Adopt Record School Budget In Quiet Session

Exchange Students Arrive For Year Of Study And Fun

The dream of coming to America has become a reality for two young Europeans. Gillian Anne McArthur from Edinburgh, Scotland, and Peter Lantz from Lahall, Sweden, arrived at Amarillo Air Terminal at 8:05 a.m. Tuesday, Aug. 22, where they were met by their American

parents, Mr. and Mrs. A. T. Mims and Mr. and Mrs. A. B. Higgins of Hereford. Gillian Anne and Peter will attend Hereford High School as exchange students under the American Field Service program, which includes the local Future Homemakers of Ameri-

ca Chapter, various clubs and service groups and individual residents of Hereford.

"It really looked flat," Peter says of his first glimpse of West Texas from the plane window. Both students emphasized that Hereford High School seems extremely nice so far as they have seen.

Gillian Anne (pronounced Jillian), says Hereford is just what she expected because she received a letter from Heidi Rutschauer, Hereford exchange student last year, who described her experiences here. Heidi met a friend of Gillian's on the boat going home earlier this summer and wrote to the Scottish girl.

Peter, 17-year-old son of Mr. and Mrs. L. G. Lantz, is the third male exchange student in Hereford since the program began here eight years ago. His father is vice-president of a trucking firm. He will be a senior at Hereford High School.

Gillian Anne is the 18-year-old daughter of Mrs. William Gordon McArthur. Her father was organizing secretary of the Scottish National Institute for the War-blinded until his death and her mother works in the girls' department of a Scottish school uniforms manufacturing firm.

(Continued on page 2)

AN INTENT INTEREST in the proposed Hereford school budget for 1961-62 was shown by this group, some of the 13 persons who attended the public budget hearing Monday night. The meeting was calm and friendly, with the budget gaining approval in just 25 minutes. (Staff Photo)

What had been anticipated by some as a "fireworks session" was instead a quiet, amiable meeting Monday night when the Hereford school trustees approved their 1961-62 operating budget.

In just 25 minutes after the opening, the budget had been read, some visitors had asked questions and the budget was approved by the board.

Only 13 persons appeared for the public hearing on the budget, which will total \$1,223,857.

The adopted budget shows an increase of about \$171,000, most of which is attributed to the increase in teachers' salaries. In a board meeting last week the trustees had decided to pay only \$300 per year over the state minimum, instead of \$500 as was paid in 1960-61.

Following is a general breakdown of the budget as compared with the budget for the past year.

Administration costs will be \$64,400, an increase of \$21,400. The increase includes raises for the superintendent's secretary, raises for secretaries and bookkeepers in the business office and \$4,000 in contracted services. Administration costs are 5.26 per cent of the total budget.

Within the framework of instructional costs are: an increase in teachers' salaries of \$135,109 to a total of \$778,478, this is 63.98 per cent of the total budget; textbook costs will be down \$100 to \$300; library and audiovisual materials will be up \$928 to \$6,158;

Teaching supplies for elementary schools will be \$17,115, an increase of \$885; high school teaching supplies will cost \$14,973, a decrease of \$1,032; junior high teaching supplies will be \$7,260, which is down \$665; athletic and physical education will be \$9,500 (in previous years this cost had been spread through various other accounts but is being lumped together this year); and special education costs will

be \$850, an increase of \$350. This makes a total cost of \$89,698 for teaching supplies, an increase of \$9,048. The cost is 3.24 per cent of the budget.

Other instructional costs total \$7,985, an increase of \$1,300. This makes a grand total of \$901,519, or 73.66 per cent of the budget for all instructional costs. This is an increase of \$210,745.

Among the non-instructional costs of the school program are: Attendance officer costs, a new item budgeted at \$1,200; pupil (Continued on page 2)

See Big Turnout Thursday On Wheat Program Voting

Inclusion of thousands of small acreage wheat producers poses a threat to the commercial wheat producing area, according to ASC office manager Faust Collier.

Calling attention to the national referendum on Thursday, Aug. 24, Collier said new rules will allow a large number of farmers who produce less than 15 acres of wheat to vote in the national balloting. In previous years, turnout was light since only major producers were allowed to vote.

All farmers, and their wives, who produced more than 13.5 acres of wheat last year will be

allowed to vote Thursday. Polls in Deaf Smith County will be open from 8 a.m. until 6 p.m., Collier said.

Voting places in the county include: Community A, Dawn school cafeteria and Deaf Smith County ASC office; Community B, Deaf Smith County ASC office; Community C, Walcott School; and Community D, Palo Duro Church and Sims community house.

If wheat marketing quotas for 1962 are approved by the necessary two-thirds majority, there will be a complete wheat stabilization program in effect. This would include increased price supports, plus payments to producers for diverting wheat acreage to conservation uses. Support price on wheat, in this case, would be about \$2 per bushel.

If the quotas are not approved by the necessary majority,

there will be no wheat stabilization program for 1962. There would be no limit on marketing, and the price support would be 50 per cent of parity, or about \$1.18 per bushel, to cooperators.

In a change, all farmers who have produced more than 13.5 acres of wheat in at least one of the years 1959, 1960, or 1961 are eligible to vote in the referendum. Only exceptions are those who have a feed wheat exemption in effect for the 1960 crop.

The previous 15-acre exemption (Continued on page 2)

Hereford And Amarillo Join For Pro-Am Win

Hereford and Amarillo golfers teamed up Monday afternoon to win first place in the West Texas Professional Golfers Association Pro-Amateur meet which was held on the John Pitman Municipal Course.

Danny Neese of Amarillo, John Zett of Amarillo, Earl Springer of Hereford and Cecil Floyd of Hereford won first

place in the local tourney with a low ball score of 53.

Two teams tied for second place in the tourney with a low ball score of 56.

The second place teams include Pro Vern Farquhar of Amarillo, Bill Deane of Amarillo, Dee Brown of Amarillo and Jane Oliver of Amarillo;

Pro Horace Moore of Plainview, Bill Watson of Tullia, Roy Benefield of Plainview, and Tom Cooper of Andrews.

Low amateur for the tourney was Russell Haberer of Muleshoe who toured with 18 holes with a score of 69. Two amateurs tied for second with 71's.

They were John Parker of Amarillo and Wimpy Walker of Dimmitt.

Low pro for the day was Bert Watkins of Pampa who shot a crisp 68. Watkins was followed by Eddie Jones of Tullia and Elwyn Stobaugh of Amarillo. Jones and Stobaugh tied for second (Continued on page 2)

Skypala To Head Booster Group

The Whiteface Booster Club held its first meeting of a new athletic year Tuesday night and elected Ed Skypala, local businessman, president.

Elected to serve with Skypala were Al Yeager, vice-president; Jack Kassahn, treasurer; and Benny Womble, secretary. The outgoing booster president is Jim Wiman.

The boosters voted to send the Whiteface football team to Brownview on a bus which will be chartered through the high school.

Football programs for the coming year were shown to the members and plans were made to have them printed in the near future.

The new coaching staff was introduced to the booster club and the coaches thanked the local men for their support. Head coach Jack Meredith said plans were being made to show films of Tuesday's scrimmage with Dalhart at the next Booster meeting, which is set for Monday. (Continued on page 2)

Gifts To Haney, Voyles At Meet For AL Squad

Cliff Roberts of Amarillo, chairman of American Legion baseball for District 18 in Texas, was guest speaker at a meeting here Tuesday night.

Members of the Hereford American Legion baseball team, their parents and dates were honored at an ice cream and cake party in the Rock Club House Tuesday evening. Also honored by American Legion Post 192 was the Legion Auxiliary.

Trophies of appreciation were presented to team coach Harlon Voyles and manager Johnnie Haney. Voyles also was given a check for \$100 for his devotion to the team this summer.

Certificates of appreciation were given to members of the team and to umpire-in-chief L. J. Clark.

Special thanks was extended to parents of the players, and many other townspeople for providing transportation and meals for the boys on out-of-town games.

Roberts reported to the group on the state and national American Legion baseball play-offs, stressing the importance of having more than one strong pitcher ready to go for each game.

