# Hospital Bond Election Tuesday

## Forecast Costs Of Bond Issue Okay

(This is the second in a series of two articles about the proposed \$350,000 bond issue to enlarge and renovate the Deaf Smith County Hospital. The first dealt with the various construction projects of the hospital, its case load and its growth.)

By H. A. Tuck  
Brand News Editor  
It probably will cost the owner of a \$10,000 home about \$3.24 a year if the proposed \$350,000 hospital improvement bond issue passes on Tuesday. And the owner of a section of irrigated

land would pay an additional \$12.29 per year to help pay the indebtedness that would be incurred by such a bond issue. These figures are close estimates. (Continued on Page 3)

## Break-In Bust; Burglars Miss \$300 In Cash

Burglars breaking into F. H. Vahling Co. vegetable shed office here made a bust. They missed approximately \$300 in the firm's office, according to Hereford Police Department.

The break-in is reported to have occurred at F. H. Vahling Co. sometime during the night Thursday. Investigation of the firm revealed that the burglars entered the building through the warehouse and then pried open an office door.

In the office, according to the report, attempts were made to pry open two desks. However, the desks were not broken into.

## Around Town

BY H. A. TUCK  
As this is written, we have been without a rain for almost five whole days, which is something like a record after a swampy two weeks of almost continual moisture. But the weather bureau Saturday was offering us the prospects of more rain, high winds, hail and one or two tornadoes. What makes me curious is this: How can the weather bureau tell whether a given area is going to have one or two tornadoes or 15 of the blasted things?

I've been accused of being responsible for bringing about (Continued on page 2)

## Kings Manor Is Seeking Bids On Nursing Facility

Board of trustees for King's Manor Methodist - operated retirement home in Hereford have called for bids on construction of another unit.

Bids will be opened on July 2 for a 24-bed nursing unit to be built on the site of the King's Manor property, but separate from the present building. Estimated cost is about \$200,000 with an allocation of \$97,000 toward this cost from Hill-Burton funds.

The bid opening is delayed about 60 days from the date first planned, with construction to start about July 15 and completion sometime in January, 1964.

Trustees also have authorized to call for bids on a ten-unit addition to the present well-care home. Cost will be about \$100,000 with bids to be opened in October.

## Children's And Adults' Swim Sign-Up Starts

The American Red Cross water safety program will conduct two separate swimming classes for adults beginning Monday, June 17 through Friday, June 28. One class, taught by John Gilliland, will be held from 6 to 7 a. m. The other, taught by Eldon Howell, will meet from 6 to 7 p. m.

Any adult wishing to join one of these classes should be at the swimming pool June 17 at either 6 a. m. or 6 p. m. to register. The fee is \$2.25 for the course.

Registration for the children's classes will be held from 10 until 11 a. m. from Monday, June 10, through Friday, June 14. Children must have completed at least the first grade of school to attend.

Anyone wishing to volunteer to help teach a children's class may contact either Mrs. Bruce Miller, chairman of the Red Cross water safety committee, or Mrs. Henry Neely at the Red Cross office.

If there is sufficient demand a second session for adults will be taught from July 8 through 19.

A 40-CAR TWISTED wreckage was all that remained of 40 cars after a derailment caused apparently by a faulty journal on one of the cars. The accident occurred about seven miles southwest of Hereford as a speeding 128-car freight was approaching the city about 12:30 a.m. Friday. The force of impact piled cars four and five deep and

ripped up almost 300 yards of track. Work gangs Friday built a "shoo-fly", a spur, around the wreckage and by mid-afternoon traffic along the main West Coast line had been restored. No estimate of damage has been made. (Staff Photo)

## Faulty Journal Blamed For 40-Car Santa Fe Derailment

By Gardner Collins  
Brand Staff Reporter  
A faulty journal was blamed as 40 cars of a speeding east-bound Santa Fe freight piled up four and five deep, ripping out several hundred yards of track southwest of Hereford.

The accident occurred about 12:30 a. m. Friday seven miles to the west of the city as the 128-car train was approaching the city.

A railroad official explained Friday that the journal on one of the cars broke, allowing the bed of a freight car to drop on the tracks. An axle broke and the car behind nose-dived into the roadbed and the pile-up began.

As the cars began to crash into the wreckage ahead, they were splintered. Metal sides of boxcars were ripped open, allowing tons of zinc ore to

spill over the right of way. Following the accident, pieces of cars — hydraulic brake cylinders, brake wheels, trucks, sections of rail, and ties — were strewn about the area.

The colliding freight cars also bulldozed ties out of the road bed. The force of the impact was so great that the rail cars — each weighing between 90 and 100 tons — were scattered about like a toy train.

At one point on the line a section of the rail was curved upward to a height of about 75 feet.

Following the wreck, 58 cars and the engine were still on the track to the east of the wreckage. On the west side of the tangled mass of wreckage, 30 cars and a caboose were still standing.

As the wreck occurred one of

the trainmen was injured. H. L. Jundorf, rear brakeman was riding in the caboose at the time. He suffered bruises and minor lacerations as the train came to a sudden halt.

Two hours after the accident, heavy equipment began to arrive at the scene as work began to construct a "shoo-fly" around the mass of wreckage.

A "shoo-fly" in railroad terminology is a temporary spur and was built in order that traffic on the main Santa Fe line to the West Coast could be restored.

Following the accident all trains along the line were detoured from Canyon to Lubbock northwest to Texico and across to Clovis, N. M.

However, by mid-afternoon Friday the spur trackage was in operation around the 300 yards of damaged track.

As clearing operations began during the early morning, heavy equipment from as far away as Burger and Pampa began to pull apart the tangled mass of wood and metal reaching as high as 50 feet at one point.

While the heavy equipment was concentrating on the wreckage, other work gangs were working on the spur line.

Two huge railway cranes — a 150-ton steam derrick from Amarillo and a new 250-ton diesel derrick from Clovis — lifted 39-foot prefabricated track sections in place.

No estimate of the loss resulting from the crash has been made as railway officials concentrated on clearing the right-of-way and laying new track. However, damage is expected to be heavy.

One member of the work (Continued on Page 3)

Deaf Smith County voters will be given an opportunity to approve or reject a proposed \$350,000 bond issue for the county hospital Tuesday, June 11.

Polls will be open from 8 a.m. until 7 p.m. The issue, if approved, would be used for construction of a 20-room addition plus extensive renovation of the existing facilities at the Deaf Smith County Hospital. It is the first hospital bond issue called since 1947, although some construction has been done since that time by donations and time warrants.

County Clerk B. F. Cain reported that seven absentee votes had been cast in the election prior to the close of early voting at 5 p.m. Friday. The election was called after members of the hospital board unanimously agreed that such an addition was needed.

## Four Slightly Hurt In Car-Pickup Wreck

Four passengers in an automobile were injured here about 9 a. m. Thursday as a 1957 sedan and a 1962 model pickup truck collided on east U. S. Highway 60 near Tip Top Service Station.

Injured in the accident were Mrs. Herman Herzog, 137 Beach, and her three daughters, Laverne, 14, Inita, 9, and Barbara, 11. All were taken to Deaf Smith County Hospital for treatments.

Mrs. Herzog and her two younger daughters were given emergency treatment before being released, according to a hospital spokesman.

Laverne, the oldest, remained in the hospital for examination but was released the same afternoon, the spokesman added.

According to investigating officers, both vehicles were traveling east. The pickup was being driven by Albert Smith, 52, Route 1. Driver of the sedan was Herman Herzog, 55, 137 Beach.

The accident report states that the Smith vehicle was traveling at a slow rate of speed on the outside lane of the divided four-lane highway. The Herzog automobile was attempting to pass on the left.

