TUESDAYS—TWICE-A-WEEK—FRIDAYS

HEREFORD, DEAF SMITH COUNTY, TEXAS, TUESDAY, AUGUST 16, 1921

## COMMISSION PLANS FOR SIDEWALKS

### ADOPTS RESOLUTION ON SUBJECT AS FIRST STEP IN PLAN

## WILL FILL GAPS

### Sanitarium, Churches and Schools to be Hooked Up Without Mud

At a recent meeting of the City Commission of Hereford a resolution was adopted declaring it necessary that certain strings of sidewalks in various parts of the city be connected where no sidewalks now are down. The Commission especially had in view the matter of providing dry shed thoroughfare to all the churches, schools and to the Sanitarium. The bulk of the sidewalk construction in these particulars has already been done, but there are a number of missing links all over town which the Commission desires to have put in for the convenience and comfort of the general public, and this resolution is the first step in that direction.

It is the intention of the Commission to first ask for bids on this proposed work. After a reliable contractor has been secured exact figures can be given each property owner on the cost of the improvements on his property frontage. A date for a hearing will then be set at which each property owner, should he so desire, may appear and show cause, if any, why this work should not be done. After that is finished a new city ordinance ordering construction will be passed and published according to law and the work will then proceed. The preliminary resolution, setting forth the property affected and reciting how the cost shall be prorated, follows:

Resolved by the Board of Commissioners of the City of Hereford, that concrete sidewalks shall be constructed in accordance with the ordinance of the City, on the streets and at the places indicated below, viz:

#### Second Street

On the north side of Second Street along the south side of Lots 12 and 13 in Block 22, and along the south side of Lots 12 and 13 in Block 23.

#### Fourth Street

On the north side of Fourth Street at the southwest corner of Lot 7 in Block 41.

#### Fifth Street

On the south side of Fifth Street (Continued on Page Five)

## Catholic Church Work is Rapidly Nearing Finish

The frame work on the new Catholic Church is about completed and the erection of the metal work began Tuesday. E. M. Reed and H. Norwood, of Amarillo, arrived Monday to start the work of putting on the metal roof and state that this work should be completed in about ten days. Electric wiring is being put in by the Hereford Light & Power Co., and the stucco work will begin in about two weeks. A contract has been let for a fine steam heating plant.

The outline of the building, as it will look when finished, is now distinct and an impression of the fine proportions and splendid appearance can be gained.

## TYLER NEWSPAPER MAN DRIVES THRU COUNTRY IN AUTO

Mr. and Mrs. L. S. Clark, of Tyler, Texas, and son, W. K. Clark, arrived in Hereford Monday evening, after visiting Tucuman, Amarillo and other points in this section. Mr. Clark, Senator, represents a Texas Life Insurance agency. W. K. Clark is City Editor of the Tyler Tribune, a semi-weekly publication. He is gathering statistics on his trip for a series of magazine and newspaper stories pertaining to the resources of the Panhandle-Plains section of the state.

## B. FRANK BUIE OWNER PANHANDLE CO.'S NEW HOUSE

B. Frank Buie, attorney, who recently moved here from Canyon, has purchased the Panhandle Lumber Company's new house northwest of the courthouse. Mr. Buie and family have moved in and are now established as permanent residents of Hereford.

## GRADUATE SELLS PAPERS THEN LANDS JOB

Armand T. Gaudreau of Boston graduated from the University of Maine last spring. The other day he appeared on Boston streets, wearing college cap and gown—and selling papers. He said he was doing it because he would rather eat steak than doughnuts. The silver lining to it all was in the many offers of suitable jobs which came as the result of his courage in going through with the drastic act.

## Splendid Rain is Guarantee Great Wheat and Feed

A simply splendid rain, covering most of the country in this section, fell Sunday afternoon, and a second installment came in the small hours of the morning before daylight Monday. Exact measurements could not be ascertained owing to the fact that the official weather gauge became choked up, but estimates range around three inches total over a large part of the country. It is understood that the rainfall did not extend much beyond Black to the west, and that a section south of Friona was missed. It is said that the rain was even heavier west of Hereford than in the city or west.

