

Educational Column

After a long absence, the Educational Column returns with a bow and a smile for all its readers.

Don't be what you ain't.
Just be what you is.
If you am not what you am,
Then you are not what you is.
If you're jus' a little tadpole,
Don't try to be a frog.
If you're jus' the tall,
Don't try to wag the dog.
You can always pass the plate.
If you can't exhort and preach.
If you're just a little pebble,
Don't try to be the beach.
Don't be what you ain't,
Just be what you is.
For the man who plays it square,
Is a-goin' to get his—Et.

Maurine Beyer entered the Tenth Grade as a new pupil last week.

Several of the High School boys spent last week-end hunting over in the edge of New Mexico.

This week ends the second month of our school.

A cordial invitation is extended to the people of Hereford and vicinity to attend the County Teachers' Meeting the coming Saturday at the Central School building. A splendid program has been prepared and, no doubt, will be of interest to everyone who attends. Come for the first number and remain through the whole session if you can.

The High School is preparing a program for Armistice Day. Later the program will be printed and the place of meeting given out.

On next Friday at the Central building there will be spelling matches in the different rooms. Parents, as many of you as can, visit the school at this time and enter into the enthusiasm of these spelling matches with the children.

"The greatest happiness in life is to be derived from the conscious pursuit of a great purpose."—Aristotle.

"The modern girl is in the same boat as Hanson, according to some school boards. When she bobs her hair she loses her job."—Ex.

The 5-cent stamp bearing the picture of President Roosevelt will be placed on sale October 27—Roosevelt's birthday. The portrait of Roosevelt was selected for the 5-cent stamp because that stamp is commonly used on letters mailed to foreign countries. The Post Office Department announced its belief that Roosevelt had "more universal fame" abroad than any of our other Presidents.

The new 50-cent stamp has a picture of the unknown soldier in the Arlington Cemetery. It will be sold for the first time on Armistice Day, November 11.

In drowning, the victim dies of suffocation caused by the water taken into the nose and mouth and thus shutting off the air from the respiratory organs.

Ecuador furnishes one-fifth or about 200,000,000 pounds, of the world's supply of cocoa or chocolate.

On the Channel Islands in the English Channel northwest of France Victor Hugo, while an exile, wrote "Les Misérables", "The Man Who Laughs," and "Tollers of the Sea."

Beginning next week and, continuing for several weeks, this Column will describe in detail some wild animal and give its habits.

An urgent invitation is given to every teacher of Deaf Smith County to con-

tribute to the Educational Column any news item that will interest the children and patrons of your respective schools.

Spelling is now taught all through the High School, even in the Senior Class, as well as in the grades. To encourage the pupils in this very necessary study, we have decided to publish the names of those who are perfect each month. The following are the names of the boys and girls who did not miss a word last month in Mrs. James Black's room, Grade 5: Price Lusk.

Dorthea Blaylock, Ruby Hagar, Frances Gilliam, Vera Mae Gilliam, Laviara Mayhall, Edgar Johnson.

The football boys are looking forward to Friday afternoon when they will play Vega Hi on our home ground.

ONE COUNTY COULD DO IT.

A single county in Texas could bring about a situation in which all Federal aid for highway building in this State would be shut off, and the State Government would be powerless to prevent it. The Texas Highway Association is authority for this statement, and the Federal law is cited in support of it. The association will ask the next Legislature to make necessary changes in our laws to cure this situation.

BACK GIVES OUT

Pleanty of Hereford Readers Have This Experience

You tax the kidneys—overwork them—

They can't keep up the continual strain.

The back may give out—it may ache and pain;

Urinary troubles may set in.

Don't wait longer—take Doan's Kidney Pills.

Hereford people tell you how they act. Ask your neighbor.

J. W. Clark, blacksmith, Hereford, says: "Not so long ago I was troubled with a weak and lame back. When I stooped it bothered me to straighten.

My back ached a good bit of the time and mornings when I first got up, it was sore and stiff. My kidneys were out of order, weak and irregular in action. I saw Doan's Kidney Pills advertised and used two boxes. I received good results from this medicine."

90c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

WILL TEXAS FORFEIT FEDERAL AID?