Apparently Smith attempted to make a left turn when the accident occurred, according to investigating officers.

As the two vehicles collided, the right front of the automobile smashed broadside into the truck. Damages were heavy.

Police officers estimated damages to the 1957 model sedan at \$750 — a total loss. Estimates place damages to the pickup at \$800.

Smith was ticketed for making a left hand turn from the wrong lane by law enforcement officers investigating the accident. None of the persons in either vehicle was wearing seat belts.

Following discussions with bond advisor and the county commission, a petition was circulated to call for the election. The petition was approved and the election set last month.

Last week, the hospital board issued a statement supporting the bond issue.

On Friday, the chamber of commerce issued the following statement: "A majority of the Directors of the Deaf Smith County Chamber of Commerce has voted to approve the recommendation of the Government Affairs committee that the Chamber of Commerce endorse the hospital bond issue and urge a favorable vote. The Government Affairs committee met in special session Friday morning to study the proposal. The committee's recommendation was then carried to the Board of Directors by telephone poll. There were no opposing votes, but several Directors were out of town and one abstained from voting."

Following are the polling places for the bond election: Precinct One, License Examiner's office, courthouse; Precinct Two, Commissioners' Courtroom, courthouse; Precinct Three, old Mitchell residence; Precinct Four, Simms Community House; Precinct Six, Ford School House; Precinct Seven, Dawn School House; Precinct Eight, Garcia Community House; Precinct Nine, Pippus Community House; Precinct Ten, Palo Duro Church; Precinct Eleven, Central School.

Following statement was drafted to the county taxpayers by the hospital board:

"For the past two years, your Hospital's Board of Managers has given serious thought and study to the question of expansion of the facilities of the hospital in order to keep pace with the growing demand for health care for our people.

"As the population of our town and county has grown, so has the demand for our services grown until now the demand for hospital beds is exceeding our capacity to supply them. Now it is quite evident to us that in order to avert a serious shortage of hospital beds, we must build more bed rooms.

"Over a year ago, a master plan was developed so that expansion could be accomplished in stages as needed. The first stage of that master plan was completed last fall.

"Not since 1947 — 16 years — have we had to ask for a (Continued on page 2)

## Five No-Billed, Four Indicted By Grand Jury; Name Panel

Five men were no billed, and four others were indicted on felony charges ranging from driving an automobile without the owner's consent to assault with intent to murder as the January term of Deaf Smith County Grand jury ended here Wednesday.

As the session was held here, during a day-long session of the 69th District Court, Judge Harry Schultz presiding, two men pleaded guilty to charges.

At the session, James Wiley Wimberley, found guilty of armed robbery, was also sentenced to 35 year imprisonment. Notice of an appeal to the Court of Criminal Appeals was filed.

During the day the jury commission also met to select a grand jury list and three petit jurors for the new term of the District Court.

Sixteen names were selected for the grand jury panel and three lists containing 60 names each drawn to fill petit juries for the new term beginning on July 29.

Included on the jury commission are Glenn Allred, Jack Brown, Mrs. Marie Sears, Mrs. Ruby Lee Hickman, and W. B. Dowell.

During day-long consideration of evidence presented to grand jurors were no billed on charges against them.

No billed by grand jurors were W. A. Ashcraft, Gerald Houston, Bobby Kemp, Vidal Paz, and Ramon Aleman. Indictments were returned against Victor Randall, 17, 305 West Sixth, driving an automobile without the owner's consent; Elaine G. Lewis, 21, 218 Ave-

nue A, assault with intent to murder;

Fredrico Zavala, 18, Hereford, assault with a prohibited weapon;

Donald Yanda, 21, Waterloo, Iowa, burglary of a coin-operated machine.

During a brief session of the court, two of the men entered pleas of guilty to charges. Given three-year sentences and placed on probation were Fredrico Zavala and Donald Yanda.

## Notice Of Appeal In Wimberley Trial Is Filed

Notice of appeal in the James Wiley Wimberley trial was filed here Wednesday as a session of 69th District Court, Judge Harry Schultz presiding, was held.

The appeal notice was filed as Wimberley was sentenced. He had been found guilty of armed robbery with a 35-year sentence set by a Deaf Smith County jury.

The notice stated that the sentence was appealed to the Texas Court of Criminal Appeals in Austin.

INJURED IN A CAR-PICKUP crash, 14-year-old Laverne Herzog, 137 Beach, is given first aid by ambulance attendants before being taken to Deaf Smith County Hospital for examination. The accident occurred shortly after 9 a.m. Thursday as a 1957-model sedan, driven by the girl's father, Herman Herzog, and a 1962 model pickup, driven by Albert Smith, Route 1, collided on east Highway 60 near Tip Top Service Station. Damage to the automobile was listed at \$750 and at \$800 to the truck. (Staff Photo)

# Weather Turnabout Deals County Farmers Bad Hand

DEAF SMITH COUNTY FARMERS were men with problems—problems caused by too little moisture and then too much, too hard, for too long a period. Cotton fields, such as the one above are a common sight in the southern portion of the county as hail and rain killed young plants. Much of the 1963 crop has been replanted at least once with same now being seeded for the third time. Damage to crops—wheat, potatoes, and cotton—has not been estimated in dollars and cents but the loss will be heavy due to "extensive" damage. (Staff Photo)

Deaf Smith County farmers are men with problems—problems caused by a complete turnabout in the Panhandle weather.

At the beginning of May, crop prospects were dim due to a lack of moisture. This week, crop prospects are even dimmer due to too much moisture in the form of heavy rains and hail.

As fields began to dry, farmers in the area also began an age-old fight against wind erosion.

Following the heavy rains, the clay soil of the area caked, and then crusted. As the crust powdered away, it was whipped into clouds of flying dust.

With fields almost dry, farmers attacked the most recent problem with rotary hoes, chisels and disc plows.

One Deaf Smith County farmer Thursday commented as he looked across his field at blowing dust: "There is just so much of it you can't be in every place at the same time."

He pointed out that wind, not only blows "your land over on your neighbor", but it eats away at the young plants causing additional damage.

And, the damage to crops in this area is widespread.

However, the hardest hit area perhaps includes the cotton, wheat, and vegetable fields to the south and southwest of Hereford.

In that area, farmers are either replanting cotton for at least the second or third time or attaching "chicken pickers" behind tractors and pulling them across fields in hopes that young cotton plants will survive.

One farmer pointed out one of his fields, stating that it was the third time he had tried to bring up a crop.

He added that the field had flooded and had been under about two inches of water.

The farm, which had been soaked by heavy rains, also had three damaging hail storms batter potatoes and wheat. A wheat field next to where cotton had been planted was badly damaged.

"This field would have made 60 to 70 bushels," stated the grower. "But, now I'll be lucky to harvest 15 to 20 bushels."

From the road beside the field, the grains look lush and with heavy, grain-filled heads tipping the stalks.

Close inspection of the field reveals that many stalks are broken or the head has been shattered.

"If the grain had been ripe," the producer stated, "only a stubble would have been left in this field."

Loss of wheat has been reported throughout the county as fields and strips were pounded by the severe storms. Other areas reporting "hail" damage are to the west, southeast and east of Hereford.

Some hail damage has also been reported northwest of the city.

Also heavily damaged by the severe hailstorms is the county's potato crop.

A grower commenting on the condition of his crop, stated that he didn't know whether or not one of his fields was going to make a crop.

The field had received three hail and the plants were badly damaged.

"The plants had a good set under them before the hail," he said, "but, I don't know what they're going to do now. Usually, the plants will drop the set after a hail. After three hails I don't know."

He added that this field was very heavily damaged, another had only minor damage, and a third field had no hail damage at all.

