## SENIOR PLAY DOES CREDIT TO STUDENTS

### SMOOTH ACTION SHOWS HARD WORK DONE BY PUPILS

## LIFE'S CONTRAST

### Theme of Story was Built About a Simple or Gay Existence

Again the senior class of the high school has scored a brilliant success in its annual entrance into the field of dramatic art, and the class play, "The Average Man," given at the Star Theatre, Monday evening, added fresh laurels to those won by former classes.

The play itself was an appealing story picturing the advantages of wealth and position as opposed to the real happiness of simple, useful, living with love, and home, and service, as the ends sought. The transformation of weakness, selfishness, conceit, and cowardice into manhood of the highest type, was the theme about which was woven a charming love story with a "lived happily ever after" ending.

The story goes back to an early period of the late war. A would-be draft evader goes to his grandfather's farm to escape being called into service. Here, he meets his childhood sweetheart, who spurs him with his weakness. Through her, his better nature is aroused, he volunteers, goes to France, is dangerously wounded and recovers only after a year in a military hospital. Then, his father turns over to him his business and urges him to make a name for himself in the financial world; but his heart turns to the little girl on the farm, he goes back, wins her love and converts his father to his new creed, that the real man is "The Average Man," who is neither a prince nor a pauper, nor sees nor money-making, nor status, nor splendor, nor any such thing, who, for every fault has a virtue and for every failure an abiding faith in better things.

Judge Bishop is holding court here this week in place of Judge Reese Tatum.

## Owner of \$100 in Real Cash is Unknown; Sheriff Ends Dispute, Awarding Money to Sanitarium

The new Hereford Sanitarium stockholders are an even \$100 long, and someone, identity unknown, is short that amount. There may be some heartburnings over that hundred in other quarters, but there is nothing but rejoicing in the camp of the sanitarium directors.

There was a circus in town this week. In issuing their license Sheriff Purcell warned them that no gambling would be allowed here. Before the night performance, the sheriff visited the show grounds and recovered a saddle and chaps which belonged to a Lubbock man. He was looking for a negro connected with the circus whom he believed responsible for the change in ownership of the saddle. The negro could not be found. About that time Mr. Purcell was told that a rumpus had started in one of the concessions traveling in the wake of the circus. Upon investigation he found that a game of some sort had apparently started and run for a few moments, ending in a row. Before he arrived everything had been cleaned out of the tent. A local boy claimed that \$100 had been taken from him by the concession man who, on the contrary, claimed the money to be theirs.

## DID WE OVERLOOK 1898 AND 1915 IN CARES OF 1921?

As Abe Martin would say: "Who remembers that last Sunday, May 1, was the twenty-third anniversary of the defeat of the Spanish fleet by Admiral Dewey at Manila Bay?"

It's a fact. The year was 1898, and the whole United States, as well as the whole world, thrilled at the news of it. And yet, if there was a word about it last week in any of the papers it was in very small type.

## ROAD SHOWS FORCE STAR THEATRE TO CONSIDER CLOSING

The committee recently appointed by the Chamber of Commerce to look into the matter of aiding the Star Theatre in devising some way of putting traveling shows under authority of the City Commission has run into a constitutional snag which appears immovable.

## CUT OFF HYDRANTS WHEN FIRE ALARM SOUNDS—MAYOR

When you hear the fire alarm, shut off your hydrants, is the request of Mayor Knight. If forty or fifty people are irrigating their lawns and gardens when a fire is in progress the pressure is bound to be reduced. The Mayor asks that everyone in town take notice of this condition and cooperate in getting better pressure by stopping all water use during fires.

## Human Skeleton, Buried in an Upright Position, Unearthed by A. B. Schultz on His Dairy Farm

The gruesome find last Tuesday of a human skeleton on his dairy farm in the eastern outskirts of the city has been reported by A. B. Schultz. The skull and portions of the jaw bone and teeth are on exhibition at the Brand office.

## RESUME WORK ON DISPOSAL OF SEWERAGE

### HIGH COST MATERIALS CAUSED THE DELAY LAST YEAR

## WORK STREETS?

### If City Warrants Could be Floated Improvements Would Follow

The City of Hereford is engaged at present in completing the work on the sewerage disposal plant, started last year and left partially unfinished on account of the extremely high cost of materials and labor.

W. D. Howren, field man for the Henry Exall Elrod Engineering Co. of Dallas, who contracted for the work, is here on the job. Mrs. Howren and children have also arrived for the summer.

Crushed rock is being put into the septic tank and other details of installation completed.

