## Vegetable Growers Hear New Trends

More than 20 growers and other interested persons attended the special vegetable meeting held Thursday morning in Deaf Smith County Bull Barn, where reports were given by three Texas A&M Extension Service

specialists. Giving reports on latest developments in the vegetable industry were Dr. Harlan Smith, pathologist; Dr. Clyde Singletary, horticulturist; and Joe Cole, horticulturist, all of College Station. Bruce Parr of Black discussed the Texas Vegetable Growers Council, which is now in the process of organization in Texas. (Continued on page 3)

## Around Town

Maybe we shouldn't feel so bad about a lack of turnout for voting in Deaf Smith County after all. The Dallas Morning News reported only 12 persons cast absentee ballots before deadline down there. Of course, it wasn't a very important issue: voters are just being asked to pass on the issuance of \$70,000,000 (that's millions!) in school construction bonds. No hum!

Absentee voting starts locally on Monday morning for Hereford School District trustees. If you're going to be out of pocket on election day, you can cast your ballot early at the school tax office. (Continued on page 3)

# Huge Cattle Feeding Potential Indicated During Special Meet

## About 60 Local Persons Show A Definite Interest

By H. A. TUCK  
BRAND NEWS EDITOR

Words of caution and of optimism peppered a crowd of about 100 who attended the first in a series of cattle feeding schools Friday night in the Jim Hill Hotel ballroom. More than half indicated they would like to start some type of feeding program.

Potential for expanded cattle feeding operations is tremendous, representatives of the American Stores Inc. packing house in Pueblo Colo., told the group. However, they pointed out that cattle feeding is a demanding type operation that must be operated continuously.

The meeting was arranged by the Deaf Smith County Chamber of Commerce commercial cattle committee, headed by Dr. L. B. Barnett. On hand for the meeting were Dr. F. W. Blamey, plant manager in Pueblo; Cardell Webster, head of the Pueblo livestock department; and Walter Swearingen, one of the company's livestock buyers.

Deaf Smith County has the potential to become one of the most outstanding feeding areas in the country, Dr. Blamey said. The key to this, he pointed out, was that both feed grains (wheat and maize) and cattle are available.

"You people sell cattle and you sell milk to someone else," Dr. Blamey said. "He takes the two and makes a feeding operation that shows a profit. . . . You can feed your milk to your cattle and make an additional profit for your-

self." The American Stores packing representatives said there definitely would be a market for fat cattle here. "It would be foolish for us to say we'll buy all your cattle," Webster commented. "We couldn't even if we wanted to. But if your cattle can meet our standards, there will be plenty of buyers from other companies and other packing houses competing to buy your cattle."

"You people, in this great grain-growing area, can give us the type of cattle and lambs we can use. . . . We have committed ourselves tonight for about 1,000 head of cattle from this county," Dr. Blamey said.

Dr. Blamey explained that the Pueblo operation bought cattle from a five-state area and that they would like to encourage any community to feed livestock on small farm operations. He said that a livestock feeding program in the area would benefit everyone and that financing (Continued on page 3)

## Latin - American Fiesta Slated September 14-16

A Latin - American Fiesta will be held in Hereford on Sept. 14, 15 and 16, according to a decision made during a meeting Friday morning.

Sponsoring the event will be the St. Joseph's Club of the St. Joseph mission at the Labor Camp.

Paul Harvey and Irving Alexander represented the Hereford merchants, while Ramiro Ramirez and Domingo Pesina represented the sponsoring organization.

Ramirez said plans now were for the group to sponsor dances at the Bull Barn on each of the three nights. There also will be a parade on Friday, Sept. 16, at 2 p. m. in downtown Hereford.

Nominees for Fiesta Queen will be named in advance and the queen's coronation will be held during the Fiesta.

Proceeds from the dances, queen contest and carnival will be divided jointly between the mission and the club. Ramirez said half the money would be turned over to Father Raymond Gillis for use in assisting the needy while the club would use the remainder of the proceeds for church improvement and support of the mission school.

## Hold Couple On Check Charge

A man and woman from Grants, N. M., were arrested by the Deaf Smith County Sheriff's office and Hereford police officers this week and were being held here Saturday for return to New Mexico, where they have been charged with issuing a fraudulent check, a felony offense.

Dan Brannen, 26, and Lou Wylar, 27, both of Grants, waived extradition Friday afternoon before County Judge Homer Henslee.

Brannen was arrested at 7:45 p. m. Tuesday at a local cafe. Arrest was made by Hereford Police Sgt. C. L. Lynch.

The woman was arrested at 4:05 p. m. Wednesday at a local hotel. Arrest was made by Deputy Sheriff L. R. Cherryhomes and Hereford patrolman Don Metcalf.

## Shooting Texas Courthouses Takes 11 Years For Streu

By DAN MUDD

BRAND STAFF REPORTER

While on a trip to Dallas in February, 1949, Mr. and Mrs. Urlin Streu of Hereford stopped in Benjamin and took a picture of the quaint Knox County Courthouse.

In February, 1960, Streu took a picture of the county courthouse in Houston.

Between those snapshots, however, were nearly 15,000 miles, 11 years, and shots of 252 other courthouses in the Bluebonnet state.

Some Texans may boast of having been in all 50 states, including Alaska and Hawaii, with a few trips to Europe thrown in on the side.

But how many can say they've been in all 254 counties in their own state? And how many can prove it?

Well, Streu can, and he has a color slide of every county courthouse in Texas to prove it. "When I took that first picture in Knox County," Streu said, "Getting slides of every

courthouse in Texas was the furthest thought from my mind. I would have probably doubted my sanity if I'd have even considered such an idea."

But the seed had been planted. And it had grown to a king-sized hobby by the mid '50's.

The hardware store owner, who says he had only mild interest in Texas history while in school, today is a walking Texas Almanac. Through his visits to the county seats, he has studied intimate personalities of every county and its courthouse.

For instance, did you know that a new courthouse was once built around statistics and records stolen from another courthouse in a county of this state?

And did you know that residents of a county once voted down a bond issue for a new, modern courthouse because they had become so attached to their "run-down crumbling, old one"?

Did you know that there's a courthouse in Texas which very much resembles a Chinese pa-

goda? "On our annual trips to the Dallas Gift Show every February (Continued on Page 2)

# Six Texas Counties Grow Big Crops Of Sugar Beets

By H. A. TUCK

BRAND NEWS EDITOR

(Editor's Note: This is the third in a series of articles about the background, processing and economic impact which would have on this area.)

All of the sugar beets in Texas are raised in six counties located in the irrigation belt of the Panhandle — South Plains. Deaf Smith has the majority of the acreage, followed (in alphabetical order) by Castro, Hale, Lubbock, Farmer and Randall counties.

These are the counties which formed the Texas Sugar Beet Growers Association in 1959 and have been working tirelessly to get increased acreage allotments.

Some 40 farms have planted about 1,900 acres, with harvest of about 1,900 acres in Texas. Production is about 42,000 tons, for a yield of about 23.3 tons per acre. Payments are about \$14.50 per ton, with a farm value in Texas of about \$452,000 annually.

In 1947, 1948 and 1950, more sugar beets were grown in Texas

than are grown now, due to a decrease in acreage. Yet in the largest year, 1948, only 98 farms grew sugar beets, some 4,800 acres of them.

In 1957, the last year for which complete figures are available, some 917,000 acres of beets were planted in the United States, with yields averaging 17.6 tons per acre.

Following are the production figures for 1958 (the last reported year) of the other 21 beet-raising states: California, 31 counties, 11 plants, 190,000 acres, 19 tons per acre yield; Colorado, 26 counties, 16 plants, 142,000 acres, 17.5 tons yield; Idaho, 23 counties, 5 plants, 85,000 acres, 21 tons yield;

Illinois, 5 counties, no plants, 1,700 acres, 15.6 tons yield; Indiana, 1 county, no plants, less than 1,000 acres, 18 tons yield; Iowa, 4 counties, 1 plant, 1,300 acres, 10.4 tons yield; Kansas, 10 counties, no plants, 9,100 acres, 15.5 tons yield;

Michigan, 27 counties, 6 plants, 72,000 acres, 14.5 tons yield; Minnesota, 25 counties, 4 plants, 69,000 acres, 12 tons yield; Mon-

ta, 19 tons per acre yield; Colorado, 26 counties, 16 plants, 142,000 acres, 17.5 tons yield; Idaho, 23 counties, 5 plants, 85,000 acres, 21 tons yield;

 ary, Jean (his wife) and I never paid any particular attention to courthouses before 1949," Streu said. "Every county had them. So what?"

"But for some reason unknown to us, on that particular trip in 1949 we took shots of two other courthouses along the highway after leaving Knox County," he explained. "Later in the year, I took a few more shots of courthouses on a trip to Devil's Lake, near Del Rio."

In 1950, he took no pictures. In 1951, on a trip to the Dallas Gift Show, the Streus "picked up a few casual shots on the way." After having visited friends in Houston later that year, they had collected 20 more color slides of courthouses in 1,618 miles of driving.

The year 1952 was another pictureless year. On a Sunday drive in 1953, covering 227 miles, they added two more slides to their still - small collection.

In 1954, they took a slight-seeing trip to South Texas and picked up 13 more courthouses in 1,164 miles.

"In 1955, we really got interested in making it a hobby," Streu said. "Prior to a 10-day trip that year, our living room floor was covered with maps pin-

pointing county seats, almshouses and history books in preparation for a planned 'picture taking' trip."

Incidentally, it was in that year that they finally got around to taking a shot of our Deaf Smith County Courthouse. By the end of the year, 42 counties were added with 2,457 more miles.

In a zig-zagging trip to Brownsville and Northwest Texas counties in 1956, they covered 58 counties in 2,800 miles. In their longest single trip, they covered 53 courthouses in 3,000 miles on an 11-day 1957 tour.

Still following a systematic schedule, 1958 saw 36 more courthouses captured by the camera in 1,606 miles. And on their recent trip to Southeast Texas, they completed their collection with 27 courthouses in 2,300 miles.

For those interested in statistics, the 15,000 miles covered in collecting the color slides is nearly five trips across the United States. At the Panhandle's latitude, one could nearly go around the world in traveling the same distance.

"All counties, whether large or small, have something quite interesting about them," Mrs. Streu said.

For example, Kennedy County, which includes 6,208 square miles, has only one town in it, a small county seat called Sarita. The town is "corralled in" by a surrounding fence and the rest of the county is seemingly open range with no apparent life, making the town look something like an oasis," he noted.

Types of architecture of courthouses in Texas include Ancient, Roman, Mediaeval, Gothic, Renaissance, Domestic, Baroque Period, 19th Century and Contemporary, just to name a few.

They have arches, rib vaults, flying buttresses, domes, cupolas, wooden trusses, weather vanes and clocks and are built of limestone, brick, sandstone, stucco and cement. They're red, white, brown, two-toned, Mo-sale and even pink.

Various courthouses resemble churches, Southern Gentleman and Texas oil millionaire mansions, forts, college buildings, huge English cathedrals, Spanish missions and haciendas, castles - oh - the - Rhine, television stations, sections of the United Nations buildings, Old West railroad stations, etc.

At Rockport, there was a courthouse which would not be out of place in an oriental country. Its roof looks like the type placed on pagodas in China. To add to its strangeness are palm trees on the courthouse lawn.

