VOL. 1

Scattered Rains Boost Grain Crop Prospects

Scattered but welcome rains fell over Deaf Smith, Pecos and Castro counties Friday, bringing smiles to the faces of grain sorghum and wheat farmers across the Golden Triangle. Heaviest moisture appeared to be west of Hereford, running up to three inches; around one inch was reported north along U. S. 385 at the Ford School. Summerfield reported only a trace, but seven miles south in Castro county an inch was reported, while the Dawn Elevator reported around one-half inch.

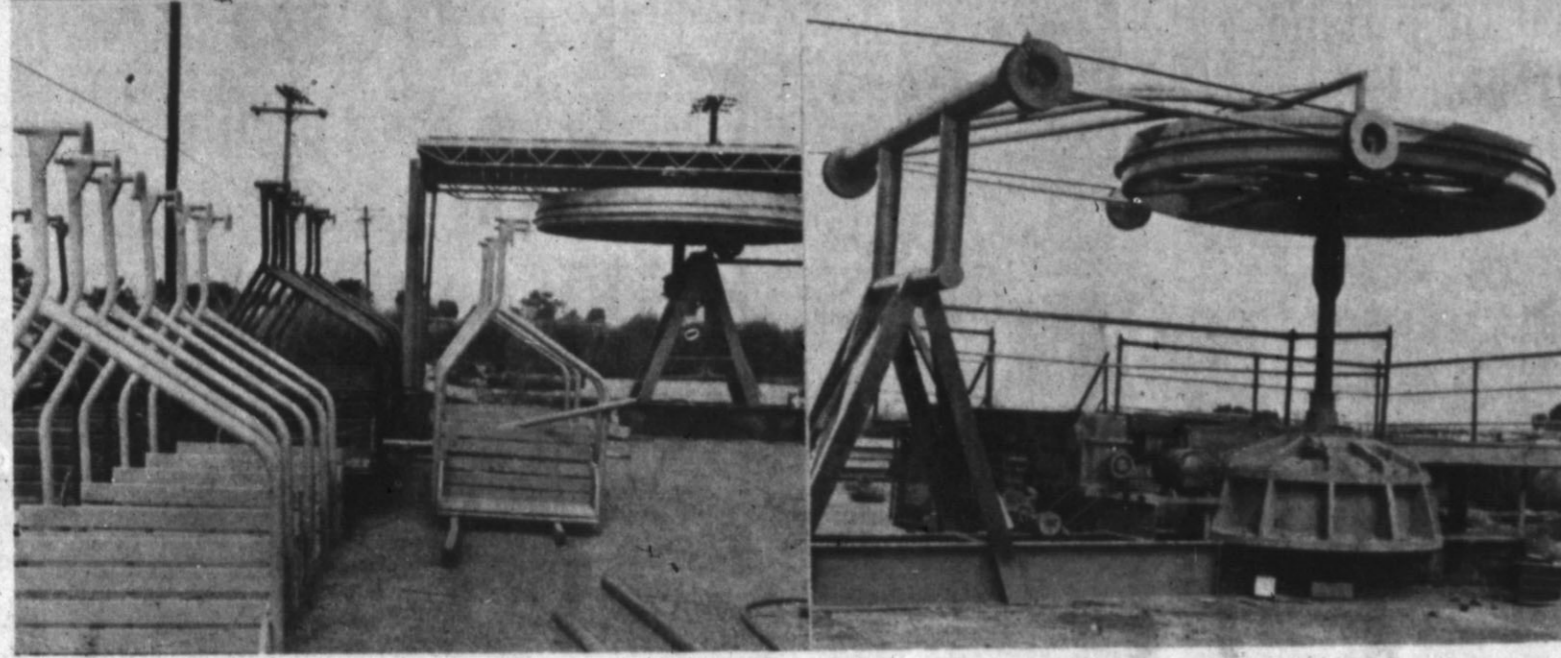

The moisture was especially timely on dryland grains, which most farmers said were beginning to suffer. Another rain in about three weeks, and general opinion indicates exceptional years in the dryland areas.

Deaf Smith county alone has around 170,000 acres in grain sorghums this year with approximately 40,000 of this total seeded on dryland farms.

Irrigation farmers, too, welcomed the rain. Many producers said they could not get to the crops fast enough the past week, and that the ground has been cracking. The rains put a halt to vegetable harvest, closing down several processing sheds. Most operators said that the sheds will re-open in two days, provided no additional moisture falls.

Heaviest Northwest
 Heaviest moisture was reported west of Hereford. O. G. Hill Jr. said that 2.30 inches fell on town. Ira Scott, further out along Harrison, showed 2 3/4 to 3 inches, and termed the deluge as a "gully-washer." H. E. Owens at the Westway Store, said around two inches fell in that community; he also reported heavier rains for John Jesko and Homer Rudd.

Mrs. Norman Mirks said they got 1 1/2 inches at the Dameron Ranch, and that neighbors to the north and south were showing about the same amounts. (Continued on page 2)

SEATED IN A CHAIR on the lift being built for Palo Duro Canyon are Hoot Pouch, left, and S. T. Loerwald, designers and constructors of the ride to be added to the recreation area of the canyon. Some of the colorful chairs are pictured in the lower left photo and the lower right picture shows part of the massive machinery which will move the ride. (Staff Photo)

Civil Defense Will Map Plans

Final details for Deaf Smith county's Civil Defense program will be worked out Thursday morning, when leaders gather at 10 a. m. in the courthouse, according to County Judge Don Zimmerman, who said that all interested persons will be welcomed to attend.

The rather elaborate plan combines county, school and city facilities to meet all emergencies, Zimmerman said, and various details will be completed at the Thursday meeting.

Chairmen and committees, in addition to Judge Zimmerman and Mayor Ray Cowsett include the following:

Legal, Earnest Langley and Ray Cowsett; Public Information, Clint Formby and H. A. Tack; Executive Director, B. F. Cain.

Control, Lowell Sharp and Henry Aycock; State Control, State Patrol; Fire Department, Dub Reeves and Clay Angelo; Riders Club, Meredith Ireland and U. Easley; Army Reserve, James Alston; Veterans, Buddy Evans and Grant Hanna; Communications, W. Etheridge and Cleo Meharg; Radio, Bill Thompson and John Sims; Engineering, J. F. Messer and R. D. Lance; Transportation, Bob Wilson and Charlie Seeds; Health and Medical, T. E. Seigler and Bruce Beene; Manpower, J. R. Patterson and Dudley Bayne; Food and Supplies, L. Thomas and F. C. Collier; Emergency Housing, W. Phillips and A. Maxwell.

THE PEACE ROSE has been officially selected as Hereford's flower, Mrs. Don Steele, chairman of the flower committee announced Saturday. The votes from 21 ballot boxes and five civic clubs were tabulated, with the Peace Rose gaining more votes than all the other nominations combined. Mrs. Steele said a patrolism theme may be used when the Peace Rose is promoted for planting. Inset (above right) is a drawing by Mrs. Bell Hromes which clearly shows the official selection. Above is a bed of Peace Roses at the high school. (Staff Photo)

Hereford-Made Sky Lift To Thrill Palo Duro Visitors

BY DOT BOWLES
 Hereford is making another contribution to the Palo Duro recreation area near Canyon. A local firm, Pouch Brothers, is presently building a scenic ride which will extend from the

bottom of the canyon to the top of a hill approximately 3,000 feet away.

The ride which has been three months in the making, is expected to be put into operation within a month. It consists of 32 swinging two-passenger chairs pulled along on one and a quarter inch cable, propelled by a 25,000 pound drive unit, stationed at the base of the hill.

At the top of the hill an observation platform will be erected where cable chair passengers will alight and be able to oversee a large portion of the canyon below. The huge motor which drives the ride, is powered by electricity but has an auxiliary gasoline motor.

Pouch Brothers built the

entire ride, including the chairs and observation platform, which presently stands behind the welding shop southwest of town. It will be dismantled this week and carried to Palo Duro Canyon by truck.

Pete Cowert, manager of the canyon recreation area, contracted the local firm to have the ride constructed for an estimated \$28,000. Pouch Brothers studied designs of similar lifts at Ruidoso and Raton, N. M., but redesigned portions of the ride.

The entire ride is colorfully painted in rainbow shades, with the red, blue green, and orange chairs stationed at intervals along the large cable. S. T. Loerwald, who guided the construction, says the

Schools Set For 2,900 When Bells Ring On Aug. 31

Only 18 more days remain before students will file into classrooms in Hereford schools. Thursday, Aug. 31, is the day!

Teachers will attend workshops Monday and Tuesday, Aug. 28-29; students will enroll Wednesday, Aug. 30; classes begin Aug. 31.

Teachers, parents and students will have a final chance for summer trips and fun on Sept. 4, when all Hereford schools will close for Labor Day. This move by the school board has been well-received by all concerned.

The Hereford High band began practice sessions last week and Band Director, Ben Gollehon, is attending a band camp in Gunnison, Colo., this week. The Big Domino band will be ready to lead the cheers for the Whiteface grid team when it tackles Brownfield in the season opener on Sept. 1.

The football squad has been holding light workouts with no coaches present but Monday, Aug. 14 will begin serious sessions with the new coaching staff seeking to rebuild the team.

Superintendent of schools Paul Stevens estimates that 2,900 students will enroll in Hereford schools this term, a gain of about 300 over last year's enrollment.

Stevens reported two teaching vacancies, but has enough applications to fill them; 17 new teachers have already signed contracts. These include Mrs. Rosemary Williams, English, (Continued on page 2)

Whitefaces Open Spring Training Monday With Nine Lettermen Back

The Hereford Whitefaces, anxious to try their luck at that old game of football, will get the 1961 season underway at 7 a. m. Monday when they begin fall practice.

Along with 100 other teams in Class AAA, the Whitefaces hope the two weeks practice before school opens will give them the needed edge to go through the season victorious.

Nine lettermen are returning from last year's squad which finished the season with a 4-4-1 record. Coach Jack Meredith stated that he

expects around 68 boys out for the varsity and B squads. Practice sessions will be held twice daily, Monday through Saturday at 7 a. m. and 5 p. m. The Whitefaces will journey to Clovis on August 25th for a scrimmage game with the Wildcats.

The coaching staff this year is composed of Jack Meredith, head coach; Willie Williams, line coach and Ray Todd, backfield coach. Cuby Kitchens and Joe Brooks will handle the B team.

State Jaycee President Boosts Community Work

Lewis Timberlake, president of the Texas Junior Chamber of Commerce, spoke to the Hereford Jaycees Thursday at a luncheon held in the Jim Hill Hotel.

Timberlake, a former national director of the Jaycees, urged the Hereford group to take an active part in community affairs. "Community strength can depend on the number of working Jaycees," Timberlake said.

Attending the luncheon were Jaycee members from Canyon, Plainview and Amarillo. Also

\$50, Three Days On DWI Charge

Leroy Graves, 39-year-old Negro arrested October 10, 1960 on a charge of driving while intoxicated, first offense, was fined in Deaf Smith County Court Friday by county judge Don Zimmerman.

Graves was arrested last October by city police officer Claude Roper, and was released on \$500 bond after entering a plea of not guilty. He changed his plea to guilty in county court Friday and was fined \$50 plus costs. Zimmerman sentenced him to three days in Deaf Smith County jail.

Band Members Attend Session

Band director Ben Gollehon and six members of the Big Domino band at Hereford High School are attending a two-week camp session at Gunnison, Colo.

The group left Hereford Friday, Aug. 11. Attending in addition to Gollehon are the band twirlers, Jenny Holt, Jerrie Bea Noland and band members Kathy Boston, Patty Skypala and Carolyn Aven.

The band began practice sessions last week.

'Golden Triangle' Plan Gets Favorable Comment

Mayor Ray Cowsett's recent proposal to publicize and market this three-county area as the "Golden Triangle" — "highest per capita income area in the world," is beginning to attract more and more interest in Castro, Pecos and Deaf Smith counties, which compose the proposed territory.

The Friona newspaper this week plugged the plan on its

front page, and previous to this time Mayor Cowsett reported telephone calls, visits and letters concerning his suggestion.

In a nutshell, the plan calls for three-county cooperation in publicity, growth and agricultural production. The three counties would advertise jointly, solve problems jointly, and could ultimately develop an area (Continued on page 2)

New Terminal Elevator To Store 10 Million Bushels

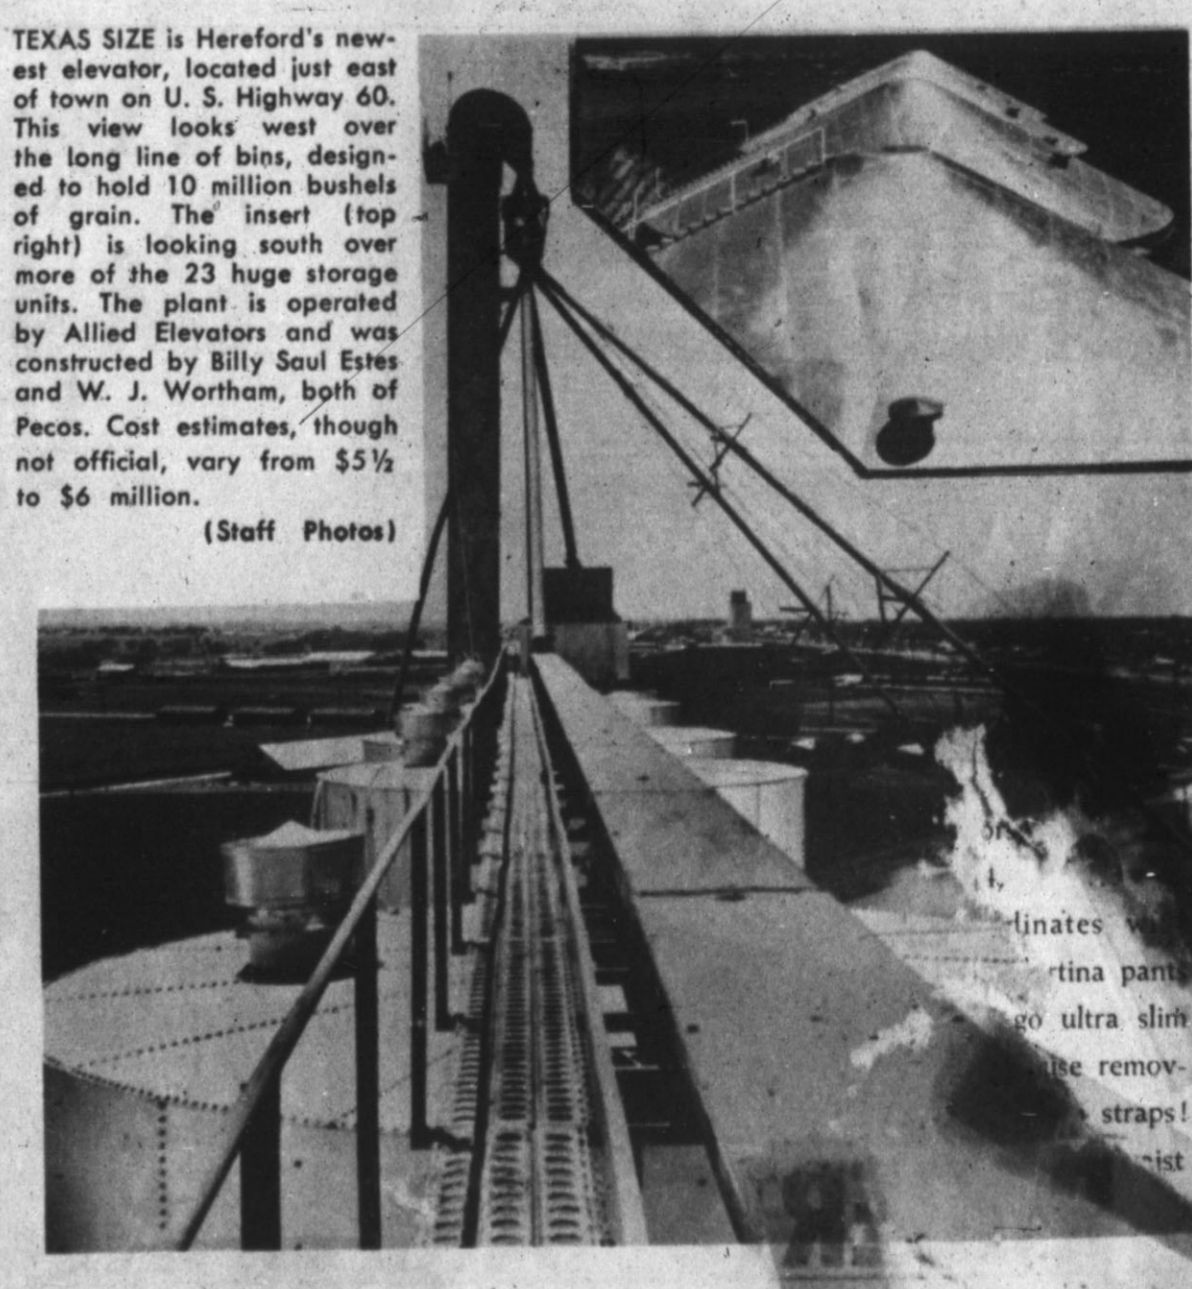

The 10-million-bushel terminal grain elevator, which sprawls over more than 40 acres of space east of town on U. S. Highway 60, went into operation this week as workmen installed the last of 23 huge metal storage units.