This rain puts a great season in the ground for fall wheat planting and insures a bumper row crop. Farmers are all optimistic over the outlook and are busily preparing to put their ground in shape for the winter wheat. Indications are that a greatly increased acreage will go in over 1920 and that what is done will be better done. The big lesson learned from the harvest this summer has been that the wheat put in on summer tilled ground paid and well while that put in otherwise was a sad disappointment. Summer tilling means more land under the plow, of course, and many renters and some owners cannot handle their crops that way. But where it is possible to do so it is believed the lesson of 1921 will be heeded.

## BAND WILL HELP SHOWER ON NEXT THURSDAY NIGHT

The regular weekly concert of the Hereford Band will be given on the courthouse lawn next Thursday night, beginning at 8:30 o'clock. This concert will be held in connection with the Sanitarium Shower to be held at the same time by the ladies of the Sanitarium Advisory Board. The band program announced is as follows:

- March—Royal Decree—English.
- Trombone Smear—Lawry Massey—Jewell.
- Serenade—A Night in June—King.
- Waltz Song—Dear Old Pal of Mine—Rice.
- Trombone Drag—Somewhere a Cow Was Bawling—Jim Flak.
- Overture—May Flowers—Laurens.
- Blues—Kentucky—Abner Silver.
- March—The Rifle Rangers—King.

## MRS. MATTHEW JOHNSTON TO STAND AN OPERATION MONDAY

Information received here Sunday by friends indicated that Mrs. Matthew Johnston was to undergo an operation at a Sanitarium in Temple on Monday. The results of the operation have not yet been ascertained here.

Mrs. Johnston went to Temple about a week ago, accompanied by her husband.

## BAKER FAMILY IS ENJOYING PARTIAL REUNION HERE NOW

Mr. and Mrs. Sloan Baker and little son, Sloan Hugh, of Waxahachie, Texas, and Mr. and Mrs. Hicks Daniel and little daughter, Stella Mae, of Amarillo, and Miss Frankie Mae and Loretta Baker, of Waxahachie, arrived last week and are enjoying in the homes of Mr. and Mrs. W. S. Patton and R.

## SHOWER FOR SANITARIUM AUGUST 18

### COMMUNITY GIFTS WILL BE RECEIVED FOR INSTITUTION

## LISTS OF NEEDS

### Cash Will be Acceptable if Donors Prefer This to Gift Method

That community Shower for the Sanitarium which has been under consideration for several weeks, will be held Thursday night, August 18, according to an announcement made by the Advisory Committee in charge, Messrs. L. R. Brady, A. O. Thompson and Homer Wilkinson. The hour will be from 8:30 to 10:30 and the place will be the courthouse lawn.

The regular weekly Band Concert will be held in connection with the Shower.

The officers of every society and ladies' club in the community will serve with the Advisory committee in making this the greatest effort of the kind ever attempted by the good women of this county. The people of Hereford and the people of the entire countryside round about are cordially and earnestly invited to attend this Shower and contribute what they can to make the Sanitarium comfortable and more efficient. The new enterprise is performing a splendid work that touches the homes of every man, woman and child. (Continued on Page Five)

## No Mail Tuesday Due To Smashup Of Freight Train

Santa Fe Passenger train No. 21, west bound, did not show up Tuesday morning and was reported indefinitely late and train No. 22, east bound, was held three hours at Cloria, all due to a freight train wreck two miles east of Canyon during the early morning hours of Tuesday.

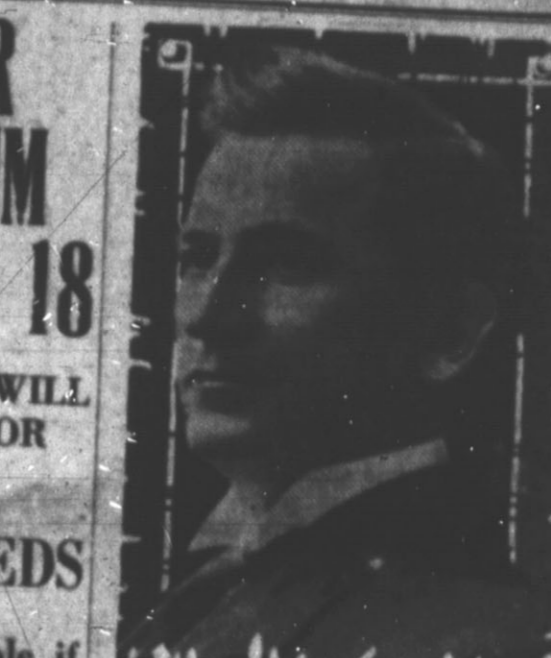

Twenty freight cars were reported off the track at the scene of the smashup, with two wrecking trains at work on them, and the resumption of traffic was dependent upon how soon the crews could clear up the wreckage and put the torn track in shape.

