Wide Range of Organizations Offer Fun, Education For Youth

By CORINNE JENNINGS

Herefordites have long been proud of the outstanding records of success and the personal appearance of their boys and girls. What lies back of these records?

It could be one, or a combination of many things offered in our community that answers the question.

The natural healthy climate along with a soil and the water which transfers health qualities to the food products raised here perhaps do much toward the good appearance.

Good home conditions, fine schools and churches furnish the background for mental and spiritual qualities needed in character building.

Wide Range Of Organizations Not so well known is a wide range of organizations, clubs and agencies which offer a variety of aids, training, counsel and educational entertainment to the youth of the community.

Classified, these organizations will fall into the outline being followed by the Parent Teacher Association for this year's study, diet, safety, entertainment, international relations and school

relations.

Outstanding in the diet program are the three school cafeterias. Established under Texas School Lunch Program, the central school, the high school and the Catholic school offer one balanced, hot meal a day to children while in school. Milk is furnished with the meal if desired.

The year 1947-48 report showed over 91,000 meals served at a cost of 20 cents to the central and Catholic schools and at the high school for 25 cents. Five thousand free meals were furnished to those unable to pay providing one good balanced meal each day.

The state gives seven cents toward each meal but the cafeteria must be self supporting beyond this amount and yet not be a profit making setup. Mrs. Dyalitha Brady is chairman of the Cafeteria committee.

Two Groups Stress Safety In the safety bracket are two organizations. Water Safety, whose chairman is L. H. (Bud) Brady, is sponsored by the American Red Cross. A senior group in life saving has been completed, one in junior and a second senior group is in training this week. These classes were timed with the opening of Hereford's new pool.

The second is a safety class which will be taught in school this year by Pat Sullivan, the automobile driver's class. Statistics show the percentage of auto accidents is 89 per cent in the school group which is the highest rate of accidents in any age group.

Clubs for entertainment are so numerous in Hereford that it has often been said that the town is over organized. Parents and young people alike belong to one or more clubs, as a general rule.

Education and entertainment organizations offer a wide range in choice to Hereford's young people. Through the school, the Future Farmers of America for boys under the direction of W. J. (Bill) Stanford, and for the girls, Future Home-makers of America under the direction of Mrs. Don Little are outstanding in results they are obtaining.

Religious Theme in HI-Y

Another school organization with a religious theme is HI-Y for boys directed by Pat Sullivan, and Tri-HI-Y for girls, under the leadership of Miss Sadye Rigler.

Local lodges sponsor the Rainbow Girls under the direction of Mrs. W. C. Hromas, and the boys in the De Molay order are guided in their work and study by W. A. (Bill) Phipps, "De Molay Dad," or chapter advisor.

An entirely different kind of training is offered to boys of different age groups through the Boy Scouts, with their county commissioner Urllin Streu assisted by Dr. Milton Adams, Bill Phillips, L. H. (Bud) Brady, Pete Davis and Jimmie Hendrick.

Camp Fire Girl training offers to the girls what the boys get from Boy Scout training. Mrs. Urllin Streu is a leader of long standing as is Mrs. Bob Wilson one of the guardians. They are assisted by Mrs. Earl Plank, Mrs. Leroy Aven, Mrs. Guy Lawrence, Mrs. Elmer Patterson, Mrs. O. V. Brantley, Mrs. Francis Hill, Mrs. George Heard, Mrs. Frances Houston, Mrs. Milton Adams, Mrs. Jack Brown, Mrs. W. L. Davis Jr. and Mrs. George Suggs.

Long Waiting List

There is always a waiting list of youngsters eager to join these two organizations who are denied or delayed in joining because of a lack of adult leaders.

Four-H Clubs for boys and girls are becoming more numerous, with new clubs being organized in the different communities. For the boys, county agent, Hugh Clearman is their co-worker and for the girls, the home demonstration agent, Mrs. Argen Draper is their guide in the club.

For international relations, the Junior Red Cross offers a program beginning with the grammar grades through high school. Letters, gifts and projects are worked out with countries overseas toward furthering of good will. And good will at home is encouraged through gifts made and sent to hospitals.

Mrs. Lady Heads

Mrs. Cecil Lady is the new Junior Red Cross chairman. Three high school students have attended a special school of training in Clear Fork, Ark. in order to assist with the program in school. Dan McLallen, Ronnie Durham and Inez Tucker are the trained young people in this work.

Community welfare includes several phases important to our youth. Boys Ranch is a district project but holds a strong local interest. Deaf Smith County is one of the Ranch's strongest supporters. Earl Smith graduated from the school and Ranch this spring and plans to attend high school here this year for post graduate work. Two other Hereford boys, Earl and Gene Pfx are still at the Ranch. Lyle Blanton of Hereford is one of Boys' Ranch directors.

Deaf Smith County Welfare office under the supervision of Mrs. Dyalitha Brady is headquarters for aid, consultation and referral for cases needing to go to institutions for the blind, deaf and otherwise afflicted or underprivileged children as well as adults.

Under her direction too, is Hereford Texas Federal Credit Union which encourages consistent saving by the young and old alike. Provident and productive loans are made to members. Many young people have had educational loans through this organization.

Free Examination At Clinic A Crippled Children's Clinic sponsored by a council of that name offers an examination by some of the best doctors in the state to crippled children of the community, free of charge. The clinic is held in Amarillo the first Saturday of each quarter.

A free T. B. Clinic is scheduled here at a date to be announced later by Dr. Millard Nobles. Old and young alike will be encouraged to have X-rays made at that time. The T. B. Clinic Caravan is being sponsored by the state. As healthy as our climate is, two cases were sent to

PERSONALS

Guests the past week of Mr. and Mrs. D. H. Alexander have been their son, Burl Alexander, and family of Fort Worth, their daughter and her family, Mr. and Mrs. Joe Hudson and daughters of Seagraves, and Mr. and Mrs. Bland Burson and son Joe of Channing, N.M. Mrs. Burson is Mr. Alexander's sister.

Highlight of the visit was the birthday celebrations last Sunday for Sunya, six year old daughter of Mr. and Mrs. Burl Alexander.

Miss Jo Anne Jett and Mrs. W. C. Hromas attended a Friendship meet of chapters of the Order of Rainbow for Girls held in Olton Tuesday night for chapters of the organization in that area. Miss Jett is a past worthy advisor of the local order and is now grand representative from Alabama to Texas. Mrs. Hromas is mother advisor of the local group.

Mr. and Mrs. George Graham and children spent the past weekend visiting with old friends in Phillips.

San Antonio last year. Deaf Smith County P. O. Chapter reports 11 cases of polio since 1941. One case last year cost the chapter over \$3300.00 and the case is still hospitalized. Two cases were hospitalized in 1948. Financial aid is given only when needed said Paul Harvey, chairman of the chapter here, advice and information are gladly given when needed.

The State Department of Public Welfare under the supervision of Norman Whisenand offers a service to the underprivileged child through Aid to Dependent children. This is a small grant which the state allows children when one or both parents are disabled or deceased.

Local Student To Participate In Workshops

A special invitation has been received by Miss Virginia Ruth Lyons of Hereford, to return to Stephens College, Columbia, Mo., for the annual campus leaders conference Sept. 7. As social chairman and senior sister in North Hall, Miss Lyons will participate in planning sessions and leadership workshops which precede the official Sept. 13-17 registration period at the college.

All student leaders attending the conference have been invited by President and Mrs. Homer Eric Rainey to attend a formal evening reception honoring new members of the Stephens faculty in Lela Raney Wood Hall on Sept. 10.

With the arrival of the entire student body scheduled for Sunday, Sept. 12, the 116th year in the history of Stephens College will officially begin with an all-college convocation Monday evening, Sept. 13. Several nationally significant campus institutes concerned with "Women as World and Community Citizens" will highlight the college year. Scheduled to be housed in Stephens' new 3,500 seat Assembly Hall, these conferences will attract educators and civic leaders from throughout the nation.

Christmas Party In August Is Success

The Woman's Society of Christian Service of the Methodist Church received a huge response to its invitation to attend a Christmas party in August Wednesday afternoon at the parsonage.

Hostesses for the occasion were Mesdames Don Davidson, Dennis Barnard, Earl Plank, Forrest Minton, Noah Ewton, and Mary Seigler. Mrs. Forrest Minton poured punch.

A red and green Christmas theme was used in decorations and the featured gifts were for three Methodist minister's families in Europe. Mrs. J. F. Ward, supply secretary, will arrange and send the boxes to Europe and those desiring to add gifts to the collection may do so by taking the gifts to Mrs. Ward.

The regular monthly study program was presented with Mrs. R. P. Conaway in charge of the worship program and Mrs. Lee Benefield directing the study. Mrs. Benefield was assisted by Cherry Ann Forrest, Kitty Budlong of San Antonio, and Mary Sue Postelle of San Juan, Puerto Rico.

The regular monthly Fellowship Luncheon will be held next Wednesday at the church. A program on "The World Council of Churches" will be presented.

Miss Lyons is the daughter of Mr. and Mrs. Frank P. Lyons, 511 Jackson.

MRS. ALBERT WARREN OWEN

Baptist Ceremony Held To Unite Miss Juanita Kelley, Warren Owen

The marriage of Miss Juanita Kelley, daughter of Mr. and Mrs. A. M. Kelley and Albert Warren Owen, son of Mr. and Mrs. G. P. Owen, took place Sunday afternoon in the First Baptist Church.

Rev. R. H. Cagle read the ceremony before the altar banked with yellow and white dahlias and gladioluses. Greenery interspersed with seven-branched candelabra holding white tapers, and yellow asters completed the background. Candles were lighted by Judy Kay and Doris June Owen of Dewitt, Mo.

Before the entrance of the bridal party, Sam Allen of Wayland College, sang "Indian Love Call" accompanied by Wayne Evans, organist, who also played the wedding marches and accompanied Mr. Allen as he sang "The Lord's Prayer" in conclusion of the wedding ceremony. Ushers were Gwynne Owen of Littlefield, and G. P. Owen Jr., brothers of the bridegroom.

Sister Is Only Attendant
The bride's only attendant was her sister, Margaret Lee

Motor Vehicle Accidents Top List Of 1947 Fatalities

CHICAGO—Style change in accidents, as well as in clothes. This is shown in the 1948 edition of "Accident Facts," statistical yearbook published by the National Safety Council.

