### LARGE COMMUNITY FOURTH OF JULY CELEBRATION IS LOOMING UP

WOMEN, AGGRESSIVE AND DETERMINED, PLANNING BIGGEST THING OF THE KIND EVER HELD BEFORE IN HEREFORD

### STRELS, BALL GAME, PAGEANT

Rockwell of Fire Department and His Bunch of Men Have Charge of Amusements and Sports and announce "Ready". Musical Pageant is Grand

Engage, happy-go-lucky Fourth of July celebration is in the brewing of this year. The Community is in number, including in the most progressive and women of the community, that this celebration shall be one yet and have taken arrangements with a vim. Mrs. Homer Wilkinson, general manager of the business men at luncheon and outlined her plan to include a big parade in the city, a basket dinner, a ball game, musical pageant, children's pageant, minstrel or farces by the fire department, and a variety show, possibly fireworks, and a variety show. The report was received vociferously and unanimously by the Chamber of Commerce and the business men. All sports and amusements also will be under the direction of Chief Rockwell of the Fire Department, and that means that the committee work, Mr. Rockwell's characteristic speech. He is all set and ready. Let's get down.

Business men will decorate their places with flags and bunting. Stopped to close all day. Spectators for the kiddies are coming. It is whispered that the pageant in the evening will be a most inspiring program. It is trying to figure out some fireworks for the boys and

### Get for Big South West Trail Meet Next Week

Palmer of the South West Trail is getting out advertising and working on the program for the coming convention of the South West Trail Convention at Hereford, June 22-23. The local committee is comparing to properly handle the visitors on that occasion. The following letter from Secretary to the Hereford Chamber of Commerce may be of interest:

I have been going right along with the Convention in June 22-23, as I had names requested all County Judge. Commercial organizations to delegates to the Convention. I requested all newspapers to give publicity to this event. J. A. Hill of the Canyon News will deliver the principal address on Thursday night, June 22. A letter from Clovis assuring they will send a large delegation. As soon as possible letters of invitation to all Organizations on the Division. Canadian to Clovis inclusive. I marked copies of your local paper on the Division. I further that you get your banks to the banks on the Division. I am requesting their co-operation, etc. I understand now that the Convention is not to be a pink tea but a real big Convention. Am I to know that you have a real live Mayor. You will see me from time to time until the Convention. Please send me a copy containing a story of the Convention, etc.

Pageant: Mrs. Homer Wilkinson, and others to be selected. Music for Pageant: Mrs. F. H. Oberthier, Jr.  
Mrs. Homer Wilkinson is Chairman of all activities of the day, and Mrs. John McLean is General Chairman of all committee work.

### Mr. Parker Takes A Little "Crow" And Gains Laugh

Were they down-cast—that bunch of hospital boosters, who met at luncheon as usual Monday at the City Cafe? Not a bit of it. They were sorry but cheerful and undaunted in their weekly grind of trying to figure out ways and means of making Hereford and Deaf Smith county a better and more prosperous place in which to live.

Brother G. A. F. Parker sounded the keynote and broke the ice when the waitress asked him what kind of meat he would take. "Give me a small portion of Crow," said Mr. Parker, solemnly. The crowd roared with appreciation.

Discussion of the hospital matter resulted in the authority being vested in Chairman Homer Wilkinson to appoint a committee of three on ways and means, to report to the stockholders. Cracking good booster talks on community cooperation were delivered by C. H. Reese, Kansas banker, W. P. Clement of Plainview, and Henry Wilkinson. A committee was appointed to investigate the feasibility of holding a county fair in the fall. It was resolved to meet the Amarillo boosters Wednesday at the train. The session was concluded with a conference with Mrs. Homer Wilkinson on the forthcoming Fourth of July celebration, reported in another column of this issue.

