Around Town

Paving crews began work Tuesday morning on the second section of the city street project...

Prospects are reported to be excellent for good prices and tonnage on the extensive acreage of carrots growing in the Hereford area.

Those sirens which aroused a few Hereford residents around midnight Tuesday weren't a fire or an accident.

Police handled 12 accidents around town in July, second lowest total for the year.

GRAND JURY INDICTS 3

The new Deaf Smith County grand jury Monday returned two indictments and one no-bill in its first session.

The two teen agers allegedly burglarized Orsborn-Norwood Chevrolet Co., Pat Nell's Body Shop and Tandy Legg's residence recently.

Cub Pack Wins Water Carnival

Cub Scout Pack 50 won the Deaf Smith District Water Carnival held Saturday at the municipal swimming pool here.

Pack 50 totaled 26 points in the eight events. Pack 52 was second with 22 points.

Mike Horton of Pack 32 was first in the non-swimmers spoon relay and Jimmy Kreig of Pack 54 was second.

Danny Lester, Pack 52, won the backstroke event for 8-year-olds. Robert Thompson, Pack 50, was second and Ronald Wagner, Pack 54, was third.

There were no entries in the back stroke for 9-year-olds. John Pavilcek, Pack 54, was first in the back stroke for boys aged 10 and Steve Seiger, Pack 52, was second.

Wynn Buck, Pack 50, won the (Continued on Page 2)

Hereford's LL Sluggers Take Area Title by 11-6 Victory

THE ONLY ONE—Grinning Bill Overall, Hereford all-star pitcher, accepts the reluctant congratulations of Anthony Shire, Childress catcher, as Overall comes in with Little League Area I play-off game's only run Tuesday. Overall homered over the left field fence.

Play Today in Lubbock

Hereford's Little League all-stars won the Area I championship Wednesday afternoon by beating Dumas, 11-6, and go into the District I play-off at Lubbock this afternoon.

The Hereford team will meet the winner of Area II at 3 p.m. at the ball park at 42nd Ave. and U St. in Lubbock.

A five-run splurge in the fifth inning won the game for Hereford after Dumas had tied the score at 6-6 in the bottom of the fourth.

An error, a single and a walk loaded the bases for Hereford and Van Smith, short stop, knocked in two runs with a single to center.

Drew Kershen relieved Gary Smith, who had earlier relieved starter Jackie Nichols, in the fourth inning after Dumas had tied the score with a three-run homer.

A dazzling triple play by Hereford saved Gary Smith in the second inning when the bases were loaded. Kershen, then playing right field, raced back and hauled down a long fly.

Hereford banged out 10 hits off Dumas pitcher Leon Kirkpatrick, including a three-run homer by Judon Fambrough in the top of the first inning.

Between the three Hereford pitchers, only six hits were given up, two by Nichols and four by Smith.

Hereford had advanced to the finals of the tournament with a nerve-racking 1-0 win over Childress Tuesday afternoon before an estimated 600 fans.

Bill Overall smacked a home run over the left field fence in the fifth inning to win his own game.

The curve-balling all-star from the Yankees blanked the Childress batters with three hits. He walked three and struck out five.

HEFTY Jim Horn, throwing a high, hard fast ball, kept the Hereford batters off the bases until Barry Gabbert hit a ground single into centerfield to lead off the fourth inning.

Gabbert made it as far as third, but was left stranded.

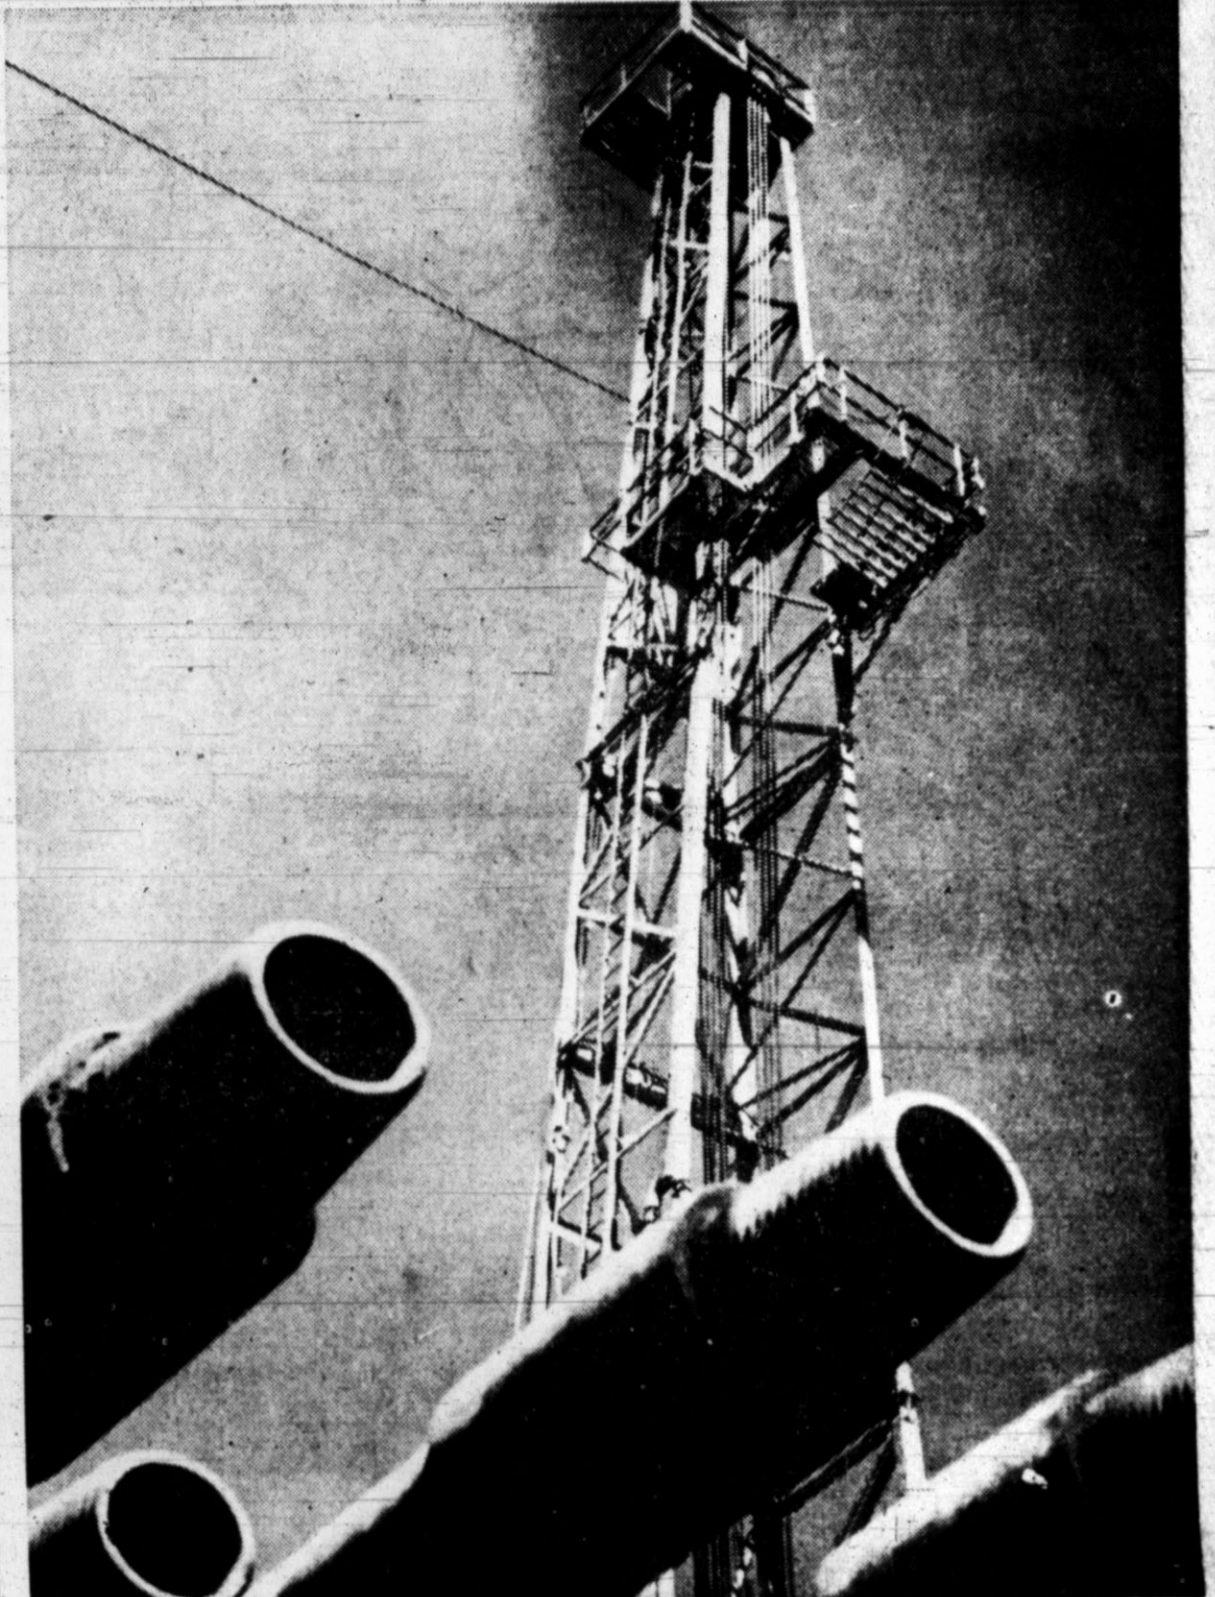

Overall was the first batter in the fifth inning. He attempted to bunt twice, but dribbled the ball out both times.

With a count of two balls and two strikes, he lined Horn's fast ball to left, clearing the fence by about two feet.

Childress mounted a serious threat in its half of the fifth when John Thornton walked and James Wilcox singled.

With two out, John McConnell slashed a hard ground that appeared to be headed for center field.

AIRPORT PLANS OKAYED

Final approval of engineering plans for the city's new airport was received from the Civil Aeronautics Authority Tuesday.

The plans provide for asphalt paving of a 4,400 foot runway, a 4,400 foot taxiway, a parking apron and miscellaneous work.

Costs of the 600-acre airport tract, located three miles east of Hereford on Highway 60, engineering and miscellaneous costs have totalled \$93,000 of the \$200,000 available for the project.

The airport site now affords pilots a temporary dirt runway for takeoffs and landings and has been utilized for several months by American Dusting Co. planes.

The CAA has promised approval of paving bids within two days after receiving them from the Hereford city commission.

Both city and federal approval of the bids will be required under the federal program adopted for the project.

It is not much problem to these people to get up early. Almost all of them sleep on the roof and the early rising sun and friendly flies are more certain and reliable than an alarm clock.

Crash Results in Critical Injuries for Fred A. Inman

Fred A. Inman, 50, Hereford farmer, suffered a severe brain concussion at 5:10 a.m. Monday when the car he was driving collided with an auto driven by James E. Lancaster, 29, of Oklahoma City.

Inman is in critical condition at Deaf Smith County Hospital and is reported "doing as well as can be expected" by the attending physician.

Lancaster was not injured. According to Kenneth Maxwell, investigating highway patrolman, the collision occurred when Inman pulled onto the highway from a side road.

What will be the impact on typical taxpayers of the tax equalization program undertaken by the Deaf Smith commissioners and tax assessor?

This question was answered this week with the giving of specific examples by County Judge Homer Henslee. Taken right off the tax rolls, the examples show what taxes cost four different property owners in 1956, and what their assessment will be this year.

THE TAXES include the total county, state, road district and water district levies, which last year were \$1.79 per \$100 valuation. The total levy has been cut for the coming year to \$1.62 through the reduction of the road district interest and sinking fund tax from 37 cents to 20 cents.

Taxes on a "typical \$10,000" house in Hereford last year were \$41.89. It was assessed three years ago in the "Earl Jones city property survey" at \$9,500, and is carried on the county tax books at 25 per cent of that total, \$2,375.

Taxes on the house this year will be \$37.91. The road district tax cut lowered taxes for the owner of the house by \$3.98.

Extensive Acreage Given To Growth of Hybrid Seeds

Over 2,000 acres of various crops are being grown to produce certified planting seed in Deaf Smith County, according to Hugh Clearman, agricultural agent.