The figures show falls were the commonest type of fatal accident 35 years ago, with railroad accidents running second. Last year, motor vehicle ac-

bridgegroom wore his high school graduation shirt which had also been worn by another brother at graduation and which had been worn by two brothers at their weddings.

Reception Is Held
A reception was held in the church following the ceremony and refreshments were served from a table laid with a lace cloth brought from Brazil. Flowers and other appointments for the table carried out the yellow and white theme. Mrs. E. Ward Jr., poured punch, Miss Bess Hager served cake and Mrs. Gerald Wilson assisted guests in signing the bride's book.

After the reception the couple left for a wedding trip to points in Colorado. The bride's going-away costume was an eggshell gaberdine suit worn with gray felt hat and gray accessories.

Both Mr. and Mrs. Owen are graduates of Hereford High School. She has been employed in the O. A. Thompson Abstract Office for the past four years. Mr. Owen served four years in the Coast Guard during the war. At present he is employed at Acme Cleaners.

Out-of-town guests at the wedding included Mr. and Mrs. Lester Kelley and Beverley Sue, and Mr. and Mrs. Gwynne Owen of Littlefield, Mrs. Lillie Mae Davis, the bride's grandmother, of Floss, Okla., Mrs. Emma Mandrell, Frederick, Okla., Mr. and Mrs. R. A. Kelley, Bob Kelley, Mrs. Joe Wilson, and Mrs. Lula White, all of Bovina, Mr. and Mrs. W. E. Mandrell and Freddy of Mayfield, Okla., C. D. Mandrell of Mayfield and Mr. and Mrs. Jack Owen and daughters June and Kay of Dewitt, Mo.

Miss Buckner and James Suttle Wed

The Baptist Church parsonage was the setting for the marriage Monday morning of Miss Jessie Ann Buckner, daughter of Mr. and Mrs. J. J. Buckner, and James Suttle, son of Leroy Suttle, all of this city.

Rev. R. H. Cagle, pastor, performed the double-ring ceremony. Attendants were Mr. and Mrs. J. R. Euler.

The bride wore a stone blue street dress with brown accessories and a corsage of white rosebuds. Mrs. Euler wore a simple gray dress with corsage of white roses.

Upon their return from a trip to points in New Mexico, the couple will make their home in Hereford. She is employed at the Southwestern Public Service Company and Mr. Suttle is associated with Charles Shipley in farming.

idents topped the list, falls were in second place and railroad accidents had dropped far back down the list.

Here are the major types of fatal accidents in 1913 and in 1947, as shown in "Accident Facts." They are listed with the worst killers first, and on down the scale.

Pre-nuptial Parties Given For Couple

Among the pre-nuptial parties given to honor Mr. and Mrs. Warren Owen who were married here Sunday was a dinner given in the home of Mr. and Mrs. Gwynne Owen of Littlefield.

Places were marked for fourteen with cards bearing the wedding date (August 22) attached by ribbons to a centerpiece of red candles and pyramids.

Those attending were the bride couple, Mr. and Mrs. G. P. Owen, Sr., Mr. and Mrs. Malcolm Cassels, Mr. and Mrs. Jack Owen, Mr. and Mrs. Gerald Wilson and the hosts.

The rehearsal dinner was held at the home of Mr. and Mrs. J. B. Harlin Sr. Saturday evening.

Shower Honors Recent Bride

Mrs. Lilburn Hamilton, a recent bride, was complimented Tuesday afternoon at a shower given at the clubhouse. Hostesses were Mesdames; S. J. Barclay, Otto Olson, Mary Bodkin, Misses Sara Beth Owen and Ruth London.

Mixed garden flowers in a variety of colors decorated the clubrooms and the lace-laid refreshment table was adorned with pink roses and pink tapers. Appointments were in crystal. Sara Beth Owen poured punch and Virginia Owen presided at the guest register. Entertainment consisted of informal music.

Those registering were Mesdames; Homer Hamilton, George Robertson, H. C. Owen, Elvin Wilson, Melvin May, A. J. May, Alfred May, C. E. Hood, G. W. Duncan, Homer Brumley, Gerald Gol-lehon, Herman Meyer, G. W. Brumley, Roger Brumley, Roy Thompson, W. I. Valentine, H. E. Pettyjohn, B. E. Brumley, Ruby Virden, W. M. Megert, E. D. Hopson, Louie Olson, W. C. Hromas, W. O. Witherspoon.

Misses; Betty Hamilton, Ruby and Inez Barclay, Virginia Owen, Kathryn Davis, Audrey Hood, Nettie Hood, Pat Frye, Jerry Patterson, Joan Witherspoon, Reba Dones, Donna Jean Stagner, Betty Kathryn Hodges, Mary Helen McGilvary, Earline Phillips, Edna Marie Harris, Emmarie Turner, Elaine Thompson, Donna Jean Stagner, Patsy Wiltshire, Gayle Foster, Joyce McGee, Mary Katherine Carroll, Martha Thomas, Bettye Jo Carnahan, and Nancy Gayle.

Mr. and Mrs. Jess Shaw of Henrietta, and Bill Shaw of Dallas were guests of Mrs. I. I. West this week. Mr. and Mrs. Shaw are her parents and Bill is her brother. They accompanied Reeford West to his home in Amarillo where they will visit a few days.

SPOTLIGHT ON SPORTS

By Homer Fox

The Story of Baseball

Some say that a game called "baseball" was played in America and in England before 1839, but

the popular tradition has it enshrined in the Hall of Fame and in the National Museum of Baseball to the credit of Abner Doubleday, of Cooperstown, N.

He "invented" the game in 1839, but its growth is associated with the close of the Civil War.

Soldiers returning home from the war spread the game they had learned to play in camps. The whole country was playing baseball. The Cincinnati Red Stockings were the first all-professional team, and in 1889 they played and won 64 games. The same size and weight of the present baseball was adopted in 1872. The National League was organized in 1876. The American League came into being in 1901. These two leagues appointed Judge Kenesaw Mountain Landis to be Commissioner of Baseball in 1921, and he served in this capacity until his death in 1944. There have been few and minor changes since the pitching distance was changed to 60 1/2 feet in 1893.

Soldiers returning home from the late war found few changes in the "old home town", but there's lots to be seen today... especially in men's clothing... at the Fox Man's Shop, center of sportsmen in Hereford. Have you seen our stock of Justin Boots?

West Texas C of C To Oppose Writing Of New Water Laws

Ablene-West Texas will vigorously oppose the writing of new water laws, recently proposed at a meeting in Austin, which stand as a threat against municipal and domestic needs for water, it has been announced following a meeting of the water Resource Commission of the West Texas Chamber of Commerce here.

In a declaration of principles the commission went on record in strenuous opposition to that section of the proposed code which provides that all previous appropriations of water shall now be regarded as "vested right of priority."

This, it was pointed out by D. A. Barden, general manager of WTCC, is wholly in conflict with present laws, which allow a city, town or municipality to recover from other inferior users all water necessary for domestic purposes.

"The new proposal makes worthless our municipalities' present superior rights, and such West Texas waters as are now being used for big industries and rice growers on the Gulf coast can never be recovered for our own use," it was pointed out in the committee's declaration.

The entire WTCC water commission came here for the meeting. It is composed of Winfield Holbrook, Plainview, chairman; James N. Allison, Midland; W. O. Fortenberry, Lubbock; C. E. Combes, Stamford; and Charles South of Coleman. Homer Hunter, WTCC consulting engineer,

also was present.

The group is making its report to President C. P. Dodson and the executive board, following the proposals recently offered for a revision of the Texas water code, by the Texas Water Conservation Association.

"That part of the proposed surface water code, which gives the present big dams the right to appropriate the ordinary flow, underflow, storm, flood or rain waters in amounts and quantities equal to the holding capacity of such dams' over and above the right to impound water for domestic purposes," is opposed by the group as "in conflict with Article 7472 which gives our municipalities the unquestioned right to recover the unappropriated for inferior uses."

"On our Brazos and Colorado watersheds where appropriations are now nine times as large for hydro-electric power purposes as for domestic and industrial purposes; combined, it means that hydro-electric activities must first be carried on before our West Texas communities and cities can have their drinking water."

The proposed law treating ground water as property of the state also was attacked. "In line with our previously adopted declaration of principles, we recommend opposition to this proposed groundwater code until more facts are available on sources, depletion and replenishment of ground water, and until ground water can be treated

Q—What exactly will the man who registers have to do on the date set for his registration?

A—He will report to the nearest registration point set up by his local board between the hours of 8 a. m. and 5 p. m. to answer questions on a registration form which will be asked by registration officials.

Q—How long will this registration take?

A—About ten minutes usually.

Q—What questions will be asked?

A—Questions as to name, age, mail address, telephone number, employer's name and address, place and date of birth, citizenship, name of a close relative.

Q—Is a physical description required on the registration blank?

A—Yes, Race, height, build, color of eyes and hair, complexion, and obvious physical defects will be noted.

Q—Will the registrant swear to his answers?

A—Yes. After the form is filled in, the registrant will read the answers back to the registrar; he will then sign the form with the declaration that his answers are true. The registrar will sign the form also.

Q—What proof will the individual have that he has registered?

A—After the form is filled in, each registrant will be given a certificate showing that he has already registered.

Q—Will it be necessary to keep these registration certificates?

A—Yes. The certificates must be carried at all times.

Q—Will it be the duty of all registrants to keep their local boards informed of changes of address and status?

A—Yes. If he changes his address, it must be reported. If his status, for example, changes from that of a single man to married man, that fact must be reported.

Mrs. Barrett Hostess For North Hereford Club

Mrs. Fred Barrett was hostess to the North Hereford Home Demonstration Club Thursday afternoon. Mrs. Louie Olson led recreation activities. Roll call featured ways of cleaning furniture.

Mrs. Tom Draper, CHDA, talked on organization of recipes for efficient homemaking and demonstrated cleaning upholstery.

The next meeting will be held on September 2, in the home of Mrs. R. T. Richardson.

Refreshments were served to Mesdames; Oscar Vaughn, J. T. Richardson, Earl DeHart, M. H. Koelzer, Louie Olson, Grady Parsons, Tom Draper, Otto Olson, H. E. Pettyjohn, Fred Saltzman, Frank Brinkman, J. E. Childers, Mary Bodkin, George Parker, C. L. Whitehead, L. C. Jenkins, Richard Barrett, Katherine Kahle, Paul Hoff, R. A. Fullwood, the hostess and Misses Nelda Patterson and Kay Albracht.

from the fundamental principle of the doctrine of correlative rights than on a state ownership basis," the group said.

