DURING A HEAVY RAIN, a 1958 model truck, driven by Santiago Flores Fuentes, 20, Hereford, went out of control as it came down a hill on Farm-to-Market highway 809. The truck overturned spilling a load of grain sorghum over the road. Fuentes was not injured but damages to the truck were estimated at \$2000 by Texas Highway Patrol. Approximately 1000 pounds of grain was believed lost. The accident occurred nine miles north of Dawn about 3:40 p. m. (Staff Photo)

City Bond Issues Approved By Small Number Of Voters

A small turnout of eligible voters in the City of Hereford approved two revenue bond issues for the city's water and sewer departments and a tax bond issue for street improvements. Only 288 voters—approximately one-fifth of the potential vote—cast ballots in the election Tuesday for the \$650,000 worth of bond issues.

While the vote was light in the elections, all three issues were approved by considerable margins. In the water department bond issue election 219 votes were cast favoring the issue with 66 votes cast opposing the revenue bonds. In the election for sewer improvement bonds, 219 votes were also cast approving the issue with 67 ballots opposing. Voters balloting on street improvement bonds favored the issue by a vote of 206 for to 79 against.

Hereford Bands Win Top Awards In WTSU Trials

Hereford High School band and junior high band rated the coveted Division I rank in marching competition held at West Texas State University contests Tuesday.

This is the first step of what the school hopes will give the bands rating of "excellent" for the year. The second contest, based on concert performance, will be held next spring, and if the band again rates Division I, the "excellent" tag will be won.

Ben Gollehon is director of senior high band, Clyde Wilson of junior high band. The contests brought together 50 junior and senior high bands to compete in the Panhandle's Region XI Interscholastic League Trials.

Judges, in commenting about the Hereford performance, said the band "looks pretty on the field," and pointed out the stride and drills of the band as of high quality.

Two twirlers, Merle Carmichael and Patti Rosch, also finished in division I in class I solos, the toughest competition which twirlers have to face.

This is the first year the junior high band has rated the coveted Division I honor.

The band's new uniform attachments of plumes, crossbelts and shakos helped dress up the junior high band.

Said Gollehon: "The HHS band this year has gone through much more difficult routines and music, and it continues to improve constantly."

He expressed thanks to the community for the support given to both bands this year, and said the band plans to go to Enid, Okla., next May to take part in the Tri-state festival. The band also will lend its support to the fund raising activities.

Following approval of the three bond issues, city officials started procedures Wednesday for sale of both revenue and tax bonds issues.

Approval of the issues provides the city with much needed funds for additional city facilities. These facilities are required due to the rapid growth of the city during the past nine months.

Projects outlined under the bond proposals call for a \$340,000 expansion program for the water department; a \$160,000 program for the sewer department, and a \$150,000 street improvement program.

Water department projects call for the drilling of three new city water wells this winter with two more to be drilled at a future date. Cost of the three wells including pumps, motors, pipe and fittings will be between \$16,000 and \$22,000 each.

Also planned is construction of a one-million gallon underground storage tank and booster station. Cost of these two projects will be \$115,000.

In an outline explaining needed improvements, cost of the two other wells to be drilled at a future date was placed at \$39,000.

Remainder of the bond issue is to be held for future expansion of the utility system if needed.

Sewer department bonds approved Tuesday will be used for expansion and updating of the City's present sewer disposal plant as well as construction of three new sewer lines to serve the north and northwest section of the city.

Estimated costs for all four projects is \$118,558. Remainder of the revenue bond issue will be held in case it is also needed for future expansion of the sewer system.

Tax bonds to be issued by the city will provide funds needed for widening and laying of a storm sewer along Harrison Highway to serve the northwestern portion of the city.

It will also provide for extension of the storm sewer system (Continued on Page 5)

Committee Captains Named For United Fund Campaign

Committee captains to head various divisions of the Deaf Smith County United Fund campaign were named Wednesday by Melvin Young, fund drive chairman. Ghostly Parade Slated Halloween

Spooks, ghosts and goblins will make an early appearance Thursday, Oct. 31, on the streets of Hereford as pre-school and elementary school children put on their costumes for the annual Halloween parade sponsored by the Trade Promotions Committee of Deaf Smith County Chamber of Commerce.

Entry blanks for children appearing in the parade are to be passed out at elementary schools Friday, stated Bill Thompson, manager of the local chamber of commerce.

These blanks he said, are to be filled out and signed by the children's parents or guardian. Entry forms must be turned in at the assembly area on the day

of the parade, not at the Chamber office.

Children entering the parade will assemble at the First Baptist Church parking lot at Sixth and Main Streets at 4:30 p.m. The parade is scheduled to start (Continued on Page 5)

Patrol Unit Nabs Burglary Suspect In Gray County

An Illinois man suspected of committing two burglaries in Hereford on Tuesday night, got as far as Gray County before he was picked up by a unit of the Department of Public Safety's motor vehicle inspection division.

The man, told Gray County law enforcement officers that his name was Clinton Ray Wright. He gave his age as 23-years-old and stated he was from Illinois.

According to Hereford Police Department and Deaf Smith County Sheriff's Office, Wright is wanted as a suspect in the burglary of East Highway 66 Shamrock Service Station.

The firm was broken into Tuesday night. Investigation revealed that 35 cartons of cigarettes and a tire and wheel were missing. Value of the articles taken was estimated at \$125.

City and county law enforcement officers also believe that (Continued on Page 5)

Baker Places Second Time In Football Contest

Winners in this weeks football contest were Pleasant R. Baker, Burbank, Calif., first; Mrs. Ross Wallace, second; and Ansel McDowell, third.

Baker won by guessing 16 scores correctly. Mrs. Ross Wallace also predicted 16 games correctly, but Baker was closer in the prediction of the scores.

McDowell won third place by guessing the outcome of 15 games. He was the closest in the scores of the games to take third place over 11 others who also predicted the winner in 15 games. Others who predicted 15 games were: Sam Long, Tom Templeton, Revella Skypala, Ja-

Fine, Sentence Two Local Men On DWI Charges

Two Hereford men were fined and sentenced as they entered pleas of guilty to charges of driving while intoxicated, first offense, Monday in Deaf Smith County Court, Judge H. C. Williams presiding.

Receiving a 10-day sentence and a \$100 fine plus court costs was Sam Porter Provence, 33, 202 George. Provence was arrested Saturday by a Texas Highway Patrol unit six miles east of Hereford.

The second man pleading guilty to charges was W. T. Bell, 50, of Hereford. He received a \$100 fine plus costs and a five-day jail sentence.

Bell was also arrested by a Highway Patrol unit. He was picked up at the intersection of First and Main Streets.

'Faces To Battle Unbeaten Phillips In 1-AAA Opener

Hereford Whitefaces face one of their biggest nights of the year Friday—the opening of conference play when they meet the undefeated Phillips Black-hawks. It's also homecoming night when a record crowd is

expected to be on hand for festivities which will include the crowning of the Homecoming Queen.

The 'Faces have had a week's rest, and they have used that off-schedule period to brush up on offense. Coach Jack Meredith says the White-face system has not been altered. Instead, the head coach says, "we have just been working and working and working on offense, polishing up what we already have."

The 'Faces offense has looked good in spots, but it has failed to carry through at times when the going got rough, as, for example, during the Lamesa-Hereford game Oct. 18 when the La-

mesa tribe crashed through for touchdowns in the third and fourth quarters while at the same time holding the 'Faces offense to a stand-off.

"To many fumbles and not efficiently-operated drives kept our machinery from going forward," the coach says. "We have been working on correcting those faults with the hope that Friday night we can do a bit of ball-toting that will ring up the necessary touchdowns."

The coach says several boys have shown improvement during the two weeks period when there were no games. Among them, he points to Jim Haney, a pretty good ball-toter so far. Haney has been showing steady improvement since the season opened, and likely will be one of the 'Faces' main ball-carriers Friday night.

Then on the line, Stan Sigman has been showing improvement during the open date training period. Another aid to the 'Faces will be the return of John Kovacks, a guard, who has been out of action, nursing an injured knee.

"The boys are improving every day," the coach sums up. "Their morale is good and their spirit is like we want to see. In fact, I couldn't be more pleased with their effort."

Action Approves Area Annexation

In a short session Monday, City Commission approved annexation of Block 2, Southlake Addition, and discussed annexation of two other sections.

The addition brought into the city is being developed by Jack Bradley. His petition asking annexation of the area has been on file the required number of days.

Both of the areas considered (Continued on Page 5)

If they play for varsity like they have been on B teams, Cuby Kitchens' squads are going to make mighty good ball players for the top team next year, say fans. The B's recently stung Littlefields B 54-4, and the freshmen nosed Littlefield 16-14 with everybody but the water-boy getting into the act in both games. They have a wonderful spirit and are eager to ring up victories everytime they take to the field, fans say. Team play, accounts for the victories.

Music lovers here have been invited to attend the Amarillo Symphony Guild's annual ball Saturday, Nov. 2 at the Amarillo County Club when Joe Reichman and his orchestra will play for this year's "Snow Flake Ball." Reservations will be filled in order received. Admission is \$25 per couple.

Cub Scout Pack 51 will meet today at 7:30 p.m. in Alkman school cafeteria. All members, prospective members and parents are urged to attend.

Field archery club is to be organized here. Persons interested are asked to call J. H. Finley, EM4-5180, or Kenneth Bryant at EM4-1642 or Kenneth Gooch, EM4-2572. Tentative plans call for a field archery range. The area already has been secured.

Deaf Smith County men are being sought for custodial officers (guards) for the Texas Department of Corrections, says Dr. George J. Beto, director. Base pay is \$305 to \$372 per month with uniforms, meals and housing furnished.