## DR. HEARD CALLED TO ALABAMA WHEN RELATIVE IS ILL

Dr. G. W. Heard was planning to leave Hereford Tuesday for Clay county, Alabama, where he is called by serious illness of a member of his family. He expects to be away about ten days or two weeks. Mrs. Heard is now at Corpus Christi, Texas.

## MRS. DR. PRICE IS VISITING RELATIVES IN SOUTH TEXAS

Mrs. W. A. Price and daughter, Gwendolyn, left Hereford last Saturday morning for Grovesville, Tuscola, and other points in south Texas, where they will visit relatives and friends for several weeks.

Governor Pat Neff

of Texas, whose special budget of economy and law enforcement measures have been ruthlessly side-tracked by the present legislature.

## Friona Planning Big Picnic Spread Saturday, Aug. 27

Circulars are out announcing a big Old Settlers' Picnic at Friona on Saturday, August 27. There will be appropriate speech making, a free barbecue, a ball game between Friona and Dimmitt, bronc riding, horse racing and a platform dance at night.

Local committees are busy getting ready and everything points to a whaling big time.

## MISS BLACK BACK AFTER SUMMER OF STUDY AND TRAVEL

Miss Elizabeth Black returned here from Chicago Sunday morning where she has taken the summer course offered by the Columbia School of Music. Besides taking private instruction from Mrs. Reed, director of the school and a pupil of the famous Lechetsky, Miss Black took a special teacher's course which she intends to use in her work this fall.

After completing her music course in Chicago, Miss Black took an interesting trip across Lake Ontario to Toronto, Ontario, from there up the St. Lawrence River to Montreal, Quebec, coming back and spending several days at the wonderful Niagara Falls. She reports a wonderful summer.

## FERTSCH AND FAMILY REUNITED HERE FOR SHORT TIME

Mrs. L. M. Fertsch, who has been in San Antonio, Texas, for some time, returned home Sunday. Professor Fertsch, who is teaching in the Canyon Normal, came in Saturday for a week end reunion with his family, going back Monday morning.

Professor Fertsch states that he has about another week's work at Canyon. He has not yet determined where he will go to school this fall, being undecided between several Universities that specialize in the particular work he has in mind for himself.

## NEW FARMER HERE FROM HENRIETTA; BROUGHT FAMILY

C. P. Caldwell and family, of Henrietta, Texas, arrived in Hereford Tuesday. Mr. Caldwell's car of household goods arrived Monday.

Mrs. Caldwell is a newcomer and will farm the A. Allison place northwest of Hereford.

## DIMMITT IS HOST TO A BIG CROWD

### 1921 PICNIC ATTENDED BY GREAT MANY PLAINS PEOPLE

## PLENTY FOR ALL

### Tables Groan Under Weight, Ball Game Good, Sports Center of Interest

Dimmitt's annual Picnic was held last Saturday and as usual attracted the largest crowd of the season and out the huge crowd home at night tired, but happy and enthusiastic.

The quality and quantity of the "outs" provided by the good people of Castro county at these annual affairs has been famous in this section for many years and the 1921 effort was fully up to all previous standards. The tables literally groaned under the weight of the good things provided for the visitors.

Hereford, Tulla, Plainview, Mulhouse, Lubbock, Friona, Canyon, and many other surrounding towns sent large delegations, while the entire populace of Castro county was on hand to help entertain the visitors. A splendid miscellaneous program was provided, consisting of speeches, a ball game, round-up stunts, foot races, etc. Music was furnished by the Hereford Band, twenty-seven strong, who volunteered their services for the day. The Hereford Chamber of Commerce had offered the music free to Dimmitt, but the band boys generously gave their time without charge to anyone, the Chamber of Commerce having to provide transportation only.

Dimmitt took the ball game from Friona, score 11 to 6. Batteries, Dimmitt, Patton and Chas. Bennett; Friona, Smith, Cantel and Cantel.