A division of Allied Elevators, the new plant unloaded 100 truck loads of grain Monday and Tuesday, and were hoping to hit full scale operation by September.

The new plant is owned by two Pecos men, Billy Saul Estes and W. J. Wortham, who also operate elevators in Plainview and in Tulla. Cost figures on the plant were not available, but estimates generally set the figure between \$2 1/2 and \$3 million. At the present time, the plant employs four workmen, but is expected to boost this number to 30 or more with peak operation gets underway.

Designated as a terminal warehouse, the new plant will naturally seek to draw business from other West Texas elevators and, according to Mr. Estes in a telephone conversation Friday, it will also handle customer storage in this immediate area. Alton Cox, Hereford manager, declined to discuss this phase of the operation.

According to Cox, the completed elevator will have five flat storage units, eight round storage units and 10 turning tanks. A hot spot system which was described as "the only one of its type in the world," (Continued on page 2)

(Staff Photos)

Around Town

Frowns turned into smiles Saturday morning as scores of farmers reported beneficial rainfall at just the right time. Hereford's quarter inch also brought relief for over-worked lawn enthusiasts and flower gardeners.

According to Bill Thompson, Chamber of Commerce Manager, there is a young man in the county selling subscriptions to magazines who represents himself to be from Boy's Ranch. Upon investigation it was found that the youth is not in any way associated with Boy's Ranch, Thompson said, he advises: "Should he call on you, it would be well to investigate further before you do any business with him."

The fancy new Hereford State Bank sign created quite a bit of comment this week as workmen laid the background for the huge display. President Russell Carver says it is on the order of a large bank sign in Austin, and that it results two months of careful study and planning.

Season football tickets went on sale Aug. 10 at Dubs Man's Shop, but were moving at a slow pace. Fans who held tickets last year still have priority on old seats. The tickets include five home games and sell for \$7.50.

Roy Phillips indicated that the Dallas Phillips grocery will move to the location recently (Continued on page 2)

Wheat Producers Vote Aug. 24 On Market Quotas

Wheat producers will vote on August 24 on whether or not marketing quotas will be in effect for the 1962 wheat crop. Faust Collier, Office Manager of the Deaf Smith County ASCS announced the week quotas for the crop were proclaimed by the Secretary of Agriculture on May 12, but setting of the referendum date was deferred, pending action to provide an improved wheat program for the crop.

In setting the August 24 referendum date, Secretary Freeman said: "The decision that farmers make is extremely important to them and to the rest of the nation not only for 1962 but also for many years to come. The program available with quotas in effect would be far different from that which could be operated without quotas."

While action has not yet been completed on a new wheat program, the date for the referendum on 1962 wheat marketing quotas is being set now in order that as many producers as possible may be apprised of the voting time. All eligible producers will be encouraged to participate in the referendum, making their desires known through a free vote.

If quotas are approved by at least two-thirds of the farmers who vote in the August 24 referendum, cooperators will be eligible for 1962 wheat price support at a level to be determined later. If quotas are not approved by the necessary percentage of votes, there will be no limit on marketings, and price support — at 50 percent of parity — will be available to those farmers who comply with their acreage allotments.

Ballots will be cast at local polling places throughout the 439-state commercial wheat area. Location of Deaf Smith County polling places are: community A, Dawn School Cafeteria and Deaf Smith County ASC office; community B, Deaf Smith County ASC office; community C, Walcott School; community D, Palo Duro Church and Sims Community House.

Schools...

NO MORE TRIPS FOR THIS PICK-UP as Pioneer Natural Gas officials estimate it was a total loss after colliding with a butane truck owned by Allred Oil Co. No one was injured in the accident which occurred 12 miles northwest of Hereford. (Staff Photo)

Damages Hit \$2,500 In Butane Truck-Pickup Collision Friday

A pickup owned by Pioneer Natural Gas collided with a butane truck owned by Allred Oil Co. on a muddy road 12 miles northwest of Hereford Friday afternoon causing an estimated \$2,500 worth of damage. The pickup, which was driven by Dick Sartain, a gas company employee, was traveling north on the country road when the butane truck driven by Wendell Maloney pulled onto the road. Both vehicles had to be towed from the scene.

Investigating officer Caral Parker of the Texas Highway Patrol, issued a ticket to Maloney for failure to yield right-of-way. The pickup was a total loss, estimated at \$2,000 and the truck was damaged to the tune of \$500. Maloney lives at 512 Knight St. in Hereford and Sartain, who is a meter inspector from Amarillo, lives on Miles St. Neither of the drivers sustained injury.

School Budget Hearing Aug. 21

The annual school budget hearing has been scheduled for Monday, Aug. 21, according to information released by trustees of the Hereford Rural High School district. The meeting will begin at 8 p.m., and will be held in the board room in the cafeteria building.

"In view of exceptional interest shown in school expenses and operations," we are expecting a large crowd for the meeting," said Tom Robinson, board president, "and we want to invite every interested citizen to be on hand and review each of the department expenditures." Economy minded board members and administrators this week dropped the school tax rate from \$1.70 to \$1.55 as the result of a district-wide equalization program and, as a result, have pared operating costs as closely as they believe practical, Robinson said.

Bootleg Fine Set At \$100
A 25-year-old Negro man was fined \$100 and costs in Deaf Smith County Court Wednesday for a charge of selling liquor in a dry area. Warren A. Maryland, 1017 N. Washington, Amarillo was fined by County Judge Don Zimmerman after he was arrested by Deaf Smith County Sheriff Lowell Sharp who was working with an agent of the Texas Liquor Control Board. Maryland was arrested in the Jim Hill Hotel where he was working as a porter, at 10:59 p.m., Sunday, August 6.

Around...

(Continued from page 1) secured from Sandy Flutt at Plains and Highway 385 when construction is completed; may be four to six weeks.

A meeting centered around compulsory school attendance has been scheduled by Judge Don Zimmerman in the county courtroom for 10 o'clock Tuesday morning. Sheriff's department, police and school representatives will be there to discuss the situation — and other interested citizens were invited to attend.

Mrs. B. E. Roberson says there is room for three more interested persons in the hat making classes to be conducted Monday, Tuesday and Wednesday. Afternoon classes will be held from 1 to 4 p.m., and evening classes from 7 to 10 p.m. Take your choice and, if interested, call EM 4-1814 or EM 4-0608.

Leon Coffin, the cabbage king, was in business in a big way this week. He is averaging 20 tons to the acre on around 200 acres, and the quality is unusually high. Current prices are running to \$30 a ton. In addition to Coffin, other growers this year include: Francis Smith, Danny Deaver, and Jack Rentro. All are reporting good yields and top quality.

Hereford...

(Continued from page 1) chairs will probably be about 40 to 50 feet from the ground at their highest point. Six carrying units will stand along the path of the chair lift as supports. Loerwald said that a minimum age limit will be placed upon passengers for the chairs and children below the limit must be accompanied by an adult. There are no safety belts as such for the chairs but a chain extends across the passengers' legs.

Presently a miniature train which carries passengers through the canyon recreational area is in operation at Palo Duro. It has been used for several years. Other facilities include a playground area.

New...

(Continued from page 1) has been installed and will operate from a panel inside the terminal office. The system can take a complete heat reading of a full 10 million bushels in a little over six hours according to elevator operators.

The storage units are rigged with the latest type aeration equipment and will be equipped with a built-in telephone system.

According to elevator operators, the plant will have the facilities to unload a semi-trailer truck, a bob-tail truck, two freight cars and one flat bed hopper car at the same time. Four 6,000 bushel legs will be used to elevate the grain.

Plant manager, Alton Cox is moving to Hereford from Dimmitt, where he was manager of the Dimmitt Gin and Elevator Company. He is the father of two children, Paul, a student at Abilene Christian College and Pegene, who will be a sophomore in Hereford High School.

Scattered...

(Continued from page 1) Art Lewis, back north, however, was credited with a regular flood, and portions of Harrison Highway were said to have been temporarily under water.

Summerfield and Black, on the other hand, reported "just a sprinkle." Friona, on west, was given heavier moisture, but in the quarter to half-inch class. George Delozier, around seven miles south of Summerfield reported around one inch. "It isn't muddy," said Mrs. A. F. Huckert, two miles north, but Joe Evans returned to report around one inch at the Ford School. Dawn residents reported around one-half inch, but thought heavier rains might have fallen north of the community.

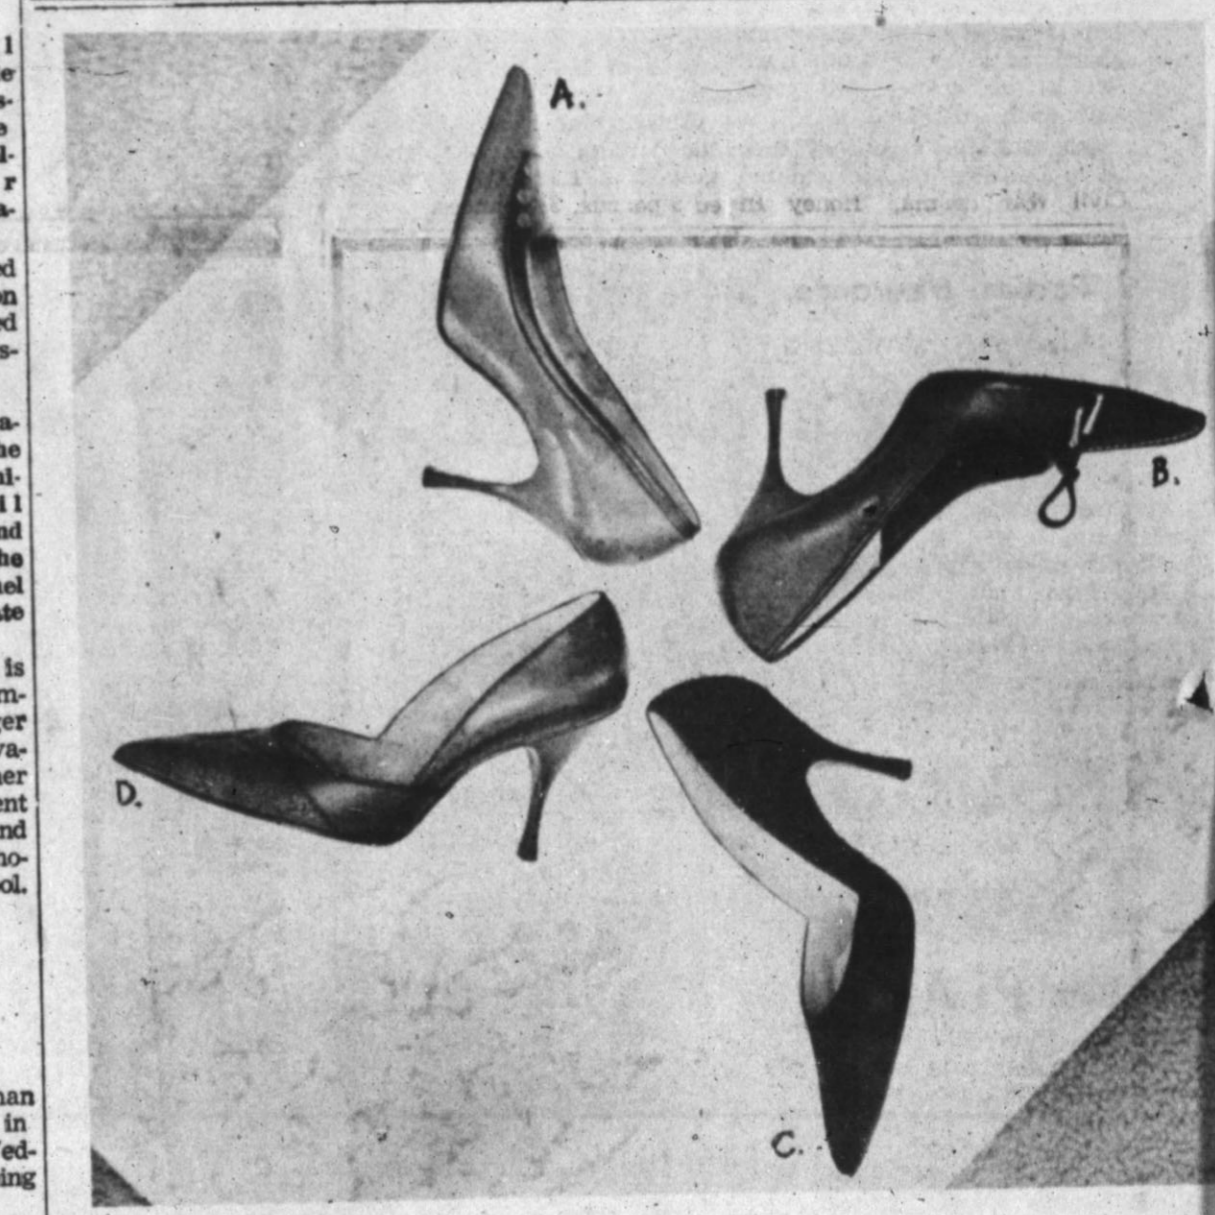

"Advanced mlo was beginning to twist," said County Agent Lefty Thomas. He further pointed out that the moisture was "what the doctor ordered" for the producers who were planting fall

wheat. Pastures were reported in good condition over the territory, and with additional moisture early in September, Thomas said that some unusually high dryland yields will be seen this year.