If lights are erected on the field, Roberts said he would support Hereford's bid to host the district 18 tournament next summer. Roberts expressed strong dissatisfaction with the way the district tourney in Borger was conducted in July, but said that the difficulties had been ironed out. In answer to a question, Roberts said he would like to see an All-Star game held each year between the north and halves of the district after district play is completed.

Grant Hanna, American Legion post commander, acted as master of ceremonies for the meeting, which was attended by about 50 persons.

NORTH-BOUND for the 1961 Canadian National Exposition is 17-year-old She left Amarillo by plane Tuesday morning Judy Bradley of Hereford. Judy won the trip and the coveted "Miss Wheatheart of the Nation" title last weekend in Perryton. She will return to Hereford on Aug. 31. (Staff Photo)

HEREFORD BEAUTY IS 'MISS WHEATHEART'

Miss Judy Bradley Leaves For Canadian Exposition

A petite blonde with sparkling eyes and a 35-23-35 figure, left Hereford Tuesday for Toronto, Canada, where she will be honored as "Miss Wheatheart of the United States."

Judy Bradley, 17-year-old daughter of Mr. and Mrs. Jack Bradley, Harrison Highway, won the trip to Canada and the "Miss Wheatheart" title last weekend at the annual Perryton Birthday Celebration. Judy, the 1961 Harvest Festi-

val Queen, won the new title while competing against 29 other beauties from a five-state area. She was sponsored by the Hereford JayCees.

The 15th annual Wheatheart Contest was held in the Perryton High School auditorium with entries appearing in swim suits and evening dresses. Each contestant was given a private interview with the four judges who officiated for the contest.

During Miss Bradley's interview she was asked questions

about the Hereford area and her plans for the future. She explained to the judges that she was very proud of Hereford and hoped that the area would soon have a sugar beet industry.

Judy was a 1961 graduate of Hereford High School and plans to attend the University of Texas where she will major in home economics.

Named to Miss Bradley's court at the beauty contest were Dyane Curry, 15-year-old daughter (Continued on page 2)

NEW RESIDENTS OF HEREFORD, exchange students Peter Lantz of Sweden and Gillian Anne McArthur of Scotland lost little time in becoming acquainted with the local economy as they visited a carrot packing shed. They arrived in Texas Tuesday and were at the shed Wednesday morning. (Staff Photo)

AT MONDAY MEET

City Keeps Same Airport Manager

The city commission decided to let Jerry Cady continue his contract as manager of the Hereford Airport, in action taken at the commission meeting Monday, Aug. 21.

Cady has a one-year contract with a one-year option. The year will end Sept. 1. Bobby Hill, former airport manager, asked for the con-

tract under the same conditions which Cady now holds it. The commission ruled that unless someone puts forth a better offer, Cady will remain at the airport for at least another year.

In other action the commission decided to have street lights installed on the 400 block of Avenue "I." City Manager Dudley Bayne said at least four lights will be needed and perhaps more.

Paving for Bradley Street was okayed and the county will take bids for the job and the city will meet their financial share on the two blocks included in the city limits.

The commission opposed the Salt River Valley Produce Co. request to drill a six inch well on Dairy Road because the well would come too close to the city water field. The city engineers will study the situation and report to the commission before a formal protest is made to the (Continued on page 2)

Around Town

Working with words constantly, our reporters are usually familiar with the English language. But we were stumped Wednesday as we tried to find out what a male ballet dancer is called. We weren't able to find it either in our large, unabridged dictionary or in a complete Thesaurus. If any of you are balletomanes and know the proper word or term, we'd like to know.

The polygraph test slated for Willie Kerney Adams of Hereford has been cancelled at Adam's request, upon advice of his attorney. Shortly after his arrest on a charge of fondling two small girls, Adams had requested the test. It was to have been given at the Department of Public Safety office in Lubbock.

The Rev. Roy Nunn will be in Hereford on Tuesday, Aug. 29, to autograph copies of his new book about Hereford and Reverend Nunn's late father. He will be located in the lobby of the Jim Hill Hotel that day.

Byrle Elliston says he's going to have to leave the state now because his notoriety has been publicized too much. Really, I think Byrle is quite pleased to be included in the latest South and Southwest edition of Who's Who. (Continued on page 2)

MANAGER AND COACH of the Hereford American Legion baseball team were honored with trophy presentations Tuesday night. Johnnie Haney, left, received the award as manager and organizer of the team. Harlon Voyles, left, received the trophy and a \$100 check for serving as coach. Making the presentation was Grant Hanna, center, commander of Post 192. (Staff Photo)

SURROUNDED BY PRIZE-WINNING handicrafts are David, left, and Bobby Watts of Hereford. David holds the Sweepstakes ribbon which his grandmother won for her oil paintings in competition at the annual Fennell family reunion at Lake Brownwood last weekend. (Staff Photo)

Glen Watts Family Wins Reunion Handicraft Honors

The Glen Watts family of Hereford brought home their share of the prizes at the annual Pinnell family reunion at Lake Brownwood last weekend.

Mrs. Watts and sons, Bobby and David, and her mother, Mrs. Leona Seavey of Albuquerque, N. M., attended the three-day reunion, along with 405 other members of the Pinnell family.

The Pinnell family has reached such proportions that it takes a separate newspaper to report on their activities. Royall Pinnell, a retired member of the family, publishes a monthly newspaper and distributes it to the family all over the nation. The paper, called "The Pinnell Family Circle," usually runs about 10 or 12 pages.

The reunion is conducted as a "county fair," Mrs. Watts reports. Competition in sports, art, baking and handicraft is conducted with representatives from the Brownwood county agent's office judging.

Mrs. Watts says her family hesitated before entering the handicraft contests because they didn't want to carry their work so far from home. It was worth the effort, she says, because they brought home ten ribbons, including the handicraft

Sweepstakes ribbon.

For her art plasters, Mrs. Watts captured first, second, and third places to sweep the competition. Her sons swept all ribbons in the children's competition in handicraft, as Bobby, 13, won first and third for his art plasters and David, 9, took second place.

Bobby's entries included a "kitchen prayer" and two fighting rooster moldings. David's ribbon came for his Indian head moldings.

Mrs. Seavey won first, second and third places for her oil paintings and also brought home the Sweepstakes ribbon. The youngest member of the Watts family, Melinda Sue, 3, attend-

ed the reunion but didn't enter the competition.

City...

Bayne reported that the well on Moreman Street is a good one and will be used for irrigation purposes only and as a stand-by emergency well. He was authorized to receive estimates on an electric motor for the well.

The commission okayed re-wiring of the runway lights at the Hereford Airport. The present wiring was reported to be damaged in places and a more permanent type wiring will be installed.

Bayne reported that storm sewer construction is about finished with clean-up work and some blacktopping left to be completed. In final action before adjourning, the commission discussed the need for a storm sewer at the city barn on New York Street and Bayne was authorized to get an estimate on the job.

Adopt...

(Continued from page 1) transportation is set at \$58,750, an increase of \$3,000, taking 4.8 per cent of the budget; operation of school plant will be \$73,140, an increase of \$3,010, a total of 5.98 per cent of the budget;

Maintenance of the plant will be \$12,500, or just 1.02 per cent of the budget. This is down \$2,000; fixed charges will be \$3,300, an increase of \$1,300 over last year; student body activity fund had been set at \$1,500, the same as last year. With administration, instructional costs and other expenses incurred by the school, the total expenditure will be \$1,058,047 which is an increase of \$174,649 and 86.45 per cent of the total budget.

Capital outlay is set at \$6,350, which is a decrease of \$4,650; debt service costs will be \$159,460, an increase of \$1,290. This makes the total for capital outlay and debt service a total of 13.55 per cent of the total budget.

District revenue for the year includes: current taxes for local maintenance will be \$474,720, an increase of \$68,640; delinquent taxes for local maintenance will be \$12,000, an increase of \$7,000; current taxes for debt service will be \$138,460, an increase of \$3,180 delinquent taxes for debt services will be \$3,000, an increase of \$1,000; student teaching will remain the same at \$600; sale of junk will remain the same at \$100; tuition from other school districts will be \$1,800, an increase of \$200; reserve debt service will be \$20,216, a decrease of \$29,732. The total district revenue, then

The Wheatheart of the Nation contest is one of the top beauty shows in the southwest. Each year the winner is sent to the Canadian National Exposition through the efforts of the Perryton Jaycees. Miss Bradley's local sponsors are Hereford Grain and Community Grain.

