61ST YEAR — NO. 31

Rain? It's Come In Bunches!

Around Town

From what I've seen of the mountains the past couple of years, they have nothing on the Panhandle of Texas. We've had rain, rain and then some more for the past week. We lagged behind on moisture this year for the first few months, but have more than caught up. In fact, one or two good showers would give us more than fell during all of 1961.

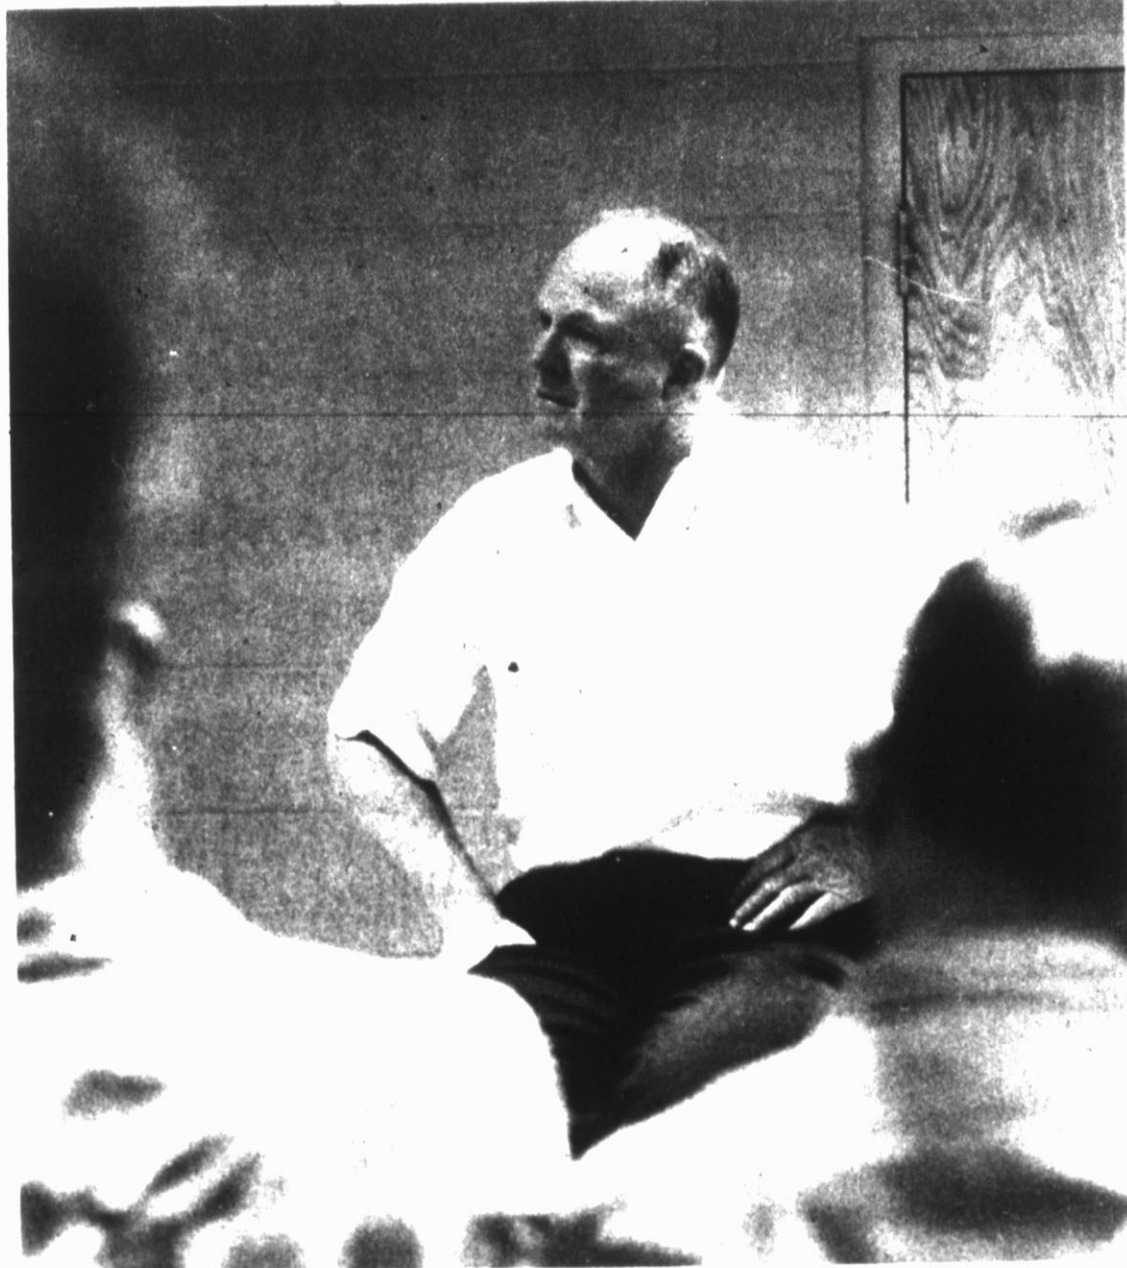

Bill Hollum and Steve Lilly, both with Holly Sugar Company, were in town early this week. Hollum took a summer job as fieldman for Holly in 1927 and is still working for them. Temporarily Lilly has been working for the company in Montana and probably will be assigned here when Hereford finally gets the green light as a plant location. He's looking forward to the milder climate having been raised in western Kansas.

Now that Hereford and the Texas Sugar Beets Growers Association have done the spadework, we understand that 15 different areas of the United States have asked for additional sugar production under terms of the new Sugar Act. Hearing on the requests has not yet been set, but probably will be in a week or two.

Hereford Area Foundation has called a meeting for 5 p.m. Friday, Aug. 3, in the First National Bank. On the agenda likely will be two requests for the Foundation to back locally. One is to help finance lighting of the high school baseball field for summer play. The other, by the Hereford B&PW Club, will be to help the group to add a maintenance building to its plant at the Labor Camp.

Oasis Shrine Club officials here received a \$10 memorial for its children's work. In memory of Fred W. Hood of Amberst and Mrs. R. E. Barnett of Friona.

Hereford Lions Club has worked out a deal to bring the carnival back for two days later this month after being washed out. (Continued on page 6)

DR. T. H. LEENERTS, federal veterinarian, discusses the brucellosis eradication program that will start here in about two weeks. He and County Agent Lefty Thomas met with about 35 county cattlemen Monday to work out final details for the month-long program. (Staff Photo)

Work Explained For County On Brucellosis Elimination

Details of a month-long program to eliminate brucellosis in Hereford and southern county cattle were explained Monday night.

About 35 county cattlemen attended a meeting in the Community Center to hear about the program. County Agent Lefty Thomas and Dr. T. H. Leenerts, a federal veterinarian, were on hand to tell about the work and answer questions.

"This is your program," Dr. Leenerts said. "You submitted the petition and asked for this program."

1962-63 EXCHANGE STUDENTS

Girl From Africa, Boy From Germany To Arrive

A South African girl and a German boy come to Hereford High School as exchange students during the 1962-63 school year, according to an announcement received this week.

Miss Heather Gordon of Johannesburg, South Africa, and Frank Hergert of Sulzbach Rosenberg, Germany, are slated to arrive next week to begin their 10-month stay in Hereford.

Both students come to Hereford through the American Field Service, and are sponsored locally by the Future Homemakers of Hereford High School, as well as many other local civic organizations.

Miss Heather Gordon, 18, will stay in the home of Mr. and Mrs. Leroy Aven and daughter

Carolyn, who is a junior at Hereford High School. Frank Hergert, 17, will live in the home of Mr. and Mrs. Elmer Kimball. His family here will also include Lee Kimball, who is currently serving in the

Twelfth Juror Finally Finds Qualifications

The July term of the Deaf Smith County Grand Jury was almost delayed Monday in 69th District Court as Judge Harry Schultz read the qualifications and exemptions to 12 prospective grand jurors.

In the qualifications, it was noted that a grand juror must own real estate. One of the persons summoned, Mrs. R. A. Higginbotham, pointed out that she did not own property. Judge Schultz told her she was disqualified and was about ready to start legal proceedings in order for the grand jury to be brought up to the "minimum and maximum" number of 12 jurors. As Mrs. Higginbotham was preparing to leave the courtroom, she remembered she owned a cemetery lot. The judge hastily told her it was enough real estate to qualify for jury service.

armed forces, Sharon Hill, a college freshman, and Larry Hill, a junior at Hereford High School.

Miss Gordon is the daughter of Mr. and Mrs. Barney Gordon, who are directors of a publishing and distributing company in Johannesburg.

Frank Hergert is the son of Karl Hergert and Lieselotte Stephan. His father is a government inspector and his mother a secretary.

Both Miss Gordon and Frank will arrive Monday midnight at the Amarillo Municipal Airport, where they will be greeted by their families.

The students will enroll as seniors at Hereford High School. (Continued on page 6)

Hailstorm Rakes Northern Section

Heavy hail damage reports began circulating in Hereford Monday as farmers in an area north of the city began to learn the extent of damage to cotton, grain sorghum, lettuce and carrot crops from a severe storm Friday night.

County agriculture officials stated that the area was located between six and 11 miles north of Hereford on U. S. Highway 85.

According to Lefty Thomas, county agent, the area of most severe damage is approximately four miles wide from north to south and about eight miles long east and west.

Damage to all crops in that area, he commented, ranges from light to total destruction. Herbert Bruns, of the Soil Conservation Service, reported that some grain sorghum in the area was shredded; only the stalks remained standing in several cotton fields.

According to farmers in the area, the storm struck the sec-

Seven Indicted By Grand Jury

Seven indictments were returned here Monday as the Deaf Smith County Grand Jury met in regular session. The 69th District Court, Judge Harry Schultz presiding, was also convened in conjunction with the grand jury to try.

As the grand jurors investigated alleged felony offenses, no indictments were returned in all cases.

During the court session, five persons were sentenced and one was heavily fined as the court heard pleas of guilty. A hearing on a petition of probation was also held.

Indictment for offenses during the grand jury session were: Nava H. Rodriguez, 30 Route 10.

Fine, Sentence On DWI Charge

An Amarillo man was fined \$126 in plus court costs and sentenced to 10 days in jail here Tuesday as he was tried for driving while intoxicated, first offense, in Deaf Smith County Court, Judge H. C. Williams presiding.

John W. Lasswell, 45, 505 N. Polk, was arrested about 8 p.m. Monday, three miles west of Hereford on U. S. Highway 60 by a Texas Highway Patrol officer.

tion north of the city around 10:30 p. m. with hail, heavy rains and high winds.

The hailstorm is said to have lasted about 45 minutes. Even though it was only pease-sized hail, the high winds whipped it across the fields causing extensive damage.

Lewis West, a farmer living in the area about five miles north of the city, reported that almost five inches of rain fell on his farm during the storm Friday.