Opposition also was expressed against rewriting the entire water laws of Texas, which would void the WTCC-Wagstaff-Woodward measure which now gives full protection to domestic users. It was pointed out that such revision would mean unnecessary litigation, because these provisions already have been construed.

While opposing these several actions, the group went on record as favoring a reorganization of the State Board of Water engineers, but pointed out that any newly created board should represent the public interest "and be wholly divorced from water use authorities."

Jolly Girls 4-H Club

Jolly Girls 4-H Club met with Peggy Erwin recently with Francine Hill conducting the meeting.

Joyce Epling gave an introduction to the demonstrations which will make up the programs to follow, with the assistance of Mrs. Tom Draper, CHDA. Geraldine Paschel told of her trip to Carlsbad Caverns. During the business session Peggy Erwin was named assistant secretary to fill a vacancy.

Refreshments were served to Laudine and Francine Hill, Mary and Geraldine Paschel, June and Peggy Erwin, Doris Story, Ann Gallagher, Joyce Epling, Ann Dyre, Mesdames; Dyre, Draper and Erwin.

HOW FARSIGHTED ARE YOU MR. PRODUCER?

The sharp-eyed Indian... the Salt with his glass... the Stargazer through his high powered telescope... None of these are more farsighted than we as wheat producers on the High Plains must be.

Look to future premiums! Avoid future discounts. We all know that cash returns per acre of wheat are definitely highest with the new, improved, recommended varieties. So let's cooperate in sowing these varieties; next year there is definite possibility that undesirable types now going to export markets may be discounted or avoided entirely.

Seventy per cent of today's bread is baked in commercial bakeshops that use mechanical mixers and require strong gluten varieties of wheat. Housewives will not accept poor bread at any price. Texas wheat growers today know they must grow strong gluten varieties to improve the demand for their wheat.

Comanche and Westar are ideal for the South Plains and the Panhandle. Wichita is the best for the early territory. We have some pure seed of these varieties. First come, first served. Bring in your old wheat—take home pure seed of the kind the mills will buy.

Two Are Honored On Birthdays

A father and son were honored Thursday night August 19, when Mrs. T. W. Roberson entertained at a birthday supper party for Mr. Roberson and their son Hicks. The son's birthday was August 10, and the 19, marked the day for Mr. Roberson.

Those attending were Mr. and Mrs. Jack Knox, Mr. and Mrs. Gerald Gollehon, Mr. and Mrs. Floyd Coker, Mr. and Mrs. Hicks Roberson and son Douglas, Donald Roberson, and Mr. and Mrs. T. W. Roberson.

One of the most colorful of the attractions of the "Water Follies of 1948" at the Panhandle South Plains fair in Lubbock Sept. 27 through Oct. 2 will be the "Aquabelles," ballet of 16 bathing beauties, who are pictured in one of their intricate routines. They perform in a pool 75 feet long and 35 feet wide. The Water Follies will be the night grandstand attraction during the fair.

Big Time Vaudeville Acts To Insure Variety At Water Follies Show Of South Plains Fair

LUBBOCK—Several big time vaudeville acts will insure variety of performances of the "Water Follies of 1948" which will be the night grandstand attraction at the Panhandle-South Plains Fair in Lubbock Sept. 27 through Oct. 2, officials of the Fair Association announced this week.

Singing, dancing and acts of daring, precision and skill will be included in the two-hour program which will feature performances by nationally famous aquatic stars, including a water ballet of 16 bathing beauties known as the "Aquabelles."

One of the singing stars will be handsome Danny Southern, 24-years old, 6-foot-2 tenor who has been signed for Hollywood at the completion of his present tour. Dainty Loree Layne will be the featured songstress. Miss Cecil Lewin will appear in ballet numbers and Gene Cooper is a specialty dancer who has been featured in numerous Broadway productions. The Three Aces, a Cuban hand-balancing trio, will present an act which is termed the most difficult and spectacular of its kind now on tour, while comedian Lenny Laden will provide plenty of laughs with his impersonations as he functions as master of ceremonies.

While the variety program gives every assurance of being the most entertaining ever presented in this portion of North-west Texas, the big feature of the show naturally will be the aquatic performances. For this part of the show, the Follies have signed the most imposing array of swimming and diving champions ever to be taken on a national tour.

Among others in the cast are Eddie Rose, swimming and diving clown who has been seen in innumerable motion pictures and has given hit performances in practically every city of importance in the country. Others will include Roger Nadeau, New England diving champion; Charles Diehl, world heavyweight diving champion; Emile Hott, Canadian acrobatic and fancy diving champion, and Peter Fick, one of the world's fastest swimmers who has broken many records. Also appearing in stellar roles will be the beautiful Fitzsimmons sisters, granddaughters of former world's heavyweight boxing champion Bob Fitzsimmons, who have created an act of grace and beauty called "aquabatics."

The magnitude of the whole production, the largest of its kind ever to appear in the Southwest, is indicated by the "props" it carries. The huge stage, for example, will be almost a city block in length. Set into it will be two pools—one 75 feet long and 35 feet wide for the ballet and other exhibitions, and the other will be 45 feet long, 35 feet wide and eight feet

School Bells To Be Ringing Next Month For Students

About this time of year is filled with entirely different way of new experiences. They school bells are awakened from their summer sleep and begin to ring again all over the land. Little tinkling bells and big blaring bells announce in clear and welcome tones that its time for young America to go to school again. Memory's Lane

No wonder the five husky boys pictured below are grinning from ear to ear. It will be their very first experience with those bells. They are all six years old and as handsome a group as was ever greeted by a "school marm." At the upper

left is Douglas Ford, son of Rev. and Mrs. Roy Ford, and just beneath him are Jimmy Conkwright, left, son of Mr. and Mrs. Colby Conkwright, and Jimmie Fowlkes, son of Mr. and Mrs. J. R. Fowlkes. At the top right is Larry Edwards, son of Mr. and Mrs. G. W. Edwards, and mounting the man-sized bicycle at the lower right is Stephen Lingenfelter, son of Dr. and Mrs. Robert Lingenfelter. She is Paula Sue Moore, 6, and Gail is a seventh grader, whose older sister, Charlotte, 8, is tying her shoe. They are the daughters of Mrs. C. F. Moore. Happy days are here again for the hundreds of boys and girls in Hereford who will thrill to the bells in answer to their call.

"It Won't Be Long Now"

Counting off the remaining days until school starts is providing good finger-work for Douglas Ford who firmly believes all his troubles will end with that first day of school. Because, when a guy is old enough to go to school his Dad and Mom can't continuously be reminding him that he is too young for this or that.

"Is That Shoe Untied Again?"

Photos By W. H. Patton
Paula Sue Moore expresses her keen delight at the prospects of school with a wide smile. Her sister, Charlotte, is busy with a last minute check-up of Paula Sue's attire, re-tying the new sandals that didn't look just right. Charlotte has already given the gay little school frock, that Paula is modeling just for fun, the once-over and seems to be telling the younger sister that "if you go to school with me, you have to look nice."

"Just Watch My Smoke"

Larry Edwards has the edge on the other six-year-olds because he had started to school in Oklahoma before moving to Hereford last spring and was allowed to continue here. He is not quite so excited as the others but he was badly disappointed that first day of school in Oklahoma. When he returned home at the day's end he told his mother he was afraid he had pulled a "bum" teacher for, as he put it, "I couldn't read a line when I went to school and now after all these hours, I still can't read." He is all set and ready to go again, as the picture shows.

"Why Should I Walk When I Can Ride"

Stevie Lingenfelter expects to ride his bicycle to school every day, and to Sunday School too. He can hardly wait for that first day but he is feeling a certain amount of dread about the whole thing. Recently in confidence, he told his mother, "I can't read a line, all those letters look jumbled up to me and I'm afraid that teacher is going to think I'm pretty dumb." Stevie is a newcomer to Hereford and likes everybody and everything, including the new swimming pool.

"Now You Be A Good Dog"

Glenna and Gail Gault seem to be giving their Cocker Spaniel, Duke, some final instructions. They know the score when it comes to school and Glenna warns that under no conditions must he follow them to school. Duke feels pretty bad, for he knows lonesome days are ahead, but he will have to abide by the rules. He can't go to school.

"Do You Hear Those Bells?"

These two fellows posed for the camera in their new school clothes. They are so proud of them. They have been ready for school bells to ring for a long time. Jimmy Conkwright (left) would rather ride his pony than eat and he is a little sad about giving up some of his many trips to the ranch with his Dad, but he made sure that he managed his G-I haircut well in advance just to be certain that if the new teacher were so inclined there would be no hair-pulling of his curly head. And Jimmie Fowlkes shows off the beautiful new long pants. He never expects to wear his well-washed shorts again. He has one problem, however, that will have to be worked out, for when his older sister reminded him that he might have to sit by a girl he replied, "Well, I don't want to go to school that bad! Besides when you wear long pants you don't have to do any thing."

Legion Drubs

(Continued from Page 1)
crashed a hot single over short to score Stagner and G. Loerwald. Clay lined out to catcher, leaving one hit by pitcher, three walks, one error, one hit and four runs. The score was 5 to 4, Tucumcari.

Bill Stengel settled down and burned 'em in the next three innings. No hits and six strike outs were recorded.

Graves, the visiting pitcher, also settled down, leaving two singles in the second by Bill Stengel and H. Loerwald, and one double in the third by Caraway. But Hereford tied the score in the fourth, when after two outs, H. Loerwald tripped into left and Koelzer scored him with a single.

Tucumcari came right back and went one up in the fifth. Moreland a left handed lad that played a lot of first base for the visitors, tripped into left field and scored on Robertson's single into center, leaving Tucumcari 6, Hereford 5.

The fighting Legionnaires it all yet. Then came the first in the sixth tied up the game of the ninth for Tucumcari and up again. Merrill, batting for "wham", they scored the stuffin Clay, was safe on an error by out of us. Jiminez, first man up, center, Stengel singled down was out short to first. Then the

third base line, Harold Loerwald doubled into left center scoring Merrill and Stengel was out at third. Barrett, singled, Stagner was out third up again 6 all. Stan Barrett elbowed for the Legion in the seventh with the score tied. Moreland singled, Jennings doubled scoring Moreland; Jennings stole third, Maland; Jennings stole third, Robertson flew out to right and Jennings was out at home trying to score, and here we are again one run behind, 7 to 6-Tucumcari. All the locals could do in their half of the seventh was a single by Hardy. Barrett set 'em down in the first of the eighth. Then came the eighth for Hereford, and "wham" we took 'em. Bill Stengel, first man up for the Legion, singled for his third of the game. Harold Loerwald singled for his fourth hit of the game (how are you gonna beat that kind of ball playing), Stan Barrett singled, then Stagner knocked a stinging double into left field to clear the bases and win the game, 9 to 7.