The meeting next week will be held at the Stockmen's Cafe, where details of the South West Trail Convention entertainment, June 22-23 will be worked out. Those present Monday were: E. W. Harrison, W. P. Clement of Plainview, F. H. Oberthier, J. H. Pitman, W. E. Dameron, Wm. M. Knight, Rev. J. R. Sharp, G. A. F. Parker, Seth B. Holman, Homer Wilkinson, Rev. M. M. Beavers, Johnathan Pitman, Cliff Acker, Dr. W. F. Gabbert, Leonard Foster, W. R. Steckman, L. Baskin, T. K. Wilson, D. F. Ashbrook, E. B. Black, Lee Biggs, C. C. Rockwell, J. W. Robinson, Henry Wilkinson, Doug Fox, C. A. Skelton, Melvin Standifer, C. H. Reese, Arthur Thompson, N. C. Vogel.

### BOVINA LADIES IN CHICKEN BUSINESS GOOD AND STRONG

The old headquarters of the X. I. T. cattle ranch in Bovin has been converted into quite a large poultry farm, says Miss Donna Gardner. With two incubators, a six hundred and a two hundred size, Miss Gardner and her sister, Mrs. Jeanette Hartwell, owners of this ranch, have already hatched nearly 8,000 chickens of the Barren strain of White Leghorns. They have under construction at this time an adobe chicken house. The dimensions are 7x16, large enough to care for several hundred layers for the coming winter. At this time Miss Gardner says they have about 150 young turkeys and still having.

### Hereford On Line of the Famous Ozark Trails; South West Trail, Amarillo-El Paso, Gets Business

The Ozark Trails, famous cross-country tourist road, has decided to abandon the routes north of Hereford through Tucumcari and south through Tulla to Farwell, and concentrate the traffic on the Amarillo-Canyon-Hereford-Clovis-Roswell-El Paso route of the South West Trail, according to definite information brought here Tuesday morning by W. C. Hubbell, vice president of the Ozark Trails for Texas.

The board of directors of the Ozark Trails, composed of the vice president of each state through which it passes, said Mr. Hubbell, "held a meeting at Sulphur, Oklahoma, last Thursday and definitely decided to mark the route through Amarillo to El Paso. The annual meeting of the association will be held at Sulphur August 23-24 and we hope to have delegations from every town along the new route. It has been found impracticable to develop and maintain the routes to the north and south of you. A sign-erecting crew will be through here before long erecting

steel sign-posts set in concrete, bearing the emblems of the Ozark Trails." When asked what the Trails would do about the marble monuments now standing on the routes to the north and south, Mr. Hubbell stated that these were of purely local concern and had been erected with local funds. Such monuments can be supplied to the new Trails where wanted, but are not necessary.

The significance of the statement here by Mr. Hubbell can hardly be over-estimated from the standpoint of tourist traffic. The Ozark Trails is an established national route, from St. Louis to the Coast, and the throwing of this big volume of traffic through the Amarillo-Clovis-El Paso stretch of the South West Trail means a very greatly enlarged volume of business over these divisions for the coming summer and increasing volume as the years go by. Road enthusiasts in this section will be delighted to hear of the good fortune of this stretch of the road in securing this unexpected boon.

### Discuss Possibility County Fair For Coming Fall

A Hog Show, a Poultry Show—perhaps a regular County Fair—will be held at Hereford the coming fall, if plans begun at Monday's luncheon of the business men are carried through to completion. A committee consisting of W. E. Dameron, E. W. Harrison and Lee Biggs was named to consider the matter from all angles and report back next Monday.

The matter came up when Mr. Harrison and Henry Wilkinson made talks about the quantity and rare quality of the pigs now being produced in this country and the desirability of letting the world know about them. It was suggested that a Hog Show be held this fall. The point was raised that a Poultry Show has already been arranged for, and the suggestion made that the two might be combined. From that the idea of reviving the County Fair was broached.

It is a fact that local buyers are sending away from home for breeding stock not as good as they can secure right here at home, and a Show is the best way yet devised to bring home to home folks just what they have in their midst. All aboard for a big Hog-Poultry Show, this fall!

### MRS. H. H. HAWKINS AND DAUGHTERS GO ON DALLAS VISIT

Mrs. H. H. Hawkins and two daughters, Misses Cosette of Dallas and Kathleen, left Hereford for Dallas Tuesday morning. Miss Cosette has been visiting in Hereford for the past two weeks.