The seed is being grown by members of the Deaf Smith County Certified Seed Growers Assn., including W. T. Carmichael, Chester Wiggins, Paul Johnson, Ira Scott, Irvin Reeves, W. P. Axe, W. T. Beckman & Sons, Hugh Reynolds, W. J. Albracht, W. H. Johnson, R. B. Hayden and Harold Shearhart.

Over 1,300 acres of the total reported to date is devoted to hybrid sorghum production. Clearman said. Texas Certified 610 is the principal type being produced, but several other varieties are (Continued on Page 2)

5 Local People Are Candidates for WT Degrees

Five students from Hereford are among the 247 candidates for degrees at West Texas State College's summer commencement Aug. 23.

Commencement exercises will be held at 8 p.m. in the college's Buffalo Stadium, with Dr. Gordon Wilson, head of the English department at Western Kentucky State College, as speaker.

Candidates seeking the Master of Arts degree are Daniel McLellan and Robert Thompson. Mrs. Teddie Engdexter is a candidate for the Master of Education degree, and Mrs. Betty Jo Carlson and Bedford Forrest are candidates for the Bachelor of Science degree.

PONY ALL-STARS MEET PAMPA HERE TONIGHT

Shooting for a berth in the District 8 play-off next week, the Hereford Pony League all-star team opens a three-game area play-off with Pampa beginning at 8 p.m. today at the field in Veterans Park.

The series will be for the best two-out-of-three with the second game set for 8 p.m. Friday and the third contest, if necessary, for 8 p.m. Saturday.

All the games will be here. The Pampa players are staying in private homes here.

win they will advance to the District 8 tournament at Abilene next week against five other area play-off winners.

Managers of the local all-stars are Charles Sowell of the White Sox and Rocky Lee of the Indians.

Named as probable starters for tonight are Clyde Whitaker, pitcher; Eddie Skypala, catcher; Tommy Smithers, left field; Charles Thomas, second base; Edwin Thomas, third base; Alvin Walterscheid, first base; Ronnie Botkins, short stop; Joe Mack Hale, right field, and Wesley Poarch, center field.

Other boys on the squad are Lynn Alford, Royce Lee Turner, Gregory Combs, Kenneth Loerwald, Ronnie Caster and Harold Carter.

WHITAKER was the leading pitcher during regular season play, winning five and losing two. Charles Thomas paced the batters with a .592 mark.

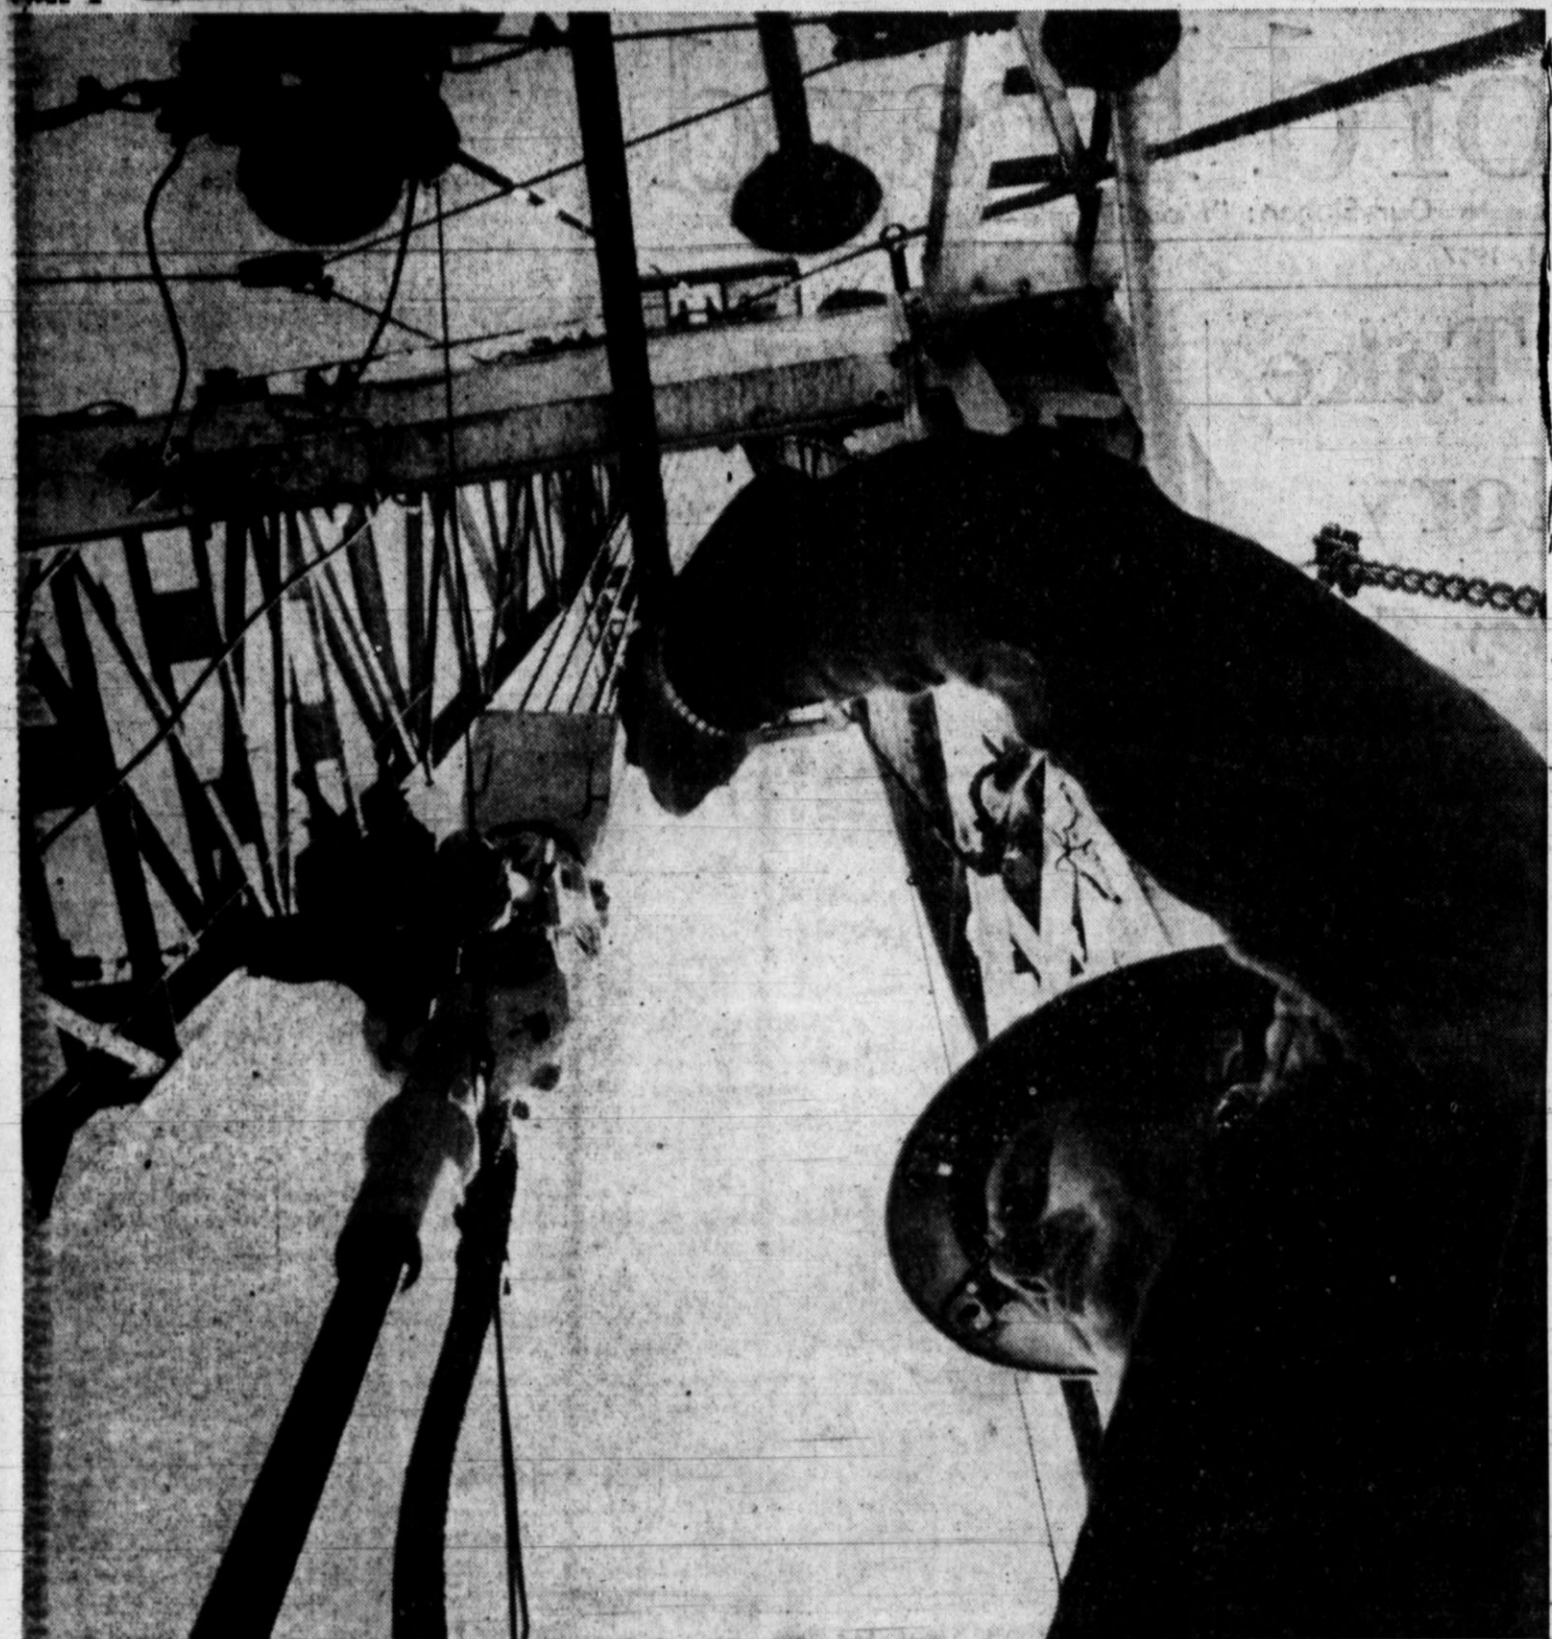

These players were selected by the managers of the teams and each team of the four-team league is represented on the all-star (Continued on Page 2)

Former Residents Hurt in Wreck

Raymond Brown, whose family was involved in a fatal two-car collision near Spearman Monday, is a former resident of Hereford. He lived here from 1953-1955 and was employed by Deaf Smith County Electric Co-op.

Brown's wife Billie was seriously injured in the wreck and their son, Kelly, suffered a broken leg. They are being treated in an Amarillo Hospital.

Brown's cousin, Thomas Brown and his wife, Jo Ann, were killed in the collision.

Five persons were injured in the collision, including Raymond Brown, another son, David, and Glenn Bennett, 50, of Spearman. Bennett was driving one vehicle and Raymond Brown the other.

Raymond Brown's mother, Mrs. Charles Brown of Clovis owns property in western Deaf Smith family now lives in Guyman, Okla.

horn. Because of all this noise, there is no other way to be heard except to shout loudly, and that is just what the vendors do who push carts of fruit and vegetables. There are some men who go down the street making a noise like a sheep bleating. They must serve some purpose but I have not yet found out what it is. The 10-foot pole which they carry gives me no clue as to their occupation. (Don't worry about us — we sleep through it all.)

We usually go shopping for vegetables in the evening. The small items which are standard are ordered from a boy who stops each day to pick up the list and then brings the stuff back later. On our evening shopping we also pick up some of the bigger items and quantity items. We take a refinery car for this. It certainly is startling to hear some of the questions that Margaret asks the merchants. She may insult some of the Hereford grocers when we get back. Here are some of the questions I heard her ask last night. About the sugar, "Is it clean? Does it have ants?" About flour, "Does it have hair or bugs in it?" About the nuts, "Are they wormy?" About rice, "Are there many rocks in it?" Because it is so hot we have trouble finding good eggs. A lot of them are about the quality of some bargain eggs that cold storage companies used to sell in Chicago. We have found one store that has good eggs so we have started making a stop there on our rounds. We found some Swiss cheese that was fair. It is not as good as we could get from Wisconsin. As it was not properly aged it was too mild and too moist. It was about the quality cheese that Kraft would sell and all good cheese eaters know that Kraft dilutes cheese with whey. This cheese cost about \$1.30 per pound while we got good Swiss cheese from Wisconsin for 90c.

