## Dr. Cavness Heads Drive For Symphonic Play Funds

The Symphonic Drama Campaign drive is now underway throughout the Panhandle. Campaign chairman for most area towns have been named. In Hereford, Dr. H. A. Cavness is heading up the local campaign. The campaign, sponsored by the Texas Panhandle Heritage Foundation, seeks to build an amphitheater in the Palo Duro Canyon for the production of a gigantic historical pageant based on the history of the Texas Panhandle.

The drama will be written by Paul Green, noted playwright and novelist, who inaugurated Symphonic Drama. The same "Symphonic Drama" is used by Green to describe these productions because of the all-embracing characteristics... music, pageantry, humor and action. Though there will be music, the play is much more than a musical production.

When symphonic drama is launched in the Palo Duro Canyon it will be the first to be staged west of the Mississippi. The Theater, to be located within the contour of a 600-foot bluff in the Canyon, will seat 1,000. Last year 150,000 persons visited the Palo Duro Canyon. The attraction of Symphonic Drama is expected to lure thousands of tourists who stop overnight in the Panhandle during the height of the tourist season. In Amarillo alone, some 5,000 stop overnight in motels and hotels during the vacation season.

Symphonic Drama has flourished in the eastern part of the United States for more than 20 years. In 1959, The Stephen Foster Story played 60 nights during the summer to a near-capacity crowd. The show netted a profit of \$45,980. In a remote village in North Carolina, Kermit Hunter's Story, "Unto These Hills", brought tourists in droves. In 1950, Cherokee, N.C., had no overnight accommodations. Now, since the opening of this drama, more than 5,000 accommodations are available within a 15-mile radius. Paul Green believes sympho-

nic drama will give the Palo Duro Canyon a voice that will attract nationwide attention.

The plan has been endorsed by The Amarillo Area Foundation and the Amarillo Chamber of Commerce. It has also been approved by the State Parks Board.

Construction is expected to begin immediately after the campaign goal of \$350,000 has been reached.

More than 360,000 people live within 50 miles of the Canyon, and twice this number in a 100 mile radius. It will be 12 years before all of them can see the great show in the Canyon, not including a single tourist.

Campaign workers reported a total of \$66,086 toward the campaign goal in a report meeting last Thursday, May 24.

### Dodgers Outfit Giants For A 17-5 Triumph

Dodgers slammed out 14 hits in downing the Giants 17-5 in Little League major action Thursday night.

Doug Banner pitched and batted to lead the way for his teammates. He hit two homers and worked the entire game on the mound.

But the Giants got the first run, using a single by Dean Riddle and a double by Sydney

Shaw to mark up the first score. In the last of the second, the Dodgers exploded for four runs on the same number of hits. Banner got his first homer to lead things off.

In the third, the Giants added another run on an error and another double by Shaw.

Then came the last of the fourth, which saw the Dodgers mark up eight runs on four hits, three singles and a double by Dusty Duncan.

The Giants picked up a run in the fifth on a homer by Jimmie Childress. The last of the fifth, the Dodgers blasted out four more hits, including Banner's second home run.

In the top of the sixth, the Giants added two more runs, but that wasn't enough. Those came on two errors, a walk and a double by Dean Riddle.

Riddle and Shaw were leading sluggers for the Giants as Riddle picked up a pair of doubles and a single in as many trips to the plate.

Dusty Duncan had an outstanding night at the plate for the Dodgers, hitting a pair of doubles and two singles in five times up. Also getting two hits each for the winners were Bryan Knox, Doug Banner, Bill Russell and Mike Higgins.

#### SILENT AS FANS

NEW HAVEN, Conn. (AP) — When Yale's football team played Harvard last November, it had on hand one of its greatest backfield combinations.

That was Tommy Singleton, quarterback; Lou Muller and Kenny Wolfe, halfbacks and Bob Blanchard, fullback, stars of the unbeaten and untied 1960 Ivy champions.

But they had been graduated the previous June and had to suffer in silence as Harvard walloped the Blue, 27-0.

# White Sox Slam Red Sox 13-9, With Just One Hit

It sounds impossible, but the White Sox scored 13 runs Thursday night in Pony League action... and got just one hit during the game. The Red Sox had three hits during the loosely-played game. Steve Hodges, who caught Monday night, reversed positions as he took to the mound Thursday. He went all the way for the winners and got the team's only hit, a grand slam homer in the fifth. He also struck out 14 during the seven innings played. The victory put the White Sox atop the league standings with two victories in as many outings.

The White Sox picked up a pair of runs in the first on five walks, but went down in order in the second. The Red Sox went down in order in the first and got one run in the second as Gene Drummond was hit by the pitcher. He moved around on a stolen base, a passed ball and a sacrifice bunt that failed to get either runner.

Two runs picked up by the White Sox in the third made it 4-1. Three walks, two errors and a balk moved the runners around.

In the last of the third, the Red Sox tied it up with three runs. With one out, a walk, an error, a walk provided the runners to come in on Mike Moore's triple.

One run came in for the White Sox in the fourth to give them a 5-4 edge. It came after three walks on a ground ball.

The White Sox turned in a double play from Hodges to Jimmy Allison to Mitchell Bell in the last of the fourth to cut off a threat.

In the top of the fifth, the White Sox picked up six runs. An error and two walks filled the sacks and another walk pushed in a run. A passed ball allowed a second run, with the bases loaded again on another walk. That allowed the White Sox to mark up four more runs as Hodges hit a home run.

The Red Sox got a run in the fifth on a walk, two stolen bases and an error.

A double play by the Red Sox — from Ronnie Lance to Kenny Justice to Gene Drummond — kept the White Sox from scoring in the sixth.

Trailing 5-11, the Red Sox made a valiant effort to catch up in the last of the sixth, scoring four runs on two hits. An error and two walks came ahead of Wynn Buck's double. Buck then scored on Moore's single.

In the top of the seventh, the White Sox added their last two runs. Two errors, a passed ball and a ground ball provided the way home.

Hodges worked the entire game on the mound for the White Sox. He allowed nine

## Shrine Hospital Head Praises Clinic Work Conducted Here

"You have accomplished so much . . . we are almost ashamed," Dr. Guy Caldwell of New Orleans, chairman of Shrine Hospitals, admitted in a brief talk here Friday night.

Dr. Caldwell was speaking at a medical meeting in the Hereford Country Club, attended by more than 150 doctors, Shriners, their wives and guests in the first official function of the annual Oasis Shrine Club Children's Clinic.

Following a dinner, Dr. Caldwell was asked to address the group. He talked not more than three minutes, but did not completely shatter the hopes of the Oasis Shriners, who have been working vigorously to locate a Shrine Hospital in Hereford.

"I am extremely happy to participate in the seventh annual Oasis Shrine Children's Clinic, which has become world-famous to some extent," the tall, distinguished doctor said in opening.

"However, many areas are asking that another Shrine hospital be built in their area. You here have accomplished so much without a Shrine hospital, we are almost ashamed.

"You have shown what can be done with no support through great leadership and fine community spirit."