Wertenberger Writes About Kentucky's Symphonic Dramas

Erin Wertenberger, son of Mr. and Mrs. O. Wertenberger, is on an extended tour of the southern and eastern states studying symphonic dramas produced in those states with special emphasis on the productions written by Paul Green, the man who has been chosen to write a drama about this section of the country to be produced in Palo Duro Canyon. Wertenberger is accompanying Mr. and Mrs. William A. Moore and Wam of Canyon. Mr. Moore is a drama instructor at West Texas State College.

The following letter, written to a friend in Hereford, is self-explanatory:

"Somewhere in Virginia, August 7, 1961.

You must forgive my choice of stationery but I was desperate for writing material as I am filling up notebooks very fast with comments and plans, designs, remarks, etc. for use when we return to Texas.

There is so much to remember about these wonderfully exciting dramas. We are all about worn out but are very excited about having a symphonic drama of our own. They inspire a feeling of patriotism, beauty and closeness that few other things any of us have previously seen can do. It is hard to imagine the beauty and spirit of these plays unless you see them.

We have seen three of the dramas and will see all of them before our trip is over. We saw 'Bound For Kentucky' by Kermit Hunter at Louisville, Ky. This is the story of the founding of that city and is very exciting.

Our next experience was with the 'Stephen Foster Story' at Bardstons, Ky. This was written by Paul Green, the same man who will write our play. It is a very moving experience and the beauty and sincerity of the drama quite impressed us all. They have a beautiful theater and the town is so quaint and lovely. We visited the home of Judge J. Rowan. This is the home where Stephen Foster wrote much of his music and his song 'My Old Kentucky Home' is about this home. It is quite beautiful and well kept. It recalled the beauty and charm of the Old South and left us all wishing we could have been part of it.

Our next day's journey took us to Beckley, W. Va. and the Civil War drama, 'Honey In

The Rock,' also by Hunter. This is set in the heart of the Virginia Mountains and tells the story of the Civil War founding of West Virginia. It is very exciting and depicts so well the sudden hate of brother for brother when the ties of a nation are broken. It is really an amazing story.

One of the most encouraging things about our trip and the dramas is the wonderfully warm response they receive and the wonderful hospitality we have been shown. We have had interviews with all the directors and toured all the theaters we have been to.

Our next stop will be the 'Book of Job' at Pineville, Ky.

We are having a wonderful time but are quite rushed. I must close for now but will keep you posted on our progress.

We'll see you soon in Texas. Sincerely, Erin."

Trees, Attractive Shrubs Make For Beauty Spots

ONE OF HEREFORD'S BEAUTY SPOTS is the J. K. Fore yard at 139 Ave. A. Regardless of which flower is selected as the official town flower, Mrs. Fore will probably already have it planted because almost every flower which can be grown in Hereford is represented in her yard.

WHISTLES FOR AID

CAMPTON, Ky. — Johnny B. Childers, crippled and in his 80s, keeps a police whistle in the rural home where he lives alone. The whistle is to summon help for himself but recently he used it to help a neighbor. Nelson Adams, 63, who also lives alone, fell in front of his house and could not get up. Childers, seeing Adams through a window, worked his chair to the front door, opened it and blew

the police whistle. The whistle, investigated and summoned help for Adams.

LATE VISIT

STEARNS, Ky. — Mrs. Caldwell Phillips finally visited the business section of Stearns the other day — for the first time since she moved here some 37 years ago.

MAN TEACHES WOMEN

MOREHEAD, Ky. — Rowan County homemakers get recipes and sewing tips from their home demonstration agent just as do homemakers in other counties. But there's a difference. Their agent is a man.

Adrian M. Razor, who also is county agricultural extension agent, took on the added duties of home demonstration agent four months ago after Rowan County had been without one for some time.

ADRIAN NEWS

School Opening Now In Limelight

BY MRS. R. L. PINNELL
Supt. Paul A. Robertson reports the school budget was on display Monday, Tuesday and Wednesday of this week and was open to the public.

Mr. and Mrs. Emmett McAdoo and daughter, Marian, of Amarillo were Sunday guests of this sister, Mr. and Mrs. Joe Speed. Mrs. McAdoo and Marian returned home Sunday night but

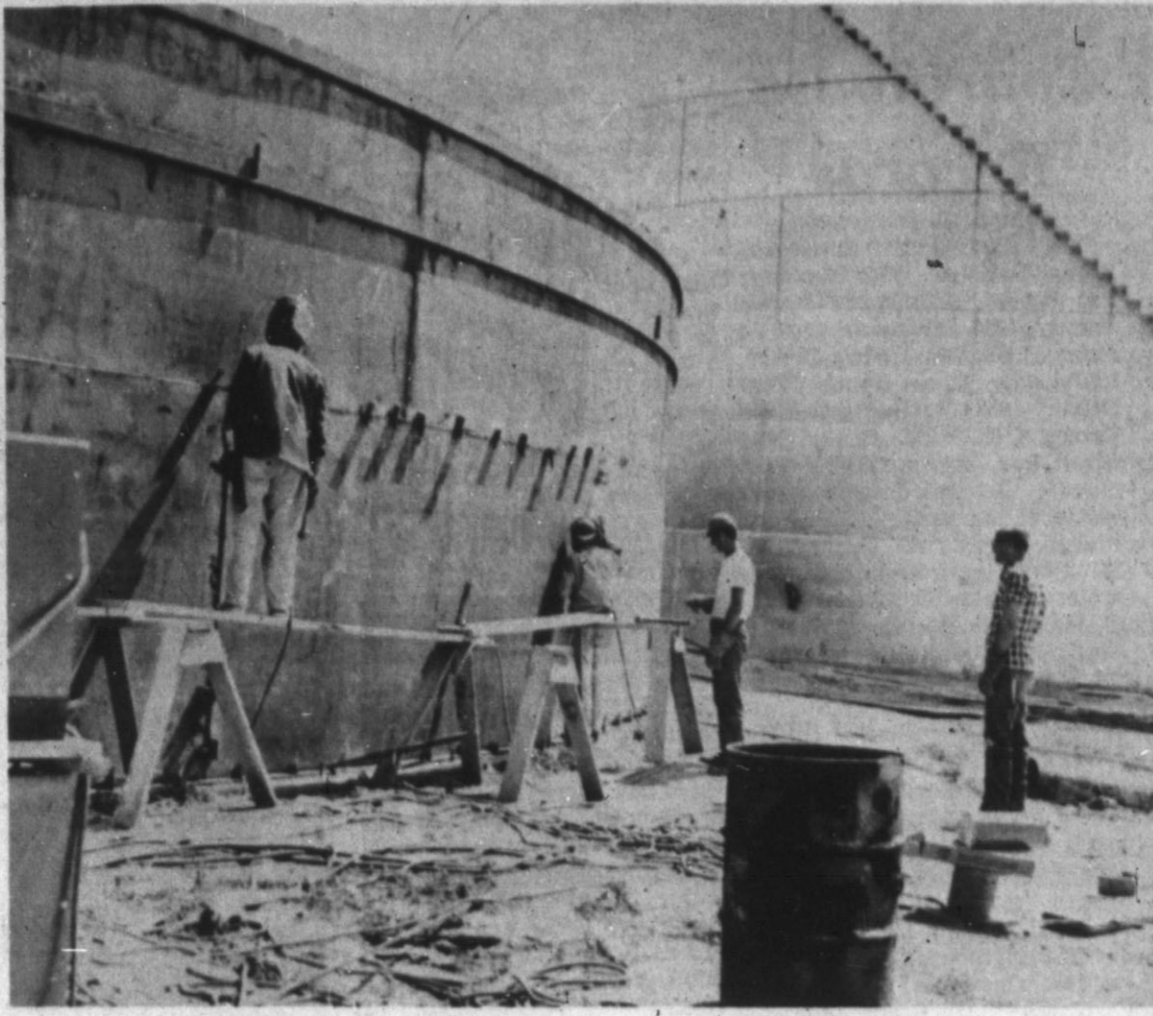

Emmett remained to accompany the Speeds on a fishing trip this week at Chama, N. M. Janan Johnson of Dumas is visiting her cousin, Linda Pinnell, this week.

Coaches Ted Haile and Don Johnson left Saturday for San Antonio to attend coaches school this week. They plan to see both the All-Star Basketball and Football games Wednesday and Thursday nights. W. C. Edmonds, Jessie Fincher and Jackie Smith returned Thursday from a two-week vacation thru the south and southeastern states. They went through Dallas where they picked up Dub's sister, Margaret Golden for the trip. They toured Louisiana, Alabama, Tennessee and Florida. In Huntsville, Ala., they were overnight guests of Mr. and Mrs. James Morgan and family. In Marysville, Tenn., they visited Dub's parents, the J. W. Edmonds.

Mr. and Mrs. R. C. Chism of Kerrick returned by the home of her parents, the R. L. Pinnells this weekend. They had been vacationing in Lake City, Colo.

News has leaked out of the wedding of ex-coach Jim Clark and Stacia Scott this past weekend. They are both to teach in Kermit next year.

Our pep-squad girls and

BUILDING FROM THE GROUND UP is the easy way for these workmen as they construct one of eight round grain storage units at the new Allied Terminal Elevator which is located east of the city. The new elevator will hold an estimated 10 million bushels of grain. (Staff Photo)

Dawn Youth In Hospital

Glen Fuller, 15 year old son of Mr. and Mrs. H. S. Fuller of Dawn, underwent a corneal graft at St. Anthony's Hospital in Amarillo Thursday afternoon. He will be in room 504 for the two weeks.

His aunt, Miss Allen Wilson and Belton, and Johnnie Cummings of Temple are visiting him and his family.

RED INK DOWN
FORT MADISON, Iowa (AP) — Who says business is bad? The Shaeffer Pen Co. reports

consumer demand for red ink declined 8 per cent in 1960.

'MASKED' BURGLARS
LATHAM, Ill. (AP) — Robbers were stopped in their effort to open a grain elevator office when a smoke bomb exploded. But they weren't stopped for long.

They broke into a nearby fire station, stole some gas masks and finished the job of opening the safe. The take: \$150.

WESTERN TOUCH
BUFFALO, N. Y. (AP) — There is a touch of the Old West in the history of this eastern city. Two former mayors were William G. Fargo and Chandler J. Wells, co-founders of the Wells-Fargo Express.

Mrs. Silver Guest Of Honor At Coffee

The Community Room of the First National Bank was the scene Friday morning, August 11, for a coffee-shower honoring Mrs. John Robert Silver of Fort Worth. Mrs. Silver is the former Miss Mary Katherine Huckert, daughter of Mr. and Mrs. Frank Huckert of Hereford.

Mrs. Robert Wagoner greeted the guests and presented them to the honoree; her mother, Mrs. Frank Huckert; her grandmother, Mrs. Odella Huckert; and Mrs. Marie Sears.

Miss Betty Huckert, sister of the bride, registered the guests

at a desk adorned with an arrangement of red roses.

The serving table was laid with a white net cloth over white. The centerpiece was a compote filled with roses in various shades of red with silver candelabra holding white candles on either side. One end of the table held the silver coffee service and on the other end was a silver bowl filled with melon balls. Miss Carlynn Williams and Mrs. Fred Ruland alternated at the silver service. Hostesses for the affair included Mesdames J. B. Noland, Jack Brown, Robert Wagoner,

Frank Danile, Edgar Skypala, Earl Holt, Carl Williams, Hugh Bookout, Earl Springer, Charlie Noland, Mack Noland and G. W. Newsom.

The capital of the republic of Upper Volta in West Africa is Ouagadougou.

Hereford Squad Will Face Tough Opponents In 1961

By RICHARD LEGGITT
With new coaches, new equipment, and new confidence, the Hereford Whitefaces are hoping for new and better fortune this year as they begin their 31st season in the Texas Interscholastic League.

Dumas, Levelland and Canyon loom as dark spots on the road to victory as the 60 Hereford boys look to new coach Jack Meredith for guidance.

Still in the losing column after having their best season in five years, the Whitefaces are preparing for a 10-game schedule with no "push overs."

The Herd opens the 1961 season with the Brownfield Cubs in Brownfield on September 1. With only two starters returning, balance of this club will hang in the shadows for a while, but, despite inexperience, quarterback Teddy Howell is a top-notch passer and could turn the Cubs into Tigers.

Canyon, the number two game on the Whiteface listing, will bring to Hereford on September 8, the finest Eagle ballclub in several years. With 19 lettermen returning and a raft of talented sophomores, the Canyon squad will be hard to handle.

Dimmitt, without Coffey will

be a question mark. The Bobcats will surprise everybody if they can improve on last year's squad, which lost to Hereford 28-0. The Whitefaces travel to Dimmitt on September 15.

The Muleshoe Mules, who last year pulled a rabbit out of the hat to tie the Herd, will arrive in Hereford on September 22, and this year they might not need a good luck charm. The Mules will be stronger in every department and are picked at the top of their district.

Still smarting from last year's 33-16 homecoming whallop, the Roswell Coyotes are rebuilding from their worst season in many years. Coach Dewey Johnson has a big job ahead of him as he rebuilds around four starters. The Whitefaces play in Roswell on September 29.

Also rebuilding this year are the Olton Mustangs, who lost heavily from last year's 2-AA champions. The first of four teams to knock off the Whitefaces last year, the Mustangs probably lack the size and speed to do it again. Olton journeys to Hereford on October 6.

Levelland, although short on returning material, must be rated as one of two teams to beat in 1-AAA, simply because of their past performance. The Lobos have represen-

ted the district for four straight years. Head coach Johnnie Hickman will be counting on halfback Ted Turnbow, Doug Reed at tackle, and a group of great sophomores when the Lobos meet Hereford at Levelland on October 20.

The Phillips Blackhawks, who seem to have an endless supply of tough quarterbacks, will be no different this year as they place veteran Jackie Gray at the helm. Although the Blackhawks won't be up to usual standards, they will be a tough mark on any schedule. Phillips comes here on October 27.

Dumas for 1961 could be spelled B-o-x-w-e-l-l, for in Mike Boxwell, the Demons may have the best AAA quarterback in the state. Boxwell and six other returning starters are going to make Dumas about as easy to stop as a runaway elephant. To make matters worse, if that is possible, the Whitefaces play the Demons in Dumas on November 3.

The last on the 1961 schedule is Littlefield. The Wildcats lost eight starters, but the Estrada brothers, Tony and Pete can make things rough. Not as tough as last year, the Wildcats

TOBACCO ANNIVERSARY

JAMESTOWN, Va. (AP) — Pochontas may have saved the life of Captain John Smith, but she married an Englishman named John Rolfe.

The romance of Rolfe and the Indian princess will play an important part in next year's commemoration here of the 350th anniversary of the American tobacco industry.

Rolfe planted and sold the first successful crop of tobacco at Jamestown in 1612, saving the colony from economic collapse. From the beginning, tobacco has grown into a \$7 billion industry.

The anniversary will be staged May 16-19 by the Jamestown Foundation.

From the 11th to the 16th Centuries, Chichen Itza was the most important city in the Yucatan peninsula of Mexico.

Local "Rodeo Cowboy" Writes Of Arena Battles

Bussy Kaul, son of Brand Correspondent Mrs. Merlin Kaul, had the following comments to make concerning the rodeo events which he has been attending this season.

"I was talking to Dave Hopper of Hereford the other day and he has just returned from some of the northern rodeos. At Cheyenne, he said he didn't win enough 'to pay taxes on,' although he rode 13 out of 14 head that he got on. At that I don't believe that he's gone to eating vienna sausage and crackers as Spicer Gripp and I. Dave and Joann left for Colorado Springs, this weekend where Dave is to be one of the judges.

