## Around Town

Two representatives of the Army Corps of Engineers from Tulsa have been in Hereford since Tuesday. They are studying the preliminary preliminary report on a possible dam on the Tierra Blanca Creek. They are also studying the plan for the dam and the location of the dam. They will report to the Tulsa office later today.

A silver coffee server presented Jack Renfro by the First National Bank of Amarillo for having won the "Best Carlot Load of Bulls at the Amarillo Stock show" is on display at the First National Bank here in Hereford.

Hereford Jaycees will complete their regular calling of every member in the book in an attempt to sell poll tax receipts tonight. They have four pages yet to call.

## Mail To Have Shower Baths

The County Commissioners' court Monday voted to accept a low bid offered by Robert Thompson Inc. for the purchase and installation of plumbing equipment for the county jail.

Only two bids were offered for the placement of one prison-type lavatory, two prison-type showers and two 32x32 metal show-stalls for the jail cells. Thompson's bid was low at \$65.26. The other bid, by Bullard Plumbing was \$769.

The installation will take place as soon as the special ordered items arrive from the factory. Bids were asked by the court at their last regular meeting Jan. 26. Sheriff Charles Skelton said the procurement was necessary.

THE COURT also accepted the best offer for the 1956 Chevrolet previously used by the Sheriff's office, which was replaced with a model in Dec. Milburn Motor was the highest offer, \$875. Other offers were made by Pete Guinn Motors, and by Warren Bros. Motor Co. Commissioners were informed must name the voting judges at their next regular meeting for the oncoming election.

## Ottie Massie To Run For ReElection

Announcing his candidacy for re-election as commissioner of precinct two, Otis Massie became the first person to file for a county office in the July Democratic primary.

In his letter, Massie said: "Being fully aware of the responsibilities of the office, I wish to announce my candidacy for re-election to the position of commissioner of Precinct No. 2, of Deaf Smith County, subject to the action of the county court on July 26th. I have served one term in this office, and during my tenure I have made an honest effort to work for all the people of the precinct, rather than only those who are residents of Precinct 2. I will appreciate your support in the future primary, and pledge myself to continue to work for the best interests of all of Deaf Smith County if I am returned to office."

## Mims Heads Hospital Board

DEAF SMITH COUNTY Hospital board members in their first meeting of the year elected Officer Mims as president. Placed in office was Dr. A. T. Mims, president; J. T. Gilbreath Jr., secretary-treasurer; Carl Mims, secretary; and Dr. J. W. Barnett, member.

The board also voted to obtain approval from the county court on those outstanding uncollected debts owed the hospital. Of the total amount of \$10,000, 50 percent not collected for the year, five percent is considered "strictly charity cases," and will be called on by the collection staffs of the hospital.

**BARGAIN BUY**—LaNell Miller, secretary in the county tax assessor-collector's office, holds sheets of poll tax receipts not yet issued. She will be one of those selling the receipts until midnight Friday, which is deadline for purchasing the right to vote. They are a real bargain for just \$1.75. (Staff Photo)

## 1,000 SHY Friday Deadline for Poll Tax Purchase

Tomorrow is the deadline for paying poll tax, and Deaf Smith is approximately 1,000 shy of being 100 per cent paid up for one of the biggest election years in the history of the county, according to figures from the county tax assessor-collector's office.

"We are going to keep the office open until midnight on the last day (Jan. 31)," said Assessor-Collector Dave Alexander. Eleven county offices will be up for election when the Democratic primary rolls around July 26, according to county clerk Ralph

## Meeting To Study Deep Water Test

A meeting of farmers and businessmen of the Hereford area to discuss drilling a deep test well to see if irrigation water can be found beneath the Ogallala formation will be held at 7:30 p.m. Friday in the Hotel Jim Hill.

The Ogallala formation is shallow and most wells in the area draw water from it. The meeting has been called by the Deaf Smith County Committee of the High Plains Water Conservation District.

Virgil Dodson, district committee chairman, said if the meeting agrees on the test, the well will be drilled on some farm near Hereford. Ed Dziak, county chairman, said the farmer who owns the land will pay for drilling to the depth of present wells and the rest of the money for going past the Ogallala will be provided by a community fund.

## Royalty Is Named At Band Concert

Layton Sawyer and Ella Marie Williams were named Coronation King and Queen Monday night at the high school and junior high band concert, second part of the Community-School Concert Series. Approximately 500 persons attended the concert in the high school auditorium. The program also served as the annual Coronation Concert.

Headquarters for the four organizations, the Hereford Child Study Club, El Nino Study Club, Young Mothers Study Club and La Madre Mia Study Club, will be the Jim Hill Hotel. All contributions will be taken there. Mothers' March last year collected \$1,344.24 for the March of Dimes. To date, more than \$2,700 have been collected here in Deaf Smith for the treatment of polio patients. Half of the donations will be sent into the national foundation and the remaining portion will be kept for local aid. Quota for the county this year is \$5,000, the same as raised in 1957. Paul Harvey, county March of Dimes drive chairman, said Tuesday the "Mail contributions are coming in slow, and we need to get those dime boards in the business houses full."

# Jury Gives Newman Life Sentence in Rape Trial

## DELAY SENTENCE Moran Pleads Guilty to Sex Offense Charge

Carmelo Santos (Shorty) Moran, 48, pleaded guilty to charges of committing indecent exposure and fondling a nine-year-old girl in a trial held in 69th District Court Tuesday. Judge Harry Schultz delayed decision on Moran's punishment pending a recommendation from a court-appointed investigator.

No time-limit was set on the investigation but Bruce Miller, Moran's appointed attorney, said he thinks the recommendation will be made within 15 days. Maximum penalty on the fondling charge is 25 years imprisonment and the indecent exposure charge carries a 15-year maximum term.

