A VARIETY OF TASKS

Highway Workers Kill Ants, Keep Tourists Comfortable

By Sara Giffentine
Brand Staff Reporter
Problems of Texas highways range from tiny ants to huge trucks. And the Texas Highway Department is concerned with both these headaches, and many others that come between them. Workers employed by the Hereford office of the Texas Highway Department tackle a wide variety of tasks each day

as they strive to keep Texas highways safe, clean and attractive. Ants, although small in size, create big problems for the Highway Department. They insist on building their tunnels at the edge of roadways. But this weakens the base. Rain, snow and ice fill these crevices, causing the edge of the highway to crack and crumble. If the ants are left alone, they soon will cause large holes at the edge of the paving. Hard pounding of constant traffic make the holes larger and larger.

"But almost no one realizes that one of our big jobs is killing ants as part of our maintenance work," commented Chesley C. Johnson, one of the local maintenance crewmen.

"Another way in which we protect the highway is by placing a limit on the size of the load which can be carried on them," said John C. Robinson, who grants permits. "Any object which is over eight feet wide, 13 feet six inches tall or 50 feet long, must have a permit before it can travel on the paved roads," continued Robinson. He also said that houses, some trailer houses and combines were the most common overloads on the highways and that these were mainly seasonal. In the summer there are many more permits issued than any other season because the combines are being moved from one area to another and many people

are taking their vacations in trailer houses. "Roadside parks are a service of the highway department," continued Robinson. "We provide everything for these parks from firewood to off - the - road parking to protective coverings. We only ask that people clean up the mess that they make. Most tourists do this but it is the few that don't that make it so difficult for the department."

The Highway Department also places signs along the highways and keeps them in good repair. This also includes stop signs on the entrance to highways and yield right - of - way signs going off the highway. It is not unusual at all to see a tractor pulling a mower

School Studies Budget; Has Offer For Future Location

Re-Districting Is Studied, Tabled

County Commissioners finished their regular meeting Monday earlier than usual. Although they spent some time discussing two proposals to re - district the county by precinct lines, they finally decided to table the matter for additional study at a later time. One proposal studied was submitted last month by County Judge H. C. Williams. It would have equalized voting strength between Precincts One and Two, and between Three and Four, with some changes in road responsibilities. The other proposal, submitted by two commissioners, would

equalize voting strength among all the precincts, but would have some inequality in road responsibility. In other action, commissioners talked with Neil Miller, county tax collector-assessor, about a possible replacement for Markham Waddill, who has submitted his resignation. Waddill was an assistant in the tax office, charged with obtaining information about new improvements. Commissioners interviewed one applicant, but deferred a decision until they could give further study to the vacancy. They signed a contract with Brasher and Goyette, Lubbock architectural firm, for the Walcott Common School addition.

Hereford Hosts Pony League's District Meet

Hereford will be the site of a six - team district Pony League tournament. Announcement was made this week by Hereford Pony League president B. F. Cain. The tournament will begin Monday, July 22 and continue through Friday, July 26, and might be carried through Saturday, July 27. There will be a minimum of ten games in the double - elimination affair. Joel Hodges of Hereford will be tournament director, assisted by Bill Phillips.

Entered in the tournament will be teams from Childress, Littlefield, Olton, Hereford, Anton - Shallowater and Borger. Games have been slated at 4 p. m. and 8 p. m. each day. Childress will face Littlefield in the first game, at 4 p. m., with Hereford going against Olton in the 8 p. m. tilt. Anton-Shallowater will take on Borger in the early game Tuesday. After that, the games will be determined by the results of previous games.

In 1962, Hereford was host to the district tournament and won after a come - back effort in the final game. They advanced to the finals of the area meet in Childress before losing out. Coach L. B. Russell will direct the 1963 Hereford Pony League All - Stars. The team was named Friday night as the season closed. Work - outs are held each evening in Pony League Park. Pony League is a baseball program for boys 13 and 14 years of age.

Just Dig That Crazy Locust!

Jim Arney, Hereford druggist, is more familiar with locusts than locusts. As a Kiwanis Club member, Jim was helping with a club project last weekend in preparation for the Harvest Festival. Unloading mesquite wood for the Kiwanis barbecue, Jim kept saying, "Listen to that locust" ... "This pile of wood sure does have a lot of locusts in it" ... "I never heard such a loud locust."

All this time he was busily unloading wood and listening to the "locust". Finally, another Kiwanian with more experience in the outdoors approached the pile of wood gingerly. After some searching, he found Jim's "locust" ... which had nine rattles on its tail!

First draft of a proposed budget for 1963 - 64 was considered by trustees of the Hereford Independent School District during their meeting Tuesday night. Several revisions of the budget draft are expected to be made before final approval is made. However, it is expected that the budget will be slightly higher than for the 1962 - 63 term. Most of the increase can be attributed to a planned increase in teachers' salaries.

Trustees also heard a proposal by A. N. Hopson for a proposed school location south of Hereford. Hopson, who is developing a residential addition outside the city limits south of town, talked with the board about a tract of 10.468 acres he has reserved for a school. Hopson said that he had offered the property to the school district several years ago, but had no need for it at that time. He said that he would like to have \$1,500 an acre for the property, with the proviso that he would refund the school \$500 an acre and have the right

to farm the land until the board was ready to start construction. The board agreed to take the matter under advisement. Lloyd Sharp talked with the board about insurance on school buses, for the protection of drivers. Several proposals were submitted and the board is studying them. Bids for supplying bread to school cafeterias were reviewed. The bids had been held from the last meeting for tabulation. Mead's bid 22 cents on a 1 1/2 - pound loaf of white bread and 17 cents for a package of eight four - inch hamburger buns.

Hereford Bakery bid 23 cents on white bread and 16 cents for eight 4 1/2 - inch hamburger buns. On the basis of last year's purchases, the difference was fractional. Trustees voted to award the contract to Hereford Bakery on the basis of service and home - town business. Ten teachers were recommended and hired for the coming school year. They include: Mrs. Dorothy Whitten, third and fourth grade remedial at Northwest School; Mrs. Jessie Patterson, sixth grade at Northwest; Mrs. Mary Shipley, fourth grade at Alkman School; Mrs. Mary Lou Knox, fourth grade at Alkman; Tyrone Hillger, high school speech; Abel Losoya, fifth and sixth grade remedial at Northwest; Donald Ray Stephens, high school mathematics; Robert Joe Godfrey, junior high school choir; Donald Dale Paris, high school distributive education; and Pete Villalba, conversational Spanish in elementary schools.

Superintendent Paul Stevens reported that construction of the high school additions was ahead of schedule. He reported that the architect had omitted three items, which needed to be included, at a cost of about \$1650. These were approved by the board. The board read and accepted a letter of resignation from Bob Wilson, transportation director. The resignation will become effective on or about Sept. 15.

Wilson has reached retirement age.

The board approved the recommendation that Jay Shaw be hired as a replacement for Wilson. Shaw has been employed by the school in its transportation department for several years.

Hereford Man Dies In Fall From Freight

A Hereford man was killed early Wednesday morning as he was attempting to catch a freight train near Cliffside, seven miles northwest of Amarillo, according to Potter County Sheriff's office.

At noon Wednesday, no ruling had been made on the cause of death by the Justice of the Peace. However, a spokesman for the office said that a ruling of accidental death was expected.

The dead man was identified as Tom Barrett, 44, of Hereford. The body was taken to Blackburn - Shaw Funeral home and will be transferred to Hereford.

