Denial Of Sugar Probe Just Part Of Plan--Witherspoon

Denial by the U. S. House Rules Committee for a special investigation of why none of the Cuban sugar quota was given to American farmers was termed here as one of a series of such moves to focus attention on the current battle for domestic sugar.

Vegetable Work Slowed By Three Major Factors

Rain, low prices, and a slow moving market tightened the reins on the Deaf Smith County vegetable harvest this week as the onion harvest headed for the finish line and potatoes rounded the far turn with about 50 per cent completion.

As early as Wednesday, some potato sheds started suspending operations due to a very low market. Later in the week several others closed because of a lack of orders and the moisture received Friday night put the remaining sheds into dry dock until at least Monday morning.

Onion harvest has reached its final stages with most of the onions in the district finishing up by the middle of next week. Although the market is strong, the onions have been moving very slowly during the last week.

Around Town

One of our readers has suspicions that we didn't really give away our dogs... we dumped them upon said reader, who lives in the country. But it wasn't us, although we can sympathize with the farm dwellers who seem to be the recipients of all the unwanted dogs in town, except for those caught by the city dogcatcher.

We can also sympathize with Mrs. Dale Young. We watched her standing outside the show Friday afternoon, frantically counting small heads, to which were attached rapidly moving bodies. Seems she

tion formerly assigned to Cuba. The committee turned down the request on Thursday. According to James W. Witherspoon of Hereford, legislative chairman for the Texas Sugar Beet Raisers Association, the group had talked with Representative Rogers about introducing a resolution to probe into the current sugar situation, and the entire sugar industry.

"We knew that the House Rules Committee and the House would not go for the resolution, but it was just one step," Witherspoon said. "We hope it will result in some greater understanding of the Sugar Act generally and how arbitrary some of the people in Washington can be." He said that eventually the public would demand better legislation on the supply for domestic use.

Redbirds Place Four On Legion All-Star Squad

The Hereford Redbirds placed four men on the All-Star squad which was selected Thursday from the Southern Division of American Legion baseball's district 18. The Tascosa Sheriffs, the team that edged out Hereford for the Southern Division title, also placed four men on the squad.

Hereford players named to the first team were: Dan McDowell, son of Mr. and Mrs. Ansel McDowell, 106 Ave. I; Richard Casas, son of Mr. and Mrs. David Casas, Rt. 2; Ken Loerwald, son of Mr. and Mrs. Ed Loerwald, 224 Star St.; and Glen Nelson, son of Mr. and Mrs. Glen Nelson, 511 Ave. J.

Redbirds receiving honorable mention were: Joe Mack Hale, son of Mr. and Mrs. Buck Hale, 310 Ave. C; Johnny Willoughby, son of Mr. and Mrs. Irving Willoughby, 910 E. Union St.; and Gary Smith, son of Mr. and Mrs. O. A. Smith, 403 Irving.

The complete list of All-Stars read as follows: catcher, Norbert Gerber, Nazareth; first baseman, Bill Defee, Tascosa; second baseman, Nicky Leverett, Tascosa; third baseman, Casas, Hereford; shortstop, Loerwald, Hereford; outfield, McDowell, Hereford; outfield, Nelson, Hereford; outfield, Dennis Wilson, Tascosa; pitcher, Jim Farley, Canyon; and pitcher Chris Gibbs, Tascosa.

Players placed on the honorable mention list were: Sammy Taylor, Shedd, Barnes, and Jackie Petty, Childress; Roy Coliard, Tascosa; Bob Begart, Don Thrasher, Harry Lisle, and Bill Callerman, Canyon; Gary Haught, Gregory Venhaus, Nazareth; Hale, Willoughby and Smith, Hereford.

Hereford Girl Recovers After Bad Hand Injury

A 12-year-old Hereford girl was listed in fair condition at Deaf Smith County Hospital Saturday after four doctors fought a dramatic 4 1/2 hour battle to save her right hand.

Peggy Jean Allred, daughter of Mr. and Mrs. Glen B. Allred, 840 Blevins, was injured Thursday afternoon while helping her brother Roddy, 14, pick up loose hay bales on the family's farm which is located 30 miles northeast of Hereford.

Peggy, a Stanton Junior High eighth grader, was riding on the hitch between the tractor and the baler when she lost her balance and caught her right hand in the fly wheel of the baler. She suffered several lacerations about the head and her hand was nearly severed at the wrist. The family rushed the girl to Deaf Smith County Hospital where she was given a blood transfusion and treatment for shock. Doctors stated Saturday that they believed that the hand had been saved.

Area City Heads Set Meet Here

The quarterly Mayors and Commissioners Conference will be conducted at the Hereford Country Club Wednesday, July 26.

This region of the statewide organization comprises the Texas Panhandle north of Plainview. The delegates will discuss city affairs and mutual problems in conducting city business.

The delegates will attend a dinner at the Country Club Wednesday.

Canyon Ends Reign Of Hereford's LL

Despite the heroic efforts of pitcher-slugger Jimmy Allison, the Hereford Little League All-Stars were upset 5-2 by the scrappy ball club from Canyon Thursday evening.

For the Hereford club, it meant the quick end of tournament play and the end of a reign as district champions.

Allison struck out 13 batters, gave up just three hits and slammed a single, a double and a home run in three trips to the plate.

But that wasn't enough as Canyon broke open a near-perfect game in the fourth

ALL GAMES THERE

Pony Leaguers Open Area Play Against Littlefield

The Hereford Pony League All-stars will meet Littlefield in the area playoffs at 8 p.m. Monday in Littlefield. The second game will be at the same time Tuesday night and if a third game is necessary it will be played Wednesday at 8 p.m. in Littlefield also.

Littlefield advanced to the finals by downing Anton in two straight games 5-3 and 8-6. Hereford had a bye into the finals. The winner of the Area playoffs will meet the champion in the northern part of the district. Pampa, Childress and Borger are in playoffs to determine the northern winner.

The local All-star Pony League team went to Friona Friday, July 21, for a return game but were rained out in the first inning. They beat Friona 27-7 last weekend. The Hereford team will leave at 5:15 Monday from the Hereford State Bank parking lot and travel to Littlefield. Game site is the Pony League Park located south on Highway 385 to 16th Street and east one block.

Members of the Hereford All-star Pony League team include 15 players who were chosen as outstanding during regular season play. The team members are 15 and 14 years old.

Robert Strange, 14, is the son of Mr. and Mrs. Clarence Strange, 203 N. Bennett. Robert will be used at second base and shortstop.

Jimmie Gutierrez, 14, plays in the infield and is the son of Mr. and Mrs. George Gutierrez, 200 Blevins.

Wynn Buck, 13, is an outfielder. He is the son of Mr. and Mrs. W. W. Buck, Harris on

Stanford Leaves Principal Post

William Jesse "Bill" Stanford Jr., principal of Hereford High School for the past four years, has resigned from the post effective Aug. 1.

He will become principal of Plainview High School. In a special meeting Friday morning, school trustees accepted his resignation "with reluctance."

Superintendent Paul Stevens said the board was not accepting applications for the vacancy at present. The matter is expected to be discussed Tuesday evening when the board meets for a budget study session.

Stanford, 42, is a native of Hereford and was graduated from high school here in 1937. He served in the U. S. Army as an infantry officer during World War II. He spent 23 months overseas in Europe and was awarded the Bronze Star medal.

In 1948 he was graduated from Texas A&M with a B. S. degree in agricultural education. He started teaching in Hereford after graduation and had completed 13 years here before resigning. He was awarded the M. E. degree in agricultural education from Texas Tech in 1952. For a time, Stanford also served as business manager and assistant superintendent in the Hereford school system.

His wife, Betty, had served for several years as organist for the First Methodist Church of Hereford.

Six jam-packed days of fun and entertainment open Monday as the third annual Hereford Harvest Festival gets underway.

The entire city is expected to take on a carnival atmosphere with a crowded schedule of events some of which will appeal to everyone.

Selection of the Festival Queen Monday evening will officially get the week underway. Sponsored by the Junior Chamber of Commerce, the contest will open at 8 p.m. in the high school auditorium. Admission will be free.

Dan True, Amarillo television personality, will be master of ceremonies for the affair, which has 22 entrants. There also will be an orchestra on hand to provide music during the judging. Judges will be from out of town.

Winner in the contest will be honored at a Queen's Ball at the Jim Hill Hotel ballroom following the judging. She also will be a special guest at all other activities of the Harvest Festival.

Also opening Monday night will be the traditional Lions Club carnival, set up around the Bull Barn. There will be all sorts of rides and games each night during the Festival. Members of the Future Homemakers of America chapters here will man a food booth to raise funds for their exchange student fund at the carnival.

Tuesday evening at 8 p.m. the grain producers of the county will be honored at an appreciation dinner. It will be held in the high school cafeteria, arranged by the Chamber of Commerce. Grain elevators in the county are sharing cost of the banquet.

Guest speaker will be Bill Nelson of Amarillo, executive vice president of the Grain Sorghum Producers Association. On Wednesday the Farm and

Sentence Woman After Two-Car Wreck For DWI

A two-car accident on west Highway 80 Wednesday at 3:07 p.m. led to the arrest and conviction of two Hereford mothers.

Mrs. Colleen Bertrand, 28, 203 Irving, was fined \$100 and costs, and sentenced to five days in the county jail for driving while intoxicated. Mrs. Vina Lea Jennings, 26, 609 Ireland, was fined \$25 and costs for being drunk.

The women were arrested by Highway Patrol officers Carl Parker and Charles Skimer after the car which Mrs. Bertrand was driving collided with a foreign car driven by John E. Tuberty, 1343 Edmoore Ave., Kalamazoo, Mich.

Riding in the car with the women when the accident occurred were four children between the ages of four and ten years old. Each of the women is the mother of two. As Mrs. Bertrand is serving her five day sentence, her children will be under the care of a welfare department.

Making sentences upon the women was county judge Don Zimmerman.

PILES OF MAPS, aerial photos and other documents littered the conference room of the school tax office this week. They were used in discussing property valuations with residents during the past week. The discussions were held to brief residents on the equalization of taxes for city, school and county purposes and will continue Monday, although tax equalization boards will start convening at that time.

Tax Boards Open Meetings After Study Of Valuations

The school tax offices were filled last week with property owners who wished to discuss their property evaluations with McMorries and Company, the firm hired as a consultant to the taxing units of the Deaf Smith County in arriving at true and correct market values of properties.

Jim McMorries said that his firm will continue to talk with property owners Monday although the Boards of Equalization meet then. Many of the people who have discussed the property evaluations with McMorries have signed their retention and will not appear before the board.

School and city governing bodies have appointed the boards of equalization, which will convene Monday in the school tax office. The County Commission, by law, must sit as its own board of equalization. It will convene as such at 10 a.m. Monday in the Commissioners' Courtroom.

PUTTING HIS BEST FOOT FORWARD is Hereford catcher Gene Duvall as he races to first base on the opening play of the Hereford-Canyon game in the district Little League play-offs. The base umpire called Duvall out, declaring the Canyon first baseman, Joe Moore, shown with the ball reached base first. Player in the center is the winning Canyon pitcher, Yogi Rossie. 95 to 99 per cent of those who have talked with will not go before the Boards of Equalization.

"We want to be absolutely correct in the evaluations if it is at all possible; therefore, we welcome the chance to explain what we have done and detect any errors which might be present," the head of the Amarillo firm said.

The revaluation program was started early last October after the city commission and school board of trustees made a study and decided that serious discrepancies in property valuations for tax purposes existed. The two bodies hired McMorries and Company from Amarillo to assist the taxing units and the board of equalization in arriving at true and correct market values of properties.

In January the county commission decided to enter a valuation study and also hire McMorries and Company.

All types of property have been divided into five classes with a different evaluation on each classification. The classification of farm property is made according to terrain, depth and fertility of the soil.

The size of water wells is taken into consideration when determining the base price per acre for farm land. The well-acres figures are based on two crops per year; therefore, the consideration is an average of 65 acres per crop per year for each good eight inch well.