Deaf Smith County Woman Seriously Injured In Wreck

A Deaf Smith County woman was seriously injured late Tuesday evening as the 1961 model sedan she was driving slammed into the cab of a truck tractor-trailer approximately three miles north of Hereford on U. S. 385.

Injured seriously in the accident which occurred about 6:05 a.m. was Mrs. Dorothy Brorman, 26, of Route 4. She is reported to have received severe facial lacerations, a broken ankle, and both arms were broken.

According to a Deaf Smith County Hospital spokesman Wednesday, Mrs. Brorman was listed in satisfactory condition. At the time of the accident

Mrs. Brorman, accompanied by her two small children, Steven, three-years-old, and Diane, eight months, were headed north on the highway.

The loaded cattle truck, driven by Milton Homer Mayberry, 40, of Roswell, N. M., was headed south. As the collision occurred the truck was attempting to make a left-hand turn off of the highway.

According to Texas Highway Patrol, the truck apparently turned in front of the Brorman automobile. After skidding 25 feet, the vehicle slammed into the side of the cab at the saddle tank.

The tank was ruptured and diesel oil spilled on the roadway.

The force of the impact threw Mrs. Brorman into the windshield of the automobile. It is believed that the two children were thrown into the floorboard.

Charges of aggravated assault with a motor vehicle were filed Wednesday against Mayberry in Deaf Smith County Court, Judge H. C. Williams presiding.

Mayberry entered a plea of no lo contendere and sentencing was taken under advisement by Judge Williams.

Two other accidents on county roads also caused heavy damage to vehicles involved and sent one county man to the hospital for emergency treatment. (Continued on Page 5)

DEAF SMITH COUNTY WOMAN was seriously injured about 6:05 p.m. Tuesday as her late model sedan collided with a cattle truck three miles north of Hereford on U. S. 385. Injured seriously in the accident was Mrs. Dorothy Brorman, 26, Route 4. Her two small children, Steven Brorman, three-year-old, and Diane, eight months, escaped injury. According to the Highway Patrol the truck, driven by Milton Homer Mayberry, 40, Roswell, N. M., apparently turned in front of the northbound automobile. The Brorman automobile was a total loss. JUNIOR HIGH pupils have set up their organization for this year's Halloween Trick or Treat program, and here are the officers going over plans for their part of the one-night gathering of funds for CROP. They are Billie Jo Witherspoon, chairman; Cy Moore, vice-chairman; Julia London, secretary-treasurer; Frank Nobles, food chairman; Chris Hutcheson, map chairman, and Susie Wodall, publicity. (Staff Photo)

CANDIDATES FOR ROUND-UP QUEEN are from the left, Joann Marnell, junior class; Carmen Betzen, sophomore class; Lou Ann Witkowski, senior class, and Charlotte Hill, freshman class. Winner of the contest will be determined by the amount of money raised by the four classes by selling tickets to the annual dinner to be held Friday at Hereford High Cafeteria. The dinner starts at 5:30 p.m. (Staff Photo)

TWO HERFORD HIGH school students were injured Saturday as the 1959 model station wagon they were riding in skidded off of U. S. Highway 60, three miles east of Hereford. Injured in the one-car accident were Janice Hagans, 17, 207 Ave. J., driver of the vehicle, and a passenger, Kathy K. Boston, 17, 239 Ave. B. Miss Hagans was hospitalized for injuries. The accident occurred about 11:30 a.m. A Highway Patrol spokesman reported the station wagon a total loss. (Staff Photo)

Deedee's Doodlings

I guess that during this week there were last minute preparations for the homecoming game and festivities. The finishing touches were put on the float for the homecoming queen and her attendants. Candidates for homecoming queen tried to calm their nerves for the pep rally on Friday when the reigning queen for '63 will be announced.

Boys placed last minute orders for mums which will be given to their favorite girl. Seniors wonder whether or not they sold enough tickets for the Annual Supper to win an annual queen. Football boys are going over their football plays for the game against Phillips Blackhawks. Which ever category you fall in, I hope you succeed.

Congratulations are in order for Larry Miska. Larry won reserve-champion in the Junior show at Kansas City, Mo., Fat Stock Show. Spending almost a week at Kansas City, Larry continued on to the Dallas State Fair with his steer. In Dallas, he placed second in his class.

Jackie Andrews and Dan Thomas represented the Hereford State Fair by showing their FFA Chapter at the Dallas club steers. Dan won the eighth place in the Hereford middle weight class and he also received the sixth place with his heifer in the senior better class. Jackie received the sixth place in the Angus heavy weight class. I would say they really did well.

Deborah Thomas represented the Hereford 4-H clubs at the fair by showing her medium weight Hereford steer. She placed eighth in this middle class among many other competitors. These three finally returned to Hereford after a week's vacation in "Big D".

At this time I would like to announce candidates for football queen or homecoming queen, which ever you want to call her. Linda Hart is a senior candidate, Brenda Shelton, junior candidate, Mandi Moore, sophomore candidate, Becky Higgins, freshman candidate and Connie Bentz, senior candidate.

Girls, I don't know who is the queen so please don't come to me for your information. Ask some one else, he might know. I would hate to have to choose the queen for it would be a hard choice for me to make. Friday night after the ballgame there will be a high school dance at the Community Center. The Emeralds under the direction of Freddie Boyce will provide the music. The music will start right after the game so come early and plan to stay late. The last dance will be played at 12:30 a.m. If you don't call that late I don't know what you would call it! Admission will be a dollar per person and the clothes worn to the ballgame will be appropriate for the dance.

I would like to give you a sneak preview of the dances to come. On Nov. 2 the Tiaras, directed by Earl Whit, will present the music for a high school dance. For the Thanksgiving Dance on Nov. 30, the Chips whom we heard last Saturday will play for a high school dance. The Tiaras will play again for the Christmas Dance on Dec. 21.

For several years the HHS student council appoints members of executive committee which has to do with the Community Center. This year the committee consists of Kathy Boston, senior; Larry Hill, senior; Sharon Tinsin, junior; Ann Brady, junior; Sid Payne, sophomore; Donnie Welty, freshman. These six students will make the laws which everyone will be asked to obey through out the year. Will I see you at the ballgame Friday night?

OFFICERS FOR EXTENSION Service planning committee were named at a meeting here this week when committee chairmen reviewed 1963 and planned for the year ahead. Here are three of the officers, Mrs. Bess Werner, executive committee member; Mrs. Dyalthe Benson, vice-chairman, and Sam Morgan, chairman. Other officers are Mrs. Earl Plank, secretary, and George Jones, member of the executive committee. (Staff Photo)

REP. ROGERS WRITES

Policy Decisions Affected By Balance Of Payments

TO THE PEOPLE OF THE 15TH DISTRICT:

The nagging balance-of-payments deficit plays a continuing major role in influencing United States policy decisions. The United States consistently has an unfavorable balance of payments.

From 1947 to 1957, deficits were relatively small - averaging about \$1 billion a year. In 1958, the problem began to accelerate, and deficits have exceeded \$3 billion a year in every year since then.

Although the average citizen is not now affected by the situation, the problem could amount to such proportions that the dollar would have to be devalued with a resultant serious impact on the stability of international trade and payments. Some suggest that the financial crisis that would result would be followed by a world-wide depression.

United States exports exceed imports by a wide margin. But this trade advantage is more than offset by other factors. One of the big ones is the high cost of maintaining a huge military establishment in foreign countries. Other factors involved are U. S. tourist dollars spent abroad, private investment and lending transactions with foreign nations, and foreign aid.

The major drain on our dollars has come in recent years from an outflow of private capital, ranging from short-term bank loans to the purchase of stocks on foreign exchanges to the construction of plants abroad by American industries. Many Americans have determined that more money is to be made by investing dollars abroad in one way or another than by investing them in the domestic economy.

times surprised to find that the high rate of return during them into foreign investments has a serious catch: They can put their dollars into foreign securities earning high interest but the withdrawal of capital is limited to amounts authorized by the foreign governments. Were these foreign controls to be lifted, better balance would be achieved in this investment phase of the problem.

A legislative proposal before the Congress, the so-called "interest equalization tax," would raise the cost of foreign long-term borrowings through new bond issues and other loans and place a purchase tax on foreign securities bought by American investors. The purpose of this step, which might be termed a "tariff on money," would be to reduce the investment gap. Part of its purpose would be to reduce the investment gap. Part of its purpose would be to reduce the investment gap.

Our government has tied most foreign aid purchases to the United States. Instead of money, the foreign aid program has in recent years called for assisting underdeveloped nations by giving them American-made goods. Less than 20 percent of new foreign aid commitments results in an outflow of dollars and the program has continued its appeal to manufacturing and labor interests in this country who find it in an economic prop.

One of the objectives of tax cut legislation, which has passed the House and is pending in the Senate, is to stimulate the investment of capital in American business and to assure continued economic growth in this country. Time will be required for this measure to have the impact sought for it.

Another measure that will take time to become fully effective, and to have a significant impact on the balance of payments, is the Trade Expansion Act of 1962, which is part of our effort to lower import barriers abroad. Meanwhile, a vigorous campaign is being continued in an effort to promote more U. S. exports of a wider variety.

It is in the interest of all Free-World nations that the United States find solutions to its balance-of-payments deficit - and the signs are that we will receive increasing support and cooperation from our Allies. Recent visitors included Mr. John C. Maynard of Amarillo, and Dr. and Mrs. Roy Eger of Amarillo, who were here visiting their son Roy, Jr. and his family.

Just fifty one shopping days until Christmas, the calendar says, and the grass hasn't even turned brown.