No total has been placed on the amount of damage from the severe storms striking the Hereford area in rapid succession almost every day during a two-week period.

The only label placed on

damage by vegetable growers and shippers, grain men, and farmers is "extensive."

FOLLOWING THE HEAVY rains of the past two weeks which sent flood waters swirling down Frio Draw, work was again underway to strengthen the dam on the Harlan Frye farm, south of Summerfield. As heavy rains saturated the area, water flowed around the ends of the dam and, over the top. However, the earthen structure held. (Staff Photo)

## Lake Water Use Is Recommended

A spokesman for the High Plains Underground Water Conservation District when contacted recently had the following comments on using lake water.

He stated, "The heavy rains that we've experienced during the past couple of weeks have left large quantities of water available in the thousands of lakes and depressions throughout the High Plains."

W. L. "Bill" Broadhurst, chief hydrologist for the Water District, continued by saying, "It's true that most of the cropland does not at this time need additional moisture; however, there are areas where the rain fell so fast that most of the water ran off. Also, there is layout land or improved pastures that can nearly always use a

little more moisture.

"At any rate, if an individual has a lake on his farm and does not presently have a way to pump water from it back to his cropland, now would be an excellent time for him to think seriously about installing a pump and pipeline. There are many reasons why we think that this is good business.

"First, runoff water that collects in the lakes is generally the least expensive water that can be developed.

"Second, water that remains in the lakes is largely wasted because probably 90 per cent will evaporate and do no one any good.

"Third, a mosquito-breeding haven is alleviated when the lake water is used.

"Fourth, if the lake bottom is utilized as a pasture or some other income-producing endeavor, the lake water needs to be pumped from the lake as quickly as possible to prevent additional damage.

"Fifth, lake water is probably more compatible than ground water to growing plants because of its warmer temperature.

Broadhurst continued, "There is one other important reason for using lake water when it is available. Using it, rather than pumping ground water from storage, results in substantial savings of underground water.

"We could go on and on talking about the advantages of pumping and using lake water, but however the individual personally looks at the picture will probably dictate what action, if any, that he will take in utilizing runoff water from his own lake."

Our thinking on the subject is simple and two-fold (1) Water pumped from wells is mined from storage, and (2) to prolong ground-water supplies, rainfall must be used.

Broadhurst concluded his comments by saying, "We would like for each irrigator who has a lake on his land, to consider putting the runoff water that it catches to a beneficial use. We think that

this is just good, sound business any way you look at it; and not only for the irrigator, but for his entire community as well."

### Bond...

(Continued from page 1) mates by the county tax office. Bond advisor Bob Davis of Columbian Securities drew up three proposals for consideration by the Deaf Smith County Commission and the county hospital board.

The shortest-term repayment schedule was selected by the two groups as being the most economical.

Since the county has not yet officially set its tax rate for the coming year, only estimates and informal agreements are available for comparison.

The present tax evaluation is taken at 17 1/2 per cent of actual value. That is, a \$10,000 home is valued on the tax rolls at \$1,750. The county tax rate, with state taxes included, totals \$1.62. That means that the home owner last year paid \$28.35 in state and county taxes.

County commission already have indicated they will raise the tax evaluation to 20 per cent of actual value, ignoring any bond issue. That means that the owner of a \$10,000 home likely would be paying \$32.40 in state and county taxes next year.

If the bond issue is approved, a two per cent increase in valuations would be needed to pay these costs. That would place the \$10,000 home on the rolls at a taxable value of \$2,200, with county and state taxes of \$35.74.

For a typical section of irrigated land in the county, the owner paid about \$107.57 in county and state taxes last year. At the 20 per cent rate that is likely for next year, he would pay \$122.94. If the hospital bond issue is approved and the rate is placed at 22 per cent, he would pay \$135.23.

Commissioners studied proposals for 15-year, 17-year and 20-year repayments of a proposed \$350,000 bond issue. They were unanimous in their preference for the 15-year schedule, since it would cost less in interest.

The repayment and county financial needs were figured on a very conservative basis, Davis said. Presently, the county property valuation totals \$27.5 million. Valuation for 1964 was figured at 28.5 million, although Davis agreed that this probably was too low. It also figures that the county valuation will be about \$33 million midway through the repayment period, but it is generally agreed by county officials and Davis that this figure probably will be reached within three years.

The schedule also was figured on the basis of 90 per cent collections of all the taxes due. Deaf Smith County tax collections consistently average more

than 93 per cent of the total due.

Hospital board members pointed out that the \$350,000 requested would take care of all expenses of the project, including construction costs, architects fee and necessary equipment and furnishings.

The bond issue also would provide funds for an extensive renovation of the existing units of the hospital, particularly the initial unit, which was built in 1924.

Planned is a 20' room wing on the east side of the present hospital building. Each of these would be private patient rooms since hospital administrators have found that is what the ma-

**WHY PAY RENT?**  
Have you ever stopped to think just how much money is wasted on rent? The average renter will pay over \$1,000 a year on rent, yet, has nothing to show for it, except looking forward to paying another year's rent. BRICKTIME HOMES can help solve your rent problem by building you a new BRICKTIME HOME. BRICKTIME HOMES are building six (6) new homes on Beach and Aspen streets in the 200 block. Look for the orange signs. We will be glad to call on you or will be delighted for you to come by HEREFORD REAL ESTATE to see the many plans and specifications of BRICKTIME HOMES. We will be glad to trade for your home.

A MASS OF TWISTED wreckage and scattered zinc ore were all that was left as 40 box cars of an eastbound Santa Fe freight stacked up seven miles west of Hereford about 12:30 a.m. Friday. As a result of the wreck, one of the train crew, a brakeman riding in the caboose, was injured. His injuries were reported not to be serious. The force of the accident stacked cars four and five deep gouging out a section of the roadbed, splintered ties and twisted the rails. Railroad officials say damages due to the accident will be heavy. (Staff Photo)

BULLDOZERS AND WINCH TRUCKS struggle to push and pull one of the 40 box cars which derailed seven miles southwest of Hereford on the main Santa Fe line to the West Coast. The wreck, which occurred about 12:30 a.m., was blamed by railroad officials on a faulty journal. As

work began to clear the damaged track section, a temporary by-pass was laid by work crews. It was in operation by mid-afternoon Friday. Loss due to the derailment is expected to be heavy. (Staff Photo)

## Yankees Win In Tight Game, 6-4

Using free passes judiciously, the Yankees trimmed the Dodgers 6-4 in Little League major play Thursday night.  
 In the bottom of the first, the Dodgers picked up one run on two errors and a single by Dusty Duncan. The Yanks tied it up in the top of the second as David Huckert singled and came in on three bases on balls.  
 The Yankees took a temporary 2-1 lead in the top of the

third as Tom McGowen doubled and stole two bases.  
 Then it was time for the Dodgers to get in front again. They did it with three runs for a 4-2 edge. The runs came in on three singles, an error and a walk.  
 That was the way it stayed until the top of the fifth, when the Yankees cut loose for three runs and a 5-4 lead. Ricky Adams led off with a double, followed by a walk and singles

by Bill Benefield and Jim Rakestraw. Walks allowed two Dodgers on base in the fifth, but they were left.  
 Final run came in the top of the sixth as Jimmy Loerwald doubled and Otis Robinson singled.

Ricky Adams and Tom McGowen hurled for the winners. McGowen gave up just one hit in his three innings of effort. Steve Coker, Tommy Pool and Ishmael Urjas pitched for the Dodgers.  
 In one minor league game, the Braves trounced the Athletics 17-1. The Braves picked up one run in the first, four in the second, nine in the third, two in the fourth and one in the

fifth. Only run for the Athletics came in the third on an error.  
 Greg Chisholm pitched for the winners with Bobby Albracht and Mike Brumley hurling for the A's.  
 The Dodgers also won handily, whipping the Yankees 15-3.