First class dry land cultivated in a water district is valued at \$90 per acre. The same land under irrigation is valued at \$175. First class grass land is valued at \$60 per acre.

Cultivated land in an area with no underlying water table is valued at \$60 per acre if it is classified first class. Grass land in a dry area is valued at \$40

per acre. The city will tax on a basis of 45 per cent of the total evaluation. The tax rate is \$1.40 per \$100 evaluation. The rate last year was \$1.25.

School taxes will be based on a 40 per cent total evaluation with a tentative schedule of \$1.60 per \$100. The schedule last year was \$1.70.

The county tax base is tentatively 17 1/2 per cent. Last year the schedule was \$1.72 per \$100 evaluation but not tentative schedule has been announced this year.

Under the city tax schedule a house valued at \$10,000 would have a taxable value of \$4,500. At the \$1.40 per \$100 evaluation rate the city taxes on the house would be \$63.

Values have been placed on each running foot of frontage for city lots. Location of the lot also was considered. A ten per cent corner influence and a depth factor for lots more or less than the 140 foot standard depth were used.

McMorries explained that county evaluations are made with zones from Hereford considered. A place close to Hereford would be valued at 5 per cent more than one in the next zone.

There are 13 different classes of houses by which valuations are made. The program is scheduled to stand for five years with little adjustment. McMorries pointed out. New houses were valued at a five per cent depreciation during the present project.

Increases in building costs and tax rates may cause the taxable valuation to keep pace with the depreciation rates. All property is valued at what it would sell for on the market with a willing buyer and willing seller, McMorries said.

McMorries pointed out that school taxes in Hereford are lower than those in most surrounding areas. One explanation for this is the larger terri-

Rogers probably would use his privilege to make a one-hour speech on the floor of the House of Representatives "Those persons in Congress who are taking care of the sugar industry, now don't want any publicity about their actions."

Witherspoon is one of a group fighting to have the national Sugar Act changed. On March 21, the Sugar Act was extended for 21 months with assurances that steps would be taken in the interim to draw up amendments for a more satisfactory allocation of production to domestic producers and those in this country who would like to produce sugar.

Main point of contention is that only 55 per cent of the sugar consumed in this country is produced here, with the remainder imported from other countries. When Castro took over Cuba, the President was em-

tory in Deaf Smith County from which to pull the valuation. The student load in many counties equals that of Hereford but the land is not as valuable in other counties.

For the new evaluations McMorries and his group examined all land and buildings in the county. In several cases where gates were locked the group was unable to examine every acre. Aerial maps and drawings of land have been made and partial floor plans of commercial buildings and residences were drawn by the consultants.

was trying to get 13 small ones lined up and ready to march into the show for a birthday party in honor of her older son, Kevin.

The district AAU (Little Olympics) swimming meet, slated in Lubbock next weekend has been postponed until Aug. 4 and 5. The Hereford Athletic Club is working hard for the contests and will send a strong team.

Again, for those planning vacations in August, we want to point out that school enrollment for Hereford is scheduled on Wednesday, Aug. 30, for all grades. Classes will start on Thursday, Aug. 31, but will be dismissed on Sept. 4 for Labor Day.

This issue carries the full schedule of events for the Harvest Festival, which starts Monday and lasts six big days until next Saturday. If you can't find something of interest during the week, you just have mighty unusual tastes. Jack Nunley sneaked in behind our back and sold most of his tickets to the barbecue in the Brand. So, we still have a pocket stuffed with barbecue tickets. Good as it is, we would have a hard time eating 15 plates of barbecue.

Hereford Migrant Ministry is in need of a used piano for its vacation church school at the Labor Camp next week. They would like a donation, since they are short on money, but would consider buying a piano if it is not too expensive. They said they would even use a piano loaned to them for a week. Contact Mrs. Jay Boston or Mrs.

powered to withdraw that country's quota of more than 3 million tons. This was done, but government officials have allocated Cuba's former quota among several foreign countries, with no increase in domestic production.

"We don't feel that the Sugar Act and domestic sugar companies are so much at fault as are the importers and those in this country with foreign sugar interests. These people had kept everyone blind as to the facts until 18 months ago when we started trying to get more sugar production in this country," Witherspoon declared.

Despite the recent move by the House Rules Committee in denying the probe, Witherspoon remains optimistic about a compromise on some acceptable legislation by August 1. "If we don't get an increase in production allocated by then, we'll just fight a little harder," Witherspoon concluded.

Home Show will start a four-day stand in the Bull Barn. The Queen and her court will preside at an official ribbon-cutting ceremony at 6:30 p.m. By Saturday morning 43 booth spaces had been reserved by local businesses and dealers, either for themselves or as courtesy booths for non-profit groups.

The show will be open from 6:30 until 10 p.m. each evening, with two drawings for door prizes each evening.

On Thursday the annual Hereford Riders Club will start the first of three amateur rodeo performances at the arena south of the Bull Barn. Ratjen Brothers will provide the stock. Performances will start at 8:15 p.m. Thursday, Friday and Saturday. The Riders Club Queen and the Festival Queen will be presented each evening.

Climax of the Festival will come on Saturday, July 29, with a day full of varied events. A new feature this year will be a stunt flying exhibition, starting at 1 p.m. at the Hereford Municipal Airport.

Nationally-known stunt flyer Frank D. Price of Waco will be on hand to thrill and amaze the crowd with his performances in a modified Great Lakes trainer plane. Extra attractions will include demonstrations of sport parachute jumping by local enthusiasts. The Air Force will have static displays on hand while area airplane dealers will bring in the latest civilian aircraft for exhibition. The Marine Corps also will have a display at the airport.

Promptly at 4 p.m. Saturday, the Festival parade will start down Main Street. Units will form on East Sixth Street, branching off onto Sampson and Schley. All units are to be in position by 3:45 p.m., according to parade chairman Irving Alexander. Parade Marshals are May-

a commanding 5-1 lead.

It looked for a few moments like Hereford might rally as Allison opened the last of the sixth with a homer over the center field fence. Danny Baize singled but was forced at second as Davis got on by fielder's choice and went to second on an error. But Rosale really got tough as he struck out the next two Hereford batters to preserve the victory for Canyon.

A cool little performer on the mound, Rosale gave up two runs on five hits and walked just one. He struck out six batters.

Allison allowed five runs on three hits, struck out 13 and walked three. Hereford was charged with three errors, one passed ball and one wild pitch. Canyon made three errors and was tagged with one wild pitch.

The game, played in hot, windy weather lasted just 62 minutes.

Girls Attend G A Camp; Enjoy Active Program

by MRS. GEORGE ZETZSCHE
Zena Ann Bolin, Adair Melton, Sue Northcutt, Janis Head and Mary Ruth Weaver accompanied by Mrs. John David Owen and Mrs. George Zetzsch attended Girls Auxiliary Camp at Plains Baptist Assembly near Floydada from Wednesday until Friday of last week. While at camp they stayed in the cabin owned by the First Baptist

Church of Plainview. Besides hearing messages by the camp pastor, Rev. Otis B. Testerman, of Crosbyton, and the camp missionary, Victor Kaneubbe, who is a Choctaw Indian serving as a missionary to the Navejo Indians in Farmington, N. M., the girls participated in swimming and hiking. Crafts of various types were also available for the girls to work on.

Mr. and Mrs. Buck Cunningham of Amarillo visited Sunday in the home of Mrs. Cunningham's parents, the P. B. Sowell. Also visiting in the Sowell home Sunday were Mrs. Sowell's parents, Mr. and Mrs. Henry Tiefel, and her uncle, Ed Tiefel of Hereford.

Mrs. Rob Groves and children, Jo Angela and Rob E., spent last weekend in Stinnett visiting with her parents, Mr. and Mrs. Vance Johnson and Judith, and with Mrs. Groves' parents, Mr. and Mrs. Paul Groves and Susie. They also accompanied her parents to Stevenville during the time to visit with relatives.

Mrs. L. W. Norvell, State, and Tilford visited in Floydada Wednesday and Thursday with Mrs. Norvell's sister, and her family, the Bill Norris family, and in Crosbyton Thursday night and Friday with her brother and his family, the Dennis Taylors.

Visiting in the home of Mrs. Alice Cooper and Joyce, and John Kalka a week ago Sunday were Mr. Kalka's relatives, Mr. and Mrs. Tel Heiduk and son, Leroy, Mr. and Mrs. Dallas Wyatt, Daryl Dean, and Dennis, Mr. and Mrs. Eddie Kalka, Melvin and Bobby and Mr. and Mrs. John Kotara of White Deer, Mr. and Mrs. Lawrence Flaherty of Pampa, Mr. and Mrs. Sam Mazurek and family, Mr. and Mrs. Tony Urbanczyk and son, Mr. and Mrs. Arhart Reinart, Conrad Urbanczyk and Father Hubert, the pastor of St. Anthony's Parish, Hereford, also visited them.

Mr. and Mrs. George Zetzsch, Ann and Cay were in Amarillo on Monday of last week to visit with Jay Boren at Northwest Texas Hospital and to shop. Mr. and Mrs. Herb were also shopping in Amarillo.

Stanford Davis of Ringling, Okla., spent Saturday night in the L. W. Norvell home. Jay Boren, who has been a patient in the Northwest Texas Hospital in Amarillo for two weeks, was able to return to his home near Texline Tuesday. His sisters, Teresa and Cynthia, and brother, Wade, who have been staying with the Bill Roberts family during that time also returned to their home.

Mr. and Mrs. Paul Stewart, Gary, Jimmy, and Lisa of Hedley visited Sunday in the home of Mrs. Stewart's sister, Mrs. Alice Cooper. Also visiting there Saturday and Sunday were Mrs. Cooper's brother, Sydney Dodson of Muskogee, Okla.

Gamez Attends ROTC Camp

Cadet Benjamin Gamez, son of Mrs. Mary V. Gamez of Hereford, is receiving six weeks of training at the Army Reserve Officer Training Corps (ROTC) summer camp at Fort Hood, Tex. The training is scheduled to be concluded July 28.

During the training Cadet Gamez is receiving practical experience and instruction in tactical, technical and administrative subjects, with special emphasis placed on the duties of a second lieutenant.

The 22-year-old cadet is a 1958 graduate of Hereford High School and is a student at West Texas State College in Canyon. He is a member of Alpha Kappa Psi fraternity.

Switches made of semimetal such as antimony and bismuth are in the research stage. Such switches should be able to operate much more swiftly than the present transistors in computer machines.

Pastor Arrives At St. Anthony's

Father Angelus Delahunt, S. A., has arrived in Hereford for his new assignment as pastor of St. Anthony's Catholic Church. Father Angelus previously served as Superior General of Graymoor Friars for 12 years.

He was succeeded by Father Bonaventure Koelzer, S. A., who is a native of Hereford. Father Bonaventure attended St. Anthony's School and church.

Miss Teresa Koelzer and Mrs. John Noggler, sisters of Father Bonaventure, are members of St. Anthony's parish.

Father Angelus is succeeding Father Aloysius Craven, S. A., who has served St. Anthony's since 1958.

Father Aloysius is now assigned to St. Paul's Church and Sailor's Club, Vancouver, British Columbia, Canada, where he had formerly served in the same capacity.

Father Aloysius has recently returned to Hereford from an extended trip to Ireland. About 300 people attended a reception in the school Sunday, July 16, to greet Father Aloysius on his return and to wish him well in his new assignment. A gift from the parishioners

AUTOMATIC DOOR
ROCHESTER, N. Y. — Murdock L. Philpotts was at a loss to explain why his garage door opened and closed at about the same time each day.

Investigation revealed that the frequency of his radio-controlled door was the same used by an airlines flight that flew over his garage in its landing approach.

BANKING IN ROUND
NEW YORK — Banking in the round has come to New York.

Operations at the Sixtieth and Lexington branch of the Chemical Bank New York Trust Co. are now being conducted in quarters remodeled on a circular plan. Not only is the layout of the main business office round, but the staircases are circular, as is the elevator shaft casing. It's efficient, say bank officials, as well as attractive.

