Sunday night's Red Cross Rally program, already full of punch and promise, has been further augmented and strengthened at the last minute by the addition of two star numbers. Miss Kennedy, Red Cross field worker, with a fighting war record in Europe will tell the audience of the Red Cross work in peace as well as in war from actual experience, and Baron James D. Auriemma, state field representative for the Salvation Army in New Mexico, Arizona and the Texas Panhandle, will sing.
Miss Kennedy arrived here Friday, went on to Amarillo, and promised to be back for Sunday night's meeting. The Baron is working on his regular rounds for the Salvation Army but will lend the aid of his splendid tenor voice to the rally. Meanwhile he is singing at the schools and canvassing vigorously in behalf of his own work.
The musical program is completed and everything set ready to go. A most urgent invitation is extended by the chapter officials to the people of the community, outside Hereford, to participate in this testimonial to the great organization for the relief of human suffering.
Remember the place: Christian Church; and the date: next Sunday, November 12; and the hour: 7:30 p. m.

STORK BRIGHTENS TWO HEREFORD FAMILIES THIS WEEK
A ten pound son was born to Dr. and Mrs. J. N. Farrell last Tuesday morning, November 7. He is a broad-shouldered, husky youngster and his father says he is grooming him already to play full back on the A. & M. football eleven of 1923. He has been named "J. N. Jr."
Mr. and Mrs. P. W. Price received the following illuminating epistle this week:
"Mr. and Mrs. P. W. Price:
"Arrived in Galveston via Stork Special 9:30 p. m., 11-4-22. Send love and greetings.
Your Granddaughter,
Nina Jane Price."
Miss Nina is the first daughter of Mr. and Mrs. Edward Price, whose many friends here will be delighted to hear of her arrival.

ROSWELL FOOTBALL ELEVEN GOES THRU FOR NORMAL GAME
The N. M. M. I. football team and rosters of Roswell passed thru Hereford Friday morning enroute for Canyon, where they will play the West Texas State Normal College team Saturday.

