EXPECT 700-800 STUDENTS

Regional Band Contests, Clinics Here Dec. 6 - 8

Regional band contests and a clinic are scheduled to begin here Thursday, Dec. 6, and will be highlighted with the All-Regional Band Concert to be held Saturday at 7:30 p. m. in Hereford High School Auditorium.

From 700-800 students will be participating in the clinics, he continued, with 300 to be selected to play in the three All-Regional bands.

Conducting the clinic and AA-AA All-Regional band will be James Mathews, University of Houston. Directing AAA and AA honor band will be Charles Emmons, University of Missouri, and Dean Kilhon, Texas Tech, will conduct the Class A, B, and C bands.

Two Oklahoma Men Sentenced, Fined For Theft

Two Oklahoma men, entering pleas of guilty to misdemeanor theft charges, drew fines and sentences as the case was heard Monday in Deaf Smith County court. Judge H. C. Williams presiding.

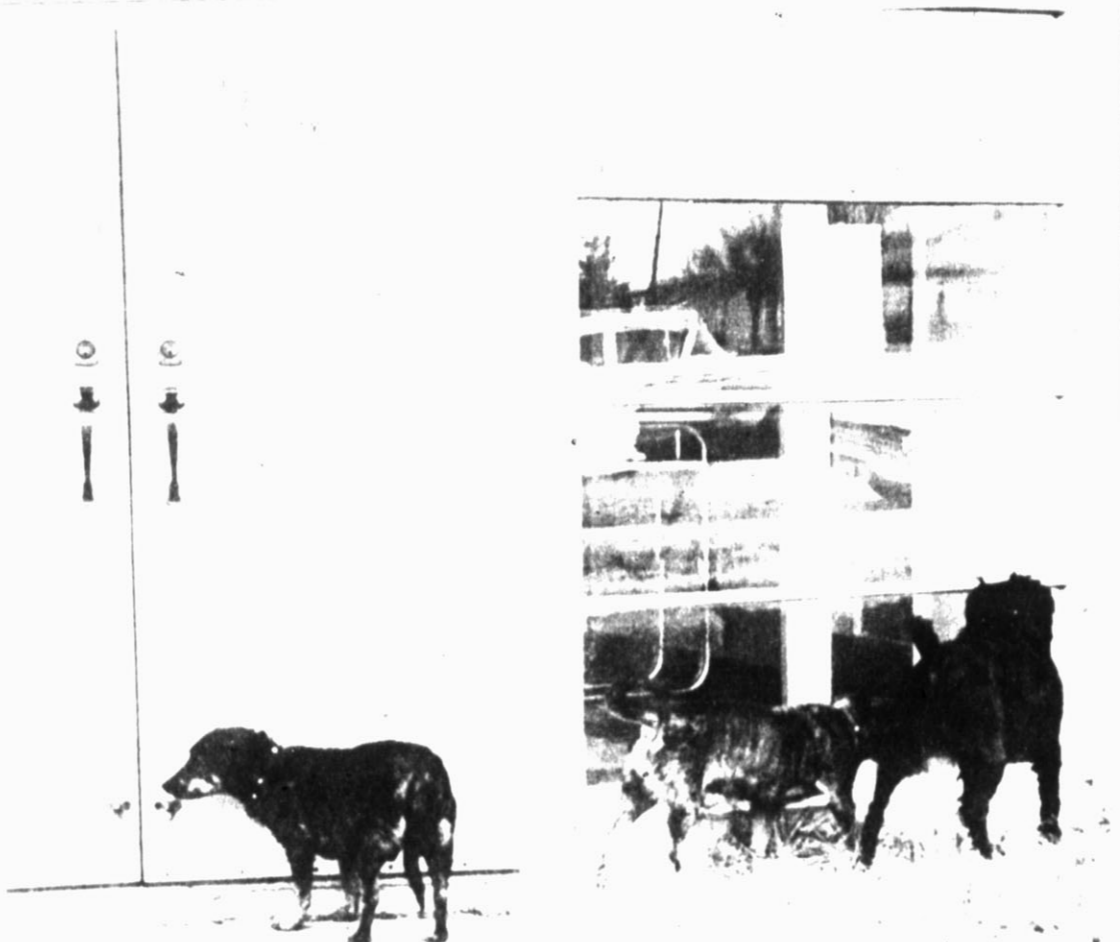

Receiving a fine of \$100 plus costs and a sentence of 10 days in jail was Richard Eldon Pfaff, 28, of Antlers, Okla.

Terry Don Pfaff, 38, of Oklahoma City, received a similar fine but was sentenced to five days in jail.

In handing down the sentences, Judge Williams provided that both men make restitution for money allegedly taken.

Allegations against the two state that they had been borrowing money using watches with new cases and old movements for security according to Deaf Smith County Sheriff's Office.

Both were arrested at Embarger on Friday by Texas Highway patrolmen.

IT WON'T HELP FLEAS, or even ticks, learn a young dog Sunday. After he and a buddy tried and tried, they finally managed an unnoticed entry into the Hereford High School Cafeteria where the Junior Chamber of Commerce and the Hereford Medical Association were distributing the Sabin Oral Vaccine. But despite pooch's pleas, officials refused to give him the dosage. Finally, after sitting unnoticed for minutes, the dog gave up and left. He decided Sabin Vaccine is strictly for people to get rid of polio. (Staff Photos)

7500 TAKE TYPE I DOSE

First Sabin Oral Vaccine Clinic Is Termed Success

Sabin Oral Sunday in Hereford was termed a success as approximately 7,500 area residents reported for their Type I dose of the oral polio vaccine. With two clinics operating in the area, 813 persons reported to the clinic being held at Hereford Labor Camp. The remainder received the vaccine at a clinic held at Hereford High School Cafeteria.

As the clinic was being held here, others were being held simultaneously in three other High Plains counties — Parmer, Castro, and Swisher. However, from reports available, the number of doses of the vaccine given in Hereford topped those given in each of the three other counties. "We, the medical staff, as well as Hereford Junior Chamber of Commerce, are very grateful for the turnout on the part of the citizens of Deaf Smith County," said Dr. A. T. Mims in a statement Tuesday. "All of us feel the clinic was a big success."

Formal Open House for King's Manor retirement home in Hereford will be held Saturday and Sunday, Dec. 8 and 9.

The public is cordially invited to visit the home during this time in order to become acquainted with its facilities and, particularly, with its wonderful residents.

Hours for the Open House are from 2:30 p.m. until 5 p.m. each afternoon. The building includes expenditures of about \$200,000. The building cost \$176,400, furniture and equipment was \$11,600 and the site was \$12,000. This is the first unit of Kings Manor. The home is operated by a special board of the Northwest Texas Conference of The Methodist Church, but is non-sectarian both in its residents and in its staff.

The home was opened on Oct. 9, 1962, slightly more than two years after it was authorized by the Conference.

The home first visualized by members of the Hereford Business and Professional Women's Club, who called representatives of other clubs together to discuss such a home.

During their plans, they were approached by a representative of the Methodist Church. Eventually the Hereford Area Foundation was formed and agreed to work toward a Methodist-operated home in Hereford.

Approval was granted, contingent upon Hereford's support. The Hereford Area Foundation raised more than \$100,000 and bought a suitable site in the northwest part of the city.

Conference approval was granted, plans were drawn, bids were accepted and the home became a reality.

The home has facilities for 20 residents in the first unit. By Feb. 1, 1963, it is expected that a nursing care unit was to be ready for construction bids. It will include 28 beds for those unable to care for themselves. Financing of this \$200,000 project already is assured.

Before the end of 1963, it is hoped that a second unit of the present building can be added. It also would be a project costing about \$200,000 or possibly more.

Ultimately, it is expected that King's Manor will have an investment in buildings and equipment of about \$1,000,000.

The present unit of Kings Manor is filled with a home-like atmosphere despite its size. The halls are carpeted in a light grey-beige with light green walls, natural finish hand rails and large mahogany doors.

The lounge and dining areas are furnished with Early American hard-rock maple furniture with colorful Americana scene pillows and upholstery.

Each room has a private bath, which features a sit-down shower and handrails throughout the bathroom area. The rooms are tastefully furnished, although residents are encouraged to bring their own furniture if they choose. The home includes two double rooms for couples. Each room has spacious closet area with folding chairs.

(Continued on page 5)

In a previous session the need for the storm drain has been repeatedly pointed out since erosion of a drainage ditch is endangering the one-million-gallon reservoir at the station.

Work on the project, according to the contractor, will probably begin within the next three weeks and should be complete within 60 days.

In rejecting the rezoning petition, the Commission upheld an opinion of the Zoning Commission.

The petition, submitted by Roy Manning, asked that his property in the 300 block of Avenue A be rezoned D-1 instead of "B" residential to allow for a trailer park.

The short meeting closed with a report on drilling of the No. 11 water well.

In a special meeting Tuesday night, trustees of the Hereford Rural High School District voted to buy a large quantity of furniture for its new school additions.

All of the furniture will be purchased from American Desk Company of Temple, which was the low bidder on virtually every item.