"Boy that old road is getting longer and longer all the

time. Don Brooks, my pulling partner from Tulla, and myself buzzed up to Las Vegas, New Mexico last Friday for a three day show there. We both placed in the doggin' in the first go-round — Don with a 10.6 and I followed with a 10.7. That was good enough for the second and third places and I placed in the average also.

"Boog Trainam from Springer won the doggin'. Edd Workman, Champion NIRA All Around cowboy from Lubbock, won the saddle bronc riding and John Holt, an Amarillo cowboy who was also on the Intercollegiate circuit, knifed a bareback horse good enough to win that event.

"We've been plenty busy 'cause we no more than got home than

we had to go to Pampa and jump at them again. Neither of us placed in the first go round but we'll try for the last go Friday night.

"The Ratjen Brothers Rodeo Company from Happy is putting on two shows this weekend — one at Plains and the other at Dimmitt. So here we go."

WRONG TOWN
CALUMET, Mich. (AP) — A trailer truck driver didn't learn until he stopped at state police headquarters here that the one-time mining community of Fulton, now a tiny village in Upper Michigan, was not his destination.

The driver, transporting four tractors from Iowa, had passed Fulton, Mich., in the lower peninsula, because it wasn't listed in his map index.

The error took him 600 miles out of his way.

Beauty At Home

Q. I've heard there's a way of making eyelashes darker without actually coloring them. Do you know of this?

A. This might be the system of clipping the ends of the lashes regularly, which has a tendency to strengthen the lashes, stimulate them, and thus darken them. This must be done carefully and slightly, every two months or so. Applications of plain petroleum jelly are also good for the lashes and brows.

Q. How can I make a smoother job of my fingernail polish?

A. Make a habit of "pre-treating" your nails by buffing them well before your polish applications. This will not only make your final polish job beautifully smooth, but is also a splendid stimulant for the nails, encouraging their health and strength.

Q. What kind of facial beauty mask is especially good for a greasy kind of skin?

A. Smear a paste made of dry oatmeal and witch hazel over the face and throat, leave on for 15 minutes, then rinse off with warm water. Finish off the treatment by dusting the skin with some chilled astringent.

Q. How can I, while shampooing, encourage more gloss and sheen into my hair?

A. Try adding the beaten white of an egg to your regular shampoo. A brisk towel rubbing, followed by a good brushing, also helps to add sparkle to your hair.

Q. What is a good treatment for whiteheads on the skin?

A. Apply a paste of almond meal and warm water to the faulty areas, and allow to dry. Then scrub with circular motions, using a clean cloth. Rinse the skin with warm water, and then splash with cold water.

Q. How can I, with my makeup, disguise a raised scar on my face?

A. Use base or stick makeup, two shades darker than the overall tinted base normally used, on the raised area. Don't extend the color beyond the area of the scar. Pat some powder on and brush off the excess. Blot with a damp towel, puff or some cotton. Now apply your over-all tinted base makeup, and proceed with your general makeup.

REFUSAL AT GUNPOINT
ST. LOUIS (AP) — A hesitant holdup man took "no" for an answer recently.

A clerk in a savings and loan office, Mrs. Beverly Hendrix, 26, told police the robber entered, drew a revolver and demanded money.

When Mrs. Hendrix responded with a firm, "No," the robber turned and left.

HE DID IT
LOGAN, Ohio (AP) — Police want to know who did it at the U-Do-It self-service laundry. Someone pried open a coin-changer and took about \$45.

From 1908 to 1935, Juan Vicente Gomez was dictator of Venezuela. He frequently circulated rumors of his death and shot anyone who started celebrating.

Local Women Report Paul Green Play Is Highlight Of Recent Tour

Two Hereford women, Mrs. Vivian Major and Mrs. Nora Gillis, attended "Common Glory," a play by Paul Green, the playwright who has consented to write a play based on West Texas history if the symphonic drama plan is carried out in Canyon.
 The women saw the Williamsburg, Va., play while on a 24 day tour to eastern United States and Canada earlier this summer. "Common Glory" is Green's dramatization of Thomas Jefferson's struggle for democracy.
 The play is in its 14th summer and reports say the 2600-seat theater is filled with tourists each night. Another outdoor production seen by Mrs. Major and Mrs. Gillis was "Unto These Hills" by Kermit Hunter, a student of Paul Green.
 "Unto These Hills" dramatizes the story of the Cherokee Indians. Reader's Digest, July 19-30, reports that the Hunter play has drawn 1,425,000 men, women and children and millions of tourist dollars into tiny Cherokee, N. C., high in the Great Smoky Mountains. Such is the dream of the Palo Duro Canyon group.
 Mrs. Major described the plays as "well-written and played, with beautiful costumes and settings." She emphasized that both dramas told a true story of the growth of a particular area in American history.
 Sparkling lake frames the stage of the Williamsburg theater. Mrs. Major points out. Lights are played off the water at intervals during the play. The Cherokee theater, like that at Williamsburg, is built on the side of a hill, among beautiful trees and grasses.
 Paul Green is a personal friend of several members of the party and the playwright met the group at the theater. He lunched with them at "Kings Arms" restaurant in Williamsburg.
 The local women toured with a group of 29, led by Dr. Ples Harper from Canyon. Harper has conducted similar tours throughout the U. S., and into Canada and Mexico.
 Thousand Islands was the scenic spot which impressed Mrs. Major most during the tour. She explained that she had already visited many places covered on the most recent tour.
 Thousand Island Archipelago is in the St. Lawrence River, between the U. S. and Canada. 1768 islands make up the archipelago, with each island named and numbered. They range from a tiny spot of earth in the water to areas over seven miles wide.
 Summer homes and resort clubs dot the larger islands. Mrs. Major reports. The famous "Thousand Island" salad dressing supposedly got its name because the chef who originated it worked at a home on one of the islands.
 An International Bridge spans the river at one point between the U. S. and Canada. The tour around the archipelago was made by boat in two and a half hours.
 In Ottawa the group saw the changing of the guard at the Parliament Buildings. A Scottish band led the old guard out of the Parliamentary yards as the new Royal Police took their stations at guard.
 Scenic Vermont was another spot which Mrs. Major called particular attention to. She pointed out the beauty of the covered bridges and trees. The group was given a tour through a maple syrup factory.
 In New York City the group from West Texas went through Radio City Music Hall and attended the musical, "My Fair Lady."
 Washington D. C. was another stop on the tour, where the group visited the capitol building, Arlington National Cemetery, and other historical buildings and monuments.
 Texas accents or "drawls" were noticed in several places the group visited. Mrs. Major pointed out. She says it's only because Texans speak slowly and clearly that the fast-talking Easterners notice a difference in speaking. Mrs. Major says she loves to travel and has made numerous trips in almost every state in the U. S. She would like to visit in Europe but wants to see the U. S. first.
 A dozen nations, including the United States, Australia, France, Britain, Japan and Russia, are participating in a four-year program to fish the Indian Ocean for scientific data.

PROUD TEKAN
 TEXARKANA, Tex. (AP) — It must have been a proud Texan who ran this ad in the local newspaper:
 "Wanted to rent — three bedroom house, suburb or city, Texas preferred."
 The Texas-Arkansas border runs through the heart of this city.
CULINARY INSULT
 TEMPE, Ariz. (AP) — A Tempe resident was cooking some steak on an outside grill when police arrived.
 The officers said a neighbor had seen the smoke, taken a deep sniff and reported someone was breaking the city ordinance against burning garbage.
REQUEST REJECTED
 CORPUS CHRISTI, Tex. (AP) — A man ejected from a local rescue mission called police and asked to be put in jail for the night.
 Police told him they could arrest him for vagrancy but days in jail.
 "No thanks," he replied, "I'll just leave town."

with Mrs. Merlin Kaul Shearhart Honored
Mr. and Mrs. Harold Shearhart, Jim and Karen were honored with a farewell party at their home Friday night. The Shearharts have sold their farm here and purchased one near Vinita, Okla. They will be moving in the near future. The group Friday night presented the honorees with a silver pitcher. Refreshments of homemade ice cream and cake were served to Mr. and Mrs. Earl Plank and Davy Moore, Mr. and Mrs. J. W. Thomas and Jack and her mother Mrs. Huckabee, Mr. and Mrs. Ben Thomas, Sandy, Dusty and Ginger, Mr. and Mrs. Jim Thomas, Dan and Deborah, Mr. and Mrs. Ted Royal and Gary, Mr. and Mrs. Norman Minks, Larry, Nancy, and Kathleen, Mr. and Mrs. Karroll Higgins, Becky and Susan, and the honor guests Mr. and Mrs. Shearhart, Jim and Karen.

Davy Moore, seven month old son of Mr. and Mrs. Bill Moore of Dalhart, has been staying with his grandparents, Mr. and Mrs. Earl Plank, the past week while his parents were on vacation in Wyoming.

Mrs. Martha Sullivan and Holly, accompanied by Dora Thomas of Westway, went to Fort Worth last week, and spent several days with Mr. and Mrs. J. W. Thomas, parents of Mrs. Sullivan. Enroute they spent a night with Mr. and Mrs. Jerry Don George at Turkey. They returned home last Wednesday, accompanied by Mrs. J. W. Thomas who will remain here with her daughter until Labor Day.

Mrs. James Durham has returned after taking her sisters, Mrs. C. L. Thomas, and Miss Mildred Elliot to their home in Alpine. They were guests for a week here in the Durham home. Earlier in the month Mrs. Durham spent a week in the home of Mrs. Durham's mother, Mrs. S. O. Durham in Waco. She then went to Houston where she met her sisters and they spent a week together there before coming to Hereford.

Mrs. Dorothea Prowell has returned after attending the State Conference of Homemaking Teachers in Dallas. Mrs. Prowell was accompanied by two homemaking teachers from Tulsa.

Mrs. Irene Beavers and Miss Ruth Hutton were visitors in the home of Ruth's parents, Mr. and Mrs. Nell Hutton in Dalhart last weekend. Mrs. Hutton is a sister of Mrs. Beavers. Miss Hutton, who is staying in her aunt's home, will be graduated from West Texas State College this month. She is attending classes every morning and is employed at the Big T Pump Company in the afternoon. Miss Hutton, an elementary education major, did her practice teaching here last spring. She will be married soon to Jerry Murphy, and both will be teaching at Central School this fall.

Mr. and Mrs. J. C. McCracken attended the wedding of Gaylord Mauer, son of Mr. and Mrs. Carl Mauer of Friona, last Saturday night. The wedding was solemnized at Friona.

Janice, Jeff, and Sara Ricketts of Carlsbad, N. M. are staying in the home of their grandparents, Mr. and Mrs. Forrest Ricketts of Carlsbad. Mr. Ricketts has been quite ill the past three weeks. He had a bad case of flu and has not been able to recover his strength. He will not be able to return

COOLING THEFT
TOPEKA, Kan. (AP) — Isaac Price stopped at a service station on his way to work when noticed his temperature gauge going haywire.
The reason was apparent as the attendant lifted the hood. The radiator and hose had been stolen during the night.

COMEDY TOUGHER
HOLLYWOOD (AP) — Glenn Ford says it's easier to do drama than comedy.
"Any soap opera type of dialogue can cause a person to reach for a handful of handkerchiefs. But nothing is so unpredictable as dialogue supposed to be funny."
"For no reason at all it can lay an egg as large as a medicine ball. That's why getting laughs is a serious business."

DAILY PATRIOTISM
CHATTANOOGA (AP) — With American flags flying in front of each of the 23 businesses in the suburban East Brainerd shopping center, startled residents often ask: "What holiday did we miss?"
The answer is none — the East Brainerd merchants have decided to fly the flag every day.
"Our merchants felt like patriotism should be shown every day and not just during special events," explained Dr. John R. Jones, president of the East Brainerd Community Service Association.

for some time yet.
Hugh Howard and son, Shorty, of Pittsburg have been visitors in the home of his nephew Jack Renfro. They spent a couple of days here, then accompanied Jack and Dorothy Lee to Quest, N. M., to look over farming operations there. Renfro has extensive potato growing in that area. The group then went on to Eagle Pass, where they found Jack's parents, Mr. and Mrs. W. S. Renfro of Frederick, Oklahoma enjoying some good fishing.

Mr. Howard is well known by shippers, being one of the largest growers of sweet potatoes in Texas. He has grown sweet potatoes and has extended growing to Arkansas and Louisiana, where the largest acreage is now found. This was his first trip to this area and he was greatly interested in the vegetable industry here.

Vernon Foley of Morrill, Kan., has been a guest this week in the Merline Kaul home at Westway and in the Jack McCracken home at Bovina. He is a cousin of Mrs. Kaul. Mr. Foley, who is on vacation from his duties with the school at Morrill, spent a couple of days last week on a dude ranch near Rifle, Colo. While visiting with one of the guests, Homer Anderson of Pampa, whose son Kelley Anderson owns the ranch, he learned that the Andersons were cousins of Mrs. J. C. McCracken

of this city. Kelley Anderson bought the ranch five years ago; it was formerly the Coulter Ranch.

John Mauer and son, David, of Longview have been guests this week in the Boyd Knox home. Mr. Mauer travels for the King Features Publishing Company and was in this area.

Mr. and Mrs. Debbs Knox and Brandt accompanied her sister and husband, Mr. and Mrs. George Mayos of Muleshoe, on a vacation trip to Mexico. They will visit Mexico City and other points of interest.

Mr. and Mrs. Don Rice, Rhonda, Danny, and Dawn of Odesa were visitors last weekend in the home of his mother Mrs. Betty Rice.

Mr. and Mrs. Benny Womble flew to Tucumcari, N. M., last Sunday where they picked up Mrs. Dan McKinney and brought her back to Amarillo so she could get a plane to Belville, Mich. Mrs. McKinney is a sister of Mrs. Womble and is the former Vesta Brashear. She had received word of the death of her grandchild in Belville, and went to attend the funeral and to be with her daughter, Mrs. Marvin Balm and Mr. Balm.

Mr. and Mrs. Edwin Morrison of Bippus were visitors in the home of Mr. and Mrs. Jess Frost in Stephenville several days last week. Mr. and Mrs. Frost returned with them to attend the Frost reunion here.

Mr. and Mrs. C. A. Sauley

were hosts at a supper in their home Thursday night, honoring California visitors. Their guests included Mr. and Mrs. Ed Shirley and Keith and Mr. and Mrs. John Centis and John Jr of Mountain View, Calif., Mr. and Mrs. Lewis Shirley of Hereford, and Mr. and Mrs. Jerry Landers and family of Westway.

Grandchildren of Mr. and Mrs. C. A. Sauley are enjoying a vacation here for a couple of weeks. Jim and Dan Baker are here from El Paso; Mona, Mike, and Larry O'dell from Amarillo, Larry's friend Weldon Bobbitt is also from Amarillo. The newest grandchild couldn't make it this year. He is Ross Irving O'dell, born July 30 to Mr. and Mrs. Jimmy O'dell in Amarillo. Mrs. Sauley takes the group swimming, picnicing and horse back riding — but only if each sees to it that his bed is made and his room cleaned each day. Another duty each day is to help set irrigation tubes and the boys have proved that they can.

Other guests added to the list at the Sauleys last Sunday included Mrs. Frank Mullins, Mr. and Mrs. Bud Roaler and Billie, and Mr. and Mrs. T. D. Booker all of Lubbock.