"I have never seen such a

\$1,000 Bond Set As Charges Filed For Illegal Sale

Bond was set at \$1,000 as a Hereford man was charged with the sale of intoxicating beverages in a dry area Tuesday in Deaf Smith County Court, Judge H. C. Williams presiding.

Charged with the offense is Andrew Luna, 35, 123 Norton Street. He was arrested by Hereford Police Department patrolmen about 1 a.m. Tuesday.

As charges were filed, Luna entered a plea of not guilty, according to the law enforcement agency.

THIRD ANNUAL

Announce Plans For Cattle Tour

Plans for the third Hereford Capital Tour have been announced this week by the registered cattle committee of the Deaf Smith County Chamber of Commerce.

The 1962 tour will be held on Monday, Aug. 20. Previous tours were held in 1959 and 1960 and will be held on alternate years in the future.

More than 1,000 breeders and visitors from 14 states attended the first two tours, making it the best one-day tour now held in the country.

Tour guests will start with a buffet breakfast at 6:30 a.m. in the Hereford Country Club. At 7:30 a.m. the group will leave for the R. L. Coanougher Ranch. The second stop will be the Walter Graham Happy Hereford Ranch, where morning refreshments will be served.

The morning schedule will also include stops at the Howard Gault and Son Ranch and the

Heavy thunderstorms continued to dump rainfall over wide sections of Deaf Smith County this week causing some crop damage, halting the vegetable harvest and knocking out rural electric power and telephone service.

The heavy rain and electrical storms began dumping moisture over the county Friday as two severe storms lashed the area Friday. Storms have continued through Tuesday and more are predicted.

Rainfall in Hereford since Saturday has totaled 2.37 inches. Reported for Sunday was .30 of an inch; Monday, 1.73 inches; Tuesday, .04 of an inch, and Wednesday, .60 of an inch.

The latest rainfall reports place the official total for Hereford at 13.66 inches. With more rain predicted, rainfall measurements will top the 14.14 inches recorded during all of 1961 this week. Annual average rainfall for the county is approximately 21 inches.

Deaf Smith County farmers were hit heavily as the rains halted harvesting operations. Farm equipment was bogged down in fields in some sections.

Electrical power was knocked out in the northwestern section of the county due to a severe storm which struck the area Friday. A Deaf Smith County Electric Coop official described the failures as "nuisance outages", but reported there were no serious power failures.

"Of course," he added, "when a man's power goes off it is serious to him."

Electrical power was restored late Friday to the area, but the series of evening and nighttime

(Continued on page 6)

Festival Closes With A Splash

Hereford's fourth annual Harvest Festival ended with a splash Saturday night, as a downpour closed the Lions Club carnival and dampened the Riders Club Rodeo.

Earlier in the day, the annual Parade came swinging down Main Street. Judges gave first place in the organizational division to the sharp-marching, cadence-singing Jolly Drill Team from Amarillo Air Force Base. First place for commercial entries went to Lankford's Flower Shop, with the Harvest Festival Queen, Miss Dyann Duvall, and her two attendants, Misses Kay Lemons and Sharon Hill, adding glamour to the beautiful float. Winners will receive full-color photographs on perm-plaques.

Threat of bad weather moved the Kiwanis-Rotary barbecue from Dameron Park to the little Bull Barn, where about 1,200 people were served.

Members of the Retail Trade Committee will discuss the Festival during their meeting at 10 a.m. Thursday, Aug. 2, in the community room of the First National Bank.

And members of the Harvest Festival committee will have a breakfast meeting at 7 a.m. Friday, Aug. 3, in the Jim Hill Hotel.

Other activities during the week included an Air Show, Queen's contest, appreciation dinner and Farm and Home Show.

There's Nobody By That Name In The Pokey

The Deaf Smith County Sheriff's Office dispatcher and secretary, Mrs. Arthur Robinson, was "going in circles" Tuesday morning as one telephone call after another came into the office.

No sooner would she finish talking to one person than another would call on the office's second line.

However, the final call of the series of interruptions brought a smile of relief to the harassed secretary.

"Hello," said a small voice. "Deaf Smith County Sheriff's Office," replied the dispatcher.

There was silence at the other end of the line. Mrs. Robinson (Continued on page 6)

Pony Stars In Sectional Meet

Hereford's Pony League All-Stars, fresh from a thrilling victory in the District tournament, entered sectional play in Childress Wednesday evening.

The Hereford squad had to overcome a 1-6 deficit Saturday afternoon to beat Borger 11-9 in the finals. Earlier in the tournament Pampa edged Borger 6-5. Hereford beat Pampa 7-4 and Borger defeated Pampa 8-3. The final game of the double-elimination tournament was started Friday night, called because of rain, and finished up Saturday. Hereford was slated to play Littlefield at Childress there at 6 p.m. Wednesday. Second game matched Bartlesville, Okla., against Childress. Remainder of the bracket of double-elimination meet was to be drawn up Wednesday night, with games tentatively set for 3 p.m. and 8 p.m. Thursday.

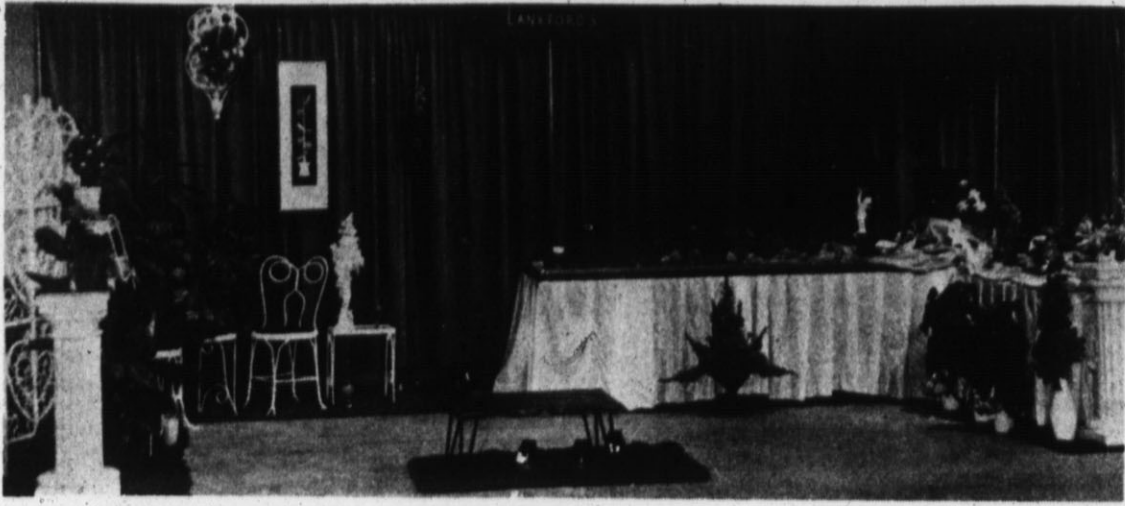

Coach Harlon Voyles, who became a father for the second time just Monday morning, leads the Hereford team into action in the sectional tournament that eventually leads to the Pony League World Series.

Members of the Hereford All-Stars include Wynn Buck, Gary Payne, Gene Duvall, Felix Alblar, Robby Lemons, Clinton Wilson, Andy Channer, Steve Hodges, Jim Allison, Ed Mims, Mike Watts, Mike Moore, Alex Guerrero, Kenny Justice and Bill Watts.

JUMPIN' FOR JOY, members of the Hereford Pony League All-Stars swarm onto the field Saturday afternoon after beating Borger 11-9 for the district title. Thirteen of the 15 players, along with coach Harlon Voyles, left, and manager Roger Owen are shown in this happy scene. Hereford was down 1-6 when play was halted by rain Friday night, but they came back to win as the game resumed Saturday. (Staff Photo by H. A. Tuck)

## Club Yearbooks Ready As Program Time Nears

By Argen Draper  
The Extension Office is buzzing with all the many and varied things to be done. It seems that the things that are most current and push the hardest are the ones that get the attention.

The home demonstration yearbook is ready to go to the printers. This is the first time that the home demonstration year begins in September but I think we will like it. It will mean some meetings this time of year instead of January to get the club organized but we have as much time now as in December and January and the weather is better now, too.

Anyway, the yearbooks are going to be real interesting. The committee has incorporated all the suggestions turned to them. They have been in various kinds of meetings; might not be club programs but they have been considered. Also, the committee tried to include as many of the sub-committees' suggestions as could be planned in club programs.

I didn't intend to get so busy that I couldn't go to a parade. I was working at the office Saturday afternoon and watched the parade from the office window. The weather really cooperated as the sun was brighter that time of day than anytime.

A new 4-H club was organized in the community west of Ford. I don't know if that is considered part of the Ford Community or not. I call it Heiselman, but that definitely dates me.

Mrs. Bob Thuitt is the organization leader and the clothing leaders who are already at work are Mrs. Henry Kinsey, Mrs. Frank Kinsey, Mrs. Thuitt, and Mrs. Jimmy Fangman. Three of the members are the daughters of the Jimmy Fangmans. Mrs. Fangman, the former Geraldine Paschel, was a 4-H club member and is certainly a credit to the organization. The new club members are Beverly Cassetty, Cecilia and Beverly Fangman, Margaret and Barbara Paschel, Coleen Davis, Beverly Kinsey, Sharon Fangman, Wamyth Barclay and Nancy Dozier. Two more girls will join the club when they return from their vacation. We have had some good club members and good 4-H members from that area. I am very enthusiastic about the club. The fashion show they plan will be outside.

I am very anxious to see the new assistant home demonstration agent. She is Miss Lou Collins from Parker County; she is a graduate of Texas Tech and comes highly recommended. As much as we hate to see Miss Loretta Fowler leave we wish her every success in the new job she will have — as yet we haven't learned the county. It is hard to believe that there are two vacancies in our district and there will be two more before long. We need high school graduates to major in home economics. I can recommend home economics as the most interesting profession there is as I think no job could be so exciting.

Purchased any new furniture lately? Much of today's new furniture is finished with lacquer, reminds Charlotte Tompkins, specialist in housing and home furnishing for the Texas Agricultural Extension Service at A&M College.

This lacquer is a synthetic product which may be damaged by oils or the solvents in paste and some liquid waxes. A water base wax — or no wax at all — is recommended, the specialist says.

The new finishes withstand a great deal of wear and hard use — however, plastic covers which are sometimes used for protection may stick and damage the finish, Miss Tompkins explains.

"This is apt to happen if plastic covers are left on over a period of time — or when heavy objects are set on top of plastic covers. It is better to ask for the manufacturer's suggestions on care and follow them closely," she reminds homemakers.