### U. D. C.'S HONOR SOLDIER DEAD IN SUNDAY SERVICES

U. D. C. Memorial services at the Christian Church Sunday afternoon were beautifully simple. The church was decorated with Confederate and Service flags. Graves of all ex-soldiers were cleaned and covered-in flowers.

### Postoffice Will Be Moved to New Parmer Building

The long agitated question of larger and more modern quarters for the local post office was settled this week when W. B. Parmer announced that he had received notice from the Post Office Department that his bid for the quarters had been accepted. The location will be his new brick building on the east side of Main Street. Postmaster Mrs. D. N. Cox also advised the Board Monday that she had been notified of the contemplated change.

Tuesday morning M. B. Johnson, post office inspector for this district accompanied by O. S. Tolle, representative of the Keyless Lock Co., of Indianapolis, Ind., arrived here and spent the time between trains looking into the fixtures question for the new building. Mr. Parmer stated that he has not yet purchased the fixtures and is dickering with several concerns. As soon as the fixtures are secured the move will be made.

The new Parmer building is centrally located and includes everything that could be expected of a postoffice in a town of this size. Its acquisition will undoubtedly mean more box room, more facilities for the postmaster and her clerks, and better service for the community as a whole.

### AMARILLO BOOSTERS WILL ARRIVE HERE WEDNESDAY

The Amarillo trade trippers will reach Hereford at 8:40 Wednesday morning, June 14, instead of Thursday, as had been understood here. Advice received from the Amarillo Board of City Development, and from Agent Gar-ton of the Santa Fe state that the train will remain here forty-five minutes. At Monday's luncheon the business men decided to get down early, put their places of business in presentable condition, and then meet the visitors in a body at the depot and escort them up town. No set program has been arranged, as it is understood the visitors prefer to put in their time mingling with the local business men.

### SURPRISING STRENGTH AGAINST MEASURE IN BOTH CITY AND COUNTY

BATTLE OF BALLOTS WAGED FAST AND FURIOUSLY ALL DAY LAST SATURDAY ON STREETS OF HEREFORD

### RECEIVE IT LIKE GOOD SPORTS

Friends of Humanity Realize Thing to do is to Smile Game-ly and Get Busy Working Out a Plan to Care for the Sick and Helpless Calling on Any Community

Developing unexpected strength in the city of Hereford, and backed by practically unanimous support in the country, opponents of the proposed \$10,000 County Hospital bond issue Saturday defeated the measure by a very slender margin, after a memorable struggle lasting up to the last minute the polls were open. The result was a distinct surprise and a severe disappointment to the devoted men and women of the city who had put in their dollars, their hearts and their time in an effort to provide adequate quarters for the sick and suffering of the county. Up to mid-afternoon Tuesday the result stood 318 against the measure and 305 in its favor with one small box, Messenger, still out. This box could only poll twelve votes at the maximum, so it can make no difference in the result.

The issue was strenuously fought all

### Dedication of St. Anthony's is an Impressive Hour

Dedicatory exercises for the new St. Anthony's Catholic Church of Hereford were held Tuesday morning with Bishop Joseph T. Lynch of Dallas officiating. A great crowd, including many Protestants, attended the services. The Hereford Band rendered music on the courtyard lawn preceding the opening exercises. It is understood that the services were beautiful and impressive. A class of 21 was confirmed.

The Mission by Very Reverend Father Paul James Francis, S. A., Superior of the Society Atoneement, with headquarters at Graymoor-on-the-Hudson, New York, was scheduled to begin Tuesday evening at 8:00 o'clock, and to continue for a period of ten days. The subject of the opening sermon was announced as: "Nations in the Valley of Destruction." A general invitation is extended to everyone in Hereford to attend the Mission. Father Paul is well known, not only in the United States and Canada, but in every part of the world as a leading advocate of Church Unity and the fulfillment of the prayer of Christ on the night of His betrayal, that His disciples might all be one. It was his interest in the Reunion of Christendom that induced him to take over the publication of The Antidote and to make it an organ of communication between Catholics and Protestants. The Antidote is read by thousands of Protestant Ministers every month.

day long, although the contest was in a friendly spirit throughout and no outward incident marked the tussle. The solid vote of the rural population against the measure was a thing hard to understand, as the hospital was used by them much more than by the Hereford people. That there was a general misunderstanding of the measure among them, there can be no question.

