Start Wildcat Drilling Tests In, Near Deaf Smith County

City Purchases Radio Fire Warning Equipment Monday

A bid by Plectron for 35 receivers and a tone generator for the planned radio fire alarm system was accepted by City Commissioners' meeting Monday night in regular session.

Acceptance of the bid followed a report by Dudley Bayne, city manager, on the operation of systems in Seguin, Seminole and Baytown.

Bids for the system were received at a previous meeting of the City Commission. However, commission action was tabled until a study of the system could be made.

The Plectron bid was \$3,510.26 including a two percent discount for cash. Included in the purchase will be a tone generator, five two-tone sets and 30 single tone sets.

Sets are to be installed in the homes and businesses of members of the Hereford Volunteer Fire Department. The units are portable and operate on household current.

When a fire is reported, a

tone signal will be broadcast from the base station to alert firemen. Information on the location of the fire will be broadcast following the tone.

In his report, Bayne said that the tone from the receivers is loud enough to wake anyone.

When the tone alerting system is in operation, use of the fire siren will be discontinued during the evening and night. However, it will be used during the day between 8 a.m. and 6 p.m.

Commenting on the City Com-

mission's action, Fire Chief Dub Reeves said Tuesday, "This ends two years of searching for a system to alert Hereford firemen."

"I am real happy that they (the commission members) adopted the Plectron equipment," he continued. "I believe we will be able to get to fires more safely and quickly."

When the equipment is put into operation, Reeves believes that the department will be able to operate more efficiently than

(Continued on page 2)

Another attempt to drill a producing oil or gas well in Deaf Smith County will be made at a location five miles east of Hereford by Ashman and Hilliard, Midland operators.

The well near here and another in Parmer County are considered as rank wildcats and are the first of six slated to be drilled into the Palo Duro Basin. Four more are scheduled for Castro County.

The new test well here, No. 1 A.M. Oppenheim, is located in section 20, block K-3, Vincent Oppenheim survey. Projected depth of the granite test is 9,500 feet.

This week the drilling rig is being assembled at the test site. Drilling should begin within the next two weeks.

Site of the Parmer County well is located 3 1/4 miles southeast of Friona in section 10,

Township 4-S, Range 4-E. It will be a Mississippian test.

The operators, who took a farmout from the Pan American Petroleum Corp for the six wells, intend to drill the No. 1 P. L. London to 9,400 feet.

Locations for the four Castro County wells have not been filed with the Railroad Commission yet. Operators say they will be soon.

The wells are the operators': No. 1 Maud Formwalt, section 132 block M-6, SK&K survey, PD 9,500 feet; No. 1 J. M. Kendrick, section 43, block 10-T, (Continued on page 2)

Campfire Girls Slate Ceremony

Over 300 Campfire Girls, Horizon Club Members, and Blue Bird Girls will participate in an inactment of the traditional Ceremonial Council Fire at the Hereford Bull Barn Sat., Oct. 21, at 8 p.m.

During the hour-long program, visitors will see a dramatization of the huge Ceremonial Campfire, complete with music, authentically styled Indian costumes, and ceremonial dress worn by the girls in the program.

All phases of Campfire work will be represented, and emphasis will fall on the benefit received by the Campfire organizations from the United Fund, which is currently in its annual drive.

No admission will be charged, and all persons interested in the Campfire work are cordially invited to attend the ceremony.

Girls will perform Indian dances learned at summer camps, and enact Campfire activities, and the Bluebird choir will also perform.

Serving as Mistress of Ceremonies is Linda London, as no adults will participate in the program. Highlighting the program will be a candle-lighting ceremony staged by the Ta-Wa-Si Campfire Group, under the direction of Mrs. Virgil Marsh.

In charge of the program is Mrs. Vanoe Crume. During the program, Susan Stapp, Helen Davis, and Judy Crume will be awarded the highest merit in Campfire Girls, the "Torch Bearer Craftsman," certificate.

Also assisting in the musical portion of the program will be musicians of the Hereford High School Band.

SOME FARM MACHINERY, such as this old Ford Monday and now is being erected for a test hole. Drilling is expected to start in about a week.

Prospects Outstanding For Cotton, Sugar Beet Harvest

Prospects are bright this year for one of the best sugar beet and cotton harvests as ginners and beet growers described the crops as one of the best in years for the Deaf Smith County area.

The grain sorghum harvest still has to reach its peak. Elevator operators are looking for the majority of the grain to reach the cutting stage in the next week to 10 days.

Cotton ginners are expecting stripping of cotton to begin in the area within the next two or three weeks. Stalks are still too green for strippers to pull the bolls.

A hard freeze is needed to

kill the stalks, said one Hereford ginner.

"I think the cotton is far enough along so a freeze won't hurt most of it," he continued. "Of course, some late crops will be damaged."

A light frost in Deaf Smith County area has done much to improve the crop. Some of the leaves were killed and the sun has been able to dry most of the bolls.

The outlook for the crop this year is described as being much better than last year.

A Hereford ginner said that this crop will probably be one of the top yielding crops of the past five years. Another said it is perhaps the best in the last 10 years.

Prices for the cotton are said to be good with some farmers contracting for 30 cents a pound. Yields in the area are expected to average a bale to the acre.

So far, not much cotton has been pulled. Only 50 bales have been ginned so far. During the peak period, the three Hereford

gins will turn out between 2,500 and 3,000 bales per week.

Harvesting of the county's 1,414 acres of sugar beets is also expected to begin within the next few weeks. Yields are expected to run high.

One local grower believes that the crop here in the county will be equal to last year's crop. A second agreed, and said, the yield would be "unusually good."

Sugar content of the beets in this area is normally 15 per cent plus. However, growers are hoping to get as high as 16 per cent on the crop this year.

Sugar beets are ready for harvest now, but the dump will not open until Nov. 1. However, the tonnage of the beets will increase because of the delay.

A severe freeze with temperatures dipping down to the low 20's would damage the crop. Tops of the plants would be frozen and the beets would begin to grow new tops. This would mean a reduction in the sugar

(Continued on page 2)

Bulletin

Larry Minks of Hereford Wednesday afternoon showed the Grand Champion calf at the Pan-American Livestock Exposition, held in conjunction with the State Fair of Texas in Dallas.

The son of Mr. and Mrs. Norman Minks of Walcott, Larry showed a Dameron Hereford Ranch calf to the top place in the huge show. He is a freshman in Stanton Junior High School. Last year, Larry won top honors at Odessa, Hereford and Amarillo livestock shows.

The reserve champion, shown by a girl from Taylor County, also was a Hereford calf.

Larry's calf won after being selected as the best Hereford in the show, then competed for grand champion honors with winners in the Angus and Short-horn divisions. Becky Higgins of Hereford is showing a Jack Renfro Ranch Hereford calf in the commercial division.

Farmers Union Slates Meeting Thursday Night

The Deaf Smith County Farmers Union will hold a meeting Thursday in the Community Center here to elect officers for the coming year, according to Charles Hoover, president.

Joe Berg, Amarillo, president of the state organization, will be the main speaker at the covered dish supper meeting.

He and his wife will show a film on their recent trip to Egypt.

All farmers in the area who are interested in hearing the talk are invited to attend, said Hoover.

Around Town

"Why didn't anyone do anything about it years ago?" was the general reaction after Ed Skypala, casually announced last week that the Whiteface Booster Club ought to get a mascot for the high school teams. The idea snowballed and by golly now the club has arranged for a mascot. Because the little range bull isn't very tame yet, a substitute will take his place this week. The mascot will make his first official appearance at 11 a.m. Friday during a giant pep rally at Whiteface Field. The public is encouraged to attend.

Upsets Cause Low Scores In Grid Guesses

In a rough week-of-upsets, major and minor, it took just 15 correct guesses to win first place in the Brand gridiron contest. And Walter Kaul stood by himself with that score, as most entrants had a hard time.

In second place with 14 was Lynn La Fon. There were 12 persons with 13 correct predictions, with Jane Kirby coming out best on the tie-breakers.

Also scoring 13 were: George Loerwald, James Arney, W. L. Davis Jr. Austin Hodges, Pat Voyles, C. E. Leaseure, W. C. Russell, Roger Owen, Mrs. Jerry Murphy, Mrs. Ray D. Henigh and Kenneth Cowan.

\$100 Fine And 7 Days For DWI

A 48-year-old Hereford man was sentenced to seven days in jail, and fined \$100 and court costs Monday for driving while intoxicated, first offense.

The man, Robert K. Motealf, who reportedly lives on West Second St. was arrested northwest of the Bull Barn early Sunday morning. Charges were filed by the Deaf Smith County Sheriff's office.

The case was tried in the County Court, Judge Don Zimmerman handed down the sentence.

A MASCOT FOR the Hereford Whitefaces football team was secured this week by the Whiteface Booster Club. The young Hereford bull has been named "Scot", honoring high school principal and former football star L. B. "Scat" Russell, right. With them is Ed Skypala, president of the Booster Club. The bull has been loaned to the club by Foster Hill. (Staff Photo)

\$1000 Bond Set For Hot Check

A felony charge of swindling with worthless check was filed here Monday against Willa M. Waldo Hampton, 38, 801 Miles.

Bond was set at \$1,000 by Justice of the Peace C. B. Miles.

The man was arrested on a complaint filed with the Deaf Smith County Sheriff's office Friday. Hampton was picked up by deputy Ed Roberson early Friday night.

Hereford Enters District Battle Friday In Levelland

Hereford enters District 1-AAA competition — the last year in its present alignment — at Levelland Friday night.

An announcement by the University Interscholastic League Wednesday morning added Perryton to the district, effective with the 1962-63 school year, but did not drop anyone from the conference. Perryton had been in AA competition, but used to be in the same district with Hereford in 1953, 1954 and 1955.

This, then, will be Hereford's final chance to make a showing in District 1-AAA as it now stands. Since this present members were included in 1956, Hereford has been the conference doormat, winning just one district game while losing 19.

Despite the record this year, Hereford will be a slight underdog when the Lobos and the Whitefaces clash at 8 p.m. Levelland has a record of three wins and three losses while Hereford has a 5-1 mark this year.

Levelland opened the season

Amarillo Man Gets Fine And Jail For DWI

A 37-year-old Amarillo man was fined \$100 and costs and sentenced to three days in the county jail by County Judge Don Zimmerman for driving while intoxicated.

Arrested for the offense was Amos Leroy Dixon, 1446, N. W. 15th. The arresting officer was Patrolman Pete Cole of the Hereford Police Department.

The man was picked up at the corner of West First and Austin Streets early Tuesday morning.

United Fund Campaign Gets Fast Start Toward It's Goal

Deaf Smith County United Fund drive has gotten off to a good start, officials announced Wednesday morning as they expressed cautious optimism that the goal will be met.

About \$1,000 toward the \$25,446 goal was collected during the first two days of campaigning, according to drive chairman Henry Sears.

The first of eight teams which will work for the United Fund in rural areas is scheduled to get started Friday morning.

Planned for two weeks, the United Fund drive is being handled differently this year. First to be worked are some 30 employee and business groups in Hereford. This will dovetail with the rural drive and end with the solicitation of about 800 persons in and around Hereford who will not be contacted by other groups.

Bill Thompson, head of the rural division, said that eight men would visit in the Ford area Friday. They will meet at 7:45 a.m. at the Chamber of Commerce office and then work in pairs for the day.

The four teams include: E. A. Edwards and Dick Godwin; Raymond White and George Warner; Calvin Goodin and Monk Johnson; Guy Lawrence and Hugh Clearman.