We suppose that the freeze will come soon and we'll all be reaching back into the closet for the old tattered overcoat, but up to this point the weather has been especially fine; even bordering on the monotonous.

But hot, cold or lukewarm, the fact remains that Christmas is just around the corner. Toys are beginning to appear on the shelves of local stores, and we have seen at least one Christmas tree on display.

where he is "sacking-up the awards" at the National Association of Broadcasters meeting.

KPAN has long been one of the outstanding Radio Stations in this part of the country, and apparently they are ranked rather well in the other part of the state. Our congratulations to Mr. Formby and the entire staff of KPAN.

And congratulations are also in order for Ben Golehon and Clyde Wilson, directors of the Whiteface and Jr. High Bands respectively. Both organizations earned top ratings at the Band Contest held in Canyon Tuesday.

The folks at the Hereford State Bank are at it again. They are now in the process of promoting an implement show, scheduled for Saturday, November 2nd. We understand that this event, coming on the heels of a successful auto show, will be consummated in one day, but if all goes well (including the weather) they are anticipating a crowd in excess of 2000 people. All the new farm implements will be on display ranging from the giant wheel-type tractors down to the smallest cub, and from rotary cultivators to the flame type.

The dealers have gone all out to see that the very latest in implements will be on hand, and all in all, it should be a very interesting event.

Word was received here this week that Edwin Thomas, All-State Guard for the Hereford Whitefaces, has been sidelined due to a neck injury. Edwin has been playing for Oklahoma State University at Stillwater. He is the son of Mr. and Mrs. Henry Thomas of Hereford.

And speaking of football, the Hereford Whitefaces will see action again this Friday night, meeting Joe Means' Blackhaws in Whiteface Stadium. The Hereford team will go onto the field sporting a 2-3 record, having defeated only Dtmitt and Mule-shoe this year. This will be their first conference game of the year, with Perryton, Dumas, Littlefield and Levelland following in that order.

It looks like a rough year considering the rugged competition that is ahead.

Received word yesterday that O. G. Hill Jr. is judging the State Capitol Quarter-Horse show in Pennsylvania O G is becoming quite well known throughout the nation as a judge of Quarter-Horses.

He was accompanied to the show by Mrs. Hill.

And another old boy who is making a name for himself as a judge is Dave Hopper. Dave traveled the rodeo circuits for years participating in the many events but became interested in the judging angle of the shows and contests while recuperating from a rodeo injury. He's still traveling, but he's doing more judging now than he is riding.

Reward Offered On Stolen Cattle

A \$500 reward was posted here Wednesday for the arrest and conviction of "person or persons" who rustled 40 head of cattle belonging to Herald Head, according to Deaf Smith County Sheriff's Office.

The cattle, 10 cows and 30 calves, were pastured 30 miles west of Hereford.

Investigation into the theft of the cattle began Friday when the losses were discovered. It is believed that the thefts began about two weeks ago, stated a Sheriff's Office spokesman.

Any information concerning the thefts should be turned in to the office, EM4-2311, or to Head.

County residents are also being asked to notify the Sheriff's Office concerning movements of suspicious-looking vehicles along county roads.

Concerning the loss of cattle in the county, it was also pointed out that a number of missing or strayed cattle have been reported.

It has not been determined, however, whether or not the animals were stolen, stated the law enforcement officer.

along U. S. Highway 80, west. Funds needed for repayment of the revenue bond issue will come from additional revenue brought in by a recent increase in water rates.
It has been pointed out that the growth of Hereford during the past nine months will supply additional tax revenues needed to repay the street improvement bonds.
No tax increase is anticipated by city officials at the present time.

But they are going to be up against one of the toughest teams in the 1-AAA conference. Phillips has won all five of the games they have played so far this season, and opponents have been able to score only 31 points against them.
The Phillips record so far reads like this: Phillips 28, Shamrock 6; Phillips 28, Elk City, Okla.; Phillips 20, Pampa 15; Phillips 21, Canyon 6, and Phillips 25, Frederick Okla., 16.
"With an impressive record like that, we will have to put out our very best effort to win Friday night - but that's just what we intend to do," the coach declares. He says the coaches are "particularly pleased with the way freshmen and sophomore are coming along," adding: "They are taking real pride in the teams, and we are pleased that they have that kind of an attitude."
The Friday night game will start at 8 p.m., as will all conference events.

In other action, the Commission also approved a plat for McKenzie Addition submitted by Mrs. Betty Rice.
A resolution accepting paving on Thirteenth Street was also given approval. Acceptance of the paving had been recommended by the city engineer.
Commissioners also directed that law suits against Grand Avenue residents who have not paid paving assessments be started.
A policy set in June was reaffirmed concerning the payment of green fees during tournaments at John Pitman Municipal Golf Course.

Mrs. Sue James, Miss Lucille Park, and Miss Della Stagner attended the 35th annual conference of Business and Professional Women's Clubs, District 9, in Shamrock Oct. 19-20. Representatives from clubs in Amarillo, Borger, Canadian, Dimmitt, Dumas, Hereford, Lockney, Lubbock, Pampa, Panhandle, Perryton, Plainview, and Shamrock participated.
Portraying an Irish theme, the conference opened with a St. Patrick's parade at 4:30 p.m. Saturday and a banquet in cafeteria at 7:30 p.m.
Sunday's agenda included a breakfast at 7:30 a.m., a memorial service presented by Miss Stagner, a devotional service, and workshops designed to familiarize members with various fields of endeavor pertaining to women engaged in business and the professions. Mrs. James discussed finance. Other topics included world affairs, civic participation, personal development, legislation, and public relations.
The president of the Texas Federation of Business and Professional Women's Clubs, Inc., Mrs. Hope Conroe of Lubbock was the keynote speaker. Other state officials present were the state national security chairman, Mrs. Catherine Mitchell, Lubbock, and the editor of the noted small pry marks on the west door of the drive-in.
Investigation of the firm revealed that a cigarette machine had been pried open and the change box taken. An attempt was made to burglarize a juke box.
A drawer to the cash register was also opened. However, no estimate is available on the amount taken.
A felony warrant has been issued here and law enforcement officials left Wednesday for Pampa.

First Hereford High Located On Central School Grounds

By Gerry Lynn Wheeler and Sue Smith
Texas public schools date back to Jan. 31, 1857 when Gov. Elisha M. Pease signed the bill establishing a system of free public schools in Texas.

There is but little record that can be found regarding the establishment of the first school in Hereford. However, a great many still living in Hereford will remember attending school in the square, four room, two-story school house which stood on the block now occupied by Central School.

Two more rooms were added during the school year 1900-01. Mr. J. R. Overstreet, superintendent. This was probably the first year school was held in this building.

Each school day morning was started by the ringing of the school bell at 8:30 a.m., and a tardy bell at 8:45 a.m.

A new school was built in 1910. Mr. Ben Short was the newly elected superintendent. Eight more classrooms were added to this building in 1935-36, and the gymnasium-auditorium in September, 1948.

The school board at that time consisted of C. W. Warren, president; F. H. Oberthier, vice-president; A. P. Murchison, secretary; and J. L. Fuqua, R. H. Norton, H. B. Webb, and E. B. Bullock, board members.

Hereford College opened in September, 1902 as Add-Ran College, named for Addison and Randolph Clark, its principal founders. Some 30 years earlier, in 1873, these same two brothers had founded the Original Add-Ran College at Thorp Springs. This school later became Texas Christian University at Waco, and in 1910 moved to Fort Worth.

The Hereford College closed in the spring of 1911. Douglas A. Shirley was its last president. It stood vacant for a few years and then in 1916 was purchased by the Hereford School Board and used as a High School until the present Junior High School

building was completed in 1926. The college was located on the ground occupied by the present high school.

After several years as a teacher, Miss Millicent Griffithy was elected by the school board to the superintendency of the Hereford schools.

Mr. D. W. Hawkins was superintendent for the three years of 1904-1905 to 1906-1907. In addition to his duties as superintendent, he was also instructor for most of the subjects taught in Hereford High's first graduating class in the school year of 1906-1907.

The first students to graduate were Earl L. Kibbe, Myrtle Witherspoon, Pauline Hughes, Sam Bratton, Nellie Robinson, Fatt Estee, Leta Boone, Beattie Lay, and Audrie Argo.

Mr. Hawkins served over forty years in one capacity or another to the schools of Hereford.

From 1947 to 1956 the old barracks, then located where the practice field for junior high is now, was used for a junior high school and later a place for the

fifth grade. During this time the First Baptist Church and the First Methodist Church rendered their assistance by lending their basements for school classes while high school then lacked sufficient capacity.

From a four teacher school in 1901-1902 and a six teacher school in 1903-1904, it grew to include 25 teachers a half a century later in 1953-1954 and up to 49 high school teachers alone in 1963-1964.

The first Superintendent of Hereford schools was A. B. Martin. Next came J. R. Overstreet from 1901 to 1902; Mr. Page from 1901 to 1902; Mr. Smith from 1902 to 1904; Mr. Hawkins from 1904 to 1907; Mr. E. W. Wray from 1907 to 1910; Ben Short from 1910 to 1914; Mr. L. M. Fitch from 1914 to 1920; Mr. Millicent Griffithy from 1920 to 1924; Mr. C. H. Dillehay from 1924 to 1938; Mr. Knox Kinard from 1938 to 1945; Mr. Chester Strickland from 1945 to 1946; Mr. George L. Graham from 1946 to 1955; Mr. Fred Cunningham from 1955 to 1961; and Mr. Paul Stevens from 1961 to 1963.

Former Student Compares HHS With The Past

Homecoming! And how my school "home" has changed! My class in 1938 was the first to graduate more than 50. Our 51 seniors dominated the halls of the building which is now the old part of Stanton Junior High.