Fruit and vegetables here are sometimes very good. We are told that because of the warm climate that we will get something all year. The quality comes and goes because there is no standard of processing or refrigeration so if we get to the store at the right time it is wonderful. Vine ripened tomatoes are the only kind which have here and we have had a lot. They now sell for about 4 cents per pound. Eggs sell by "the each" at 15c for the best ones which is about 4 cents each. The varieties of the fresh things here are not as good as we are accustomed. The sweet green peppers have a thin rind. Also they are not consistently sweet. Some are both sweet and bitter. The fruit can sometimes be very sour. Some are really beautiful but too sour to enjoy. They even have sour oranges here, really mouth warping sour. Then they go to the other extreme and have sweet lemons.

We eat as international as is possible I suppose. Butter and powdered milk is usually from Denmark. These are of very good quality.

threw McConnell out to end the threat.

AN EARLIER Childress scoring chance was snuffed out by an unusual double play in the fourth inning. Jackie Petty blooped a single to center and then moved to second base. Anthony Shire lined a hot shot to deep center. Drew Kogsten backed up, caught the ball and then threw to Willoughby to double off Petty who had started toward third base.

Both teams had runners on in the sixth, but failed to push them across. Van Smith, Hereford short stop, drew a walk, stole second and moved to third on an infield out.

Charles Mitchell reached first for Childress on an error but was cut down at second on a grounder by Jim Horn after Petty had struck out. Horn took first on the fielder's choice and moved to second on a wild pitch.

Anthony Shire then hit a high bouncer to Judon Fambrough at third and Fambrough alertly tagged Horn as he was coming into third base and ended the ball game.

The sharp, fast ball game took only 56 minutes to play.

Dumas made its way into the finals, by downing Pampa Eastern, 6-3, in the second game Tuesday afternoon. Dumas had eight hits, including a home run. Pampa got nine hits and also had a homer. Pampa Eastern and Pampa Western opened the tournament Monday afternoon with Eastern winning, 9-2.

THE AREA play-off schedule this week finds Abilene's two teams interplaying, Borger interplaying, while Colorado City and Snyder, Hamlin and Childress, Stephenville and Breckenridge and Pampa and Hereford meet in intercity contests.

From District 6 play, the champion will advance to the Region 7 tournament at Lubbock Aug. 12-17 and from there to state.

This is Hereford's first year to have a Pony League. It is for boys aged 13 and 14.

In local competition, the White Sox won the first half of the regular season and the Red Sox took the second half title. The two teams will meet after the play-offs to determine the season's champion.

LUCKY SHOT

AUSTIN, Minn. (AP) — A shot in the back probably saved 16-year-old Bryan Boettcher's life.

Doctors treating the youth after he was accidentally wounded while hunting found he had a collapsed lung, a condition caused by a rare lung disease.

Boettcher was told if the ailment hadn't been discovered when it was, it likely would have proved fatal.

Tickets Issued in Three Wrecks

(Continued from Page 1)

Three accidents were handled by City Police in a three-day period and traffic citations were issued in all three instances.

Saturday at 7:40 p.m. a truck driven by Ray Samora, 17, of Black collided with a car driven by Joe M. Rodriguez, 46. The collision occurred at the intersection of Miles and Highway 60. Samora was ticketed for negligent collision and driving without a license. Damage to Rodriguez' car was estimated at \$160. The truck was not damaged.

Sunday at 10:20 a.m. at the intersection of Miles and Park Ave., cars driven by Jack E. Abernathy, 39, 808 Texas, and Charles Hutcheson, 27, 343 Ave. H., collided. Total damage was estimated at \$400. Hutcheson was cited for negligent collision resulting from an improper right turn.

Monday at 3:35 p.m. in the 300 block of Main, a car driven by Hijina Cavazos, 15, of Lubbock backed into a parked car owned by Roy Pruitt, Friona, knocking it into another car owned by Irene Latham, 136 Beach, Hereford.

Damage to the Cavazos car was estimated at \$50 at \$150 to Pruitt's auto and \$75 to the Latham car. Hijina Cavazos was given a ticket for negligent collision and driving without a license.

Household Scrapbook

Stone or Brick A stone or brick fireplace can be cleaned by scrubbing with hot water, strong soap and a stiff brush. If this isn't enough, mix up a paste of powdered pumice and concentrated ammonia and cover the smoked areas with it. Let stay for about an hour or so, then scrub off with hot water and soap.

The Breath It is well to remember that garlic will scent the breath for about 72 hours, onions about the same, tobacco about 12 hours, coffee about 2 hours, cabbage about 1 hour.

Hair Scent A novel way to scent the hair is to sew a small sachet bag inside the hat.

Prevent Discoloration Costume jewelry which tends to discolor and bracelets and watches which tend to stain the skin can be remedied by coating the contact surface with some colorless nail polish.

Setting Colors To set the color in colored wash fabrics soak the material in salt water, 2 cups of salt to 1 gallon of water, or in 1/2-cup of vinegar to 1 gallon of water, for at least an hour before washing.

The Salad Lettuce must be crisp to make a perfect salad. It should be washed and thoroughly dried, wrapped in a napkin and placed in the refrigerator to crisp.

Gold Braid Clean gold braid and brighten it by brushing first with a stiff brush and then rubbing powdered alum well into the braid. Let the alum remain and the braid will take on a brighter appearance after an hour or so.

Oil Dropper If the oil can has been misplaced, or refuses to work, and a little oil is required by the sewing machine or other household appliance, use an old medicine dropper. The drops can be counted even better than when using the oil can.

Drooping Candles There are two alternatives for preventing candles from bending and drooping during summer. You can take the candles out of their holders, wrap in waxed paper, and lay away flat in some drawer. Or you can give them a couple of coats of clear varnish or shellac before the hot weather rolls in.

Dutch Hoedown 'Make for Big'

DUTCH DELIGHT—A Pennsylvania Dutch housewife tests a Moravian "streichler" or sugar cake. Streichler, baked in an open hearth oven, is one of the delicacies to be served at the Pennsylvania Dutch Festival, July 3-7.

KUTZTOWN, Pa. — The big hoedown in the Pennsylvania Dutch Country this year definitely "makes for big," as the quaint talking natives put it. There'll be all sorts of outstanding and non-Olympic events, like soap boiling, old time meat bubbling, hex sign painting, threshing by flail and a demonstration of the ancient art of making "schpatza," the Dutch version of maple syrup candy. When the dinner bell rings out across the neatly tilled fields, scores of farm women from church and grange groups will preside at the wooden tables in the big field tents, serving such typical Dutch delicacies as hubba beer, streichler, shoofly pie, snavel sticks and balsam beer. The big 'hoedown, which this year is expected to draw upwards of 50,000 visitors, is the eighth annual Pennsylvania Dutch Folk Festival, to be held July 3 through 7 at the Kutztown Fairgrounds, between Allentown and Reading. Highlights include evening jigg-ing and hoedown contests, exhibitions of traditional Amish, Mennonite and Plain Dutch costumes, a two-day seminar on Dutch folklore and a demonstration of craft skills by glass blowers, wheelwrights, basketmakers and blacksmiths.

New Plastic Fabrics Make Housework Easy

WASHABLE DECOR—Practically everything in this charming living room designed by Jerome Manshaw and Jean Daggett can be cleaned with a damp cloth. Sofa is upholstered in gold and white vinyl fabric; walls, ceiling are gold vinyl.

By DOROTHY ROE Associated Press Women's Editor

If grandma could step into a modern home, she'd never know what to do with all her spare time for nowadays housework is a breeze. No more cleaning dusty drapes, beating carpets on the clothesline, repapering the living room after a winter of smoky fires. Modern plastic fabrics and labor-saving appliances have changed all that. A whisk of a damp sponge cleans today's drapes, upholstery and even wall coverings. New vacuum cleaners keep rugs dust-free. New non-mar table surfaces keep furniture looking always shining and new.

It is only in the last few years that plastic fabrics have come of age. They have been familiar in the kitchen and bathroom for a long time, but now they step out into the rest of the house, in new and glamorous guise.

Recently members of the American Institute of Decorators designed several room settings demonstrating new and imaginative use of vinyl plastics in upholstery, floors and wall coverings. Notable

Pecked Apples Peeled apples will retain their white color if they are kept in a vessel covered with salt water until used.

Charles Thomas Wins Pony Batting Crown

Charles Thomas of the White Sox won the Pony League batting title with an average of .592, according to figures released by L. J. Clark, official scorer, this week.

Thomas had 29 hits and 49 times at bat. Eddie Skypala of the Indians ranked second with an even .500, 16 hits in 32 trips.

Clyde Whitaker, Red Sox, had 26 hits in 55 trips for a .473 mark. Alvin Walterschied of the White Sox and Joe Mack Hale were tied with .423, each getting 22 safeties in 52 times at bat. Don Martin, White Sox, rounded out the 400 hitters with .413, 14 hits in 34 tries.

The figures include only those players who were at bat 30 or more times. Don Luck of the White Sox hit .640 but was at bat only 25 times. He had 16 hits. Whitaker was the top pitcher of the loop, winning five while losing two. Whitaker hurled one no-hit game and two one-hit games during the season. Kenneth Loerwald of the Indians had four wins against one loss and Curtis Ritchie, Red Sox, had a 4-2 mark.

Complete pitching records: **WHITE SOX:** Don Luck, won 3, lost 0; Alvin Walterschied, won 1, lost 4; Roger Albracht, won 1, lost 2; Don Martin, won 1, lost 1; Gregory Combs, won 2, lost 2.

Class Here for Expectant Mothers

Hereford, along with larger cities such as Fort Worth, has a Red Cross class for expectant mothers. The last session, beginning at 7 p.m. Thursday in the homemaking lab, will feature a film called "Dr. Spock" which concerns the habits and development of a child from birth through 11 years of age. The Future Homemakers of America are sponsoring the course, and Mrs. Earl Springer, public school nurse, is instructor. The session Thursday is open to the public, according to Mrs. Joel Hodges, FHA sponsor.

Beat the Heat With Iced Coffee

By CECILY BROWNSTONE

Associated Press Food Editor
THESE CRISPS BROWN-SUGAR COOKIES, along with a glass of iced coffee, are a wonderful pick-up about four o'clock on a warm summer afternoon.

For those who like their beverage strong and not-too-sugary, there's something satisfying about these sweet, extra-crunchy tidbits for an occasional snack. Their pecan trim gives them a certain tang.

PECAN PENNIES

Ingredients: 2 cups sifted cake flour, 1/8 teaspoon baking soda, 1/4 teaspoon salt, 1/2 cup shortening, 1/2 cup dark brown sugar (firmly packed), 1 egg, 1/2 cup finely chopped pecans, small pecan halves.

Method: Sift together the cake

ICED COFFEE

flour, baking soda and salt. Cream shortening and brown sugar; beat in egg thoroughly. Add sifted dry ingredients and chopped pecans, and mix in with a spoon. If dough is too soft to shape with hands refrigerate until firm or overnight. Or roll at once into small balls, each about 1/2-inch wide. Place about 1 1/2 inches apart on very lightly greased baking sheets. Press a whole small pecan half on top of each cookie. Bake in moderate (375 degrees) oven 8 to 12 minutes. Remove from oven and allow to stand a minute or two before removing to cooling racks with spatula. When cold store in tightly covered container. Makes about 100 cookies.

Note: About 1 1/2 cups pecan halves will be needed for this recipe.

When we brew ourselves a pot of good strong hot coffee in the morning, we often make an extra amount for use in that late-morning or noontime glass of the iced beverage. If this appeals to you, pour the extra coffee into a glass jar, cover tightly and refrigerate until ready to use.

You can, of course, make iced coffee from instant coffee. Double the amount of the coffee powder you usually use for a cup of the hot beverage, diluting it with a little water. (Read the label of the instant coffee to find out whether the brand you are using needs hot or cold water.) Add ice cubes and cold water and stir well.

Looks like a real feud might develop over the "pros" and "cons" of Colorado fishing. It started out on a local level when Raylan Evans, former Hereford resident, began picking on Marlin Gilliland — just because Marlin had the backbone to tell the truth about fishing in our neighboring state. Now the deal is spreading. I just got a telegram from Del Norte, which reads:

"Unfair to judge all of Coloradans by Raylan Evans. We have discharged the immigration officer who allowed him to slip in. You can have him back any time."