The 10-day Canadian trip will be highlighted by visits to Niagara Falls and Lake Ontario. The exposition, which is the largest of its kind in the world, has been dubbed the "show window of the world." Miss Bradley will be on hand when the Canadian Dairy Queen for 1961 is named. The two national winners will attend various functions and events together.

The exposition features international exhibits, the greatest agricultural building in the world, science and industry developments, special events and a large midway. The 83rd annual affair will be held on 350 acres of Toronto's Exhibition Park which is located on the shores of Lake Ontario.

Miss Bradley will have several film and TV interviews while visiting the Canadian city. She also will be featured in several public relations pictures for the wheat industry. Accompanying her on the trip will be her mother, several press and publicity agents and Mr. and Mrs. John Young of Perryton. Young was chairman for the 1961 Wheatheart of the Nation Contest.

Coaches...

(Continued from page 1) but they did manage to stifle two Dalhart offensive thrusts.

Dalhart, although never scoring, moved the ball within range of the tally line several times, but an alert Hereford defensive secondary snagged two passes to keep them scoreless for the afternoon.

Coach Jack Meredith singled out Mack Cansler, Dennis Hodges and Butch Waterschled for the outstanding offensive work. He also called attention to Troy

Hereford...

(Continued from page 1) with 69's.

In the pro - pro partnership play, three teams tied for first with a low - ball score of 64. The winning teams were: Billy Deik of Amarillo and Dale Newman of Lubbock; Eddie Jones and Brad Wilson of Hereford; Bert Watkins and Johnny Austin of Amarillo.

The tournament was termed a success by local links officials and plans are already underway for another pro - am event.

In the Monday tournament men received full handicaps of 14 strokes and women received full handicaps with a maximum of 18 strokes.

Winners were awarded cash and merchandise prizes.

Big...

(Continued from page 1) tion is being replaced, Collier stated. For 1962 the exemption for those who planted not more than 15 acres during any one of the past three years will be decreased to 13.5 acres. For those who have planted less than 13.5 acres during any one of the past three years, the exemption will be the highest planted acreage during any one of those years.

Producers who did not grow wheat during 1959, 1960 or 1961 will not be exempt from marketing penalties if they plant wheat during the 1962 crop year without an allotment. Collier also explained that the 200 - bushel exemption which had been in effect has been permanently repealed, since it would have permitted evasion of the 1962 wheat program exemption provisions.

The program for 1962 also increased the penalty rate per bushel on the farm marketing excess to 65 per cent of parity. Previously, the law had provided a rate equal to 45 per cent of parity.

Exchange...

(Continued from page 1)

A student at George Watson's Ladies College in Edinburgh, Gillian speaks fair French in addition to her native tongue, English. She will be a senior at Hereford High. She won the Duke of Edinburgh Award last year for her extra-curricular activities. She enjoys sports and plays the piano and side drum. A member of the Episcopal Church of Scotland, Gillian has traveled in Austria and France.

Peter, a protestant, is a student at Morby Kommunala Gymnasium in Danderyd, Sweden. He speaks good German and fair French in addition to English. He says cars and motor boats are his hobby and he plays ice hockey and soccer and is cashier of his school's Jazz Club. Peter has traveled in Germany, Austria, Italy, England, Belgium, France and Switzerland.

will be \$650,896, or 53.18 per cent of the total costs. This is up \$78,588 over last year.

In addition, revenue from the county available fund will remain at \$700, which is only .06 per cent of the budget.

In state revenue, it breaks down as follows: per capita apportionment will be \$245,601, an increase of \$13,801; foundation fund for salary and operation expenses will be \$264,950, an increase of \$64,950; transportation funds will be \$58,150, which is an increase of \$12,150; and vocational education payment will remain the same at \$3,560.

The total state revenue then will be \$573,261, or 46.76 per cent of the total costs. This is an increase of \$92,701, in state revenue.

NEWLY ELECTED OFFICERS of the Whiteface Booster Club are from left to right Benny Womble, secretary; Ed Skypala, president; Al Yeager, vice-president; and Jack Kassahn, treasurer. These officers were elected at the first meeting of the 1961 booster club which was held Tuesday night. (Staff Photo)

(Continued from page 1) St. Anthony's parish Council will sponsor a rummage sale on Saturday, Aug. 26. It will be held from 8 - 9 p.m. one-half block north of the courthouse on Sampson Street.

Some notes on sugar and sugar beets: C. Hutton Smith of Honolulu, president of a company which produces 30 per cent of Hawaii's cane sugar, is crying that the island's sugar industry stood to lose \$4.5 million this year because of increased competition and because the U. S. government gave the beet sugar industry the quota which would have gone to Cuba. Ha! In fact, a double Ha! Five western U.S. Congressmen quickly branded Smith's charge as "wholly misleading" and well they might, since not one ounce of Cuba's quota went to beet sugar producers.

"The Here We Go Again Department" or "I think I've

Don Moore for his fine defensive play.

Meredith stated that the coaching staff was pleased with the showing and felt that the boys did better than expected. However he also commented that Dalhart was not quite as strong as had been reported.

He urged everyone to travel to Clovis Friday night where the Herd scrimmages the Wildcats on Wildcat field at 7 p.m. Mountain Standard time.

The Wildcats are defending state champions in New Mexico and should be a tougher test of Whiteface talent.

Heard That Song Before": "Because of the heavy workload in connection with the general farm legislation, work on specialized legislation, such as the Sugar Act, had to be postponed," Secretary of Agriculture Freeman wrote in a letter made public by Congressman Harold Cooley, chairman of the House Agriculture Committee.

"It appears doubtful that sufficient time would be available to get new sugar legislation enacted during the remainder of this session," the Agriculture Secretary said.

In releasing the letter, Cong. Cooley said, "Sugar legislation will be given preferred treatment when the Congress returns in January."

If we keep getting such "preferred treatment" on such "specialized legislation" we never will get a sugar refinery in this part of the country. They are going to "prefer" and "specialize" us to death. What we need is some ordinary treatment and some unspecialized acreage.

"Preferred treatment," my eye.

24 are spent sleeping, about 100 hours a week remain to be spent doing things. How those 100 hours are spent determines the kind of person you are. Practical Guides For Making Housework Easier Recognizing the value of housework and the important role of the homemaker in the family and society will help everyone to respect homemaking as a vocation. Liking a job makes the work seem easier and gives us pleasure in doing it. According to some studies a close relationship exists between fatigue and dislike for work. For Saving Time And Energy Routine jobs like housecleaning and laundering and dishwashing, which require a large portion of the homemaker's time, are less boring when the worker occupies her mind with pleasant thoughts - such as memorizing or composing poetry, listening to music or radio programs or even planning her work. Setting a goal of continuing improvement in this work helps to add interest, avoid boredom and to promote greater efficiency. Have a good attitude toward housework. Moreover, a good mental attitude aids in protecting our health and good health assists us in being happier, better workers. A sense of humor and a cheerful outlook are as valuable to the homemaker as anyone else in doing her work well. Have definite and worth while goals. Doing housework well and efficiently should not be our ultimate goal, but rather a means of achieving a richer personal and family life and of being a better member of society. The energy and time saved should enable the homemaker to spend more time with her family and friends, to develop her own interests and abilities and to be an informed active citizen and member of society. Plan the work and work the plan. Planning the work and developing a flexible schedule to meet the needs of her home and community helps to systemize the housekeeping job. Here the homemaker can learn from business and industry. Of course, this planning can be successfully done only when it is done cooperatively with all of the family members. In this way the family can set mutually desired goals and ways of attaining them, as well as encouraging each member of the family to assume a definite responsibility in the home according to his ability and interests.