DR. GUY CALDWELL of New Orleans, head of the Shrine hospital board, perches aboard the Oasis Shrine Club's fire truck after his arrival in Hereford for the seventh annual Children's Clinic. Extending a welcome to Hereford is Dub Reeves, chairman of the clinic this year. Dr. Caldwell was honored with a reception Friday afternoon. Also held Friday was a medical meeting, prior to Saturday's huge Clinic. (Staff Photo)

## Around Town

After last Sunday's experiment worked successfully, this edition of the Brand again will include an insert "extra" with complete election results of the second primary. Using this method, rather than holding the entire front page, enables the Brand to finish its work on the edition about three to nine hours earlier and still carry election results. We hope you like this method.

There were children and Shriners all over town Saturday morning as the seventh annual clinic got underway. The medical meeting Friday night was a well-attended and informative, even if I did need a translator on one side and a medical dictionary on the other. Dr. Caldwell, chairman of the Shrine hospital board, could easily be a politician. He patted the Oasis Shrine Club and the community on their collective backs for the

## 150 Horsemen Enter Play Day Here On Sunday

More than 150 horsemen from throughout the Panhandle will be on hand Sunday as the Hereford Riders Club and the Junior Riders Club host the American Association of Sheriff's Possees and Riders Clubs' regular Play Day at the riders arena.

Church services on horseback, riding events, and lunch in the Bull Barn will highlight the day's activity.

Riders from seven Panhandle riders clubs will begin registration at 9 a.m. at the arena. Church services "on horseback" will get underway at 10 a.m. at the rodeo grounds.

Following the service, lunch will be served in the bull barn at noon. Play Day action will start at 1 p.m. in the arena as the first of six events begins.

Riders will compete in baton relay, barrel races, potato races, ring sparring, pole bending, and the keyhole race.

Admission is free to the contests and the public is invited to attend the noon meal at the Bull Barn, although tickets must be purchased.

Riders from seven area clubs will compete. Entering the contest are district opponents, including Fritch, White Deer, Will Rogers Range Riders of Amarillo, Canyon, Pampa, Dimmit, and Hereford.

Outgoing officers this year were Ezra Norton, president; Mrs. Roy Jowell, vice president; and Mrs. Alice Swigart, secretary-treasurer.

Will Harris, one of the active members of the Association, presented a new piano to the Hereford Community Center on behalf of the Mid Plains Pioneers.

"This just goes to show that the older residents of the community are not really retired, but that you are still making this city, a better place in

which to live," stated Community Center hostess, Mrs. Clyde Cave, as she accepted the gift.

Welcoming the pioneers to the annual celebration was Dave Alexander. Response was given by Mrs. Harvey Cash of Canyon.

Traditional recognition was given to those who traveled the farthest to attend the reunion. Mrs. Louise Oberthier Gaines of Milbern, N. J., received the gift for the ladies, while Claude Norton, R. D. Norton, and William H. Wall of San Bernardino, Calif., shared the honors for the men.

Other presentations were made to the oldest lady and gentleman present. Mrs. John T. Slaton of Hereford, 87, was recognized along with F. H. Oberthier, 93, also of Hereford.

Members of the audience were quick to remark, however, that both have remained active. "Mrs. Slaton worked in her yard all day yesterday," pointed out one of the guests.

Also named during the business session were members of the steering committee, which will plan the program and make nominations for next year's officers at the next Pioneer Day meeting.

Selected to serve were Mrs. Hazel Sparks, Mrs. Wiley Harlan, Mrs. Merlin Newell, Mrs. Lucille Olson, Clifford Acker, C. Ora Cokerrell, Miles Roberson, and Miss Mary Brady.

Serving on the program committee during the past year were Mrs. Carl Williams, Mrs. Otto Olson, Edwin Ramey, and H. C. Baird. Mrs. Jenney Buckner presented nominations made by the nominating committee comprised of herself, John Pat-

## Courage Of Early Settlers Praised At Pioneer Meet

"It was the courage of the pioneers that lead to the development of the Panhandle, and we are proud of the fact that we stayed on and thrust deep roots into the land. . . . It is wonderful that we can gather once more on this occasion," stated Mrs. Harvey Cash of Canyon as she gave the response on behalf of some 500 pioneers and their guests who attended the annual Mid Plains Pioneer Day reunion.

Held Thursday in the Hereford Community Center, the largest reunion of early settlers in recent years got underway with the welcome and business session.

Association president Ezra Norton called the meeting to order, after 496 visitors had registered. Election of officers and recognition of guests highlighted the annual business session, which was followed by a basket lunch.

Fred Baird of Hereford was elected to serve as president for the coming year of the Mid Plains Pioneer Association. Mrs. Roberta Wilson was selected vice president, with Mrs. Mary King named secretary-treasurer. All were elected by acclamation.

ton, Helen Millard, and Gertrude London.

In memory of the pioneers who have already died, a silent prayer was offered.

The 1955 model truck was reported taken from the grain company here the night of the burglary. In thefts similar to the one here, stolen vehicles have been used and later abandoned.

However, the Pitman vehicle has not yet been located, according to the Sheriff's office.

The theft occurred here Monday night or early Tuesday morning as a team of smooth working burglars cut a chain link fence and entered the warehouse yard.

They then broke into the warehouse by smashing a window and unlocking the door.

A count of the tires showed that 31 had been rolled out of the warehouse and loaded on to the truck. All of the truck tires taken were new as the burglars discarded used tires also stored in the building.

The company placed a wholesale value of \$2534 on the tires. However, the retail value of the tires will exceed \$3000.

## Crops Improve As Light Rain Soaks County

Light rains falling in the Deaf Smith County area brought much-needed moisture to dry croplands and pastures in the area. While rainfall was light in the city—only .11 of an inch was recorded—heavier amounts were reported in other sections.

In general, the moisture arrived too late for this year's wheat crop, but the rains have kept the crop from burning.

Wheat in the Deaf Smith County area looked bad, according to one elevator employee. The dry, hot, windy weather has been hurting both irrigated and dryland grain.

Even though the much needed moisture arrived too late for wheat, vegetables and pastures have benefited from the slow, soaking rains.

Moisture was also needed in the area as farmers began preparing for the planting of grain sorghums. It was pointed out recently by Lefty Thomas, county agent that in order to make a crop this year, rain would be needed by the middle of June.

Three detailed reports on research work were presented at the meeting. Dr. L. B. Barnett of Hereford presented the first one, "A Comparative Study in Bone Composition."

He explained that basic work in the field has been done and needs only more investigation. He read from a paper which has been approved for publication this fall.

For purposes of comparison, Dr. Barnett used slides and charts of composition of teeth and bones from the 39-county area of the Panhandle, comparing them with samples from Lubbock, Dallas and Hawaii.

He explained that not only teeth, but bones as well, seemed to be strengthened by some one or more elements in the wa-

ing the 1962-63 school year. Among them are Mrs. Marvinne Sneed, who will teach at Central Elementary; Mrs. Buster Miller, high school homemaking and science; Bill McCarley, seventh grade arithmetic; and Miss Janice Boren, high school typing and business.

The board approved business manager Kendall Williams to handle the school lunch program for 1962-63.

Board members likely will meet again next week to confer with architect Herbert Brasher on final plans to be used by contracting firms in bidding on the extensive additions to the high school and Northwest Elementary School.

## School Canvasses Election Vote, Sells Bonds For 3.4

In rapid-fire sequence, trustees of the Hereford Rural High School District canvassed results of the school construction bond election, declared the issue properly passed and sold the bonds.

