.

Sponsored by the Deaf Smith County Farmers Union, the meeting will feature addresses by Charles F. Brannon and John C. White. The meeting will begin at 4 p.m.

Brannon served as secretary of agriculture under President Harry S. Truman. He is at present general counselor for the National

Farmers Union. His talk will be on "The Administration's Plan To Liquidate Traditional American Agriculture."

Also appearing on the program will be Alex Dickie Jr., president of the Texas Farmers Union, and Jay Boston, president of the Deaf Smith County Farmers Union.

Entertainment will be provided by the Berg Sisters, Farmers Union Trio, featuring Ruthann, Norma Jean and Doris Nell Berg of Panhandle.

Farmers from all over Texas and especially the Plains area are expected to attend the meeting, according to Boston.

CHIP SHOTS

Hereford High School's golf team finished fourth at the Regional Golf Tournament played last weekend at the Hillcrest Country Club in Lubbock.

Nonahans won the tournament, finishing 12 strokes ahead of Shamrock. 1954 champions, Brownfield finished fifth. Hereford fourth, Levelland fifth, Stephen F. Austin of Amarillo sixth, Littlefield seventh and Phillips eighth. Ten teams competed. The boys had a 347 Friday and a 340 Monday for a total of 687. Keith Hodges, Chas. Sead, Dale Taylor and Jeff Minor represented Hereford this year with Donald Bridges and Gary Southern as alternates.

The team did very well, winning the first district championship. All the boys need is a little more experience and playing in as many matches and tournaments where the pressure is on.

Hereford should have another good team next year. We lose Keith Hodges and Gary Southern. Three of the first four players are freshmen or sophomores and Donald Bridges, who has been improving tremendously, is a sophomore. So look for Hereford High to win district again next year, and get another shot at going to the state meet at Austin, at the regional tournament in Lubbock. All the

boys are fine competitors and fine golfers for their age.

Scotch Foursome
Eight teams played in the mixed Scotch foursome matches last Sunday, April 24. Two teams, composed of W. W. Gilbreath and Dell Sherman and Joan McCleskey and Juanita Sims, tied for low net honors with four under par 32's. Each team received one ball for each person. The McCleskey-Sims team had a 47 with a 15 handicap for a low net of 32. The Gilbreath-Sherman team had a 48 with a 14 handicap for a low net of 32. Getting one ball each were Frank Cogdell and Rowena Posey, who posted a 45-11-34 and Bob Lindsey and Hootie Gilbreath with a 46-11-35.

Other teams who played and their scores:
Emmett Sherman and Luella Posey 49-13-36; John E. McCleskey and Earline Ross, 52-15-37; Tom Howard and Faye Howard, 62-21-11; and J. M. Posey and Oley Mac Trimble, 52-11-41.

A similar match will be held Sunday, May 8 at 3 p.m.

Pro Bud Posey will leave for Wichita Falls Thursday, where he will compete in the \$5000 Wichita Falls open Friday, Saturday and Sunday. The event is a best ball affair, where an amateur will be

paired with a professional, with the low ball of the pair counting on each hole. Byron Nelson, Ben Winger, Fred Hawkins, Doug Higgins, Mike Souche and several other big name golfers will also be appearing in the event.

of erosion, rather than spend so much time with emergency treatment of the results," Sec. Benson said during his appearance in Amarillo. He also hinted that some sort of action will follow the inspection tour which crossed Eastern Colorado, included the Liberal, Kansas area, the Oklahoma and Texas Panhandle and concluded Wednesday night in Tucuman. The secretary was accompanied by seven staff members on his department, a large delegation of Washington press members and was accompanied across the Texas and Oklahoma Panhandle by Extension Service and ASC officials of Texas. Included on the tour Wednesday were Hugh Clearman, Deaf Smith County agent, and Publisher Jimmie Gillette of The Brand, who was selected to accompany the Texas Panhandle delegation.

Mother Of R. L. Dowell Buried

Funeral services for Mrs. Tony Jane Dowell of Slaton were held Monday morning in the Methodist Church. Rev. S. M. Duriam conducted the rites.
Mrs. Dowell, 80 years old, died April 23 in the Thurman Convalescent Home in Amarillo after an illness of five years.
Born Nov. 2, 1874, in Red River County, Texas, she was married to W. R. Dowell, Dec. 21, 1892. Mr. Dowell died in 1940.

Interment was made at Slaton. Survivors include five sons, Herbert Dowell of Los Angeles, R. L. Dowell of Hereford, Herman Dowell of Borger, Lloyd Dowell of San Diego and Curtis Dowell of Slaton; five daughters, Mrs. Ross and Carroll of Harleton, Flora Sales of Bagota, Mrs. Lennie Mae Powers of White Deer, Pearl Hayes of White Deer and Aubyn Pasingers of Los Angeles, Calif.; 34 grandchildren, and 24 great grandchildren.

Rituals Night Featured By Sorority Group

Formal ritual of jewels and installation of pledges rites were held at a recent meeting of Beta Sigma Phi sorority held in the home of Mrs. Jas. W. Witherspoon. Mrs. Ronald Babine, president, assisted by Mrs. Cecil Massey and Mrs. R. J. Cramer, conducted the installation rites. Mrs. Norman Moore presented background music.

Those receiving pledge pins were Mesdames Clyde Russell, Eugene Duvall, Jess Robinson, Harold Benuchamp and Miss Luella Hoffman.

The ritual of jewels was conducted for Mesdames Virgil Moore, Fred Sims, Leo Box, Bob Lamm and James Ellis Higgins.

A short business session was held when plans were completed for cancer drive activities and members made plans for the Founders Day Banquet which will be held in the First Christian Church Friday night April 29. Beta Sigma Phi woman-of-the-year will be honored in presentation ceremonies at the banquet.

Attending were Mesdames Ronald Babine, Neil Cooper, R. J. Cramer, Pete Guinn, Aubyn Hodges, Bob Lamm, Cecil Massey, Norman Moore, Fred Sims, Glenn Nelson, John Peol, Ray Suit, Lee Box, James Ellis Higgins, Virgil Moore, and the hostess.

STYLE SHOW

A spring style show will be presented by the clothing classes of Hereford High School in the high school auditorium Saturday afternoon at 2 o'clock. Approximately 70 girls will take part in the show, according to the teacher, Mrs. Frank Proxwell. Interested friends are invited to attend. Refreshments will be served by the food classes following the show.

"We recommend that the school district utilize, if possible, the information presently being gathered by the county and the city to adjust the valuation on the tax rolls. After this, the superficial survey that we made would indicate an adjustment in tax rates could be made."

Recommend "H" Shape
The committee also recommended that the proposed grade school building be constructed similarly to Shirley School in materials, and built along an "H" shape. Reasons for the "H" shaping were given as better lighting and the fact that the shape would allow partial construction.

The group also recommended the new structure have lavatories and drinking fountains in each classroom for first and second grades, and bathroom facilities between rooms for the younger students.

Blacktopping Planned
In other action, School Board members made plans for blacktopping the parking lot at the high school.

The possibility of getting another

Tag Team Event On Tap Saturday

Thwarted at least once in the main quest for the Southwest States junior heavyweight tag team wrestling championship, the busy boys from Chicago, Professor Roy Shire and Bobby Wallace, proposed another challenge to the champs, Dory Funk and Cowboy Carlson.

The teams will meet in the main event of Hereford's mat card Saturday night—but the title trophy will not be at stake.

"They had their chance," chorused Funk and Carlson, "and could not beat us. Why should we risk the championship when they haven't made a better showing? We'll fight 'em any time they want to meet us, anywhere, but accidents happen and we won't take a chance this time."

In single man to man action, the vicious Roy Shire has beaten both Funk and Carlson, but in tag matches Shire finds it difficult to cooperate with any partner, even his manager, Bobby Wallace.

The tag match, then, will be for two best falls of three or one hour, and with the title not at stake, it could be one of those very rough things.

Two Amarillo young men who are wrestling in different lights, Larry "Caesar" Wright and Gene Detton, youngest of the famous Detton wrestling family, clash in the semi-final Saturday night. They work two best falls of three or 45 minutes.

To warm up for the main event, Bobby Wallace takes on tall Cowboy Carlson in a one fall or 15-minute duel.

Wrestling in Hereford is sponsored by the Hereford Lions Club with receipts above expenses going to Lions charities.

The Board also agreed to dismiss school early Thursday so that teachers can assist in the self-evaluation report being prepared by the school. Classes will be dismissed at 2 p.m.