Exact cost of the furniture wasn't known by Wednesday afternoon as superintendent Paul Stevens and American Desk representative Fred Cunningham still were tabulating the accepted bids for a total price.

The final cost will be approved at a meeting of the board next Tuesday evening. It is expected to be between \$12,000 and \$16,000.

Trustees spent three hours looking at furniture displayed by different companies, then closely compared furniture from the two low bidders before making their decision.

Those submitting bids to the board included Joe Toombs Company of Lubbock; Foremost Equipment Company of Temple; Hoover Brothers, distributors for Brunswick; American Seating Company; and American Desk Company of Temple.

Foremost and American Desk were the two low bidders. American Desk offered four per cent discount if the account is paid in December. It is expected that the company will be paid next Tuesday.

In other action, the board accepted the recommendation that Mrs. Nell McCarley be hired for Central Elementary. She will replace Mrs. Virginia Balch, who is transferring from Central to Hereford High School, where she will teach English. Mrs. Balch will replace Miss Dixie Southworth, who has resigned. The change became effective Wednesday.

The board also approved publication of the school district's financial statement in the Brand.

Here Kitty, Nice Kitty, Drop The Bread

A bread thief, who apparently knew what he was doing, was captured early Wednesday morning while making a getaway across the parking lot of a local supermarket.

The thief, caught in the act of committing the offense was "captured" and taken into custody by Hereford Police Officer Al Bagwell.

The officer is said to have spotted the thief as he was carrying away a loaf of bread. The large, gray cat was picked up and taken to the pound.

Around Town

Everyone should start planning now to attend the Open House at King's Manor retirement home. It is a lovely place with a wonderful staff and delightful residents. Hereford has a large stake in this home and should be proud of the results.

Forgery Charge Filed Against Hereford Man

A charge of felony forgery was filed here Monday against Wayne Gray, 23, 315 Ave. A. A \$1000 bond was set as he was arraigned in Justice of the Peace Court, Judge C. B. Miles presiding.

Gray is alleged to have taken a check from the check book at a local service station, forged the name and cashed the check locally. He was arrested here Saturday by Deaf Smith County Sheriff's deputies.

FOURTH WIN OF YEAR

Herd Trims Eagles Again; Plays At Clovis Friday

Hereford speedy little Whitebees won their fourth straight game of the season Friday night, taking Canyon again 51-46. But they'll have their work cut out for them Friday night when they journey to Clovis to face the potent Wildcats. The game will be at 8 p. m. MST, 9 p. m. Central Time.

Clovis has won three in a row this year, downing Littlefield, Tucuman and Littlefield. The Wildcats are top contenders for the state basketball crown, returning 11 of 18 lettermen. The Cats, in a rebuilding program the last

two years, lost to Hereford last year, but fashioned a 15-10 record through the season. Included on the Wildcat roster are three seniors with two letters each, six seniors with one letter and two juniors with one letter.

In Tuesday's game, Hereford made it three in a row over Canyon, having beat them in the home- and -home series. (Continued on page 5)

WINNER OF TWO tickets to the New Year's Day game at the Cotton Bowl in Dallas is Raymond Lueb. Lueb won this season's contest by picking the winners in 187 games. Winning second place and one ticket was John Beasley. Bub Martin and Mrs. Cuby Kitchens tied for second. A flipped coin determined that Mrs. Kitchens would receive the ticket. First place winner Lueb has not decided whether to go to the game or not. (Staff Photo)

Lueb Wins 12th Week And Season In Grid Contest

Results of the 12th weekly division of the annual Hereford Brand football contest were almost identical to the season outcome.

Raymond Lueb picked 19 winners to maintain his hold on the season standings. He won the two tickets to the 1963 Cotton Bowl that go to the season winner.

Taking second place in the weekly contest and in the final standings was John Beasley, who also picked 19 winners the final week. Beasley will get one Cotton Bowl ticket.

Third place in the weekly contest went to eight-year-old Keith Kitchens, who picked 19 also. His mother, Mrs. Cuby Kitchens, tied with Bud Martin for third place in the final standings. Since Martin is a student at North Texas State College in Denton, his place for the coin-toss was taken by his father, D. C. Martin. But Mrs. Kitchens called the turn and got the last Cotton Bowl ticket.

Also picking 19 in the final week of the contest was George C. Loerwald.

Right behind the two who tied for third place was Rita Martin, Bud's wife. Lueb had 187 picks for the 12-week contest. Beasley got 183 while Mrs. Kitchens and Martin had 181. Rita Martin, Ron Gray and W. L. Davison Jr. each got 180 while Cuby Kitchens and George Loerwald had 179 each.

Hello! How do you do, grown-up friends and fellow-students? Another week has passed, and we find ourselves being caught up in the merry month of December. I'll not remind you of shopping days until Christmas! Enjoy this season!

And speaking of Christmas — all you high-schoolers are cordially invited to come to the Community Center on Monday, Dec. 10, at 6 p. m. for the purpose of decorating the Christmas tree. Mrs. Cave says to "bring a sack lunch and we'll all sit on the floor and eat!" Sounds like a real blast!

Remember this tree is provided for our holiday enjoyment, so it's only fitting that we help "trim" it besides, it'll be fun! See you there with your "vittles" in a sack (or easy carrying, of course!). I'm sorry to say that there seems to be some kind of lull after Bill played in the Hereford game.

During the Thanksgiving weekend, Mr. and Mrs. Don Steele, Diane, Bill and Lynn So-well visited "Six Flags Over Texas" between Lallas and Fort Worth — they left immediately after Bill played in the Hereford-Levelland football game at Levelland on Thanksgiving Day. According to Lynn, they "had more fun!"

Hark, Mr. and Mrs. Public! another club is peddling sweet's — the National Honor Society is selling Mrs. Leland's Old

Fashioned Candies for \$1 and \$1.50 a can — the money will be put into a scholarship fund which will be awarded to some senior member of the Society. Have you heard? The good news? Hereford High School's Red Cross Fund and Enrollment Drive was a big success! The amount of money collected came to a total of \$110.81. Eleven homerooms achieved 100 per cent enrollment — these two figures are the highest ever attained in HHS concerning H. S. R. C. funds and enrollment! Again, Hereford High's student body "came through" in a fine fashion.

On Tuesday, Nov. 27, a nationally and internationally known youth leader, Mrs. Geraldine Conway, spoke in a high school assembly. In an inspiring talk, Mrs. Conway emphasized that the hope of the world is in its youth — that we all must dedicate our lives to Christ, beginning now — and finally, that we Americans must believe in our Cause as ardently as the Communists believe in theirs.

Then last Friday in another assembly, we were fortunate to hear four convicts from the State Penitentiary at Huntsville. Their solemn messages made us grateful to be able to lead a "simple life" in freedom — these men urged us to overcome any character weaknesses present in our own life, because it is these weaknesses which can

Sadie Lee Oliver 4-H Club Plans Christmas Party

Sadie Lee Oliver 4-H Club met in the Westway community center on Nov. 30 to make plans for the club Christmas party, which will be in the home of Mrs. Jimmie Jesko on Dec. 20. Club members will have a part on the program at the community Christmas party on Dec. 22 at the Westway Community Center.

Members attending the meeting were: Deborah Jesko, Rebecca Jesko, Karen Jesko, Janice Green, Jana Denton, Janice and Carol Turrentine, Lynn and Patsy Rudd, Judith Morrison, and Mesdames George Turrentine, Harold Rudd and Jimmie Jesko.

soon become dominant traits. Sixth grade students were among those present at this assembly. The convicts also spoke at Stanton Junior High.

Certainly all of us are proud of the big Herd and their victories on the court — on Tuesday, Nov. 27, they conquered the Canyon Eagles here in the HHS gymnasium — then last Friday, the Whitefaces entered a basketball tournament in Canyon in which they beat Price College of Amarillo, and on Saturday night, overcame the Canyon Eagles again, thereby capturing the West Texas State Tournament Championship Title! Great goin', boys! Yea, team, fight!

IN DENVER

Mr. and Mrs. Denzil Pulliam left Monday for Denver, Colo., where he is representing the Texas State Farm Bureau in a potato hearing there this week.

Have you read the Classifieds?

Ooooooh report cards came out on Thursday, Nov. 29 — enough said — maybe that's why this is such a static week — everyone's "grounded!"

Heartiest congratulations to Judy Crume who recently received the National Torch Bearer Leadership Rank! This is the highest rank that can be attained in Camp Fire work — and for Judy, it is a culmination of ten years' effort.

Just call me "Miss Goo-f-A-gam" — I mentioned that Eddie Gallagher was home from college during the holidays — well, his being home is not unusual, since he commutes daily from his home near Hereford to West Texas State College in Canyon. Yes, he was home — just as he is every night!