Postmortems are unusually judicious and rarely satisfactory, and the friends of the measure accepted the defeat in this sportsmanlike spirit and refused to be embittered or downcast at the result. Monday they faced the complex question of what to do to take care of the sick with smiling faces and undaunted front. That something must be done was admitted on all sides. Just what is the question, without working severe hardships on an already overburdened few. At Monday's luncheon of the business men a committee, consisting of Jno. P. Slaton, chairman, G. A. F. Parker and Percy Welby, was appointed to consider the situation in all its phases and to report to a meeting of the present stock holders of the hospital at a meeting to be called for that purpose when the committee is ready. The committee is now busily at work looking into every possible avenue of resource in this emergency. The unanimous conclusion of all friends of the hospital is to "smile and carry on," and they are facing the problem in that gallant spirit. The results by boxes Saturday follow:

### Sulphur Park to Maintain Office In City Hereford

Headquarters for the new Sulphur Park Club will be permanently established at Hereford, according to action taken by the board of directors at a meeting held in Amarillo Monday. A. A. Foster of Hereford was named the first secretary-treasurer of the organization, and D. L. McDonald of Hereford vice president. J. W. Knorpp, Groom banker, was selected as president. The directors for the first year consists of J. W. Knorpp and P. E. Johnson, Groom; E. R. Humphreys, Plainview; J. E. Hill, Ralph Barnett and D. L. McDonald, Hereford; Mrs. S. T. Shore, San Jon; Ben Short, Amarillo; Judge J. D. Hamlin, Farwell; Miss Daisy Rainbolt, Clovis. Meetings of the directors will be held on the third Tuesday in each month at the club grounds. The first meeting will be held on next Tuesday, June 20.

Judge L. Gough, founder of the club, was granted permission to hold a reunion of old T-Anchor cowboys at the club grounds August 24. Mrs. Cora Lee Frye, Judge Gough's daughter, was named temporary custodian of the club property. It was announced that 230 shares of the club stock have been sold and the success of the venture is now assured.

The T-Anchor reunion promises to be one of the most unique and interesting affairs of the kind ever held. Years ago Judge Gough was associated with this big ranch enterprise, and his idea is to corral all the remaining veterans of the old bunch, drive them in an old-fashioned chuck wagon to the grounds, bring the old negro cook of the outfit from Roswell, and let him serve the boys as he did years ago. The actual scenes and everyday work of the old outfit are to be reproduced as far as possible on August 24.

## PASS PROSPERITY AROUND

Every Business Man is Doing Something to Help Business. Are You?

By Wm. H. Rankin

(Editor's Note—William H. Rankin is one of the most important of the advertising agents of this country. He is a deep student of business and economic conditions and is a firm believer in the home town newspaper as a means of reaching the great market of Country America.)

Everyone is getting together now and doing something to push prosperity along. Ride out through the farms. You will find busy men decidedly more contented than a twelvemonth ago. The farmer is getting from fifteen to twenty per cent more for his general products than this time last year. He is ready to buy. He is buying. He is doing his share.

Because the farmer is buying local dealers are buying. Visit the merchants of your county seat. They have written off their readjustment losses of the last two years. Their sales are increasing. Their stocks are being replenished to meet the steadily growing purchases by their customers. They are ready to buy. They are buying. They are doing their share.

Because local merchants are moving their goods manufacturers are finding profits in adjusted prices. They are finding their orders increasing. Factories are running longer hours to take care of increased demands. More men are finding jobs open.

Each individual in the prosperity procession is pushing ahead the man in front of him.

Are you, as a farmer, doing your share of buying?

Are you, as a local dealer, doing your share of placing orders?

Are you, as a manufacturer, doing your share in giving good values at fair prices?

Are you, as a manufacturer, doing your share in opening up your plant, hiring men, advertising your goods, investing for prosperity?

Every dollar spent by you as a consumer means one more order from your merchant to his manufacturer. This means one more job for the manufacturer and one less man unemployed.