Enameled Gas Stoves

One of the best cleaners for white or colored enameled gas stoves is a light coat of paste wax. Allow the wax to settle for a few minutes, then polish. A fine gloss will be the result when cleaning a waxed stove if a damp cloth is wiped over it, then rubbed with dry, soft cloth.

Baking Powder
Baking powder can be made by mixing 2 ounces of pure cream of tartar, 6 ounces of cornstarch, and 6 ounces of baking soda. Sift each ingredient about 12 times before mixing. Make it on a bright, dry day.

A Pleasant Drink
Currant jelly or cranberry juice, mixed with water, makes a delicious and palatable drink for an invalid.

Burning Feet
To relieve that burning feeling after standing all day, bathe the feet well in warm water. Then shake some powdered borax into clean stockings. This also acts as a deodorant.

Grass Stains
If grass stains are dipped in molasses and allowed to remain for a short time, then the material is washed in the usual way, the stains will disappear.

Ironing Table Linen
Iron the table linen on the wrong side first, then on the right side. This will give it a satin gloss.

Butter
If butter is too strong for table use, it can be used for frying or any place where drippings are required. Do not use for baking as the strong flavor will ruin the delicacy of the cake.

Grape Vine
When insects are on grape vines, spray with bordeaux solution, strong soap suds, or paris green. But do not use paris green when grapes are near the ripening stage.

Perspiration Stains
A solution of bicarbonate of soda in water for bathing will absolutely kill the odor of perspiration.

Mending Gloves
When mending the fingers of gloves try using a thimble, and then put the glove to be darned over it. It will avoid sticking the fingers and also getting the glove out of shape.

How Can I?

By Anna Anthony

Q. How can I roast meat without losing the juices?
A. When roasting meat, cook it quickly at first to seal the outside enough to prevent the juices from escaping. Then lower the temperature of the oven to avoid burning.

Q. How can I bake green peppers, apples, or tomatoes so that they will keep their shapes?
A. Put them in muffin pans. They are easy to remove and will keep their shape better than if cooked close together in a baking tin.

Sorority Official Visits Chapter

Miss Phyllis Pierce of the International office, Beta Sigma Phi Sorority at Kansas City, was a special guest of the Texas Kappa Iota chapter here Tuesday afternoon. A called meeting of the executive board was held Tuesday afternoon at the home of the sponsor, Mrs. Jas. W. Witherspoon.

Miss Pierce is in Texas in the interest of organizing silver anniversary chapters in observance of Beta Sigma Phi silver anniversary in 1956. Members of the board attending were Mesdames Glenn Nelson, John Pool, Ronald Babin, G. H. Whitaker and Nell Cooper.

Household Tips

Thin hamburgers, cooked and cooled, make good lunchbox fare when they are sandwiched into a roll with pickle relish or chili sauce.

Aceroia Juice, newest source of vitamin C, has been teamed with apple juice and packed in small cans in a line of baby foods. Other juices packed for baby—pineapple juice, tomato and pear—will soon be enriched with the vitamin C rich aceroia juice.

Blend grapefruit, pineapple and orange juice; add syrup from maraschino cherries to taste. Pour over ice cubes and serve to the teenage crowd.

Like fruit with meat? Broil canned peaches with slices of canned corned beef hash, brushing both peaches and hash with melted butter or margarine. Good with cold slaw for Sunday night supper.

Add shrimp, lobster or crabmeat or all three to frozen condensed fish chowder; dilute with light cream. Heat according to directions of can and serve with chopped chives or parsley. Makes a wonderful company lunch along with a salad and hot rolls.

Creamed shrimp and green peas always taste good; they taste even better when you add sliced water chestnuts and flavor the cream sauce with a little garlic. Serve on rice.

Pile mashed potato into a shallow baking dish. Sprinkle with bits of bacon. Broil until potato is heated through and bacon bits are browned.

Cut small sweet gherkins into thin lengthwise slices. Sandwich the pickle between two flat patties of ground beef, pressing edges of meat together well. Fry in skillet and serve on hamburger buns for a pleasant surprise.

Cook artichokes in salted water until tender. Drain well, cut each in half and remove chokes. Serve

as a first course with mayonnaise to which lemon juice and balsam-type mustard has been added.

Ever try this casserole? Layer browned hamburger, condensed cream of tomato soup and drained canned kidney beans in a baking dish. Sprinkle each layer with a little chopped onion. Bake in a moderate oven until heated through—about 30 minutes.

When you use pastry flour in a standard recipe, add two extra tablespoons of pastry flour for each cup of all-purpose flour called for.

Layer sliced strawberries, diced fresh pineapple and spoons of vanilla ice cream in parfait glasses for a delicious dessert.

Ever try this vegetable combination? Add out green beans to creamstyle corn and season with a little curry powder.

For your first-asparagus-of-the-season lunch or supper: cook the vegetable until just tender crisp and serve with stuffed eggs heated in a well-seasoned cream sauce.

Mold grated carrots in a basic aspic; serve with creamstyle cottage cheese for a luncheon salad.

Use moderate heat when you are skillet-cooking chicken livers in butter.

Cut plain white cake, baked in a sheet pan, in strips. Frost top and sides of cake strips with this frosting. Cream 1/2 cups confectioners' sugar with a couple of tablespoons of butter or margarine.

Blend grapefruit, pineapple and orange juice; add syrup from maraschino cherries to taste. Pour over ice cubes and serve to the teenage crowd.

Cut small sweet gherkins into thin lengthwise slices. Sandwich the pickle between two flat patties of ground beef, pressing edges of meat together well. Fry in skillet and serve on hamburger buns for a pleasant surprise.

Cook artichokes in salted water until tender. Drain well, cut each in half and remove chokes. Serve

blend in a tablespoon of lemon juice and two tablespoons of orange juice. A little grated orange rind may also be added if desired.

Reunion Planned By Class Of '48

Preliminary plans were under way this week for a reunion of the Hereford High School graduating class of 1948, according to Marion Goodwin, chairman, who said that a special meeting has been set for May 14, at which time complete details for the gathering will be arranged.

"We hope to have as many '48 grads as possible at the reunion," she said. "It will probably be held the latter part of May and will be in Dameron Park. She also invited all interested class members to attend the planning meeting on May 14 at the home of Mrs. Edward Ray Roberson, 1009 Union, in Hereford. The committee was also asking for addresses of all 1948 grads so that notices could be

On the planning committee are Louise Payne, Mrs. Roberson, Mrs. John Estes, Mrs. Dan Trew, Ruth Loerwald, Mrs. Richard Ireland, Mrs. Bobby Owen, Mrs. Cliff Arnold and Mrs. Goodwin.

WT Ex-Students Meet Friday Here

The Hereford West Texas Ex-students Association will meet at 8 p.m. Friday to elect officers, at the Fellowship Hall of the Methodist Church.

Milton Morris, secretary of the West Texas Ex-students Association, will be the guest speaker for the evening.

The featured entertainment will be a treble ensemble of 10 girls from WT to sing at the meeting. Nancy Patterson, daughter of Mr. and Mrs. Elmer Patterson, is a member of the group.

Everybody who is interested is cordially invited to attend the meeting.

Mr. and Mrs. M. J. Noel and Mr. and Mrs. E. D. Zimmerman left Tuesday for Port Aransas and Rockport where they will be fishing for a week or 10 days.

Style Show Has Spring Theme

By ROBERTA CAMPBELL
 "Just as spring adorns herself with the bright yellows of the jonquil, the tender green of the willow and the vivid hues of the hyacinth—so smart women turn to pretty clothes for a lift to the spirit," Mrs. Charles Noland said in introducing the Style Show, "Highlights of Spring," given at the Black clubhouse April 20.

Garments from the sewing classes of the Lakeview and the Black Home Demonstration clubs were featured.

Mrs. Noland, mistress of ceremonies for the hostess club, introduced Mrs. Joe Buchanan who was commentator for the Lakeview models.

As the models were introduced, both Mrs. Buchanan and Mrs. Noland emphasized style, adaptability, cost and estimated savings realized the women who had done such a good job of making clothing for

themselves and other members of their families.

Models for the Lakeview Club were: Betty and Kathy Roberts, Mrs. M. B. Buchanan, Mrs. C. W. Tannahill and Pat and June Sutterfield, Mrs. L. W. Loafman, Wilma Jones, Mrs. Johnny Hand, Mrs. D. L. Carmichael, Mrs. Sarah Ann Miller, Susan Carmichael, Billie Jo Hand, Mrs. Cordon Massey and Judy Edelman.