We traveled through dust storms to boys' and girls' basketball tournaments; we attended debate meets; we rode special trains to football games at far-away locations like Dalhart.

We had Senior Kid Day in the snow on May 1st; we took a senior trip to Carlsbad Caverns; we cried through Class night with its elaborate presentation of the history, prophecy, and will; and we graduated before a capacity audience to become alumni of Hereford High.

From our day when the curtain on the auditorium stage was covered with local advertisements and when no more than a dozen students cars parked beside the faculty vehicles, Hereford High has grown a great deal in size, facilities, and curriculum.

That very growth, that progress, typifies our school. We have not rocked along, resisting change until it has been forced upon us. We have anticipated the new and welcomed the improvements which have kept

Annual Supper Is Included In Homecoming Activities

Oct. 25 is the date which has been set for the Annual Supper. Each year the Annual Supper is held in order to raise money for the annuals. The price of annuals will go up if not enough money is made, said Mrs. Viola Chisholm, annual sponsor.

This year the Annual Supper is to be one big affair by combining all four classes in HHS.

One girl from every class will be chosen as queen candidate, to represent her class. Votes will be determined by the amount of money raised by the students. It will be done on the basis of one vote per penny. The winner is not revealed until Stunt Night which is presented

by the Annual Staff. Every class must pay one-fourth of the food bill for the supper. Classes may have food donated. Each class must also be responsible for one-fourth of dessert, such as pie or cakes. In all there will be 50 pies and 15 cakes from each class.

The help needed in serving will also come from the classes. Ten people from each class will be serving at one time and will help for one hour. No large donations of money will be accepted from any class.

Each class may pay for food in two ways. They may take money from the proceeds that are made from selling tickets or they may have class dues. If

money is taken from class dues each student will be required to pay his share.

The supper will be held in the HHS cafeteria. Serving time will start at 5 p.m. and will end by 8 p.m.

Cost of supper will be: adults, \$1.50 and children, .75 cents.

Friday night the Whitefaces meet the Phillips Blackhawks in Whiteface Stadium. It is the conference opener for both teams. As they say, "This one is for all the marbles."

It is Homecoming for Hereford and a large crowd is expected to be on hand for the Homecoming activities, the high light of which will be the crowning of the Football Queen for 1963. The queen and her four attendants were chosen by the football team last Friday.

It has been a long time since the Whitefaces have lost a Homecoming game. In the past three seasons the Herd has scored Homecoming victories over Roswell, N. M., Olton, and Lamesa. Hereford was supposed to be the "underdog" in the tilts with Roswell and Lamesa.

In the Phillips game the Whitefaces will be out to even their season record. The Herd (Continued on page 3)

Seniors Given Air Force Tests

The Air Force Qualification Test was given to the senior class Mon. Oct. 14. Explaining this aptitude test to the seniors were Sergeant James M. Moon Jr. and Sergeant Weale, of the U. S. Air Force Recruiting Office in Amarillo.

AQE is designed to evaluate personnel in terms of abilities of aptitudes, including ten different curriculum areas. They are the following: clerical matching, numerical operations, pattern comprehension, interpretation of data, general mechanics, word knowledge, mechanical principals, electrical information, figure recognition and technical information.

The Air Force policy of "Stay in School and Graduate" was stressed to the students taking the test.

AS A CLASS PROJECT, juniors are selling mums for Homecoming. Participating in the mum sale are class members, from the left, Sharon Tinnin, Joan Marnell, Tim Gearn and Terry Hill. The sale is one of the projects which the class sponsors in order to raise funds for the annual Junior-Senior Banquet. Today is the last day that orders may be placed. (Brand Staff Photo)

Junior Class Ends Mum Sale For Homecoming

"Buy your date a mum for the homecoming," urged many signs around the halls of HHS this week.

"The last chance to buy a mum will be Thursday," said Mrs. Jane Westberry, junior class sponsor.

The junior class started selling mums for the homecoming Monday.

"We didn't even know if the junior class would go ahead and sell mums this year until last Tuesday," commented Mrs. Westberry. "Until that time, it was not known if the order of mums could be filled."

The large-flowering chrysanthemums have maroon H's in the middle. Mums representing the football boys will have numbers in the center.

It has become the custom or tradition for the junior class to sell mums, for Whiteface homecoming. Last year the junior class sold about a hundred.

Money raised by the sale goes into the fund for financing the Junior-Senior Banquet.

categories, such as natural science, literature, reading, math, and other subjects will be tested by this test.

The Combination Achievement and Ability Test will be taken by the freshmen on Oct. 28 and 29. The score can be used to predict future grades for the freshmen, and also assist teachers in knowing if a student is working to the limit of his capacity.

The Differential Aptitude test for sophomores will be given on Oct. 30. This test helps teachers and students understand the student's abilities better.

The purpose of all these tests is to measure the student's aptitude. Aptitude is simply the capacity to learn.

Southern School Assembly Given By Accordionist

Mr. Don Comfort, concert and popular accordionist, presented the Southern School Assembly to HHS students on Oct. 18.

Featured in the program were popular, ballad, novelty and classical music. Also featured was the electronic accordion.

Comfort has appeared on radio, the stage, and television and has presented over 3000 school assembly programs.

Information obtained from these tests can help the student make many kinds of decisions: "What courses should I take next year? What about courses for the year after? Should I take more math and

Seniors Select Candidates For Queen Contest

Candidates for the Annual Queen were nominated Tues. Oct. 25 during the senior meeting. This was the first meeting to be held at HHS this year.

Nominees were Carolyn Aven, Linda Lee Hart, Ronda Neff, Connie Renfro, Christine Skypala, Judy Wiman and Lou Ann Witowski.

Lou Ann Witowski was chosen Annual Queen Candidate for the senior class.

Mrs. Billye Buck, sponsor for senior class, informed seniors about the annual supper. A vote was taken whether or not to pay for food out of proceeds or whether to have a class dues.

It was decided by the students to have a class dues and everyone has to pay his share.

Other teachers who are also sponsoring the seniors are Mr. Joe Smith, Mr. Alvin Smith, Mr. Donald Farmer, Mr. James Balch, and Miss Jean Collard.

science? How about foreign languages? What careers should I consider?" commented Mr. Robert Thompson, HHS Counselor.

Some of the answers to these questions will probably be guesses or estimates, but still the soundest guesses possible are preferable.

"Come down and see these tests if you want to," urged Mr. Thompson. "After all, what's the use or good of taking these tests if you don't know the score you made on them?"

Essentially, these tests are intended to predict future performances. The authors of these different aptitude tests believe that they do this well enough to deserve the serious and thoughtful consideration of every student who is planning his future studies and career, the counselor or concluded.

HHS Students Attend National FFA Convention

Over 2000 boys gathered from every state in the nation, except Alaska, at the FFA National Convention held in Kansas City, Mo.

The convention was held from Tuesday Oct. 11 until Friday, Oct. 14. The two delegates from HHS were Gary Royal and Billy Johnson. They stayed in the Muehlebach Hotel. Area 1 paid Gary's expenses, and Hereford FFA chapters paid for Billy's expenses.

The convention's main goal was to promote a better understanding of the national organization.

Main speakers of the convention were mayor of Kansas City, the Governor of Maine, and Secretary of Agriculture Orville Freeman.

Billy and Gary saw the installation of new officers of the National Future Farmers of America.

Gary Royal stated: "I think that attending the national convention helped me gain a better knowledge of the FFA organization. After attending such a large convention as this, it made me more interested in FFA and want to strive for higher goals."

If one had attended a football game in 1927 very likely the cheerleaders would be leading the students in this yell.

Also the Pep Club would be helping the cheerleaders. This is one organization that does not exist in HHS today. The motto for the class of '27 was "B2" which could be translated into various meanings. The seniors of 1963 chose as their motto "A Man With God is Always in the Majority." It is quite evident how a passing of time can bring about a change of ideas.

It is always fun to talk with someone who graduated before or after your class did to see how different school is. Even more fun than this is reminiscing with someone out of your class who graduated with you.

Homecoming at HHS gives one the opportunity to see old friends and meet new ones. It is a time to talk over the "good old days."

We, the students of HHS, wish to extend our warmest welcome to the grads of years passed and hope that this is the best homecoming ever!

HHS Teacher Has Varied Careers Earning Degrees

Busy, Busy, Busy, Busy - these four words are for each of the four classes at HHS.

During the past two weeks, there's been a lot of mid-night oil burned as students haven't been able to get home until late because they have been working on various school or class projects.

Afternoons, students are seen gathering at the Community Center to work on homecoming float decorations. By the way, thanks are extended to all the students who worked. Thanks from whom? Thanks from yourself, because, remember, it was you who gave of yourself so that your school could live in school spirit.

Also, thanks to Mr. Virgil Young and Mrs. Sue Howell, who were sponsors for the construction of the float.

Nights have been spent scouring the town trying to sell tickets for the Annual Supper. The supper will be held Friday night before the ballgame. Everyone is invited.

During the past week, some afternoons have been spent gathering firewood for the bonfire, which will be held tonight. From the grapevine, (Continued on page 3)

Whiteface Staff Members Attend J-Day Program

Students from the journalism class attended J-Day at Texas Tech, Oct. 12. J-Day is a journalism workshop which lasts for one day. The annual workshop, sponsored by the West Texas High School Press Association, began with registration.

Bo Byers, Austin Correspondent for Houston Chronicle delivered the keynote address at the opening session.

After lunch a program on "What's Ahead" was presented by Sigma Delta Chi and Theta Sigma Phi, honorary journalism societies.

The end of the workshop was climaxed by the WTHSPA awards banquet and the Tech-TCU game.