There will be no dances at the Community Center this weekend because the Big Domino Band has it "booked solid" for Thursday, Friday, and Saturday — Dec. 6, 7, and 8. The reason

for this monopoly is this: We are extremely fortunate to have in our midst between 700-800 students from all over the Golden Spread — the occasion meriting this is none other than that of All-Region Band Tryouts for Region II which will be conducted Thursday night, Dec. 6 — guest conductor of the Region II Class 4 A Band will be James Matthews from the University of Houston; directing the Class 3A and 2A All-Region Band is Charles Emmons, who hails from the University of Missouri, while Dean Killion from Texas Tech is director of the Class A and B Band.

Students from 45 towns in the Panhandle will be in our fair city during the three day period — Tryouts on Thursday night will be followed with rehearsals all day Friday, and a "fun" party on Friday night — rehearsals will be in session again on Saturday with a concert by the All-Region Bands in the

Hereford High auditorium that evening — the public is invited to attend the performance free of charge, according to Ben Gollehon, Big Domino Band director.

It is well to note that representatives to the All-Region Band (which will convene in Houston sometime in February) will be selected from high-ranking members of All-Region Band. Welcome, musicians, to Hereford High School and Hereford, Texas — the Town Without A Toothache! Have a pleasant stay — and come back soon!

Wheeee! Another new car to grace the campus parking facilities! This time it's Doris Jean Andrews' '63 white Chevrolet Impala Sport Coupe — with a black stripe. This automobile features a luscious blue interior, besides regular utilitarian conveniences such as a motor, Doris Jean, her parents, Mr. and Mrs. Henry Andrews,

Don Scarborough, Gary Burnett, and Ann Gentry all went to Amarillo last Friday to bring the specially-ordered vehicle home to Hereford. Congratulations, Doris — may you and your Impala have a long and happy existence!

(Please JUNIOR HIGH'ERS — let me know what you're doing! I "crave" news about ya — and unfortunately I have no built-in radar, so I

won't know unless you take it upon yourselves to inform me!) Here's hoping that this next week is a happy and successful one for you all — until then, remember: "This world is not so bad a world as some would like to make it: Though whether good, or whether bad depends on how we take it." KING'S MANOR PLANS PROGRAM FOR SUNDAY

On Saturday and Sunday, Dec. 8th and 9th, twenty happy residents will open their Home, called King's Manor, for public visitation. Only six weeks of operation of the Home have already proved the rich value of this new design providing Custodial Care for well people in contrast to the contemporary "Rest Home".

Saturday afternoon from 2:30 until 5:00 visitors will be received. At 2:30 a brief program involving the trustees, Staff members, Residents, and visitors will be held.

Sunday afternoon visitors will be received from 2:30 until 5:00. A brief program will be held at 3:00 p.m. consecrating the building to its Christian purpose.

The number of local representatives from Church and Community groups will be recognized. Visitors appearing on the program include: Dr. Bolton Boone, Administrator of Methodist Hospital in Dallas; Rev. Howard Washburn, Administrator of the C. C. Young Memorial Home in Dallas; Mr. J. M. Luker, Administrator of The Presbyterian Village of Oak Cliff; Dr. V. N. Henderson, District Superintendent of the Amarillo Methodist District; Dr. J. E. Shewbert, District Superintendent of the Plainview Methodist District, and Rev. DeWitt Seago, Chairman of the Conference Board of Hospitals and Homes and Pastor of First Methodist Church in Big Spring, Texas.

Rev. Don Davidson, Executive Director, and Mrs. Viola Davis, Supervisor of the Home, invite you to attend this "Open House". For the Board of Trustees, for the Methodist in sixty-seven counties, for the Staff and the Residents in the Home, they would like to say "THANKS TO HEREFORD A THOUSAND TIMES".

Only two rooms are left in the Home, and though they were planning for Infirmary Care the fact that six people who are well and happy would want to move into the home has brought the decision to let them go to the next two persons who qualify for admission. Many who apply must be turned away for health reasons, and because replacements will be needed for openings that are bound to occur, all who are interested anytime are advised to check the possibility and register on the waiting list. Two rooms are available today. They may be gone by Monday.

A Tabloid Newspaper printed by Southwest Offset in Hereford tells a thrilling story that justifies every gift, every prayer, every effort invested in this unusual project.

The Board of Trustees who meet on Saturday will hear a report showing that King's Manor will be paying its way with the known pledge giving of the Conference, and the wise handling of capital mortgage loans with the most comfortable prospects of sound service and operation among all the new Homes of this king in the Southwest.

The Nursing Unit for twenty-eight beds, and the first expansion of the well-care Home are expected to be completed at an early date. All design, both for finance and for building of the Nursing Unit, are now in the hands of the State Department of Health and their Architects will soon order construction. The other expansion will not be far behind.

THE HEREFORD COMMUNITY, AND THE METHODISTS OF NORTHWEST TEXAS ARE TO BE COMMENDED IN ACHIEVEMENTS THUS FAR. MANY PROBLEMS ARE YET TO BE SOLVED, MANY NEEDS ARE YET TO BE MET, BUT THE DESIGN, THE RESOURCES THE PURPOSE, ARE ALL READY AS TIME PUTS THEM TOGETHER.

YOU CAN ONLY KNOW THIS TRUTH BY A VISIT TO THE HOME.

Mrs. Hacker Is Speaker For La Madre Mia Club
Friendship Room of the Hereford State Bank was the meeting place recently for the La Madre Mia Study Club. Mrs. Richard Pickens presided over the short business meeting with Mrs. Joe Whitley serving as hostess for the evening.
"Marriage" was the title of the program that Mrs. Joe Hacker presented to the club. Mrs. Hacker quoted Dr. Gibson Winter of the University of Chicago in which he said, "The hope and haven of personal values in America today is the young family, which has become the exclusive sphere of intimacy in modern life."
Three major points that were brought out were: major crises are common in modern marriage, but the closer two persons try to get to each other, the more they attempt to share; communication is the lifeblood of marriage; and courted girls considering the marriage project should examine a man's sibling relationships before they say yes.
Attending the meeting were: Mesdames Joe Brooks, James Brownlow, Ben Gollehon, Joe Hacker, Joe Henry, Dean Herring, Jerry Landers, Bill Lankford, Joe Locke, Gerald Martin, Harold Morton, Bobby Owen, Richard Pickens, Eugene Sparks, Joe Whitley, Dale Wynn, Ralph Starr and John Smith.

Sunshine Club

Holds Meeting
Sunshine Club met in the home of Alma Andrews at 421 Star St. recently with Mrs. Elmer Jones serving as hostess. Plans for the club Christmas box were discussed with the members deciding on the needy family that will receive it. For recreation the hostess had each member to put their hands behind them and tear out of a piece of paper a picture of their husband or fiancée. Mrs. Clint Landry received the hostess prize for the best picture. Next club meeting will be with Mrs. Margie Kemp on Dec. 10 at 7:30 p. m. Sandwiches, fruitcake and whipped cream with hot punch were served to the following members: Mesdames Clois Kemp, C. V. Burgess Jr., J. C. Mays, Clint Landry, George Miner, Edith Sheppard, Willodyne Brooks, Thurman Cole, Elmer Jones and one visitor to the club, Miss Alma Andrews.

WINS TOP SCORE

Mrs. Frances Hill of Hereford and Mrs. A. Graham of Amarillo won top score in their section at the one-session championship event of the record-breaking Fall National Championship meet of the American Contract Bridge League at the Westward Ho in Phoenix, Ariz. Close to 7,000 tables were in play at the nine-day tournament which ended on Dec. 2.

REGISTERING FOR SABIN Oral Polio vaccine are Mr. and Mrs. Dwin Worley accompanied by their two children, Preston and Beverly. The mass oral inoculation held here Sunday was termed as a success as approximately 7500 persons took the Type 1 vaccine. Even though the clinic did not officially open until 10 a. m., a number of persons arrived at 9:30 a. m. for the vaccine. Some 50 persons jammed the clinic as it opened. (Staff Photo)

Santa Claus letters are probably the most enjoyable part of the year, so far as the Brand is concerned. The staff reads them, chuckles and hands them on to someone else to read before they are printed. Even though we try to leave them as close to the original as possible, they are even better in the original form. Incidentally, letters sent to Santa in care of the North Pole are routed through Box 673 so the Brand can publish them; then they are sent posthaste to Santa for his pursual.

On Saturday night at 7 p. m. the Tierra Blanca Boy Scout District will have its annual banquet in the high school cafeteria. It will differ from those in the past in that the program is particularly aimed at the adult leaders of the program. All Scout leaders, committee members and representatives of sponsoring units are urged to be present.

Cub Scout Pack 51 will have its regular monthly meeting at 7:30 p. m. Thursday, Dec. 6, in the Alkman School cafeteria. All Cubs in Pack 51 and boys 8 to 11 interested in joining Cubbing are urged to attend.

On Friday night, Hereford will lay its 4 - 0 record on the line at Clovis. The Wildcats also have a potent basketball crew this year with a 3 - 0 record. Game time is 8 p. m. Mountain Time, which is 9 p. m. here.

Also slated for Friday night is the annual Hereford Volunteer Fire Department's Christmas party. It will be held in the Country Club, starting at 7:30 p. m.