According to the Texas Highway Association, Texas receives five dollars from the Federal Government for highway construction for every dollar which this State contributes in taxes to the Federal highway fund. The other four dollars are paid in by other States. Texas receives more Federal aid for highways annually than any other State in the Union. But this Federal aid is threatened, the association points out, unless the laws of Texas are changed to conform to Federal regulations. The States that are paying the extra Federal taxes being spent in Texas have conformed. The association is carrying on a campaign to have the necessary changes made in our laws.

DIMMITT

The Dimmitt charge of the Methodist Church is coming out very nicely. Have had a very pleasant year and also a very successful year having many conversions and re-conversions. I think now that the salary and conference collections will be paid in full, for which

The Outstanding Closed Car Value

1923 Five Passenger Six-Cylinder Sedan—\$1985

Measured by any standards you may choose and for every kind of motoring, the Buick five passenger six-cylinder sedan is easily the outstanding value in a closed car.

It is a handsome, richly appointed sedan; tasteful in the quality of its interior fittings and in the comfortable luxury of its wide, easy seats with their fine plush upholstery.

Every driving convenience is found in this car, so perfectly arranged that each function is recorded before the driver's eyes and every control is at his finger tips.

And in addition, there is the dependable, enduring performance and the economical, satisfactory motoring that always has been so marked in the Buick chassis and the famous Buick valve-in-head engine.

The Buick Line for 1923 Comprises Fourteen Models:

Four—2 Pass. Roadster, \$865; 2 Pass. Touring, \$885; 2 Pass. Coupe, \$1175; 2 Pass. Sedan, \$1295; 5 Pass. Touring Sedan, \$1325.
Six—2 Pass. Roadster, \$1175; 5 Pass. Touring, \$1195; 5 Pass. Touring Sedan, \$1205; 5 Pass. Sedan, \$1285; 4 Pass. Coupe, \$1400; 5 Pass. Touring, \$1435; 7 Pass. Sedan, \$2195; Sport Roadster, \$1425; Sport Touring, \$1675. Prices f. o. b. Buick factories. Ask about the G. M. A. C. Purchase Plan, which provides for Deferred Payments.

McCormick-Deering (International)

The International Harvester Company will demonstrate their new 15-30 four cylinder Titan Tractor shown in this announcement, at the N. C. Vogele place on Twenty-five Mile Avenue, Friday, the 27th.

The McCormick-Deering 15-30 tractor is made so that owners can do their work easily and in comfort.

SEE the most modern farm tractor in operation. It has many features of construction that farmers have been looking for. Here are a few of them. Keep these in mind when you examine the McCormick-Deering tractor at the demonstration.

Comfort of the Operator	Unusual Accessibility
Large Steel Platform	Powerful, Well-built Engine
Wide, Serviceable Fenders	Throttle Governed Engine
Large, Comfortable Spring Seat	Well-protected Engine
Neat, Clean Appearance	Ball Bearing Crankshaft
Unit Frame Construction	Adjustable Drawbar
Dustproof Construction Throughout	Large Belt Pulley

And there are many other valuable features that you will observe when you look this tractor over.

Price & Hough

From Neighboring Towns

SUMMERFIELD

Jack Frost finally got a death grip on all things green. Tuesday morning was quite cold but later in the day the sun came out and warmed up, yet the temperature was freezing, there having been ice several nights before.

Harry Cannon came in on the early train Monday morning from camp. Harry says he is here to stay and will assist his father with farm and stock.

Bro. Morris filled his regular appointment Sunday and brought a great and helpful message to a splendid crowd Sunday morning. There were not so many out Sunday night on account of the cloud and showers.

J. P. Roberson and family were dinner guests in the Nolan home Sunday.

Fate Waiser has finished threshing and reports about 1500 bu. of grain threshed pretty good to have had scarcely any rain since June.

B. C. Roberson is attending court at Farwell this week, being a grand juror.

The "Always Ready Class" staged a complete surprise with Charlie Roberson last Saturday night, in honor of his birthday. There were about sixteen present. Miss Mary Isaac chaperoned for them and they report a great time.

Mrs. M. E. Hawkins, who makes her home with her daughter, Mrs. J. W. McMinn, returned from Claude Thursday where she had been visiting a cousin, whom she had not seen in 35 years.

She stopped off there on her return from the Sunday School and B. Y. P. U. Convention.

Mr. and Mrs. Hill of Hereford, were visiting in the Lawrence Johnson home Sunday afternoon.