Models for the Black Club were Mrs. Leonard Latham, Mrs. Marjorie McGowan and Ellen, Mrs. Ellis Tatum, Mrs. Woodrow Whitaker, Jeannie Noland, Mrs. Emma Elmore and Bette Jean Noland.

Bette Jean Noland, who modeled her banquet dress, also furnished piano music as a pleasant accompaniment for the occasion.

Following the Style Show, Mrs. Dick Rockey led a game and refreshments were served by the hostesses for the Black Club with Mrs. Woodrow Whitaker presiding at the punch bowl.

Others attending from the Lakeview (Continued on Page 2)

WHAT'S SO SPECIAL about Spring? To the women in these pictures who have created their own dresses and those of the little girls it means the privilege of showing their ability to make garments that reflect good taste in color, style and workmanship.  The club leaders who are taking the training in upholstery should come by the office and see the upholstery horse. This type of equipment has a lot of uses other than upholstery. A pair of these horses will help in painting and other household tasks. Thanks to Jasper Cookrell and G. T. Williamson for these upholstery horses. They used a pair of the collapsible saw horses that we use at the Poultry Show and made a tray to hold the chair. Several years ago Bill Stanford's AG class made the saw horses to use during the Livestock Show and Ed Mosley takes care of them. The H. D. Clubs have so many associate members that help in the things the club members are trying to do.

The H. D. Choral Club gave a program at the Kiwanis Club on Thursday, April 21. The club was invited by Jess Robinson, who was program chairman. The club has never sung to a more attentive audience. Mrs. T. J. Parsons and Mrs. R. L. Wilson sang two numbers, "Mountain Cottage" and also, "Count Your Blessings Instead of Sheep."

If there are any extra copies of the club song book, "Song for All Texans," the chorus needs them. Mrs. Vern Witherspoon got a few copies from the West Hereford Club but more are needed. Also, we need some more chorus members. So if there are club members who would like to join the chorus they need to talk to one of the members of the chorus or to Mrs. Cecil Parker.

HD Club Week To Be Observed

National Home Demonstration Club Week will be observed in Hereford with a display of craft exhibits made up of items made in the special craft classes attended by club women.

Local merchants are cooperating with the committees in providing window space for the displays.

The Copper Craft exhibit will be at Anthony's with Mrs. Earl DeHart in charge of arrangements. Mrs. Frank Robbins and Mrs. M. H. King will assist her.

Aluminum trays made by the women will be shown at the Hereford Hardware with Mrs. Horace Hershey in charge of the exhibit. Members of her committee are Mrs. Arnold Hershey and Mrs. W. P. Axe.

Mrs. R. C. Childers, marketing chairman for council, will head the committee to arrange the marketing exhibit at Streu Hardware. Working with Mrs. Childers will be Mrs. Louie Olson, Mrs. Bert Coffin and Mrs. R. L. Wilson.

Roberta Campbell will have charge of the leathercraft display in the window at the Hereford Brand.

Special interest classes in metal and copper were taught by Mrs. DeHart and Miss Campbell this spring. Both were assisted by Mrs. V. E. Dodson who worked out designs for the women.

Exhibits will be put on display Monday and will remain on exhibition all week.

ELLEN MCGOWAN looks like a fairy princess out of Mother Goose in her pongee frock with it's can-can petticoat. Ellens' dress, made by her mother, Marjorie McGowan, is trimmed with a blue velvet sash and bow at the neck. And no trim miss, as fashion dictates, is too young to wear a hat. (Staff Photo)

JUDY EDELMAN'S mother even dressed her doll for the Easter parade when Judy would be wearing her new coat and dress, topped off by a perky hat to complete the costume.

SPRING'S TOP FASHION colors are reflected in the dresses worn by Judy Edelman, Susan Carmichael and Pat Tannahill at the style show held recently at the Black Club House. These little models are from the Lakeview Club who were guests. (Staff Photos)

Mrs. Sullivan Is 4-H Club Speaker

The Walcott 4-H girls met Friday, April 15, in regular session at the Walcott School.

Meeting was called to order by the president Ettie Walker. Roll call was answered by telling an interesting fact about Texas. The minutes were read and approved. Janell Waver led the 4-H song. Mary Patton led the club ritual. Ettie Walker is moving to Canyon therefore she turned in her resignation as president. We are sorry to lose her from our club. Some more money was turned in on the light bulb sales.

Mrs. Loyce Sullivan, assistant home demonstration agent, gave the demonstration on making the Swedish tea rings. The girls filled out the score cards and decided they should have a blue ribbon on it.

Members present at the meeting were: Cecelia, Kathryn and Margaret Burrus, Pauline Cole, Mary Dufur, Gail Hall, Hazel Lewis, Betty Lockhart, Marilyn Lumpkin, Mary Patton, Kay and Royce Lee Pruitt, Sandra Roberson, Ettie Walker, Janell Weaver and Geneva Cates.

Leaders present were Mrs. Loyce Sullivan, Mrs. Glen Burrus, Mrs. Roy Pruitt.

Home Demonstration Women Get Tips On Smart Home Gardening

Home Demonstration Club women have something more than the signs of the Zodiac and labels on seed packages to guide them in their gardening program for this summer.

During the month of April the agent's demonstrations have been on "Gardening According to Texas Food Standards."

Argen Draper, Deaf Smith County H. D. agent, has pointed out to club women all over the country the importance of considering the vitamin content of vegetables that families may eat well-to.

Some women were learning for the first time that a deficiency in vitamin A, causes night blindness and slow growth in children while a lack of sufficient vitamin C in the diet causes many people to lose good teeth needlessly because of gum diseases.

Vitamin C cannot be stored in the body as other vitamins and

for that reason berries, citrus fruits or green vegetables are a daily requirement to keep the body reacting with weak blood vessels, joints and limbs that ache and swell, tooth decay, bone changes and wounds that heal slowly.

Clubs reporting recent meetings are as follows:

Dawn
 "Food Production" was the subject for the program given by Argen H. Draper for members of the Dawn Home Demonstration Club who met with Mrs. Marjorie Russell on April 15.

Fruits and vegetables adapted to this region which are high in vitamins A and C were studied. Fresh foods were discussed.

The date was set for a trip to Amarillo to see different kinds of new fabrics.

Refreshments were served to Mesdames Muriel Little, H. S. Fuller, Cecil Payne, L. W. Tooley,

Orval Galley, J. M. Curthers, J. B. Caraway, Miss Lulu Botsford and the hostess.

Wyche
 Mrs. J. V. Pickens was hostess for the members of the Wyche H. D. Club April 21 when Mrs. Claude Damron gave the program on "Care of the Hair and Dieting."

Those attending were: Mesdames Ira Ott, James Bell, Claude Damron, Wayne Newsum, Carol Newsum, H. L. Ward, E. C. Hewitt Jr., and the hostess.

South Hereford
 The South Hereford H. D. Club met April 19 in the home of Mrs. John Draper.

Argen Draper gave the program on "Gardening and Foods."

Those present were: Mesdames W. H. Goetsch, Tom Draper, Adam Flowers, S. S. Williams, Viola Woodson, Ada Hollabaugh, Eldon Craig, Miss Evelyn Bell and the hostess.

North Hereford
 "Gardening According to Texas Food Standards" was the subject for the program given to members of the North Hereford H. D. Club when they met at the home of Mrs. R. E. Barrett April 21.

Mrs. Draper listed fruits and vegetables high in vitamins A and C which can be grown successfully in this region.

Following the program Mrs. R. A. Fullwood was honored with a surprise birthday shower. Highlights of the District Meeting held recently at Spearman were given by Mrs. A. E. Hodges, Mrs. Paul Hoff, Mrs. Draper, Mrs. O. C. Williams and Roberta Campbell, who attended the meeting and appeared on the program.

Mrs. Minnie Vaughn, a former member, Mrs. Turner and Mrs. Lawton Hill were visitors. Members present were: Mesdames (Continued on Page 2)

200 BLAZING HORSEPOWER

at the lowest cost in history!

...plus size, luxury and styling unsurpassed at the price!

THE SENSATIONAL STRATO-STREAK V-8
 Here's the most modern and efficient V-8 in the industry, delivering 200 horsepower with the four-barrel carburetor, optional at very low extra cost.

It's a fact—never before in the history of the automobile industry has a car offered so much power for so little money as the 1955 Pontiac. It is the first and only automobile ever built that delivers 200 horsepower at a price every new-car buyer can afford—hundreds of dollars less than any car equalling its blazing performance.

