Chicago Bridge Bids Low On New City Water Tank

"WATER FROM HEREFORD, Texas, The Town Without A Toothache" in a tiny plastic bottle with gold label and black lettering is displayed by Rita Latham, daughter of Mr. and Mrs. Marcus Latham. Thousands of these bottles containing Hereford water will be distributed by the Chamber of Commerce in conjunction with meetings, conventions and community events. (Staff Photo)

Hereford City Commission awarded contract for a 400,000 gallon double ellipsoid elevated steel storage tank to Chicago Bridge and Iron Co. after opening and tabulating bids from three companies Monday.

Low bid of \$53,430 was offered by Chicago Bridge's district office of Tulsa, Okla. Other companies and bids were Pittsburg Co., \$56,950, and Graver Tank Co., \$82,400, for the same type structure.

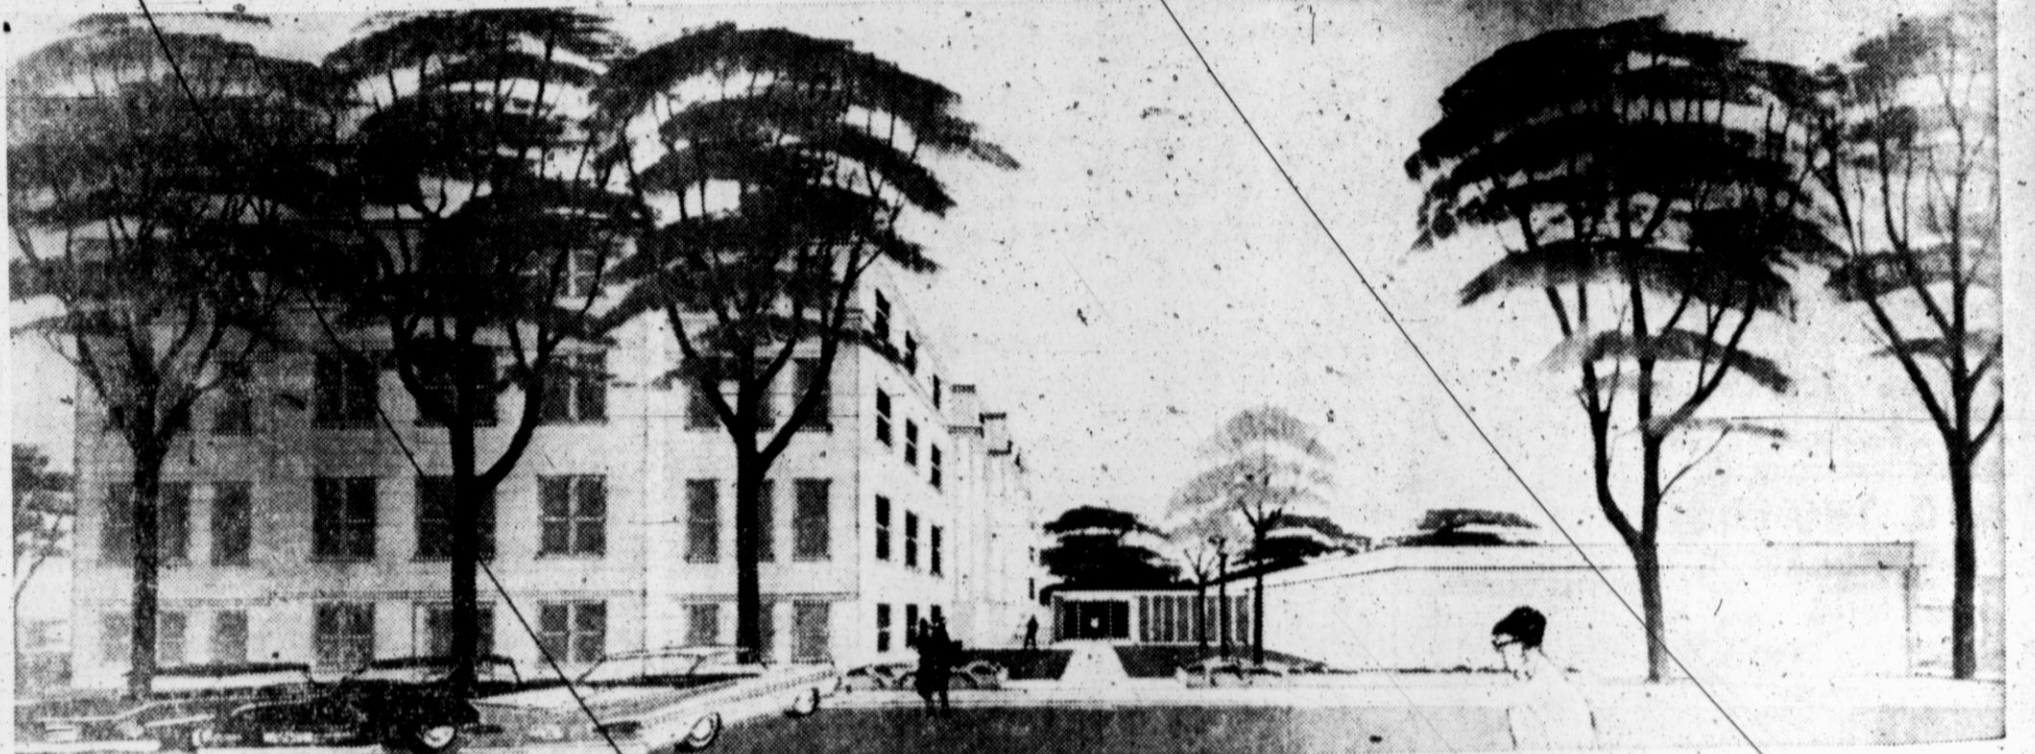

The company estimated the structure would take about 120 days to complete. The new tank, with the two existing tanks in Hereford, will hold a 10 hour supply, or 120 gallons per capita, in overhead storage.

City Engineer Bill McMorris indicated that the 400,000 gallon tank was the "best buy for the money." Cost of the tank is about \$10,000 less than City Manager Dudley Bayne earlier estimated.

Gene Lee of Tulsa represented Chicago Bridge and Iron at the meeting.

The commission set the date for opening bids for the overhead tank foundation for 2 p. m., March 23.

The new water tank will be located near the new elementary school now under construction. (Continued on page 3)

TWO PROPOSALS to be voted on in Saturday's special county election include bond issues for a new county jail and renovation of the present courthouse. This architect's sketch, looking west, shows how the jail building would be located and gives an indication of the appearance of the courthouse after its renovation. The sketch is by John P. Work, Amarillo architect.

R-O-W, Jail, Courthouse Repair

Vote Saturday On 3 Issues

Three major issues hang in the balance Saturday when the qualified voters of the county trek to the polls. The special election will determine the fate of funds sought for highway right-of-way purchase (\$260,000), construction of a new county jail (\$200,000), and renovation of the courthouse (\$185,000).

Only 1 absentee vote was cast before the deadline at 5 p.m. Tuesday. First issue is for the issuance of \$260,000 in warrants to pay the cost of right-of-way for U. S. Highway 60 east from Hereford to the Randall County line. This section of highway has been approved for four lanes, with bids to be let probably this fall. Half of the right-of-way cost will be refunded by the state after all the purchases are made.

Vote on this proposition will be for or against a tax not exceeding 30 cents on \$100 valuation. No tax for flood control, which is authorized under the proposal, will be asked. Proposed bond issue for construction of a new county jail is \$200,000. Also sought is approval for issuance of \$185,000 in bonds for the renovation of the present courthouse. Voters eligible to cast ballots are those who paid their poll tax for 1958 and rendered personal or real estate property for taxes in the county, according to Ralph Smith, county clerk.

All ten voting precincts will be open from 8 a.m. until 7 p.m. Saturday. Polling places for the election are: PRECINCT 1: County Attorney's office, courthouse. PRECINCT 2: Commissioners' Courtroom, courthouse. PRECINCT 3: R. W. Mitchell (Continued on page 2)

Commission Backs Vote Issues

To the Voters of Deaf Smith County: At the suggestion of several citizens we, your County Commissioners, are expressing our views on the bond elections scheduled for Saturday.

Concerning the county jail, your county is faced with an urgent need created through state law, effective May, 1961. We have been asked why we expect to locate it on the courthouse square, and the answers are simple: 1) This location will save the taxpayers an immediate \$50,000 in construction costs; 2) It will also provide convenience and safety in moving prisoners from jail to courthouse from trials, hearings, etc.

We are also recommending Courthouse renovations. The building is now 49 years old. It needs a new roof, new plumbing, lighting and heating, smaller courtrooms, improved windows, etc. By spending approximately \$185,000 now, it is our considered opinion that the building will efficiently serve the county for another 50 years. The longer these repairs are delayed, the more difficult and expensive they will become. We do not need fancy frills, but we do believe that \$185,000 spent now will save replacement of a possible \$1 million building within a few years. Remember, there have been only a few minor repairs since 1910—and some of the conditions are really serious today.

As you know, the road bonds, \$260,000, will be shared on a 50-50 basis by the state. The county will issue warrants if and when needed, up to a maximum of \$130,000. No tax increase will result from the jail and courthouse improvements. We make this promise, chiefly because we have other bond issues which expire—and we can shift moneys henceforth paid on other bonds to retirement of these issues. The road bonds will result in some small tax increase.

As your elected officials, we have pondered and carefully studied each of the proposed issues. We feel that all three fall under the heading of long range economy, and we hope that you will see fit to endorse all three issues. In addition, it has been our purpose to inform you concerning each proposal. If there is some point you do not thoroughly understand, or which you wish to discuss, we invite you to contact us individually and we will do our best to present our reasons for calling the elections.

'Woody' Wilson Mayor Candidate

Woodrow "Woody" Wilson, manager of the Hereford Credit Association, Inc., Monday filed application for candidacy for mayor of Hereford.

Deadline for filing candidacy at City Hall is Saturday, or 30 days before the city election, according to City Manager Dudley Bayne. In the contest for mayoralship, Dr. R. R. Wills filed application in January.

Wilson told the Herald, "I think the taxpayers in a democracy are entitled to a choice. I am running on the insistence of many friends, also."