Carroll Whitesides is the only guy I know in Del Norte, but I doubt if he sent the wire. Anyway, to avoid misunderstanding, we are not — and never have — asked to have Evans back. That is not the idea. Colorado will just have to take her medicine. My only gripe is that Evans maligned one of Hereford's leading citizens, Marlin Gilliland, a man of undisputed integrity; an Eagle Scout, if you please. Marlin's hair is beginning to slip and I will admit that he reminds me of a pool cue without any chalk, but I am not going to sit quietly and let those Colorado

Yankees pick on this hometown youth, unchallenged.

JUST AS RAYLAN suggested, I asked Marlin for "the rest of the story." Here is the untarnished truth, written out by our distinguished citizen and properly attested and sworn to before a notary public of Texas:

To The Editor Hereford Brand, Hereford, Texas:

Regarding letter received from Raylan Evans and statement made therein; Mr. Evans asks for the whole story. (Speaking of the truth, that boy can not even pronounce the word so a humble Texan can understand it.)

Here are the facts as told by one you can trust. A party of 5 of which I was one did go fishing. When the day was done 4 did come in with a fair number of fish. Yes, I had one fish (147/8 in, measured after being in my sack for three hours.) How ever the total length of all-over fish shown that afternoon measured 33 in. This was an average of just over two inches each. I was not aware that we were to bring fish of this size in. And what do you suppose they used for bait? When things were a bit slow I would approach one of those qualified fishermen from Colorado and ask what they were hitting. The answer was always LUMBRICUS but they would not let me see it. As you know I tie my own fishing flies (I never use any type of bait for trout but the artificial fly) so I went back to the car and got out my pattern index and soon discovered that this was nothing but the common earth worm. Those fellows are pretty sharp when it comes to covering up their felonious acts.

As for the pocket knife, the only knife he ever owned was one he borrowed from an unsuspecting Texan.

Bed Slats, speaks of the pot calling the kettle black, in the San Luis valley the person that referred to me as Bed Slats is commonly known as Frog Nose Evans from Texas.

I do want to say this however, he married a wonderful girl, how I will never know, and he has three of the loveliest children I have ever seen. Beverly treated me (and rightfully so) as if it was an honored guest. Even her instant coffee was good. But as for Mr. Frog Nose I dare him to ever set foot in Texas again.

The above is a true statement; Witness my hand.

Not all Texans agree, however. Mr. and Mrs. Ernest May are just back from Gunnison, where they fished with Elmer and Gladys Womble, also former Hereford residents. Mrs. May says they pretty well got their limit daily. She agrees that Marlin would never, never stretch the truth, but is wondering if he maybe "took a nap" when the other boys were

out fishing. Anyway, she recommends the Womble ranch highly.

Nevertheless, I am personally off of Colorado. Those dollar-grabbing Yankees could become regular tourist parasites. They clip you coming and going. The tourists get so profitable that they have even closed down most of the gold and silver mines. It seems like half of the people operate cabins and the other half are game wardens. If you don't believe it, just ask Sam Nunnally and Otis Hall. Besides, I was talking with Luther Lesly and Earl Springer — and they gave me a good selling on Lihao.

Dr. J. W. Hendrix, Luther and Earl recently flew to Sandpoint, Idaho, where they joined Mr. and

Mrs. G. D. Milner. They got back this week with some of their catch. Luther was showing one Rainbow trout which measured 29 inches and weighed around 18 pounds. Earl says this was one of the smaller ones. Doc Hendrix left a 32-inch Rainbow in Denver to be stuffed and shipped on down as a trophy. The fish are so big up there that they have to troll with steel lines and use deep-sea tackle. Wyoming is also drawing a lot of local fishermen. Colorado is slipping. I definitely think they let too many Texans move into the country. It will never be the same again.

I admit this is too much reading and writing about fishing but it is still better than tax qualification, about which seems to be the only other thing I hear

these days.

At least two Texans may make a bid for the presidential nomination next round. Mr. Anderson is being mentioned off and on as a GOP possible, though not too likely. Lyndon Johnson, top-dog senator, is showing stronger and stronger possibilities on the Democratic slate. Mr. Johnson's handling of the civil rights question definitely indicates that he does not care to unduly arouse the North, although his sincere sympathy lies with the South. Unquestionably, he will make a bid for the Demo nomination, his health permitting — and if he finishes out his present term, it will be a strong talking point for Lyndon.

BILL STANFORD is a good example of something or other. Un-

til this year he has been a confirmed Aggie — one of the type who crossed his fingers, when he sang "The Eyes of Texas." This summer he enrolled in Texas University and completed some courses. Whether it was Bill's propaganda machine or not, I don't know, but everyone figured that he was in West Texas State; we even put it that way in The Brand. Looks to me like the Aggies are slipping. Next thing you know folks will be blaming Jim Witherpoon, a "Texas Ex," currently on the A. and M. Board of Regents.

Without a doubt, the Hereford-Childress Little League game was a thriller. Few major league games pack more wallop. I am guessing that Hereford will win the area this afternoon (Wednes-

day) in a walk — and a tremendous delegation will go to Lubbock for the play-off. Hereford has a good chance to wind up in the top three down there. They might even win — and on to Abilene for the State finals. To answer an often asked question: L-L pitchers can only pitch six innings in any three day period.

Sensible Approach To Market Needed

By ROY CLARK

It is hard to figure, the reaction of growers to low prices on the vegetable market. When this newspaper cautioned months ago that everything pointed to an excess acreage of vegetables, we were challenged on our warning note.

"What are you trying to do, help some big operator corner the market?" was the question. The assertion was, "We'll plant all the potatoes, onions, carrots, lettuce and whatever else we want."

Now, we could say, "We told you so!" The potato and onion markets have been awfully "sick." This week, fortunately, these markets began to show new strength and to afford better prices.

Meanwhile, we've been challenged to "expose the situation."

CONSIDERING the length of time for which the "situation" has existed, we doubt that it needs much more exposure. Surely everyone must know that many grocery stores in the region offer produce that wouldn't pass government inspection at the source.

But there is many a slip between the furrow and the shelf. That poor quality produce showed up because some farmer decided to dig when he shouldn't, or some broker decided to ship when he shouldn't, or some wholesaler took advantage of a bad situation and bought an unsold "roller" — a carload of produce shipped without a firm purchase agreement — at a distress price. And the retailer, the man who finally displays the produce for sale wonders what happened to all of those statements concerning the superior quality of the Hereford potatoes or onions or what-have-you.

The problem is not peculiar to Hereford. We are probably no better or no worse than most areas. Certainly the situation nowhere in the country is as bad as that that exists in France. Look into that situation, that concerning produce sales conditions in Paris, for example, if you want to see how bad a condition can become.

SUPPLY and demand still govern the sales of vegetables. And it appears that we have recently had more supply than was in demand. Somewhere, someone broke the common sense barrier: Someone planted too many vegetables. Someone dug produce for which there was a poor market at best. Someone packed good and bad, without attention to strict control of quality. Someone shipped without a consigner.

Someone bought those "rollers," sold by the railroads, perhaps, at give-away prices in order to collect something for the job of hauling. Someone repackaged the ship-

ment after culling out the spoiled material. Someone bought the repackaged produce. And somewhere some pretty poor merchandise turned up in market baskets.

You point the finger if you have all the facts. We only know that some place in this chain from grower to housewife there was a slip.

What can be done? Getting names to go with sound advice is difficult, particularly when there is a possibility that opening one's mouth is an invitation for someone else to insert a brogan. So, take our word for the fact that our sources are fairly reliable, if you like, and here is the solution to orderly and profitable marketing of vegetables:

"THE MARKET is born at planting time. First, we must keep production in line with consumption. The USDA's published acreage guides are invaluable here. The individual farmer must keep his acreage percentage of increase or decrease in line with the publish-

REP. WALTER ROGERS WRITES:

Getting Record Straight on the Hoover Commission

The mail has brought many inquiries and suggestions concerning the activities of the Hoover Commission. Many of the letters insist that the government adopt the Hoover Commission Report and save a great deal of money. Others appear to be of the opinion that all of the recommendations of the Hoover Commission have been cast aside and that this has cost the taxpayers a great deal of money.

I want to try to set the record straight, because there has been considerable misunderstanding of the entire subject. Some of this misunderstanding was brought about by advertising which was not exactly true.

The first Hoover Commission was created by Congress in 1947 and submitted a final report in 1949. This report contained recommendations relating to the reorganization of departments and agencies of the government. Many of those recommendations have been adopted. In fact, a number of them were in operation before the Hoover Commission's report was filed. In 1953 a second Hoover Commission was created by Congress and submitted a final report in June, 1955. This Commission spent 2,848,534 dollars and had personnel totaling 524 at one time. The following quotation is included

in the report of the second Commission:

"The primary purpose of the Commission is to recommend methods by which savings could be made in the expenditures of the agencies of the Executive Branch without injury to the security of welfare of the country."

I especially call to your attention the first words to point out that, under a democratic form of government, the primary aim is the retention of the rights, privileges, powers and immunities of the individual as guaranteed under the Constitution. Some recommendations of both the Hoover Commissions, if adopted, would have resulted in a centralization of power in certain fields of government operation that could have done violence to some of those rights. I can assure everyone that all these recommendations have been, and are being, carefully weighed.

Senate Report No. 4 of the 83rd Congress was issued in January, 1953, and contained the following statement concerning the activities of the first Hoover Commission:

"Another aspect of the Hoover Commission reports, which has caused considerable confusion in the public mind because of its wide dissemination, involves the

Summer Program at Labor Camp To End

By MARSHA COCKRELL

Kay Caillet and Amado Musi, workers at the Labor Camp Day Center, will finish up their six weeks stay in Hereford the end of this week. Amado plans to go to another project at El Campo, Tex., for three weeks, and then spend 10 days at his home in Sabinas, Coahuila, Mexico, before returning to Texas Western College in El Paso. Kay will return to her home in Dallas. She attends Phillips University in Enid, Okla.

The two young people took a group of teen agers from the camp to Palo Canyon Sunday afternoon for a picnic and hiking. Around 30 attended. Kay and Amado will finish their summer program Friday night with a talent show at the Center. Youth groups from different churches in Hereford will be represented.

Mr. W. E. Dameron has been gone for several weeks on a tour which included Williamsburg, Va., Philadelphia, Pa., New York City, Halifax, Nova Scotia and Quebec. She and four friends made the trip by car.

Four young people and an adult from First Methodist Church are attending the Woman's Society of Christian Service School of Missions in Lubbock this week. They are Janie Bookout, Carolyn Knox, Agatha Malone, Carol Ann Newell and Mrs. Colby Konkright, president of Amarillo District W.S.C.

Carolyn Knox, Agatha Malone, Mrs. Alby Cockrell was formerly slated to be on the School of Missions staff, but her plans were later changed.

Gid Brown's brother and family, Mr. and Mrs. Neil Brown, Linda and Robert visited the Gid Browns last weekend. They are from Levelland.

Mr. and Mrs. F. L. Akers and Mrs. J. H. Evetts of Anson were weekend guests in the James Headstream home. Mr. and Mrs. Akers are the parents of Mrs. Headstream and Mrs. Evetts is her grandmother.

Mr. and Mrs. L. A. Ricketts and daughter Nancy spent Saturday and Sunday with their mother, Mrs. Ida Ricketts. They were enroute to Eagle Nest, N. M., on a vacation trip. The family will be back this weekend for another visit on the way back to their home in Arlington.

Also visiting Mrs. Ricketts last weekend were her oldest son and his wife, Mr. and Mrs. R. A. Ricketts from Dumas.

Mrs. H. M. Benefield's daughter and husband, Mr. and Mrs. G. S. McLaughlin from Mexico City arrived in Hereford Sunday after having spent over two weeks in Canada, Salt Lake City, Denver and other points on their vacation.

They had been trying to get word from their home after hearing about the earthquake there, and McLaughlin was to leave Monday by plane for Mexico City. Mrs. McLaughlin planned to remain with her mother for a few days.

Collins Family Is Back from Long Vacation

By MRS. T. L. COLLINS
For more than a month, Mr. and Mrs. T. L. Collins and sons Raymond and Bruce have been visiting relatives and friends in Texas, Oklahoma and Kansas. They attended a Collins family reunion in Perryton June 21.