MEDAL OF LANGUOR
TONAWANDA, N. Y. — Charles O'Brien received a Purple Heart in the mail from Washington without a letter of explanation. He was wounded in France in 1917, but had never been awarded the medal.

was presented to Father Aloysius by Knights of Columbus Grand Knight, Tom Albracht.

Beauty At Home

BY LYNN CARTER

Q. Do you have some make-up tips for my round, "moon-shaped" face?

A. You can sweep your hair upward to give your face an illusion of length. Carry your rouge to the temple, down to the shadow of your jawline, and avoid spots that emphasize the roundness. Avoid lipstick in your mouth into a "rosebud." Tilt your eyes at the corners to lift your contour, and extend your brows beyond the corners of your eyes.

Q. How can I exercise to help strengthen and firm my flabby thigh muscles?

A. One of the best I can think of is the standing - squatting exercise. Stand on tiptoes, with hands on hips. Bend your knees to a squatting position, then rise to a standing position, staying on your toes throughout. This is an excellent one!

Q. Please recommend a good "weight-gainer cocktail" I can mix myself at home.

A. Several times a day (between meals), mix one fresh egg yolk with a glass of orange juice, add a tablespoon of honey, beat until foamy, and then down the hatch. It's tasty, and it's a pound-producing.

Q. I'm always so entranced by the hats I see in stores and in magazines, but am so uncertain as to what is for me. Can you give me any suggestions?

A. Buy the hat that suits you, not a mannequin. Some points to keep in mind (beyond the obvious ones of costume and occasion) are the shape of your hair, the size of your bones and features, and your height and build. Now - go out and try some hats on!

Q. I want to make myself a good and stimulating and cleansing facial beauty mask at my home. Can you advise me?

A. One excellent one that fits the specifications you have given consists of raw oatmeal mixed to a paste with milk.

Q. What is a trick of makeup that will hide or camouflage bags or puffs under my eyes?

A. Use a darker shade of foundation base on the puffs to absorb the light, then apply a highlighting base on the rim just under the puff. This heightens

the illusion of smoothness between the two. Pat the colors together gently and smoothly.

Q. What are some shampooing tips for hair that is artificially colored?

A. Shampoo or soap of any kind must never be left on touched - up hair, since it can cause streaks or marks. In hard-water areas where soap is difficult to remove, follow the shampoo rinses with an egg applica-

tion. Mix the yolk and white together and pour onto the scalp. Rub in lightly, then put your head under tepid water, and rinse THOROUGHLY.

Q. My mother says my skin acne is just a phase I'm going through. Is this true?

A. No; you won't simply OUT-GROW acne. Nor is it the result of not keeping yourself clean - although lack of cleanliness can aggravate a case of

acne. Acne is a skin infection which should be treated by a dermatologist, if scarring of the skin (and possibly of the psyche) is to be prevented.

The first school for officer candidates in the Women's Reserve of the U. S. Marine Corps was established in 1943 at Mt. Holyoke College in South Hadley, Mass.

Greasy Soup
Skim the grease off the top of soup by taking some square sheets of clean white tissue paper, laying one sheet at a time on the surface of the soup. All the grease will adhere to the paper.

Furniture Scratches
If there are scratches on dark-colored furniture, apply iodine on a swab of cotton that is tightly fastened to a lead pencil. When dry, rub over with furniture polish, and the scratches will hardly be noticeable.

Party Honors Mrs. Ward

Mrs. J. F. Ward was 89 years old Wednesday, July 19. Her day started early, as usual, with Mrs. C. B. Williams gathering flowers from her yard. Soon telephone calls started coming, one long distance call from her daughter, Mrs. Dollie Auger of Clearlake Highlands, Cal., wishing her a happy birthday. Next her mail arrived bringing many birthday greeting cards from those who were away.

At noon in Fellowship Hall of the First Methodist Church her Win One Sunday School class was the hostess for Mrs. J. F. Ward's annual birthday dinner. About 75 people attended. The tables were decorated with novelty figurines and vases filled with flowers. Friends arrived bringing food and extending greeting to the honoree. Some pictures were made. Mrs. Katie McGeehee sat at the entrance table where friends signed the guest register.

The Rev. Don Davidson offered the prayer of thanks.

Food was served buffet style. Mrs. J. F. Ward sat at the center table between her two nieces, Mrs. Claudie Ola Brown and Mrs. Beulah M. Hicks. Across the table was Mrs. H. M. Benefield, a long-time friend, who baked a decorated angel food birthday cake for Mrs. Ward. Mrs. Benefield has made the cake each year for many years. There were three other tables filled with guests eating birthday dinner with Mrs. Ward.

Class president, Mrs. Elizabeth Hicks, called on those who took part in the program. Mrs. I. H. Spratt played the piano while Mrs. A. C. Thompson and Joe Beyer sang "It is no Secret" and led the group in singing Mrs. Ward's favorite song, "I Love to Tell the Story."

The Rev. Herchel Thurston spoke of the number of years he has had an association with Mrs. Ward and how he appreciated being her pastor.

The Rev. Gene Matthews introduced the members of the Youth Activity group who were working in Hereford this week. He spoke briefly of what must be Mrs. Ward's formula for a longer life. He believed it was her spirit, active mind, creative interest in always doing something for others.

Dr. Milton C. Adams, as chairman for the project of building the Spanish church in Hereford found, Mrs. Ward's prayer a

help. Mrs. Ward's prayer, "Let's Do Something For Somebody Else" was started five years ago at her birthday party. At that time she started things off for the Spanish church by saying, "I'll pay \$1,000 on it if we build something really nice."

The Rev. Eugene Naugle spoke of his coming to Hereford nine years ago. Mrs. Ward was among the first to contribute to the building of the Wesley Methodist Church where he served as first pastor. He and Mrs. Naugle saw her book "Gardening for the Master" born. It was Mrs. Naugle who spent much time in helping to read and correct the manuscript.

Mrs. John Ferguson told that she met Mrs. Ward through reading "Gardening for the Master" while in the hospital. Then when she and her husband, Rev. Ferguson, came to Hereford as pastor of Wesley Methodist, Mrs. Ward was the first one they met.

Shirley Garrison, Superintendent of Methodist Sunday School, stated that if every class was doing just half as much as the Win One class, then we would have a wonderful mission in our church.

Mrs. Thurston said Mrs. Ward gave her many flowers which are now blooming in the parsonage.

Mrs. Bertie Cocanougher, class treasurer, gave a financial report of more than \$400 being paid for several mission projects by the class last year.

The Rev. Don Davidson said no one knows how many spots on the globe Mrs. Ward is praying for. She feels like a Methodist Home for Older Adults in Hereford is another thing the Lord wants done. She gave a tenth of the amount raised by Hereford citizens toward its building and was its first founder.

Mrs. Ward talked of starting Sunday Schools in the open spaces of West Texas. Miss Flora Foreman, a former pupil, spent many years of her life as a missionary in Africa.

The Rev. Thurston made mention of Mrs. Ward's knack of starting with a little beginning and making a big thing by getting others to help. He offered the closing prayer.

Among those present besides the ones mentioned above were Mrs. Jennie Clark, Mrs. Laura Thomas, Mr. and Mrs. Thomas L. Collins, Mrs. Claude McDou-

gal, Mrs. Martha Pierce, Mrs. Bert M. Boomer, Mrs. I. E. Woolery, Mrs. Wayne Edwards, Lila Botsford, Nettie Green, Mrs. Florence Parr, Mrs. Pearl Harrison, Rena and Debbie Ferguson, Mrs. Nell Matthews and daughters, Mrs. Shirley Garrison and daughter, Mrs. Joe Beyer, Mr. and Mrs. Ray Conaway, Mrs. Barbara Goodall and Greg, Mrs. Ada Huickabee, Mr. and Mrs. Lefty Thomas, Irma Sue Morrison, Ronnie Gray, Gary Batchelder, Irene Conaway, Mrs. Mildred Fuhrmann, Joel, Wanda and Glenda, Mrs. Ethel Logan, Ona Hammer, Bonnie Strawn, Shirley Hicks, Beth Ballard, Joe and Millie Garcia, Mrs. Roselle Saul and children, Mrs. M. F. Cherry, Mrs. Leo Forest, Mrs. Bess Geam and Mrs. C. E. Boone.

In the afternoon Mrs. Ward opened a box of chocolates given her by the S. S. class. She took time again to reread each birthday card and letter she'd received.

By JIMMIE GILLENTE
Very few people seem to be complaining about the heat this year. In fact I hear a thousand times more complaints about tax assessment boosts than about the weather. Howard Hume is just back from a westward trek and tells me that he would have sent me a card from Mexican Hat, Utah, only there were no cards and no post office — but it was a bit warm in spots. I notice they have been recording some 110-112 degree weather in California. Personally, I have come to the conclusion that it has been cooler than usual in Hereford this year, but someone (such as Clay Angelo) will probably prove that I don't know what I am talking about.

That's what Mrs. T. J. Parsons did concerning the 1961 peach crop. Her trees at Avenue J are loaded to the gills. She has so many peaches they had to prop up the limbs to keep them from breaking. I guess Wallace Cox is slipping, but this is the first time the old boy ever let me down on fruit production.

The Streu quit-business sale has attracted tremendous crowds. They estimated 300 at the opening Monday morning. I keep telling Urlin it is because folks are afraid he will back out and not leave if they don't buy, but he just grins and ploughs straight ahead. It sure is hard to shake that boy up when the cash register is ringing. Besides, I am going to miss him a lot. Streu always keeps me on my toes. I am also bucking for an invitation to visit him when he gets settled on his fishing spread in Colorado, so I have to be careful what I say.

Imogene Willis says the best way to keep a trim figure is by doing lots of yard work, which is a dead giveaway for a lot of us fellows who might well drop off 40 to 50 pounds.

Dot Bowles, our Texas Tech journalism student for the summer, is a capable, ambitious youngster, and has been digging up numerous feature stories. She recently did one on Leroy Price and some old pop bottles, which aroused my interest, so I asked Jim Clark, pioneer pharmacist and drug store man. Jim says he has sold a lot of them, but none in Hereford that he can remember. He came here in 1907, which was about the time the newfangled cap-type bottle tops came into use. He does recall that the old fashioned pop bottles came in barrels, however, and always packed "10 dozen

to the barrel." Jim further added: "Those may have been the good old days, but I am still glad they are not likely to ever bring those particular type bottles back into popular use."

W. H. Andrews nominates W. H. Thompson as the area's top fisherman. Mr. Thompson recently visited his son-in-law in Oklahoma and brought in six catfish which weighed 21, 27, 30, 32, 33 and 34 pounds. Unlike Nell Cooper and Ed Skypala, Mr. Thompson is a man with plenty of fish in his freezer.

Russell Hunter has likewise been on a "good old days" jag with a jupe 23, 1932, Hereford Brand which someone found when they tore down a house. The paper was published by Northwestern Publishing Company with R. E. Kessie as Editor and Business Manager. The thing that got Russ was the going price of groceries: "Steak, round, loin or T-bone," was selling at 15 cents a pound, while bacon went for 17 cents a pound; the Star Theatre was showing Edward G. Robinson in "The Hatchet Man," and on Saturday featured the "Cohens and Kellys in Hollywood" — but threw in "10 in Gold" to be given away free. J. C. McCracken was agent for Sinclair Oil Company, and Streu Hardware was advertising pressure cookers and Burpee sealers, along with a full line of New Perfection oil stoves. Back then the doctors were also doing considerable advertising, including Dr. R. E. Perkins, across south of the high school; Dr. E. B. Thomason, surgery, over the Corner Drug; Dr. T. L. Morgan, physician and surgeon, Buckner-Lambert building, Dr. G. F. LeGrand, Buckner-Lambert building, and Dr. B. M. Wiltshire, dentist, over Sprowls-Cronin.

Political announcements showed James W. Witherspoon and B. N. Richards in the race for District Attorney, but the sheriff job was most popular with eight candidates: Wood D. Vaughn, Ezra Norton, John B. Miller, J. Wallace Robinson, J. T. Cunningham, Ed Curtalinger, I. I. West and Emmett Hales.