And that's not all Pontiac is also the sole automobile at its price to unite the terrific "drive" of 200 horsepower with a road-leveling 122" or 124" wheelbase and such big-car stability. It's the biggest as well as the highest-powered car ever priced with the lowest.

Yes, you read that right! You can buy a big,

powerful Pontiac for less than many models of the lowest-priced cars or stripped economy models of higher-priced makes.

Come in and drive this silken-smooth performer. A few miles behind the wheel will tell you better than any words that Pontiac is the greatest buy that ever took the highway!

Your Congressman Reports

By WALTER ROGERS

The House passed H. R. 4393 by 372 yeas to three nays, seven answering present, and 52 not voting. This bill was referred to as the Fiscal Year 1956 Navy Shipbuilding and Conversion Program. Actually, it will take four years to complete the program therein proposed. It involves the construction of 34 new ships, 24 being combatant types. It authorizes 14,000 tons of landing craft and provides for conversion and modernization of 28 other vessels. The cost of the new ships and landing craft is one billion 150 million dollars. The remaining cost is 202 million for modernizing the 28 old vessels, and there is an item for advance material procurement and pre-production plans, amounting to around \$3 and one-half million. This was all in the President's budget and is now being considered by the Appropriations Committee. The bill before the House yesterday was an authorizing bill.

In the debate it was pointed out that our Navy today has 1100 ships in commission, 1300 ships in mothballs, 16,000 airplanes and 635,000 men. Four hundred and seven of the 1100 ships are battleships, aircraft carriers, cruisers, destroyers and submarines. Twenty-six aircraft carriers. One hundred and five vessels are now under construction and 13 more have been authorized but construction has not started. Four of the 105 vessels are fleet class carriers. If are destroyers and 11 are escort vessels. Nine submarines are included, four being nuclear powered. These vessels are being constructed at 80-odd shipyards, and the overall cost will be about two billion 300 million dollars.

This gives you some picture of the present strength of the Navy of this country and the increase that will be provided by the new authorization. One of the big controversies concerns whether or not aircraft carriers are obsolete. The answer to this will probably come if and when we have another war. As the matter presently stands, we would be taking a serious chance not to provide a seagoing airport for fighter planes to protect our long range bombers. Frankly, I do not feel that all of the information that is contained in this letter should be made public, but it is well known in every corner of the globe and is set out in detail in the Congressional record and in the hearings before the Armed Services Committee.

THE AFRO-ASIAN CONFERENCE

You have been reading lately about the Afro-Asian Conference in Bandung, where the Chinese communists seem to be taking a terrific beating at the hands of the free nations. Not much has been said about it, but this country is indebted to Congressman Adam Clayton Powell, of New York, who is attending the conference as a United States observer. Congressman Powell did a masterful job of putting the communists, both Chinese and Russian, on the defensive, from which they have not recovered. He is entitled to much acclaim and credit for his contribution against communism at this conference.

FARMERS VERSUS FOREIGN AID

It was recently announced that the administration would ask for three and one-half billion dollars for new foreign aid money. This announcement came shortly after a small group of farmers from the Southwest had been in Washington trying to obtain slight relief from the drastic price support cuts engineered by the Department of Agriculture. Many people, including this writer, find it impossible to understand policies which are depressing farm prices going along side by side with practices increasing grants to foreign countries. One fellow suggested that what we need to do is to put Benson and his policies in charge of the foreign aid program and let Stassen and the foreign aid appropriations be used in the Department of Agriculture. He might have something.

THE GAS HEARINGS

A witness at the gas hearings who represented quite a utility empire referred to his empire and another giant fuel corporation as guinea pigs. One committee member remarked that they might look like guinea pigs to the witness, but they resembled full-grown hogs to him.

THE YOUNGER GENERATION

One of the younger Rogers brought a friend in the other evening as an overnight guest. When he asked permission for his guest to stay, I told him that some of the other children had brought in friends and I doubted if there were any beds left. He and his friend assured me they would arrange for sleeping facilities. The next morning I found out that they had taken the cushions off the divan downstairs, wrapped them up in sheets, and made a bed on the floor. The strange thing to me was that the guest was sleeping on the floor. When I was that age, the guest got the bed, and I had to sleep on the floor. I guess we are living in a changing world.

VISITORS

Washington was honored by several guests last week. Amarillo was represented by Grady Fox, Jay Taylor and Wes Izzard. Paducah was represented by State Representative Bill Heatly, and Kress by State Representative Leroy Saul. Dumas sent its Mr. and Mrs. Carroll Boyd, and Stratford's colors were carried by Mr. and Mrs. Kenneth Kendricks. The Boyds and the Kendricks are getting to be almost hometowns in Washington.

There have been several calls to the office about water bugs in the kitchens, bathrooms, and pantries. These are probably German cockroaches and are really born.

Cockroaches may be controlled by spraying with two or three percent chlordane or 0.5 percent diel-drin household sprays. These materials should be sprayed around

baseboards, sinks and into all the cracks and crevices where the cockroaches may hide. If you will do a thorough job of applying the insecticide, you should be able to control the roaches.

Geigel Takes Defeat But Holds On To Junior Crown

By STANLEY PHILLIPP

Highlight of the evening at the wrestling matches Saturday night was a championship bout in which Bob Geigel defended his title against Chet Wallick. In a fine supporting match, George Lopez tangled with Jim LaRock. Billy Weidner was the man upholding the rules in both bouts.

First Event
In the first main event, George Lopez of El Paso took on Jim LaRock of New York in a two-out-of-three or one hour time limit. It was an unusual bout in that both wrestlers were "clean" and not once did the ref have to stop any rough or illegal tactics. LaRock held a slight edge in the first fall, keeping Lopez in trouble with a hard head, scissors. Using this hold to wear Lopez down, LaRock was able to pin him in 26 minutes with a double reverse leg full Nelson.

Second fall was a fast eight minute affair with both wrestlers going full steam. LaRock was finally able to get Lopez in an abdominal stretch and took the second fall and the match.

Main Event
Main event of the night saw some very good wrestling mixed in with plenty of rugged brawling. Southwest Junior Heavyweight Champ Bob Geigel put up his title against newcomer Chet Wallick and came close to losing it several times. Wallick, an accomplished wrestler, had the champ in trouble a few times, but Bob's generous use of questionable holds kept his shoulders off the mat. After 14 minutes of pounding on each other, Wallick finally got Bob in an abdominal stretch and that was the first fall.

In the second fall Bob quit fooling around and went right to work on Wallick, smothering, kicking,

choking, and ended up jumping up and down on Wallick's Adam's apple. When the ref protested, Geigel shoved him out of the way and kept working on Wallick's throat so Weidner disqualified Bob and gave the match to Wallick while Geigel kept the belt.

Bill Robinson In University Play

ENID, Okla. — "The Man Who Came to Dinner" will be presented as the senior class play at Phillips University April 29 with Bill Robinson, son of Mr. and Mrs. John Robinson, 703 N. Fourth, Hereford, playing the role of one of the guests in the Stanley home in the comedy by George S. Kaufman and Moss Hart.

The play will be given as part of the Phillips University Mothers Day weekend activities. Phillips mothers are invited to visit the campus April 29-May 1 to see the crowning of the May queen, attend

the Mothers Day luncheon, see the senior class play, and to attend breakfasts given by social clubs.

Robinson, a Bible major, is a member of the Varsity Club, social organization; Student Senate; and the ministerial association, organization for students majoring in Bible.

THERMAL BARRIER TESTS

COLLEGE PARK, Md. — University of Maryland scientists are seeking the answers to the problem of the "thermal barrier" in a specially constructed tube 12 feet long.

In the tube, Prof. Edward L. Resler and his associates have been able to produce shock waves such as those that would be generated by a projectile traveling 30,400 miles per hour.

The "thermal barrier" is the term applied to the problem of heat caused by friction with the air at speeds of more than five times that of sound when metals begin to melt.

Although the project is one of pure research, Dr. Resler believes it will produce information of value to missile and aircraft designers. A speed of 25,000 miles per hour is needed for any missile to escape from the earth's gravitation.

Walcott News

By MRS. T. L. COLLINS

Walcott P-TA met Friday night, April 22. Meeting was called to order by the president, Mrs. J. V. Perrin. Minutes of the last meeting were read by the secretary, Mrs. Roy Pruitt, and approved by the group. Treasurer's report was given by Mrs. Don Guseman. Mrs. Perrin gave a brief, but interesting report of things accomplished by the P-TA this year. Mr. Collins, school principal, announced that the Commencement exercises for Walcott's eighth grade would be the night of May 18. He also suggested that the "last day of school

picnic," be on our closing school day, May 20, Friday noon. The group decided on the place at Veteran's Park in Hereford. Each family will bring picnic lunches. P-TA will furnish the drinks.