But wait, you "Aint" heard it all yet. Then came the first of the ninth for Tucumcari and up again. Merrill, batting for "wham", they scored the stuffin Clay, was safe on an error by out of us. Jiminez, first man up, center, Stengel singled down was out short to first. Then the

visitors first baseman singled for his fourth time of the game. Jennings was an easy out to second, Stevenson slapped a double into left scoring Moreland, Robertson was an easy out, pitch to first, making the score Hereford Legion 9, Tucumcari 8. Harold Loerwald set the pace with the bat with two singles, one double and one triple for four times up, Stan Barrett made it two for two and Bill Stengel was a close second with three for four. Moreland, Tucumcari first baseman, was the locals biggest headache with the bat getting four for four and scoring four runs.

It was a good night for the wolves, with John Winkler playing "old blind Tom" calling them wrong behind the bat, and old fence busting Carroll making all the mistakes on the bases.

The complete schedule for the remainder of the week is as follows:
Monday night—Dawn vs. Veterans of Foreign Wars; Firemen vs. American Legion.
Tuesday night—American Legion vs. Firemen; VFW vs. Dawn.
Wednesday night—Dawn vs. VFW; Firemen vs. American Legion.
Thursday, Friday nights—The winner will start a three out of five playoff.

director of the Christian Encampment that its facilities were available in case of emergency. In fact, the boys were only about a hundred feet from showers with hot and cold running water. This idea did not please them. They even had an electric light to flood the camp area at night.

Wednesday night was stunt night. The prize winner was the Eagle Patrol who did a take off on Robert W. Service's "The Shooting of Dan McGrew," to an audience of boys gathered around the fire. Assistant Scout Master, Bobby Davis, was in charge.

An unpainted bench was the piano which pianist Tommy Woodford pounded unmusically while "the boys" were gathered around Dangerous Dan at the table. Dan, alias Kenneth Brock, with a prospector's beard, was being entertained by the Lady that's known as Lou, alias Tommy Culpepper, complete in high heels, black skirt and blonde wig, when in staggered the stranger alias Ray London.

Shrieks and giggles plentiful As Scoutmaster Phillips read the famous old narrative, the ending as Dan and the stranger boys pantomimed the action, polished each other off accompanied in this case by shrieks from the audience and giggles from the players.

Friday night was the highlight of the week's festivities as the new boys were initiated into the troupe.

The new, now official troopers, are:

Jimmy Nunnally, Lawrence Davis, Terry Kirby, Kenneth Brock, Lonie Cardinal, Tommie Culpepper, Jim Wilkins, Bill McMillian, Robert Schroeter, Richard Pinkert, Melvin Lomenick, Johnny McIver, Douglas Hicks, Ray London, Tommie Woodford, Lanny Wilkins, Dwayne Wallace.

The boys couldn't decide what had been the most fun on the trip. Some liked the swimming best. Nothing like a cold water plunge at six in the morning to wake you up. Some liked the hiking best. Tuesday on a compass reading drill the boys had walked the length of the canyon climbed over the rim and returned to camp.

Plan Mountain Climbing Saturday they broke camp about four and pulled out over the rim taking their experiences at their first camp with them. Next year they are eligible to go to mountain camp and are extremely enthusiastic about however, do not share their prospects. Their leaders, however, do not share their viewpoint at this particular time.

As the Scoutmaster said, "The boys were there all week; the leaders were there, all week."

Most of the homesteads had been cleaned. "We want to express our appreciation to the citizens who worked so well to clean up their grounds," said committee chairman Buckalew. But the major problem encountered by the group was the untended vacant lots over town. Although they frequently did not harbor the filth found in certain areas of the community, there were so many weedy lots, the committee believes they constitute one of the major hazards as spraying these areas will be comparatively unaffordable.

Since the spraying apparatus, originally scheduled available Saturday was not obtained, no other definite date has been set.

Objective Places Listed
A list of the most objectionable places was drawn up and given to the city marshal. He said a later check would be made to see if filth conditions had been alleviated.

According to the committee, the inspection trip revealed the following facts:
1. Since the last clean up campaign, many people have ordered regulation garbage cans, and the city has made a re-order to have others available.
2. The railroad right of way has become weed-grown.
3. Several business houses in town have unclean alley ways.

Two Open Sewers
One of the city storm sewers has been allowed to harbor stagnant water collections.
5. There are two open sewers in town around which about 50 families are living.
6. Some of the potato houses have not adequate drainage facilities.

Although there is a city ordinance prohibiting keeping cows and horses within 75 feet of residences, in several cases, these laws were disregarded and the animals are closer than that to houses.
8. Another city ordinance regarding location and care of outdoor toilets had also frequently been violated. Sanitation facilities were bad and no lime or other chemicals had been used for spraying.

Facilities among the camps south of the railroad were in a deplorable condition.

The killer whale is known as "Tiger of the Sea" and will attack anything that swims. They even eat the tongues of living whales.
It takes 3,000 cocoons to make a pound of raw silk. The worm which spins each cocoon eats fifty times its own weight in mulberry leaves.

New Farm

(continued from page 1)
here.

The use of concrete drop boxes to be used with irrigation is now being tried by John E. Stengle who has drop boxes using 13 cu. yards of concrete; W. Harrison Wilson has some of these drop boxes on his farm which are made up of 1.4 yards of concrete; Walter G. Russell who operates the Sulphur Park Farm has concrete boxes using 7.4 cu. yards per box; and on the N. E. Gass farm are boxes made up of 4.6 cu. yards of concrete.

Another phase of the experiment is the use of concrete culverts. Farmers trying them in the aid of irrigation are, W. Harrison Wilson who is using twenty linear feet of the 24 inch size; Elmer Womble who is using 16 linear of the 18 inch size and Joe T. Peters has chosen to use the larger 24 inch concrete culvert and has installed 64 linear feet on his farm

Using Metal Culverts
Metal culverts in the 19 inch size are being used on the farms of Walter G. Russell who has 70 linear feet in use. Elmer Womble has in use 40 linear feet of the metal culverts supplementing the concrete culverts he is using.

Three other men have gone in for the third phase of experimentation, that of improving permanent pastures by seed-ind adapted pasture grasses, pasture legumes or by using a mixture of grasses and legumes. They hope in this way to have better pastures that will furnish a better diet for stock and one not easily killed out.

R. B. Miller has seeded 20 acres with alfalfa, crested wheat grass, brome and perennial rye grass.

Veigel Seeding 80 Acres

Pete Carmichael has eight acres on which a mixture of alfalfa, sweet clover, brome and perennial ryegrass have been seeded.
Robert Veigel has chosen to seed 80 acres of grassland with weeping love grass.

Many other farmers are expected to put into use some of the new practices being advocated by the local P. M. A. next year according to Collier.

To pass the course, each person must master three rescue holds, back and front strangle holds and the double arm grip. Then they learn to adapt variations of these if necessary to perform the rescue.

Bradly himself serves as the "test case" and before passing the exam, each entrant must rescue the lifeguard from the pool.

Senior life saving classes are now being held in the mornings from 9:30 until 11:30 and from 6-8 in the evening. The junior life saving classes were held only in the mornings. Their course corresponds exactly with senior life saving qualification except they get no boating or first aid instruction.

Junior life savers are Terry Kirby, Lanny Wilkins, Lawrence Davis, Max Ford, Tim Corbett, Richard Tucker and Jim Nunnally.

The older group now taking their course are Linnea French, Fred Close, Jim Hendrick, Bill Miles, Nathan Hopson, Dale Botts, and M. J. Layman.

at the task of preserving our way of life.

Wear again voiced his plea for the betterment of our public schools. He said that our public schools must be preserved in order to continue the American way of life, and that we should increase teacher pay, improve facilities, and raise standards.

The move to secure public funds for the support of religious schools would, if successful, be the first link in the chain that would bind church and state together. This must not happen in America, said Wear.

The minister closed his speech with a strong plea for the continuance of 'free enterprise' in America.

Marriage of Miss Ann Steele, Bobby West In Ft. Sumner of Interest Here

Charming simplicity marked the candlelight ceremony uniting Miss Amelia Ann Steele, only daughter of Mr. and Mrs. Sam Steele, and Bobby D. West, son of Mr. and Mrs. E. E. West, at the Methodist Church in Fort Sumner, N. M. on Tuesday evening at 6:30. The Rev. John Klussen, pastor, read the double-ring service. The wedding is of wide interest here as the bride's parents made their home here before their marriage. Baskets of pink and white gladioli with seven-branched candelabra holding white tapers formed the decorations at the altar. Aisle candles were tied with pink satin ribbon. Mrs. J. C. McCracken, of Hereford, aunt of the bride, played a prelude of wedding music and accompanied Miss Jean Lobley, cousin of the bridegroom, sang "Because." Mrs. McCracken also played the traditional wedding marches.

The bride, given in marriage by her father, wore a gown of white marquisette trimmed with lace and fashioned with high neckline and long pointed sleeves. The full skirt extended into a chapel

length train and the veil of imported lace was caught to a circlet of orange blossoms. She carried a colonial bouquet centered with an orchid and to carry out traditional custom she wore something old and new, something borrowed and blue. The something old was an heirloom brooch, which belonged to her grandmother, the late Mrs. John L. Wilson.

Miss Morris Only Attendant
Miss Shirley Morris of Vega, cousin of the bride, was her only attendant. She wore pink marquisette made identical to that worn by the soloist, featuring long waistline and full skirt worn with hoops.

J. T. West, brother of the bridegroom, served as best man and Stanley Mobley, cousin of the bridegroom, and Karl Shirley of Hereford, cousin of the bride, served as groomsmen.

The bride's mother wore navy with pink accessories and pink gladioli corsage. The bridegroom's mother wore a black dress with white accessories and white gladioli corsage.