Only 16 more shopping days before Christmas. That means two more leisurely weeks for the average husband.

No, we still haven't gotten any word on the sugar beet allocations yet. Untutored as we are in the ways of high government action, we just can't understand why it takes so long to reach a decision and act. Maybe that's why we're here and they're there.

"Sixteen more days!" cries the voice. But who's to worry about trivia like this? Wait a while and the mob perhaps you'll miss. And the confusion of having a wide choice.

Diplomacy Is Good, But Action Gets More Done

(Editor's Note: This is the third in a series of stories by Pete Plank of Hereford about his current stay in Uruguay as a member of the International Farm Youth Exchange program, sponsored by the 4-H Clubs. Plank is the son of Mr. and Mrs. Earl Plank of Dawn.)

I am thankful that I live in a country where farmers have the class that the High Plains farmers have. I haven't seen the rest of the world but Uruguay is ranked third or thereabouts in the Western Hemisphere and there is no comparison. Here 48 per cent of the people live on farms but they have to import over half of their food supply. The average income per farm family is \$233 American dollars per year and 14 per cent of the farms are less than 15 acres in size. The farm where I am living makes, as near as I can tell, about \$20 a month. I have found it best not to ask to do something, just go ahead and do it. This "diplomacy" is good but I have found a good firm hand is a lot better. Most people don't have a broad enough vision to understand "diplomacy". I swear, I feel like the country preacher. I have to visit all the aunts, uncles, cousins, brothers and sisters. This afternoon

my host father and I hooked up "oil gray" and visited my host mother's sisters and two cousins. We arrived home about seven and the teacher from the little boys school was here and I had to visit with them and show them the picture books. They wanted to know all about the schools in the States and they left at 9:30. Then we had to fire up the wood stove for supper.

Next day -- I had two visitors this morning. We talked all morning. I guess that is the only way to learn Spanish. I don't know whether they really want to know about the U. S. or whether they are trying to improve my Spanish.

You should see my slides: I am quite proud of them. The girl that came to Uruguay with me is from New York. She brought a lot of slides with her, so we divided up. She had some real good ones of the eastern U. S. and of stores and schools. I had mine of the western U. S. She also had some of 4-H signs and advertising. With the aid of all these I can really give a pretty good program.

For the school teacher I showed the farms and the cattle, then the ones Dick took at the 4-H Congress and ended with the schools. To the man who runs the store up the road I showed the ones of the super markets. I have a busy week ahead of me. Tomorrow I have the 4-K meeting (that is Saturday). Sunday we are to have a picnic. Monday I am to give a program for the Rotary Club in the town just west of here. Tuesday I am to visit the agricultural school in San Ramon. Wednesday and Thursday other meetings and a party Friday night. I leave for Motevido Saturday morning. It is now four o'clock and

here come all my visitors. I mean this happens every day. I just get swamped. These people sure are mad because they are sending me up to Artigas, where they say there are few people and it is very dry. Personally, at present, I can't think of a better place, however I may change my mind when I get there. Three neighbors came and then I cut a little wood and then five more came and they just left. That brings today's total up to ten.

We have started gathering the eggs four times a day and we are receiving from a dozen to a dozen and a half more per day. We put more straw in the nests and they don't break so many.

It has been pretty dry here, haven't had any rain in three weeks. I really started something with my irrigation. We are now watering the tomatoes with a bucket. I think our fruit trees are going to make it, most of them, anyway.

They get plenty of rain here, but they don't conserve it. They are all waiting on a rain to plant. They plow and plant behind the plow. The soil here is of clay, very black. When they plow it, it rolls out in big chunks and dries and is real cloddy. If they would plow early, because they have rain then and plant early also they would be in good shape.

There is enough moisture to plant now if they had a planter but they have to plant with their hands behind the plow. The reason they raise corn is because it is the only seed which has enough strength to make it. The corn they plant is little kernels and hard as a rock.

The hogs here in Uruguay are nearly all of the Poland China breed but there are a few Duroc crosses. They are of the hard type and they raise them to a much heavier weight than we do. They take them to market at 250 to 300 lbs. Lard is of high value and the people eat a large amount of it straight.

The dinner which we just had consisted of sliced ham which was mostly fat and home-made bread which is very coarse and heavy. It was hard for me to get used to eating it. We had salad that everyone eats out of one bowl, usually with one fork, but since I am a guest we all

Cover Infant Dies; Burial On Tuesday

William Cover, eight-month-old son of Mr. and Mrs. William Cover, died in the Deaf Smith County Hospital on Sunday, Dec. 2 at 8 p. m.

He was born March 7, 1962 at Phoenix, Ariz.

Graveside rites were held at 3 p. m., Dec. 4, with the Rev. B. L. Davis, pastor of the First Baptist Church, officiating.

Survivors include the parents of the home; grandparents, Mr. and Mrs. L. C. Buck of Hereford, and Mr. and Mrs. J. B. Cover of Louisiana, Mo.

Burial was in West Park Cemetery under the direction of Gilliland Funeral Home.

get separate forks. Then we had mashed potatoes that are made into patties and fried, and beans that are similar to our butter beans but larger. For desert we had "dulce de leche" which is made from milk, is just about solid sugar and looks like peanut butter.

I can now drink the water but I must always go and draw fresh water because of the flies. You must also see where the water comes from. These people don't drink much water.

Nov. 15 -- I went to Rotary Monday at Tala and the program was a great success but I sure wish I could speak more Spanish. They followed the same procedure in conducting their meeting as they do at home. They really were a nice bunch of fellows and they are thinking of helping the Movimiento (4-H Clubs). My host mother and father went with me. In going with me to so many places they have gone further and seen more and met more new people than they had in their whole previous life.

Tuesday afternoon they had a party for me. I sure don't like being the guest. This really keeps me on the spot. I have to watch every move I make and three-fourths of the time I am not sure I am making the right one. You never can tell how things are going to turn out.

Wednesday I visited the Agricultural College. It was really something. The government heads all schools in Uruguay and all the teachers are hired through one office.

Duke William of Normandy started the Norman conquest of England by defeating King Harold at the Battle of Hastings, in 1066.

LET'S COOK SOMETHING!

Baked Goods, Candy Draw Streus Into The Kitchen

By Ramona Noel Brand Society Editor

When the Christmas season rolls around, thoughts of baking and making candies flashes through the minds of many mothers.

This also brings the small fry to the kitchen for a thorough investigation to see "what's cooking."

Mrs. Oliver (Joan) Streu knows what it is like to have little hands busy touching and fingers dipping into the dough for a taste.

Joan is the mother of three lively boys, Ray, Ron and little Russell. Being normal boys, they are always interested in everything that might be going on, especially if it is goodies being made for Christmas.

Besides all the time and energy that Joan puts into her home and children, she still finds time for her own activities. She enjoys her clubs, teaching a Sunday School class and helping when needed in the school parties for her sons, Ray and Ron, who are first and second graders at Northwest.

During the summer the whole family can enjoy being together when they participate in water sports, that they all like so well. The whole family enjoys the fun of picnicking and playing when they journey to one of the nearby lakes.

One of the big treats that Joan and her family enjoy is the delicious breads that can be so easily made and used at any time or during the holidays that are coming up. She keeps several loafs in the freezer to use for breakfast when something different is preferred.

Whole Wheat Nut Bread

- 2 cups white flour
 - 1 teaspoon salt
 - 4 teaspoons baking powder
 - 1 cup sugar
 - 2 cups whole wheat flour
 - 2 cups sweet milk
 - 1 egg, well beaten
 - 1 cup nuts
 - 1/2 cup raisins
- Sift white flour before measuring, then sift with salt, baking powder, and sugar. Mix thoroughly with whole wheat flour. Stir in milk slowly, then the egg. Add nuts and raisins. Beat well. Pour into a well greased loaf pan, let stand twenty minutes before baking. Bake 1 hour at 350 degrees.

Blueberry Breakfast Cake

- 2 cups sifted enriched flour
 - 2 teaspoons baking powder
 - 3/4 teaspoon salt
 - 1/2 cup shortening
 - 1/2 cup sugar
 - 2 eggs
 - 1 cup milk
 - 1/2 cup blueberries (fresh or canned, drained)
 - 1/4 cup sugar
 - 1/4 cup enriched flour
 - 2 tablespoons butter
- Sift flour, baking powder and salt together. Cream shortening and 1/2 cup sugar until light and fluffy. Add eggs and beat thoroughly. Add flour mixture to creamed mixture, alternate with milk. Fold in blueberries. Pour into greased 7" x 11" pan. Combine 1/4 cup sugar and 1/4 cup flour, cut in butter until mixture is crumbly-sprinkle over top of unbaked cake. Bake about 35 minutes at 375 degrees.

Apricot Nut Bread

- 2 1/2 cups sifted flour
 - 1 cup sugar
 - 1 teaspoon salt
 - 1 teaspoon baking powder
 - 1 teaspoon soda
 - 1 egg
 - 1 cup sour milk
 - 1/4 cup apricot juice
 - 2 tablespoons salad oil
 - 2/3 cups chopped walnuts
 - 2/3 cups chopped cooked apricots
- Sift into large bowl the flour, sugar, salt, baking powder and soda. Beat egg; stir in sour milk, apricot juice and salad oil. Add to dry ingredients; stir

just until flour is dampened. Fold in walnuts and apricots. Turn into greased 9" x 5" loaf pan.