Barrett was the brother of Jesse Barrett, 342 Ave. D. According to the spokesman for the Potter County Sheriff, the body was discovered between two tracks on the Fort Worth and Denver City line.

During the investigation, it was determined that Barrett was attempting to catch a moving freight train when he slipped and fell, striking his head.

The accident is believed to have happened around midnight but the body was not discovered until around 8 p. m. by a railroad crew.

Funeral arrangements for Mr. Barrett were pending with Gilliland Funeral Home early Wednesday. (Continued on Page 6)

Around Town

BY M. A. TUCK
Maybe we don't have any mountains, but we're sure had their weather the last few days. Showers every afternoon is something that you associate with El Paso or Red River or Lake City, but we've been having them. They are welcome during the heat of the afternoon, but leave so soon that the humidity just gets worse when the rain quits.

Monday at noon I told Mrs. Bill Dameron in the drugstore that there wasn't a chance for her husband's grassland to get any rain. The words were hardly out of my mouth before it began to pour. Nickie probably doesn't think much of my forecasting ability now, which makes her another member of a large group of readers. But the rain did come Monday and again Tuesday. There should be another couple of days of showers before we return to clear weather ... and lower humidity.

Redbirds In 18th District Tourney

Hereford's American Legion baseball team will enter post-season play in the District 18 tournament this weekend in Amarillo.

The Redbirds, co - champions with the Caprock Cowboys of Amarillo for the south half of the district, won the toss Sunday afternoon and will play as the champion. Their first game will be at 8:30 p. m. Friday, July 12, in Potter County Stadium, Amarillo. They will face the Tascosa Sheriffs, winners of the north half of the district. Playing in the 6 p. m. game Friday will be Caprock and the Amarillo Dusters. The Dusters were placed in the tournament after Borger, north half winner, failed to certify its players by the deadline.

In the double - elimination tourney, the losers of game one and game two will play at 6 p. m. Saturday. The winners of the first two games will meet at 8:30 p. m. Saturday. Sunday's schedule calls for the loser of game four to play the winner of game three at 2 p. m. At 4:30 p. m. the winner of game five will play the winner of game four. If necessary, a single game will be played at 7 p. m. Monday

night. The Redbirds are completing their third year of American Legion play. In the first season, they placed second in the south half and lost two straight in the district tourney. Last year they were champions of the south half, but lost two straight in the play - offs. (Continued on Page 6)

Hereford Man Heavily Fined For DWI Offense

A Hereford man was heavily fined as he entered a plea of guilty to driving while intoxicated, first offense, charges in Deaf Smith County Court, Judge H. C. Williams presiding. Fined \$300 and court costs for the offense Monday was Charlie Huckert, 58, 414 Jackson. He was also sentenced to 30 days in the county jail. Huckert was arrested by a unit of the Texas Highway Patrol on Saturday south of Hereford on U. S. 385. He also received citations for speeding and passing in a no passing zone.

A STEEL REINFORCING FORM is shaped by workmen for the foundation of the main refinery building of Holly Sugar Corp.'s Merrill E. Shoup mill south of Hereford. Construction at the plant site is well underway with several buildings now rising above ground level. The \$21 million refinery is

OOOH, THAT SMARTS! A hard tag to the jaw of Tim Berryman stopped the Caprock American Legion left fielder short of the plate Sunday. Berryman tried to score from second base on a single but a throw from Hereford Redbird left fielder Ronnie Duncan was perfect and catcher Eugene Green was

ready to greet the runner four feet from the base. Berryman didn't let the first inning collision bother him, though. He hit a single, two doubles and a homer in a perfect afternoon at bat, pacing Caprock to a 11-4 victory. (Staff Photo by H. A. Tuck)

Dimmitt Boy, Dickie Dyer, Wins City Golf Tournament

A 16-year-old high school student from Dimmitt is the new Hereford City Golf Champion. Dickie Dyer, who will be a junior at Dimmitt High School this fall, shot a 69 here Sunday in the medal-play finals.

Owen Seamands of Hereford was second with a 72 while Dick Combs and Joe Kerr each had 75's in the finals.

There were 59 golfers entered in the four-day affair that began on July 4.

Bob Lindsey of Dimmitt captured the championship flight consolation with a 73. Russell Carver was low in the first flight with 72. James Balch sailed through the second flight to take that title while Cuby Kitchens won the third flight. W. C. Russell took the fourth flight and Dean House won the fifth flight.

Following are the results of the tourney:

Championship flight, first round: Bob Lindsey over John Douglas Pitman, 1 up on 20 holes; Dick Combs over John Blocker, 3-2; Dr. J. H. Channer defeated Dale Tinnin, 2-1; Joe Kerr beat Dwight Whitaker, 3-2; Keith Jorde dropped Don Martin, 4-3; Sam Long beat Ted Young, 3-2; Dickie Dyer over Wendell Burdine, 3-2; and Owen Seamands edged Russell Carver 1 up on 19.

In the second round Combs defeated Lindsey, 2 and 1; Kerr ousted Dr. Channer, 5 and 4; Jorde dropped Long, 7 and 6; and Dyer beat Seamands, 5 and 4.

In the Championship consolation, Lindsey had 73 for first place; Channer shot 76, Seamands had 78 and Long got 80.

The first flight was comprised of eight players dropped in the round of championship: Pitman beat Blocker, 3 and 2; Tinnin edged Whitaker, 1 up; Young beat Martin, 2-1, and Carver eased by Burdine, 1 up.

OF HEREFORD

By Melvin Young
In touring the farming area south and west of Hereford Monday morning, we were quite pleased to see so many new homes under construction, (or just completed) in the rural areas. We drove down to Easter on the Farm to Market road and counted five new homes under construction between Hereford and Community Grain. Swinging back through Summerfield, we spotted others that have been completed in the last year. So apparently, the city of Hereford isn't the only thing that's growing. Our rural areas are looking better every year.

— HB —
The crops down through that section are excellent. We observed milo in all stages, some just barely six inches high, and other fields that will stand 18 to 20 inches. And apparently a good stand in every field. So, it looks as if we're headed for a bumper milo harvest again in 1963.

— HB —
Potatoes and onions are also doing well. Many farmers are beginning to harvest, and momentum will pick up sharply in the next two weeks.

— HB —
While in the Easter area, we visited with Charles Frye. Charles farms a large acreage in that area, and is generally known as the "onion king of Castro county." Others refer to him as Mayor of Easter, a title that he holds jointly with Bill Waldrep, Palmer Norton, Herman Paetzold and all the other business men in the Easter community. That little town has more mayors than any we can think of; and, we might add, more community boosters per capita than any other village, town or city in the state.

For what it lacks in size, it makes up in "gusto."

— HB —
Gardner Collins, Brand staff reporter and photographer, has just returned from a vacation trip to Lake Marvin, located near Canadian, Texas. Gardner and Mrs. Collins camped out and did a little fishing. Mostly just taking life easy. And all went well, it seems, until the local wildlife, (namely a skunk) decided to visit their camp. Gardner reports that all systems reported "go" and they "went" — leaving brother skunk to make himself at home in the camp. He eventually left and things settled back to normal.

— HB —
And Gardner is not the only one that had trouble last week. Francis Hardwick, co-owner of the local theatres, decided to drop by the office to see how things were going. Of course, Francis retired from the management of the theatre over a year ago and since that time George Phillips has been in charge. However George wasn't around just when Francis arrived, and the new girl on the door refused to let Mr. Hardwick enter without purchasing the customary ticket. "That's a pretty rough deal," says Francis, "when you have to buy a ticket to enter your own business."