Visitors in the Collins home June 26 were Mr. and Mrs. Joe Hamilton Jr. and Myra Louise of Santa Paula, Calif. Mrs. Collins made a trip with them to Oklahoma and Kansas. The Hamiltons are back in the Collins home before returning to California.

Mrs. Collins gave a party Thursday afternoon in honor of her niece, Myra Louise Hamilton, at Walcott school. The guests came dressed in their mothers' clothes and carried their dolls.

Present were Rose Neinast, Elizabeth Burrus, Dianne Jack and Gay Wily. Adults were Mrs. Joe Hamilton, Barbara Neinast, Mrs. Bertram Jack and Mrs. Collins.

Mr. and Mrs. Joe Rader are on vacation this week, visiting relatives around Spade and Littlefield. These include Mrs. Rader's parents, Mr. and Mrs. J. M. Thomas, the Raders' daughter and husband, Mr. and Mrs. M. C. Davis Jr. and M. C. Davis Sr., who is sick in a Littlefield hospital.

Miss Verl Miller of Floydada is visiting her sister and family, the Bertram Jacks.

Mr. and Mrs. C. G. Turner and family left Thursday afternoon to spend their vacation visiting relatives in parts of Oklahoma.

A number of Walcott families attended the shower given on Monday night in the N. E. Tyler home for Mr. and Mrs. Richard Fortenberry, whose home burned recently.

Walcott got some showers last Sunday afternoon. There has been little moisture since then. Three airplanes filled up at the Walcott School Wednesday morning. (Continued on Page 2)

Grudge Match Tops Mat Card

A grudge match between Iron Mike DiBiase and Sonny Myers heads the list of Saturday night wrestling matches here.

The Myers-DiBiase bout is a result of a match held July 20 when the pair battled to a bloody draw. Both wrestlers demanded a rematch.

Saturday's tussle between the two is scheduled for three out of five falls and has no time limit. It will be the second event on the night's schedule.

In a preliminary bout, Dory Funk will meet Rip Hawk, a newcomer to the Hereford ring, in two out of three falls with an hour's time limit.

Last week Tommy Phelps was disqualified in the first fall from his bout with Dizzy Davis and then Davis won the second fall to take the match.

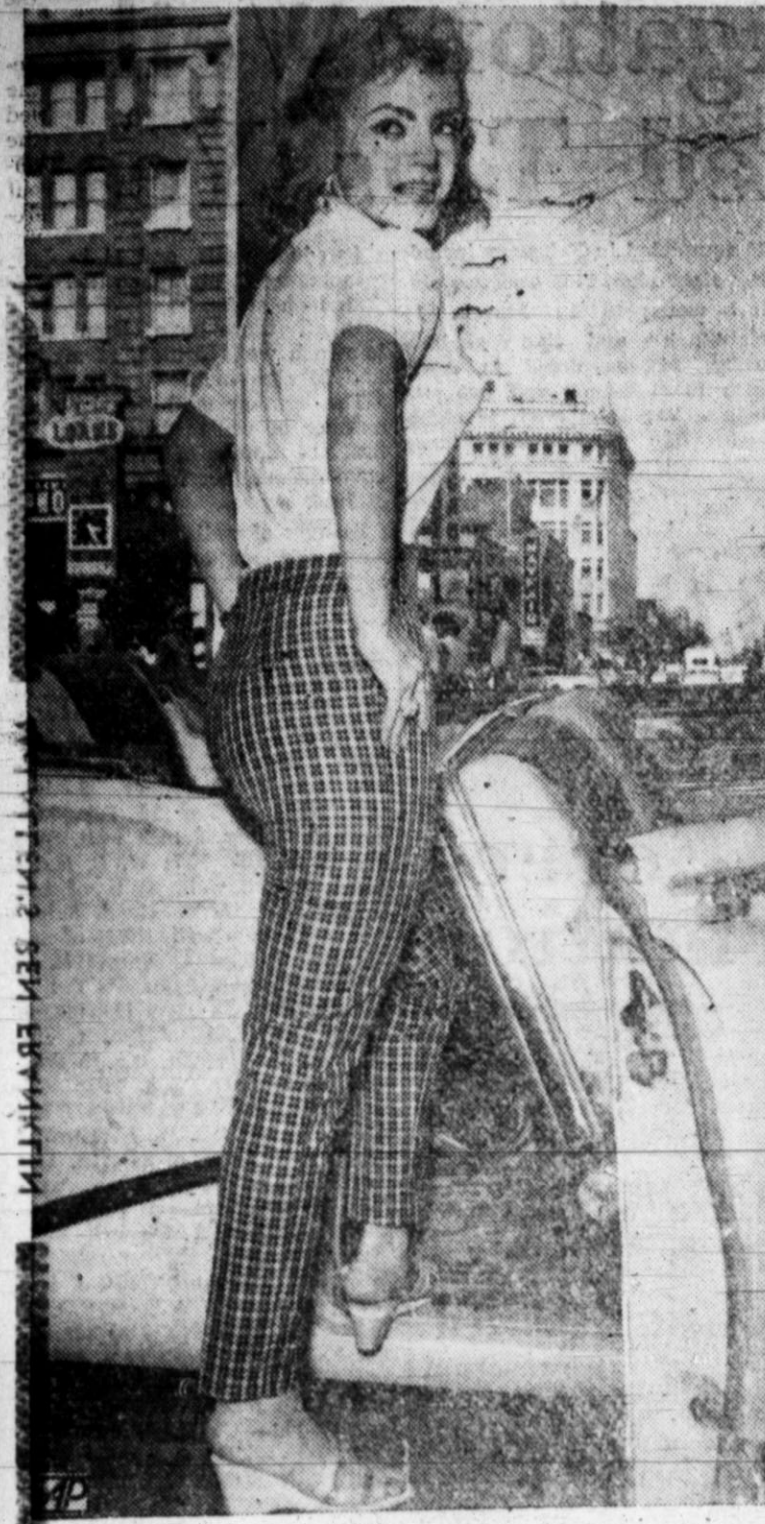

DiBiase took the first fall from Bob Geigel in their contest. Geigel won the second fall in eight minutes and the DiBiase won the second fall in eight minutes and the third fall and the match.

Saturday's fights will start at 9 p.m. at the Bull Barn.

OLD FRIENDS MEET—The Bill Lendermans have known the lioness "Blondie" since she was a kitten, newly arrived at the home of their friend Charlie Hipp of Graham. Last week in Dallas for the Southwestern Institute for Chamber of Commerce Executives, the Lendermans and "Blondie" attended a buffet supper.

Mrs. Lenderman and the 300-pound cat smiled for the cameraman during their "visit" under the watchful eye of Hipp. "Blondie" has been featured on national television shows and in several magazines. She's a pet in oilman Hipps home. Mr. Lenderman is manager of the chamber of commerce here.

MEXICO'S MARILYN MONROE—Statuesque Kitty de Hoyos, "Mexico's Marilyn Monroe," had no comment in El Paso on reports she would move from Mexico City to Hollywood. Kitty was, she said, "just visiting Texas." 20th Century Fox is persistently rumored as having bid for Miss de Hoyos's services. She is currently on a tour of Northern Mexico. (AP Photo)

ed recommended percentage of increase or decrease.

"Starting from scratch is no more difficult or hazardous than trying to get a new-grower's cotton allotment. The only penalty here is apt to be to the individual's pocketbook.

"When all growers respect and follow the USDA's guides there will be no violent ups and downs in the market. Putting the planting recommendations on a compulsory basis — as has been done with wheat, cotton and the other basic crops — has only led to big surpluses and depressed markets.

"To point up the marketing problem this year, here's what farmers did in regard to the recommended potato acreage after the USDA had warned that a smaller acreage than in 1956 was needed: TEXANS planted 7,800 acres of early summer potatoes, compared to 5,900 in 1956. California's acreage was up 18 per cent from last year. Idaho, planted 22 per cent more than was recommended. Florida, 34 per cent; North Carolina, 22 per cent; Maine, 7 per cent."

Last year potatoes rolled out of Hereford at a peak price of \$8.25 per hundredweight. Potatoes demanded \$11 in New York. The overall potato prices broke all time records.

Last week potatoes rolled out of Hereford at prices more than \$6 below those of 1956. Monday, however, they showed signs of recovering, with shipments finding firm demands and prices ranging from \$2.10 to \$2.75. Onions, too, showed improvements, and they were in a position relative to that of potatoes before July 29.

INCREASED cooperation between growers and shippers, or packers, or brokers would aid the situation in the future. When growers sell under panic conditions they're only bringing more trouble on themselves and their neighbors. Everyone concerned must fight for a good market. The man who breaks, however, is frequently the one who later yells "foul" the loudest.

There is work to be done all down the line. And if the housewife at the far end of the line lets out a strong protest when the onions are soft, her yell could prove to be the one that carries

the greatest distance.

We feel that it is improper to point a finger at anyone person in the growing, selling, merchandising and distributing potatoes, until some group of the lot sets and refuses to budge to entreaties from below or threats from above and holds the line on quality and price.

Leningrad, Novosibirsk, Stalino and other areas is set for Aug. 1. Lessons learned in these local operations will be incorporated in preparations for the big count planned for January, 1959.

The Hallmark of Circulation Value

In the same way that STERLING on silver signifies a standard of known value, so is the A.B.C. emblem a symbol of integrity for the circulation of newspapers and periodicals. It means that circulation so identified is measured according to the rules and standards of the AUDIT BUREAU OF CIRCULATIONS.

The A.B.C. is a cooperative and non-profit association of 3,450 publishers, advertisers and advertising agencies. Organized in 1914, these buyers and sellers of advertising brought order out of advertising chaos by setting up standards for paid circulation and establishing rules and methods for measuring, auditing and reporting circulations.

Therefore, the work of the A.B.C., of which this newspaper is proud to

be a member, provides you with a direct and valuable service. You can buy advertising as you would make any other sound business investment — on the basis of well-known standards, known values.

At regular intervals one of the Bureau's large staff of experienced circulation auditors makes a thorough audit of our circulation records. The results of this exacting audit show: How much circulation we have; where our circulation goes; how it was obtained; and many other facts that you need in order to know just what you get for your advertising dollars. This audited information is published by the Bureau in easy-to-read A.B.C. reports which are available to our advertisers on request. Ask for a copy of our latest A.B.C. report.

How Can I?

By Anne Ashley

Q. How can I remove stains from leather?

A. Dab the spot carefully with spirits of sal-ammoniac. After allowing this to act for awhile, wash with clean water. Repeat the treatment a few times if necessary. Be careful not to discolor the leather.

Q. How can I remove the too salty taste from soup, gravy, or vegetables?

A. Stir a little coarse brown sugar into it and the salty taste will disappear. Or, add one tablespoon of sugar and one of vinegar.

BACK-BREAKING WORK—Although raising Burkeville. When pine seeds are planted, men with firecrackers fire them off to shoo away all the way, perhaps the toughest part is the weeding. Doing the job here are Harry Jean, left, of Newton, and Robert Earl Love of Photo)

Q. How can I remove vitrophane from windows?

A. By dampening with turpentine, letting it remain until soaked through, and then scouring off with soap and water.

Q. How can I prevent butter from absorbing odors?

A. When one does not have a butter kettle, the butter should be kept in the glazed cardboard box in which it was bought. The odor and flavor of other foods cannot penetrate this carton.

Q. How can I peel new potatoes easily, so that the skins will slip off readily?

A. Before peeling new potatoes, plunge them into boiling water for about half a minute, then drop them in cold water. The peeling will slip off easily.

Q. How can I remove spots of machine grease from clothing?

A. Try using clear ammonia and soap.

A. Have the water lukewarm for washing the dog. After drying, play with him until he is thoroughly dry before letting him lie down to rest. This will prevent his contracting rheumatism.

Q. How can I make poppy seed stick to rolls?

A. Before sprinkling poppy seed on home-made rolls, spread a little unbeaten white of an egg on the tops. After baking, the seeds will adhere to the buns.

Q. How can I keep woolen blankets fluffy when laundering?

A. After washing and drying woolen blankets whip them with a carpet beater. It will make the wool light and soft again.

Q. How can I soften a paint brush that has become hard and dry?

A. Heat some vinegar to the boiling point and soak the brush in it for about 25 minutes. Then boil it gently in strong soapuds for a few minutes. The bristles will be as soft as when new.

ley's dress is pink washable acetate and rayon. It's in coat style with short sleeves and low style collar. It's just right for most any occasion — club, church or just visiting.