Also slated for the April 7 general city election are two commissionerships. To date, the only candidates for the two posts are Don Little for re-election to Place One on the City Commission, and Gid E. Brown, candidate for Place Two on the commission. (Continued on page 3)

Parvin Assault Case Clarified

In order to clarify any possible misunderstanding, the Herald would like to present the facts about a story which appeared Thursday, February 26, on the front page.

J. C. Parvin, 27, of Friona, pleaded guilty to a charge of aggravated assault on Tuesday, Feb. 24, in County Court. He admitted having committed the offense against his wife, Billie. His father-in-law, A. F. Hargett of Hereford, also was struck by J. C. Parvin, witnesses said.

Witnesses said the incident occurred about 9 p.m., Feb. 22, at the home of Mr. and Mrs. Don Zellner, 703 South Main. Mrs. Parvin is Mrs. Zellner's sister.

Mrs. Parvin said her husband, J. C. Parvin, started shaking and choking her after they argued. A. F. Hargett, Mrs. Parvin's father, came to her aid and struck J. C. Parvin in the head with a soft-drink bottle, after which J. C. Parvin released his wife and started fighting with Hargett.

During the altercation, one of the persons in the house called city police, who arrived after the fight had stopped. Officers took J. C. Parvin and A. F. Hargett to the Deaf Smith County Hospital for treatment of cuts and bruises.

Also called during the fight, Deputy Sheriff L. R. Cherryhomes came to the Zellner residence, then went to the hospital, where he arrested J. C. Parvin. Hargett remained in the hospital for three days, receiving treatment for scalp and facial lacerations and bruises.

Mrs. J. C. Parvin signed the complaint against her husband, who pleaded guilty before acting County Judge Bruce Miller and was sentenced to 30 days in county jail and assessed court costs of \$27.50.

J. C. Parvin, 226 Avenue A, father of J. C. Parvin, was in no way connected with the incident, was not present at the time of the incident and the incident was in no way connected with his home. (Continued on page 3)

Around Town

Saturday is going to be a right exciting day, what with three issues up for votes and the basketball team in Austin. Either there aren't many voters going to Austin, or there is a real lack of interest, since only 16 absentee votes were cast.

VOTE SATURDAY

We probably shouldn't go so far out on a limb, but Hereford should beat Kilgore Friday and go into the basketball finals. Beyond that it's hard to tell. If Smiley and Hereford meet in the championship game, the Herd should win. This might not be true if South of San Antonio meets the Whitefaces.

Fund Drive Lags On Civic Center

A county-wide drive for funds to aid in the construction of a Community Center in Hereford appeared to be lagging this week. Campaign leaders reported about \$28,000 in contributions and pledges turned in by Wednesday, a week after the drive started. Some \$40,000 is needed as the

public's donation for the \$100,000 center which is planned. The other \$60,000 has been offered by the Jim Hill Estate, provided all of the remainder of the needed funds can be raised through public subscription. A stipulation of the estate's offer was that no tax funds be used, or bond issues floated, to pay the rest of the estimated cost.

Tulia Man Hurt

A Tulia man, William E. Pugh, 56, was injured Tuesday evening about 5 p.m. when the car he was driving overturned about 32 miles west of Hereford on the Harrison Highway.

Taken to Deaf Smith County Hospital by Kreig-Marcum ambulance, Pugh was reported by medical attendants to be in good condition Monday morning.

The accident was investigated by Texas Highway Patrolmen.

A large number of workers soliciting residential areas have not reported, according to general drive chairman Ben Childers. Some of the rural solicitors also have not made any reports since the drive began on Feb. 24.

All persons wishing to donate to the Community Center who have not been contacted by drive workers are urged to send their contributions to: Community Center, (Continued on page 2)

C-C Backs Bond Issues, Seeks Milo Adjustment

Resolutions supporting the impending county bond issues and pushing for new legislation on grain sorghum price supports were passed Wednesday by directors of the Deaf Smith County Chamber of Commerce.

Directors voted to endorse the election called for Saturday for funds to build a new county jail and renovate the present courthouse. Both bond issues, they felt, would be for the community betterment.

The directors also passed a resolution to appeal to Senators Lyndon Johnson and Ralph Yarborough and Representative Walter Rogers "to support such legislation as may be necessary to overrule such unfair and discriminatory action by the United States Department of Agriculture. (Continued on page 2)

Herd Tries For State Again

For the second straight year, Hereford High's Whiteface basketball team will attempt to win Texas honors in Austin. Pairings for the four-team AAA bracket placed Hereford against the Kilaore Bulldogs at 4:35 p.m. Friday. Filling out the other half of the first round will be Smiley of Houston versus South of San Antonio at 3:10 p.m.

Losers will play for third place at 8:45 a.m. Saturday, while the championship game is set for 8:55 p.m. Saturday.

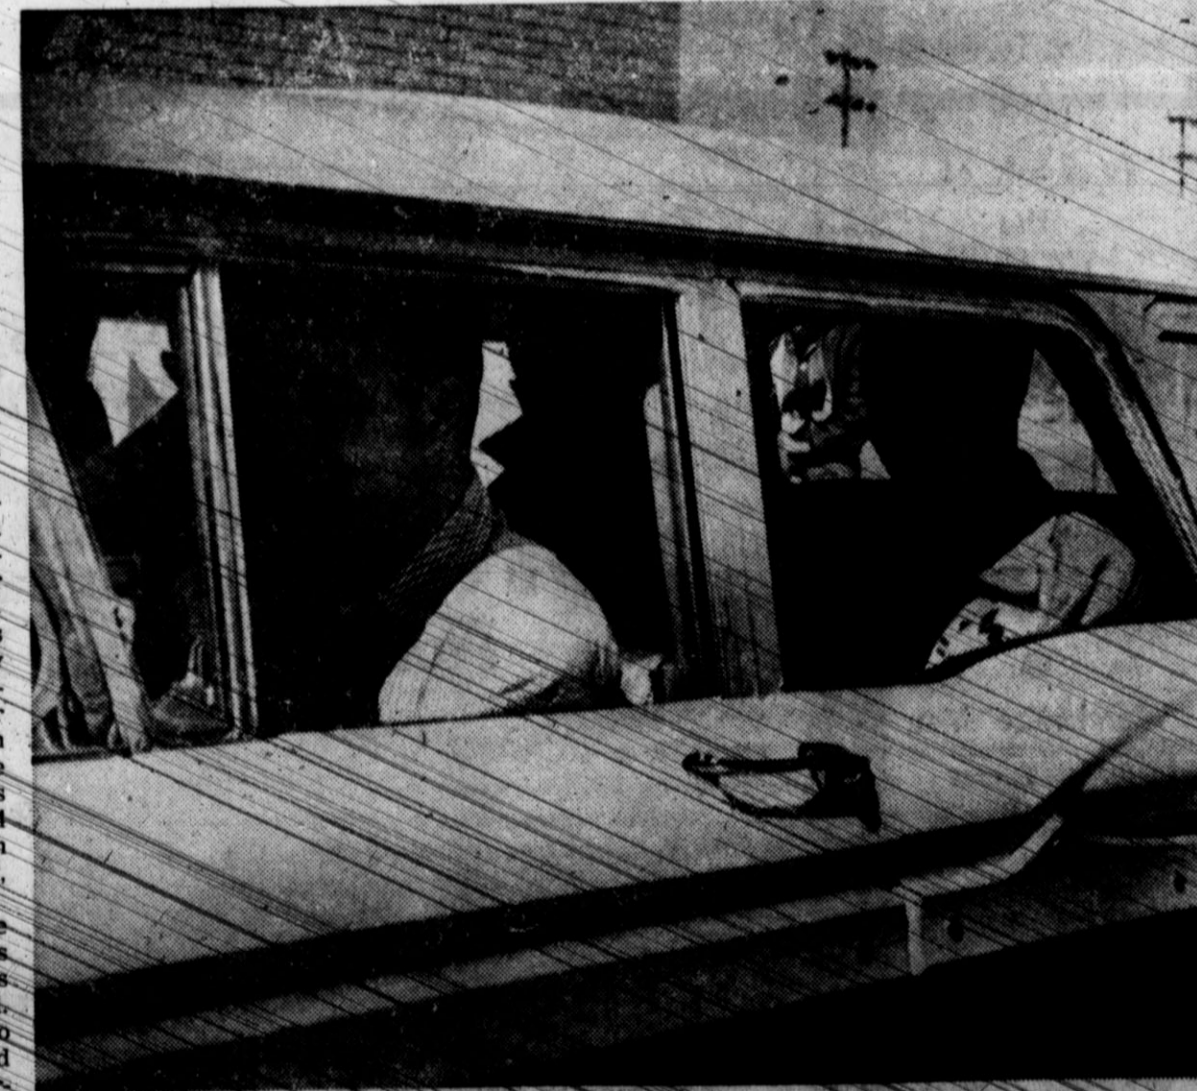

The Herd repeated as Region One champs Saturday by downing the Andrews Mustangs 59-39 in Lubbock. Previously they had downed Lake View 56-43.

In 1958, Hereford lost to Waxahachie, the state winners, in the first round. Kilgore, coached by Clay Kennedy, romped to a 12-0 crown in District 7-AAA. In bi-district, the Bulldogs dashed Waxahachie's hopes for a repeat with a 65-61 victory, then took the regional title with a 34-32 win over Greenville.

Hereford coach Cuby Kitchens and his 12 players left Tuesday noon, spending the night in Abilene. They were scheduled for a practice session in mammoth Gregory Gymnasium on the University of Texas campus Wednesday from 3:30 until 4 p.m. They will practice at an Austin school gym Thursday, Kitchens said.

Hereford stands 28-5 for the season, although the team has no particular height. Six seniors make up the varsity squad. Sophomores making the trip to Austin are Ronnie Botkin, Bud Martin, Charles Buerus, Charlie Thomas, Thomas Coffman and Fred Mulkey.