Several months back I mentioned something about "Nature Boy", the young man who came here after World War II, and lived on what the land had to offer. Mr. and Mrs. Gerald Wilson said the other day that he had been back in Hereford a couple of times, and that he is a completely different fellow. Gerald says he had a clean shave, a crew cut and was neat-

ly dressed. Anna Jo quickly pointed out that he ate Mexican foods in gigantic proportions, which is quite a contrast for an old boy who, 10 years ago, ate nothing but raw liver, herbs, grass and uncooked vegetables. His name is Roger Shaw, and the Wilsons report that he is now teaching in a college in Michigan.

NBC keeps getting me confused. They have been advertising "Manshoot" every time I hear TV, and I was really surprised Friday to find out that it was space capsule. I figured it was another one of those super-production Westerns, like Billy the Kid or Wagon Train.

Meanwhile, it seems that everyone in town is working in the Harvest Festival. If each worker spends as much as \$1, the 1961 production is bound to be a howling success.

Letter To The Editor

Dear Mr. Bull,
Do you know any rebels without a cause? I have found a cause that I think should be brought to the attention of the people of this county. Old Deaf Smith is fading away! Or, more accurately, he's being covered up.

I stumbled onto this disturbing news quite by chance in pursuit of my hobby, painting. I've been dabbling oil paint on canvas, lo, these past ten years. I've painted everything from zinnias in a vase, to a tornado, to Sally Skelton trick-riding on Skokde. (The last two are not so dissimilar, come to think of it.)

But, breathes there a weekend painter with soul so rare who does not — whether he'll admit it or not — secretly hope that someday he'll be "discovered" and acclaimed a great genius by the whole world. (Preferably while he is still alive to enjoy it.)

Now, seems to me that I'm peculiarly equipped for this sort of role. I have the physical stature of a Toulouse-Lautrec, the mental stability and social grace of a Van Gogh, and I am fast approaching the years of a Grandama Moses.

So, ever aspiring to greater heights, I decided to attempt a portrait. I had been considering Deaf Smith as the subject for several weeks.

One day when my husband and I went to city hall to vote, I saw a photograph of a painting of the old scout himself. On inquiring, I found it was the property of Mr. Dudley Bayne.

And he kindly consented to loan it to me for an indefinite period.

I wanted to make the painting as faithful to the original as possible so I wrote to the San Jacinto Museum for information. I am enclosing the letter I received from Mrs. David Knepper, director of the museum.

I thought if the matter were brought to the attention of the people of the county some organization might wish to undertake the raising of funds for the restoration of this only existing portrait of the man for which our county was named.

During the two months I worked on my painting I came to be quite fond of Deaf Smith — and I think somehow he returns the affection. He watched the sometimes rather strange goings-on in this semi-beat household with his tolerant, faintly amused expression and endeared himself to one and all.

My 3½ year old son, Chris, knows him quite well now. After standing and staring at the picture for several minutes one day Chris pronounced, "Mommie, he has one happy eye and one sad eye!" Sure enough — the explanation I prefer a battle scar — there is a decided droop to Deaf Smith's left eyelid.

As the painting progressed, Chris would come each day to inquire "How's old Deaf Smith today?" And I have heard him hold many long and congenial conversations with the portrait as it sat on the easel on the kitchen table.

I'm sure if anyone kept the picture around long enough he'd agree with Chris and me that Deaf Smith is indeed a likeable fellow and well worth preserving and restoring to original splendor. After all, if it had not been for him, our county might have received some such name as Dumb Jones — or, even worse in this day and time —

CASTRO!
Seriously, I think it is important in a time when our whole way of life is under threat, to take pride in our heritage and protect and preserve it whenever possible.

Yours truly,
Mrs. B. D. Hutson

P. S. Rutherford's will display my painting in their window during the Harvest Festival. If any New York or London art critics happen by the Brand Office — send 'em down to have a look-

Here and There

with Mrs. Merlin Kaul

Miss Doris Willoughby, student nurse at Methodist School of Nursing in Lubbock, spent the weekend here with her parents, Mr. and Mrs. Irving Willoughby. Miss Willoughby, a second year nursing student, enrolled for the second semester

of the summer at Texas Tech on Monday. Her brother, Carroll, who is employed at a Lubbock shoe store came Saturday night and spent Sunday here. He and Doris returned to Lubbock Sunday night.

Mr. and Mrs. Raymond Morrison went to Dodd City Thursday morning where they will visit in the home of her parents, Mr. and Mrs. H. J. Fletcher. They will move next week to the Coldwater Ranch near Portales, N. M., where Raymond will be employed. Mrs. W. A. Campbell and her

sister, Mrs. Goliad Blout, Alamogordo, N. M., accompanied their brother Herman Helton to his home at Tulsa, Okla., recently. Helton is a former Hereford resident and worked on the police force here. He was in this area hauling wheat.

Mrs. Blout worked here at the Hereford Bakery for many years. From Tulsa the sisters and their brother went to Arkansas and Stilwell, Okla. In Stilwell they visited relatives whom they had not seen since 1910. They visited another sister,

Mrs. Bob Crump in Oklahoma City, before coming back to Hereford. Mrs. Blout spent a few days with Mrs. Campbell here before returning to her home in Alamogordo.

Mrs. Elsie Boardman, Mrs. Evalie Potter, Mr. and Mrs. Lewis Shirley of Hereford were supper guests Sunday at Mr. and Mrs. C. A. Sauley's home at Westway.

Mr. and Mrs. Charles Bell and family accompanied by his parents, Mr. and Mrs. C. C. Bell of Plainview, have returned home after a vacation trip.

They visited the Rev. James Bell of Browning, Mont., where he is working as a missionary among the Blackfoot Indians. He is a brother of Charles. Points of interest on their tour included Canada, Glacier National Park, Salt Lake City, Yellowstone Park, Colorado Springs and Denver.

Mr. and Mrs. Benny Cooper and son Chris of Amarillo spent the weekend here with her parents, Mr. and Mrs. Guy Lawrence. Mrs. Cooper, the former Melba Gay Lawrence and a member of the Brand staff be-

fore her marriage, is now employed at the First National Bank in Amarillo.

Mrs. D. H. Bryant is in Denton this month where she is a guest in the home of her son the Rev. Noel Bryant, pastor of the First Methodist Church. The Rev. Bryant was pastor of Oak Cliff Methodist Church in Dallas before going to Denton.

Mrs. Ann Ferguson of Wenatchee, Wash., has arrived here to care for her mother, Mrs. Nettie P. Slaton, who has been hospitalized with a broken hip.

Mr. and Mrs. James B. Hicks and son Jamie of Albuquerque, N. M., were guests last Friday night in the home of his aunt Vida Hicks.

Mrs. Wesley Quinn of Clovis, N. M., visited in the home of her sister, Mrs. Kent Snare one day last week.

Several members of P. H. Luck's family have been here the past week to be with him at the hospital. Mr. Luck was getting ready to make a trip to the West Coast when he became ill. Here to be with him were his sisters, Mrs. Ida Hardin of Wellington and Mrs. Georgia Owens of Dodson, his daughters, Mrs. J. M. Hypcock and Mr. Hypcock of Huntington Beach, Cal., and Mrs. E. O. Vaughn of Roswell, N. M.

Mr. and Mrs. Bennie Fulkerson of Roswell, N. M., were guests last weekend in the home of her sister, Mrs. Robert Boyd. They also visited P. H. Luck at the hospital.

Mr. and Mrs. Irving Willoughby and Doris were supper guests in the J. D. Anders on home in Borger Friday. All attended the American Legion ball game. Johnny Willoughby was one of the players.

Mr. and Mrs. Elmer Combs are new residents in town. They have moved from Westway to their house located on Highway 385 across from the fruit market. Elmer and his brother Cliff are former owners and operators of the Westway Store. Elmer is now engaged in the real estate business.

Mr. and Mrs. E. E. Bishop and daughter Venesa of Hereford and Mr. and Mrs. Arnold Bishop of Plainview visited the C. A. Sauleys Sunday.

Mrs. C. A. Sauley and Mrs. T. B. Thomas attended a luncheon Thursday at the Community Center in Hereford with the Grey Ladies.

Mrs. C. A. Sauley visited Mrs. Glen Boardman and Mrs. Darrel Harkins Thursday afternoon. The Sauleys visited the Carl Wyches on Wednesday.

Mrs. Argen Draper visited Mrs. C. A. Sauley Tuesday afternoon.

Henry Becomes Farmers Prexy

Joe Henry was elected president of the Hereford Young Farmers Tuesday. Other new officers are Clark Andrews, vice president; George Zetzsche, secretary - treasurer; Leonard Schmidt, assistant secretary; and Arthur Betts, reporter. Lee Benefield spoke on the sugar beef legislation and the possibility of getting more beef acreage in this area. Palmer Norton, president of the local Chamber of Commerce, intro-

How Can I?

Q. How can I blacken some tan leather?

A. Try rubbing this leather thoroughly with the inside of a raw potato. Let dry, then polish.

Q. How can I simplify the cleaning of Venetian blinds?

A. Try using some old woolen socks or gloves. Put a sock or glove on each hand, put some wax cleaner on one, and then leave the other one dry so that it can be used for polishing after the wax has been applied.

Q. How can I revive some raveled yarn?

A. Try wrapping it in a towel and placing it for a short time in a colander or steamer over a vessel of hot water. The steam makes it fluffy again, and the yarn is in the same condition as when new.

Q. How can I remove the skins from beets more easily?

A. Place the beets in hot water for a short time, then drain off the hot water, and immediately fill the vessel with cold water. The skins will then come off very readily.

Q. How can I clean outdoor brass fixtures satisfactorily?

A. Mix the scouring soap with a little kerosene. Apply with a flannel cloth.

Miss Self To Wed In July

Mr. and Mrs. A. J. Self, 824 Blevins, are announcing the engagement and approaching marriage of their daughter, Audrie Mae, to Don Howard, son of Mr. and Mrs. Noble Howard of Dimmitt.

The couple plans a July wedding. The bride-elect is a 1960 graduate of Hereford High School. Howard attended school in Dimmitt and is presently engaged in farming. Following their marriage, the couple will live on a farm north of Hereford.

Notice

All weddings and engagement stories must be received by the society editor of the Brand by Wednesday noon in order to be considered for the Sunday paper. Other society items and club reports must be received by 5:00 p.m. on Thursday.

Open Bible School

There will be five days of Vacation Bible School at the Seventh Day Adventist Church, it was announced this week. The school will start Monday, July 24, and continue through Saturday, July 29. The school will be conducted from 9 a.m. until noon each day at the new Seventh Day Adventist Church on Harrison Highway.

The school will be open to children of all faiths from five to 14 years of age. Mrs. B. D. Forten will be supervisor for the school.

VISITS WITH PARENTS

Miss Twyla Springer is spending the weekend in Hereford with her parents, Mr. and Mrs. Earl Springer, and her sister, Miss Sue Springer. Miss Springer is a student at the University of Colorado in Boulder.

Campfire Girls To Attend Camp

About 65 Campfire and Bluebird girls from Hereford are scheduled to attend a four-day camp session at Ceta Glen August 2.

Mrs. Virgil Marsh will be the camp director and Wilbur Gibson is the chairman of the camp committee. They have been working with the camp helpers this week to get ready for the camp session.

The girls from Hereford will be joined with a group from Amarillo. At least one night will be spent sleeping in tents by the 10 to 14 year-old girls.

Mrs. Phillip Barkley is in charge of the out door camping. Mrs. Arthur Stoy is camp

nurse and Mrs. J. F. Glibreath and Mrs. Mabel Williams are dieticians.

Other counselors include Mrs. Ervin Robinson, outdoors; Mrs. Lottie Wertemberger, handicraft; Mrs. O. G. Hill Jr. and Mrs. Gene Noel, swimming; Mrs. Bill Dameron and Mrs. Richard Jockman, dramatic arts;

Mrs. H. A. Cavness, frontier; Mrs. Bill Hardwick, business; Mrs. John Jacobsen and Mrs. Walter London, citizenship.