Attending the workshop were members of the Whiteface Staff including Linda Higgins, Lou Ann Witowski, Christine Skypala, Betty Huckert, Linda Hart, Cynthia Seed, David Stevens, Sandra Green, Vickie Inman, Mike O'Connor, and Gerald Leatherman.

our school healthy.

With growth have come new and larger problems, of course. Parking is one which looms now. Students used to walk to school!

With all the differences, however, Hereford High remains essentially the same. Then and now, most of the students are honorable people who are proud of their school. A few provide the real spirit and leadership; the majority study hard enough to pass their courses and rally to support a major school event. A few make a full-time occupation of maintaining a negative, belligerent attitude.

Then and now, most students and faculty members are about as involved in activities as time will allow. Students complain of too many lessons and teachers of too little study.

But then and now, our school is a unit, a friendly place, scholastically a strong school, and one which her students and alumni are glad to salute, as we do at this 1963 Homecoming: "Hail to the school we love, Here's a toast to thee."

All three football teams were the guests of the Booster Club at the West Texas football game last Saturday at Canyon. They saw W. T. fall 29-14 to Memphis State. It was a miserable day for football as it was rainy and cold and the wind was blowing.

this should be an especially good one because of the keen competition between the classes.

Whether it be competition or not, the HHS student body is to be complimented on its acceptance of the responsibilities taken during the past two weeks. Let's keep up the good work.

Now, after tonight's bon-fire and Friday's homecoming activities, the students of HHS will be able to relax and have a few minutes leisure time.

TREE DEDICATED
Members of Win-One Class of First Methodist Church gathered at the Bob Wilson home Friday at 4:30 p.m. to dedicate a mimosa tree planted in the front yard of the Wilson home two years ago by the class. The tree was planted in memory of Mrs. Wilson's mother, Mrs. Falkner, who was an active member of the class before her death. The theme of the service, conducted by the Rev. Herschel Thurston, was from Psalm 1: "He shall be like a tree planted by the rivers of water that bring forth his fruit in his season; and what so ever he doeth shall prosper."

Poll Tax Repeal Will Not Cut State School Funds

School people have inquired whether passage of the constitutional amendment on Nov. 5, removing the poll tax as a requirement for voting, will cut down on State aid to schools. The answer is "no."

Dr. D. Richard Bowles of Austin, former president of the Texas State Teachers Association, says repeal of the poll tax will not harm public schools financing since the levy provides only three-tenths of one per cent of State aid to local schools.

He noted further that the Amendment does not call for cancellation of the poll tax. It merely removes it as a requirement for voting. He added that the law is written so that if a school district lacks anything toward its minimum program, "it will be automatically made up from the Minimum Foundation Fund."

"School people who feel that the poll tax should be removed as a qualification for voting should have no hesitation about voting for Amendment No. 1 on November 5," Dr. Bowles said.

ALCOHOLISM RATE HIGH
Educating the public on alcoholism and trying to give aid to alcoholics is a very difficult job. But it is one to which the six-member Texas Commission on Alcoholism and its director, Macon W. Freeman, are devoted.

It is estimated that there are close to 6,000,000 alcoholics in the U. S. with some 200,000 of these in Texas. Freeman says the alcoholic tries to hide himself. His family and friends try to shield him. Together they succeed so well that most people think he's buried on skid row.

"About three per cent are on skid row. But more than 50 per cent are your neighbors," said Freeman. "They have good jobs. But they are disturbed and their families are disturbed."

He said that for every 100,000 alcoholics who are rehabilitated, another 250,000 get sick. Ministers, doctors, nurses, social workers, Alcoholics Anonymous and just plain interested citizens are working just that much harder to combat the disease. He said an estimated 50 to 75 per cent of "identified" alcoholics can be cured.

Texas Commission on Alcoholism works for education and rehabilitation through cooperation with other state agencies, and with some 50 community councils on alcoholism.

TEXAS IS AVIATION MENDED
Texas provides more airports for civilian aircraft than any other state. A recent survey shows that Texas has 621 civilian and joint-use airports. California, which follows second, has 595.

However, California leads in the number of aircraft—12,073—while Texas' civilian aircraft total is 7,325. Aviation is the subject of a lot of talk among state agencies.

Texas Industrial Commission added a licensed pilot to its community coordinator staff. Two flight safety supervisors with the Texas Aeronautics Commission—John G. Uranga and Laddie J. Roark—are conducting flight safety courses this month in Graham and Breckenridge.

State Legislative Council is making a study of the possibility of a state agency aircraft pool.

FARKS FULL VISITORS
Texas' 46 parks drew 7,200,000 visitors during the 1962-63 fiscal year. That's an all-time

high, according to J. Weldon Watson, executive director of the Parks and Wildlife Department.

Of 2,200,000 autos checked, 112,932 were from out-of-state. McKenzie Park near Lubbock attracted the most visitors, with 1,800,000, closely followed by Garner at Uvalde with more than 1,000,000, and Huntsville with 614,335.

Garner Park was first in campers with 172,063. Huntsville had 55,210 and Lake Lake 25,511. Parks with more than 25,000 campers included Lake Brownwood, Palo Duro Canyon, Pecos Kingdom and Tyler.

STUDY COLLEGES
Commission on Higher Education points to the need for top physical facilities, sound undergraduate programs and weeding out of course duplications at new Angelo (San Angelo) and Pan American (Edinburg State) colleges.

Commission approved graduate programs at the University of Texas Graduate School of Biomedical Sciences at Houston. But it declined to take any action on a second request for two new doctorate programs at Texas A&M.

Dr. Joaquin Gonzalez Cigarroa Jr., Laredo physician, was sworn in as a Commission member. He succeeds Jack Woodward of San Angelo.

Meanwhile, the Governor's Committee on Education Beyond the High School, which is studying college needs, received a set-back. Its executive director, Dr. A. B. Martin, resigned due to ill health. Dr. Martin has been on leave of absence from his job as president of Amarillo Junior College. Chairman H. B. Zachry of San Antonio said plans for replacing Martin are incomplete. Meanwhile he will remain as a member of the Committee.

PLAN INDUSTRIAL PROGRAM
Texas Industrial Commission set the stage for an expanded program after taking on three new members.

Claude Brown of McCamey, Leslie Burnett of Austin, and J. B. McDuff of Crockett attended their first session.

Ray Horton of Houston accepted appointment by Governor Connally to a new term. Chairman E. B. Germany of Dallas named Brown chairman of a finance subcommittee. He also appointed McDuff and Burnett to the Commission's subcommittee on public relations, along with John Ben-Shepherd of Odessa.

Commission ramrods the State's program of advertising for new industry to boost the Texas economy.

OIL OUTPUT OUT
Texas Railroad Commission ordered oil production for November set at the lowest point since January. Figure established was 27.5 per cent of potential. In brief that's 2,806,183 barrels daily as compared with 2,676,206 for October.

Oilmen got into a fuss at the statewide hearing. Alvin C. Hope of San Antonio questioned "self-appointed emissaries to Washington who want to bundle up our problems and drop them in the lap of the federal bureaucracy."

Stanley Wood of the Texas Landowners and Oil and Gas Producers Association said Hope was talking about him. Retired Wood: "Washington isn't interested in taking over. They are concerned with deterioration of our domestic reserves."

They want us to get our own house in order."

INSURANCE BULINGS
Insurance companies were given until Oct. 28 to submit recommended credit insurance rules after Attorney General Waggoner Carr released an opinion bearing on the \$15,000,000-a-year industry.

State Board of Insurance also announced businessmen will pay lower rates for workmen's compensation insurance coverage. Rate for manufacturing workers will be 3.7 per cent less; for the contracting industry 0.5 per cent less; for the oil industry 2.4 per cent less; and for all others 2.4 per cent less.

ESTES TRIAL SET
Court of Criminal Appeals has set for Nov. 19 a hearing on the appeal of Billie Sol Estes from an eight year prison sentence.

Last Nov. 7, a Tyler jury convicted Estes, formerly of Pecos, on a swindling charge in connection with liquid fertilizer tank deals. Estes later received a 15-year federal sentence for mail fraud in the tank mortgages.

STUDY BOOK PROTESTS
State Textbook Committee recommended 116 books for public school use after studying written and oral protests against five on economics and three on world geography.

"What we want are books that will tell the students we want small government, not big government, for sound economics," said one witness, Roger K. Harlan of Dallas.

Chairman John W. McFarland, Houston, said some of the

4-H Council's Committees Are Named
4-H Council of Deaf Smith County met Oct. 12 at the Deaf Smith County Courthouse. The meeting was called to order by Jim Higgins, after which the members elected officers for their next two meetings. Elected were Joyce Bezner, secretary, and Maura McAndrews, parliamentarian.

The council appointed county committees for important 4-H events in the coming year. Appointed were: Joyce Bezner, Lo Ann Witkowski, and Jim Higgins, Achievement Banquet committee; Nancy Smith, Rodney Goehene, and Judy Jackson, Christmas party committee; Larry Minks and Charles Atchley, Livestock Show; Maura McAndrews, Edward Hammet, and Margaret Minks, Share the Fun Festival; Jon David Miller and Cynthia Hanna, County Contest; Dorothy Marnell and Billie Goettach, bake show; Cynthia Beene and Joette Hanna, Dress Revue; Nancy Minks, Favorite Food show; Joel Williamson, Tommy Betzen, and Joyce Bezner, enrollment committee.

Following adjournment of the business meeting, the 4-H Banquet Committee met with the 4-H Banquet Leaders' Committee and made plans for the annual 4-H Achievement banquet to be Nov. 11 in the high school cafeteria.