Culpepper Takes OES Prexy Post Mrs. Myrtle Witherspoon conducted installation services at the luncheon of the Past Masters of the Order of the Eastern Star in the home of Mrs. Grace Thomas of Hereford on Monday, Aug. 21. Mrs. Nell Culpepper was installed as president; Mrs. Belle Hromas, treasurer; Mrs. Vivian Major, secretary; Mrs. Johnnie Sanders, reporter. The program was presented by Mrs. Hromas, who showed slides of her recent trip to Europe. Hostesses for the luncheon were Mrs. Thomas and Mrs. Argen Draper. Guests were Mrs. Ethel Chitwood and Mrs. Pearl Kinsley, Friona, and Mrs. Hester Thomas, Fort Worth, formerly of Hereford. The next meeting will be a Christmas luncheon on Dec. 11, at the home of Mrs. Opal Robertson. Attending the luncheon and installation in addition to hostesses and guests were Mesdames Estalene Gleaton, Opal Robertson, Lou Ella Ferguson, Myrtle Witherspoon, Pearl Gass, Vivian Major, Hallie Keester, Juanita Hershey, Nell Culpepper, Virginia Patton, Hester Thomas, Belle Hromas and Johnnie Sanders. The 18 million union workers in the United States include 3 1/2 million women.

Walcott School Opens Monday Walcott School opens Monday, Aug. 28 and classes will be dismissed Sept. 4 for Labor Day. Thomas L. Collins will serve as principal of the school and teach seventh and eighth grade. Other teachers are Miss Shirley Bourquin, fifth and sixth; Mrs. Thomas L. Collins, third and fourth; Miss Paula Green, first and second. Mrs. Tom DeShazo will be the cook and Tom DeShazo will be custodian and bus driver. Mrs. Eldred Brown will also drive a bus. Tucson, Ariz., Municipal Airport has the longest commercial runway in the United States: 12,000 feet. American farmers work an average of 45.6 hours per week.

LET'S COOK SOMETHING!

Sandwiches And Salads For Summertime Change

With August's proverbial "dog days" upon us, it is a good time to be thinking of quick and easy meals for the rest of the summer. We can think of no better ideas than delicious salads and sandwiches. And when you mention salads and sandwiches, the sky is the limit! There's just no end to the many tempting things which can be done with either or both.

Here are some good ideas if you're tired of your old stand-bys.

Devised Cheese Sandwiches
 1 1/2 cups grated sharp cheddar cheese (6 oz.)
 1/2 cup finely chopped celery
 3 tbsps. sweet pickle relish
 1/4 tsp. onion salt
 1/8 tsp. bottled steak sauce
 1/4 cup mayonnaise or cooked salad dressing
 6 white bread slices

In medium bowl, combine all ingredients, except bread. Put bread on cookie sheet; toast, in broiler, on one side. Then spread cheese mixture on untoasted side; broil, about 4 inches from heat, until cheese begins to melt - about 1 minute. Serve hot. Makes 6 open-face sandwiches.

Devised Egg Sandwiches
 10 white bread slices
 soft butter or margarine
 5 hard-cooked eggs, finely chopped
 1 tsp. prepared mustard
 1/4 tsp. onion salt
 1/8 tsp. bottled steak sauce
 1 tbsps. chopped parsley
 2 tbsps. chopped pimiento
 2 tsp. cider vinegar
 1/4 cup mayonnaise or cooked salad dressing

Spread bread lightly with butter. Combine eggs and rest of ingredients, tossing with fork until well mixed. Spread on bread, to make 5 sandwiches.

Apple-Peanut-Butter Sandwiches
 8 whole-wheat bread slices
 2/3 cup creamy peanut butter or margarine
 1/3 cup apple sauce
 1/4 cup finely chopped unpared red apple
 4 crisp-cooked bacon slices, crumbled
 Lettuce

Lightly spread bread with butter. In small bowl, combine peanut butter and applesauce, mixing until smooth. Stir in apple and bacon. Spread 4 bread slices with filling. Top with lettuce.

20 Will Attend Church Youth Meet From Here

Hereford will have 20 young people from the Church of Jesus Christ of Latter-day Saints attending the annual Youth Conference at Amarillo Aug. 26 and 27. Two hundred and fifty people from as far as Lubbock will be in attendance.

The two-day conference is sponsored by the Mutual Improvement Association of the Church.

Saturday morning there will be a volleyball tournament along with other games and a song festival of which David Larsen is in charge.

A workshop will be held Saturday afternoon with classes in dating and how to prepare for a mission, college and military service.

The day's activities will be concluded with a banquet at 7:30 and a semi-formal dance at 8:30. David Larsen will be master of ceremonies at the banquet.

Sunday morning Church service will be held at 9:30 after which will be a testimony meeting.

ture and remaining slices. Makes 4 sandwiches.

Note: Make sandwiches, omitting lettuce. Then freezer-wrap; label; freeze until ready to use.

Sandwich Loaf
 Trim off ends, top, bottom and sides of a large loaf of unsliced bread. Slice lengthwise in 4 slices. Make a filling of 1 can of tuna fish, 2 hard-boiled eggs, mashed very fine, and 3/4 cup finely chopped celery. Mix these together. Add enough salad dressing to make it spread easily.

Put a layer of this on a slice of bread until all the bread is used, but do not put any on top of last slice of bread. Now take 2 packages of cream cheese and cream it, adding the juice of 1/2 lemon and enough cream to make it the right consistency to spread. With this, ice the top, sides, and ends of the loaf of bread as you would ice a cake. Put in ice box for 2 hours before serving and serve a rather thick slice to each person.

Open Sandwiches
 Remove crust from slices of bread and cut in diamonds, circles or other fancy shapes with cookie cutter. Spread with softened butter, then vary toppings as desired. Here are some suggestions.

1. Spread with deviled ham, put a border of chopped olives around edge and a slice of stuffed olive in center.

2. Spread with well-seasoned

1/2 cup of minced pimiento
 1/4 cup horseradish
 Salt, pepper and mayonnaise to season
 Put the coconut through the meat grinder and mix it with the other ingredients. Spread between slices of buttered whole-wheat bread and cut into fancy shapes.

Another tasty tea sandwich can be made by simply spreading thin slices of bread with butter and very thin slices of fresh unpeeled cucumbers.

For a more filling meal try this:

Western Supper Sandwich
 Toast bread on one side under broiler. Arrange thin avocado slices over untoasted side, cover with a cheese slice. Add thin tomato slices and bacon strips. Broil about 5 inches from heat until bacon is crisp. Serve hot. Makes a nourishing, easy-to-fix supper for your whole family.

ty and healthful. Try these.
Cucumber Pear Aspic
 1 package lime flavored gelatin
 1 3/4 cups hot water
 1/2 tsp. salt
 1 cup drained, diced cucumber
 1 cup diced canned pears
 Dissolve gelatin in hot water. Add vinegar, and one-half teaspoon salt. Chill until slightly thickened. Season cucumber with one-fourth teaspoon salt, add pears. Fold into slightly thickened gelatin. Turn into ring mold. Chill until firm, unmold. Fill center with slices of cucumber and crisp lettuce. Serves six.

Orange Salad
 1 package orange gelatin
 1 cup boiling water
 juice of 1 orange
 dash of salt
 1 tsp. vinegar
 2 oranges, diced
 1 cup chopped celery

Dissolve gelatin in boiling water and juice of 1 orange and enough water to make 1 cup. Add salt and vinegar. When it begins to thicken, add diced oranges and chopped celery. Serve with mayonnaise.

Congaled Cheese Salad
 1 package lime gelatin
 1 can crushed pineapple
 1 cup small curd cottage cheese
 1/2 cup finely chopped celery
 1/4 cup finely chopped green pepper
 2 tbsps. chopped pimiento
 1/2 cup chopped nuts
 Mix thoroughly and chill until firm. Cover with frosting made of 1 large package cream cheese, 3 tablespoons mayonnaise and 1 tablespoon-lemon juice.

For those who prefer non-sweet salads, try macaroni or Oyster.

Macaroni Salad
 1 package macaroni, boiled 20 minutes and cooled.
 1 small can pimiento

1/2 onion minced
 1/4 cup mayonnaise with 2 tbsps. vinegar
 Salt and pepper to taste.
 Toss ingredients until well mixed and serve with crackers or melba toast.

