TUESDAYS—TWICE-A-WEEK—FRIDAYS

22nd YEAR, NO. 28

HEREFORD, DEAF SMITH COUNTY, TEXAS, FRIDAY, APRIL 28, 1922

TERRIFIC DELUGE WAS HAIL-LADEN

TOWN FLOODED WHEN HAIL STOPS UP SEWERS

6.65 INCHES NOW

Last Five Days Prove the Wettest in Many Years Here

A terrific downpour of rain and hail late Thursday afternoon topped off five days of the wettest weather Hereford has seen in a coon's age. The Thursday afternoon storm seemed to be local in its extent, as it did not rain in Dimmitt on the south and early reports here indicate that it extended but a few miles west, north and east. The official rain gauge was choked up with hail but several unofficial checks about town agreed on a total precipitation Thursday evening of two and eight-tenths of an inch. This makes the rain figures for April so far as follows:

April 23	1.1
April 24	3.5
April 25	2.5
April 26	1.15
April 27	2.8
Total	5.0

The storm Thursday afternoon was sudden, heavy and continued for over an hour. The hail was small but thick. Quite a lot of damage was done to fruit trees and young gardens, although it is not believed all the fruit was ruined. The hail stopped up storm sewers and gutters and water was backed up in great sheets all over town. The town presented the appearance of a lake from end to end. The rain pipe in the big city lake across from the Christian church became blocked and Friday morning the vast expanse of water reached nearly to Mrs. Rutherford's house on the east and Main street on the west. Cloudy weather Friday indicated that even more wet weather might be expected.

Plains-Fed Calves Make Strike Ft. Worth Market

Panhandle and West Texas calves again led the Fort Worth market last Monday. A man from West Texas topped the day with calves bringing \$9.75. A. Hunter of Castro county sold 10 pound calves on the same market and received \$9.50. These were home-bred, home-fed calves, the feed being raised by Mr. Hunter and ground on his own place. Geo. F. Garrison of Hereford also sold a load of fed calves averaging 650 pounds for \$9.25.

The feeding of calves in this country beginning to be recognized as one of the most promising undertakings for the future in sight, and much interest in the method of handling, feeding, preparation for market, etc., is now being manifested by stockmen all over the section.