Today is the day for the 4-H Dress Revue in the Hereford High School Auditorium at 1:30 p.m. An hour of your time will certainly be well spent at the dress revue.

Here is something interesting that we found in "Texas Youth and Adults At Work and In 4-H": A recent study on why 4-H members drop out of club reveal this: 20 per cent of members leave the community; 10 per cent have work conflicts and 5 per cent to 10 per cent have club failures. Deaf Smith County has a very low percentage of club members dropping out. We account for this by the outstanding leaders which Deaf Smith County has. You would be surprised at the number of people from other counties who talk about how much trouble they have in getting adult leaders. We are proud of our adult leaders and know that the success of 4-H club depends on the quality of work done by the leaders.

When you read this the state meeting of the THDA will almost be over. Remember the report meeting at the Rock Clubhouse Monday at 2:30 p.m.

New Program for Invalids Starts

Complete and permanent invalids or persons in the community so mentally deranged that they require continuous oversight to keep from harming themselves or others may soon be able to receive small monthly checks from their State Department of Public Welfare through the new state-federal program of Aid to the Permanently and Totally Disabled.

The constitutional amendment, which was adopted by the voters in November, 1956, limiting the amount of money that can be appropriated for this program to 1.5 million dollars per year, makes aid possible only to those who are helpless and have no relatives able to support them.

Wade H. Fels, welfare supervisor for this area, pointed out this is the only welfare program which requires consideration of the ability of relatives to support. This law defines "responsible relatives" as children, parents, step-children, step-parents, brothers and sisters. Fels said that for the first time in nearly 20 years the department's field workers will be required to determine by law the re-

sources of relatives of persons who apply for aid.

The "permanency" and "totality" of the disability will be determined by a state reviewing physician after study of a complete physical or mental examination by the person's own private physician. Complete helplessness from a medical standpoint, rather than inability to work, is the criteria. The

state will pay the private physician for his examination.

Funds for assistance payments will not be available until September 1, but applications will be taken after July 15, 1957. While the helpless individual will not be able to leave home, the persons responsible for his care may come to the local welfare office and acquaint the Department with his

situation. A field worker will then call, as soon as possible, at the home to take the application.

People wishing to make an appointment to apply for aid to the permanently and totally disabled may do so by contacting the State Department of Public Welfare office, first floor of the Deaf Smith County Courthouse, Hereford.

Beauty at Home

Q. What can I do to help reduce fleshy upper arms?
A. By the method of lifting and pinching the flesh. You can achieve more rapid results if you'll have a friend do this for you. The trick is to cause greater circulation through the massage, and to break down the fatty tissue. Strenuous, diligent massage is the best way to reduce fatty arms.
Q. How can I remove white shoe-dressing stains from one of my dresses?
A. Sponge first with cool water, then with suds.
Q. What is the proper manner of applying bleach to the hair?
A. If this is a first-time bleach, shampoo the hair first, rinse, and dry. Section off the hair and, starting at the roots, apply the bleach to the ends. Complete entire head this way, and allow to remain on no longer than an hour. During this hour, reapply the bleach to any area that has become dry. When you think the desired color is about reached, test it by washing out one strand from roots to ends with soap and water. Rub it dry so you'll get a good idea of how the final bleach job will look.
Q. Please suggest a remedy for removing whiteheads from my skin.
A. Try applying a thick paste of fuller's earth and witch hazel, wrapping some gauze over this to keep it in place. After a few minutes, wash off with cool water.
Q. What sports do you especially recommend for development of the bust?
A. Swimming, tennis, golf, bowling, rowing, medicine ball, badminton, and deck tennis are all good developers of the bustline.
Q. Someone has told me that the application of ice directly to the skin is not good for it. Is this correct?
A. For some skin textures, it is not too good. You would probably achieve better results by using chilled lotions or water, or at least by wrapping the ice in some gauze.
Q. Is it possible, with face powder, to reduce the appearance of a square jaw?
A. A darker shade of face powder across each side of the lower cheeks will help to do this.
Q. What is a good after-shampoo rinse for hair that is quite oily?
A. Three ounces of vinegar to one and a half pints of warm water.
Q. What is a quick and easy waist-slimmering exercise?
A. Standing with hands on hips, thumbs forward, legs straight bend to left side as far as you can go, then to the right. Repeat at least ten times in each direction.
Q. What is a facial mask which will help to combat freckles?
A. Mix the white of an egg with the juice of a lemon, and blend with enough almond meal to make a thin paste. Spread this on the face, and leave on at least 20 minutes. Then rinse off with warm water.
Q. Is it all right for me to use the cream type of rouge on my rather oily skin?
A. Better not. Instead, use the dry compact rouge. Apply it AFTER the face powder, rather than before. Then blend on a little more powder over the rouge.

not, in all instances, agree with the recommendations of its task forces, subcommittees and study groups. Many of its recommendations are based upon the experience of the members of the Commission plus independent research by the Commission.

"Nor were the 12 members of the Commission, themselves, in complete agreement upon all 20 of the Commission reports. Most of the reports contain dissents, separate statements, or reservations by one or more of the Commissioners. These were directed usually not to a Commission report as a whole, but to specific recommendations therein."

In 1956, Mr. Percival Brundage, Director of the Bureau of the Budget, appeared before the Appropriations Committee of the House of Representatives and was questioned by Chairman Cannon about the statements of one of the Hoover Commission officials that 4 million dollars could be saved by a change in the budgetary system. The most that Mr. Cannon

could get Mr. Brundage to say about this advertised 4 billion dollar savings was the statement that he (Mr. Brundage) felt satisfied such a change would bring about savings of several million dollars. He did not so much as use the term, billion.

You can see from these reports there is a great deal of controversy as to what can and cannot be done should all of the Hoover Commission's recommendations be adopted. Of course, every dime that can be saved should be saved, and will be saved if I have my way.

As of October 15, 1956, the Executive Branch has implemented 22.4 percent of the Commission's recommendations it has accepted; had 39.3 percent in process of implementation, and had accepted in substance but not started 29.1 percent.

The 84th Congress enacted 36 laws, 2 House Resolutions and 1 Senate Resolution which put into effect about 55, or about 33 percent, of the 167 recommendations identified by the Commission, as requiring action by the Congress in order to be made effective.

Little League Apes Adults

By EDWARD S. KITCH

CHICAGO (AP)—Children's back to school wear is the Little League of the adult world of styles.

According to Carl Bauer, president of the Children's Wear Assn. of the Merchandise Mart, the trend of design in children's wear emphasizes fashions stemming from grown-up interests in Calypso and the Ivy League.

"Children's wear has become a fashion business and no longer is designed merely for utility," he said during the Children's-Wear market.

Boys will wear outfits with the Ivy League look; girls will wear costumes that reflect the slim look which is high fashion. Clothes for the youngest set have the Chanel look and mirror Calypso trends.

Bauer says children's wear is a bit more colorful than adult ready-to-wear. Colors are vivid yellows, reds and greens and prints are in South American and Cuban patterns.

The new synthetic fabrics are widely used in children's wear. The man-made fibers are freely blended with wool and cotton. Drip-dry features predominate.

Among fashions for the nursery school set is an outfit with lined jacket of novelty Ivy League stripe. It is worn with gabardine slacks and Ivy League cap to match. It is 70 per cent acrilan and 30 per cent wool.

For the little miss, there's a dress in colorful Tartan plaid with circle skirt that has drip-dry features. The collar and cuffs are durable rayon linen with tiny waist accented by a narrow imitation leather belt.

For the pre-teens, there's a Calypso-styled dress aimed at tuning her to fashion. The colorful one-piece jumper has a native print motif in tropical pattern. The ruffles on the sleeves and neckline stand out against the black piping and bow.

For school wear and fashion conscious little-ladies, there's a coat dress of silk and pima cotton. It has a shirtwaist top with bloused back and belt.

For outdoors, pre-teen girls will wear a white nylon fleece jacket with hidden hood. It's hooded in colorful broad stripes.

A lined jacket and snow pants outfit of zelon treated poplin features a quilted lining in the jacket and acetate and cotton fleece lining in the snow pants.

A high-fashion suit dress with cardigan box style jacket with gold buttons and box pleated skirt. The white blouse is fitted with short sleeves and Peter Pan collar.

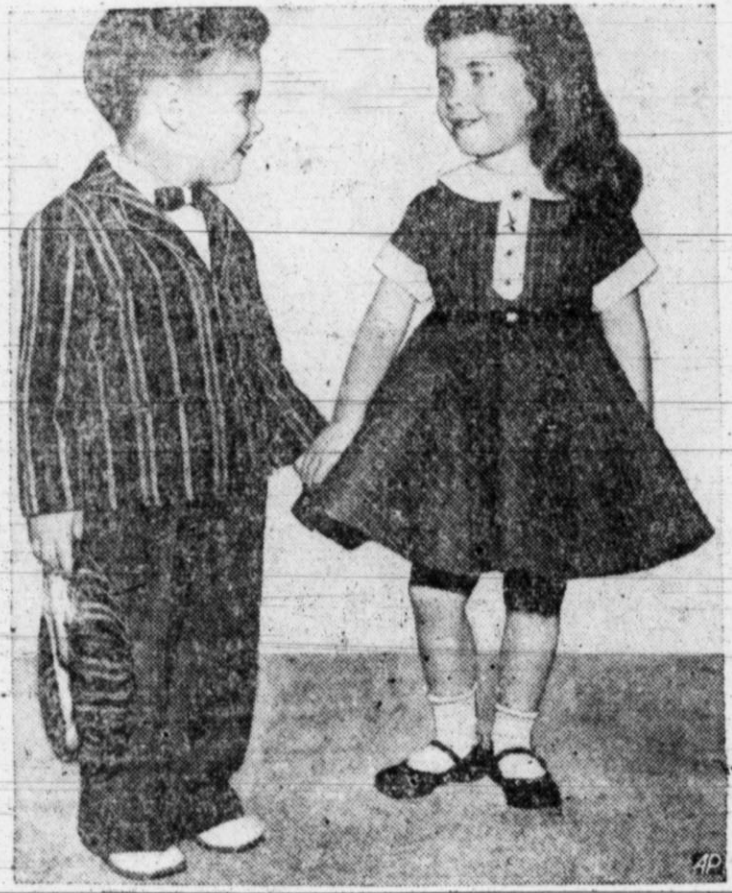

For the little girl who wants to go places, there's a brown, black and gray flannel coat that grows. The styling of the back features flared panels which partly cover the back belt and is actually a set of tabs for letting out.

Bedtime wear for tots resembles ski wear.

Use one cup of milk and one cup of heavy cream when you are making up a package of vanilla instant pudding mix. Serve with a fresh-fruit sauce for company.

CALYPSO NOTE—This little girl's colorful jumper, modeled by Diane Dettloff, borrows adult Calypso motif.

IVY LOOK—Tom Maisel, 3, wears Ivy striped jacket and cap. Pamela O'Reisman, 4, has dark plaid school dress.

NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1957.

HOUSE JOINT RESOLUTION NO. 2 proposing an amendment to Article III, Section 51a of the Constitution of Texas, so as to increase the limit on the maximum monthly payment to needy aged persons from state funds out of the total yearly expenditure out of state funds for such assistance to \$250.00 per year.

"The Legislature shall enact appropriate laws to make such assistance to needy aged, needy blind, and needy children shall never exceed the sum of Four-hundred Dollars (\$400.00) per year."

"Supplementing legislative appropriations for assistance payments authorized by this section, the following sums are allocated out of the Omnibus Tax Clearance Fund and are appropriated to the State Department of Public Welfare for the period beginning December 1, 1957 and ending August 31, 1959: Four Million, Nine Hundred Thousand Dollars (\$4,900,000) for Aid to the Blind, and Five Hundred Thousand Dollars (\$500,000) for Aid to Dependent Children. Such allocations and appropriations shall be made available on the basis of equal monthly installments and shall be subject to the provisions of currently existing laws making allocations and appropriations for these purposes."