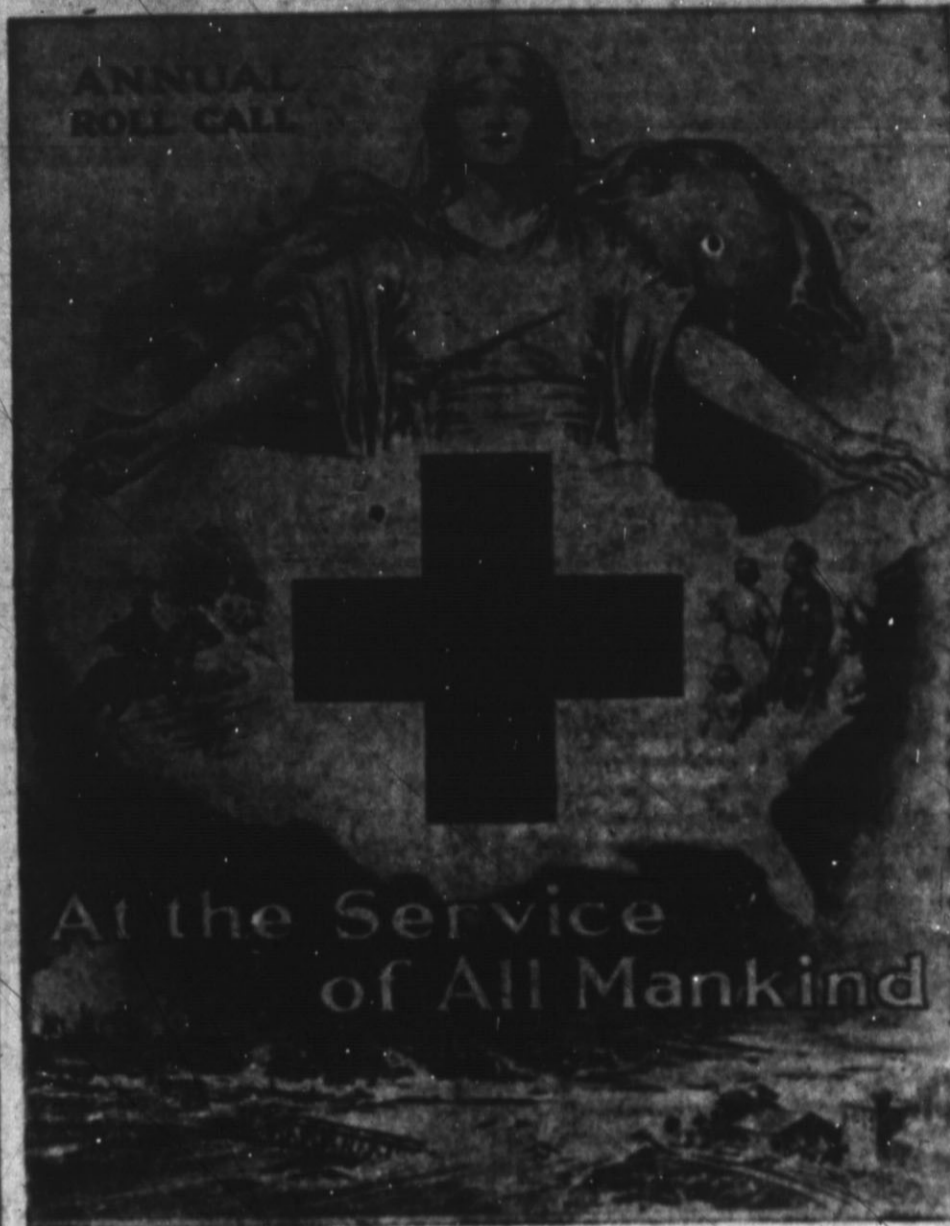

IOWA MAN VISITS HERE, HAS LAND IN KELSO DISTRICT
M. M. McCarten, of Dubuque, Iowa, was in Hereford the first of the week.

MERCHANTS CLOSED DOORS TO OBSERVE ARMISTICE DAY
All stores in Hereford closed between the hours of 2:30 and 4:00 o'clock Friday afternoon in honor of Armistice Day, and everybody and his neighbor attended the exercises at the Christian church offered by the massed school children of the city.
The children put in some solid practice for the occasion and held a dress rehearsal Friday morning to perfect stage arrangements. The unfortunate accident to Miss Ward threw matters into confusion for a moment, but when it was found she was not badly hurt order was restored, a substitute was found, and the program perfected. A detailed account of the celebration will be ready for Tuesday's Brand.

MISS ALICE JOHNSON NOW WITH THE FIRST STATE BANK
Miss Clara Ueltschey, formerly stenographer for the First State Bank & Trust Co. of this city, left Hereford Thursday morning for Childress, Texas, where she will accept a position with an abstract company. Miss Alice Johnson, of the Carl Gilliland law office, has taken the place formerly occupied by Miss Ueltschey.

Greatest Mother Summons Her Children

An allegorical concept of the Red Cross as a peace-time ideal is employed by the American Red Cross in a new and striking poster for its Annual Red Cross Roll Call. Spread out before the heroic size figure is the outline of the United States with a Red Cross superimposed upon it while around its borders are sketched scenes depicting the chief activities of the Red Cross today—service to disabled veterans of the World War, disaster relief and promotion of the public health. The poster is the work of Lawrence Wilbur, a New York artist and will be displayed throughout the country during the enrollment of the Red Cross membership for 1923.

Panhandle-Plains Meeting Will be Held Here Nov. 21

The next meeting of the officers, directors and members of the Panhandle-Plains Chamber of Commerce has been awarded to Hereford and will be held here on the afternoon of Tuesday, November 21. Information concerning this meeting has been officially sent out by Secretary Blanton of Amarillo.
According to Mr. Blanton the delegates will arrive after noon on Tuesday and will hold a strictly business session from 2:00 o'clock until about 4:00, when they will leave for their homes. No entertainment is expected of Hereford, Mr. Blanton insists, but cordial invitation is extended to all the citizens of this community to attend the session of the body and become better acquainted.
While the program to be discussed here has not been announced, it is believed locally that the committee on permanent location for the All-Panhandle Fair will make its report on this date and that either Amarillo or Plainville will be designated as official Fair headquarters for the Texas Panhandle.

Thanksgiving Service, at Christian Church, Nov. 30

The annual Citizens Thanksgiving Service at Hereford will be held in the Christian church, at 10:30 a. m., Thursday, November 30, according to custom. The Rev. Warren E. Hill of the Baptist church, will deliver the sermon. The other pastors of the city will aid in the services.
It is hoped that not only the congregations of the city, but those outside will join in the observance of Thanksgiving.

CHRISTIAN CHURCH CALLS REV. PAUL MERRILL, REPORT

The Rev. Paul Merrill has been called to the pastorate of the Christian church at Hereford, according to an announcement made in the Amarillo News of Friday. Rev. Merrill was formerly pastor at Pampa, but resigned recently to take up evangelical work. It is understood that he will assume his work here January 1.

Falls 25 Feet Through Church Dome—Unhurt?

While 250 school children were grouped on and around the pulpit platform at the Christian church about ten o'clock Friday evening, practicing for the Armistice Day program in the afternoon, Miss Delle Ward, aged 15, suddenly dropped through the ceiling plaster at the base of the church dome, twenty-five feet above the children's heads, missed the pulpit platform by inches, and landed on her feet on the floor. The small children scattered like quail. One little girl fainted. The practice session broke up in fright and confusion. Plaster littered the pulpit, floor and surrounding benches.
Miss Ward, a senior, daughter of J. F. Ward, South Hereford, was waiting with her class mates for drill practice after the smaller children had finished their practice. Some of the girls had never seen the inside of the big church dome and a group climbed the stairs and were walking across rafters above. Lath and plaster only covers the dome ceiling between rafters. Holding the hand of a companion Miss Ward attempted to jump from one rafter to another. To avoid jumping on the foot of a companion in front of her she missed the rafter aimed at and landed with both feet on the plaster between. The aperture is only about three feet wide, just at the base of the big dome. She dropped through so quickly that she could not turn over in falling twenty-five feet. That, probably, saved her life, or at least terrible injury.
She was helped into a car and hurried home where she was attended by Dr. J. W. Hicks. The doctor said after his first examination that beyond a bad shock, some bruises, and a hard shaking up he could not find anything wrong. So far as was ascertained, no bones were broken.
It was one of those rare accidents that would not happen again in a thousand years and in which a Divine Providence, nothing else, saved terrible consequences.