Remember, because you as a consumer are buying, and the retailer is restocking, and the wholesaler is ordering, and the manufacturer is advertising, prosperity is arriving. More laboring men are at work and are now buying. The mail-order houses are at the "back order" stage (i. e., they haven't enough goods to fill their orders). The automobile manufacturers are thirty to ninety days behind in making deliveries. The sales and advertising departments have done their part to bring back this prosperous condition in a large number of lines, especially those lines that "kept on advertising."

Every manufacturer or merchant who can advertise, whether in a large or small way, will find profit in advertising.

Because you, as a merchant or individual, advertise, the wholesaler will increase his orders, the retailer will make more sales, and the public will increase its wants and its purchases. As we increase buying and selling we will improve business conditions. Every business man is doing something to help business. Every farmer is doing something to help business. So is every advertising man and every publisher. Are you? Do so, and "help pass prosperity around!"

# COAL Storage Coal

## Same Price Now as in July

We have reduced prices for June Storage to offset the freight reduction July 1st. Come around and talk this coal problem over.

Doubtless you have read press reports announcing a reduction in freight rates effective July 1st, which amounts to approximately 10 percent. It is likely the general tendency will be to defer the placing of orders for summer coal until this reduction in freight rate applies. If this proves to be the case it means that by next fall the demand for domestic coal will exceed production to such an extent that all mines will be hopelessly behind on orders, as there will be no way later on to increase production and get out enough coal to offset what might have been produced during the months of April, May and June.

In normal times a considerable amount of coal is stored during the months of April and May. This year no coal was placed in stock during those months. In view of this we feel that customers generally should arrange to put in coal during June, and thus do their part to relieve a situation that will become far more serious as cold weather approaches. The Railroads, and other big consumers of fuel are using considerably more coal this year than was the case in 1921. This increase in demand has to be met with a reduced output, brought about by the coal miners strike. One can readily see it stands to reason that if the domestic trade wait until July and August before stocking coal it will be impossible to anywhere near take care of their requirements, and meet the demand from other sources, which will have to be taken care of.

**MEANS \$127,000,000 TO THE FARMERS**

Unless the railroads block the order of the Interstate Commerce Commission reducing freight rates ten per cent, by tying up the matter in the courts, the reduction will mean \$127,000,000 to the farmers of the country. The shippers have netted \$55,000,000 as a result of the temporary reduction on agricultural commodities granted for a temporary period of six months as a result of the American Farm Bureau Federation protest. Another \$30,000,000 was saved to the shippers in the reduction made in the Western-Hay and Grain case. Other reductions show that since the farmer pays 55 per cent of the freight he will in all get the benefit of \$220,000,000, and as ninety-three millions have already been saved, there would be a balance of \$127,000,000 to the credit of the farmer. This is a splendid justification for the work of the Farm Bureau. It is a clear demonstration of its advantage to every tiller of the soil. It remains to be seen whether the railroads will accept the decision. Naturally they will squeak, and make out a telling case on paper. The plain fact, however, is that a still greater levelling process must be passed through before equity is established. Summed up, the American railroads must either show more competent management, or face anew the agitation for government ownership. The business of the country has been hurt immeasurably and

the public badly injured by the preposterous passenger rates, and if needs no argument to prove that business readjustment has been held back persistently by the burden of freight charges. If the railroads are wise they will accept the finding of the commission without contest. It is time the farmers came into a little of their own.

**SUMMERTIME IS DYING TIME**

As a nation we are nothing if not original—perhaps spectacular, so a splendid opportunity presents to cap the climax and reach the unique in the public interest. When the developments involving the obtaining of a pardon for Charles W. Morse come more sharply to the front—and they will—let us have as the leading witness, Chief Justice Taft of the Court of Appeals. Justice Taft is beloved by all the people. He is one of our most distinguished and honored citizens. As a witness he would be a top notcher, and there is no doubt he could throw much light on the Morse situation. Ten minutes of testimony by Justice Taft under skilled guidance would unfold to the people the whole story of the Morse pardon, and show the strings that were pulled to draw the wool over the eyes of the good-natured president of that time. The story would be illuminating and sufficiently dramatic to meet the demands of the yellowest of the yellows. Perhaps this consummation devoutly to be wished may become reality, because news developments are unusually rapid, so rapid in fact, that it would seem to be time for Mr. Morse to begin dying again.

