## PARENTS AND TEACHERS IN CONFERENCE

### INTEREST OF MOTHERS GRATIFYING TO TRUSTEES

## MEET AGAIN 29TH

### Parents Are Asked to be on Hand With Some Suggestions

Mrs. B. F. Guthrie invited the mothers of school children to meet with her Thursday, Sept. 24. This meeting was for the purpose of discussing the best plans for the cooperation of parents and teachers.

Mrs. Guthrie was well pleased with the number of mothers who responded to her invitation. These women expressed themselves as willing and desiring to carry on the work of the Parent-Teacher Club, hoping to make this department of our school as practical and efficient as possible.

Miss Blanton, in her report on Education in Texas and Recommendations made to the Governor and the Thirty-Seventh Legislature, quotes the Hon. F. P. Claxton, United States Commissioner of Education as saying, "The biggest thing in this nation, so far as I can see, is the fullest possible use of the Parent-Teacher Associations. It is the keystone of a vigorous, virtuous democracy."

The first meeting of the Parent-Teacher Club will be at the Central School building, Friday, Sept. 29, 3:30 p. m. Every parent is asked to come to discuss plans for successful work in this organization this year.

Afterwards they will be at home at Lawrence, Kansas, where the groom will be associated with ex-Governor Stubbs of Kansas in a business enterprise. The Stubbs Company recently closed out their cattle with a big auction sale at Hereford.

The wedding will be a quiet home affair, with only a few intimate friends of the contracting parties present. Both young people have been prominent socially among the younger set of Hereford and have hosts of friends who are congratulating them upon their nuptials.

Hereford needs a dog catcher, says T. T. McDermott. ## AMERICANS ON TURKISH FRONT

Uncle Sam shakes a positive head and says we will not be drawn into the European tangle caused by the Greeks and the massacre at Smyrna. However, American representatives are at work to report developments and help in relief work. The photo shows Admiral Mark L. Bristol, with his wife, and Davis C. Arnold, the Director of the Near East Relief, inspecting one of the stations established by the Near East Relief Committee, near Constantinople.

Next Saturday they will journey to Canyon and tackle the Normal gridiron machine. Quite a number of local enthusiasts plan to attend this game.

## CIRCUS CAUSES A POSTPONEMENT OF MONDAY LUNCHEON

Owing to the exodus of the people of Hereford to Amarillo Monday for the big circus performance, the regular weekly dinner of the Chamber of Commerce was postponed one week. An attractive program is being prepared for next Monday at the Stockmen's Cafe.

## CIRCUS PULLS BIG CROWDS ON MONDAY

### DOES NOT LOOK LIKE MONEY SCARCE, SAY THE OBSERVERS

"Probably the largest crowd ever assembled at Amarillo," was the description given by one local man Monday night of the huge mob that viewed the single performance of the Ringling Bros. & Barnum & Bailey Circus Monday afternoon.

It attracted most of the population of Hereford and vicinity, that is sure. Bright and early Monday morning the automobiles began to roll in from the country, Amarillo-bound, every one of them jammed to the doors. Here they were joined by scores of other autos, similarly laden. Parties of ladies and children, piloted by one lone man as a rule, left every few minutes. Traveling men coming from Amarillo reported that the streets of Amarillo were jammed by eight o'clock in the morning and that the roads leading out were so crowded that it was a big job to pass the long line of in-swarming cars. Clouds of dust hung overhead all day long, stirred up by the endless procession.

Just how much money that one performance cost the Panhandle would make an interesting little calculation for some shark. Hard times? It hardly looked like it. And the crowd, to the last man and woman in it, was well dressed, too. Money may be scarce and hard to get, but they evidently have it, judging by Monday's demonstration.

Business in Hereford was paralyzed for the day. There is another nice little study in psychology in this circus, too, as well as a financial puzzle, considering the times and conditions confronting the people of the Panhandle today.

## Plainview's Show This Week Features the Swine

The Farmers' and Merchants' Exposition will open Tuesday morning, and will continue through Thursday, three days of entertainment and of educational features for the people of Hale county. The Swine Show will be perhaps the biggest part of the exposition. Breeders from all over this section are bringing their fine hogs to Plainview next week to exhibit them. In addition to the open classes, there will be a Poland China Promotion Show and a Duroc Jersey Futurity Show. Plainview Herald.