Camp helpers are Misses Suzy Woodford, Becky Jackson, Kathryn Burrus, Royce Gilliland, Kathy Boston, Patsy Stoy, and Helen Davis.

MRS. BILL HOWARD, right, calls the attention of Mrs. W. C. Davis to an article in a 1946 issue of the Hereford Brand telling of graduation activities of the class of 1946. Headline for the story read "Graduating Class Spends Night in Jail" — and they did, for that's where they held the senior party. (Staff Photo)

Miss Hutton To Wed In August

Mr. and Mrs. Neal Hutton of Dalhart recently announced the engagement and approaching marriage of their daughter, Ruth, to Jerry Murphy of Hereford, son of Mrs. P. J. Murphy of Gainesville, Tex.

The ceremony will be held at

eight o'clock in the evening on Saturday, August 19, in the Pine Street Methodist Church in Dalhart.

Both Miss Hutton and Murphy will teach at Central School in Hereford next year.

Announce Plans Of Nan Newton

Miss Nicky Nan Newton, daughter of Mrs. Rena Rae Newton, 112 Ave. J, this week announced her engagement and approaching marriage to Douglas Bryan, son of Mr. and Mrs. Gaylon Bryan, 222 Bradley.

Wedding vows will be exchanged on the afternoon of Sunday, August 20, in the First Christ-

ian Church with the Rev. Gilbert Davis, pastor, officiating.

Miss Newton will be a senior high school student next fall. Bryan is a 1961 graduate of Panhandle High School and plans to attend West Texas State College in Canyon next year.

Local Boys Will Leave For Navy

Three boys who will be leaving Monday, July 24, for the Navy were honored with a farewell party last Sunday at the home of Mr. and Mrs. A. W. Tate. The boys are Richard Tate, Billy Frazier and James Parker.

After the group had enjoyed swimming, they held a record dance and were served cookies, cakes and soft drinks.

Out of town guests attending were Mr. and Mrs. Dave Henslee of Seagraves, Mrs. C. L. Chandler of Hobbs, N. M., Mr. and Mrs. Winston Chandler of Amarillo and Mr. and Mrs. M. L. Pate of Meadow.

Those attending from Hereford were Richard Pate, Billy Frazier, James Parker, Janet Labell, Kathy Lloyd, Joan Caster, George Simmons, Berta Mae Lindsey, Tommy Smithers, Mrs. Ray Caster, Donna Elliot, R. V. Lindsey, Finis Dale Lindsey, Jonnie Frazier, Lee Lee Car, Dudes Pate, Polly Hubbert, Fecoll Parker, Alton Pate and the hosts, Mr. and Mrs. A. W. Tate.

Tate, Frazier and Parker will leave Monday for Albuquerque and will go from there to San Diego.

WYOMING VISITORS

Mr. and Mrs. Marion Glascoo and children, Gary, Sandy and Gayle, visited last week in the homes of Mr. and Mrs. T. J. Clay and Mr. and Mrs. Tom J. Clay. The Glascoo family lives in Cheyenne, Wyo.

'46 Graduates Hold Reunion

Members of the 1946 graduating class of Hereford High School held a fifteenth anniversary reunion on Saturday, July 15, at the Jim Hill Hotel.

Registration began at 6:30 p.m. followed by a buffet dinner. Mrs. J. R. Euler, chairman, and Mrs. W. C. Davis and Mrs. Bill Howard were in charge of all arrangements for the affair.

The serving tables were laid with white cloths and decorated with arrangements of gladioli and daisies. Individual tables were decorated in a similar fashion.

Virgil Young was master of ceremonies and introduced each member of the class and asked them to tell their occupations and give a short history of what had happened to them since graduation. Pictures were shown recalling some of the outstanding events of their high school years.

Out of town guests attending included Mr. and Mrs. E. H. Little of Dalhart; Mr. and Mrs. Joe Stotts, Bentonville, Ark.; Mr. and Mrs. Charles Wilder, Bartlesville, Okla.; Mrs. Bob Crozier, Friona; Mr. J. B. Soell, Houston; Mr. and Mrs. V. C. Hopson, Dimmitt; and Mr. and Mrs. Wilson Millard, Mr. and Mrs. Robert Carnahan, Mr. and Mrs. Duane Williams, and Mr. and Mrs. John Moss, all of Amarillo.

The group plans to hold another occasion of their 20th anniversary.

McQUIGG TRANSFERRED

AB Roger K. McQuigg who was formerly stationed at Lackland Air Force Base in San Antonio was transferred on July 15 to Amarillo Air Force Base. McQuigg is the son of Mr. and Mrs. C. R. McQuigg, 311 Ave. J.

Miss Carol Pinckert
Bride-elect of Ervin Massingill
(Partridge Photo)

Miss Pinckert To Wed Soon

Mr. and Mrs. Robert L. Pinckert of Durango, Colo., have announced the engagement of their daughter, Carol, to Ervin Massingill, son of Mr. and Mrs. G. W. Massingill of Bayfield, Colo.

Miss Pinckert is the granddaughter of Mr. and Mrs. F. L. Pinckert, 1014 West 4th, Hereford.

Miss Pinckert was graduated this year from Bayfield High School. She is senior attendant to the Spanish Trails Fiesta

queen. She has been La Plata county fair queen and queen for the Colorado Mounted Rangers. In high school she was an officer in the senior class and a member of the pep club.

Massingill is a graduate of Ignacio High School and attended the Colorado School of Mines in Golden. He now is stationed with the U. S. Marines at Santa Ana, Cal.

The couple plans an August 30 wedding in the Durango Presbyterian Church.

Floral Designs Tell Artist's Love Of Life

BY MRS. R. L. CRISWELL

Hereford is engaged in a move to select a city flower. We are fortunate in having four National Flower Show Judges that live in Hereford and take an active part in civic affairs. They are Mrs. Art Manjeot, Mrs. O. G. Hill, Mrs. M. T.

Rutter and Mrs. John Jacobsen Jr.

When one hears the phrase "say it with flowers" in Hereford, one automatically thinks of Mrs. Art Manjeot of 122 Ave. E. Her way of saying it with flowers so beautifully arranged is truly a delight to the eye

and it gives one a peep into the soul of an artist that not only delights in flowers growing in their natural beauty but is never happier than when gathering and arranging them for some special occasion, whether it be for a formal affair or just a simple arrangement for a friend who is ill or just to show her love for a friend that is living. In her own words, "I like to give my flowers now, to tell of my love for my friends."

The art of flower arranging can be learned by anyone that has enough interest to study. It is an art that is centuries old, in fact one of the most ancient of arts of both Egypt and China. One of the components of flower arranging is design and the principles are, proportion, balance, contrast of color and scale, harmony and unity. When these are used one comes nearer to creating art.

There are the basic shapes such as circular, triangular, crescent, torch, convex curve and the Hogarth curve.

There are three styles of flower arranging and these are—Traditional, Oriental and Modern, each having its own charm.

The traditional or period arrangement is usually very full and symmetrical. The arranger will find the mixed flowers and highly decorated china vase in this type of arrangement and for examples, look to antique paintings of the old masters and to art flower calendars. These are usually from Holland, England, France and Italy.

The Oriental style arrangement is the simplest of all. The tallest line represents heaven; facing heaven a little lower in

AFTER THREE MONTHS, 22 DAYS

Long Hospital Stay Ends; Tamara Sosebee Is Home

BY DOT BOWLES
BRAND STAFF REPORTER
 Monday, July 17, was a red-letter day for Tamara Sosebee of Hereford. The 12-year-old daughter of Sgt. and Mrs. Roger Sosebee left the hospital after being confined there for three months and 22 days.

Tam, as her friends call her, suffered third degree burns over at least 35 per cent of her body when she backed into a stove at her home on the morning of March 23. Quick thinking by her 14-year-old sister, Cheryl, saved Tam from more serious burns. Cheryl extinguished the flames by wrapping her younger sister in a throw rug.

Cheryl quickly telephoned her father, who is a sergeant with the Texas Highway Patrol in this area. Sosebee rushed his daughter to the Deaf Smith County Hospital which is located across the street from the Sosebee home.

"The people of Hereford have been wonderful," Mrs. Sosebee says. "We have lived here only a year and everyone has been so kind and helpful to our family," she continues.

Mrs. Sosebee points out that people from the surrounding area have sent cards and letters wishing Tam a speedy recovery. Many cards were received from people in distant places who heard about Tam's accident.

Tam is proud of a letter and some prayers which a woman in Colorado sent to her. The woman explained that she heard about Tam on the radio and wanted her to put the prayers in her prayer book. Another person from Oklahoma heard about the accident on the radio and

sent prayers for Tam.

The nurses at Deaf Smith County Hospital say the place doesn't seem the same without Tam in Room 121. Many of the doctors and nurses have already called on Tam at home during the short time she has been there.

Tam must return to the hospital every other day but the

nurses seem to miss her and drop over to see her at home on the days she doesn't have to go to the hospital.

The Sosebees have a hospital bed for Tam as she isn't able to be up yet. She is unable to lie on her back but can prop herself up on her elbows to read or watch television. They also use an ambulance

stretcher to transport Tam to the hospital for dressing changes every other day.

Tam has recorded some of the pleasant memories of her hospital visit in a scrapbook which she has titled, "My Visit to Deaf Smith County Hospital." In the book she has pictures of all of her nurses and doctors and many of her visitors.

In a separate scrapbook Tam has started pasting the hundreds of cards and letters she received. To date she has received an estimated 600 "get well" cards. In addition to the cards and letters she has numerous gifts.

Another project undertaken by Tam since her accident is a prayer book in which she is putting some of her favorite prayers. Included in the book are the prayers sent by well-wishers while she was in the hospital.

Tam is hoping that she will be able to return to school in September where she will be in the eighth grade at Stanton Jr. High. "I'll get some books and start studying here if I can't make it to school right away," Tam says cheerfully. Tam lists art and math as her best subjects in school. Cheryl will be in the ninth

grade at Stanton Jr. High this fall. She doesn't like to retell the story of her sister's accident. The long-haired girl went into shock after rescuing Tam. Tam, who will be 13 years old on August 18, has a brother, Roger, 8. Her grandmother, Mrs. A. C. Sosebee from Corpus Christi, is visiting with the family. She will return home Sunday, July 23.

LEXINGTON, Okla. (S) — A young woman walked into a gas company office to make a deposit for a connection and was asked how her name was spelled. "Just a minute," she replied and dashed outside. She returned in a moment with the correct spelling, explaining, "I just got married."

Floral...

(Continued from page 1)
 The arrangement is man and looking to both is the earth, the third point of interest in the arrangement. The harmony of the whole is the portrayal of the harmony of man with earth and eternity.

Modern style substitutes taste for rules and though it borrows from the Oriental, the test of perfection is whether or not the result has good balance to the knowing eye.

Several years ago Mr. and Mrs. Manjeot visited Europe and while there Mrs. Manjeot continued her study of flowers and form. She took many pictures, in color, of flowers and gardens for color slides to use in a lecture titled "A Garden Clubber sees Europe." She uses these slides, plus slides of arrangements, to depict the people and country which the arrangements represent.

In making the arrangement shown she has attempted to give the love of life and colors of the countryside of Germany. One must take into consideration the lives of the people, how they live, work, and what they do for relaxation.