— HB —
Which reminds us of the time several years ago when Jim Bob Allison, then president of the Hereford State Bank, dropped by one day and wandered behind the teller's cage. One of the newer employees was rather shook up. "Who is that farmer who keeps walking around in here?" she says. "Why, you'd

think he owned the place."

— HB —
And Claude McClure is giving us trouble again. Claude has hacked a new niche for himself. We discharged Claude from his job as official "sidewalk superintendent" when the railroad spur to the sugar beet mill was completed, but he now claims to be "overseer" of the mill construction. He figures that if he can stand on a block of concrete he can "see over" the fence, which makes him an "overseer." However, we'll bet he doesn't get much closer.

It's probably not a bad deal though, because when Claude has time on his hands he's always dreaming up ways of getting us in trouble.

— HB —
It's getting pretty bad when a local cowboy can't even be recognized as such. We suppose it's the influence of television on the youngsters, but apparently they just don't know a real cowboy when they see one.

Recently a number of local ranchers who had all banded together to work cattle, dropped by a local cafe for lunch. They had their horses in trailers, which is customary for modern day cattlemen. They also had spurs on their boots, but no chaps. That's probably where the rhubarb began. One of our younger tourists, who was also enjoying lunch at the establishment, was lamenting the fact that he had been in Texas two whole days and had not seen a cowboy yet. . . and there he was, having lunch with six of the most authentic cowboys you ever saw. They chuckled, but no one bothered to tell the youngster the difference. Apparently our cowboys just don't want notoriety.

— HB —
Joe Kerr is at it again. We're sure that Joe must be the official publicity chairman for the Hereford Sky Chiefs, the local baseball team that did so well this past season. Anyhow, when we came to the office Tuesday morning, our desk was covered with trophies. All, it seems, were earned by the Sky Chiefs in area competition.

As it turned out, however, Joe wasn't looking for more publicity. He was preparing a display in the lobby of the First National Bank and wanted us to letter a sign for him. We passed the buck of course, and referred him to Dale Young, engineer for Pioneer Natural Gas Company who has been drawing our editorial cartoons. There's a moral to this story: Never do today what we can get Dale to do tomorrow!

The woman applying for a driver's license was uneasy despite the simple questions. "And what is the white line in the middle of the road for, madam?" queried the license clerk.

The woman pondered a moment, then blurted out, "Bicycles!"

Campbell Real Estate asks:
ARE YOU TRYING TO SELL YOUR OWN REAL ESTATE?

To be your own broker? If so, check this:

1. A broker must know what price comparable homes sold for in the neighborhood in the last several years—price actually SOLD, not asked.
2. A broker must be an expert in negotiating.
3. A broker must know what lending institution to go to for the particular mortgage needed.
4. A broker must know where to get an FHA or a VA mortgage if necessary.
5. A broker must know what all lending institutions will look for in putting on credit.
6. A broker must know how to keep a prospect from getting discouraged and quitting after being turned down by a lender.
7. A broker must know how to get a prospect to say exactly what he thinks is wrong with the property and then be able to offer it.
8. A broker must be able to reopen negotiations on a lower price without making the prospect feel the owner is getting desperate.

If you can meet all these requirements, then you don't need a broker. If you can't meet them, then call—

Final Little League Tilt
Is A 4-3 Climax Thriller

In a fitting climax, the Dodgers and the Giants thrilled an overflow crowd at Little League Park Saturday night for the final regular game of the season.

The Dodgers edged the Giants 4-3 in a tense contest.

The Giants went down in order in the first. The Dodgers, with two out, used two walks and a single by Bobby Albright for one run.

In the second, the Giants regained the lead 2-1 with a pair of runs on singles by Gary Lemons and Lonny Coffey, two walks, a hit batter and a fielder's choice.

But the Dodgers used two errors and a walk for one run and a 2-2 tie after two innings. Then the Dodgers took a 4-2 lead in the last of the third on four walks and another hit by Albright.

That was the way it stayed until the top of the fifth. The Giants threatened with a hit batter, a fielder's choice and an error, but netted just one run. The Giants threatened again in the sixth with a hit batter and a hit by Gary Lemons, but the runner was cut down at the plate to preserve the victory for the Dodgers.

Keith Kitchens pitched his first full game in the major leagues this year and allowed just three runs on four hits. The nine-year-old right-hander walked three and hit two batters while striking out five.

Lonny Coffey and Steve Sanders combined for a top pitching effort for the Giants. They allowed four runs on two hits.

walked seven and struck out two.

In the final Minor League game, the Giants preserved their undefeated record, running their skinn to 18 wins without a loss. They dropped the Dodgers 12-2 in the final contest.

The Giants got in front early, but it wasn't until the fifth inning that they put the game out of reach. They got two runs in the first inning on two walks, an error, a fielder's choice, a double by Kenny Kearns and a single.

The Dodgers got one run in the second on a walk and a single.

In the last of the second, the Giants got one more run for a 3-1 lead. It came in on two

walks, a hit batter and a passed ball.

There wasn't any more scoring until the last of the fourth, when the Giants picked up two runs on three singles and a triple by Mickey Brisendine.

The final Dodger run came in the fifth on a single and a double by Danny Beverdorf. Then the Giants turned on their power for seven runs on an error, a hit batter, three Lonnie Noyes, Jay Fielder, Lynn Martin and Brisendine.

Beverdorf and Lovan pitched for the Dodgers. They allowed 13 runs on 15 hits. Steve Whitaker and Greg Whitaker shared mound duties for the Giants. They gave up just two runs on five hits.

To those who teach her son, a mother says...

THANK YOU, TEACHERS

By ERMA HIBLER

Words of praise are not spoken nearly often enough, and even then they seem to come slowly. But suddenly I realize how important my son's teacher is to me and how much I appreciate her.

Last fall as my first child entered school, I wondered what his teacher would be like. Would she understand him? Could she settle him down enough to teach him anything?

Sure, he was excited and anxious about going to school. I was excited, too. And I couldn't help wondering, as many mothers do, about that all important person, his teacher.

Although my son has his charms, he also has his faults. I worried, as there were times when his faults seemed to be in oversupply. We mothers do not intend to send our children to school with any imperfections; but just as their little shadows follow them, so do their faults.

However, teachers have a wonderful kind of patience and my son soon adjusted to life at school. He adjusted, along with about 27 other pupils.

I think of my son's boisterousness and multiply by 28, and I just ache. And as he reads to me from his first reader in typical first grade form and speed, I multiply by 28 and ache some more. I can't help but feel a deep respect and affection for his teacher.

Although I have only known her for a few months, she is my friend, as well as my son's teacher.

She is a friend because she is honest with me in reporting his progress, in telling me the areas in which he needs to improve, and in discussing frankly his social attitudes. I know my son will grow up as a good citizen because of the devotion and dedication of the many teachers who will teach him during his school life.

I feel certain that there are other mothers like me who

Coffee Welcomes

Wyche Community

A coffee for Mrs. Bobby Paetzold, the former Miss Nancy Reiter, was given recently by Mrs. Charles Packard to give Mrs. Paetzold an opportunity to meet her neighbors in the Wyche community. Guests were served by Mrs. C. F. Newson.