Some favorite candy recipes that would be excellent for gifts or just for something special when unexpected company drops in during the holidays.

Fudge (5 pounds)

- 4 1/2 cups sugar
 - 1 can (large) condensed milk
 - 1/2 pound butter
- Bring to rolling boil and cook 7 1/2 minutes. Stir constantly. Add 3 packages chocolate drops, large jar marshmallow cream and 1 tablespoon vanilla, 1/2 pound pecans. Stir until chocolate melts, pour into large, buttered pan.

Divinity

- 1 cup sugar
 - 1/2 cup water
- Boil sugar until it spins to a thread. Add to three beaten egg whites.
- 2 1/2 cups sugar
 - 1 cup Karo
 - 2/3 cups water

Boil until brittle in cold water and add slowly to first mixture. Beat until it holds its shape.

Add 1/2 teaspoon vanilla, nuts (if desired). Drop onto waxed paper.

Dawn 4-ers Have Tour Through Gin

John McClesky conducted a tour of the Hereford Gin for the Dawn Boys' 4-H Club on Friday, Nov. 30, as a continuation of their agri-business program. It was shown to the group how the cotton is removed from the trailer by a vacuum, cleaned by a machine, dried and cleaned again to remove the burrs and dirt, then how it is processed to separate the seed from the cotton.

McClesky pointed out how the compressing machine pressed the cotton from several feet to several inches in thickness and how the cotton goes to the baling machine to be baled. The desired weight for a bale of cotton is between 550 and 600 pounds. A sample is cut from each side of the bale and is sent to a Lubbock office for U. S. Government inspection to get a grade and staple. The baled cotton then is ready to be sold. After the tour, refreshments were served to the following: Stephen Hoffman, Kevin, Steve and Neil McAndrews, Tommy Betzen, Gerald Witkowski, Mike Engler, Gary, Robert Richardson, Ted Richardson Jr., Leon Kreuger, Dion Miller, Paul English, Jack Thomas, Dick Plank, Mr. and Mrs. J. W. Thomas, Mrs. Earl Plank, Mrs. Paul Engler and Mrs. Lester English.

AUSTIN HIGHLIGHTS

Committee Recommends 20 Changes In Sale Tax

By Vern Sanford
Twenty changes in Texas' two per cent sales tax law are recommended by the Texas Commission on State and Local Tax Policy.

Some changes would result in decreased revenue and some would mean an increase. But the total outcome of a legislative put and take would produce an additional \$10,500,000 a year from a tax that is expected to bring \$170,000,000 into state coffers this year.

Sen. George Parkhouse of Dallas is chairman of the commission. Other members are Hugo H. Lowenstern of Amarillo; Dr. John R. Stockton of Austin, Senators Louis Crump of Saba and J. P. Fuller of Port Arthur; Representatives Charles Sandahl of Austin and Charles Wilson of Trinity.

Parkhouse predicted that if spending in the next biennium is in line with the present level, no additional taxes would have to be levied.

A large addition to income— if recommendations are adopted — would come from applying the state sales tax to motor vehicle sales in place of the

selective excise tax now levied on vehicles.

Commission recommended repeal of the exemption of farm machinery and equipment, but suggested that feed for farm work animals; herbicides, defoliants and desiccants, and all fertilizer sales be exempt.

Some other recommendations were:

1. Apply sales tax to all clothing sales, which would up revenue \$10,000,000 a year.
2. Exempt vending machine sales of less than 25 cents, and all sales of less than 25 cents for retailers who derive 50 per cent of receipts from such sales.
3. Exempt sales made to state banks, since sales to national banks are exempt.
4. Exempt all sales of alcoholic beverages.
5. Permit grocery stores to pay sales tax in proportion to purchases of taxable and non-taxable items. Grocers with annual receipts of less than \$100,000 would pay sales tax on the assumption that 85 per cent of receipts are from exempt items.

ELECTION CHANGES
The Election Law Study Committee released a 221-page report on proposed changes in Texas election laws.

Sen. Tom Creighton of Mineral Wells, chairman of the committee, said the main goal is to remove conflicts and deficiencies from the present code. The more palatable suggestions will be included in one bill for legislative consideration. More controversial items will be presented separately.

Public will have a chance to challenge the proposals on Dec. 6 and 7 when an open hearing will be held in the Senate chamber. Committee also will hold hearings at that time on a voter registration law and a proposal to change the dates of primary elections.

Some of the 120 proposed amendments concern:

1. Having voters check preferred candidates on paper ballots, instead of scratching those opposed.
2. Requiring write-in nominees and runoff candidates to pay the same fees as other candidates.
3. Fining voters who cast a ballot in one party's primary and then vote in the runoff of another party.
4. Requiring campaign expense reports by newspapers, magazines, billboards, printers, radio and TV stations, on all advertising contracts.

5. Requiring all voters over 60 years of age to get annual exemptions.

6. Permitting different parties to hold primaries in the same building, as long as there is no means of direct passage between polls.

DEBT INCREASED
State Treasurer Jesse James reports that the deficit in the General Revenue Fund increased by \$6,000,000 between November 11 and November 23, when it was \$34,146,666.

GUARDSMEN WAIT
Waiting for approval of armories under the federal-state building program are 32 units of the Texas National Guard.

Federal government, which underwrites 75 per cent of the cost of each armory, is approving construction at the average rate of six per year, but there is no priority arrangement.

So far, 11 armories have been built under the program, according to Harry B. Kelton, director of the Texas National Guard Armory Board.

Eight are under construction at Bonham, Seguin, Dallas, Mexia, Kerens, Mission, Mercedes and Harlingen. Units at Brownwood, Tulia and Fredericksburg have approval for construction.

On the waiting list are units in El Paso, Clipper, Canyon, Belton, Olney, Houston, Electra, Wintersboro, Galveston, Paris, Taylor, Kingsville, Austin, Port Neches, Gatesville, Alice, Huntsville, Borger, Pecos, Monahans, San Antonio, Sulphur Springs, Grand Prairie and New Boston.

RUNS AT STANDSTILL
The "run rate" at Gatesville State School for Boys has been reduced to zero since Sept. 4, when the new \$2,000,000 Mountain View School for serious offenders was opened.

School was dedicated last Saturday in a public ceremony featuring an address by Gov. Price Daniel.

Weldon Brewer of the Texas Youth Council said the "run rate" has been cut down gradually over the past five years.

In 1958-59, when the average monthly population at Gatesville was 1,115 boys, there was a monthly average of 51 escapes; in 1959-60, with 1,197 boys, there were 44 escapes a month. In 1960-61, with 1,364 boys, there were 31 escapes. In 1961-62, there were 1,502 boys with only 24 escapes.

Since the 200-plus inmates most likely to run were moved into the double-fenced Mountain View campus, there have been no escapes.

"A walled home may seem cruel to some people," Brewer remarked. "But it's a very humane arrangement when you realize that the boys within are able to take part in a training program and group recreation."

Before the new school was opened, the boys who broke out had to be confined to a small room.

Guards on Gatesville's 40 acres do not carry guns.

SAFETY STRESSED
Governor Daniel has proclaimed Dec. 9 as "Safety Sunday" in an effort to stress the hazards of holiday traffic.

He recalled that highway collisions in the state in 1961 took 2,314 lives. They caused 132,000

injuries and a loss of \$356,000,000 worth of property.

Each Christmas-New Year's holiday from 1954 through 1957 averaged 106 traffic deaths. From 1958-61, when safety campaigns were conducted, there were 23 fewer traffic deaths.

HUNTING DEATHS
Cecil Reid of the Sportsmen's Clubs of Texas urges hunters to put a stop to a tragic string of hunting deaths and injuries by practicing caution in the field.

He cites three recent deaths where hunters were mistaken for game and killed.

Reid said no hunter should allow himself to shoot at anything which he has not identified fully as game.

He urges hunters to request passage of legislation such as the "careless and reckless hunting" laws in effect in some other states.

COURT OVERRULES COMMISSION
Texas Supreme Court has negated an order of the Railroad Commission and revoked a specialized motor carrier permit to transport road building materials granted Lively Trucking Contractors.

Decision to vacate the commission's order was made on the basis that findings on which the permit was based were insufficient.

In a concurring opinion, Associate Justice Joe Greenhill criticized the Railroad Commission's use of a printed form of "standard" finding - of - facts on which an order is based; filling in date, names and authority.

He called this "a lack of procedural due process of law."

BRACERO CALLS DOWN
Texas cotton farmers reacted to a U. S. Department of Labor wage standard of 70 cents an hour, for braceros hired to chop cotton, by resorting to almost exclusive machine harvesting.

While 45,000 Mexican contract laborers were hired in August of 1961, only 16,000 were used in August this year, and they also harvested vegetables and grain.

