LOCAL REPRESENTATIVES to the State meeting of the Texas Home Demonstration Association left Hereford Tuesday morning for San Angelo where they will join other delegates from various points in Texas on August 9 and 10. Theme of the program is "Prepare For The Challenge Of Change" and includes inspirational talks and committee workshops.

Jury Acquits Nick Sedillo

Nick Sedillo, 26-year-old Latin-American man charged since last January with burglary of a motor vehicle, was acquitted Tuesday afternoon in 69th District Court. Sedillo, who was arrested January 4 at his residence 135 Ave. H, was charged with breaking into an automobile owned by Dan Guseman, Westway. Also charged in the case was Larry Barela, 18, 317 Ave. I. A jury of eight women and four men returned a verdict of not guilty after hearing two days of conflicting testimony from witnesses. Sedillo, who has been out on \$500 bond since the alleged offense was committed, was defended in the case by Ernest Langley, local attorney. According to District Attorney William Hunter, the case against Barela, who was also out on \$500 bond, will be dismissed. Presiding in the case was District Judge Harry Schultz of Dalhart. The jury members were: Kenneth P. Rudd, Foreman; Mrs. A. N. McRight, Mrs. L. L. LeGrand, Mrs. Ira Ott, Irving Reeves, Mrs. Henry Weems; Mrs. David Yandell, Mrs. J. H. Fish, Mrs. Lea May, Mrs. Slagle, Mrs. J. C. Shaw and Bruce E. Fink.

It's "Go To School or Leave Town?"

Judge Declares War On Non-Attendance

Compulsory education will be enforced rigidly in Deaf Smith County during the 1961-62 school terms, according to Judge Don Zimmerman, who literally declared war on truancy in a statement here Wednesday. At the same time, he scheduled a meeting of school, city police, and sheriff's officers for 10 a. m. Tuesday morning, Aug. 15, in the county courtrooms, and asked general public cooperation in making total enforcement a reality. "People will either send school-age children to class— or move to some other county," declared Zimmerman, who is responsible for school attendance under his title of ex-official school superintendent. "We expect to check daily on all eligible school children — and there will be no exceptions!" The compulsory school laws of Texas require that all boys and girls between the ages of seven and 16 years, inclusive, attend school.

"Responsibility for attendance falls on the parents," continued Judge Zimmerman, "and the maximum fine for non-attendance is \$25 per day for each child not in school." He further pointed out that persons who employ school-age children during school hours are also subject to penalties, since this violation is controlled through federal child labor laws. "If we need to hire more help to enforce school attendance, that is what we will do," said the judge. "In the past, these laws may not have been diligently enforced, especially among Latin-American families. As of now, this is a thing of the past. They either go to public or parochial school — or I would suggest that they move to some other place. We expect to enforce the law, whether it concerns Latin-Americans, Negroes or Anglo-Americans. Everyone will be treated the same, and there will be no exceptions."

AREA ELECTRIC CO-OPS PLAN SURVEY

Huge Generating Plant Would Serve Two States

Representatives of 13 area electric cooperatives met in Hereford last week and took preliminary steps toward creation of a huge generating plant, which would serve a vast area of West Texas and Eastern New Mexico. Power committee members, who have already circulated petitions to the 13 co-ops, declined to discuss plant locations, possible costs and other details. Generally speaking, however, a plant of the size under consideration would likely run \$15 million or more, according to outside estimates.

"Yes, resolution forms have been mailed already," admitted Leo Forrest, local manager and chairman of the committee, when questioned concerning the meeting last Thursday. "They concern an engineering survey, which would be sponsored by all of the cooperative represented, plus perhaps several others. This is about all we have to announce at this time."

The 13 cooperatives represented at the Hereford meeting included 36 representatives from the following co-ops: Bailey County Electric, Mulleshoe; Swisher County Electric, Tulla; Lamb County Electric, Littlefield; Floyd County Electric, Floydada; South Greenbelt Electric, Wellington; Rita Blanca Electric, Dalhart; North Plains Electric, Perryton; Farmers Electric, Clovis, N. M.; Roosevelt County Electric, Portales; Central Valley Electric, Artesia; Lytegar Electric, Tahoka, and Deaf Smith County Electric, Hereford. Although no specific details were listed, the movement appears to have stemmed from increased power costs resulting from the 1959 co-op contracts with present power suppliers.

Youth Dies From U.S. 60 Accident

A 12-year-old Latin-American youth was pronounced dead on arrival at Deaf Smith County Hospital Monday night after he was struck by a car at the intersection of the labor camp road and U. S. Highway 385. Calixto Villarreal, a resident of the labor camp for the last two months, was struck by a car driven by Wendell Wilson, 18-year-old son of Mr. and Mrs. J. H. Early, 336 Star St. According to Dr. Bruce Beene, who received Villarreal at the county hospital, the youth apparently died of a head injury. He also sustained severe cuts and bruises and his right leg was broken in two places. Investigating officers said that Villarreal had just jumped off the back of a truck and was crossing the highway when the Wilson car struck him. His brother Isaac was with him at the time of the accident. Highway Patrol officer Noel Carter was called to the scene at 9:39 p.m. Monday and said that apparently the youth never saw the automobile which was traveling south. Carter said that no charges were filed against Wilson. Funeral services were conducted at 9 a.m. Wednesday, Aug. 9 in the St. Joseph Catholic Mission Church in Hereford with Father Raymond Gillis officiating. Burial was in St. An.

PONDERING HER BALLOT for Hereford's official town flower is Beverly Willis, daughter of Mr. and Mrs. W. H. Willis. The flower committee, headed by Mrs. Don Stevie, placed voting boxes in downtown stores and the winning flower will be announced Sunday, Aug. 13. (Staff Photo)

August Draft Zooms With 22 Men Reporting To Amarillo For Tests

Local Selective Service Board No. 18 this week released the names of 22 young men who have reported to the Selective Service Examination Center in Amarillo for pre-induction physicals for the armed forces. Several weeks ago the local board received orders to increase registrants for August physicals by 500 per cent. The men who reported to Amarillo this week are part of this increase. The August quota was filled with men who were at least 22 years of age on August 1. Two of the men reporting are transfers from other service districts, 20 are from the Hereford area. Taking their pre-induction physicals in Amarillo on Wednesday August 9 were: Arlis L. Edwards, Billy L. Parker, Joseph L. Birkenfield, Jerry L. Chiles, Joe D. Carlisle, Charles E. Dixon, Sammie B. Lesly, James H. Culpepper, Walter L. Kaul, James L. Stayon; Byron W. Weis, James P. Ayerett, Antulio A. Barraza, Jerry W. Heaton, Billy L. Shepherd, James E. Jacks, Arlin L. Smith, and Samuel W. Pool. Transfers were Simon Salinas, who transferred from Edinburg and Abel Aguirre, who transferred from Brady.

The local draft board which headquarters in Hereford, takes in Deaf Smith, Palmer, Randall, and Castro counties.

Around Town

Dollar Day started the week off with a bang, and most people were still busy preparing for school enrollment Aug. 30. Trustees again repeated that school will begin Aug. 31, but would skip Monday, Sept. 4 to allow students to participate in the Labor Day holiday.

Potato growers were still busy "getting their money back" with spuds going at \$1.75 on reds and Early Gems at \$2.50. Onion growers, on the other hand, were finding things better with a market ranging from \$3.50 to \$3.80 on pound bags. Carrots were rolling along at prices ranging from \$27 to \$28.25, which is good, but not so good as the \$35-a-ton they were drawing last week.

Swim teams from Hereford, Tulla, Dimmitt and White Deer are scheduled to participate in a meet at the city pool Saturday morning under sponsorship of the Hereford Athletic Club. The meet will open at 9 a.m., and there will be no admission charge.

Fender bending still occurred, too, around town. Sunday, Virgil Justice, 505 Star, and Roy Parker, 372 Ave. E, collided to the tune of \$600 in property damages, and Parker carried off a traffic ticket as an additional souvenir.

The Park Avenue Church announced a gospel meeting, Aug. 13-20, with the Poiner Bros. as evangelists. Services are scheduled at 8:30 p.m. each evening and 10:30 a.m. Sunday.

Mrs. Dorothea Prowell, EM 4-3842, says anyone interested in the "make it yourself with wool contest" should call for details. Prizes will be given on local, state and national levels, and much interest is being shown. Divisions for all ages.

Producers Think Farm Bill 'Good'

Passage of a new farm bill which could greatly effect the farmers and grain producers in Deaf Smith County was hailed by local men this week as a "good thing." The bill, which was passed in the first week of August, was according to wire service reports: "one of a long series of moves to force, persuade or help the American farmer to keep his production in line with the demand."

The farm bill contains portions which will reduce wheat acreage by 10 per cent and raise the price support on wheat from \$1.79 to \$2.00. Farmers growing grain sorghum will have to reduce their plantings 20 per cent before they will be eligible for new price supports.

The new bill will become effective in 1962 and concerns the two major crops grown in this area — wheat and grain sorghums. The purpose of the bill is to help the nation rid itself of the surplus grain which has built up during the past years, law makers said.

Local men also had many comments on the new farm plan. John D. Pitman, manager of Pitman Grain Co., said in an interview Tuesday that he felt that the grain portion of the program was good, but he hated to see area farmers lose any more wheat acreage. According to Pitman, the grain sorghums portion of the bill will help area farmers clean up their land. Labry Ballard, who farms both dry and irrigated land in Deaf Smith County, said that although he was not in favor of government control of agriculture, he felt that the surplus must be decreased. "If the surplus was dumped on the market it would ruin the small farmers," said Ballard. A dryland farmer on the New

JayCee Prexy To Visit Here

The president of the Texas Junior Chamber of Commerce, Lewis Timberlake of Stanford, will be a guest of the Hereford Jaycees at their noon luncheon Thursday at the Jim Hill Hotel. Timberlake is on his way to a tri-regional Jaycee meeting that will be held in Plainview this week-end. He is the first state president to visit the local Jaycee chapter in several years.

It's Cool, Man! — In Hereford

"Move to Hereford — and Keep Cool!" This advice would stem not from the Chamber of Commerce, but from the U.S. Weather Department, based on the fact that not yet in 1961 has Hereford recorded any day hotter than 98 degrees. The "hottest day" was July 18. On July 17, readings showed 97 degrees, and 96 degrees on July 14. Other than this period, high readings have been 94 degrees, which is about what they are now running. Clay Angelo, who records daily weather at the U. S. agriculture sub-station in Hereford, says this summer is the coolest he has seen during the 11 years he has been on the job. He says we usually have several days which pass the 100 degree mark, along with an occasional 101 and 102 degree reading. August, he adds, is never so hot as June and July.