Report of the nominating committee was presented by Mrs. N. A. Brown. She moved that the report be approved. Mrs. Glenn Burrus seconded the motion. It carried.

Nominations for each office were given opportunity from the floor by those present. All this year's officers were re-elected to serve another school term. They are: president, Mrs. J. V. Perrin; vice president, Mrs. Wallace Lumpkins; secretary, Mrs. Roy Pruitt; and treasurer, Mrs. Don Guseman.

Mrs. Wallace Lumpkins introduced the program. Margaret Burrus and Royce Lee Pruitt, gave a 4-H demonstration on the first aid kit for the home. The ABC motto is

"always be careful." Needed contents and cost of the kit were shown and discussed. Also some interesting percentages in farm and home accidents were presented to the group.

We thoroughly enjoyed the Deaf Smith County Home Demonstration Chorus coming from Hereford. Pianist, Mrs. Clay Ridgway; director, Mrs. C. W. Parker; and members, Mrs. Joe Landers, Mrs. John Draper, Mrs. T. J. Parsons, Mrs. R. L. Wilson, Mrs. Paul Hoff, Mrs. Taft McGee, Mrs. Alice Cox and Mrs. Tom Draper. Each song they sang was better than the one before. We hope they will come again.

We were also glad to have Roberta Campbell with us. She took some pictures of our guests. Refreshments of pie and coffee were served. Mrs. Don Guseman was the only hostess who came but was helped by some of the ladies.

Friday was a full day around Walcott School. Thirteen first and second grade children took the polo shots given in Hereford at the clinic that morning. They were accompanied by their teacher, Mrs. T. L. Collins. Mrs. Wallace Lumpkins drove the school bus. They were met at the clinic by Mrs. Glenn Burrus and Elizabeth, Mrs. J. V. Perrin and John. These two

children had been ill a couple of days.

Hugh Clearman, Deaf Smith County agent, met with the Walcott 4-H boys for a short while during the noon hour.

Hereford seventh grade softball team and their coach, Mr. Hudson, made it to Walcott about 3:30. After a bus break down, S. O. Perkins went after the boys in a Walcott bus. The wind and dirt was really blowing but they played a five inning game anyway. Hereford's team won by a large majority. Mrs. Don Guseman and Mrs. Virgil Bonar watched.

Mrs. Charles Hoover and children are visiting with her parents at Globe, Ariz.

Telephone at the Walcott Teacherage did not ring so Mr. Riddle of the REA from Hereford, came out to check it. He found the trouble in the ground wire which was loose.

Charles Hoover took several boys from Walcott on a fishing trip to Buffalo Lake, Friday afternoon. Each one took bedding and food so they could camp out over night. Those going were: W. L. McCullar, Bob Perkins, Bruce Collins, Charles and Carl McClure. Plenty of wind blew while they were gone.

Your House Next?

Will he walk again? That may depend on you. Hope springs eternal in the breast of anxious parents. Love will not give up. The physician's assurance, the minister's prayerful support and the boy's quest for a ground of hope and trust... Love, healing, religion — all these come to bless the stricken lad. God, the Great Physician, is in them all, and works with them His wonders to perform. Have you contributed to the polio fund? Have you supported the church and the pastor? Can you assure the cripple of the community's interest? All the aids of America will rally to the need of our children. The Church and Religion will watch over them. Have we done our bit for the polio fund, the heart foundation, the Church?

YOU IN THE CHURCH
THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are imbued with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. They urge with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH GOER and a daily BIBLE READER.

House.
Governor Allan Shivers asked for emergency consideration by the Legislature of a bill to pay indemnity to owners of sheep and goats destroyed in an effort to halt a scabies epidemic.

Extension of the veterans land program was approved by a Senate committee. (Theoretically, this program is self-financing. The state issues bonds to buy the land, and the bonds are retired as the veterans make payments on their property.)

Requested by the governor was an appropriation to give underprivileged children the Salk polio vaccine.

Proposals were made by the Travis County delegation, that the state sponsor a supplement to state employee retirement benefits in the amount of \$800,000 per year.

Car Dealers Licenses
Seventeen amendments were added in the House before the car dealers licensing bill gained initial approval.

Principal provisions of the bill would:
Make new car dealers pay \$50 for a seller's license, and used car dealers \$25; prohibit offering for sale as a new car any vehicle that had been driven or towed more than 50 miles; and require dealers to post \$10,000 bond.

Original purpose of the bill, before the amendments were added, was to prevent used car dealers from offering latest model cars for sale as "new" cars.

Trinity Bill Fades
A big segment of the Texas population lives in the Trinity River valley.

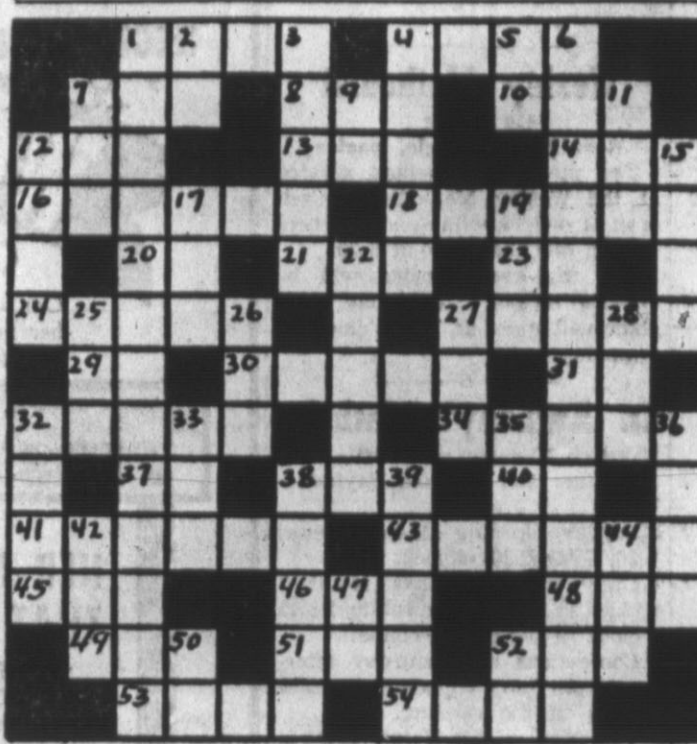

Hopes of those people for an organization to administer flood control, water conservation, and irrigation were dimmed when the Senate Water Committee rejected a Trinity River Authority Bill and sent it to a subcommittee.

Representative Barefoot Sanders of Dallas, who pushed the bill through the House, blamed the railroad lobby for its failure in Senate committee. Said Sanders: "The railroads, in the final analysis, are responsible for this setback because of the propaganda they put out on the effects of this bill."

Water Bill Falters
Trouble was ahead for a proposed constitutional amendment rated high on the list of administration-recommended water legislation.

Purpose of the measure would

be to let the people vote on whether to authorize \$100 million in bonds to finance water projects of the state.

Passed by the House, the resolution was patched with amendments—the Senate refused to concur and asked for a conference committee.

Veterans Land Probe
Far from abating, the veterans land investigation was expanding and reaching as far afield as Minnesota.

Cecil E. Burney, special assistant attorney general, told the Senate Investigating Committee that two years ago, when Attorney General John Ben Shepperd was vacationing in Minnesota, he happened to see former land commissioner Bascom Giles.

his Minnesota farm of 8,600 acres. When the veterans land investigations began, Shepperd sent an investigator to Minnesota.

As a result of that investigation, Burney predicted, the people will hear that money from the veterans land program went to Minnesota to buy land for Texas.

"It is amazing," said Burney, "that some of the same people who were anxious to buy cheap Minnesota land at high prices were the same persons who were anxious to sell cheap land in Texas to veterans for equally high prices."

\$30,000 in Fees
Another witness before the Senate Investigating Committee was Alvis Vandygiff, a former officer of the veterans land board.

Vandygiff testified that during a four-year period after he left the board, he received more than \$30,000 to expedite block land deals.

County Advertising
A bill by Rep. W. W. Allen of Laredo was approved in House committee, permitting counties of 50,000 population and over to use funds for local advertising.

Under the bill, county commissioners courts could appropriate 5 cents per \$100 assessed property evaluation for the purpose. Under existing laws, counties of 100,000 population and over already are permitted to advertise.