Guests in the Edwin Morrison, Sr., home last weekend included her father, J. C. Frost of Stephenville, her sisters, Mrs. Odys Tadlock and Mr. Tadlock of Stephenville; Mrs. Frank Gibson, Mr. Gibson and family of Quanah, and her brother, Mr. and Mrs.

T. C. Frost and family of Rankin. The group came for the reunion of the Frost family which was held on Sunday at Veterans Club House.

Mr. and Mrs. Eugene Combs moved to Plainview the first of the week from Westway. Combs is employed by his uncle, Don Combs, in the construction of a feeding plant.

Mr. and Mrs. J. C. McCracken went to Clovis, Tuesday, where they spent the day with Mrs. McCracken's niece, Mrs. Bob West, who is hospitalized. Mrs. West is the daughter of Mr. and Mrs. Sam Steele of Fort Sumner, N. M.

Mrs. Pat McCullough, Clay and Don of Hobbs, N. M., are

spending several days with her parents, Mr. and Mrs. J. C. McCracken and other relatives here.

Mr. and Mrs. W. E. Bartlett of Portales, have returned to their home after spending several days here in the home of their daughter Mrs. Bill Decker. Mr. Bartlett was a patient in Deaf Smith County Hospital a couple of days last week.

Mr. and Mrs. J. C. Mays and boys, and Mr. and Mrs. Harral Mays and children attended the Golden Wedding Anniversary of the elder Mr. and Mrs. Mays at Throckmorton. All seven children and their families were present for the occasion.

SOUTHWARD BOUND were the members of the 1st Platoon, 700th Engineers which base their operations in Hereford. Members of the United States Army Reserve, the platoon is shown waiting for the train that will take them to Fort Polk and 17 days of intensive training. (Staff Photo)

Area Engineer Platoon Off For Louisiana Camp

Preparing for 17 days of warfare with hot weather and chiggers, the 1st Platoon of the 700th Engineers, pulled out of Hereford Friday afternoon for Fort Polk, Louisiana.

While at Fort Polk, the men will build pipeline and water installations under actual war conditions. Training in this summer's camp is expected to be more rugged than that of previous camps because of the unstable situation of world affairs.

LAST MINUTE INSTRUCTIONS for Lt. James Alston, platoon leader of Hereford's 1st Platoon, 700th Engineers, is given by his commanding officer as he prepares to board a train which will take him to summer camp. (Staff Photo)

Household Scrapbook

Worn Carpet Sweeper
If the bristles on your carpet sweeper are beginning to wear short and won't pick up the dirt, try winding adhesive tape around the rollers, adhesive side down, facing the floor. This lets the brush down and the sweeper works better than ever. A cinch to do, too!

Garbage Can Care
Heat the bottom of a new or cleaned metal garbage can with a hot iron and drop in a piece of paraffin or candle. The wax will melt and coat the bottom of the container so it will not rust out and can be easily cleaned.

Attending the camp are: James Alston, Hereford; Farr en Broadstreet, Dimmitt; Edward Baird, Hereford; Raymond Dement, Hereford; Wesley Hagar, Hereford; Lowell London, Friona; Ralph Albract, Nazareth; Keith Battey, Hereford; Samuel Burk, Nazareth; Edgar Frerich, Hereford;

Jerome Gerber, Nazareth; Bobby Penson, Hereford; Douglas Ruland, Hereford; Joe Venhaus, Nazareth; William Wiecek, Umbarger; Jimmy Manning, Dimmitt; Raymond Mauck, Hereford; Bobby Ramey, Hereford; Harold Kilds, Hereford; and Jimmie West, Hereford.

Members of the platoon traveled to Fort Polk by car and train. They will return on August 27.

Hereford And White Deer Dominate Swimming Meet

Hereford and White Deer completely dominated the Hereford Invitational Swim Meet, held in the Hereford Municipal Pool Saturday morning.

The meet, which was sponsored by the Hereford Athletic Club, was a four-team affair that drew swim squads from Hereford, White Deer, Dimmitt and Tulla.

According to Wayne Lawrence, athletic club coach, the meet was a great surprise as it drew several hundred entrants and spectators to the local pool.

Results were not complete for the diving section of the meet at press time Saturday, but the winners in the swimming classes were as follows:

15 - yard free style for 7 and 8 - year - olds, Beverly Taylor, Hereford first in girls division; Ricky Powers, White Deer, first in Boys division.

30 - yard free style for 9 and 10 - year - olds, Pat Cooper, Hereford first in girls; Steven McAndrews, Hereford first in boys.

50 - yard free style for 11 and 12 - year - olds, Keitha Morris, White Deer, first in girls; Charles Barnard, Hereford, first in boys.

50 - yard free style for 13 and 14 - year - olds, Nancy Ulrich, White Deer, first in girls; and James Wheeler, White Deer first in boys.

50 - yard free style for 15 and 16 - year - olds, Joe Caruthers, Tulla, first in boys.

50 - yard free style for 17 and 18 - year - olds, Bill Halsey, Tulla, first in boys.

30 - yard back stroke for 9 and 10 - year - olds, Steve McAndrews, Hereford, first in boys.

50 - yard back stroke for 11 and 12 - year - olds, Mary Ulrich, White Deer, first in girls; Gary Stewart, White Deer, first in boys.

50 - yard back stroke for 13 and 14 - year - olds, Mora McAndrews, Hereford, first in girls; Alston Thoms, White Deer, first in boys.

30 - yard breast stroke for 9 and 10 - year - olds, Pat Cooper, Hereford, first in girls; Steve McAndrews, Hereford, first in boys.

50 - yard breast stroke for 11 and 12 - year - olds, Keitha Morris, White Deer, first in girls; Kevin McAndrews, Hereford, first in boys.

50 - yard breast stroke for 13 and 14 - year - olds, Helen Davis, Hereford, first in girls; James Wheeler, White Deer first in boys.

Complete results from both the swimming and diving will run in the Thursday issue of the BRAND.

Home Demonstration Delegates Hear Talks On Civil Defense

Six Hereford Home Demonstration clubwomen attended the Texas State meeting in San Angelo last week. "Facing the Challenge of Today's Task" was the theme of the two-day convention.

Attending from Hereford were Mesdames T. J. Parsons, district vice president, Louise Olson, Grady Parsons, O. L. Williams, Bertram Jack, and H. L. Hershey.

Headquarters for the association was the Cactus Hotel in San Angelo, with meetings conducted in the municipal auditorium. Mrs. T. J. Parsons described the meeting as the best ever with 846 people registering.

Among the speakers at the general assembly Wednesday was Dr. C. L. Kay, vice president for public relations at Lubbock Christian College. Dr. Kay's topic was "Facing the Challenge of Today's Task."

J. E. Hutchinson, director of extension, College Station, Texas A & M, spoke on "Adjusting Extension Program to Meet the Challenge of Change."

Delbert Downing, manager of the Midland Chamber of Commerce, gave an address at the Thursday general assembly which Mrs. T. J. Parsons described as inspirational.

Emphasis at the convention was placed on civil defense, citizenship, recreation, health and safety, family life and 4-h clubs.

How Can I?

Q. How can I impart a glossier appearance to some of my linens?
A. Try adding a few drops of glycerin to the starch that is used when laundering these linens.

Q. How can I prevent my white kid gloves from turning yellowish after a few cleanings?
A. By adding a teaspoon of powdered borax to your cleaning fluid.

Q. What is the easiest way to clean out the black and gummy stains from ashtrays?
A. One of the best for this is denatured alcohol.

BARNEY GOOGLE and SNUFFY SMITH by FRED LASSWELL

Recent Bride And Groom To Make Home In San Antonio

Mr. and Mrs. Nickolas J. Fank will make their home in San Antonio after August 20 following a wedding trip to points in New Mexico.

Parents of the couple are Mr. and Mrs. Billy C. Frazier Sr., 120 Bradley, and Mr. and Mrs. Harry Fank of Bird Island, Minn.

Wedding vows for the couple

were read Saturday, August 5, at 2:30 p.m. in St. Anthony's Catholic Church. The Rev. Hubert Byrnes read the double-ring ceremony before an altar decorated with baskets of white gladioli and greenery. Bouquets of gladioli tied with blue ribbons lined the bridal aisle.

Mrs. Darrell Hensley, organist, provided traditional wedding music and accompanied the vocalist, Edward Dzuik Jr.

Feminine attendants were Mrs. Faye Dirks, Mrs. Raymond Frazier, aunt of the bride, Mrs. Carol Davis and Mrs. Bob McFarland. They wore dresses of pale blue chiffon over taffeta fashioned with sweetheart necklines and small cap sleeves. Their accessories were white and they carried nosegays of white carnations tied with white satin streamers.

Bob McFarland of San Antonio served the groom as best man and groomsmen were Raymond Frazier of Amarillo, uncle of the bride, Mike Pugh, Hereford, and Johnnie Lee Frazier of Hereford, brother of the bride.

The bride, who was escorted to the altar and given in marriage by her father, was attired

in a floor length gown of imported lace and tulle over satin. The gown was designed with a fitted lace bodice with a wide sheer yoke topped with a small in. (Continued on page 2)

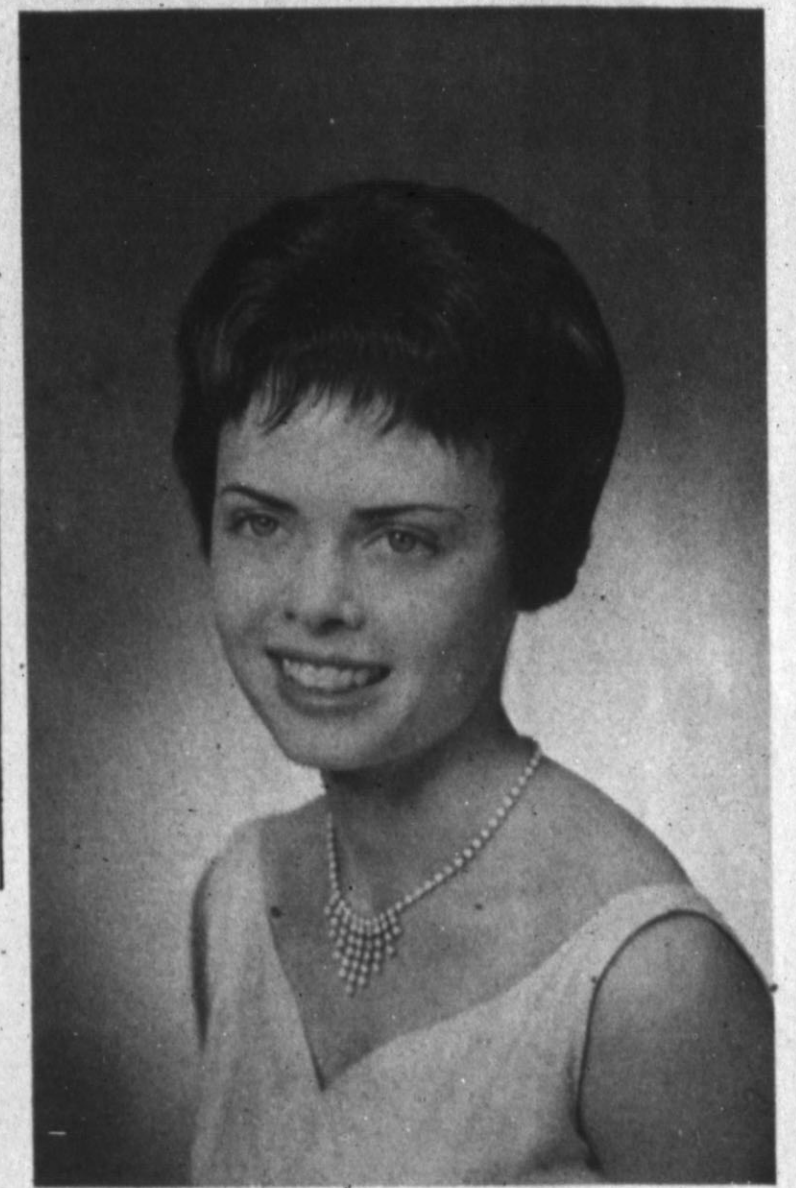

Mrs. Nickolas J. Fank
nee Miss Norma Ann Frazier
(Angel Photo)

Mrs. Combs Is Feted Recently

Mrs. Roberta Combs was honored Monday evening with a surprise housewarming at her new home on North 25 Mile Avenue.

The honoree was presented a gift and table games were played during the evening. Refreshments of home-made ice cream and cake were served at the end of the games by Mesdames Lydia Hopson, Cynthia Vines, Alta Davis, Lois Duggan, and Jackie Bishop.

Others present were Mesdames Earline Manning, Noamie Murrell, Leona Love, Sue Loving, Nan Rogers, and Jessie Wagener.

Miss Verna Dene Brown
Bride-elect of Houston Frye
(Boyd and Houthcens Photo)

Miss Brown To Marry Oct. 14

Wedding vows for Miss Verna Dene Brown and Houston Frye will be exchanged on Saturday, October 14, at seven o'clock in the evening. The ceremony will be read in the sanctuary of the First Methodist Church at Dimmitt.

The bride-elect's parents made the announcement this week. Parents of the couple are Mr. and Mrs. Wesley Brown of Dimmitt and Mr. and Mrs. Harland Frye, Star Route

Hereford. Both the bride-elect and groom-to-be are graduates of Dimmitt High School. Miss Brown, granddaughter of Mr. and Mrs. A. T. Jones of Route 2, Hereford, is presently employed at the Beauty Mart in Hereford.

Brown is a sophomore student at West Texas State College in Canyon where he is a member of the Lambda Chi Alpha social fraternity.

NOTICE

All wedding and engagement stories must be received by the society editor of The Brand by Wednesday noon in order to be considered for the Sunday paper. Other society items and club reports must be received by 5:00 p.m. Thursday.

Daughter of Baptist Minister Is Married August 11 at Seagraves

Miss Dian Davis, daughter of the Rev. and Mrs. B. L. Davis of Hereford, and Don Taylor were married Friday evening, August 11, in the sanctuary of the First Baptist Church at Seagraves, Tex. Taylor is the son of Mr. and Mrs. A. W. Taylor

of Seagraves. The formal double ring ceremony was read at 8 p.m. by the Rev. B. L. Davis, father of the bride and pastor of the First Baptist Church of Hereford. He was assisted by the Rev. Frank Pollard, pastor of

the First Baptist Church at Seagraves. The ceremony was performed before an archway entwined with greenery and flanked by baskets of white gladioli and candelabra holding white cathedral tapers. A white satin kneel-

ing bench was placed in the center of the archway. The bridal aisle was covered with a white cloth and family pews were marked with white satin ribbons.

Miss Judy Mills, organist of Seagraves, presented a group of nuptial selections and accompanied the vocalists, Jim Trimble of Seagraves and Miss Carol Snead of Hereford. Miss Snead sang "Whither Thou Goest" and "Because" and Trimble sang "The Lord's Prayer." The traditional wedding marches were used.

Little Misses Luanne and Sheryl Jones were flower girls and Mike Gause carried the rings on a white satin pillow. Joe Taylor and Mike Davis lighted the candles preceding the ceremony. The boys wore black pants and white jackets with yellow boutonnières.