**Athletic Results**  
Foot Races—Jailors—R. E. Rothwell, first; Sanders—Rankin, first; Reynolds, second. For girls—Miss Cowart, first.  
Horse Racing: Three-ten mile—E. G. Gentry, A. Alexander, first; W. Cook, second.  
Bronc Riding: Cecil Johnson, of Spring Lake, first; Bill Mullins of the Flag Ranch second; Cleo Phillips of Running Water, third.  
Mule Bronc Riding—Cleo Phillips, first.

80-yard Foot Race: 14 entries: Ollie Dixon, first; Ernest Dixon, second, both of Dimmitt; S. E. Attaway of Hart, third.

## Odd Fellows Put Big Class Thru The Vega Lodge

The local Odd Fellows lodge sent a team to Vega last Saturday night to assist the Amarillo degree team in handling a bunch of about thirty applicants at that point. The Hereford team, assisted by two men from Amarillo, put the class through the first degree in splendid style, and individual members of the Hereford squad then assisted the Amarillo workers in conferring the initiatory, second and third degrees.

The Vega Odd Fellows and Beckhams spread a magnificent feast for the visiting brothers. The Hereford squad returned boosting for the splendid spirit of the Vega men and women and greatly pleased with the outcome of the trip.

## MISS LeGRAND IS ILL AT TEMPLE; IS WEAK BUT RESTING

Mrs. Dr. G. F. LeGrand was suddenly called to Temple, Texas, Sunday morning to the bedside of her daughter, Miss Emma Lee, who has been in a Sanitarium there for several days. Dr. LeGrand left last Friday to attend his daughter.

A wire received here Monday stated that Mrs. LeGrand had arrived safely and that the young lay, though weak, was resting quietly.

## WHITEFACES GONE TO VEGA TUESDAY FOR A BALL GAME

The Hereford baseball squad left Tuesday morning for Vega, where they are scheduled to play a game Tuesday afternoon.

The game was watched for last Sunday and the locals started northward, but the heavy rain coming up forced them to come back home.

## Like Party and Picnic for Elsworth Baird

Honoring Elsworth Baird, of Amarillo, a jolly company of boys were entertained on Saturday afternoon and evening by Master Keith Guthrie.

Outdoor games adapted to fun-loving collecting boys kept the youthful pleasure seekers agreeably occupied until early twilight when a substantial picnic supper was served on the lawn.

Following the supper, the boys, chaperoned by Miss Ethel Cockrell and Mrs. Guthrie, saw Willie Burke in the evening program at the Star Theatre.

The party was made up of Elsworth Baird, Raymond Posey, Oliver Ray, R. V. and Guilford Miller, Alton Miller, Paul Wright Barnett, Thomas Elliston, Edgar Johnson and Keith Guthrie.

## Enthusiasts Enjoy Unique Social

The Y. P. S. C. E. of the Christian Church held one of the most enjoyable socials in its history Friday evening, an unusually clever entertainment program proving especially pleasing.

The young people met at home of Miss Floyd Wilson, where under the direction of their hostess and Miss Dorothy Shore, they became for the time being, "hoboes" on the road of pleasure and adventure. Having found their partners by matching nails, they "look to the road," changing partners at every street corner, and closing their journey at the church which represented "The House by the Side of the Road" to the Wandering Willies.

Here a most satisfying supper furnished the final item of their good time schedule.

About thirty young people enjoyed the pleasant evening.

## Young People Enjoy Week-End in Canyons

A delightful outing was enjoyed by a number of young people who, chaperoned by Mr. and Mrs. Lee Biggs, spent the week-end at Palo Duro Canyons.

With complete camp equipment and abundant provisions there was nothing to mar the joys of living "near to nature's heart"—not even a heavy downpour of rain that overtook them on the return trip, converted the roads into rivers and helped to exemplify very perfectly man's primitive struggle with the forces of nature. Wet, tired and muddy, they reached home, the jolliest company imaginable—all enthusiastic in their reports of the trip's pleasures and eager for its early repetition.

Among them were: Mr. and Mrs. Lee Biggs, Misses Marie Burns, Lillian Fullerton, Jewell Glibreath, Donelda Sites, Helen Buster of Sherman, May Steurmer of Fort Worth; Messrs. Littrell Spratt, Earl Springer, Robert Burns, Hubert Seale and Bruce Guthrie.

## Miss Loretta Baker Honoree of Forty-Two Party

Nothing lovelier among Hereford social affairs has been chronicled for many a day than the morning forty-two party given Saturday by Miss Thelma Tynes in honor of Miss Loretta Baker, of Waxahachie, who is the guest of Hereford friends.