Oyster Salad
 2 doz. fresh oysters (canned oysters may be substituted)
 2 apples
 2 hard-boiled eggs
 2 small pickles
 1 tbsps. onion juice
 1 cup nuts
 1 cup cracker crumbs
 Chop oysters, apples, nuts, eggs and pickles well. Salt and pepper to taste and mix with a good rich salad dressing.

With so many inviting salad dressings on the market shelves today, few people take the time and trouble to prepare homemade dressings. For those who do, here are some good variations of mayonnaise:

Tartar Sauce: To 1/2 cup mayonnaise add 4 tablespoons olive

oil, chopped; 2 tablespoons sweet pickle, chopped; 1 tablespoon capers, 1 tablespoon onion, minced; and 1 tablespoon parsley, minced.

Russian Dressing: Half mayonnaise and half chili sauce or tomato catsup.

Thousand Island Dressing: To mayonnaise add a desired proportion of minced onion, hard cooked eggs, green pepper, pimiento, pickle and chili sauce.

Roquefort Dressing: To mayonnaise or any variation add grated Roquefort cheese.

Lemon Cream Sauce For Fruit Salad: To 1/4 cup mayonnaise, add 2 tablespoons lemon juice, 3 tablespoons sugar and 1 cup whipped cream.

Mushroom Dressing For Fish or Vegetable Salads: To 1 cup mayonnaise add 1 cup cooked mushrooms, diced; 2 tablespoons celery, diced; 1 tablespoon chopped pimiento, 1 tablespoon chopped green pepper and 1/4 teaspoon chili powder.

POLICE CHIEF HENRY AYCOCK, left, demonstrates the electronic psychometer or lie detector, with Joe Kerr, right, as his subject. Members of the Rotary Club in the background watch as Aycock explains how the machine works. (Staff Photo)

CHIEF DETECTS FALSEHOODS

Machine Hard To Beat, As Club Demonstration Shows

Joe Kerr of Hereford proved that he couldn't beat the lie detector test. It was all in fun, however, as Joe was helping Hereford Police Chief Henry Aycock demonstrate how the electronic psychometer operates. Aycock explained the machine at the Rotary Club luncheon Monday in the Jim Hill Hotel.

Aycock said methods of detecting attempted deceptions have improved greatly since the Chinese first attempted to determine the identity of a guilty person by having the suspect pull a donkey's tail. The highly

scientific polygraph and electronic psychometer of today are unacceptable as courtroom evidence, Aycock pointed out.

The police chief did not give an opinion as to the possibility of lie detection methods ever becoming exact enough to be acceptable in court. He said no chance should ever be taken where a person's life or freedom is involved.

The mere fact that lie detectors are available has helped law enforcement officers in their jobs, Aycock emphasized, because potential criminals know

their chances of escape are decreased. The machine owned by the Hereford Police Department cost \$300 and Aycock feels that it has already been worth more than that amount because it has helped prevent crime.

The Hereford machine has often been used by law officers in the area who do not have such equipment at their disposal. Aycock emphasized that his department is as anxious to find a suspect not guilty as it is to find the criminal offender.

Aycock said that he was not

familiar enough with the polygraph to compare the two machines closely. A polygraph measures perspiration and respiration rates and the circulatory system, while an electronic psychometer measures the rate of blood circulation in the finger tips. Aycock said he does not know of definite advantages of one machine over the other.

The first step in administering the test is to determine the suspect's normal reaction to the machine, Aycock explained. This is accomplished by having the suspect cough and by asking obvious questions, such as name, age or address. Irrelevant questions are mixed with those which are pertinent throughout the testing period.

Often the same questions are asked several times during the test, the police chief pointed out. The only class of suspects who are not given the lie detector test are those known to suffer from epileptic attacks or

heart illnesses.

Aycock explained that lie detector tests have often uncovered criminals who did not commit the crime in question but other crimes previously uncovered. He said the refusal of a suspect to submit to a lie detector test often indicates guilt.

The small black box with several knobs and dials serves a definite warning to the potential law offender.

4-H Group Studies Junior Leadership

Studying various aspects of citizenship at the Texas 4-H Club Junior Leadership Training Laboratory last week were six Deaf Smith County 4-H Club members. They joined delegations from 12 other districts in the state to hear Dr. Glenn C. Dildine, consultant of human development, from the National 4-H Club Foundation in Washington, D. C., give keynote talks each morning during the six-day meet.

The Deaf Smith County group which won the right to represent the district in record book competition includes Sharon Bezer, Ford Club; LuAnn Higgins, and Carolyn Brumley, Willing Workers Club; Dick Plank and Larry Hill, Dawn Club, and

Jim Higgins, Hereford Club. Lefty Thomas, county agent, and Miss Loreta Fowler, assistant Home Demonstration agent accompanied the group and attended evaluation sessions and workshops while at the Lake Brownwood Christian Retreat.

In his keynote talks, Dr. Dildine spoke on the definition of citizenship and what it means to the individual. He spoke on peer group relationships and youth-adult relationships.

Each of the Deaf Smith County members served on a committee during the meeting. These committees were in charge of assembly programs, flag ceremonies, meal-time atmosphere, water safety and dormitory living.

Each morning and afternoon the county groups met with their leaders to discuss the teachings of the day and determine how to use them in their county clubs. One county group was in charge of the nightly entertainment which consisted of parties and games. A theater-in-the-round program where each delegate participated in an unrehearsed skit was popular with the local group.

Randy Carver

Carver Attends Military School

Randy Carver, 15-year-old son of Mr. and Mrs. Russell Carver of Hereford, will attend Missouri Military Academy in Mexico, Mo., this fall.

Carver will leave Hereford on Sept. 1, to enroll as a sophomore at the academy. An Eagle Boy Scout, he has been a counselor at Camp Don Harrington near Amarillo for the past two summers. He attended Stanton Junior High last year.

AUSTIN HIGHLIGHTS

Selecting Ramsey For RR Job Carries Implications

BY VERN SANFORD
AUSTIN. — Ben Ramsey's appointment as Railroad Commissioner — after a decade in which his name has been synonymous with the Lieutenant Governorship — carries with it several major political implications.

First, it's a pretty safe bet that the quiet-spoken East Texan will not be in the field of contenders for the Governor's chair. Pre-campaign speculation has had Ramsey in practically every gubernatorial race in recent years.

Second, it leaves the 1962 race for the Lieutenant Governorship wide open. At least a half-dozen likely prospects already have been mentioned.

Third, it puts Sen. Bruce Reagan of Corpus Christi auto-

matically in charge of the Lieutenant Governor's duties. He was elected by his colleagues as President Pro Tempore of the Senate shortly before Gov. Price Daniel's announcement of Ramsey's appointment.

There could be several "Lieutenant Governors" before the election this year. This depends upon how many legislative sessions occur between now and then. Texas' Constitution provides that a President Pro Tempore shall be elected at the beginning and at the end of each session.

Governor Daniel has announced that he will call another special session before the end of the year. So it will be up to the Senate to elect a man who will assume the duties of Lieutenant Governor

for that session. Then another will be chosen for the interim during its windup and the beginning of the next one. And so on!

Meanwhile, Reagan is first in line of succession to the Governor's office.

Ramsey's appointment to the \$17,500 a year Railroad Commission post came as no surprise in political circles.

Appointment is for the unexpired term of the late Olin Culberson, which runs until January 1, 1963. Then, if Ramsey desires a full six-year term, he will have to stand for election.

Ramsey joins Ernest O. Thompson and William J. Murray, the present chairman, on one of the most important agencies in the state government. The Railroad Commission not only regulates all Texas oil and gas production, but all highway and railroad freight and passenger rates in the state.

compulsory attendance for all children, six through 16, for the whole school year; and creation of regional film libraries.

Incidentally, the \$810 teacher pay raise doesn't necessarily mean every teacher in the state will get such a raise. Some districts already are paying their teachers more than the state minimum. In such cases it's up to the districts to decide whether a raise is in order.

Sales Tax Explained
Prime targets of the state's new two per cent sales tax, which become effective September 1, are furniture, household and kitchen appliances, clothing with some exceptions, household supplies, toys, restaurant meals and gas and electric utility bills.

But those are not all by any means, as you'll soon discover.