Official canvass of the \$775,000 bond election was exactly the same as the unofficial returns released earlier. The canvass showed the Dawn box counted 10 in favor and 38 against. The Hereford box had 494 in favor and 262 against while the count of absentee votes showed 16 in favor and 2 against.

That made the total vote 522, with 520 in favor and 302 against.

With that out of the way, trustees passed an order approving the election returns and calling for the issuance of bonds.

After some discussion with bond advisor Bob Davis of Amarillo, the board voted to sell the bonds to Davis, who was bidding on behalf of a six-company syndicate.

Davis' offer to buy for 3.40 per cent interest on the bonds was accepted. Davis was hired earlier this year to act as financial advisor, with the option of negotiating for the bonds without calling for bids. Under the terms of the contract, the board was obligated to pay for his services, unless his company bought in the bonds, in which case he would take no fee for his services.

Fee for his work would have been about \$4300. Had his fee been paid, the bonds would have to have sold for about 3.3 per cent for the board to have come out even with Davis' offer.

Companies bidding together for the bonds included: Columbian Securities Corporation, Amarillo; Hamilton Securities, Dallas; Rauscher-Pierce Co., Dallas; Dittmar and Company, San Antonio; Texas Municipal Bond Company, Lubbock; and First Southwest Co., Dallas.

In other action, a one-year contract for Tom Templeton, Stanton Junior High biology teacher, was approved. Templeton has completed one year in the Hereford school system. He was not approved earlier because of an oversight.

Four new teachers were approved for contracts to teach

YOUTH RELEASED FROM HOSPITAL AFTER ACCIDENT

A 15-year-old Deaf Smith County youth injured in two-car collision about one mile south of Hereford on Friday, was released from the Deaf Smith County Hospital early Saturday morning.

A highway patrol officer estimated damages to the Parker vehicle at approximately \$250. Damages to the other automobile driven by Robert Alvin Adams of Odessa were placed at \$200.

Adams and his wife, Edna, were moving from Odessa to Edmond, Okla. Their two sons, following in another automobile, were not involved in the accident.

## Chamber Banquet Speaker Named

One of the nation's outstanding young executives and speakers, William J. "Bill" Bird, has been selected as the feature speaker for the 1963 Deaf Smith County Chamber of Commerce banquet.

The affair, one of the largest in the Southwest, will be held on Thursday, Feb. 7, 1963, in the Hereford High School gymnasium.

Bird has been Western Vice President of the John Hancock Mutual Life Insurance Company since July, 1959. From his offices in San Francisco, Calif., he represents the company as senior officer in 12 states — Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, Nevada, Oregon, Utah, Washington and Wyoming.

Bird has had an unusual breadth of experience in the field of business. Before joining John Hancock, he had served four years as Executive Vice President of the Greater Boston Chamber of Commerce. Under his leadership, that organization became an effective voice of business leadership in Boston's economic and civic growth.

Earlier, as Manager of External Affairs for the Chamber of Commerce of the United States in Washington, D. C., he was responsible for the National Chamber's operations in the fields of organization service, public relations, membership, field activities, and National's Business magazine.

Bird has also had broad experience in civic affairs. He now is serving as vice president of the San Francisco Chamber of Commerce and as a member of that Chamber's Board of Directors. In addition he serves as chairman of The Century Club, Boy Scouts of America; member of the board of directors of the Golden Gate Chapter of the American Red Cross and a member of the board of directors of the San Francisco Society of Crippled Children and Adults.

While in Boston, Bird served as consultant to the Greater Boston Economic Study Committee and was a member of the Executive Committee of the ci-

## Dr. Cavness Heads Drive For Symphonic Play Funds

The Symphonic Drama Campaign drive is now underway throughout the Panhandle. Campaign chairman for most area towns have been named. In Hereford, Dr. H. A. Cavness is heading up the local campaign.

The campaign, sponsored by the Texas Panhandle Heritage Foundation, seeks to build an amphitheater in the Palo Duro Canyon for the production of a gigantic historical pageant based on the history of the Texas Panhandle.

The drama will be written by Paul Green, noted playwright and novelist, who inaugurated Symphonic Drama. The same "Symphonic Drama" is used by Green to describe these productions because of the all-encompassing characteristics... music, pageantry, humor and action. Though there will be music, the play is much more than a musical production.

When symphonic drama is launched in the Palo Duro Canyon it will be the first to be staged west of the Mississippi. The Theater, to be located within the contour of a 600-foot bluff in the Canyon, will seat 1,000. Last year 150,000 persons visited the Palo Duro Canyon. The attraction of Symphonic Drama is expected to lure thousands of tourists who stop overnight in the Panhandle during the height of the tourist season. In Amarillo alone, some 5,000 stop overnight in motels and hotels during the vacation season.

Symphonic Drama has flourished in the eastern part of the United States for more than 20 years. In 1959, The Stephen Foster Story played 60 nights during the summer to a near-capacity crowd. The show netted a profit of \$45,980. In a remote village in North Carolina, Kermit Hunter's Story, "Unto These Hills", brought tourists in droves. In 1950, Cherokee, N.C., had no overnight accommodations. Now, since the opening of this drama, more than 5,000 accommodations are available within a 15-mile radius. Paul Green believes sympho-

nic drama will give the Palo Duro Canyon a voice that will attract nationwide attention.

The plan has been endorsed by The Amarillo Area Foundation and the Amarillo Chamber of Commerce. It has also been approved by the State Parks Board.

Construction is expected to begin immediately after the campaign goal of \$350,000 has been reached.

More than 360,000 people live within 50 miles of the Canyon, and twice this number in a 100 mile radius. It will be 12 years before all of them can see the great show in the Canyon, not including a single tourist.

Campaign workers reported a total of \$66,036 toward the campaign goal in a report meeting last Thursday, May 24.

### Dodgers Outhit Giants For A 17-5 Triumph

Dodgers slammed out 14 hits in downing the Giants 17-5 in Little League major action Thursday night.

Doug Banner pitched and batted to lead the way for his teammates. He hit two homers and worked the entire game on the mound.

But the Giants got the first run, using a single by Dean Riddle and a double by Sydney

Shaw to mark up the first score. In the last of the second, the Dodgers exploded for four runs on the same number of hits. Banner got his first homer to lead things off.

In the third, the Giants added another run on an error and another double by Shaw.

Then came the last of the fourth, which saw the Dodgers mark up eight runs on four hits, three singles and a double by Dusty Duncan.

The Giants picked up a run in the fifth on a homer by Jimmie Childress. The last of the fifth, the Dodgers blasted out four more hits, including Banner's second home run.

In the top of the sixth, the Giants added two more runs, but that wasn't enough. Those came on two errors, a walk and a double by Dean Riddle.

Riddle and Shaw were leading sluggers for the Giants as Riddle picked up a pair of doubles and a single in as many trips to the plate.

Dusty Duncan had an outstanding night at the plate for the Dodgers, hitting a pair of doubles and two singles in five times up. Also getting two hits each for the winners were Bryan Knox, Doug Banner, Bill Russell and Mike Higgins.

# Alcoholism Group Sees Film At Meet

Western Wheel Inn was the scene recently for the monthly breakfast of the Deaf Smith County Council on Alcoholism.

A short business meeting was held. Emphasis was made again of the forthcoming Institute on Alcohol Studies in Austin July 8-12. Francis Hardwick, president of the

group, urged all that could attend to please notify Jewell Smith.