Mr. and Mrs. Obe Roberson and son, Glenn, were dinner guests in J. B. McMinn's home Sunday.

Lumber is being hauled to build the Odell schoolhouse and they expect to have a splendid structure, having a concrete foundation and stuccoed walls.

L. E. McMinn and family, of Pittsburgh, son of W. P. McMinn, is expected to reach here soon after the first of next month. He is coming to take charge of his father's farm.

Charlie Caldwell's family were visiting in this community Sunday and their young folks attended church here.

Mrs. Beulah Roberson received a telegram Saturday evening stating that her brother-in-law, Mr. Fred Roberts, of Corpus Christi, had been murdered. He formerly resided at Cleburne and was known and loved by many of our County who regret to learn of his death.

George Storey is on the sick list this week, having high fever from throat and tonsils, but we hope he will soon be out again.

Mrs. Harris and daughter, of Hereford, were visiting in W. L. Johnson's home Sunday and attended church.

JOEL

We are sorry to announce that our week of meetings did not materialize, owing to the weather the first of the week and sickness in the neighborhood. May try again at a more convenient season.

Mrs. L. A. Smith has been having a serious time the past week with rheumatism having settled in her eye. She is in bed and has to be in the dark.

Miss Pearl Rudd, of Hereford, spent the week end with the Marshall Channess family.

We think 54 a good attendance at Sunday School, for the amount of sickness in the neighborhood and the high wind that day.

Mrs. Hollis Galley has been sick all week and under the doctor's care, but is improving.

Mrs. Marshall Channess took Mrs. Hershey and Mrs. Sharp to see Mrs. L. A. Smith Friday.

The J. L. Park family had dinner Sunday with the Felix Roberson family.

A few weeks ago we said, "Who will be the next to start some enterprise to help put Joel on the map?" We have just learned that H. D. Duff is offering to furnish the land, water and plants to anyone to raise sweet potatoes on halves.

May we suggest that in connection with raising the potatoes you should have a canner for there are always a number of potatoes, undersize for market that are the right size for canning and in that way nothing would be lost and the profit increased.

BETHEL

Rev. Fort preached his last sermon here Sunday, before he goes to Conference. He has one of the best reports that will be made at the Conference.

Harry Rothwell returned to school at Dimmitt, after spending the week end at home.

Cleve and Irvin Hamilton shipped several loads of cattle to market last Friday. More cattle are waiting to be shipped as soon as cars can be supplied.

Wert Phillips was also a shipper last week.

Ed Smith has decided his silo will be more useful made into watering tubs for his cattle than it will be to store feed in these dry years. Ed Smith is engineering the work of taking it down.

Miss Lois Branson returned to Hart after spending a few days with her sister, Mrs. Vern Lust.

We were glad to have Mr. and Mrs. Vern Lust of Big Square with us at church Sunday.

BIG SQUARE

Our school reopened last Monday, with Miss Redfean, of Canyon, as teacher.

Herman Haberer and Frank Lambert delivered sheep to Muleshoe last week. Mr. and Mrs. Roy Haberer spent Sunday at Dimmitt with Mrs. Haberer's parents, Mr. and Mrs. Cowart.

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO THE SHERIFF OR ANY CONS-

TABLE OF CASTRO COUNTY GREETING

You are hereby commanded to summon J. L. Duerson by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not then by making publication in some newspaper in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Castro County, Texas,

to be holden at the court house thereof in Dimmitt, on the 13th day of November, A. D. 1922 then and there to answer a petition filed in said court on the 6th day of October, A. D. 1922 in a suit No. 1396 on the docket of said court wherein R. O. Douglass is plaintiff and J. L. Duerson and Henry Morrison are defendants, said petition alleging Plaintiff sues in trespass to try title by Lots Nos. 1 and 2 in Block No. 151 and Lot No. 12 in Block No. 136 of the town of Dimmitt, Castro County, Texas, as shown by map or plat thereof of

record in deed records for Castro County, Texas, and for rents at \$5 per month, and in the alternative to foreclose a vendor's lien on the property above described to secure three notes dated March 28th, 1921 for \$100, each with 10 percent interest from date and with 10 percent attorney's fees executed by J. L. Duerson payable to G. Douglass. Herein fail not but have you before said Court on the said first day of the next regular term thereof this writ, with your return thereon showing how you have executed the same.