Richly colored nasturtiums were effectively used in beautifying the attractive living room where, at three tables placed for the chosen diversion, the hours from nine to eleven were pleasantly occupied. The morning was ideal and the environment so thoroughly delightful as to add zest to the spirited games.

A salad course exquisitely attractive consisted of iced tea with a floral salad whose pretty combination of delicious fruits was fashioned in floral form, surmounted by a golden nasturtium and

placed daintily upon a nasturtium leaf. Those who enjoyed the pretty affair were: Misses Loretta Baker, Agnes Elliston, Grace Ferguson, Louise Wooton, Inez Clark, Geraldine Harman, Emma Jeanne Donald, Annie Laurie Lovelace, Mabel Henfro, Pearl Wood, Dorothy Shore, Eunice Glibreath, Gladys Bryant and Thelma Tynes.

## Out-Of-Town Visitors

Two charming little out-of-town visitors were honor guests, on Saturday, of one of the very pleasant children's parties of the week, when Miss Moselle Hill entertained with a lawn party for her cousins, Maetha and Geneva Griffin, of Frisco.

A fascinating picture of happy childhood was the scene presented on the big green lawn, bordered with gorgeous midsummer blossoms and bright with the animated presence of winsome little maidens in dainty summertime frocks, whose merry voices ringing out gayly from time to time spoke eloquently of complete happiness.

Misses Lucille Glibreath and Peg Rambo assisted in directing the games which constituted the entertainment program, at the close of which ice cream and cake were served to Maetha and Geneva Griffin, Alice Wombie, Willie and Ora Mae Thurmond, Louise Jacobsen, Ruby and Margaret Thompson, Josephine Stocking, Mattie Lou Harrison, Lemoyne Shaw, Ruby Wade, Earl Marie Foster, Aigy and Nannie Bell Roberson, Florence Shore and Frances Ray.

## WEARS HANDCUFFS FOR BROTHER'S EDUCATION

In order to win a hundred dollar prize to help in the education of her young brother, Miss Jeanne Du Brui, pretty Brooklyn school girl, stood handcuffed for twenty-four hours to the side of a tiny cell in the old English prison ship "Success," in New York. The prize was offered by the commander of the "Success," which is the oldest ship afloat and which was formerly used to carry prisoners from England to Australia.

## FORDSON TRACTOR

**"Yes I've More Time for Myself Since I Got a Fordson"**

The Fordson Tractor is taking much of the drudgery out of farm life; it is solving the labor problem; it is reducing the cost of preparing land by almost one half of what it was with horses; and it is saving one third to one half of the farmer's time; and making farm life more attractive.

The Fordson will run your threshing machine—and at the most opportune time for you. It will operate the milking machines, saw your wood, fill your silo, pump the water, and take care of every kind belt work.

And don't forget—it will plow six to eight acres in a ten hour day, handling two plows with ease.

Thus the Fordson is the ideal year-round tractor. It will pay for its fall and winter keep in many ways.

There's a big story to tell about the Fordson—and a true one—come in and get the facts. Or, if you prefer, telephone or drop us a card and we will bring them to you.

## "I AM A CHUMP; I KNOW IT."

Printers wages have not reduced any. A good printer still commands as high a salary as he has been receiving for the past three years. There is a labor strike now in the Typographical Union. This strike has been in force for several weeks and a settlement is not in sight. As a result many shops that were union are now operating as open shops. But this has not reduced wages any. Good printers still command good salaries. And the prices of printing must be fixed to meet the operating expense as based on the salary paid. A country publisher who puts his prices down to a pre-war basis and does the work himself is merely saying to the public:

"Yes, you can get printing at my shop cheaper. I pay myself \$15.00—that's all I value myself at. If I hired a printer, he would cost me between \$30 and \$40 per week. I would rather put my prices down to a mere bread and butter rate and work for \$15 per week than to place a value on myself equal to that of a common printer who drifts from shop to shop. I am a chump and I know it, but I just love to think that I am a cheap man. The community doesn't respect a cheap, hand to mouth, object of charity home printer, but I am satisfied with a few crumbs from the tables of men who are rated as successes in the business world."