Bobby Shelton, 6-1, has a slim lead in the scoring department with 504 points for a 15.2 average. His high was 28 against (Continued on page 2)

APPRECIATIVE FANS gave the Hereford Whitefaces a royal send-off to the state basketball tournament in Austin this week by presenting Coach W. H. The fans traded in the station wagon they purchased for the coach last year toward purchase of the new one. The team started the trip to Austin Tuesday afternoon. (Staff Photo)

Four Additional Candidates For School Trustees

Four Deaf Smith County residents this week filed candidacy for school trusteeship posts. Deadline for filing was Wednesday.

Filing applications Monday were H. M. Benson for re-election to Deaf Smith County School District Board, Precinct 4; J. V. Pencil for election to County School Board, Precinct 4; and N. R. Miller for re-election to Precinct 1 on the board. Charlie Seeds Tuesday filed application to be a place on the Hereford Rural High School District Board. (Continued on page 2)

Murder Suspect Bond Is \$5000

Examining trial of Mercedo Castillo, 76, charged with murder in connection with the slaying Saturday night of Antonio De LaCorda, 41, was waived Wednesday and bond was set at \$5,000. Bond has not yet been posted.

Castillo, owner of Castillo Grocery at the Labor Camp, was arrested early Sunday morning by the Deaf Smith County Sheriff's Department after officers investigated the slaying of LaCorda, a Santa Fe Railway section hand.

LaCorda was found dead in the Castillo grocery before midnight Saturday. Sheriff Charles Skelton said LaCorda was shot twice in the chest area with a small caliber revolver. A 22-caliber revolver was found near the scene, Skelton said.

Formal charges of burglary were filed against Roger Hamilton, 17, Tony Lee Miller, 18, and Leonard D. Spears, 21, a fourth youngster, 16, is believed to have been involved in the burglary attempt, Aycock said.

The youths, also charged with the burglary of the Star Theatre last month, all are in custody. Skelton and Deputy Sheriff L. R. Cherryhomes investigated the case after being notified of the incident by Deputy Sheriff Domingo Pesina. Witnesses said (Continued on page 3)

offensive average of 65.15 points, and a defensive average of 48.3 for the 33 games. Primarily a defensive ball club, the Kilgore Bulldogs are not to be taken lightly. During his 12 seasons, Coach Clay Kennedy has an overall record of 274-85 and has won three district championships.
 The Bulldogs are sparked by Norman Bond, 6-4, who was chosen All-District, Most Valuable Player in the District and second team All-State this season. He has hit 309 points for a 11.9 average.
 Providing the second best scoring punch is Richard Stahly, 5-10, who hit 285 points for a 10.5 average. He is a junior.
 Additional height comes from Cliff Britz, 6-4½, who netted 200 points for a 7.7 average. He is a senior.
 Roger Crouch, 5-10 junior, has an 8.6 average, while senior Bobby Parks, 5-11, averaged 6.3.
 Top reserves are sophomores Eugene Sanders, 5-8, and Robert Minor, 5-11.
 Team average for Kilgore is 53.7, while their opponents have averaged 43.1.
 South of San Antonio is a tall, tough team. In a post-season game last week they were beaten 49-40 by their state opponents, Smiley of Houston.
 South Bobcats are led by center Joe Douger, 6-6½, and forward John Sharp, 6-5. They are backed by Ken Black, 6-4, Robert Zemorze, 6-0, and Mike Shaddock, 6-0.

 South had won 22 and lost two when they discovered one of their players was too old. They forfeited the 22 wins, including three tournament titles. They had beat out Plainview, 49-48, in the Howard Payne Tourney finals.
 Coached by Jimmy Littleton, this will be South's third straight trip to the Austin tourney.
 Pre-tournament favorite to pick up the marbles in the AAA state title chase is Smiley High of Houston. The Eagles boast the tallest player in Texas high school basketball, Lewis Qualls, a unanimous All-State selection, is 7-1½, and averaged 16 points during the season.
 They have a record of 41-5 this year, including three post-season games. All of their losses have been to AAAA clubs. They have been beaten by Odessa, Sam Houston of Houston, Belaire of Houston and twice by Houston Milby.
 Adding still more height advantage to the Smiley club are Sammy Knight, 6-1; Earl Cowart, 6-5; Harold Jones, 6-2; and Jerry Lamb, 6-1.

 City officials have set March 16 as the day when the Commission will open bids for the Community Center building. All pledges must be paid not later than Dec. 31, at which time the building would be finished and paid for.
 "We would like to remind the public", Childers commented, "that contributions to the Community Center are deductible from income tax returns and that there will be only one drive for funds to construct this building. offensive average of 65.15 points, and a defensive average of 48.5 for the 33 games. Primarily a defensive ball club, the Kilgore Bulldogs are not to be taken lightly. During his 12 seasons, Coach Clay Kennedy has an overall record of 274-85 and has won three district championships.

The Bulldogs are sparked by Norman Bond, 6-4, who was chosen All-District, Most Valuable Player in the District and second team All-State this season. He has hit 309 points for a 11.9 average.

Providing the second best scoring punch is Richard Stahly, 5-10, who hit 285 points for a 10.5 average. He is a junior.

Additional height comes from Cliff Britt, 6-4 1/2, who netted 200 points for a 7.7 average. He is a senior.

Roger Crouch, 5-10 junior, has an 8.6 average, while senior Bobby Parks, 5-11, averaged 6.3. Top reserves are sophomores Eugene Sanders, 5-8, and Robert Minor, 5-11.

Team average for Kilgore is 55.7, while their opponents have averaged 43.1. South of San Antonio is a tall, tough team. In a post-season game last week they were beaten 49-40 by their state opponents, Smiley of Houston.

South Bobcats are led by center Joe Douger, 6-6 1/2, and forward John Sharp, 6-5. They are backed by Ken Black, 6-4; Robert Zemorice, 6-0; and Mike Shaddock, 6-0.

South had trouble with state eligibility requirements, which gives them a rather strange

Hereford Jaycees will attempt to get a maximum turnout for the election by calling residents in advance to remind them to vote. This project was scheduled to start Wednesday, according to club president Paul Schroeter.

State law provides that each

record of 13-25 for the season. They lost only three games, two to regional AAA champs Houston Milby, and the recent loss to Smiley.

South had won 22 and lost two when they discovered one of their players was too old. They forfeited the 22 wins, including three tournament titles. They had beat out Plainview, 49-48, in the Howard Payne Tourney finals.

Coached by Jimmy Littleton, this will be South's third straight trip to the Austin tourney.

Pre-tournament favorite to pick up the marbles in the AAA state title chase is Smiley High of Houston. The Eagles boast the tallest player in Texas high school basketball, Lewis Qualls, a unanimous All-State selection, is 7-1 1/2, and averaged 16 points during the season.

They have a record of 41-5 this year, including three post-season games. All of their losses have been to AAAA clubs. They have been beaten by Olessa, Sam Houston of Houston, Belaire of Houston and twice by Houston Milby.

Adding still more height advantage to the Smiley club are Sammy Knight, 6-1; Earl Covert, 6-5; Harold Jones, 6-2; and Jerry Lamb, 6-1.

Smiley's coach is Herbert Beard.

county must purchase right-of-way, paying the full costs, after which the state will reimburse the county for half of the r-o-w cost.

If the county issues the \$200,000 in warrants, they will be held by the security company. After the county is repaid by the state, it will redeem half of the warrants and the remaining \$100,000 will be converted into bonds.

County Commissioners have called for a vote on bonds to build a new jail in order to comply with incoming state requirements. The present jail was constructed in 1901 and will not meet the new Texas jail laws.

The new jail building would be located on the north side of the courthouse. This location, commissioners pointed out, would contribute to a lower cost than if the new building were placed across the street at the present jail location. In order to build on the present jail site, commissioners say, prisoners would have to be boarded and confined in other jails. During the peak season, they say, it might be necessary

to house county prisoners in Canyon, Dimmitt and Amarillo. Estimates also showed that putting the new jail in the present jail location would be much more expensive than building it near the courthouse.

In seeking \$185,000 for courthouse renovation, commissioners felt that it would protect the county's investment in the sturdy, 48-year-old structure. The building, they said, is large enough for the foreseeable future and renovation would make it serviceable for probably another half century.

Included in plans for modernizing the courthouse are an elevator, new floors in the offices, new windows and frames, lower ceilings, new lighting fixtures, new plumbing fixtures and renovation of the district courtroom. A new roof also would be added and minor changes made in the exterior appearance of the structure.

In other action, the board approved a request that members of the C-C Industrial Development Committee and the C-C manager, Bill Thompson, make a trip to South Texas to investigate the possibility and feasibility of obtaining a canning factory for Deaf Smith County.

Tuesday the Industrial Development committee had voted to work on two main objectives during the year. The first is to organize a Hereford Industrial Foundation for the purpose of securing desirable property for industrial development and providing capital for construction of industrial facilities.

The group also voted to bring an earlier industrial survey up to date and get information together for an industrial facts brochure.

c/o City Hall, Hereford, or call Ben Childers or one of the other leaders in the drive. City officials have set March 16 as the day when the Commission will open bids for the Community Center building. If the fund drive is successful, the contract will be awarded and construction should be finished this fall. All pledges must be paid not later than Dec. 31, at which time the building would be finished and paid for.

"We would like to remind the public," Childers commented, "that contributions to the Community Center are deductible from income tax returns and that there will be only one drive for funds to construct this building. After it is completed, it will be paid for and the city of Hereford will pay all the costs of maintenance and operation."

Almost all businesses, commercial establishments, women's clubs and civic clubs in the county have made donations or pledges toward the Community Center, Childers pointed out, and the rest of the funds will have to come from the public. We feel that this is a real once-in-a-lifetime opportunity to invest in the community.

 There will be a Vegetable Meeting in the Bull Barn Friday, March 6, during the morning. Joe E. Cole, a horticulturist

will talk on the results of 1958 demonstration programs; vegetable varieties and fertilizer practices and suggestions for 1959. Dr. Clyde Singletary will discuss vegetable preparation and other related problems; J. F. Rosborough will talk about marketing, grading, packaging and cooling; Connie F. Garner will discuss insects and controls; and Dr. Harlan E. Smith will give a talk on plant diseases and controls. The meeting will end with a question period.