The courthouse at Mount Vernon, in Franklin County, looks almost exactly like that of Deaf Smith County. A tower on the top of the Mount Vernon courthouse is the only distinguishing feature between the two structures.

The Streus learned long ago not to rely on courthouse clocks for the correct time. Only about half of them work, and half of

The decoration had its origin in July, 1888, as a memorial or souvenir of the golden jubilee of Pope Leo XIII, who bestowed it upon those men and women who had aided in making his jubilee and the Vatican Exposition successful. It has been conserved by his successors and is given in recognition of outstanding service to the church and the Pope.

Sunday will mark the first time that such medals have been conferred in St. Anthony's parish, according to Father Aloysius Craven, priest. Presentation of the medals will immediately follow morning services, he said.

At Clarksville, Red River County, a bond issue was put to vote in 1957 for the building of a new, modern courthouse to replace one which had been built in the 19th Century.

The bond issue was voted down because the town's majority of residents contended that "we don't want a new one - that courthouse is the county's only showplace, and by golly we're going to keep it."

The issue has not been brought up since.

They have a lot of respect for comic character "Popeye" down at Crystal City - so much respect that they have erected a 10-foot statue of him near the courthouse.

Crystal City is noted as the Spinach Capital of the World - and "Popeye," they say, is their best salesman. He has earned the right to take his place among other Texas heroes at their county seat.

A number of years back, records and statistics were stolen from the courthouse in Rayner, in Stone County, and were recovered in Aspermont, a town in the same county.

As the courthouse is where the county records are kept, Aspermont therefore became the new county seat. Shortly afterward, a new county courthouse was built in Aspermont, and the Rayner courthouse was deserted.

This week, while the Streus were showing slides of courthouses on their projector, Mrs. Streu said:

"Urllin, maybe we ought to go back to some of those counties to see if they have built new courthouses since we visited them. We could add them to the collection."

Urllin, visibly shaken by the idea, was too flabbergasted for a reply.

He only shook his head - vigorously!

Mr. and Mrs. Lange - she is the former Olive Palmer - were married in Chicago Heights in 1907. Of nine children, two of them are nuns, one a Benedictine Sister, the other a Sister of Charity of the Immaculate Word.

The Langes moved in Hereford in 1958. Prior to that time, they had lived for many years in Nazareth and Happy.

## Minimum Wages, Hot Checks Are Meeting Topics

Hot checks and pending federal legislation on minimum wages highlighted a regular meeting of the retail merchants committee of the Chamber of Commerce Friday morning.

Senate Bill 1046 and House Bill 4488, which would raise minimum wage to \$1.25 per hour and include about 10,000 workers not now covered by minimum wage laws, were discussed by the group. It was informally agreed that they would ask legislators not to support the bills.

County Attorney J. Edward Line discussed the county's new policy on bad checks. He said the situation regarding bad checks had improved in recent months, but still was not good.

He discussed a list of 124 cases of hot checks which have not been cleared. Most of these, he said, were still pending because officers were unable to locate the suspects.

He asked that merchants get addresses on the face of checks accepted from persons they do not know. In many cases, he said, this will enable officers to locate the suspects.

Sugar is a cheap commodity in the United States, where the average factory worker has to work only 3.2 minutes to earn enough for a pound of sugar. Compare this with the minutes needed by workers in other countries: Austria, 20.5 minutes; Belgium, 12.3; Denmark, 5.9; France, 19.1; West Germany, 20; Italy, 37.7; United Kingdom, 10; Canada, 3.6; Mexico, 12.3; Japan, 59.3; Philippines, 10.5; and U. S. S. R., 147.3.

Next week, the United States Sugar Act, termed one of the most successful pieces of farm legislation ever passed, will be analyzed.

locally was favorable to cattle loans.  
Dr. Blamey said his company also was very interested in buying top-quality lambs. He went on to outline some of American Stores policies and operations. The fourth largest food chain in the country, American Stores in 1959 did almost one billion dollars worth of business and would do more in 1960.  
He went on to explain the packaged and frozen food operations which have been added to the Pueblo packing house and how the company uses all the machines and equipment possible to streamline their operation.

"You people sit on the possibility of a good opportunity here in cattle and lamb feeding," he concluded.

Webster then took over the rostrum to explain feeding programs and the type of cattle sought by American Stores.

"We have a very definite quality control," he opened. His company wants fat heifers, weighing 950 - 1050 pounds live weight. They will not buy cows or steers, explaining they had found the heifers were the only ones which would consistently grade "choice".

"The things we saw today, such as your range cattle and grain, the farmers in Colorado don't have, except in limited quantities," he said in explaining the potential of the area.

Talking frankly, Webster said the grain now available in a 25-mile radius of Hereford would feed out about 7,500 cattle. "We'd buy, or might buy, one - sev-

enth of these. But other packers, other food chains, want the same quality and you'd be covered up with buyers."  
Webster said his company used a tested feeding program, starting with heifers of 650-725 pounds, from good - quality Hereford, Angus or cross - bred lines. The animals are started on ensilage and beet pellets for the first two weeks. The initial ration of 10 to 12 pounds of hay is cut gradually to about two pounds, as grain is introduced. Best results come from feeding about two pounds of grain per hundredweight, or as much as the cattle will eat. This is supplemented by 1 1/2 pounds of cottonseed cake, which is also available nearby.

The final essential is good, abundant water, with little nitrates and minerals.

The program should continue for 120 days, at which time the best of the lot are ready for slaughter. The remainder will be fed for 140 - 150 days.

He pointed out that some farmers in Colorado handle cattle for the company on a daily charge basis in order that emergency slaughter supplies might be quickly available. This, he commented, probably would not be feasible in this area, since it would take too long to get the cattle to Pueblo.

Swearingin then explained briefly his procedures for cattle buying. "All our buying is country - buying. We don't buy at auctions or from commission houses. I'll come to your place, figure out how many animals are ready, then we set the price. We'll take delivery within a week, or even less. We buy fat cattle, heifers only, and a limited number of feeder cattle for our

## Colorado lots.

Dr. Blamey, during a question period, explained that the best operation is fairly small, with more than one pen of cattle to sell during the year. He felt the best operation was one where a lot was ready to sell each month, so the farmers would sell to 12 markets, rather than one.

"If you people are interested in feeding fat cattle, we will be aggressive in our buying," Webster said. "If you feed our program, we'll be interested, and so will a lot of other cattle buyers."

Dr. Barnett pointed out that there had been six major buyers in Hereford during the past week, all looking for fat cattle. "If you use your cattle and your local feed, it won't be long until you'll be known as a great feeding area," Webster concluded.

Of the group attending, more than half indicated by a show of hands that they were interested in starting small feeding programs.

Dr. Blamey and his staff arrived in Hereford Friday and toured some farms north of Hereford. They were scheduled to make a day - long inspection of area ranches and feeding operations Saturday before returning to Pueblo.

## Vegetable...

(Continued from Page 1)

Dr. Singletary discussed improved methods and practices carried on in experiment stations all over the state. He pointed out several times that methods are constantly changing and improving in the vegetable industry.

Most of the changes, he explained, have resulted in better mechanical equipment and more efficient insecticides and disease controls.

"There is a great need for more rotation in the growing of vegetables," he said. Experiment stations are carrying out programs to improve weed control also. Dr. Singletary added. Cole discussed vegetable demonstration currently being carried on in the High Plains this year in connection with insect control and proper use of fertilizer.

Dr. Smith discussed insect diseases of the five basic vegetable crops in this area - cabbage, lettuce, potatoes, onions and carrots. Considerable progress is being made annually, he pointed out.

Reporting on progress in organizing the Texas Vegetable Growers' Council in Texas, Parr said purpose of the organization is to promote production, distribution, consumption and continued improvement of Texas vegetables.

"This group," he said, "through cooperation with other segments of the vegetable industry in Texas, hopes to build up a name for quality vegetables in the market places of the state and nation."

The group is especially concerned with making quality of Texas vegetables known to the "housewife, who is the ultimate consumer."

## Deadline Is Wednesday On Cotton 'B' Plan

Deaf Smith County cotton farmers who plan to plant their crops under Choice B provisions must notify the County Agricultural Stabilization and Conservation office of their intentions not later than Wednesday, March 16.

"If Choice B is not selected," said Faust Collier, ASC office manager in Hereford, "then Choice A is automatic and no written notice to the ASC office is necessary."

Those who plan to plant under Choice B, he said, must file their intention in writing. "Partly for farmers selecting the Choice A plan will be 75 per cent, or 28.97 cents a pound, based on the U. S. average."

For producers with Choice B, the support is 23.18 cents a pound on the same basis. The Choice B allotment is 40 per cent larger than the regular Choice A allotment.

In February, 572 applications were sent to cotton growers in this county, Collier said.

fice. And absentee voting starts Tuesday for city commissioners. You can vote absentee in that election at the City Manager's office.

On Thursday, March 17, the Deaf Smith County Farm Bureau will sponsor the second in a series of breakfast meetings on agricultural topics. Guest speaker for the 7 a. m. meeting in the Jim Hill Hotel ballroom will be Bill Wedemeyer, Texas FB research director from Waco. His topic will be on the proposed 1960 wheat program.

The Hereford High baseball team is scheduled to play the Tascosa Rebels at Amarillo on Tuesday at 4 p. m. The White-faces were slated to play a doubleheader Saturday afternoon at Portales, N. M. They will play Friday at Plainview and will have their first home game next Tuesday, March 22, against Tascosa.

A 30 - year - old Hereford Negro, Marvin Love, was arrested Saturday morning on a warrant from the F. B. I. Love, a hotel shineboy, was

## Toastmasters Select Rudd For President

Officers for 1960 - 61 were named Tuesday during a regular meeting of the Hereford Toastmasters Club.

Heading the group as president will be Kenneth Rudd, Deaf Smith County farmer. Other new officers include Bill Thompson, educational vice president; Dale Young, administrative vice president; Jack Kassahn, secretary - treasurer; and Jack Rogers, sergeant - at - arms.

The new officers will be formally installed on Tuesday, April 5, at a Ladies Night meeting.

Outgoing officers of the group include Dr. Milton Adams, president; Virgil Dodson, educational vice president; Pete Petersen, administrative vice president; Bill Thompson, secretary - treasurer; and Kenneth Rudd, sergeant - at - arms.

Organized for self - improvement at extemporaneous and prepared speaking, the group meets each Tuesday evening in the Jim Hill Hotel ballroom.

and weighing eight pound and 13 ounces. He is named John Donald. Maternal grandparents are Mr. and Mrs. J. C. McCracken of Hereford and paternal grandparents are Mr. and Mrs. Ralph McCullough of Hereford. The McCulloughs have another son, Clayton Ralph.

arrested by deputy sheriff Bill McCarver at 8:45 a. m. on a federal warrant for unlawful flight to avoid prosecution and on a warrant from Monticello, Utah, charging him with burglary. City and county officers cooperated in making the arrest. Love is being held here awaiting the arrival of a U.S. Marshal.

Shirley School PTA will host a teachers' appreciation dinner on Tuesday, March 15, at 7:30 p. m. in the school cafeteria. Each family attending is asked to bring enough meat, with vegetable and/or salad for the family and a teacher. Bread, drinks and dishes will be furnished.

Hereford Community's post office sub - station is scheduled to open on Wednesday, March 16. Hereford postmaster Florence Traweck tells me the

stamp collectors have been pouring in letters for the first day cancellation at Easter.