In this connection, it may be that Mr. Howren will do a lot of street work for the city if the Commission can find a way to float its warrants. About eight to ten thousand dollars will be available this year for street work, and if a contractor can be found to handle the issue the work will be done. The city pays about one-fourth on street improvements, which would make the entire job amount to something like \$40,000. It is especially desired to macadamize Third street, running from east to west, as this is the through highway for the Abo pass route and the first one that should be modernized.

Mayor Knight made an interesting suggestion at last Monday's luncheon of the business men. He said that the county commissioners now had several thousand dollars in a sinking fund to take care of the courthouse and jail bonds, and that if they would invest that money in city warrants at par they would draw down six per cent interest and, at the same time, enable the city to go forward with the street work. This would mean transferring one fund from one pocket to another and securing interest for the investment at the same time.

## HARMAN'S JERSEY BULL ARRIVES IN TOWN BY EXPRESS

The fine young Hood Farm Jersey bull, "Sophie's Pogie Valentine No. 181083, recently purchased by S. L. Harman to head his new herd of cows, arrived here last Saturday by express. He is only fourteen months of age, but it is claimed for him that he is better bred than any other bull of this blood in Texas, not even excepting Ed C. Lasater's \$7,500 animal. His mother made 75 pounds of butter the month the calf was bought by J. Riley Green, who sold him to Mr. Harman. His sire sold for \$4,500 and at the head of the Inderkill Farm herd, Staatsburg, N. Y.

### NO LANTERN NEEDED

We've beat old Diogenes to it—we've found an honest man! And we're \$6.05 ahead of the game to boot.

In the year 1918 The Brand ran an ad for a traveling man—and charged the account off to Profit and Loss—and experience. This week we received a letter from this man, enclosing a check for the bill plus 10 per cent interest to date.

The birds are twittering for us this morning and we are at peace with the world. We needed the money, of course, but the "bucking up" in moral faith to our fellow man from this incident was worth more than the cash.

By the way, come to think of it, we have a few more items in that Profit and Loss account for 1918. Who knows—maybe this editorial will be an inspiration to others!

### THE SEVENTH GRADE

Sixty one youngsters, thirty-five girls and twenty-six boys, constitute the Seventh grade graduating class of the public schools this year.

The educators tell us that the Seventh grade is the dividing line—that a large percentage of the Seventh grade graduates never enter High School, and go out into the world to fight their life's battle thus only partially equipped to win success.

Occasionally one sees stories of millionaires who gained the top rung of the ladder, who could not sign their names, but such examples are the exception and not the rule. There is no gaining the fact that education spells success and that the boy or girl that faces the stern realities of life without proper educational basis is terribly handicapped from the start.

At the Seventh grade age children are hardly responsible for decision in such matters and the responsibility for the future welfare of the student rests heavily upon the parents. The right kind of handling will more often than not start the boy or girl into the high school and on to usefulness, and neglect at this vital period sends them into the world with only a chance of one in a hundred to make good.

It seems to The Brand that every parent of these sixty-one Seventh graders should study this problem well just at this time and make every effort to enter their children in the high school for the scholastic term of 1921-22.

### From the People

To The Brand:

Why should the people of Hereford permit an aggregation to come into town and take all the money out of it?

Do you know that the carnivals, circus and other shows bring along their own meats and groceries so that even the grocers and butchers do not benefit?

Do you know that even the hotels and boarding houses get no business, since the performers sleep usually in the railroad coaches of the Carnival, Circus or Shows of the Company?

You are churchmen—why do you not take a stand against young men being fleeced of their money in stacked card games, and against young girls being debauched in sideshows?

Why do you stand for it?

#### Situation is Serious

Upon reflection the people of Hereford, to whom this idea is new, will probably agree that the above facts are not overstated and the situation is one that should receive attention with a view to elimination of shows coming into our town.

It is not a question of HOW IT CAN BE DONE rather the answer is how it has been done in other parts of the State. Any police officer will cite in any town the numerous cases of gambling which follow in the wake of the itinerant carnivals, circuses and shows, while the charitable organizations will

sell of girls who have gone wrong and of homes ruined by young people coming into contact with the floaters and beachcombers too often found in the trains of these attractions of dubious merit.

They are not enterprises of an uplifting character, a fact that can be further proved by visiting the shows where thinly veiled Oriental Dancers and other entertainers give exhibitions that are offensive to public decency.

Let's stand for what is right and just and demand less of these attractions.

A Citizen.

### AUGUSTAS THOMAS WRITES PLAY FOR WELLS COMPANY

Great Playwrights Gem Produced at Chautauqua

The Wells are two of the most finished artists in their line. Their musical and dramatic sketches mark a very high attainment. They are fortunate enough to be able to present a play written especially for them by Augustus Thomas, one of the greatest living writers of plays.