A 60-man jury panel, selected from the remaining of the special venire called for the Kelton Newman rape trial, was dismissed after Moran waived jury trial. Moran, a Puerto Rican, was arrested and indicted on Jan. 2 by the grand jury which was in special session for the Newman case. He had been in jail since that time in lieu of \$5,000 bond. Sheriff Charles Skelton and the girl's mother testified for the prosecution and Moran appeared on the stand in his defense. Moran said he had been in the U.S. and Hereford since 1953. He worked on a farm for one year before going to the Hotel Jim Hill (Continued On Page 2)

## Midland Man Is Given 3 Years On Check Charge

Harley L. Stone, 37, of Midland pleaded guilty to charges of felony swindle by worthless check and was sentenced to three years in state prison by 69th District Judge Harry Schultz Tuesday.

Stone had been indicted on Sept. 17, 1957, by the county grand jury but was not brought into custody until last week after he was sentenced to three years on a theft charge at Littlefield. Sheriff Charles Skelton said Stone also had received three-year sentences at Dallas and McKinney. Officers from Plainview picked up Stone Wednesday to face a worthless check charge there. He also is wanted in Amarillo on a similar charge.

All of Stone's three-year sentences are to run concurrently. Skelton said Skelton said Stone is a former bomber pilot who made 35 missions in the Pacific in World War II and was shot down twice. Stone was charged here with passing a \$171.71 worthless check to Western Auto on Aug. 13, 1957.

## Mothers' March Tomorrow

WITH THE sounding of the fire siren at 6:30 p.m. tomorrow, members of four Hereford women's clubs will start their door-to-door Mothers' March of the entire city.

In conjunction with the March of Dimes campaign now underway in the county. Headquarters for the four organizations, the Hereford Child Study Club, El Nino Study Club, Young Mothers Study Club and La Madre Mia Study Club, will be the Jim Hill Hotel. All contributions will be taken there. Mothers' March last year collected \$1,344.24 for the March of Dimes. To date, more than \$2,700 have been collected here in Deaf Smith for the treatment of polio patients. Half of the donations will be sent into the national foundation and the remaining portion will be kept for local aid. Quota for the county this year is \$5,000, the same as raised in 1957. Paul Harvey, county March of Dimes drive chairman, said Tuesday the "Mail contributions are coming in slow, and we need to get those dime boards in the business houses full."

KELTON D. NEWMAN ... after the verdict

## Jurors Out Less Than Two Hours On the Verdict

An all-male jury found Kelton D. Newman, 36, guilty of statutory rape of his 13-year-old daughter and sentenced him to life imprisonment in a 69th District Court trial here Tuesday. The jury took the case at 11:05 a.m. and deliberated one hour and 35 minutes before returning the verdict. Newman has 10 days in which to file motion for a new trial.

Two witnesses testified in the trial, Newman's daughter, Doris Elaine, who is eight-months pregnant, and Sheriff Charles Skelton. The girl was on the stand for 20 minutes Monday night and Skelton testified briefly Tuesday morning. Both were witnesses for the prosecution.

ELAINE, speaking in a composed, muted voice, told the jury she had had intercourse with her father "15 or 16 times," beginning in June, 1957, and ending in October, 1957.

She said all the sexual relations took place on the Frank Ford farm, where her father was employed, 24 miles west of Hereford.

Tuesday Skelton was questioned about a statement which Newman had signed on Dec. 23, two days after he was arrested and charged. In the statement, which District Attorney Frank McKown read to the jury, Newman admitted having sexual relations with his daughter on Aug. 17, 1957.

Newman, a stocky, balding man with a seamed face, showed no emotion when the verdict and sentence was read. His second wife and his mother, Mrs. W.H. Newman of Silverton, sat at his table throughout the trial. They, too, appeared unmoved by the jury's decision.

The life sentence was more than D. A. McKown had asked of the jury. In his summation, he recommended a prison term in excess of 50 years. Newman's court-appointed attorney, John Alkin, had asked for a maximum of 20 years. Maximum penalty for statutory rape is death.

## Angelo Reconsiders On Deputy's Post

Clay Angelo has announced he will not become a deputy sheriff but will remain as fire marshal for the City of Hereford. City Manager Dudley Bayne said Angelo's salary will not be raised and the relief man will work on weekends.

Angelo also is director of the local Ground Observer Corps and official weather observer. He will continue to hold those jobs. Sheriff Charles Skelton offered the following statement on Angelo's decision: "We were, of course, sorry that Clay did not join us in the sheriff's office."

Angelo had offered his resignation of Jan. 11 and planned to leave the city when a replacement could be hired. (Continued On Page 2)

## Members Of The Jury Were

Jack Higgins, Norman Gray, Ed Waldrep, Earl DeHart, Kenny Gearn, Tandy Legg, Jack Brown, Pete Guinn, C. R. Gandy, J. C. Williams, F. S. Drager and H. J. Edwards. Last capital case tried in this county was the murder trial of Harold Leo Roberts in March 1956. Roberts was found guilty and sentenced to life imprisonment. The case was brought from Dumas to Hereford on a change of venue. Formal sentencing of Newman will be done by Judge Schultz after the 10-day period. Newman is the father of four (Continued On Page 2)

# Herd in District Tie, Thump Dumas, 54-50

Hereford's Whitefaces rammed their way back into contention for the District 1-AAA crown Tuesday night, defeating the Dumas Demons in a tightly-contested game, 54-50, at Dumas.

The tilt was a shooting match, mostly from far outside, between the Herd's Jim Curtisinger and Johnny Cleveland of Dumas. The Demon jump shot artist topped all scoring for the evening with 23 points, but was followed closely by Curtisinger, who pounded the nets for 22.

In winning, the Whitefaces threw District 1-AAA into a three-way tie, and now stand along side with Phillips and Littlefield. All three hold 2-1 slates.

Mrs. Leo Hennington and daughter Susanne are home visiting her parents, Mr. and Mrs. Buddy Witherspoon, 807 N. Miles. The Henningtons are now living in Albuquerque, N. M.

Gene Waits of Hereford was dejected by John Young of Stinnett in the high school division heavyweight finals of the regional Golden Gloves tournament at Amarillo Saturday night.

Two tickets were given after cars driven by Raymond J. Richardson, 66, and Billy Dirks, 15, collided Tuesday afternoon at the corner of Park Ave. and Ave. C. Dirks was cited for passing at an intersection and Richardson for failure to signal for turn.