School Sets \$1.55 Tax Rate

Hereford school trustees held a five hour session Tuesday night and set the school tax rate at \$1.55 per \$100 for the coming tax year. The rate represents a 15-cent drop from the \$1.70 per \$100 levy used last year. Trustees said that the tax levy will be based on 40 per cent of the evaluation, which is the same percentage used in 1960 and in recent years. The rate drop comes in spite of an expected \$50,000 increase needed in the operation of schools. Trustees said the rate cut was made possible through the recent equalization program which established new values in the district. Supt. Paul Stevens pointed out that \$30,853 of the increase is due to drop in state aid funds because of the "happy economic index" in this territory, and that \$21,800 will be needed in the operation of schools.

Statewide Honors To Hereford Boys

Jim Higgins and Dick Plank represented Deaf Smith County well at 4-H Club activities they attended last week. Higgins, son of Mr. and Mrs. Karroll Higgins of Hereford, attended a six-day Range Camp at Junction, where he won a leather billfold with his initials on it for having the best notebook and herbarium. Plank, son of Mr. and Mrs. Earl Plank of Dawn, attended the state 4-H Council Workshop at Sam Houston State College in Huntsville. He was elected state vice chairman for the Texas 4-H Council. As vice chairman, Plank will be the chairman of the 1962 4-H Roundup at Texas A & M next June.

Higgins was one of 30 FFA and 4-H boys attending the camp at Texas A & M Adjunct. He won the trip in a state-wide Range Management contest. The trip was sponsored by the American Society of Range Management, Texas Section. Higgins served as camp boss two days while at the session. In addition to hearing talks by specialists in range management, the boys visited the Sonora Ranch Experiment Station and the 700 Springs Ranch owned by Pierce Hoggett. Each of the boys were awarded hand-tooled belts with their initials on them. Higgins will be a sophomore at Hereford High School this fall. (Continued on page 2)

HEREFORD TEAM SAYS:

Sugar Situation Is Looking Good

Hereford's beet sugar committee was jubilant this week following announcement that Rep. W. R. Poage, vice chairman of the House Agriculture committee, had presented a bill which would set 75 percent of the normal expanded domestic sugar production for new growers. "It looks better than it ever has," declared Henry Sears, while James W. Witherspoon, chairman, also felt that chances were good that the bill might pass. H. L. Benefield, grower and other member of the beet sugar team, was likewise "feeling good" over possibilities. "The administration and Sec. of Agriculture Freeman could still put a stop to the bill," Witherspoon pointed out; and again urged all citizens to write President Kennedy in an effort to keep the American farmer in the picture. All three men felt that the bill, should it pass, will warrant sufficient acreage for one (Continued on page 2)

WHEAT FOR '62 HARVEST

Farmers Can Graze Diverted Acreage

"Producers in this area will be allowed to graze wheat and barley seeded on diverted grain sorghum acres, and to be harvested in 1962." The statement, which spells good news for local growers, was made Wednesday by Faust Collier, county agent. Collier said that a department in the county office is mailing Aug. 4 to call attention to the grain sorghum program. "The situation in our county is different from many in view of the fact that we are classified as 'Summer Fallow Area,'" Collier pointed out.

LOOKING AT THE WINNING NOTEBOOK is Dick Plank, right, of Dawn. Jim Higgins, left, won the billfold he is holding for his notebook at the Range Camp he attended last week. Plank represented 4-H District One at the annual Texas 4-H Council Workshop in Huntsville last week. (Staff Photo)

Local Woman Says Germans Do Not Want Another War

Germans do not want war any more than we do, a Hereford woman who recently returned from the divided country says. Mrs. Wanda Riddle Brown returned to the United States three weeks ago, after living in Germany for a year.

She lived in Munich where her husband is stationed with the United States Army. Mrs. Brown says that many of the common people of Germany do not understand why American soldiers are in their country. The Germans are not hostile but many of them feel the Americans are there only because they want to interfere, she continues.

The people are not informed that the German government has requested the American forces to be in their country. Throughout West Germany the people are forced to rent every available room in their homes, because the housing shortage is acute, Mrs. Brown points out.

The numerous medieval castles in Germany and Austria were other beauty spots noted by Mrs. Brown. In Salzburg she visited Mozart's birthplace which has been made into a hotel.

Television in Germany is controlled by the government but many American shows are rewritten in German and shown there, Mrs. Brown reports. She saw sports contests, westerns, and variety shows from the United States.

Another aspect of television in Germany which differs from TV in the United States is the handling of commercials. They are not interspersed among the shows as in the U. S. but are all presented at the same time during one period in the day.

Germans are very athletic people, Mrs. Brown noted. The high school students are required to participate in athletics more than they are in the U. S. Soccer, skiing, and swimming are the most popular sports.

Concerning the health of the Germans, Mrs. Brown was surprised to see people 70 and 80 years old participating in activities usually reserved for the youngsters in the U. S. The people never seem to really become old, she says.

Roads are built and repaired by hand to a large extent in Germany, Mrs. Brown noted. Hitler used troops to build a road through solid rock mountains.

Mrs. Brown saw salt being mined, with a brass pump reported to be over 100 years old still in operation. Wool is another product in abundance in Germany. It is much cheaper than cotton, she pointed out. Little wheat or other grain is grown in Germany.

The people eat potatoes almost every meal but good quality of meat is seldom present. Water is not safe to drink in some German villages and the people have substituted beer or wine for drinking water.

Although modern farming devices are available, many farmers continue to use wooden rakes and horse or oxen drawn plows, Mrs. Brown reports having seen farmers plowing with wooden plows while a new tractor stood idle in the garage. Germans use tractors as cars instead of using them as farm implements in many instances, she continued.

Mrs. Wanda Riddle Brown

Mrs. Brown is the daughter of Mrs. C. W. Riddle of Hereford. Her husband, Charles, is the son of Mr. and Mrs. A. H. Brown of Hereford. Mrs. Brown was graduated from Hereford High School in 1956 and graduated from Heights Beauty College in Albuquerque, N. M. in 1957.

School...

(Continued from page 1) needed as a result of adding some 300 more students to class rolls.

The board reviewed tentative operating figures for the coming 12 months, and scheduled the annual budget hearing for Monday night, Aug. 21. The meeting will begin at 8 p.m., and will be held in the board room, located in the cafeteria building and administrative office. Trustees expressed a hope that all interested citizens will attend and review proposed school expenses.

Economy-minded board members accepted the resignation of Howard Richey as assistant superintendent, and voted to drop the post, at least temporarily, in an effort to cut costs. The recommendation was made by Supt. Stevens, who said he believed the office can be eliminated through consolidation of duties of other personnel. The board also took a dim view of proposed salary raises and tabled recommendations in five instances on grounds that taxpayers are demanding economy. Custodians will get a raise however, running up to \$40 a month, and covering 11 employees. Trustees passed this recommendation in view of the fact that approximately \$5,000 in total salaries will be cut from school plant operations costs, to re-distribution of help in the department.

The purchase of an organ in the high school auditorium was approved by the board, and left to discretion of the high school principal. Money to make the purchase was reported on hand, having been left during the past several years by senior class organizations as a "gift" to the school.

Miss Sue Ward of Amarillo was employed in the high school commercial department and will teach commercial subjects and will replace Miss "Tinkie" McKenzie, who held the post last year. She is a West Texas State graduate in the 1961 class.

In other business, the board approved a \$15,202 increase in the 1960-61 budget after reviewing costs due, chiefly in administrative and additional teachers required due to enrollment. A business man-

ger was added and two new teachers were needed after the budget was approved. The business department was authorized to borrow \$24,000 to cover deficits in the previous budget.

Football insurance was discussed and turned over to Supt. Stevens and Dr. L. B. Barnett for further investigation. Compulsory attendance was also discussed and tables, pending further investigation of a plan through which Sheriff Lowell Sharp offered special services at a cost of \$1,200 to the school district to cover another deputy.

Area...

Mexico line, Claude McDougal said that he was very much in accord with the present farm program. "With government control we can get rid of the surplus and then the government could gradually ease out of the picture," McDougal said.

Jay Boston, who farms irrigated land in Deaf Smith County, said that the new bill was a good plan. "The bill will be good for our area," Boston said, "because it will give us layout ground, conserve the water and let the land get a rest."

Boston felt that although many people did not want government control of the farm program, that the nation's farmers would not act on their own to get rid of the huge surplus.

Hereford businessman and county farmer, Jack Bradley said that he was "not for government control of agriculture; however, if the government was going to work a farm program that they could not do a piece meal job and they must control the whole program."

Bradley felt that the surplus would be used up "within three years" and then the govern-

Sugar...

refinery, and that this area has a good chance, especially in view of the fact that American Crystal and Holly have both made surveys in this community.

The normal expansion of sugar beet acreage is based on the population increase in the U. S. It is figured on the basis of about 100 pounds of sugar per capita for additional persons either born or immigrated into this country.

This expansion would be about 60,000 tons of beet sugar or about 40,000 acres of new sugar beet acreage.

The Poage bill is, in effect, a compromise between provisions of legislation proposed by congressmen from this area wanting a share of the former Cuban sugar quota of 3 1/2 million tons. None of the Cuban quota was given to the domestic growers. Jim Witherspoon of Hereford, chairman of the legislative committee for the Texas Sugar Beet Growers Association, said Tuesday that it looks certain that Poage's bill will be passed.

"Poage and Harold Cooley, D-NC, fought us so hard on the Cuban quota last month that I believe he (Poage) will do his best to get the bill passed in order to regain the goodwill of Texans once again," Witherspoon said.

Witherspoon added that the new bill, if passed, would be the end result of a continuous 18-month battle by new growers to secure legislation on new sugar beet acreage.

"Everyone in Washington conceded that we were in our rights to demand domestic acreage from the Cuban quota, but they had a lot of pressure from other sources," Witherspoon said.

Witherspoon said that it looks favorable, if not certain, that Texas would get enough acreage to warrant the building of a processing plant, even though there are 13 other states asking for the new acreage. He asked that all interested persons write directly to President Kennedy, asking for the bill to be passed. "We plan to have 40,000 letters on the President's desk this week."