## SOME GUARD BOYS RETURN; OTHERS GO BACK TO DENISON

Sergeants Jack Bailey and Harry Cannon and Corporal Ray Casebolt left Hereford Monday morning for Camp Ellis, Denison, Texas. Bailey, Cannon and Casebolt will join Company H of the 142 infantry. ## ASKREN PIG CLUB MEMBERS CONTEST

### SEVEN YOUNG HUSTLERS SHOW PIG EACH HERE

## TALKS ARE MADE

### Boys Advised on Problems By Expert Pig Students

The Boys Pig Club of the Askren district met in session Saturday afternoon at the Sale Pavilion. County Agent C. F. Walker of Randall Co., organizer of club, was here, accompanied by H. C. Roffey, of Canyon, who acted as judge and W. B. Goddard and R. McGahay of Jamesport, Mo., who are visiting in Canyon. The following are the names of the members of the pig club: Stockton Robinson, president, Richard Calloway, secretary, Townsend Galley, Fleet Calloway, Charles Calloway, Claude Sharp and Clyde Sharp. Each one entered a gilt. Judge Roffey awarded Stockton Robinson first, Richard Calloway, second, Chas. Calloway, third, Fleet Calloway, fourth, Townsend Galley, fifth, Clyde Sharp, sixth, and Claude Sharp, seventh. After the judging Mr. Roffey was asked to give some information on the awards he made, the value of proper feeding, and the fine points that go to make a good show hog. County Agent Walker gave some valuable information about show and stock hogs. Mr. Walker hit the nail on the head when he said that every farmer who attempts to raise hogs should milk four or five cows in order to have plenty of skimmed milk. Edwin Ramey of Dimmitt and Ben Ramey of Sulphur Texas were present at the contest.

**DAWN**  
A surprise party and shower was sprung on the newly married people of Dawn last Monday evening at their home. It was a real surprise too, both Mr. and Mrs. Frye were reading when they were brought to their feet by the loud squawk of a hen, which was among the presents. There was a varied collection of presents, everything from a package of needles to a washing machine. A crowd of about forty were present. Games of Forty-two and Five Hundred were played until a late hour, when candy of every make was passed around.

Mrs. L. R. Bradley and daughters were visitors in the Dawn community Sunday.

Joe Perkins and family are visiting at McKinney, Texas.

Paul Frye is back from the camp at Denison, Texas. Paul says no more away vacations for him.

The little shower this neighborhood received last Monday night was much needed and will pave the way for a wheat crop if it will keep it up.

One set of lumber has been received for the building of the new schoolhouse here and another is rolling.

The Dawn Mercantile Co. building is being rushed to completion, which will be in about three weeks.

The Dawn baseball team extends a challenge to any team in the Panhandle with a record of games won that will equal that of Dawn to a series of three games. Dawn's record today is 15 games played, 4 lost. Any team wanting action, phone or write A. T. Frye, Dawn, Texas.

**DIMMITT**

Bro. Reynolds of Plainview is conducting a Christian meeting here this week. Mr. Hufstetter, who is also of Plainview, is leading the singing for him. The meeting will come to a close Sunday night.

Mr. and Mrs. C. F. Kerr and children, Frankie, Bettle Rose and Heavis of Canyon, are spending the week with friends and relatives. Mr. and Mrs. R. M. Gilbreath and daughter, Enla Lee, will return home with them to spend the week.

Mrs. Mayes Miller, Mrs. McMurray and Lem Johnston left Saturday for an overland trip to Chickasha, Oklahoma, where Mrs. Miller will meet Dr. Miller on his return trip from Chicago and will visit relatives in different parts of Oklahoma before returning home.

Mrs. McMurray has been visiting her daughter, Mrs. Billie Graham, and will stop at her home in Marlow.

Will S. Kerr, who has been employed at the Dimmitt Hardware Co., will enter W. T. S. N. C. at Canyon Tuesday. The young people of Dimmitt regret his leaving very much.

Will Gilbreath, of Hereford, visited his brother, Rea, during the shower Friday.

On account of the consolidation of several districts around here it has been necessary to employ another teacher.

J. R. Gollphon has moved his family to Canyon on account of the advantage of the school. We will miss these good people from our community.

Miss Annie Crawford's classes in music and expression are even better than hoped for. They are getting started nicely.

J. A. Johnson has moved to Canyon where his children will enter the Normal.

**Thanks**

(Editor's Note: This card of thanks by Mr. Brooks was written immediately after the primary, but through an accident in mailing, was not delivered until this week.)

To the Voters of Castro County:

I want to extend my sincere thanks and appreciation to the voters of Castro County who helped me win the Democratic nomination for tax assessor. I will try to show you I am sincere in my appreciation by filling the office according to its requirements to the very best of my ability. I have nothing but good will for my opponents and their support. They gave me a square deal and I wish to count them one and all my friends.

Respectfully,  
J. B. Brooks.