Witness my hand and seal of the District Court of Castro County, Texas, this 6th day of October, A. D. 1922.
(SEAL) W. L. RICKETT,
Clerk, District Court, Castro County, Texas. 75-77-79-81

For One Week Only Special Demonstration Sale

\$1.00
delivers Your
HOOSIER

HOOSIER

Sale Starts Saturday

During this Special Demonstration Sale, a single payment of \$1.00 puts in your kitchen the greatest of all labor-saving conveniences for the home—and delivers with it the free cutlery set described below.

The HOOSIER is America's favorite kitchen convenience. It is used and endorsed by more women than any other make of cabinet, because it does so much to save time and steps.

HOOSIER concentrates your work in a single compact spot. It enables you to get through your work quickly—and easily.

We are making this unusual demonstration offer because we want you to come in and see for yourself what two million other women have already learned. We can show you an actual saving of time and strength. We can give you added hours for rest and recreation.

But don't delay. The number of cabinets we can sell under our present sale terms is limited.

Special This Week Only

The special conditions prevailing during this sale have never been equalled in any kitchen cabinet offering with which we are familiar. Note these six big reasons for buying your HOOSIER now.

- 1 A payment as low as \$1.00 puts the complete HOOSIER in your home.
- 2 You pay the balance in deferred payments of convenient amounts.
- 3 No extra charge for these easy terms or for the FREE cutlery.
- 4 The low 1922 cash price prevails.
- 5 Your cabinet delivered upon receipt of your initial payment, under the factory guarantee "Money Back if Not Delighted."
- 6 A FREE 10-piece set of Dexter Domestic Science cutlery, worth \$7.50, included with each HOOSIER Beauty.

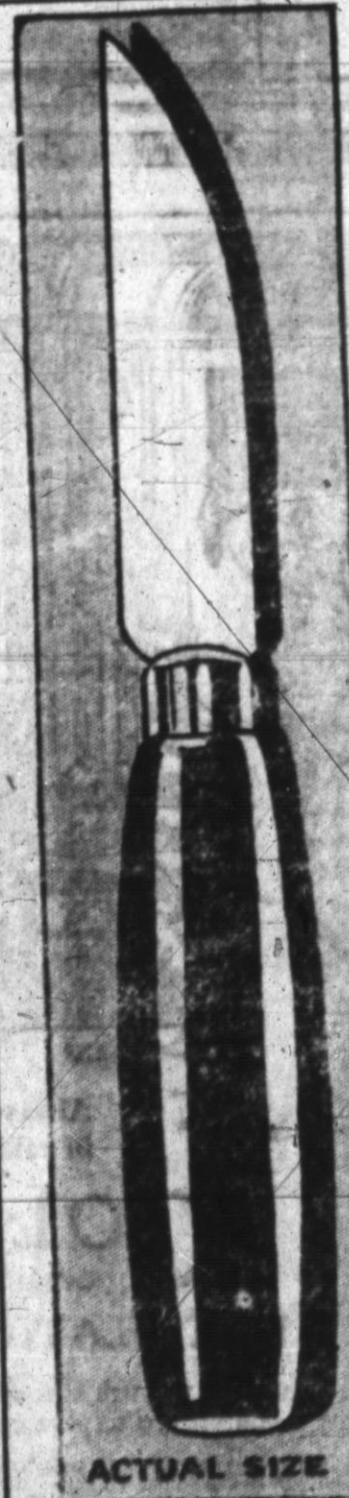

FREE
TO PURCHASERS
This \$7.50 Set
OF DEXTER CUTLERY

As an extra inducement to buy your HOOSIER during this big demonstration sale, we will give you FREE with your HOOSIER Beauty the complete Dexter Domestic Science Kitchen Set. This set has the unqualified endorsement of such eminent authorities as Good Housekeeping Institute, Miss Alice Bradley, Mrs. Christine Fredericks and many others.

There are six specialized knives, including bread knife, butcher knife, trimming knife, and paring knives, two strong-pronged forks and two handy spatulas, all of the best grade of carbon-tool steel, with special sanitary handles.

These tools fit compartments in a special cutlery drawer that slides forward with HOOSIER'S extending table-top—making it easy to get at each tool even when the work-table is extended.