Poage estimated 100,000 tons of sugar production would be doled out to new growers if the proposed bill is passed.

Statewide...

(Continued from page 1) and hopes to attend college after graduation from Hereford High.

Plank, a Hereford High School junior, has served on the district 4-H council for three years and was chosen to attend the state 4-H Council Workshop as one of the two delegates from District One. Twenty-two 4-H members from the state attended and heard specialists in various fields speak.

Mrs. Eloise Johnson spoke on Family Life and Miss Rhebe Boyles talked about Proper Dress. The theme of the council workshop was "How to work together as a council." Plank is a member of the Dawn 4-H Club. United Gas Co. sponsored the trip for the delegates.

As state vice chairman, Higgins will attend an executive meeting in Dallas in March. Douglas Cowan of El Paso and 4-H District Six was chosen state chairman for the council, Plank reported.

Monday, August 14 at 5:30 a.m. six Deaf Smith County outstanding 4-H Club members will go to Lake Brownwood for a five-day Junior Leadership Training Laboratory. In addition to Higgins and Plank the delegates to next week's meeting include Lu Anne Higgins, Sharon Beizer, Caroline Brumley and Larry Hill.

Miss Loreta Fowler and Lefty Thomas will accompany the junior leaders. They will act as evaluators of the work done by the delegates.

The Deaf Smith members won the right to attend the laboratory by winning the district competition as a county team. United Gas Co. will sponsor the Leadership Training Laboratory.

Youth...

Villarreal is survived by his parents, Mr. and Mrs. Isaac Villarreal Sr., and three brothers and sisters. His family is living here during the harvest season. During the winter months, they make their home in Laredo.

Huge...

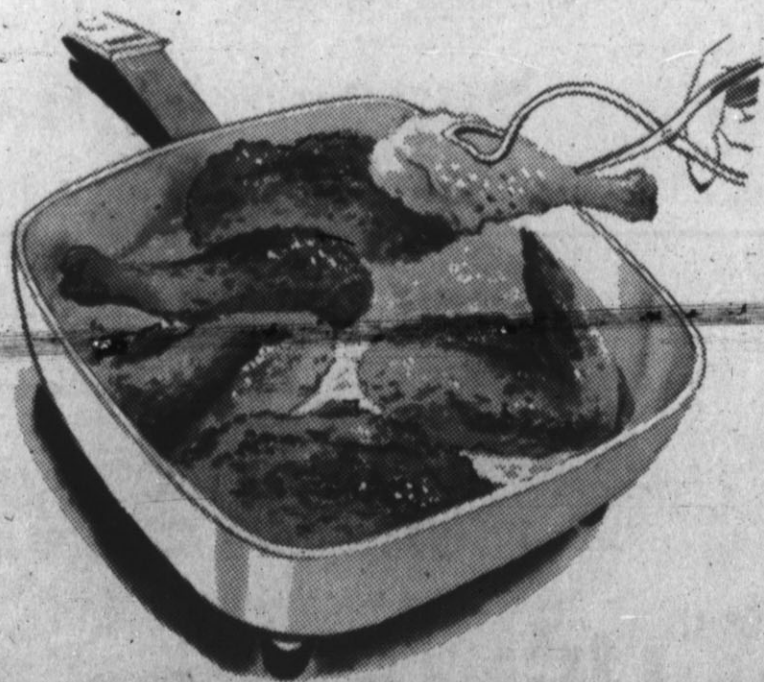

(Continued from page 1) The 1959 contract was on a five year basis, and the cooperatives indicated cost increases running from 22 percent to 27 percent over their previous contracts. Although the present contracts run into 1963, cooperative representatives said that the survey is being made at this time in order to be able to cope with situations which may arise when the contracts do expire.

Witherspoon said that it looks favorable, if not certain, that Texas would get enough acreage to warrant the building of a processing plant, even though there are 13 other states asking for the new acreage. He asked that all interested persons write directly to President Kennedy, asking for the bill to be passed. "We plan to have 40,000 letters on the President's desk this week."

Poage estimated 100,000 tons of sugar production would be doled out to new growers if the proposed bill is passed.

DOUBLE RETURN from these REA loans

Americans are getting a better-living bonus — plus their money back — from Rural Electrification Administration loans.

In the first place, Rural Electric Systems already have repaid nearly \$1 1/2-billion in principal and interest on their \$3 1/2-billion in REA loans. And their repayment record is 99.998% perfect — one of the finest in the history of banking.

Nearly 1000 Rural Electric Systems — mostly cooperatives — have invested these funds in 1 1/2-million miles of line and other facilities. Today nearly 17 million rural Americans, who found no other practical way to obtain electricity, depend on these rural systems for light and power.

Secondly, the Rural Electrification program has benefited all Americans:

- HIGHER RURAL LIVING STANDARDS — MODERN HOMES, BETTER SCHOOLS AND CHURCHES.
- MORE HEALTHFUL CONDITIONS FOR BOTH TOWN AND COUNTRY — A CENTURY OF PROGRESS IN JUST 25 YEARS.
- ABUNDANCE OF HIGH QUALITY FOOD FOR EVERYONE.
- GROWTH OF NEW INDUSTRY IN MANY REGIONS.
- DISPERSAL OF VITAL NATIONAL DEFENSE INSTALLATIONS.
- LEADERSHIP IN RURAL DEVELOPMENT TO BUILD A STRONGER AMERICA.
- CREATION OF A NEW MULTI-BILLION DOLLAR MARKET FOR ELECTRICAL PRODUCTS.
- NEW JOBS, NEW PAYROLLS FOR MILLIONS IN AMERICA'S CITIES AND TOWNS.

This double return makes REA loans to rural electric one of the best investments our government has ever made. That's why we say rural electrification is good for all Americans.

GARCIA NEWS

L. W. Patts Celebrates Birthday; Many Vacation

L. W. Patts was honored on his 81 birthday with a dinner in the home of his son, Mr. and Mrs. Roy Patts of Rosedale, N. M. A number of the Patts children were present for the dinner, Mr. and Mrs. N. A. Brown, Mr. and Mrs. Cordia Patts of Friona, a daughter and family from Hobbs, N. M. The grandchildren and families were Mr. and Mrs. Eldred Brown and Tommy, Mr. and Mrs. W. M. Patts and baby, Mr. and Mrs. Dan Owens of Bovina, Mr. and Mrs. Floyd Brown and sons, Duane Beaman of California, and Mr. and Mrs. Ernest Brown and family.

Mrs. Ruth Coleman, Mr. and Mrs. James Coleman and sons of Amarillo and Mrs. D. E. Coldiron and two sons spent a week vacationing in Colorado. The group stayed in Crested Butte, Colo., but visited Marble City, the millionaire's castle, and many other places of interest.

Mr. and Mrs. Joe Merrill and children spent the week visiting relatives of Mrs. Merrill in Oklahoma.

Mr. and Mrs. S. N. Thweatt attended the funeral of Irban N. Harwell at Farmersville, Tex., July 30. Mr. Harwell died July 28 in McKinney Hospital

at McKinney, Tex. He had been sick two years. Harwell and Thweatt were boys together.

The Thweatts visited relatives and friends during their stay in Farmersville.

Duane Beaman, nephew of Mrs. N. A. Brown was injured Saturday afternoon on the N. A. Brown and sons farm while driving a tractor plowing. Beaman is in the Deaf Smith County Hospital and is reported improved. His mother and sister arrived Wednesday from California.

Mrs. Bertram Jack left Tuesday for San Angelo as H. D. C. delegate to the State meet. The trip calls for four days.

Mr. and Mrs. H. D. Buse and sons, David and Ronnie, visited the Elton Sorrells Sunday evening. They made ice cream.

Davie Sorrells spent Saturday night in Hereford visiting Gary Smith in the Smith home. Sunday afternoon David returned home. Davie's girlfriend, Sylvia Ivy, was with him. They visited the Sorrells and then Davie took Sylvia home.

J. F. Ford and Davie Sorrells left Wednesday for a Short Horn Breeding sale at Sulphur Springs. Ford took some cattle. They returned home by way of Fort Worth.

David and Ronnie Buse, sons of Mr. and Mrs. H. D. Buse, left Thursday for a visit in California. The boys went with an aunt, who is a sister of Mrs. Buse. They plan on being gone ten days or two weeks. The Buse boys have two brothers in California who they will visit.

Baptists Plan Youth Revival

A Youth-led Church-wide Revival will be held at the First Baptist Church August 13-20 with Ken Schrimsher of Frederick, Okla., as the evangelist.

The singer is to be Larry Stanley of Wichita, Kan.

Both evangelist and singer are recent graduates of Baylor University in Waco and are entering Southwestern Seminary in Fort Worth.

Evening services will be held at 7:30, fellowship following the service. Morning services will be conducted at 7 Tuesday through Friday. Coffee and doughnuts are to be served at 6:30.

Thomas Coffman is serving as youth pastor.

LATTER DAY SAINTS
Special speakers at the Sacrament meeting Sunday, Aug. 13 will be District Counselmen for the Church of Jesus Christ of Latter-Day Saints. They will be Doctor Elmer M. Knowles, professor at Texas Tech, and J. D. Boren of Lubbock.

The meeting will be held at 11 a.m. Sunday School at 10 a.m. at the Gilliland Funeral Home.

VISITS OKLAHOMA

Mrs. Wilbur Bell returned this week from a visit to Oklahoma. While there she was a guest in the home of Mr. and Mrs. Jim Minor at Porum. The Minors are former residents of Hereford.

MARINE VISITS HERE

Pfc. Howard R. Godwin Jr. spend a 30-day leave with his parents, Mr. and Mrs. Howard R. Godwin and Gary Godwin is stationed at Camp Pendleton, Cal. with the U. S. M. C.

H-D CHATTER

Local Delegates To State Meeting

BY ARGEN DRAPER

Reagan Brown, Rural Sociologist, with Texas Agricultural Extension Service has announced more than 100 communities enrolled in Texas Community Improvement Program. Some counties have 5-13 communities enrolled. The enrollment deadline is January 31, 1962.

At the District Dress Revue Miss Fannie Eaton, Clothing Specialist, said the greatest work need on the garments was hems, as stitches showing, darts were not tapered, and that interfacing was too stiff for the dress fabric. Also, a girl can participate in the State Dress Revue only two years. I was so impressed with the gloves the girls wore. They were so well chosen and the girls wore them with so much ease.