GREENWOOD FAMILY LEASE BIG HOTEL COMMERCE, TEXAS

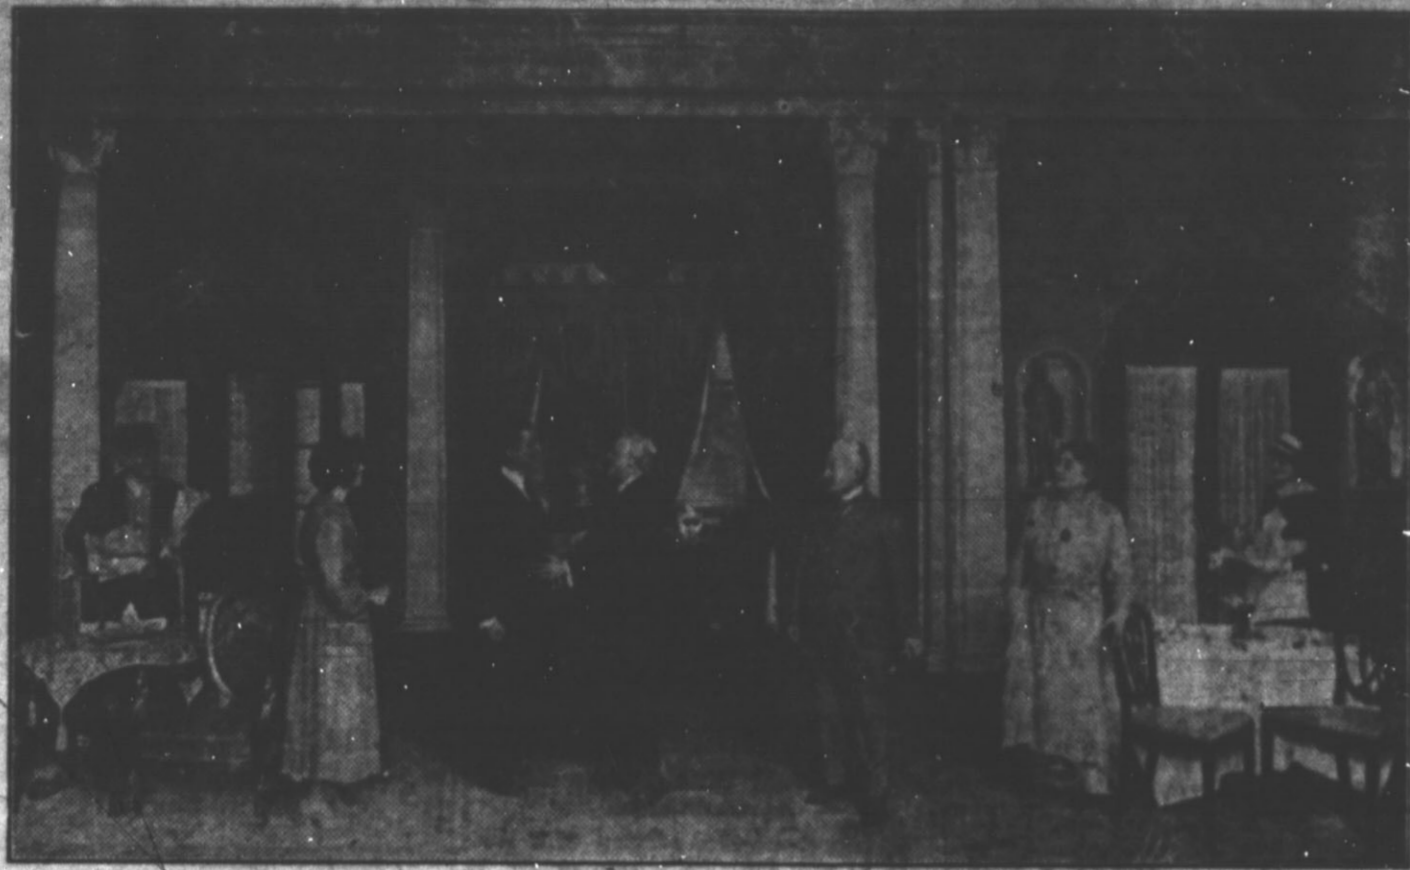

Information received here by L. Bass states that W. A. Greenwood and his wife, Mrs. Albert and children, are now residents of Commerce, Texas, where they have leased the biggest hotel in town. The Greenwoods formerly operated the City Cafe at Hereford, going to Austin several months ago.

I HAVE—HAVE YOU?

Did you ever go a-fishin' on a sunny afternoon, when the crick's alive with suckers,—say, about the first of June,—with a plug o' Star tobaccoer an' a can or two of bait, when there's nothin' much a-boln' to prevent yer stayin' late? Did you bait yer hook delib'rate, with yer bait a-beatin' swift, as you thought about the sucker that yer pole would hardly lift?—Did you slide the bobber upward, with a swellin' in yer soul, an' shoot 'er out, ker-zip, into the old swimmin' hole? Did you see there, like a dummey, fightin' skeeters, gnats, an' ants, while the mud was soakin' deeper through yer dented old greasy pants,—an' weren't it mortifyin' when you landed home that night, an' had to tell the fellers that you never got a bite? Uncle John.

CALVIN BELL HERE ON VISIT; LIVES GRAND JUNCTION

Calvin Bell, brother of Allen Bell and Mrs. E. S. Ireland, is here from Grand Junction, Colo., for a visit with his folks. Calvin is still with the U. S. Army Stores people.

BACK FROM PLATTSBURG
A Scene from the 90th Play, "Friendly Enemies," at Chautauque.

Friendly Enemies is one of the great plays produced in America. It carries such a lesson in patriotism and loyalty as has seldom been written or dramatized.

Charles F. Horner has secured the rights of production for the Chautauque. This intensely interesting play will be produced on the Pioneer Circuit with an excellent cast as is usual with

all Bedpath-Horner productions. Friendly Enemies was given its first showing in Washington. In the cast were Louis Mann and Sam Bernard.