However, groceries, housing, medical and dental bills, insurance, and telephone service will not be covered by the new levy.

One break for the taxpayer came with the new tax bill. The three per cent tax which was on television sets, radios and air conditioners will be reduced to two per cent. Cosmetics tax will be lowered from 2.2 per cent to two per cent.

It should be some consolation, at least, to know that all sales tax under the new law are consumer taxes and thus deductible from the federal income tax.

Daniel Accedes To Sales Tax
Governor Daniel filed the sales tax bill with the Secretary of State, unsigned. This permitted it to become law without his signature.

He said to veto it at this time, when appropriations must be met September 1, "would be disastrous to the State of Texas, its school children, state institutions, old age pensioners, and other programs which are dependent upon adequate revenue and appropriations."

"It is with considerable regret," he said, "that I feel compelled to permit this type of bill to become law. Among other inequities it contains a limited type of general sales tax which I have opposed for 22 years."

There is no time to "re-fight" the tax battle, he added.

School Bus Prices Fixed?
An anti-trust suit has been filed by Atty. Gen. Will Wilson against 16 persons and firms. Suit alleges that bids on school buses sold to the state have been rigged.

Wilson said something like 5,100 buses costing \$23,000,000 are involved. Allegation is that those named agreed to "fix, maintain and increase the price at which school buses are sold in the State of Texas."

Suit asks penalties up to \$3,000 for price-fixing acts covering a period from January 1, 1955, to August 16, 1961.

Do's And Don'ts With State Money
The Legislature says it's all right for the Governor to transfer funds from other appropriations into the Civil Defense and Disaster Relief appropriation if the President proclaims the national safety is in danger.

It also says he can purchase a \$10.00 limousine for official use — but Governor Daniel

NANCY LEE PAYNE, of Donna was chosen to reign as "Miss Texas Rural Electrification" this week at the annual beauty contest held in San Antonio by the Texas REA members. Donna Beyer, Deaf Smith County's entry in the contest, tied for third.

Letter To The Editor

Dear Sir:

We have been notified here at Boys Ranch that a boy is selling magazines in Hereford and telling his prospective customers that he is a "Boys Rancher." Boys Ranch has never permitted our boys to do any selling of this type on the streets anywhere. Every once in a while someone gets the idea that this would be a good selling pitch "saying they're Boys Ranchers and are working to save money to go to college this fall." When we hear of these things we try to notify the areas where this is taking place so that Boys Ranch is not put in a bad light.

We have almost 300 boys making their home with us now at the Ranch and when this sort of publicity comes out, it certainly doesn't help the youngsters who are at the Ranch. I know you understand this situation and would appreciate your assuring your readers that no Boys Rancher is ever permitted to do this or ever will be.

Sincerely yours,
s/ Cal Farley

Campbell Rites Held Saturday

Funeral services for Mrs. John Campbell, 72, mother of Mrs. B. C. Dement, were conducted at 3 p.m. Saturday, August 19, in the First Methodist Church in Crosbyton. The Rev. Thompson, pastor of the church, and Brother Thomas Compton of the Church of Christ, officiated.

Interment was in the Crosbyton Cemetery.

Mrs. Campbell died at 3:07 p.m. August 17 after a long illness. She was a long time resident of Crosbyton and a member of the First Methodist Church.

She is survived by six children, 20 grandchildren and 14 great-grandchildren. Her husband and two children preceded her in death.

Her grandsons were pallbearers.

Junior Links-Play Slated Aug. 25-26

The Hereford Junior Golf Tournament will get underway this weekend at the John Pitman Municipal Golf Course with registration deadline set for 6 p.m. Thursday.

There will be no entry fee for the tournament, but the young duffers will be charged a daily green fee of \$1.

The tourney will be held Friday and Saturday with 18 holes being played each day.

The tourney will be divided into three divisions, 10-12 year-olds, 13-15 year-olds, and 16-18 year-olds.

Trophies will be awarded to the winner and runner-up in each division. Pro Bud Posey donates the awards.

Thomas Jefferson took the residential oath in 1801 in the old Senate chamber in Washington, because it was the only part of the Capitol that had been completed.

Arkansas, must start paying the Arkansas tax.

Another Special Session Assured
At the close of the called special session which voted a teachers' pay raise averaging \$810 a year, Governor Daniel announced he will call another session sometime before the end of the year, to act on several matters.

He said he will submit such subjects as loan shark control legislation, a law to include banks in the recently-passed abandoned property act, juvenile delinquency legislation, and controls over municipal annexation.

The short session, in addition to the teachers' pay raise, also provided additional money for the operation and maintenance of school buses and for administration.

A law requiring runoffs in congressional elections when one candidate doesn't receive a majority was passed in the dying moments of the session.

Although the major objectives of the Texas State Teachers Association have been reached, there are more to come.

These include a sick leave plan for teachers; provision for assistant superintendent units for large school systems; using average daily attendance, instead of scholastic census, as the factor for determining distribution of the State's available school funds to local districts; more driver education teachers;

WALTER ROGERS WRITES

Does Man Deserve Gift Of Thought, Used As Weapon?

To The People Of The 18th District:

When God created the world, He no doubt experienced much difficulty in deciding upon which animal He would entrust with the thinking apparatus. He finally decided upon Man. Surely He has asked himself many times, "Why?"

He must have often wondered what would have happened had He entrusted some other animal with this ability. Would some other animal have spent substantial periods of each century trying to devise some weapon with which to destroy himself and create emotional reactions that would bring it into play?

Perhaps He has reasoned each time that Man has set upon himself and his brother, that these were growing pains in civilization; that Man would soon learn the futility of war and combat and would focus his attentions upon peaceful pursuits designed toward the betterment of mankind, rather than its destruction.

Let us test the soundness of this reasoning on the scales of the last 100 years. Let us use this country as an example as the most advanced civilized nation. During the past century this country has engaged in five wars, including the one which we fought among ourselves.

During this century our country has been at war 14 per cent of the time. During the last 50 years, we have been at war almost 20 per cent of the time. The casualties in the Civil War were 646,392 on the Union side and 133,821 estimated on the Confederate side. The Spanish-American War resulted in casualties of 4,108 to this country. World War I produced a casualty list of 320,518 (notice the difference between this and the

Civil War.) World War II produced casualties of 1,076,245 and the Korean War 157,530.

I do not have actual costs in material wealth, but it is estimated that World War II cost this country upwards of \$300 billion.

Yet today, with this history written in the lifetime of most of us, or so close thereto that we are all well aware of the tremendous price that had to be paid in life and property in all of those conflicts, we are presently standing on the threshold of another conflagration. Should this come, and God forbid that it does, it would provide the proving ground for the most recent innovation in military hardware with which Man has so long sought to destroy himself.

One school of thought seems to be that Man will not be satisfied until he has tried out nuclear weapons. What is he trying to prove? That Man can destroy himself, despite his failure to do so throughout the ages? Is he trying to prove to God that he should not have been entrusted with the thinking apparatus in the first instance, or is he like a child who wants to see how far he can go in playing with fire before he gets burnt?

Had the same blood, sweat, brainpower, and material wealth that were sacrificed in any one of these wars, or all of them, been utilized for the progress of civilization, it is impossible to conceive of the achievements which could have been produced.

Our probing into outer space would be far, far ahead. In fact, we would probably have made contact with the moon and the planets in outer space.

We would have undoubtedly solved the problem of separating salt from sea and brackish

waters. The deserts would probably be in bloom and the peoples of this earth would have available the food and water for the sustenance of life.

Cancer, heart disease, and many other ailments of Man would no doubt have been defeated. There would have been many, many other accomplishments that would serve Man and make for a much better world.

A brief look at the budgets of this country over the past several decades will reflect that well over 50 per cent of the tax dollar of the individual citizen goes for the payment of previous wars, expenditures for immediate military needs, and expenditures and commitments in preparation for possible future wars. In fact, this requirement on the sorely burdened taxpayer has constituted approximately two-thirds of the taxes that have been collected from the individual U. S. citizen.

Man has had many successes and has moved forward with great strides since the beginning of time. And certainly nothing should be said by one man about another to detract from this splendid progress. However, with the evidence that can be gathered in the last 50 years on our many failures, a serious indictment could be written.