A brief reminder that the high school's Distributive Education Club banquet will be held Friday, March 18. The affair was postponed from Feb. 19 due to the district basketball play - off.

And the Hereford Community Center will be dedicated in ceremonies Sunday, March 20, at 2:30 p. m.

One of our staffers left Sat-

urday morning for a week end ski trip to Santa Fe, N. M. Just before he left, druggist Ansel McDowell thoughtfully provided the young man with a crutch, claiming he didn't want to see any crutches imported to Hereford from New Mexico. It sure was a nice send - off.

## Husbands Feted At Class Meet

The Ruth Class of the Temple Baptist Church held its regular business meeting Thursday evening in the home of Mr. and Mrs. Joe Evans. Mrs. D. W. Allmon was co-hostess.

Husbands of members were honor guests. A supper party preceded the program and business meeting.

M. A. Bettis gave a prayer and Mrs. W. H. Thompson presented the devotional. A Bible quiz was conducted by Mrs. D. W. Allmon.

Those attending were Messrs. and Mesdames W. A. Dobbins, C. A. Lindsey, W. H. Thompson, Clarence Hininger, Brice Glass, M. A. Bettis, L. J. Matthews, B. B. Breeding, Glenn Wilkins, Arthur Blackburn, A. A. Head, and Mesdames Nora Simpson, Georgia Holliman, D. W. Allmon and Albert Flowers.

## 'Home Library' Topic Of Meet

Mrs. Bobby Williams presented the program at the La Madre-Mia Study Club meeting held Thursday evening in the Friendship Room of the Hereford State Bank. Mrs. G. C. Merritt Jr. was hostess.

In a discussion of "How To Build a Home Library", Mrs. Williams said, in part, "Books are still the life blood of master spirits treasured up for ages, and are still the chief avenue for learning. Even with limited funds and space and adequate library can gradually be acquired. Good books are essential for growing children and parents should see that good reading material be provided as their interests change."

During the business session, Mrs. Buster Hodges was welcomed as a new member. Members attending were Mesdames N. D. Bartlett Jr., Joe Locke, Ted Hardwick, Dean Herring, Dennis Lomas, Bobby Owen, Buddy Pickens, Eugene Sparks, Bobby Williams, G. C. Merritt Jr. and John Smith.

By JIMMIE GILBERT

If it isn't one thing, it's another. Clay Angelo and Fire Chief Dub Reeves are quite worried these days over the tremendous number of telephone calls which occur every time the fire siren blows. During the past month they have twice received a second fire alarm while answering the first one. The thing that worries them is the possibility that a second fire may occur shortly after the whistle sounds — and the telephone lines will be tied up, making it impossible to report the

fire.

I agree. Nothing could be more disconcerting than watching your home go up in a blaze — only to encounter a busy signal every time you tried to summon the department. This is a serious problem. Maybe folks might call one of the firemen's wives. Better still, maybe someone has a workable solution. If so, let's have it.

And just to prove that times are changing comes a little item about Southern Pacific railroad detectives who followed a long extension cord into an idle boxcar only to find a hobo innocently sleeping under an electric blanket.

Leo Forrest is an independent thinker and sometimes comes up with a deal that is hard to understand. The other day he discouraged the efforts of a political candidate to pay for his coffee — and paid for that of the candidate instead. Personally, I always had the same feeling for

new fathers who pass out cigars. If anyone ever needed to save his money, it's a new papa. Like most of the candidates, he doesn't know what he let himself in for.

Glenn Boardman and his crew turned out those silk screen banners for "Operation 29". A real slick production, and one which I had not realized to be available in Hereford.

Ever hear of the Forand bill? If not, you probably will. The bill would tack medical and dental care onto social security. A sort of socialized medicine coming in through the back door, you might say. There will naturally be diversified opinions on the subject. Personally, I figure we have enough socialism already, but I know a lot of people who do not agree. Anyway when you start hearing a lot about the Forand bill, be sure and give it some detailed study before you make up your mind. Remember the wolf in sheep's clothing!

John McCleskey tells me that he is doing quite a bit of ginning these days. Mostly, the cotton is coming from fields which were not harvested in the fall and, strangely enough, the grade is turning out fairly good. John says it must have been some mighty clean rain and snow we had during the past three months.

Wood Vaughn and George Suggs turned up this week with some newfangled, hot-shot fishing plugs in which they express unlimited faith. It seems that some California character was catching fish at Conchas, while our two heroes had not one strike — and they went to considerable effort to find out what sort of "bait" he was using. If their opinions are well founded, the day of the "bomber" is about to pass.

Next time a good stiff breeze blows up, it will be worth your while to drive up Star Street. This is undoubtedly the "kite-flyingest" street in town. One afternoon this week I counted 63 kites soaring aloft at one time. The kids seem to do pretty well until their dad's come out and lend assistance. At least, this was the case with the sons of Hap Cavness at the moment I happened past.

Most kites these days are dressed in plastic and have that

factory touch. Back when fellows like Marcus Latham, Troy Moore and Howard Gault were in the kite flying business, you made them out of slats from an orange crate, brown kraft paper and flour paste. The experts, of course, came out with big box models — and got a real bang out of sending messages up the string. In these days of paper tape and gummed tape, string must be quite a problem.

No question about it: If you can remember when folks saved those big hanks of string and those giant balls of "tin foil", you don't need to worry about the draft.

Hicks Roberson has 40, these many years — called Miles his "Uncle Six Per cent". What with present trends and all, it looks as if Hicks will have to raise the ante to seven or eight, instead of six. Does this give Miles increased dignity, or would you call it "inflated opinion"?

A lot of folks are interested in the Jack Parr controversy, and most people seem to have an opinion on the subject. I agree with Jack on one point, though. The press or no one else has a justified right to call him childish — not after observing the way he kisses every gal who comes on the show. Besides, anyone who walks out on a job like that probably is a bit touched.

A. N. Hopson, Precinct 1 candidate, says he doesn't worry one whit about giving out campaign pencils to residents of Precincts 2, 3 and 4. "One thing for sure," he says, "I know they won't use 'em to vote for someone else."

Mr. and Mrs. Raymond Zamora are the parents of a boy born Sunday, March 10, at 5:47 a. m., and weighing seven pounds and three ounces.

## The Amana Story

By DICK WALKER

NOTE: I have just recently gotten back from a trip to Amana, Iowa, where I went through the Amana factory. I think that in order to understand what goes into a product, and how a product came to be built, it is necessary to know something of the history and background of the people who built it.

This is the Heritage of Amana.

Amana Refrigeration, Inc. is one of the most unique manufacturing concerns in America. To understand why, it is necessary to go back to the year 1714, to a group of German people living in the Province of Hesse near Frankfurt, Germany. These people, because of their religious beliefs, banded together as do people of other faiths.

Persecution caused them to leave Germany. In 1842, they purchased 5,000 acres near Buffalo, New York, and within a year, three villages were established. They called themselves the Ebenezer Society, named after the Ebenezer Villages where they lived.

These German people were, for the most part, skilled craftsmen excelling in all the crafts of that day. They were completely self sufficient; they provided all necessary food, clothing and shelter.

The Ebenezer Society prospered. In fact, the community grew so fast that in a short period of ten years, they were forced to seek more land. Thus it was that in the year 1854, a committee headed west for Iowa. They liked the land and in time acquired holdings totaling 26,000 acres, and Amana, as we know it today, came into being.

The name AMANA appears in the Bible — translated it means "A living faith or belief." This word and its meaning is associated with the daily work of the Amana people. Faith in belief that one's daily efforts should be one's best efforts. Belief that any job worth doing is worth doing well is basic in the lives and actions of Amana people.

This fact, along with the ability to change and modernize as the times demand, has established the Amana Colonies as a unique, colorful and prosperous bit of America.

Today, the Amana Society, the seven villages—Amana, Middle Amana, High Amana, East Amana, West Amana, South Amana and Homestead, present to the guest an interesting combination of the old and the new.

The old community kitchen and dining rooms serve today as fine restaurants known throughout the Midwest as serving the best that the rich Iowa soil can produce. The Amana woolsens, rich in color, highest in quality, are known the country over as the finest. Hand made furniture of solid Cherry or Walnut from the Colonies adorns the homes of countless people throughout the United States. Amana meats, prepared and cured by the time proven methods, are shipped throughout our land. Yes, Amana today is modern. Yet the rich heritage of the past is everywhere apparent in the lives and actions of the Amana people.

To Be Continued Next Week

Amana can prove that it outperforms all others. Drop in soon and see for yourself. It's Walker Refrigeration, 3rd at Schley.

# Local Camp Fire Girls To Note Special Week

## The Sunday Brand Women's Section

Mrs. John McLean, Society Editor

Hereford, Texas, Sunday, March 13, 1960

Section Two

One hundred and ninety-six Hereford Camp Fire Girls will participate in the March 20-26 celebration of International Camp Fire Girls, Inc., Week.

The week marks the 50th anniversary of Camp Fire Girls, Inc., which since its birth has served more than four million girls.

Dr. and Mrs. Luther Halsey Gulick, pioneer educators, founded the Camp Fire Girls organization in 1910 to aid the mental, physical and spiritual development of growing girls through leisure-time activities. Today, Camp Fire Girls groups are found in 3,000 cities and towns throughout the United States and in Spain, Nova Scotia, Canada, the Philippines and Alaska.

Designed as a character building organization, in which girls learn to work and play together, it operates under a set of laws or code governing the activity needs of girls between seven and 18 years of age.

**LAW OF CAMP FIRE GIRLS:** Worship God, seek beauty, give service, pursue knowledge, be trustworthy, hold on to health, glorify work, be happy. **THE BLUE BIRD WISH:** To have fun, to learn to make beautiful things, to remember to finish what I begin, to want to keep my temper most of the time, to go to interesting places, to know about trees, flowers

and birds and to make friends.

Council-wide projects in which all girls will take an active part will include participation in the National Golden Jubilee, which is to celebrate the 50 years of the Camp Fire program. This is a three-year Conservation Project, "The World Around Her — She Cares — Do You," and will include a tree census made by each group and the planting of evergreen seedlings.

The purpose of the tree census is to get a count of the number and kinds of trees already planted, noting the types and suitability of various species within a given area. Each girl gave a penny for each year of her life, and this money will be used to purchase trees and shrubs to be planted on the grounds of the Community Center.

Each leader and girl will be given two evergreen seedlings to be planted by her as another part of this Conservation Program. Each girl will keep a "growth record" of her seedlings and report to the local council on condition and growth for the next three years.

Last April, the Dad-Daughter Banquet drew a crowd of 501 persons. This year, because of lack of space, there will be two banquets — one for Blue Birds and one for Camp Fire. These will be held just before school is dismissed for the summer.

There were about 150 girls and leaders who sang Christmas Carols last season. Current plans are to make that an annual affair, to be held on Dec. 22.

On March 19-20, there will be a Hobby Show sponsored by the girls of both Camp Fire and Blue Bird groups in the Community Center. This will be open to the public and there will be no charge.

There are 10 Blue Bird groups, four of which will be "flying up" in May. At present, there are 126 Blue Birds and 61 Camp Fire Girls.

A camping program for all Camp Fire groups is being worked out this year. Further plans will be announced later.

Twenty-five older girls took part in the Red Cross program offered last summer. Child Care, Junior First Aid and Home Nursing were included in the program.