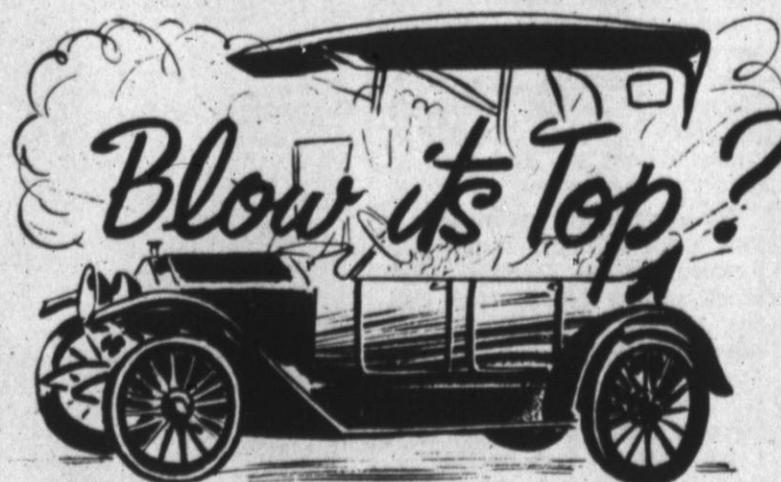

They love to walk in the open, and on weekends and holidays one will find the whole family taking long walks in the country. Mother will pack a loaf of black bread and a roll of bologna and they are off for the day. They stop at a sidewalk cafe for a stein of beer, a large and musical one, and they sip at intervals as they visit with friends. Because of the impuri-

ty of the water, they are taught never to drink water. They drink beer or wine. If they are away from home and cannot get either, they ask for fruit juices, never water. Most of the countries of Europe have plenty of water but it is so impure that it isn't used as a beverage.

The arrangement is of a rock garden, with the beer stein used as a part of the background, as it is so much a part of Germany. The sedum blend well with the soft grays of the rocks and the deeper colors of the tiny chrysanthemums. The miniature Leprechaun, although of Irish lore, shows their love of legend, fun and dancing. The folk dancing of Germany is all of a joyous nature and even the children join in, especially at Christmas time, and the grandparents always dance at the Christmas Eve party and it is all a sort of welcome to the good St. Nicholas.

These people as a rule are rather somberly dressed and seldom own more than one change of clothes or one pair of shoes. If they are fortunate enough to have two pair of shoes, the good ones are worn on the way to work and the old ones carried in their "handtasches" (a large handbag) and put on after they arrive at their workshop, and again changed before leaving for home. The rock garden pictures their stoicism, ruggedness and courage in rising above the rubble of a wartorn country, seeking to make again a great nation.

AT ROTARY CLUB

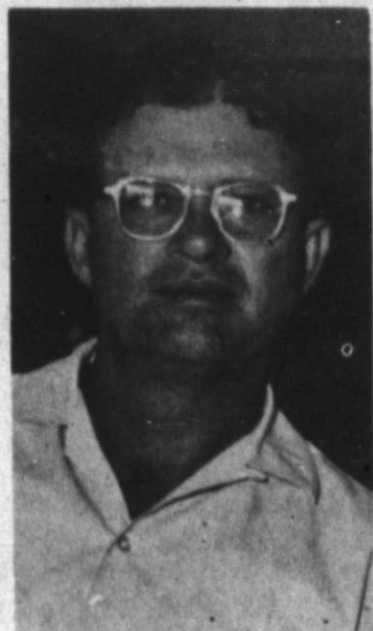

Wheeler Describes Trip Into Interior Of Brazil

G. S. "Mutt" Wheeler of Hereford showed slides and told of his recent trip to Brazil at the Rotary Club luncheon Monday. Wheeler and his wife were guests for five days at a huge ranch during their visit in the South American country. The ranch was so large that the Wheelers never saw the outside fences of the place, although they flew over the land in a plane several times.

Wheeler explained that little food was bought because an entire meal could be served

from produce from the ranch. In addition to vegetables, the ranch has sugar cane, peanuts, lemons, oranges, pears, pineapple, bananas, coffee... even its own salt. Provisions for processing the sugar cane and coffee were available on the ranch. Sheep and cattle are raised and wild pigs and deer lived on the ranch land.

Cowboys in Brazil carry 50 to 60 foot-long ropes in their hands as they ride their tiny horses, Wheeler explained. The saddles

"Mutt" Wheeler are very small in comparison to our saddles and they have no horns.

The bright red earth was evident in the slides. Brazil has red dirt throughout the country, Wheeler said.

All of the cowboys and ranch hands carry large knives in their back pockets or tucked in their belts. They used the knives for almost everything, Wheeler reported.

Several slides pictured the type of fence built in Brazil. No barbed wire is used and most of the fences use no wire at all. They consist mostly of heavy, thick posts, placed close together. Fences which use wire are built with the wire threaded through holes drilled through the posts.

Highways are almost non-existent in the remote areas of Brazil and most travel is done by air. Communication is good, Wheeler emphasized, because short wave radio is widely used. Although the ranch is located many miles from a large city, in emergencies a plane contacted by short wave can transport a person to town within an hour.

The cows raised in Brazil resemble Brahmas but are a type of Indian cow. Brazilians contend. The ranchers in Brazil resent having their cattle called Brahmas. Brazil has several slow-moving rivers and the huge forest is ever present, Wheeler said.

Sugar Beet Question Challenges Basic Rights Of American People

Sugar beets are two words with news value in the Hereford territory these days, and it is unfortunate indeed that the same two words are not on the lips of every man, woman and child in the United States.

The growing of sugar beets is definitely secondary with most people, but the right of American citizens to grow sugar beets should be a matter of general concern. This is especially true when an elected representative of the people is denied the right to appear in committee hearings and is dismissed without common courtesies. Worse still, the situation seems to be in the hands of one craven old man (Harold Cooley, D-NC) who browbeats a delegation of favor seeking followers continually in line.

If the people are denied the rights of duly elected representation, discussion and hearings on sugar beets, why will they not soon be denied these same rights in the production of other agricultural commodities? For that matter, manufacturing and professional services?

There are many good reasons why the United States should produce more domestic sugar, whether this area gets one single acre or not. But what good are these reasons, when the right of an audience is denied the American people? Meanwhile, we notice that Mr. Cooley takes excellent care of the production of tobacco, which is a basic commodity in his own home state, and of which commodity he is an extensive personal grower. Tobacco, of course, is a truly important crop — especially in North Carolina.

Governmental mistakes are bad enough, but they are bound to happen. Bigotry, high-handed dictatorship and forthright affront are other things — and we doubt if they are what our founding fathers had in mind when they wrote the Declaration of Independence and established what was to become the most powerful nation in the world.

Most serious of all is the question: "How long can we continue to be powerful under some of our present methods of operations?"

It all came about because of our selfishness, greed and frequent indifference. When we Americans once again become willing to put the United States ahead of personal gain, our nation will once again be a land "Of the People, By the People, and For the People." Until that time, Mr. Cooley and others of his ilk are bound to reign in Washington, when they justly should be tilling tobacco in North Carolina.

GUEST EDITORIAL

Those Pesky Tax Returns . . . Again

The following editorial is reproduced from The American Press, an independent magazine for home town newspapers.

"It would be interesting to know how many billions of dollars are poured into the offices of accountants and lawyers for the purpose of figuring out income taxes.

"It would also be interesting to know what percentage of the money collected by the government is paid out for keeping tax records and making tax investigations.

"Certainly if the money spent for these purposes could somehow be steered into the U.S. Treasury, it would balance the budget for years to come.

"We don't know just how the necessary simplification could be brought about to make the paying of taxes an easy and understandable operation, but we think it is about time an effort in that direction was made. Each year we hear that the Senate and House committees on taxation are planning to re-write the tax laws, and each year nothing happens.

"If President Kennedy is looking for ways to stimulate business, here is a field which is crying for attention. We are not necessarily asking for tax cuts, but for understandable, simple, 'do it yourself' tax reports. We would all pay our taxes more cheerfully if we didn't have that extra burden of paying people to interpret the laws and fill in the reports for us.

The POWER of FAITH by Howard Brodie.

"Lead, kindly Light . . . Keep thou my feet; I do not ask to see the distant scene; one step enough for me."

A weakened, confused young man, becalmed at sea, penned the words of the renowned hymn: Recuperating from almost fatal fever and confused with religious questions, 32-year-old John Henry Newman manifested his faith by writing this hymn as his ship was becalmed on a homeward voyage to England in 1833. He lived to be almost 90 and became a Cardinal. His words lived to inspire Presidents McKinley, Franklin Roosevelt and Gandhi, and to strengthen Lincoln Ellsworth when his plane was crippled in the Antarctic.

"So long thy power hath blest me, sure it still will lead me on . . . till the night is gone."

VOTERS OKAY BOND ISSUE

Only 251 voters decided the fate of the bond election held Wednesday, passing all propositions with an impressive majority. The first proposition, providing for the refund and reissue of \$145,000 in bonds, was passed by a 208-43 vote. This was the key proposition of the first three propositions. Had this failed, all three would have failed. Had either of the other two failed, all three would have failed, but this proposition was actually the key proposal. Without this refund and reissue, the city could not have gone ahead with the other two improvement issues. Proposition number two, providing for the issuance of \$123,000 revenue bonds for waterworks improvement and extensions, was passed by a margin of 206-43. Number three on the ballot, providing for the issuance of \$98,000 in revenue bonds for sanitary sewer system improvement and extensions, passed a vote of 207-42. The least support was given proposition number four, which asked for \$85,000 in general obligation bonds for installation of storm sewers. This proposition received 187 favorable votes and 62 against.

TRUSTEES WILL EMPLOY TWELVE

Members of the Levelland school board acted on a total of 12 recommendations for employment of teachers and administrators in their regular meeting Thursday night at the high school building. Heading the list of administrators and teachers to be named are a new Central Elementary principal, a director of secondary education and counseling at the high school and a new band director. Approval by the board is expected to be a matter of course. Supt. Thad McConnell recommended former Levelland junior high school teacher Bill Vardaman, 33, of Wilson as principal of Central Elementary school, succeeding Rev. Hardin, who moved to West Elementary. Glen Morgan, high school principal and curriculum supervisor at Cuero, was recommended as director of secondary education and counseling. Bill Woods of Seagraves was recommended high school band director. Woods, married and the father of two children, has produced sweepstakes award bands his first four years at Seagraves.

BUDGET CALLS FOR TAX REDUCTION

A city tax rate reduction to ten cents per \$100 valuation was recommended in a report on the proposed 1961-62 budget handed the City Council Monday night. The report was drafted by City Manager Marshall Pharr and called for a balanced budget of \$533,308 over the next fiscal year figured at a rate of \$1.30. If adopted, this would be the second straight year city taxpayers have received a rate cut. The budget total itself is down by almost \$6,000 from the previous year's amount. Pharr emphasized to the council that he felt the budget he proposed would adequately take care of the city's needs but that a "tight schedule" of non-budgeted items would have to be adhered to. The city manager pointed out in his report that while this year's expenditures were primarily devoted to making facilities available, items in the proposed budget will place less emphasis on capital improvements and more on improving efficiency of the individual departments.

THE BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher on his bindweed farm discusses the future of the family-size farm this week, without doing anything about this.

Dear editor:

The future of the so-called family farm has been discussed thoroughly back and forth in recent years, especially by big-city newspapers and magazines trying to get their minds off the uncertain future of cities, and they all concluded that there's no point in trying to artificially prop up the family-type farm if it can't stand alone, without of course interfering with the urban renewal plans designed to prop up cities that can't stand alone.

It was therefore with a certain amount of puzzlement that I read an article by a columnist in a paper I found out here on this bindweed farm yesterday reporting that he had found out that the House Agricultural Committee in Washington had voted that family farms should not be preserved."

The reason I'm puzzled is that I had no notion the future of this farm was in the hands of a committee in Washington. The power of the vote is tremendous, but I don't believe they've made the ballot yet that's strong enough to determine the future of this farm. As best I can tell, it's future is in my hands, and right now I ain't predicting which way it'll go. It'll take more than a vote by Congress to eradicate the bindweed out here, not to mention several other improvements staring me in the face.

Actually, I don't know what the future of the family-size farm is, but I doubt if it's any gloomier than the future of the nation-size nation or the world-size world. There's room for worry, any direction you want to look, and always has been.

Everybody talks about the un-fair odds farmers are fighting, and it's true, and in many cases it's true that you don't make any money farming these days, still at the same time the picture isn't all black — some years you lose a lot less than you do others.

Yours faithfully,
J. A.

Big Business In The Space Race?

Possible evils of a strong centralized government have long been a source of nightmares to United States leaders and statesmen and, unfortunately, several of those nightmares are today faced by the citizens and tax payers of America.