Something you may not have known about W. W. Hill is that he helped in getting the appropriation for the Assistant Home Demonstration Agent. He was a friend to 4-H.

R. M. Allred was in the office wanting information on soybeans. He farms at Wildorado but is living in Amarillo now.

Mrs. Jim Gandy, Mrs. Ira Ott and Mrs. J. B. Caraway members of the Finance Committee of the H. D. C. met and made plans for the newspaper subscriptions and the wheat referendum. These will be the two money-making projects for council this year.

Mrs. J. D. Love is chairman of the Home Management Subcommittee and Sam Morgan is the Secretary.

The Sub-Committees of the County Program Building Committees are meeting and making interesting plans for the next year's work.

Mrs. Grady Parsons, Mrs.

O. L. Williams, Mrs. Bertram Jack and Mrs. Louie Olson, are in San Angelo for State Home Demonstration Association. Mrs. T. J. Parsons and Mrs. H. L. Hershey went a day early for Helen to attend the Board Meetings.

It seems to me that Marion Davis has done a grand job this summer at Casa De Amigos.

A good wringer type washing machine is needed at Casa De Amigos. If you have one, call Marion Davis at EM 4-9047. Also, we're going to need some quilting frames.

For Sale: A pressure cooker. Call me at BR 6-4163.

Last Thursday I helped judge the 4-H Bake Show in a neighboring county. There are some boys in the foods groups. In one of the stories a boy wrote, "This class has meant a great deal to me as it has given me a better understanding of women."

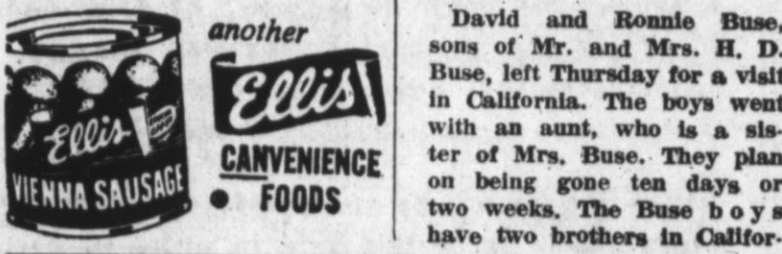

MORE IMPORTANT DUTY

TULSA, Okla. (AP) — As firemen dashed into her house, Mrs. Wilbur Holleman dashed out. She said she didn't know exactly where the fire was but that she would be back shortly.

Later, she explained she was carrying to the airport to greet Dr. Eugenio Plaza, deputy permanent Italian representative to the U. N.

When she and Plaza returned to the house, Mrs. Holleman surveyed the damage and Dr. Plaza gave autographs to firemen.

Napoleon gave Benjamin Dellessert the Corsas of Honor after Dellessert started a small sugar beet factory in Passy, France. The country was out off from West Indies cane sugar at the time because of the Napoleonic wars.

"The Little Food Store With Growing Pains"

Cty Dads Okay Airport Oil Lease, Find Budget In Line

ford city commissioners Monday night leased the airport to Henry Sears, ap- plying a business zone designa- tion, issued a taxi service lease and reviewed the quarter of the city budget brief, but busy session.

tion on the airport oil lease was made in ac- cordance with a previous propo- sition by Sears, who offered a \$2

Revenue, too, was running line with \$100,669.70 income out of an anticipated \$481,046.00. The figure leaves \$380,376.30 to come, including \$144,686.00 in 19- 60-61 taxes, which will not be due until fall. The commissioners discussed the sharp jump in water revenue, which totals \$51,575.06 to date, and ran \$18- 499.83 in July.

Attending the meeting were Mayor Ray Cowser, Commis- sioners R. R. Willis, Troy Moore, Bill Davis, Gid Brown, and Earnest Langley, city attorney.

Drunk Fine Is \$200 And Costs

Two Latin-American were arrested Sunday afternoon on charges of disturbance and be- ing drunk.

Fined in Justice Of The Peace Court were Matilde Ybarra, 53, a resident of the labor camp and Juan Hernandez, also a labor camp resident.

Ybarra was fined \$200 plus costs for being drunk and creat- ing a disturbance. Hernandez was fined \$44.50 and costs for a charge of disturbance. Access- ing the fines was Justice Of The Peace C. B. Miles.

The two men were arrested by Deaf Smith County Sheriff's

Taxi Service Is Coming To Town

Hereford will have taxi ser- vice once again!

The City Commission Mon- day night approved an appli- cation made by C. M. Francis of Littlefield, following his clearance through State and FBI channels, authorizing 24- hour operation in the commu- nity.

In his application Mr. Fran- cis, who operates a similar service in Littlefield, said that Lloyd N. Francis will move to Hereford and man- age the local service. The cars are to be put on around the clock, and as many as need to give dependable service, which is to start as soon as arrangements can be comple- ted.

The firm will pay the usual 2 per cent city franchise tax, and rates will be subject to city approval.

officers Bill McCarver and Domingo Pesino.

Idea And \$500 Sends 1,000 College; More To Follow

ST BOWLES AFF REPORTER and dedication of \$500 has mushroomed organization involving 1,000 people and more in Opportunity Milton Morris of Canyon. Morris originated the plan, which was

tary Club luncheon Monday. In teiling of Opportunity Plan Inc., a unique "package deal," combining part-time student jobs and financial assistance for worthy students, Morris was accompanied by three coeds who explained how the plan works and answered questions concern-

ing their financial assistance through college. Morris, West Texas State College Ex-Student Executive Secretary, founded the Plan in 1954 for students who possess "ability, ambition, character, and yet, for financial reasons cannot attend col-

lege." The Plan does not provide "easy sledding" through college. Morris emphasizes that it is only for those who want to help themselves and have the courage to do so. Miss Barbara Shepard explained how she attended West Texas almost solely on money borrowed from the Plan. She graduated in January with a degree in elementary education and taught first grade in Amarillo last semester.

Miss Shepard, who will teach in Tulla this fall, worked in the West Texas Speech Department as a receptionist and made \$50 a month. Each month she deposited her entire salary in Opportunity Plan Inc. so that by the time she graduated, she had paid back \$1266.97 of the \$3137 she had borrowed.

Since she is teaching now, Miss Shepard pays \$100 each month to the Plan. All money borrowed through the Plan is paid back interest-free, Miss Shepard emphasizes.

Morris explained that students with top scholastic ability are always welcomed to the Plan, but not at the expense

of sincerity, ambition, leadership, and character. Though a loan application will reflect his high school record and financial situation, the student must also be recommended by his high school principal or superintendent and by at least three responsible citizens of his community. He must have the desire and ambition to launch a four-year college program.

The father of the program continued to explain that long-term loans are emphasized in most cases, with students outlining a four-year college expense budget and borrowing money from the corporation as it is necessary.

Amounts needed on a four-year plan vary from student to student. There are also short-term loans offered by the corporation. Many students take advantage of this type of loan and make repayment through summer employment. Less than one per cent of such payments loans are lost through non-payment by students.

Mary Carlin from Amarillo told the Rotary Club how she had saved money to attend college but found herself "broke" after several weeks at West Texas. She learned of "Buff" Morris' Plan through a

friend and went to see him. Miss Carlin first borrowed on short-term loans but then decided to borrow enough to complete her education and pay as she was able through her work with a telephone company. She will be a senior at West Texas this fall and is seeking a double major in psychology and sociology.

Carol Bruza, 1961 graduate of Amarillo High School, is a new comer to Opportunity Plan Inc. She explained how she made a budget for summer school at WT and draws the money as she needs it.

Miss Bruza emphasized how the students in the Plan keep a carefully outlined list of each expenditure. She is always conscious of where her money goes, she said.

Presently 15 people serve as the Opportunity Plan Inc. board of directors who administer and supervise the operation of the organization. Opportunity Plan automatically become members who contribute to the financial reports and take part in the operation of the organization and are invited to the annual meeting to hear

Questioned on the preference of Opportunity Plan over a National Defense Loan, Morris

said the Plan is better for the student of average intelligence since defense loans are granted only to those with superior IQ's.

Along with the Plan, insurance policies are available to the students in case of death or illness. Morris explained that the policies are desirable to decrease the possibility of the Plan's losing money.

Each of the girls who accompanied Morris described the originator of the Plan as a "second father." They feel comfortable in talking not only financial problems to "Buff" but occasionally confront him with personal crises.

Until their loans are paid, each borrower is requested to talk with Morris before buying anything not allowed for in the budget. He frowns on letting the students own cars unless their work is such that they must have one.

Morris explained that the organization hesitates to lend to married students, especially those who have children. He said there are about four girls to every boy who subscribes to the Plan since girls can get by on less money and are usually more willing to sacrifice for an education. Boys don't want to account for their money, he said.

Opportunity Plan Inc. is for students planning to attend West Texas. Morris said that anyone interested in applying for aid through the plan or contributing to it should contact him at Box 215, W. T. Station, Canyon, Texas.

MISS WHEATHEART OF THE NATION? Recently crowned queen of the third annual Hereford Harvest Festival, Miss Judy Bradley will represent Hereford in the annual Wheatheart Of The Nation contest which will be held in Perryton August 18-19. (Staff Photo)

Agent Looks For Fair Exhibits

County Agent Lefty Thomas has asked that farmers begin bringing produce to the county agent's office in the court house for a Deaf Smith County booth at the Tri-State Fair in Amarillo.

Deadline for entering produce is Sept. 16, Thomas said. Names of exhibitors and addresses should be included with each entry so that prize money can be delivered, Thomas reminded. Premium money will be paid for the first four places for all entries in the various departments.

To be included in the booths are head or ear grains, seeds, bundles of grain, cotton, bundles of forage, bales of grain and forage, vegetables and fruits. There are 101 various divisions of produce that will be judged at the fair. Detail lists may be secured at the County Agent's office in the courthouse.

Court Reviews 91 Tax Cases

The Commissioners Court reconvened Monday, Aug. 7, as an equalization board and Wednesday reported having reviewed a total of 91 cases, when the board recessed.

"We encountered several errors and ran across some new facts," said the commissioners. "In all cases we have tried to make corrections with the basic idea of tax equalization."

"Most people seem to agree with the method said the men; and we have found a general feeling of cooperation, with the ultimate goal of tax equalization."