# Moisture Total Climbs to 1.77

Rain and snow Monday night and Tuesday pushed Hereford's 1938 moisture total to a puddling good 1.77 inches. Weather observer Clay Angelo measured .48 of an inch from this week's fall. At this time last year only .08 of an inch had fallen.

L. B. Lookingbill at Summerfield said he measured .51 of an inch. "The moisture helped, but the land is already wet and some of it needs to be plowed," he added.

# COMMUNITY EFFORT PUT FORTH

A DONATION was given Jaycee collector Johnny Haney as he answered a call by Mrs. H. M. Benefield, 811 N. Main Sunday afternoon during the "Radiothon," broadcast from the Hereford High School auditorium. As phone calls were

received by the Jayceettes in the auditorium, Patrolling Jaycees, with car radios tuned in to KPAN, were then told the address and the collection was made. The Jaycees collected approximately \$1,500 for the March of Dimes. (Staff Photo)

## The Hereford Brand

Hereford, Texas, Thursday, January 30, 1958

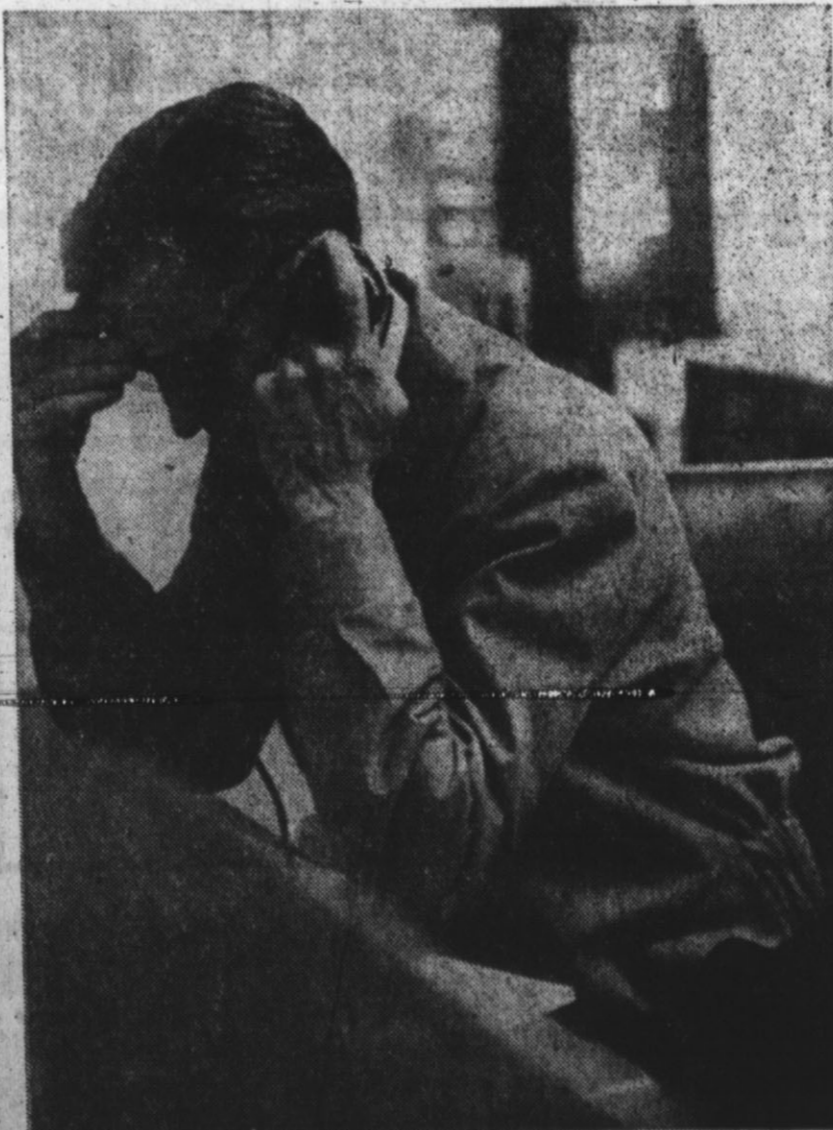

Section Two

UPPER LEFT—Little Rickie Don, son of Hereford Jaycee president, had a hard time with the strong springs which fold in the high school auditorium seats. Everytime he would lean back the seat forced his legs into an uncomfortable position. Rickie was just one of several hundred Hereford people who were packed in the auditorium during the "Radiothon." RIGHT—R. R. Willis was one of several people who gave talks over the radio during the "Radiothon" why contributions should still be given. LOWER LEFT—The girls quartet from HHS are shown singing one of their songs on the "Telethon." They are Sheron Stevens Slaughter, Emile Ann Pavlak, Sheila Owens and Carroll in Bezner. Three vocal groups from the local high school appeared on the talent parade during the afternoon. (Staff Photos)

### Deaf Smith People Respond to Call

Deaf Smith people responded Sunday with money, auction donations, talent and labor as the March of Dimes drive got its biggest push of the season from the local "Radiothon" and Amarillo's "Telethon." Lions Club members manned the telephones and collected money being donated to the "Telethon," originating over KVII in Amarillo, amounting to approximately \$250. The Jaycees and Jayceettes, sponsoring the "Radiothon" over KPAN, collected \$1,262.80 in cash and have a promise of being paid \$1 a foot for a well to be drilled on the Charles Noland farm by the West Texas Drilling Co., which is estimated to go approximately 325 feet deep. High School students phoned every number in the book asking for donations, and Deaf Smith raised \$2,512 for the March of Dimes in one day.