Reception Is Held

A reception was held after the ceremony at the Steele Ranch for close friends and relatives. A three-tiered wedding cake and an heirloom punch bowl centered the decorated refreshment table. After the bride cut the cake, Mrs. Kenneth Cook, Mrs. Buddy Wingfield and Mrs. Claude Newell, sisters of the bridegroom, served the cake and punch to the guests.

After the reception the couple left for a brief trip to Colorado. Later they will return to Denver, where they plan to attend Denver University. For traveling the bride wore a two piece pink linen suit and white accessories with the orchid from the wedding bouquet pinned to her shoulder.

Mrs. West was reared in Fort Sumner, graduating there with the class of '48. She was active in church work and a past worthy advisor of the Order of Rainbow for Girls.

Mr. West was born in Fort Sumner and also graduated from the Fort Sumner High School. He has attended Denver University for the past two years.

Out-of-town guests attending the wedding were: Mrs. Buddy Wingfield and sons, Mrs. Claude Newell and daughters, Denver, Mrs. C. L. Morris and daughter, Shirley, of Vega, Mr. and Mrs. J. C. McCracken, Jack McCracken, Sylvia McCracken, Patsy Wiltshire, Mr. and Mrs. Jeff Gilbreath, Thornton Shirley, and Karl Shirley, all of Hereford.

Rehearsal Party in Hereford
Mr. and Mrs. J. C. McCracken were hosts at the rehearsal dinner-party Sunday evening preceding the wedding. The dinner was served buffet style with the table featuring a centerpiece of pink glads and white carnations flanked by pink tapers in crystal holders.

Attending was the bridal couple, Shirley Morris, Jean and Stanley Lobley, Patsy Wiltshire, the bride's parents and the McCracken family.

CARD OF THANKS
We wish to express our sincere appreciation to our many friends and neighbors for their many kindnesses, flowers and expressions of sympathy during our recent bereavement.

Mr. and Mrs. Harold Meacham and Eugene.
Mr. and Mrs. J. E. Turner and family.

Mother Of Mrs. Travis Alston Succumbs Sunday

Mrs. Dave Compton, mother of Mrs. Travis Alston, of Hereford, died at her home in Dallas Sunday. She was buried Tuesday in Garland.

A life-long resident of Dallas county, Mrs. Compton was a member of the First Methodist Church of Garland, where she had lived for 60 years.

She is survived by her husband; five daughters, Mrs. Alston, Mrs. Frank Mooney of Dallas; Mrs. George Minick of San Benito and Mrs. Dora Thomas of Los Angeles, Calif.; three sons, Lloyd Compton, Clifford Compton and Leslie Compton, all of Dallas.

Vaughn-Hampton Marriage Vows Announced Here

Announcement has been made of the marriage of Miss Freddie Vaughn, daughter of Mr. and Mrs. Roy Vaughn, and John Hampton, son of Mr. and Mrs. D. R. Vindiver.

The wedding took place on Friday August 20, in the home of the bride where red gladioluses and white carnations made attractive decorations. Rev. Roy Ford, pastor of the First Christian Church, read the single-ring ceremony.

The bride was dressed in a two-toned frock in brown and aqua with brown accessories for accent. Her flowers were white gladioluses.

After the ceremony the couple left for a wedding trip to Rudoso and other points in New Mexico. They will make their home here.

The bride has lived in Hereford several years and is a grad-

uate of Hereford High School. She has been employed by her parents who operate the Triple-E Cafe.

Mr. Hampton graduated from Denton High School and spent 4½ years in the Navy, stationed in both the European and Pacific theaters of war. He is a nephew of Mrs. W. F. Gillis.

Attend Funeral Rites Here Sunday

Attending funeral services for Donna Kay Meacham held in Hereford last week were Mr. and Mrs. G. W. Wells Jr. and family, and Mrs. Walter Tice of Sacramento, California. Mrs. Lorena Sandage and children, Mrs. Odessa Frazier and children, Kenneth Webb and C. L. Good Jr., all of Amarillo, Mr. and Mrs. A. C. Walker and daughters, Larry Tackett and Gehr Farlow of Conway, Miss Arcola Goad of Joy, Tex. Ervie Henderson, Friona, Mrs. Apolena Cole, Amoret, Mo., and Mr. and Mrs. J. B. Sowell Jr.

They were guests of Mr. and Mrs. Barrett Sowell, Mr. and Mrs. John Turner and Mr. and Mrs. Harold Meacham while in Hereford.

DAUGHTER IS BORN

Mr. and Mrs. Ike Holman of Tulla have announced the birth of a daughter on Friday August 20. She has been named Julia Ann. Her sister, five-year-old Glenda, is visiting her grandparents, Mr. and Mrs. Glenn Snyder, in Hereford. Mrs. Holman is the former Miss Jeanne Snyder.

Lt. and Mrs. Frank W. Dyrkee and daughter, Conie, are visiting in the home of her parents, Mr. and Mrs. A. H. Davis, Mrs. Dyrkee's sister, Kathryn, returned to Hereford with them after spending the summer in their home in Riverside, California.

When hatched, young penguins are covered thickly with down, which later is replaced by feathers.

Bride-To-Be Is Favored At Shower Given In H. A. Close Home Friday

A miscellaneous shower was given Friday afternoon in honor of Miss Mary Ann Acker whose marriage to J. T. Carroll will take place on Friday September 3 at the First Methodist Church. Mrs. H. A. Close, Mrs. A. R. Bateman and Mrs. W. L. Davis Sr. were the hostesses for the party which was held at the Close home.

Receiving the guests with Mrs. Close were the bride elect's mother, Mrs. C. C. Acker, the bridegroom elect's mother, Mrs. J. C. Carroll, the bride-to-be and her two sisters, Katherine and Helen who will be bridesmaids at the wedding.

Yellow and white chrysanthemums, harbingers of the early fall season, established the color theme for the party. The tea table laid with a Quaker lace cloth was centered with oversized mums arranged with fern and heather in a wide-flanged silver bowl. White tapers in silver holders gave candlelighting and sugar-spun brides roses in yellow topped cake squares and mints. All appointments were in silver. Mrs.

H. K. Fox presided at the tea service with Mrs. Miriam Volz and Mrs. H. R. Close of Sudan assisting in the dining room. Miss Nell Spradley registered the guests.

For entertainment Miss Cecilia Guseman gave musical readings and Miss Anne Bateman played piano music.

The guest list included Mesdames: E. D. Fox, W. L. Davis Jr., O. E. Easley, Alton Fraser, Jimmie Gillentine, J. C. McCracken, J. A. Pitman, J. H. Pitman, Ann Holman, E. B. Hedrick, C. G. Gift Party Feels Miss Urbanczyk

Honoring Miss Rosalie Urbanczyk, who will be married to Albert Stengel on Tuesday August 31, Mesdames Conrad Urbanczyk, Arhart Reinart, Ed Dziuk, Ben Janacek, John Frelick, Lewie Dupnik, Frank Brinkman, and Blanche Stengel entertained with a gift party Tuesday evening at St. Anthony's School hall.

The bride elect's chosen colors, blue, white and yellow, were used throughout the receiving rooms. Yellow and white blossoms were used for the refreshment table with tall blue lapers in crystal holders completing the arrangement. Miss Ethel Urbanczyk and Miss Claudine Czerner presided at the punch bowl. Miss Czerner was also in charge of the guest register.

Mrs. Ben Janacek was in charge of an appropriate program with Mrs. Nolle Elliston providing informal piano music during the calling hours.

Gifts were presented in the form of midsummer rain which showered drops of rice on the bride-to-be as she sat beneath a cleverly arranged umbrella which sheltered a flower-covered trellis.

Those attending were Mesdames: John Paetzold, Mark Koenig, Lester Wagner, George Paetzold, Susie Reinhart, F. J. Knabe, Adoysk Knabe, Leonard Batenhorst, Esidor Reinhart, V. Skypala, Norbert Skypala, J. M. Paetzold, W. W. Wells, Ed Loerwald, Alfred Reinhart, Frank Bezner, Ted Bednorz, Mike Konesky, Frank Wilhelm, Wm. Stengel, Felix Urbanczyk, Anton Redder and members of the house party. Misses: Leona and Ethel Urbanczyk, Geraldine and Joane Knabe, Mary Elizabeth Hund, Johnnie Paetzold, Jeanie and Juanita Albracht, Blanche Stengel and Theresa Koelzer.

Class Is Entertained

Approximately 75 guests attended the steak-fry at the T. B. Cox country home in the Westway Community Thursday night when members of the George Graham Class of the First Baptist Church were entertained. Wives of the members were special guests.

The party was held in the lighted back yard where games were enjoyed after the picnic feast was concluded.

Richard Barnard, Waldron Melton, Dorothy Marrs, Palmer Norton, B. F. Cain, Don Combs, Wayne Evans, H. V. Hennen, W. A. Teter and Misses June Dameron, Helen Ann Pitman, Carlie Rae Frye Genevieve and Mary Virginia Eberle.

Long Time Ago

45 Years Ago
PROSPECTORS IMPRESSIONS.
The following letter written by D. J. Moffitt (of Pilot Point) who was a visitor in Hereford during the Cowboy Reunion in Canyon... (excerpts therefrom).

This was our first visit to the plains and it was interesting to see modern towns and evidences of prosperity in the very spot where, in our early school days was marked on our map "The Great American Desert."... certainly is not true today, for nature has carpeted the earth with the nutritious buffalo grass and it is one of the finest stock countries in the world.

The air on the plains is delightful and the constant breeze makes it cool even in midsummer. It is very rare that one cares to sleep without extra cover, in fact it is a fine country for sleeping. We are reminded here by what an old gentleman in Hereford told us. He bought a drill home, thinking he would try a crop of wheat, but his son objected to the innovation saying, "We did not come here to raise wheat, we came to sleep and let the cattle eat grass." The old man sold the drill.

Notwithstanding the young man's objection to wheat raising, it is pretty generally believed that it will become a paying crop. Some corn is raised but it is not a sure crop. It is too cold for cotton.

But the country will always, of for many years be a stock country.

The cattle business is undergoing a change from the large ranch where cattle were left to shift for themselves the year through, for the smaller stock ranch on which cattle are car-

ried over during the severest winter by feed raised on the ranch.

Kaffir corn and milo maize are the main feed.

This is a treeless country but trees are being planted there are some orchards already bearing. Judge L. Gough has almost ever kind of fruit tree... cherry seems to be the most thrifty.

The present year has been one of the driest for some years on the plains and crops are suffering greatly but good rains have fallen within the past ten days which will make the crop.