VOTE SATURDAY
 We would like to compliment the Hereford High cheerleaders for the tremendous work they have done during the basketball season. They have planned and made some really clever decorations, signs and posters and have generated a lot of enthusiasm. Of course it is easy to track a winner, but they have done far more than was required.

time he arrived there. LaCerdo was lying near the counter at the front of the store. Skelton said. The store is located at the south part of the labor camp. Castillo was charged for drunk and investigation of murder at about 2:45 a.m. Sunday. Castillo is now in custody in Deaf Smith County Jail.

Funeral services for LaCerdo were held at 4 p.m. Wednesday in San Jose Mission at the Labor Camp, with Father Raymond Gillis, pastor, officiating. Burial was in St. Anthony's Cemetery, under direction of Gilliland Funeral Home.

LaCerdo was born May 10, 1917, in Mexico and came to Texas in 1945. He was a naturalized citizen of the United States. He came to Hereford in 1953 from Lamesa and was a section hand for the Santa Fe. He married Paula Taula Tina in 1947 in Mexico. LaCerdo is survived by his wife, five sons, two daughters, and his mother, who lives in Mexico.

J. C. Morrison last week filed for re-election to the County School District, Precinct 2. Also filing last week were Jim Monroe, who filed for the only post on the Walcott Common School District Board No. 6. Ivan Block filed for one of two posts open on the Hereford Rural High School board.

Dr. L. B. Barnett filed as a candidate for Hereford Rural High School District Board earlier last week, as did Waldron H. Melton for a place on the Walcott board.

Melton and Monroe are candidates for a post on the Walcott board being vacated by Glenn L. Burrus. Term on the board is three years.

Terms of Bert Boomer and Marbus R. Latham on the Rural High School board expire this year. Neither has announced whether he will be a candidate for re-election.

In the County School District, those whose terms expire are Miller from Commissioner's Precinct 1; Morrison from Commissioner's Precinct 2; and Benson from Commissioner's Precinct No. 4.

In other action, the commissioners set the bid date for repairs of the Dairy Road for April 6. Repairs will include the placement of a layer of hot mix on the road.

During the meeting, Guy Lawrence, representing the American Automobile Association, presented a five-year achievement award for the outstanding record of no pedestrian deaths for five years to Police Chief Henry Aycock and Dr. R. R. Wills, a commissioner.

The award, signed by Harry I. Kirk, AAA president, was presented in the form of a plaque.

In other business, the commissioners approved the Wayne Wallace subdivision plat. The plat approved was redrawn by McMorries after the commission specified changes when it was offered for approval at a recent meeting.

Boundaries of the plat are Moreman Ave. on the north side, Vogle on the south, Western Ave. on the east, and Buttram St. on the west side. The plat includes four blocks. The commissioners approved recommendations of the Zoning Commission that a lot just north of Sunset Lanes bowling alley be rezoned from "C" multifamily to "D" residential and that zoning of a lot on Ave. E, behind the Safeway Store, remain the same. Owner of the lot on Ave. E had asked that the lot be rezoned from "B" residential to "B" commercial.

FOR

By JIMMIE GILBERTINE
As the number of successful rocket launchings increase, the likelihood of "hitching your wagon to a star" becomes more probable from day to day.

Meanwhile, we have quite a few things here at home to keep us busy; things in which few outsiders are remotely interested. Saturday for instance, will bring three county bond elections: right-of-way, jail improvements and courthouse improvements. Since the road issue is only a drop in the bucket compared with what the State will spend, this program will likely face little opposition. How the other two will go, nobody knows.

For Guaranteed RADIO AND TELEVISION SERVICE Call Clark Dobbs, Phone AV 9-4599

Personally, I expect to vote for all three. Not to pass the jail issue will cost us more in extra help hauling prisoners to and from our more progressive neighboring towns than will the jail itself — and state laws decree that this is what happens after May, 1961.

Courthouse improvements are also long overdue. Most business men would consider these improvements to be a long-range, sound investment. If we can go another 50 years for the \$185,000, we have really done a good job. In addition, the commissioners tell me that no additional taxes will be assessed because of the jail and courthouse bonds. This, they say, is due to the fact that some previous bond series are now expiring — and the amounts paid on the old issues will be shifted to retire the proposed jail and courthouse bonds.

A lot of people will be in Austin watching the Whiteface basketball team — and this will not help the bond issue cause, since many of these people are the type folks who would vote "for" on the issues. Anyway, I guess we will

find out come Saturday.

I also want to congratulate the Commissioners Court for laying their cards, face up, on the table. They haven't tried to hide a thing. They could have waited to announce the jail location until after the election, but they felt like the people were entitled to know everything available about the proposed bond issues. Above all other elections, a bond issue should be handled in this manner. I am sure it took a lot of courage, and I feel that they deserve a pat on the back from their constituents.

I can't say so much for the architect who drew that proposed color sketch, however. He sure did modernize those trees. I do appreciate the fact that he left out the flocks and flocks of birds which usually roost there. I am sure he did it to save painting all of those spots on the cars he had parked under the trees. If the commissioners could guarantee this situation, they would get a vote from everyone who parks around the courthouse square.

Frequently some of the older fellows are inclined to think that the young men of today have things pretty soft. When you get right down to it, though, things haven't changed too much along this line. Take the JayCees, for instance. Those boys have their own club house where they used to throw things around as they please, and what happens? Along comes an organization for the wives called, JayCettes. Six of these gals, Mrs. Paul Schroeter, Mrs. Dennis Lomas, Mrs. Bill Howard, Mrs. Don McNeese, Mrs. Don Fudge and Mrs. Walter Kirkland, having seen the condition of the club house, got together and spent a while day cleaning the place.

Now, it's a lot like home. The fellows can't find anything, they dare not come in with muddy shoes — and are even afraid to crush out cigarette butts on the floor any more. There's a lot of complaining, but I have a hunch most of the fellows really appreciate the clean-up job. At least, that is how it works most of the time.

The Rotarians, often referred to as the "Old Man's Club", issued a real challenge to other service clubs in their weekly bulletin, "The Axle", which reported:

"No other Hereford club can boast a single, eligible bachelor, such as our Joe Kerr, and two bridegrooms, Jim Witherspoon and Earl Phillips."

Since Matador and Hereford are two of the last "hold-outs" in the cattle country, I was somewhat interested in Douglas Meador's observations recently. He lamets as follows:

The cowboy is gone except on motion picture and television screens. He has been succeeded by a man who usually drives to the range in a heated automobile with his saddle horse towed along in a trailer. He may frequently drive a greater distance in an hour than the horse could travel in a full day on foot. The modern rider probably has a nylon lariat rope tied to the pommel side of his saddle horn. He heats his branding irons on a butane fire and smokes ready rolled, cigarettes. He drinks his coffee from an electric percolator and sleeps under an electric blanket.

To Doug's lament, we might add that this new type cowpuncher is just as quick on the draw — when it comes to shooting off his mouth — as Wyatt Earp ever dreamed of being with a .45 Colt.

Someone recently pointed out that our two most difficult and important careers are entrusted to amateurs: citizenship and parenthood.

Mrs. J. J. Buckner has just about all of elementary department of the Baptist Sunday School wondering about her current crop and harvest. She took a pinto bean which had sprouted, wrapped it in a piece of cleansing tissue, which she keeps moist with a little water from time to time. The bean not only grew into vine, but has now produced two miniature beans of its own — all without soil or root foundation.

The experiment is attracting more interest among the department heads and teachers than among the children, although the youngsters are keeping an eagle-eye on the project from week to week.

Nothing turns a man head like the realization that he just went through a stop sign.

Pep up spinach by serving it with a garnish of hard-cooked egg, lemon wedges or crisp bacon.

Hi there! Well how do you feel about the grand weekend, basketball

Bowling Contest Begins Sunday

The Sunset Lane Sunday Sweepstakes were held for the first time Sunday afternoon. Winning first place Sunday were Mr. and Mrs. Charley Owen of Hereford.

Second place winners of the day were Mr. and Mrs. Bob Haile of Amarillo and Mrs. Betty Young and Carl Hollingsworth of Hereford won third place.

The Sweepstakes will be held each Sunday at 3 p.m. and married or unmarried couples will vie for the three honors.

Another new activity taken on is a Women's League which first met Tuesday morning with 17 ladies present. Future meetings will be held on Tuesdays, beginning at 9 a.m., with a qualified instructor present to give lessons and advice.

When the enrollment is completely organized the ladies will form leagues for league playing.

Saturday will be the first day for the Junior League which will include youths of Junior High through High School age. An instructor will also be present at the meetings.

THREE ATTEND MEET

Mrs. Edward Paetzold, Mrs. James McAndrews and Mrs. Mark Koenig attended a board of directors meeting of the Plainview Deanery of the Amarillo Diocesan Council of Catholic Women at St. Alice's School in Plainview Monday afternoon.

Purpose of the meeting was to plan the Spring Deanery meeting which will be held in Plainview April 22. Other parishes represented were Canyon, Umbarger, Nazareth, Happy and Plainview.

schied enjoyed a medium-sized jar of pickles, and by some strange coincidence the jar got spilled.

On another bus a certain girl was forced to give up two of her lemons to get back her shoes from a boy who wanted her lemons.

On the return trip, the only signs of food were the candy

wrappers, gum wrappers, crumbs, pickle juice in the floor of the bus.

QUINCY, Mass. — A Quin- cy police officer edged past the Cadillac parked in the driveway and knocked on the door of the magnificent home.

"Yes?" asked the lady of the house, standing in the spacious reception hall.

"Would you be interested in buying a ticket to the police- men's ball?" asked the officer.

"They're only \$1."

"No, I'm sorry," she replied. "I really couldn't afford it."

Bond Election Issues Pass By Big Majority

By MRS. R. L. PINNELL
The bond election held in the community this weekend passed with a powerful majority. John Skaggs served as election judge. R. D. Sisk was assistant judge and clerks were Bert Kinsey and Bob Grubley.

The fact that the local basketball boys were in the semi-finals at the regional tournament at Canyon did not seem to affect the turn-out of voters to any great extent, as was anticipated.

The first clause of the two-phase election was the maintenance tax and passed with 103 for and 22 against. The second clause, concerning the bond issue for the building program, passed with 93 for and 21 against. "We figure we had a above average in the local turnout of voters," Skaggs commented.