Seven other rural areas will be canvassed next week by similar teams.

The financial, legal and accounting group, headed by Earnest Langley, is reported complete after the first two days. The Deaf Smith County Rural Electric Cooperative and West Texas Rural Telephone Cooperative group, headed by Leo For-

(Continued on page 3)

Total 380 Fire Hazards In Town Inspection Last Week

"If the 380 fire hazards uncovered during Hereford's town inspection on Oct. 11 were to burst into flame simultaneously, the city would be reduced to rubble," said fire chief Dub Reeves.

"The West Texas division of the Texas Insurance Fieldmen's Association uncovered a total of 380 potential hazards and any one of these could mean a disastrous fire to the city unless checked," he stressed.

And further, he pointed out it is to each building owner's and tenant's advantage to see that the fire dangers on his premises are corrected, since fire records kept by other Texas communities which have been inspected and followed up these inspections, show substantially reduced fire losses.

A study of the effectiveness of the first 72 inspections — the Hereford inspection was number 99 — showed an average loss ratio decrease of eight per cent during the three year period following the inspection.

Chief Reeves said the fire department will conduct a follow-up inspection of all hazards checked within the next 30 days. The inspecting group spent two days checking city schools, churches and business buildings.

Fire Chief Reeves, while defining a hazard as any material, equipment or situation which lends itself to the start and maintenance of fire, noted that the number of hazards found here was not uncommon for a town of Hereford's size — and many communities of its size fare much worse.

At the time of the inspection, the visiting fire detectives tagged potential hazards in 290 cupboards with red "4B" tags and, in addition, left recommendation booklets with building owners and tenants showing how to correct them.

The largest number of tags, as usual, was attached to faulty wiring and electrical connections. Chief Reeves advised building owners to get qualified electricians to fix wiring rath-

(Continued on page 3)

Fines Fade Out Dice Game Here

A deputy sheriff and a police department patrolman put an end to a friendly dice game Sunday afternoon at the Alvarez and Lewis Truck Brokerage office with the arrest of five men.

Charged with gaming with dice were John Lacy Alvarez, 23, 407 Ross; Wallace Wats on Hunt, 43, Henderson, Tex.; Jerry Lynn Young, 20, Henderson; Glynn Russom, 45, Little Rock, Ark.; and Coy Lee Moore, 27, Selman City, Tex.

The men were tried in Justice of the Peace Court, C. B. Miles presiding. Four received fines and costs of \$29.50 each. The fifth was fined \$39.50.

United...

(Continued from page 1)
rest, also is complete.

The medical group, headed by Mrs. H. A. Cavness, is almost complete; chairman Paul Stevens said Wednesday that the school group would be finished by Friday.

United Fund president J. W. Robinson pointed out again Wednesday that there will not be

Total...

(Continued from page 1)
er than relying on "do-it-yourself" methods.

Harold Nixon, president of the West Texas division, commended the cooperating organizations which helped make the inspection a success. He singled out the fire department, chamber of commerce, newspaper, radio and TV as well as school and local business officials.

"It is now up to all of us to see that the follow-up is carried through as successfully as the inspection," he said.

any house-to-house solicitation this year, as has been done in the past. Only residential calls that will be made for the United Fund will be for those persons, such as farmers and ranchers, who live in town and are not contacted through business groups or in rural area campaigns.

"We are going to make our goal this year," Sears declared emphatically Wednesday morning. He pointed out that it wouldn't be an easy task, but that the future of the United Fund in the county was at stake.

The budget for this year is the same as last year, with the exception of a special assessment for Red Cross aid to victims of Hurricane Carla along the Texas Gulf Coast.

Agencies included in the United Fund are all local in nature with almost all of the funds collected staying in the county for local organizations.

Included in the budget are: American Red Cross, \$8385, plus \$1440 for hurricane relief and rehabilitation work; Boy Scouts of America, \$6100; Camp Fire Girls, \$2975; Sal-

vation Army, \$2600; Little League baseball, \$1650; Pony League Athletic Club, \$600; and Deaf Smith County Council on Alcoholism, \$500.

Hereford...

(Continued from page 1)
and Joe McCullough, 184, right half; Robert Simpson, 176, quarterback; Gerald Kluber, 162, left half; Ted Turnbow, 184, right half; and Doug McCann, 175, or Mike Roberson, 180, fullback.

Defensive alignment for Lovell will see Ross Joplin at halfback instead of Turnbow and Bill McMurry replacing Curry in the line.

Hereford coach Jack Meredith said Monday night that the best that the Herd had gone through this year.

The players, he said, are in good shape physically and are getting in shape mentally for the game. Both the injured players have recovered and are expected to go full speed Friday. Halfback Dennis Hodges and tackle Bill Steele missed the last game because of injuries but are fully recovered.

Only change will see center Joe Shultz playing offense only, with a shuffle in the line.

In other district action, Phillips will be at Littlefield. Dumas has an open date.

City...

(Continued from page 1)
it has in the past.

Commission action on the purchasing of a base station transmitter for the system is still pending.

In other business, the City Commission took no action on an ordinance involving street and alley advertising.

A report on the swimming pool was presented to the members. The report showed receipts for the months of June, July and August totaling \$4,043.97. Disbursements made for the operation of the pool during the summer months totaled \$3,508.82.

On the retirement of the bonds issued to build the pool, the principal is \$3,000 and the interest, \$577.50.

A report on the budget showing the financial condition of the city was also presented during the meeting. So far this fiscal year, receipts totaling slightly more than one-third of the \$481,046 budget have been collected.

No current taxes were collected during the first three months of the fiscal year beginning July 1. Among the revenue items listed, water-sales brought in the greatest amount. Total sales are \$88,254.06.

Trash collection and sewer fees are ranked second and third with receipts for each totaling slightly less than \$14,000. Fines are fourth with a total of \$10,387.91 collected.

Prospects...

(Continued from page 1)
content.

Acres in sugar beets is up over last year as some farmers overplanted expecting to feed cattle. Due to a shortage in Colorado, the mill has agreed to accept the overplant.

At present, a serious labor shortage is facing the sugar beet growers here. They are hoping the maize harvest will be completed so laborers will be available to work the fields in the area.

However, the milo harvest has not reached its peak yet, according to one elevator operator. He described the crop as one of the slowest to get started and is expecting the peak in the next week to ten days.

Amounts of grain handled each day, he continued, are steadily increasing. An earlier frost would have speeded up the harvest considerably. Favorable weather conditions have prevailed during the harvest and growing seasons. Cotton, maize and sugar beet yields are expected to run high.

EXTENDED VISIT

Mrs. A. F. Curry of Waco, is making an extended visit in the home of her foster daughter, Mrs. Buddie Evans and family of Hereford.

Previous attempts have been made in Deaf Smith County to discover oil or gas. So far, no producing wells have come in. All attempts ended when the drillers struck the granite formation which lies underneath the county.

All locations are rank wildcats in counties without commercial production. Contractor for the explorers is Norwood Drilling Co. of Wichita Falls.

Flowers Of World Studied By Club

The first program on a comprehensive study, "Flowers of the World," was conducted Friday afternoon at the regular meeting of the Hereford Garden Club in the home of Mrs. J. V.

Club also is selling Booster Buttons this week.

This has been one of the loveliest autumns ever and is beginning to make many feel they were wrong in predicting a long, hard winter. True, we could use some moisture this month, but other than that it has been just about perfect.

The Whitefaces now have a mascot. We hope will boost the team a lot. And help the Herd turn fierce Lobos into meek pups with buttons and bows.

Pickens, with Mrs. Hugh Clearman as co-hostess.

Among the topics discussed were "Flowers of the Temperate Zone," by Mrs. R. L. Wilson. Mrs. Wilson gave the history and derivation of many of the flowers grown in the gardens today. Several of the flowers discussed were the white and yellow achillea (yarrow), azalea, adelia, mimosa delphiniums and larkspur.

The Chrysanthemums, first known in China in 1754, is now known over the world in its many varieties. She said that the marigolds and calendula came from Persia in the early years of American history and hollyhocks were first known as the rose.

Some of the flowers which are now grown and enjoyed have cost the lives of many who propagated and gave them to the world. One of these was the

regal lily. The geranium is another flower rich in tradition and commonly known as the cranebill. When first grown, it had only single flowerets.

Mrs. M. T. Rutter presented facts and findings relative to "Flowers of the Tropical Zone." The tropical lily family, which is over two thousand years old, becomes more beautiful and popular with the gardeners as the years pass. The African violet, when grown in its natural habitat, often grows to a diameter of two feet with a profusion of blossoms. Also from the tropics, there are such favorites as hibiscus, periwinkles, crepe myrtle, bird of paradise and the fantastic orchid.

During the business session conducted by Mrs. R. L. Wilson, the president, Mrs. A. L. Manjeot gave a report of the District One fall board meeting. The club voted to place potted plants in the County Library

and the courthouse corridors. The club will send a panel of national judges to assist in judging the annual fall flower show at Texas Tech on Saturday, Oct. 21.

Members attending were Mesdames Hugh Clearman, Emmett Hale, W. C. Hromas, A. L. Manjeot, G. W. Newsom, J. V. Pickens, M. T. Rutter, S. S. Williams, R. L. Wilson, Jeff Gilbreath, E. Ramey, Glenn Boardman, Jeff Roberson and R. W. Mitchell.

9 Reasons Why You Should Choose A Carrier Heating and Cooling Specialist
Heating and cooling equipment is a major purchase—and the man who installs your system plays a major part in making it a good investment. He must combine many skills: he must select the right equipment, arrange it efficiently, install it properly, and adjust it for economical operation. And over the years, he must provide prompt, competent service. How can you be sure that your dealer can do all these things? You should look for a heating and cooling specialist, a man who can offer you these advantages:

- 1. Training.** He should be factory trained to select the right equipment for you, and to lay out your system efficiently. Carrier representatives are thoroughly educated in heating and cooling application engineering.
- 2. Installation Skill.** You are sure of a workmanlike installation, following all proved practices, when a Carrier representative installs your system. Every Carrier dealer receives extensive installation training.
- 3. Quality Products.** Your dealer can be no better than the equipment he sells—and your Carrier dealer's products are known for performance, quality and long life. Carrier is the First Name in Air Conditioning and sets the pace for the industry.
- 4. Low Operating Cost.** You get far more heating and cooling per dollar from a Carrier system because Carrier designs units for maximum efficiency and operating economy.
- 5. Wide Selection of Equipment.** Your heating and cooling specialist should have available a wide choice of equipment to fit all needs, both as to type of product and capacity. Carrier makes available to its dealers the widest range of equipment—from small room units to systems for the largest buildings.
- 6. Quick Delivery.** To keep your system operating properly, your dealer needs a local source of service parts and equipment. Air Equipment, Inc., Carrier distributor in Amarillo and Lubbock, maintains a large product inventory, and a complete stock of service parts.
- 7. Prompt Service.** Carrier heating and cooling specialists provide prompt and efficient service at all times. Factory training keeps Carrier representatives up-to-the-minute on new models and service procedures.
- 8. Proved Installations.** Your Carrier heating and cooling specialist can show you a wide variety of successful installations, to illustrate his ability. There is more Carrier Air Conditioning operating in the Panhandle-West Texas-Eastern New Mexico area than any other make!
- 9. Dependability.** Your dealer should be an experienced and successful businessman. You should be sure he will remain in business through the years, as Carrier dealer's do, to take care of your future heating and cooling needs.