CHAIRMAN of the Lions Club "Telethon" phone committee Sunday was George Stambaugh. The Lions took phone call donations answering requests of the Amarillo television station KVII, and picked up the money. Approximately \$250 were collected during the "Telethon" duration by the local organization. (Staff Photo)

UPPER RIGHT—Susie Loerwald, with phone to ear, was one of several high school students who phoned every number in the directory asking for contributions to the March of Dimes Sunday afternoon. LEFT—Ray Godwin, Mayor of Hereford, appealed to the city's people to make contributions over the radio during the "Radiothon." LOWER RIGHT—The "Rock 'n Rollers" of Plainview handled the bulk of the entertainment during Sunday afternoon's "Telethon," broadcast from the high school auditorium stage over station KPAN. Keith McCormick, singing into the microphone, was assisted by the high school boys quartet, consisting of Carrol Wiloughby, Gwin Morris, Leon Roberts and Glen Reeves, on several of his songs. The Plainview group got their professional start here last year. (Staff Photos)

THE LONG AND SHORT OF IT—Texas, the land of extremes, presents its tallest and shortest county treasurers. At left is Rosa Lee Fuchs, treasurer of Washington County, who is three feet 11 inches tall and weighs 78 pounds. With her is Uphur County Treasurer Rhodie Wheeler, six feet six who tops the scales at 180. They met at a recent county treasurers' convention. Miss Fuchs calls Rhodie "Shorty." (AP Photo)

HERE'S HOW

Try Your Hand at Gingham Design on Bathroom Walls

By VIVIAN BROWN  
AP Newsfeatures

Bathroom, kitchen, dinette and hallway walls can get a new look with plastic tile. The material is ideal, too, in children's rooms where sturdy materials must be combined with attractiveness.

Unusual effects may be achieved with tile. Two or three colors can put gingham or candy stripe designs on the wall. Or perhaps you'll choose a fleur de lis pattern.

to be contrasted with a solid mass in traditional effects.

Home handy men or women may find application of wall tiles an easy chore if instructions are followed. (If you do not follow instructions or choose adhesives that are not meant for the product, you may wind up with a mess.)

Be systematic. It takes a little longer to mark off the square area you'll choose a fleur de lis pattern.

looking job. It is important, too, if you decide to do a gingham pattern to pencil in your colors before you place them permanently.

A popular wall size for tile is 4 1/4 by 4 1/4 inches. Ruling in the squares will also help you in ordering tiles. If three colors are used, you may divide the total wall area by three, adding extra tiles to allow for mistakes.

Walls must be sound and true. You can't set tile over rough plastered walls or wallpaper. Remove wallpaper first. Then use the adhesive that has been approved for the tiles you decide to use. Follow the directions for application and drying time because it varies with individual products.

After the wall is prepared, a

level line should be marked at the top of the tile at proper height, then the adhesive may be applied to the area to be worked on and combed with a trowel. There are many ways to install a covering of this sort, but one of the most common is the one that begins in the middle of the wall at the top level line. As each course of tile approaches a corner, the tiling should be stopped. After completion of a number of courses, it is convenient to place each of the corner tiles in turn down the line.

(A plan on paper is another good way to make sure your tiles come out even, when more than one color is to be used.)

These should not be cleaned until the adhesive sets. A number of special cleaners are available to

Abrasive cleaners, gasoline and dry cleaning fluids are not recommended for cleaning plastic tiles.

Cultural H.D. Club Hears Mrs. Draper

"THE FORWARD LOOK" was the topic discussed by Mrs. Argen Draper at the meeting of the Cultural Home Demonstration Club Friday in the home of Mrs. Earl DeHart.

Mrs. Draper told the group, "There are three conditions under which we will be living in the coming year: less farm income, high prices and more women will be working. We must make plans to live under a system such as this."

Among the suggestions given by Mrs. Draper which concerned the buying of clothes were plan better, be a better buyer, don't gain weight, take better care of clothing and wear clothes longer. She suggested that the women buy food by the Texas Food Standard and to produce some of their

food at home. She also said that they should learn that some cheaper foods had the same value as an expensive food.

The main thought was to keep mental health by using the systematic method of solving problems, by keeping the chin up and by always being cheerful.

During the business meeting the group decided to serve at a farm sale which is to be held Feb. 6. After reading the constitution some revisions were made.

Members present for the meeting were Mesdames C. E. Johnson, Art Lewis, Grady Parsons, Fred Wolfington, W. E. Holcomb, Pat Robinson, Edgar Telchik, Melvin Sumner, Jim Richardson, James G. Gandy, A. C. Hershey, Joe Story, Clinton Jackson, Louie Olson, Ervin Robinson Jr. and Earl DeHart, hostess.

Guests present were Mrs. Argen Draper, Mrs. S. H. Sides, Mrs. B. F. Markham and Mrs. George Parker.

Visiting in the Clint Homfeld home Sunday were the John Hortons and Alma-Mosteller and Mr. and Mrs. Dick Rich.

Recent visitors in town were the Rev. and Mrs. Ralph Odom of Snyder. They were on their way home. They had been to Michigan to visit relatives.

The Sims Study Craft Club entertained their husbands Thursday with a chili supper at the R. L. Pinnell home. Present were Mr. and Mrs. J. V. Perrin, Mr. and Mrs. Glenn Hetzler, Mr. and Mrs. M. W. Blankenship, Mr. and Mrs. Jim Cavin and Jan, and Mr. and Mrs. R. L. Pinnell.

Mr. and Mrs. Norman Jacobson and Mrs. Anna Witt spent Sunday in Amarillo with relatives. Her sister, Mrs. Henry Bailey of Quilake, has been under the care of a doctor there.

Pee Wee Burks of Arlington, Gene Sheldon and Sheldon Proctor of Amarillo were home over the weekend. The boys were members of the 1957 senior class. Also home from Amarillo were Freddie and J. W. Harris.

Mrs. Ralph Perry and Shirley Betts visited husband and father, Ralph Perry, in an Amarillo Hospital Sunday afternoon.

Mr. and Mrs. Arthur Jewett visited a brother, Wesley Story, and family in Woodward, Okla., this weekend. They were accompanied by a cousin, Doyle Spradley, of Hominy, Okla.

Several of the local 4-H club girls attended the kickoff meeting of the Deaf Smith County REA led by Sam Morgan Saturday afternoon. The demonstration was to give ideas to the 4-H groups for electrical demonstrations for the new year. Attending were Paula Creitz, Marlene Williams, Glenda Homfeld, Vickie Burns, Doris Horton, Linda Pinnell, Myrna Zarling, Mrs. Clint Homfeld and John Horton.

Attending the matched "jackpot" raffle in Amarillo Sunday afternoon were Earl, Katherine and Clinton Earl Brown and George Lotzpeich.