SHORT SNOOTS: On foot is a drive for strict enforcement of narcotic laws and passage of new state legislation to help control the dope traffic. Three narcotics bills have passed the House and are in the Senate. . . . Passed by the Senate is a bill establishing a Texas commission on higher education to govern the state's nine senior colleges and universities. Sen. A. M. Aiken told the Senate the commission is necessary to take care of expanded enrollment and corollary problems of the institutions.

Gas companies would be permitted to sue the state for taxes paid under the unconstitutional gas gathering tax, according to a resolution passed by the House and by the Senate with amendments. . . . Texas oil production for May will be reduced, according to an order of the Texas Railroad Commission. Allowables will be 3,072,150 barrels daily, lowest of the year.

Texas has enjoyed a near-record oil flow for the past four months.

Hereford Girl Participates In Leaders' Retreat

PORTALES — Seventy student and faculty members of Eastern New Mexico University are participating in the sixth annual leaders' retreat at Ruidoso Sunday, according to Al Whitehead, Roswell student body president.

Annually, student leaders of the University spend several days from the campus discussing problems and ways of improving the University. In past years a large majority of retreat recommendations have been incorporated into the overall University program.

Three general committees steer the activities of the retreat—student affairs, physical plant, and curriculum. Ivis Kimbell, Portales, president-elect of the student body, heads the student affairs committee; Tom Risinger, Eunice, physical plant; and Dick Cole, Portales, curriculum.

Hunt Zumwalt, Artesia, will be retreat parliamentarian and Dorothy Chambers, Deming, will be head secretary. Her assistants will be Joan Moore, Hereford and Ruth Nolan, Clovis.

A special committee to study the student constitution will be David Sullins, Hobbs; Bill Kinyon, Clovis; Stan Slaten, Portales; with Whitehead, Kimbell, and Zumwalt.

Steering committee for the retreat will be Whitehead, Risinger, Kimbell, Zumwalt, Cole, Kinyon, Slaten with Dwane Patterson, Portales, and Ann Crosthwait, Mosquero.

YOU ARE INVITED TO HEAR CHARLES F. BRANNAN
Former Secretary of Agriculture
AND
JOHN C. WHITE
Texas Commissioner of Agriculture
Speaking at
A PUBLIC MEETING
HEREFORD, TEXAS HIGH SCHOOL AUDITORIUM
FRIDAY, APRIL 29, 8:00 P. M.

On the Subject:

"The Administration's Plan to Liquidate Traditional American Agriculture"

Mr. Brannan will discuss:

- Reduced Grain Sorghum Price Supports, and "Why."
- "Who and What" is behind the present policy of "Sliding Scale" price supports.
- The chances of defeating the "Sliding Scale" in this Session of Congress.

Mr. Brannan, who was Secretary of Agriculture under President Harry S. Truman and Assistant Secretary of Agriculture under Franklin D. Roosevelt, is one of America's greatest authorities on Agriculture problems. All citizens of this area, farmers and businessmen alike, are fortunate to have a leader of his stature discuss our very grave farm problems. The answers to these problems mean the economic life or death of farming as we know it.

You and your family, and your neighbors and friends are urged to attend this important meeting. You will also hear an address by one of our foremost Texans, and a great leader in Texas agriculture, John C. White, Commissioner of Agriculture for Texas.

If you grow grain sorghum, wheat, cotton or cattle, you cannot afford to miss this meeting. You are entitled to KNOW THE TRUTH about the present farm program and what must be done to defeat it.

The setting of the exciting outdoor drama is Old Santa Fe during the adventurous period when the railroad was pushing its way across the country.

As Garson's reluctant and then sincere protector, Dana Andrews portrays the role of a harassed widower with a 16-year-old problem daughter played by Lita Loos Smith, who is in love with a dashing lieutenant of cavalry, Cameron Mitchell. Mitchell is Miss Garson's brother with whom she comes to stay.

"Seven Brides For Seven Brothers"

Seven heroes, seven heroines, seven song hits and seven-times-seven laughs are in one of the most ingenious plots ever devised for a Hollywood musical in "Seven Brides for Seven Brothers." M-G-M's new Cinemascope musical in color, showing Sunday, Monday and Tuesday at the Star Theatre.

Starring Jane Powell and Howard Keel in a cast featuring dancing personalities from screen, ballet, and stage, the plot is taken from Stephen Vincent Benet's story, "The Sobb'ing Women."

In the musical, a family of brothers in the Oregon backwoods country of the 1850's carry off the prettiest girls of a neighboring town and have to subdue an irate mob of townspeople intent on rescue before they can make the ladies their brides.

As a result, when Jane Powell in the role of Millie, and Howard Keel in the role of Adam Pontipee, lend their voices to the lilting songs and the brothers and girls sing and dance to the songs and ballads, there is no lapse in the action. Instead, the songs and dances become part of the action.

Reappointment Of Notary Publics Is Announced

Secretary of State A. M. Muldrow has announced that he will reappoint all persons who now hold Notary Public Commissions and that all such persons must qualify by filing an oath and bond with the County Clerk of their residence between June 1, 1955 and June 10, 1955. The law specifically requires county clerks to approve Notary bonds and individuals should not send money or requests for commissions direct to the Secretary of State. All notary matters can only be received by the Secretary of State after the county clerk acts thereon.

Any person who has not heretofore been a notary public should apply to his county clerk by May 1, 1955 if he desires to have this application given prompt attention in the State Department, as the rush of reappointing all old notaries may slow up the ordinary process of making new appointments and issuing commissions.

Secretary of State Muldrow said, "Each person applying for a commission as a notary public must be at least 21 years of age and a resident of the county for which he is appointed; exact names and permanent addresses should be given to the county clerk in applying for a commission, as location of the notary may be necessary long after he has notarized a particular instrument."

Editor's Note: Today's "Bull Column" was written by the group of Lions who made the trip to Lubbock last week by wagon to attend the District Lions Convention.

So you don't like modern time. You want to go back to horse and buggy days? Just ask that of the Lions Club "mule skinner" who rolled back the clock some 50 years last weekend and you'll get an emphatic "No!" Not that they are complaining—they just want to give you the facts, man.

It all started last Friday during one of the season's worst sand storms. We went ahead with our plans to hitch a team of mules to the old fire wagon and make the trip to the district Lions convention in Lubbock in the style of the "good ole days." The regular writer of this column was completely opposed to the idea. He even commented that we were plumb out of our heads—he being somewhat better acquainted with the personalities of mules.

The first leg of the trip, though it was by no means a joy ride, proved to be the easiest part after all. The dust and wind forced us to load "Punch and Judy" and the wagon on a '39 Chevy truck to make the 60 mile trek to Plainview, where we spent our first night. The spirited studs were luded down at the hog yard and we were lodged at the Hilton wagon-yard until 5 a.m. when we rolled out of bed to start on our way.

Various and sundry dignitaries, among them an old mule expert, Marshall Formby, met us before we left Plainview and gave all sorts of sage advice and helpful hints to us amateurs. Fortunately they left us before we headed into a fierce west wind or their advice probably would have been not "Lubbock or Bust" (as our signs read), but just plain "bust!"

Why! What a wind. One half of West Texas must have been mixed with it. Wagon boss Homer Brumley pulled his hat down and headed into the wind. Harold Close cheered us up by saying it was just a little way 'til the road turned and we'd be going south. It wasn't far in miles, to be sure, but with Punch and Judy doing their best, it was still almost noon before that highway turned south.

How much better modern times are! Now it's only 20 minutes to the next comfort station. With us, it was three to four hours. No trees either! No longer was it 10

miles more to Abernathy, but now we measured the distance in "wagon greasins." Made the hours pass faster somehow.

After traveling at the tremendous rate of four miles an hour, we arrived in our first town, Hale Center. There a generous restaurant owner gave us a free meal; he knew we were coming because of the story in the Plainview paper. We were an hour late, according to his calculations. It seems the local boys had made a few bets about how long it would take us. But they didn't know Punch and Judy!

Our first disappointment on this hideous trip came when we asked an old timer in Hale Center to show us the way to the wagon yard. He pointed to the street, stammered and stuttered a minute, and then admitted it was closed years ago.

After we rested an hour while the city hall lawn provided grazing land for the mules, we hitched up again and headed for Abernathy. To you moderns, it would mean about a 15 minute drive; to us it meant more wind, more dust and three "wagon greasins."

But it wasn't dull, to say the least. Homer would crack a long bull whip and away the mules would scud. Just about this time, Water Boy Cecil Massey would take out through a plowed field to chase his hat. No wonder camera fans along the highway found us unusual subjects.