Sec. 2. The foregoing amendment shall be submitted to the qualified electors of Texas at an election to be held throughout the State of Texas on the 5th day of November, 1957, at which election there shall be printed on such ballot the following clauses:

"FOR the Constitutional Amendment increasing the limit on the maximum monthly payment to needy aged persons from state funds from Twenty Dollars (\$20) per month to Twenty-five Dollars (\$25) per month subject to certain conditions for payment in excess of Twenty-five Dollars (\$25) per month and on the total yearly expenditure out of state funds for assistance to needy aged, needy blind, and needy children from Forty-two Million Dollars (\$42,000,000) per year to Forty-seven Million Dollars (\$47,000,000) per year, and allocating and appropriating additional sums, supplementing current legislative appropriations, for payment of assistance grants."

"AGAINST the Constitutional Amendment increasing the limit on the maximum monthly payment to needy aged persons from state funds from Twenty Dollars (\$20) per month to Twenty-five Dollars (\$25) per month subject to certain conditions for payment in excess of Twenty-five Dollars (\$25) per month and on the total yearly expenditure out of state funds for assistance to needy aged, needy blind, and needy children from Forty-two Million Dollars (\$42,000,000) per year to Forty-seven Million Dollars (\$47,000,000) per year, and allocating and appropriating additional sums, supplementing current legislative appropriations, for payment of assistance grants."

Sec. 3. The Governor shall cause to be published in the State Register, for the election and this Amendment shall be published as required by the Constitution and laws of this State.

not inconsistent with restrictions herein set forth; provided however, that the amount of such assistance out of state funds to each person assisted shall never exceed the amount so expended out of federal funds, and provided further, that the total amount of money to be expended out of state funds for the maximum monthly payment to needy aged, needy blind, and needy children shall never exceed the sum of Four-hundred Dollars (\$400.00) per year.

"The Legislature shall enact appropriate laws to make such assistance to needy aged, needy blind, and needy children shall never exceed the sum of Four-hundred Dollars (\$400.00) per year."

Sec. 3. The Governor shall cause to be published in the State Register, for the election and this Amendment shall be published as required by the Constitution and laws of this State.

NUMBER THREE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1957.

HOUSE JOINT RESOLUTION NO. 3 proposing an amendment to the Constitution of Texas adding a section to Article III, providing for the issuance and sale of bonds to provide financial assistance to certain political subdivisions of the State of Texas in the conservation and development of the water resources of the State, providing for the payment of such bonds; creating an agency to administer said bonds; and providing for the period during which financial assistance may be given to such subdivisions for the carrying of an election and the publication and issuance of the publication of the State of Texas.

Section 1. That Article III of the Constitution of Texas be amended by adding a new section thereto to be known as Section 43-a, which shall read as follows:

"Section 43-a. There is hereby created as an agency of the State of Texas the Texas Water Development Board to exercise such powers as necessary under this provision together with such other duties and restrictions as may be prescribed by law. The qualifications, compensation, and number of members of said Board shall be determined by the Governor with the advice and consent of the Senate in the manner and for such terms as may be prescribed by law.

"The Texas Water Development Board shall have the authority to provide, issue and sell general obligation bonds of the State of Texas in an amount not to exceed One Hundred Million Dollars (\$100,000,000). The Legislature of Texas, upon a majority (2/3) vote of the authorized Members of each House, may authorize the Board to issue additional bonds in an amount not exceeding One Hundred Million Dollars (\$100,000,000). The bonds authorized herein shall be sold in accordance with the terms and conditions set forth herein.

"All moneys received from the sale of State bonds shall be deposited in a fund hereby created in the State Treasury to be known as the Texas Water Development Fund to be administered (without further appropriation) by the Texas Water Development Board in such manner as prescribed by law.

available upon such terms and conditions as the Legislature may prescribe, to the various political subdivisions or bodies politic and corporate of the State including river, harbor, authority, conservation and reclamation districts and districts created or organized or authorized to be created or organized under Article 16, Section 52, of this Constitution, interstate compact or commissions to which the State of Texas is a party and municipal corporations in order to conserve and development of the water resources of this State, including the control, storage and preservation of its streams and flood waters and the waters of its rivers and canals, for all useful and lawful purposes by the acquisition, improvement, extension or construction of dams, levees, canals and water storage projects, including any system necessary for the transportation of water from storage to points of treatment and distribution, including facilities for transporting water therefrom to agricultural purchasers, or for any one or more of such purposes or methods.

"All or all financial assistance provided herein shall be repaid with interest upon such terms, conditions and methods of repayment as may be provided by law.

"While any of the bonds authorized by this provision or while any of the bonds that may be authorized by the Legislature under this provision, or any interest on any of such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the sinking fund at the close of the prior fiscal year.

"The Legislature may provide for the investment of moneys available in the Texas Water Development Fund, and the interest and sinking funds established for the payment of bonds issued by the Texas Water Development Board Income from such investment shall be used for the purposes provided in this section. The Legislature may also make appropriations from the General Revenue Fund for administrative expenses of the Board.

"From the moneys received by the Texas Water Development Board as provided in this section, there shall be deposited in the interest and sinking fund of the bonds authorized by this section sufficient moneys to pay the interest and principal to become due during the ensuing year and sufficient to establish and maintain a reserve in said fund equal to the average annual principal and interest requirements on all outstanding bonds issued under this section. If any year prior to December 31, 1957 moneys are received in excess of the foregoing requirements then such excess shall be deposited to the Texas Water De-

velopment Fund, and may be used for registration by the Controller of Public Accounts of the State of Texas, and delivery to the purchasers, be inconvertible, non-transferable, and general obligations of the State of Texas under the Constitution of Texas.

"The Legislature shall enact enabling laws in anticipation of the adoption of this amendment, such acts shall not be void by reason of their anticipatory nature.

velopment Fund, and may be used for administrative expenses of the Board and for the same purposes and upon the same terms and conditions prescribed for the proceeds derived from the sale of such State bonds. No grant of financial assistance shall be made under the provisions of this section after the expiration of the term of the bonds therefor received as repayment of principal, interest, or both, or if interest thereon shall be deposited in the interest and sinking fund for the State bonds, except that such amount as may be required to meet the administrative expenses of the Board may be annually set aside, and provided, that after all State bonds have been paid in full with interest, or after there is an deposit in the interest and sinking fund sufficient moneys to pay all future maturities of principal and interest, additional moneys so received shall be deposited to the General Revenue Fund.

"All bonds issued hereunder shall afford the same security as the bonds registered by the Controller of Public Accounts of the State of Texas, and delivery to the purchasers, be inconvertible, non-transferable, and general obligations of the State of Texas under the Constitution of Texas.

"The Legislature shall enact enabling laws in anticipation of the adoption of this amendment, such acts shall not be void by reason of their anticipatory nature.

Sec. 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held on the 5th day of November, 1957, at which election each ballot shall have printed thereon the following words:

"FOR the amendment to the Constitution of Texas adding a new section to Article 43-a of the Constitution of Texas, authorizing the issuance and sale of Two Hundred Million Dollars (\$200,000,000) in bonds by the State of Texas to create the Texas Water Development Fund to provide financial assistance to certain political subdivisions or bodies politic and corporate of the State of Texas in the conservation and development of the water resources of the State."

"AGAINST the amendment to the Constitution of Texas adding a new section to Article 43-a of the Constitution of Texas, authorizing the issuance and sale of Two Hundred Million Dollars (\$200,000,000) in bonds by the State of Texas to create the Texas Water Development Fund to provide financial assistance to certain political subdivisions or bodies politic and corporate of the State of Texas in the conservation and development of the water resources of the State."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State. The expense of publication and election for such amendment shall be paid out of the proper appropriation made by law.

NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1957.

HOUSE JOINT RESOLUTION NO. 37 proposing an amendment to Article XVI of the Constitution of Texas, relating to the establishment of a retirement, disability and death compensation fund for officers and employees of the State, and may make such reasonable inclusions, exclusions, or classifications of officers and employees of this State as it deems advisable. The Legislature may also include officers and employees of judicial districts of the State who are or have been compensated by the State, and may make such other reasonable inclusions, exclusions, or classifications of officers and employees of judicial districts of this State as it deems advisable. Persons participating in a retirement system created pursuant to Section 12-a of Article XVI of this Constitution shall not be eligible to participate in the fund authorized in this Subsection, and persons participating in a retirement system created pursuant to Section 12-a of Article XVI of this Constitution shall not be eligible to participate in the fund authorized in this Subsection except as permitted by Section 12-a of Article XVI of this Constitution. Provided, however, any officer or employee of a county as provided in this Subsection, shall not be eligible to participate in this Subsection, except as otherwise provided herein. The amount contributed by the State to such fund shall equal the amount paid for the same purpose from the income of such person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person by the State.

"All funds provided from the compensation of such person or by the State of Texas for such retirement, disability and death compensation fund, as are received by the Treasury of the State of Texas shall be invested in bonds of the United States, or in bonds issued by any agency of the United States, or in the payment of the principal and interest on which is guaranteed by the United States or in such other securities as are now or hereafter may be permitted by law as investments for the Permanent University Fund or for the Permanent School Fund of this State, under the same limitations and restrictions imposed by the Constitution for investment of those funds and subject to such regulations as the Legislature may provide. However, a sufficient amount of said fund shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said fund.

"Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such laws shall not be invalid by reason of their anticipatory character."

"FOR the Constitutional Amendment amending Subsection (a) of Section 62, Article XVI of the State Constitution, relating to establishment of a retirement, disability and death compensation fund for officers and employees of the State."

"AGAINST the Constitutional Amendment amending Subsection (a) of Section 62, Article XVI of the State Constitution, relating to establishment of a retirement, disability and death compensation fund for officers and employees of the State."

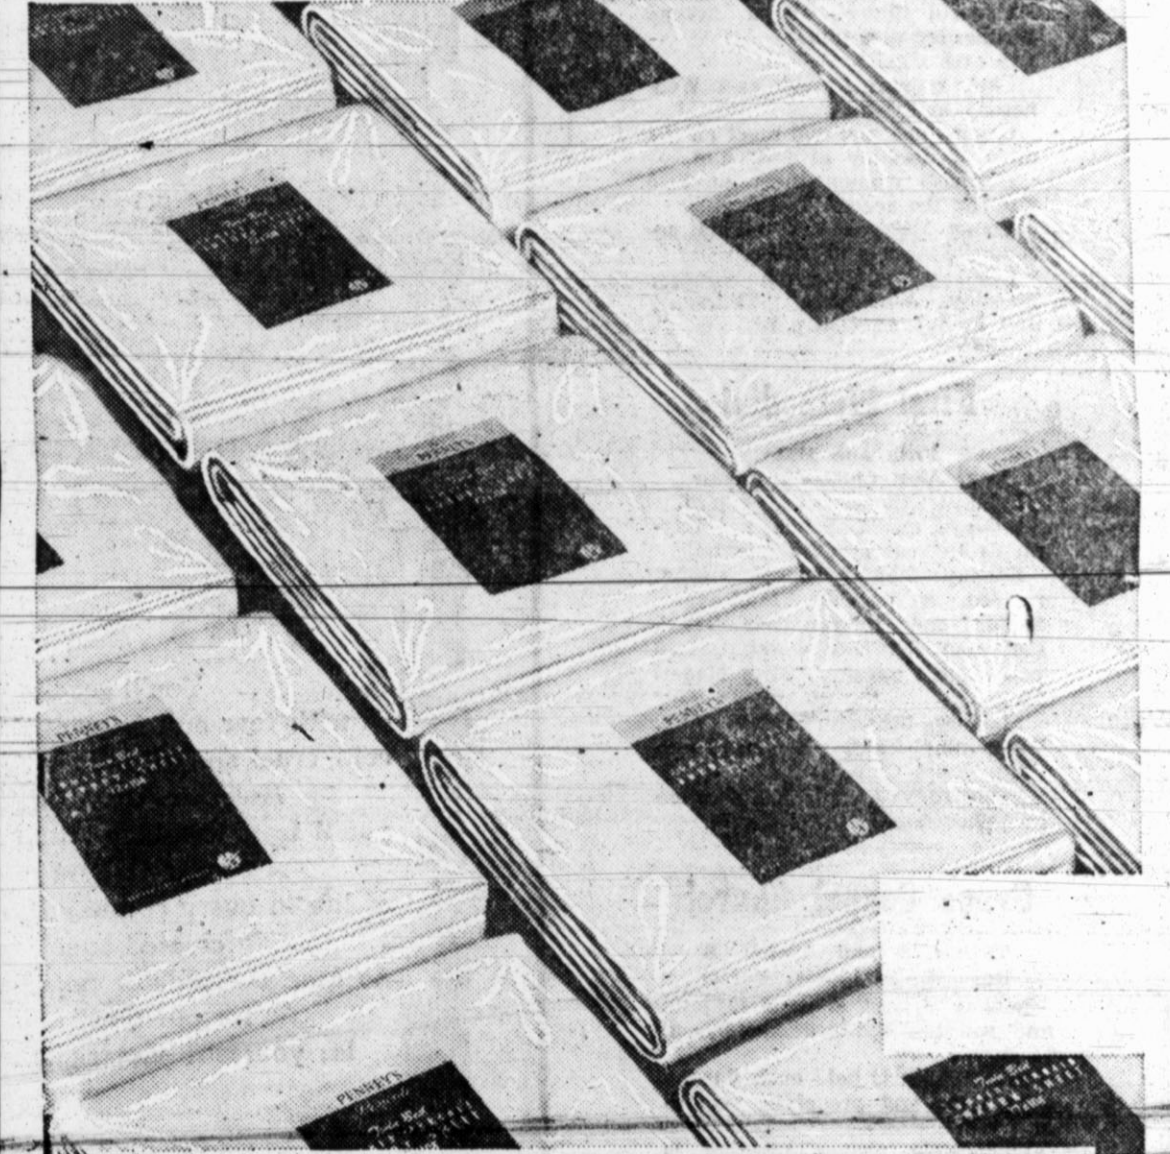

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and this Amendment shall be published and the election held as required by the Constitution and laws of this State.