Farm Bureau Adopts New Resolutions, Name Directors

Members of the Deaf Smith County Farm Bureau elected directors and passed 21 resolutions during a recent convention held here. Bureau directors will meet Nov. 9 to elect officers

for the organization. Elected to serve as directors were Frank Barrett, Earl Plank, Robert Betzen, Roger Brunley, Steve Clements, T. L. Sparkman Jr., Robert Jacobson, Jerome Freimel, Frank Zinzler Sr., George Warner, H. E. Bippus, Elmer Kimball, Frank Ford Jr., Mrs. Leroy Williamson, Carroll Newsom, Charles Schiabs, and C. H. Betzen. Deaf Smith County Farm Bureau passed the following resolutions:

- COUNTY**
1. We are opposed to any re-districting of any county that would lead to the domination of rural people by metropolitan vote.
 2. We recommend that personal property tax on automobiles shall be due and payable at the time license tags are purchased.

Lubbockites Honored Here During Weekend
Mr. and Mrs. E. W. Hobson of Lubbock were weekend visitors with friends in Hereford. The Hobsons and the O. Wertenbergers attended the homecoming activities at Canyon on Saturday afternoon and evening. Mr. and Mrs. Hobson were honored with a dinner on Sunday. Those attending were Mr. and Mrs. E. W. Hobson, Mr. and Mrs. Guy Newsom, Mr. and Mrs. Ed Warren, Mr. and Mrs. Otis Dickey, Mr. and Mrs. J. J. Durham, Mr. and Mrs. Earl Plank, Mr. and Mrs. Jim Tollett and Mr. and Mrs. O. Wertenberger. The couples visited Sunday afternoon in the Guy Newsom home for coffee and birthday cake to celebrate the Hobsons' birthdays.

VISIT TULLA
Mr. and Mrs. A. T. Jones and Mrs. Annie Springer visited Monday evening in Tulla with D. M. Springer, who is a patient in Swisher County Hospital. Springer is a brother of Mrs. A. T. Jones, Mrs. T. L. Sparkman, Mrs. Deward Roberson and Earl Springer of Hereford.

VISIT DAUGHTER
Mr. and Mrs. A. T. Jones and Mrs. Annie Springer visited with Mr. and Mrs. V. H. Harman and family, daughter of the Jones', in Tulla on Monday evening.

AMARILLO VISIT
Mr. and Mrs. Loy T. White were recent visitors in the home of their son and family, Mr. and Mrs. H. D. White, Amarillo.

VISIT PARENTS
Mr. and Mrs. Goldwyn D. Milner and Mrs. Glenn Boardman of Hereford spent the weekend visiting in Hollis, Okla. with the parents of Mrs. Milner and Mrs. Boardman.

3. Be it resolved that we commend the High Plains Water Conservation District for the educational work they have done in the past and we recommend that all farmers and industries be encouraged to conserve water in every way possible.
4. Be it resolved that we commend the farmers who have taken steps to conserve water through the utilization of tail water and surface water and we encourage all others to follow this example.

- STATE**
1. We recommend that present child labor laws and school attendance laws be enforced.

2. We recommend that 75 per cent of gasoline tax allotted to the Highway Department be used for maintenance of Farm to Market roads rather than the present 50 per cent and then the remaining 25 per cent be used for new construction.
3. Be it resolved that we are opposed to any form of building permit laws that would apply to rural areas.
4. We recommend that effective brand inspection legislation be enacted.
5. We oppose the formation of a single purchasing agency on a state level for county road machinery.
6. We believe that in the interest of water conservation, the A.S.C. Soil Conservation assistance payments should be made available for the installation of underground pipe from lakes and tail water pits.

7. We recommend that the maximum legal speed limit be raised to 70 miles per hour from the present 60 mph. for passenger cars and pickup trucks under one ton. We further recommend that trucks and buses be limited at 55 mph.
- NATIONAL**
1. We recommend that appropriation to all federal bureaus except the F. B. I. and the Defense Department be cut by at least 10 per cent as an effective means of curbing deficit spending.
 2. Whereas medical insurance is an effective means of providing medical care for all; we are opposed to federal medical aid to the aged.
 3. Whereas our present tax structure and public school system has proven very effective in the past and is doing a good job at present; we are opposed to federal aid to education.
 4. Be it resolved that we favor

- a national right to work law.
5. We believe that it is necessary to the economy of the Southwest that the bracero program be continued and we recommend that the control of bracero labor be transferred to the Labor Department to the Department of Agriculture.
6. We recommend that all sugar acreage increases necessitated by increased consumption be allocated to farmers in the United States with special emphasis on new areas.
7. We recommend that all foreign aid to countries which are known to be Communist dominated be discontinued forthwith.
8. We recommend that private companies be encouraged to invest money in friendly foreign nations as an effective means not only for foreign aid but also of showing the merits of a free enterprise system.

9. Be it resolved that we are opposed to marketing orders on a national level.
10. Be it resolved that the main

purpose of Farm Bureau concerning farm legislation tends toward less control by the federal government.

Old, New Stars in 'The Young Doctors'

A top cast of established stars and rising young actors lends authority to "The Young Doctors," current feature at the Paramount. The hospital atmosphere is authentic, the performances convincing in a story about the conflict between older doctors and the young doctors in a big city hospital. Fredric March, whose last screen medical practice was in the famous "Dr. Jekyll and Mr. Hyde" which won him an Oscar in 1932, backs the cause of the old doctors in the story. The young doctors are played by Ben Gazzara and Dick Clark of American Bandstand fame. The medical content of the picture bears the endorsement of the American Medical Association, which has called the movie treatment "an excellent portrayal of American medicine."

Would you dare trust your life to him?
So many live in his hands... wonder he had to smash those!
He broke all the rules for one woman!
He knew the taste of death... that's why he needed the taste of a woman so much!

JUSTICE REAL ESTATE FARM, RANCHES, HOUSES COMMERCIAL PROPERTIES MOTELS

Four bed room house in extra nice location. Large house with 10 rooms and 2 baths 2500 feet (square) of living area. Has den, fireplace, carpets, double garage with storage rooms. The owner is sacrificing this house for only \$22,500.
3 bedroom, 1 1/2 bath, carpets, \$8,500.00. No city taxes.
Duplex in stable location that will not depreciate. Completely renovated; perfect condition with no upkeep for years to come. With a waiting list for rent prospects. Comes with these extras: carpets, TV Ant., Vinyl cabinets, Vinyl tile, dual panel ray heat. Can be financed easily. This is excellent income-property paying itself out quickly. Priced at only \$9,500. Shown by appointment only.
We have several new 3 Bdr. homes in N.W. Hereford with all the trimmings such as: 2 baths, den, built-ins, corner lots, double garage, carpets, drapes, and entrance halls. You can buy these homes on low down payments and long-term mortgages.

FARMS

1/2 section of the finest maize land in the county with 4 wells and lays better than land that you could order from a book. Clean with no Johnson grass or noxious weeds. The yield for the last three years is above average and this year's crop will do better than 8,500 lbs. You can see for yourself this week. This farm is worth more, but the price is only \$325 acre. A section with full set of improvements, enough grass for cattle, 30,000 bu. granary, three wells and a lake pump, cotton allotment, wheat allotment, on the pavement. If you are an all around farmer, this is the place for you at \$325 acre.

DEDICATION SLATED MONDAY

Allison - Conkwright Hall Among Wayland Dorms

The dedication of two new dormitories at Wayland Baptist College at Plainview will highlight the Parents' Day program set for Oct. 23.

Dedication ceremonies are planned for 2:30 p.m. for the two new structures, Owen Hall, where the ceremony will take place, and Allison - Conkwright Hall.

Allison - Conkwright Hall is an eight-unit residence for married students at the college. It was given to Wayland by J. R. Allison, Hereford, a college trustee, Mrs. Allison, and her mother, Mrs. H. G. Conkwright, a long time benefactor of the college.

The hall is the third of 10 units planned to house married students on the campus.

Owen Hall, a 100-unit residence for women, has been named by the trustees in honor of Dr. A. Hope Owen, president. Every two bedrooms in the dor-

mitory are connected by a bath. Ample storage space is provided for the students in the modern rooms.

Miss Glenna Faye Gandy, daughter of Mr. and Mrs. C. E. Gandy, 121 Ave. F, will be one of the hostesses during the day's program.

Music for the dedication ceremonies will be provided by the 40-member International Choir singing an original composition by the director, James D. Cram. The newly formed Women's Chorus will sing under the direction of Dr. Joseph DeLage.

The purpose of the Parents' Day program is to acquaint parents of Wayland students with the activities of the college. Activities planned for the program are centered around a western theme.

Invitations have been sent to parents to attend classes with their sons and daughters and to eat at the "chuck wagon"

with them. The parents are also invited to attend the student program during chapel period.

Greeting the parents will be Dr. Owen and Dave Causey, Student Government Association president. Betty Mathews, Stigler, Okla., will read the scripture and Jim Myers, Gooding, Idaho, will lead the prayer.

Singing will be led by Charles Lovell, Plainview, with Annette Massingill, Phillips, at the organ and Mrs. Jera Lynn Saul, Fort Collins, Colo., at the piano. Dr. Fred D. Howard, Parents' Day Committee chairman, will be master of ceremonies.

A question and answer session with members of the faculty and administration participating is to be held at 1:30 p.m. Parents will have the opportunity to ask about the program at Wayland Baptist College.

'South Pacific' Tryouts Slated

Tryouts are currently underway to pick the cast for the upcoming musical "South Pacific" to be presented by the Hereford High School music department Nov. 30, Dec. 1-2.

Lead parts for the outstanding Broadway musical have already been selected, according to director Don Moore. A cast of 25-30 actors will be chosen this week, with rehearsals to get underway early next week.

Orchestration for the hit will be selected and directed by Ben Gollehon, high school band director.

With the musical score of over 170 pages, the production will require many hours of rehearsals before its staging next month.

Written by Oscar Hammerstein II, and with music scored by Richard Rodgers, "South Pacific" joins the list of hit musicals presented by the high school music department.

Other recent productions staged by the department include "Brigadoon," "Oklahoma," and "Carousel."

National Honor Society Announces New Members

On Tuesday, Oct. 9, 1961, the Hereford High School chapter of the National Honor Society surprised 16 seniors and 12 juniors by "tapping" them. This process called "tapping" is when the established members contact the persons eligible for membership.

Plans for this are kept secret, so the following students were

Joe Mack Hale

Senior Personality

Hereford's number one quarterback is Joe Mack Hale. He is the 18-year-old son of Mr. and Mrs. Buck Hale.

Joe Mack was born on September 17, 1943, in Turkey, Tex. He lived there until he was nine years old. Then he came to Hereford and entered the fourth grade.

His favorite sport is football. As all Hereford fans know, Joe Mack has a sharp passing arm to go along with his coolness on the gridiron. He likes football because he likes to play and be on a winning team. His favorite food is steak. All the teachers of H. H. S. are his favorite.

Joe Mack's favorite pastime is goofing off. When asked what his pet peeve was Joe Mack smiled and said "bullies like Butch Walterschied."

Last summer was hard work and some goofing off for Joe Mack.

Joe Mack had this to say of H. H. S. this year. "We never had it so good." Also, he thinks the school spirit is "The best we've had since we've been in high school."

His advice to underclassmen is "Stay away from David Dowell."

BEAT LEVELLAND!!