For several years the Wells have occupied a high place on the Chautauqua platform. Until you have seen—and heard them you have no conception of the possibilities of rare entertainment that can be created by so talented a pair.

And all those opposing said amendment shall write or have printed on their ballot the words: "Against the Amendment of Article 17, Section 55, of the Constitution, abolishing the Board of Prison Commissioners."

SEC. 3. The Governor of this State is hereby directed to issue the necessary proclamation for said election and have the same published as required by law.

W. F. Diebel, farmer, Hereford, says: "Before I came down to this part of Texas, I was troubled constantly with weak and disordered kidneys. When suffering from kidney trouble my back ached and pained a good bit of the time. My back also would become weak and sore and pains would shoot through my back just over my kidneys. My kidneys did not act regularly, were weak and scanty in passage. I began taking Doan's Kidney Pills and they relieved me of the pain and fixed me up so my kidneys became regular in action. I know Doan's Kidney Pills are a good kidney remedy."

## Plowing Is Only One Job

that the Rumely OilPull tractor does with unusual ease and economy. It will also do your land rolling, discing, hauling, road work, threshing, harvesting—in fact, practically every draw-bar and belt job you have on your farm.

And it saves you time and money on every operation because it is specially built thruout to use cheap kerosene under all conditions, and at all loads up to its full rated horsepower. Every OilPull is backed by a written guarantee to do this.

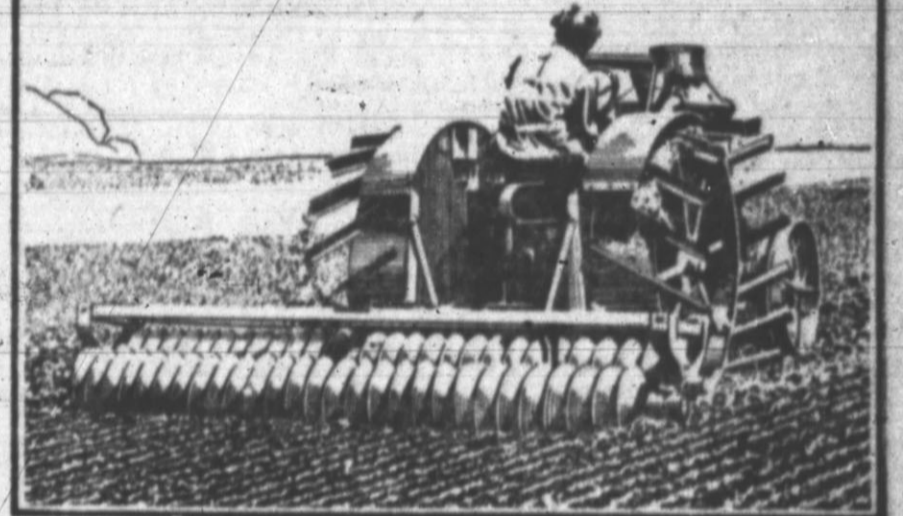

The OilPull is easy to start and easy to operate. It is throttle governed—there is no waste of fuel and the flow of power is smooth and steady.

The OilPull is built to give years of hard service. It is designed particularly strong and powerful, it has an unusually efficient system of lubrication and all working parts are well protected from dirt and dust.

Another important feature is oil-cooling. The OilPull will not overheat on the hottest day nor freeze on the coldest. There are no delays and lost time with the OilPull due to radiator troubles.

There is an OilPull size to fit your farm.

## Which Battery?

You won't be satisfied with a car unless you are satisfied with the battery.

The Willard Threaded Rubber Battery not only gives the right service to begin with, but keeps on giving it, and actually outlasts the battery plates.

The plates are insulated—not merely separated. And the Threaded-Rubber Insulation neither warps, cracks, nor punctures, because—unlike wood separators, it is not affected by battery acid.

Drive around. Ask questions. We give authorized Willard Service.

## Some FACTS About

**Ford**  
"THE UNIVERSAL CAR"

Here are authentic figures from the Ford factory at Detroit. They show you just how many Ford cars and trucks have been built each month since January 1, 1921 and how many have been sold to retail customers, in the United States.

	Produced	Delivered to Retail Customers
JANUARY	29,883	57,208
FEBRUARY	35,883	63,003
MARCH	61,586	87,221
Total Production	127,074	Total Retail Sales 208,032

showing that actual sales for the first three months of 1921 exceeded production by 80,358 Ford cars and trucks!

April requisitions already specify 107,719 additional cars and trucks and the estimated April output of the factory and assembly plants combined calls for only 90,000!