How could you vote on the question of whether or not Man has fulfilled his responsibilities as the proper animal to have been entrusted with a brain?

Female Carhop May Disappear

MILWAUKEE (AP) — Think about this seriously, men, because that great pastime of girl watching — as American as baseball and mom's apple pie — is suffering a serious setback across the nation.

Believe it or not, there is a movement to do away with charming young ladies as carhops. If a certain group has its way, in this case the driving owners, gone forever will be the charming girl in a colorful and excellently fitted uniform.

In her place — a hairy-armed, male with ketchup and mustard on his shirt.

Carl Merken of Duluth, Minn., the editor of the trade magazine "Drive - In Management" announced the trend at the Wisconsin Restaurant Association convention.

Merken offered several reasons. The male carhop, or car host as the industry likes to call him, is supposed to be more efficient in bringing the wrong order. He's also supposed to be less prone to absenteeism, have a better business mind, be a speedier worker and have more endurance.

This is all open to argument. No one has shown that the female is lacking in these traits. She has proved herself equally adept at getting the order wrong but does it with a smile and the cute wrinkle of her nose. Absenteeism? Who ever heard of a young lady calling in to say she couldn't be at work because her foot slipped off the brass rail at the local pub and she sprained an ankle. It's invariably a headache. A fast worker? Depending on the size of the promised tip the female can be astonishingly quick. And every woman is known for her endurance. She can look it right in the face for hours and it doesn't bother her.

Merken made one point in his talk that can be accepted. The male of the carhop species is less likely to flirt with the customers.

CARD OF THANKS

The family of J. D. Gilbert would like to express their sincere appreciation for the prayers, flowers, food and sympathy during the loss of our beloved husband and father. May the Lord bless you for helping to ease our sorrow.

Water Goes Up By The Bucket

Water goes up in buckets to the second floor apartment of Hal and Sally Berrean in Seoul, Korea.

It is a part of the price they pay gladly, for a Saturday night bath in a wash tub on the kitchen floor.

Inconveniences such as lack of plumbing, however, are worth it to the Berreans to be working once again in a country they both love.

In 1946 after Berrean had retired from the Pennsylvania State Police, they went to Korea so that he could become an adviser to the military police there. There were also two years of work for Hal Berrean at the American Embassy while Mrs. Berrean went around Seoul as "a private do-gooder" before the Korean war returned them to the United States.

Their son, Dennis, has remained behind at Lehigh University in Pennsylvania to major in Far Eastern affairs. But Mr. and Mrs. Berrean are heading up the Save The Children Federation in Korea.

Mrs. Berrean handles the federation's largest program, the direct sponsorship of 3,000 Korean children. When an American individual or organization agrees to donate \$150 each year to one child, Mrs. Berrean makes the selection. The child must be needy, of school age, and living with at least one parent. She distributes clothing, household articles, food, and money for schooling for the child.

Last year her assistants translated 22,000 letters between sponsors and children.

Her husband, meanwhile heads two federation projects. One enables parents to obtain loans and grants to buy such things as chickens, roadside stands and rope-making machines.

The other project helps communities plant trees, build schools, construct ditches and dikes to improve irrigation, and plant improved strains of rice.

"We feel this a good way to help people — so they can help themselves and help their children," Mrs. Berrean says.

Injection Puts Man Eater Entirely Out Of Business

SYDNEY, Australia (AP) — A doctor who made a man-eating shark helpless in seconds by injecting it with a secret drug believes we are on the way to control of this fish that preys on people.

The shark, a 9 foot grey nurse, became tangled in the net of a professional fisherman who dragged it to shallow water.

Dr. Shane Watson, leader of a five-man shark research team, was called.

The doctor, dressed in a rubber underwater suit, went out to the shark in a boat. Then he leaned over the side, thrust a syringe attached to a spear into the shark, and injected the poison.

He said later: "I jammed the spear with the syringe on its end just above and behind the shark's right gills.

"After about 20 seconds it began to jerk spasmodically. It began to curl up on the side where I injected, and I feel that within 60 seconds it would not have been able to swim.

"Within five minutes it could be safely handled. Its heart had stopped beating after 10 minutes."

Dr. Watson said that before he injected the drug he had tested that the shark was still alive and too dangerous to pull into the boat.

"This is not an expensive drug," he went on. "The composition is still a secret because we have to be sure and make more tests.

"This was the first time since we started using the drug a year ago that we have been able to inject it and watch a shark until its death.

"I think this could be revolutionary in the search for something to control man-eating sharks."

He didn't say exactly how the poison would be used, but presumably a skin diver could carry a syringe along as part of his equipment.

RETURN FROM VACATION

Mr. and Mrs. Harlon Voyles of Hereford returned from a two-week vacation Sunday, Aug. 20. They vacationed in Denver and Estes Park, Colo. They also visited with their parents, Mr. and Mrs. H. S. Voyles in Childress. The Voyles' son, Matt, stayed with the senior Voyles while his parents were in Colorado.

Miss Beaver Is Honoree At Pre-Nuptial Shower

A bridal shower honoring Miss Walteen Beavers, bride-elect of Glenn Tucek, was given Wednesday, Aug. 16, in the home of Mrs. Edgar Lemons of Dawn. The honoree's mother, Mrs. Walt Leavers of Dawn, and the

room's mother, Mrs. Raymond Tucek of Canyon, joined Miss Beavers in the receiving line. Flowers of yellow and white, the bride-elect's chosen colors, decorated the receiving rooms. Approximately 40 guests signed the guest register, which was presided over by Miss Audri Miller. The serving table was laid with a lace cloth over yellow and crystal holders contained yellow tapers.

Drake Serves Aboard Hancock

Serving aboard the attack aircraft carrier USS Hancock, undergoing overhaul at the Puget Sound Naval Shipyard, Bremerton, Wash., is Bill E. Drake, postal clerk seaman, United States Navy, son of Mr. and Mrs. Herman L. Drake of Hereford.

While the Hancock is receiving a \$4 million face-lifting, her crew is being trained at nearby service schools, training courses, lectures and films.

The attack carrier will be equipped with improved aircraft catapults, arresting gear and a new type flight deck planking made of plywood. Its flight deck also is to be remodeled for safer and more mobile operations. The Hancock is scheduled to return to sea in the early fall.

Nigeria Battles High Humidity

LAGOS, Nigeria (AP) — Preserving the national archives is a major problem in Nigeria.

The archivists fight a constant battle against mildew, rot and complete disintegration while temperatures and humidity hover around the 90 degree mark.

And they share with the country's other people the continual war against Nigeria's clammy tropical climate. Perspiration mopping is almost a national occupation.

The colorful Nigerian national costumes, for both men and women, are made of lightweight materials which are not susceptible to mildew.

Whites from overseas with heavier clothing try all sorts of safeguards against mildew. In most cases it's a losing battle.

Pins and paper clips rust in a few days. Watch straps wear out in a few weeks. Shoes not used regularly quickly take on a green mildew coating. Even books treated with special fungicides and insecticides come apart.

Bathrooms are stocked with astringents and powders in the daily struggle against skin irritations caused by constant perspiring.

Only scrupulous domestic cleanliness and regular spraying with insecticides keeps down the army of tropical insects of all kinds which infest homes if given the slightest chance.

If anyone grumbles about these conditions to the old hands, they are as likely as not to reply:

"Oh, be quiet. Now you've got air-conditioning in homes and offices and cold storage in the supermarkets. Not so many years ago we managed without any of these new-fangled notions."

Dimmitt Graduate Serves In Germany

Army Pvt. Richard A. Catoe, 19, son of Mr. and Mrs. Richard E. Catoe, of Dimmitt, arrived in Germany Aug. 7 and is now a member of the 41st Artillery.

Catoe, a rocket launcher crewman, in the artillery in Kitzingen, entered the Army last February and completed basic training at Fort Hood, Tex.

He attended Dimmitt High School and was employed by the C & C Pump Company before entering the Army.

Local Artilleryman Serves In Germany

Army PFC Burke W. Inman Jr., 21, whose wife, Mary, lives in Petersburg, recently arrived in Germany and is now a member of the 32nd Artillery.