IDEAL GIRL

Judges Select Miss Universe

Ladies and gentlemen! Tonight we are broadcasting to you from the fabulous Hereford Coliseum, bringing you the 20 annual "Miss Universe Contest." The man most qualified for judging is Johnny Willoughby. Johnny was simply terrified at the thought of having to choose between all these beautiful girls, but he accepted. He asked his helpful assistant, Wanda Cornelius, to help him. He had to have another assistant with good eyes like Sandra Hodges to see the neatness of Kathy Boston.

As the first girl came out he could tell it was Linda Edwards by her sunny walk. Next came a pair of feet that belonged to Sharon Hill. Following her came Sheri Jo Carmichael with her well-kept hands.

Then, of all persons, the provoking Patti Skypala came out, with the stubborn Kay Semonds. To make things gay Jan Reese walks out.

Johnny was getting pretty confused after seeing this line

(Continued on page 2)

pleasantly surprised: seniors were Terry Anderson, Brenda Beasley, Nancy Edwards, Glenda Fuhrmann, Sandra Hodges, Joyce Ann Johnson, Avie Justice, Drew Kershen, Kay Lemons, Kaye Neill, Delores Price, Jan Reese, Judy Rowland, Linda Stephan, Cecilia Wilhelm, and Ted Wimberly; juniors were Nelda Botkin, Ronnie Gray, Jim Grubbs, Janis Higgins, David Kendall, Gary Kendrick, Connie Kent, Kathy Knox, Audri Miller, Charles Mims, Jackie Nunley, and Donald Payne. Sophomores are on probationary members until they reach junior status.

Monday, it was announced that the scheduled meeting of the National Honor Society for Tuesday was called off. This alluded the suspicions of several hopeful prospective members who thought they knew what was going on. The meeting was not really postponed, however, so when a smug senior walked into a home room, carrying a bunch of white ribbon necklaces with large silver keys dangling from each, it was a surprise to all.

The newly "crowned" members were proudly led to the auditorium for their first meeting. They were introduced to the new officers for the 1961-62 school year: Troy Don Moore, president; Judy Fowlkes, vice-president; Bill Miller, treasurer; Connie Kent, secretary; Donna

Whiteface Staff Attends Lubbock Press Conference

Members of The Whiteface staff attended journalism day at Texas Technological College in Lubbock Saturday. Nine students attended the conference and banquet.

Sponsored by the West Texas High School Press Association, more than 400 high school journalists from the Panhandle and South Plains were on hand for the day-long session.

Following the business meetings and conferences, students attended a banquet in honor of the occasion.

Students attending the convention were guests at the Texas Tech - Texas Christian University Southwest Conference football game Saturday night.

Section Two

Fair And Sunny, Honey, With Showers Seen Soon

Barometer readings in the halls of H. H. S. for the month of October told many tales. First from the southwest section of the halls -

Hillville and Randytown are having clear weather with a slight wind approaching from the west. From T. D. town down in the south section of the hall comes a report of Hurricane Kathy. Kathy has slowed down a bit, and it looks like a quiet day for a picnic.

Canslevilla has sent a report on whirlwind Kay. The outcome is unpredictable! Dennis and Gloria reside in this city and reports show fog approaching. Stapptown is doing fine with a bright future coming for Gerry Lynn. The reports coming in for snow storm Nancy in Eddie County have our weather man confused.

Our H. H. S. barometer appears to be falling to an all-time low for Joyce and Lyntonville. A whirlwind has caught Gilliland plaza into its grips; Mayor Powell has sand in his eyes!

Considerable cloudiness and continued mild for the vicinity of Linda and Dan. A few widely scattered thunder showers today and continuing for the City of Dick and suburban area Janice.

Rainfall in the night includes the metropolis of Dan and Joy, but not to last long; sunny weather is ahead.

Temperature this morning ranged high in Parris, Texas of Langley county. Lows coming

during the month include Geary and Beth in the northwest section of the halls. Highs include Connie and an outlying district, Dowell in the northeast section.

Skies over the area dropped moisture in Shultz community, the Nolands reported widely scattered thunderstorms. The cold air remains poised just north of the Curtsinger-Neff area, while a low pressure system near Crowelltown and Avie area is drifting slowly southward.

Weathermen expect the warm front to hold steady for Debbie in the Loerwald area.

Slightly warmer temperature and clear skies are predicted for large portions of the Allison and Marcus area. Temperatures are expected to drop some near Edward and Patty in the South vicinity of the halls.

Stevenson has had sunshine and bright skies in the warm Reeb area. Boynton, the suburb of Lemonstown is having

Behind The Lockers

There didn't seem to be too much excitement this last week because of the six weeks exams. About the only excitement were the kids running down the halls between classes with their books open to get all the information before the next test.

Jenny Holt somehow got "Sawdust" in her hair.

Jenny's "Day" consisted with one day last week when she was chasing John Buck down the hall. Every time Jenny hears the name "Henry" she laughs. I wonder if it could have anything to do with Linda Edwards. Joy Story, and Shari Prowell?

There seemed to be something slippery on the chairs in the auditorium the night of Oct. 12. Joyce West kept slipping out of her chair onto the floor.

The school is certainly proud of our players of the week, Butch Walterschied, John Bob Drake, and Mack Canaler.

All of the choir students that were at the "South Pacific" try-outs Oct. 12 think Lynton Allred should act the way he acted when he tried out. He would simply steal the show! He kept complaining about his voice croaking.

Jerry Moss - Jimmy Weathers tells me you mow Sherry Dameron's lawn these days.

Royce Ann Gilliland - someone tells me you keep losing

(Continued on page 2)

SUZANNE LANGLEY has been selected Hi-Y Club Sweetheart for the coming year. She is the daughter of Mr. and Mrs. Ernest Langley of 502 Star. Active in many organizations at Hereford High, she is an officer in Tri-Hi-Y, National Honor Society, and Thespians. Suzanne enjoys many activities, but one of her favorites is playing the piano.

Future Farmers Strive For Farm Improvement

The Future Farmers of America have recently selected Joyce West for their sweetheart. She was selected by the boys on the basis of beauty, talent and personality. It will be her duty to keep a scrapbook and attend the district and area meetings. She will participate in the district beauty contest and if she wins she can advance as far

as national FFA beauty queen. The FFA is the national organization of boys who are interested in learning better farming and ranching methods. To be in this club the boys must be interested enough in farming to have at least one project each year. This project may consist of raising grain or livestock.

Choirs Attending Portales Clinic

Members of the Hereford High School Mixed Choir and the Girl's Choir will participate in the annual choir clinic to be held at Portales, N. M., Saturday, according to choir director Don Moore.

Hereford is one of the few towns in the area represented at the day-long clinic held at Eastern New Mexico University each year.

Choirs will participate in a music clinic Saturday morning, under the direction of Dr. Lloyd Pfau, choral director at Southern Methodist University.

During the afternoon, over 600 singers in the choirs attending will rehearse for the concert to be held in the huge gymnasium Saturday night. The choir of over 600 vocalists will present six numbers at the free public concert.

A quartet from the Hereford High School mixed choir, as well as the Boys Choir, will also be featured on the program.

BEAT LEVELLAND!!

If the boy does well in this project he may enter it in one of the FFA-AH shows throughout the country. Many Hereford FFA boys have entered the contests at Amarillo, Houston, Ft. Worth, and El Paso.

If members win in these contests they are given banners of blue and gold. These banners are in the FFA colors, as is all the equipment and literature used.

The motto of FFA is "Learning to do, Doing to learn, Learning to live, and Living to serve." This motto is practiced at home and at school and is not just applied to FFA work.

There are over 80 members in the Hereford High School FFA this year. The officers of the club are Joe Schultz, president; Edward Allison, vice-president; Eddie Gallagher, secretary; Larry Hair, treasurer; Pat Smith, sentinel; and Darrell Garrett, reporter.

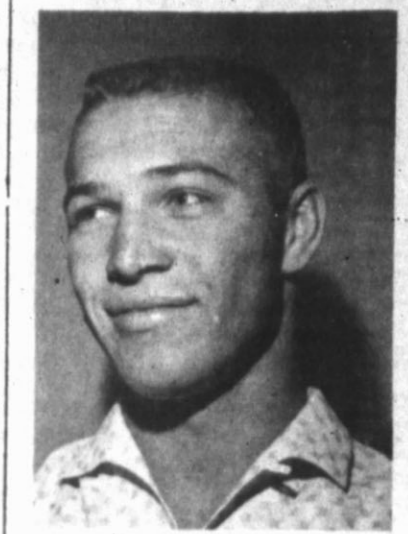

Last week two of the officers, Edward Allison and Pat Smith, attended the national convention at Kansas City, Mo. It was held to make plans for activities in the coming year and to improve the FFA organization.

The Future Farmers of Ameri-

ca is a non-profit, farm youth organization of voluntary membership, designed to take its place along with other agencies striving for the development of leadership, the building of a more permanent agriculture, and the improvement of country life.

Hereford High School FFA chapters have earned a high reputation as two of the most outstanding chapters in the area while winning top prizes in recent contests.

BEAT LEVELLAND!!

Butch Walterschied

Senior Personality

A face not usually missed in Hereford High School this year is that of Butch Walterschied. He is the son of Mr. and Mrs. F. J. Walterschied. Eighteen-year-old Butch was born Feb. 9, 1943. Butch lives on a farm north of Hereford, where he spends his time during summers.

Butch's free time is spent in various sports. He enjoys most sports, both major and minor. His six foot height and 190-pound weight are put to good use in his favorite sport, football. He is a captain for the Whitefaces this year.

Butch's favorite period, except football, is home room. He likes it because his homeroom likes to have fun, and usually does! In his homeroom his pet peeves are Dennis Rickman and Joe Mack Hale.

Butch is a member of the Hereford High Student Council this year. He thinks it is an honor to represent his homeroom.

When asked about his most embarrassing moment Butch would not reveal what happened but said it happened in his business math class. His advice to the younger students is, "Have as much fun as you can during high school."

After High School, Butch plans to attend college but has not decided where yet.

BEAT LEVELLAND!!

Tri-Hi-Y Members Receive Initiations

New members of Tri-Hi-Y are remarkably still alive after the annual initiation held at Jenny Holt's house Friday night. Really staged for fun, the going reportedly got a little rough for new members during their initiation.

Initiating 28 new members, the club now has 50 members. Six sophomores, nine juniors, and 13 senior girls joined the club recently.

Initiation consisted of "stunts" performed by the new club members.

Before the proceedings began, club members served a salad supper and heard a devotional given by Maribeth Gilliland.

Formal initiation for club members will come later, but definite plans were not available. Tri-Hi-Y sponsor is Mrs. Mozelle Neil.

BEAT LEVELLAND!!

Bands Compete At UIL Events

Hereford High School's Big Domino marching band will compete in the annual University Interscholastic League marching contest at Amarillo Tuesday.

With 60 members in the band this year, the Hereford band will compete with bands from Duran and Phillips. Approximately 40 bands will play during the day-long contest at Dick Bivins Stadium.

Last year the Domino band earned a "Division II" rating at the marching contest and inspection. Director Ben Gollehon stated that the band would be out for the highest rating this year with the improvement displayed by the band.

Judging the contest this year will be Jim Jacobsen of the TCU band, Dean Killion of Texas Tech, and Pete Long of Ponca City, Okla.

Also competing at contest Tuesday will be the Stanton Junior High School band, which will compete in a division with three other junior high schools in the Panhandle.

Hereford High School's Big Domino Band also participated in homecoming activities held at West Texas Saturday, Oct. 14. The band marched in the Homecoming Parade Saturday afternoon.

BEAT LEVELLAND!!