Others present were Mesdames John Paetzold, Bill Paetzold, Mark Koening, Ed Blakely, Don Crooks, Curtis Trawick, Ira Ott, C. R. Dameron, Norman Hodges, Jackie Shelton, J. V. Pickens, Leroy Bodkin, and Leroy Carter.

would like very much to say "thank you" to their child's teacher, but who find words of praise difficult to say. They, too, would like to express their appreciation to you for spending your time and money to train yourself to teach.

Thank you for going to PTA regularly, when you could use the time on paper work; for standing, when your feet keep telling you to sit; for smiling, when you are too tired to smile.

Thank you for making my child feel that he is important, yet only one of many. Thank you for helping him find whatever it is he can't find; for listening to the little "important" things that he might wish to confide in you.

Thank you for noticing when he isn't feeling quite well and for your patience when he is abounding in good health and with near volcanic energy. Thank you for giving him wise counsel in getting along with others. Thank you for teaching him about honor and courage and loyalty and patriotism, and for helping him practice these things each day. Thank you for the many, many ways in which you help him to grow.

And thank you, too, for being kind and patient with me, his mother, and other mothers very much like me. In a way you are my rival, but I appreciate you and respect you more than I could ever say.

(Erma Hibler wrote this to express genuine gratitude for her son's first-grade teacher at Tuscola, but she felt the spirit of it should apply to all teachers. Forgoing her original request for anonymity, she said, "The reaction from such an article might prove interesting." She lists her sole biographical item as: "Mother.")

CARE AND MAINTENANCE of the land next to the curbs on the Highways in town are also important to the Highway Department. Jimmy Manning, left, and George Jones are chopping the weeds and checking the culvert at the corner of Jackson Avenue and Highway 60.

THE HIGHWAY DEPARTMENT also services the roadside parks in the county. Maribeth Gililand, daughter of Mr. and Mrs. W. J. Gililand, is shown starting a fire with the wood which is furnished by the department.

that is cutting grass along the edge of the highway, but few people realize that it is also the job of the department to cut the grass in the places that are too small to be cut by machine. This is done by hand and is a very difficult job, since it takes so much time.

"Before the sides of the highway are mowed," said Robinson, "Much of the rubbish must be removed from them. This is one problem that many people seem unconcerned about. They litter the highway with bottles, cans and paper, which could easily be placed in a litter container in their car. People should realize that it is only costing them money to clean it up, because it is really their own taxes that hire the men to do it."

The Highway Department believes that safety pays on the job as well as on the road. The 14 men who are employed by the department have not had an accident which has resulted in loss of work in the last 457 days. They believe that if everyone were this careful on the highway, there would be fewer accidents.

The annual Behrends family reunion will be held in the recreation hall at Tulla Lake on Sunday, July 21, according to Mrs. R. J. Behrends of Lubbock.

Three Hereford students will be in the cast and production crew for the high school speech workshop's presentation of "Annie Get Your Gun". It will be staged at 8:15 p. m. Friday, July 12, in the West Texas State University's Branding Iron Theatre.

Baseball for big boys, and little ones, remains in the spotlight. Hereford will play its opening game of the American Legion District tournament in Amarillo on Friday, July 12, starting about 8:30 p. m. That is a double-elimination meet that includes three Amarillo teams - Caprock, Amarillo and Tascosa - plus Hereford.

Shades of the Old West: A stolen heifer was located in Hereford Monday and returned to its owner. The FBI and a Texas Ranger located the animal here after checking through sale records of an auction. They notified the owner, a Louisiana man, who came here to take the animal back. The heifer was located during a check made of auction sale records. The animal which had been bought in good faith, was in a local feed yard. The purchaser, we understand, will be reimbursed by the auction's insurance against just such happenings.

Which recalls our first contact with the FBI. As the result of a phone tip while working for the old Amarillo Times, we did a series of stories about modern - day cattle thefts that were then plaguing the Oklahoma Panhandle. One day we got a call from

the FBI. They wanted to talk to us. Seems they believed the stolen animals, either alive or by carcass, were being brought into Texas which made it a federal offense. They wanted to know where we had gotten our information. Now the FBI is a wonderful group, but they are all business. We told them all we knew. Not too many weeks later they had made arrests, and eventually got convictions. Since then, we have had a lot of respect for them. Several years later, we had occasion to report a case that was being handled primarily by the Texas Rangers. We found them to be exactly the same way: nice people, but uncommunicative and all business.

My sons were delighted to hear Wednesday that company was coming and they would be allowed to sleep on pallets on the floor. I can remember when that was a wonderful privilege, but I think I'd rather let them have the fun now while I stick to my own bed. Is that a sign of age... or just more intelligence?

"Can I sleep out of doors?"
"May I sleep on the floor?"
Really, I can hardly believe that once I was so naive!

Birthday Party Held Five Months Early

Mrs. Lynn Kester was honored at a birthday party on Tuesday, July 9, at the home of Mrs. E. W. Young. The party was given for Mrs. Kester because her birthday is on Dec. 23 and is never celebrated since it is so close to Christmas. The table was decorated with an arrangement of daisies, and lilies. Refreshments were pigs in a blanket, doughnuts, fruit and coffee.

Guests were Mesdames B. E. Roberson, Lester English, Owen Stagner, Jack Kirksey, C. E. Anderson, W. T. Carmichael, Bill Hudson, Jimmie Allred, Otis Lee and E. W. Young, the hostess.

Three Hereford girls are among the 50 students attending the High School Speech Workshop at West Texas University in Canyon. They are Lauree Askew, daughter of Mr. and Mrs. W. D. Askew; Suzanne Seigler, daughter of Mr. and Mrs. T. E. Seigler; and Rozzi Rush, daughter of Mr. and Mrs. Clyde Rush.

All three girls will participate in the final presentation of the workshop, "Annie Get Your Gun," which will be held Friday evening, July 12, in the Branding Iron Theatre of the Fine Arts Building at the University. It will begin at 8:15 p. m.

Dodgers Play Dads; See Amarillo Game

The Minor Dodgers Little League baseball team took a trip to Amarillo Sunday, July 7, to see a ball game between the Amarillo Gold Sox and the Austin Senators. The game was rained out shortly after it started.

After the game the boys returned to Dameron Park where they staged a game of their own with their fathers. After five innings, the game was called because the dads discovered they were slightly out of condition.

Mrs. Margaret Nannings, team mother, presented gifts to Dodger coach, Donald Payne, and assistant coaches, Gary Payne and George L. Olson. Watermelon was served to all present.

Those attending were Mr. and Mrs. J. N. Grady and family, Mr. and Mrs. Ronald Babione and family, Mr. and Mrs. Glen Watts and family, Daniel Beaversdorf, Mrs. Margaret Nannings and Prenn, Kirk Ward, Mr. and Mrs. George Olson and Steven, Mr. and Mrs. Charles Laing and Randy, Mr. and Mrs. John Gooch and family, Herbert Lovan, Joe Pesina, Mr. and Mrs. J. L. Hamilton and family, Pat Stone, Mr. and Mrs. Joe Lyons and family, Mr. and Mrs. Wade Myers and Pug, Mr. and Mrs. Neil Cooper and family, Andy Channer, Donald Payne, and Gary Payne.

CHOPPING WEEDS AROUND signs and culverts where the powered machines are too large to get is another one of the jobs of the Highway Department. Mike Junk, left, and Neilly Culp are shown east of town on Highway 60 chopping weeds by hand. Their job also includes picking up the rubbish on the sides of the highway where people have carelessly littered it.