A delegation from Lubbock brought our supper, and New Deal was the end of the day's journey.

Punch and Judy were pretty tired, so we took some fancy mule feed out of the wagon and offered it to them. Did you ever eat rolled oats, chopped corn and molasses? Delicious! Seems they liked plain old hay better, and we couldn't afford to waste anything.

The local gentry assured us that we were on the right road to Lubbock, so off we went. By now folks all along the way had heard about the fools from Hereford and came out to see what it was all about. The rest of the trip was short, just six hours and a large group of early comers (the modern way) greeted us at the convention headquarters in Lubbock, the Caprock Wagon yards. You know, for some reason that parking attendant didn't rightly know which end to back into the parking stall.

Throughout the trip we tried to think of ways to improve our mode of transportation, but all agreed

Henry Ford did that years ago.

So there you are and here we are and (thank goodness) you can't hardly get those anymore! Signed in sand.

Q. How can I make a substitute for whipped cream?

A. Grate one apple, add two or three tablespoons of sugar and one egg white, then beat until light. This makes an excellent substitute for whipped cream.

WORMY PROTEST

SAN DIEGO, Calif. (AP)—Suit in Superior court to dissolve a worm business charged that one partner had short counted the other by five million worms.

Howard W. Neal said the shortage was in worms provided for the venture at his ranch, where they were to produce millions of others for sale to avocado growers. Worms are supposed to aerate roots and help organic fertilization. Neal asked \$1,500, the value he placed on the five million worms he said he didn't get.

The average crop of wheat in Deaf Smith, Castro and Randall counties for 1908 was 19 bushels per acre. The statistics for 1909 are not available but the yield was less, yet the quality was excellent. Hereford wheat taking the sweepstakes premium at the Texas State Fair. The wheat tested 65 pounds to the bushel and was raised by A. W. Gregg, near Hereford, the yield being 12 bushels per acre.

The Girl's Glee Club of Hereford College, with Mrs. E. M. Hall as leader and instructor, Mrs. Rhone as pianist and soloist, and President Hall as business manager, left yesterday afternoon to fill dates at Canyon City, Plainview and Lubbock. The same program with slight changes and which delighted a Hereford audience a week ago, will be given. This club is one of the largest organizations of its kind in the Panhandle, and in Texas as for that, and their work is of the highest order. The people in towns to be visited on the first trip will be given a rare treat.

Streu Hardware is planning to announce soon that they have bottled gas for sale. This product is advertised and sold in many sections of the country now and is known as Skelgas, which is simply natural gas sealed in steel tanks at great pressure, so it can be transported and used in regions where a pipe line does not go. The use of Skelgas permits the burning of natural gas in rural homes in the same type of heaters and ranges that natural gas requires and can be used as well for lighting and the operation of mechanical refrigerators. The cost of Skelgas is said to be nominal, one steel "bottle" or tank lasting for approximately one month in the

average home.

The government and state seem ready to hard surface the highway through here from Canyon to Farwell, the right-of-way to be 100 feet wide, state and federal aid to be 75 percent, we to stand 25 percent of the cost through Deaf Smith County. In addition to procuring the additional 40 feet of right-of-way, as well as removal of the high-line back to the new line which means that Deaf Smith County is to stand all of the expense of procuring this additional 40 feet as well as the expense of moving the high-line.

How Can I?

Q. How can I stain or paint matting?

A. If it is stained or faded give it two coats of high grade floor paint, first washing with strong soda water to remove the grease and let it dry thoroughly. A similar method can be used on grass and fibre rugs, washing with soapsuds and a very little ammonia instead of soda. Stretch the rug and tack it firmly to the floor before painting.

Q. How can I make a dentifrice?

A. Lemon juice is a good dentifrice. Dilute it with water and use as a mouth wash. It will make the mouth and teeth feel clean and wholesome.

Q. How can I remove grease spots from a tablecloth?

A. If only one or two spots have fallen on the tablecloth, rub both sides of the cloth with French chalk. Fold the cloth and put away and when ready for the next meal brush off the chalk. The spot will have disappeared.

Q. How can I make pastry so that it isn't tough?

A. If the pastry seems to be too tough, try using less water and see if it isn't remedied.

Q. How can I make a cleaner for wall paper?

A. By mixing two cups of flour

and one tablespoonful of kerosene with enough water to make a stiff dough; then knead thoroughly. Use

like ordinary cleaner.

Q. How can I remove tea and coffee stains from china cups?

A. By dipping a damp cloth in baking soda and rubbing the stains.

MODERN MOM -- Vivian Brown, in private life Mrs. Robert Bolton, feeds her son, Anthony, healthy and happy even though Mom has a job.

Life Of Working Mother Is Rugged; But Is Worth While

By VIVIAN BROWN
AP Newsfeatures Writer

Every day is Mother's Day for the working mother.

There is never enough of the baby routine to put her dreaming fondly of distant places—high seas with her offspring is a precious jewel.

Days are spent tolerating the pessimists, those who mutter that you are missing the best years (or months or days) of your baby's life. . . . that nobody but mother can do the job. . . . that woman belongs in the home.

Then there are the juvenile delinquency episodes which always lasted, but today, of course, are blamed on the working mother.

Before the era of diaper service, automatic washers, freezers and push-button living, when the home needed commandering by Mom, these do-bunkers might have had a point. But those very chores in those days kept baby from getting personal attention anyway. Perhaps he didn't get as much loving care as today's working mother gives before and after her bout with the working world.

Early to bed and early to rise keynotes the working mother's day. Parties must be reserved for weekends when baby is tucked safely in bed.

My own day begins about 5:30 a.m., when Junior wakes. He is diapered, pampered and put in his

play pen to watch his breakfast of milk, egg, cereal and fruit prepared. He is cheery and lovable until that last bye-bye at 7:30.

He is waiting eagerly for us in the evening, has a small play period and gets a leisurely bath. He is put to bed and goes off to sleep happily.

A schedule and common sense are necessary to baby's regiment. He can't be pined for during the working day, nor should he share Mom with her job when she is at home. These are two separate wheels and they must work independently of each other.

A sweet beginning should have a sweet ending, so if the twig is bent carefully and surely you should have a jolly, contented youngster. Here are some suggestions which might prove helpful.

1. Obtain the best pediatrician's book available. Pocketbook editions are inexpensive and may be carried in the handbag. (Dr. Benjamin Spock's "Baby and Child Care," available everywhere, has been my guiding light.)
2. Choose your baby attendant astutely. If you can have the experienced hand of a mother or mother-in-law as I have, you are fortunate indeed. If you must hire a nurse look for one (a) experienced, (b) pleasant and affectionate, and (c) patient.
3. Be gentle with your child. Voice as well as hands should be soft. Some babies can't bear high-pitched sounds and the tearing of paper, or to be squeezed and poked when diapered.
4. Plan outings for your baby on weekends. Most babies enjoy car riding. Take him to the grocery store for a ride in the market basket. Visit children and other people, so he has a change of scenery occasionally.
5. When you put him to bed, make it a definite thing. Sing to him before hand and on the way to the crib, but once he's in his bed, put out the light and disappear.
6. Be sure he is well fed. If he isn't, he'll let you know it and be

irritable. Well-fed babies are happy babies.

7. Introduce him to strangers carefully. He'll object to people thrusting their heads into his playpen suddenly. But once he warms up to them he can be a charmer.

8. Be sure Daddy takes over some of the chores each day. Babies love the contrast of going from Mom's nimble fingers to Dad's strong hands. Make sure you give him the opportunity.

Accident Causes \$350 In Damages

An accident occurring Saturday afternoon caused an estimated \$350 in damages. A 1946 Ford driven by J. T. Gunnels was struck by a 1947 Chevrolet driven by Francis Gaetz when the Ford had stopped for the red light at Highway 60 and Main Street headed west. The Chevrolet was headed west, as was the Ford and failed to stop, running into the back of the first car. Gaetz was given a ticket and charged with following too close.

Spring Roses Is Topic For Garden Club

"My Spring Flower Show With Roses" was discussed by Mrs. John Jacobsen Jr., at the Hereford Garden Club session held Friday afternoon in the home of Mrs. C. F. Hardwick. Mrs. R. L. Criswell was cohostess.

Mrs. Jacobsen told how to feed roses to force blooms and said that after pruning, one can have a show in 45 to 60 days by feeding. If flowers get ready too soon, Mrs. Jacobsen recommended cutting and then wrapping in plastic and placing in the refrigerator until they can be shown.