The Dodgers scored four in the first, two in the second, four in the third and five in the fifth. The Yankees got their three runs in the third. Brent Caviness hit an inside-the-park homer for the Yankees.  
 Johnny Gooch and Steve Sanders worked on the mound for the Dodgers with Loy Wylie, Oliver Eastman and Brent Caviness hurling for the Yankees.

# How Does Your Crop Look? GIVE IT A BOOST WITH Golden URAN

Realizing that the weather in recent weeks hasn't been conducive to "tops" in crop growth, we would like to offer a suggestion. Heavy moisture and cool weather have slowed young cotton growth considerably—to counteract this condition in the face of a shortened growing season, we recommend an application of from 5 to 7 gallons per acre of GOLDEN URAN. The nitrate content of this excellent, nitrogen fertilizer will provide a quick boost of growth power to the dormant plant. This small amount of nitrogen will in no way affect the maturing of the crop, but will give it added leaf and root growth. IF YOU ARE ONE OF THE MORE UNFORTUNATE WHO HAVE TO REPLANT—WE WOULD LIKE TO SUGGEST THAT YOU APPLY A BOOSTER SHOT WITH YOUR SEED!

WORK CREWS INSTALLED a temporary by-pass line around the wreckage of an east-bound Santa Fe freight. Forty cars of the train stacked up and splintered like match-boxes due to a faulty journal about 12:30 a.m. Friday. Damages are expected to be

high as a result of the accident, say railroad officials. Friday afternoon the main rail line to the West Coast was again open as the by-pass was put into operation. (Staff Photo)

### Woodford Will Work With Ford During Summer

Bill Woodford, son of Mr. and Mrs. Lisle Woodford, left Sunday, June 1, for Dearborn, Mich., and a summer job with Ford Motor Company. During the summer months he and five other students from different universities in the United States will work in Ford's legal department. He will be working with the 60 lawyers regularly employed by Ford. He expects to do legal research

while there, similar to that which he has been doing on the Texas Law Review published at the University of Texas.

During May, Bill was tapped for the University Law School Chancellors, highest honorary society of the School of Law. Six students are eligible each semester for admittance on the basis of scholarship and potential ability.

The purpose of Chancellors is to honor and reward those students who have shown through outstanding scholarship and achievement their ability to succeed and become a credit to their profession.

He was also appointed Attorney General of the University of Texas for next fall. He will work with the University Student Assembly in problems of student government. A senior law student is appointed to this office each semester.

MUTE EVIDENCE of the forces involved as 40 freight cars piled up in a spectacular wreck is the twisted and ripped side of one of the freight cars. The accident occurred about 12:30 a.m. Friday and was blamed

on a faulty journal. Two hours later, heavy equipment began arriving at the scene, seven miles southwest of Hereford, as crews began clearing the main line. (Staff Photo)

By Melvin Young  
It isn't too difficult to tell when summer has arrived because the conversation of the younger men around Hereford inevitably turns to their forthcoming summer encampment with the Reserves, or National Guard. Included in this group are fellows like Bill Penn, Harold Kidds and Doug Ruland.

Most of these men are in the active reserve, and most of them were required to spend six months on active duty in the service, with an obligation of 5 1/2 years with the reserves. This might sound like a pretty good deal to the men who don't want to spend two to four years on active duty in one of the four services, but can you imagine spending your vacation time for five years in a row at a lovely camp such as Ft. Hood, sharing quarters with the snakes and mosquitoes? We're not knocking the reserve program, but do believe that we had rather go fishing than camping. Particularly when the camping is with the Army.

—HB—  
Voting for the proposed hospital expansion bond will be Tuesday, June 11. Passage of the bond issue would mean the construction of a 20-room addition to the hospital, plus extensive renovation of the present building. The hospital board and management report that the plant is now running between 95 and 100 per cent capacity, and in face of the expected growth of the Hereford area, we will be sorely in need of more space before the construction can be completed. The last bond issue passed was in 1947, with subsequent construction and remodeling being completed through donations of the Jim Hill Estate, local service clubs and individual citizens.

—HB—  
George Masso this week announced the opening of the May Department Store at 208 N. Main in Hereford. Mr. Masso will manage the local store, one of 18 owned by the Masso family in West Texas. He is 26 years old, single, and holds a B. S. degree in Petroleum Engineering from Texas A & M University. Mr. Masso previously lived in California and was associated in the development of the Nuclear Magnetism Logging tool, an electronics device used to distinguish between oil and water.

Other new businesses opening in Hereford this week include Tom Crawford's Electric, now operating at 841 East First Street and Fencraft of Hereford, a branch of an Amarillo business which will be managed by Elmer Burnett. Mr. Burnett, who is married and has three children, plans to take up residence in Hereford in the near future.

—HB—  
Crawford hails from Farmington, N. M., where he has operated an electrical business for the past 10 years.

—HB—  
Benny Womble, who has been associated with the Ink Spot for the past 2 1/2 years has purchased the Continental Oil Company wholesale plant in Hereford, according to an announcement made Saturday by Ray Cantwell, Continental Oil district representative. Benny is a native of Hereford. He was engaged in farming until 1959, at which time he moved to town. He still owns his farm northeast of Hereford in the Dawn area. Benny is well known to the farmers of the area.

—HB—  
The home building spree apparently hasn't diminished. The City of Hereford Water Department reports they are over 20 taps behind. We understand that Ouis Carroll has pulled crews off other work and put them on the water connections full time in order to catch up. Most of the building is still being done in the northwest section of Hereford. New streets are being opened up daily, and every time we drive by, there seem to be a few more homes than the day before. Quite a number of the homes are in the \$30 - \$5,000 bracket, but there are many ranging from \$12,000 to \$15,000.

farmers are having their problems. Many fields have been stripped by the hail, and some area farmers are reporting problems with their young cotton, apparently due to static electricity. This is something new to us. We've lived in a cotton country for many years and have never heard this theory advanced before. However, we get the same story from a number of farmers who should know what they're talking about. Regardless of the cause, many cotton fields are not growing as they should.

Most of the folks who have had their cotton hailed out are now replanting, although it is getting rather late in the year to be planting cotton. However, if conditions are right, the late cotton should have plenty of time to mature. Maturity can be controlled to a certain extent by not watering late and through the use of phosphates in the fertilization program.

—HB—  
Again, if the weather holds, we should be edging into the wheat harvest by the end of this week, with momentum picking up sharply by the twentieth of the month. Many fields are about ready now, and with a couple days of sunshine, they should mature rapidly. However, the recent rains have muddied the fields and there could be some problems with getting the combines and trucks through.

—HB—  
We recently received a nice note from Mrs. E. Ramey, former resident of Hereford who has moved to Stratford. Mrs. Ramey is trying to sell her property here in Hereford. Since the death of her husband a couple of years ago, Mrs. Ramey has been living at Stratford in

the home of a daughter. She has many friends in the Hereford area. Mr. Ramey was a rural mail carrier for more than 30 years.

Why is it that you have to hire a guide for the comparatively simple task of following a river, while you're entirely on your own in the matter of figuring out the double clover leaf by-pass with thruway changeover which you encounter on the way?