The President of the United States was in a box near the stage. The audience reached a high state of excitement. The president was called upon for a speech. He said the following: "All that I can say has already been said most admirably in this beautiful

play. All the sentiments I could express have been admirably represented—sentiments that, I hope, will grip the world!"

King George of England saw the first production of Friendly Enemies at the Haymarket Theatre in London. After laughing heartily throughout the play he called the producer and expressed his appreciation for the wonderful play.

Training Camps Offer Vacation To Real Hustler

If there are any young men in the community who desire to take advantage of Uncle Sams Citizen's Military Training Camps, course this summer, without cost to themselves, they should get in touch with Captain Ewell Morris of the local National Guard company at once. The Captain has been designated as local representative of these camps and has full information available now for all prospective camp candidates.

During July and August of this year, at twelve regular Army posts in all sections of the country, 10,000 young Americans between sixteen and thirty-five years of age will be offered free military training for thirty days. The Camp for this area, the Eighth Corps, will be located at Camp Travis, San Antonio, Texas. The dates are July 15 to August 14.

The Government pays all the expenses of this training. The candidate gives only his time. In return he will learn: first, how to serve his country in peace and war; second, how to take care of his body, build up his health, and live a happy and vigorous life; third, habits of self-control, resourcefulness, self-reliance, and other elements of a manly character; fourth, discipline, precision, and a sense of order; fifth, cooperation and team work. Everything is free and the applicant is sure of thirty days of healthy vacation and pleasure. Captain Morris would be glad to talk to any young men here who wish to take advantage of this training and vacation this summer.

DANDELIONS CLAIM COURTHOUSE LAWN; MAY PLOW IT UP

It is understood that a movement is on foot to petition the Commissioners Court to plow up the courthouse grounds in an effort to destroy the fine dandelion crop now in possession of the lawn. Time was when the local courthouse lawn was the most beautiful in the Panhandle, but the Dandelions now reign supreme. It is claimed that this plot is the breeding ground for all the dandelion trouble in town and that if it was removed private lawns would soon conquer the weed.

H. L. RICE STATES IT'S WET ALL WAY FROM MINNESOTA

H. L. Rice, who has been a patient in Mayo Bros. Hospital at Rochester, Minn., for several weeks, reached home Wednesday and is back at work in his shop. Mr. Rice says he feels that he is now on the right road to recovery. He reports rainy weather and lots of water all the way from Minnesota to Hereford.

MINNESOTA WOMAN IN RACE FOR SENATE

Mrs. Peter Oleson, of Minnesota, proposes to give U. S. Senator Kellogg, Republican, a hot fight for his seat in the coming fall elections. She has the endorsement of the Democrats and also a large independent following.

MISS BOARDMAN IS VICTIM BIRTHDAY PARTY BY FRIENDS

On Sunday after church, about forty of the Presbyterian Senior Endeavorers went by auto to the country home of Mr. and Mrs. H. H. Boardman, where a birthday surprise was carried out for Miss Dorothy, one of their number who is teaching near Friona. Each girl carried a dish of eats and a most wonderful dinner, including ice cream and angel food cake, was enjoyed, after which the afternoon was spent in pleasant conversation and music.

Word from Lester Boardman finds him enjoying life immensely on the large cattle and sheep ranch of our former townsman, C. W. Warren, of Bly, Oregon. He reports killing a porcupine recently.

Gunners Try For Cup at Weekly Trap Struggles

The mark of 122 out of a possible 125 set by the Hereford Gun Club last week seems likely to stand for some time. In Wednesday's shoot the gunners could only amass 114 points. There were made as follows:

Herbst	25
Godwin	24
McDonald	23
Love	21
Rockwell	21
Total	114

Two cups are put up for each contest, the first known as Class A cup and the second as Class B. Those who shoot over 21 are entitled to a crack at Class A and those under at Class B. Herbst now holds the big trophy and next week all the bunch except Clark and Doug Fox will try to take it away from him. Rockwell holds Class B cup and will fight for it next week against Clark and Fox.