A luncheon at the Methodist Church was planned for May 15. The arrangement for the day was made by Mrs. A. O. Thompson who used jonquils and daffodils. She explained the difference in the flowers and the difference in appropriate arrangements.

Members present were Mesdames R. L. Criswell, C. C. Ferguson, John Hacker, O. G. Hill, John Jacobsen Jr., J. H. Lomas, Ralph McCullough, E. Ramey, M. T. Rutter, S. S. Williams, E. Fridley, A. O. Thompson and the hostess.

ATTEND SCHOOL REUNION

Mrs. A. G. Bell and Mrs. W. H. Russell were in Gainesville Saturday and Sunday to attend a school reunion. They accompanied Mr. and Mrs. Roger Gist of Canyon who also attended the reunion.

The annual reunion is an outgrowth of the annual school picnic held by the Era school on April 21 since 1898. Now school mates from all parts of the U. S., together with their families, attend the reunion in Gainesville on the Sunday nearest April 21. Approximately 150 attended the Sunday reunion.

Mrs. Bell was joined there by her son, Lt. Col. Charles Bell, and his family of Wichita Falls; and a son, Daniel of Dallas. Dr. and Mrs. Jack Russell, also of Wichita Falls, met his mother, Mrs. W. H. Russell, there for the reunion.

Here Are Some Hints On How To Buy Carving Knife

One of the commonest causes of dissension in the average American home is the carving knife. When Pop starts to carve the roast and finds the knife dull, anything can happen.

How to select a knife that will keep a sharp edge is something that baffles the average housewife. To shed some light on this troublesome problem, Evelyn Andrews has compiled some pointers on how to buy a good knife. Miss Andrews is head of the consumer service department of the Carvel-Hall Cutlery Co. Her pointers:

1. The blade should be hollow and flat. Properly done, they should give equally good cutting edges. If you examine a well-ground knife edge under a high-power microscope, you will see a series of fine saw-teeth like the edge of a feather. When the knife gets dull, this edge bends over. If it is a good quality steel, a few light strokes with a sharpener will restore the edge. If it is poor quality steel, the edge probably is gone forever.

2. When buying a knife, draw your thumb and forefinger from the back of the blade to the edge.

1. The quality of steel determines the efficiency of the knife. Blades which take and hold a razor sharp edge are made of high carbon and vanadium steel. These are the knives preferred by chefs, and the blades have a gray look rather than the shiny finish of stainless steel. They have one disadvantage for the housewife—the blades may darken or rust if they are not wiped carefully after each use.

2. Stainless steel is easier to keep clean, but the edge doesn't last as long and is harder to restore.

3. Grinding determines the excellence of a blade edge. There are two main types of grinding—

the average kitchen is said by experts to consist of five basic knives as follows:

1. A 3 or 4-inch paring knife, for peeling potatoes and a dozen in-culinary uses.
2. A 6 or 7-inch utility knife, for slicing oranges, slicing tomatoes, and such chores.
3. An 8-inch cook's knife, for trimming meats, mashing vegetables, and many other uses in preparation of food.
4. A carving knife, for carving hot roasts and fowl.
5. An 8-inch narrow slicer, for making thin slices of cold meat, turkey and chicken.

To preserve the efficiency of your knives, store in a special knife holder. Never throw them loose in a drawer with other cutlery.

Dawn News

By BERTHA FRYE

Dawn had a good turn out for the inaugural trip of the Highway Post Office, which will operate between Amarillo and Roswell.

A number of the officials of the postal transportation service accompanied the bus and participated in the ceremonies. The bus was open for public inspection.

The third annual meeting of the stockholders of the Dawn Co-op will be held Friday, April 25 at 8 p.m. in the Dawn School auditorium. There will be a business meeting, also movies, entertainment and door prizes.

Mrs. Steve Bavouset of Friona spent Saturday night and Sunday in the home of her parents, Mr. and Mrs. A. T. Frye, while her husband, who is scoutmaster at Friona, attended scout activities at Camp Don Herrington at Canyon.

Mr. and Mrs. Chas. Corder were Clovis visitors Saturday. Pupils of the Dawn School will present an operetta at the school auditorium tonight, Thursday, April 28. There will be no admission charged.

Mr. and Mrs. Ray Morgan have moved to Umbarger. He is employed at the Dawn Co-op.

Mr. and Mrs. Clinton Jackson and family were Sunday visitors in the George S. Parker home.

The Senior and Junior Music Clubs of Dawn will present the operetta "Neath the Western Moon" at the school auditorium Thursday night, May 5.

Jeanne Lea Owen, two year old daughter of Mr. and Mrs. Jack Owen, spent several days last week in the hospital at Hereford. She was able to return home the latter part of the week.

Douglas May, son of Mr. and Mrs. Melvin May, underwent a tonsillectomy at the Canyon hospital last Tuesday.

Mr. and Mrs. W. J. Lueb and son Neil of El Paso spent Saturday night and Sunday in the Cecil Payne home.

Mr. and Mrs. W. J. Stewart and Mr. and Mrs. Zed Stewart were visitors Sunday with Mr. and Mrs. Irvin Clower in Amarillo.

Sunday guests in the Cecil Payne home were Mr. and Mrs. L. M. White, Mr. and Mrs. Dean White and Karen of Hereford.

Reports Heard By Council Members

Deaf Smith Home Demonstration Council met in the County courtroom April 25 at 2:30 for their regular meeting with Mrs. N. A. Brown, chairman, presiding.

Roll call showed 23 present with eight clubs represented. Dawn, South Hereford, West Hereford and Westway were 100 percent.

Mrs. H. S. Fuller presided as recording secretary in the absence of Mrs. Carroll Newsom.

Committee chairmen reporting were Mrs. R. J. Coleman, yearbook; Mrs. W. H. Goettlich, expansion - education; Mrs. R. C. Childers, marketing; Mrs. Ida May Vaughn, civil defense; Mrs. P. B. Sowell, parliamentary; and Mrs. A. E. Hodges, county THDA, assisted by Mrs. Edgar Telchik and Mrs. Leon Coffin gave a report on the District THDA meeting held recently at Spearman. Mrs. Hodges announced that the

Beauty At Home

Q. What treatment can I give my dry, dandruff-clogged scalp?

A. Brush and massage the scalp regularly, shampoo thoroughly and give hot-oil treatments. You should have two, stiff, clean hair-brushes with which to brush at least 350 strokes every single night. Brushing is the most vigorous exercise you can give your scalp, and it does wonders for the blood circulation. Drink plenty of water when you wake up, at meals, and before retiring. It's good for both skin and scalp.

Q. How can I treat enlarged pores on my nose?

A. Bathe the nose regularly with lukewarm water and borax.

Q. Please suggest a good, cleansing "homemade" facial mask.

A. Raw oatmeal, mixed to a paste with milk, is very good.

Q. My face is overly long. How can I soften its appearance?

A. Curving the eyebrows slightly will tend to soften the length and angularity of your type of face—place rouge from cheekbone and down the outside of the face. Keep your coiffure soft and fluffy at the sides, and somewhat low at the back.

Q. How can I add more softness to my hair?

A. Try adding a half-cup of vinegar to the last rinsing water, after your shampoo.

Q. What makeup helps de-emphasize freckles on one's face?

A. A darker shade of face powder, blended with the freckles, helps.

Q. How should a large and rather heavy type of face be roughed?

A. Very sparingly, for too much roughing of this type of face is unattractive. Rouge should be applied with an upward-downward motion, and the rouge should come well up to the outside corners of the eyes. Keep a white, waste space in front of the ear.

Q. How can I make a bath powder that will be especially good in hot weather?

A. Just mix equal parts of cornstarch and talcum.

Q. What treatment can I give my eyelashes to make them darker?

A. If you will clip the ends of the lashes carefully and slightly every two months or so, it will have a tendency to strengthen them and stimulate their growth, thus darkening them. Petroleum jelly is also good for both eyebrows and eyelashes.

Q. How can I mix a soothing and mildly bleaching cream for my skin?

A. Chop and boil a large cucumber, and strain the juice through cheesecloth. Melt an ounce each

of white wax and spermaceti in four ounces of oil of sweet almonds or fine mineral oil. Warm three ounces of the juice and add. Your cucumber juice should be thin or the cream will be too stiff. If it comes out too thick, add another ounce.

Q. How can I preserve brooms?

A. Put a liberal quantity of salt in a bucket of water and bring to a boil. Soak the brooms in this solution about every two weeks and the straws will not become brittle.