**PROGRESSIVE**

Hello Summerfield, glad to see you on the map again.

Complimentary to Mrs. Fred Berry, the Sunday School people arranged for a quiet, but pleasant, surprise on her for Sunday afternoon after 8. S. hour. When home Mrs. Berry noticed a cloud of dust, similar to one caused by a whirlwind, approaching the house, which to her utmost surprise, proved to be a line of cars. Mrs. Bob Higgins, who was allowed to accompany her, was the first to see the "fit." At six o'clock various tempting dishes were

brought forth by the ladies and luncheon was served to about eighty guests.

Clarence Karr, Leo Roy Hodges, and Misses Bennett and Harris called on our teachers, Miss McGowan and Miss Rutherford Saturday evening. Miss Laverie Caldwell had dinner with Summerfield people Sunday.

Are you getting hungry for pie? Coming a pie supper, Friday, Sept. 29. The evening will be spent in a social way to get acquainted. A short program furnished by the school to be published later. Ladies and girls bring your favorite pie, men and boys a pocket full of change. Some big change may be needed if you succeed in buying the pie you want. The proceeds are to be applied toward athletics.

Mr. and Mrs. A. W. and G. G. Chandler were visitors in the home of their daughter and sister, Mrs. Fred Berry, Sunday.

To the delight of all many visitors were at Sunday School. Come again that we may rise and not fall, that we may grow and not shrink.

Thurston's new theory suggests that messages received by mediums at seances are but telepathic communications from super-people on Mars. If you disagree, how can you prove Thurston is wrong.

Mrs. J. M. Kimmons was hostess to a party of young folks from town one evening last week.

"If fate hands you a lemon, make lemonade."

Mr. and Mrs. Leo Chapel visited with Tom Jacobs' family Sunday.

(A Letter From the Phipps Family)

After leaving our home and some of our loved ones and many good and true friends in Springlake, we trust that they will be glad to read a few lines from us from time to time, of how we are situated in our new home in Plainview. We headed here on Sept. 7, found everything in readiness for us in the nice and comfortable home of L. L. Nichols. Mr. Nichols and his lovely and accomplished daughter, Mary Lee, board with us, and to us it is a great pleasure to have them.

There is a wide difference between this belief and the belief that God dictated the words and language and thought of the Bible.

"Science of the Bible does not correspond with the discoveries of modern science, and we know that the men who wrote the Bible believed the earth was flat and the sky solid."

One of the church dignitaries attending the conference here described the Rev. Mr. Buckner's "progressive" doctrine as "pretty raw," but several of the younger clergymen defended it.

The Rev. Mr. Buckner has been actively engaged in the ministry for forty-two years.—Denver Post.

### WARRANT REFUNDING FIGHT CAUSES REMOVAL OF JUDGE

The fight on the issuance of refunding warrants to take up outstanding script of Floyd County, which has waged for months between a majority of the Commissioners' Court on one hand and W. B. Clark, County Judge of Floyd County on the other, came to a dramatic climax Saturday afternoon of last week, when the Commissioners' Court in order proceedings before District Judge R. C. Joiner obtained an order suspending Judge Clark from office temporarily.

Immediately following the issuance of this order in Chambers the Commissioners assembled Saturday evening and passed the order for the sale of refunding warrants of the county to the extent of approximately

\$70,000. E. C. Nelson, Jr., nominee of the Democratic Party for judge was appointed to fill the office during the temporary suspension of Judge Clark and presided over the court in their meeting Saturday night. All four commissioners joined in the action to remove the judge.

The order of District Judge Joiner sets the date for the hearing of the petition for September 26th at Floydada. The commissioners went before Judge Joiner Saturday afternoon about 4 o'clock in company with County Attorney A. P. McKinnon as legal advisers and obtained the order for temporary suspension.—Floyd Co. Hesperian.

Directed against the steam radiator on a cold morning, the fan will bring up the room temperature in a surprisingly short time. It will help distribute the heat from a hot air register in the same manner.

If the furnace is sluggish, a fan in the cold air duct, or blowing into it, will send heat to distant rooms which are ordinarily heatless. The same fan in the cellar will dry clothes on a rainy wash day in half the time otherwise required; put the fan on the floor and let it blow up between the lines of clothes to get this result.

Turn the breeze of the fan into a closet and you will take out that musty smell, and perhaps reach a few moths at the same time.

During the fall cooling season, the fan is especially useful in the kitchen for ventilation and can be economically used for drying fruits and vegetables.

The woman of the house has use for the fan whenever she washes silk gloves or whitens shoes. It is an invaluable aid after a shampoo.