Freak Three-Car Accident Injures Latin-American

A freakish three-car collision at the intersection of Main and Fourth Streets about 3:30 p. m. Saturday resulted in the injury of a 17-year-old Latin American girl and damaged two of the automobiles.

Two of the drivers involved in the accident were ticketed. Injured as the vehicles collided was Palma Hernandez, Route 1. She was a passenger in a 1963 model sedan driven by Yolanda Rivas Rendon, 17, of Hereford.

Miss Hernandez was taken to Deaf Smith County Hospital where she was treated for minor injuries and released.

All three vehicles were traveling north on Main St. at the time of the accident and were approaching a stop light at the intersection.

The automobile in the center of the line, a 1959 model sedan driven by Palito A. Esquivel, 16, Star Route, was slowing to a stop when it was hit from the rear by the Rendon sedan.

Force of the impact caused the Esquivel vehicle to ram into the rear of the car ahead, a 1954 model sedan driven by Mayes Mitchell, 30, 206 Fuller, according to Hereford Police Department.

Damages to the Rendon sedan were estimated at \$500 with and estimated \$295 worth of damages reported to the Esquivel vehicle. No damage was done to the Mitchell sedan.

Miss Rendon was ticketed for negligent collision following the accident and Mitchell received a citation for no driver's license.

Deedee's Doodlings

By Deedee Thomas

Well I have goofed again. I appreciate the telephone calls that I have received in reference to these mistakes. The way I look at it, how are you to learn without mistakes?

LaReese Aschew and Road Rush aren't the only Hereford girls at the drama workshop in Canyon. Suzanne Selgier is also at the workshop. Mrs.

Selgier said she must be having a great time because only one other has arrived from Suzanne. I want to wish the girls luck when the tryouts come up.

The First Methodist Senior Youth made a stab at a hayride Monday night, July 1. The only really big conflict was too many ambitious kids. Nearly half of them were working. Those who went on the ride were Carolyn Aven, Sharon Timin, Bobby King, Larry Furman, Larry Cooper, John Bob Drake, and Dieder Thomas. Steve Coney and Pegene Cox started to go on the ride but Steve had to help his mother with the ham-

burgers. We ate the most delicious hamburgers at the Coney's home. Thank you for a wonderful time.

Tuesday, July 2, Carolyn Aven was the hostess of a candle light birthday supper in the honor of Janice Hagans on her 17th birthday. The girls were surprised at the table setting as Janice for the whole party. The girls who were delighted with the Mexican dinner were Royce Ann Gilliland, Pegene Cox, Judy Wiman, Brenda Shelton, Ruth Ann Allison, Peggy Neff, Rhonda Neff, Kathy Boston, Janice Hagans, Carolyn Aven, and last, but not least, me.

The Fourth of July brought many unusual events to my attention. Troy Don Moore, Kathy Boston, Ruth Ann Allison, Mack Canaler, and Allen Canaler went to the Canaler farm to put on their own fireworks exhibition. Sandi Thomas and Sid Bayne went to Canyon to visit family friends.

Kaki Barnard, Chucky Youts of Dimmitt, and several other Dimmitt kids went to Palo Duro Canyon for a picnic and a day just packed full of fun.

Janice Hagans spent her Fourth of July at the golf course, but not playing the game. She was watching Dick Combs participate in the Men's City Golf Meet. Dick was one of many winners in the first round of the meet. Charles Kelly and Greg Combs were also entered in the sporting contest.

Kaki Barnard and Kathy Boston left Sunday, July 7, for Kansas City, Mo., for the national F. H. A. convention. Kathy got to go as Area I president and Kaki was chosen to be the area meeting in Lubbock as a delegate. Mrs. J. J. Durham is accompanying the girls as advisor. When the three return to Hereford Friday, July 12, I will get a first-hand report on the fabulous trip. Wish I were there.

Well boys, the field may be opened again on Beth Ballard as far as I can see. Ronnie Welty has moved to Arkansas with his grandparents for the rest of the summer. We hope to have him back in the fall.

Sid Bayne left Sunday, July 7, for a two weeks trip to the Texas coast. She left with Mr. and Mrs. W. T. Haynes whom she plans to stay with a few days in Baytown, Tex. From this point Sid plans to go on to Houston.

Everyone seems to be taking a trip of some sort. I wish someone would ask me. I would settle for a small space in the trunk to get to go. How about it?

Barbara Langley took a short trip, but it wasn't short of fun. She visited Jane Cesar in Dalhart. Barbie left Hereford Tuesday, July 2, and returned Saturday, July 6. Barbara said she had a fabulous time while in Dalhart meeting a lot of new and different kinds of people.

The Hobo Day scheduled by the First Methodist Youth has been postponed until Saturday, July 13. Don't forget to call the church office if you are interested in having these kids help you out around the house.

Saturday night, July 13, there will be a junior high dance. It will be for last year's kids, so come to the dance at 8:00 p. m. and stay until 11:00. Ray Ruff and the Checkmates will provide the music for one dollar per person.

VISIT ROBERTS
Mr. and Mrs. John B. Roberts, from Louisville, Miss., Mr. and Mrs. Olyn F. Roberts and Mike and Debbie, from Meridian, Miss., and Don Roberts from Jackson, Miss., were visiting the Jimmy Roberts family recently.

CYCOLOGY SET

THOSE WHO ALWAYS TRY TO GET SOMETHING FOR NOTHING USUALLY GET EXPERIENCE
WE HAVE SEVERAL VARIETIES of both sorghums and hybrid sorghums which will mature if planted by the middle of July.

A DESPERATE LUNGE came a fraction too late as Ricky Smith scooped past catcher Eugene Green in a wild sixth inning here Sunday. Smith came all the way from second while Hereford was trying to get organized after a collision at first base. The throw came from first to the plate, but not soon enough. (Staff Photo)

CARD OF THANKS

I would like to express my gratitude and deep appreciation to the Deaf Smith County Hospital personnel, to Drs. Barnett and Mims, and to Mrs. McGilvary and her staff for all their kindness and consideration during my recent illness. Also brought comfort and cheer at the close of the day. May God bless and reward each of you.
Sincerely,
Mrs. J. B. Sowell Sr.

VISIT CALIFORNIA

Mr. and Mrs. M. L. Means and Marty and Judy, Mamie Silvertooth, and Mrs. Dollie Williams are in California visiting relatives. They plan to return either late this week or early next week.

VISITS HEREFORD

Gail Webb, from Abilene, was visiting the Dub Hair family Saturday and Sunday, July 6 and 7. She and Linda Hair attended Hardin - Simmons University together.

MOVES TO HEREFORD

Gary Roland has recently moved to Hereford from Littlefield. He is employed at the Hereford Ice Company.

TRACKS

Here they are... our tracks. And there he is following in them. Daddy, every step you take leaves its mark. And eager young minds see them so clearly, and follow them so well. Why not take some steps toward church? Your son and your daughter will follow.
His first impulse is to do just what you do... to walk in daddy's tracks. Notice how many farmers' boys farm, how many bankers' boys go into banking and how many preachers' sons enter the ministry. They are following you, daddy, even to the tone of your voice. If you want them to help build a good society, to know God... then take them to church and sit with them in the place of worship.

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCHGOSER and a daily BIBLE READER.