TWO VEHICLES WERE HEAVILY damaged here Thursday on U. S. Highway 60 near the Tip Top Service Station as a 1962 pickup and a 1958 sedan collided. The wreck occurred shortly after 9 a.m. Thursday as the pickup, driven by Albert Smith, 52, Route 1, was reported to have turned in front of the automobile, driven by Her-

man Herzog, 55, 137 Beach. Both vehicles were headed east. Damage to the sedan was placed at \$750 while damages to the truck were estimated at \$800 by investigating officers. Four persons, Mrs. Herzog, Laverne, 14, Barbara, 8, and Inita, 9, were injured. (Staff Photos)

### International Group At Informal Buffet Supper

Guests from Africa, Europe, South America, and North America provided intercontinental conversation at an informal buffet dinner in the country home of Mr. and Mrs. Earl Plank on Tuesday, June 4.

One foreign guest was seated at each of the quartet tables for dinner. The buffet table was laid with a white linen cloth. Silver candles in triple

silver holders flanked a centerpiece of pink flowers.

Representing Europe were Miss Ana Marie Ceballos, a State Department interpreter from Spain, and Frank Hergert, exchange student from Germany.

From Africa were Mrs. Barney Gordon and her children, Russell, Andrew, and Heather, who also is an exchange student. Guests from South America were Pablo Ramirez, Colombia; Evando Barbosa, Brazil; Jose Augusto, Brazil; and Juan Rafael Restrepo, Colombia.

Accompanying the South American group was a second interpreter, Mrs. Ernestina Solares, who is a native of Cuba and a naturalized citizen of the United States. Their American hosts, Mr. and Mrs. Leo Forrest, were present.

Among the guests were Mrs. Elmer Kimball, Sharon Hill, and Larry Hill, Frank Hergert's

American family, and Mr. and Mrs. Leroy Aven, Heather Gordon's American family. Mrs. Elmer Patterson, who is chairman of the American Field Service chapter in Hereford, attended the party.

Out of town guests were Miss Rita Rogers, Claude; Mr. and Mrs. E. E. Plank, Canyon, and John Loehr, Carlinsville, Ill.

Others present were Lynn Thompson, Robert Thompson, Mr. and Mrs. G. W. Newsom, Mrs. J. J. Durham, Miss Mildred Elliott, Mr. and Mrs. H. H. Miller, Miss Sherry Patterson, Pete Plank, and Miss LuAnne Higgins.

**ATTEND SUMMER SCHOOL.** Lynn Thompson, daughter of Mr. and Mrs. Robert Thompson, is attending summer school at West Texas State University. She is a regular student at W. T.

**TRIP TO GALVESTON.** May Fralin will be leaving for Galveston Sunday, May 9. She plans to spend a week there before returning to Hereford.

Wain Miller (Angel Photo)

### Miller Awarded Scholarship For College Studies

A 1963, Hereford High School graduate has been named to receive the West Texas Press Association journalism scholarship. He is Wain Miller, 18-year-old son of Mrs. Jewell Miller.

James Roberts of Andrews, chairman of the WTPA scholarship committee, said that Miller was selected from a field of more than 12 applicants. The scholarship pays a total of \$600 over four years of college.

Miller first began journalism with The Whiteface, high school

paper, when he was a sophomore. He became a writer-photographer for the Hereford Brand that same year.

As a junior, Miller served as editor of The Whiteface and worked for the Brand under the Distributive Education program. In 1962 he was awarded the Dorinda E. Bond award as the outstanding journalist in the Panhandle High School Press Association.

As a senior, Miller continued to work for the Brand. He won first place in newswriting in the Texas Interscholastic League contest on the state level and was on the second place journalism team in the regional competition. He also won second place in the Texas Associated Press Managing Editors contest, placing in photojournalism. It was the first time a high school student had placed in the contest, which includes all AP papers in the state printed in cities up to 75,000 population.

This spring, he was named the Outstanding D. E. Student in Hereford High School and received the Hereford Brand journalism scholarship upon graduation.

On May 27, he began working as a reporter for the Avance Journal in Lubbock. He will begin summer school at Texas Tech in Lubbock this week, planning for a major in journalism.

Miller also was active in high school dramatics, played in the band and was president of his church youth group.

Michigan State's retiring wrestling coach Fendley Collins developed 21 grapplers who won NCAA and AAU individual championships.

Michigan State tailback Ron Rubick of Manistique and wingback Dewey Lincoln of Hamtramck scored 184 and 139 points, respectively, during their senior year of prep competition.

Michigan State's basketball team will visit Hawaii next Christmas, playing three games against service teams.

Michigan State sophomore tailback Doug Roberts is the brother of former Spartan hockey captain Jack Roberts.

While coaching at Waynesboro (Pa.) High School, Penn State's Rip Engle compiled 86 wins, 47 defeats and five ties in 11 seasons. Three of his teams were unbeaten.

Ed Czekaj, business manager of Penn State athletics, booted 32 extra points in 1947 to set a Penn State record which still stands.

Harry Robb's 36 points against Gettysburg in 1917 still stands as the Penn State one game individual scoring record.

Three members of Penn State's football coaching staff—Jim O'Hara, Sever Toretti, and Dan Radakovich—are Penn State graduates.

Lenny Moore, now with the Baltimore Colts, scored 13 touchdowns for Penn State in 1954.

Penn State's unbeaten seasons number eight in 74 seasons of intercollegiate football.

Penn State's 1961 football squad, one of the most explosive ever coached by Rip Engle, placed sixth nationally in total offense by gaining 3691 yards in 10 games.

### Around...

(Continued from page 1) all this rain, just on account of my predictions. Now, I want to plead innocent to that charge. My predictions just never have been that good... and certainly not strong enough for five or six inches at a time. Not that it will do one bit of good, but I'll be happy to predict a dry spell. But I want to qualify that to become effective in the latter part of June or early July. We are still due some more moisture, no matter how much we'd like to have clear, warm weather, right now.

A former Hereford boy, who started his boxing career here, won again Friday night. He whipped his opponent in the third round of a four-round bout in Amarillo with a knockout. Roy Rogers fights out of Levelland.

Kathy Knox, daughter of Mr. and Mrs. Stan Knox, left Saturday for Hattiesburg, Miss., and a place on the United States of America Band. After practice at the University of Southern Mississippi, the 125-member band will tour the United States and Mexico. First stop is Miami, Fla., for the Lions Club convention, followed by New Orleans, Monterey, Mexico City, San Antonio, Los Angeles, (the Hollywood Bowl, no less), Las Vegas, Salt Lake City, Denver, Dodge City and others. Kathy, a 1963 graduate of Hereford High, will play flute and piccolo.

Don't forget about registration for Red Cross swim courses. You may register between 10-11 a. m. Monday through Friday at the municipal pool. Courses will run June 17-28 and July 8-19.

A demonstration on "Fundamentals of Freezing" will be given on Wednesday, June 12, at 3 p. m. in the Stanton Junior High in the home economics rooms. The program is sponsored by the school system's three home economics teachers—Mrs. Prowell, Mrs. Durham and Mrs. Sullivan—with Joann Vaughn, home service advisor for Southwestern Public Service Co., in charge. The demonstration is free to the public.

Annual membership meeting of the Hereford Cemetery Association will be held in the Hereford Community Center at 3 p. m. Tuesday, June 11. J. C. Ricketts, president, invited all members and others interested to attend. Officers will be elected during the business session.

Wesley Methodist Church will have its 10th anniversary celebration and homecoming on Friday, June 14, starting at 6 p. m. A covered dish supper is scheduled for 7 p. m. All charter members are particularly urged to be present.

Nope, Harlan Frye's dam didn't either give way before the rush of water down Frio Draw last week. Despite all the stories and rumors, the dam still is standing. Water went over the spillway, over the top of the dam and cut another spillway, but the dam held. For Harlan's sake, we are particularly pleased that it didn't go, for he had invested a lot of time and money in the project... much of it strongly opposed by some of the people-planning types.