The individual members again pointed toward a likely reduction in the percentage of assessed values. The court in recent years has used 25 percent; this year they hope to drop to 17 percent or less, based on the county budget and actual needs to operate the county.

youths on a bicycle for questioning. The bicycle looked familiar — and he arrested the pair for stealing it — from his son.

MARLON'S INFLUENCE

HOLLYWOOD — Here's a girl's-eye view of Marlon Brando:

"Dating Marlon was very interesting but he is such a complex person that I think I would end up more confused than enlightened."

That comes from Barbara Luna, the pretty Eurasian actress who used to date him. But she went on:

"But he did help me a lot. When I first met Marlon I was so full of 'I don't know's.' I graduated from high school at 15 and I never had much education after that. I never claimed to be an intellectual. He brought a lot of subjects into my life that I had never discussed before, like politics and religion, even wrestling. I learned a lot from him, but it almost gave me an inferiority complex."

PERSONAL ARREST BIRMINGHAM, Ala. — Officer E. L. Lewis was seeking two suspects on grand larceny charges when he stopped two

George Fischer Funeral Today

Funeral services for George Fischer of Hereford will be conducted at 2 p.m. Thursday, Aug. 10, in Rose Chapel of Gilliland Funeral Home with the Rev. Herschel Thurston, pastor of the First Methodist Church, officiating. Burial will be in Bushknob Community Cemetery in Throckmorton.

Mr. Fischer died at 6:20 a.m. in Deaf Smith County Hospital after a brief illness. Born on July 4, 1902, in Throckmorton, he was a member of the Methodist Church.

Survivors include Mrs. Lillian Fischer, his wife; five sons, George Jr. of Las Cruces, N. M.; Elmon Douglas of Borger; Berry Franklin of Lubbock; Henry Harrell and Alfred Joe of Odessa; and 11 grandchildren.

WEATHER PROPHECY WICHITA, Kan. — A snow storm came as no surprise to Paul Arrington, acting safety assistant at the Wichita post office.

Arrington explains he knows from experience that dogs become friskier in unseasonably warm weather and just before a storm.

His weather tip-off came as five mail carriers reported being bitten or threatened by dogs a few days before the storm hit.

Hawaiian Luau Dishes Are Favorite Of Mrs. Paetzold

Paetzold, 713 Blevins, bleated her daughter, Paetzold, in Honolulu years ago tells dishes actually are sult for the kitchen-pan.

many ingredients in the recipes are unislands and are not here. In a few recipes, s may be made with the real Hawaiian Mrs. Paetzold has passed to us some of the re- brought back from t.

ROKEN AND LUAU

1/2 cup salt
2 pounds luau (taro leaves) (fresh spinach is alternate)
1 cup coconut milk, scalded, (fresh milk may be substituted if fresh coconut milk is absolutely unobtainable.)
Disjoint chicken and cut into small pieces. Place in large kettle, cover with hot water and add salt.

Bring to a boil, pour off liquid and save. Rinse chicken in warm water.

Replace chicken in liquid and simmer until tender.

Wash taro leaves thoroughly; remove stem and fibrous part of veins.

Place in covered, saucepan, adding 1 cup water and cook until wilted. Drain, add fresh hot water and continue cooking.

Drain and add water again and continue cooking once more. When tender, drain, then draw a sharp knife through the luau leaves. Place chicken in serving dish with 2 cups hot broth with excess fat removed.

Add luau and sauce to chicken and serve hot. Yield: 6 servings.

Mrs. Paetzold was a guest at a Commissioned Officers Mess at the U. S. Naval Station at Pearl Harbor when an authentic luau supper was served. Huge holes were dug in the ground and dozens of pigs were wrapped in taro leaves. While the meat was roasting, an elaborate ceremony was carried on with music and dancing. When the pork was cooked, it was served with rice, candied sweet potatoes, sweet and sour chicken and topped off with delicious coconut cake. Mrs. Paetzold says that until you've eaten this coconut cake, you've not tasted coconut cake at all.

LAULAUS

36 luau (taro leaves) with fresh spinach as substitute.
3 pounds fresh pork, shoulder or leg
1 1/2 pounds salted butterfish or similar salted fish
2 tbsps. rock salt
12 ti-leaves with corn husks as alternate.
6 cooking bananas.
6 sweet potatoes.

Wash taro leaves thoroughly, through several waters. Remove stem and fibrous part of veins by pulling gently with the tip of a knife from the stem out to the edge of the leaves.

If butterfish is very salty, soak for 3 to 4 hours. Place pork in bowl, add salt, work together thoroughly.

Arrange 5 or more luau leaves, the largest on the bottom, on the palm of the hand.

Place pork with fat side up. Place butterfish on top of pork. Fold luau leaves over pork and fish to form bundle.

Prepare each ti-leaf or corn husk by cutting the stiff rib partially through and stripping it off by rolling the leaf vertically over the finger.

Place luau on the end of a ti-leaf and wrap tightly. Wrap

another ti-leaf around in the opposite direction forming a flat package.

Tie securely with string or fibrous part of leaves.

The old Hawaiian method is to cross 4 long ti-leaves to form a circle, place laulau in center, pull leaves up and tie the ends securely with the split ends of the stem.

Steam laulau 4 to 6 hours. Add sweet potatoes and bananas for the last hour. Remove string from laulau and serve. Yield: 6 servings. (Note) To steam in electric roaster, add 3 quarts of water. Set temperature control at 350 degrees, place rack above water and put laulau on rack when steaming is reached.

When steaming thoroughly lower temperature to 300 degrees. Replenish water at end of 2 1/2 hours.

Not all the good Hawaiian recipes are necessarily luau dishes. One of Mrs. Paetzold's favorites is a recipe for

COCONUT WAFFLES

2 cups sifted all purpose flour
1 1/2 tsp. salt
5 or 6 tbsps. coconut cream
1 tbsps. coconut syrup or 1 tsp. sugar
3 to 4 tsp. double acting baking powder
2 eggs beaten separately
1 cup coconut milk from inside the coconut
1 scant cup non-fat or skim milk
1/2 cup freshly ground or grated coconut.

Sift flour and salt together. Add the two milks until well blended.

Add the coconut cream which softens very quickly at room temperature. Add the coconut syrup or sugar. Add egg yolks. Beat well till thoroughly blended.

Then shake in the baking powder through the flour sifter or wire strainer. Fold in and allow to rise for about five minutes.

Last of all fold in the stiffly beaten whites of the eggs. The waffle will be crisp and delicious and permeated with a delicate coconut flavor.

Any left over waffle batter will keep for 10 days to two weeks in a good refrigerator so left over batter should never be thrown away.

The same batter may be used for hot cakes. Add a little more baking powder to batter that has been chilled in the refrigerator.

PEPPER WEDGES

For a bright addition to the snack tray, pack a mixture of shrimp and cream cheese into a scooped out whole green pepper. Chill, slice in wedges and sprinkle with paprika.

HAWAIIAN CURRY

3 cups cooked shrimp, chicken, veal, lamb or fish
6 tbsps. butter
6 tbsps. flour
1 1/2 tsp. salt
1 cup coconut milk
2 cups milk
2 tsp. finely chopped ginger root
1 medium onion, chopped fine
2 to 3 tsp. curry powder
Melt butter, add onion and ginger root and cook slowly.

Add flour, salt and curry powder and blend thoroughly. Add milk and coconut milk, stirring constantly.

Cook until thick and smooth. Add shrimp or other fish or meat and cook until hot.

Serve with chutney, chopped nuts, crumbled bacon, chopped preserved ginger, hard boiled eggs, grated coconut or sliced bananas.

BANANA PUFFS

Allow 1 ripe banana for each

MCDOWELLS VISIT SON
Mr. and Mrs. Ansel McDowell and sons, Dan of Hereford, and Mr. and Mrs. Jim McDowell of Norman, Okla. left Wednesday morning for an extended trip to California. While there they will visit another son, Dr. Ansel McDowell Jr. and family at Bakerville. Dr. McDowell is serving a residency in surgery at Kern County General Hospital. Before returning home the family will visit San Francisco, Los Angeles and other points of interest in California.

Peel bananas and roll in a mixture of sugar and cinnamon. Wrap in plain pastry rolled 1/8 inch thick; seal edges.

Lay in a baking pan and prick tops with a fork. Bake in a very hot oven, 450 degrees, 15 minutes or until brown. Serve with orange sauce.

ORANGE SAUCE

1/2 cup sugar
1 tbsps. cornstarch
pinch salt
1/8 tsp. cinnamon
3/4 cup boiling water
2 tbsps. margarine
1 tsp. grated orange peel
1/4 cup orange juice
1 tsp. lemon juice

Combine the first ingredients. Gradually stir in water; cook and stir 5 minutes, until thickened.

Add remaining ingredients and reheat to boiling. Makes about 1 cup.

PAPAYA SHERBERY

1 cup papaya pulp - soft
1 cup sugar
juice of 2 oranges
juice of 1 lemon
2 cups coffee cream or 1 cup canned milk
1 cup water

Add orange and lemon juice to papaya pulp. Add sugar to cream or milk, blend. Freeze at coldest setting. Stir well when partially frozen. When firm, store at less cold setting.

Mrs. Paetzold was unable to secure the coconut cake recipe used at the luau but she did get a fabulous recipe for

COCONUT CREAM MERINGUE PIE

The Willows has long been noted for their specialty of the house - mountains of meringue on their homemade pies.

4 egg yolks
1/2 cup sugar
2 cups milk
2 heaping tbsps. cornstarch
1/2 cup grated coconut
1 tbsps. butter
pinch of salt
vanilla to flavor

Put milk, sugar, salt, grated coconut in sauce pan; let come to near-boil.

Mix cornstarch and egg yolks together with a little water and add to milk mixture, stirring continually until thick on a low fire. Add butter and vanilla.

Cool and pour into baked pie shell. Top with meringue.

MERINGUE

4 to 6 egg whites
Approximately 2 tbsps. sugar for each egg white.
1/2 tsp. cream of tartar.

Grated coconut
Beat egg whites until stiff but not dry; add sugar gradually and add cream of tartar.

Spread over cooled filling, sealing to edges of pastry.

Sprinkle coconut over top. Brown in oven for approximately 12 minutes. Temperature: 400 degrees.