How to marinate chuck steaks for added flavor, tenderness
For 2 1/2 to 3 lbs. of meat:
1 cup cubed oil
1/2 cup chopped onion
1/2 cup vinegar (half of oil)
1 teaspoon salt
1 cup Worcestershire
1/2 cup ketchup
1/2 cup paprika
1 or 2 cloves garlic, crushed
Combine all ingredients, mix well and pour over meat. Let stand overnight, or at least 3 hours. Grill steaks 4 to 5 inches from heat for 15 minutes. Turn steaks with marinate and grill 10 to 15 minutes more. Or cook on grill over hot coals to desired doneness, basting frequently with remaining marinate.

LET'S COOK SOMETHING

Teacher Uses Encyclopedia And Magazine In Kitchen

By Dale Stevens
Brand Society Editor

One of Mrs. F. G. Collier's most valuable resources in teaching history and geography is a book entitled *The Wise Encyclopedia of Cooking*. She feels that knowing the foods and clothing native to an area increases the student's interest, appreciation, and understanding of the country being studied.

Mrs. Collier also uses the book in her cooking. An avid collector she has a large library of cookbooks. She also subscribes to "Gourmet" magazine.

During the summer months Mrs. Collier does some canning and has recently canned several quarts of wild plums. However she spends most of her time in her gardens, both flower and vegetable. There are three acres of land to be cared for.

The stables house several horses and nearby there is a restored chuck wagon with all the fittings. Wood, a grate, and

an open pit for barbecuing provide atmosphere for entertaining as well as all the necessary equipment. The chuck wagon, "The Mitchell," is from a ranch in New Mexico.

Both Mrs. Collier and her husband were reared on ranches. Her family moved to Lubbock County in 1917. His family had a ranch in Dickens County, where his father was sheriff for many years. The sheriff often said that he could get his son to do anything that could be done on horseback.

Mr. and Mrs. Collier are not collectors of antiques, but they do treasure things that belonged to their parents. Among these things are family clocks, an ironstone platter, and a pressed glass compote in Lincoln's Moon and Stars design. Both are very interested, too, in Panhandle history and cooking.

The Hereford Brand, Hereford, Texas, Thurs., July 11, 1963

3/4 cup milk
3 eggs
1/4 teaspoon vanilla
1/4 teaspoon salt
Melt chocolate over hot water, add sugar and hot water, and stir until smooth. Melt butter, add flour, blend well, and stir in milk slowly. Stir and cook to boiling point, and add chocolate mixture and salt. Add to egg yolks, beaten until thick, and set aside to cool. Fold in well-beaten whites, add vanilla, and bake. Serve with cream, plain or whipped.

To Bake. Set in pan of hot water. If desired firm, bake 30 to 40 minutes in a moderately slow oven (325 degrees F.). If desired crusty on edges with soft center (French method), bake 20 minutes at 375 degrees F. Serve as soon as baked or mixture will fall. If baked soft, a sauce is not required. Serve with whipped cream. (Taken from Fannie Merritt Farmer's "The Boston

Cook Book.")
This next recipe was taken from "Good Food for Bad Stomachs," by Sara M. Jordan and Sheila Hibben. (This book was recommended to me by a doctor for use in an acute gastrointestinal upset from any cause, even from a gall-bladder attack.)

EVERLASTING SOUFFLE
3 tablespoons butter
6 tablespoons flour
3/4 cup milk, scalded
1/4 teaspoon salt
4 egg yolks, well beaten
4 egg whites, beaten stiff
sifted bread crumbs

Cream butter; add flour and beat until smooth. Pour milk gradually onto butter mixture stirring constantly. When well blended, cook in a double boiler, stirring, until mixture rolls away from the sides of the saucepan. Remove from heat; add salt and egg yolks; beat thoroughly. Fold egg whites

into the yolk mixture until thoroughly incorporated. Butter a ring mold generously and dust with sifted bread crumbs. Pour in mixture. Set in a pan of hot water and bake in moderate oven (350 degrees F.) 50 minutes. Unmold onto a serving dish. Although the souffle will fall after 15 or 20 minutes, it will rise to its original fluffiness on being reheated in a pan of hot water. It can thus be made several hours, or even a day, ahead of time.

Side Dress Time Is Here...

And the Fastest, Easiest, and Most Economical Way to Side-Dress Is With

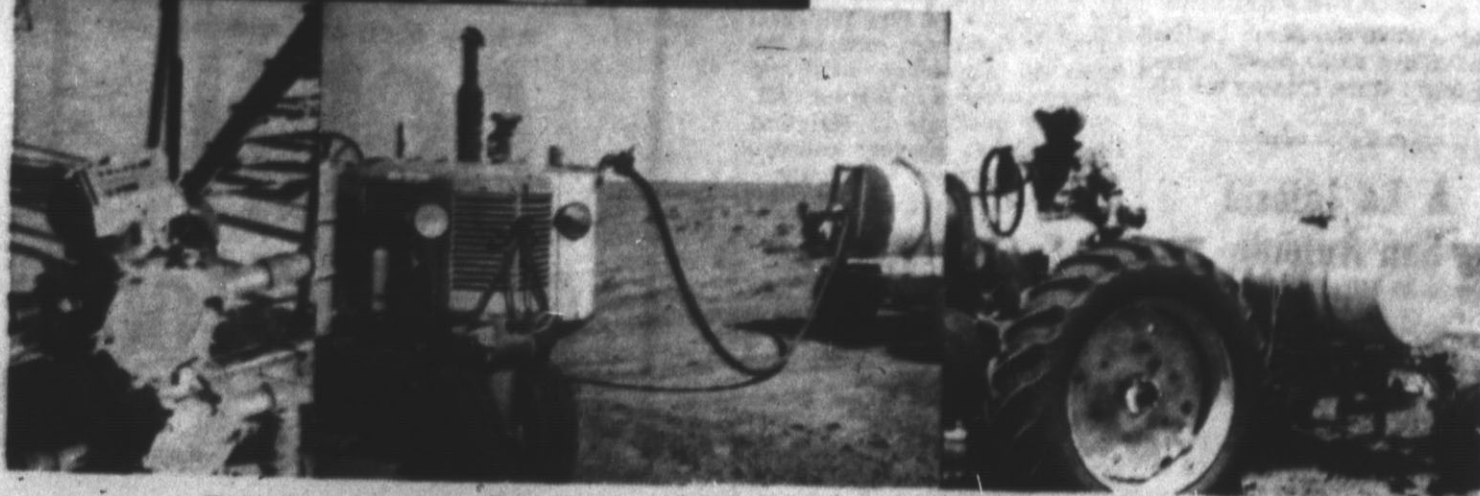

SOL-U-PHOS.

LIQUID FERTILIZER

"The SOLUTION For Your Fertilizer Problem"

Side dressing with SOL-U-PHOS Liquid Fertilizer will give your crops the plant nutrients needed now-at "Dinner Time"-and will carry them on to a fruitful harvest. By side dressing with SOL-U-PHOS, which is a chemical combination of plant nutrients forming a neutral SOLUTION, insures balanced fertility for your crops. Now, when your crop has gotten to the point that you are making your money, increase your crop yield and maintain a high fertility by side dressing with SOL-U-PHOS Liquid Fertilizer.