Part of my schedule:  
Sunday — Bippus, Westway, J. G. Gandy reception.  
Monday — Marketing Committee meeting weaving exhibit — Mrs. Dick Frye

Tuesday — Yearbook; Happy Homemakers Club Sewing Workshop  
Wednesday — 4-H girls sewing workshop Amarillo — District I Dress Revue  
Thursday — Yearbook or Chorus Committees Sewing workshop  
Friday — Sewing Workshop Judge Beauty Contest in Muleshoe  
Saturday — School Reunion at Wellington

Mrs. Dick Frye of Dawn invited some interested folks to her home to see a weaving exhibit. It was so interesting and inspired some of them to investigate the possibility of weaving as a hobby.

It has been a long time since I have concentrated on weaving but when I was in college I took weaving and then some years later when I returned to finish college I was assistant instructor in the weaving class. It was quite a thrill to learn to read a weaving pattern and to thread the looms for the various patterns. One loom was threaded with linen thread that the department had been given for experiment. The thread had to be kept damp while threading the loom and while weaving or the thread would break. It is very fascinating. If you don't believe it, just mention it to Mrs. Frye when you think you are in a hurry. She will really inspire you to have weaving for a hobby.

## Halfway Station Sets Area Flame Cultivation Tour

Results from flame cultivation control of weeds will be viewed and explained during tours at the High Plains Research Foundation on Friday, August 10 at the Foundation's research farm at Halfway, located 14 miles west of Plainview. The Texas Butane Dealers' Association sponsors the tours.

The tours will start at 1:30 p. m. from the headquarters building and close at 4 p. m. with an "experience exchange conference" in which farmers using flame cultivation will join a panel of scientists and professional flame cultivation experts in reviewing progress in this new field of farm economy practices.

Tractor drawn wagons will transport the visitors on the tours. Stops will be made throughout the 310 acre farm where the results of flaming will be shown on corn, grain sorghum, castorbeans, soybeans, sesame, peanuts, cotton, sugar beets, blackeyed peas, and green beans.

A demonstration of the use of flame cultivation equipment will be held with cotton. Included will be cotton planted June 21 and July 17, to show the results of early flaming. Cotton planted on May 24 will also be flamed.

The tour will close with an exhibit of flame cultivation at the Halfway Community Grounds. The critique will be held at 4 p. m. on the spacious lawn around the Killgore Memorial Building and Jim Hill Greenhouse.

Members of the Board of Trustees headed by Host Committee Chairman, Claud Ferguson, Halfway, will show visitors through the new facilities while others are on tour.

**AMARILLO VISITORS**  
Mr. and Mrs. Ted Myers and son of Amarillo were Sunday visitors in the home of her parents, Mr. and Mrs. Walter London Sr., and her brothers, Mr. and Mrs. Walter London Jr., and family, and Mrs. Baxter London and family.

**VISITS PARENTS**  
Eldon Owens, who has been in military service for the past year, was visiting in Hereford last week with his parents, Mr. and Mrs. Virgil Owens, who reside six miles east of Hereford on Highway 60.

**FISHING**  
Mr. and Mrs. O. Wertenberger of Hereford spent the weekend

## OFF THE Shelf

BY H. A. TUCK  
**Judgement in July** by Richard Fisher is a rather strange book. Based very slightly on fact, it is a fictional story of what might have happened.

When General Custer and his troopers were wiped out by more than 2,000 Indians at Little Big Horn, there were few soldiers left to defend the scattered pioneer outposts of the West.

One of the most precarious settlements was the booming, sprawling town of Deadwood. The 20,000 miners in and around the town were more concerned with the prospect of gold strikes than organizing against a possible Indian uprising.

Jason Kyle was a young greenhorn from a law office in Chicago. Determined that he would never be able to rise above his clerk's job, he had joined the latter-day rush to the gold fields of the Dakota territory.

After a narrow escape, he left his claim and joined a wagon train that was headed to Deadwood. Among the travelers was Marion Cassidy, an "actress" who would make her debut in Deadwood.

Upon their arrival, they found life different than they had expected. Jason found almost no one interested in forming any protection for the city. And Marion quickly rebelled at the idea that her job was to include other forms of entertaining than just singing for the drunken, fighting miners.

The two made a strange pair, but they joined forces as Jason fought for Marion and won. Jason also joined up with Captain Jack Foster, an almost legendary figure who was trying to rally the town into some type of organization, backing an election to form a government in the wild territory.

Both of them fought overwhelming odds of greed and indifference. Both of them lost in some respects, yet gained in others.

Jason saw his partner murdered, his mining buddy slain by Indians, yet fought back with the blind savagery of fear and the cold fury of disgust. Yet this isn't a book where the whites are good, and the Indians bad. For much of the story is woven into the actions of some of the Indians who are trying to keep the frontier war alive.

It is on the reserved shelf for new fiction at the Deaf Smith County library.

**GIVING INSTRUCTIONS**  
Clyde Wilson, a member of the West Texas State College Buffalo Band, is giving private music instruction in Hereford this summer.

**WEEKEND VISITORS**  
Mr. and Mrs. Bill Penn of Hereford had as their guests over the past weekend, his parents, Mr. and Mrs. John A. Penn, and his brother, Mr. and Mrs. Johnnie Penn and two sons, all of Walters, Okla.

**TO AMARILLO**  
Mr. and Mrs. Loy T. White of Hereford were Sunday visitors in Amarillo in the home of their son and family, Mr. and Mrs. H. D. White, Coleen, Janice and Mark, for a special birthday dinner. They also visited with their niece and family, Mr. and Mrs. Jim Miller, Peggy and Dale, of Amarillo.

**BUSINESS VISIT**  
Allen Doan and Ray Pyeatt of Tulla were business visitors in Hereford on Monday, July 30.

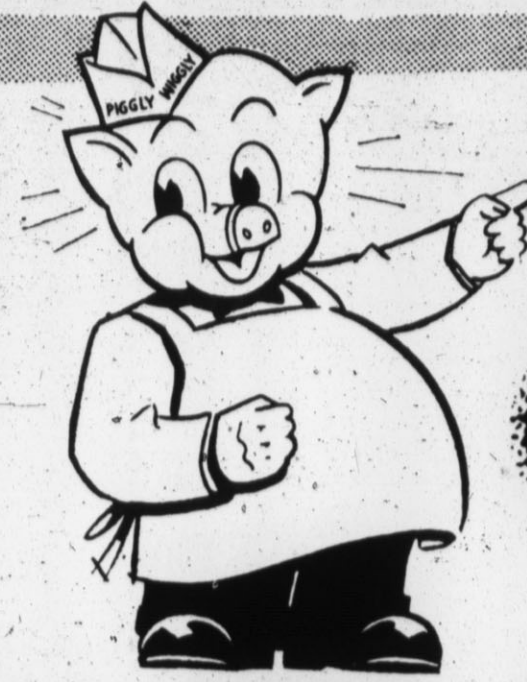

**RETURN FROM VACATION**  
John Torbit and son, Pat, have returned from a vacation of camping and fishing in the mountains of Colorado. They are residents of Hereford.

**IN DALLAS**  
Mr. and Mrs. Cawthon Bryant of Hereford are in Dallas where Mrs. Bryant is receiving medical treatment at Wadley Clinic in that city.

The Eisteddfod, a music and literary festival held in Wales, dates back to the Sixth Century.

TAKING CARE OF A LAST minute detail, Jay Barker prepares to take off in his Great Lakes Trainer to open the Air Show held Sunday at Hereford Municipal Airport. The show was the opening event of the fourth annual Harvest

Festival. The show featuring the stunt flying of Barker and Frank Price drew a large crowd in spite of the near 180-degree reading.

(Staff Photo)

Girl...

(Continued from page 1) in the fall, when they begin their term of study. Miss Gordon was graduated from Damelin College in Johannesburg last January. Although in her application she stated that she speaks "fair" English, her writing shows a large vocabulary of the language. She also speaks French and Afrikaans. She lists English, history, and botany as her favorite subjects. Tennis and swimming are her favorite sports, while she also enjoys drama, music, and dancing.

returning from the U. S., she intends to become more active in drama, and is now a member of the Repertory Players of Johannesburg. Upon returning to South Africa, she also intends to attend a university to study languages and psychology. Miss Gordon, who is also an avid reader, lists William Shakespeare, George Bernard Shaw, and Tennessee Williams among her favorite authors. At home she leaves two younger brothers, one 13 and another nine. She lists her religion as Judaism; Heather is 4-11 and has medium blond hair, according to her American Field Service application. Frank-Werner Hergert attended a boarding school in Sulzbach-Rosenburg before leaving to come to the United States. He speaks English and French "fairly", as well as German.

Work...

(Continued from page 1) will be known. In the event a reactor is found, it will be branded with a "B" on the left jaw and must be disposed of within 15 days. The herd then will be rechecked to make sure that it is free. Following were the committees named for various areas to line-up cattle: 1. Walter Paetzold, chairman; Jack Bradley, Bud Minor, Karroll Higgins, Lee Cocanougher, Paul Engler and Al Smith; 2. Palmer Norton, chairman; Lisle Woodford, Cecil Malone, Steve Bavousette, Fair Ranch and Jim McAndrews; 3. Jim Bob Allison, chairman; Jim White and Don Allred; 4. Keller Muse, chairman; Jim Bynum and Glen Allred; 5. R. Donald Hicks, chairman; Arlie Dean, Tommy Carnahan and J. R. Overstreet; 6. Hap Higgins, chairman; Robert Viegel, Virgil Marsh, Colby Conkwright, George Melwes and Hilton Higgins; 7. Homer Rudd, chairman; James Higgins and H. D. Robbins; 8. J. B. Noland, chairman; W. H. Andrews and Cameron Gault; 9. Roger Brumley, chairman; and Jim Easley; 10. Bill Dameron, chairman; Norman Minks and Charlie Burke; 11. Frank Ford Sr., chairman; Carl Perrin, J. V. Perrin and Jim Perrin; 12. Ira Scott, chairman; and Tom Draper; 13. Malcolm Moser, chairman; and E. K. Pinnell; 14. J. G. Fortenberry, chairman; Jack Brown and C. F. Homfield; 15. Charles Hoover, chairman; Elmo Hall, Jim Monroe and Don Guseman; 16. Eldred Brown, chairman; Joe Reinauer and Hershel Burrus.