Herb Boardman presented the program to the group. He showed a film called "For Those Who Drink", by Dr. R. G. Bell, Medical Director of the Bell Clinic.

In the film, many points were illustrated and discussed. One of the explanations made was that alcohol is a chemical and if too much is consumed it will react as a poison.

"Alcohol is a food but lacks the food value that we receive from food. Overweight and diseases from lack of vitamins and minerals result from drinking alcohol," Dr. Bell said.

He expressed the belief that, "The alcoholic deserves to have the situation pointed out to him. That is to help him realize there are other methods of relieving tensions without the aid of alcohol."

"It costs less to sit up a clinic to help the alcoholic than to let them go," the film pointed out.

Attending the breakfast were: Mr. and Mrs. Charles Frye, Bill Hardwick, the Rev. B. H. Baldwin, Jewell Smith, Pat Patterson, Lois Rutter, Gladys Miller, the Rev. Joel Treadwell, Mrs. O. G. Hills Sr., Harry Caylor, Lowell Sharp, the Rev. B. L. Davis, Herb Boardman, Esther Springer, Romona Noel and Francis Hardwick.

# White Sox Slam Red Sox 13-9, With Just One Hit

It sounds impossible, but the White Sox scored 13 runs Thursday night in Pony League action... and got just one hit during the game. The Red Sox had three hits during the loosely-played game. Steve Hodges, who caught Monday night, reversed positions as he took to the mound Thursday. He went all the way for the winners and got the team's only hit, a grand slam homer in the fifth. He also struck out 14 during the seven innings played.

The victory put the White Sox atop the league standings with two victories in as many outings. The White Sox picked up a pair of runs in the first on five walks, but went down in order in the second. The Red Sox went down in order in the first and got one run in the second as Gene Drummond was hit by the pitcher. He moved around on a stolen base, a passed ball and a sacrifice bunt that failed to get either runner.

Two runs picked up by the White Sox in the third made it 4-1. Three walks, two errors and a balk moved the runners around. In the last of the third, the Red Sox tied it up with three runs. With one out, a walk, an error, a walk provided the runners to come in on Mike Moore's triple.

One run came in for the White Sox in the fourth to give them a 5-4 edge. It came after three walks on a ground ball. The White Sox turned in a double play from Hodges to Jimmy Allison to Mitchell Bell in the last of the fourth to cut off a threat.

In the top of the fifth, the White Sox picked up six runs. An error and two walks filled the sacks and another walk pushed in a run. A passed ball allowed a second run, with the bases loaded again on another walk. That allowed the White Sox to mark up four more runs as Hodges hit a home run.

The Red Sox got a run in the fifth on a walk, two stolen bases and an error.

A double play by the Red Sox — from Ronnie Lance to Kenny Justice to Gene Drummond — kept the White Sox from scoring in the sixth.

Trailing 5-11, the Red Sox made a valiant effort to catch up in the last of the sixth, scoring four runs on two hits. An error and two walks came ahead of Wynn Buck's double. Buck then scored on Moore's single.

In the top of the seventh, the White Sox added their last two runs. Two errors, a passed ball and a ground ball provided the way home.

Hodges worked the entire game on the mound for the White Sox. He allowed nine

Olen Nelson started for the Red Sox and was charged with the loss. He walked the first two batters faced before being relieved by Gene Drummond, who pitched four and a third innings. He gave up 10 runs on one hit, walked 14 and struck out six. Kenny Justice pitched the last two and two-thirds innings, allowing two runs on no hits, while striking out four and walking five.

Mike Moore hit a triple and a single in four trips up for the Red Sox while Buck's double was the only other hit for the Reds.

The White Sox made three errors and the Red Sox had six.

## OFF THE Shelf

BY H. A. TUCK

Our reading this week soared high above the clouds and deep beneath the ocean, ranging from fiction to non-fiction.

A short, interesting little book is *From Another Island* by Sherry Waterman. Candidly and with facts abounding, Miss Waterman tells of the nine years she spent as a stewardess for several airlines.

In the book, she describes life in the "front office" where the pilots, co-pilots, navigators and engineers earn their pay. Even to a girl with 9000 hours in her log book, the cockpit of a large plane is a mysterious place, inhabited by hard-working people who aren't always above practical jokes.

She tells of the incidents that have made her laugh... in retrospect. Like the time she managed to inflate a 20-man life raft that threatened to squash the passengers. She tells how she managed to convince her passengers that hearing and smelling chickens was imaginary, while the baggage compartment was filled with game cocks.

After flying almost all the routes in the United States, Sherry joined a contract overseas line, getting to see Hawaii, Guam, the Philippines and Japan. Lolling on the beach in Honolulu she was actually homesick for the cold, snowy weather of New England.

Sherry is adept at picturing the casual life of a stewardess living with others in rented apartments and houses... and no one bothering to pay the bills.

Although being a stewardess sounds like a plush job, Sherry makes a convincing case for the hard work involved, plus the lack of sleep and the lack of eligible men. Most of the, handsome pilots, she points out, are happily married.

Plunging to the depths, we read *Blow Negative!* by Edward Stephens. This is an amusing, yet disturbing, bit of fiction. It is built around the bewildered young California bachelor who is recalled to serve as a Lieutenant (jg) on a submarine. Harry Joy had served during World War II on destroyers. He hated submarines.

But he was assigned to the *Starfish* at New London, Conn., on a dismal day early in the Korean action. His C. O. was to be Captain Sampson Greice, that unwashed, unclaimed, unwanted graduate of Annapolis.

Since the night that Greice had spent the first evening at the Naval Academy library, he had not been popular with his contemporaries. Joy was to be the straw that finally bent and broke the strange, old man with the weary eyes. But Joy, in spite of himself, became a submariner.

Finally Greice was removed from his command on a pretext and buried as assistant director of the Navy's Bureau of Propulsion. "That's the end of him," the Admiral and Commodore thought. They even began to chuckle about the faulty practice torpedo that Joy had fired onto the bathing beach at Fisher's Island and the young officer's command that added a most peculiar odor to the already smelly

sub.  
Although the book has strong overtones of humor and some really funny passages, it also carries a message.

In many ways, the career of Sam Greice is traced from the scorn heaped upon Admiral Hyman Rickover when he first proposed that the submarine service return to steam turbines, powered by nuclear energy.

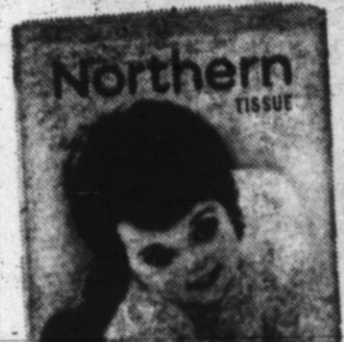

This is a book that will be remembered by its readers for a rare, deft combination of humor and drama. Its characters are so real that you would know them anywhere. It illustrates the unfortunate hidebound attitude that too often prevails among professional fighting men. There is romance, too, for those who feel the book doesn't already have enough to offer. And it's the wackiest triangle ever imagined.

*Blow Negative!* is certainly a positive book... and a blow to those who tend to think along negative lines.

## ARE WE FAIR WITH OUR CHILDREN?

### We Have Developed A Substitute For Everything, Except Hard Work

Specialization has developed the United States into the leading production nation of the world, but in the mad rush to integrate social existence with production efficiency we have created several flaws. In fact, we are often reminded of the man "who could not see the forest because there were so many trees".