The boys went into the tournament with 27 wins and 5 losses for the season. Their record for the past four years has been an enviable one for the three senior boys on the team. In 12 final games in the tournaments in which they have participated the boys have played in 10 final games. They brought home eight first place trophies.

Two players from the local team made the regional All-Tournament team and received individual trophies. They were Phillip Pinnell and Oscar Bronniman.

The Junior High boys and girls participated in the Channing tournament Thursday, Friday and Saturday. The girls first met Stratford, Thursday morning, losing 37 to 22. On Friday they played Bushland in a close squeeze with Adrian behind only 2 points at the finish. The score was 18 to 16 with Coralle Fortenberry high scorer with 8 points. Brownlow and Arnold of Bushland both scored 8 points.

Homer Hershey Receives Honor

Homer Hershey, son of Mr. and Mrs. Horace Hershey, has been designated a Distinguished Student at Texas A&M in College Station by the Dean of Engineering.

The honor is based on scholastic performance and entitles the recipient to certain privileges. With the honor, Hershey was presented a Distinguished Student card.

Hershey, 22, is a 1955 graduate of Hereford High School. He will graduate from Texas A&M in June of next year with a degree in petroleum engineering and geology. He was awarded the honor on the basis of his 2.5 grade average.

ning in his home. Attending were Mr. and Mrs. John Halliburton and Ruth, Mr. and Mrs. Jim Halliburton, Sherry, Johnnie and Donna, Mr. and Mrs. Gene Halliburton and Cynthia of Vega and Mr. and Mrs. Jim Voyles.

Mrs. Lena Gudgeon and Bill spent Sunday in Adrian with her daughter, Mrs. Modean Williams and sons.

Mr. and Mrs. Grady Skaggs of Amarillo visited his parents, Mr. and Mrs. John Skaggs, Sunday.

Mrs. Jean Vanderwork visited Sunday afternoon with the Jim Voyles.

Church friends of Mr. and Mrs. T. N. Monk gathered in her home Sunday night after the evening services for a going-away party for the couple. They plan to move soon to Texico, N. M. The couple was presented gifts and refreshments were served by the ladies to the group.

Jay Voyles and son, Billy Dean, of Vega were Sunday guests of the Jim Voyles.

Mr. and Mrs. Ernest Frank and friends, Mr. and Mrs. Fred Shuyler of Woodward, Okla., returned Saturday night from a fishing trip to Fort Aransas in South Texas. They reported wonderful fishing. They caught 200 pounds of fish while away.

Mrs. Hershel Tomlinson and Mrs. Gladys Preston of Amarillo visited their daughter and niece, Mr. and Mrs. Edd Pinnell, at Kenton, Okla., Thursday. Mrs. Pinnell returned home with her mother for the weekend. Pinnell came for her Sunday night.

Long Time Ago

45 Years Ago

This week has seen two changes made in business connections in Hereford. The first was the purchase of the Suggs interest in the abstract business of Suggs & Jones by J. Frank Potts. Mr. Potts has recently moved to the city from north Texas where he has extensive banking and landed interests. The firm will be known as Potts & Jones, bonded abstractors.

The next change was the association of Mr. Suggs with D. F. Ashbrook in the fire insurance business. Mr. Suggs purchasing a half interest. The style of the firm will be Ashbrook & Suggs.

The Brand bespeaks for both of these new firms a success beyond their own expectations.

25 Years Ago

Chester Dodson would not

trade his collie pup, "Snap" for the pampered pooch that won the New York Dog Show recently and then was kidnapped and held for a huge ransom.

Chester is a school boy at Bippus, which is northwest of Hereford, way out in the corner of Deaf Smith county. Chester had the measles recently and Snap began to get pretty lonesome, not being allowed in the house.

One day last week Snap dis-

appeared and was gone most of the day. Along about 4:00 o'clock in the afternoon, however, he showed up and insisted upon going into the house. He was allowed to do so because a package was tied to his collar. It turned out to be a letter from Chester's teacher and all his classmates.

So cheering was the message that Chester was up the following day and now Snap gets an extra bone every time his little master can find him.

The boys lost their first game Friday morning with Stratford which placed them with Bushland in the consolation bracket Friday evening. They won the same 42 to 22 with Perry Grubley high scorer with 18 points. Banard of Bushland scored 8.

They played Saturday with Cactus in the consolation finals losing 45 to 31. Jerry Homfeld scored 12 for Adrian and Adkins of Cactus scored 22 points. Malcolm Kennedy coached both Adrian teams as Coach Cullender was in Canyon with his High School boys.

Two of the Junior High players made the All-Tournament team. They were Paula Creitz and Sam Brown.

Mrs. Ralph Perry was hostess to a demonstration party Friday morning in her home. Mrs. Velma Brian of Hereford was the demonstrator. Present were Mesdames B. L. Kinsey, Poole Doherty, W. B. Betts, Jackie Holder, L. E. Wagner, Troy Benefield, L. R. Rich and the hostess.

Mrs. Billy Mac Briggs was a patient in St. Anthony Hospital Friday and Saturday in Amarillo. She was returned home Saturday afternoon but is still in bed in the home of her parents, Mr. and Mrs. Bill Leslie, while convalescing.

Mrs. Irene Brown taught in the place of Malcolm Kennedy Friday while he was in tournament at Channing.

Mrs. Hazel Chilton was a dinner guest Sunday of Mrs. Nelye Davis and Mrs. Grace Bakker.

Mr. and Mrs. Lloyd Jeffrey, David, Maris and Kevin of Hayden, N. M., were Saturday night and Sunday guests of her brother, Mr. and Mrs. R. D. Sisk.

Mr. and Mrs. Elzie Kennedy of Memphis visited this weekend with their son and family. Mr. and Mrs. Malcolm Kennedy and son. They all went to Hereford Saturday afternoon where they spent the night with Mr. and Mrs. B. R. Flowers, grandparents of the Malcolm Kennedys.

Mr. and Mrs. George Worsham and Teena were dinner guests of the R. D. Sisks Sunday. They returned Suzette to her family after a weekend with the Worshams at Canyon. Mr. and Mrs. Frank Fisher of Ludell, Kan., visited from Monday through Wednesday with the Henry Creitz family. The Fishers had been visiting with a son in Albuquerque, N. M., and returned home by way of Adrian to visit their friends. Edd Klein was honored at a birthday supper Wednesday eve-

By MRS. CARL WIMBERLEY

A total of 13 members of the Dawn Musettes will take part in the Hereford division of the Junior Music Festival of the seventh district, Texas Federation of Music Clubs, March 14.

Those who are entering are Glen Polan, Linda Stewart, Billy Neal, Beverly Betzen, Alice Ann Caraway, Laura Higgins, Judy Sartor, Buddie Stewart, Robert Caraway, Linda Tooley, Ann Gentry, Dorothea Stewart and Walteen Beavers.

Nan Neal will not be able to play in the festival because of illness. Nan is in the Deaf Smith County Hospital with a serious case of measles. She is expected to be there for several days.

Mr. and Mrs. Rea Cox took their daughter, Susan, to the doctor Friday and she was given permission to walk. Susan was in a cast, following surgery last fall, until a few weeks ago. Mrs. Zed Stewart, Mrs. Carl

Wimberley and Ted Wimberley attended the Amarillo Symphony Concert in Amarillo Thursday evening.

Mr. and Mrs. Jack Ward Jr. and children moved the past week to the house formerly occupied by the Jack Ward Sr. family. The latter moved recently into an adjoining house. Both houses have received extensive improvements recently by the owner, E. C. Reinauer Sr.

The Dawn Home Demonstration Club will meet Friday afternoon in the home of Mrs. J. B. Caraway.

Mr. and Mrs. P. L. Carmichael and daughter, Shari, went to Lubbock Friday and attended the basketball games there Saturday.

Mr. and Mrs. Shorty Fowler and children of the Daniel Community and L. M. Johnson of Umbarger visited E. M. McDill Sunday.

Mr. and Mrs. Leon Vinton went to Nazareth Sunday where they visited with Mr. and Mrs.

Emil Huseman, Mr. and Mrs. John Litch and Mr. and Mrs. August Huseman.

Mr. and Mrs. H. M. Thompson and children, Angela, Keith and Nadine, of Fertile, Minn., arrived Friday for a visit in the home of Mr. and Mrs. H. H. Miller. Mrs. Thompson is Mrs. Miller's sister, Camille.

On Sunday a family get-together was held in the Miller home. Those present were Mr. and Mrs. Gus Olsen of Shattuck, Okla., Mr. and Mrs. Billy Hill and daughters, Mr. and Mrs. Marvin Olsen and children, Marlyn and Sonja, Miss Luanna Olsen, all of Amarillo, the Thompson and Miller families.

The Dawn Music Club will meet Tuesday, March 10, in the home of Mrs. L.W. Tooley.

A birthday dinner honoring Mrs. J. B. Caraway was held in the home of Mr. and Mrs. Robert Oglesby in Canyon Sunday. Other guests were Mr. and Mrs. Reece Stewart and family, Mr. and Mrs. R. T. Stewart and children and J. B. Caraway and children.

H. L. Richardson of Elida, N. M., visited Sunday afternoon in the home of Mr. and Mrs. N. R. Miller.

Richardson spent Sunday night with the H. H. Miller family. He is the father of Harold Richardson, Miller's son-in-law.

NEW CHEERLEADERS named at Hereford High School, named at a recent assembly program, include Marilyn Newell, Judy McGee, Beth Lemons and Lois Christman. Not shown is Verena Parker, who was absent that day. They will replace Janie Bookout, Jeanne Brown, Linda Russell, Judy Patterson and Dollie Jo Provm.

New Cheerleaders Named At Program

"This is Your Life" was the theme for the 1958-59 cheerleaders presented as they announced the 1958-59 cheerleaders. As the 1958-59 cheerleaders announced the new cheerleaders, these keys to success were presented to them: spirit, loyalty, determination, cooperation and sportsmanship.

Judy McGee was selected the head cheerleader for the school year 1958-59. The other cheerleaders are Lois Christman, Verena Parker, Marilyn Newell and Beth Lemons.