High School Day Announced At WT

Hereford High School cheerleaders and other students will attend events at West Texas State College Saturday, which has been designated "High School Day," at the college.

A Grand Pep Rally will be staged Saturday afternoon as cheerleaders from area high schools will join the college cheerleaders in leading the yell.

High school students will be guests of the college during the rally and at the football game Saturday night. West Texas takes on Hardin Simmons University at 7:30 p.m.

High school students may obtain complimentary tickets from Mr. L. B. Russell, principal, for only 50c for a reserved seat which usually costs \$3.

BEAT LEVELLAND!!

favorite past time is sewing. It sounds like she's already planning for a family.

Her favorite book is *Giants In The Earth*; food, spaghetti and meat balls; and color, blue. As for teachers, her favorite is Mr. Young.

Judy stated enthusiastically that she loves the faculty. Her only dislike in H. H. S. is the short lunch hour. Everything else in high school is just great.

Her pet peeve is people who act like they are your friends but really aren't. When asked about her advice to underclassmen, Judy replied, "Study hard and have lots of fun because you'll never know how much high school means to you until you're getting out."

BEAT LEVELLAND!!

Fire Prevention Observed Here

Is Hereford High School and the town of Hereford a safe enough place to be or to live in? According to official inspectors that recently examined the town and school, it is safe and is becoming more so every year as the danger hazards in Hereford have decreased by eight per cent.

In assembly, a fire inspector urged everyone to be more careful with the use of gasoline inside the house. In fact, gasoline is considered a threat to anyone who uses it for cleaning and other purposes inside the house. He explained that gasoline is for two main purposes: to burn or explode, and if given the proper additives it will do one of the two purposes no matter how careful the person is in using it.

He also showed how explosive hair spray can be. To prove his point he lit a match and sprayed a stream of the spray toward the flame. To everyone's surprise it actually did burn.

No spray will serve as a blow torch following the same method as the one used for the hair spray.

Hereford High School took part in the Fire Prevention Week activities. Two fire drills were held, one which was observed by the inspectors. As a whole the school did very well but some students could move along a little faster in evacuating the building, inspectors pointed out. On Wednesday, Oct. 10, the Whiteface Domino Band took part in the Fire Prevention parade which was held downtown.

REP. WALTER ROGERS WRITES

States Should Set Voting Age, Not US Government

To The People of the 18th District

This is an issue that has been debated for a number of years. It was most recently debated in the past session of Congress. Many articles have been written on the subject and inserted in the Congressional Record, but the question came directly before the Congress in the discussion of the 23rd Amendment to the Constitution. The 23rd Amendment to the Constitution authorizes the residents of the District of Columbia to vote in Presidential elections.

The question came up prior to the time that this Amendment was submitted to the States for ratification and was further discussed subsequent to its ratification. The minimum voting age has been fixed in the District of Columbia at 21 years. The matter of voting in the District of Columbia comes within

the jurisdiction of the Congress for the simple reason that the Congress is actually the City Council of the District of Columbia.

This is because the District of Columbia is the Federal District, and is not a part of any of the fifty states of this nation. Under the Constitution, it is the prerogative of the several States within certain limitations, to establish the qualifications for voting, including the minimum voting age. In other words, this is a matter that should be determined by the legislatures of the several States. Reduction of the age from 21 to 18 has been effected in the States of Georgia and Kentucky. In the new States of Alaska and Hawaii we find the age to be 19 for Alaskans, and 20 for Hawaiians.

Of course, if the people of this country are ready to forget the rights of the States and submit to the Federal Government on this question, they have the right to do so. However, as a staunch advocate of the dual sovereignty form of government, I would support the retention of this prerogative by the States.

On the merits of the case, there have been many arguments pro and con. Those in favor of reducing the age, argue that the rising level of education has better equipped younger people to meet their responsibilities insofar as voting is concerned. It is further argued that the idealism and enthusiasm of youthful voters would have a beneficial influence on the conduct of government. A further argument presented is: "Those who are old enough to fight are old enough to vote."

Another is the argument that there are several instances in which persons of 18 are considered of age; hence, they should be allowed to vote. It is further stated that participation in politics through exercise of suffrage is important in the training of youth for citizenship. The proponents further argue that the experience we have had in the United States in those areas where 18 year olds have been allowed to vote is good and that this should constitute a precedent upon which to spread this reduction in age to the other areas.

Arguments opposed to lowering the minimum age include

the argument that youths of 18 lack the maturity of judgment and experience that the exercise of the ballot demands. They argue that nearly all representative democracies have a minimum age requirement of 21 years or more. They argue that physical maturity is quite different from political and social maturity, and further, that the lowering of the voting age would confer political rights and responsibilities upon minors. They also contend that the voting booths should not be considered a training ground for citizenship and that maturity should be a requisite or qualification for voting. It is also contended that lowering the voting age would have a harmful effect on higher education on the theory that political organizations would invade the campuses of our colleges and create more difficulty.

This is a brief documentation of the arguments advanced on both sides.

It is my opinion that the question involved cannot be confined to the issue of voting alone. The overall question is whether or not a person at 18 years of age is able and willing to assume the responsibilities of maturity, and whether or not such a person is willing to be bound by contract, be subject to jury duty, and to accept all other responsibilities of full citizenship.

The question is — when does a boy become a man? It is entirely possible, as I am sure you can appreciate, that due to climatic and other conditions, this transition may take place at different ages in different parts of the country. Hence, I would reiterate that it is a matter that should be left for determination by the State sovereignty in accordance with the findings of the legislators of the several States. My experience with young people has been more or less confined to the young people in the Panhandle of Texas. Whether or not it is climatic or due to some other cause, I do not know, but I do feel that the great majority of the young people in our area would be able to assume the full responsibilities of citizenship in all of its aspects at the age of 18 if they were so willing.

Behind...

(Continued from page 1) something in P. E. I would certainly like to know what the mystery lost object is!

Some of the Juniors told me there was certainly going to be a good spaghetti supper soon.

Jim Barnett — What happened to you Sunday night, Oct. 8? Please keep your friends informed.

The bonfire got a little hot for Joy Story. She was so afraid she was going to be burned, she ripped her slim - jims all the way up the side. Poor Joy!!

I was told to ask John Buck about his "stale" date.

Linda Edwards is having quite a bit of trouble with her French. She also has trouble recognizing horse goggles or she just likes to embarrass Jay Boynton! I hope you work your problems out, Linda.

Jerry Curtisinger, is Shar on Hill really "forward?"

Sheri Prowell, couldn't you find another house besides Roger Albracht's to borrow a teaspoon of salt from?

Rumor has it that Wain, Lyn-ton and Dennis had more than their rightful share of problems with girls while attending the Press Conference at Lubbock. We do hope that those girls finally discovered what a "down" is in football. It's really not too hard to understand.

People are telling me that Jimmy Weathers is engaged by the new ring he is wearing. How about it, Jimmy?

There are thieves around Grady Parson's locker, he keeps losing some of his most valuable things.

Jan Reese comes to school with no shoe strings before first period but gets some before she goes into her first period class. Where have you been getting them, Jan?

Understand Donald Payne also has three letters in baseball—MGR. Keep trying Don.

Madame Audini, better known as Audni Miller, has really been keeping horse-cope watchers on their toes in hand these days. Some of her predictions include such helpful warnings as "Never throw rocks at cattle wearing turtle - neck sweaters." More of her informative hints are posted on the bulletin board in the band hall.

Suzanne Higgins, you had better learn what makes "news" and what doesn't.

Jimmy Kassahn is out of football action for a while because of a broken collar bone received during the B-team game Tuesday night. Jimmy was really going when he hit head - on with that Lobo!

Mr. Hinkley — understand that bedtime stories are the order of the day for your English III classes.

BEAT LEVELLAND!!

SNAKE HUNTERS
BEEMERVILLE, N. J. (S) — If the couple strolling through the Sussex County countryside are Fred and Beverly Spa ce, chances are they're not berry-picking — but hunting for deadly rattlesnakes and copperheads. They need the reptiles to replenish the supply in the snake den at the Space Wild Animal Farm here.

"Each year we go out and add snakes to our collection because each year we have to free snakes which don't feed well in captivity by the end of the summer," Space says.

"We have the snakes around Beemerville just about picked off. So we have to come to other places in Sussex County and make a trip or two to Delaware and Sullivan Counties in New York State to get what we need.

"It's fun and a good way to spend a day off."

Fair...

(Continued from page 1) ranged from 46 in the Wain area to 63 at Jimmieland, where the leading edge of the warm front is sitting. The warm air remains poised just north of the Darlene - Ronnie area while a low pressure system near the City of Dwight and Betty Mae drifts slowly southward. As soon as the cold pressure passes the warm front will then continue its passage across Pat City or Jerry Town's area.

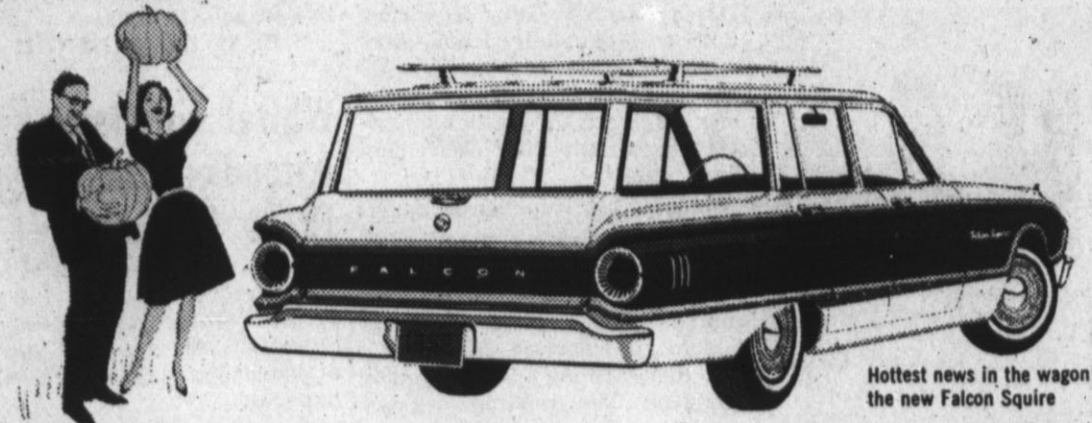

Have you read the Classifieds?

Temperatures will average 2 to 6 degrees above normal north to near Steele Village and Lynn City. A little cooler south today, a little warmer near Tiny Town and the Vickie vicinity. Temperatures will average about 2 degrees higher as the warm front moves to Leslie down north in Katherine county. The change in Howeltown is brightening! Looks like poor football weather for Dianna.

"You're helping us spruce up Spruce Street!"

On many a southwestern main street, Standard of Texas is building modern, spacious new service stations that civic leaders hail as assets to their towns and cities.

They know that very often a tourist's first, and sometimes his only, contact with a community is a service station — and a bright, up-to-date station can create a favorable impression that reflects on the entire town, and encourages stop-over or return visits.

In addition to the more than 300 new stations created through Standard's current development program, the Company conducts a continuing program of modernization — to keep present stations bright and attractive, and help communities put their best foot forward to visiting motorists.

Over 100 different towns in Texas and New Mexico will have shared in this partial "face-lifting" of their main thoroughfares — improvements that help raise adjacent property values, and stimulate the flow of capital.

In this — as in all other phases of its widespread operation in two great states — Standard's progress contributes to community progress.