VOTERS ARE INDIFFERENT TO ELECTION

LESS THAN HALF OF THEM EVEN GO TO POLLS

MAYFIELD LEADS

Owen P. Smith and J. H. Wilson Elected in the County

Only 534 votes were cast in the general election in Deaf Smith county at last Tuesday's balloting, less than fifty percent of the voting strength of the county. With most of the county offices settled by the second primary, the edge was taken off the contest, apparently, and the day was a listless and indifferent one. Interest centered about the senatorial, county attorney and justice of the peace races. Only six boxes voted. Complete returns from these show the following:
For Senator:
Mayfield 248
Pedy 172
For County Attorney:
Owen P. Smith 166
F. T. Roloson 148
For Justices of the Peace:
J. H. Wilson 219
W. B. Farmer 107
A. A. Ott 98

There was a scattering vote for many other candidates in each office. Pedy led Mayfield in Box 1 by one vote. The only republican votes cast outside boxes 1 and 2 were in box 6, where Pedy received three and Mayfield seven votes.
The state election was a landslide for Mayfield who, at latest reports, was leading by over 112,000. The results the nation over leaned strongly to the Democratic doctrine, the republican majorities in both the senate and house at Washington being materially reduced.

Canyon Hi Wins Hard Game From Hereford 14 to 6

Hereford High's scrappy little football machine lost its first game of the season Friday afternoon to the heavier and more experienced team from Canyon High. The score was 14 to 6. Canyon scored 14. After touchdown within the first five minutes of play, and its last just before the final whistle blow. Hereford was slow in warming up, but after Canyon drew first blood the local men came alive and fought it out to a standstill.
Although defeated, the team emerged in good favor with the rooters, as they fought gamely and gave the best they had throughout. The work of Harold Hicks and Earl Wood in the line stood out. Both ends, very light fellows, played dandy good football. Ardi Russell follows the ball like a hound. Although playing with a crippled left leg Onals Carroll held down his end in his usual fighting fashion and Canyon could do little with him. Behind the line Captain Buck Hines gained the most ground and shouldered the hardest part of carrying the ball.
Canyon kicked off at the start to Hereford and, after an even affair for a minute or two in the middle of the field Canyon intercepted a Hereford pass and brought the ball to the 23 yard line. Here they began a series of short end runs and line plunges which carried it over. They also kicked goal.
The second quarter was scoreless. Near the end of this period Hereford had the ball on Canyon's ten yard line on fourth down, when Reed attempted a drop kick from a difficult angle, missing by inches.
At the beginning of the third quarter Hereford kicked to Canyon. The visitors on their own 32 yard line were unable to gain and attempted to punt, but a Hereford man broke through and blocked it. Quick as a flash Ardi Russell pounced on the ball and raced across the line. Reed missed goal. Score, Canyon 7, Hereford 0.
Both teams fought desperately in the fourth, the ball changing hands rapidly. Near the close Hereford twice attempted to punt and both times the attempts were blocked, although Hereford men recovered in both instances. The last punt, however, was fourth try and Canyon took the ball on Hereford's 11 yard line, from where they completed a pass across for their second touch-down, afterwards kicking goal. The lineup:
Hereford: Onals Carroll, left end; Gene LeGrind, left tackle; Alton Sawyer and George Connell, left guard;

GRAND JURY WORKS FAST AND IS THRU FOR COURT'S TERM

The grand jury adjourned finally for the term Friday noon after a remarkable record for brevity and business accomplished. In all they returned twenty-one felony and one misdemeanor indictments. Beyond those already published, the details of the indictments returned have not been given out, owing to the fact that arrests have not yet been made in many instances.
Wednesday in the case of Ralph Barnett vs. D. C. Laird, judgment was rendered for the plaintiff. Thursday in the case of Morgan & Williams vs. B. A. Winter a verdict of \$437.50 was given the plaintiffs.

Wreath For Our Dead in France.

When the American Steamship, George Washington, swung its prow to the East from New York last week it carried a huge wreath to be placed on the grave of our soldier dead in France, Armistice Day, November 11th.

Thos. V. Fields, representing the American Legion, was this year commissioned to make the annual pilgrimage, and place the tribute on the grave of America's Unknown Soldier buried in Paris. Photo shows Mrs. Shanahan of the War Mothers' Association giving the wreath to Fields on board ship at sailing time.