The fact that a fan will keep the frost off a window if the air is kept circulating against the pane is known to practically every Northern store-keeper, where frost is continuous. There are thousands of shops in other sections which take a frosted window as an unavoidable evil, and lose the advertising value of their show windows on many days of the winter.

Omaha, Neb., Sept. The moral standards of the Bible are not up to the moral standards of the church today, according to the Rev. J. D. M. Buckner, self-called ecclesiastical progressive, whose resignation from the pastorate of the Aurora, Neb., Methodist church became known Friday. Rev. Mr. Buckner is a delegate to the state Methodist convention now in session here.

The Rev. Mr. Buckner characterizes as "unbelievable" certain Biblical stories which depict God as cruel.

"Who believes that story that God caused two she-bears to come out and kill forty-two children because they called Elisha an old bald-head?" he asked in his farewell sermon at Aurora Sunday.

"The history of the Bible is not very reliable," he said. "The Jews were a religious people and produced a religious literature. The church progressives believe that the Bible is made up of selections from this literature."

### DALLAM COUNTY IS TRYING ROTATION IN HOG PASTURES

In Dallam county several kinds of hog pastures have been tried out heretofore, but not as many as are being tried out this year, advisory count agent, C. F. Lockridge in his June report.

There are seven farmers in this county who are growing sweet clover alone, and are located in four different communities. All planted some sweet clover this year, however, two of them

planted some before. The two that were growing it already are so well pleased with it that they planted quite a large patch this year. One man planted fifteen acres last year and grazed about twelve head of hogs on same all year and got one crop of hay off of same. He was so well pleased with the results that he planted 25 acres this year, and has a good stand on same. By using this as an example two of his neighbors were induced to plant a small amount. One man followed the directions of planting the first man used, the other tried some after cultivation, and sowed some on the grass. Both have a good stand. The other four men planted on the grass land without cultivation and owing to the large amount of rain all have a fair stand.

Three farmers in the county are carrying on a pasture rotation with the intention of having pasture for their hogs all summer. They have three patches fenced off for their early pasture which they planted in sweet clover, but did not get any benefit this year owing to the fact that it was the first year, but they have a good stand and will get benefit from it later. For their early summer pasture they have Sudan grass; as soon as it is gone they will plant it in Rye and Barley mixed for early winter. In the next field they have sorghum for their fall pasture. As soon as the sorghum is gone the Rye and Barley will be coming on.

In four other communities I have four farmers that are growing hog pastures omitting the sweet clover. They are carried on in the same manner as the ones mentioned above with the exception of the sweet clover, however, they only have two plots. One farmer is growing Pinto beans and cowpeas, but is not meeting with very good success with same on account of hail.

Mr. A. L. Ward, Swine Husbandman Extension Service of A. and M. College of Texas, in commenting on the above has the following to say: "I am glad to note the tests being made on sweet clover. I am strong for legumes but am not sure sweet clover is a profitable crop for hogs in this state."—Extension Service Farm News.

### MILK GOAT GIVES GALLON PER DAY

People usually think of a goat as a pesky sort of an animal which is fond of climbing the chimney to bask on the roof or clambering to the top of the new car to sample the shiny cloth. His diet is popularly understood to be a mixture of old tin cans, clothing, glass and gentle stimulants such as rat poison or Paris Green. He is respected on account of his driving tactics, and often puts a person on the defensive.

But E. E. Hoffman of Vernon has a breed of goats which upset all these notions. Three of them were placed on exhibition at the Wilbarger county fair this week. They are Toggenburg milk goats, pure-blooded, registered stuff, and their ancestors came from the Swiss mountains. A male goat, a grown dam and a female kid were shown at the fair.

The female goat at present gives four quarts a day, but she has given as high as seven quarts a day. Mr. Hoffman said. The goats are free from odor, and there is no odor to the milk, he stated. They are also said to be immune from tuberculosis and other diseases which sometimes render cow's milk dangerous for human consumption.

Only five Swiss milk goats are in the county at present, according to Mr. Hoffman. He is planning to start raising them on an extensive scale. Their milk is twice as rich in butter fat as cow's milk, he pointed out, and

is exceptionally fine for infants and invalids. They are good foragers and will keep in condition on very little feed. Vernon Record.

### We Are Still in Business At the Old Stand

You are still running your old car and it groans mightily under the strain.

Times are hard, but it is poor economy to run your motor when every bearing in it is loose. It means new bearings, crank shafts, etc., when you eventually have to overhaul it. Better tighten her up now and avoid added expense later. We have some better prices on Dodge Bros. parts which will make your job cheaper.

Fair treatment and prices in keeping with the times assured.

"Our work stands up, we make it."