"FROM HERE"

... it appears our world needs a lot of 'fixin up'." Too often, too many of us do our day-to-day job in a half-hearted way. We lose our perspective... our relationship to the world. We get to feeling our importance. *Right there is our un-doing.* When a man loses humility, he is on the way out. This man, with his wrench, looks at the world from way up. He wonders if he did his best on the foundation underneath him... if the high walls will support the structure he is atop. Both are basic to good building. The church, too, is necessary in the building of character, in the transforming of souls. *It will help us greatly in the training of people to help fix our world.* It will make good stewards of us who will be more anxious to share the fruit of the vine. So let us attend church or Synagogue every week. Let us, in earnest, help this man 'fix up' our world.

AUSTIN HIGHLIGHTS

Year-Long Colleges, Better Election Laws Among Study

BY VERN SANFORD
AUSTIN — Year-long colleges, less work for the Attorney General and more realistic election laws could result from studies being undertaken by the Texas Legislative Council.

The Council, the Legislature's research arm, agreed to undertake 11 studies during the coming year. A total of 25 were proposed. List was trimmed down because there just isn't enough time or money to study them all.

Subjects selected for study include:

- Election Code Revision.
Space Utilization by Institutions of Higher Education.
Coordination of Health and Welfare Services of the State.
Non-constitutional Duties of the Attorney General.
Opinion Authority of the Attorney General.
Laws Based on Population Classification.
State Hospitals and Special Schools.
Texas Utility Regulations.
Discrimination in Employment Because of Age.
Mentally Ill Children.
Health, Accident and Hospitalization Insurance Claims.
Findings will go to the 1963 session of the Legislature for the lawmakers' consideration.

Water Pollution

Governor Daniel will soon name the members of the new State Water Pollution Control Board. This new agency will operate to some extent as a branch of the State Health Department, in that its executive secretary and only full-time official will be the Health Department's director of water pollution control.

Many areas of Texas are having water pollution problems, and those who sought help in Austin went to four or five offices without finding much response.

So legislators set up a new agency, but did not give it any operation money. It authorized Governor Daniel and the Health Department to allocate part of their appropriations, if they can spare it, to the new agency.

Daniel will ask this winter's special session of the Legislature to make some improvements in the law and to provide some cash for the agency to begin a real attack on water pollution.

After Nov. 7, no one can discharge any kind of waste into the waters of Texas without a permit from this board.

Sales Tax Time

Merchants who have been collecting the new state sales tax will make their first payments to the state October 31, covering collections for September.

Payments will then go on a quarterly basis. Collecting stores get to keep one per cent. If they make estimates and pay in advance for each quarter, they can take a three per cent discount. Advance payments on the fourth quarter of 1961 will be due by November 15.

Comptroller Bob Calvert issued some more interpretations

of the new law. If you pay the sales tax to the state on credit sales, and then charge them off as bad debts, you can deduct the tax on the tax return for the quarter in which you gave up on collecting.

Unless seller keeps books to show clearly what part of a credit sale is for the item and what part is for interest, carrying charges and insurance, he must collect the tax on the whole price of the sale.

Shirt boards and clothing bags are exempt from the sales tax when bought by a clothing store for selling new goods. But laundries buying the same items would have to pay the sales tax on them.

A bottler would pay the sales tax on soda pop bottles when he buys them from the factory. But when you put up a deposit on returnable bottles at the corner store, there's no sales tax on the bottles.

Paperbacks

Students in 110 classrooms in Texas will be using some paperback school books in January. Legislators, looking for ways to save money, told the State Board of Education to test out paperback school books and report back by 1963 on whether tax money can be saved.

The board will adopt new books at its meeting November 13. It will vote on 27 books recommended by a teachers' textbook committee. Protests have been made by rancher-writer J. Evetts Haley of Canyon, speaking for the Texans for America organization.

Tax Attacked

Three gas pipeline companies brought suit in Austin to try to knock out the new tax on production of gas under dedicated-reserve contracts.

This is merely a token tax, designed to find out whether this new approach to the taxing of natural gas is constitutional. Suit was expected.

Two previous efforts to levy an additional tax on gas have been knocked out by the courts. Rep. Robert C. Eckhardt, Houston, devised this new method and believes it is valid despite some amendments he opposed on the ground that they would weaken the chance of standing up in court.

More G. I. Loans

Veterans Land Board advertised for bids for \$25,000,000 more in State bonds to expand the program of farm and ranch loans to Texas veterans.

Step up in the program was announced by Land Commissioner Jerry Sadler, who said tracts to be subdivided for sale to GIs will be appraised before the owner has surveys made.

Last Word

Some 7,700 Texans got checks from State Insurance Liquidator C. H. Langdeau which brought to 39 per cent their recovery from the bankrupt U. S. Trust and Guaranty Company. This was the big insurance, investment and automobile sales firm which collapsed in 1955.

Langdeau has almost liquidated all the assets, but has pending a lawsuit in which he and

Mrs. A. B. Shoemaker, wife of the president of the firm, are arguing as to whether a large Waco residence is her home-stead or the company's.

So a proposition was made to the 9,000 creditors and claimants — settle for another two per cent, and charge off the rest of your loss on your 1961 income tax return. Or, if you choose, hang on and perhaps get a little more if the state wins the lawsuit.

In all, 7,700 took the two per cent, but 1,300 said they would wait and see.

As it stands now, Langdeau found \$7,100,000 worth of debts and deposits in U. S. Trust and Guaranty Company. He was able to scrape together only \$7,800,000 to pay on the claims.

Diggings Planned

Archaeologist from the University of Texas will dig for Indian relics in seven parts of Texas which are soon to be covered with water.

National Park Service is advancing \$60,000 to finance the searches. Seven areas to be mined for remains of Indian cultures are those to be covered by Sanford Reservoir on the Canadian, Amistad on the Rio Grande, McGee Bend on the Angelina, Navarro Mills on Richland Creek near Corsicana, Columbus Bend near Columbus on the Colorado, Livingston on the lower Trinity and Toledo Bend on the Sabine.

Fourth Term

Political newsmaker of the week was Atty. Gen. Will Wilson. He walked into the State Democratic Executive Committee to charge that Governor Daniel had made a deal with Sec. of Navy John Connally of Fort Worth by which Daniel would support Connally for governor and would himself run for lieutenant governor.

Wilson challenged Daniel to run for a fourth term (against Wilson), rather than to support Connally for the place "when he has barely got his seat warm in Washington."

Connally, in Texas making a speech, said he had no comment, that he had "quit reading fairy tales a long time ago."

Daniel said any fair-minded person "who reads the entire statement is bound to know it is false and a concoction of his imagination."

Candidacy Announced

Texas got the first announced candidate for the Democratic primary next May 5. He is a young West Texan who has set out to be a giant-killer.

Keith Wheatley, 28, of Stamford, announced as a candidate against Railroad Commissioner Ben Ramsey for the remaining two years of the late Commissioner Olin Culberson's term.

Wheatley, an independent oil operator and son of State Rep. J. C. Wheatley of Haskell, said the little men in the Texas oil business are being starved out by the Railroad Commission's proration policies.

Short Shorts

Gov. Price Daniel designated this week (Oct. 15-21) as Newspaper Week in Texas. He urged

Here and There

with Mrs. Merlin Kaul

Mr. and Mrs. Don Moore, Cy and Mandy went to Dalhart last week to attend Homecoming activities of Dalhart High School. Don is a graduate of Dalhart High and he and Mrs. Moore are former teachers there. Activities Saturday included "class coffees," the afternoon football game, supper for grads and families followed by entertainment in the high school auditorium. They report a wonderful time.

The Moores returned home Sunday coming through Amarillo to visit his father, who has been hospitalized.

First grade teachers get many a chuckle from the sayings of six year olds. For example, one little girl brought back the note, which was an inquiry of whether the parents had joined PTA, with the announcement that "Mother said she wasn't going to enjoy (join) PTA."

When asked how he liked school, one little fellow wasn't just sure but said, "I'm going to try it one more day!"

Some are just downright complainers, like one the other day at the close of the reading lesson. This young man closed his

citizens to consider the contributions a free press makes to American democracy.

A total of 2,667 new jobs were created in Texas in August by the opening of new businesses. With 24 new manufacturing firms, 343 new jobs were opened in that category. Retail trade accounted for 1,792 new employees in 76 new firms.

Governor Daniel reappointed H. H. Coffield of Rockdale to a third term and Morris Roberts, Victoria publisher, to a second term on the State Board of Corrections. Leland Kee, Angleton attorney, was named to a six-year term to replace Warren Bellows, Houston. This board runs the big and growing prison system.

Former Hereford residents

book, nonchalantly reached over, patted his teacher on the head and expressed his sentiments with the words, "Good Girlie!"

The Gray Ladies Society met last Thursday for a luncheon at the home of Mrs. Lois Rutter, after which the regular meeting was conducted.

Those present included the hostess, Mrs. Corinne Neely; Mrs. C. A. Saulcy, Mrs. Lefty Thomas, Mrs. Goldie Criswell, Mrs. Elsie Boardman, Mrs. T. B. Thomas Jr., Mrs. C. O. Cockrell and Guyrene Carter.

This group of ladies lists as some of their duties visiting shut-ins, assisting with entertainment for rehabilitation of trainees at Amarillo Air Force Base, providing tray decorations for Veterans Hospital and providing a book card at the maternity ward at the local hospital. They have meetings once a month.

Mr. and Mrs. Steve Powell and Sharlene went to Sudan last weekend to visit relatives. They visited cousins of Mrs. Powell, Mr. and Mrs. Arvis Jones of Olivehurst, Cal., were guests of her parents, Mr. and Mrs. H. M. Gilbert. Mrs. Willie Mae Stone of Midland was also a guest in the Gilbert home. They spent part of the time with Steve's parents, Mr. and Mrs. A. S. Powell.

Mr. and Mrs. A. A. Head arrived home last week after a two-week trip to Tennessee and Georgia. They made the trip by train from Amarillo. They went to Chattanooga, Tenn. where they were guests of Mr. Head's cousin, Mr. and Mrs. W. C. Green. She took them to visit other cousins in the area. Since the state line between Georgia and Tennessee runs through Chattanooga, they enjoyed visits in both states.

Head formerly lived south of the city on the Georgia side. His parents left there in 1906 and came to Oklahoma. He says all that's left of the old farm is the chimney of the house and the barn.

He brought back some fine chestnuts and hickory nuts and enthusiasm for the wonderful trees and beautiful scenery — but says he wouldn't want to go back there to live.

Former Hereford residents

Mr. and Mrs. A. B. Christian of Abilene, have been guests this week of Mrs. Lois Rutter and Clea Kay. They were enroute to Amarillo to visit relatives. They left home Sept. 28 and Roswell in New Mexico and with their son Duane and wife in Eldorado. Duane, a 1950 graduate of Hereford High School, teaches at Midway near Corpus Christi and his wife teaches in Corpus. He is working on a Master's Degree at Texas University. He was one of the "Committee of 24" appointed by Governor Daniel to make a study of education in Texas.

Mr. and Mrs. Grady Wilson of Sturgis, S. D., are visiting relatives in this area. They have been guests in the home of their daughter, Mrs. Bud Hopson on K Street, in the Elvin home in Friona, and in the Jerry Landers home at Westway. The first of the week they went to Amarillo to visit her brother, John Johnson and Mrs. Johnson and plan to visit Grady's father in Abilene before they return home.

The Leadership Banquet for officers and teachers of the First Baptist Church was held in the banquet room at the church last Thursday night. The leaders shared plans for the ensuing year.