All their friends are cordially invited to a reception honoring Mr. and Ms. Paul Conway on their 50th wedding anniversary. The affair will be held at 104 Rio Vista Drive on Sunday, June 9, starting at 2 p. m. Hosts will be the couple's children, Mr. and Mrs. Paul Conway of Hereford and Dr. and Mrs. Edwin Goodall of Breckenridge.

Don't forget to vote Tuesday in the hospital bond election. It is a vital issue and worthy of your thought and your ballot.

Medical expenses, we think, are high. Until we fell that perhaps we'll die. And then the cost seems mighty small. Where health's concerned, money's nothing at all!

### Hospital...

(Continued from page 1) bond issue to finance hospital construction. We have grown considerably since 1947 but we have been able to pay for that growth through your donations, gifts from the Jim Hill Estate, for our auxiliary and our service clubs. Too, every dime collected over and above the actual operating expense of our hospital is reinvested in the hospital for building or equipment. As a result, during this 16 year period, the assets of the hospital have doubled without the necessity of a bond issue.

"We have now gone as far as we can without your help. As taxpayers ourselves, we have tried to be conservative in our planning. We need and want a good, solid, functional plant that will stand up under the abuse that 24 hours per day, 365 days per year subjects it to. For the well-being of our patients, it must be comfortable and must have the proper equipment necessary for the treatment of illness, disease and injury. We are not, however, trying to build a monument to our taxpayers. Forty years ago, the first building of our present hospital was constructed. Our board and our commissioners built well and that original building is still quite sound. With repair and remodeling, it will serve us for many more years. It is our hope that 40 years from now, our children and grandchildren will be able to say that we built as wisely and will be as proud of this addition as we are of the original building. We are only trying to provide a plant for the hospital care we feel our people want and deserve.

"We have been honest with you and have told you to the best of our ability what the bond issue will cost. We know, and have told you, that the passage of this bond issue will result in a small increase in your taxes—and in ours. We feel that our hospital is well worth this small increase. We hope that you will feel the same and will vote for the passage of this bond issue."

The statement was signed by all the members of the board of managers: C. S. Perrin, president; J. T. Gilbreath Jr., vice president; Ed Loerwald, secretary; treasurer; Wayne E. Thomas, Ira Scott and Dr. A. T. Mims.

VISITS TENNESSEE—Jeff Gilbreath left by plane Thursday, June 6, for Columbia Tenn., where he will visit relatives.

GO TO PLAINVIEW—Mr. and Mrs. L. R. Boggs have moved to Plainview, where he is operating a used car dealership.

If you want to keep lime deposits from settling down on the inside of an aluminum kettle, keep the inside dry when the kettle is not in use.

Is there an ice-cream scoop in your kitchen? You can use it for portioning out mashed potatoes, cooking rice, thick Indian pudding. You can also use it for filling muffin or cupcake pans with batter.

There's one sure way to keep a butter-type cake from sticking to a baking pan. Grease the bottom of the pan; line the bottom with waxed paper; grease the paper; now add the cake batter and bake.

The juice left from maraschino cherries makes an addition to lemonade that small fry respect!

Sunday brunch: serve cornmeal waffles with creamed ham or crisp bacon and maple syrup.

Remember that doughnuts taste good warm! Fresh leftover ones by heating them in the oven or in one of the new toaster-ovens.

Don't pour boiling water, fresh from the kettle, into a bone china teacup or the cup may crack.

In hot weather, keep water-ground cornmeal in a tightly covered jar in the refrigerator.

Measuring molasses or syrup? Grease the measure first so the sweet stuff won't cling.

You read this you will realize the effectiveness of an ad in the Hereford or The SUNDAY BRAND

FRIO NEWS

# Plan Commencement For 86 As Bible School Ends

By Mrs. Owen Andrews and Mrs. Charles Self  
 Vacation Bible School at the Frio Baptist Church closed on Wednesday morning. About 86 were enrolled. Commencement will be on Sunday evening, June 9, at 8:30 p. m. Mrs. Weldon Stephin was principal of the school, Miss Ramona Hall, was the secretary, and Mrs. Jack Rogers was pianist.

The Rev. Clarence Coffman, pastor of the Parkview Baptist Church at Littlefield, is preaching a revival held at the Frio Baptist Church on June 7 through 9.

Cay Zetsche visited Tuesday afternoon with her grandparents, the Owen Andrews. Her mother, Mrs. George Zetsche and Mrs. Herb Bruns were painting the house into which the Zetsches moved. The house is located 15 miles northwest of Hereford and was formerly occupied by the Ansel Worthans. The Zetsches moved Thursday and Friday from their home in Hereford.

Eating Sunday dinner with the T. L. Sparkmans Jr. were: Mr. and Mrs. D. C. Miller, Mr. and Mrs. Earnest Harder and family, Miss Alma Andrews and Mr. and Mrs. Tommy Sparkman.

Miss Nancy French, of Jal. N. M., came this week to stay with Bonnie Sparkman this summer. She and Bonnie are attending summer school at W. T. S. U. Both were students at Hardis-Simmons last year. Nancy's mother, Mrs. J. A. French and her sister, Peggy, of Jal brought her to Frio.

Mrs. Clark Andrews, Mrs. Frank Robbins, Mr. and Mrs. Jack Rogers and Ramona Hall from the Frio Baptist Church are helping with the Vacation Bible School for Spanish children which is being held at the First Baptist Church of Hereford. Mrs. Floyd-Cole, Jana Cole and Carol Robbins are helping next week in the school.

Ernest Brooks of Comanche, Okla., spent the weekend visiting the home of his brother, Jim Brooks. On Saturday, he and the Brooks visited the Durward Taylor family at Frios.

Mr. and Mrs. Bill Warrick are building a new house on Warrick farm, east of the old Frio school. The house will be

moved to its foundation when it is completed. Bill is the grandson of Mrs. J. E. Warrick. He and his wife, formerly of Wellington, are now farming on what was the old Dixon place.

The Rev. and Mrs. G. W. Fine moved into the newly redecorated Frio church parsonage on Friday and Saturday. Redecorating consisted of a complete paint job and new carpeting for most of the house.

The home of Mr. and Mrs. Larry Dobbs had water damage during the storms last weekend. Water came up into their house for a short time when water backed up at the cross road. The furniture was damaged by the water and mud.

Kerry Struve, Tommy Gross, Donnie Stokes and Don Minchew went to Arlington to visit the "Six Flags over Texas" exposition.

Mrs. Eula Whitford of Earth is visiting her daughter, Mrs. Bill Struve.

Mrs. E. M. Green and Mrs. Charles Self attended a gift party for Mrs. Green's daughter, Mrs. Don Ator, at Lubbock, on Thursday, June 6.

Mr. and Mrs. Bill Coekrum and family were visiting relatives at Paris last week.

Mr. and Mrs. Joe Ed Andrews and Elizabeth spent the weekend visiting Mrs. Andrews' relatives in Vernon.

Mrs. Earl Harkins spent several days last week helping her parents move from Edmondson to Plainville. Her mother, Mrs. McDaniel, has recently been released from the hospital following an operation.

Eating supper with the Glenn Andrews on Friday, June 7, were Mr. and Mrs. Clark Andrews and family. The Buck Stringers were visiting the Glenn Andrews on Saturday evening.

Mrs. Earl Cole and granddaughter Cheryl visited relatives at Wichita Falls, Tuesday through Saturday.

Mrs. Floyd Cole, Carol Robbins, Jana Cole and Miss Celia Patton attended the Texas 4-H Round Up at College Station the first of last week. Jana and Carol had won honors in the District Elimination Contests and were eligible to attend the State Meet. The girls won third in state on a "Share the Fun Skit" entitled "One On Suzy."