Rain...

thunderstorms have continued to disrupt service. A West Texas Rural Telephone Co-op spokesman reported that at one time the company had 20 telephone circuits out as lightning burned down lines and blew fuses. "Trouble with the service began Friday," he commented, "but a lot more damage occurred during the storms Saturday and Sunday." A spokesman for a growing and shipping shed pointed out Wednesday morning that as far as damage to crops is concerned, rain storms have merely caused a delay in harvesting operations. "However," he continued, "the rain might prevent good stands of crops recently planted." He pointed out that the potato harvest in the county is between 65 and 75 per cent complete, and most of the sheds have completed processing the earlier varieties of onions. The sweet Spanish varieties have yet to be harvested in quantities. This late in the season, he added, there is little chance of early blight on the potato crops. Most of the vines have been shredded. Another grower and shipper commented that the rain has prevented the planting of lettuce, but as a whole, crops have not been damaged. This delay in the harvest, he said, might help strengthen the market situation by letting crops from other areas "clear out." It is not believed by shippers that crops ready for harvesting will be damaged. They also pointed out that the harvest is usually delayed by rains for about a week. They commented that the threat of blight is not serious and no decay of onions has been reported. The only strip reporting heavy damage to crops due to the storms is located about six to 11 miles north of Hereford on U. S. Highway 385. The strip is eight miles long from east to west. Farmers and agricultural officials reported that crops in the section were hard hit as a 45-minute hail storm shredded grain sorghum and stripped cotton plants. Up to five inches of rain fell in the area. Damage over the area was described as from light to total destruction.

VACATIONING

Mr. and Mrs. R. L. Fuhrmann, 505 Union, Hereford, and family, Larry, Glenda, Wanda and Joel are vacationing at Mesa Verde, near Mancus, Colo. On the return trip home, they will visit with Mr. and Mrs. John H. Fuhrmann, R. L. Fuhrmann's parents, in Caldwell, Kans., for several days.

Nobody...

(Continued from page 1) Robinson repeated again to tell the caller he had reached the law enforcement office. "Who do you wish to speak to?", she asked. "Nobody," said the caller. "Who? Nobody?" questioned the dispatcher. "Yes," came the reply from the child. The conversation was ended as Mrs. Robinson patiently explained that the child had reached the sheriff's office. As she hung up, she shook her head and laughed.

Fisherman Gets Spirits Dampened At Buffalo Lake

Sometimes people get involved in trouble, even when they are innocently minding their own business, according to H. E. (Slim) Wester of Hereford. "Slim" was peacefully fishing on Buffalo Lake Tuesday afternoon, which appeared to be a rather enjoyable occupation at the time. Suddenly he took careful notice of a motorboat which was fast approaching his drifting craft. Slim says he couldn't see anyone driving the other boat. It got closer and Wester became even more concerned. At the last moment, he abandoned ship into the cold waters of Buffalo Lake along with the evasive fish. Shortly thereafter his vacant boat was hit broadside by the other craft, causing considerable damage to the Wester boat. Slim came out of the accident unharmed, but with dampened spirits concerning the whole afternoon. The couple who were riding in the other boat survived unharmed and dry.

NEW GRANDDAUGHTER

Mr. and Mrs. Harvey H. Rowland of Hereford are the grandparents of a daughter born to Mr. and Mrs. Jervey Rowland of Farwell. She was born on July 21, weighed 7 pounds and 1 ounce, and has been named Phylecia Marie.

RETURN HOME

Mr. and Mrs. Carl G. McCaslin and sons, Butch and Jerry Don, of Hereford have returned to their home after a trip to Seattle, Wash., and the World's Fair.

OKLAHOMA

Mr. and Mrs. Ralph Battey and sons, Linn, Terry and Bruce, of Hereford are in Cordell, Okla., this week visiting with friends and relatives. They are visiting also with his grandmother, who is seriously ill in the Cordell hospital.

OKLAHOMA VISITORS

Mr. and Mrs. Gene Coleman of Bristow, Okla., arrived in Hereford Tuesday, July 31, to bring their grandsons, Allen and John Mark Coleman, home after an extended visit in their home. They are the parents of Joe Coleman of Hereford. They will remain for a visit in the home of their son.

VISIT DOWNSTATE

Mrs. Bobby Owen and three daughters, Becky, Barbara and Brenda, and her mother, Mrs. Velma Hodges, all of Hereford, visited recently for five days in Henrietta and Denton in the homes of Mrs. Hodges' brothers. Other relatives were Becky in Fort Worth and Waco. Betty and Barbara Owen remained in

Around...

(Continued from page 1) Friday and Saturday nights of last week. The dates tentatively are set for Aug. 24 and 25. From a high of 20 teams in Little League, Pony League baseball and American Legion here this summer, Hereford is now down to one team, American Legion, lost out in Amarillo and the Little League was eliminated at Pampa after having won one tournament. The Pony League All-Stars now have won the district title and are playing in the sectional tourney at Childress this week. This group of Pony Leaguers has a lot of tournament experience in both Little League and Pony League and could possibly come through. They seem to live well with pressure, although you never know how they will react. Baseball fans are a partisan group, if ever I've seen one. But the players, coaches and fans here for the Pony League tournament without question, were among the worst ever seen in Hereford. Their attitude was the subject of discussion from the opening game. Fans, players and coaches alike (with a few exceptions) used profanity freely, made disparaging remarks to other players and coaches and made life pretty miserable for the officials and umpires. On the other hand, the folks from Pampa couldn't have been nicer, although they got eliminated earlier than Hereford and Berger. It was quite a contrast. Hereford, of course, wasn't perfect, but generally went along with the emphasis placed throughout the year that the players are to be good sports and the fans are not to boo the empires or use any profanity at the games.

All former Hardeman, Wilbarger and Foard County residents are invited to a reunion that will be held Sunday, Aug. 5, at Mackenzie State Park in Lubbock. The notice says it will be at the same time, whatever time that may be.

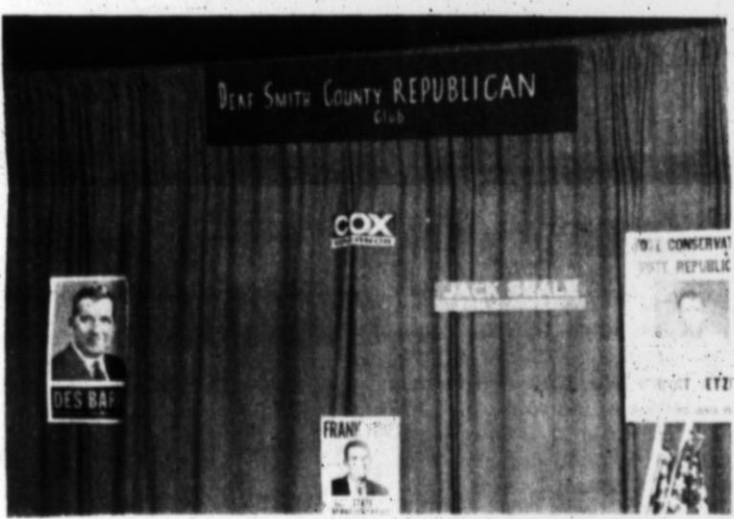

As usual, we enjoyed all of the Harvest Festival... weather or not notwithstanding. The barbecue was extra good; we sampled while we served beans. Unfortunately, some of the events lost money or just broke even. One of the most disheartening things was the slashing of many B&PW Club banners. The gals had worked hard to finance this project as a community service, keeping the money in town instead of hiring an outside firm to decorate. But someone, or several of them, slashed as many of the banners on Main Street as they could reach. If Waco for a four-day visit and returned to their home by train.

Too Late To Classify

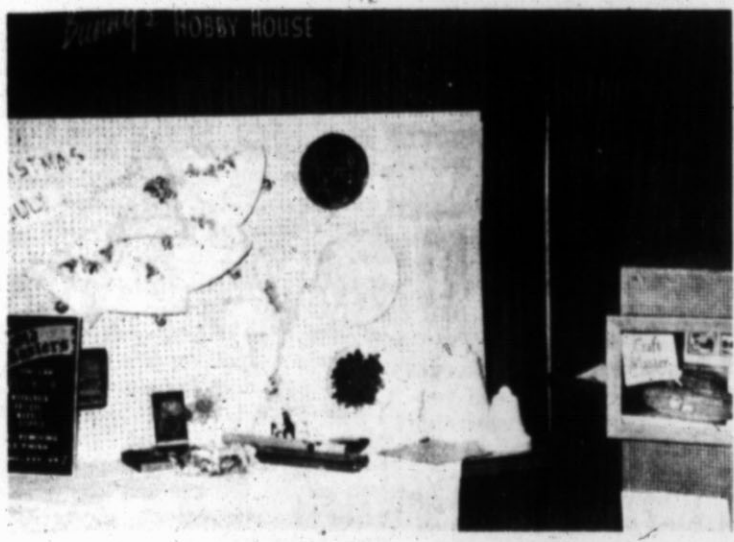

BEDROOM For rent. Whites: Mrs. W. M. Megart 401 Lawton. B-5-10-31-2c. TWO BEDROOM Unfurnished house. Whites only. Call CL8-4135. B-5-10-31-1c

they could be caught, we would favor as punishment that they be made to sew each and every one of the cut banners into excellent condition again... with a needle and thread. What with the wanton destruction of many flowers and plants in the boxes on Main Street and the slashing of hundreds of dollars worth of hunting, it looks like Main Street might need a little more parolling at night. On an inside page of this issue, the Brand is carrying complete texts of the 14 proposed constitutional amendments to the constitution of Texas. We urge that you save this page and study each amendment before voting in the general election on Nov. 6. What we would really like to see is a complete revision of the now unwieldy state constitution. But we can imagine what a job that would be. Would it be possible to re-write the thing a little at a time over a period of a couple of years?

Rain, rain, go away. Come again another day. Do us a great big favor. And return after the day honoring labor. Save the small foil pans in which some frozen cooked foods come; wash thoroughly and dry. Use them for individual pineapple upsidedown cakes; you can serve some of these as soon as baked and put the rest in your freezer for use another time. Snap beans need to be scrubbed with a vegetable brush in cold water. Cut the ends from the beans before giving them this dunking. The Caspian Sea in the Soviet Union, the largest lake in the world, is nearly four times the size of Lake Superior, the second largest. The practice of tattooing apparently began in the South Sea islands where the natives pricked their skin with a sharp bone dipped in soot and coconut oil. The New York Stock Exchange data, its origin to 1792 when 24 merchants gathered under a buttonwood tree to buy and sell stocks.

# Joe G. Evans Entertain Pioneers With Breakfast

Mr. and Mrs. Joe G. Evans of Hereford, who grew up in Swisher County and Tulla, from 1895 and 1899 until 1931, when they moved to Hereford, for many years have entertained their pioneer friends with a fellowship get-together, a breakfast on July 17, the county's anniversary celebration. They did so again this year, co-hosted by their friends, Mr. and Mrs. Walker W. Parker of Tulla.

Ninety-six pioneers attended this year, ranging in time of residence from 1892 to 1910. The Rev. J. B. Rowan, who grew up with the pioneers, brought the spiritual message. Floyd Pannell led the singing with Mrs. Pannell at the piano. Songs included "How D'Ye Do?", "God Bless America", "Home On The Range", "When You and I Were Young, Maggie" and "God Be With You".

The affair was held in the Tulla High School cafeteria where the old friends visited together, recapping experiences of burning cow chips to cook food and to keep warm, walking from two to five miles to a one-teacher school, and traveling by horse-drawn wagon from 25 to 45 miles to do their shopping.