MRS. JOE PAETZOLD, 713 Blevins, admires back a number of authentic Hawaiian some figurines she was able to acquire on a trip to Hawaii. Mrs. Paetzold also brought readers.

FRIO NEWS

Vacations, Outings, Visitors Keep Frio Residents On Move

BY MRS. OWEN ANDREWS
The parking area around the Frio Baptist Church is in the process of being paved. It is expected to be finished this week. The area includes the drive and parking area around both the pastors home and the church.

The Young Adult Class of Frio Sunday School had a hamburger cook-out at Dameron Park in Hereford Friday evening. Those attending were Mr. and Mrs. Charles Self, Mr. and Mrs. Clark Andrews, Mr. and Mrs. Weldon Stephan, Mr. and Mrs. Earl Harkins, Mr. and Mrs. Joe Autry and Mr. and Mrs. Johnnie Robinson.

Mr. and Mrs. Glenn Andrews are parents of a son born on Aug. 2 at Deaf Smith County Hospital. They have named him Clint Owen. Mrs. Andrews and the baby expected to come home on Tuesday. The other Andrews son is Joe Hal, aged two.

Mr. and Mrs. Buck Stringer, Debbie and Mike spent the weekend visiting friends, Mrs. Billy Green and family at Atlanta, near Texarkana. They report the weather hot and humid.

Mr. and Mrs. David Hutchins and children and Mr. and Mrs. Kenneth Rummage of Spade spent the weekend on an outing at Ruidoso.

Mr. and Mrs. Ted Vest of Long Beach, Calif., visited the homes of her cousins, Mrs. Bill Williams and Mrs. Harlan Barber Friday. They had visited other relatives at Colorado City and in that area. Others visiting the Williams on Friday and Saturday were Mr. and Mrs. Joe Blackstock of Lubbock. Mrs. Blackstock is Mrs. Williams mother.

Visiting the Barber home Thursday and Friday were Mr. and Mrs. B. M. Turner and Stacey of Lamesa. Turner is a school principal there.

Spending the weekend with the Barbbers were her sister and family. Mr. and Mrs. James Bullard, Tommy and Jan Ann of Lenora. Sunday visitors, also, were Mr. and Mrs. E. L. Roman, and sons of Muleshoe, the Bill Williams family and Mr. and Mrs. Clinton Ward, Jerry and Kay Lynn.

Mr. and Mrs. Lloyd Shultz went to Alamogordo Wednesday to visit Mr. and Mrs. C. J. Walker. They returned on Friday bringing their daughter, Mary, who had spent part of her vacation visiting the Walkers who are her grandparents. Mary will return to her school at San Marcos this week. She is in nurses training there.

Joe Shultz accompanied the J. B. Noland family to Conchas for an outing Friday and Saturday.

Mr. and Mrs. Buster Thomas spent Saturday night in the home of her mother Mrs. A. A. Lidia in Lubbock and on Sunday attended a reunion of Thomasons relatives in McKensie Park in Lubbock.

Mr. and Mrs. H. E. Lindley visited the Owen Andrews home Friday evening.

Mrs. Bob Doughman underwent surgery at the Deaf Smith County Hospital on Wednesday. She was improving nicely the first of this week.

Mrs. Kenneth Cox of Lazbuddie visited her daughter, Mrs. Charles Self Friday.

Mr. and Mrs. Alton Hood and Mr. and Mrs. J. C. Drye of Hereford and Mr. and Mrs. Charles Koehler of San Angelo visited in the Lloyd Shultz home Sunday.

Guests of the Edgar Vipsons during the weekend were Mr. and Mrs. Halley Schwartz, Linda, Jan and Kay of Winters.

Robert Williams is visiting several days in the home of an uncle, Aubrey Franklin and family at Abernathy.

The Rev. and Mrs. B. H. Baldwin were guests of Mr. and Mrs. W. C. Quattlebaum at Ceta Glen Saturday. They had a steak supper cook-out at the camp cabin of the Quattlebaums, who are spending the summer there in charge of the camp as managers.

Mr. and Mrs. Jim Brooks visited their children, the Dueward Taylors at Friona Sunday. Mrs. Brooks mother, Mrs. Era McClennen of Comanche, Okla., is spending several weeks visiting the Brooks and another daughter, Mrs. D. O. Benson of Hereford. She returned with the Bensons when they and the Brooks attended funeral services on July 30 for a brother Jinks McClennen at Comanche, Okla. Mr. McClennen had had an extended illness. He is survived by his widow; a son, Elton; a daughter, Mrs. Erma Faye Huggins; five grand children, several brothers and sisters and his mother. Both his children in this area, Elton also having spent one summer here helping farm.

Among those attending the Dedication service of the Westward Baptist Church Sunday afternoon were Mr. and Mrs. J. H. Dobbs, James Dobbs and Mr. and Mrs. Weldon Stephan. The J. H. Dobbs also attended morning services there. Mrs. Stephan was a soloist on the afternoon program.

Curtis Barclay of Demming, N. M. visited the Henry Dobbs home Thursday.

Mrs. Harold Shearhart and Jane had Sunday dinner with the Floyd Coles.

Mrs. Luther Smithson and children Gwyn, Linda and Eddie of Temple visited the Jim Brooks and Floyd Cole homes Monday of last week. The Smithsons are former residents of this community. They moved to Temple last April. Smithson is an implement dealer there and also farms.

Jana and Beverley Cole spent Thursday night with Mrs. H. M. Mobley.

Cathy Doughman of Hereford, spent Thursday night with Cheryl Cole and Friday the girls went to Ceta Glen to attend Blue Bird Camp.

Mrs. H. M. Mobley spent Friday night with the Floyd Coles. Mrs. D. C. Miller of Hereford spent Wednesday night with her mother, Mrs. H. M. Mobley. Miller is presently a contractor for building three churches and additions of two other churches at Gruver, Spearman and Sunsets training there.

CAMPUS AIRLIFT
LIMA, Ohio (AP) — An airlift helps provide instructors for Ohio State University's branch campus at Lima.
Four members of the faculty make a half-hour flight each Monday and Wednesday evening from the university's main campus at Columbus. Their pilot usually is Courtney Chapman, chief flight instructor for the university's airport in Columbus.

ray. He spends weekends with his family here.
Frio Jolly Workers 4-H Club was represented in the County Bake show at Dimmitt Thursday. Carol Robbins won blue ribbons on cinnamon rolls and muffins. Ediana Vinson won red ribbons on layer cake and muffins. Jana Cole won blue and muffins. Jana was also chosen as alternate to represent the county at the Amarillo Fair when 4-H clubs will choose a Bake Show Queen.

Mr. and Mrs. F. Y. Morman and the Frank Robbins visited Ceta Glen Sunday afternoon.

Several from here attended the shower for Miss Kay Sims, bride elect of Pat Robbins, at the Jack Bradley home in Hereford Tuesday of last week.

The Frank Robbins were guests of the Weldon Stephan family for supper Tuesday evening, Aug. 1. The occasion was the celebration of the sixth birthday of Rhonda Stephan.

While Hereford, Dimmitt, Friona and Muleshoe are busy harvesting potatoes and carrots, the Bovina area is getting underway with what they expect to be "a whale of a cantaloupe crop." The first melons began moving this week, and were reported of unusually good quality.

Shed operations are expected to turn out from 7,000 to 10,000 crates per week, according to the State Line Tribune, which in turn quotes Mario Trevino, a produce company manager for the area. Early melon prices were said to be good, and producers were expecting the 1961 harvest to be one of the area's best.

In all, there are 800 acres in the area, about 40 per cent more than Gateway handled last season. Facilities of the packing shed have been doubled for this year.

Fortunately, none of the 800 acres have yet been hit by hail, reported the Tribune, if all of the acreage is harvested, it will be the first time since Gateway has been in operation in Bovina that at least part of the acreage has not been lost to hail.

Already underway at Gateway is the harvest and packing of cucumbers, of which there are 60 acres in the Bovina area.

The first cucumbers were packed last week and the shed will be packing more of this vegetable crop this week and for several weeks to come.

The 60 acres of cucumbers are a part of about 300 acres of mixed vegetables, which include small acreage of tomatoes, peppers and cabbage.

British bird lovers have chosen the robin as their national bird, through the correspondence columns of the London Times. The red grouse finished second in the voting and the wren, third.

ENGINE DEVELOPMENT.
NEW YORK (AP) — The automotive industry has reached a long-sought goal — an engine which will deliver one horsepower for each pound of its own weight.

The engine will be tested in sports and racing cars and boats.

India's caste system developed from a system to separate conquerors from conquered into a division of labor. Brahmins were priests and scholars; Kshatriyas, warriors; Vaishyas, merchants; Sudras, workers. The untouchables were beyond caste and condemned to menial tasks.

Beauty At Home

Q. I've been told that mineral oil is especially good for the removal of old makeup from the face. Do you go along with this?
 A. Not all the way. Although some women like it, mineral oil can be somewhat heavy for certain types of skin, especially thin, dry ones. I think that baby oil works as nicely as anything for the removal of makeup.
 Q. What rouging technique will add an illusion of fullness to my rather thin face?
 A. Rouge away from the nose and don't bring it very far down on the face. Avoid placing rouge in the hollows of your cheeks, but bring it around these depressions, thus making the contour of your face appear rounder.
 Q. Which do you think are better in the summer - hot or cold - water baths?
 A. Take hot baths, for if you bathe in water that is warmer than the air, you feel much cooler when you emerge. Use cologne after the bath, talcum on the soles of your feet to lessen the friction between feet and shoes.
 Q. What should be done about the ears when the hair is worn swept away from the ears and neck?
 A. You must remember to extend your makeup behind your ears and blend it down over your neckline. The face, ears, and neck should be all one lovely color. The thinnest application will do the trick, and pro-

duce untold added glamour.
 Q. My skin is abnormally oily. What is a good corrective treatment for this?
 A. One often-beneficial treatment is the regular sponging of the face with equal parts of cologne water, witch hazel, and rose water.
 Q. What do you especially recommend as a "liquid control" for the hairdress?
 A. Brilliantine is excellent. If the hair is fine, the brilliantine should be of a thinner consistency. It should never be applied directly to the hair. Place a small amount in the palm of the hand, rub the palms together briskly, then pass them over the hair. If the hair is heavier and coarser, then a heavier brilliantine should be used.
 Q. Please suggest a "dry shampoo." I can give my hair.
 A. Beat the whites of two eggs as stiff as possible, then take a handful of this at a time, and rub it well into your scalp with a light, circular movement. Dry the hair for 20 minutes, then give it a good, thorough brushing.