Mrs. Dean Andrews of Dumas assisted the bride as matron of honor. Bridesmaids were Miss Cynia Robinson of Seagraves, Miss Judy Pruett of Brownwood, Miss Shirley Wittie of Cisco and Misses Janice Bird and Diann Hamilton of Seagraves.

Serving the groom as best man was Virgil Roundtree and ushers were Jake Moore, Gerald Flies, Danny Calfee, Dewey Middleton and Butch Proctor, all of Seagraves. All of the attendants in the wedding are members of churches where the Rev. Davis has served.

The Rev. Davis escorted the bride to the altar and presented her to the Rev. Pollard, then exchanged places with him and read the marriage vows. The bride was attired in a gown of silk taffeta fashioned with a scalloped neckline outlined with seed pearls and sequins. The sleeves were long, coming to a point on the hand, and buttoned with 12 tiny covered buttons. The back of the bodice was fastened with 30 small buttons. On the skirt of the dress pearls and sequins formed outlines of roses. A chapel train fell from two bustles in the back. Her fingertip veil of net was secured by a crown of sequins and pearls. She carried a single orchid surrounded by white fringed carnations atop a white pearl Bible. Her only jewelry was a pearl necklace.

Following the ceremony a reception was held at the home of Mrs. Marcus Latham, Co. - hostesses were Mrs. Bud Martin, Miss Judy McGee and Mrs. Vance Robinson.

The serving table was centered with a pink paper umbrella. Refreshments of coffee, cake and soft drinks were served to 17 guests and the honoree.

Bride-elect Honored At Shower-Tea Friday

Miss Marianne Young, bride-elect of Adrian Ashley of Abilene, was the honoree at a shower-tea given Thursday afternoon, August 10, in the home of Mrs. B. E. Roberson, 125 Avenue C.

The honoree's mother, Mrs.

E. W. Young, joined her in the receiving line. Approximately fifty guests signed the register.

The serving table was laid with a white drawn-work cloth over blue, carrying out the bride's chosen colors of blue and white. The centerpiece, ar-

ranged by Mrs. Alec Thompson, was a "Happiness and Peace" arrangement. The container, a milk glass compote, was filled with peace roses, delphinium and mariposa daisies. A cathedral window was fashioned above the blossoms and held a tiny Bible, wedding ring and wedding bells. Two bluebirds were placed in front of the arrangement with a miniature bride and groom between them. On either side of the compote, milk glass candleholders held blue wedding tapers.

The punch service was of china, elaborately hand-painted by Mrs. B. E. Roberson.

The buffet was centered with a crystal compote filled with red roses.

Misses Linda Hair and Joan Rogers presided at the serving table and Miss Joy Wiman provided piano music throughout the afternoon.

Gifts of china, crystal and silver were artfully displayed in one room while the linens and other gifts were in another room. The entertaining rooms were decorated throughout with arrangements of summer flowers.

Lingerie Shower Fetes Miss Sims

Miss Kay Sims, bride-elect of Pat Robbins, was honored recently with a lingerie shower in the home of Mrs. Marcus Latham, Co. - hostesses were Mrs. Bud Martin, Miss Judy McGee and Mrs. Vance Robinson.

The serving table was centered with a pink paper umbrella. Refreshments of coffee, cake and soft drinks were served to 17 guests and the honoree.

Miss Patton Repeats Vows

Westway Baptist Church was the scene recently for the marriage of Miss Mary Sue Patton, and Arthur Leland Shelton. The Rev. Arvil Atkinson, pastor, read the ceremony Sunday, July 30.

Parents of the couple are Mrs. Cliff Patton of Westway and Mr. and Mrs. Olin Shelton of Lubbock.

Mrs. Herb Owens, pianist, played traditional wedding selections. The church was decorated with baskets of gladioli and sweet peas.

Miss Carolyn Lee attended the bride. She wore a street length dress of white cotton satin and carried a nosegay of white carnations.

Donald Shelton of Dimmitt served his brother as best man. The bride, given in marriage by her brother, Jay Patton, was attired in a street length dress of white satin chiffon over taffeta and a white shoulder length veil. She carried a bouquet of white carnations with white satin streamers tied in love knots.

Mrs. Patton, mother of the bride, wore a blue dress with white accessories and the

groom's mother, Mrs. Shelton, wore a black dress with black accessories. Both wore shoulder corsages of white carnations.

An informal reception was held immediately following the ceremony. The bride's table was laid with a pink cloth. Mrs. A. B. Green, sister of the bride, served and Mrs. Hilton Davis registered the guests.

Following a honeymoon trip to Galveston the couple will be at home on Miles Street.

The bride is a 1959 graduate of Hereford High School and is presently employed at Southwestern Bell Telephone Company. Shelton is a graduate of Lubbock High School and is associated with Delmo's Farm and Garden Service.

Out of town guests attending the wedding and reception included Mr. and Mrs. A. O. Shelton and Mr. and Mrs. V. H. Milton of Lubbock; Jerry Shelton and Mrs. Dale Hairagan of Portales, N. M.; Mr. and Mrs. J. L. Sarror of Pampa; Mr. and Mrs. A. B. Green of Brownfield; and Mr. and Mrs. Earnest Scroggins and Miss Joyce Scroggins of Plainview.

Betzen Reviews Farm Woes In Talk Before Kiwanians

"Everyone talks about the 'farm problem' but it's not the farmers who have the problem—it's marketing and government's problem," Robert Betzen, American Farm Bureau representative, told the Kiwanis Club Thursday, Aug. 10.

The housewife complains about the high cost of groceries and remarks, "the farmers must be getting rich," Betzen continued. However, the housewife doesn't realize that out of \$10 or \$12 worth of goods, probably only \$1.50 or \$2 is actually farm produce and only a slight percentage of that gets back to the farmer, Betzen pointed out.

The farmer is caught in a price squeeze between the unions and the government, Betzen continued, and he cited property taxes and storage in government warehouses as examples of the farm pressure.

Although the non-farmer complains about price supports, actually only 21 of the 256 farm products have price supports, Betzen said. Cotton has regained its competitive market as the government has slackened its control and wheat could do the same, the Farm Bureau representative claimed.

Presently there are one and a half billion bushels of wheat in storage at the cost of over

a million dollars per day for storage space rental. Betzen reminded the Kiwanis of the chaos that would result if all of the surplus farm produce was released for consumption. He cited better farming methods and efficiency as partial reasons for the tremendous wheat surplus. In 1930, approximately 14 bushels per acre were produced and in 1959, 21½ bushels per acre were common.

Betzen said the farmer is "picked on" by the 91 per cent of the non-farming Americans. He says one factor in the increasing war on farmers is the journalists who blast the farmer through the mass media. He further said that the journalists join the movement against the farmer because they print what the people want to hear.

The Farm Bureau representative pointed out that the public should not be so quick to "pick on" the farmer because farm work accounts for one third of the total work force of the United States with farmers hiring 26 million people each year in the U. S.

According to Farm Bureau statistics, the farmer owns and operates 53.24 per cent of all U. S. businesses; he supplies merchants with \$2.52 worth of business for each \$1 he collects in the market place; he feeds his family and 8.87 of the U. S. families.

ROBERT BETZEN

1, 1956. Considering the facts above, each farmer produces food for 29.64 non-farm persons. The bureau of census lists the average size of the American family as 3.39 which, when divided into 29.64 shows that 8.74 families are fed by each farmer.

Betzen said that 96 per cent of the U. S. farms are owned and operated by families and less than four per cent are owned by large corporations. Americans should fear that government action will destroy the family farm rather than the huge corporation, Betzen remarked.

Daughter...

(Continued from page 1) Reception was held in the Church parlors. The bride's table was laid with a white net cloth over yellow taffeta and centered with the bridesmaids' bouquets. The centerpiece was flanked by silver candelabra holding white candles. Other appointments were in crystal.

When the couple left for a honeymoon to points of interest in New Mexico the bride was wearing a brown two piece cotton suit.

Mrs. Taylor attended schools in Cisco and Seagraves and is a 1961 graduate of Seagraves High School. Taylor is also a graduate of Seagraves High School and last year attended McMurry College in Abilene. The couple will reside in Seagraves until September when they will move to Abilene where he will resume his studies at McMurry.

Before the bride left for Seagraves for the wedding, she was honored at a miscellaneous shower-tea given by members of the Women's Missionary Union of the First Baptist Church. The affair was held in Fellowship Hall of the Church.

The serving table was laid with a white outwork cloth over yellow, carrying out the bride's chosen colors. The table was centered with a yellow sandwich glass bowl filled with peace roses and yellow gladioli and Niagara grapes and sandwich glass candleholders containing punch service was surrounded by peace roses and green grapes. Miss Carol Snead and Miss Joy Wiman served.

Mrs. Charles Brown registered the guests at a table covered with a cloth of outwork and Battenburg imported from Brazil and centered with an arrangement of yellow dahlias. Miss Dianne Wilson presented appropriate piano selections throughout the afternoon.

Receiving the guests with the honoree were her mother, Mrs. B. L. Davis and Mrs. O. G. Hill and Mrs. D. C. Kinsey.

POETRY AND TRASH

CINCINNATI (AP) — If you put your mind to it, you can even wax poetic about a trash can.

The Student Council at Walnut Hills High School, campaigning to make trash receptacles attractive so more students will use them, has decided to decorate them with the school colors and emblem — and possibly include this poem by senior Karen Roe:

"These halls will be cleaner than ever before; if you'll use the trash can instead of the floor."

Recent...

(Continued from page 1) stand-up lace collar and long petal-point sleeves. The bouffant skirt of ruffled tulle was dramatized with a lace tunic that came to a point in front and fell into a full panel with a train in the back. Her laced veil of illusion fell from a queen's crown touched with seed pearls and sequins. She carried a bouquet centered with one large white mum and surrounded by white frenched carnations with white satin streamers tied in love knots.

Immediately following the ceremony, a reception was held in St. Anthony's Hall. The bride's table was centered with an arrangement of blue carnations. Members of the house party were Miss Carolyn Sue Farris of Plainview, aunt of the bride, and Miss Roberta Kay Dieter of Hereford. Mrs. Del Cochran presided at the guest register.

When the couple left on a wedding trip the bride was wearing a dress of blue dacron over satin fashioned with a sweetheart neckline and small

cap sleeves. White accessories completed the ensemble.

Mrs. Fank was graduated from Plainview High School in 1960 and attended Sandia View Academy in Albuquerque, N. M. At the time of her marriage she was dental assistant to Dr. Weslie B. Owen.

Fank attended grammar school and junior high school in Danube, Minn., and graduated from St. Mary's in Danube in 1957. He enlisted in the Air Force in 1958 and spent two years in Alaska. At the present time he is an A-2c stationed at Lackland Air Force Base at San Antonio.

Out of town guests for the wedding included Mrs. Harry Fank, mother of the groom, Bird Island, Minn.; Mr. and Mrs. Cale Farris, grandparents of the bride, Plainview; Mrs. M. E. Dick, aunt of the bride, Shreveport, La.; Mr. and Mrs. Bob McFarland, San Antonio; T/Sgt. and Mrs. Raymond Frazier, Amarillo; Mrs. N. H. Gammage and Linda, Lockney; Mrs. Corbett Bullock and Mrs. James Alderson, Plainview; Miss Carolyn Farris of Plainview and Miss Dann Lynn Utt of Moab, Utah.

(Continued from page 1)

Hostesses for the courtesies were Mesdames O. M. Dickey, Jimmie Alford, Robert Wagner, Alec Thompson, Marlin Gilliland, J. B. Snead, T. W. Robertson, Owen Stagner, Joe Story, Ralph Paul, B. E. Robertson, Clinton Jackson, Clyde Rayburn, Louie LeGrand, Clarence Schultz, Tandy Legg, Jack Kirksey, Lowell Sharp, D. C. Kinsey and Lynn Kester. The hostess gift to the honoree was an electric mixer.

Miss Young and Ashley will exchange wedding vows Friday, August 25, at seven o'clock in the evening with the Rev. Howard E. Scott, pastor of the Field Street Baptist Church of Cleburne, performing the ceremony. Vows will be exchanged in the sanctuary of the First Methodist Church.

HOSPITAL HOBBYIST
CINCINNATI (AP) — Attendants at Christ Hospital are convinced that 29-year-old Joe Smith isn't one to be jolted out of a hobby.

Smith, an Aurora, Ind., resident who is interested in citizen's band radio rigs, was burned when an antenna he was installing touched an 11,000-volt wire. But, while hospitalized, he set up his radio equipment — minus roof antenna — and began daily conversations with other radio enthusiasts.

EXPERT HELP
DAYTON, Ohio (AP) — Sheriff's deputies had expert help readily available to open a rusty 300-pound safe pulled from the Miami River.

They simply asked a 20-year-old prisoner in the county jail to apply his talents on the safe. He cracked it.

'Deaf' Smith Says

TO: THE SPIRIT OF GENERAL "SAM HOUSTON FROM: THE SPIRIT OF ERASMUS "DEAF SMITH SUBJECT: SCOUTING REPORT ON MY CHAMBER OF COMMERCE

From time to time, Sam, any organization must back off and look at itself, must examine its objectives in the light of changed conditions, review its procedures and see if some things are being done just because they "have always been done that way." The Chamber of Commerce in the county which bears my name will be doing that in the next few weeks. The Directors and the Manager will be visiting with the membership and with the public for the purpose of determining just what course they should take.

Traditionally Chambers of Commerce have been business men's organizations and are still primarily that in the larger cities. Here in Deaf Smith County, and in many other agricultural areas, the Chamber of Commerce has attempted to serve the businessman on the farm. Traditionally Chambers of Commerce have operated in five very general fields, each perhaps related to the other and hard to separate from the others.

Trade promotion - the organization and promotion of retail and wholesale sales events, expansion of the trade territory, the promotion of good will within the trade territory was one of the original purposes of a Chamber of Commerce. Closely linked to the trade promotion is industrial development, the search for new payrolls upon which the economy of the community can grow. This field of activity has largely been pre-empted by industrial development specialists: utility companies, transportation companies (particularly the railroads), big city banking interests and engineering firms specializing in all of the technical skills needed in analyzing the marketing and other economic factors entering into plant location decisions. Chamber of Commerce in the smaller cities are now primarily information sources and, sometimes, financing sources in the broad industrial development picture.

Tourist and Convention promotion, linked closely to trade promotion, is another broad field of Chamber of Commerce activity. In some resort areas this is the prime function of Chambers of Commerce. Many Florida Chambers of Commerce devote almost their whole budget to this activity.

A fourth general field of activity has been in government. Chambers of Commerce have, for many years, attempted to represent the view point of their members. In recent years increased effort has been extended in this field to encourage business people (and I continue to include farmers in the category of business people, because they must be good business men to make the business of farming pay) to become active in politics, to take an interest in government at all levels.

And finally Chambers of Commerce have served as a community information center, a place where the public could write for information of almost any kind concerning the town. To this end they have maintained an office and staff, compiled current and historical data, and published brochures and other informational materials.

Within this framework all of the nineteen committees of the Deaf Smith County Chamber of Commerce attempt to operate. The limiting factors on the effectiveness of any of these committees has always been the quality of leadership and the amount of money available. In Deaf Smith County leadership

has seldom been a problem but finances often has.