After the morning visit, the pioneers were honored with a noon barbecue.

Attending were Messrs. and Mesdames L. C. Edwards, Monte Clayton, George W. Tucker, John Adams, Luther Bivens, J. C. Porter, J. B. Rowan, James T. Hale, Dennis Zimmerman, A. S. Kiker, Ewell Grigg, Rex Rodgers, Bun Hale, Hugh Parker, George J. Jennings Sr., Bill Cox, Glen Carter, J. A. Evans, Floyd Pannell, F. T. Day, J. W. McGlaun, Emmett LaRoe, Joe W. Vaughn, all of Tulla; Charles Poff, W. C. White, Happy; Sam

Hand, Waco; Fred Cox, Lovington, N. M.; Mesdames Julia Mulkey Smith, Evanman, Tex.; Arma Waite, Glendale, Ariz.; Viola Loftin, Dave Evans, J. T. James, Herbert Wilkes, Mary Jordan, Jack Starnes, Iva Patching Harris, Faye Bernes, Ar-

telle Thompson, Mary C. George, E. R. Partlow, Pete Raymond, J. R. Tucker, Tulla; Fred Armstrong, Bernice Parker Adamson, Beulah Tucker Henderson, Amarillo; Ona Evans, Holland, C. H. Cox, Happy; Mrs. Naomi Orr and grandson,

Gary Wayne, of Wichita Falls; Miss Ida Vaughn of Tulla; Messrs. C. L. White and Charles Evans, Happy; Phin Cox of Eastland; E. W. Flynt, Carl L. Hale Sr., Cecil Evans, E. K. Hulsey, P. I. McCune, Blaine Barnes, Will Edwards, Howard Edwards, John Raymond, Sid J. Payne, J. R. (Chink) Tucker, A. A. Vaughn and R. J. Stallings, all of Tulla; and the hosts, Mr. and Mrs. Walker W. Parker of Tulla and Mr. and Mrs. Joe G. Evans of Hereford.

## Attend Second Camp Session

Seventy-one Hereford Campfire Girls are attending the second camp session at Pine Lodge Guest Ranch near Capitan, N. M. The group left Hereford on Monday morning, July 30, at 6 a. m. in buses, a truck, and a pickup for the trip to Capitan by way of Portales, N. M., where they made a stop and were guests of the Campfire Girls in that city. They will return home on Aug. 4.

Adults making the trip with the second group are Mrs. Virgil Marsh as director; Mrs. Tillie Miller as nurse; and Mesdames John Gooch, Gordon Elliott, Walter London Jr., Gerald Hale, Vance Crume, Bill Dameron, Preston Hagans and John Damron as counselors.

This year's camp is the largest Hereford has ever had, "Camp Yazzi - Kewa", which means "Lodge in the Pines", is an Indian name. The camp program includes nature studies by day and night, hiking over mountain trails, evening activities, and a day of activity with the U. S. Forest Rangers in charge, horseback riding, camp crafts and handicrafts, and enjoyment of the outdoors.

Going to camp were Charlotte Babione, Connie Bainum, Susan Ballard, Beth Ballard, Debbie Beene, Martha Baker, Renee Borland, Lanny Buck, Cindy Cavness, Prissy Crume, Kyle Carter, Deborah Corley, Valerie Denny, Kerri Dameron, Shari Damron, Sue Easley, Becky Elliott, Renal Ferguson, Diana Fangman, Deborah Gholson, Ginger Gholson, Sharon Garrison, Gene Ann Guynes, Linda Glenn, Mary Sue Gooch, Elsie Gonzales, Karen Gilbert, Patricia Hill, Trudy Hollingsworth, Rebecca Hickman, Diana Hickman, Marsha Hardwick, Gayle Hodson, Suzanne Hart, Lynn Hale, Cynthia Hale, Sharon Hagans, Cathy Hampton, Regina Hampton, Julia London, Sharon Livengood, Barbara Langley, Janis Medley, Janet Miller, Jan Miller, Pam Miller, Katherine Miller, Doris Malone, Sherri Marsh, Ruby Perkins, Judy Robertson, Debra Reeves, Jean Roberson, Carolyn Ruskin, Peggy Summers, Jan Scott, Sallian Scott, Patsy Smith, Micah Smith, Sharon Tinnin, Lynette Thomason, Shirley Turner, Connie Ward, Susan White, Sherry White, Billie Jo Witherspoon, Lisa Williamson, Sue Woodall, Kathy Woodward and Mitzi Gametz.

## History Survey Committees Set Regional Meet

A regional meeting of historical survey committees from 44 Panhandle counties has been set for Saturday, Aug. 18, in Amarillo, according to Dr. Rupert N. Richardson, president of the Texas State Historical Survey Committee.

The joint meeting of county and state historical survey groups will begin with a noon luncheon at the Vic-Mon Motel.

Members of the Deaf Smith County Committee who plan to attend the regional meeting in Amarillo include Ida May Vaughn, Mrs. Reed Williams, C. R. Smith, J. B. Elliston, J. C. Cox, Clara Shore, Mrs. H. F. Neely and W. G. Harris.

"All county historical survey committee members, members of county historical association and other persons interested in historical preservation are urged to attend," Dr. Richardson said.

"We want this meeting to be a reawakening of interest in historical preservation in the Panhandle," he pointed out. "It will also give the counties and the state an opportunity to discuss coordination of all our efforts."

The Panhandle Regional Meeting program will be centered around what counties are doing and can do to preserve Texas history as well as the work being done by the Texas State Historical Survey Committee.

This will be the fifth regional meeting the state group has held this year. Other meetings have been held in regions surrounding Victoria, Nacogdoches, McCamey and Abilene.

## Dawn Boys 4-H Club Honors Felix Martin

The Dawn Boys 4-H Club hosted a birthday and farewell party on Friday evening, July 27, at 8:30 p.m. in the home of Mr. and Mrs. Earl Plank, for Felix Martin, International Farm Youth Exchangee from Spain, who has been living in the Plank home for several months.

Martin was presented with a birthday cake decorated with birthday greetings written in Spanish. The cake was made and decorated by Mrs. H. H.

Miller of Dawn, one of the adult leaders of the club. The boys also presented Felix Martin with a western hat to take home.

Homemade ice cream and birthday cake were served to the guests attending the party. They were Mr. and Mrs. Charles Frye, Feytlin Yegenoglu of Turkey, who is also an International Farm Youth Exchangee, Mr. and Mrs. Lefty Thomas, Mrs. John Thomas of Lubbock, Miss LuAnne Higgins, Craig Griffith of Hereford, John LeVelt of Carlinville, Ill., Clarence Betzen, Tony Hoffman and Jim McAndrews. Club members present were Dion Miller, Jon David Miller, Steven McAndrews, Kevin McAndrews, Tommy Betzen, Steven Hoffman and Dick Plank and the honoree, Felix Martin, and the hosts, Mr. and Mrs. Earl Plank.

**ARRIVES**  
Miss Sherry Pinkerton of Lubbock arrived Aug. 1 for a week's visit with her grandparents, Mr. and Mrs. Loy T. White, and her uncle, Mr. and Mrs. Glen Nelson and sons.

**RECENT VISITOR**  
Cliff Galley, a former resident of Hereford, was a visitor in town on Wednesday, July 25.

**VISITS FROM CANYON**  
Clyde Miller of Canyon was a Hereford visitor on Monday afternoon, July 30.

**CELEBRATE ANNIVERSARY**  
Mr. and Mrs. W. W. Gilbreath of Hereford celebrated their first wedding anniversary with a dance at the Hereford Country Club recently. Thirty couples joined the celebrants at the party with the orchestra of Blue Barron furnishing the music.

## Last Meeting Held At Noon Luncheon

For the last meeting of the year the North Hereford Home Demonstration Club members met in the home of Mrs. Aubyn E. Hodges for a covered dish luncheon.

Roll call was answered with "My favorite home preserved food or a helpful hint in freezing, canning and pickling."

Mrs. Mary Gooch read the poem, "Grandmother", for the opening exercises.

Miss Loretta Fowler, assistant county agent, and Catherine Smith, 4-H junior leader, gave a bean-canning demonstration, stressing the correct use of jars and lids.

Visitors for the meeting were Becky Long, Patsy Patzold, Patsy Herr, Kay James and

Dorothy Marnell, all members of the Merry Maidens 4-H Club.

New officers for the coming year were elected. They are Mrs. Gaylon Bryan, president; Mrs. Mary Gooch, vice president; Mrs. Clyde Smithers, secretary; Mrs. Doice Nivens, treasurer; and Mrs. Emeline Watson, reporter; Mrs. Clinton Ward, parliamentarian; and Mrs. O. L. Williamson, H. D. Council delegate.

Those present for the meeting were Mesdames Clinton Ward, Doice Nivens, Emeline Watson, O. L. Williamson, Mary Gooch and daughter, C. L. Whitehead, Aubyn E. Hodges and children, Mrs. Clyde Smithers and the special visitors.

## Parade Ends Festival

Brand

Staff

Photos

FIRST PLACE WINNER in the organization category of the Annual Harvest Festival Parade was awarded to the Jody Drill Team of Amarillo Air Force Base. The group performed a series of precision maneuvers as it moved along the parade route Saturday to take top honors in the category.