Dismissal of school for the annual vacation period, for instance, has released hundreds of boys and girls who find themselves with nothing but time on their hands. Many of those who seek jobs must be turned away because of federal Wage-Hour regulations, Child Welfare restrictions and similar legislation. These laws do not say that the employer cannot hire a boy or girl but, as one employer told us, "they make it so impractical that youth employment is no

## Why Delay On Frozen Foods?

Like many other citizens, we note with interest that the agriculture division of the Deaf Smith Chamber of Commerce is sponsoring a long-range plan for establishing a frozen food processing plant in the area.

The idea, needless to say, is sound and practical. It fits the area "like a glove", and with the advent of extensive cattle feeding, it can prove to be a 12-month program. The only thing we do not like about the proposal is the fact that it is a long-range, instead of immediate.

Previous efforts toward establishing a frozen foods plant invariably have been stalled because the short vegetable season would not justify purchase of expensive equipment required. With the addition of cattle feeding, however, this tremendous hurdle has been overcome. Vegetables and meat, packed at the source of production, eliminate freight and other expensive costs. This is one of the basic reasons that a frozen foods plant would do better in Hereford than in many other communities. In turn, Hereford would prosper from an industry of this type, because it would provide consumption of products which we grow naturally and efficiently.

Two-way benefits of this type always figure strongest in the establishment of any industry.

Long-range planning, on the other hand, is too often another way of filing the project in a cubby hole, then forgetting the entire thing. We had 15 years of long-range planning on the sugar refinery proposal, but never got to first base until a group of citizens shifted it to the immediate-planning category and went to work.

Why not shift the frozen foods plant to an immediate basis, and let's find out what can be done to expedite the project? Clovis has a new packing plant and a powered milk plant because the community went out and proved to sponsors that Clovis was the logical and practical location. If we flounder in this long-range planning long enough, Clovis is also likely to announce some morning that they have located a new frozen foods plant, along with their other expansions.

The idea of securing a frozen foods plant is sound and practical, but talk is cheap — and never seems to bring in the same benefits as contact and actual results.

### Hereford Men Support City Clean Up Drive

At a meeting of the "men" of the city Wednesday afternoon, strong and ringing resolutions were adopted encouraging the ladies of Hereford in the laudable efforts to make Hereford the cleanest town on the map and concurring in the move to enter the city in Holland's State - Wide Cleanest City Contest. The mass meeting was called to order by Mayor Knight, who explained the object of the "call". He stated the ladies had taken the initiative in the matter and that he did not want the men to fall short of their duty. He explained the details of the proposed contest, the conditions and the prizes offered. Messrs. Shirley Dunlap and others heartily endorsed the move. In the resolution adopted the men expressed their appreciation for the public spirited sentiment and thoughtful solicitude concerning the sanitary condition of the town expressed and manifested by the excellent women of Hereford. The men endorsed and approved of any and all efforts made by the women along the lines and pledged support, assistance and cooperation. A third resolution requested the women to organize the community for carrying out this work to the best advantage, and in the most efficient way, and promise to take an interest in the work with them, and to serve faithfully on any committee to which they may be appointed, and to assist and support the women in all their endeavors to make and maintain Hereford in a clean and sanitary condition. One matter of great importance discussed at the meeting was that of sewer connections. It was learned that many houses within easy reach of the sewer lines had not been connected with the system. It was explained that it was unfair to the taxpayers "outside" of the system for those "within" to neglect to connect their premises. The object of the sewer system has practically been thwarted by the refusal and neglect of those who are near enough to use the sewers.

25-YEARS AGO

Following the heavy rains in this section during the past week, 2.27 inches fell here Friday night to send Tierra Blanca Creek on a mad rampage. As flooded lands over this entire section emptied into the stream, the swirling water brought havoc to bridges in the Hereford area. The first bridge to go out here was the concrete structure which spanned Tierra Blanca at the old highway crossing southwest of town. This bridge washed out Sat. morning. Members of the commissioners' court decided at their meeting Monday that this bridge, will not be replaced. Early Sunday morning the Main Street bridge, which spans the Tierra Blanca just south of town, also went out. Commissioners said that this bridge will be replaced just as soon as a construction crew can be secured. Approaches to several other bridges were also badly washed, but can be repaired at small costs since the approaches formed the chief damage. Hundreds of persons gathered Sunday morning to view the rampaging waters and Tierra Blanca in places was 200 yards wide.

### PAVING PROJECT HITS LEGAL SNAG

Ralph Douglas, engineer for the proposed paving project in Farwell reports this week that due to a legal technicality in advertising for bids, the date of work on the paving has been postponed. Douglas says that the city must re-advertise for bids and that as soon as this is completed, work will begin. It is hoped that actual labor on the paving can begin in the middle of June. Approval of the project, which will pave all except three and a half blocks of the city of Farwell was made at a public meeting called by the city commission on March 23. The paving will be 22 feet wide and will not include curb and gutter.

### ADDITIONAL CHANGES IN ZONING MADE

Additional changes were made in the interim zoning ordinance Tuesday night and the date for the public hearing was set. Tuesday's meeting was a joint session of the City Council and the City Planning Commission. The public meeting will be held on Monday, June 25, at 7:30 p. m. in the Council Meeting Room; however, provisions are being made to have the district courtroom available should it be necessary. Changes made by the two bodies were concerned with part eight of the ordinance which deals with certificates of occupancy. It was pointed out by several members attending that the interpretation of this part of the ordinance was causing alarm. It was further stated that the term "occupancy" was not clearly defined in the ordinance. Therefore, changes should be made in order to clarify the term.

### VAST WT EXPANSION APPROVED

### RULING UNTIES COUNCIL DEADLOCK

Olton's mayor has no vote in the city council unless there is a tie among the councilmen. That is the effect of an opinion received from the Texas Municipal League by City Attorney Andy Stroebel. As a result, a 3-3 voting deadlock in the Olton council is broken, apparently in favor of a trio of councilmen elected in April. The TAL opinion, written 13 years ago for the City of Comanche, was forwarded here in answer to questions raised following Mayor M. T. James' surprise vote on a parking issue. The mayor's vote threw the council into a tie, and stalled enactment of an ordinance to put in parallel parking on 8th Street between Main and Avenue G.

### CROP DUSTER DEMOLISHES BARRACKS

Twelve persons miraculously escaped serious injury and possibly death about 2:30 Friday afternoon when a crop dusting plane crashed into a barracks occupied by a Latin American family in the Sandhill community. The pilot jumped from the flaming plane and escaped with only minor injuries. Mrs. Marmuljo and her 10 children — ranging in age from eight months to 16 years — fled the building without injury. The pilot told investigating officers that he apparently hit a whirlwind and, "I just dropped." The low-flying plane first hit a pole, spun into a car, and then bounced into the barracks. The crop duster did not overturn.

## THE BOOTLEG —Philosopher

Editor's note: The Bootleg Philosopher on his hindwired farm discusses what he considers a vital problem this week. It might be.

Dear editor:

Since nobody else seems to be working on this problem, I have decided to give it some thought.

The problem is: what can the country do about candidates interfering with television programs during a hot campaign?