 Mrs. Bill Ewers entertains Children
 With Hallowe'en Party

Mrs. Bill Ewers entertained several
 little girls Tuesday evening with a Hal-
 lowe'en party for her daughter, Lillie.
 Various Hallowe'en games were played
 by the spoons and a very enjoyable
 time was reported by all.

Those present were: Margie Mc-
 Lean, Leona Hastings, Eula Lee Gil-
 breath, Zonell Brooks, Coma, Katie and
 Ruby Hyatt, Sallie Maline Brashears,
 Lillie Ewers and Ray McIntire.

**Fine Program Rendered Friday
 Evening**

The following program was given
 Friday evening by Miss Crawford's

"Movies"

The proceeds were given to the Par-
 ent-Teacher Association.

**Epworth League Has Hallowe'en
 Social**

The Epworth League gave a Hallowe-
 e'n Social at the home of Mrs. John
 Flanagan.

The social committee had beautifully
 decorated the house and yard with ev-
 erything that goes to make up a Hal-
 lowe'en affair.

When the Leaguers arrived they were
 met by ghosts and witches who escort-
 ed them about the place until told to be-
 gin the program by helping the "old
 witch find her black cats, bats, witches
 etc.

The evening was spent in playing
 various games, contests, fortune telling,
 etc. One of the most interesting fea-
 tures of the evening was the ghost story
 telling, ghosts appeared on the scene
 the house was ticktacked and the room
 was very dark with the exception of a
 small candle light, everything that went
 to make it dreary and ghost-like was
 present.

As they left for home each guest was
 given a mysterious package and told to
 eat as he retired and he would dream
 of his future intended.

Refreshments were served, consisting
 of pumpkin and mince pie, cocoa and
 coffee, nuts and candy.

Each and everyone there enjoyed
 every minute of the evening and left
 hoping the League would give another
 social soon.

Those present were: Messrs. Tate,
 Hudnall, Dyer, Reynolds, Brooks, Sow-
 ell, Reynolds, Fort, Hastings, Anthony,
 Flanagan, Reynolds, Webb, Bell, Tate,
 Mesdames Woodlee, Brooks, Hastings,
 Webb, Flanagan, Tate and Clanahan;

Nazareth School Notes

There are one hundred and twenty
 pupils attending school here this year,
 the largest number ever enrolled. Nine
 grades being taught here.

In the near future the trustees will
 have a basketball outfit erected on the
 grounds, one for the boys and one for
 the girls.

The boys and girls are very anxious so
 we hope it will not be long until they
 will be able to commence actual prac-
 tice.

The intermediate pupils (3rd, 4th,
 5th Grades) have a Declamation Con-
 test every Friday. The winners for
 last week were Edmund Huseman and
 Verena Hedgerken in the 5th Grade;
 Leo Dohmeier and Theresa Schulte in
 the 4th Grade; Stella Hoelting and
 Martin Brockman, 3rd Grade.

The Primary Room had a real Hal-
 lowe'en scare last Tuesday afternoon
 when one of the little boys dressed in
 white with a jack-o-lantern on his head,
 came forth from beneath the teacher's
 desk and paid a visit to each child
 in the class room. Some certainly were
 frightened, but the situation soon turned
 out not to be so spooky after all.

The larger boys and girls delivered
 some comical plays which were com-
 posed by the eighth grade.

Every Friday afternoon the different
 class rooms have a spelling match, boys
 against the girls. The primary class
 has four to two in the girls favor, the
 intermediate class has five to three in
 favor of the girls, the grammar class
 has six to two in favor of the boys.

Our "Debating Society" has a debate
 every week. The last two were: Re-
 solved "That summer is more enjoyable
 than winter" and "That it is better for
 boys and girls to live in the city than
 in the country." The girls, Clara Hy-
 land and Hilda Hedgerken won the first
 being on the affirmative, and the boys,
 Edward Drerup and Edward Schulte,
 won the second, being on the negative.

On Thanksgiving Day, if the weather
 permits, there will be a picnic on the
 school ground conducted by the chil-
 dren. Different things will be had,
 such as a "Grab Box", Fishing Pond,
 a Parcel Post Office, and a Slide Show.
 Be sure and visit the Slide Show be-

cause much of great interest to young
 and old will be on exhibition with-
 out. Come! It is for a good purpose.

The Bible tells us "Everything comes
 to him who waits," so our hopes have
 revived as some lumber was hauled
 Saturday for the schoolhouse. We are
 in hopes the building will be finished,
 or at least comfortable, by Thanksgiv-
 ing, so we can have our usual Thank-
 giving dinner and program, which was
 decided upon by the Sunday School.

Miss La Verne Robinson has been
 sick for a few days.

The Wm. Negelein family took din-
 ner Sunday with I. I. West and family.