OIL WELL NEWS is scarce these days. Everyone in "the know" always manages to change the subject. However, the well west of town is still in the mill. Maybe they will do some more work, maybe they won't. It definitely has not been abandoned, but it still might be capped. The chances seem to be about 50-50. At least, this is the story circulating on the grapevine in late January, 1958.

If this appears bad, it is definitely no worse than the weather predicting business. Last Tuesday I wrote this column and predicted some bad weather and more snow for the following Tuesday. As you know, the front moved in Monday afternoon and the snow started falling sometime Monday night. Tom Alderson and Bill Linderman are complaining bitterly. They say anyone who cannot get closer on his predictions should quit. Back in 1956, I also warned the vegetable men about 1958 and predicted a good wheat yield. What happens? A lot of potato boys are downright mad at me, because they cannot start plowing. I hope the wheat growers are middlin' happy. Anyway, I haven't heard from any of them.

A LITTLE BREAK in the routine of things appeared this week in the Kellon D. Newman case in district court. The courtroom was not packed and jammed, but there was considerable comment about the number of women attending the trial. Many of them came with "babes in arms" and sat right on through the trial. A lot of the women ranged from 20 to 24 years of age, then the ages seemed to jump to the 45-year bracket, ranging upward in years.

Everyone got quite a laugh while they were examining jurors and asked one prospect if he had read anything about the case in the papers.

"Naw," he replied. "Nothin' but The Hereford Brand."

Wilbur Davis is a pal, though. When they asked him the same question, he answered: "Sure! Everybody around here read The Brand."

I was down Austin way the past week-end to attend the mid-winter Texas Press meeting and barely missed Marshall Formby. He left word at the hotel that he was leaving town. It all happened around 10 minutes before we arrived.

Part of the official meeting in-

cluded a reception at the Governor's Mansion Saturday afternoon. When we arrived, Mrs. Daniel graciously dispatched our two children, Sara and Buz, out to play with her two sons, John and Houston. The game was basketball and, to all appearances, things moved along ship-shape. However, on the way back, Buz came out of a deep reverie and confided with a little gasp of awe:

"You know, Daddy, those Daniel kids fight just like Sara and I. Maybe even a little bit more."

CONVENTION JOKE: A fellow approaching his sixties suddenly developed the habit of flirting with every girl he ran across, and it made no difference if his wife was present or not. One day a friend of the couple asked the wife if Joe's flirting didn't worry her a lot.

"Oh, no," replied the wife. "We have a dog that chases every car that goes down our street. But, if he ever catches one, he won't know what in the world to do with it."

Another speaker pointed out that we are living in a world of changing times. "In my cycle," he said, "we have gone all the way from itch to allergy."

Mrs. Maurice Tammill called in to remind us that the "Mother's March" is scheduled to begin at 6:30 p.m. Friday. This has always been the big money getter for polo in this area and, this year, will be conducted by members of several women's clubs. As in the past, be sure to leave your porch light burning.

THE BAND CONCERT Monday night was a big success. Despite adverse weather conditions, the high school auditorium was two-thirds filled and everyone seemed to enjoy the presentation. Even the mommas and pappas. Seems like the boys and girls improve tremendously when they are in a big group, as compared with one individual practicing when you are trying to take a nap. I heard lots of compliments floating around town Tuesday morning. Charley Bell, it seems, is doing a tip-top job.

Maybe it's a record. Maybe not. At the Commissioners Court Monday, a report on delinquent taxes showed only \$213.98 for the year, 1956; this included state, county, poll, school, road and water taxes as paid through county channels. The report also said that during the past 36 years — since 1919 — the average annual delinquency has been only \$566.33, or \$20,387.70

## Mattie Swisher Compliments County H. D.

By ARGENT DRAPER

A note from Mattie Mae Swisher, who is living in Amarillo. She is complimentary about city work in Hereford and Deaf Smith County. Her health is better and she would like for her friends to come see her. She's living at 216 South McManis Street.

This has been another busy week. Monday the club representatives met and reorganized for 1958, Council Work. Most committee recommendations were presented. Presidents serving for the first year are Mrs. Jim Perrin, Mrs. M. W. Sumner, Mrs. Bill Gilliland, Mrs. Ernest Brown, Mrs. H. L. Hershey, and Mrs. Vern Witherspoon. Mrs. Hershey, and Mrs. Witherspoon have been club presidents before.

Tuesday was a big day with the lovely morning wedding of Ada Carol Thomas, and Don Rummel. Luncheon and club at Mrs. Vern Witherspoon.

The all day meeting of the vegetable growers on Wednesday was very informative. Many more of you should have attended. I would

total for the 36-year period.

Personally, I still think we will have a lot more winter before spring comes poking around the corner, but Grant Fuller says he saw 30 robins in his back yard only a week or so ago. Kent Snare, never to be outdone, says he has been feeding 20 robins since Christmas. I don't know what this has to do with the weather, but I still say: "No matter how bad it looks, don't let your wife put your overcoat in a rummage sale — before mid-April!"

MARCUS LATHAM has come to the conclusion that Hereford business men seldom, if ever, stay on the job. In his new capacity as C-C president, Marcus started out at 8:30 Tuesday morning to see a list of 10 committee chairman. At 2:45 that afternoon, he had been able to locate only one of the 10 men.

"Farmers may not stay on the farm much," concluded Marcus, "but you can at least find them hanging out somewhere around town."

A new sales gimmick broke out in San Francisco the other day when an appliance store announced a "Free Parakeet" to everyone who visited their formal opening. As a special come-on they also added that they would give a major appliance to the first 10 people who taught the free parakeets to say, "Young Brothers." The name of the appliance store.

I also notice where they have a new \$15 valentine card on the market. It includes a wafer thin Swiss music box which plays, "Let Me Call You Sweetheart."