Everybody knows how important it is for a candidate with the guaranteed solutions to vital problems all the way from atom bomb testing to government waste to the salvation of civilization, to get on the air just ahead of an election and say so, makes no difference whether he's running for Justice of the Peace or Governor or the U. S. Senate. And yet everybody knows the groans that go up when the people settle down to see Gunsmoke and hear an announcer say the following time has been bought and paid for at regular commercial rates by somebody who is running for the State Legislature, Place 19.

Now I'd be the first to agree that the people need to be informed, and they need to be entertained, by television, although there have been times when I have been more entertained than informed by political speeches and more informed than entertained by entertainment programs.

But here's the thing: it's not fair to the people to have Gunsmoke, for example, put off life air temporarily for a political speech they don't want to hear, and it blamed sure ain't fair to the candidate to be the one who does it.

But I have hit on a solution. We can have both, at the same time.

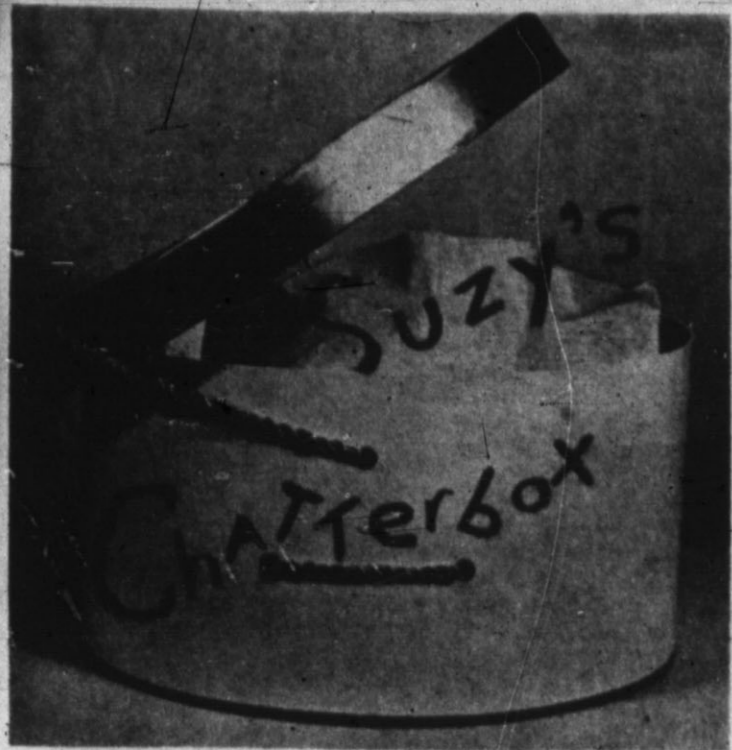

Have you noticed in a Western or nearly any other TV drama there are long stretches of silence, like when the killer and the marshal are stalking each other just prior to the show-down fight?

Why couldn't TV producers stretch these stalking periods out a little longer and let a candidate come on for a few words connecting the election of him with the preservation of civilization? When the marshal is chasing the outlaw on horseback in a Western, or the private detective is chasing the killer by car in an Eastern, why not let them go two miles or 10 blocks longer, as the case may be, and during the silence work in some more of the candidate's speech?

Then everybody can go to bed, entertained and informed, and not sure which he's the sleepiest from.

It's worth thinking about. This is a serious problem and needs solving right away.

Yours faithfully  
J. A.

EVERYONE IS OUT OF SCHOOL SINCE MONDAY, HURRAY!

This past week was certainly a busy one for the seniors because there were numerous parties given just for them.

The First Baptist Church held a hamburger fry and swimming party for its graduates.

The hamburger fry was in the back yard of the Rev. B. L. Davis, and was for the seniors and their dates.

After a supper of hamburgers and all the trimmings everyone sat around, ate homemade ice cream, and told jokes.

When everyone had had their fill, the group chose up sides and played a rousing game of volleyball.

I asked several of the people who went if anything unusual or funny happened. It seems the only funny thing that happened was Judi Price and Ayle Justice got hit in the head with the volley ball. At least the others thought it was funny.

Tuesday night about 30 seniors went to Friona swimming.

The group took a picnic supper and ate it at the indoor pool. One nice thing about this, they didn't have to worry about

flies, ants, mosquitoes, or sunburn.

I hear Grady Persons had a nose bleed. He was hurriedly trying to get into the dressing room to get it stopped. Ted Wimberley looked up just as Grady walked into the girls' dressing room, screamed at him, and therefore saved Grady from a most embarrassing moment!

The seniors of the First Christian Church were awfully busy last week.

Thursday night Joyce West, Troy Don Moore, Kathy Boston, Mickey Stevens, Judy Means, Glen Nelson, and I went to Amarillo, with Mr. and Mrs. Bill Dameron and Rev. and Mrs. Gilbert Davis Jr. for supper.

Since the group couldn't decide on a show, they finally decided to come home and watch a home movie of the Jr.-Sr. Banquet.

Some of these pictures proved to be most entertaining. Bill Dameron, who made them, doesn't know all the essentials of his camera, so several people came out with red eyes.

Thursday morning Bruce and Jo Coleman took their boat and skis to Buffalo for the seniors to use.

John Buck, Butch McCaslin, Troy Don Moore, Glen Nelson, Mickey Stevens, Martha and Mary Russell, Patsy Work and I had a very enjoyable day.

Butch, Mickey and Troy Don learned how to slalom but not without a few falls and bruises.

Friday morning at bacalaureate practice you should have seen these kids — Red as beets and so sore they could hardly move. But I am sure it was worth every minute and bruise of it!

The Rev. and Mrs. Herschel Thurston gave a dinner Wednesday in their home for the seniors and their dates.

Glenda Fuhmann, Bob Ustun, Gillian McArthur and Peter Lantz, our exchange students, Mary and Martha Russell, Dennis Hodges, Dan McDowell, Joy Story, Judy Fowkes, Sharon Hill, Randy Dowell, Suzanne

Langley, Walker, Parris, Maribeth Gilliland, and Linda Edwards enjoyed the fine food, conversation, and bridge.

Suzanne Langley and Linda Edwards gave a brunch last Thursday for a group of senior girls.

The brunch had lots of good food, fun, and gossip!

Thursday night Joyce West had a slumber (less) party that John Buck will probably never forget.

A bunch of the girls sat on him while Joyce tried to rat his hair. Since John had so much grease on it, Joyce couldn't get it to rat.

While the girls were doing this to him, he was screaming for Walker Parris to help him!

Walker just ignored him. To get even, when John finally got up he put a nice big piece of ice down Walker's back.

I am quite sure the whole block knew someone had been murdered because Walker has a very powerful set of lungs!

Last Thursday the Young Women's Association of the First Baptist Church held a white Bible service for Linda Reed.

The ceremony was held in the home of Shari Prowell. In this ceremony, Linda was presented the Bible she will carry at her wedding.

### Dodgers Edge Cards 8-7 In Sixth Inning

In a cold, windy game Monday night, the Dodgers managed to edge the Cardinals 8-7 in a close game. It took two runs in the top of the sixth and some sharp defensive playing for the winners to pull the game out.

Both teams were scoreless in the first and second innings.

In the top of the third, the Dodgers picked up five runs on two hits for what seemed like a commanding lead.