Mr. and Mrs. Glenn Andrews attended a family reunion of the Burruses on Sunday June 2, at the V. F. W. Hall in Canyon.

Mrs. H. M. Mobley visited her sister, Mrs. Opal Bentley in Monahans last week. Their mother, who has been seriously ill was taken to a rest home at Throckmorton. Mrs. Mobley's daughter, Mrs. Martha Johnson, of Midland, came home with Mrs. Mobley and remained until Friday. Mrs. Mobley's son Raymond and family, of Cortez, Colo., were here the last

of this week. They and the Don Mobleys had Sunday supper with the Floyd Coles.

### Legal Notice

#### NOTICE TO BIDDERS

Sealed proposals for furnishing and installing approximately 9,750 LF 10" sanitary sewer together with miscellaneous items will be received at the office of the City Manager, City Hall, Hereford, Texas, until 2:00 p. m., June 17, 1963, and then publicly opened and read.

Bidders will be required to submit a bond of five (5%) per cent of the total amount of the bid as a guarantee that the bidder will enter into the contract under the conditions set forth within ten days after notice of award of contract. The Contractor will be required to post a 100 per cent performance bond and labor and material payment bonds. The minimum wage shall apply on this work and is the established rate for this area. The City reserves the right to reject any or all bids, to waive informalities and to accept the bid deemed to be the most advantageous to the City.

Specifications and plans may be inspected or obtained at the City Hall, Hereford, or at the office of McMorris & Associates, 6300 Canyon Drive, Route 1, Box 826, Amarillo, Texas, upon a deposit of Twenty (\$20.00) Dollars which will be refunded only to each actual bonafide bidder upon return of the Plans and Specifications.

SPECTATORS LINE U. S. Highway 60 southwest of Hereford to watch as Santa Fe railway crews began clean up operations following a derailment. The accident occurred about seven miles west of Hereford as 40 cars of an east-

bound train stacked up about 12:30 a.m. closing the main Santa Fe line to the West Coast. Traffic on the line was detoured until a temporary by-pass around the wreckage could be completed. (Staff Photo)

ORIOLES WIN FIRST

Sid Shaw Fans 18 While Giants Blank Cardinals

It was another narrow one, but the Giants shut out the Cardinals 3-0 Friday night to remain undefeated in Little League action.

The Giants threatened in the first with a walk and a double by Sid Shaw, but a strike-out left them stranded.

In the second, the Giants scored one run on a walk, a single by Charles Walser and two fielder's choices.

Then in the fifth, they added their last two runs on three singles, a walk and a double by Donny McDermitt.

Shaw, who doubles as a pitcher and catcher, almost had a perfect game for the night. David Vines got on by error in the second and Ren Lee tapped him for two singles... one in the fourth and one in the sixth.

But Shaw was more than effective as he struck out 18 batters in six innings to get credit for every put-out. He threw just 50 pitches and walked only one.

However, southpaw David Vines and David Alvarado were almost giant-killers themselves as they shared pitching duties for the Cards. They struck out 12 between them.

In one of the minor games, the Orioles won their first game of the season by edging the Pirates 14-12.

The Pirates opened fast with nine runs in the first inning on three hits, including a triple by Jeff Deavenport. The Orioles retaliated with two runs in the first. Both teams were scoreless in the second and the Pirates couldn't score in the third.

In the bottom of the third, the Orioles exploded for nine runs on three hits, all their scores coming with two outs. But timely doubling by Kenneth Laing and Robert Holmes and a triple by Rudy Moreno helped drive in the runs.

In the top of the fourth, the Pirates knotted the score at 11-11. They scored two runs on three hits, including doubles by Steve Noyes and Gary Tackett. But the Orioles came back for three runs in the bottom of the fourth.

In the top of the fifth, the Pirates could muster just one run as the game ended.

Kenneth Laing and Robert Holmes pitched for the victory with Morris Ayala going for the Pirates.

The other game in the minors was no less thrilling as the Giants held on for a 6-5 win over the Cardinals to remain undefeated. The Giants scored five runs in

the top of the first, but the Cards struck for two in their part of the first. The Cards

SUMMER PLANS

Janie McBroom, daughter of Mr. and Mrs. C. L. McBroom of Dawn, will begin classes at Draughton's Business College in Amarillo Monday, June 10. She is a 1963 graduate of Hereford High School.

Chateaugay, John Galbreath 1963 Kentucky Derby winner, is a full sister to former filly Champion Primonetta. Their sire was Swapps and their dam Banquet Bell.

Needles was the last odds-on favorite to run in the Preakness. He finished second to Faubus in 1956.

Albie Pearson of the Los Angeles Angels made his 500th American League hit this spring. It came against knuckler-baller Hoyt Wilhelm.

Miss Rita Albracht

(Angel Photo)

Saint Anthony's Church is scheduled to be the scene of the August 10 wedding of Miss Rita Albracht and Lanny Bezner. A reception in Saint Anthony's Hall will follow the double ring ceremony.

The engagement and wedding plans have been announced by the bride-elect's parents, Mr. and Mrs. W. J. Albracht, Route 3, Hereford. Miss Albracht is a 1963 graduate of Hereford High School.

The parents of the prospective bridegroom are Mr. and Mrs. Leo Bezner of Bushland. A graduate of Amarillo High School, he will be a senior at Texas Technological College this fall.

## Phillips-Hodges Wedding Vows Read

The Rev. B. L. Davis officiated at the wedding ceremony of Miss Azalee Annette Phillips and Terry Dean Hodges Tuesday evening, June 4, in the First Baptist Church.

After the ceremony and a reception at the Hereford Country Club, the couple left for their wedding trip, which will take them on various points of interest en route to Battle Mountain, Nev. They will spend the summer there.

The bride is the daughter of Mr. and Mrs. Earl Phillips, 104 Avenue I. She is a 1960 graduate of Hereford High School and is a graduate of Saint Anthony's School of Nursing in Amarillo.

Mr. and Mrs. Robert L. Hodges of Battle Mountain, Nev., are the parents of the bridegroom. He is a student at West Texas State University in Canyon.

The double ring ceremony was read before an altar decorated with two vases of white gladioli and a pair of candelabra containing votive lights.

Wedding selections played on the organ by Mrs. Bill Brady were "Angels Serenade," "O Perfect Love," "Because," "Bridal Chorus," "Salut d'Amour," and Mendelssohn's "Wedding March."

Given in marriage by her father, the bride chose a street-length gown of white wedding crystalline over taffeta. The fitted bodice featured a Sabrina neckline with clusters of baby Irish Medallion cascading to the hemline. The skirt was of piled pleats, accented with a French bow at the center back. Her fingertip veil of illusion was held by a draped white pillbox. The bridal bouquet was a cascade of white roses and carnations.

Attending the bride as maid of honor was Miss Quena Ro-

gene Jones of Melrose, N. M. Bridesmaids were Phyllis Jacqueline Lomax, Sunray; Miss Rosella Ann Schulte, Tulla; Miss Janice Marie Predmore, Eva, Okla., and Jeannie Kay Caruthers, Dexter, N. M.

Each of the attendants wore a peacock blue faille dress with a bouffant box-pleated skirt. The collarless, short-sleeved jacket tapered to a vee at the waist in front and was accented with a French bow at center back. Each wore a pillbox hat with a short veil. Miss Jones carried a cascade of blue majestic daisies, and the others carried cascades of white majestic daisies.

Groomsmen were Marshall Watson, Wheeler; Lee Brewer, Odessa; Eugene Baldwin, Hereford, and Benny George, Canyon. The usher was Dennis Hodges, cousin of the groom.