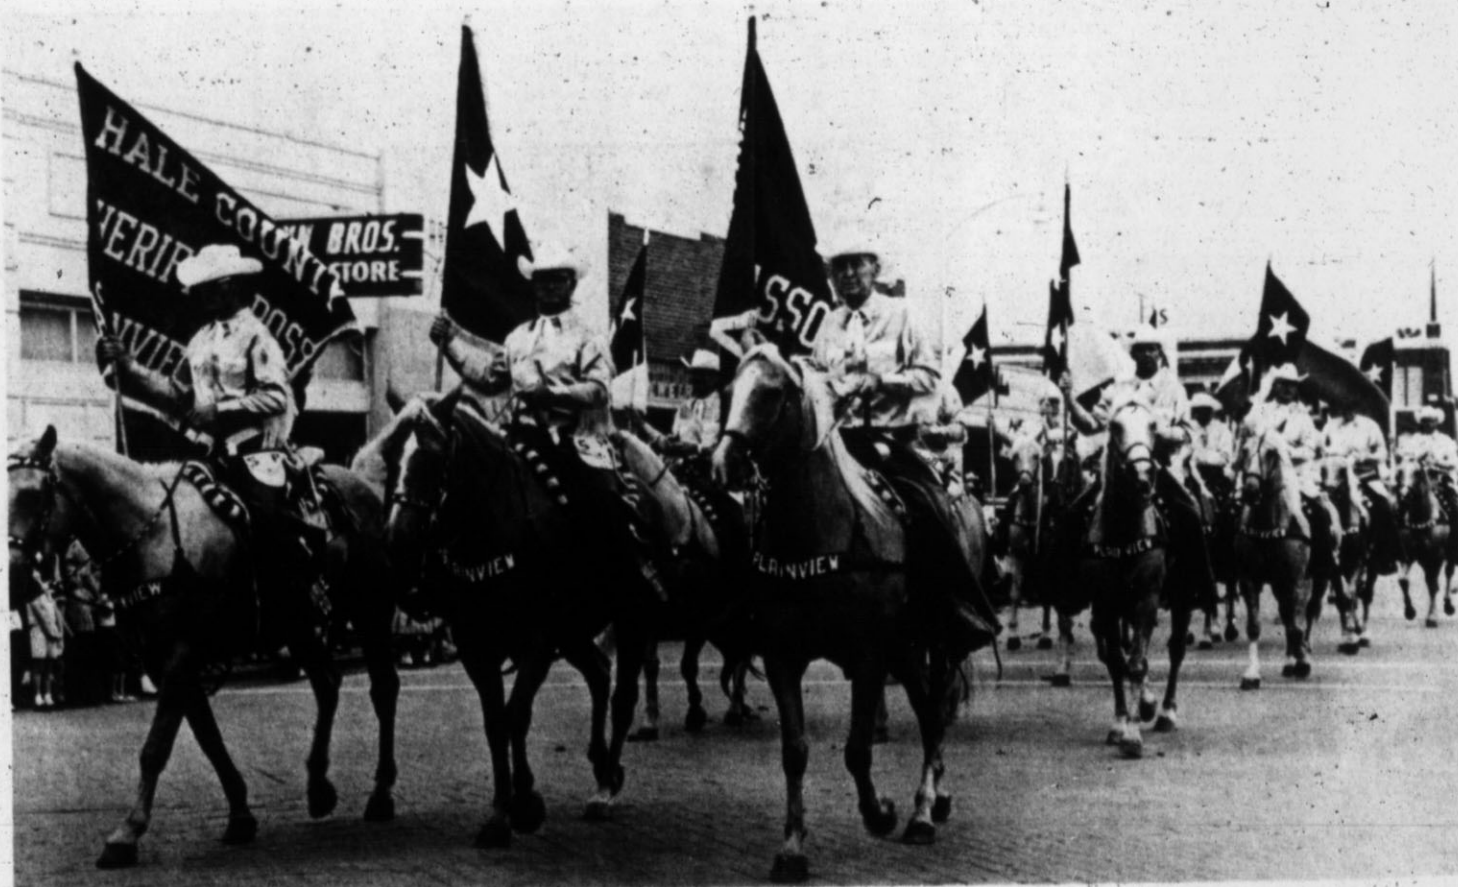

HIGHLIGHTING THE HARVEST PARADE was the Queen's Float which took first place in the commercial division contest. The float was entered by Lankford's Flower Shop. Featured on the float was the 1962 Harvest Festival Queen, Dyan Duval, and her two attendants, Sharon Hill and Kay Lemons.

INTENSE INTEREST is reflected in the faces of children viewing the Harvest Festival Parade as floats, bands, and riding clubs moved along Main Street Saturday. The parade, climax of the week-long celebration,

was followed by a barbecue and the festival ended with the final night of the Lions Club Carnival, Farm and Home Show and a rodeo performance.

HALE COUNTY SHERIFF'S POSSE was named the winner of the riding club competition in the Harvest Festival parade here Saturday. In the parade, a number of riding clubs and sheriff's posses from the Golden Spread were featured. Awarded second was the Shamrock Sheriff's Posse with the Cochran County Sheriff's Posse placing third.

## Hereford Beats Pampa On 4 Hits

Hereford made the most of its four hits to beat Pampa 7-4 in the district Pony League tournament here Thursday night. Pampa got seven hits, but couldn't get the runs it needed.

A wild fourth inning really meant victory for Hereford as, with two out, it scored five runs on two hits. There was little doubt from the first that it was going to be an exciting game. Pampa loaded the bases with a pair of singles and a walk in the top of the first, but didn't score.

Hereford used two walks and catcher's interference to load the sacks in the last of the first, but couldn't push in a run either. Pampa was held to one single in the second, with no advance for the runner.

Hereford scored two runs in the second inning. Alex Guerrero started off by getting on by error. With one out, Ed Mims and Gene Duvall drew a walk to load the bases. Wynn Buck's bunt rolled slowly down the left field line, wavering back and fourth as Guerrero raced home.

Pampa fielders watched the ball, expecting it to go out of bounds any moment. But it rolled along until it came to rest against third base. Hodges drew a walk to force in the other run. Pampa went down in order in the third, thanks to a fine double play by Hereford. Rick Maynard's fly to left field was grabbed on the run by Robby Lemons, who fired to first to get a runner who had gotten on by fielder's choice.

Jim Allison walked and got to third on a stolen base and a passed ball in the third, but couldn't score.

In the fourth, Pampa went down again in order. Then came the wild fourth for Hereford. Gene Duvall got on by error but was out on a fielder's choice with a strike-out between. Justice had hit to shortstop to force Duvall. Hodges walked, Mike Moore got on by error and Jim Allison doubled. Alex Guerrero

4-H Junior Leaders  
courtesy Hereford Grain Co-op, Dawn Grain Co-op and PGC

then lifted a high fly over the left field fence for a two-run homer that gave Hereford a 7-0 lead.

Following a walk and an error in the top of the fifth, Hereford turned in another double play. Center fielder Robby Lemons caught a sinking line drive and fired to first to double off a runner.

Walks put Hereford runners on second and third in the fifth, but they failed to score. Pampa got its first run in the sixth as Ted Byrd walked, Maynard singled and Roy Harper doubled in the score. But three straight strike-outs retired the side with no more runs.

Hereford put one runner on in the sixth, but didn't score. Then Pampa came to life. Gary Johnson's high pop fly in the infield was missed. Paul Burnett singled before the first out. Byrd walked and a ball to second base made it two out. A passed ball and a single by Harper got two more runs in before the side was retired.

Ed Mims, fireballing right-hander, got credit for the win by going all the way. He scattered seven hits for four runs, struck out seven and walked five.

struck out five and walked two. Harper was the leading hitter for Pampa with a single and a double in three trips up. Jim Allison got half of Hereford's hits with a single and a double in three trips.

Hereford was charged with three errors and Pampa had five.

AUSTIN HIGHLIGHTS

# Water Bill Approval Campaign Being Launched

**By Vern Sanford**  
Gov. Price Daniel and water conservation leaders are launching a campaign to win voter approval of Constitutional Amendment No. 4 on the general election ballot November 6.

Daniel's Statewide Water Conservation Committee will meet on September 10 to map the campaign. Other statewide organizations are being urged to join the effort.

This amendment would allow the Texas Water Development Board to use part of its \$100,000,000 water loan fund to pay for the added height needed to fully utilize damsites in Texas.

Story is this: When cities or the Federal government build reservoirs, there may not be enough demand for water in the area to build the dams to their full height. Water studies have indicated that in 20 to 50 years the full yield of all presently proposed reservoirs will be needed to supply the 21,000,000 Texans expected by the year 2010.

But if the dam and reservoir are built only to meet present or near-future needs, there will be greatly increased costs later on, since recreational and other developments will have been built around it. Cost could run two, or three times as much, then, to buy the developed land and raise the dam.

In the long run, sponsors argue, the amendment would save Texans many millions. If it passes, the Development Board could pay for the added cost now and hold the water storage space until cities or industries in the area need the water and are willing to pay for it. Then the revenue can be used to pay off the issues.

Two samples of the need are in the news these days. Lavon Reservoir near Dallas was built mainly for flood control by the U. S. Army Corps of Engineers. Now more space is needed for water supply purposes.

Today, however, the North Texas Municipal Water District, which supplies water to 10 cities in the area, will have to pay about 60 to 70 per cent more than it would have cost them in the first place.

Cooper Reservoir on the Sulphur River is being delayed, right now, because cities in the area just can't raise the money to build it to full size.

**LEGISLATORS' LIBRARIAN LEAVING**  
Miss Doris Connerly, the 1919 University of Texas law graduate who has directed a reference

library for State representatives in the Capitol for 34 years, won't be in the statehouse when the 58th Legislature meets next January.

She will retire on September 30. Miss Connerly became director of the Legislative Reference Library in 1928 when Dan Moody was governor.

She and the late Gov. Beauford Jester were former classmates and friends. However, she won't pick a favorite among the Texas governors she has worked with. But she does say that she considers herself fortunate to have served during the terms of Coke Stevenson, Allan Shivers and Price Daniel. "These men played an important role in Texas' growth in economics and culture," she says.

Texas' legislative library was established by the Legislature

in 1909 to furnish legislators with factual and historical material. But thousands of state workers and citizens interested in state business have used its services, including the file on "State Statutes and Session Laws." These date back more than 150 years and relate to all 50 states in the union.

**COURTS TAKE A HOLIDAY**  
Justices of the Texas Supreme Court and the Court of Criminal Appeals have shed their long black robes for the remainder of the summer. The massive doors to their elegant chambers in the Texas Supreme Court Building won't be opened again until they reconvene on October 1.

Both courts are "supreme courts" because of a unique judicial set-up that Texas shares with the State of Oklahoma and England. Civil cases appealed from lower courts

come to the Supreme Court. Final hall of appeal for criminal cases is the Court of Criminal Appeals.

**POPULATION ZOOMING**  
State Health Commissioner J. E. Peavy estimates that Texas' population passed the 10,000,000 mark Friday.

He based his prediction by computing births, deaths and migration since April, 1960.

At that time Texas had a population of 9,579,677. Then Texans registered 570,250 births and 176,500 deaths or a natural increase of 393,750.

Assuming that the 1950-1960 rate of migration has continued, 26,500 more people have moved into the state than out, during the calculated period. That would give the state a total population of 9,999,927 on July 26. Dr. Peavy figured Friday was "10-Million Day," since more than 400 people are added daily by the excess of births over deaths.

**NATIONAL SEASHORE URGED**  
The Legislative Beach Study Committee, headed by Sen. Robert W. Baker of Houston, endorsed the creation of a national seashore area on Padre Island during a meeting in Galveston. He urged immediate legislation to implement the recent law passed by the U. S. Senate.

Committee is composed of Sen. Culp Krueger, El Campo; Sen. A. R. Schwarz, Galveston; Rep. Neal Caldwell, Alvin;

Rep. Don Garrison, Houston; John Mehos of Galveston; Jack E. Walker of Baytown; George T. Camp of Beaumont, and C. T. Parker Jr. and W. B. Edwards of Houston.

They expected to meet again in the fall to prepare a report for the Legislature.

**SAFETY PLAN LAUDED**  
Governor Daniel credited organizations such as the Junior Chambers of Commerce and the Texas Federation of Women's Clubs with awakening public interest in the use of safety belts in automobiles.