But the Cardinals used a couple of hits to score two runs in the last of the third. The Dodgers were put down in order in the fourth and the Cardinals took a 7-5 lead with a five-run outburst in the last of the inning.

Five walks, a pair of doubles and a single added up to the runs for the Cards.

In the top of the fifth, the Dodgers closed the gap by scoring one run on a pair of hits.

Two Cards got on base in the last of the fifth, but couldn't score. With one out for the Dodgers in the sixth, Higgins doubled and scored when Easley got on by error. With two outs, Duncan singled to score Easley before being caught at the plate trying to score on a single.

In the last of the sixth, the first two Cardinal batters hit to the shortstop, who fielded cleanly and threw them out at first. The last batter struck out to end the game.

**FRANK FORD for State Representative**

Farmers, Businessmen and Businesswomen, Teachers and Housewives - in ever-growing numbers - are joining the winning campaign to elect FRANK FORD to the State Legislature on November 6th. Here are some reasons why:

**BELIEFS:**

That we must re-dedicate ourselves to the principles of freedom and individual responsibility if our society is to survive the challenge now facing us.

That fair, honest controversy is the basis of free government, and that a responsible two-party system will make this possible.

That the faceless bureaucracy which is rapidly gaining power over our lives must be checked, and government made more responsible to the people.

(Frank must attend Ft. Polk June 2-17 with the 90th. Div. After that, he will accept any speaking invitation, answer any questions on the issues, debate his opponent anywhere, and will make it a point to meet you. If you would like to help, contact any of the following people)

**BACKGROUND**

Born and raised in the Texas Panhandle-South Plains -where as the son of a County Agent he learned to know small town and rural life, and to learn the discipline of work.

Worked his way through Texas A and M, where he was named the Outstanding Student in the School of Agriculture, as well as top ranking cadet.

Served 30 months in the U. S. Army, attaining the rank of captain in the artillery. Later served in the Division HQ, 36th Div., Texas National Guard.

In the 56th Legislature, served as Bill Clerk in the office of the Speaker of the House, where he became familiar with the proceedings and problems of the Legislature.

After saving a "nest egg", incorporated Arrowhead Mills with Mr. Henry Turner. This rapidly growing business is living proof that hard work and determination can make small business a success.

Doing his own tractor work (till this campaign), Frank has proven himself a successful farmer, raising grain to supply the market developed by Arrowhead Mills. With his wife, Marjorie, and three children, he is active in church and community life; is a worker in the Methodist Church, Chamber of Commerce, several farm organizations, and Boy Scout work.

POPULAR CERTIFIED HYBRID VARIETIES GROWN, STORED, & PROCESSED ON OUR CLEAN, WELL ISOLATED FARMS.

R.S. 610 (7078 x male-sterile combine Kafir) Texas 610 is a 7078 early hybrid. The large semi-dry head is very light red and medium soft in texture. Texas 610 which has shown good increases in yield over several varieties such as Redbine-60 and Martin, has proven to be one of the most popular varieties under all farming conditions.

TEXAS 660 (Caprock x male-sterile combine Kafir) Texas 660 is a medium-maturing hybrid. Texas 660 has made many outstanding yields under irrigation. Its uniform combine height and semi-dry head with the high yield potential has made it the most popular variety for irrigation.

TEXAS 601 (Tx 04-A Martin cross x male sterile combine Kafir) A good early maturing, dry-headed hybrid. This light red grain has shown good yield increases over Redbine-60 and earlier varieties.

R.S. 608 (7078 x MS Martin) A newer variety, probably the earliest of the Texas Hybrids—it has excellent combine characteristics. It produces Martin and matures a few days earlier. We recommend R.S. 608 especially for late planting on either irrigated or dry land.

**HE WHO HELPS HIMSELF**  
PHOENIX, Ariz. (AP) — An alert priest, armed with a mock sword, trapped a would-be burglar who attempted to loot the poorbox in the Immaculate Heart Church of Phoenix.

The Rev. Dominic Fonseca said he was awakened by the ringing of an alarm he had wired to the poorbox. The only weapon he could find was a stage prop sword. The intruder didn't know the difference and Father Fonseca held the man at bay until police arrived.

pearls. Short gloves and a strand of pearls completed her attire. A handkerchief, used by her mother in her wedding, was carried by the bride as the traditional heirloom. The bridal bouquet consisted of white baby roses highlighted by stephanotis.

Dr. Judson Maynard of Lubbock played traditional wedding selections and accompanied the soloist, Bill Michael of Lubbock, as he sang "Because" and "The Lord's Prayer".

A reception followed in the church parlor. The bride's table was laid with a white satin cloth. The two-tiered wedding cake, set on a silver lazy susan,

was decorated with white roses and lilies of the valley. A silver candelabra, filled with white wedding tapers, was entwined with white majestic daisies and greenery. Mrs. Jimmie Simmons of Waco served the cake and Miss Carolyn Cates of Lubbock presided at the punch bowl. Mrs. Denman Morgan of Lubbock registered the guests.

For the wedding trip to Ruidoso, N.M., the bride chose an emerald green cotton sheath dress with a short jacket and a small matching hat. Patent accessories accented her costume. Her corsage was white roses lifted from the bridal bouquet. After June 1, the couple will be at home at 3115 B 33rd Street, Lubbock.

The bride is a graduate of Big Spring High School, attended

Howard County Junior College and Texas Tech in Lubbock. She is presently employed in the general offices of Frontier Stamps, Inc. The groom is a graduate of Dimmitt High School and is a senior at Texas Tech in Lubbock, majoring in mathematics. He is a candidate for graduation in August for a BA degree in Mathematics.

Out-of-town guests attending the wedding were from Hereford, Dimmitt, Friona, Summerfield, Big Spring, Odessa, Amarillo, Dallas, Grand Saline and San Diego, Calif.

number of baskets he uses, but when he asks for a drink of water and you go into the house to get it, you lose count. Your bill can be anywhere up to a hundred bucks—and you can't prove that the number of baskets listed on your bill was not actually placed on your lawn.

The peddler may say "humus" was scraped from remote forests or bogs. This may be true, but more often it is not. Samples of the "humus" have been tested and have proved to be nothing more than material from the dump of some chemical plant. In some cases, the product has proved harmful to grass and shrubs.

2. Transient Roofers: "Just passing—happened to notice your roof needs fixing—just happened to be working in the neighborhood," he says. Give him the job and you'll get a staggering bill and, perhaps, a roof that will leak like crazy the next time it rains. By then, the "roofer" has vanished, leaving you with the leaky house and a worthless guarantee.

3. Bulbs and Nursery Stock: Advertisements offer what appear to be rare bargains in bulbs. Often they are small and do not bloom the first year—if at all. Sometimes the bulbs don't even arrive. Use caution when buying bulbs of nursery stock from out-of-state firms or door-to-door salesmen.

4. Lawn Tools: Strangers may come to your door offering to take your tools to their shops for repairs or sharpening. You may not see them again. Check with the shop they claim to represent before your tools leave your premises.

Remember that the peddler who knocks on your door may be "Honest Sam" or "Slicker Harry" and you can always find out—the hard way!

Some cooks like to add a suspicion of nutmeg to canned condensed cream of mushroom soup.

match the wedding gown. It fell from a crown inlaid with pearls and sequins. The bridal bouquet was an orchid surrounded by stephanotis and white ribbon streamers carried atop a white Bible.