These facts clearly show that the demand for Ford products is growing much faster than manufacturing facilities to produce and were it not for the dealers limited stocks, which are now being rapidly depleted, many more customers would have been compelled to wait for their cars. It will be only a matter of weeks, therefore, until a big surplus of orders will prevent anything like prompt deliveries.

If you would be sure of having your Ford car or truck when you want it, you should place your order now. Don't delay. Phone us or drop us a card.

REMEMBER to ask your grocer for Calumet Baking Powder and be sure that you get it—the Indian head on the orange label. Then forget about bake day failures. For you will never have any. Calumet always produces the sweetest and most palatable foods. And now remember, you always use less than of most other brands because it possesses greater leavening strength.

**CALUMET**  
BAKING POWDER

There is no waste. If a recipe calls for one egg—two cups of flour—half a cup of milk—that's all you use. You never have to re-bake.

Contains only such ingredients as have been officially approved by U. S. Food Authorities, is the product of the largest, most modern and sanitary Baking Powder Factories in existence.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

**Christian Missionary Society**  
Mrs. Ralph Barnett was hostess to the Christian Missionary Society on Wednesday.

The lesson subject was, "The Philippines and Tibet," with Mrs. Gough as leader.

Mrs. J. W. Henry gave an interesting lesson on "The Bible in the Philippines," and Dr. Florence Miller gave a delightful story of evangelistic work in Tibet. A beautiful poem read by Mrs. Henry in response to roll-call was one of the best program numbers.

An ice course, consisting of brick cream and angel food cake, was served at the close of the program.

A good attendance added interest and inspiration to the meeting.

**Presbyterian Missionary Society**

The Presbyterian Missionary Society met Wednesday, May fourth, in its regular social meeting. The program was as follows:

Prayer, Mrs. Paddock; roll call, responded to with Bible verses, and the business session. Then followed the report from the presbytery by Mrs. Hugh Witherspoon. Mrs. D. C. Laird gave an excellent paper on Syria and Mrs. Henry Hastings, one on China.

A reading by Evelyn Witherspoon was much enjoyed, as was also a vegetable contest in which Mrs. Hugh Witherspoon was successful in giving the complete set of answers.

Punch and angel food cake were served.

**Club Picnic**

The first picnic of the season was the jolly occasion which brought together the members of the Bay View Club and their families with a few friends at the City park yesterday evening.

After a threatening day, the evening fell bright and warm—ideal for an outing. The picnickers gathered at the home of Mrs. Arch Collins and went in cars to the park, where a camp fire was built and very soon the odor of steaming coffee and the spreading of a delicious picnic luncheon welcomed the guests. The luncheon hour with the opportunity it afforded for social pleasure and recreation, was delightful, the occasion being one of the most thoroughly enjoyable of the club year.

Those who shared the evening's festivities were: Mr. and Mrs. Chas. Donald, Emma Jeanne Donald, Mr. and Mrs. D. C. Laird, Harrol and Carrol Laird, Mr. and Mrs. J. Frank Potts, Grace, Frances, Jim and Billy Bob Potts, Mrs. W. A. Price, Gwendolyn Price, Mrs. Roy Terry, of Canadian, Mr. and Mrs. John McLean and baby, Mr. and Mrs. B. F. Guthrie, Keith Guthrie, Mr. and Mrs. Arch Collins and baby, Mrs. J. E. Ferguson, Mr. and Mrs. W. R. Steckman, Mr. and Mrs. Seth B. Holman, Mr. and Mrs. E. T. Roloson, Mr. and Mrs. E. W. Harrison, Mattie Lou, David and Wesley Harrison, Mr. and Mrs. F. W. Price, Misses Clara Dunlap, Elizabeth Oberthier, Messrs. Bobo McLean and Milan.

**Birthday Dinner**

Honoring Mrs. W. B. Daniels on the occasion of her birthday, a large number of friends spent Monday in her home and enjoyed with her a magnificent birthday dinner, the various dishes which made up the elaborate menu having been prepared by the guests.

The table with its handsome centerpiece of cut flowers was wonderfully pretty and the bountiful spread which it bore was a feast worthy of the occasion.

Most of the guests remained until late evening enjoying the pleasant association of congenial companionship and the day's expression of sincere friendship.

**Parent-Teacher Club**

The closing program of the school year will be given by the Parent-Teacher Club at the high school building Tuesday afternoon, May 10th.

The committee has planned an es-

pecially good program for this meeting as the occasion will especially honor Supt. Fertsch and Miss Mahala Williamson, neither of whom will be in the schools next year.

Officers for next year will be elected at this meeting. Patrons and those interested in the schools are invited to be present.