He said that Texas Department of Public Safety statisticians have informed him that their accident reports show that "500 lives could have been saved in Texas as traffic in 1961 alone if drivers and front-seat passengers, in particular, had been wearing seat belts."

This would have reduced that year's traffic toll by nearly one-fourth.

Jaycees and members of TFWC have been conducting safety belt campaigns.

**WILSON CITES ODD CURES**

Attorney General Will Wilson noted the recent U. S. District Court's refusal to allow naturopaths to prevent the State of Texas from prosecuting them for practicing medicine without meeting qualifications of the Medical Practices Act.

Wilson called the decision "a

valuable tool with which the people of Texas can fight uneducated charlatans and quacks who prey on unfortunate people when they have troubles."

He cited state's evidence including: One naturopath who treated patients by sending catnip, parsley and strawberry leaf tea through the mail without having seen the patients.

Another who claimed to be qualified to give psychiatric treatment by an extension course from the University of California. U. of C. denied any knowledge of such course.

Another claimed to use an electronic machine to detect cancer, cataracts, arthritis and hardening of the arteries from urine specimens sent to him through the mail. Members of the department of electrical engineering at Texas A & M College found the machine incapable of detecting vibrations or diagnosing any form of illness.

James L. McNeese Jr., attorney for the naturopaths, said he would appeal the ruling against his clients to the U. S. Supreme Court.

The naturopaths have filed a \$1,000,000 slander suit against the attorney general, but no hearings have been held.

**SHORT SNORTS**

The U. S. Senate has confirmed two promotions to Major General: Thomas S. Bishop of Austin, Adjutant

General of Texas, and Everett S. Simpson of Amarillo, Commanding General of the 38th National Guard Division. State Treasurer Jesse James reported the deficit in the General Revenue Fund increased from \$28,351,556 to \$33,083,17 since July 9.

Rep. Charles N. Wilson of Trinity has asked C. Smith Ramsey of San Augustine, chairman of the Board of Re-

gents of State Teachers Colleges, to explain the firing of Prof. R. C. Koeninger at Sam Houston State College.

## 'HANSEL AND GRETEL' SLATED

### Lee Blocker Stars In Summer Theatre

Lee Blocker of Hereford will play the leading role of Gretel this weekend at Canyon in a production of "Hansel and Gretel". The delightful children's story is being put on by the Palo Duro Players Summer Theatre group at West Texas State College.

Curtain time is 8:15 p.m. Friday and Saturday, Aug. 3 and 4, on the green south of the college education building.

Miss Blocker is the daughter of Mr. and Mrs. Johnny Blocker, 133 Aspen. She is a senior speech major at West Texas and has played the lead in a number of productions at the school.

Erin Wertenberger, son of Mr. and Mrs. O. Wertenberger of Hereford, is design and technical director for the production. He has designed some unusual and picturesque costumes and settings.

Other members of the cast include: Bob Haggard of Canyon as Hansel; Carroll Killingsworth, Wheeler school teacher, as the kindly father; Phyllis Triplett of San Angelo as the selfish step-mother; Lydia Miller of Fort Worth as the wicked witch; and Judy Haney of Canyon as the witch's cat.

Alpha Psi Omega, national honor dramatic fraternity, will hold a village fair in connection with the play. One booth will

have members in costume selling gingerbread men and "magic punch." One will sell ceramics made by members of Mrs. Wertenberger's class on china painting and ceramics. This group is donating all proceeds, above actual materials cost, to the Alpha Psi Omega Scholarship Fund.

In case of rain, Hansel and Gretel will be presented in the Branding Iron Theatre. Co-directing the play are Mr. and Mrs. William A. Moore, co-directors of the Branding Iron Theatre.

Erin Wertenberger, president of the Shakespearean Players, also announced that the Texas Shakespeare Festival will be held Aug. 17-18 at West Texas. Production for this season will be "Much Ado About Nothing".

**DRUM ADAPTS PLAY HE KNOWS**

NEW YORK (AP) — Playing an old comedy in stock turned actor Leonard Drum into a writer-composer-lyricist.

The subject of Drum's labors is George Kelly's "The Show-Off," in which he performed in 1956. The new adaptation, entitled "The Kid from Philly," is to be produced on Broadway by Michael Dewell, a cosponsor of the National Repertory Theatre.

# LOOK WHAT

Here it is . . . One of the Most Sensational, Money Saving Fall Fabric Sales You'll See All Year. Planned and Bought for Months in Advance in Order to Bring You These Terrific Values. Plan Now Not to Miss It, You'll Save and You'll Save Plenty.

New Fall Patterns and Colors

## 80 SQUARE DRESS PRINTS

Just imagine, first quality, 80 Square, drip-dry finish cotton dress prints at this money saving price. You'll want yards and yards not only for dresses but for skirts, shirts, blouses and even quilting. 36 inches wide, full bolt pieces. These will go fast so hurry for your share.

Sale Priced → **4 YARDS \$1**

Brand new for fall - Huge assortment

## DRESS AND SPORT FABRICS

36/45 inch width cotton-dress and sport fabrics in 10 to 20 yard pieces. Choose from Sateen prints, combed woven seersucker, plaid, combed woven fancy clips, drip dry jewel prints, cambridge prints, drip-dry tatty-ho cottons. In solid or printed colors or woven cotton gingham. Save money on every inch you buy.

Sale Priced → **2 YARDS \$1**

Regular \$2 and \$3 per yard Values

## FALL SUITINGS

45 inch width suitings in 100% combed cottons, dacron and cottons and silk and cottons. All from a famous maker. You will find ever so many uses for these lovely suitings in falls most popular colors and combinations. Plan now to see these, you'll buy, you'll save.

**\$1 yd.**

## 54" Rayon Flannel Skirt Lengths

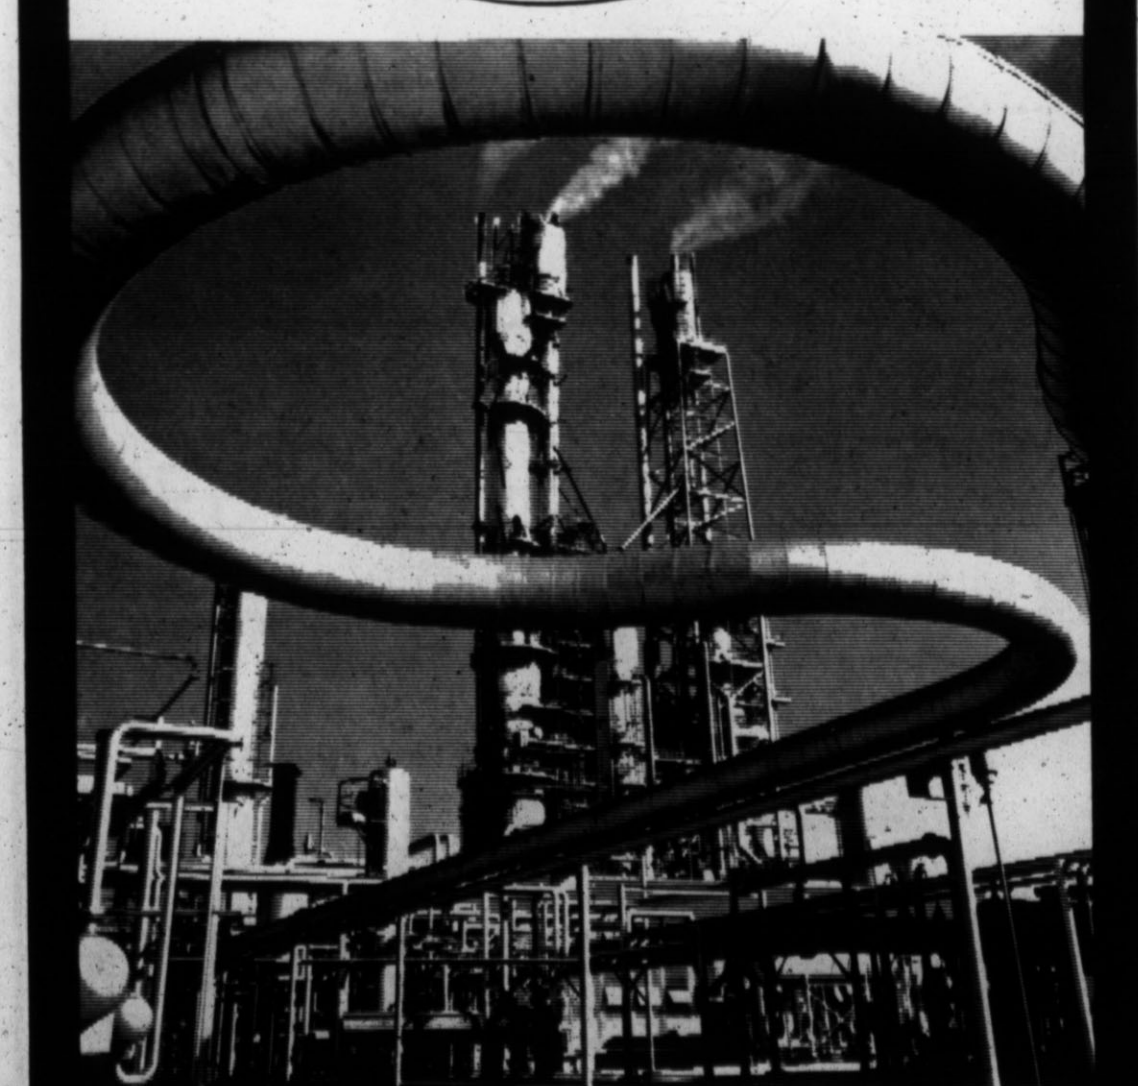

with 9" Talon Zipper

Can be converted into an exclusive fashion skirt in minutes. Comes with instructions for sewing. 9 inch Talon zipper included. Of fine Classic 100% Rayon Flannel, hand washable, crease resistant in the season's most exciting colorings. Will fit anyone-size 10 to 18. You will want several when you see them at this thrifty Anthony price.

**\$1 EA.**

# Quality

"The Voice of Faith" broadcast over KPAN each Sunday 5-5:15 p.m. Everyone Welcome.

John, the last prophet of the Bible, dreamed of a place where there would be no night. There is such a place. We live in an X-ray world. While we may not be conscious of it, a light is forever falling upon us. God's light falls upon this man. *Brother, your could not make it alone! We must have Him.* How foolish of anyone to try to walk in darkness... to walk alone. Why, you can't do it. *Even the way to church is lighted with His presence when you head that way.* God watches over His children, and doesn't that make you glad? Look at the friendly, ever watchful eye of God pictured on our one dollar bill. He is watching over the destinies of our America. He will guide the steps of His children, if they allow Him... will you?