The home printer with such an ideal in life is the only fellow who in the face of the still high operating expenses can come down to pre-war prices. The Record editor is one who labors under the idea that a newspaper publisher has just as much right to expect proper remuneration for the investment put into his business and for the hours of labor he gives to that business, as does the big merchant, the banker and the professional man. Whenever it becomes necessary for us to surrender that ideal we will get out of the business. In the old days when men worked for 50c per day the printer did not object to being handed about as an object of charity, but, quoting the chautauqua lecturer, "Times have changed."

And this does not mean to carry by or otherwise that there are not courtesies due the editor for which the donor will receive many times full value in free-will publicity, on which there can be no commercial value placed. Those courtesies are due the editor where editorial courtesies are expected.—Canadian Record.

## Ordinance No. 154

An Ordinance to be known as Ordinance No. 154 forbidding the obstruction of the streets and alleys of the City, and trespassing upon private property and the removal of personal property.

Be it ordained by the Board of Commissioners of the City of Hereford:

Sec. 1. Any person who shall knowingly and willfully obstruct any street or alley in the City of Hereford, by hauling into and depositing in it any vehicle of any kind or part thereof, or

any implement or piece of machinery, or any pole or lumber, or any other thing or material calculated to obstruct the free passage of the same, shall be deemed guilty of misdemeanor, and on conviction thereof he shall be punished by a fine in any sum not to exceed two hundred dollars.

Sec. 2. Any person who shall place on any building or awning belonging to another without the consent of the owner, any thing or material of any kind calculated to annoy or damage the owner thereof, shall be deemed guilty of a misdemeanor and on conviction thereof, shall be punished by a fine in any sum not to exceed two hundred dollars.

Sec. 3. Any person who shall remove from the place where stored or kept, or in any way interfere with or molest any implements, machinery, or merchandise of any kind, without the consent of the owner, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine in any sum not to exceed two hundred dollars.

Sec. 4. Any person who shall without the consent of the owner or proprietor, write, paint, mark upon, or cut or in any way injure or disgrace any part of a store building or show windows pertaining thereto, shall be deemed guilty of a misdemeanor and upon conviction

thereof he shall be punished by a fine in any sum not to exceed two hundred dollars.

Approved August 12th, 1921.

**TUCUMCARI ROUND-UP SEPT. 5-6-7**

Tucumcari, N. M., local papers carry the following story of their Annual Roundup, September 5-6-7:

"The Round-Up to be held here the 5, 6, and 7th of September is being advertised everywhere in the cattle country this week, and inquiries are coming in for programs, rules for contestants, etc. The 5th of September is Labor Day and the Unions will participate in the great parade and the barbecue the first day. Many of the contestants who attended the Las Vegas Round-Up are going to take part in this one. There will be more home boys in this year's program and the money that has been spent for fancy stunts and trick riding will be used to make the regular events more attractive. There will be an absence of the trained outlaw bronks and in their stead will be wild ones right off the New Mexico ranges. The Round-Up will not be exaggerated but will show the real work of the cowboy on the range, the things that have to be done on a successful ranch instead of the heavy show stuff that smacks off the circus.

"There will be an absence of the rough stuff in the concessions allowed and there will be plenty of lively music and clean amusements. All necessary preparations will be made to take care of the visitors. There is not going to be any sympathy with the grafter who hands extra prices to the visitor, but there is to be uniformity in prices and a united effort to make the visitors feel welcome in Tucumcari."

**He Got Results**

A story is told of a Texas newspaper man who wanted to publish something sensational, and after thinking over several things decided to print the following:

"There is a certain business man in this town who is getting mighty bold of late, and if he does not quit kissing and making love to his stenographer we are going to publish the whole affair next

week so that the public may know who he is."

When the paper came out thirteen business men came in and paid their subscription. Five of them paid four years in advance and he got \$165 worth of job printing from the rest. Each requested him not to publish the rumor in next week's paper as there was not a word of truth in it.—Exchange.

**THE U.S. USCO TREAD**

Here is the U. S. Usco Tread, with a long-established standard of service among motorists who have an eye to value, as well as to price. While selling for less than the other tires in the U. S. Fabric line, the Usco has earned a reputation for quality and dependable economy which is not exceeded by any tire in its class.

**From the makers of U.S. Royal Cords to the users of Fabric Tires**

"Giving to the fabric tire user fresh, live tires. Being made now. Being shipped now."

In all of modern merchandising the biggest conundrum is the fabric tire situation.

Around 70% of all car owners use fabric tires.

Their instinct for quality is as strong and insistent as any one else's.