ACTUAL SIZE

FREE
To the First 25
Visitors Saturday
and Monday
This Dexter
Kitchen Knife

There are only 50 of these knives. 25 go to the first 25 women who call at the store for a HOOSIER demonstration Saturday. 25 others on Monday.

This knife is identical in every way with one of the knives in the Dexter Domestic Science Set, which we are giving to HOOSIER purchasers this week.

Has strong three inch blade, of specially tempered carefully ground, carbon-tool steel. Handle is light-weight, water-proof—exactly fits the hand. We are giving these knives away just to get you to come in and see the HOOSIER. Come, even if you have no intention of buying. You owe it to yourself to get acquainted with America's greatest labor-saving convenience.

T. K. WILSON INSURANCE AGENCY.

Richard Lloyd Jones tells

About Our New Crop, Culture.

IN 1847 a play by an American author was produced in a New York theatre. It was the custom then, as long since, for Americans themselves to believe that that which represented purest culture must come from over seas.

Before the curtain rose on this new play, the leading actor stepped before the footlights and read a poem-prologue which scoffed at the idea that an American could write a drama, and then rebuked the sneer by emphatically declaring that an American can. The audience greeted the patriotic plea and the play with cheers.

Since that day many Americans have written many great plays. An American culture has expressed itself as well in the field of fiction, poetry and philosophy; in art, music and in science.

Culture is just as much a crop as corn. It is the refinement of the product of the cultivated field. Growing great crops, producing great bulk, we have refined our output into the best makes of food and clothes the world has ever known. From the earth we dig both gold and iron ore, and through the refining processes we produce the delicately intricate watch.

The genius that can dig out the hillside and convert it into a watch can find the melody of the brook in the string of the violin.

An American pianist who had acquired international note went abroad to play. With the skill of 1922 she had the frail faith of 1847; and had to go abroad to discover America.

In her first performance only once, and then for an encore, did she play a composition penned by an American composer. The critics rebuked her.

"We know what European music is," they said. "We came to get your message. We came to rejoice over the harvest of your crop of culture. Give us not that which is ours; give us that which is yours."

America is developing an architecture as distinct and as secure as that of Ancient Greece or Rome. One of our greatest sculptors found his art on the parched plains of Utah. One of our greatest painters came from a little town hidden in the foothills of the Adirondacks. He has pictured for the future historian the romance of the opening West.

O. Henry, the master artist of short-story writing in the English language, found his fiction in the ranch life of Texas.

When a \$10,000 prize was recently offered for the best contributed movie scenario, it went to an unknown writer from Apalachicola, a small town with a big name. Brains are found on Main Street as well as on Broadway.

The phonograph, the radio and the moving picture screens are building, not only appreciation, but the creative genius to which appreciation responds.

We need no longer look east for the finer things. That east is looking westward for that which we have to give.

We are ripening a crop of culture just as surely as we are ripening a crop of corn.

PLATFORM DEMAND TO BE EXPLAINED

Texas Highway Association to Conduct Campaign of Education.

Waco, Tex.—The Texas Highway Association, with headquarters here, is preparing to conduct a campaign of education between now and the regular session of the Legislature to call attention to the full meaning of the highway plank in the Democratic platform adopted at San Antonio.

The platform declares in favor of a State system of highways but recognizes that without Federal aid such a system cannot be built. It then accepts the provisions of the recent act of Congress, which declares that in the near future Federal co-operation in road building will be extended to those States only that provide that the State, through a properly authorized and equipped agency, shall finance from funds under the direct and exclusive control of the State the construction, maintenance and operation of a State system of public highways. The platform then adds the following:

"We therefore recommend and urge upon the 38th Legislature the necessity for favorable action on all legislation, whether constitutional or statutory, that may be deemed requisite to enable the State to take over the construction, maintenance, control and operation of a system of public highways without prejudice to the constitutional rights of the counties and of the State."

The Texas Highway Association calls attention to the fact that what this proposes is to give the State Government the authority to construct a State "system" and to maintain and operate that system. Under the Federal law such a "system" shall not exceed seven per cent of the total post road mileage of the State, so far as Federal aid is concerned. In Texas this seven per cent system would embrace about 12,000 miles of highways, touching practically every county in the State. The authority it is proposed to give the State over to this system would not interfere with the powers and jurisdiction of the counties over the remaining 93 per cent of the roads nor disturb any of their present revenues nor their powers of raising revenue.