Hereford, the county seat of Deaf Smith County... is a gem of a little city of 2,000 population... the cleanest and most attractive town we have recently seen.

Through the kindness of Judge Gough we rode some five miles down the Tierra Blanco creek to a valley ranch and had the novel experience of a boat ride on the plains. The body of water in the creek is 30 feet wide and 12 feet deep for about a quarter of a mile. This is quite a resort for picnicking and fishing.

The water supply of Hereford and in fact over the plains country should not be overlooked. At Hereford it is secured at a depth of 50 feet and is the best water we ever drank.

The ex-Pilot Pointers living in Hereford are Judge L. Gough, John A. Johnson, Wilson, L. S. Lacy, George Cloyd, George Dale, Standifer, J. K. P. Russell, Rev. Bounds, W. B. Dameron, Albert Johnson, J. H. Jackson and J. V. Williams.

Mr. and Mrs. Early Jelner and son of Floydada spent the past weekend in Hereford with her parents, Mr. and Mrs. G. W. Brumley and other relatives.

Mrs. Dennis Baker and daughter, Cheryl, and Mrs. L. W. Winfrey and son Buddie left Thursday for Merit to attend the golden wedding anniversary celebrations for their grandparents, Mr. and Mrs. E. J. Standifer, pioneers of Dallas County. They were joined there for the celebrations, which were held Saturday, by a sister, Mrs. Black and small daughter of Oklahoma City.

Mrs. Ruby Kendrick Hunt of New York arrived Wednesday to spend a vacation with her sister, Mrs. Leo Forrest. While she is here she is being entertained by several of her friends in this area, including the Robert Fosters and S. B. Whittenberg's of Amarillo. Mrs. M. F. Cherry, mother of Mrs. Hunt and Mrs. Forrest, is also a house guest of the Forrests. She arrived Thursday from Roscoe which is her home.

'Circle W' Telescoped Replica Of Western Cattle Ranch--Without The Cattle--Is Set Up

PITTSBURGH, Aug. 28--(AP)—Ten-not-so-young men were unable to go west in indulge their love for ranch life. So they brought a part of the west east. The result is an unusual ranch, hard by Pittsburgh's steel mills and within sight of its coal mines.

The nine-acre "Circle W" ranch near a county park is a telescoped replica of a western cattle ranch--without the cattle. It's the brain child of 45-year-old Al Welland, a garage mechanic, and Max Schickel, 43, a brewery worker. Both horse lovers, they met riding a trail in South Park about 10 years ago and decided to form their own ranch for the fun of it.

Nine years ago the "Circle W" began its spare-time existence with a barn for the horses, a bunk house for its crew and some acreage to romp around in.

Find Other Hobbyists Welland and Schickel found eight other hobbyists interested in going along with them. The ranch crew still is the same, plus the families and children of the veritable array of butchers, bakers and candlestick makers who operate it.

The rest of the "ranchmen" are Bill Schultz, a light company wireman; Paul Dorsey, a welder; Fred Smith, a railroad blacksmith; Ed Verner, a salesman; Cliff Wagner, a college student; Matt Jordan, a roofing company manager, and Jordan's sons, Tom, 12, and Jimmy, 17.

Every day after working hours these men and boys shed eastern habits and become "Westerners" in thought, talk and action. They repair to a bunk house lined with standard ranch gear--although probably a mite fancier than the work-a-day garb of a cow hand.

Each member owns his own horse and spends hours practicing trick riding and rope tricks. Lacking cattle they spin a lariat on each other.

Share Common Bond "We share a common bond," said Welland. "We love the west and horses. Our jobs make it necessary to us to live in the east but every evening we can go west in a few minutes. It helps satisfy our craving for the wide open spaces."

The men built the bunkhouse on the land leased for five years. "It cost us about \$800," Welland added. "Our horses cost from \$115 to \$500 and our personal and saddle gear averages about \$800 apiece."

"It's been pretty expensive but it's worth it," he said. "We pay current expenses out of a common kitty which costs about \$40 apiece monthly. That's not as much as some fellows spend on golf and we have lots less strain on our tempers."

The faithful devotion to western ranch customs is carried out in a musical ensemble of "Gitaras," accordions and vocalists who give out with campfire tunes when the riding day is

Tour Planned Of Irrigation District Near Altus, Sept. 6

Altus, Okla. will conduct its third annual supervised tour of the Lugert-Altus irrigation district Wednesday, Sept. 8 beginning at 1 p. m. to acquaint people with the progress made in that area. It is the first irrigation district in Oklahoma and is under the sponsorship of the Altus Chamber of Commerce.

Source of water for the project is Lake Altus which has been dammed to back up 152,000 acres of water. The water thus stored is used in the experiments around that region. The Bureau of Reclamation is furnishing maps of the project to help sell farmers on the value of irrigation.

finished. The spread is no dude ranch. The boys want no customers other than themselves.

Draft Board Prepares For Registration

At a meeting in the Draft Board Room in the Court House Friday, S. O. Wilson, Deaf Smith County representative on Selective Service Board 18, was chosen chairman of the board. Frank Lumer, of Dimmitt, Castro County representative was selected secretary and Mrs. Eunice Peterson of Hereford named clerk.

The four representatives from Deaf Smith, Castro, Randall and Parmer counties held their first official meeting to receive instruction in procedure. Supplies were delivered to board members.

A registration board will be held in each area. The draft board opens Monday at 8 p. m. for the registration of draft age men, and will remain open until 5 p. m.

Wilson requested all draftees to bring some means of identification such as their veterans' discharge papers, social security cards or driver's licenses.

Men who are to be away from home during the registration period, may sign up where ever

Sub-Deb Club Plans Back-To-School Dance

Sub-Deb Club met in the home of Betty Jo Carnahan Wednesday afternoon to make plans for the annual Back-To-School Dance which will be held at the clubhouse on September 3.

The girls also made plans for a slumber party held last night at the home of Martha Thomas. Those present were: Martha Thomas, Mary Kathryn Carroll, Mary Louise Grady, Barbara Boyd, Doris Hastings, Jayne Boston, Jacqueline Newell, Irma Jean McWright of Pampa and the hostess.

they happen to be and request that board to transfer their papers to the home board.

Volunteers to assist with the registration have been chosen and the four women who will help with Monday's work are Mrs. Phil Radovich, Mrs. Faust Collier, Miss Ela Ajkman and Miss Madeline Bell.

Any information which the 18-26 year olds may need regarding their draft status and eligibility may be obtained from Wilson.

Rev. Russell A. Wingart will conduct regular services Sunday at the Presbyterian Church following his absence from the pulpit for the last month.

Mrs. J. B. Harlin Jr. and two small sons of Plainview visited in the J. B. Harlin and Matthews home this week.

J. Frank Owen Sr. and daughter, Harriet, returned to their home in Oklahoma City after a short vacation here. Mary Nelle Cassels, a niece of Mr. Owen returned with them for a visit.

Mr. and Mrs. Dalton Criswell spent the weekend in Lubbock where they visited his sister.

Mr. and Mrs. Nelson McRight and son, Terry, visited in Pampa last weekend with relatives, and a niece returned home with them for a visit. Terry McRight is visiting with friends, the Harlows in Chandler, Okla. and his

aunt, Mrs. Meacham who also lives there.

Mr. and Mrs. Bob Gilliland and daughter, Laura, have returned to their home in Ventura, California, after a brief visit here with his parents, Mr. and Mrs. P. H. Gilliland. Returning to Hereford with them were his grandmother, Mrs. Reber Howton, and his aunt, Mrs. A. L. Manjeot, who have been visiting in California for the past two weeks.

Slight Interest

(Continued from page 1)
406 votes were cast in his favor by Deaf Smith voters. Both candidates accused each other of mud-slinging in the heated second campaign, in which both proclaimed the Russian war treaty a major issue. Stevenson said Johnson resorted to "frantic mud-slinging." Johnson called Stevenson "the granddaddy of all mud slingers." Both kept silent on the Southern split in the Democratic Party, although both voiced opposition to President Truman's civil rights program. Labor was another issue. The Texas AFL endorsed Stevenson, but both disclaimed CIO support. Johnson, who voted for the Taft-Hartley Labor Act, accused Stevenson of not taking a clear stand on the measure. Stevenson carried counties in which the CIO vote was predominant in the July election. Jeff Hickman, state chairman of the CIO PAC, said that organization has not "openly or secretly" supported either. For many CIO members, Hickman said, "it will be like going to the meat counter late on Saturday—a sorry choice." Johnson, who campaigned in a helicopter the first time, took to ground and airline travel in the second campaign. Stevenson kept on campaigning in his traffic-beaten automobile, making few formal speeches, shaking many hands.

(Continued from Page 1)
drive. In a conversation with "Buck" Buckalew they let him know they would not mind working a day or so... so he put them to work cutting weeds on vacant lots and on city property since local help is scarce at this time of the year.

It is rumored about the courthouse that the first man to vote Saturday was Charles Rutledge, who did not mind saying he favored younger men in elections after hearing a certain Amarillo commentator make a political speech in that vein that morning early.

Ethel Wombie in Canyon this week was accosted by a hitchhiker with a dog, wanting to ride. The man offered a dollar saying no one would give him a ride because of the canine. Ethel drew back in fright (the dog was very small) and said, "Oh, no!"

A group of local men were recently approached by a panhandler with the old familiar "can you spare a dime story, and he was indignant when given only a quarter, "You can't buy nothing these days for a quarter", he snorted.

Flash news! ... A new industry is going into business here, details are not complete at this time, but three very young men have set up a sign which reads, "Wooden Articles Sold Here." You may see it and want to investigate further.

An impression has been created the new Allison addition is restricted to \$40,000. The impression is false, according to Jim Bob Allen, who points out the addition is restricted to \$10,000 homes. The entire property was valued at \$40,000 - not the buildings on each lot.

Monday, Sept. 6, is Labor Day, and the Hereford Clinic will be closed in order to give the staff a well-earned holiday, Dr. R. R. Wills announces.

Hotel Fund

(Continued from page 1)
interested in Deaf Smith County progress and development. Total subscriptions to date are \$165,000. The cost of the hotel is \$287,000. The corporation is going to charter only 60 percent of its stock, at least half of that subscription must be in cash. They have already received more than the necessary cash and lack only \$7,500. In having reached their 60 per cent goal. The committee believe it will not be long before application can be made for the charter, and the contract let to begin construction. They hope to receive bids so architects can start laying the foundation before cold weather. Members of the executive committee who went to Amarillo were Frances Hardwick, president of the Chamber of Commerce; O. P. Cowart, secretary Guy Lawrence, Bill Warren, Wayne Evans and Harry McCauley.