The principal event of the week was
 the Hallowe'en party Monday night at
 the Hershey home. Some of the "make-
 ups" were fearfully and wonderfully
 made. Refreshments of pumpkin pie
 and cheese were served. All enjoyed
 the social hour.

The O. L. Sharp family were visited
 by friends from Vernon, who spent the
 day with them Friday.

Miss Dorothy Shore, who teaches the
 South school in this district spent the
 night Monday with her sister, Helen,
 and attended the Hallowe'en party.

The next night Miss Helen spent the
 night with her sister and attended a
 Hallowe'en party in her neighborhood.

Elmer Sharp attended Sunday School

A Friend's Story About Tribute to Mrs. Witherspoon

A true friendship is entirely unselfish; it loves not for what it may receive, but for what it may give.

This was exemplified anew on last Friday when Mr. and Mrs. E. B. Black assisted by their daughter, Elizabeth, called in all the old neighbors and friends of many years' standing of Mrs. C. G. Witherspoon to spend a few more happy hours before Mrs. Witherspoon leaves for her present home in Waxahachie. Never was the Black home more genial in appearance; and the ideal autumn day with its beautifully colored leaves glistening in the sunshine and its late fall flowers whispered its greeting to Mrs. Witherspoon and her friends as they sat and conversed together.

At the noon hour when all were called into the dining room, Captain Trow, in a most befitting manner, gave thanks for all the blessings of the past years, and prayed that the ties of friendship might not be broken here, but only strengthened in the "sweet bye and bye".

The dinner was a veritable feast. Nothing was left out; nothing was wanting.

More than twenty years ago, Judge C. G. Witherspoon with his wife and children moved to Hereford when it was just beginning its existence; and their home and the Black home were near each other. These two families saw each other every day these good years and mutually encouraged one another in their efforts not only to make their home ideal in living, but to be a real help and benediction in their community.

The Witherspoons are one of the oldest and most highly respected families of Deaf Smith County, and during the life of Judge Witherspoon, his great ambition and purpose of heart was to promote the interests and welfare of Hereford. So much so, that the name C. G. Witherspoon, was a synonym for progress and uplift in his home town and county.

The past few years, Mrs. Witherspoon has not made her home in Hereford, but usually comes once a year for a visit in the old home town. We all look forward to these visits with anticipation and pleasure for—None know her but to love her, none name her but to praise.

This occasion will not be forgotten.

and as the dear friends one by one wait for the dip of the oar and the coming of the boat that will carry them across the narrow stream to the other shore they will know that in the reunion over there, Mrs. Witherspoon will be with them.—A Friend's Contribution.

To Build Fisher Body Factory at St. Louis

In order to take care of the increased demand for Chevrolet closed models the Fisher Body Company, which makes all closed bodies for the Chevrolet Company, will soon begin the construction of a plant at St. Louis, according to W. F. Rose, president of the Rose Motor Company, which handles the Chevrolet. The St. Louis body factory will be a replica of the great Fisher plant at Cincinnati. The company also operates factories at Detroit and a number of other points.

Mr. Rose has also been advised that the Chevrolet Motor Company will begin at once the construction of factories at Buffalo, N. Y., and Cincinnati, Ohio. The Buffalo plant will be adjacent to that of the Fisher Company, as will be the one at Cincinnati.

It is estimated that Chevrolet production will be increased 800 cars a day by the construction of the new factories. Within six months the daily pro-

duction of Chevrolet cars should reach 2,000 according to Mr. Rose.

Mr. Rose drove to Terrell and Kaufman last week in one of the new Superior Chevrolet cars. He reports that

he found business activity in that he visited and an increase in demand for the new Chevrolet News.

Flapper's Farewell

The Flapper is gone. She said she wouldn't wear long skirts—still here she is, wearing it and looking very charming in a new rich blue, hand-painted, dweetya trimmed with wolf fur, and all topped with a canary yellow hat trimmed with silk roses.

FALSE HOPE

Sin on every side is growing bolder, and the very delusion contained in the statement, "The world is growing better," is of satanic origin, and is for the purpose of putting to sleep the forces of righteousness.

Human nature is incapable of moral improvement by any human process known to mankind. The only thing within the power of God that can change human nature is regeneration. Reformation cannot affect its character. Reformation must precede regeneration. Those who have been regenerated are of course growing better; they are improving; they are progressing; they are growing more Godlike.

The good are getting better, but the bad are getting worse. The ungenerated, the unwashed, the unseparated are more skilled, subtle,

and powerful in the practices of sin than ever before in the history of the world.

The corrupt are becoming more scientific in their corruption, and more determined to practice corruption.

There are three great stubborn facts confronting us.

FIRST—The fact of sin. It is the most stubborn fact, the most awful fact, and the most destructive fact in the universe.

SECOND—The fact of salva-

tion. There would be no salvation if we were not lost. You can't save something that hasn't been lost. The salvation provided by the blood of Christ is the only fact that is constructive, redemptive, and recreative.