## Campfire...

(Continued from Page 1)  
Cooking school for fifth grade girls was offered this past fall and winter by Southwest r n Public Service. Three groups with 31 girls received certificates after a six - week course. Two groups, working on Fire Makers rank, the third rank in the program, helped with posters during the United Fund drive. All groups helped in passing out handbills during Clean - Up Week last spring. This is "Give Service", a part of the Camp Fire Law.

There are 196 girls, 30 leaders and assistant leaders, 47 sponsors and 13 board members, making a total of 285 registered with the national organization.

Hereford Camp Fire Girls was organized in 1910 with 19 members. Mrs. Hubert Dowell was its first leader. She was followed by Mrs. Dick Barnard and later by Mrs. Urlin Streu.

Parents of the girls had to be sold on the value of the organization before enough leaders could be obtained to carry on the work. Lack of leaders is still a major problem.

Mrs. Phillip Barkley, administrative secretary, said that many more groups could be organized here if leaders could be obtained. "Love of children and a willingness to work with them is all the qualifications needed to become a good leader," she said.

Recently - elected Council Board members include: Ernest Langley, president; Dr. H. A. Cavness, vice - president;

Mrs. R. L. Fuhrmann, secretary; Mark Woodall, treasurer; Wilbur Gibson, camping chairman;

Mrs. Clyde Cave, personnel chairman; W. L. Davis Jr., finance chairman; Mrs. J. T. Gilbreath, program chairman; Mrs. Ronald Babione, public relations chairman; Mrs. Don T. Martin, group organization chairman; Mrs. Jack Gilliland, member - at - large; Mrs. Urlin Streu, member - at - large; Mrs. Jimmie Gillentine, nominating committee chairman; and Mrs. Harold Beauchamp, leaders association chairman.

## Progressive HD Members Meet

The Progressive Home Demonstration club met Tuesday in the home of Mrs. T. J. Parsons. Mrs. P. L. Carmichael was presiding officer and Mrs. E. C. Hammett was program chairman.

Mrs. Argen Draper, Home Demonstration agent, presented the program on Clothing Trends and New Fabrics in Buying. She pointed out that the Labeling Act that became effective Mar. 1, concerns every consumer. The character of the label and the type of information it carries are covered in detail in the rulings published by the Federal Trade Commission to clarify the act.

Council report was given by Mrs. P. L. Carmichael.

Members present were Mesdames Leon Coffin, P. L. Carmichael, E. C. Hammett, Taft McGee, Floyd McGee, Harold Beauchamp, Dale Hallows, Darrell Thomason, Tom DeShazo, Fred Autry, Argen Draper and the hostess, Mrs. Parsons.

The next meeting will be with Mrs. Alvis Jolly, March 15.

## Brother Of Local Woman Succumbs

Funeral services for Audie Monroe Armoutout, 67, of Tulla, brother of Mrs. W. H. Nunn of Hereford, were held Friday afternoon at Wallace Funeral Chapel in Tulla. G. M. Covington and Lynn Camp, Church of Christ ministers, officiated. Burial was in Rose Hill.

Mr. Armoutout died Wednesday night in Northwest Texas Hospital in Amarillo. The family moved to Amarillo several months ago from their Swisher county farm to be near medical treatment for Mr. Armoutout. He was born Sept. 17, 1892, at Carlton. He and Miss Ira Rankin were married Aug. 22, 1917, at Jacksboro. They moved to Tulla in 1928.

Survivors other than Mrs. Nunn include his wife; two sons, Audie of El Paso and David of Amarillo; two daughters, Mrs. H. M. Tucker of Amarillo and Mrs. Bill Ward of Fort Worth; another sister, Mrs. Mae Ardis of Tulla, and seven grandchildren.

## Pioneer Study Club Holds Luncheon

Pioneer Study Club held its March luncheon-program session in the home of Mrs. N. E. Gass Tuesday with Mesdames Wirt Phillips, Bess Werner and J. M. Gilliland as co-hostesses. Decorations for the luncheon tables included arrangements of rosebuds and violets.

Mrs. Robert E. Thompson presented the program which followed the luncheon on "The New Era of the Super - Highway." She commented on the great change in the highways of the nation and said all women should learn how to use the new super-highway with ease, especially since many women are responsible for their children's transportation.

Miss Roberta Campbell gave the Texas Day program, reviewing "I'll Take Texas" by Mary Laswell. She said in part "Texas is all things to all people. Every man can find in her whatever quality he desires most; Beauty, variety, solidarity, riches, and tranquility."

During the business session members voted to send the president, Mrs. Ralph McCullough, to the District Texas Federation of Women's Clubs annual convention in Lubbock in April and also to send Mrs. McCullough to the meeting in Amarillo on April 12 to work out plans for a new district.

Members present were Mesdames Fred Barrett, Allen Bell, Buddy Evans, Burl France, Henry Hastings, O. G. Hill Sr., E. S. Ireland, F. M. Kester, L. H. Lookingbill Sr., A. L. Manjoet, Nancy McCaslin, H. E. Miller, John Patton, W. C. Thomas, Mary Seigler, Delmar Sigle, M. L. Simpson Sr., Robert E. Thompson, C. R. Walser, Myrtle Wright and the hostess.

## APPLES FOR STUDENTS

SALEM, Ill. (AP) — Apples have been given to students in Salem public schools for 61 years on Washington's birthday.

The custom was started in 1899 by Joseph and Frank Schwartz, brothers who operated an orchard.

The traditional apple day has been continued by Joseph Schwartz's daughter, Mrs. Christine De Linck, wife of Air Force Lt. Col. Martin J. De Linck.

Mrs. De Linck orders more than 2,000 apples every year from wherever her husband is stationed. This year they live in Sacramento, Calif. In 1959, they were in the Panama Canal Zone.

Warren Spahn and Lew Burdette of Milwaukee ranked one, two in innings last season. Spahn worked 292 innings Burdette 290.

The more mouths you have to feed — the more you can save during this big event!

## Household Scrapbook

By ROBERTA LEE  
To clean the furry side of a fur garment, you can rub it with a cloth dipped in soapy water and wrung out well. A more thorough effect is obtained by moistening cornmeal with cleaning fluid, rubbing this well into the fur, then brushing it out. For white furs, cornstarch, or a 50 - 50 mixture of flour and salt, rubbed in and shaken out again, does a lot of good.  
**Scratched Glass**  
Small scratches on glass table tops or on the glass screen of the TV set are often nicely removed with toothpaste, rubbed on with a soft cloth, and then polished off with another.  
**Cloudy Furniture**  
Camphorated oil usually does a good job of removing the cloudy white rings and spots off furniture. Apply this with a soft cloth.

## Miss Melba Gay Lawrence Married To Benny Cooper

Miss Melba Gay Lawrence and Benny Cooper exchanged wedding vows at 7:30 p. m. Friday, March 4, in the First Christian Church chapel, with the pastor, the Rev. Gilbert Davis, reading the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Guy Lawrence of 415 Ave. F, and the bridegroom is the son of John A. Cooper and the later Mrs. Cooper of Panhandle.

Attendants were Miss Carol Bruza of Amarillo and Eddie LeMaster of Amarillo. Forrest Ricketts of Carlsbad, N. M., served as usher.

Miss Bruza wore an orchid sheath dress fashioned with scoop neckline. She wore a petal hat with wisp veil and a small orchid corsage.

Jackie Lynn Nunley, pianist, and Mrs. Merlin Kaul, vocalist, provided the wedding music. Miss Nunley played the traditional wedding marches and accompanied Mrs. Kaul, who sang "The Lord's Prayer" following the ceremony.

A background of orchid and white flowers were used to decorate the chapel and the couple and their attendants stood before a lighted picture of Christ to repeat the marriage vows.

Given in marriage by her father, the bride wore a gown of white silk organza over taffeta, styled with a rounded neckline, empire waist and bouffant waist-length skirt. She wore a small white hat with brow veil and carried a white satin Bible

topped with a cluster of white rosebuds showered with stephanotis.

For sentimental reasons she wore a bar pin worn by her late maternal grandmother, and which her sister wore in her wedding.

Following the wedding a reception was held in the church

social hall. The bride's table was laid with a white linen cloth featuring crystal appointments.

The tiered wedding cake was made by Mrs. W. B. Nunley, cousin of the bride, and topped with a miniature bride couple.

Jackie Lynn Nunley poured short wedding trip the bride was wearing a beige nubby weave rayon dress with red accessories, and a corsage of and Mrs. Forrest Ricketts of white rosebuds lifted from the wedding bouquet.

The bride is a graduate of Hereford High School and is Carlsbad, N. M., sister of the bride, served the cake.

When the couple left on a presently attending Draughton's Business College in Amarillo. Her husband graduated from Guymon, Okla. High School and attended Southwestern College at Weatherford, Okla. He is employed at Westhaven Pharmacy in Amarillo.

The couple is now at home in Amarillo at 1310 Jackson St.

Among the out-of-town guests attending were Mr. and Mrs. Forrest Ricketts and children of Carlsbad, N. M., Mrs. Mary Ella Ricketts of Portales, N. M., John A. Cooper of Panhandle, Carol Bruza and Eddie LeMaster of Amarillo.

## Miss Milligan Married To Clarence Robinson

Miss Jolene Milligan of Amarillo became the bride of Clarence Robinson of Center, Colo. in a double-ring ceremony in the First Baptist Church at Ranchvale, N. M., Feb. 27. The Rev. Tom Sumerall Jr. performed the recent ceremony.

Miss Milligan is the daughter of Mr. and Mrs. Roy Milligan of Clovis, N. M. Parents of the bridegroom are Mr. and Mrs. Jack Robinson of Center.

Given in marriage by her father, the bride wore a ballerina-length dress of Chantilly lace and net over taffeta. The molded bodice featured points in the front and back, a scalloped portrait neckline embroidered with seed pearls and sequins, and she carried pink Sweetheart

roses on a white Bible. Miss Thelma Robinson of Denver, Colo., sister of the bride, was maid of honor, and Bill Dye assisted the bridegroom as best man.

Traditional wedding music was provided by Mrs. R. L. Barrow and Mrs. Tom Sumerall, soloist.

The bride is a graduate of Hooper, Colo. High School and Draughtons Business College of Amarillo. She was formerly employed by Amarillo attorney Alton M. Reeder.

The bridegroom is also a graduate of Hooper High School. They are now making their home in Alamosa, Colo. where he is employed with McMullen Chevrolet Company.

The bride is a granddaughter of Mrs. Ida Campbell, 415 Knight Street in Hereford, and made her home here with her for a time. While here, she was employed in the Deaf Smith County tax offices. She is also a niece of Mrs. Olive West and Mrs. Monroe Parker, both of Hereford.

### FAMILIAR NAME

COLUMBUS, Ohio (AP) — Only the name was familiar at the spot where Air Force Lt. Tom Barnett parachuted to earth from his crippled F102 jet fighter.

The young pilot ejected from the flamed-out jet at 25,000 feet above Ohio and drifted for a number of miles as icy winds carried his parachute along. He finally landed near the Ohio River — on Barnett Ridge.

### WATCHING HIS PENNIES

BALTIMORE (AP) — R. Walter Graham is a city comptroller who watches his pennies.

When Graham set a trap for a mouse, the trap did the trick and a cleaning woman removed both trap and mouse from Graham's office the next morning.