The girls that competed were Sondra Childers, Azalee Browne, Glenda Allison, Mary Dufur, Ann Druik, Kay Griffith, Virginia Isbell, Barbara Jacobs, Nancy Parsons, Jane Pool, Kay Scott, Ann Smith and Rosa Lee Strange.

Senior Personalities

Montie Dean Hale is the daughter of Mr. and Mrs. C. H. Hale. She was born Feb. 5, 1941, in Littlefield. 'Whiteface Whims'

"I've finished with that girl!"
"Why?"
"She asked me if I danced."
"What's so insulting about that?"
"I was dancing with her when she asked me."
Mother — "Your face is clean, but how'd you get your hands so dirty?"
Small son — "Washin' my face."

Little Willie was in a store with his mother when he was given candy by one of the clerks.
"What must you say, Willie?"
"Charge it," he replied.
"Were you excited when you first asked your husband for money?"
"Oh, no, I was calm — and collected."

What is the longest word in the English language?
Smiles, because there is a mile between the first and last letter.

Hotel — A place where a guest often gives up good dollars for poor quarters.

Hug — A roundabout way of expressing affection.

"He — "What would you say if I kissed you?"
She — "I wouldn't be in a position to speak."

He — "You know, I'm funny — always throw myself into anything I undertake."
Pretty Girl — "How splendid! Why don't you dig a well?"

"Would you call for help if I tried to kiss you?"
"Do you need help?"

"Do you think a woman believes you when you tell her she is the first girl you ever loved?"
"Yes, if you're the first liar she has ever met."

"Why is Miss Jones wearing black?"
"She is in mourning for her husband."
"Why, she never had a husband!"

An Editorial

TOMORROW MAY BE TOO LATE
"Don't put off until tomorrow what you can do today." Are you always getting this thrown at you? Well, I am. It annoyed me something terrible until I had a sudden realization (you know — "the truth always hurts"). And my realization, I recall (not that I wanted to) my last theme — two days before it was due (I knew nine weeks in advance), I frantically started research and writing it. I lost a little sleep — not worrying — working until four in the morning, and ooh these book reports, reading all night — sleep reading.

As everyone's well aware, we have just completed four weeks of the new semester and new term projects, and book reports, etc. Well, I have just made a not-so-new resolution — I'm not putting off until tomorrow what I can do today, but I'll bet you this is one time it's going to be carried out fully and completely — why don't you bet someone?

Question Of The Week

Do you think Elvis Presley will marry a German frau-
lein?
CAROLYN LEE — No, I think he will come home to me.
VERONA PARKER — I hope he stays over there.
NANCY PARSONS — No.
ROYCE LEE FRUIT — It doesn't bother me who he marries.
JEANETTE RAYBURN — I don't know.
ANN SMITH — I don't think he can leave his American beauties.
PHYLLIS WARD — No, he will come back to me.
SHIRLEY CARTHEL — No, because he has been secretly engaged to me for the past two years.
MARGARET BOOMER — I guess it's his business.
JUDY MCGEE — No.
MARY PATTON — He will come back because American girls are a lot prettier.
EUGENIA ALEXANDER — I don't know.

Mabel answered: "I am not sure! but I should think they are — Missouri, Iowa, Ohio, Maryland, Louisiana, Louisiana, Della Ware, Minne Sata, and Miss Sippi."

She was a teenage bride, and she treated her husband like an idol. Every morning at breakfast, she put a burnt offering before him.

It's quite odd that a girl who is free for the evening, turns out to be expensive.

She gave up her boy friend because of illness. She was sick of him.

She loved him from the bottom of her heart, but she always left room for some other guy at the top.

Of course kissing can be unsanitary, but can you think of a nicer way to meet a germ?

Law of Teenage Gravity: It's easier to pick up a girl, than to drop her.

It's a girl's privilege to change a man's mind.

He asked her to marry him and share his lot, and she wanted to know if there was a house on it.

Junior: "Mommy, when can we have a new dog?"
Mommy: "Shut up, kid, we haven't finished the old one yet."

"I've carried her books home from school every night. I've taken her to the movies three times. I've bought her four chocolate sodas and a raspberry sundae. Now, do you think I ought to kiss her?"
"Nah — you've done enough for her already!"

"Do you notice anything different about me, Bill?"
"Sure honey — you have a new hairdo!"
"Nope."

CAREERS

Architectural Profession Complex And Fascinating

Architecture is one of the most fascinating careers. It calls for artistic ability, technical proficiency, and just plain down-to-earth practicality.

Architecture is said to be the greatest and most complex of all the arts because it is both an art and a science of building. It is difficult to say where its usefulness ends and its beauty begins.

Architecture is a challenging career and has many facets. It includes the mansion and the cottage, the cathedral or the skyscraper and the factory if they are complete and unified expressions of the highest will and desire of their builders.

Architecture is a rewarding career. In what other is it possible to have such things as the ancient temple or the modern skyscraper stand through the ages as a monument to the builder. The term architecture is ordinarily used in referring to building where beauty of form and design are concerned, but in its broadest sense it applies to all construction. The smallest cottage, the churches, the great public buildings, the huge factories, and skyscrapers are all included. Even in such engineering feats as dams and bridges, the architect plays a part.

An architect's office today in practically all cases sees a project through from beginning to end. For a large structure there are a great many details which require attention, and thus a great many people are involved. Architects always work toward

a deadline, and this often makes it necessary to hire additional temporary help or to have their own employees work overtime.

In a large office there are positions such as architectural designer, structural designer, chief draftsman in charge of a department of draftsmen; job captain; experts in mechanical heating, electrical, and plumbing engineering; specification writer; estimator; job superintendent, and a production department. There are also the usual business and executive positions. The salaries of these many positions vary. A beginning draftsman receives from \$60 to \$75 a week. The more experienced and responsible personnel make from \$150 to \$200 per week, and the engineers from \$5,000 to \$10,000 per year. Architectural offices usually follow the standard work week of 35 to 40 hours, with a possibility of some overtime to meet a deadline, and employment is relatively steady.

The personal qualifications of the architect are as complex as the art itself. An architect is actually a combination of artist, skilled draftsman, mathematician, engineer, and businessman. One without the other is likely to affect his success. It is important that an architect have creative and artistic ability. A person considering architecture as a career should have an instinctive love of beauty and design. In addition, he must have a desire to create and have great powers of visualization. These qualities can be cultivated to some extent, but naturally the person with them inherently has a distinct advantage.

Drawing, sketching, and mechanical drawing are subjects the prospective architect must enjoy. Many a high school student has decided over his mechanical drawing board that he wanted to be an architect. It will help if mathematics as a subject comes comparatively easily, as the architect's life is full of figures working out stresses and strain as well as specifications and costs. The student must also like engineering subjects. He will spend many hours in college studying them.

An architect needs a friendly personality. He must be able to meet and get along with people from all walks of life. This calls for tact and diplomacy. The architect requires a high school diploma, and also a college education. In high school, a good general course of study should be followed with special attention to subjects such as art, mathematics, English, Latin, and a modern language, preferably French. You can be an architect without a college

education, but there isn't much chance of this, or ever getting ahead.

Architects fees vary. The schedule of fees recommended by the various chapters and state organizations of architects are graduated on two co-ordinated scales — one according to the cost of the building, the other according to the type of building, rating from a large industrial building at the lowest fee to residences and churches at the highest scale, especially for smaller projects.

To Junior Boys Who Don't Date

1. Pick a girl that fits your personality.
2. Be friendly and let her know you are interested.
3. Decide on a place to take her.
4. Don't lose your nerve, ask her while you have a chance.
5. Good luck and happy hunting!

Clothing Panel Heard At Meet

Royal Rose and Chapter F. H. A. clubs met Tuesday, Feb. 17, during activity period. After the meeting was called to order by Betty Hagar, the president of Royal Rose, Beth Lemons directed a panel discussion on clothing. The panel consisted of Irving Alexander, Mrs. Pruitt, Mrs. Bess Moore, Mrs. Coach Kitchens, Bert Boomer and Gwin Morris.

The models were Doris Wiloughby, Sherry Holt, Kay Griffith, Linda Renfro, Judy Bradley, Toni Parker, Glenda Allison and Joy Story.

Boy Drivers Offer Varied Impressions

On a date a guy's car can be a place to have fun or a torture chamber, depending on the guy behind the wheel. When some guys drive, a girl can relax and be comfortable, while with others the girl sits on the edge of her seat mentally putting on the brakes at every stop sign. Here are a few of the juvenile stunts guys pull that make a date with them an ordeal.

COFFEASER: This meat-head has dedicated his life to trying to out-smart the whole police force — a sort of one man war against the fuzz. He obeys traffic laws only at his convenience. When he gets busted he insults and argues with the cops. He's just begging to have his license revoked — and Johnny Law is only too happy to oblige.

THE HERMIT: This guy wants to get away from civilization to a spot in the hills that it would take a week by pack mule to reach. But he knows a short cut up a deserted cow path. And after all that's why the car has springs, to take shocks — Ha! And then when he finally gets there isn't it odd how affectionate he becomes all of a sudden?

I-GET-MAD TYPE: This dad swears at all the other drivers on the road. He thinks that his license is a gift certificate from the state giving him all the roads and highways. No one but him as any right on them.

THE MECHANICAL GENIUS: Girls who know nothing about cars brag on the guy who talks only about his car. It wouldn't be so bad if he's to explain how they run in simple, everyday English. But this guy comes up with jazz like: "Did you know that this kemp is stroked and bored 3/8 x 3/8, also ported and relieved with a 72 degree overlap, etc." He bored the life out of the girl, instead of impressing her.

AUSTIN HIGHLIGHTS

Snow Falls, Snowballs Fly In 56th Legislature Meets

By VERN SANFORD
AUSTIN — 56th Legislature is moving like a snowplow — with the snow still falling and the snowballs flying.

"Taxing and spending committees are pushing doggedly through their hearing schedules. But new bills are still swirling into their path, and, in whatever direction they move, they're constantly pelted with objections."

With the 120-day session nearing the halfway point, each passing day increases the possibility that they'll come to the May 12 quitting deadline still "snowed under."

Rep. Frates Seeligion is pushing his take-some, act-some tax plan as a long-needed updating of Texas' tax structure.