THIRD—The stubborn fact of depraved, lost human nature. This great entity known as sinful man cannot be improved by external processes; he cannot be redeemed by education or evolution, or any other of the delusions. He can be saved only by the regenerating act of the Holy Ghost.

It is the duty of the church and of every minister of the gospel to preach the awfulness of sin, the absolute certainty and power of salvation, the judgment that awaits the unrepentant, and to denounce with all the power possible the hellish delusion that the world is growing better.

Awake! Strike! Preach! And reach the unseparated, for they are growing worse—not better.

BETHEL

(Continued from Page 2.)

Wednesday from the home of Mr. Boyd, Mrs. Smith's father. Mr. Glen has been helping with the threshing.

Mrs. Glen Smith entertained Mrs. R. B. Johnson, of Amarillo, and Mrs. Payne and small son the first of the week.

There was a good crowd at Sunday School, thirty-one being present. In the afternoon a large crowd of visitors came out from Dimmitt. An excellent program was rendered, composed of talks and music. Those taking part were Sam Fort, Joe Howard, Donald Durce, Jewell Tate and Dave Shepard, making talks, and in the singing, Mr. and Mrs. Ramsy, Oscar Ayres, Messrs. Gilbreath and Brownlee. The program was greatly appreciated by the Bethel people and we will be looking forward to their next coming.
 A sand storm equal almost to the one in the spring when the big prairie fire

blazed, hit Bethel Saturday. It was dreadful, but the days following have indeed made it up in pretty weather.

Emmett Rothwell returned Saturday from Amarillo where he has been serving on the Federal Jury.

The Ladies of the Sunday School spent Tuesday picking cotton for Mr. Irvin Hamilton. The money they earn in this way is to go toward purchasing an illustrated chart for the infant class.

Mr. and Mrs. Ray Haberer of Big Square attended the play in Dimmitt Friday evening, returning home Saturday afternoon.

Mr. and Mrs. Vern Lust went to Hereford Tuesday.

FRIONA

Mr. Mayfield, an attorney from Plainview, and Wm. Britt of Petersburg, Hale county, were business visitors in Friona Monday.

Leland Goodwine and R. H. Kinsley were business visitors in Amarillo Saturday. Leland was there to secure some of the finishing material for the new church building here and Rubie was attending to business matters.

Logan Simpson, who is foreman of the work on the Congregational church building, reports that if he can keep his present force of workmen on the job he will have the building ready to dedicate by Thanksgiving Day. It is hoped by the pastor and the congregation that he may be able to hold and keep them busy.

The idea of converting this territory into a cotton growing country does not seem to take a very firm hold upon the farmers of the vicinity of Friona. Some of our people were formerly cotton growers but only a few of them express any desire to again undertake the production of the crop. There are others who know nothing about the growing of the crop who might be induced to give it a trial if they were convinced that they could make money at it or that its introduction here would be an advantage to the country. Others think they will plant a small patch to give it a try-out, but more as a novelty than otherwise.

A. W. Henschel was a business visitor at Farwell Monday night. It is reported that Mr. Henschel will have business interests in Farwell in the near future.

The entire faculty of the Friona school attended the meeting of the Farmer County Teachers' Association at Bovina last Saturday. They made the trip in one of our school buses driven by Mr. Cantrell. Notwithstanding the excessive wind and dirt that day they had a pleasant and comfortable trip. They express themselves as highly pleased with the hospitality accorded them by the Bovina people. A very helpful and instructive program was rendered and a number of moves were inaugurated for the betterment of all the schools in the county. Prof. Humphreys, of the Canyon Normal, was the principal speaker of the day. The next meeting of the association will be held in Friona on the second Saturday in January. It is needless to say that the Friona people will extend a hearty welcome to the visiting teachers.

The many friends of Geo. T. Courtwright will be pleased to learn that he is now the cashier of the First State Bank of White Deer, Texas. Mr. Courtwright was at one time one of our leading business men, having been for a few years engaged in the grain business here and was the prime mover in the building of the new grain elevator in Friona.

The poultry interest seems to be gaining with the people of this locality as a number of them are planning to erect roomy and comfortable quarters for their chickens and turkeys. This with a liberal supply of proper rations will insure a good supply of eggs during the winter season.

Sheriff A. Dridge and sheriff elect Martin came up from Farwell together Monday and spent the day circulating among their friends at the county metropolis.

BOVINA

The teachers of this county held an all day meeting last Saturday and it was a success throughout. Every number on the program was carried out. At noon the ladies entertained all the teachers and their friends to a sumptuous dinner. There was to have been a basket ball game at 3 o'clock but on account of the dreadful storm that raged all day, it was not played. When the storm came on so dreadful it was thought for a time that all would have

to be given up, but the people living on the Plains have so great an ambition to do things that the meeting was well attended from both sides of Bovina. Friona will be the next place for the teachers' meeting.

Within the past year ten new buildings have been erected in Bovina.