**STAR THEATER**  
Pawnee: In the late 1800's a wagon train labors across the barren Western plains of the Pawnee territory. A wagon carrying Tip Alden and his niece, Meg, becomes separated from the train and is sighted by Crazy Fox, son of the Pawnee Chief. Resentful of the white man's invasion of his land, Crazy Fox shoots a flaming arrow into the Alden wagon, leaving the passengers for dead. They are rescued by Pale Arrow who returns them to their wagon train. The story then comes alive with torment, savagery, romance and respite. Stars James Craig and William Talman. Booked for Friday and Saturday.  
Coming soon to the Star Theater will be these three top movies packed full of entertainment for all the family. Baby Face Nelson, with Mickey Rooney and Carolyn Jones; Hatful of Rain, Eva Marie Saint, Don Murray and Anthony Franciosa, and Don't Go Near The Water, Glenn Ford, Anne Francis, Gia Scala Keenan Wynn.

### Furniture Designs in Period of Transition

**CHEST DESK**—Dual purpose item, designed by George Nelson, has compartments for papers or wardrobe.

**GAME TABLE**—It's an ottoman when cushioned, games are kept underneath. Both pieces at Chicago home show.

AP Newsfeatures  
THERE IS a new kind of elegance evolving in the American home.  
It's evident at the Chicago furniture show, where designers and manufacturers woo decorators in their own fashion. The result this year is unique design, quite obviously a transitional period during which new materials are taking definite patterns, not being put together in a meaningless mass of wood and polish.  
The beauty of the new woods, their companion materials—metals and plastics—has lived up to the entire home furnishings picture. "Where do we go from here," exasperated remark, frequently heard at the Chicago marts during former homefurnishings shows, seems on a more pleasant conno-

tation as those who view the show look hopefully to the future.  
This age of a new kind of American look is just beginning. It would not be on its way at all without evidence of public acceptance. The homemaker has matured, and wanting individuality has encouraged designers and manufacturers to new enthusiasms.  
Traditional furnishings are still basic, and Early American furnishings perhaps the most popular style of the moment. But it is new designs and materials that are awaited with eagerness.  
Six ancient states now included in modern Yugoslavia are Serbia, Croatia, Slovenia, Montenegro, Macedonia and Bosnia-Herzegovine.

### REP. WALTER ROGERS WRITES.

## Russia Gave Advance Notice On Launching First Sputnik

To the people of the 18th District:

On Friday, Jan. 24, two subcommittees of the House Committee on Interstate and Foreign Commerce met in joint session to receive testimony concerning the National Science Foundation. The subcommittees were "Transportation and Communications" and "Health and Science."  
The first witnesses were Dr. Alan T. Waterman, director, National Science Foundation; Dr. Detlev W. Bronk, chairman, National Science Board, National Science Foundation; president, National Academy of Sciences; and president, Rockefeller Institute for Medical Research. Also appearing was Dr. Paul M. Gross, vice chairman, National Science Board; and Chairman of the Executive Committee, National Science Foundation; and vice president and dean of Duke University.

At the first meeting Dr. Waterman testified that on Monday before the first Russian satellite was launched on Friday, two Russian scientists attending a meeting of the National Academy of Sciences in Washington, D. C., stated that Russia was on the eve of launching a satellite and placing it in orbit. This statement was made in Russian and was translated into English and other languages. The translation into English at the time was a rather loose translation and indicated the Russians were on the verge of placing a satellite in orbit in the near future.

This indication prompted questions as to a specific date on which Russia expected to accomplish this. No satisfactory answers were given as to a date. This, of course, disturbed the scientists who actually had been alarmed as far back as June, 1957. However, no one seemed to take the American scientists seriously. One of the witnesses before the Committee was asked why the statements of the scientists concerning the anticipated Russian launching were not taken more seriously. The witness, I believe it was Dr. Bronk, replied in effect that this was not the only type of statement on which many people failed to take scientists seriously.  
It is important to note that this information was not suppressed, was not secret, but was public information at the time it was made;

to wit, on the Monday preceding the Friday on which the Russian satellite was launched and placed in orbit. It was indicated by Dr. Waterman that the Russian scientists at the time also pointed out the estimated course on which the satellite would be in orbit and the wave lengths on which radio signals would be beamed to the earth.  
—He also pointed out that the wave lengths on which the radio beams were broadcast from Sputnik I were not the same as those stated by the Russian scientists. However, he stipulated that this was not a breach of faith in the general understandings concerning the cooperation between the several nations during the International Geophysical Year, because Russia did notify this country of a change in the wave length.

There is much more to the story which I will try to tell later, but I give you this brief summary of a part of the testimony now, because I think it points out the tragic lack of interest on the part of this nation with relation to scientific pursuits.  
**TELEVISION**  
The subscription television hearings have produced some very interesting testimony. This situation is actually a battle between two giants of the television industry. Under these circumstances, it should have been expected that almost every possible statistic concerning this business would be utilized. Although television is a relatively new industry and unquestionably in its infancy, the complete acceptance of this medium by the American public is so clearly evidenced by the following statistics produced at this hearing:

"In the Northeast states, for example, the average television family watches television 5 hours and 8 minutes a day, while in the South the average viewing time is 3 hours and 6 minutes. On the Pacific Coast the average viewing time is 4 hours and 47 minutes. Families in small cities watch television for an average of 5 hours and 4 minutes a day; families in the largest cities, 5 hours and 15 minutes a day; and rural families for 5 hours and 1 minute a day.  
"Those with incomes over \$5,000 watch 5 hours and 2 minutes a day; those with \$4,000 to \$5,000 — the average U. S.

## Long Time Ago

### 45 Years Ago

A small size scare was pulled off in town Monday morning when a yellow flag was tacked on the front gate to a house near the high school building. A Mr. Whitechurch, a machanicist, caught the disease somewhere; he does not know, and had been sick several days, little being thought of his trouble, until the doctors and others got busy. The Scare, however, has blown over and everybody is going in the even tenor of their way.

### 25 Years Ago

G. W. Brumley, hog buyer, must believe that quantity production is a good way to overcome the low prices farmers receive for their

crops, for he continues to ship out more hogs than anyone would think were raised in the whole Panhandle. Notwithstanding the fact he shipped over 2,000 porkers the week before, Mr. Brumley sent a like number to the California markets in 13 double-decked cars this week, and for good measure sent two cars to the Fort Worth stockyards Tuesday.

The roots of the licorice plant often reach 20 to 25 feet below the surface before they are dug up to make candy and seasoning.