Why, then, are they offered such hodge-podge stocks of "discount tires," "odd lots," "seconds," "retreads" and other so-called bargains of uncertain origin?

People have gotten very close to the U.S. policy. Felt it. Benefited by it. And passed the word along.

It's a policy settled to one standard for all U. S. Tires. Whether fabrics or cords. Small sizes or large.

Giving to the fabric tire user fresh, live tires. Being made now. Being shipped now.

All the original U. S. vitality and service comes through when you buy a U. S. Fabric Tire.

**United States Tires are Good Tires**

- U. S. USCO TREAD
- U. S. CHAIN TREAD
- U. S. NOBBY TREAD
- U. S. ROYAL CORD
- U. S. RED & GREY TUBES

Sooner or later the public always seeks out quality. As a matter of self-protection—if for no other reason. The out-and-out opinion in favor of U. S. Fabric Tires has spread more this year than it ever did.

"Usco," "Chain," "Nobby." Three different treads.

Built by the same brains, the same policy, the same quality ideals that have made U. S. Royal Cords the standard measure of tire worth.

**Results of Home Brew**  
 Somebody sent the editor of a Missouri paper a few bottles of home brew. The same day he received for publication a wedding announcement and a notice of an auction sale. Here is the result:

Wm. Smith and Miss Lucy Anderson were disposed of at public auction at my farm one mile east of a beautiful cluster of roses on her breast and two white calves, before a background of farm implements too numerous to mention in the presence of about 70 guests, including two milk cows, six mules and one hob-sled. Rev. Jackson tied the nuptial knot with 200 feet of hay rope and the bridal couple left on one good John Deere gang plow for an extended trip with terms to suit purchaser. They will be home to their friends with one good baby carriage and a few kitchen utensils after 10 months from date of sale to respectable parties and some chickens.—Swiped.

**FLOYDADA SHERIFF HAS CLOSE CALL**

Sheriff J. A. Grigsby last night about twelve o'clock had the windshield of his Ford shattered by a bullet from a gun in the hand of an unknown party shooting from a high-powered car southwest of Floydada three miles, on the Petersburg road, in a running gun-fight in which no damage was inflicted by either party, so far as is known, except the refusal of a party of three men in a high-powered car to stop, when commanded by the sheriff on the streets of Floydada a short time before 12 o'clock last night.

The car came from the north, passing on 5th street in front of the Commercial Hotel and coming to a stop in front of the L. A. White Motor Company, when according to the sheriff, one of

the men with an oath protested that the stopping place was too light. Going out to investigate and commanding the car to stop, the sheriff was left in the street by the party who went around the block, turning into Main street and drove south from the corner of Kentucky street. Pursuing in his car the sheriff, by a ruse, overtook them on the Petersburg road between the W. I. Allen old place and the Sam Pool old place, when the command to halt was again given and refused. A shot from the sheriff in an effort to puncture the tires of the car was answered by a fusillade of four or five shots from the big car, to which the sheriff answered by emptying his gun.

The big car quickly left the sheriff behind and the latter gave up the chase at the Blanco bridge southwest of town nine miles. He reached Floydada again about 12:30.

No reports of any damage done or as to the destination of the escaping party had been received here this morning at ten o'clock.

Reasons for the refusal of the party to halt are speculative only.—Floyd Co. Hesperian.

**WILDCAT LIQUOR STARTS A FIGHT**

Last Wednesday night a fight occurred at Tell, which came near proving fatal to M. D. Diggs, a well known farmer of that community. Reports state that several were engaged in the fight, which is thought to have been the result of imbibing too much wildcat liquor. When the fight was over Diggs was found to be suffering from an ugly knife wound in his breast.

Medical treatment was procured, but for some time it was feared that the wound might prove a very serious one, with a chance for a fatal ending. A man by the name of W. L. Gribble was arrested on a charge of doing the

stabbing but was released after making a bond of \$500.

Later reports state that Mr. Diggs is getting along all right and is expected to recover soon. He is a very large, strong man and it is now improbable that the knife reached any vital organs although it was a very narrow escape.

**BOY SHOT WHILE RAIDING MELONS**

Noel Favers, age 12 years, was seriously shot by W. R. Hopkins Tuesday night while he and other boys were in Hopkins' watermelon patch in the edge of town. A shotgun was used, loaded with No. 4 shot. One shot entered the boy's face just below the temple, and we are told that had it been the least bit higher it would have entered his temple and killed him. Another went into his mouth, knocking out two teeth; two entered his left arm, and two entered one of his legs.