Those attending the meeting were: Cynthia Beene, Charlene Weaver, Nancy Smith, Teresa McAndrews, Edward Hammet, Judy Jackson, Rodney Goehene, Charles Atchley, Jon David Miller, Joyce Bezner, Jim Higgins, Mrs. Jeane Beene, Mrs. Frank Robbins, and Mrs. A. J. Bezner.

objections indicated a lack of understanding of the maturity and thinking level of present-day high school seniors.

In its final vote, the committee recommended only two books which had drawn protests.

STUDYING DEPARTMENTS
Governor Connally is paying a series of visits to State departments and agencies, studying their problem first hand.

Purpose is to establish better lines of communication between the divisions and his office.

Says the Governor: "We need to articulate what our problems are."

DROUGHT WORRIES
Major Texas reservoirs were less than two-thirds full last month, compared with 79 per cent in September of 1962, the Texas Water Commission reports.

"The drought is not like that of the 1950's, however," says State Agriculture Commissioner John White. "Normal rains in the fall and winter and next year would make this year's deficit incidental." White feels, "But if it's dry again next year, Texas could be in another major drought," he warns.

Engler Speaks On Citizenship To 4-H Boys
Dawn Boys' 4-H Club met Oct. 14 at the Dawn School House. The main part of the program was a speech given by Mike Engler on citizenship. Hosts for the meeting were Paul English and his parents, Mr. and Mrs. Lester English.

The meeting was called to order by Thomas Betzen, which was followed by business. Mrs. Earl Plank suggested that the boys contribute money to the state 4-H Foundation.

Jack Thomas presented a film, "You and Your Family" to the boys, and Jon David Miller gave a report on the 4-H Council meeting.

Members present for the meeting were: Gary, Sam, and Ted Richardson, Mike English, Thomas Betzen, Paul Kevin, Stephen Hoffman, Kevin, Stephen, and Neil McAndrews, Jon David and Dion Miller, Wayne and Glen Poland, Jack Thomas, and Gerald Witkowski. Ricky May is a new member.

Guests at the meeting were Clarence Betzen, Mrs. Engler, Mr. and Mrs. Lester English, Mr. May, Mrs. Tony Hoffman, and Phyllis Richardson.

Leaders present were Mrs. Earl Plank and Mrs. H. H. Miller.

Happy Hustlers Tour Grain Firm
Happy Hustlers 4-H Club met Oct. 17 at the Community Center. The boys had an electrical wiring demonstration given by Jon David Miller and Robert Galley, both of the Dawn Boys' 4-H Club.

Following the program, the boys went on a tour of Pitman Grain Co. to learn how grain is processed as it goes through the elevator.

Members present for the meeting were: Gary Cotton, Charles Atchley, Joe Smith, Bill Cole, Tommy Mars, Larry Lance, Tom McGowen, Steve Robbins, Rodney Douglas, Mike McGee, Rodney, Gary, and Dennis Goheen.

Leaders present were Mrs. Floyd Cole and Mrs. Frank Robbins.

Progressive HD Club Reports Recent Meetings

Progressive Home Demonstration Club met Oct. 1, in the Community Room, First National Bank, and Oct. 15 in the Community Center Clubroom. Mrs. J. D. Gilbert Jr. was the presiding officer at both meetings.

The state constitutional amendment on the poll tax was discussed by Mrs. Darrell Thomson at the Oct. 1 meeting.

She explained that the poll tax is divided in three ways: \$1 for public schools, 50 cents for the state government, and 25 cents for the county for election expenses.

During the business meeting, the council report was given by Mrs. Taft McGee. Mrs. P. L. Carmichael was appointed to the recreation committee. The club constitution, by-laws, and policies were read, and Mrs.

Dodson, Rose Head 4-H Club In Public Speaking
4-H Public Speaking Club met Thursday, Oct. 17, at Deaf Smith County Courthouse. The meeting was called to order by the presiding officer, Darrell Rose. Hostess for the meeting was Mrs. Alvin Smith.

The meeting was the first subject-matter meeting for the group. The club was divided into two groups, junior and senior. Virgil Dodson will head the junior group, and Darrell Rose will serve as leader of the senior group.

The next three meeting dates were set. They will be Nov. 5, Nov. 19, and Dec. 3.

Don Chaney, representing the Toastmasters Club in Hereford, spoke on the Toastmasters and the requirements for the club and how it operates. The 4-H Club was invited to Toastmaster meetings before deciding on subject matter.

Those attending the meeting were Jo Ann Marnell, Joel Williamson, Lou Ann Witkowski, Maura McAndrews, Tommy Bezner, Alice Beene, Nancy Smith, Carol Clearman, Theresa McAndrews, and Joyce Bezner.

Adult leaders at the meeting were Mrs. Alvin Smith, Darrell Rose, and Don Chaney.

Carmichael and Mrs. H. L. Hershey were appointed to rewrite them.

The program for Oct. 15 was presented by Ray Simpson and Albert Farris from Deaf Smith County REA. In discussing their topic, "Resuscitation," they showed a film, "Pulse of Life." They then demonstrated resuscitation techniques and gave each club member an opportunity to practice the method.

Council committee recommendations were read and accepted as read during the business meeting, it was announced, will be Nov. 5 in the home of Mrs. Carmichael.

Those present at the Oct. 1 meeting were Mrs. Fred Autry, Mrs. Tom Melugin, Mrs. C. V. Burges Sr. Mrs. Dale Hallows, Mrs. Darrell Thomson, Mrs. J. D. Gilbert Jr., Mrs. P. L. man's work

Christ made the laboring man a great promise. The proclaiming of Labor Day as a national holiday might not be a coincidence after all. In St. Matthew, the Lord promised rest to all those who labor and are heavy laden. Thus the National Holiday was set aside in respect to all those who work together to make our nation strong and free. *God is on the side of the working man, but He has no use for the nonproducers—the drones—the sluggards—the usurpers.* In Corinthians, He makes it very plain that every man shall receive his own reward, according to his own labor. Then, let us not gloat over past accomplishments. Let us put our shoulders to the wheel for greater achievements. As we honor our working women and men, let us reflect on all the good fortunes of every American laborer. And may we reverently think on God as we celebrate, as we pay our respects, for we know, *a man's work is born with him.*

Letter To The Editor

EDITOR: In January of this year I talked to one of your fine citizens of Hereford, he was Clint Fornby, owner of your local radio station. He told me he was disturbed because he had been asked to be lay speaker for the First Baptist Church of Hereford on Easter Sunday due to the pastor being in Japan. In a later letter from Clint he informed me he had decided to speak in the morning service, but he was afraid. After getting this letter I was afraid no one would come and hear Clint, so I decided to help him out a wee bit.

One Hundred engraved invitations were made up and mailed to Clint's personal, business and political friends inviting them to the morning service. As an after thought we also included on the invitation "Open House at the Fornby's from 3:00 to 5:00 Sunday afternoon." I called your newspaper and had you run an ad asking people to come to the Sunday morning service and had you send the bill to Mr. Marshall Fornby in Plainview, Texas.

A few days later we had a letter from Clint which stated in part "I AM THE VICTIM OF ONE OF THE MOST GIGANTIC HOAXES KNOWN TO MAN. Imagine my surprise last Friday morning when I opened a nice letter from L. Governor Preston Smith stating that he would be unable to attend the Easter Services and open house Sunday due to previous commitments. I also received a letter from President Kennedy, a telegram from Vice-President Lyndon Johnson and letters from Ralph Yarborough, Waggoner Carr, Jon Connally, and many letters and telephone calls from neighbors, Texas Tech friends, Chamber of Commerce and local political dignitaries saying that they had made arrangements to be in town or for some reason would not be able to be with us Easter Sunday. Friend, we were shook! Margaret and I decided to get lost, so after services we put a note on the door that we would not be home, then after services we put up that afternoon in a local motel. I think Marshall's law friends and a Chamber of Commerce friend or two are the culprits, but I do not know for sure."

After this letter Clint will know the culprit, but he is a very dear friend and I think you will agree a dedicated Hereford builder. We wanted to share this practical joke with his many friends, AND, Mr. Editor, if you will send us a bill for the ad Marshall Fornby probably refused to pay, we will send you a check.

Home Economists Demonstrate Use Of New Kitchen Equipment

By Dale Stevens
Brand Foods Editor

When a family buys or builds a new home or purchases a new kitchen range, the home economist service of the gas or light company will come to the home to demonstrate the best use of the new equipment.

Mrs. Herman Paetzold, who moved into her new "Blue Flame" home in September, was visited last week by Mrs. Rosemary Lawsader and Mrs. Carol McMeans, home economists with Pioneer Natural Gas Company. They discussed with Mrs. Paetzold cleaning techniques, the use of the "burner with a brain," a thermostatically-controlled top burner, and the use of the oven.

When using the rotisserie, they instructed Mrs. Paetzold, the meat should not be seasoned until the last 30 minutes. The lower the temperature and the longer the cooking time, the juicier the meat will be. The meat, they continued, will be self-basting. They recommended chicken, rolled rib roast, and boneless ham for rotisserie cooking.

The oven door is closed for broiling in a gas oven, they

continued. For a broiler meal carrots, onions, and potatoes can be placed in the broiler pan, and, as the meat cooks, the drippings season the vegetables. Sticking can be avoided, they said, by placing the meat on a cold pan. For easy cleaning Mrs. Lawsader and Mrs. McMeans recommended sprinkling detergent and a little water over the broiler pans and covering with paper towels, letting them stand until clean-up time.

The recipes which follow were selected from "Kitchen Tested Recipes from the Flame Room" for September and October and from "Complete Oven Meals," a pamphlet compiled by the Home Economics Kitchen of Robertshaw Controls Company, which were presented to Mrs. Paetzold by the home economists.