The comptroller said he was glad he had bagged his quarry but added:

"More important, that trap cost me five cents and I want it back."

### KNEADS NO HELP

CORN, Okla. (AP) — When Mrs. W. J. Little got ready to make a shopping trip to nearby Cordell she found she had a problem. A pan of dough had to be kneaded now and then. So she took it with her and between visits to stores stopped at the car to give the dough another punch or two.

Mr. and Mrs. W. G. Frank and Sandra spent Sunday in Amarillo visited with Mr. and Mrs. R. E. Singletary.

Billy spent the day with Milton Meharg in Hereford.

Mr. and Mrs. Emmett Johnson visited with Mrs. Earl Waits Monday morning.

J. C. Morrison accompanied Tom Draper and Grant Hanna

to Amarillo Monday on a business trip.

Mr. and Mrs. Bob Greer and Dale of Amarillo spent Monday with his aunt, Mrs. Paul Corbett. Bob and his family recently returned from England where he had been stationed. Mrs. Greer was a native of England at the time of their marriage.

Mr. and Mrs. W. W. Thomas and Jeannie spent the week end with their daughter, Linda Ann, at Abilene Christian College in Abilene.

Sue Thomas spent the week end with Pat Cook and Bud visited Bryan Burket at Shallowater.

Mr. and Mrs. R. M. Seay of Canyon spent Sunday with Mr. and Mrs. Earl DeHart.

Mr. and Mrs. Don Heddins, Rhonda and Donna ate dinner with Mr. and Mrs. J. C. Morrison Sunday.

Mrs. P. B. Sowell was admitted to the hospital for medical treatment Monday.

Mr. and Mrs. Doyle Cox and Dwayne of Hereford visited with Mr. and Mrs. Homer Rudd Sunday afternoon.

Mr. and Mrs. Ray Wilhelm and Jane visited with their niece, Mr. and Mrs. Forest Marnell, Sunday.

Mr. and Mrs. R. W. Mitchell visited with his cousin, E. W. Mitchell, in Veterans Hospital in Amarillo Monday.

Mr. and Mrs. Emmett Johnson, Donna and Anna visited with Mr. and Mrs. W. A. Johnson in Hereford Sunday night.

Mr. and Mrs. Kenneth Christie, Valerie and Jimmy of Summerfield and Mr. and Mrs. Gerald McCathern, Mike and Kathy spent Sunday at Conchas.

### This 'New Industry' Challenges Every Farmer In Hereford Area

A commercial feeding program, along with a substantial beef market, was outlined Friday evening at a meeting sponsored by the Deaf Smith County Chamber of Commerce. Such a program can and should be our answer to present shrinking returns from the sale of, and low support prices on, grain sorghums.

The proposed program, in fact, fulfills every editorial hope which The Brand indicated more than a year ago, when support prices were announced at the present low figure. In addition, it offers the smaller farmer a chance to feed out a few head of cattle and provides a market for high quality beef which meets specifications. Dwindling beef prices are logical to expect during the next year but, even at lower figures, the average grain producer should still improve his overall income picture.

An extensive feeding program of this type also establishes one of the best in-

dustries this area could have. In the first place, most farmers and stockmen we know would much rather feed out a few head of cattle than seek employment in some foreign type industrial plant. Our area has a proven background on cattle production. We also have surplus grain — without extra freight which California feeders now pay — and we have a tremendous market at our back door, including the one concern which has already shown interest.

To those farmers who say that they have been driven with their backs to the wall, the feeding program offers a chance to come back; to those who want to remain away from this predicament, it affords an opportunity to experiment with a minimum of risk. The producer who is satisfied with his present returns, naturally will not be interested.

Iowa farmers, by adopting similar feeding plans, have come to be known as the most diversified, most successful and most prosperous in the world. An extensive feeding program — on-the-farm and in larger lots can do the same thing for the Hereford territory.

The recipe calls for three ingredients: fine cattle, an abundance of low cost feed, and a market. Mix these things with intelligent application and hard work and, like the man said, we will have created an economy second to none in the world.

### Trouble In Cuba Is Nothing New

Most Americans are beginning to realize the seriousness of the 1960 Cuban situation, and there appears to be almost as many different solutions as there are people. Ill feeling toward the United States, meanwhile seems to multiply instead of abate.

To most citizens of this generation, Cuba has been a good friend and neighbor to the United States, furnishing most of our sugar in return for manufactured goods and generous government loans. The historian will quickly point out, on the other hand, that Cuba has always been a powder keg to the south. On Feb. 15, 1898, it was in a Cuban harbor that the battleship "Maine" exploded to touch off the Spanish-American War. Again in 1960, the Cuban government became so encumbered that U.S. intervention resulted. There have been other incidents over the 54-year period, but none to result in violent action such as 1898 and 1904.

Some people say today that we need another "Big Stick" policy such as that of Teddy Roosevelt; others would completely drop off all trades and subsidies. Our State Department, on the other hand, ignores both factions and seems inclined to let nature take its course. Gradually, Cuba is beginning to feel the financial pinch as giant plants, factories and plantations slow down to a snail's pace; huge hotels, tourist centers and retail stores are running under 20 percent of the volume they enjoyed a year ago. Needless to say, a lot of Cubans are unhappy.

Russian bases in Cuba are the last thing the U. S. wants, and they remain Fidel Castro's No. 1 threat in the "cold war," which Russia seems to have shifted from Korea to our doorstep. Should Mr. Castro mete such a foothold to his Communist friends, then it does appear that the "Big Stick" policy might well be employed. Let us also remember the ills that have befallen the colonial policies of England, France, Holland, Germany — even Russia — on several occasions. Let us also pause to consider action of these countries as the various situations came to a head during recent years. Most of all, though, let us use good judgment in settling the Cuban situation toward a goal of neighborly relations on an equitable basis of long-range existence.

Certainly, we cannot continue to heavily subsidize a nation which stands prepared to confiscate our assistance and ever ready to play pat for our openly avowed enemies.

### Teacher Contract Is One-Way Deal

Recent action of Hereford trustees in approval of teacher contracts duplicates an annual procedure in school districts all over the nation. Few people, including most trustees, stop to consider just how one-sided these contracts have become.

Originally issued for protection of both parties, the teacher contracts in more recent years seem to have adopted the pattern of the one-way street. They provide protection only for the teacher and, in some instances, are used as a springboard to better positions.

Administrator and school boards have no doubt contributed to the situation with the idea that an unhappy teacher, forced to fill a contract, is worse than no teacher at all. Frequently, on the other hand, the school may wish to terminate the services of an employee only to be told that the employee will go to court and exercise his rights as specified in the contract. A coaching situation at West Texas State College recently received much publicity in this category.

Under our present system "better jobs" just before school opens frequently upsets the entire plans of a school system, and nullify previous hard work of the administrative staff.

Solution of the situation, once school systems face the facts would be simple. By merely placing bonus payments and a small percentage of annual pay in a forfeit bond, the board could readily eliminate around 90 percent of the walkouts, although we do grant that the system would need to be state-wide in scope.

Meanwhile, we wonder why school teachers should be so different from other people that they assume no responsibility when they enter into contract. This particular group will teach our children such American tenets as honesty, fairness, equality of right and justice for all. It seems to us, that they would be the last group to advocate the one-way contract.

And if we continue with our present teacher contract system, which we no doubt will — let's call them something else, something like "Teachers Options" or "Teacher Franchises." Then, at least, we won't be kidding our teachers — or ourselves.

### Rest Home News Is Encouraging

At a meeting of the "Hereford Area Foundation" board this week came a glimmer of hope for hundreds of persons who are interested in a Golden Age Home for the area. Board members, acting in behalf of the Hereford B & PW Club, established rules concerning the proposed home and, in general, presented a fairly optimistic picture on the project.

Most interesting of all, possibly, was a forthcoming meeting with Rev. Don Davidson, a representative of the Methodist Board of Hospitals and Homes. Should the Methodist Church enter our program as they have done in numerous other areas over the nation, many questions would be solved on the local level.

The Methodist organization, for one thing, has pioneered the field and probably has more "know how" concerning the operation of such homes than any other organization. In addition, such an operation would be a long-range program, providing

### The POWER of FAITH by Howard Brodie

"What is faith?" asked a friend during a recent conversation. I decided to learn what great men, who lived faith or expressed its power, had to say about the subject.

"Now faith is the substance of things hoped for, the evidence of things not seen," wrote St. Paul.

"A mighty fortress is our God, A bulwark never failing . . ." penned Martin Luther. Bach inscribed his scores of sacred music at the beginning with J.J. (Jesus, help) and at the end with S.D.G. (to God alone the glory). Michelangelo wrote, "I live and love in God's peculiar light." Shakespeare wrote, "There are no tricks in plain and simple faith."

"Reason is our soul's left hand, Faith her right," wrote John Donne. W. E. Channing penned, "Faith is love taking the form of aspiration." Tolstoy wrote, "Faith is the force of life."

## Unordered Merchandise Scheme Is Condemned

Housewives, business and professional people and the public in general are constantly receiving unordered merchandise in the mails that they did not order and do not want, according to Deaf

Smith County Chamber of Commerce manager Bill Thompson. "The gratuitous deliveries of such diverse articles as aprons, books, fountain pens, socks, flags, wallets, stamps, hosiery

and numerous others are accompanied by a request for either payment of the goods or their return to the shipper," Thompson said.

The C of C manager explained that in some instances, during letters are sent, which imply improperly upon the part of the recipient for failure to remit or return. Sometimes such letters contain threats, direct or implied, of legal action if payment is not made forthwith, he added.

And many recipients of unordered merchandise are puzzled as to what they should do about it, and what their obligations are, he pointed out.

Thompson stated that members of the public may be under no obligation to pay for merchandise sent to them without an order unless they use it, nor are they under obligation to return it, or provide storage facilities in their homes for such unwanted goods.

The text of Thompson's statement follows:

"According to the National Better Business Bureau, with which we are affiliated through membership, the practice of sending goods through the mails without an order is widely regarded as an unmitigated nuisance — one which can best be ended by making it unprofitable to the senders.

"The sending of unsolicited orders C. O. D. is a far greater nuisance, and it also is in violation of postal regulations. The Post Office Department will not knowingly permit the mails to be used for shipping unordered goods C. O. D. Postal regulations also provide that unordered merchandise is not acceptable for insurance. The Post Office Department will not make payment for loss, rifling or damage of goods sent through the

### 25 YEARS AGO

#### Area Residents Begin War On Jackrabbits

25 YEARS AGO

Bounties of two cents per scalp on rabbits will be continued until March 21 by Deaf Smith, Parmer and Castro counties, it was announced this morning. The bounty has been in effect the past month and is resulting in slaying of thousands of the pests. While there was no way of counting the casualties, Ward's rabbit drive last Friday was the most successful Deaf Smith County has held.

Perfect weather, worlds of hunters and lots of rabbits combined to make it the best day of hunting yet. More than 100 hunters took part in the massacre. According to Lipscomb, the fewest rabbits killed by one person was 43. This places the number of dead in excess of 6,000. All agree that figure is conservative.

About 250 persons, including school children, ate barbecue and drank coffee at the noon hour. All through the day the hunters came in for coffee. And it lasted until well after dark.

Useless walking by the huntsmen was avoided by the use of trucks to transport them from field to field. They did not waste time tramping over open ground but confined their activities to areas of weed and stubble.