Everywhere you look more farmers are going "modern"-They are switching to SOL-U-PHOS Liquid Fertilizer. . . . Why? The meter pictured above makes sure that your dealer-Lovington Storage delivers to you the exact gallonage of SOL-U-PHOS. Then by use of pumps the handling of SOL-U-PHOS is a "filling station" type of operation. There is no heavy lifting, you get the correct analysis of plant nutrients without having to buy unwanted quantities of other nutrients. SOL-U-PHOS doesn't require you to have a field full of farm labor to get the job done. One man can easily side dress and cultivate 50 acres or more per day and you pay only for the plant nutrients delivered by your dealer. That's why we say-

Tax Assessor-Collectors Tackle Poll Tax Puzzle

By Vera Sanford
County tax assessor-collectors are meeting here to try to untangle the poll tax puzzle. It seems that the Legislature created a snarl which will hit the county tax assessor-collectors about Oct. 1. That's the date when people begin paying poll taxes and getting exemption certificates. In a special election on Nov. 5, voters will decide whether or not they want to repeal the poll tax as a prerequisite to voting. If they repeal it, a new law will go into effect, setting up a 25 cents registration fee. To make matters more complicated, the November 9 vote would not repeal the poll tax. In theory, it still would be due and payable. But not many are expected to pay the tax if the voting privilege is removed from it.

If the tax assessor-collectors solve their problem this fall, by waiting until after Nov. 9 to fill out and mail poll tax receipts, they may face another crisis in the spring. This because 26 states already have passed a proposed amendment to the U. S. Constitution outlawing the poll tax as a requirement for voting for president, vice president, U. S. senators and congressmen. In January, Arizona and South Dakota legislatures will meet and if they pass the amendment, it could be carried to law. In that event, a provision by the Texas Legislature would apply to their harrassed county tax assessor-collectors for special registration certificates—at no charge—to vote on races involving only federal offices.

POOL HALLS GET NEW STATUS

Townpeople who have had trouble in the past trying to set curfews on pool halls, because the pool parlors were illegal, can look to one bright side of a law that will become effective on Aug. 23.

City governments then will be able to set curfews because on that date the pool halls will become legal operations in Texas.

CITIZENS COMMITTEES COME TO END

A Legislative "rider" in the 1964-65 state budget bill prohibits payment of travel expenses to members of the citizens' advisory committee which meets with the State Board of Education.

This has caused the board to bid goodbye to the system which Herbert O. Willborn of Amarillo calls "one of the strengths of this administration."

Rider approved expenses of advisory committees on textbooks and teacher examiners, but cut out all others.

Commissioner of Education J. W. Edgar remarked that the practice of using "grassroots" committees of citizens interested in education "has been the lifeblood of this agency." But he discouraged suggestions that volunteer help be used if committees were willing to pay their own travel expenses. He said such a practice would go against the Legislature's intent and cause committees to be dominated by special-interest groups.

Riders on appropriations bills are written at the bottom of budgets for individual state agencies. It is not unusual for such riders to go unnoticed, by the lawmakers, especially when voting on bulky budget bill.

But it turned down an application for a Scurry - Fisher County junior college. Turndown came after a committee said the oil-rich area could afford a college, but could not dig up enough students to meet state board requirements.

In its refusal report the committee, headed by former State Senator Penrose Metcalfe of San Angelo, implied that the board may change its criteria for establishing junior colleges after the Governor's Committee on Education Beyond the High School makes its recommendations in August of 1964.

Currently, the board requires proof that taxpayers in the district can support a public junior college. But it also requires a minimum of 500 students.

Board of Education has authorized a Travis County junior college election.

REDISTRICTING SUIT SET

Talk of a special legislative session perked up as a federal court in Harris County set a Sept. 23 hearing of Republican-sponsored congressional redistricting lawsuit.

Texas' 54th Legislature tried to set a formula for congressional redistricting. But a token bill died in the final minutes of the session. Some who opposed it said they would rather let the federal courts settle the matter. Others said they would rather meet in a special session than leave it to federal judges.

State Democratic Chairman Eugene Locke of Austin has asked the court to dismiss the G. O. P. suit.

VETERANS LAND BRINGS 8888

Land Commissioner Jerry Sadler said the sale of 82 tracts of forfeited veterans land (totaling 2,223 acres) was "gratifying," since it brought in more than the state's original investment plus taxes paid since forfeiture.

The block of tracts in Zavala, Maverick, and Hidalgo counties brought \$211,753.84. This included \$155,001 for an 886-acre unit in Zavala County, which Grady Claude Hogue of Crisco won after some spirited bidding.

TIGHT LITTLE ISLAND

State Highway Department has discovered an island of Mexico in the heart of El Paso. Highway department claims that there is a quarter-mile section on U. S. Highway 80 in El Paso where you can drive through Texas and see Old Mexico with one eye and New Mexico with the other eye.

Department says Cordova Island became a Mexican oasis in the Texas city of El Paso under the Guadalupe Hidalgo Treaty of 1848. Treaty provided that artificial changes in the Rio Grande's course would not affect Cordova Island's boundary. Now that the meandering river has changed its course the island is surrounded by American soil.

MIGRANT SCHOOL EXPERIMENT

Five school districts will be able to take part in a pilot program of six-month school sessions for the children of migrant workers during the 1963-64 school year. That is if the

Texas Education Agency can find five districts that can handle the program.

San Benito and Edinburg school districts are ready to participate.

McAllen and Pharr - San Juan-Alamo districts—are readying proposals to submit to the State Board of Education.

Pilot program would be an experiment. Hope is to solve the problem of educating children of migrant laborers who are on the move so much that their youngsters miss almost as much school as they attend.

FARM ROAD MILEAGE EXTENDED

State Highway Commission has approved construction of more than 1,000 new miles of farm-to-market roads in 172 counties at a cost of some \$24,000,000.

Completion of the 1963 F-M road program would bring the state's F-M system to more than 37,000 miles. That's just 13,000 miles short of the commission's ultimate goal of 50,000 miles. Most of the farm roads have been built since 1949.

State Highway Engineer D. C. Greer linked development of the system to burgeoning city growth in the state. "Farms and cities will always be interdependent," he said. "... getting goods to market is as fundamental to commerce as is the transaction between merchant and customer."

MORE WORKERS WORKING

Texas Employment Commission reports that 3,567,700 out of the state's estimated 10,817,000 population were employed by someone other than themselves during the month of May.

Number of employed was way up from April's 3,542,300.

So too was the estimated population of the state. Population in April was figured as 10,297,000.

Thirty day gain in population was 20,000 persons. Employment increased by 25,500 persons.

Yankees, Giants Take Easy Victories In Little League

In a make-up game Wednesday evening, the Yankees clouted the Cardinals 11-1 in the Little League Park. On Thursday night, the Giants routed the Dodgers, 19-2.

The Cards got their only run of the night as John Stagner doubled and came in on a single in the first inning.

In the last of the second, the Yankees exploded for eight runs on nine hits including doubles by Jimmy Loeferwald, Reese Dawson, Paul Loeferwald, three singles and home runs back-to-back by Sandy Rusk and Ricky Adams. Rusk's was a grand slam. Adams followed that with an in-the-park circuit hit.

In the third, the Yankees added three more runs on six hits including a double by Adams and one by David Hucker, plus four singles and two walks.

Ricky Adams pitched for the victory with David Vines and Bobby Wiman going for the Cards.

In a Fourth of July game, the Giants turned loose their big fireworks for 19 runs while the Dodgers fizzled with just two on the same number of hits. It didn't take long for the Giants to make their presence felt as they garnered nine runs on two singles, a double by Sid Shaw, three errors and four walks.

The Dodgers could gain just one run in their part of the first on two walks and two passed balls.

A walk and two errors came ahead of Sid Shaw's home run in the third for the Giants for four runs. They added another in the fourth on a single, a stolen base and two passed balls.

The Giants continued with three runs in the fifth on two singles, a walk and a fielder's choice.