OVEN MEAL
350 DEGREES 1 HOUR
HAM WITH RAISIN SAUCE
SQUASH, MARSHMALLOW,
APPLESAUCE CASSEROLE
PIMENTO MUSHROOM
RICE
HAM WITH RAISIN SAUCE
2 Ham slices - 1/2 in to 1 in. thick.
1/2 cup brown sugar
3 tablespoons cornstarch

1 1/2 teaspoons dry mustard
3 tablespoons vinegar
3 tablespoons lemon juice
1/2 teaspoon grated lemon rind
2 1/2 cups water
3/4 cup raisins
Trim any skin or excess fat from ham slice. In a saucepan mix brown sugar, cornstarch and dry mustard. Slowly add vinegar. Add lemon juice, lemon rind, water and raisins. Cook and stir over medium heat (on top burner control at 225 degree) until thickened and clear. Arrange ham slices in single layer in baking pan. Pour sauce over ham. Bake covered in a preheated 350 degree oven for one hour.

Yield: 6 Servings
SQUASH, MARSHMALLOW, APPLESAUCE CASSEROLE
2 - 12 ounce packages frozen squash
1/2 cup butter
1 teaspoon salt
1 cup applesauce
1 cup miniature marshmallows
Place frozen squash in 1 1/2 quart casserole. Season with the butter and add salt to taste. On top of squash arrange spoonfuls of applesauce. Top with marshmallows. Bake in preheated 350 degree oven for one hour.

Yield: 6 to 8 servings
PIMENTO MUSHROOM RICE
1 1/4 cups converted, long grain rice
1 teaspoon salt
2 1/2 cups boiling water
4 tablespoons butter
2 beef bouillon cubes
1 tablespoon dehydrated onion
1 chopped pimento
1 small can whole mushrooms
Grease casserole. Add rice, salt, butter, pimento and mushrooms. Dissolve bouillon cubes in the boiling water and add onion. Pour over rice mixture. Cover tightly with foil. Bake at 350 degree for 1 hour.

Yield: 6 to 8 servings
OVEN MEAL
375 DEGREE 1 HOUR
BREADED PORK CHOPS
PECAN SWEET POTATOES
APPLESAUCE RAISIN CAKE
6 rib pork chops - 1 inch thick
2 eggs slightly beaten
1 cup bread crumbs
1 teaspoon salt
Shortening for frying
Dip pork chops in beaten eggs, then in seasoned bread crumbs. Brown chops in 1/4 inch hot melted shortening (350 degrees setting on top burner control) until a rich golden brown on both sides. Arrange in single layer in large baking pan. Cover pan with aluminum foil. Bake in preheated 375 degree oven for one hour.

Yield: 6 servings
PECAN SWEET POTATOES
1 1/2 tablespoons cornstarch
1/2 cup light brown sugar (firmly packed)
1/4 teaspoon salt
1/3 cup butter
1 1/4 cups orange juice
1/2 cup pecan halves

2 cans (1 lb. 7 oz.) syrup packed sweet potatoes, drained.
Combine cornstarch, brown sugar, salt, butter and orange juice; cook until thickened and clear (on top burner control at 212 degrees). Arrange potatoes in a 1 1/2 quart casserole; top with pecan halves. Pour sauce over casserole; cover. Bake at 375 degrees for one hour.
Be certain aluminum foil cover does not contact sweet potatoes or they will darken in color.

Yield: 8 servings
APPLESAUCE RAISIN CAKE
2 - 13 1/2 ounce boxes of Applesauce Raisin Cake Mix
Eggs
Empty into mixing bowl two boxes of Applesauce Raisin Cake Mix. Add eggs and water according to directions on the package. Beat for 3 minutes at medium speed. Pour into wax-paper-lined small size (9 in. x 3 1/2 in.) angel food cake pan. Bake in preheated 375 degree oven for one hour.

Top with Hard Sauce.
HARD SAUCE
1/2 lb. soft butter
2 cups sifted confectioners' sugar
2 egg yolks.
Any desired flavoring
Cream together all ingredients until light and fluffy.

DEMONSTRATING THE USE OF THE gas burner unit for Mrs. Herman Paetzold, left, are Mrs. Carol McMeans, center, and Mrs. Rosemary Lawsader, home economists with Pioneer Natural Gas Company. Mr. and Mrs. Paetzold and their four children, Ronnie, 16, Linda, 13, Danny, 9, and Jean, 6, recently moved into their new "Blue-Flame" home. (Staff Photo)

Mrs. Wingrove Is Hostess For Victory Class

Victory Sunday School Class of the Avenue Baptist Church met Thursday, Oct. 17 in the home of Mrs. Guy Wingrove. The opening prayer was led by Mrs. Marvis Southward.
Members responded to roll call with household hints. The business meeting and installation services were conducted by Mrs. Billy Wall. The friendship

circle was formed, the members sang "Blest Be the Tie," and Mrs. Clois Kemp led the closing prayer.
Those present were Mrs. Jay Daniels, Mrs. C. E. Coleman, Mrs. G. W. Duncan, Mrs. Lee Roy Rickman, Mrs. Johnny Townsend, Mrs. Marvis Southward, Mrs. Luther Baxter, Mrs. Clois Kemp, Mrs. Billy Wall, and the hostess.
The next meeting will be Nov. 21 in the home of Mrs. Jay Daniels. There will be a salad supper and a program featuring a floral arrangement.

Now... new name, new size, new style, new spirit, new car!

Only this could come between Chevrolet and Chevy II. The Chevelle is a highly polished car on a trim 115-inch wheelbase. With its weight down in the 3,000-pound range. All of which makes it a sweet-handling, easy-to-manuever automobile.
But it's roomy and relaxing inside, with the kind of ride you'd expect in a bigger car. And it's styled with a lively grace and refinements (note the curved side windows and pillars, for example) that make its modest price all the more remarkable.
A neat trick? We agree. But not so difficult really when you have the skills of seasoned Body by Fisher craftsmen to draw upon.
And the advantage of Full Coil suspension developed by the same engineering talent that came up with the Jet-smooth Chevrolet's ride. And that irrepressible Chevrolet spirit in a choice of four engines—V8 or 6—including optional-at-extra-cost versions all the way up to 220 hp. Small wonder this one turned out the way it did.
Did we say one? Actually there are 11 models—wagons, sedans, sport coupes, convertibles—in three series.
Even some cars that have been around for quite a long time don't give you a choice like that.
Sound like something you ought to check into further? Consider this your invitation for a real hood-raising, door-slammng, seat-bouncing, wheel-turning time of it at your Chevrolet dealer's.

New Committee Officers Are Elected At Meet

By Argen Draper
The County Program Building Committee met as scheduled on Monday. The reports were good and officers were elected. The officers for next year are Sam Morgan, Mrs. Dyalitha Benson and Mrs. Earl Flank. Mrs. Bess Werner and George Jones were re-elected to the Executive Committee.

Last week I wrote the Loveless Book Store in Wichita Falls for some inspirational books that I need for a program. When the reply came it was signed by J. C. Boyd Jr., owner of the book store. He added this P.S. "I was born in Hereford, Texas, November 2, 1916 when my father (same name) was pastor of the Baptist Church there." A number of you will remember the Boys.

This release came after the 4-H Dress Revue in Dallas. Lou Ann Witkowski could probably tell us more about Mrs. Southworth.

The elegant casual look dominates the fall and winter fashion picture for 1963. Mrs. Jessie Southworth, Dallas fashion commentator, told 4-H Club girls, their agents, leaders, parents and friends at the recent Texas 4-H Dress Revue.

"This is a season for dressing down rather than dressing up. The sportive look is being adapted to ensembles for many occasions," Mrs. Southworth, who is fashion coordinator for Sanger-Harris of Dallas, said. She has served as commentator and director for the 4-H Dress Revue for a number of years.

Young Farmers Plan Annual Awards' Dinner

Young Farmers Chapter here will name its most outstanding young farmer and pick the "workhorse", the man who has contributed most to the chapter at the organization's banquet at Raney's Saturday night, it was announced this week.

The two awards to be given are presented by Southwestern Public Service Co., and Pioneer Natural Gas.

Speaker for the occasion, says Earl Res, will be one of West Texas' most popular after-dinner speakers, C. L. Key, Lubbock. He is vice-president for public relations at Lubbock Christian College.

Key received his bachelor's and master's degrees from Eastern New Mexico University, Portales, N. M., and has done graduate work at the University of Colorado and Texas Tech.

Key is a member of the Southwest Rotary club in Lubbock, is an active member of West Texas Chamber of Commerce and is on the speaker's bureau for Lubbock's Project Alert, the WTCO speaker's bureau, the National Association of Real Estate Board's speaker's bureau, LCC's speakers bureau, the Y-MCA model legislator's bureau and the Lubbock Chamber of Commerce speaker's bureau.

During the past year he has made more than 350 addresses to civic organizations, P-TA, youth banquets, Chamber banquets, Texas Press Association, West Texas Press Association, the New Mexico state convention of American Legion, the Farm Bureau, Boy's and Girl's State of New Mexico, and many other organizations, Res says.

Key was awarded the George Washington medal of honor by Freedoms' Foundation at Valley Forge for his speech, "The Battle Ahead."

VISITS IN NEW YORK

Mrs. A. L. Manjeot has returned from a visit with her daughter-in-law, Mrs. Lloyd Howton Manjeot, and her children in Cornwall, N. Y. While there, Mrs. Manjeot went to West Point, Highland Falls, the theater and places of interest in New York City, and Sterling Forest Gardens on the Hudson River. She also made foliage tours in the Hudson Valley and the New England states. Mrs. Manjeot's Maj. Manjeot, is in Saigon as the chief supply officer for Viet Nam.