Hopkins has a ten-acre patch of melons, which he is raising for the market, and says that is all the means he has for a living for himself and family this year. Of late parties have entered his patch and only several days before the shooting he complained to the sheriff about the matter. He has since stated

that he thought the boys were men who were stealing his melons. He has been before the grand jury and told his version of the shooting.

Noel's companions carried him to the family home, and a doctor was sent for. He will soon recover from the wounds.

**TEXACO TRACTOIL**

And ready for any test—ten hours, fifteen; twenty-four if need be.

It's a steady pull that counts—the ability to handle the work day after day through your heaviest rush season and when you need it most.

This is the thing that makes a tractor profitable.

There's one important requirement—proper lubrication with the right oil.

Texaco TRACTOIL is made for tractors.

It has the right body. The body which is different from a motor oil, because the work

a tractor does at full speed and constant load demands a different type of lubricant.

Use Texaco TRACTOIL. Use it right.

Also use Texaco Thuban Compound in the gear cases—Texaco Crater Compound for exposed gears—and Texaco Grease and you have the lubrication combination that makes for real tractor performance.

Ask your dealer for Texaco TRACTOIL—and the grade you need, "B", "C" or "D".

There's a Texaco lubricant for every purpose on the farm.

Last Wednesday night a fight occurred at Tell, which came near proving fatal to M. D. Diggs, a well known farmer of that community. Reports state that several were engaged in the fight, which is thought to have been the result of imbibing too much wildcat liquor. When the fight was over Diggs was found to be suffering from an ugly knife wound in his breast.

Medical treatment was procured, but for some time it was feared that the wound might prove a very serious one, with a chance for a fatal ending. A man by the name of W. L. Gribble was arrested on a charge of doing the

stabbing but was released after making a bond of \$500.

Later reports state that Mr. Diggs is getting along all right and is expected to recover soon. He is a very large, strong man and it is now improbable that the knife reached any vital organs although it was a very narrow escape.

**BOY SHOT WHILE RAIDING MELONS**

Noel Favers, age 12 years, was seriously shot by W. R. Hopkins Tuesday night while he and other boys were in Hopkins' watermelon patch in the edge of town. A shotgun was used, loaded with No. 4 shot. One shot entered the boy's face just below the temple, and we are told that had it been the least bit higher it would have entered his temple and killed him. Another went into his mouth, knocking out two teeth; two entered his left arm, and two entered one of his legs.

Hopkins has a ten-acre patch of melons, which he is raising for the market, and says that is all the means he has for a living for himself and family this year. Of late parties have entered his patch and only several days before the shooting he complained to the sheriff about the matter. He has since stated

that he thought the boys were men who were stealing his melons. He has been before the grand jury and told his version of the shooting.

Noel's companions carried him to the family home, and a doctor was sent for. He will soon recover from the wounds.

And ready for any test—ten hours, fifteen; twenty-four if need be.

It's a steady pull that counts—the ability to handle the work day after day through your heaviest rush season and when you need it most.

This is the thing that makes a tractor profitable.

There's one important requirement—proper lubrication with the right oil.

Texaco TRACTOIL is made for tractors.

It has the right body. The body which is different from a motor oil, because the work

a tractor does at full speed and constant load demands a different type of lubricant.

Use Texaco TRACTOIL. Use it right.

Also use Texaco Thuban Compound in the gear cases—Texaco Crater Compound for exposed gears—and Texaco Grease and you have the lubrication combination that makes for real tractor performance.

Ask your dealer for Texaco TRACTOIL—and the grade you need, "B", "C" or "D".

There's a Texaco lubricant for every purpose on the farm.

**Ignorance in Bliss**  
 "A shadow on a glass partition in a certain local church in Moberly recently made an interesting moment during a Young People's meeting," relates the Monroe City News. "While the service was in progress, they appeared the shadow form of a young man and woman. While the assembly breathlessly watched, the young man bent and implanted an osculatory caress on apparently willing lips. The love scene did not break up the meeting but it did cause a wave of titters to sweep over the audience, with embarrassing effect to the speaker, whose back was turned to the lover and who was unaware of the pantomime. With great composure and ignorance of the exhibition they had just given, the pair then guilelessly entered the room where the session was being held."