Seeligion (of San Antonio) told the House Revenue and Taxation Committee that many taxes still on the books (such as those on clock peddlers, wax-

works, medicine shows, etc.) are no longer useful. Others, such as the chain store tax, he called inequitable.

Seeligion's bill would repeal some 38 such taxes and increase levies in other areas — auto sales, cigarettes, liquor, beer, corporation franchises. His plan also would include two ideas backed by Gov. Price Daniel — to take over abandoned property for the state and to make a bookkeeping transfer of \$18,000,000.

But unlike the governor, Seeligion is frankly pulling for a general sales tax.

Other new tax ideas are to increase the levy on beer from \$4.30 to \$10 a barrel, by Rep. Leon Thurman of Anson.

Rep. W. T. Oliver of Port Arthur has introduced a five per cent gross receipts tax on hotels, motels, rooming house rentals and airline passenger business. Oliver also proposed a five-cent-a-gallon tax on soft

drink syrup and a three per cent levy on pop sales.

That hardy repeater from many past sessions, the women's equal rights amendment, is back again.

Sen. George Parkhouse of Dallas is sponsor of the proposed constitutional amendment which would remove legal restrictions on women.

Representatives of the Federated Business and Professional Women told the Senate Committee that some Texas laws classify women with "infants, imbeciles and lunatics." They pointed to the statute that prevents a married woman's selling, without her husband's permission, property she acquired on her own hook.

As usual, no one opposed the women. But the proposal was packed off to the attorney general for a "full appraisal of what effect it would have."

Religion and politics got mixed — with explosive re-

sults — when four legislators announced they'd heard atheism was being taught in state colleges.

A bill to require all faculty members in state schools to take an oath they believed in a supreme being was introduced by the four. They are Reps. Bill Hollowell of Grand Saline, Joe Chapman of Sulphur Springs, Ben Lewis of Dallas and W. T. Dungan of McKinney.

College officials and university pastors joined in calling the charge "ridiculous." Several University of Texas spokesmen, both educators and ministers, said they had never known a time when there was more sincere interest in religion among both faculty and students than at present.

Sen. Floyd Bradshaw of Weatherford and the medical profession are at odds as to the value of smallpox vaccinations.

Sen. Bradshaw refused to send his four children to Austin schools, which require vaccinations, and is teaching them himself in his office. He also introduced a bill which would prohibit local school boards from requiring that children be vaccinated before they can attend school.

Quoting from a 34-year-old medical article, Bradshaw told the Senate Public Health Committee, "the bedbug is the sole conveyor of smallpox."

But medical spokesmen credited vaccinations with eliminating the scourge that once killed thousands every year. Dr. J. M. Coleman of Austin told the committee that allowing children to come to school unvaccinated had the same "potential for destruction" as allowing them to bring "pistols and switchblade knives."

Committee discussion of bills on city firemen's and policemen's hours brought more spectators than a first class fire.

City officials and the firemen's and policemen's associations are in a head-on clash over the old issue.

2³/₄-Bale Cotton

L. H. (Howard) Wheeler, prominent Texas farmer, says: "I farm 1,840 acres. With that much land I have to maintain high yields, year after year. Phillips 66 Ammonia helped me to do that. This past year we watched our cotton carefully, then when conditions looked right, we went in and side dressed it with Phillips 66 Ammonia. The cotton came right on along, setting a high count of squares—and of course that meant a good yield, averaging 2 3/4 bales per acre. I use Phillips 66 Ammonia with excellent results on my maize, too."

Other successful Southwestern farmers have discovered that they make more profit per acre, using Phillips 66 Ammonia. They get more cotton that classes higher at the gin... yields of sorghum grain and ensilage are increased... profits on wheat and small grains are increased through higher grain yields and improved forage... more marketable vegetables are harvested.

Phillips 66 Ammonia can be applied pre-plant or as a side dressing. It can be easily applied either by you or your distributor. See us today about your supply of Phillips 66 Agricultural Ammonia... It gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

DON'T MISS THE BOAT!

As you have read about and heard discussed the Armed Forces of the United States are being reorganized. With this reorganization comes the reduction in number of men that the National Guard units in this area can have. This reorganization does not change your military obligation.

NOW is the time then to join the National Guard while openings still are available. "F" Company in Canyon has places for only 13 young men under the present enlistment ceilings. Therefore, we feel that we should take the first 13 men who seek to join our unit and not save any openings for the late comers.

Why wait to be drafted for two years and then still be required to be a member of a reserve unit, when by joining "F" company now you will be required SIX MONTHS active duty followed by time in our local National Guard Unit. (We have heard that this reorganization may come in March)

Boys who are in High School have 1 full year before they are required to go on active duty or until they graduate, whichever ever is sooner.

All others who are non-veterans have 120 days before they must go. College students who will graduate in May should join now in order to be assured that the SIX-MONTH-PLAN will be available to you.

The National Guard meets the first and last Monday nights at 7:45 here in Canyon. Our Sunday, which counts as two drills is on the 2nd Sunday each month.

Mrs. Johnson Is Hostess Of Club

Mrs. C. E. Johnson was hostess to the Cultural Home Demonstration Club recently when it met in the home of Mrs. Earl DeHart.

The club collect was read by the members as an opening exercise.

Mrs. Ira Scott, program leader, introduced Mrs. Johnson who spoke on removing spots, such as gum and lipstick. Mrs. W. E. Halcomb spoke on the care of leather goods. She stated, "When a shoe is wet it should be laid on its side so the shoe will dry properly."

Mrs. J. T. Richardson told about the care and cleaning of hats. She pointed out that in cleaning a hat one should first

brush it, vacuum it and then clean with a hat cleaning fluid, made of one part alcohol and two parts water. The hat should then be steamed by holding it over a boiling tea kettle.

Mrs. Johnson read the year-book committee report. She reminded the members of the plans for the tea to be held March 13 when the Westway Club will be guest of the occasion.

Mrs. Grady Parsons read the financial report and plans were made to serve at the Rowlin Hog Sale at the Bull Barn March 3.

The club voted to contribute to the community center. Mrs. Richard gave the council report and club members were reminded to have the lunch ticket reservation in by March 6 if they were going to the district meeting in Wellington.

Members present were Mesdames Earl DeHart, Ira Scott, W. E. Holcomb, James G. Gandy, George Parker, J. T. Richardson, Grady Parsons, P. M. Houser and the hostess, Mrs. Johnson. Others present were Jan Johnson and Elizabeth Gandy.

Meetings, Workshops Top Events Of March

By ARGENT DRAPER

Looks like the days of March are already full as far as club meetings, clothing workshops and club entertainment are concerned.

The kitchen at the Bull Barn is going to be busy almost every day. The clothing workshops will be held in the Bull Barn kitchen as there is ample space and good lighting. The leaders will be trained to take the information to their individual groups. The groups that do not have a place of sufficient size may use the kitchen when it is not in use.

The 4-H'ers will be celebrating "National 4-H Club Week" March 8-14. Any support which you can give them will be appreciated. The fine work that 4-H is doing in Deaf Smith County is due to the good leadership of club leaders, junior leaders and the fine support from interested citizens. Because of the nature of our jobs, 4-H club work could not be done without interested leaders.

The trees from the Texas Forest Service will be delivered to you this month. The care that you give the trees when they come to you will depend on the liveability which you get. The trees should be planted in a tree row or set in individual cans or containers. The way the wind is blowing today reminds us how necessary it is to have tree rows, hedges and windbreaks.

I wish you could see the lovely Amaryllis which Quanita Hershey gave me. It has lovely orange blooms and is one of the prettiest I have ever seen. This encourages me, as I have such poor luck with house plants. I think it is because I am away from home so much and the house is closed up.

Here is a release from A. F. DeWorth, Head, Department of Floriculture and Landscape Architecture, Texas A & M College: House plants need moisture and air and food. Soil holds the moisture and air and releases nutrients gradually after plants grow. He suggests mixing 1/2 coarse peat and 1/2 good garden soil.

The garden soil contains the plant food, peat facilitates drainage and lets air get to the roots and increases the water-holding capacity of the mixture.

This soil mixture should be suitable for most house plants, such as geraniums, philodendron, ivies and begonias, says the specialist.

Plants such as succulents, cactus and sedums require a mixture with more sand to provide necessary drainage. One-third sharp sand and one-third garden soil makes a good mixture for these cactus-type plants.

Prepared soils are available from local florist shops and garden suppliers for those who do not have the facilities for preparing potting soils at home.

Safety practices have real money value which should be an incentive for removing safety hazards on the farm and in the home.

Emotional stability, good food and rest habits, happy family relationships and cooperation as a family all help in accident prevention. Hurry, fatigue, and carelessness can be lessened with good management of time and simplification of work.

Start by checking your home for safety hazards.

Again this year "Rural Minister of the Year" will be selected.

This year the "Rural Minister of the Year" nomination has been simplified. A nice brochure has been prepared so that it makes it easy for individuals and organizations to make nominations.

The brochure contains a certificate for each minister nominated. This certificate has the name of the nominating organization, and I believe any minister would be proud to have this certificate whether he is chosen Texas "Rural Minister of the Year" or not.

If there is a rural minister you think should be nominated, drop a card to the "Progressive Farmer Magazine," Dallas, Tex., and ask for the brochure.

Memory Improvement Subject Of Dawn Club

The Dawn Home Demonstration Club met Friday in the home of Mrs. Muri Little with the program on Memory being presented by Mrs. Zed Stewart.

Mrs. Stewart reviewed an article from the Readers Digest which pointed out tests indicating that one thinks best in a sitting position and, contrary to popular belief, thinking takes no excess energy. It was generally agreed that memory depends upon association, especially for names and faces.

Mrs. Leo Hoffman presented a brief report on a meeting she recently attended concerning landscaping. Mrs. Hoffman said the Austrian pine, red cedar, ponderosa pine and Arizona cedar were best in a windbreak and may be obtained from the forestry service.