The bride's mother wore a blue lace dress over a blue taffeta underskirt. Her dress was complemented with white accessories and a white gardenia corsage.

The groom's mother, Mrs. Howell, wore a beige sheath dress of silk, bone accessories, and a corsage of white gardenias.

The roof garden of the church was the scene of the reception. The bride's table was covered with a white net cloth over blue taffeta. Blue satin bows were on each corner of the table. A centerpiece of white and blue flowers, accenting the wedding cake, completed the table decorations. Artificial flowers decorated the railing around the roof garden.

Misses Martha Lee Bender, Vivienne Andrews and Joyce Smith, Mrs. Gail Smith and Mrs. Larry Hilburn presided at the refreshment table. Mrs. Don Buckley presided at the guest register.

For the wedding trip to Ruidoso, N.M., and Old Mexico the bride was dressed in a toast brown silk suit, accented with bone accessories. The white orchid from the bridal bouquet was worn as a corsage. After June 8, the couple will be at home at 501 Ross, Hereford. The groom farms near Dimmitt and the bride will continue to teach in Hereford High School.

The bride is a graduate of Amarillo High School, class of 1957, and a 1961 graduate of West Texas State College. She was president of Chi Omega social sorority for two years, and a member of Phi Gamma Nu and Pi Omega Pi, business fraternities. She has been teaching shorthand and office practice in Hereford High School for the past two years.

The groom is a graduate of Dimmitt High School and attended Eastern New Mexico University in Portales, N.M. He is a member of the American Quarterhorse Association and officiates at football games.

The couple were complimented with miscellaneous showers in Dimmitt on May 18, Amarillo on May 19 and May 20, and in Hereford on May 21.

in New Mexico, the bride wore a bone suit with matching accessories. Her corsage was yellow roses lifted from the bridal bouquet. After June 4 the couple will be at home at 707 East College in Weatherford, Okla.

The bride is a 1961 graduate of Hereford High School and attended both Texas Tech in Lubbock and West Texas State College in Canyon. She was Rotary Club sweetheart during her senior year in high school.

The groom, also a 1961 graduate of Hereford High School, attended West Texas State College in Canyon, and then transferred to Southwestern State College in Weatherford, Okla., where he is studying pharmacy.

The wedding guests included family members and Mr. and Mrs. H. D. Blythe and daughters of Amarillo.

**HOMER WAS UPSETTING HUNTINGTON, N. Y.** — Ray Borowicz, Huntington High School baseball coach, almost dropped a half dozen hamburgers in his back yard when Hobie Landrith of the New-York Mets homered in the ninth inning against Warren Spahn of Milwaukee to give to Mets a 3-2 victory.

Borowicz normally roots for the Mets, but at that moment he was rooting for Spahn to chalk up a 2-1 victory. Borowicz and Spahn were high school teammates at Buffalo, N. Y.

**ACES A PAR 4 NIAGARA FALLS, N. Y.** — Jacque Brund scored one of golf's rarest double-eagles at Hyde Park, a hole-in-one on a par 4 hole. Brund used a driver and got plenty of roll to hole to his tee shot on the 316-yard 16th.

**TWO SKYLINE RECORDS LOGAN, Utah** — Among Skyline Conference football records set by Utah State in 1961 were 390.1 yards per game rushing and passing, and an average of 38.7 points per game for 10 contests.

One appliance — an electric combination refrigerator-freezer — does both jobs — freezing and refrigerating... for those who are without the space for two separate units. It's a most useable electric appliance, giving the homemaker immediate, convenient storage for frozen foods and providing adequate cooling space for non-frozen foods, too. This appliance disproves the old adage that you "can't have your cake and eat it, too." And, the new models with their efficient new insulation give you more space, in the same-size cabinet than many older models.

'Deaf' Smith Says

TO: The Spirit of General Sam Houston  
FROM: The Spirit of Erastus "Deaf" Smith

SUBJECT: Scouting Report on My Chamber of Commerce

Two features of the recent annual meeting of the West Texas Chamber of Commerce were of particular interest to the delegates from my county. Henry Sears, Clint Formby, J. D. Kirkland, and Bill Thompson heard a panel discussion on the opportunities to develop the feedlot industry in West Texas. The first panelist was a young man from Higley, Arz., by the name of Marvin Morrison. Morrison is a very successful operator of an on-farm feeder operation on a pretty large scale.

Morrison detailed the growth of his operation, showed slides of the physical installation, and discussed his marketing and record keeping. His lot feeds the Los Angeles area almost entirely. Packing company representatives buy directly from his lot by pens of 40 cattle. He indicated that most experienced buyers can look at the history of the cattle and tell what pens they are interested in buying. He stated that his lot had had the most success feeding what he termed "Okies" for the California market.

Following Morrison's most interesting presentation was one by Grady Shepard, farmer-feeder from Hale Center, Tex. Grady argued convincingly, based upon his own experience, that feeding operations in West Texas can beat Arizona and most other areas on costs and that there is a tremendous market awaiting the further development of the economics of feeding his own farm grown grain sorghums, ensilage and other feeds and forage to cattle as the most efficient use of water and the best market for those crops. He demonstrated from his operational records that grain sorghums can be marketed as beef at from 20 cents to \$1.20 over market and loan prices.

The third panelist was Ollie Limer, Hale County Agricultural Agent. Limer used the experience of a number of Hale County farmer-feeders to further demonstrate the sound economics of farm-feeder operation. The question and answer period which followed brought out details on marketing, type of cattle to feed, feed formulas, financing problems and other problems.

One of the factors stressed by all three was the caution of financial lending institutions in advancing funds for the physical plant requirements of a feeder operation. In spite of long term

earning records lending institutions had not made such capital available unless secured by other assets. In the light of the spectacular growth of the feeding industry in my county this whole discussion mostly demonstrated the wisdom of those people who have already entered this field, men such as Jim McAndrews, Paul Engler and the corporation of local men who financed that operation, Dr. Bud Barnett and many others.

The other program feature that was of interest was a panel discussion on Tourism and what it can mean for West Texas and Texas. Featured in this panel discussion was a presentation by a group of graduate students at Texas Tech. This group, under the supervision of W. M. Gosdin of the Department of Horticulture and Park Management of Texas Tech, are engaged in a long range and detailed study of the State's park system. There study is further detailing and authenticating a study that has recently been completed by the Texas Research League at the request of the Texas Park Board.

This study is further establishing some guides for consideration by the public and the state legislature in the improvement of our park system. Historically the Park Board has been forced to accept, because of political pressures, many sites and tracts that have little value as a State park. Maintenance of these sites has robbed the whole system of the funds needed to properly develop the good sites.

Texas, statistically, rates very low in comparison with other states, both in terms of acres of park per population unit and in physical developments needed. The waste occurs when Texans, finding unsatisfactory recreational opportunities in Texas parks, travel to the parks of other states. It also occurs when residents of other states avoid Texas as a vacation stop because of the lack of park facilities properly developed and advertised.

The final report of the graduate study will be ready in August of 1963. It will then be up to the people of Texas to evaluate their objectives in providing either an inferior recreational opportunity or one that will compare with or be superior to other States that have long recognized the value of the tourist dollar.

That is my report for the week, Sam. Hope that Palo Duro Park comes in for some of that long range park development planning, along with Washington State Park where you and I set up the capital of the Republic so many years ago.