The only Gun Club report received this week was that from Slaton where the total was 111.

DISTRICT COURT'S SESSION TO START MONDAY, MAY 1st

The spring term of the district court will begin in Hereford on Monday, May 1. The jurors for the first, second and third weeks have been summoned. District Clerk Lee Biggs is now busily engaged in arranging and having printed his civil docket for this term of court.

A. J. LIPSCOMB IS HERE FOR VISIT WITH OLD FRIENDS

A. J. Lipscomb, former resident of Hereford, is spending a vacation here with his son, Jim, and other relatives and friends. Mr. Lipscomb now lives at Van Buren, Arkansas.

Rains Live Fish Is Report From Slaughter Draw

Folks from the Slaughter Draw neighborhood, twenty miles northeast, claim that Hereford has not had any rain to speak of yet. It rained ten inches in a very congested space of time in that country on Monday. Furthermore, men of good reputation in that neck of the woods claim to have again witnessed that reported phenomenon where a heavy rain produces live fish.

The statement is made that after the heavy rain Monday a lot of live fish were found wriggling around on the ground near the Draw, one of them being a 7½ pound bass. This fish was found on the Bill Cage place.

Hereford Hi Was Athletic Winner At Normal Meet

No official report of the results at the Interscholastic League meet at Canyon has been received so far, and local school officials have not taken enough interest in the matter to aid the Brand in getting a true report of the proceedings but the press dispatches from Canyon, conflicting in some instances, state that Hereford High took first place in the class A schools in the athletic events, and McLean took first place around the class B schools.

Schools taking places in class A and their points in order named were: Hereford, 57 points; Dalhart, 37, and Amarillo, 33. The schools ranking first in class B and their points in order named were: McLean, 22; Love, 18, and Lipscomb, 13.

Dixon, the big athlete from Hereford was high point man in class A, winning 21 points, and Wilson, the little sprinter from McLean, was individual high in class B schools, winning 13 points.

The Amarillo lads took first in tennis singles, and McLean boys took first in doubles. Claude girls took first in singles and Miami girls first in doubles. The winners of the events at Canyon are entitled to go to Austin to compete in the state interscholastic meet.

In the meet class B schools made better records in many of the events than did class A schools, which was probably due to the fact that many more schools were represented in class B.

Oil Well Magnate Is Owner of City Lots in Hereford

H. E. Smith of Amarillo, one of the owners of the famous Smith-Capers oil well at Panhandle which recently gushed oil over the derrick, was a business visitor here this week. Mr. Smith owns property within the city limits of Hereford.

HEREFORD BAND IS TO BE TOGGED OUT IN NEW UNIFORMS

The Hereford Band boys are busily engaged in practicing new music and in perfecting other details for their trip to the annual meeting of the West Texas Chamber of Commerce at Plainview, beginning May 23. Suits have been ordered and should be ready for use for the first time on this occasion.

Recently the Plainview people asked for a picture of the band for use in publicity, but this was regretfully declined owing to the lack of uniforms.

GOVERNOR'S SPEECH HERE CALLED OFF

WEATHER CONDITIONS AND BAD ROADS INTERFERE

IS DISSAPPOINTING

First Time a Governor Has Ever Honored Town For a Visit

Governor Neff will not speak at Hereford Saturday night after all, owing to present unusual weather conditions. The state's Chief Executive was billed to speak at Tulla Saturday afternoon, come across country and speak here Saturday night, the proceed to Canyon to meet the State Board of Normal regents for an inspection of the West Texas Normal Monday.

Friday Representative Lee Satterwhite of Panhandle telephoned the Brand that in all probability it would be necessary to cancel the Hereford date. The trip across from Tulla, and from Hereford to Canyon, by auto, looked to be impossible of accomplishment in the restricted time allowed for the different meetings. Mr. Satterwhite said the Governor was due in Panhandle at noon Friday and that if he did not wire or phone by 2:00 p. m. on that date, the Hereford committee could consider the date as cancelled.