The 4-H fashion show was held on Youth Day as a special feature of the opening of State Fair of Texas. Forty-two finalists participated in the 4-H clothing achievement event this year.

"This also is a season for social dressing, and formals are long this year," Mrs. Southworth said.

Contestants in the dress revue made and modeled a wider variety of ensembles this year than last, and there were more exciting colors and interesting textures and fabrics, officials reported. The general workmanship of the garments was excellent, program leaders emphasized.

Fashions were presented according to several categories, including three-piece suit, the one-piece dress with styles varying from slim sheath lines to the shift; and the social dressing group, composed of a long formal and a basic wool dress with elegant matching coat in mohair and nylon. Many colors were included, ranging from winter whites to cotton candy pinks, and brilliant shades of blue, green, red and gold. Soft beige was another favorite color.

FREEZING APPLES
If you're wondering what to do with all these apples from the tree in your backyard — or if you'd like to take advantage of the good buys at stores and markets — try freezing some.

Apples frozen for pie or sauce will retain good eating quality from 8 months to a year.

According to food specialist in the U. S. Department of Agriculture, you have your choice of three freezing methods: a syrup pack (recommended for apples to be used in fruit cocktail or as an uncooked dessert); a sugar pack for pie apples; or an unsweetened pack for dietetics or those who prefer to sweeten to taste later.

Syrup pack — Make syrup of three cups sugar and 4 cups water. To each quart syrup add 1/2 teaspoon crystalline ascorbic acid.

Place apples directly into cold syrup in freezer container, starting with 1/2 cup syrup to a pint container. Press fruit down and add enough syrup to cover. Allow 1/2-inch space at top. Seal and freeze.

Sugar pack — To prevent darkening of apples during preparation, slice them into solution of 2 tablespoons salt to a gallon of water. Hold in this solution no more than 15 to 20 minutes. Drain.

To retard darkening, place slices in a single layer in steamer; steam 1 1/2 to 2 minutes, depending on thickness of slice. Cool in cold water; drain.

Over each quart of apple slices sprinkle evenly 1/2 cup sugar and stir. Pack apples into containers and press fruit down, leaving 1/2-inch space at the top of each pint, one-inch space for a quart. Seal and freeze.

Unsweetened pack — Same as for sugar pack, only omit sugar.

Story Of Texas Revolution Told By Mrs. Burrus

Mrs. Hershel Burrus presented a comprehensive program on the Texas Revolution at the Oct. 16 meeting of Farm and Ranch Club. She detailed the events leading to the winning of independence from Mexico in 1836, including the battles of the Alamo and San Jacinto and the massacre at Goliad. Also included in Mrs. Burrus' summary was the effort to make Texas a state.

Particular attention was given by Mrs. Burrus to the part played in Texas history of the period by Erasimus "Deaf" Smith. "After being captured twice in one day, once by the Texas army and once by the Mexican army," she recounted, "He became angry and offered his services as a scout to Stephen Austin. He later became Gen. Sam Houston's private spy and scout, and his reports caused many volunteers to join the Texas army."

After the program a poem, "The Fall of the Alamo," was read. It was contributed by Mrs. N. E. Tyler from a paper written during her school days.

Mrs. Jack Weaver was hostess for the meeting. Halloween decorations were used throughout her home and on the luncheon tables. Various Halloween "tricks" were played on members during the day. The hostess gift was won by Mrs. Glenn Burrus.

Members present were Mrs. Cliff Johnson, Mrs. W. W. Thomas, Mrs. Paul Rudd, Mrs. Phillip Miller, Mrs. Glenn Burrus, Mrs. N. E. Tyler, Mrs. Joe Waggoner, Mrs. Hershel Burrus, and the hostess.

Extension Group Selects Officers, Reviews 1963

Co-operative Extension work in Deaf Smith County took an accounting Monday and found that the year has been a good one. The program-building committee planned for the new year and elected officers.

Re-named to the executive committee were Mrs. Bess Werner, Route 4, Hereford, and George Jones, Hereford. Mrs. H. L. Hershey, Route 1, Hereford, is retiring chairman of the group.

honors at many shows, contests and fairs to bring new laurels to Deaf Smith County.

Adult work, too, saw many projects completed in such wide diversified subjects as home beautification and vegetable growing.

Girls' Dormitory Is Renamed In Honor Of Mrs. McCaslin

As part of University Observance Day in Canyon Saturday, the name of Randall Hall was officially changed to McCaslin Hall in honor of the late Mrs. Nancy McCaslin, director of the girls' dormitory from 1936 to 1954.

Mrs. McCaslin's daughters, Mrs. Jack Gilliland of Hereford, Mrs. J. A. Burrus Jr. of Clovis, N. M., and Mrs. A. D. Morrow of Aquila, her sister, Mrs. Rayburn Smith of Shamrock, and her niece, Mrs. Elba Ballew of Clarendon.

Former Students Association of West Texas.

The Hon. Preston Smith, lieutenant governor of Texas, was guest speaker for the luncheon. He was introduced by Texas Senator Grady Hazlewood. United States Representative Walter Rogers was present also.

"Because Mrs. McCaslin's name has become strongly identified with the dormitory and because the sum of Mrs. McCaslin's characteristics and abilities represents a woman of uncommon stature, we believe that she deserves the honor of having the hall she carried through a span of 18 years named for her," said Dr. James Cornette, president of the university, for the campus newspaper.

Mrs. McCaslin became director of Randall Hall during the depression years when it was a cooperative house for girls who needed to live inexpensively. As supervisor Mrs. McCaslin assisted the girls in many ways. As Dr. Cornette said at the luncheon Saturday, she is remembered by the former residents as a "firm disciplinarian, but always kind and understanding."

To represent the cooperation between laymen and professional educators in the growth of the university, Amarillo Chamber of Commerce invited as their guests for the day area school board presidents and representatives from junior college boards of regents, and Canyon Chamber of Commerce invited area superintendents and college presidents as their guests.

Honor guests for the day were

Also among the guests honored at the luncheon were former members of the West Texas Board of Regents, Henry Sears, and Mrs. Sears, and Wayne Thomas, who is active in the

—a record!—were made in award programs at the local level. To 142 of these entries, local donors are presenting awards, many winning honors also on the district, county and state level.

Deaf Smith 4-H members won more places at the district elimination contest than any other county in the Panhandle. There have been Deaf Smith County winners of national trips for the past five years, the committee was told. Eleven of the 25 clubs participated in "share-the-fun" contest and 300 persons attended the annual achievement dinner last fall. One hundred thirty also attended the county Christmas party.

Breaking down the projects in which boys participated, the committee was told that youths completed projects in beautification of home grounds, co-operatives, gardens, grain marketing, soil, water and range conservation; beef cattle, swine, field crops, poultry, public speaking, tractor maintenance, news writing, town and country business, beef cattle business, electric projects and leadership. Nineteen boys are now enrolled in citizenship and 20 in public speaking. Nine boys also are learning parliamentary procedure through 4-H club work.

The clubs staged a vegetable and field crop show this past season, a new project for 4-H here, and 161 entries were listed. Five boys attended the state 4-H roundup. Paul English was the state grain sorghum winner, and Dick Plank won the state grain marketing award. He also placed first nationally on his report of a grain market tour, the report to appear in the National 4-H news.

Steve Robbins was 4-H Wheat King at the Tri-State Fair, and four of the top 10 awards in the wheat show at that fair were copped by Deaf Smith county boys.

One youth, Larry Minks, exhibited the reserve champion at the American Royal Livestock show in Kansas City. Jon David Miller is now state alternate for the grain marketing award and trip in 1964, and Jack Thomas was first alternate in gardening. Four boys—Jack Thomas, Robert Galley, Jon David Miller and Dick Plank—were delegates to the district electric camp at Clouderot, N. M. this past summer.

Two county 4-H members, Jon David Miller and Jack Thomas, presented a demonstration for the State Convention of District Soil Conservation supervisors in Lubbock.

The 4-H boys and girls, along with adult sponsors, took part in a number of tours. Among adult accomplishments pointed out at the Monday session was a program on "family food stockpile for survival," with emphasis on wintertime emergencies Mrs. Werner told the group that five groups staged programs on meals for survival, meals prepared with out cooking facilities. She said 12 programs were given on fall-out shelters and improvising shelters. Methods of preserving foods were included in a sheet given out in grocery stores, and five canning clinics were held. During the year, too, 12 food preservation demonstrations were given.

Dorthea Prowell, chairman of the clothing committee, told of a number of clothing demonstrations given during the year, such as "sewing for the professional look," "spending the clothing dollar," and a program on little girls' dresses. A clothing consumer day, open to the public, also was observed with a meeting in the courtroom. In the future the group will consider such sewing projects as casual clothes, men and boys' clothes, college clothes and ac-

cessories.

Progress of the vegetable industry was outlined by Raymond Higginbotham, who told of the market due to develop here as a result of Campbell's new 20-acre factory near Paris, Texas. He said tests have been grown this past season to determine what types of vegetables Deaf Smith County farmers can produce for the Paris plant.

council; Mrs. A. E. Hodges, home demonstration council; Frank Ford, Jr., small industries; Luther Lesly, soil conservation district; Homer Rudd, Westway community; Earl Rae, Young Farmers; Lottie Wertheberger, safety education and Red Cross, and Mrs. L. B. Barnett, windbreak and landscaping.

Colby Conkright pointed to progress being made in the eradication of livestock's greatest pest, the screwworm. Other members of the group are: Elmo Hall, Bippus community; Marcus Latham, commissioners' court; Mrs. Louis Olson, county Texas Home Demonstration Association chairman; Bob Strain, Farmers Union; Jim Higgins, County 4-H