How Can I?

BY ANNE ASHLEY
 Q. How can I make the operation of sliding doors easier?
 A. Those that run on a metal or wooden track may be lubricated with petroleum jelly, applied freely along the runner. Paraffin may be put on doors that slide in grooved wooden tracks. If yours is the type of door that hangs on metal wheels, lubricate them with a drop of oil on the bearings, and petroleum jelly along the top of the metal track.
 Q. How can I prevent that familiar green scum from forming on the surface of the water in my goldfish bowl?
 A. If you'll place a few pennies in the bowl, much of this unsightly trouble will be eliminated.
 Q. How can I treat snags and worn places on my automobile seat covers?
 A. Try "painting" over these with some starch, allowing this to dry thoroughly, and then pressing heavily on the worn areas.
 Q. How can I remove candle-wax stains from materials?
 A. First scrape off as much of the wax as you can with a dull knife, then place the stain between two pieces of white blotting paper, paper towels, or facial tissues, and press with a warm iron. Sponge the final traces of the stain with some carbon tetrachloride.
 Q. How can I clean out my food chopper after having run such sticky ingredients through it as meat, raisins, etc.?
 A. Run a piece of stale bread through it, and this will clean out all the particles from the knives and holes.
 Q. How can I remove spots of paint from my hair?
 A. This paint can be removed with warm vinegar on a cloth. Then you'd better give yourself a shampoo to remove that pickle-odor.
 Q. How can I remove a white ring, caused by a beverage glass, from a varnished wood surface?
 A. Try rubbing over the discoloration with a damp cloth that has been dipped into some cigarette ash. Rub the ring gently with a piece of cleaning tissue, and then finish with furniture polish. The ash acts as a pumice.
 Q. How can I remove an encrusted lime deposit from the inside of my teakettle?
 A. By boiling a strong solution of vinegar inside the kettle, then rinsing out thoroughly before putting in water for cooking purposes.
 Q. How can I purify water for drinking purposes while on a camping trip?
 Between 1940 and 1960, the number of U. S. teen-agers increased about four million to 25,856,000. A much larger increase is expected by 1980, when the Census Bureau estimates youths between 12 and 20, the nation will have 41,071,000

WORKING IN THE FIELDS Employs Thousands

The Hereford Brand

Hereford, Texas, Thursday, August 10, 1961 Section Two

Labor Payroll Hits \$200,000 Each Week

Each summer Hereford's population skyrockets from 8,500 to an estimated 13,500 for the months of June, July and August, and most of the increase is contributed by Latin-American families who come here to harvest and process onions, potatoes, carrots and lettuce. Most of the migrant laborers in Hereford come from Houston, San Antonio, Harlingen, Fulton, Alamo, and other parts of South Texas.

The estimated payroll to the migrant workers in this community runs around \$200,000 each week. An actual 3,000 workers in fields and packing sheds are accounted for, while families increase the total number upwards to 5,000. Farmers of the area could not harvest their annual produce crops without this help and, needless to say, the Main Street merchants would sorely miss patronage from the group.

The Latin-Americans come primarily to find employment but, at the same time, they manage to find various forms of recreation. As things come and go, most of them say Hereford is above average — and many of them have come to look forward each year to their temporary home in this community.

all clear

In the "railroad" business the brakeman's lantern means everything. His "signal lantern" preceded the driver's stop and go light. *It must be obeyed.* The brakeman, like God, must give us the "all clear." It is the only way we may know the track is clear, the switch in place, for us to move with confidence. *How reassuring when we know that God is clearing the way ahead of us.*

If you were ever in a business a righteous God could not bless, then, you well know how it hurts not to be able to get His "all clear." But He warned us, "There is a way that seemeth right, but the end is death." *It one's destination is Heaven, it is important that he get on the main line and keep on going.* Let us take the church as our "brakeman." It will not signal us wrong. Let us worship God in her pews every week and support her many programs of service.

You In The Church
The Church In You
— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support the program of service in fellowship, be a faithful worker, a daily bible reader and attend services regularly.

AUSTIN HIGHLIGHTS

Children's Wearing Apparel Creates A Tax Question

BY VERN SANFORD
AUSTIN. — Amid the sound and fury of the tax battle in the Legislature, Texas — new to the idea of taxing reaching sales taxes — could be heard trying to get to the bottom of things by calculating their effect upon such things as baby's diapers.

The key to many discussions, both in the legislative chambers and in the Capitol corridors, was the term "outer wearing apparel," to be exempt from sales taxes.

It seemed simple enough at first when the proposal was to exempt such articles costing less than \$10, the intention being to exempt work clothes. But

ATHLETE'S FOOT GERM HOW TO KILL IT IN 3 DAYS

If not pleased with strong, instant-drying T-41, your \$50 back at any drug store. Watch infected skin smoothen. Watch healthy skin return. It's rich and burning are gone. TODAY at Roger's Drug.

many a question popped up when the tax writers went into details and spelled out that this exemption would not include accessories like "cuff links, belts, ties, scarves, billfolds, hand bags, canes, unattached buttons, ornamental jewelry of any type, bathing suits, sleeping garments, bathrobes, lingerie, negligees and lounging pajamas."

Clearly, baby's diapers are outer wearing apparel. But, do they remain in that status when covered with rubber or plastic pants? Nobody could readily answer the question. That was something to be decided later.

And what about bathing suits? These certainly are not undergarments — except, of course, when worn under street clothes. And who ever wears anything "outer" than a bathrobe?

Then there was the more serious talk about the definition of work clothes. The exemption was confined to those made of cotton, twill, poplin, denim, and chambray. Suppose, somebody questioned, a man ran across a

pair of blue denims with nylon knees?

And why, a white collar worker asked, shouldn't his wool trousers be exempt, too, since he works in them?

During the Sales Tax debate, Senator Wardlow Lane of Center quipped, "I'm personally not for any kind of tax . . . just like I'm not for pneumonia, death or anything else bad . . ."

Attorney General Rules
An Attorney General's opinion holds that the state's admission tax does not apply to tickets to baseball, football and basketball games, but it applicable to horse races, dog races, motorcycle races, auto races, dance halls, night clubs, skating rinks, "and any and all like places of amusements, contests, and exhibitions."

State Comptroller Robert S. Calbert, who asked for the ruling, was advised that horse races are subject to the tax because they are specifically mentioned in the tax law, and baseball, football and basketball games are not.
Referendum on Horse Race

Betting Sought
Rep. V. E. (Red) Berry of San Antonio, who got nowhere with his bill to legalize horse race gambling in Texas and another calling for a statewide referendum on the question, doesn't plan to give up.

Representative Berry said petitions are being circulated by members of Texas Thoroughbred Breeders Association asking support of a Democratic party referendum from 10 per cent of the qualified voters in Texas. He estimated 155,000 signatures will be necessary to cause the State Democratic Executive Committee to submit the proposition to the voters in the first Democratic primary election next May.

The petition, he said, calls for submission of a constitution amendment to the electorate.

Historic Document on Water Problems
"If Texans cannot change the weather, they can at least, conserve and develop water resources to supply their needs, through sound, farsighted planning."

So said the State Board of Water Engineers as it turned in to Gov. Price Daniel the state's first comprehensive, projected plan for meeting the industrial, municipal and other

water needs in 1960.

Governor Daniel termed the 200-page document, which envisions the construction of 45 new reservoirs over the state, "one of the great things in the life of our state."

The board made the observation that the people of Texas have not yet been "aroused to the dire consequences of inaction or to the consequences of building projects which at best provide for only small increases in water needs . . . in relation to long term future needs in many areas, water is the least abundant of Texas' important natural resources; certainly it is the most indispensable."

The board said that through proper development, Texas has adequate water to meet its municipal and industrial needs in 1980 and sustain agriculture and other uses. A significant statement in the report was to the effect that such a program as outlined "appears to be within the financial capability of the state and local interests, with federal participation in projects containing flood control."

In short, the so-called "Master Plan" for development of the state's water resources is at least an outline of what can be done, and might be done, to meet one of the state's most crucial problems.

Attack on "Softness" Launched
Physical education teachers from over the state at a meeting in Austin have come up with a plan to turn talk into action and do something about physical fitness in the schools.

The plan includes 15 minutes of strenuous body exercise in physical education periods; teaching the right way to walk, sit, climb, pull, push and all the other ways the body obeys the laws of physics; teaching games and sports people can use throughout their life including tennis, golf and swimming and other popular sports; teaching the history of games; fitting activities such as folk dancing into sportsmanship as part of social behavior; accomplishing social control through release of tension in athletics; and promoting a favorable attitude toward physical activity both as children and as adults.

Bus Rates Go Up
Bus travel in Texas is costing the operators more and so it will be costing the passengers more. No one objected at a hearing which resulted in a general hike of five per cent in bus fare rates approved by the State Railroad Commission.

Operators testified expenses increased 8.9 per cent in 1960 over 1959, against a revenue increase of only 4.6 per cent. The last time bus fares were increased was in 1958. The increases will be in effect no later than September 1. There were some exceptions to the general five per cent increase, such as an approved boost of 10 per cent for Texas bus lines operating between Galveston - Beaumont and Port Arthur-High Island, and a 10 per cent increase for Texas Electric Bus Lines.

Governor For A Day
One of the nicer traditions in Texas politics is that which permits the man who is third in line to the Governorship officially to take over the reins of state government for a day.

By custom, the Governor and Lieutenant Governor absent themselves from the state for a 24-hour period so that the Senator who has been elected by his colleagues as President Pro Tempore of the Senate can step into the Governor's chair.

The honor went to easy-going, well-liked Senator Preston Smith of Lubbock last week. He signed proclamations, as Acting Governor, got in little plugs for his area of the state, and was feted at a banquet which rounded out the festivities in the evening last Friday.

Short Snorts
Moonshining still goes on . . . The Texas Liquor Control Board reports seven illicit stills were taken by inspectors during the month of June with a capacity of 710 gallons. Inspectors seized 590 gallons of mash and made nine arrests. The stills were located in Lamar, Bowie, Marion and San Jacinto Counties.

Texas Business Review reports retail sales in Texas for the first six months of 1961 increased steadily, but still fell behind the first half of 1960. One reason — consumers using current income to catch up on old debts.