Final run for the Dodgers came in the fifth on a double by Alvin Hardin, a hit batter, a walk and a stolen base.

The Giants finished up the night with two runs on three singles in the sixth.

Russell Phillips and Sid Shaw pitched for the Giants. Frank Hernandez and Keith Kitchens worked on the mound for the Dodgers.

In a minor league game Wednesday, the Braves edged out the Pirates 20-18. The Braves got four runs in the first, five in the second, nine in the third, none in the fourth and two in the fifth.

The Pirates got eight in the first, two in the second, one in the third, and seven in the fifth. Jim Davenport and Bobby Banner hurled for the Pirates.

with Rusty Babione and Steven Vines hurling for the Braves.

The Braves continued their winning ways with a 12-1 victory over the Yankees Thursday. The Braves picked up three runs in the first inning on two hits, got three more in the second on three hits, three in the third, two in the fifth and one in the top of the sixth.

The Yankees could get only two runs, both in the third inning.

Greg Bullard pitched all the way for the win. Tommy Tuck, Ross Hardwick and Tim Thurman worked on the mound for the Yankees.

In the other minor league game, the Dodgers blasted the Orioles 19-3.

The Dodgers picked up four runs in the first, two in the second, 10 in the third, one in the fourth and two in the fifth. The Orioles got their only three runs in the fourth inning.

They also got their only two hits that inning. Enroute to the victory, the Dodgers slammed out 20 hits and took advantage of 30 walks. Steven Olson and Herbert Lavan hurried for the Dodgers. Kenny Rogers went all the way for the Orioles.

House Passes Defense Bill After 'Routine' Session

TO THE PEOPLE OF THE 15TH DISTRICT:

After two days of debate, which no one would characterize as spirited, the House recently passed the major defense appropriation measure for the next fiscal year — a bill calling for expenditures totaling \$47 billion. The sum represents more than half of all money to be spent by the government in the year which began July 1.

After cuts were made in Appropriations Committee sessions and on the floor during debate, the appropriated amount was \$1.9 billion less than the President had requested in his budget message and \$1.25 billion under the actual similar expenditures for the fiscal year just ended.

The vote on passage in the House was 410 to 1. That the debate was so routinely conducted and the final vote overwhelmingly bears out what every American knows anyway: That there is simply no way around the Nation's vital need to maintain its military forces at unequalled strength. There is no alternative if we are to preserve our sovereignty.

As my colleague from the South Plains, George Mahon, said as the debate opened: "All the bills which Congress passes are important to somebody. The bill before us today is important to everybody — to everybody in the United States, and to all the peace-loving people of the entire world. This is true, because this is the legislation which, more than any other, enables the United States to maintain its position of military superiority over the Soviet Union."

Congressman Mahon said: "Our military strength will not necessarily insure peace, but insofar as military strength can avert and deter war, this Government has what it takes."

During the debate, one Congressman presented the 1962 Department of Defense payroll, military and civilian, and Department of Defense expenditures for each state. The figures spell out just what military spending means to the Texas economy.

In Texas, the military payroll totaled \$778,790,000 and the payroll of civilian workers for the Defense Department was \$281,742,000 — for a combined total of \$1,060,532,000. Total Defense Department expenditures in Texas were \$2,146,793,000. Only one other state exceeded the Texas totals. California, with its heavy concentration of aircraft manufacturers, had a combined Defense Department payroll of \$1,709,585,000, and that figure coupled with the enormous sums spent in California

for procurement sent the total of Defense Department expenditures in that state to a staggering \$7,702,829,000.

Military installations were placed in these states and military procurement contracts assigned to manufacturers there for good reasons. No one would argue that the economies of Texas and California do not benefit greatly from this situation. Almost as much money is spent by the federal government in these two states — for defense purposes only — as is taken out in total taxes. The taxes paid into the federal treasury from Texas, for example, totaled in 1962 \$3,329,247,000 on defense payrolls and contracts.

Several Congressmen from Southern States expressed concern during the debate over what they regard as an implied threat that military installations in the South will be deactivated unless nearby cities do not act to desegregate public facilities.

The objections raised by these Members of the House followed news reports that Defense Secretary McNamara had been ordered to investigate integration conditions in cities near military bases.

If such a situation actually does develop, you can be sure I will be among Congressmen speaking out in vigorous opposition.

I concur wholeheartedly with my colleague from Alabama, Congressman George W. Andrews, who told the House: "Military bases were selected on the basis of what was good for the defense effort and not to appease minority groups."

This past week it was my privilege, as a member of the House Committee on Interior and Insular Affairs, to attend the dedication of the Saline Water Conversion Demonstration Plant at Roswell, N. M.

The plant is designed to desalt brackish underground water to fresh water at the rate of one million gallons per day. Fresh water produced by the plant will be sold to the City of Roswell, and the research work to be conducted there will help show the way to solutions — at least partial ones — of the Nation's vital water conservation problems.

MEMBER OF CONGRESS
15TH DISTRICT OF TEXAS

HAMILTON REUNION
Visiting Mrs. Homer Hamilton last week were Capt. and Mrs. John Hugh and daughters, from North Africa; S. Sgt. Homer G. Hamilton and family, from Hawaii; Mr. and Mrs. Millard Mitchell and family, from Bowdon, Ga.; Mr. and Mrs. Leburn Hamilton and family, from Amarillo; George Hamilton and children and Mary Barkley, from Lubbock, and Mr. and Mrs. Joe L. Hamilton, Mr. and Mrs. Don Hamilton, Mr. and Mrs. Roger Hamilton and family, all of Hereford. Capt. Hugh has recently retired from the service and Sgt. Hamilton will be stationed at the Military Academy at College Park, Ga.

FAREWELL PARTY
Mr. and Mrs. S. Kelly Coplin gave a surprise farewell party Sunday evening after church in honor of Mr. and Mrs. M. D. Waddill, who will be moving soon to White Deer. Refreshments were served to Mr. and Mrs. Bill Angel and Joe, Mr. and Mrs. Richard Winget, Mr. and Mrs. S. L. Garrison, Mr. and Mrs. Don Thomas, Mr. and Mrs. Garland Solomon, the honored couple, and the hosts. Games of "42" were enjoyed by all.

GO TO PORTALES
Mr. and Mrs. Ira Ricketts, Mrs. Albert Ricketts, and Jamie Ricketts went to Portales, N. M., Tuesday, July 2, to attend a shower for Miss Carmelita George, bride-elect of Ralph Ricketts. Mrs. Albert Ricketts and Jamie remained here and were joined on Thursday by Albert Ricketts, Kerri, and Fred. After spending July 4 visiting friends and relatives, they returned to Hereford Thursday night.

VISIT HEREFORD
Mrs. Ruby Bohannon from Hale Center and Mrs. Ruth Anderson from Pecos are visiting the Ray Bain family this week.

VISITS RELATIVES
Pat Price, daughter of Mr. and Mrs. Leroy Price, is in Canyon visiting some relatives, Mr. and Mrs. Wayne Price. She expects to return Saturday, July 13.

EASTERN GHOST TOWN
FRANKFORT, Ky. (AP) — All the ghost towns aren't in the West. There's one in the middle of Ft. Knox, a sprawling military reservation 25 miles southwest of Louisville.

The town at the junction of the Salt and Rolling Fork rivers was known as Pitts Point, boasted a college, salt and lumber industries and a century ago had a population of more than 300. But less than 100 persons remained in the area and the post office and college were gone when the Army acquired the territory before World War II.