Several times The Brand has locked horns with the Bell Telephone system, a subsidiary of American Telephone and Telegraph. We have even said some harsh things about them — and this is no apology — but we have always respected the leaders, and we have never had reason to feel that the corporation was making an effort to deter national progress or undermine the prestige of our nation.

We mention A.T. and T., because they are trying to give America another "first" in the space race, not with government collected tax money, but with their own money and with that of other members in the organization of international common carriers. The proposal centers around world-wide communications bounced from satellites aloft, which would ultimately eliminate the use of undersea cables.

Permission to launch necessary satellites must first be granted by the U.S. Government, just as permission to lay the undersea cables had to be granted, and we can see why this is a necessary step. Unnecessary, however, is the faltering manner in which our government is dilly-dallying while Iron Curtain nations speed their efforts to match American progress. Such fumbling has already resulted in a questionable position for America in the missile race, despite the fact that we developed the first atom bomb.

"Echo", pioneered by the telephone company, was our first clear-cut space victory in a long time, and it seems to us that the United States would do well to maintain this lead.

Private enterprise, though frowned upon in many government circles, did put this nation where it is today. Why not give it a chance in the outer space race? Certainly, it couldn't do much worse than some of our government supervised efforts.

Third Festival Opens Tomorrow

Hereford's third annual Harvest Festival opens tomorrow, and plans have been completed to make it outstanding in the history of the celebration.

The festival is a sort of super-duper event, created through the combining of several club and community activities which were previously conducted separately. It is expensive, as any sponsor will tell you and, as far as we can see, it is conducted with the sole idea of entertainment and amusement. In addition, proceeds from all events, have been earmarked for charitable purposes and community improvements.

Found in the star-studded agenda are various sorts of entertainment, some of which are bound to appeal to every member of the family. Plan now to come out sometime during the week, and "have fun." If you do, all of those people who have worked so hard to make the affair a success will consider their time well spent.

On Saying No To Uncle Sam

Isolated instances keep creeping into the news where some community or another has taken a stand on "federal aid" by refusing it.

Last year the small town of Italy, Texas, made the national news by declining federal money offered it after a tornado swept through. The city council sent a telegram to the effect that Uncle Sam needed the money worse than Italy, Texas, and suggested that the amount set aside for them be used to pay on the national debt.

Last week the Borger School Board voted not to accept federal subsidies for the school cafeteria program. This was a decision of no little import, since last year the federal government handed out \$73,691 to the Borger school system in the form of "free" school lunch assistance.

This deficit will be taken care of by a 10 to 15 cents hike in the most of meal ticket prices this fall.

Critics of these people say they are crying in the wilderness, that refusing federal aid will have no effect at all upon the system of federal handouts across the nation.

But economy has to start somewhere. Federal grants and federal aid have gotten such a firm hold because recipients say "We may as well take it, if we don't somebody else will and we will have to pay our part of it anyway."

Only by someone taking a stand and saying "no, thanks" will federal aid and federal controls ever be curbed.

Our hats go off to the Borger school board and to the other courageous public bodies who have that kind of courage.

Back Yard Visitors Are Nice To Watch

BY MRS. R. L. ORSWELL

Yesterday was a happy day for me and here is why. I was out in the garden when I heard a happy twittering high on the TV aerial, and there on its many bars sat four young mockingbirds. They were making

the soft little twittering that had attracted my attention.

They were so proud of being able to fly that high, away from the cats, dogs and other things that might harm them, that they were talking happily to themselves, stretching their

wings wide and closing them, in an exercise to make them stronger, their soft grey vests gleaming in the sun. As I watched, papa and mama mockingbird came along and set with them, all making the soft little noise of love.

I had missed the ecstatic love songs that papa had been singing to his mate, and knew that he was busy being the provider for his family and now they were all flying. It will be only a short time until they will separate and go their own ways but I hope papa and mama come back next year and he gives his concerts in the trees and on the TV aerials of our little neighborhood. I have surely enjoyed them. What is sweeter than the songs of nature, especially birds?

I also have another visitor to my garden, a big black cat. He hasn't a vestige of any other color and I haven't an idea who owns him so I call him Inky.

There is also a young cottontail rabbit; there were two but Inky used one for a late supper one night and now there is one. The rabbit is very tame and hops around in sight, but if I start toward him he vanishes in the iris olumps. I'm sort of mad at him anyway as he ate all my young zinnias but two, but I am sure he was hungry and that the dogs of the area do not give him much of a chance to forage about for food.

I put out lettuce and cabbage leaves for him, but he is a bit finicky and only nibbles at them. I think he lives in my flower garden to escape the dogs and probably feels very safe behind the fence when they, the dogs, have their barkathons each night. I hope he sleeps better through them than I do.

There also is a family of horned toads that chase happily after the bugs in the garden. I haven't been able to count how many, as they are all identical and I don't know if I am counting each of them once or twice or more. It is fun to watch them scurry along and when they see me will shrink flat on the ground with a little wiggle to adjust to its contours to be even more invisible with their natural coloring.

I once had a mother quail with about 20 or more babies that came to the yard for water and food, and if there is anything in wild life more beautiful than tiny baby quail, I have

\$10 Cost For Pair Aboard Motorcycles For 600 Miles

On Monday there chugged into Hereford on two Waggoner motorcycles, G. L. Tillman and S. G. Moulton, enroute from Tucumcari, N.M., to their home at Eldorado, Okla. The two gentlemen having left Eldorado some weeks since on a pleasure trip with Tucumcari as the objective point, making the round something like 600 miles. Their bedding, repair kits and cooking utensils were all packed securely on the big wheels and they spent most of the nights on the road. For the six hundred mile trip they estimated that their expenses would run between eight and ten dollars for both motorcycles. Messrs. Tillman and Moulton are rural mail carriers when they are at home, and they have made over 16,000 miles carrying Uncle Sam's mail on these two three and one-half horse power cycles. Out of last year they only missed making the rural route 15 trips on the motorcycles. — On the map again Hereford has been designated as one of the special privileged post offices, where a postal savings bank will be established. Postmaster C. Smith received word yesterday that the inspector would call soon to arrange for the opening of the bank which will be on Sept. 18. Other Panhandle towns have been listed and all will be ready for business in September. These postal banks are bringing out of the hiding places thousands of dollars and no doubt will prove popular with the people.

25 YEARS AGO

A program commemorating railroad week was presented at noon before the Hereford Lions club. It included two vocal solos by Mrs. B. M. Wiltshire, accompanied by Mrs. J. C. McCracken, a piano solo by Mrs. McCracken, a duet by the two, and a short railroad talk by H. M. Baynum, general agricultural agent of the Santa Fe. Mr. Baynum said that railroading is the largest industry in the United States. The western roads, he said, are valued at 10 billion dollars, and last year employed 372,000 men and women at a salary of \$610,000,000. Including those indirectly employed at railroading, the industry supplies employment for 750,000 persons. The railroad is also a huge taxpayer. Last year, the Santa Fe paid \$7,542 in taxes in Deaf Smith County where it has 22 miles of track. — Believed to be the largest ever recorded in Deaf Smith county, a deed of trust for \$3,000,000 was received in the county clerk's office early this week. It was from the West Texas Mortgage Loan Co., Fuqua Development Co., and W. H. Fuqua, Inc. to the Reconstruction Finance Corporation. The deed as received was carried on 24 single space typewritten pages. A deed of trust by W. H. Fuqua, Inc. to West Texas Mortgage Loan Co. for \$1,750,000 was recorded here recently and at that time was believed to be the largest.

yet to see it. They would follow mother with flying feet and if there was a sudden noise or a shadow passed over them, they too would sink to the ground with the same little wiggle to get deeper if possible into the soil to be almost invisible. Each would be so still it was almost impossible to see them unless you trained your eyes to look for the individual markings on their backs. Quail are very hard to find with their young as they notice shadows, which could be a hawk; sounds or slithers on or along the ground, for this could be snakes to gobble the tiny ones at one gulp or some other creeping menace. They are so tiny and helpless that mother must train them to be motionless as it is impossible for them to run or fly to shelter.

Take children to the country and teach them to move quietly and see the wonders of wild life and be amazed at their knowledge. You might enjoy it also.

McGEE'S TO MARKET
Mr. and Mrs. Lloyd McGee and daughter, Joe Ella, have returned from Dallas where they attended the semi-annual furniture market. This was Joe Ella's first time to attend the market and while there she received quite an honor. Mr. Theodore Baumritter, prominent furniture manufacturer, invited her to come to New York City next summer to attend the Metropolitan Opera. Joe Ella is a music enthusiast.

4-H Food Show Held Wednesday

Members of Hereford Worker's 4-H Club held a food show Wednesday afternoon, July 12, in the Flame Room of the Pioneer Natural Gas Company. Girls who had completed their first year of cooking instruction participated.

The show was the culmination of 12 lessons in all phases of cooking. Each girl was responsible for preparing one dish, planning a menu, planning the table setting and a flower arrangement for the table. Mrs. Dick Gholson assisted the girls with their floral arrangements.

Leaders for the group of eleven girls are Mrs. M. J. Koelzer and Mrs. Leon McCutcheon. Girls participating in the food show were Ginger Gholson, Ruth Koelzer, Mary Ellen Robinson, Glenda Sims, Patsy McCutcheon and Vicki Koelzer. All the girls are about ten years of age.

MEMBERS OF THE HEREFORD WORKER'S 4-H Club who participated in a good show last week in the Flame Room of the Pioneer Natural Gas Company were, from left, Ginger Gholson, Ruth Koelzer, Mary Ellen Robinson, Glenda Sims, Patsy McCutcheon, and Vicki Koelzer. (Staff Photo)

Paetzold Serves In German City

Army Specialist Five James L. Paetzold, 24, son of Mr. and Mrs. John J. Paetzold, Route 3, Hereford, recently became a member of the Seventh U. S. Army's Order of Gold Patriots while serving with the 18th Artillery in Germany.

Members of this voluntary movement have pledged their support of President John F. Kennedy in reducing the outflow of gold from the U. S. In so doing they have agreed to save a certain percentage of their pay each month. Chapters of the Order are being established in all units throughout the Seventh Army.

Specialist Paetzold, a surveyor in the artillery's Headquarters Battery in Hanau, entered the Army in 1959, completed basic training at Fort Ord, Calif., and arrived overseas last February.

He is a 1955 graduate of Hereford High School.

How Can I?

By Anne Ashley

Q. How can I produce a durable, climate-proof, antique finish on walnut and other hardwoods?

A. By pouring boiling-hot linseed oil over the unfinished wood. The surface is then sanded or rubbed to a smooth finish, and the process repeated until the wood is as dark as desired. Then polish with wax.

Q. How can I remove white stains on my dresser, caused by spilled perfume?

A. Take a little of the same perfume on some toilet tissue, and rub this over the spots. The spots should disappear immediately. Then apply a little furniture polish.

Q. How can I frost some window glass?

A. You can do a quick and easy job of window frosting by patting the glass with some putty softened with linseed oil. When this has dried, your window will thwart all "peepers."

Q. How can I make a good job of cleaning leather upholstery?

A. The leather upholstery will look like new if, after wiping off the dirt with a damp cloth, you'll rub the leather with a cloth that has been dipped into the well-beaten white of an egg. When dry, rub the leather well with a clean cloth.

Q. Is there any way I can rectify scorched linens or cottons?

A. If the scorch marks are burned in too deeply, there is nothing much you can do about it. But if the stains are slight, wet the spots with soap and water, and expose to the direct sunlight for a day or so.

Fiber glass is used in more than 30,000 products.

married, the husband of the said Mrs. Martha Hancock, and if the husband of the said Mrs. Martha Hancock be deceased, the heirs, the unknown heirs and legal representatives of the said deceased husband of Mrs. Martha Hancock; and all persons owning or claiming any interest in the lands hereinafter described; are Defendants.