The hunt began at 10 o'clock and by 11 the roaring ordnance resembled a major engagement. It continued throughout the day and into the night, dozens of hunters continued by auto lights. One hunter, an Amarillo man, reported that he killed around 220 jackrabbits.

45 YEARS AGO

The Hereford Highs went down to defeat before the onslaught of the Canyon Normals by a score of 10 to 5 Monday in a number one game of baseball played on the home diamond.

Canyon has a good team and plays a clean game but the Hereford Highs are not slow and with the practice they bid fair to become an especially classy team.

for normal expansion as the demand increased. Many people also like the phase of "cost, plus 20 percent," which the Methodist generally employ.

No plan, we feel sure, can suit everyone. Finding the best available plan and linking it with our own resources and recommendations is the job of the committee. The plan they are now considering seems

to be the most successful yet devised, and its careful consideration indicates that the committee is figuring all possible angles.

Frankly, we do find possibilities of a Golden Age Rest Home for this area optimistic — and we can think of no other single development which might so well serve so many people as this particular project.

### COUNTY KICKS OFF 4-H WEEK

Dallam County 4-H clubbers kicked off National and Texas 4-H Club Week this weekend with a Dallam County Bake Show and a meeting of the newly-formed Dallam 4-H Council. Gov. Price Daniel has officially proclaimed March 5-12 as 4-H club week in Texas. He has asked all citizens to participate in the observance being planned by 4-H members in the communities and counties of Texas. The Governor pointed out that since the 4-H program was inaugurated by the U. S. Government in 1914 more than a million young Texans have received its benefits. He added: "County extension agents work with voluntary 4-H adult leaders, 4-H members, their parents and friends of 4-H in developing a program which provides education and leadership opportunities for the youth of Texas. The 4-H program is under direction of the Agricultural Extension Service of the Texas A and M College System. Any boy or girl from ages of 9 to 21 can take part in 4-H club work. The opportunities offered to 4-H members to grow in citizenship and practical skills are especially valuable to them, the State of Texas and the nation."

### RAIDERS HIT 7 FIRMS

Seven Littlefield firms were burglarized Friday night, possibly as part of a wave of break-ins which hit at least five other South Plains towns. Officers throughout the area were checking leads Saturday after "amateur" burglars also struck at Plainview, Sudan, Whiteface, Levelland and Shallowater. The burglars also attempted break-ins at Furr's Supermarket, Bowen Grocery and Field's Cleaners but was unable to gain entry. Two break-ins were reported at Plainview, Levelland and Shallowater, with one at Whiteface. "It looks like the same people pulled all the jobs here," Police Chief F. A. Fitzgerald reported Saturday morning. "There had to be two or more," he said, explaining that the intruders went through a high window at Porcher Produce, apparently without the aid of a ladder. "It was strictly amateur stuff," the officer said. Officers said they found fingerprints at several places and were able to lift some fingerprints, but they had made little headway in the investigation prior to noon Saturday. Four suspects were questioned here Saturday morning, but they were released later. The method of operation was similar at all seven places burglarized here.

### WORK BEGINS ON TERMINAL STORAGE

Perhaps the biggest building project ever to be announced for Tulia was revealed this week when Billy Sol Estes and C. E. Davis of Pecos completed plans to construct a "Group 9" terminal grain storage plant on 100 acres of land west of the Santa Fe railroad which they purchased from I. H. Turney. "Group 9" storage is the best to be offered. Construction is already underway on the first unit which will include storage facilities for from five to six million bushels of grain. Plans are to increase the capacity to 10 million in the future. Cost of the first unit, to be completed in 90 days, will be approximately \$1½ million dollars. The facilities will be both flat and upright. Railroad scales will be installed. A rail spur will be constructed to serve the company. Estes said they would be able to dump any size truck or rail car. He added that eventual plans are to develop the entire 100 acre plot. Estes told the Herald Tuesday that Tulia was selected for the location of this grain terminal because he considers the town to be near the heart of the best grain production area in the world. He said he considered Plainview the prime location with Tulia a close second.

## The BOOTLEG —Philosopher

Editors note: The Bootleg Philosopher on his bindweed farm may be misconstruing what's been happening in Washington, his letter this week reveals.

Dear editor:

A man can go along for years without getting recognition for an idea, but when the United States Senate suddenly adopts his idea, he feels like his efforts haven't been in vain.

What I'm talking about is the Senate's round-the-clock working sessions which have been in the newspapers and on television lately.

That's exactly the system I've been using out here on this bindweed farm for years, and I congratulate the senate.

As I understand it, the Senate had an unusually hard problem to tackle, so it decided to stay in session till it was solved. And the first thing it did was bring in a lot of cots and mattresses, ordered the Senate restaurant to stay open all night, rolled up its sleeves, and went to work.

This almost parallels the system I've used out here for years, with the exception of the restaurant; that's a refinement that's one up on me.

But the general idea, that you can work around the clock and still take time out to stretch out and rest, sleep, and eat, is part of my basic procedure. Now, when I get tired of going up one row and down another and get off my tractor and stretch out under a shade tree later on this year, and somebody says, look at him, out there loafing when he ought to be working, I will point out that he's not criticizing me, he's criticizing the Senate of the United States of America. The idea that a farmer has to be on his tractor plowing if he's working, or a Senator has to be on his feet talking if he's Senatoring, is now out of date.

Me and the United States Senate both have discovered a man can work around the clock and still lie down and rest when he feels like it. Year-around farming and around the-clock sessions of Congress are like all-night sessions of fishing — you don't have to be running your lines all the time.

Yours faithfully,  
J. A.

## Texas Adults Participating In Civil Defense Program

By VERN SANFORD  
AUSTIN — Texas adults by the thousands are going back to school this year.  
Their object: to learn what nuclear warfare could mean to the country and what they can do to better their chances of surviving it.  
Texas Education Agency and the State Division of Defense and Disaster Relief are co-sponsors of the civil defense adult education program.

Since the program got underway late last year, 2,816 persons over the state have taken the free 12-hour course. Another 1,295 persons are attending 66 classes now in progress, and 150 new classes are due to begin this month.  
Classes are held at public schools and taught by public school and junior college teachers who have been trained and certified by TEA's civil defense staff.

Seven new teacher training workshops are scheduled within the next few weeks. Eventually goal is to have civil defense classes in or near every Texas community.

Course material ranges from study of the effects of a nuclear bomb and probable capabilities of hostile powers to step-by-step instructions for personal survival preparedness.

Persons interested in having the course in their communities may contact their local school superintendent or write Civil Defense Education Director, Texas Education Agency, Austin.

Gov. Price Daniel said he will not call a special legislative session to raise teacher pay before May 7 — the first primary date.

Conference with lawmakers have convinced him, said the governor, that there is no hope of successful session during the coming eight weeks.

However, the governor said he may call a session after the May 7 primary or submit the school improvement program as an emergency measure at the 1961 regular session. If he waits until 1961, Daniel said he would recommend an increased program to make up for money lost by delay.

Many observers have noted that a special session after the first primary election would pose many problems. As much as 25 to 30 per cent of the House could be made up of "lame ducks" — persons retiring from office or defeated at the polls. Incumbent legislators with run-

off races would not want to leave their home districts to come to Austin.

Teachers would prefer the matter submitted at a special session. Regular session rules require that the budget be provided for before new spending can be considered. Last year approval of the budget was just about the last thing before adjournment.

A new study indicates that motor vehicles and heart attacks or similar difficulties were involved in more than half of Texas' fatal industrial accidents in the last fiscal year.

Industrial Accident Board reported on an analysis of 23,000 accident claims. In the group studied, it found that fatal accidents were most often connected with motor vehicles, 28 per cent; heart disease, 26 per cent; slips and falls, 10 per cent; striking or being struck by an object, 7 per cent.

Altogether, in the last fiscal year, the Board processed claims resulting from 195,000 non-fatal accidents and 497 deaths.

Annual cost of industrial accidents is estimated at \$500,000,000 a year. Board plans to make an accident analysis every year to gain information for planning improvement programs.

Cities and private utility companies can now get reimbursement for money spent moving utility lines to make way for new interstate highways.

State Highway Commission said it is now ready to begin making payments under a law that was held constitutional by the State Supreme Court earlier this year.

Cost of the utility moving, as well as construction costs for the interstate system, comes 90 per cent from federal funds, 10 per cent from state funds.

### Clothing Subject For HD Meeting

The Dawn Home Demonstration Club met recently in the home of Mrs. R. T. Stewart. The program subject was Clothing Trends - New Fabrics-Buying.

The program was introduced by Mrs. L. W. Tooley and given by Mrs. Argen Draper. Home Demonstration agent, Mrs. Draper said in part, "It is now the

trend to have more clothes that last for a season, rather than fewer good clothes that are worn several seasons."

Report of the showing of "Arctic Adventure" film was made by Mrs. J. B. Caraway, stating that 62 people saw the film. The date of the chili supper was changed from March 17 to March 14 at the Dawn School. The public is invited.

Mrs. H. D. Fowler was appointed to have charge of the publicity for the supper.

Harvey Kuenn of the Detroit Tigers led the American League in hitting in 1959 with .353, in hits with 198 and in doubles with 42.

A law prohibiting possession of a bomb or conspiracy to bring about a bombing is under attack in a case before the Court of Criminal Appeals.

Defendant in the case is accused of having masterminded a bombing of the premises of a non-striking employee of a Dallas industrial plant during a union walk-out. Two persons who were convicted of having thrown the bomb in the victim's driveway said they were carrying out the defendant's instruction.

Attorney for the defendant called "dangerous" a law that makes it a felony to possess items from which a bomb could be made.

An average day in Texas sees 3 murders, 3 rapes, 7 robberies, 32 aggravated assaults, 43 automobiles stolen, 266 thefts other than automobiles and 125 burglaries.

This is the end result of a crime increase that in the past ten years has brought a 73.2 jump in crime while the population increased only 24.4 per cent.

Department of Public Safety announced that in all categories, crime in 1959 was up 3.9 per cent from the previous year. Largest gain was in aggravated assault — up 22 per cent. Only robbery showed a decline.

Members present were Mesdames Muri Little, J. B. Caraway, H. S. Fuller, Manuel Beavers, R. R. Stewart, Rea Cox, H. D. Fowler, Orval Galley, Leo Hoffman, J. E. McCabe, L. W. Tooley and Miss Lula Botsford.

Visitors present were Mrs. J. G. Gandy, Mrs. T. J. Parsons, Mrs. Ernest Harder and Mrs. T. L. Sparkman Jr., all of Hereford; Mrs. Kate Wilson of Belton and Mrs. H. V. McCabe of Dawn.

### INSURANCE POLICY

PLAINFIELD, N. J. — Maurice S. Mandell and his wife have taken out what they call "a cheap insurance policy" that cost about \$100 a person for themselves and four children.

They had a 10 by 11-foot atomic fallout shelter built into a corner of their basement.

"It gives us a greater sense of security," says Mrs. Mandell. Her family moved here two years ago from Ohio where she said, there's little thought of atomic warfare.

Recipients of unordered merchandise generally are not obliged: to acknowledge its receipt; to return it; to pay for it, unless used; to give it particular care; to keep it beyond a reasonable length of time.

Recipients of unordered merchandise, according to the National Better Business Bureau are obliged: to surrender it to the shipper, or his agent, if called for in person within a reasonable period of time — in which event, the recipient may demand the payment of storage charges before relinquishing it.