Inman, who was last stationed at Fort Hood, is a supply clerk in the artillery's Headquarters and Service Battery in Hanau. He completed basic training at Fort Hood.

A 1957 graduate of Hereford High School and a former student at Lubbock Christian College, he was associated with the Burke Inman Trucking Co. in Hereford before entering the Army in January 1961. His father lives in Hereford.

Doctors in ancient Rome used torpedo rays, a relative of the electric eel, to provide shock treatment for headaches and gout. Moslem doctors treated epileptics in the same way.

The Rubicon river, which Julius Caesar made famous when he crossed it on Jan. 10, 49 B. C., on his way from Gaul to Rome, is a modest stream. Often dry in summer, it resembles a drainage ditch in winter.

The centerpiece, arranged by Miss Dorotha Stewart, depicted "The Bride." It featured a bride dressed in formal white satin, a large white satin heart, on which rested the bride's wedding ring in yellow gold, a tiny white Bible atop the bride's bouquet and white wedding bells, from which flowed white satin streamers, with the inscription, "Walteen and Glenn, August 25, 1961."

Presiding at the punch bowl was Mrs. Ray Polan and Miss Phyllis Wimberley served cake squares which were topped with white icing and decorated with yellow wedding bells.

Hustesses for the courtesy were Mesdames Edgar Lemons, Clifford Stewart, William Wimberley, Charles Davenport, H. H. Miller, Carl Wimberley, Ray Polan, and Misses Bertha Frye and Dorotha Stewart.

Miss Beavers and Tucek will exchange wedding vows Friday, Aug. 25, at 7:30 p.m. at the Dawn Baptist Church with the Rev. Charles Davenport, pastor, performing the ceremony.

Household Scrapbook

UMBRELLA HANDLE
If the handle of an umbrella persists in coming off each time the umbrella is used, fill the cavity in the handle with some melted alum and then quickly press the stick into it, holding it firmly until it sets.

MERINGUE
If too much sugar is used, little drops of syrup will form on the top of your meringue. The correct proportions for pies are from one to five tablespoons of sugar to each egg white.

VARNISH REMOVER
To remove varnish from furniture, use ammonia and water in equal quantities.

SOUR MILK RECIPES
Two tablespoons of lemon juice added to one cup of sweet milk soured it to the acidity desired for sour milk recipes.

New Compound Repels Snakes

ATHENS, Ga. (AP) — A friend of snakes has invented a substance that throws them into a tailspin.

It is a repellent so effective he says, that its mere odor drives most reptiles away. For "dumb" ones that barge on into it, an element has been added that kills them on contact.

Developer of the preparation which should have a ready reception in snake areas the world over, is a college professor, Dr. James H. Jenkins.

Teacher of wildlife management at the University of Georgia School of Forestry, he is known as a friend and champion of most snakes. He says that they are beneficial to man as destroyers of insects and rodents.

That doesn't mean, he hastens to add, that such obnoxious crawling creatures as the vicious diamondback rattlesnake, the deadly bushmaster or king cobra have any business in the home and yard.

Jenkins says his mixture will keep all these and their less baneful cousins, strictly out of small areas, such as yards, campsites and compounds.

He and an associate, Robert Dixon of Griffin, Ga., already have begun international distribution. They report responses from about 30 foreign countries, among them India, Israel, Australia and Latin America where snakes are a major problem.

Part of the repellent's effectiveness lies in a musk odor similar to that of a snake's natural enemies such as the mink and the mongoose.

The odor, the professor says, is not obnoxious to persons, nor is the product poisonous or dangerous to children or pets.

He emphasizes that his preparation is not likely to eradicate snakes or upset the balance of nature. It is not practical, he explains, to apply it over wide enough areas.

The best results, he adds, are obtained by treating restricted areas to keep snakes from crawling under the house, harming campers or other groups.

A treated border 12- to 20 feet wide, he suggests, would keep snakes from a house and lot, housing development or similar occupied area.

WHAT DOES A DAY MEAN

SUN	MON	TUE	WED	THU	FRI	SAT
			1	2	3	4
5	6	7	8	9	10	11
12	13	14	15	16	17	18
19	20	21	22	23	24	25
26	27	28	29	30	31	

Do you ever consider

the meaning of a day?... Just a single day?... One day out of the 365-day year? With you, what does a day mean???

Actually, it means 1440 moments of opportunity. It means 24 hours of precious fleeting lifetime. It means that life at best is short... that it is only a little while we have to make the journey down through the valley of time. Just what are you doing with this day and every day? You sin when you uselessly spend the days God gave you. Each day on the calendar is like "a sheet of paper white whereon each one of us may write his word or two and then comes night... though thou have time but for a line, be that sublime; not failure but low aim is crime." Go to church this week and ask the Lord to help you keep your aim high. Ask Him to help you plan well every moment of every hour of every day. *What does a day mean to you?*

You In The Church

The Church In You

— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker and attend services regularly.

It's Fancy Foot Work

ELMIRA, N. Y. — Twelve-
 year-old Sue Sipple has an idea
 for harassed mothers of child-
 ren with fast-growing feet.
 She uses varicolored yarn to
 embroider daisies on her can-
 vas sneakers after her toes
 work through them, using the
 holes as the center of the flow-
 er.
 Her mother, Wilhelmina, says
 they are "attractive, colorful
 and good for another thousand
 miles."

ATTENDS C-O MEET

Bill Thompson attended the
 meeting of the Chamber of
 Commerce Association of West
 Texas at the Pampa Coronado
 Inn last week. He served as at-
 tendance chairman for the meet-
 ing.
 A two-day training session
 and problem solving conference
 was held.
 On Saturday the meeting was
 concluded with a business meet-
 ing when a revised constitution
 was adopted. Mann was elected
 as the president for the coming
 year.

JOHN TAYLOR SIMS JR., son of Mr. and Mrs. John Taylor Sims of Hereford, will receive his B.S. degree in graduation ceremonies at Texas Tech in Lubbock Saturday, Aug. 26. An economic major, Sims will enter graduate school at Tech this fall. He is a member of Sigma Chi, social fraternity, Phi Mu Alpha, music fraternity, and the Tech choir. He was graduated from Hereford High School in 1957. (Staff Photo)

TELEPHONE TALK

by Gene Adkisson, Manager

"GRASS ROOTS CAPITALISM"
 The newspapers recently ran a story that I thought was pretty significant. It gave real insight into our American economic system. The story reported that, for the first time, an American business had 2,000,000 owners. This important "first" was achieved by the Bell System, of which my company is a part.

Hugh and Irene Polson of Wichita, Kansas, are the two millionth shareowner. Pictured with them above are their two youngsters — Kay Louise, 9, and Stephen Hugh, 7. The Polsons own and run their own pharmacy. And, even though they keep plenty busy with the drug store and duties at home, they take part in church, PTA and community activities.

Mr. and Mrs. Polson own ten shares of stock. They bought it as part of an investment plan to send their children to college. Like the Polsons, a great many investors — 335,000, in fact — have fewer than 10 shares. Of the two million shareowners, nearly 850,000 are women and 300,000 are telephone employees.

This is real evidence of "grassroots capitalism," and I think Mr. and Mrs. Polson typify many of today's "grass-roots" investors, who come from all walks of life, from all sections of the country.

As I said before, here is a truly significant story. Here is the nation's largest business, the Bell System, now owned by 2,000,000 people. Here is a dramatic testimonial to the American economic system. Here is democracy at work — with all the world to see.

ATTENTION DOVE HUNTERS

Many dove hunters will hit the field Friday, September 1, at noon or shortly thereafter and I hope each of you success in getting your limits during the season. I would like to request that you don't squeeze the trigger while that big fat dove is setting on a telephone line or cable. Each year, as a result of a shot at a bird on our lines, many telephones are put out of order. Shots from guns cause lines or cables to be broken, therefore putting telephones out of order. This can be very serious because an emergency call might be delayed to a doctor.

Remember this is your telephone service that is being hampered, and even though the cables are built to withstand natural wear and tear, they are just as susceptible to gun shot as a man.

Call by number. It's twice as fast.