WOMAN MAY BE EXECUTED
The State of Texas may legally execute its first woman in more than 100 years in 1963.

She is Carolyn Ann Lima. Her death penalty has been affirmed by the Court of Criminal Appeals in Austin.

Meanwhile, she is being held in the Harris County jail in

Houston. She awaits the court's decision on a motion for rehearing. Such is rarely granted. If she lives until Feb. 23, she will be 20 years old.

The Lima woman and a companion, Leslie Douglas Ashley, were given the death penalty for the murder of a wealthy antique dealer in Houston.

It was 1859 or 1860, when the State of Texas last executed a woman.

Only one woman has been sent to the Texas death house since the electric chair was installed in 1924 at Huntsville. However, her sentence was commuted on June 29, 1951.

So, if time runs out for Carolyn Ann Lima, she will become the first woman ever to sit in the state's electric chair.

WATER DILEMMA
Water districts which serve customers within the limits of a city are in a dilemma over a Texas Supreme Court ruling.

A court decision finds them in the position of trying to set rates to pay their costs and at the same time having their rates prescribed by the city.

Texas Supreme Court has upheld the power of Houston to fix rates on a city's customers within the city by a water district.

Ruling applies equally to all cities served wholly or in part by water districts.

SECURITIES PERMITS
Seven applications have been filed for permits to sell \$1,688,500 in securities in Texas.

State Securities Commissioner W. M. King said the applicants include two Texas companies, Petro Electronics Systems, Inc., Midland, \$150,000; and Serba Oil and Gas Company, San Antonio, \$600,000.

SENATORS MUST WAIT
Will Wilson, Texas Attorney

General, has ruled that state senators may not take their oaths of office until the Senate convenes in January.

Attorney general recently held that state representatives could qualify for office on Nov. 23.

Dates of terms for senators and representatives are regulated by different sections of the state constitution.

Constitution provides no beginning date for the term of office for state senators, the opinion said.

BOOST EDUCATION
Beating the drums for top quality in higher education is the privately financed Committee of the Governing Boards of State Colleges and Universities.

Its membership consists of one representative from each of the 19 bodies, which direct the institutions of higher learning in Texas.

These are business men. They stress the economic angle of education.

Texas must industrialize, they say, to insure our future prosperity. To get industry, we must have excellence in higher education.

Supporting that thesis, they quote such authorities as Governor-elect John Connally, Defense Secretary Robert McNamara and Dr. John R. Stockton, director of the Bureau of Business Research, University of Texas.

These experts agree that industry follows brainpower, and will go where brainpower is available.

Presently, Texas is lagging.

FACE FUND LOSS
Texas school districts have been warned to desegregate by next September or lose certain "impacted area" funds.

Warning was contained in a letter from Wayne O. Reed, acting U. S. Commissioner of Education, and was sent to 53 Texas school districts.

State education officials interpret the letter to mean that the federal government will build and operate schools on military posts and other places where its personnel is involved only if local districts desegregate.

Federal government has been paying about \$12,000,000 a year for operating locally-run schools in Texas, attended by children of military and defense establishment personnel.

Latest announcement apparently covers only children living "on base" and not those whose parents work on a military post but reside off the base.

Leon Graham, assistant State Commissioner of Education,

said it is impossible to gauge the immediate effect.

Ruling poses a serious problem for districts still maintaining segregation, to any degree, and depending on federal funds for educating children who live on nearby bases.

TO HONOR DANIEL
Vice Pres. Lyndon B. Johnson and Governor-elect John Connally will join other Texans in paying tribute to Gov. and Mrs. Price Daniel with an appreciation dinner.

Many members of the Texas congressional delegation, Texas

Legislators and other state officials will participate.

Former Lt. Gov. Ben Ramsey, now a member of the Railroad Commission, is arrangements chairman.

The \$10 per plate appreciation dinner will be held in Austin's Municipal Auditorium on December 12.

BOWLING 'em over

The first weekend of the Men's City Tournament produced some high scores. Tom's Peanuts, with Charlie Owen's 267 game leading the way, jumped into first place in the team event with 3045. The Ink Spot was second with 2974 and Tri-County Fertilizer third with 2973.

Doug and Virgil Kelley lead the doubles with 1243. Second is Pat Miller and Fred Beversdorf with 1236. Third is L. J. Clark and Gene McMillan with 1229.

In the singles event Alvis Bagwell leads with a 662. Ben Lueb with 636 is second and Fred Beversdorf's 633 is third. Fred Beversdorf's name appears again in the leaders column, this time in the all-events where he leads with an outstanding 1922. James Boyd is second and Gene McMillan third with 1819 and 1813 respectively.

Although Ron Babione's name does not appear in the standings he shot the highest series bowled in the tournament thus far. Ron had a 239 game and a 649 series.

All of the high scoring was not confined to the tournament however as several good series and games were bowled during the week. Beulah Cargo, bowling in a mixed sweepstake last Friday night, fashioned a 615 series on games of 215, 216, and 184. Don Heddins, bowling in the same event, had a fine 608 series. The high scoring in the Heddins family didn't stop with the man of the house, however, as Don's wife, Mary Lynn, fired a terrific 224 game in the Sunset Skittles League.

As happens each week the Sparemasters of the Sunset Skittles League had a field day. Lucy Kirksey and Helen Palva-

dore led the way with the very difficult 6-7-10 and 4-7-10 splits. Jean Collard on the way to a 521 series split up the 3-6-7-10 split. Pat Hampton converted the 5-8-10 and Betty Kropff the 5-7 splits.

Pat Wolf, bowling for Ford-Vega, broke into the 200 - Club Monday night with a 208 game. Rosene Dawson bowling in the Skittles league converted the 3 - 10 and the 3-4-5-7-10 splits. Wilma Hill-bowling in the Rise & Shine League Wednesday morning picked up the 5-10 split.

Kenneth Simmons, bowling in the men's tourney for Cowan Jewelry, bowled 194, 195, and 144 for a 533 series. This is good bowling and even more so considering Ken's average is only 122.

OFF THE Shelf

BY H. A. TUCK

Our reading menu this week included both fiction and non-fiction.

On the fiction side was *The Other Side of the Street* by Sidney Offit. This is an off-beat tale of a professional bookmaker. Retired from his business, Calvin Gallister had never made any bones that he played the other side of the street in race-track - conscious Baltimore, where bookmaking was almost respectable.

But Cal got caught in a raid on a fly - by - night bookie joint. That meant trouble to Cal's wife, his son and his daughter. Wally was a successful lawyer in New York City. Claire was divided between teaching and journalism.

When Wally arrives to aid his father, he is shocked. Cal has bribed a police officer, offered to bribe a public official. Wally finds that Claire sticks up for her father. Cal's wife is warped by the long strain of living with an admitted bookie. Cal's brother, a prominent, respectable businessman is embarrassed.

Wally becomes involved with an old girlfriend, Claire is dating a real playboy, Cal is trying hard to wiggle out of the charge.

This novel moves from a formal ball to the tense drama of an illegal crap game, from one love affair to another.

The portrait of Cal Gallister, "Big C", gradually emerges in full as that of a man who plays *The Other Side of the Street*.

For a change of pace, we read Vance Packard's latest—*The Pyramid Climbers*. Packard, you recall, hit the pinnacle of success with his three previous books: *The Hidden Persuaders*, *The Status Seekers* and *The Waste Makers*.

This one is concerned with the executive leadership of big business. It explores the main paths, and the hidden trails, that lead upward toward control of the nation's major companies.

This is a book that explores the in - fighting, the backstabbing and the frantic drive toward the top. Packard methodically delves into the lives of men who run, or who seek to run, the industrial giants. He

The Friday Night Mixed League still needs teams or couples who would like to bowl. These teams are composed of two men and two women.

devotes one segment to the screening, grooming and pruning process.

This one part is enough to give the screaming meemies to those unfamiliar with the concrete jungles of large cities. Even for those high up on the pyramids, evaluation tests, personality tests, psychology, psychiatry and other tools of the scientific age are frequent barriers.

Another portion is devoted to an analysis of "The Well - Packaged Executive". This includes the long, lean look of today's typical executives, rules for survival, the constant talent search for new executives.

Then there are discussions of strategies and incentives, including the power play, the problem of being the right age, the "six - figure income and other lures at the top. The latter part of the book is concerned with the hazards and harassments which accompany the higher strata, the implications of the struggle and some courses which might be happier.

Packard has detailed the probable path of success for those willing to make the climb, but he also pointed out the obstacles which will be lurking just ahead, always threatening to stop the climber or sent him back to the bottom, buried beneath the rubble of a broken career.

It probably won't be, but should rank as required reading for any youngster who aspires to be a captain of industry. The climb is charted, and forewarned and forewarned, he would be better prepared to make the climb. At least he would know what a dangerous, terror - ridden journey it would be.

And, as Packard points out in the flyleaf of his book, quoting a senior executive of a very large U. S. corporation, "If a man reaches the top, he is not going to tell you how he really got there."