The program is as follows:  
Song—Sixth Grade Boys.  
Address—Supt. Fertsch.  
Music—Miss Williamson.  
Talk—Mrs. W. E. Hicks.

**Mrs. Tynes Hostess to U. D. C.'s**  
Mesdames Rex Tynes and J. M. Gilliland will be joint hostesses to the U. D. C.'s on Friday, May thirteenth. The meeting will be held at the home of Mrs. Tynes, at three p. m.

Mrs. T. M. Palmer will have charge of the lesson.

In answer to roll call each member will be asked to mention some part of the year's work that especially impressed her. The following program will be given:

Story—"Maggie of Unicels"—Mrs. J. Frank Potts.

Solo—"When You and I were Young, Maggie." (Special arrangement).  
Reading—Frances Potts.  
Sketch of Charles Egbert Craddock, and story, "The Haunt that Walks to Chilhouse"—Mrs. W. H. Rayzor.

**Social Happenings**

Miss Edith Rayzor left this morning for Lieb, in Hutchinson Co., where she will make an extended visit with her grandmother, Mrs. R. A. Jarvis.

Before returning home she will also visit with the family of an uncle at Perryton.

Mrs. W. A. Knox, Miss Alma Knox and Mrs. R. J. Kibbe spent a pleasant afternoon Monday at the home of Mr. and Mrs. Fred Curtis. Their visit was in honor of Baby Lezerette Curtis,

whose coming to the home was recently announced in The Brand.

Mr. and Mrs. C. R. Smith and children visited the family of Mr. Smith's sister, in Kress, over the week-end.

Mrs. Kathryn McNeerney Castle, of near Seattle, Washington, is spending the week with Mrs. Delphin Cox and other Hereford friends.

**An Omission**

Through mistake the name of Claude Harrelson was omitted from the list of spellers mentioned last week, who only missed one word.

Claude is a pupil in the 7th grade and was entered as a junior speller. He missed only one word of the 300 and that was due to his accidentally making an "h" for a "k."

## SENIOR PLAY DOES CREDIT TO STUDENTS

(Continued from page 1.)

girlish winsomeness, capturing the audience.

Ellot Chamney, the nephew, eager to do his full duty as the only masculine element in a wilderness of feminine charms, was splendidly impersonated by Miss Lella Orr, who took the character with as much ease and naturalness as though it were hers by nature.

The pretty costuming in this number was an attractive feature.

The play was introduced in a scene on a western farm. Miss Nora Beams, as the wife of the farm manager was an excellent representation of that fine type of woman—the typical woman on the farm. Into her voice, and manner she put all the courage and strength of character that her lines sought to express. Her part was especially well taken, as was that of her husband, the farm manager, played by Charles Burkett.

Guy Gilliland was as perfectly at home in his role of profligate son of a wealthy Chicago broker as he was later in that of dutiful, high-minded young man, returned soldier, and ardent lover. His part was difficult, but was skill-

fully performed. His sweetheart, impersonated by Miss Anita Parker, was a strong character. In the part of a farm laborer doing her "bit" that men could be spared for the service, she was irresistible. Miss Parker's role held some dramatic situations which she handled remarkably well.

Miss Audrey Carroll, as the sophisticated office girl was bright and breezy and quite at home in her part to which she was naturally well suited and which she performed excellently.

Misses Mattie Mounds and Victoria Wilson were charming as the young sisters of the hero. In simple, girlish costumes, they looked the part of sweet, thoughtful-minded maidenhood, which they played so beautifully.

Baker Wombie represented the self-centered, money-loving, business man wonderfully well and Miss Pearl Golden, as his wife, was one of the exceptionally strong characters. Her work was characterized by real feeling her lines achieving the natural expression of the character she portrayed.

Bob Axe played the part of the family physician excellently, as did Emmett

Alban that of the fine old court gentleman, the grandfather.

The parts taken by Miss Beul Davis, as the neighborhood gossip, a Keith Stegall, the colored servant, finished the comedy that added life and color to the play. Miss Davis' fine impersonation of the meddlesome busybody was a clever piece of work that convulsed the audience every time she appeared. Mr. Stegall's work was flawless. A typical, old-time dandy he took his part with an evident enjoyment that was contagious. He was a favorite with the audience.

Enjoyable specialties were two musical numbers given by Misses Swish Lambert and Williamson and a catch one-act farce brimming over with fun excellently given by T. Aubrey Cox and Clyde Carroll.

The play furnished a delightful evening's entertainment and reflects much credit upon the work of the young performers and upon that Miss Matter McClurkin, who in charge of expression in the schools and who trained the young people for the play.