"As a practical matter," Thompson added, "no vendor will institute suit for merchandise of little value, since the cost would be prohibitive. Because of this, many members of the public discourage the practice by refusing to buy or return any unordered goods they receive. They consign such goods to the waste basket, along with any threatening or annoying collection letter received concerning it."

# Attend State Library Convention At Austin

By MRS. T. L. COLLINS  
On Thursday, Feb. 25, Janell Weaver, Hallie Culpepper and Glenna Gandy left Hereford with their high school librarian and teacher, Mrs. Olean Leggett, for a State Library Club Convention which was held in Houston.

They drove to Austin that day where Mrs. Leggett's brother, Travis, took all of them to a dinner at a cafe. Later they drove around the city of Austin and saw the Coliseum and went through the Texas State Capitol building. That night they stayed in a hotel.

On Friday, they went to Houston. After registering in a hotel they attended a play, "Meet Me in St. Louis," presented by a high school music department.

On Saturday, James L. Summers spoke at the Library meeting, following the election of officers for the next year.

While in Houston they went to the San Jacinto Battleground and the Battleship Texas. They drove on to Galveston and rode the ferry across to Bolivar Point, eating dinner at another cafe famous for sea food.

Sunday morning they saw J. Frank Dobie's home and also O. Henry's home. They drove back to Hereford that day.

Weather prevented some parents from visiting their children's classrooms during Public Schools Week. Others who were sick with flu and colds: Mrs. Jack Weaver and Joe Don, Mrs. Bertram Jack, Kent and Galen and Mrs. G. V. Hall.

Those who did visit the Walcott School were Mrs. Hershel Burrus, Mrs. Charlie Burk, Mrs. Jim Stocks, Mrs. Eldred Brown, Mrs. S. N. Thweatt, Mrs. Floyd Brown,

Mrs. N. A. Brown, Mrs. B. E. White, Mrs. Ernest Brown, Mrs. Glenn Burrus, Mrs. J. V. Perrin and Mrs. Norman Minks. On Thursday morning H. A. Tuck, news editor of the Hereford Brand, visited Walcott School classrooms, taking pictures.

The 4-H clubs held their regular meetings on Tuesday afternoon. Mrs. Glenn Burrus met with the girls.

Mrs. J. V. Perrin and Mrs. Norman Minks met with the boys. Donald Tice and Damon Davis gave a demonstration on "Gun Safety." A film, "Modern Beef Cattle," was shown by T.L. Collins.

Mr. and Mrs. Jim Monroe, Tommy, Paul and Thorton have returned from visiting over last weekend with Mr. and Mrs. J.A. McWhorter and children at Dallas. Tommy enjoyed Mike's birthday party while there.

Assembly was held at Walcott School on Friday morning. A scripture, Matt. 23:1-20, was read by T. L. Collins. Group singing was enjoyed with Mrs. G. W. Downing playing the piano. A film, "Abundantly Yours," a 31-minute color film, was presented by the Cannery League of California, was shown. This was the story of fruit and vegetable canning industry. Peaches were shown—from tree spraying, gathering, washing, pitting, and being cut into halves, packed in boxes, shipped to consumer who read the message contained on the label.

Apricots, fruit cocktail, asparagus, tomatoes, cherries, pears and figs were shown.

Mrs. N. A. Brown and Mrs. Ernest Brown came in while the film was being shown.

Mr. and Mrs. Joe Rader spent Saturday and Sunday in Hereford at the home of their daughter, Mr. and Mrs. Marvin Payne and children.

Mrs. Rader learned that her mother, Mrs. J. M. Thomas of Littlefield, has been sick since Wednesday.

Don Zimmerman and Jerry Malone of Hereford made a brief visit in the home of Mr. and Mrs. T. L. Collins on Saturday afternoon.

Two robins arrived at Walcott School with March and its cold ice and snow. They stayed around under the evergreens by the building. Food was handed out to them. Thursday afternoon a cat caught the robin and although students rescued him, he soon died.

With Saturday afternoon and Sunday's warm sunshine, meadowlarks are singing and community residents seem to feel better.

Norman Minks and Nancy have been sick with colds and the flu during the weekend. Also, Dianne Jack and Kay Kirby have been sick.

Mr. and Mrs. Leland Burns, Vicki, Marsha and Chris attended the wedding of John Henry Grublikey and Georgia Campbell at Adrian on Friday evening at 7:00.

Saturday night Marsha and Vicki Burns spent with Doriss Horton at Adrian. They went to Channing to a junior high girls' basketball tournament there to see Stratford and Adrian compete.

Mr. and Mrs. Leland Burns and Doriss Horton ate Sunday dinner in the home of Mr. and Mrs. Jim Pursfield at Adrian. The girls saw a movie in the

afternoon while the rest visited. Mr. and Mrs. Bick Hooser and Greg from Lubbock came Friday noon to visit her parents Mr. and Mrs. Lee Tice, Sharon and Donald. They went home on Monday.

Mr. and Mrs. Tom Miles and Jan form Dallas came Friday evening to visit in the home of Mr. and Mrs. Charlie Burk and his mother, Mrs. Florence Miles. Mr. and Mrs. Jim Stocks, Janell, Mary Ruth, Charlene and Joe Don Weaver visited them on Saturday night.

Mr. and Mrs. R. V. Davis and Donald have been making an extended visit in the home of their daughter, Mr. and Mrs. Archie Webb and children. Donald left last week for Lovington, N.M. to visit his brother, Mr. and Mrs. Hilton Davis and Tresa.

Mr. and Mrs. Elton Wyly and family had Sunday dinner guests in their home, Mr. and Mrs. Bertram Jack and children, Perry and Dwight Shirley of Hereford.

Mr. and Mrs. Charles Stout, Paula, Tony and Danna Joe from Amarillo visited with Mr. and Mrs. T.L. White and children Saturday afternoon and night.

On Sunday, the White family enjoyed an outing—driving to Clovis and Brady, N.M. and Friona.

G.V. Watson of the Ford Ranch took his mother, Mrs. Alice Watson, who lives six and one-half miles east of Hereford, to Amarillo on Saturday afternoon to visit his sister, Mr. and Mrs. J. C. Copeland. She will spend a few days longer visiting there but G. V. returned home on Sunday afternoon.

Mr. and Mrs. T. L. Collins came home from Church Sunday the "long" way. Their first stop was at the home of Mrs. Eloise McDougal with she and her mother, Mrs. Clark in Hereford.

From the Walcott district's east line, all the telephone poles are up. Perhaps the telephone will be completely restored in the near future.

The next stop was in the home of Mr. and Mrs. Hershel Burrus and family.

They last stopped in the home of Mr. and Mrs. Phillip Miller to see him. Miller is just home from the Deaf Smith County Hospital.

Others visiting the Millers were Mr. and Mrs. Joe Hamilton and children, Mr. and Mrs. Raymond Holt and Donna Gayle of Hereford and Mrs. P. B. Sowell. G. V. Watson came to the T.L. Collins' on Sunday night for a business visit.

The regular P.T.O. meeting will be held on Friday night, March 18 at 8. The fifth and sixth graders will present two plays, "The Bell Witch of Tennessee," and a "Mellodrama." There will also be seasonal songs and poems.

Ladies are asked to bring a pie for refreshments.

Walcott School Board held its regular monthly meeting to transact business, with all members present, on Monday night at 8.

## DINNER PARTY

Mr. and Mrs. Hershel Miller Jr. were honored Sunday at a delayed birthday dinner honoring Mrs. Miller, at the home of his mother, Mrs. H. E. Miller, 428 Star St. Other guests were Mr. and Mrs. Dick Godwin and Mr. and Mrs. George Ritter.

Russ Crane, who has turned out college football lines for 25 years, is in his eighth season on the West Virginia staff.

## 'Teaching Truthfulness' Topic At Young Mother's Club Meet

Mrs. James Alston presented the program at the Young Mother's Study Club meeting held in the Flame Room of the Pioneer Natural Gas Company Tuesday evening.

The program dealt with "Teaching Truthfulness," stating that high ideals and principals should be taught in the home each day in a natural unaffected procedure. Parents should live with their children, not for them.

She gave a recipe for living with children which can result in true happiness. First teach them to strive for a good reputation, a clear conscience and a peaceful heart. Teach them the appreciation of nature and to know real joy by giving happiness to others. Teach them to have faith in the outcome of life and the satisfaction that comes

from a job well done. Stress contentment and help them to become well adjusted in their social relationships.

Members present were Mesdames James Alston, Labry Ballard, James Boyd, Bill Bradley, Gid Brown, Wendell Burdine, Hugh Clearman, Dick Godwin, James Headstream, Kenneth Malone, Gerald McCaskill, Jess Robinson and Mrs. Dick Godwin, hostess.

# Campbell-Gruhlkey Vows Exchanged Friday Night

By MRS. R. L. PINNELL  
Georgia Lee Campbell, daughter of Mr. and Mrs. George Campbell of Pyate, became the bride of John Henry Gruhlkey, son of Mr. and Mrs. P.H. Gruhlkey of Hereford, in an informal single ring wedding ceremony Friday evening in the sanctuary of the First Methodist Church. The Rev. Johnnie Williams of Turkey performed the ceremony before a candle-lighted altar accompanied by organ music by Mrs. D. W. Morgan, church organist. Special music was sung by the Rev. and Mrs. Gene Moore, who also lit the candles to begin the service.

The bride, dressed in a wool jersey, bone white, street length frock, was escorted to the altar by Bobby Banks of Amarillo. Her bouquet was of white carnations and satin streamers. The groom's mother wore a

blue linen suit with white accessories and entered on the arm of John T. Lewis, who served as usher. Mrs. John Lewis tended the guest book. After the ceremony, a reception was held in the new church parlor with the following ladies acting as hostesses: Mesdames Lorin Creitz, E.N. Jacobson, E. B. Pounds, N. L. Jacobson, E. M. Gruhlkey, Bill Leslie, Johnnie Lewis and Ernest Frank.

After a short wedding trip, the couple will make their home in Adrian, where the bride will continue her schooling. Gruhlkey was a 1958 graduate.

Out-of-town relatives attending the wedding were Mr. and Mrs. Morris Easley and sons, Mrs. L. E. Schneider and Vickie and Mrs. Dudley Green of Hereford, Mary Gruhlkey of Midland, Mr. and Mrs. Bobby Banks and children of Amarillo and Roger Gruhlkey of Tulsa, Okla.

The junior high basketball teams entered the Channing In-

vitational Tournament this week end along with teams from Amistad, N. M., Hartley, Vega, Stratford, Cactus, Texline and the host teams. The girls came home with a second-place trophy and three individual trophies for a week end of work.

The girls met Amistad Thursday afternoon and won 34 to 7. Linda Pinnell was top scorer with 11 points. Jernigan of Amistad made four. On Friday morning, the girls advanced to semi-finals. The girls were well-matched, with Adrian winning by one point, 27 - 26. Coralie Fortenberry was Adrian's high scorer with 17 points and Armistage of Vega made 13.

The Stratford girls were the final team who pushed the Adrian girls to second place. The final score was 37 to 20. Coralie Fortenberry was again high pointer with 11 scores and Plunk of Stratford looped 21.

The boys first met Amistad, N. M. on Thursday afternoon winning 34 to 32 in a very close game. Harvey Bronniman made 16 of the winning points.