REP. ROGERS WRITES

**Government Expenditures
In District Are Outlined**

**TO THE PEOPLE OF THE
18TH DISTRICT OF TEXAS:**

The highly controversial subject of Federal expenditures has received much attention this election year. It occurred to me that the people of our District might be interested in knowing the extent of Federal money flowing into the District, both as direct expenditures and under the Federal Loan and Insurance Programs.

Our office made a complete breakdown of this subject matter as applied to the 18th Congressional District of Texas.

It was interesting to note that had all of the Congressional Districts received the same Federal money, loans and insurance, as our own 18th, the Federal Budget would have been some 40 billion dollars in arrears.

In other words, the Federal deficit would have been some 10 billion dollars rather than 7 billion dollars.

Divided into departments, the 18th Congressional District received the following:

Herd Defeats Eagles For WT Tournéy Championship

Hereford won its third straight game and the West Texas Invitational Tournament Championship by the narrowest of margins Saturday night. The Herd saw a 12-point lead evaporate during a frigid fourth quarter against Canyon. A missed shot under the basket in the final moments by Canyon gave Hereford the victory 54-52.

The Whitefaces had earned a place in the finals by ripping Price College 54-35, while Canyon downed Perryton, in the day.

Hereford was able to hit just four free throws during the final period, missing seven more as screaming, boating, jeering Canyon fans rattled the young Whitefaces. Canyon was dumping in four field goals and four of five free-throw attempts during the period to whittle away at the deficit.

Hereford opened quickly with Robert Strange hitting a lay-up. Earl Jackson hit another field goal, Strange missed two free throws and Jim Haney tipped in a rebound for a 6-0 lead. Canyon missed two free throws, then hit one, but Strange countered with a set shot. Bob Begert hit for two Canyon points and Haney dumped in another field goal for a 10-3 margin. Glen Metcalf made a field goal and a free throw and Begert hit another goal as Canyon trailed by two.

Austin Hodges hit, but Canyon got two perfect free throws as Hereford drew its fifth foul. Hodges again hit, but Begert was good on the three-point play of a field goal and a free throw. Then Dwight McGee tipped in a rebound and Begert countered for Canyon. Billy Hill and Jackson each hit and Begert scored again. Hereford led 20-17 at the end of a fast first period.

Then Hereford opened the gap with McGee hitting a basket. Hill dumped in a free throw and Jackson hit from the field for a 25-17 lead. Canyon made two free throws and Danny Cates countered with a field goal. Then Begert hit again with 3:36 left in the half and Hereford was ahead 27-21.

Jackson and McGee combined to give Hereford a substantial lead of 36-21 with 47 seconds left. McGee got five points and Jackson four. Bobby Evans finally broke the ice for Canyon for a two-pointer and Don Bretling sank two free throws to make it 36-25 at halftime.

McGee hit quickly on the fast break as the third period opened but Canyon scored eight points in a row to make it 38-33. McGee then hit two more baskets and Hodges added one. Davis Price hit his only field goal of the night for Canyon. Jackson matched it and Eddie Poole hit a free throw. Haney and Hodges each hit two-pointers for a 50-36 lead. With ten seconds left in the period, Evans hit again and Hereford led 50-38 going into the final period.

Hill and Haney each hit a free throw for a 14-point margin, 52-38. Canyon then hit for six points and McGee fouled out

for Hereford with 4:58 left. Strange missed a free throw, but Hodges hit two free ones with 3:12 left for Hereford's final points. Poole, Begert and Evans combined for eight more points. With 1:14 left the final score was determined.

During the final 90 seconds, Jackson missed a free throw, Hodges missed one. Strange missed one and Hill missed three as Canyon fans threw sportsmanship out the window.

With 21 seconds left, Canyon took possession and a time-out. When they resumed play, Canyon threw the ball in and got it to 6-6 Bob Begert. But his short shot missed the basket and Haney got the rebound. He threw to Hodges, who dribbled out the last ten seconds on the clock.

Hereford's scoring again was well-balanced as McGee hit 15, Jackson 12 and Hodges 10. Bob Begert topped all players with 18 points, the only Eagle in double figures.

For the victory, Hereford got a large trophy and each player got a small plaque.

Honor Plaque Bears Names Of Graduates

By Donita Allred Reporter

In April the Honor Student will be chosen by the faculty from the senior class, and the person's name will be engraved on the Plaque in the principal's office. The selection is based on scholarship, leadership, citizenship, cooperation, versatility and general character. The Honor Student will be the person who best represents Hereford High School.

When this honor was first given in 1932, the recipient of the award was chosen on a different basis than has been used since 1946 - 47.

To receive the honor, one had to have a certain number of points and anyone in high school was eligible, but usually only juniors and seniors qualified. As a result of the old method, several students received the award more than once.

Points were given for grades and participation in activities. For example, one might receive three points for an A, two for a B, and one for a C, plus ten points for being in band or choir and five for H. Y. Tri - H. Y., etc. Demerits were given for bad behavior which subtracted earned points. A teacher might give three demerits for chewing gum and two if he caught one running down the hall. The office would take off points for unexcused absences and tardies.

If a student did not receive any demerits during a six weeks, he would be given five bonus points. On the other hand if a pupil got 30 points removed from his record in a six-weeks period, punishment would be to stay after school and work off the demerits or take licks with the paddle.

Each teacher turned in a list of demerits at the end of every day. These were posted in the hall on a board by each guilty person's name so everyone in school knew how many points and demerits schoolmates had. When one possessed a specified number of demerits, one could not be exempt from final tests in any class.

There are 28 names on the Honor Plaque. In 1932, the present assistant principal of HHS, Mr. Bill Phillips, was the first person to receive the award. Later in 1937 - 38, his sister, another member of the present school faculty, Mrs. Viola Phillips Chisholm was honored by having her name placed on the plaque as a recipient of the honor.

Other names on the plaque and years in which the awards were received are: Wilma Jo Jones, '33; Sallie Gilbreath, '34; William F. McLean, '35; George H. Conklin, '36; Polly Anna Crawford, '39 - 40; June Dameron, '41; Rena Rae Noland, '42; Ruth Tucker, '43 - 44; Ruth Moreman, '45; Jessie Ann Bucknew, '46; James E. Higgins, '47; Mary Helen McGilvary, '48; Neely Kimbrough, '49; Earlena Phillips, '50; Patsy Wiltshire, '51; Shirley Sharp, '52; Virginia Sigle, '53; Tommy Woodford, '54; Joe Easley, '55; Dolores Loerwald, '56; Lynn Boomer, '57; Terry Higgins, '58; Linda Hair, '59; Jimmy Conkright, '60; Ronnie Botkin, '61; and Suzanne Langley, '62.

ADMIRING THE HONOR PLAQUE at Hereford High School are, from the left: Lou Ann Witkowski, Connie White, Neal Leub, and Jerry James. The plaque, which is displayed in the high school office, bears the names of outstanding students of the school in the past years. A senior will be selected to receive the honor in the spring. Red Cross Drive Is Now Underway

Hereford High School's annual Red Cross Fund and Enrollment Drive got underway during activity periods on Tuesday and Thursday, Nov. 27 and 29. The

enrollment process was conducted by Red Cross representatives in each homeroom. Membership cards and billfold cards bearing the "Teenage Commandments" were given to each contributor.

Goal for the drive was set by the High School Red Cross Council at \$100.00; however, students contributed \$110.81. This is a record - breaking figure for all Hereford High School Red Cross fund drives.

Mrs. Conway Is Guest Speaker

Honored speaker in Hereford High School's assembly on Tuesday, Nov. 27, was Mrs. Geraldine Conway, introduced by Mrs. John Douglas Pittman as "an ambassador for Christ."

Mrs. Conway is a prominent youth leader and world evangelist. She is listed in *Who's Who in American Women* and is a member of the President's Prayer Group.

Mrs. Conway's message dealt with the subject of religion in everyday living. She emphasized the fact that a belief in God and a willingness to uphold his standards is the only way in which Americans can combat the doctrine of Communism.

"Communism seems to be winning the world with a lie while the free countries lose with the truth," stated Mrs. Conway.

Initiation of new members and installation of the officers for the 1962 - 63 school year were held at the meeting of F. T. A.

The ten new members are: Myrta Botkin, Glenda Flesher, Dorothy Frelich, Margeret Frelich, Larry Hill, Martha Hudson, Jimmy Kassahn, Dwight McGee, David Stevens, and Fanelda Williams.

The president for this year is Susie Higgins. Linda Wooley will serve as vice - president. The secretary is Alyce McClain and Wallace Shelton is treasurer.

Other officers are Nelda Botkin, historian and Donald Payne, parliamentarian.

Lani Rush explained the point system which F. T. A. will be using this year. Questions by the new members were discussed.

Key Club Aids Sabin Vaccine Drive In City

Members of the Key Club distributed circulars for Oral Sabin Sunday which was held Sunday, Dec. 2. This is only one of the projects carried on by the Key Club in support of public affairs.

Jay Boynton was appointed chairman of the basketball concession stand at the Tues. Nov. 27, meeting of the Key Club.