O. L. Gregory has installed a restaurant in the building west of the W. E. Williams grocery store and is prepared to feed all those that are hungry. The new restaurant will be named A. B. O. restaurant. Mr. Gregory has been in the restaurant business before starting in here and understands the business.

Mrs. Theo. Davies and Carr spent Friday of last week in Hereford shopping.

Mr. and Mrs. Sam Martin of Texico spent Sunday in Bovina visiting relatives and friends. They also attended League at the M. E. Church Sunday night.

J. P. McDonald is building a cow-house and chicken house combined.

Albert Bergren was in town Sunday afternoon. Mr. Bergren batches on his farm west of town. When he came in Sunday he brought eggs for Mrs. Sam Lively to do her baking. Mrs. Lively says she is baking for school teachers and it takes eggs.

Mr. and Mrs. Mike Hill of Texico visited with Miss Margaret Larr Sunday evening at the Lively home.

Miss Beulah Davis, grade teacher in the school, was on the sick list Saturday and Sunday.

Miss Lucile Hicks of Hereford visited with her sister Saturday and Sunday of last week.

DAWN

Hallowe'en was enjoyed by many in this community last Tuesday evening at Mr. and Mrs. Duncan's farm southwest of town. A farewell party was given to Mr. and Mrs. Duncan who are leaving soon. All guests were asked to mask and gather at their big farm which was dimly lighted for the occasion. Many weird and grotesque figures were to be seen, as well as some funny looking ones. Among those drawing the most attention were the costumes of the bride and groom. The groom proved to be very loving toward the bride, as well as others present and kept the crowd in an uproar by his (her) antics during the evening.

At a late hour pumpkin pie, sandwiches and coffee were served and all went "spooking" after bidding the hostess a farewell and a "spookless" night.

The Dawn Grocery has moved into its new home across Main Street on the corner of Abo.

Owing to the heavy shower Saturday, business was checked in this neighborhood.

FRIO

J. C. Bates and Leonard Chennault of Eldorado, Okla., visited their aunt, Mrs. W. S. Dixon, last week.

Mrs. Lena Maples and son, Hubert, spent last Saturday and Sunday with Mrs. Maples' parents, Mr. and Mrs. P. A. Hogan.

J. O. Lindsey, of Comanche, Tex., was up visiting his son, J. J. Lindsey, last week.

Alex Lowry of Flagler, Colorado, has been in the Frio community visiting old friends and transacting business the past ten days.

Ollie Dixon and Lester Dowell of Cleo community made a flying trip to Hereford last Sunday evening. They didn't tarry long. We suspect their girls were looking for company that evening.

Prof. Leonard Prater, of Brown Co., is conducting a singing school at Frio, which began Nov. 6, with very good attendance. It is to be a twelve night school. We would like to have everyone in the community attend.

Mr. and Mrs. S. J. Rice and children attended Sunday School at Frio last Sunday. Mr. Rice was asked to teach the Bible Class by our teacher, Mrs. Percy Estes. He accepted the invitation and his teaching and comments on the lesson were very much appreciated by the class. We are always glad to have visitors from surrounding neighborhoods, and especially those who will take part with us in the Sunday School.

Mr. and Mrs. Sid Shelly of near Hart visited in the home of Mr. and Mrs. Robt. Knox last Sunday, and reported a pretty good shower in that part of Castro county.

We are still very dry at Frio, and have been for a long time, too dry to get wheat up. May have to plant all

our wheat land in cotton in 1923, as we know it can be grown here, as we tried about three crops before we decided there were better ways to make a living on the Plains than cotton raising.

CLEO

Our rain prospects have gone from us again but we were blessed again with a nice cool breeze coming from the west as usual.

Early Saturday morning our community was alarmed by a telegram from Chicago stating to us the death of Anthony Iten, a noted farmer of our community. Mr. Iten has been a resident of Cleo for about fourteen years. He has been the banner wheat raiser of Castro county and probably the best in the Panhandle. We all regret the loss of our friend and neighbor.

Mack Johnston has been threshing kaffir for Mr. Shuford. This crop yielded about twenty-two bushels to the acre.

Mrs. Ethel Stroud is visiting her sister, Mrs. O. M. Burch.

O. M. Burch made a business trip to Hereford Friday and Saturday.

Mrs. Greathouse and son, Richard, arrived from California a few days ago. They have been visiting in that state about nine months. They report crops very short and most places no crops at all.

Mack Johnston and F. H. Galle and children attended the school play at Dimmitt Friday night.

SUMMERFIELD

Saturday morning dawned quite breezy and before the noon hour a horrible wind blew, accompanied by a cloud of dirt and a light shower of rain, but not enough to do other than settle the dust. We learn there was a great deal of damage done to life and property in Oklahoma and Kansas, so we can be glad we are on the broad plains where the wind can have a broad sweep.

Miss Mary Isaac went down to Canyon City Saturday morning and visited with her sister, Miss Leila Isaac, who is in school at the Normal. They motored to Amarillo in the afternoon for the purpose of shopping. Miss Mary spent the night with her sister in Canyon and returned to Summerfield on the early morning train Sunday morning.