The Chamber of Commerce here, as you know, Sam, depends entirely upon the voluntary support of its dues paying members. It receives no tax money in any form. It is entirely independent of any of the various government agencies and, because of that independence, is able to critically examine those agencies when its membership feels such examination is required. In spite of the fact that this Chamber of Commerce rates high in relation to other Chambers of Commerce on a basis of dollars per capita the demands upon the income of the organization each year outstrip its income. It is probable that regardless of how high that income might be there would always be more community projects, projects that are well conceived and deserving of Chamber financial support, than the budget could stand.

It then becomes the problem of the Directors, and the membership as a whole, to set priorities upon those activities. They must determine how important it is to go first class in the office space they use, to weigh all of the activities of the Chamber and to say a reluctant "no" to those which cost out of proportion to their value. This is the problem now facing the Directors of the Chamber of Commerce that bears my name.

That's my report on my Chamber of Commerce for this week, Sam.

FRIENDS IN JAIL
NEW PHILADELPHIA, Ohio — Deputy Sheriff Charles Malterer apparently has a way of making friends even when he makes an arrest.

There were 17 prisoners in Tuscarawas County Jail, many taken into custody by Malterer, when the deputy's wife gave birth to twins.

The inmates took up a collection and bought flowers for their captor's wife.

William Becknell blazed the Oregon Trail in 1822.

BY CHARLIE SEEDS
To millions of Americans who had never seen him or heard his voice except in newsreels, his face was as familiar as that of a close friend... or enemy. We all knew that big moustache, that stout figure, the occasional genial smile of "Uncle Joe"... Joseph Stalin, iron-fisted Premier of Russia.

The news that came from the Kremlin was startling. There had been no warning of illness until the first announcement on March 5th. The following day the Moscow radio announced that Stalin was dead. Instantly Georgi Malenkov had taken over the reins of Government in the Soviet Union.

There followed immediately the impressive funeral. Millions filed slowly through the great Trade Union Hall for a last glimpse of the world's most powerful dictator. An era had ended... and no one knew what the future would hold.

Remember the year? Looking away from the problems in Europe, America was enjoying a period of prosperity that year... but smart car buyers looked ahead when they bought and made sure they got the best deal... with monthly terms that wouldn't be a burden.

The year was 1953. Looking to the future makes good sense anytime you buy a car... and that's another reason for picking out one of our new Fords for 1961. You'll get the car that keeps its value... you'll get the best deal and the most sensible budget terms. at CHARLIE SEEDS MOTOR Co. Inc., 200 W. 1st. EM. 2727.

High School Athletics Once Again Under Fire

High school athletics have provided a controversial issue for several generations, and 1961 is no exception. Arguments against the major sports change from time to time, but the athletic programs seem to gain momentum as they keep right on rolling along.

Complaints in our own area were voiced at a recent meeting on the basis of excessive costs. We can remember a few years back when objection centered around the fact that students went to school to study, not to play. Much of the clamor today seems to stem from the fact that coaches are paid more than the average classroom teacher, and this makes some of the teachers unhappy.

Athletic fans, especially football enthusiasts, say that high school athletics are generally self-sustaining financially, and administrators are quick to point out that coaches carry their athletic duties in addition to a full classroom load, which justifies the extra pay. In addition to those who protest, it is also well to remember that some 3,000 to 5,000 fans show up each Friday night to see our Whiteface team in action. This, we presume, also represents the desires and wishes of a definite segment of our area taxpayers.

Also to be considered is the fact that quality high school football is diminishing, and coaches all over West Texas complain because such a small percentage of boys are interested in gridiron performance. Most coaches attribute their woes to the popularity of campus automobiles. Many boys, on the other hand, tell us they cannot see the percentage of butting heads every Friday night in order that some coach may have a good job, or to help pay for base-

ball, tennis, track and some of the other money-losing sports. Along the same line, numerous former high school players can point to broken noses, lost teeth and other personal injuries in testimony of their high school days.

The ultimate outcome of major sports in high schools is a matter which only the future can decide. Needless to say, all sides of the question present some worthwhile points.

Meanwhile, the American people have pretty well adopted a 40-hour work week, which will likely drop to 35 hours in the next five years. Many of these people are hard pushed to occupy their time; some haunt taverns and bars, while others get into serious trouble, but the majority turns to sports, including fishing, hunting, camping, games and hobbies. In view of this development, it does seem that a general physical education program can easily become one of the most important phases of our public schools.

If the athletic program is tax supported, it seems that some shift toward greater participation for the masses could be advantageously stressed, and this appears to be the goal of compulsory "physical ed." We also doubt if this particular phase of our athletic program appeals greatly to the average coach, who might well be replaced in this field by specially trained physical education teachers.

Meanwhile, if it is true that football is self-supporting, it seems to us that the fellow most eligible to complain is the amateur player, whose pay is calculated in the form of a letter jacket at the end of the season. So long as the situation suits him, what do the rest of us have to lose?

Crack Down On School Attendance Long Overdue In Hereford Area

Compulsory education will be rigidly enforced in Deaf Smith county the coming nine months, according to County Judge Don Zimmerman, who summed things up in these words: "They will either send their children to school or leave town!"

Without question, the judge is correct in assuming his present outlook on the sub-

ject, though it may seem a bit rough to some parents. Our compulsory education laws were made to cover just such situations as exists in Hereford, namely parents who make no effort to require their children to attend school. In the United States millions of people pay many millions of dollars to make education possible — and too frequently those who most need the help are the ones who fail to take advantage of the opportunities our schools offer.

In the past, the matter of compulsory education has been left to overworked school officials who seldom find sufficient time to handle their routine work; consequently, enforcement of the compulsory education laws in our area have been lax. Often the drop-out age is from 14 years up, when the youngster is old enough to hold down a job that will contribute money into the family tills; too, we find youngsters 12 years of age and below out of school, frequently because the parents are not sufficiently interested.

Judge Zimmerman has already enlisted cooperation of the schools, the sheriff's department and the city police department. He says that fines will be exacted from non-complying parents up to the \$25 per day maximum as cited in the law, and that the measure will be enforced without regard for race or color.

The verdict, though it sounds harsh, is sensible from every standpoint. Certainly, every youngster deserves and needs an education, especially in our present age. Tax payers would much prefer to spend dollars on education, rather than tens of dollars on penal costs.

Compulsory education is now a definite part of our law. If it is good, let's help the judge enforce it down to the letter; if not, then we should take steps to see it abolished.

Town Flower Interest Lags

The idea and effort to officially select a town flower has untold merit, and there are scores of arguments in its favor. Unfortunately, however, it appears to have a limited appeal.

The few who like the idea seem to "go for it" head over heels, but the vast majority have not become too excited. This has been shown through scant voting results in public boxes, which possibly indicates a generally indifferent attitude in months to follow.

Strangely enough, the men who were contacted at club meetings did vote and seemed to show considerable interest. The women, who were expected to take part at the public voting places, on the other hand, failed to show up in droves.

Most community projects follow similar patterns. The drive and influence of a devoted few more frequently account for achievement in public fields than any single factor. Most people prefer to drift along and, unfortunately, they are more prone to criticize than to praise. Such, at least, seems to be the trend in Hereford's effort to select a town flower, which that faithful few hope to build into a territorial tourist mecca.

The POWER of FAITH by Howard Brodie

PROPHETS and TEACHERS—2

The faith of John the Baptist gave him the courage to rebuke a ruler, yet the humility to acknowledge some one greater than himself. He reproved Herod "for all the evils which Herod had done"; yet when his followers questioned whether he were Christ, John answered: "One mightier than I cometh, the latchet of whose shoes I am not worthy to unloose."

Researcher Finds Trees Boon To Man And Monkey

50 YEARS AGO

Creamery And Ice Plant Urgently Needed In 1911

50 YEARS AGO

H. G. Hays, who lives six miles southeast of town and takes an interest in the progress of the town and country, offers the suggestion that Hereford could turn a good proposition by organizing a creamery company. The stock would be bought by the merchants and farmers and the plant run to their benefit. He would have a small refrigerating plant connected with the creamery so that ice could be made for local consumption and for use in shipping produce. Besides the shipment of butter, with the use of a small refrigerating plant, eggs and dressed poultry could be easily handled. What do you say, Mr. Merchant? The farmers will take half the stock. Will you meet them half way? — Besides the three large 1,000 gallon wells on the McDonald farms and the one on the Warren-Barcus valley farm, a number of small outfits for irrigation are being put in. Others are using windmill power. Perhaps the most novel irrigation plant is that of A. L. Sheen, on the south side. He backs his auto up to the pump, raises the rear axle and attaches a belt from a clutch pulley to the pump jack, and while he directs the water into the melon patch, his good wife sits in the auto and keeps the machine chugging away at a lively speed. Thus slowly but surely irrigation is coming.

25 YEARS AGO

Opinion that Highway 60 Deaf Smith County will be paved during 1937 was expressed this week by W. J. Van London, district engineer for the State Highway Department at Amarillo. The route is included in the tentative Federal program for 1937. Van London said in a letter to County Judge Mal Stewart. "Regarding improvement of Highway 60 in your county," Van London said in part, "you are advised that improvement of this road has been placed on the tentative Federal program for 1937." He said the highway department hopes "to be able to let a contract for paving in our county by the middle of next year." The first strip to be paved under this tentative arrangement would be the stretch of about 17 miles to the Randall county line between Dawn and Umbarger. "Please bear in mind," Van London advised, "that this is a tentative program only, but I have good reason to believe that it will be carried out as outlined above." So far as he could learn, it has not been decided what type of paving will be used on the route. Highway 60 ranks with Highway 66 west of Amarillo as one of the main routes through the Panhandle that remains unpaved. If the work is done through Deaf Smith county, paving through Parmer County and the short stretch across Castro county will naturally follow to connect Central New Mexico with the Panhandle and Oklahoma. — H. G. Lucas of Brownwood, president of Texas Agricultural Association, addressing members of the Lions Club and a large group of farmers as their guests yesterday pointed out the problems facing agriculture and the work the administration and farm associations are doing to overcome them. He explained the connection between farming and industry in the economic condition of the country. "Look back to '32," he said, "when the farmers' income was only 40 per cent of normal, and think of business conditions. The reduction was reflected, and industry finally awoke to the fact in 1932. Look at the pictures now. For the first six months of this year farm income climbed to 75 per cent, and industry is on the road to prosperity. There is a close relation between the income of the farm and of industry. As secretary Wallace pointed out, "Every dollar added to the farm income means a dollar added to industry's payroll.

BY MRS. R. L. CRISWELL

News correspondents are told that anything that makes one exclaim "for Heavens sake!" is news. The thousands of trees that grow in our United States really astonished me. Of course everyone knows there are trees and trees. Yews, pine, dogwood, Olive trees that are spoken of in the Garden of Gethsemane; and some of these trees are living today. So many conifer trees that produce their seed in cones; some are larger than others, from the tiny ones less than an inch in length, to the larger ones almost as large as a football. Why are there trees living that began their lifespan before Christ was born? Some trees are from 3,900 to 4,000 years old; some have been measured as high as 471 feet tall; others are 160 feet in circumference.

The oldest tree in the world is said to be a Baldcypress on our own North American Continent in Mexico. It is said to be more than 4,000 years old and 125 feet around. The largest Chestnut tree is in Sicily on the slopes of Mt. Etna, and is called the tree of "One Hundred Horses." Joan, Queen of Aragon on a visit to Italy to see the volcano, was caught in a thunderstorm and her escort of one hundred horsemen took shelter under this one tree.

The Banyan Tree of East India drops its roots which form trunks, and one tree there is said to have at least 3,000 trunks — providing room for 7,000 people to stand in its shelter.

Surely God had man in mind when he made the trees for their furnish food, shelter, transportation, (rubber) and even clothing. Remember the Garden of Eden and the covering of Fig leaves? The Giant Redwoods of California have the more form a name of "Sequoia Gigantea" (Washingtoniana). Its bark is one to two feet thick, and has a different foliage than the Redwood, Sequoia Sempervirens. This tree sprouts from the stump if it is felled, but the "Bigtree" grows from seed, which is smaller than a phonograph needle, both in circumference and length.

These trees bloom in February. They bear both male and female flowers and they blow against each other until the tree is covered with a golden veil so even the snow beneath is dusted with gold. As the flower withers the tiny cones emerge and are no larger than a grain of wheat but grow to be several inches in diameter and ten to twelve inches long. These hang on the tree from 10 to

(Continued on page 5)

Panhandle Paragraphs

DIDN'T KNOW IT WAS LOADED

Jackrabbits in Hunsley Hills nibbled at alfalfa in safety this week. Their arch-enemy is in Randall County jail — there he declares, all because he shot a jackrabbit. Tom Almond was fined \$100 and jailed for 30 days Friday after he entered a plea of guilty to a charge of aggravated assault with a pistol.

Almond is charged with discharging a pistol over the head of Bruce Campbell, president of Hunsley Hill Developers, Inc. Here's how Campbell said it happened. Almond was employed to drive a tractor to which a mowing machine was attached. Thursday afternoon Almond, who admitted he drank "about a pint of whiskey," detached himself from the tractor and betook himself to the site of a sewer facility being installed by a group of workmen. The workmen, under Campbell's supervision, had excavated a hole about 17-feet in depth. Campbell said he feared for the safety of Almond, whose uncertain state of locomotion had taken him precariously near the edge of the pit which contained water about four feet in depth. He told Almond to leave, that he might fall in and be injured. He said Almond thereupon became abusive and threatening. Almond left and Campbell and talking to a customer a few minutes later when he reappeared in a pickup truck armed with a pistol.

"I'm gonna kill you," Campbell quoted Almond as having said. He is reported to then have discharged the pistol into the air over Campbell's head. Campbell notified the Sheriff's Department and Almond was arrested. Almond's story was different. He said he got nervous and drank a little whiskey just to calm his nerves. He went to the pit in the first place just to be neighborly. He didn't get mad at Campbell for shooting him away from that pit. He just returned to show Bruce the gun he used to kill all the jackrabbits off the tractor. He didn't really shoot at Campbell. "I saw a big old jackrabbit off over there the other side of him." Deputy Sheriff Ray Tinsley said Almond has had trouble with the law before as a result of brandishing the pistol. "I ain't gonna do it no more," vowed Almond. "I'm not even gonna take that gun home with me." He didn't go home. He went to jail. —THE CANYON NEWS

EQUIPMENT FOR HOSPITAL RECEIVED

Equipment for a complete 200 bed civil defense hospital was unloaded Monday morning at the old national guard armory at the fair grounds — climazing the efforts of Dr. John Dupre to secure the equipment. Dr. Dupre, a colonel in the medical corps reserve, initiated proceedings to get the unit which can serve a wide area around Hockley County. The hospital intended to be completely self-sufficient in case of enemy attack, or disaster is equipped with everything necessary to operate a hospital, according to Dr. Paul Russel. Russel, supervising unloading at the armory, said the building will have atrium, an area through which patients are admitted or given "out-patients" treatment and dismissed, a generator to furnish independent power, an x-ray unit, a water pumping unit and a 1500 gallon storage tank. The unit is equipped with a 200 bed ward, three completely equipped operating rooms, a clinical laboratory, an x-ray room, a central supply, a pharmacy and gasoline powered utoclave, an apparatus for sterilizing equipment. Dr. Russel said Federal Civil Defense Administration is furnishing the 24,000 pound, 370 package at a cost of \$25,000 while the county will bear the cost of maintenance and storage.

THE BOOTLEG —Philosopher

Editor's note: The Bootleg Philosopher on his bindweed farm examines the latest Russian promises this week, without much enthusiasm.