A project being considered by the Key Club is that of assisting home owners in decorating their homes for Christmas. This will be decided upon at the next meeting.

Mixed Choir To Present Opera

"Amahl and the Night Visitors," a Christmas opera, will be presented by the mixed choir of HHS Dec. 21. This will be the first opera ever attempted by any choir in the school's history.

Mamie Silvertooth plays the Mother while the character of Amahl is portrayed by Cy Moore. The three kings, Kaspar, Melchior, and Balthazar, are played by Ronnie Gray, Dick Combs, and Charles Kelly, respectively.

Wayne Edwards is characterized as the Page. The remaining members of the choir will portray the Shepherds and Shepherdeses.

Also presented on the program will be the girls choir. They will sing four numbers including "Deo Gracias" and a calypso, "Sleep Little Tiny King".

Candystripers To Start Working

Beginning some time in January, members of the Future Nurses will accept new responsibilities as "Candystripers", in the Deaf Smith County Hospital. "Candystripers" are girls who volunteer to work at the hospitals in the afternoons after school and on Saturdays and Sundays. Their jobs include carrying trays and doing various jobs to assist the nurses at the hospital.

First plans for the Candystripers were made at their regular meeting held Tuesday, Nov. 28.

In a spirit of good will, the girls also volunteered to meet at the Community Center to assemble boxes of candy and cookies for the former members of Future Nurses, who are now in training.

The girls will also assist nurses of the county hospital in the decoration of the Christmas tree at the hospital.

The Hereford Chapter of F. T. A. is named the Ela Aikman F. T. A. Club of Hereford High School.

Students Hear 'Operation Teenager' During Assembly

As students of Hereford High School and the various sixth grade classes set spell bound, three convicts told their life stories. The convicts spoke in an assembly held Friday, Nov. 30.

The program was sponsored by the Hereford Optimist Club and in conjunction with the Texas Department of Corrections.

The convicts refer to their program as "Operation Teenager". These life - timers feel that the only way to impress teenagers of the consequences of crime is to let them see the results of crime first hand.

Each speaker in turn told his story. One is serving for armed robbery, one for the possession

of narcotics, and the last for murder. There were supposed to have been four speakers, but one was unable to attend.

Discussions held in various classes after the assembly expressed sincere appreciation for the efforts of these men. Several students observed as the men sat on the stage, surrounded by guards, that they did not at any time show even a flicker of a smile.

Another feature which impressed many students was that speaker number one emphasized through his life story that crime can spring from any level of social life. His speech abolished the popular image of a "typical convict" as some mental deficient from the slums. He relates, "I was born on the

Director Uses Hammer And Baton

Don Moore, Hereford High School choir director, has played an important part in HHS as well as in the community.

Mr. Moore attended the University of Colorado, McMurry College, and Eastern New Mexico University in Portales. He has been teaching in Hereford for twelve years. In high school he directs the mixed choir, the girls choir, and the boys choir. Moore teaches music in grades three through six at Shirley.

Each year for the past few years, Mr. Moore and the high school choirs have produced musicals. When asked which musical was his favorite he stated "If I could say I had a favorite, I suppose it would be Oklahoma."

Mr. Moore is a member of an audition committee for the all - state choir in Houston; He is also the vocal chairman for Region 11 of the Texas Music Education Association.

Mr. Moore stated that he enjoys building when he has spare time. He did the finishing work for his home on South Main. He states that carpentry work gives him something to do during his extra time. Mr. Moore does the carpentry work for the sets of the musicals "This I enjoy doing," states Mr. Moore.

Mr. Moore married Juanita Pickens in 1934. They have five children: Pickens, Ted, Sandra, Mandy, and Cy. Mrs. Moore teaches the first grade at Aikman; she has also been teaching in Hereford 12 years. The family is very active in community affairs.

Aviation Offers Good Future For Students

By JIMMY WEATHERS
Whiteface Co-Editor

HHS students seem to have an avid interest in aviation. However, this interest tends to be in direct contrast with the fact that few of them fly. Possibly the reason for the lack of student pilots is the possibility that they have no knowledge of the future that is available to them.

There are thousands of careers available in the aviation field. Some of the major occupations include not only pilots but navigators, flight engineers, maintenance men, hostesses, and special technicians such as tower control operators. All of these aviation jobs present interest, adventure, and an unlimited challenge.

That is why I believe that you should be informed concerning this opportunity. It has been found, however, that many people think flying or learning to fly is totally out of their reach. This is not true by any means. Any person who applies himself is capable of being a pilot. It is true that flying is expensive and some phases of it are difficult to learn, however, if you can apply yourself these problems can be eliminated.

As far as high school students are concerned the statement, "There is no time like the present," could not be applied in any better case especially as far as aviation goes. It is a known fact that it is much easier to learn or comprehend difficult material when you are young. At the present time the Hereford Municipal Airport is under the management of a new leasee, Whiteface Aviation. This new firm at the present time has four aircraft for charter and instruction, as well as highly qualified pilots to fly them. These aircraft are also available for lease or rental. If you are interested in aviation feel free to visit the airport at any time and discuss any questions that you might not understand with the management there.

I sincerely hope that this article may arouse some interest among the people of Hereford and the students of HHS. The opportunity is available to you now. You will surely see it if you are interested. Time flies, why don't you?

Seniors Get Armed Force Aptitudes

Wednesday morning, Nov. 28, seniors took an aptitude test given by the United States Armed Forces. The test was given in the high school cafeteria and in the high school auditorium. It lasted about two and one half hours, and was given by two representatives of the U. S. Air Force.

The results will help students to determine if they are able to pursue the career that they would like, and it also helps them determine to which they are best adapted. The test is also given to applicants in the Air Force to help decide where they will be placed. The results are expected to be returned after Jan. 1. Each student will be counseled personally by an officer of the Air Force, when the tests are returned.

CHOIR DIRECTOR Don Moore often trades his baton for a hammer, saw, or point brush to pursue his hobby of carpentry and building. Evidence of his handiwork is his home on South Main, shown above, which he finished himself. Moore is director of the Hereford High School choirs. (Brand Staff Photo)

The Whiteface basketball team opened the 1962 - 63 season with a wild week in which they won three games, including the two games it took to win the West Texas State Invitational Tournament.

Two Herd victories came over the Canyon Eagles. The first one was on Tuesday, Nov. 27, in the season opener. They took that one by the score of 50-40. The second win came Saturday night in the championship game of the W. T. tourney. This one was a real squeaker with Hereford winning it 54 - 52. The other Whiteface victory was over the Price College Cardinals in the first game of the tourney. The Herd had a good margin in this one, winning it by the score of 54 - 35.

Hereford opened the season in the 50 - 40 victory over Canyon with Jim Haney scoring 12 points. The Whitefaces started slow in the first half. At halftime the score was 18 - 18. But the Herd came roaring back in the second half to pass the Eagles and take victory number one.

On Friday, in the first game of the tournament, the Whitefaces whipped Price College 54-35. Once again the Whitefaces started slow, taking a 22 - 14 halftime lead. And once more the Herd came fighting back. In the first four minutes of the third quarter the Whitefaces outscored the Cardinals 18 - 2 to gain a 40 - 18 margin. It was Hereford's ball game all the way from then on. Earl Jackson was high scorer for the Whitefaces in this one with 12 points.

In the tournament finals, played at 9:30 p. m. Saturday, the Whitefaces met Canyon once more. Hereford had no trouble getting started this time as they took a 20 - 17 lead at the first quarter mark. This lead increased to 36 - 25 by halftime. Early in the third period it seemed as though the Herd had it wrapped up with a 15 - point margin; however all was not over as the Eagles just would not give up. They just kept fighting and finally narrowed the lead to just two points where the game ended. The Whitefaces did not help their cause any when they did not score any field goals in the fourth quarter. They also missed their last six free throw attempts. Dwight McGee was a high point man with 15 points.

The Hereford B - team opened the new season with a 43 - 34 win over Canyon. The B - team did not open slowly as they took a 17 - 3 first period lead. They had to fight hard from that time on to beat the Eagles. Ronnie Welty was high point man with 12 points.

It would seem that Hereford would have had enough of Canyon but they played the Eagles once more last Tuesday night in Canyon. Tomorrow night the Herd plays Clovis in the Wildcat gym.

THE CHURCH'S ONE FOUNDATION

THE CHURCH'S ONE FOUNDATION IS JE-SUS CHRIST HER LORD

...She came from God the Father to accomplish good for all; to persuade people to a better way of life. Her steeple is high, her influence reaches far. *Men know she holds comfort for believers and direction for those lost in sin.*

She is where a lot of people go as a last resort. Oh, that all men might first, come by way of His church for renewed hope, divine courage and greater strength.

Over nineteen hundred years ago, *God opened her doors to all men regardless of race, color or creed.* He raised the cross, on which Jesus died, atop her steeple with a prayer that men might never commit blasphemy against His name. — Then, "come let us go into the house of the Lord." *Here, it is always time to worship the God I serve... for I am His church.*