The cancellation will be sincerely regretted by most of Hereford's population, as this is the first time a Governor has ever honored the city with a place on his itinerary, and the second place the citizens would have been delighted to have heard the Governor's speech and to have extended to him the courtesies of the community.

Weather Fails to Stop Interest in Church Services

The revival being conducted by Rev. J. T. McKissick at the Christian Church continues with interest despite the rain that has fallen at almost every service this week. There had been sixteen additions to the church up to Wednesday night. The meeting will continue over Sunday, at which time great services are expected in all departments of the church.

The public is cordially invited to all services.

HOSPITAL ELECTION QUESTION IS TO BE DISCUSSED

The regular weekly luncheon of the Chamber of Commerce will be held on next Monday at the Stockmen's Cafe. The main subject listed for discussion is the forth-coming election in the county for the issuance of \$10,000 in bonds to take over the present Hereford Hospital.

This is a very vital matter to every family, not only to the people of Deaf Smith county, but to the nearby neighborhoods as well. It is a community problem that must be solved sensibly and complete details are to be discussed Monday and plans laid for work on the proposition between now and June 10, the date set by the court for the election.

Everybody invited, whether members of the Chamber of Commerce or not.

WIRE STRETCHER'S SLAM DISLOCATES CUNNINGHAM'S ARM

John Cunningham had the misfortune to throw his left elbow out of joint Wednesday afternoon while stretching hog wire. The handle of the apparatus slipped loose and caught him a crack on the elbow, then caroming off and hitting him a lick on the left side of his face. He paid little attention to the accident at the time but later the elbow swelled and a physician had to reset the member Thursday. He is carrying the arm around in a sling at present.

VIRGIL CUNNING'S DAUGHTER COSTS HIM BOX CIGARS

Mr. and Mrs. Virgil Cuning are the proud parents of a baby girl which arrived last Saturday. Virgil has been passing around the cigars. Mrs. J. H. Leach of Plainview, mother of Mrs. Cuning, has been a visitor here for several days.

HOW YOUR MONEY WILL BE SPENT

Every resident of the United States will contribute \$1.20 this year for the building of good roads by the national government and it must be remembered that for every dollar spent by Washington the States where the money is spent must spend an equal amount. This \$2.40 per person will be the largest outlay for good roads in any single year for more than twenty years. The

amount has been fixed by the budget, and it is regarded as none too high. Good roads mean the extension and the development of business particularly for the farmer, who, after all, is the most important factor in American life. Financially, good roads cost the people a great deal more than their President costs. The expense of the President, embracing his salary and expenses, costs each resident two and one-half mills per year, so the head of the nation is not an expensive luxury even—that is, directly. The figures show that for the whole national expenditures the people must contribute each \$33.30 for the year.

This is the first time the people have really been able to get the figures for national expenditures down from the clouds and consider them in terms of the home. For example, we are told the national debt has been reduced \$1,500,000,000, and that it now stands about \$23,000,000,000. Bewildering figures of this kind are hard to understand. The only real way for the people to get an intelligent grasp on the nation's business affairs is to get the figures down to the unit. Pensions will cost the people \$6.73 each. The Navy will take more than the Army, the cost of the Navy being \$4.11 and the Army \$3.52.

The cost of Congress is only 17c, yet there are some people who regard it as expensive even so.

SELLING POTATOES AT 10c EACH

While the general campaign for readjustment continues to grow in volume, and attacks are still being made on the wage scale, figures—those cold, hard conviners—show that so far as the wage earner is concerned his cost of living remains 57.7 per cent higher than it was in 1914. This applies to the city as to the country, and takes into consideration simply the necessities of life. In many of the cities the percentage of living cost is still higher. Potatoes in the window of at least one store in New York bear the selling tag "10 cents each." And strangely, the people are buying them. Of course, this is outrageous profiteering on the part of the storekeeper, but this conflagration is significant of the times and the psychology of the people. The cave dwellers—those that abide in so-called apartment houses, cannot buy potatoes by the barrel. Indeed, the day has passed when they buy them by the peck. For years they have bought by the quart—dry measure—and now as explained the sale of the single potato has come to the foreground.