Speaker of the evening was Dr. Moore, pastor of the First Baptist Church in Amarillo. His message was "Challenging for Service."

Mrs. Don Steele prepared the display for the theme, "Growing in Personal Leadership" using a football player just ready for a "kick off."

Children present were entertained with a film after the banquet.

About 220 people attended, of which 160 were teachers and officers.

Little Sandra Ward, three-week-old daughter of Mr. and Mrs. Ervin Ward, has come in for plenty of attention at the Ward home. Her 2½-year-old brother Scotty is delighted with her as is big sister, 8-year-old Kim. And even 10-year-old Kirk thinks she's okay.

Mr. and Mrs. Clayton Gene Rutter and son Allan of Amarillo were guests the last of the week at the home of his mother,

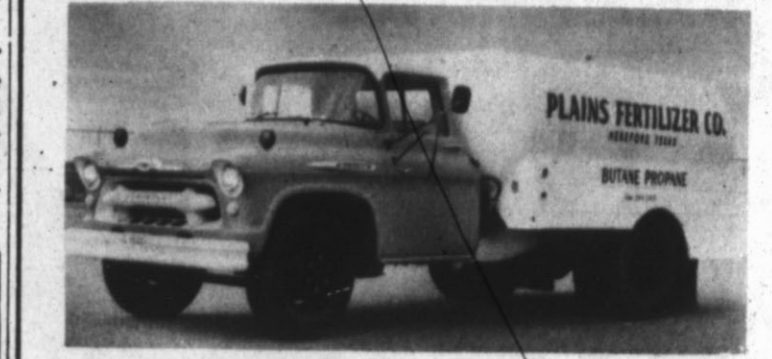

Mrs. Lois Rutter. Rutter is employed by the Texas Highway Department, Expressway Division. He received his degree in Civil Engineering from Texas University. He is a graduate of Hereford High School.

Urlin Streu is doing some work on his ranch near Crested Butte, Colo. He reports some bad roads in that area as a result of the early snows.

See Your Druggist for wonderful new comfort for false teeth

CUSHION FOR FALSE TEETH
No more messy, sticky, old-fashioned pastes, powders or pads. Each application of plastic Cushion for False Teeth ends loose denture troubles for weeks at a time. Easy to use, sanitary, medicated to help heal sore gums. Eat "normal foods" with comfort and confidence — no hard particles under plate — no "denture breath". Talk, laugh — even sneeze — your plate stays comfortably in place!

Now CHEVROLET A New World of Worth from Chevrolet

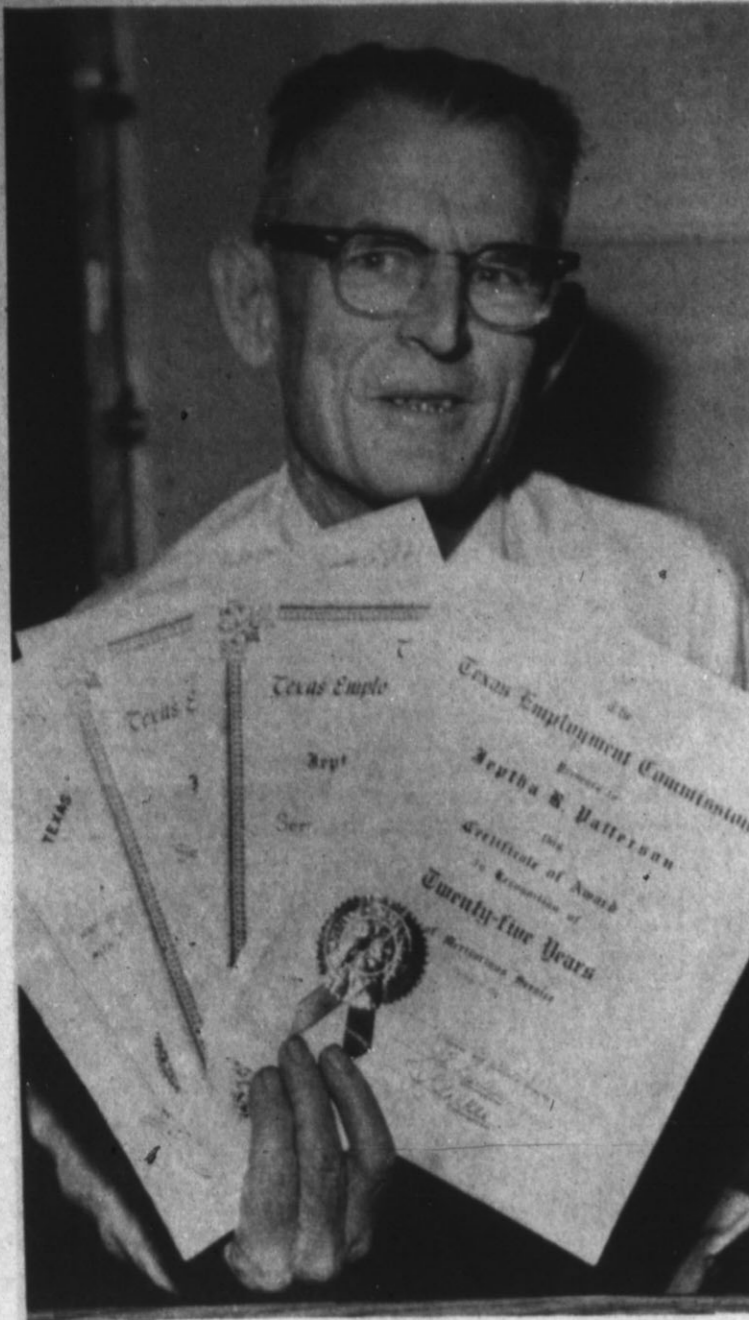

Lovers of good cars - what more could you want! '62 CHEVROLET
Step right in—and feel luxurious all over. Here's all the space and comfort you could want. A road-gentling Jet-smooth ride... a choice of V8 power... and new beauty that's bound to keep its looks... front fenders have new steel underskirts to help fend off rust and stones. Here's more than ever to please you from the make that pleases most people.
Hasn't this one got it, though! Class. Freshness. Stretchout comfort. All the things you could reasonably want. Fourteen lovely, lively models to choose from, including a Sport Coupe with a roof line that's a dead ringer for the convertible's. For "git," you can pick an economical 6 or your special favorite of five vigorous V8's (right up to two 409-cubic-inch powerhouses*). For putting that power to work just the way you want it, there are four transmissions. More? Plenty. You've got the Chevrolet's Jet-smooth ride, cradled by a Full Coil spring at each wheel. Plenty of handy helpers like longer lived mufflers for all engines and a standard-equipment heater and defroster. All this on top of Body by Fisher craftsmanship. Still more? You bet. And your Chevrolet dealer's just itching to tick it off for you firsthand.
*Optional at extra cost

NEW CHEVY II
Sensibility at its Sunday best in a totally new line of cars!
Here's sturdy simplicity that saves you money in service and maintenance. A frugal 4- or satiny 6-cylinder engine (in most models). Mono-Plate rear springs that eliminate the friction of multi-leaf springs. Nine new-sized models including the soon-to-be-available hardtop, convertible and station wagons with heater and defroster as standard equipment—and with roominess that'll make many a full-sized car sit up and take notice.
Pop into your Chevrolet dealer's and see what a pleasant turn driving's taken in the neat new Chevy II.
See the '62 Chevrolet, the new Chevy II and '62 Corvair at your local authorized Chevrolet dealer's

FOR 25-YEARS SERVICE as a member of the Texas Employment Commission, Pat Patterson, local director of the TEC office, received his fourth certificate recently. The certificate was awarded by W. A. Grant, district director, after Patterson completed his 25th year Oct. 3. Patterson, who came here in May, 1956, is one of the three TEC employees in the Panhandle who have received the certificate. Patterson also displays his 10-, 15- and 20-year awards. (Staff Photo)

Mrs. Paul Rudd Speaks At Farm And Ranch Club

The Farm and Ranch Club met in the home of Mrs. Phillip Miller recently for a luncheon. The table was set with fiesta pottery, a gold-colored linen cloth and a centerpiece of fall flowers of brown and gold. The

Child Support Case Draws Jail Sentence Here

A Hereford man was sentenced Friday to three days in jail and court costs by County Judge Don Zimmerman for non-support of a minor child. The man is Johnny Jackson, 26, 119 Virginia St. The arresting officer was Ed Roberson, deputy sheriff.

FISH FRY

The Men's Bible Class of the Temple Baptist Church entertained their wives and members of the Ruth Class, Tuesday, Oct. 10, in the church dining room with a fish fry. Mr. and Mrs. H. E. Lindley furnished the fish. Twenty-four people attended the meal and the christian fellowship hour.

place cards were made by Mrs. John Hill. Each card had a scene to correspond with the member's name.

Mrs. Paul Rudd was in charge of the program. She gave a talk on the climate and geography of Alaska. The floating prize was won by Mrs. John Hill.

Two new officers were elected for the coming year: Mrs. Herschel Burrus, federated counselor, and Mrs. Clifton Johnson, reporter.

Those present were Mesdames Herschel Burrus, Jack Weaver, John Hill, Glenn Burrus, Clifton Johnson, N. E. Tyler, Paul Rudd, and the hostess, Mrs. Phillip Miller.

LITTLE BIT OF HOME

BALTIMORE (AP) — Attorney Joseph I. Paper recently was given an exotic bamboo pipe by a friend, a merchant marine captain who had bought the pipe in French Somaliland. After the captain left, Paper examined the pipe closely and discovered that it was "Made in U. S. A."

AN HONEST REPLY

JOPLIN, Mo. (AP) — Mrs. Mary Silvers observed two men putting some rolls of her new roofing, stacked in her yard, into an automobile at the curb. "What do you think you're doing with that roofing?" she asked.

"We're stealing it, mam," a male voice answered as the car drove away.

TAG BARGAINS

HAMPTON, Va. (AP) — Police say it looks like Alabama at the gates of Langley Air Force Base. They estimate that 600 vehicles owned by military personnel carry Alabama license tags which cost less than a third the cost of Virginia tags. Unless a service man was stationed in Alabama before coming here, or is a legal resident there, he is required to purchase Virginia tags.

Westway Club Members Study Case Of Feet

The Westway Home Demonstration Club met Oct. 12 in the Westway Community House.

Mrs. R. W. Mitchell presided at the meeting. Mrs. Harold Rudd and Mrs. Joe Landers presented the program, "How to use your Head and Save your Feet." Points were stressed that a great part of your health and posture depends on good fitting shoes. Buy shoes in the late afternoon, when feet are swollen, to insure correct fit. If the feet hurt, go to a foot specialist. Rest feet when tired. The correct way to trim toenails was shown. The best time for trimming and cleaning toenails is after the bath, when cuticle remover can be applied and rubbing away of loose skin with a towel or pumice stone. If the skin cracks, Mentholatum can be applied and socks worn for protection.

Refreshments were served to Mesdames D. B. Robinson, a new member; Harold Rudd, Joe Severance, Joe Landers, Paul Rudd, Kenneth Rudd and R. W. Mitchell. The next meeting will be in the home of Mrs. Herbert Owens on Oct. 26.

The state flower of Maine is the white pine cone and tassel.

Wesley Methodist

LET'S COOK SOMETHING!

Music Teacher's Kitchen Makes A Tasty Symphony

Mrs. Cecil Parker, (Frances) and her husband Cecil reside at 300 Blevins Street in Hereford. Frances is a native of Winamac, Ind., and has been a resident of Hereford for the past 15 years.