She also stated that a windbreak should be about 100 feet from a building or road and three rows of trees planted with rounded corners, rather than square corners, make for better cultivation. A weeping willow makes a decorative addition to a yard but requires careful placement. In the front yard it should be used for balance and should never be placed near a road way or walk as it is likely to spread and obscure the

path. When planning landscaping, start with the front door and never overplant, she added. The council report was brought by the delegate, Mrs. Orval Galley, who read the council recommendations which were accepted. A committee was appointed to plan recreation for the luncheon being given by the North Hereford club honoring the Dawn club with Mrs. Leo Hoffman as chairman.

The next club meeting was scheduled for Friday, March 6, in the home of Mrs. J. B. Caraway.

Those present were Mesdames Orval Galley, Ray Stewart, Buyrl Fish, D. H. Fowler, H. S.

Fuller, Leo Hoffman, Manuel Beavers, Zed Stewart, L. W. Tooley, Kate Wilson, Miss Lulu Botsford and the hostess, Mrs. Muri Little.

Scientific achievements of the world in recent years could very easily detract our minds from our Creator. Wonders of the laboratory have captured the adoration of all peoples. Lest we forget, and lest we start placing our dependance for livelihood in the marvels of science, let us take a second look. "For by him were all things created that are in heaven, and that are in earth, visible and invisible; whether they be thorns, or dominions, or principalities, or powers: all things were created by Him, and for Him: and He is before all things, and by Him all things consist." Col. 1:16, 17. Then let us stay with our true creator — let us serve Him. Let us attend and support His church.

You In The Church
The Church In You
— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

ATTENTION PARENTS

The SUNSET LANES is proud to announce its affiliation with the National American Jr. Bowling Congress Program.

This program is designed to provide wholesome recreation for all school age youngsters, (jr. High and up) and also to provide training in Sportsmanship. Physical development is another benefit which Bowling helps to provide for your children.

A Junior Bowling class in Bowling Fundamentals will be held each Saturday morning at 9:30 a.m. starting Saturday, March 7 and continuing for four weeks. The children will be furnished with shoes and all necessary equipment FREE of charge, and will also be permitted to bowl during the class with charge.

The following rules of the Jr. Bowling Congress will be strictly adhered to:

1. No alcoholic beverages will be allowed.
2. No pinball machines will be allowed.
3. No gambling of any form will be allowed.
4. No smoking by youngsters will be allowed.
5. Chaperones will be provided.

A CERTIFIED INSTRUCTOR and a Junior Bowling Congress Coach will be in attendance of each class.

Junior Leagues will be formed at a later date from those youngsters who desire to continue bowling after the instruction classes.

A REDUCED RATE OF CHARGE will be in effect for all members of the Junior Bowling Congress.

A national tournament, complete with trophies for the winners, is held each year.

Give your children this valuable training in Sportsmanship, and help them to become better citizens of tomorrow.

Inspira Sport Coupe—like every Chevy—has Safety Plate Glass all around.

Chevy stops quickest... goes farthest on a gallon!

Chevy showed the best brakes of the leading low-priced three in a test of repeated stops at highway speeds conducted and certified by NASCAR. Chevy also won over the other two in a NASCAR economy run—with the highest gas mileage for 6's and V8's at cruising speeds of just over 55 miles an hour.

Here's a car that knows how to get the most out of a gallon. And it's the only car in its field to bring you hydraulic valve lifters in all popular engines—6 and V8. This means smoother, quieter performance for you. There are many other advances just as fundamental as the efficiency of Chevrolet's engine and the depend-

ability of its new brakes (with more lining area than any other low-priced car). But why not stop by your dealer's and let Chevy do its own sweet talking!

Warm Weather Finds March Like A Lamb

By MRS. T. L. COLLINS
March came in like a lamb at Walcott. Sunday was warm and sunny with a clear blue sky and little wind.
About 200 geese were in a flock seen flying north over the schoolhouse.
Mr. and Mrs. A. L. Shelton spent the weekend at their home in Amarillo. They returned to Walcott at noon Sunday.
Mr. and Mrs. Travis Alston of Westway brought their grandchildren, Linda Sue and Stephen Alston of Hereford, to visit in

the home of Mr. and Mrs. Thomas L. Collins Sunday afternoon. The children played on the school playground equipment.
Melvin Henderson and sons also made a brief visit with the Collins Sunday afternoon. He took the school bus home.
Mrs. J. M. Thomas, mother of Mrs. Joe Rader, who had visited her for a week, was taken to Hereford Saturday to visit other relatives before returning to her home in Littlefield.
Several Walcott people were in Lubbock this weekend to see the Hereford Whiteface basketball team in their final playoffs before advancing to state.
Mr. and Mrs. T. L. Collins were dinner guests Saturday with Mrs. J. F. Ward in Hereford. While there they made visits with Mrs. O. R. Sanders in Hereford and Mr. and Mrs. Travis Alston at Westway. Later that evening they visited with Mr. and Mrs. Jack Weaver and family.
Mrs. R. P. Miles, mother of Mrs. Charlie Burk, was in the Friona hospital from Sunday until Wednesday when she was able to be brought home. Mrs. Miles is now able to receive visitors.
Mr. and Mrs. Thomas L. Collins, Mr. and Mrs. A. L. Shelton and Mrs. J. F. Ward of Hereford attended the showing of The Ten Commandments in Hereford Monday night.
A cottage prayer meeting was held Wednesday night in the home of Mr. and Mrs. J. V. Perrin. Thomas Collins was the leader.
Mr. and Mrs. Bill Angel of the Angel Photography Studio in Hereford came to Walcott

School last Thursday morning where they took pictures of all students, teachers, cooks, custodians and some pre-school children.
Present for the picture-taking were Mrs. Norman Minks, Mrs. Bertram Jack and Kent, Mrs. Jack Weaver and Joe Don, Mrs. Buel Monroe and Jim, Mrs. Jim Monroe and Paul, Mrs. Thurman Davis and Elton, Mrs. Ernest Brown, Dennis and David, Mrs. Floyd Brown and Roger, Mrs. Leo Cuppell and Sue, Mrs. Waldron Melton and Denise and Mrs. J. T. Tice, Nadine and James.
Little Kerry Hall visited at the school that morning. Later Mrs. G. V. Hall came for her.
A half of beef was delivered to Walcott School Thursday afternoon for the deep freeze. The beef will be used in school lunches. It was purchased by the P.T.O.
Mrs. Cliff Patton, Jay and Steve left Friday morning, accompanied by her daughter, Mrs. Hilton Davis and baby, Trisa, of Hereford, for a visit with Cliff Patton's father, W. A. Patton, and other relatives in Crowell.
On Saturday morning they went to Wichita Falls to visit her sons, Mr. and Mrs. Virgil Patton and Sherri and Edwin Patton.
Returning home Sunday they visited in Plainview with a daughter, Mr. and Mrs. Ernest Scroggins and family.
Mary Sue Patton spent the weekend with her friend, Carolyn Lee, in Summerfield.
Mr. and Mrs. Tom Hall of Amarillo, Mr. and Mrs. Lewis Womble of Amarillo, Mr. and Mrs. Elmo Hall and Kerry and Mr.

REP. WALTER ROGERS WRITES:

Subject Of Spending Draws Name-Calling

To the people of the 18th District
The name-calling on the subject of "spenders" is still going at full force in Washington. One of the Members of Congress from Louisiana who serves on the Appropriations Committee, Hon. Otto E. Passman, took it upon himself to by-pass the generalities on the subject and get down to facts and figures. His research developed some very "interesting findings."

that between the years 1946 and 1953 the gross budget receipts of the Federal government were \$292,500 million plus. The Federal gross budget receipts between 1952 and 1959 were \$444,500 million plus. This means that during the past six years the Federal government collected gross receipts of \$152 billion more than was collected between the years of 1946 and 1953.
When we add this \$152 billion to the \$19 billion increase in the public debt, we find that spending has been increased in this country in the past six years by the sum of \$171 billion, despite budget cuts effected by the Congress. It would seem that these facts and figures would prove that someone who is accusing somebody else of being a spender hasn't been doing so badly at it himself.
The fact is expenditures in government must be cut down. In order to effect a measurable cut, a long, hard look must be taken at the military demands. The question that is in the minds of many Members of Congress is whether or not we might be spending too much money on bows and arrows that would turn out to be obsolete in any kind of world conflict.
There is no doubt that many of the weapons of warfare

which were number one weapons as late as two and three years ago are now as obsolete as a buggy wheel. Direct major national security accounts for the expenditure of 60 cents out of every tax dollar collected by the government. When you add in the cost of interest on the national debt which is the result of defense spending, and the veterans services and benefits, we find that well over 75 cents out of each tax dollar is going to pay for wars which have been fought and are being anticipated.
This leaves less than 25 per cent for all other matters of government, including general government, labor and welfare, natural resources, agriculture, commerce, international affairs, and so forth. It is my feeling that this 25 per cent can be trimmed by ten per cent.
But it must be remembered that 10 per cent of 25 per cent is only 2 1/2 per cent of the whole. So, in order to have an effective reduction in expenditures, it is essential that we make an agonizing re-appraisal, in the words of John Foster Dulles, of what the money is going for on the defense front.
WALTER ROGERS
Member of Congress
18th District of Texas

Conservation Program Should Be Considered By County Ranchers

Ranchers wishing to improve their range land should investigate the possibilities of the Great Plains Conservation Program, reports Don Newman, local Soil Conservation Service technician.

The Great Plains Conservation Program provides long-term financial assistance to farmers and ranchers in carrying out a complete soil, plant and water conservation program on their land. This cost share assistance varies from 50 to 80 per cent.
Conservation measures included in the program are range seeding, ponds and water wells, fencing, tree planting for wind-breaks, and many other needed conservation practices on most range land. Federal cost share and technical assistance is also available for such practices as strip cropping, terracing, and waterway establishment on cultivated land.
Re-vegetation of bare native range holds top priority under the Great Plains, according to Newman. Wind erosion control and moisture conservation is considered a must for productive land. A protective grass cover will minimize these climatic hazards.
The program emphasizes the complete treatment and management of the soil in

A small boy, watching the shoemaker at work, asked, "What's leather made of?"
"Hide," said the shoemaker.
"What did you say?" asked the boy, surprised.
"Hide," repeated the shoemaker. "The cow's outside."
"Hide yourself," answered the boy. "I'm not afraid of cows!"