 Lest We Forget: "The Lord reigneth!" The King upon the holy hill of Zion is the Son, He who became incarnate, He who twice still-ed the actual tempests while He walked this earth; He who reigns over the house of the Lord forever; He before whom every knee shall bow and confess that He is the Lord. This both calls forth and justifies in the highest possible degree our faith, and makes all mistrust and unbelief an outrage against Him. To recognize His reign is the highest comfort and joy.  
 A most cordial welcome to you!

*Pointing the way*

That critical hour when every woman and every man must have counsel will surely come. How important then to have made a path to the Church and to your pastor. *Our ministers are serious and their counsel good.* They are as near as your telephone. The minister knows how to help women and men know themselves. *But better still, he knows the way of access to God.* There is no comfort like that which comes from Heaven. Why not visit your church and let your pastor show you the way, in the light and will and gracious assistance of God. Heaven is not far away for the seeking soul. Jesus said, "Seek and ye shall find, knock and it shall be opened unto you."

# Puerto Rican Fashions Hit U. S.

By DOROTHY ROE  
Associated Press Women's Editor

**LATEST NATION** to make a place in the international fashion merry-go-round is Puerto Rico.

Colorful sportswear, travel outfits and party-dresses by designers of the tropical Caribbean island were shown at the recent convention of the National Retail Dry Goods Assn. in New York, where it was announced that the styles will be available in shops throughout the United States this spring.

The Puerto Rican fashions shown include original creations by both native designers and those from America and Europe who have transplanted operations to the island. Some 216 apparel firms already form the nucleus of a growing industry, shipping 100 million dollars' worth of goods to the United States annually.

The tropical resort has been known for many years as a source of fine hand needlework and embroidery. Now the native skills are being utilized by manufacturers ranging at mass production and international markets.

Most notable of the island designs are colorful resort styles, employing vivid colors and distinctive fabrics. Among Puerto Rican designers represented at the New York show are: Martha Siepp, Jose Ochoa, Casa Cavanagh, Manuel Olivari, Phil Gilbert, Jean Lindow and Elsie Spector.

ISLAND STYLE—Typical of Puerto Rican fashions is this chemise play suit in citrus print, designed by Jean Lindow.

## AUSTIN HIGHLIGHTS

# Tidelands Spat Is Stirred Up Again

By VERN SANFORD  
Texas Press Association

**AUSTIN** — From the Panhandle to the Valley, a good, safe topic for a rousing speech right now is the Tidelands — They're All Texas.

Texans haven't been stirred up this issue since 1953. That was a year Congress passed the Submerged Lands Act which recognizes the coastal states' ownership of offshore lands to their "historic boundaries."

Texas won title to land three leagues (10 1/2 miles) from shore in its independence treaty with Mexico. Texas, at least, were convinced, this was the "historic boundary." Hence, the state began operating in the three-league territory, leasing tracts to oil, gas and sulphur companies to gain money for the public school fund.

Now the fat's in the fire again. At year outgoing U. S. Atty. Gen. Herbert Brownell filed suit in the U. S. Supreme Court contending Texas' claim to more than three miles of tidelands. Other 7 1/2 leagues, he said, belong to the federal government.

In this claim, Texas officials say this to say:

At the time Louisiana entered the Union, the commonly accepted boundary of a country was the distance a cannon could fire from shore — or three miles.

Texas, however, said Wilson, won right to three leagues in 1836 War for Independence, and U. S. officials recognized this when the state entered the Union.

Today the value of the contested lands is estimated at \$500,000,000. Ruefully, Wilson noted he's been allotted only one hour before the court to argue for it.

**LAND COMM. EARL RUDDER:** If U. S. court knocks down Texas' claim to the 10 1/2-mile shoreline, then "Russia, Mexico, or anybody else can claim it."

Rudder took note of reported discussion among Mexican attorneys. Their view: If Texas did not get title to the territory from Mexico in 1836, then Mexico still owns it.

1836, then Mexico still owns it. Urging that the title not be clouded, Rudder pointed out that the land is not only valuable for its minerals, but vital to defense.

**GOV. PRICE DANIEL:** "This lawsuit is another step in the process of chipping away the authority of the states. It seeks not only to repudiate solemn treaties by which Texas entered the Union, but to destroy the legislative intent of Congress."

"The President has by every public act acknowledged this boundary. Yet his own attorney general has sued..."

Governor Daniel has expressed the belief that Brownell, who filed the Texas suit on his last day as attorney general, acted out of pure spite.

Board will pass on the legal and financial angles of a proposed subject; Board of Water Engineers will study from the engineering view-point.

**NEW "TRAFFIC DIRECTOR"** — Brad H. Smith, Rio Grande Valley newspaperman, and past president of the Texas Press Association, becomes Texas' first state traffic safety director on Feb. 1.

Governor Daniel said that Smith will spearhead one of the most intensive traffic safety campaigns in the state's history. Daniel has made war on road deaths one of the prime goals of his administration.

Smith will work with the Texas Traffic Safety Council created by the Legislature last spring to coordinate the safety activities of state agencies.

He has been doing volunteer safety work for 18 years.

**"WEAKEST LINK"** — Bearing on the same problem, speakers at a traffic courts conference in Austin said the courts must command respect for the law.

Traffic courts conducted by laymen or part-time judges in ill-housed courtrooms may be partly responsible for the casual attitude many have toward traffic offenses, said one speaker. Such courts, it was charged, are the "weakest link in the traffic enforcement chain."

**SMALL FRY NOT WANTED** — Texas Board of Insurance has problem of deciding whether to grant permission to charge lower rates to casualty companies which avoid the "little business."

Five companies are requesting the special rates. They said they plan to insure only more expensive homes. Loss ratios are higher in the \$5,000 and under bracket, they explained, and cost of handling offsets commissions.

Board recognized this, but asked, "Who is going to take care of the \$5,000 home owner?"

**CREDIT RULING CONTESTED** — An Amarillo insurance firm has filed suit to prevent new, lower credit insurance rules from going into effect March 1.

State Board of Insurance had issued an order that would bring an estimated 50 per cent slash in credit insurance charges.