The All-American Hero

The American people are addicted to halos. They pick a hero, put a crown on him, laud him with praise and honor—and then frequently cast him aside when something newer and brighter comes along.

From history, one would judge Americans needed their heroes. From the time of John Smith who talked his way into fame with a "If you don't work, you can't eat" philosophy to Gerald L. K. Smith who makes a career of being a crack-pot, but at least has a following, the U. S. story is loaded with them. From Balboa to Bilbo, we've had them.

They weren't all as creditable as the George Washingtons, Thomas Jeffersons, Ben Franklins and Daniel Websters. They aren't all politicians. Americans can work up rabid enthusiasms for Calamity Jane, Douglas Corrigan, Nathan Hale, Alexander Graham Bell and Lillian Russell, or the winner of a Mrs. Hush contest.

There's nothing wrong with heroes. Young America cuts its teeth on Superman and Mickey Mouse, grows up to laud Pecos Bill and Babe Ruth, is educated to a appreciation of Albert Einstein and Mahatma Gandhi; people are his patterns, his guides, his entertainment.

The catch is not in having a hero, but in being one. The man who wears the halo of praise shouldn't count on its meaning too much. American tastes are transient and ideas change. Something different comes along and the glory shifts.

A smart halo-wearer is the one who doesn't rely on the adoration to get him somewhere. After all a halo just has to slip six inches to be a noose.

"Surpluses" Cropping Up Again

A word that farmers all over the nation fear is again in the news. That word is "surpluses." Farmers learned to fear "surpluses" during the early 30's. It was then the ever normal granary plan with government loans made on cotton, corn, wheat and other agricultural products, and planned production of crops and livestock came in to give farmers a new chance of meeting farming costs and of lifting the mortgage blankets from farms all over the nation.

A little later, war and world rehabilitation removed all signs of surplus until this year, but the scene is beginning to shift. This year, 1948, is unique in its estimated record-breaking production of all crops. The story can be told in a few words.

August 1 crop prospects indicate a combined production of corn, wheat, oats, barley, rye and grain sorghum of more than 6½ billion bushels, which is an all-time high record. More than 1 billion bushels over last year and more than a billion bushels over the ten-year average and 1½ billion over the 1937-41 prewar period. In other words, it's "abundance at its peak."

The 1948 cotton crop as of August 1 is estimated at 15,169,000 bales, compared with 11,951,000 bales last year. Farmers glory in this abundant harvest. But unless this increased abundance is handled with intelligent plans and good marketing judgment, the blessings of a bountiful harvest will act as a boomerang to the stabilized market prices. It is then one billion bushels of grain in excess of our needs that could result in ruinously low prices, if dumped on the market.

Storage for all of this record crop is utterly inadequate this year. U. S. D. A. storage experts estimate that an additional farm storage will be needed for almost one billion bushels this year, if orderly marketing and the effective functioning of the price support programs are to be assured. It's a big job.

Without storage the farmer cannot obtain a CCC loan at support level. Without these loans many farmers will have to dump their gain on the market which is sure to drive prices down further and the price support floor, provided by the U. S. Congress to protect farmers from ruinous prices is sure to crumble.

This means that storage must be provided on every farm that has more grain than needed.

The average person, according to Factographs, speaks about 5,000 words a day. Which reminds of the title of that recent song: "What Did He Say?"

The sun, we read, is 618,000 times brighter than the moon. That naturally makes the moon in romantic matters, especially in June, 618,000 times more effective than the sun.

Some factories in Sweden which were moved to caves during the war continue to operate there because expenses for heat and maintenance are small.

The angler fish has a stiff rod behind its mouth on which dangles what looks like fresh meat. When a small fish tries to eat the "bait" he himself is eaten.

The pigeon is the only bird that drinks by suction. All other birds take the water into their mouths and throw their heads back in order to swallow.

Clippings from Our Exchanges

First it was the mineral content of Deaf Smith County soil, then the spuds, then the sugar beets, and now the hotel that is giving Hereford out of town publicity.

DEAF SMITH HOTEL FAVORED
"Hereford is to have a new hotel. It's to cost around a quarter of a million. And it will have 40 rooms. Most of the money has been raised.

"Talked to the members of the committee this morning. William Warren, Frances Hardwick, Guy Lawrence and O. P. Cowart. And they talked of the popularity contest being held to determine upon a name.

"There are a good many, by the way, who favor the name Deaf Smith Hotel.

"And may Mr. Tack, just talking to be talking, put in his oar?

"Tack's father specialized in being different. And he built a house out on a small farm. And he had to name it. And he had always poked fun at fancy names. And so he called his country place "Potato Hill." And it became famous.

"Newspapers all over the country wrote it up.

"Hereford has two great advantages. It has become one of the important potato districts in hte world. And its waters may solve most of our dental ills. There are possibilities right here.

"Anyway, this City of Hereford is on the march. It's one of the hottest spots, progressively in the whole Southwest. It has more than 7,500 people now and it will have 10,000 within another two years. And it's up-and-coming. It's people believe in going ahead. And they're going ahead.

"Keep your eye on this town. Make way for Hereford, Texas. It's stepping out. And high, wide and handsome."—Tack in Amarillo Daily News.

And while people are being nice to Hereford, best warn the children about being nice to animals. It really paid off for one New York school boy.

GETS PRIZE FOR RESCUING CAT
NEW YORK.—(AP)—Eight-year-old Benjamin Myron got an unexpected prize for rescuing his own cat from a rafter in the family garage.

He found \$2,200, probably hidden there by a previous tenant, police said.

If the money is not claimed within 90 days, the Myrons may keep it, police said.—Ft. Worth Star-Telegram.

And speaking of being nice and polite, the men of Quitsque are really learning in the best traditions. They are brushing up on good manners, according to authorities.

MEN BEGIN NEW CRUSH
The men about town have a new crush, not a movie star, but the author of a popular best seller—Emily Post. There's a small epidemic of formal weddings and the "best men" find it comforting to do a little brushing up before facing the ordeal. The book is propped up behind the fountain at a local pharmacy and every once in a while some young fellow gives it a surreptitious glance and stows away a little more information for future reference.—Quit-que Post.

But there's more than kindness in the news these days. From France, land of the romantic lovers, comes this bit of information.

WRONG STARTER, GIRL DISCOVERS
LA CIOTAT, France.—(AP)—Nineteen girls lined up today for a bicycle race.

A gun sounded.

Eighteen girls sped away.

The nineteenth, Marcelle Dagobert, lay on the ground suffering a superficial shoulder wound from a gun fired by an estranged sweetheart.

The official starter shrugged his shoulders and put his unused pistol back in his pocket.—Portales Daily News.

And it's strictly a matter of viewpoint whether the following piece of news is in the line of duty—or kindness—or both—or either.

POLICE WHISTLING ORDERED STOPPED
DETROIT.—(AP)—The Detroit police department ordered its patrolmen to stop whistling at women.

"From no on, the only time an officer whistles it will be to stop traffic," a police edict declared.

The order was passed down after girls working at a Michigan Bell Telephone Company branch, across the street from a police station, complained that officers' whistling was frequently not in line of duty.

Commissioner Harry S. Toy ordered an inquiry.

One tight-lipped patrolman commented: "Whoever complained must not have been getting whistled at."—Fort Worth Star-Telegram.

While policemen have stopped whistling in Detroit, they have started in Dumas—whistling at the amount of rainfall. They had a young flood there last week that still has the citizens talking about the weather.

AND THE RAINS GAME

The Land of a Thousand Lakes and Thunders is what the area east of Hartley to within eight miles of Dumas can be called after a torrential rain and severe electrical storm Saturday night and Sunday morning. Various estimates placed the rainfall in one night as high as four inches.

Inundated fields and the twisted, splintered remains of a utility pole were mute testimony to the intensity of the cloud. Where fields Saturday were wet but uncovered with water, ponds covering as much as ten acres stood Sunday morning.

Saturday afternoon the "lake" midway between Hartley and Dumas was dry; Sunday morning it was half full with water still flowing into it from all sides.—Moore County News.

Another Letter from

The Bootleg Philosopher

Editors note: The Bootleg Philosopher seems a little pessimistic this week. It's probably the heat.

Dear Editor:

With the heat been as bad as it is, I don't understand how anybody could be planning how to build anything, but I read in a copy of a paper which I found out here in my favorite restin place as I wouldn't walk to the mail box in this kind of weather for an entire year's supply of The Dallas News or The Hereford Brand, that some men in Houston are planning on buildin the tallest building in the world.

As I understand it, the buildin will be used for offices and to attract tourists, as there is somethin about some people which drives them out of their homes and across the country to get a look at anything provided it's the tallest or the shortest or the widest or the oldest or the wormiest or the newest, although personally I wouldn't walk from here to my back pasture unless I was already goin that way to see the world's tallest building, biggest political liar, smallest brain cell, or out-talkinest woman.

However, what I would like to ask is haven't them Houston millionnaires heard about the atom bomb yet? The last thing on earth a smart man would want in these days is the world's tallest buildin in his vicinity. Like standin in a lighted doorway in an Indian night raid. Me, I'm figurin on lowerin the roof on my house and diggin the cellar deeper, but apparently them Houston men don't keep up with the world situation as well as you and me.

From what I can tell about it,

Further Promotion of Good Neighbor Policy Urged By WTCC

ABILENE.—(AP)—In an effort to bring more Mexican laborers to Texas, especially to West Texas cotton fields, the West Texas Chamber of Commerce has urged further promotion of the state's good neighbor policy.

The Latin-American relations commission of the chamber asked Governor Beauford Jester to proclaim an official Good Neighbor week in Texas. With the request went letters and telegrams pledging cooperation from most of the mayors and chamber of commerce managers in the West Texas cotton growing area.

The governor proclaimed the week of November 15 as Good Neighbor Week. He also issued an executive order to the heads of all state departments and institutions in Texas, calling for furtherance of the good neighbor commission.