## Church Of Jesus Christ of Latter Day Saints

REP. ROGERS WRITES

# Subsidy's Critics May Be Target Of Own Criticisms

TO THE PEOPLE OF THE 18TH DISTRICT:

There is an old saying, "the pot calling the kettle black." This saying is brought to mind quite often when one engages in a detailed study of "subsidy." Webster defines "subsidy" as follows:

"A grant of funds or property from a government, as of the State or a municipal corporation, to a private person or company to assist in the establishment or support of an enterprise deemed advantageous to the public; a subvention. In practice subsidies are chiefly granted in aid of transportation enterprises, as to ship, canal, air-transport, or railroad companies, bounties on sugar being next in importance. A subsidy may be a simple gift or may consist in the payment of an amount in excess of the usual charges for any service, as in carrying the mails, or of funds to aid in establishing or maintaining a service or equipment larger or more powerful than the state of trade would warrant, as the building and keeping in service of vessels designed for use as cruisers and auxiliaries in war. Subsidy is often inexactly used to designate an entire payment for services, as for carrying mail, which, properly speaking includes compensation for actual services, and a subsidy proper, consisting in the sum paid in excess of the compensation. In ordinary usage subsidy often carries a derogatory implication."

To subsidize is defined by the same dictionary as "to aid or promote, as a private enterprise, with public money; as, to subsidize a steamship line." Funk & Wagnal's "New Standard" Dictionary of the English Language, has a briefer definition of subsidy: "Pecuniary aid directly granted by government to an individual or commercial enterprise deemed productive of public benefit."

Since different groups prefer to place different definitions on "subsidy" in recent years the term has taken on a derogatory meaning. This is primarily due to the fact that many who receive aid and assistance from the government — federal, State, and local — have no difficulty in justifying the grants to themselves. However, there has been a tendency by some to bitterly criticize and condemn such assistance or grants going to others.

This prompts the question of whether or not "the pot might be calling the kettle black." Numerous studies have been made on all of the subsidies paid by the several governments in this country and especially the Federal government. In order to start from some common premise in the study of these matters, proposed guidelines have been laid down as to the elements that should be included in the definition of a subsidy and the following recommendations were made.

"A subsidy is an act by governmental unit involving either (1) a payment, (2) a remission of charges, or (3) supplying commodities or services at less than cost or market price, with the intent of achieving a particular economic objective, most usually the supplying to a general market a product or service which would be supplied in as great quantity only at a higher price in the absence

of the payment or remission of charges. Government loans made at lower than market rates of interest or at rates below the cost of funds to the Government and Government insurance provided at lower than private insurance premium rates may also appropriately be considered as subsidies.

This definition distinguishes subsidies from the following other types of assistance:

- (a) Aids to foreign governments,
- (b) Aids to business, or farmers, which are intended to help the businesses in any program of its own choice; in such a case the Government does not determine the program which it wishes to see fulfilled.
- (c) Purchases or sales made on the Government's own behalf which may prove more profitable to the private seller or buyer than comparable transactions on the open market, except where a primary motive of such transactions is assistance to a particular segment of the economy. Thus some pur-

chases of minerals for stockpiling and of surplus farm commodities could readily be conceived of as subsidies, whereas a Government contract for production of a plane or missile would not normally be considered to involve a subsidy.

(d) Grants - in - aid to States and local units.

One type of benefit that may have a subsidy element but often is not classed as a subsidy is differential tax treatment for particular categories of persons or groups, such as minerals' producers, corporations installing certain defense facilities, co-operatives, or producers of goods protected from foreign competition by tariffs."

Whatever may be one's personal views as to the general principle of subsidy, it would be very well to weigh the matter carefully before indulging in too harsh criticism of others. The critic might find himself the subject of his own criticism. In other words, he might be both the pot and the kettle.

WALTER ROGERS  
MEMBER OF CONGRESS  
18TH DISTRICT OF TEXAS

TIGHTLY CLUTCHING a "health kit", one young regular listens intently during part of the Hereford Migrant Ministry's second annual Vacation Bible School, held the past two weeks at Casa de Amigos near the Hereford Labor Camp. Health kits, containing towel, wash cloth, soap, toothbrush and toothpaste, were prepared by the First Christian Church of Amarillo and given to each child at the school.

A dramatic surge of power gave the Hereford Pony League All-Stars a victory over Borger here Saturday in the finals of the district tournament. Hereford, down 1-6 when the game was halted Friday night in the last of the second inning, came back Saturday afternoon to knot the score and then go ahead in the sixth inning.

It proved to be the final night and gave Hereford the right to advance to the area meet in Childress this weekend.

On Wednesday night, Pampa defeated Borger 6-5. Hereford downed Pampa 7-4 the following night. On Friday afternoon, Borger beat Pampa 8-3 to advance to the finals. Had Borger beaten Hereford, another game would have been necessary.

And that was exactly what it looked like during the first part of the contest Friday night. Hereford scored one run in the top of the first on four walks and a double by Kenny Justice.

But Borger quickly went in front 2-1 in the last of the first on an error, two walks and two singles. The side finally was retired with the bases loaded.

Scheduled for production are Sophocles' "Antigone," Shakespeare's "The Comedy of Errors," Albert Camus' "Caligula" and Eugene O'Neill's "Mourning Becomes Electra."

**ROYAL RANGERS**  
SPRINGFIELD, Mo. (AP) — A new nationwide boys' organization similar to the Boy Scouts and to be known as "Royal Rangers" will be launched next fall by the Assemblies of God Men's Fellowship Department.

**SOPHOCLES TO O'NEILL**  
PRINCETON, N. J. (AP) — The "Mediterranean heritage" of western drama is to feature the next season at Princeton University's professional theater.

The project, which enters its third season in the fall, is aimed at providing students and public with diversified and educational entertainment.

Scheduled for production are Sophocles' "Antigone," Shakespeare's "The Comedy of Errors," Albert Camus' "Caligula" and Eugene O'Neill's "Mourning Becomes Electra."

Over-cooking scrambled eggs usually makes them dry and rubbery, so modern recipes recommend low heat. If higher heat is used, watch your timing; if you remove them from the range the split second they are coagulated, the result will be worthwhile.

Alex Guerrero was relieved at that point by Felix Albiar. With the count one ball and no strikes on Freddy Moss, the rains came, halting play for the night.

When the game was resumed at that point Saturday afternoon, it was a fired-up Hereford team that took the field. Albiar got Moss to ground out and Hereford went to work.

Steve Hodges opened with a single and Mike Watts powered a homer over the left field barrier. Mike Moore drew a walk and Jim Allison singled. Albiar was safe on a sacrifice that failed to get a runner. With one out, Allison got caught in a run-down but scored when the third baseman dropped the ball. Gene Duvall walked. With two out, Justice singled before the side was retired. That tied the game 5-5 and gave Hereford new life.

With two out in the last of the third, Jeter walked. But Hereford second baseman Duvall grabbed a hot grounder as he fell behind second base. He slid toward the bag, touching it ahead of the runner to retire the side.

Hereford went down in order, and Borger came back for two runs and an 8-6 lead. With one out, David Burns singled and Glenn Hopkins walked. Brewer doubled, but a relay caught Burns at third. Brewer came in on an error.

Hereford went down in order in the fifth. Borger drew three

straight walks in the fifth and Steve Hodges replaced Albiar on the mound. A tap back to the mound caught one runner at home and another at first for a double play. The next batter flied out to prevent any Borger scoring.

Wynn Buck opened a five-run sixth inning for Hereford with a walk. Justice, Hodges and Mike Watts got doubles in succession and Mike Moore walked. Jeter was replaced by Roy Gooch on the mound for Borger, but he gave up a single and a double before a double play eliminated two Hereford runners. A fly ball closed that part of the inning with Hereford ahead 11-8.

In the last of the sixth with two out, Brewer hit another homer, this one over right field. But the next batter struck out. Hereford went down in order in the seventh, then used a strike-out and two ground balls to keep the victory. Hereford fans had a moment of anxiety, however as catcher Gary Payne dropped a third strike on the third batter. But he grabbed the ball and fired to first to end the game.

Alex Guerrero started for Hereford, lasting 1 2/3 innings. He gave up six runs on seven hits, walked two and struck out three. Albiar worked 2 1/3 innings. He gave up two runs on two hits, struck out one and walked two. Steve Hodges worked the last three innings and got credit for the win. He gave up one run on one hit, walked one and struck out three.

Gene Jeter started for Borger and was charged with the loss. He allowed 11 runs on nine hits, walked ten and struck out six. Roy Gooch pitched the last two innings. He gave up no runs, two hits, walked none and struck out one.

Terry Brewer of Borger was easily the outstanding hitter on the field with two home runs and a double in three trips up. He drove in four runs. Hopkins got a pair of singles in three trips for Borger.

Mike Watts aided Hereford greatly with a homer and a double in three trips. Kenny Justice had two doubles and a single in five trips, Hodges got a single and a double in four trips while Allison got two singles in four times up.

Named to the All-Tournament team at the end of the game Saturday were ten players from the three participating teams. They are: Bud Hammons, Larry Daniels and Roy Haper from Pampa; Terry Brewer, Mike Glasscock and Glenn Hopkins from Borger; Ed Mims, Alex Guerrero, Steve Hodges and Kenny Justice from Hereford.

**BOX SCORE**

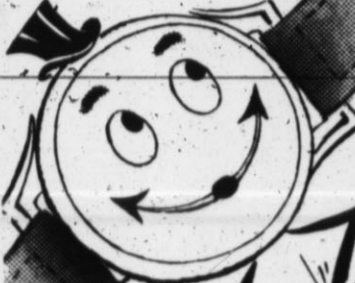

Hereford (11)	AB	R	H

**Here's how Gas heat COOLS your home!**

**CONDENSATION**  
**EVAPORATION**  
**BOILING** ← **ABSORPTION**

Cooling with a Gas flame combines four simple laws of nature. The ARKLA-SERVEL Sun Valley\* GAS air conditioner employs them to produce the finest air conditioning science has yet devised!

First, **BOILING**, as in a percolator, moves the liquid refrigerant to the top of the unit in the form of vapor. Secondly, **CONDENSATION**, as on a glass of cold water, occurs, converting the vapor back to liquid. Next, **EVAPORATION** provides the chilling effect, just as blowing upon your hand, when wet, makes it feel cool. Last, is the **ABSORPTION** of the vapor by a salt solution called lithium bromide, in the same manner as table salt absorbs liquids. The liquid then returns to the "percolator" to start the cycle over again.

This is why an ARKLA-SERVEL Sun Valley\* GAS air conditioner has no moving parts to wear out or

break down, and why it 1) has a life expectancy of three-to-four times that of an ordinary air conditioner, 2) does not lose its efficiency with age, 3) operates with a minimum of service or repair, and 4) maintains its low operating cost throughout the life of the unit.

All these reasons add up to **LOWEST OWNER-SHIP COST . . .** and make ARKLA-SERVEL Gas air conditioning truly the wisest investment you'll ever make for your home.