DEJECTED BANK ROBBER—Dan Moody June, 27, a New Orleans auto salesman, sits handcuffed in a Houston jail after robbing a local bank. Jones, in Houston only one day, held up a downtown bank of \$1,785 with a toy pistol. He was followed by bank employees in a chase through the city streets and finally captured in the basement

**The Iron
CURTAIN**

... pull it back and take a look.
 You'll get the shivers real quick like... you'll shake
 with fear and horror. Inside this curtain, "the Iron Curtain," it is
 cold, cruel and all human life is calculated. *They murder men who
 have ideas, who differ with Leninism.* Just take a peep, Mr., and
 you'll start thanking Almighty God for this land called America.
 A country where men are free and where God's church is the center
 of life in every community. This is a land where all men are
 created equal and must be reckoned with as equals. *God knows
 no special creeds or nationalities.* This is America... Hallelujah-
 for our good land and for freedom of worship.
 Be yourself! Get right with God and with country — A-men!

**YOU IN THE CHURCH
THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and
 old alike are showered with benedictions that fortify and influence
 for a better citizenship and a stronger democracy. In the church
 the minister of the gospel, religious education, and service to the
 state, the church alone can furnish leadership to handle the
 affairs of state in these perilous times. Then with our children

One Party Notes Three Occasions

By MRS. S. N. THWEATT
Mr. and Mrs. Jack Buse and children had dinner with a daughter Mrs. Charles Markman of Houston Sunday. Mrs. Buse and children visited friends Sunday afternoon and had a picnic supper with the George Bumpass family of Hereford.

Mr. and Mrs. S. N. Thweatt entertained Friday with a chicken fry to celebrate Thweatt's birthday which was Thursday, the birthday of Mrs. Walter Thompson and the wedding anniversary of the Thompsons, on Friday. Mr. and Mrs. Thompson and their son arrived Thursday from Pierre, S. D.

Mrs. Rose Corwell of Los Angeles, Calif., made the birthday cake which was decorated to look like a white shirt.

Attending the party were Mr. and Mrs. N. A. Brown, Jan and Terre Potts of Canyon, Mr. and Mrs. Ernest Brown, David and Denise, Mr. and Mrs. Eldred Brown and Tommie, Mr. and Mrs. Earl Brown, Earl and Rodgers, Mrs. Jack Buse and children, Mr. and Mrs. Bruce Coleman, Gary and Cinda, Mrs. Ruth Coleman, Spain-Thweatt of Amarillo, Mrs. Rose Corwell of Los Angeles, the honor guests and the hosts.

The Thompsons left Friday for the Thompson reunion at the home of Mr. and Mrs. Kenneth Thompson of Friona. From there they returned home by way of Colorado where they visited Mrs. Thompson's sister and husband, Mr. and Mrs. Murry Miller, formerly of Clovis.

Mrs. Wheeler Mount, W. D. and Ginger of Lubbock, Mr. and Mrs. Dale Brown and Joe of Lubbock and Mrs. Joe Brown, and Larry of Rhea were company of Mr. and Mrs. Bruce Coleman Sunday.

W. H. Hagan of Simiti, brother of Mrs. Thweatt, spent the weekend in the Thweatt home.

Mr. and Mrs. Floyd Brown, Earl and Rodgers had dinner with Mr. and Mrs. Clyde Shadix of Clovis Sunday.

Mrs. C. W. King and Mrs. Rose Corwell visited Mr. and Mrs. Eldred Brown Sunday. They went sightseeing to Palo Duro Canyon and Buffalo Lake.

Presley Popular in Germany, Too

Hi!
As usual we have been having a wonderful time! Wednesday we drove to Bad Homburg and Wiesbaden. I believe that Wiesbaden is the most beautiful place we have seen. It is noted for its parks and I can certainly see why. Words are inadequate to express their beauty. It was almost like walking in a dream... the beautiful ponds surrounded by weeping willows with white swans floating on the water, and the pretty lake in the park where people were boating. At one edge was a very pretty sidewalk restaurant where an orchestra was playing. We even saw a taxi driver who was wearing a silk top hat and tux and driving a carriage pulled by horses. How I wish-

ed I could spend a week there enjoying it all!
Saturday night Mr. Thome, Helga and I went to a big dance sponsored by the University of Giessen which was held in the ruins of an old castle near Staufenberg. When I thought about the dance previously, I could picture the pretty, graceful dances done to the music of an orchestra. Although the dances were not just like the American dances they were very different from what I had expected. While the orchestra, which consisted of a saxophone, clarinet, accordion and drums, rested, we danced to records - "Heartbreak Hotel" by Elvis Presley, "Only You," etc. Yes, it seems that they too have heard of Elvis Presley but he isn't as popular as he is in the States. Anyway, the music was also very different from what I had hoped and expected to hear at a dance in Germany, but we had a lot of fun.

Tomorrow Helga and I will begin our tour. We are so excited about it that it is all we think or talk about. We leave from the Kaiser Keller Restaurant in Frankfurt tomorrow, July 23, at 1:30 p.m. From Frankfurt we will go to Stuttgart and to Ottobrunn where we will visit the medieval church. The tour leads through the

majestic Austrian Tyrol to Innsbruck. From Innsbruck we go via the famous Brenner Pass and the Dolomites to Cortina d'Ampezzo (famous winter-sport resort).

Then to the mecca of tourists, Venice. In Venice we will visit St. Mark's Cathedral, the Doge's Palace, the Bridge of Sighs and the glass works. From Venice we go to Cremona, through the Apennines via Genoa and along the Mediterranean east to Rapallo, a beautiful and fashionable resort on the Italian Riviera. Then via Grasse through the French Alps and along the Route Napoleon to Grenoble. From Grenoble through the famous wine country (Cote D'Or) visiting Fontainebleau, to Paris.

From Paris via Ostend to Bruges, and on to Brussels. From Brussels to Rotterdam and the Hague (residence of the Dutch government) to Amsterdam. We will leave Amsterdam on the way to Cologne, site of the world's largest Gothic Cathedral. From Cologne via Bonn (site of the German Republic) southward via the Seven Mountains and the Drachenfels to the most popular resort on the Rhine, Konigswinter. From there we will travel along the historic Rhine back to Frankfurt. Our tour will last for two weeks.

It is hard to realize that my visit is already half over. Next week I will be writing from Nice. Until then, Auf Wiedersehen.

SHREDDED CABBAGE
HUMBIRD, Wis. (AP) - Robert Green, 18-year-old feed mill worker, had to work pretty hard to keep \$200 from becoming mere chicken feed.

He had ground up 20 sacks of corn in a hammer mill before discovering his wallet missing. He pawed through the 20 sacks and finally wound up with a cigar box full of green shreds.

His father, mill owner Herbert Green, whose money it was, hopes to recover half the loss from the Treasury Department.

Row Crops Are Looking Good

By MRS. W. R. MOORE
The row crops in this community are looking good in spite of dry weather.

A revival meeting will start Aug. 12 at 4 and run through Aug. 12 at the Palo Duro Baptist Church.

Mrs. Kenneth Dygert, and children Ilona, Randall and Diana have returned to their home in Bridgeport after a week's visit in the home of Mrs. Dygert's parents Mr. and Mrs. W. R. Moore.

Mr. and Mrs. Elroy Artho and children spent several days at Conchas Dam in New Mexico last week.

Mrs. J. D. Clark from Verno and Mr. and Mrs. Donald Clark from Marshall spent the week end in the home of Mr. and Mrs. J. F. Matthew.
Mr. and Mrs. Paul E. Myers returned to their home in Midland after a 10-day visit in the home of Mrs. Myers' parents, Mr. and Mrs. W. R. Moore.

Mrs. Jean Chunn and boys Rix and Stevie from Wichita Falls and Billy Moore from Amarillo also were visitors in the home of their parents, Mr. and Mrs. W. R. Moore over the weekend.

Mrs. Zelma Axe and Mrs. Mamie Cogdell returned home from a trip through parts of California and Oregon where Mrs. Axe's boys live. David and Zane live in Bloomington, Calif. and Dick lives in Medford, Ore. They reported a nice trip.

Mrs. H. J. Perry from Amarillo visited in the home of her sister, Mr. and Mrs. H. D. Moore last Thursday.

Joe Russell Ballard has returned to Boulder, Colo., after spending the summer with his mother, Mrs. Mamie Ballard.

The election brought out a large crowd, Main Street and the sidewalks being filled with a milling crowd from dusk until a late hour. There were other attractions besides the flash light election returns - the ice cream supper and the motion picture show.

The slow returns from a few counties still leave some state officers in doubt, but Colquitt for governor and Sheppard for Lt. Governor are easy winners.

In Deaf Smith County, Wright won out as county judge; Dameron, county attorney; Davidson, treasurer; R. W. Baird, sheriff; J. S. Jones, clerk, and C. P. Arthur, assessor.

Prof. Marion M. Terry, manager and owner of the Texas Star Show, will be in Hereford tonight. Prof. Terry promises one of the best shows in the way of hypnotism, mind-reading, tricks and wrestling stunts ever given in this town. Admission is 15 cents and 25 cents.

W. D. Twichell of Amarillo is visiting in Hereford this week, looking after business interests. He is a cadastre surveyor, and said that he laid out the original townsite of Hereford when it was thought the town would be named "Blue Water." The present name was chosen in preference to that in 1898.

Mr. and Mrs. C. L. Whitehead received an added reminder of their 25th wedding anniversary Aug. 2, when they received from his mother this week a clipping from a McKinney paper telling of their marriage. The article read: "C. L. Whitehead and Miss Georgia B. Tate of the Climax community were married at 6 o'clock this afternoon, while sitting in their buggy near the northeast corner of the public square. Rev. J. E. Gaher of the Methodist Church officiated."

He subscribed for five years to the local newspaper.

Both had pleaded guilty to interstate transportation of a stolen car.

JUDGE CUPID
ALBUQUERQUE, N. M. (AP) - Cupid is not unknown in the U. S. District Court here.

Judge Waldo Rogers recently let two federal prisoners out from behind bars for 30 minutes to get married.

Both had pleaded guilty to interstate transportation of a stolen car.

EARTHLY SERMON
WEWOKA, Okla. (AP) - The Rev. Harvey Scott of the Church of Christ was delivering a Sunday sermon when he was interrupted by a mere mundane message: "Calling Car No. 11. Calling Car No. 11."

A check showed that a quirk caused the church public address system to pick up police calls.

Thanks, Folks!

Just one year ago today, we opened the Hale Gulf Service at the corner of Highway 51 and Park Avenue. Our opening was a tremendous success, and we had high hopes that our business would continue to grow and thrive. After one full year in business we are indeed pleased with the results.

But, a business can't grow without the loyal patronage of its customers... and it is to these customers and friends that we express our sincere thanks and appreciation today. And to you folks who have never tried Hale's Gulf Service, we want to invite you in. You'll find an array of automobile accessories, plus those good Gulf Petroleum products.

Again, may we say Thanks friends, for the generous patronage you have given us in the past, and we're looking forward to many more years of association with you.