Construction industry reached near record levels with substantial increases over 1960, according to the University of Texas Bureau of Business Research. Authorized construction this year so far is less than one percent below the record reached in 1959.

A tiny island off the west coast of Florida is named Captiva, supposedly because the buccaneer Gasparilla confined female prisoners there.

The Utah Supreme Court has ruled that a tree cannot be held a public nuisance merely because it drops its leaves into a neighbor's yard.

MISS JERRE NOLAND, left, of Summerfield was runner-up to Miss Debra Buckmaster of Dimmitt when the Castro County Farm Bureau held their recent Queen contest. The contest was based on the contestants' beauty, poise, and personality.

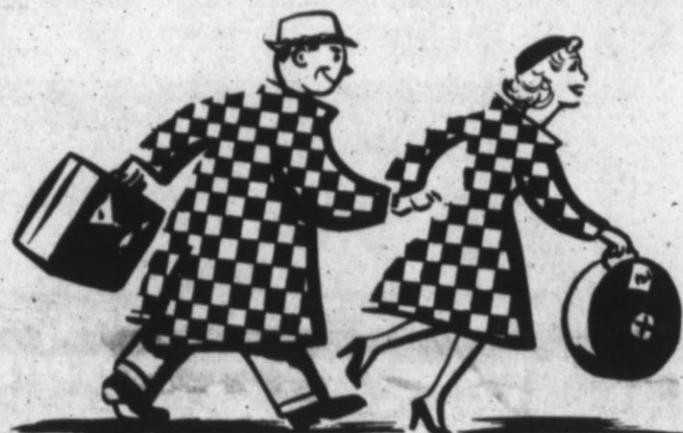

BUGS DON'T FRIGHTEN

DAYTON, Ohio (AP) — Sixth grade girls at Murlin Heights School are pretty much immune to teasing with bugs and such things.

Mrs. Clifford Shank's class

has already dissected, studied, and stuffed a squirrel, a duck and a goose and collected a multitude of formaldehyde soaked specimens. And not a weak stomach - boy or girl - in the lot, teacher says.

remembered your TRAVELERS CHECKS?

No smart traveler should be without them. They're so much safer to carry than cash — and they're readily accepted practically everywhere. Stock up on 'em before you take off on that vacation trip. They're available at our bank in several convenient denominations.

REP. WALTER ROGERS WRITES

True Facts Are Obscured About Sugar Situation

In some recent newsletters I have observed that a great deal of misinformation has been given out about the sugar situation in this country. Some of this has been due to the lack of correct information on the part of some self-appointed sugar experts. Other has been the result of deliberate intention to obscure the true facts. Just the other day a news release came over the wire under a Honolulu date line. It read as follows:

"Elimination of Cuban sugar from the American market this year will cost the Hawaiian sugar industry about \$4.5 million instead of helping it, mid-season statistics indicated today. This is because the American beet sugar industry was given the windfall sugar tonnage which Cuba lost in the United States because of deterioration in relations between the two nations."

This is an absolute untruth.

I have said on the Floor of Congress several times that the American sugar farmer, both beet and cane, has been denied the right under the law to produce one pound of sugar formerly covered by the Cuban allotment. I here and now repeat that statement and challenge anyone to disprove it. The fact of the matter is that the extension of the Sugar Act itself provided that all of this sugar had to be purchased from foreign countries.

The above misinformation was allegedly given out by American Factors, Ltd., whose six plantations produce about 30 per cent of Hawaii's one million ton annual crop. Now, it would seem to me that people in the sugar business certainly ought to know what the law is and the facts. You can make up your own mind as to whether they were honestly mistaken or simply trying to mislead the public.

The news release further stated that C. Hutton Smith, President of American Factors, Ltd. said, and I quote:

"The elimination of Cuban sugar imports to the United States has been harmful to Hawaii sugar interests in that it has resulted in increased beet sugar production in western states where our cooperative C & H Refinery and 45 beet sugar factories already produce far more sugar than is consumed in our primary marketing area. As a result of the intense competition in this market area, the estimated price from C & H for our 1961 sugar will be approximately \$4.50 per ton less than the price received in 1960."

This would indicate that the price of sugar has dropped. I

want the housewives all over this country to take note of this and see whether or not sugar prices are reduced on the retail market.

The true facts of the situation are that Hawaii has been unable to produce its sugar allotments for several years. They were unable to produce the amount allocated to them this year, and turned up with a deficit. The same is true of Puerto Rico. This brings into focus another situation that could be misleading to the reader who is not acquainted with the facts. On Monday, July 31, I spoke in the House of Representatives on this subject and pointed out the rank discrimination practiced against the American farmer and the American housewife. Immediately after that speech, the Secretary of Agriculture released a statement that 476,275 tons of sugar that had originally been assigned to Hawaii and Puerto Rico were being allocated to mainland cane and beet growers. This 476,275 tons was deficit sugar that could not

be produced by Hawaii and Puerto Rico. It was part of the domestic sugar production and certainly should have been re-assigned to other domestic producers. Therefore, its reallocation to mainland cane and sugar producers was nothing more than something to which they were rightfully entitled. The further fact is that this has been going on for some time, but the Secretary of Agriculture will not assign these deficits to mainland producers on a permanent basis. Therefore, none of the new growing areas are able to promote the building of a new sugar processing plant that could bring much prosperity

to several areas in our country. Word has just been received from the Secretary of Agriculture that no recommendations for solution of the sugar problem will be made before January, 1962. This means that all promises for early attention to the sugar problem this year have gone down the drain. It means that there will be no further hearings this year. Although this is disheartening, it was not unexpected. It is the same practice that has been followed for a number of years. It simply means that those of us who have been in this battle so long, to gain proper recognition for American producers,

will have to fight harder. I can assure you that we are prepared to do just that. Recently a man came into my office and told me in detail of many things in the government that he was against and outstanding measures before the Congress which he bitterly opposed. When he concluded, he said: "You have told me a lot of the things you are against and I appreciate it. Perhaps there is something you might be in favor of, and would like to tell me about." He said: "There sure is. I am in favor of you voting against all of these things I've been telling you about."

Frost Family Holds Reunion

A reunion of the Frost family was held Sunday, August 6, in the Club House at the Veteran's Park, with 95 members of the family and one guest in attendance.

A basket lunch with drinks was served at noon. Games of 42 were played during the afternoon.

Those present were: Mr. and Mrs. J. C. Frost, Stephenville; Mr. and Mrs. W. J. Frost and son, J. M. Frost, Mr. and Mrs. K. H. Oliver and Joe Frost of Hereford; Mr. and Mrs. H. R. Frost of Quannah.

Mr. and Mrs. Odys Tadlock of Stephenville; Mr. and Mrs. T. C. Frost and family, Rankin; Mr. and Mrs. Frank Gibson and family, Quannah; Mr. and Mrs. W. T. Reese and family, Mr. and Mrs. T. D. Oliver and family, Mr. and Mrs. R. S. Thompson Jr. and family, Mr. and Mrs. J. H. Parker, all of Amarillo; Mr. and Mrs. D. G. Henson and family, Mr. and Mrs. Fred Higgins and family of Hobbs, N. M.

Mr. and Mrs. Roland Thomas and family, Edmond, Okla.; Mr. and Mrs. Delbert Frost and son of Beaver Okla.; Mr. and Mrs. H. D. Frost and family, Childress; Milton Beal of Fort Worth, and Mr. and Mrs. Edwin Morrison Sr., Mr. and Mrs. Edwin Morrison Jr., Mr. and Mrs. R. C. Bain and family, Mrs. Louise Lee and daughter, Mr. and Mrs. Elie Andres and family, Mr. and Mrs. David Hix and family, Mr. and Mrs. L. E. Fleacher and family, Mr. and Mrs. Ted Higgins and family, all of Hereford.

ATTEND SIMS REUNION

Mr. and Mrs. Fred Sims, Kay and Gilbert and Pat Robbins were in Amarillo Sunday to attend a reunion of the Sims family at Thompson Park. Approximately 100 attended from Moebette, Pampa and Dumas.

Former Resident Buried Thursday

Funeral services for George Hamilton Whitaker, 92, were conducted Thursday, August 3 at 2:30 p.m. in Bowie, Tex.

Interment was in Newport, Tex.

Mr. Whitaker, a retired rancher and farmer died in a Wichita Falls hospital after a prolonged illness.

He moved to Hereford with his family from Newport in 1928 and was a member of the Woodsmen's Circle.

Survivors include his wife, Irene; four sons, G. H. Jr. and Boon, both of Hereford; Clark of Amarillo, and Woodrow of Black; four daughters, Mrs. Emma Farmer of Bowie, Mrs. Ora Smith of Fort Worth, Mrs. Frankie Garrison of Colorado Springs, Colo., and Mrs. Mary Prewitt of Dallas; one sister, Mrs. Beulah Dove of Truce, Tex.; two brothers, Bailey Whitaker of Houston and Boon of Brownsville; 15 grandchildren and eight great-grandchildren.

Huckert Rites In Van Alstyne

Funeral services for Mrs. Annie Huckert, 58, were conducted August 8 in Van Alstyne, Tex. Funeral arrangements were under the direction of Flesher Funeral Home in Van Alstyne.

Mrs. Huckert, a resident here since May and formerly of Labbock, died at 8:45 a.m. August 6 in Deaf Smith County Hospital after an illness of a year.

She was born May 13, 1903, in Van Alstyne. On July 24, 1933, she married C. C. Huckert in Clovis, N. M.

Survivors include her husband; three sons, Tommy Waldon of Garland, Grady Waldon of Oklahoma City and John Paul of Melissa; three sisters, Mrs. Stanley Rouse and Mrs. Hugh Bunn, both of Houston, and Mrs. Minnie Morton of Dallas; and nine grandchildren.

BLIND TEACHER

KETTERING, Ohio (AP) — Although he lost his sight in 1956 and can distinguish only shapes and dark and light, David Rayburn teaches biology at Fairmont High School, coaches the golf team — and heads the visual education department.

Student assistants help Rayburn with much of his work and friends record his books and lab manuals on tape. His golf team has lost only three matches in five years.

Tanganyika was administered by Britain as a League of Nations mandate until 1946 when it became a United Nations trust territory. The country won internal self-rule May 1 and will become fully free Dec. 28.