The trumpeter, who blew the "charge" when the "Light Brigade" rode up to the guns at Balaklava, recently died in Liverpool. He possessed sixteen medals for valor and is believed to have been the last survivor of the "gallant six hundred."

**\$25,000 FOR "EMOTION"**

Marshall Field, Jr., of Chicago, has just purchased the three-year-old filly, "Emotion," from J. E. Madden, paying \$25,000 for her. It would seem that Mr. Field intends to follow his successes upon the English turf by racing on this side of the Atlantic.

Where You Can Buy U. S. Tires: **H. L. Rice, Hereford Texas**

Mr. ... Channess, who has been leading the singing, was taken suddenly ill and had to be taken to his home under the doctor's care. This happened before dinner so we can't lay it to the dinner. We are glad to report that the doctor says he'll be out as good as new in a few days.

Mother A. E. Channess has been entertaining the gripe the last week, but is up and around again.

Progressive Sunday School responded to our invitation to attend our children's day exercises by coming in a body, and they helped in a large measure to make it a success.

There was a good crowd of folks from Jumbo visited our School Sunday.

Mr. and Mrs. S. J. Rice and family were over and Mr. and Mrs. Edgar Rice helped us by officiating at the piano and saxophone during the singing.

Mrs. Roy Bottsford and Mrs. Hollis Galley sang the duet, "The Old Rugged Cross," which was greatly enjoyed.

Mrs. Boyle went to Canyon one day last week to visit her daughter, Mrs. Dick Allison.

Glen Snyder, who has been having rheumatic trouble of late, is now as good as new, he says.

**DAWN**

Dawn and Willorado baseball clubs crossed bats in a real home game, Willorado scored four runs in the first inning on a batch of bunts in the out field, but was unable to connect safely until the sixth, when Young, first man up, doubled to right field, Hodges walked and Perkins, next man up, slammed one to the tallgrass for a home run.

Green single and scored the Willorado catcher, the hitting until the ninth, when Young, first man up, scored another run, which ran the game into the eighth, when Young, first man up, scored two more runs, making the score 7 to 1.

**JOEL**

Mr. and Mrs. Frank Miller of Oklahoma City, are spending some weeks visiting their daughter, Mrs. L. A. Smith, also calling on old acquaintances.

Our children's day program proved a great success, owing to the hard work of Mrs. Channess and her committees. The little folks did their part well, and everyone was pleased. We were much pleased to have so many visitors and it did us all good to hear the crowd sing good old fashioned singing by the congregation and everybody sang, and then the dinner! What a bounteous spread.

We are sorry to hear the report that

visiting Mr. and Mrs. Perry Graham and Mr. and Mrs. Billy Graham, south of town.

## SILENT AUTOMATIC WINDMILL POWERFUL INNOVATION

Robert Fullwood's Silent Automatic Windmill, the last word in attempts to harness the Plains winds, is now actually erected and is causing a lot of favorable comment from the interested men who are daily going out to watch it work.

The mill consists of three fans and a tail, connected by arms, and each contains about 100 square feet. Two of the fans pull on an eight foot lever and develop 25 H. P. in a twenty mile wind. An automatic governor prevents any locking or similar trouble, and if anything gets out of order the mill automatically shuts off. The outfit is erected on a 26 foot tower, well braced. Mr. Fullwood modestly says this model now will pump 100 gallons per minute, while others who have measured the stream claim it doubles or triples this amount. At any rate it's a powerful lot of water. Just to try out the mill the inventor has it hitched to an eight inch Cook cylinder pump. Later he intends to install a regular rotary pump. The outfit can be used for trucking and for generating electric current for farm lighting, with the aid of a storage battery. Larger models up to 100 horse power are in contemplation that will take care of a good sized farm.

The patent was applied for seven years ago but only received last fall, since which time this model has been assembled. It is the unanimous opinion of all who have seen it that Mr. Fullwood really has something in this device that should make him a lot of money, and it is well worth the time of anyone to drive out and take a look at this powerful new contrivance.