She is a graduate of Jordan Conservatory of Music in Indianapolis, Ind. She teaches both voice and piano, loves children (although she had none of her own); and enjoys thoroughly working with the children in their eagerness to learn and guiding them in developing their musical talents. She always has amusing incidents to tell about the children and so much encouragement for the parents of the "budding" musicians.

Frances also is a flower enthusiast with a green thumb, especially with roses and raises many varieties in her yard. She seems always to be working with her hands, being very talented also with sewing and doing beautiful needlework.

She is a faithful worker in

the church in the music department; playing the piano and the organ, singing in the choir and conducting the children's choir. She works with the children each day during the annual Bible school in learning songs of praise. Frances and Cecil are members of the First Christian Church.

The literal definitions of good and neighbor are agreeable, pleasant, sincere and of comparable excellence in its kind, admirable and to be an associate on neighborly or friendly terms. These definitions describe Frances and give her the honor of being a good neighbor.

Mrs. Parker offers these favorite recipes for those who enjoy cooking and eating good food.

MENU
 Potato Soup
 Round Steak
 with Mushroom Soup
 Cole Slaw
 Dill Pickles
 Homemade Bread or Rolls
 Butter
 Canned Apple Pudding
 Coffee

Potato Soup
 1/3 cup salad oil
 1 cup water
 1 cup chopped onions
 3 cups diced potatoes
 2 teaspoons salt
 1/4 teaspoon pepper
 3 cups milk
 3 tablespoons chopped parsley

Heat salad oil in large saucepan. Add onions and cook over low heat, stirring occasionally, about 12 to 15 minutes until tender but not brown. Add potatoes and water; cover and cook slowly until tender, about 20 minutes. Mash well. Add seasonings and milk. Heat thoroughly. Just before serving, add chopped parsley. Makes 4-6 servings.

Round Steak
 With Mushroom Gravy
 Salt, pepper, and flour the round steak. Put oil in skillet and heat. Fry the steak quickly until browned. Turn the heat to low, add a can of mushroom

soup plus one can of water to the skillet. Slice one medium onion (fine or coarse). Add to the mixture and cook about one hour on low heat. Cover the skillet during the cooking.

Cole Slaw
 With variations
 Chop fine or grate well, 1/2 head of cabbage and 2 or 3 stalks of celery.

DRESSING: Mix 1/2 cup of diet mayonnaise and 1/2 cup of diet Italian dressing (romano). Stir well and add to the cabbage mixture. No other seasoning is necessary.

Homemade Bread or Rolls
 3 cakes of yeast
 1 1/2 cups lukewarm (100 degrees) water
 6 tablespoons sugar
 2 tablespoons salt
 3 cups evaporated milk (at room temperature)
 3 cups warm water (110 degrees F.)
 2 1/4 cups sifted all-purpose flour
 6 tablespoons melted shortening

Dissolve yeast in lukewarm water. In a large mixing bowl or dish pan; combine sugar, milk, salt, and warm water. Mix well, then add yeast, shortening, and flour. Stir with a spoon as long as you can, then knead by hand until very elastic. Let rise in pan or bowl once and then knead down again. Let rise again until double in bulk. Mold into loaves or rolls and place in well greased baking pans. Brush the tops of the bread with oil. Let rise about one hour or double in bulk after the dough is molded. Bake in 350 degree oven until brown. Makes 6 loaves. The dough or the finished product freezes well. (Let the dough rise in pan of warm water to maintain an even temperature.)

Canned Apple Pudding
 7 cups pared, sliced apples (fresh, canned, or frozen) (pears may be used in place of the apples)
 1/3 cup water or juice
 1/2 cup brown sugar, firmly packed
 2 tablespoons grated or powdered lemon rind
 1/2 cup granulated sugar
 1/2 teaspoon nutmeg
 1/2 teaspoon cinnamon
 1/2 teaspoon salt
 3/4 cup all-purpose flour
 1/2 cup butter or margarine (1/4 lb.)

1 teaspoon allspice may be substituted for the nutmeg and cinnamon)
 Place the apples in 8 x 8 inch baking dish; add water. Combine brown sugar, granulated sugar, lemon rind, nutmeg, cinnamon, salt and flour; cut butter in with a pastry blender until mixture resembles coarse corn meal. Spread evenly over apples. Bake. Serve hot or cold with topping of vanilla ice cream or plain cream. Bake one hour at 375 degrees.

Some other favorite dessert recipes of Mrs. Parker's are listed.

Rubarb Upside Down Cake
 3 cups cut rhubarb
 10 marshmallows, halved
 3/4 cup sugar
 1/2 cup shortening
 1 cup sugar
 2 beaten eggs
 1 3/4 cup enriched flour
 1/4 teaspoon salt
 3 teaspoons baking powder
 1/2 cup milk

Arrange rhubarb in the bottom of a 10 inch skillet (handle removed.) Add marshmallows and 3/4 cup sugar. Cake Batter: Thoroughly cream shortening and one cup sugar. Add eggs; beat thoroughly. Add sifted dry ingredients alternately with the milk. Pour over the rhubarb. Bake in a moderate oven (350 degrees) for one hour. Cool five minutes. Loosen edge from pan with a knife. Invert serving plate over skillet. Turn upside down. Remove skillet. Serve with ice cream, whipped cream, or just plain, if desired. Serves 8.

Evadne, in Greek mythology, was a weaver of dreams, hence the name for the gingerbread, which is light and delicate in texture.

Evadne Gingerbread
 3 eggs
 1 scant cup sugar
 1 cup Molasses
 1 cup oil
 1 teaspoon each of powdered clove, ginger, and cinnamon

Place all ingredients in a large bowl and beat well. Dissolve 2 level teaspoons soda in 1/8 cup of hot water. Add to beaten mixture. Sift in 2 cups flour. Beat well. Add one cup boiling water and beat lightly and quickly. Pour into pans and bake 45 minutes in a moderate oven. Serve hot or cold.

Topping: Custard Sauce:
 3 tablespoons sugar
 1 tablespoon cornstarch
 dash of salt
 1 egg, separated
 1 1/4 cup milk
 grated orange rind
 Blend sugar, cornstarch, salt and egg yolk. Add to scalded milk. Cook over hot water until thick. Fold in the beaten egg white and grated rind.

This gingerbread freezes, packs and stays moist for a long

MRS. CECIL PARKER enjoys working in her comfortable kitchen. And visitors who arrive while she is making bread think up all sorts of excuses to remain until the loaves are finished. Frances Parker is known both for her ability as a musician and as a cook.

period of time.
 dough and the finished product both freeze well.

Gingersnaps
 Cream together until light and fluffy, 3/4 cup hydrogenated shortening and 1 cup sugar. Add and beat well, 1 egg and 1/4 cup molasses. Sift together and mix in 2 cups sifted all purpose flour, 1/4 teaspoon salt, 2 teaspoons soda, 1 teaspoon cinnamon, 1 teaspoon cloves, and 1 teaspoon ginger.

Chill one hour. Roll into one inch balls and roll in granulated sugar. Place balls 2 inches apart on ungreased baking sheet. Bake in a moderately hot oven (375 degrees) for 8 to 10 minutes or until very lightly browned. Cool slightly, then remove from baking sheet. Makes 4 to 6 dozen cookies. (The cookies have cracked tops and the sugar gives a slight gloss.) The

ASSOCIATED GROWERS OF HEREFORD

Clovis Hiway EM 4-1527

D. E. SPOTLIGHT — Gary Wilson is employed at Tannahill Variety through the Distributive Education program offered at Hereford High School. He is the son of Mr. and Mrs. Cecil Wilson of 419 Ave. K. His duties at the store include selling, stocking and marketing merchandise, and arranging merchandise displays. After graduating from Hereford High, he plans to join the Navy. (Staff Photo)

D. E. SPOTLIGHT — Harold Anderson is employed at the C. R. Anthony Co. under the Distributive Education program at Hereford High School. He is the son of Mr. and Mrs. R. C. Anderson of 225 Ave. E. In his second year of D. E. training, his duties include selling, stocking merchandise, and helping with window displays. (Staff Photo)

Local Residents Will Be Honored At Award Dinner

Four Hereford residents will be included in the 120 employees of the Panhandle Division of the Southwestern Public Service Company who will be honored guests at the 13th annual service awards dinner to be held Oct. 20 at the Palo Duro High School cafeteria in Amarillo. An award for 25 years service will be presented to Maxey H. Wiseman, while Carroll R. Hagar and Earl T. Waits will receive 15 year recognition. A 5 year award, the first presented by the electric light and power company, will go to Raymond Lee Dement. The awards will be presented by A. R. Watson, Southwestern's president and general manager. Guest speaker for the evening

will be Tom James, state representative from Dallas, and Bill Esler, Southwestern's district superintendent at Borger, will serve as master of ceremonies.

The 120 employees being honored this year have a combined service of 1490 years.

HAS HITLER COLLECTION

JAMESTOWN, N. Y. — Andrew Sivi has a collection of items once owned by or associated with Adolph Hitler, which he says has been valued at \$50,000 by Army officials.

The collection includes a .22 caliber pistol that belonged to the Nazi leader; a hand towel with the monograms "A.H."; a toy stuffed dog given Hitler by his niece; many swords, arm-bands, flags and banners, and several letters and cards signed by Hitler.

DEAD GIVEAWAY

ANDERSON, S. C. — Anderson police gave the standard information on a pickup call for a motorist suspected of drinking too much — make, color and model of automobile.

The radio dispatcher added the key: "The car is being driven by a Yankee."

A few minutes later a car answering the description was halted. When the driver began protesting, police knew by his accent they had their man.

A bronze figure of Frederick August Bartholdi will be unveiled Oct. 28 near the base of the Statue of Liberty. Oct. 28 is the 75th anniversary of the dedication of the statue, Bartholdi's greatest piece of sculpture.

LIVING TOTEM

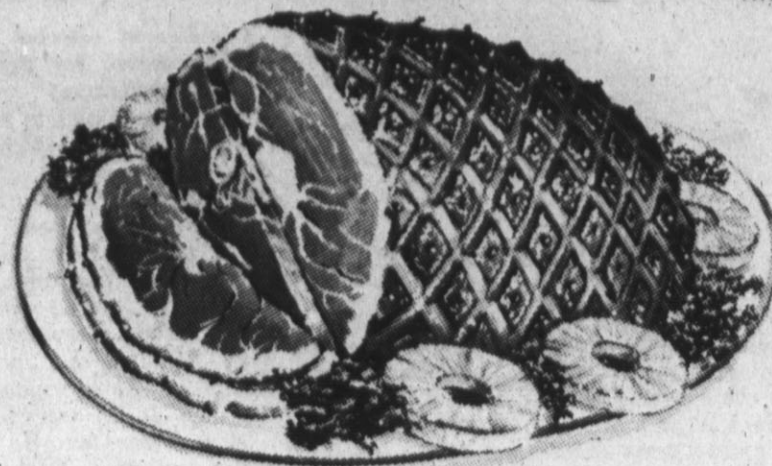

CLEVELAND — A firmly rooted totem pole stands on the front lawn of George Roether's home.

The colorfully painted pole is carved from the trunk of a live maple tree. The tree's roots threatened Roether's sewer lines, so he topped it piece by piece. But rather than chop the tree down entirely, he stopped sawing at the height he wanted for the totem pole.

After the trunk was peeled, Roether found a metal-cutting cold chisel was needed to carve out his creation. The wood was too full of sap to yield to conventional wood chisels.