Bro. Morris filled his regular appointment here Sunday, bringing two fine messages. He spent the day Monday in Hereford, returning to Friona on the local late in the afternoon.

A number of friends and schoolmates followed Miss Tru Stanley home Sunday.

J. P. Roberson and family of Hereford attended church here Sunday.

Summerfield Baptist Church is to have baptismal services at the Baptist church in Hereford Sunday evening at 3 o'clock, as there is no suitable water out here for baptizing.

Mrs. Beulah Roberson and Charlie accompanied her daughter, Mrs. Alva Wilson, and family of Black, to Fortales to visit in the W. L. Sain home Sunday.

day. Mrs. Roberson and Mrs. Sain are sisters.

Miss Isaac was elected as intermediate and junior leader Sunday so the Senior B. Y. P. U. will have to pop up, or they will have the best program.

Columbia Dry Batteries

— they last longer —

More Columbia Batteries are used in the United States than all other makes combined, because—

Columbias have been manufactured on a large scale considerably longer than any other dry battery.

They have over 30 years of battery manufacturing skill and improved equipment behind them.

Every improvement of any account has been developed in the Columbia laboratories.

The Columbia "Hot Shot" was the first successful assembly of dry cells in one package.

And again Columbia has demonstrated its leadership through the development of the new Steel Case "Hot Shot" Battery.

Wherever a dry battery is needed, Columbia will always give the best service.

RED CROSS WINNING IN FIGHT FOR HEALTH

Better, Stronger Citizenry Now Emerging Out of Work in United States.

The American Red Cross as an evangelist of better health has looked its problem square in the face. How it accepted the task revealed to it in the nation's physical condition as brought out during the World War, and conscientiously applied its activities to correction forms a vivid chapter in the forthcoming annual report. Historically and practically, nursing is a basic work for the Red Cross. In its public health nursing service, in instruction in home hygiene and care of the sick, nutrition classes, first aid and life saving courses and health centers, the American Red Cross is actually the lesson learned during the war and making for a healthier, stronger and better nourished citizenry.

The task of the Red Cross Public Health nurse in the 1,240 nursing services now operating throughout the country instructing their communities

in health essentials and disease prevention is demonstrating the possibilities of human betterment and the great benefits of enlightenment.

During the last year 318 new public health nursing services were established by Red Cross Chapters, and several hundred services so convincingly proved their effectiveness that they were taken over by public authorities. In order to promote this work \$30,000 was allotted to provide women to prepare themselves for public nursing. The home visits made by the 1,240 nurses aggregated nearly 1,500,000, visits to schools numbered 140,000, and in six months 1,250,000 school children were inspected by these nurses and where defects were found advised examination by physicians. In rural communities this service has made a very marked advance and has won thousands of converts to approved methods of disease prevention.

In home hygiene and care of the sick instruction, which fits the student in methods of proper care where illness is not so serious as to require professional service, the Red Cross conducted 3,884 classes during the last year, enrolled 2,956 instructors, 88,448 students and issued 42,856 certificates.

On June 30, 1922, nutrition service embraced 1,189 classes, with a total of 27,523 children and 2,589 enrolled dietitians. Seventy-eight food selection classes graduated 733 who received Red Cross certificates. In general health activities Red Cross Chapters maintained 377 health centers, serving as many communities, provided 36,751 health lectures for large audiences everywhere, while clinics numbered over 10,000.

Red Cross Gains Strength in All Foreign Fields

In insular possessions of the United States and in foreign lands the American Red Cross scored heavy gains during the last year, passing the previous membership high mark of 1918 by 4,261 and advancing the figure to 156,408. The Philippines take the lead, gaining nearly 100 per cent, now having 115,917 members. In Europe the 1921 Roll Call enrolled 11,125, with the Constantinople Chapter reporting 665, a gain of 33 members. China was 1,782 members, a gain of 596; the little Virgin Islands have 1,000, while the Dominican Republic with 2,927 advanced from its previous high mark by 1,423 new members. Haiti, organized in 1920, now has nearly 1,000 enrolled. Mexico reports 254, a gain of 327 in one year. The American Red Cross has spread its membership over some 70 foreign lands and its Junior membership outside of the United States is close to 700,000.

EVERBRITE RADIANT HEATER

No need to worry about a coal shortage. The Everbrite is unlike any oil burning heater you have ever seen. It takes the kerosene and transforms it into a gas-vapor, which mixed with more than 90 percent of air, passes into the burner and burns like natural gas. It is odorless, smokeless and sootless. For a demonstration, call at the

What Makes CLINKERS?

When dirt gets into coal the glass in the dirt melts and runs down into the ashes and when it cools it forms clinkers. Any coal will clinker if dirt gets into it—hence the importance of keeping it out. We store our coal in a good house with concrete floors. Try our Sunnyside Colorado Lump. You will like it.