Dear editor:

From what little I know about it, I've always understood a Russian dictator didn't have to run for office, he just stayed "as long as his aim was accurate," but judging by the campaign promises Mr. Khrushchev put out a few days ago, he must be having a little trouble on the home front.

According to the promises I read in a copy of a newspaper which fell out of a bread truck which got off the highway for some reason and came near my place, the Russians, by 1980, if not sooner or later, will have free housing, free food, free gas, free transportation.

I have examined these promises carefully, and as an expert in listening to campaign promises a lot oftener than benefiting from them, I can detect several flaws.

For example, is this free food going to be cooked or raw, and what will it consist of? How long will you have to stand in line to get it? Who's going to raise it? I've got free food already, if I want to work hard enough to raise it, but that's not my notion of free.

Also, is this gas they're talking about cooking and heating gas, or car gas? If it's car gas, that's just like a politician. What's free gas worth if you haven't got a car to use it in? And if the gas is free, who're you going to get to stick around a filling station to pump it out for you and check your oil and water? Seems to me everybody'd be cruising.

And also, how many hours a day will you have to work, whether you feel like it or not, to pay for this free housing they're going to furnish.

After they get all this free food, free housing, free gas and free transportation, who's going to decide how much you have to work, where you have to work, when you have to work to produce it?

If you live in the South Sea Islands, I understand, you can get free food if you can live on coconuts and bananas, but I doubt if the Russian climate is suited for those kinds of crops, consequently somebody is going to have to grow it, and even if somebody furnished me a free tractor and free gas and fixed all the flats, there'd be times when I just didn't care about going up one row and down another, even if Mr. Khrushchev himself was standing at the turn-row with a basket of free food for me.

As I understand it, Russia is promising to abolish everything except work. That system will never suit me.

Yours faithfully,
J. A.

APPEARING BEFORE THE LIONS CLUB to relate stories about their two-week visit to the Lions Club Cripple Childrens' Camp near Kerrville were from left, James Brorman, James Tanner and Beverly Barrett. They spoke at the Lions luncheon Wednesday at the Jim Hill Hotel and displayed some of their handicraft made during camp. (Staff Photo)

Lions Club Hears Reports On Activities At Kerrville

Three children with sparkling eyes and happy faces thanked the Lions Club for sending them to cripple childrens' camp near Kerrville. The children spoke at the Lions Club luncheon Wednesday, Aug. 9.

Attending the two-week sessions were James Brorman, son of Mr. and Mrs. Henry Brorman of Hereford; Beverly Barrett, daughter of Mr. and Mrs. Dick Barrett of Hereford; James Tanner, son of Mr. and Mrs. Sherman Tanner of Wildorado. The parents accompanied their children to the luncheon.

James Tanner said his biggest thrill at camp was learning how to swim. James, 11, attends Stanton Junior High where he is enrolled in the special education classes. He showed the club the basket, ashtray, sunhat, coin purse, and other things he made in handicraft at camp.

James Brorman, 15, wore the T-shirt given to all camp children and his handkerchief with the activities in which he participated stamped on it. James Brorman and James Tanner were flown to the camp by Morris Easley, although the boys did not attend the same camp sessions. Brorman seemed pleased with the airplane ride as he was with the camp. He attends Hereford High School.

Beverly Barrett went to Kerrville with a Lions Club group from Amarillo and reported that she enjoyed the car trip. This was the third time for Beverly to attend the camp and she says she would like to become a counselor at the cripple childrens' camp in the future.

Beverly, 14, will attend Stanton Junior High School next year. She gave a detailed rundown of the camping activities which include crafts, swimming, various games, art, and night-time group participation.

Unit campfires are popular night-time activities, she reported along with movies, box suppers, torch lighting ceremonies and unit sing-songs. Each unit took on a traditional tribe name and made up yells and songs, Beverly pointed out.

Approximately 150 children attend each two-week session during the summer. Henry Brorman told about the Lions Club winter program at the Kerrville camp where adult blind are taught to read and write braille and to type during a three-month session.

Brorman described the program as "a living monument to the work of the Lions Club." He said he watched the cripple children at camp when he went to bring his son home with "a mixture of joy and sadness."

There are so many coniferous trees, I will mention a few, but if you want to do some reading about trees, check out some of the books in the Deaf Smith County Library and you will be amazed at the number but at the numerous ways that trees have had in the civilization of man.

Zelaeve, or its common name of Selkwa; the Japanese call it Keaki and make rickshaws of its trunk.

Araucaria, or Monkeypuzzle, so named because monkeys can climb the tree easily, but cannot climb down as its branches grow up and the leaves also point up, and are spiny and tough with a sharp point on the end. One would not call it a beautiful tree, but is curious and grows on Norfolk Island.

There is a Norfolk Island pine that is often used as a pot plant. In its proper place this tree will grow to 200 feet tall. It also makes a beautiful pot plant with its formal drooping branches of fey leaves.

There are the Firs, Spruce, Larch and one that we are familiar with, the Arborvitae, or Thuja. Ancient Greek used it for sacrifice and the resin was used for incense. It is also called the "Tree of life", but no one in writing of this tree has mentioned why it was so called. Juniper is also familiar and some of the Firs are used in our location.

The Colorado Spruce is also one of our adopted trees for this vicinity, along with as many others.

Our American Elm is one of the beautiful trees that grows over most of the United States and is a wonderful shade tree. Some of the giant Elms have helped in the history of this country by providing shade for many special gatherings, but it would take too long to go into all of that.

Did you know that to water or feed a tree you should never put fertilizer or water near the trunk and base of a tree? The tree's feeding roots are at the outspread of the leaves, where the water will drop from the leaves to the soil, and is readily and greedily taken to provide for the tree. Large roots reach out several feet from the trunk and at these ends the feeding root system is spread. Perhaps that is why a lot of trees suffer from lack of water and food. Always put it out to the edge of the shade of the tree and the rootlets are there to eat and drink.

Yes, trees are surely a fascinating subject, but perhaps this should be all for this time.

Pinkstons Speak About Indonesia

The Rev. and Mrs. Gerald Pinkston, recently returned from Indonesia, were guests in Hereford this week and presented the program Wednesday for the Women's Missionary Union of the First Baptist Church. The Rev. Pinkston delivered the message for the evening service on Wednesday.

Mrs. Pinkston is the former Florence Goldston of Hereford. She met Pinkston while attending Wayland College at Plainview. After their marriage he pastored a church out from Phoenix, Ariz. for a time until the Hereford church board sent them to Indonesia.

At the afternoon meeting the couple spoke of the Indonesian people and their customs and showed slides to illustrate.

CARD OF THANKS
We thank you sincerely for sharing our sorrow in the illness and death of our husband and father. Your prayers and thoughtfulness are appreciated and will always be remembered. May God bless each of you.

Sharp Completes Officer Course

Army 2d Lt. Phillip D. Sharp, whose wife, Wynogene, lives in El Paso, completed the eight-week officer orientation course under the Reserve Forces Act program at The Transportation School, Fort Eustis, Va., Aug. 2. Lieutenant Sharp received training in the duties and responsibilities of a transportation unit commander.

The 25-year-old officer, son of Mr. and Mrs. Lloyd B. Sharp, Hereford, is a 1954 graduate of Hereford High School and a 1961 graduate of Texas Western College in El Paso. Before going on active duty he was employed as an electronic engineer at the White Sands, N. M. Missile Range.

VISITS OKLAHOMA

Miss Turner Is Wed August 11

Miss Linda Turner and Bobby Adams were united in marriage at 3:00 Friday afternoon, August 11. The single ring ceremony was read by Ernest Highers, pastor of the Central Church of Christ, in the home of the bride's sister, Mrs. F. D. Bryant, Austin Road. Parents of the couple are Mr. and Mrs. L. F. Turner of Anson, Tex., and Mr. and Mrs. E. M. Adams, Dimmitt. Only relatives and close friends were present. The couple was attended by Mr. and Mrs. David Adams, brother of the groom. Miss Pamela Bryant carried the wedding ring on a white satin pillow.

High School and Adams attended Dimmitt High School. Following a short wedding trip the couple will be at home in Dimmitt where Adams is associated

with the D and D Aero - Spray Service.

Have you read the Classifieds?

Mrs. Bobby Adams nee Miss Anita Turner

The bride was attired in a street length dress of blue taffeta with white hat and accessories. She wore a shoulder corsage of red carnations. Following the ceremony an informal reception was held in the Bryant home. The bride's table was laid with a white lace cloth and centered with an arrangement of red roses flanked by candleholders containing red candles.

The bride attended Hereford station operator subsequently discovers that other operators in his neighborhood bought the same "exclusive" deal, and that the product does not perform as claimed, or demonstrated. Efforts to reach the salesman prove fruitless, because the address given is fictitious, or is a mail drop. If the label on the product includes a "guarantee," the garage or service station operator has to make good on it at his own expense. Instead of a tidy profit on the deal, the operator has some dissatisfied customers, and some unsaleable merchandise with which he is "stuck."

How to Avoid Victimization
Garage and service station operators can usually avoid losses on unsatisfactory franchise or other deals, Thompson reported, if they establish and adhere to a firm business policy of not entering into contractual relations with unknown vendors on unknown products, without prior inquiry. The vendor of questionable products who sells through misrepresentation relies on putting his deal over before his prospect has a chance to do any checking. He can usually be outwitted by any garage or service station operator who will follow the sensible precaution of checking with the Chamber of Commerce in advance on salesmen, companies, and products of unknown reliability.

TOMATO PATCH START

LIVELY, Va. (AP) — As a seventh-grade student Grafton H. Forrester planted 7/10 of an acre of tomatoes, made \$75 and began a farming career. Forrester, now 38, and his family were recognized as the outstanding farm family in Virginia in 1960. He now farms 700 acres and raises poultry, hogs, beef cattle, corn, soybeans, barley and oats.

OVERSIZE FURNITURE

GRUNDY, Va. (AP) — Ed Pugh has a boulder in his bathroom. It is in his bedroom, too. The boulder plunged down a mountain side and crashed through the roof between the bedroom and bathroom. No one was injured, but Pugh is wondering how to get it out. It's too big to go through a door.

Mrs. Hedgecoke Funeral Friday

Funeral services for Mrs. Leila E. Hedgecoke, 74, were conducted at 4 p.m. Friday in the Gilliland Funeral Home Chapel with the Rev. Clarence Powell, pastor of the Avenue Baptist Church, officiating.

Interment was in West Park Cemetery.

Mrs. Hedgecoke died at 1:55 a.m. Wednesday at the family ranch home near Tascosa.

Mrs. Hedgecoke was born Dec. 16, 1886. She was Baptist and had lived on the ranch since 1938.

Survivors include her husband; five sons, Clinton L. of Santanta, Kan., Milton L. of Dimmitt, Dale of Canadian, Dean of Morse and Bill of Stinnett; a daughter, Mrs. John O. Pitts of Pampa; two sisters, Mrs. John

Beauty At Home

BY LYNN CARTER

Q. What is a simple but effective, exercise for developing the bustline?

A. Here is one we might call "the literary approach." Sit down cross-legged on the floor, back straight, head up. Bend your elbows, holding them out at the sides level with your shoulders, and with a book pressed firmly between your hands in front of your chest. Keep releasing, then pressing again, at least 10 times per treatment.

Q. Please, do you have any

comments or advice to give on enlarged pores?

A. These are usually found in company with blackheads, and are caused by incomplete skin cleanings. Use astringent on the area — one beautiful model I know uses spirits of camphor mixed with water when she wants to look very well — which I might add, is a strong solution not to be used every day.

Q. What do you think is the best way to cope with freckles?

A. Besides avoiding exposure to the sun, your best bet is to camouflage them. Choose a foundation midway between that of the freckles and the remainder of your skin to blend in freckles. One of the cosmetic companies who specializes in custom-blending powder at the cosmetic counters adds a touch of green powder to the blends of women who are seeking to hide their freckles.

Garages, Service Stations Warned To Guard Against Exclusive Deals

Bill Thompson, manager of the Deaf Smith County Chamber of Commerce, warned garage and service station operators in this area today against fraudulent, itinerant salesmen offering specialty automotive products, who are especially active at this time of the year.

Citing a report received from the National Better Business Bureau, with which the Chamber is affiliated through membership, Thompson stated that in a typical deal, a salesman offers an unknown car polish, or chrome restorer, puncture sealer, or some other product, on an "exclusive" dealer franchise. He may even include a money-back guarantee to the dealer on stock unsold, after a 60-day

Legal Notice

THE STATE OF TEXAS
COUNTY OF DEAF SMITH
NOTICE OF EXECUTION
SALE

By virtue of an execution issued out of the 139 District Court of Hidalgo County, Texas, on a judgment rendered in said Court on the 19th day of April, 1961, in favor of McAllen Bag and Supply Company and against Chalmar Produce Company, Inc., in the case of McAllen Bag Company against Chalmar Produce Company, Inc. No. C-4066, in such court, I did on the 2nd day of August, 1961, at 1:45 o'clock p.m. levy upon the following described tracts and parcels of land situated in the County of Deaf Smith, State of Texas, as the property of Chalmar Produce Company, Inc., to-wit:

All of the South 66 feet of Lot No. 2, Block No. 12 of Engler Addition to the Town of Hereford, Deaf Smith County, Texas and on the 5th day of September, 1961, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P.M. on said day, at the courthouse door of said County, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said Chalmar Produce Company, Inc. in and to said property.

DATED at Hereford, Texas, this 2nd day of August, 1961.
Lowell Sharp
Sheriff of Deaf Smith County, Texas S-6-3C

Legal Notice

THE STATE OF TEXAS
TO: ALBERT CHESTER WITHERS Defendant, Greeting:

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 4th day of September 1961, at or before ten o'clock A. M. before the Honorable District Court of Deaf Smith County, Texas, at the Court House of said County in Hereford, Texas.

Said Plaintiff's Petition was filed in said court, on the 10th day of June A. D. 1961, in this cause, numbered 4474 on the docket of said court, and styled, Davie L. Withers Plaintiff, vs. Albert Chester Withers Defendant.

The names of the parties to the cause are as follows:
Davie L. Withers is Plaintiff and Albert Chester Withers is Defendant.

A brief statement of the nature of this suit is as follows, to-wit:

Plaintiff sues for divorce from Defendant, and for the division of certain community property, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas, this 18th day of July A. D. 1961.

Attest:
S/ Lucille Posey Clerk,
District Court, Deaf Smith County, Texas.
(SEAL) S-4-4C

Legal Notice

Notice is hereby given that public hearing on the 1961-62 Budget of the Hereford Rural High School District will be held in the Board Room in the Administration Building beginning at 8:00 p.m. on Monday, August 21st, 1961. All interested parties are invited and urged to attend this meeting.

Tom Robinson, President,
Board of Trustees,
Hereford Rural High School District. S-7-1C

Legal Notice

NOTICE TO CREDITORS OF ESTATE OF ERNEST TYRE ALLRED DECEASED

Notice is hereby given that the original letters testamentary upon the Estate of Ernest Tyre Allred, deceased, were granted to me, the undersigned, on July 10, 1961, by the County Court of Deaf Smith County, Texas. All persons having claims against said estate are hereby required to present the same to me within the time prescribed by law. My address is RFD, Wildorado, Texas.

GRACIE HAZEL ALLRED
Independent Executrix of the Estate of Ernest Tyre Allred, Deceased. S-7-1C

Among men, firearms is the commonest method of suicide. Poisoning outranks other methods with women.