Attorneys for Cosmo Life Insurance Co. contend the board exceeded its authority. Credit insur-

**ATTY. GEN. WILL WILSON:** Louisiana who knocked down the coffee pot.

Things were going along fine at passage of the 1953 law, explained Wilson, until Louisianians decided that if Texans could have three leagues, so should they. Louisiana filed suit for the extra 7 1/2 miles. Federal government replied "no state" owned more than three miles out.

"This," observed Wilson, "is a truck Texas in a tender spot." At neither Louisiana nor other states have the same sort of case as Texas, he emphasized.

POLITICAL EVICTION

CHARLESTON, W. Va. (AP) — The Republican state administration, which began sweeping out Democrats on the top floors of the statehouse last January, wrenched the broom in the basement recently. By accident officials stumbled upon cozy living quarters — a two-room suite equipped with bed, desk, telephone, etc. — downstairs. C. C. Miller, former custodian under the Democrats, said the furnishings were his. He explained that a few years ago his superiors thought it would be a good idea

if he stayed at the statehouse in case of trouble at night. GOP officials ordered Miller to pack up his belongings, but he still has his present job — with the Democratic state treasurer.

EVERYBODY TIES IN SPORTS

NEW YORK (AP) — Sports commercials seem to be the rage these days. During the world series, comedian Joe E. Brown filmed a short in which he played a number of positions on the baseball field. He even umpired and was shown selling peanuts in the stands. Then

Maxie Rosenbloom, ex light heavyweight champion, put on a boxing act and Mickey Rooney turned up on New Year's Day as a quarter-back, coach, referee, announcer and spectator.

WRECKING CREW

MILWAUKEE, (AP) — Wrecking crews sent to demolish a filling station to make way for an expressway made one big error — they began to rip apart the wrong station. But the workers realized their mistake soon after they started to

Beauty at Home  
By Lynn Carter

Q Which do you think are better, long or short waistlines in dresses?  
A If you must choose between a waistline that is too short and one that is too long, choose the latter. Nothing throws a figure out of proportion more quickly than too short a line, unless the costume was especially designed to emphasize a particular cut.  
Q Is it all right for me to use a tar shampoo on my blonde hair?  
A Not if you want your hair to stay blonde. Tar shampoo has a darkening effect.  
Q What are some of the things a woman with a dry type of skin should avoid?  
A She should avoid use of glycerine, which is hygroscopic and will draw moisture from the skin. She should avoid coconut oil soaps which tend to be irritating to dry skins. She should avoid undue exposure to the sun, which can aggravate the dryness of her skin. And she should avoid remaining too long under hand-dryers, because the heated air draws moisture from her skin and thus increases its tendency to dryness.  
Q What is a good makeup correction for eyes which are overly prominent?  
A Your eyes will seem to recede if you use brown or gray eye shadow over the entire lid, beginning with a thin line near the lashes and spreading up.  
Q Which do you especially recommend as a complexion cleanser — cream or soap and water?  
A For most complexions, both soap and water AND cream are necessary. A perfect cleansing of the skin requires a cream treatment, followed by soap and water at least once a day.  
Q Where do you think women show their age first?  
A I can't find too much wrong with the results of one poll I noticed recently. This listed the eyes first, followed in order by the skin, the neck, the hips, the hands, the mouth, the hair, and finally the legs.  
Q What can I do about the frizzy ends of my hair?  
A Smooth them down with some pomade or oil or brilliantine, and be faithful with that hairbrush. After brushing your whole head, grasp the hair halfway between its tips and roots, and give the ends extra doses. Clip split ends off, following the professional barber's way of graduated snipping, instead of even chopping.  
Q How can I remove candy stains from one of my dresses?  
A With the exception of chocolate, these will usually yield to hot water. Clearing fluid is a better bet on chocolate. Or, peroxide if the fabric is white.  
Q Should the color of one's fingernail polish and her lipstick be the same?  
A This is an old, and still very much approved, rule of beauty. It's a very good idea, too, because your fingers are close to your mouth many times a day and any clash in color tints is also clashing to one's beauty makeup.  
Q What suggestions can you make regarding double-chin?  
A Posture is extremely important. The habit of keeping the head up, both during the day and at night while sleeping (without a pillow), if you have already ac-

quired the second chin or third one, your best bet as a cover-up is a darker foundation on your excess chins. A chin strap at night may help. Some women claim success in firming their chins with a light ice-cube massage.  
By DOROTHY ROE  
Associated Press Women's Editor  
Young mothers-to-be have discovered that a maternity wardrobe needs at least one item specifically designed to give the spirit a lift on gloomy days.  
A bright idea for this purpose is a jacket of bright wool felt with a little mandarin collar and brass buttons. Local sewing center experts chose jade green felt for a model jacket, easy to make at home, using a standard pattern.  
As any home seamstress knows, felt is one of the easiest of fabrics to sew, since it can't ravel and so needs no seam bindings or hems.  
The maternity jacket selected is trimmed with decorative stitching, easy to do with the new automatic slant-needle sewing machines, or with the automatic zig-zag attachment for standard machines. A double row of stitching accents the front closing and the little side slits. Even buttonholes are done thread to match the rest of the decorative stitching.  
The little mandarin collar is lined with organdy and the stitching on this is done before the collar is attached to the jacket.  
It's a good idea to make several jackets at once in different colors, using the assembly line system. Do all the cutting at once, all the buttonholes at once and all the decorative stitching at once. This way it takes very little more time to make two or three jackets than it does to make one.  
Siamese twins travel, usually on airlines and railroads on one ticket.

HOSPITALITY CENTERS OPEN

NEW YORK (AP) — Church-supported hospitality centers for U. S. servicemen and officers on leave in the Far East are doing booming business these days.

The Rev. Mr. Norman E. Koehler, back from three years in Japan where he set up seven centers, said the centers are filled to capacity almost every day. They're the result of cooperation between the Christian churches in Japan and American churches through the General Commission on Chaplains.

The centers are unique, the Rev. Koehler said, because they were set up at the request of the Japanese churches to provide Christian fellowship for Protestant, Japanese and American young men and women.

In addition to Japan, centers are operating in Hong Kong and Taipei.