The West Texas group also has asked Governor Jester and the Good Neighbor commission to take these pledges of cooperation

this ain't no time for buildin upward, it's time for tunnelin down, the deeper the better. With scientists talkin about guided bombs travelin a thousand miles a minute and supersonic airplanes zippin around the country like wasps around a watermelon rind, this is a strange time to be erectin tall buildings. It seems to me the smart thing to be doin would be to lop off the tall ones and start diggin. Them Houston men ought to subscribe to a newspaper and find out what the international situation is. I say let the Russians erect their own targets for guided missile practice.

Yours faithfully,
J. A.

Church Council Will Elect New Officers

New officers will be elected when the Federated Council of Churches meets Tuesday afternoon.

The meeting will be held at the First Christian Church at 3 o'clock August 31. Don Davidson, pastor of the Methodist Church, will be the speaker for the afternoon with Mrs. Ellis Coombes in charge of the musical.

Members of all churches are invited to attend. The offering will go to the Leper Fund.

Manager D. A. Bandeen of the WTCC said Texas has shown by its official action its desire to be good neighbors and he believed the Mexican government will respond by lifting the so-called economic sanction which prevents Mexican seasonal workers being brought into the state.

Bandeen said that available labor will be inadequate to harvest the heavy yield of cotton in West Texas.

Bandeen said: "We do not believe the Republic of Mexico will want to further foster economic discrimination against the cotton growers of Texas or against its own nationals who would receive compensation far greater than it would be possible for them to earn in their own country, because of a few isolated cases of so-called discrimination in a great state with 254 counties and 7,000,000 people."

ATTENTION FARMERS and RANCHERS

Did you know that an acre of sorghum crop fed in the form of ensilage to beef or stock cattle will go more than twice as far as an acre of the same feed fed in the bundle?

And that the silage will put on 488 pounds of beef per acre where the same feed when fed as ground bundles will produce only 283 pounds!

... It Will!

Initial Appearance Of Parcel Post Was In 1913, Postmaster Recalls

The advent of speedier nationwide-worldwide air parcel post service Sept. 1 brings back to minds of old-timers the introduction of similar surface operations 35 years ago. It was in 1913, according to Postmaster Jim Lipscomb, that parcel post first made its appearance in the United States.

The service at that time was established primarily to aid farmers and hamlets, located off the beaten paths, in expediting their products to market and, in turn, receiving sorely needed goods from larger cities. However, mail order houses and other establishments were quick to realize its value.

Transportation facilities in those days were still slow and tedious. Motor-driven vehicles were few and the roads which they traversed were frequently impassable. Too, trains were giving off more sparks and smoke than speed. There were no commercial planes in those days, either, and only the foolhardy visioned the rapid approach of this Air Age.

Then it took days to transport parcel post packages across the country. Some parcels were forced to go virtually every movable conveyance before they reached their destination—particularly to the more remote sectors.

From the modest beginning, parcel post has grown to become an integral cog in the far-flung American postal operations. Its annual poundage, keeping step with the progress of transportation, has soared from a few million to billions of pounds of assorted commodities.

Still determined to employ the fastest means of transportation to move the mails, the Post Office Department will add the link necessary to give the United States the world's most highly specialized doorstep delivery service with the launching of the new nationwide-worldwide air parcel post, said Lipscomb.

Only 538 Votes Are Cast Late Saturday In 2 Local Boxes

Hereford area voters Saturday showed but slight interest in the Democratic Primary run-off election, a tabulation of the two election boxes in the county court house here shortly before 5 p. m. revealed.

The tabulation showed a total of 538 votes cast, 227 of which were at Precinct 1 and the remaining 311 in Precinct 2.

The voters are choosing between calm pipe-smoking wartime governor Cokie Stevenson and energetic 40-year-old Congressman Lyndon B. Johnson, who emerged as the top two men for the vacated senate post of W. Lee O'Daniel.

Two editions of the Sunday Brand will be published in order to give late election returns in the county commissioners race in Precinct One between W. T. Marion Rutter and Troy Moore and the U. S. Senate election of which Lyndon B. Johnson and Cokie Stevenson are seeking the posts. The Final Edition will be out Sunday morning on carrier delivery and through the post office.

County Commissioner of Precinct 1 is Troy Moore, running for reelection and his opponent, W. T. Marion Rutter.

In the July 24 primary, Moore held a slight edge with 246 votes. Rutter totaled 173 votes, nosing out the third opponent in the race, J. E. Springer, who received 110 votes in the county.

Stevenson received 39.68 per cent of the approximately 1,200,000 votes cast in July, including 1,146 votes cast in Deaf Smith County. Johnson placed second with 33.75 per cent of the state's tabulations, of which (Continued on page 8)

HEREFORD IS ODD ON WRONG SIDE OF STREET

Hereford is different; it's odd. But it's odd on the wrong side of the street! In other words, when the man who is making up the directory called on city officials, he declared Hereford was the only town he had ever heard of with even numbers on the left hand side of the street, and odd numbers on the right. It seems most towns choose a hub, and going from that hub outward even numbers should be on the right. So when town houses are renumbered, its going to be switched. Now Ellen Carter has a drawing pains, for she has to re-do the map she made numbering every house in Hereford. The comment of city officials, "How odd!"

Tuesday Final Date For Terminal Leave Bond Filing By GIs

Next Tuesday is the final filing date for terminal leave bonds, County Service Officer Ralph Smith, reminded World War II veterans this week.

"There are still a few veterans in Deaf Smith County who haven't filed for the bonds, due them in lieu of furlough or leave pay," Smith explained. Application forms are available at his office on the third floor of the courthouse here. The form must be accompanied with a certified or photostatic copy of the veteran's discharge papers.

Smith said furlough time is computed at two and a half days for each month of actual service. It does not include rehabilitation leave but does include travel in connection with furlough time.

One Third Of Curb, Gutter Paving Done

C. N. Hughes, construction engineer for the Hereford paving project reported Friday that almost one third of the concrete for curbs and gutters had been poured and surfacing preliminary to paving the streets may be laid in a couple of weeks. Originally there were 96,300 feet of curbing contracted and 31,000 have been poured. The men are averaging construction about 12,000 feet a day, which is approximately two blocks.

Most of the streets in the west part of town have been widened except Knight street said Hughes and work has now begun in the eastern part. The paving project on city streets won't get under way until about October. To date no report has been received from the State Highway Department regarding details of the paving of Tenth Street, but Hughes said the surfacing foundation, which the department has waiting on had now arrived.

There are almost 50 men employed by the company in this paving and curb construction project, and this does not include the public service men and the telephone men who are responsible for removing the poles their companies have put up for wires.

O. L. Bybee Is Named Appeals Agent For Draft

O. L. Bybee, county attorney, has been named appeal agent for local Selective Service Board 18, by Governor Beauford H. Jester subject to the approval of President Truman.

The official purpose of the board is "to determine that registrants secure justice." Bybee, who came here from Childress, was schooled at the University of Arizona. Mr. and Mrs. Bybee and their three children, Bruce, Lynn and Jerry, moved here in 1948.

Deaf Smith Farmer Subject Of Magazine Article On Diversified Farming This Month

Ira Scott, Deaf Smith County farmer who lives southeast of town, was the subject of an article on diversified farming in the current issue of The Shamrock, monthly publication of the Shamrock Oil and Gas Corporation of Amarillo.

The bulk of the article is devoted to Scott's potato growing, since the methods of producing this crop are comparatively new in the area, but emphasized through out the story is the importance of crop rotation and the agricultural advantages of Deaf Smith County. "Truly one of the garden spots of the Southwest," the author says.

Typical farmer Scott works 500 acres of land which he currently has divided so that he has 37 acres of potatoes, 175 acres of wheat, 80 acres of irrigated pasture, 150 acres of maize and 51 acres of summer fallowed wheat land. He plans his rotation in such a manner that one field is fallowed at all times.

Also Raises 390 Steers At present, he is also raising 180 Hereford steers on irrigated pasture. This grassland is former wheat land which is now sown with various kinds of commercial grass. In the winter

Eat 20 Pounds Meat In 3 Days Sunburned, But Happy, Troop 1 Boy Scouts Return From Encampment

Troop 1 Boy Scouts spent last week at the Christian Encampment at Oeta Glenn and returned yesterday, touselled headed, sunburned and full of stories about their first experience in camping out.

Seventeen boys, guided by their scoutmaster, Bill Phillips, and two assistants, Paul Dishman and Ed Robertson, had spent six days learning to be self sufficient out of doors and getting a good chance to burn up their energy in the sunshine while they were taught camping lore, first aid and how to live with a group of people.

Only two of the young teen agers had ever been on a week's scout trip before.

The scouts made camp Monday taking their trailers, two cars and a carryall loaded with supplies. They took 38 loaves of bread, 30 dozen eggs and 30 pounds of meat. The meat supply had to be replenished at the end of three days.

Rationed On Crackers Since it is impossible to predict or exaggerate a growing boy's appetite especially when he's living and learning in the open, there was a few food di-

AROUND TOWN
SIGHTS, FACES SEEN

You will pardon us if we give ourselves a pat on the back when we think we have the best newsboys of any paper in West Texas. In these days of bonus payments and black market prices, it's surprising to hear of anyone who, finding himself short of a commodity buys from a retailer and resells the article for the same. Yes, there isn't any profit in that undertaking, but that's exactly what a group of Brand newsies did last Thursday. The Brand office had sold out of papers, the boys had sold what they had, but still weren't satisfied. They were selling papers because they like the job. There was only one thing left for them to do and they did it. They bought up the entire lot of 25 copies Don Holman had on hand at his newsstand. They paid five cents for each copy—not the three cents they ordinarily give the Brand—and resold every last one for five cents. Wholesalers please take note!

The spraying machine from Amarillo scheduled to be here Saturday broke down and did not reach town. No new date has been set for the spraying of Hereford.

Hotel Fund Now Is Only \$560 Short

Members of the Hotel Corporation Executive group met Tuesday night at the Chamber of Commerce office to discuss necessary steps in acquiring their charter and to determine future policies.

They agreed to raise the necessary funds for acquiring their charter and then to form a corporation that would elect a board of directors for supervising the contract with the architects.

Secretary Pete Cowart reported they were only \$560 short of the necessary amount and architects Peyton and Bows-worth of Shreveport, La. have been secured to draw up the plans.

The board expressed a hope to get the charter before the first of the month so that specifications for the hotel could be accepted by the Board of Directors as soon as possible and the contract let that construction could begin before cold weather.

The hotel executive committee spent Thursday and Friday in Amarillo discussing their project with men there who are (Continued on page 4)