When potatoes are sold at 10 cents each it requires more than one robber to make the difference between the price to the consumer and the price paid to the farmer for his product. No individual possibly could display the impertinence to swindle the people to this extent. Who gets the swag?

THE MAN WITH ONE WINDOW
Dr. Hagerman With Unique Lecture At Chautauqua

Twenty-five years service with Redpath is the enviable record of Dr. E. T. Hagerman.

Dr. Hagerman will appear on the Premier Circuit of Redpath-Horner Chautauquas. The title of his lecture is "The Man With One Window."

A few years ago one of the big Redpath Circuits in the East decided to make a novel test. They had the audiences vote on which they considered the biggest attraction of the entire seven-day program.

On the program that year were a Band a Play, an Operatic Production, and one of the greatest of the Grand

Opera Stars—and Dr. Hagerman. Who do you suppose won? Dr. Hagerman.

Dr. Hagerman combines so much sound sense with such delightful humor that his audiences are enthusiastic. The man with one window is the man who sees the world through a parrow pane of glass and sees only so much of the world as this narrow aperture will permit. It is the man with a lot of windows in his house and uses them all that gets the most out of life and gives the most to his family, his community and his country.

G. A. F. PARKER, President.
MRS. B. F. GUTHRIE, Secretary.

The abundant rainfall of Saturday evening, which resulted in almost a cloudburst, has rendered land adjoining Friona too wet for cultivation for several days. About two inches of water fell in less than one hour. This was supplemented by copious showers during Sunday night and Monday morning.

Ground was broken Saturday along Main Street for the laying of a three-inch pipe to serve as a water main for fire protection. The pipe will be laid from Kinsley's store south to the bank building. The water will be furnished by Kinsley's well and a 250 bbl. storage tank will be erected on the lot, and a pressure pump will be installed to furnish the pressure. With an adequate amount of hose this will furnish a considerable amount of protection to the business section of the town. The purchase of a chemical engine of 40 gal. capacity is under consideration for the protection of the residence portion. The recent frequent fires have converted talk into action in regard to fire protection.

Our town was visited again last Wednesday, by another destructive conflagration when fire broke out in A. O. Drake's garage. There was practically no water to be had and the flames soon spread to the dwelling and both buildings were soon consumed. By the use of wagon sheets and a few buckets of water the fire was kept off of W. F. Perry's residence on the adjoining lot. The contents of both houses were all removed so the two Drake buildings were all that were lost. A good chemical engine or a barrel of water might have saved the residence. The origin of the fire is unknown.

On Friday an airplane enroute from Clovis to Canyon landed near town and a number of our people had their first opportunity of viewing one of the aerial travelers when not in motion. O. F. Lange took passage on the craft for Canyon to attend the track meet on Saturday. He says it was the most enjoyable ride he has ever experienced.

Rev. McKissick, President of Midland College, Midland, Texas, is announced to preach at the schoolhouse next Sunday at 11 a. m.

FRIO

K. R. Hunter was on the Ft. Worth market recently with the Hogan & Hunter calves that they have had feed all winter. Mr. Hunter was well pleased with the weights and sales.

Alex Lowry, Watson Bros., Iten & Galle, Mr. Hardy, Ireland Bros., W. A. Hunter and J. W. Alexander, all of Castro county have also fed and shipped cattle. Seems that feeding cattle on this home raised grain, in connection with our hogs, is becoming a very profitable business. We also have the sheep and poultry as side issues. There are many ways to make money on the plains, if one will only utilize them. So much different now to what it was twenty years ago, when the country was so thinly settled. In those days most of the country was used for grazing purposes by sheep and cattle men. There were only a few farmers and those few would have had a hard time of it if it had not been for the work and help they obtained from the ranchers. I am always glad to give them a hearty handshake and tip my hat to them as I look on them as being the men that caused this beautiful fertile country to be settled up and many an old nester would have left here and I among them had it not been for the cattle and sheep men of that day and time. But in recent years our beautiful plains country has undergone a wonderful change. It is fast becoming an agricultural country. New farms are being put in, new and better homes built, better schools and churches, and in a few more years we look for every country on these plains to have railroad facilities, elevators, stock shipping pens, and other modern conveniences that they have farther east, and when that all happens we

will have as good, if not the best, part of Texas. People out here at Friona are beginning to plant a little corn, but we don't hear much talk of planting a great deal before May.