This advanced the Matadors to semi-finals with Channing which eliminated them 30 - 16 on Friday night. Billy Perry and Jerry Miller split honors for top loopsters with six points each. Channing's Roach made eight.

Coralie Fortenberry, forward, and Sue Brownlee, guard, were placed on the all tournament girls' team while Billy Perry was listed on the boys. They all received individual trophies for their honors.

A special dinner was held Sunday honoring the new pastor and family of the Church of Christ, Brother and Mrs. Ross Blassengame.

The congregation gathered in the Simms Community house for the meal and enjoyed singing in the afternoon. The Blassengames recently moved to Adrian from Amarillo. Approximately 50 attended.

Mrs. Dola Hawn heard from her granddaughter this week from Baltimore, Md., where her husband, Lt. Michal Skahan, is attending officers' school. He is to graduate in mid-April and will be transferred to Monterey, Calif., where he is to attend the Army Language School. She will be remembered as the former Pollyanne Howard.

# Sunshine Brings Welcome Relief From Cold Weather

By MRS. CARL WIMBERLEY

Sunshine beginning Saturday brought welcome relief from the raw cold, cloudy weather of the past two months. A total of 85 one hundredths of an inch of moisture was received from the snows in February. Most of this was received Feb. 3.

Ordination services were held recently at the Dawn Baptist Church. R. T. Stewart was ordained a deacon.

The ordaining council was composed of the Rev. A. B. Mosely, pastor of the Pleasant Valley Baptist Church of Amarillo; the Rev. Howard Scott, First Baptist Church, Hereford; the Rev. Dale Cain, Palo Duro Baptist Church; the Rev. B. H. Baldwin, Frio Baptist Church; and the Rev. Charles Davenport, local pastor.

Deacons serving on the council were Herb Schmidt and T. L. Sparkman Jr. of the Frio Church, and Edgar Lemons and H. S. Fuller Sr.

The Rev. Davenport served as moderator and the Rev. Scott brought the ordination sermon.

Chicken pox continues to be present in the local school. Jerry Stewart and Ted Richardson are absent this week because of the chicken pox.

A number of parents visited at the Dawn School during Public Schools Week. These include Mrs. Tony Burrus, Mrs. Orval Galley, Mrs. E. T. Stewart, Mrs. Melvin May, Mrs. Ted Richardson, Mr. and Mrs. H. D. Fowler, Mrs. Wayne Higgins, Mrs. Jack Ward Jr., Mrs. Hershel Miller Jr., Mrs. H. H. Miller and Mrs. C. C. Stewart.

Mrs. H. H. Miller visited classes at Stanton Junior High School in Hereford Tuesday. Mrs. W. H. Gentry visited Thursday at the junior high school and at Shirley School on Friday.

Mr. and Mrs. Marvin Diller, Mr. and Mrs. W. H. Gentry and Walter Gentry attended the Teacher Appreciation Dinner Friday evening at the Hereford High School cafeteria.

Recent visitors in the home of Mr. and Mrs. Alfred Smith were Mr. and Mrs. Tony Ben-

son and daughter of Lubbock. Mr. and Mrs. Bobby Jones and sons of Amarillo.

Mrs. W. J. Stewart fell from the door steps at her home Friday, breaking an elbow and receiving several bruises. Ice covered the steps where she had fallen.

Mr. and Mrs. Melvin May and sons went to Ida Bell, Okla., Thursday afternoon to visit her mother, Mrs. Viola Cathey who formerly lived at Durant.

On Saturday the Mays attended the wedding of her brother, Carl Cathey, and Nancy Carol Clark of Durant. Cathey received his discharge in January from the United States Army. The Catheys formerly lived in the Dawn community. The May family returned home Sunday.

The Dawn Home Demonstration club met Friday afternoon in the home of Mrs. R. T. Stewart.

Walteen Beavers participated in the Piano Festival Saturday at West Texas State College in Canyon.

A number of local members of the FHA at Stanton Junior High School and Hereford High School attended the area convention Saturday in Lubbock.

Those who went to the convention with Mrs. W. H. Gentry were Audni Miller, Ann Gentry, Margaret Ferriek of Daniel, Jackie Lynn Nunnally and Janis Higgins of Hereford. Jane Pool went to Lubbock with friends in Hereford.

Janis Higgins visited Friday night in the home of Mr. and Mrs. H. H. Miller.

The H. H. Miller family visited Saturday with Mr. and Mrs. Marvin Olsen, Mr. and Mrs. Gordon Olsen in Amarillo. Gordon Olsen is now employed at the weather bureau in Amarillo.

Mrs. Jack Ward Sr. came home this week from the Deaf Smith County Hospital in Hereford where she had surgery two weeks before.

Mr. and Mrs. Jackie Burrus and daughter of Umbarger visited Sunday in the home of Mr. and Mrs. Tony Burrus.

Mr. and Mrs. Steve Bavou-

sett and daughter Carol Ann of Friona were guests Sunday in the home of Mr. and Mrs. A. T. Frye.

Mr. and Mrs. C. V. Scryner and family of Daniel called Sunday afternoon in the home of Mr. and Mrs. Muri Little.

Revival services ended Sunday evening at the Dawn Church. There were three additions for baptism during the week. More than one hundred people attended the services Sunday morning.

The Rev. A. B. Mosely of Pleasant Valley in Amarillo was speaker for the revival. Bobby Miller, student at West Texas State College, directed the music, and Mrs. Carl Wimberley, church pianist, was the accompanist. A number of students from WT furnished special music during the week.

The Rev. and Mrs. Charles Davenport and the Rev. Mosely were dinner guests during the week in the home of Mr.

and Mrs. W. H. Gentry, Mr. and Mrs. C. C. Stewart, Mr. and Mrs. Edgar Lemons, Mr. and Mrs. H. S. Fuller, Mr. and Mrs. R. T. Stewart and on Sunday in the home of Mr. and Mrs. N. R. Miller.

Other guests Sunday in the Miller home were Mr. and Mrs. Guy Davenport and Eddie Davenport of Amarillo, Charlene Cadenhand and Bobby Miller of Canyon.

Visitors at the services Sunday at the Dawn church were Mr. and Mrs. Leroy Burgess and family, Mr. and Mrs. Charles Graves of Hereford, Mr. and Mrs. Ray Wells of Canyon, Mr. and Mrs. Jackie Burrus of Umbarger, Mr. and Mrs. Davenport and Eddie of Amarillo, Phyllis Wimberley, Charlene Cadenhand, Henry Webb, Billy Wimberley, students at WT.

Other visitors at the night services during the week include Mr. and Mrs. Finis Wright, Mr. and Mrs. Swain, Mrs. A. B. Mosely, Linda Beth Mosely, Mr. and Mrs. Jack Lowe and daughters of Pleasant Valley, Mr. and Mrs. Kenneth DeHart of Hereford.

Mr. and Mrs. Hershel Miller Jr. and children were dinner guests Sunday in the home of Mrs. H. E. Miller in Hereford.

Other guests were Mr. and Mrs. George Ritter of Westway, Mr. and Mrs. Dick Godwin of Hereford.

Polly Cornett of Amarillo vis-

ited Sunday afternoon in the home of Mr. and Mrs. Carl Wimberley. Polly, who has been attending WT, is now working at the Court of Domestic Relations office in Amarillo and is attending a secretarial school in Amarillo.

Mrs. John Cammock, who is recovering from a broken limb, is now able to stand and take a few steps. She is the mother of Mrs. Alfred Smith.

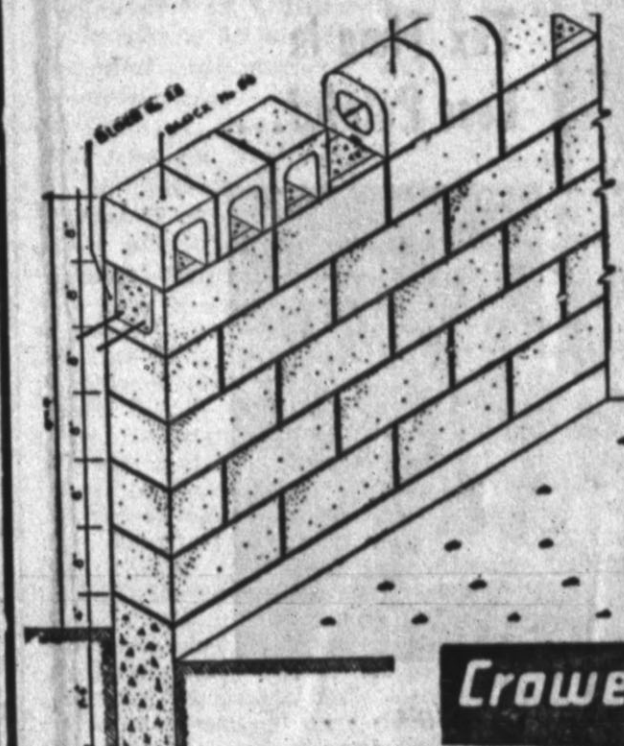

There are still a number of families in the community who are without telephone service.

A number of people from the community attended the Band Concert this week at the high school in Hereford.

Students from Dawn who participated in the concert are Robert Caraway, who played with the seventh grade band, Audni Miller, Linda Tooley and Glen Fuller, members of the eighth and ninth grade Stanton Junior High School Band.

Mr. and Mrs. L. L. Airhart were dinner guests Sunday in the home of Mr. and Mrs. James Airhart in Canyon. In the afternoon they all visited Mr. and Mrs. George Ralphs at Happy.

Mr. and Mrs. Bill Alger and daughters were recently visitors in the home of Mr. and Mrs. Bill Tucker in Canyon. Betty Tucker is attending business college in Amarillo. The Tuckers moved to Canyon from Dawn last summer.

**REMEMBER WHEN?**

By CHARLIE SEEDS

"HITLER CAPTURED!" Who could ever forget a headline like that? You'll say it never happened... but it did, and the world at the time took little notice.

It was a year of internal struggles in Germany. The mark was worth little as inflation swept the country. The flame of rebellion began to burn brightly. It began in Bavaria with an uprising led by General Ludendorff and a little-known corporal named Adolf Hitler. In Munich the Beer Putschists marched, and the revolt threatened to spread. Many died in the fighting, and Hitler himself was wounded. He fled to safety, and the hunt for this rebel leader went on all that year. Then, on November 12th, the search ended. Hitler was captured and imprisoned. For a brief time, his rise to power was stopped.

Remember the year? Well, in those days when a man bought a new car he made sure he bought from a dependable dealer, one who was going to be around to stand back of his sales and to give good service too.

The year was 1923. Buying from a dependable dealer makes good sense today, too. And you can DEPEND on our deal on a new 1960 FORD. Stop in and see us. We'll be glad to give you the facts on price, terms and trade — without any verbal SEEDS MOTOR CO., INC., 146 E. 2nd, Phone EM4-2727.

NEW SILVER "STRIKE"

RIVERTON, Wyo. (U) - A new "silver strike" was reported in Riverton recently.

But it wasn't a new mine - just an accident.

The First National Bank began circulating 10,000 silver dollars minted in Philadelphia in 1886.

Coin collectors snapped them up. Prior to the Riverton "silver rush," collectors were paying up to \$12.50 for one of the dollars.

Bank officials said the shipment of old dollars was received from the federal reserve branch bank in Omaha and put in circulation before they realized their value as a collector's item.