A brief statement of the nature of this suit is as follows, to wit: Plaintiff sues for title to and possession of the following described real estate situated in Deaf Smith County, Texas: A part of Block 21 of Evants Addition to the Town of Hereford, Deaf Smith County, Texas, described by metes and bounds as follows: BEGINNING at the Southwest corner of said Block 21; THENCE East 178.71 feet to the middle of the block's South line; THENCE north parallel with the West line of said block 140 feet to a point; THENCE West parallel with the South line of said block 178.71 feet to a point in the West line of said block; THENCE South with the West line of said block 140 feet to the place of beginning. Plaintiff alleges that she is entitled to recover the fee simple title to and the possession of said property, claiming the same by adverse possession under the 3, 5, and 10 year statute of limitations; Plaintiff further prays that the cloud cast on the title to the above described property by the Defendants be removed and that title to said property be vested in the Plaintiff and divested out of the Defendants, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas, this the 28 day of June A. D. 1961.

VISIT RELATIVES
 Mr. and Mrs. Don Steele and children vacationed in Florida and Michigan last week.

In Bradenton, Fla., they visited with Steele's father, E. C. Steele. From Florida the Steeles went to Detroit, Mich., where they visited with Steele's brother, Howard Steele, and family.

BY CHARLIE SEEDS
 For most of the people who "tuned in" on this historic event, it was the first time they had ever seen a monarch crowned. For the first time television cameras were trained on the royal coach as it rode majestically through London's streets from Buckingham Palace to Westminster Abbey, where the coronation took place.

This was Elizabeth II made Queen of the Realm, in a colorful pageant that was so spectacular that millions of Americans waited eagerly for the TV films. There was a transatlantic race to see which television network would get the films on the air first. Jet planes shot across the Atlantic, and just 7-1/2 hours after the ceremony the show went on over American TV, and the waiting viewers saw the young queen walk slowly down the aisle of the great cathedral, saw the crown placed upon her head, at the end of the dramatic spectacle.

Remember the year? There was an eager rush to automobile showrooms that year, too... which turned out to be one of the auto industry's biggest years. But cars were plentiful, and buyers didn't have to take any deal. They could shop for the best!

The year was 1953. In today's "buyer's market" you can really shop for your best deal... and when you compare, you'll find that we offer you savings you can't beat anywhere on the brand new Ford for 1961. Check our deal before you buy, at CHARLIE SEEDS MOTOR Co. Inc., W. Hwy. 60 at Miles. Phone EM 4-2727.

OHO-THIS IS A SURPRISE!

PATROLMAN SPUD, YOU'LL BE HAPPY TO LEARN YOU'VE BEEN PROMOTED TO CORPORAL!

B-BUT, SIR...I-I CAN'T ACCEPT, BECAUSE- ER-

WONDERFUL, BUDDY!

B-BUT, TIM-- IT MEANS I'D OUTRANK YOU, AND I WON'T--

PATROLMAN TYLER! LISTEN!

...AND THIS OFFICIAL ORDER RAISES YOU TO A SERGEANCY! CONGRATULATIONS TO BOTH OF YOU!

THANK YOU, SIR!

VIPREE!

LATER

CORPORAL SPUD! SGT. TIM TYLER! I FORGOT TO TELL YOU EARLIER YOU ARE TO TAKE OVER COMMAND OF OUTPOST NUMBER 9 IN OSAMA TERRITORY!

Right Around Home with MYRTLE

I KNOW-I KNOW--THEN NEXT WEEK IT'LL BE THIRTY-FIVE, THEN FORTY AND BEFORE YOU KNOW IT--YOU'LL BE BURDENED DOWN WITH THOUSANDS OF DOLLARS OF DEBT, NO, SIRREE! TH' TIME TO LEARN THURTY IS NOW!! IF DADDY ALLOWS YOU TO GET A WRONGS START, YOU'LL EVENTUALLY WIND UP OLD AND SAD AND PENNILESS!!

OR QUARTER-LESS!

-LIKE GUESS WHO!!

YOU SEE, SLUR-- IF WE'RE EVER GOING TO PLAN MARRIAGE--YOU'VE JUST GOT TO START SAVING SOMETHING!

I AM HONEY-ENERGY!

GEE WHIT--MYRTLE-- DON'T TELL ME YOUR POP GAVE YOU THE TWO-BIT TH AFTER ALL!

WELL--NOT EXACTLY! WHILE HE WUZ PACIN' THE FLOOR-- I LOOKED UNDER HIS CHAIR CUSHION AND FOUND A BUCK-SEVENTY-FIVE! HE GAVE ME A QUARTER OF IT-- NOT TO TELL MOM!

SHUCKS--IF THINGS EVER GET TOO TOUGH FOR ME-- I ALWAYS KNOW WHERE I CAN RAISE A FIN!

GOLLY, POP. ALL I ASKED FOR WUZ A MEASLY QUARTER ADVANCE ON MY NEXT WEEK'S ALLOWANCE

I DUNNO, JUNIOR--SOMETIMES I WISH I HADN'T SUNK EVERYTHING I HAD IN REAL ESTATE!

WELL, THEN LET'S GO DIG SOME 'EM UP AN' CHEW ON 'EM!

IT TOOK ME LITERALLY YEARS TO TEACH ARNOLD HOW TO SAVE--

AND DID YOU FINALLY GET HIM TO PUT A LITTLE SOMETHING ASIDE?

I PUT A LITTLE ASIDE--JUST LAST WEEK-- BUT SHE CAUGHT ME!

AND IT'S TIME YOU TROUST ABOUT PUTTING AWAY A LITTLE NEST EGGS, TOO, ARCHIE!

WHO-ME?

DRAW OUT TWO BONES, BINGO-- SO WE WON'T BE PULLIN' AN' TUGGIN' OVER TH' SAME ONE!

REMEMBER--YOU CAN'T TAKE IT WITH YOU!

FLASH GORDON by MAC RABOY

WE'VE GOT TO TRY TO REPAIR THESE MASTER CONTROLS, ZARKOV! PERHAPS THE PLANTS CAN BE SAVED!

WITH OUR SPACESHIP CUT ADRIFT... IT'S THAT OR GO HUNGRY, MARA ...

THERE'S NOTHING BETWEEN US AND STARVATION BUT THE POISONED CROPS ON THIS FARM SATELLITE!

WHOEVER REWIRED THESE CONTROLS, MARA, WERE FAR MORE INTELLIGENT THAN RATS!

BUT WHAT WAS IT I SAW IN THIS ROOM, DR. ZARKOV...?

HMMM... SOMEBODY LEFT A VENTILATOR OPEN...

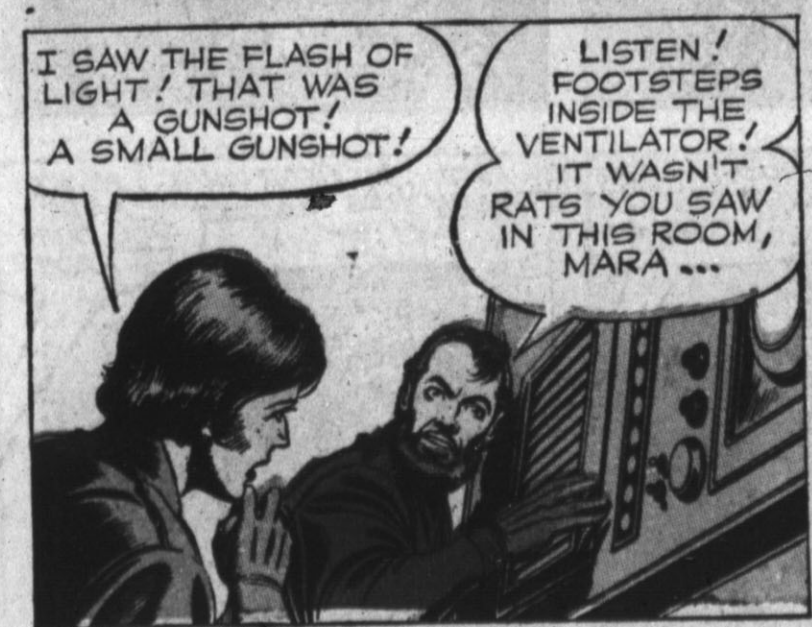

OWWW..!

WHAT IS IT FLASH?

A SHOCK... FROM THE VENTILATOR! LIKE A SHORT-CIRCUIT BLAST--IT BURNS!

BUT THAT VENTILATOR WAS NOT WIRED!

I SAW THE FLASH OF LIGHT! THAT WAS A GUNSHOT! A SMALL GUNSHOT!

LISTEN! FOOTSTEPS INSIDE THE VENTILATOR! IT WASN'T RATS YOU SAW IN THIS ROOM, MARA ...

IT WAS MEN! LITTLE MEN! YOU WERE RIGHT, FLASH! THE METEORITE THAT CRASHED HERE... THAT'S WHERE ALL THE TROUBLE BEGAN!

IT MUST HAVE BEEN A SPACESHIP... LET'S GET TO THAT ROOM IT'S LOCKED IN!

THIS IS THE ALIENS' MASTER CONTROL PANEL! ALL THEIR CURRENT FLOWS THROUGH HERE!

THAT'S GOOD! OUR EQUIPMENT IS ALL READY TO INSTALL!

NEXT WEEK - HOOK-UP!

BUT IT SEEMS A PITY— THESE ARE ALL DRY TERRITORIES UP HERE, AN' SOME OF THE BOYS GIT A BIT THIRSTY NOW AN' THEN! IT'S MORE LIKE I WAS DOIN' 'EM A FAVOR!

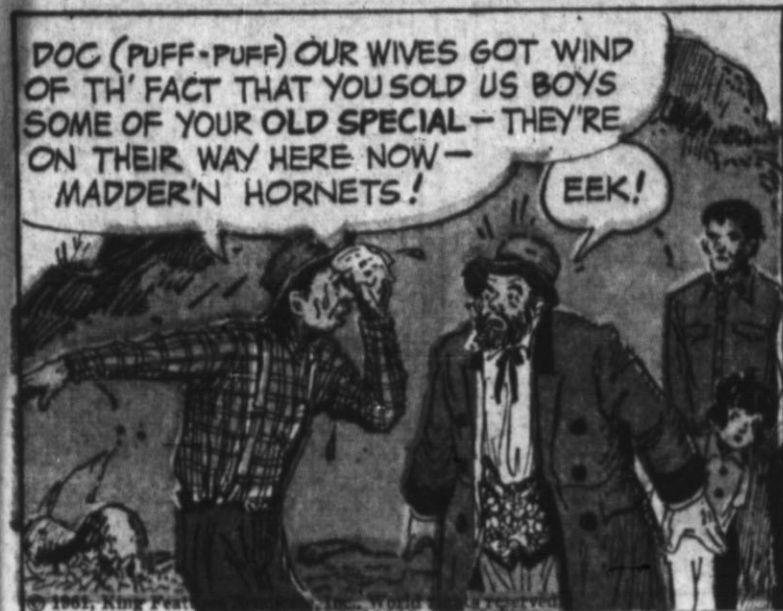

YOU HEARD ME!!

YEAH, I KNOW! 'SEEMS LIKE ALL I WAS DOIN' WAS EXERCISIN' A LITTLE FREE ENTERPRISE AN' PICKIN' UP A LITTLE NICE TAX-FREE PROFIT!

TAX-FREE BUT NOT JAIL-FREE!

HEY— HERE COMES SOMEONE AWFUL FAST!

DOC (PUFF-PUFF) OUR WIVES GOT WIND OF TH' FACT THAT YOU SOLD US BOYS SOME OF YOUR OLD SPECIAL— THEY'RE ON THEIR WAY HERE NOW— MADDEN'N HORNETS!

EEEK!

I'D DRUTHER TANGLE WITH HORNETS THAN MAD WIMMIN'! LET'S GIT— YOKE UP THEM OXEN, CHIEF!

I'M 'WAY AHEAD OF YOU!

BUT WHY ARE YOU SO SCAIRT? YOU DIDN'T HAVE ANYTHING TO DO WITH IT!

AH, YES— BUT CAN YOU SEE ME EXPLAINING THAT TO THE LADIES? I'M TARRED WITH THE SAME STICK!!