We are having plenty of rain this week which we were beginning to need badly as sod land had gotten too dry to plow and grass had about done all it could without more moisture.

Very little news this week. Our Sunday School was well attended last Sunday and lessons are good.

The Social at Mr. Stagner's home last Friday night was an enjoyable entertainment. All report a good time.

Messrs. France and Lucas, of Hereford, and Joe Smith and their wives visited in the home of W. S. Dixon and wife last Friday evening.

Mrs. W. B. Green and daughter, Nettie Lee, spent the day last Sunday with Mr. and Mrs. P. A. Hogan.

K. R. Hunter and family visited Mr. and Mrs. Robt. Knox last Sunday.

Percy Estes and family, and R. B. Dixon and wife spent the day last Sunday in the Dixon home.

Robt. Knox and W. S. Dixon attended court at Dimmitt the first of the week as Jurors.

Mrs. Hybert Maples and son, Glen, of Hart, spent a few days recently with Mrs. Maples' parents, Mr. and Mrs. Hogan. Mr. and Mrs. T. J. Maples, of Kress, also spent a few days in Friona and Junbo communities at the same time.

P. A. Hogan sold his cows some time ago and bought a small bunch of high grade two year old heifers from Walter Easter, and a fine yearling bull from Jones & Dameron. Mr. Hogan is starting out right to soon have a fine herd of cattle.

SPRINGLAKE

Mr. and Mrs. J. L. Hinson closed a very successful term of school Friday. The parents of the children surprised them with a nice lunch, and at night they rendered one of the very best programs that we have ever had at Springlake. This is their last school as they own a nice farm here and expect to turn their attention to cattle raising and farming. The children of the school presented them with a beautiful silver berry spoon as a token of their love and esteem for them.

Mr. Ray Gehres has purchased a Dodge car.

The Baptists held an all day service Sunday, the Volunteer band of Christian workers were out and on account of the rain the services were cut short, however, we had a very enjoyable day.

Mr. and Mrs. Ott and Inez visited their children here Saturday.

Mr. and Mrs. Benton, Mr. and Mrs. Wilson visited Asa Wilson's Saturday.

Several from Springlake attended the program and box supper at Dimmitt, conducted by Mrs. Mayes Miller, and they report a delightful time.

The Ladies Aid met with Mrs. McKinzie Thursday.

Ester Troxell is on the sick list.

Springlake and Sunnyside matched a baseball game Friday, April 21. The score was 40 to 12 in favor of Springlake.

Miss Myrtle Johnson visited the Bell girls Saturday and Sunday.

Springlake had another fine rain. Wheat and grass are looking fine.

Russell White transacted business in Dimmitt Friday.

Bro. Lemons filled his regular ap-

pointment at Sunnyside Sunday and on account of the inclemency of the weather, the baptizing was postponed until next Sunday which will be at Mr. Hall's lake.

Earnest Jones went to Lubbock Friday.

Dense Jones returned to his home in Hale Center Thursday.

To those of my friends who have expressed a desire to have me continue as post master, for another term and to those who have the impression that this office has "passed out" under the Civil Service, I am giving the following information:

The office remains under the Civil Service, and the new Post Master General has announced his intention of observing the regulations of same, with one change as to the appointment of a post master; heretofore, the one making the highest grade received the appointment, but now, one of the highest three will be the lucky man.

An examination will be announced, which anyone may take, regardless of political affiliation. The papers are sent to the Civil Service Commission at Washington, D. C., who grade them. I expect to make application for the office, believing I have an equal chance with anyone else to get the appointment. If any of you believe in a little friendly boosting, don't be stingy with it. If it's good for a man, why not for a woman? Your good will might be expressed in your signature to a paper found in Clark's Drug Store. I assure you of my deepest appreciation.