The Association points out that it is necessary to pass such legislation in order to continue to receive Federal aid for highway construction in Texas, and it is necessary also if a State system of highways, such as is being constructed in other States, is ever to be a realized fact in Texas.

HIGHWAY CRISIS IS NOT REALIZED

Highway Association President Says Organization Needed to Waken People.

Waco, Tex.—The chief reason Texas is still without adequate highway laws, and is now threatened with a discontinuance of Federal aid unless those laws are modernized, is that the facts have never been properly presented to the people, in the opinion of W. V. Crawford of this city, President of the Texas Highway Association.

And the chief reason for this is that there has never been the proper organization to perform this task, he declares.

"The people cannot be expected to comprehend the highway situation unless somebody places the facts before them," says President Crawford in a statement just issued. "And placing such a question before the people of a State the size of Texas is a big job. That job can be per-

formed only by means of organization, and organization on a scale in keeping with the size of the job. The Texas Highway Association has been organized to undertake this work and it has tackled it with no illusions as to its size. We know it is a big job, that it will take work and money to get the information to the people. And we know that it will require the co-operation of everybody who is alive to its importance. We need the co-operation of the newspapers, of chambers of commerce and other civic bodies, and most of all we need the co-operation of individual citizens who want to see Texas go forward and not backward. We want every such citizen to join the association.

"It is fashionable to blame the Legislature when there is failure of necessary legislation. We don't think the Legislature should be blamed. The average member of the Legislature wants to do the will of his constituents. But when his constituents have not been informed on a question, when they have false ideas about it, we cannot blame a member of the Legislature for reflecting that condition. We must discuss this matter with the people, and that takes organization. The man who wants to solve our highway problems in a way to promote the general welfare, therefore, can help in no better way than to join the Texas Highway Association and thus assist in the work it has undertaken."

Let's all go to Sunday School.

TEXAS IS PLEDGED TO ROAD SYSTEM

Democratic Resolution Declares Acceptance of Federal Aid Pledge to Nation.

Waco, Tex.—In addition to placing in the platform a plank declaring in favor of such legislation as may be necessary to empower the State Government to co-operate with the Federal Government in constructing a State system of highways in Texas, the Democratic convention at San Antonio adopted strong separate resolutions emphasizing this matter.

Attention is being called to this fact by the Texas Highway Association, which has headquarters here. One of these resolutions particularly emphasizes the fact that in accepting Federal aid in the past, and in continuing to accept it, Texas has pledged itself to construct and maintain such a "system." For Federal aid is allotted to the States on a

basis which assumes that a State "system" of highways, comprising seven per cent of the total post road mileage of the State, will be constructed and maintained.

The convention expressed its recognition of this obligation in the following language: "We recognize the acceptance of Federal co-operation in highway construction through allotments of Federal funds, as a pledge to the Nation for the construction and maintenance of a system of highways primarily serviceable as a State system, responsive to the needs of the citizens of the State, and secondarily providing the basis for a system of highways extending from State to State."

Texas has so far received and will continue to receive a larger share of Federal highway funds than any State in the Union. It is estimated that Texas receives five times as great a share of these funds as it contributes toward them in the form of Federal taxes. In other words the other States are supplying four out of every five dollars spent by the Federal Government in Texas for the construction of roads. This fact, the Texas Highway Association points out, makes the responsibility of Texas all the greater.

Most of the States in the Union have complied fully with the Federal requirements and are building State systems. Texas is one of a few States which have not complied with these requirements and the action of the Democratic convention was a pledge to the people that the Democratic nominee for the Legislature who will be voted on in November will pass the

necessary legislation.

Get your chickens and turkeys ready for the display at the Hereford Poultry Show, December 4-5.

BIGGEST HIGHWAY JOB IN HISTORY

National Road System to Be 100,000 Miles. To include Texas.

Waco, Texas.—The highway construction program of the Federal Government is the biggest project of its kind in history, much bigger than the project to build the Panama Canal, according to a statement issued by the Texas Highway Association here.

"The tentative program of the Government contemplates the construction of a national system of highways, composed of the various State systems, comprising seven per cent of the total post road mileage of the United States," says the statement. "It will include about 100,000 miles of improved highways, 12,000 of which would be in Texas. It will cost approximately \$3,000,000,000 and will probably require fifteen years to complete."