Very sincerely,
27-20 Mrs. Delphia Cox.

THE CHURCH CHEAT

Church support is an obligation. Church attendance is a duty. Worship is absolutely essential. And every honest man and woman discharges these duties and obligations every week. Contributions of time, talent, thought, and interest are demanded. It is an honor to give. It is an honor, privilege, and duty to give. We are God's stewards. All we have has been entrusted to us. It is our duty to support the church. The Christian church has created and added fifty cents of every dollar's worth of property in America. Every time one goes to church he should make an honest, conscientious contribution to the great work of the church. When the collection plate reaches one his honor, sincerity, integrity, and character are immediately tested and when he, because he imagines no eye sees him, puts upon the plate pennies when he ought to put pounds brands himself before God and the Bar of God as a thief. He is perfectly willing to pay any extravagant sum to go to a filthy theatre, questionable show, or suggestive screen produc-

tion, and then go into the House of God and lay upon the plate pennies. He loves God everything. The average churchgoer today is a church cheat, robbing God, searing his honest obligations. The spirit of cheating soon fastens itself upon some men, and they become so dishonest that they actually stay away from church in order to avoid the test to which their characters will be put. The average churchgoer in America gives three cents per Sunday for the greatest blessing ever bestowed upon mankind. Therefore, the average church cheat will have to face the Bar of Judgment and be branded as a church fraud robbing God, depriving the church of her dues, and preventing the spread of the gospel and the blessings of salvation to thousands.

Observing likes, habits and growth of vigorous children will teach the wisest many food facts. Growing appetites are those which come asking for a piece of buttered bread during joyful play hours. There is more energy retained in bread than in any other wheat food. Give the growing child plenty of Bread. We Know Batteries!

Repairing batteries may look easy—but it isn't!

To be successful, a repair man has to know just how to handle the plates that hold the active material that keeps life in the battery. He has to know how to take care of the insulators that keep the plates apart. He has to know when it is cheaper for you to buy a new battery than to have the old one repaired.

Bring your battery in to Headquarters—no matter whether it's a Willard or not. We'll tell you what it needs, if anything, how much the cost will be—and whether repairs will pay or not.

an UNDERTAKER

whether it be Mat Gililand, or someone else, will surely back his upholstered limousine up to your front door, some one of these days. You can shut your eyes to it—argue about it—boast of your present health and strength—then—b-l-o-o-i-e! Your wife is a widow and your children orphans.

WHO FOOTS YOUR LAST BILL? The county? Your relatives? Your friends? Your widow—with the last few dollars she has left on earth?

The Graveyards of the nation are littered today with the unkempt graves of men who did not think about the hereafter, and the charitable institutions and organizations of the country are busy caring for the helpless dependents of men who "took a chance."

The man who, in the year 1922, says that he "does not believe in life insurance" is as great a curiosity as the American who has never heard of Babe Ruth.

The Bankers Benefit Association of Hereford Texas

was launched Monday, April 17, 1922. It was conceived by this Agency and has the active interest and support of all three Hereford banking institutions. Carl Gilliland, well known Hereford attorney, has the legal work in hand and will file the charter when the necessary minimum of two hundred members are obtained.

The three banks of Hereford will supply the officers and directors of the Association from their own ranks and will keep the funds of the association on deposit right here in Hereford, divided equally among them.

The secretary's work will be handled by this Agency. Individuals may die or pass-out of the banks or this Agency, but the banks and this Agency will always endure and continue business just the same.

Under the plan of operation of this association, from \$10,000 to \$20,000 will always be available to pay death claims, and even an epidemic would not wipe out all the fund and force claimants to await their money.

When the first member dies an assessment of \$10 per member will be made. That will raise the Mortuary fund to a point where it will not be necessary to make another assessment until after four more members have died. This Agency has written \$500,000 worth of life insurance in this community during the past four years, and during that time only one death has occurred among the policy holders.

COULD YOU LIQUIDATE RIGHT NOW?—if you should die tomorrow, your assets turned into cash, and your debts faced? *Would you have enough left to pay the undertaker?*