The Federal Government proposes to pay half of the cost of constructing this system, requiring that the State shall pay the other half in each case, and that the State shall maintain the roads after they are built.

In Texas the State has no authority to build and maintain highways, and temporarily this requirement has been suspended so far as Texas is concerned, in order to give the people the opportunity to change the laws so as to empower the State Government to build and maintain roads. So far the Federal Government has appropriated \$500,000,000 for road construction in the States, and about \$30,000,000 of this has been allotted to Texas. This money, however, is being spent only in counties which vote bonds to meet the Federal aid. The Federal law requires that this system shall be abol-

ished and that the State system shall be constructed by the State Government as a connected and continuous system covering the entire State. The Texas Highway Association is conducting a campaign to awaken the people to the necessity of passing the proper legislation to meet the requirements of the Federal Government and thus insure that Texas will have a State highway system as part of the national system. The Democratic platform, adopted at San Antonio, urges upon the Legislature the necessity of passing such legislation.

The Pecos Valley apple crop this season will be about 500 carloads.

FIRST BALE COTTON WAS BROUGHT IN

(Continued from Page One)

date future to provide the necessary funds, as soon as the amount needed, covering all expenses, is figured out.

The firm of Jones & McLean generously offered to handle the seed when obtained and to issue it to the planters, all without charge on their part. Homer Wilkinson also offered the use of his warehouse near the fire station for storage purposes. The freight rates on cotton seed were looked into, and also truck rates in case the seed is secured close enough to Hereford to be hauled by truck.

The place to buy seed is now under

LUDEN'S

Investigation and will be decided upon soon. The purpose of the committee will be to put out the seed to farmers at cost of purchase and handling. Several additional pledges were secured Monday and the acreage has now passed the 1,000 mark. Those desiring to join in the campaign with acreage for next year should communicate with any member of the committee.

Parent-Teachers Meeting at the Central School Building next Friday, October 27, at 4 p. m.

poem by UNCLE JOHN

I love to talk with fellers, with a glitter in their eye, in defiance of the panic that is slowly passin' by. . . . I love to see 'em swagger, an' to elevate their chin—an' to hear 'em speak of pluggin' till their ship comes in. . . .

I like to run across 'em, as we travel on our way. . . . I take a lot of stock in what they do, an' what they say. . . . I get my inspiration, and the firm desire to win, from the feller that's a-pluggin' till his ship comes in.

I ain't got time to listen at the bird of grim despair,—that dotes on disappointments, till they get him by the hair,—but you'll see my spirit quicken, like you'd stuck me with a pin—when my neighbor speaks of pluggin' till his ship comes in!

for Uncle John

For your home-made mince meat we have received a shipment of Seeded Muscat Raisins.

These cool nights, spend the evening at home Popping Corn. We have the new crop of White Rice, big popping fluffy grain variety.

Cash & Carry Grocery

Coal Announcement

When we commenced to burn oil under our boilers recently instead of coal, we had left on our hands a splendid coal house of several hundred tons capacity, with good concrete floors; and as it has been impossible for the other dealers to get coal enough to supply the trade here, we decided to enter the coal business.

It is our aim to sell all coal direct from the car and the remainder we will unload in our house where it will be protected from the dirt and weather—we will not store it on the ground. It is our intention to sell only first class Colorado Domestic Coal as that is the most satisfactory for the Plains trade. New Mexico does not have regular bituminous coal but a high grade lignite that burns very freely and is very satisfactory for summer use, but is too flashy for winter. This lignite in our opinion hasn't more than two-thirds the lasting quality that good bituminous coal has. For the winter trade we adopted the product of The Sunnyside Coal Mining Co., of Denver, Colo. Their coal is described as follows:

"Sunnyside is the high grade bituminous coal, mined at Strong, Colo., in the Walsenburg district. It is hard, strong, free burning coal, which ignites quickly. It is low in ash and contains no foreign matter. It does not clinker nor coke. The vein from which it comes is from 7½ to 8 feet in thickness."

For the spring and summer trade we will handle some of the lignite coals. We do not expect to sell all the coal in Hereford, but we ask a reasonable share—promising courteous treatment, full weights and a square deal, and will try to make it to your interest to deal with us.

Respectfully yours,

Hereford Light & Power Company

By F. H. Oberthier, Mgr.