For her daughter's wedding, Mrs. Phillips chose an aqua silk linen sheath dress with matching accessories. Her corsage was a light yellow Cymbidium orchid.

Guests were registered at the reception by Mrs. Benny George of Canyon. The three-tiered wedding cake was surrounded by the attendants' bouquets of blue and white daisies. Large standing baskets of white gladioli were at each end of the table. Miss Jones and Miss Caruthers served the cake, coffee, and punch.

The bride left for the wedding trip in a fuchsia silk suit. Her corsage was lifted from the bridal bouquet.

Out of town guests were Miss Donnelle Cooper, Amarillo; Gary Gooch, Borger; Miss Linda Herd, Borger; Jerry Ball, Borger; Mr. and Mrs. E. L. Tarrant, Pampa; Mr. and Mrs. R. E. French, Lance, Lee, and Keith, Pampa; Mrs. N. C. Danner, Pampa, and the attendants.

Mrs. Terry Dean Hodges  
(Palo Duro Photo)

## Miss Harlan, Sammy Saul Marry

Miss Lois Ann Harlan, daughter of Mr. and Mrs. Lee O. Harlan of Canyon, became the bride of Sammy Dean Saul in a ceremony in the First Methodist Church, Canyon, Sunday afternoon, June 2.

The bride is a 1962 graduate of Canyon High School and has completed her freshman year at West Texas State University. She was on the Dean's honor roll and was treasurer of Mary E. Hudspeith Honorary Society.

The son of Mr. and Mrs. Kelly Coplin, 113 Avenue B, the bridegroom is a 1961 graduate of Hereford High School and is majoring in business at Texas Technological College. He is night auditor at the Holiday Inn Motel.

After the wedding trip to Colorado, Mr. and Mrs. Saul will continue their studies at Tech. They will make their home at 2020 Sixteenth Street.

Read by the Rev. Newton Starnes, the double ring ceremony took place before fan-shaped floor baskets of white gladioli and fern. White tapers were used in ivy-entwined candelabra.

Before the ceremony "O Promise Me" and "Through the Years" were sung by Miss Nancy Davis, accompanied at the organ by Mrs. Glenn Dowlen. Other traditional selections were played by Mrs. Dowlen.

Given in marriage by her father, the bride wore a formal gown of Chantilly lace fashioned with a fitted basque bodice, with seed pearls and aurora crystals, and fitted sleeves tapering over the fingers. The full skirt swept into a short chapel train. Of silk organza edged with lace, the bouffant overskirt was accented with bows, applique lace medallions, seed pearls, and crystals. A crown of pearls held the waistlength double veil of French illusion edged with lace.

For something old the bride wore a shell pink cameo ring, which originally belonged to her great-grandmother. Her pearl droplet was a gift from the groom. For something borrowed she carried her mother's white Bible under a bridal bouquet of white sweetheart roses, violets, and stephanotis, tied with white satin streamers.

The young couple share the wedding date of the bride's maternal grandparents, who

have been married 53 years.

Matron of honor was the bride's sister, Mrs. Don Buch of Clarinda, Iowa. Her dress was a muted green chiffon sheath with bronze accessories. She carried a crescent bouquet of white carnations.

Miss Judy Buch, niece of the bride, was the flower girl. Her gaudy dress matched her mother's in color.

J. V. Perrin Jr. served as best man. Groomsmen were A. C. Sharbutt and Gene Markham, both of Lubbock.

Mrs. Harlan wore blue chiffon with shell pink accessories and a corsage of pink sweetheart roses. The groom's mother wore a dress of brown eyelet with yellow accessories and a corsage of yellow roses.

Aunts of the bride, Mrs. Glenn Bobbitt of Carlsbad, N. M., and Mrs. Glyn Persons of Wildorado, cut and served the cake at the reception in Fellowship Hall. Miss Pamela Richard and the bride's grandmother, Mrs. H. G. Persons, served the punch. At the guest registry was Miss Mary Beth Maxwell.

Piano selections were presented by Mrs. Dana Persons, aunt of the bride, Brenda Saul, sister of the groom, and Tommy and Cindy Bunch, nephew and niece of the bride.

Mrs. Saul chose for her going-away costume a green silk shantung suit with beige accessories. Her corsage was of white sweetheart roses.

Out of town guests were: Mr. and Mrs. Glen Bobbitt, Carlsbad, N. M.; Mr. and Mrs. John Stone, Mrs. Laverne Sell, Panhandle; Mrs. Viola Loftin, Mrs. Etta Miller, and Mrs. Vernon Loftin, Tulla; Mr. and Mrs. Glyn Persons, Ike and Cindy, Wildorado; Mr. and Mrs. Henry Levy, Ponca City, Okla.; Mr. and Mrs. O. B. Iman, Oklahoma City, Okla.; the Rev. and Mrs. Alby Cockrell, Marsha, Connie and Janny Gaiser, Lubbock; Mr. and Mrs. J. V. Perrin and John, Mr. and Mrs. Esthela Langley, The Rev. and Mrs. Herschel L. Thurston, and Mr. and Mrs. Bill Angel and Joe, Hereford; Mr. and Mrs. Kenneth Erwin, Mr. and Mrs. E. D. Persons and Debra, Mrs. Leon Barnard and L. B. Barnard, Amarillo, and Mr. and Mrs. Don Buch, Tom, Cindy and Judy, Clarinda, Iowa.

**ORIOLES WIN FIRST**

**Sid Shaw Fans 18 While Giants Blank Cardinals**

It was another narrow one, but the Giants shut out the Cardinals 3-0 Friday night to remain undefeated in Little League action.

The Giants threatened in the first with a walk and a double by Sid Shaw, but a strike - out left them stranded.

In the second, the Giants scored one run on a walk, a single by Charles Waiser and two fielder's choices.

Then in the fifth, they added their last two runs on three singles, a walk and a double by Donny McDermitt.

Shaw, who doubles as a pitcher and catcher, almost had a perfect game for the night. David Vines got on by error in the second and Ren Lee tapped him for two singles... one in the fourth and one in the sixth.

But Shaw was more than effective as he struck out 18 batters in six innings to account for every out. He threw just 50 pitches and walked only one.

However, southpaw David Vines and David Alvarado were almost giant-killers themselves as they shared pitching duties for the Cards. They struck out 12 between them.

In one of the minor games, the Orioles won their first game of the season by edging the Pirates 14 - 15.

The Pirates opened fast with nine runs in the first inning on three hits, including a triple by Jeff Deavenport. The Orioles retaliated with two runs in the first. Both teams were scoreless in the second and the Pirates couldn't score in the third.

In the bottom of the third, the Orioles exploded for nine runs on three hits, all their scores coming with two outs. But timely doubling by Kenneth Laing and Robert Holmes and a triple by Rudy Moreno helped drive in the runs.

In the top of the fourth, the Pirates knotted the score at 11-11. They scored two runs on three hits, including doubles by Steve Noyes and Gary Tackett.

But the Orioles came back for three runs in the bottom of the fourth.

In the top of the fifth, the Pirates could muster just one run as the game ended.

Kenneth Laing and Robert Holmes pitched for the victory with Morris Ayala going for the Pirates.

The other game in the minors was no less thrilling as the Giants held on for a 6-5 win over the Cardinals. The Cardinals scored five runs in

the top of the first, but the Cards struck for two in their part of the first. The Cards whittled away at the lead by picking up another run in the

# Miss Harlan, Sammy Saul Marry

Miss Lois Ann Harlan, daughter of Mr. and Mrs. Lee O. Harlan of Canyon, became the bride of Sammy Dean Saul in a ceremony in the First Methodist Church, Canyon, Sunday afternoon, June 2.

The bride is a 1962 graduate of Canyon High School and has completed her freshman year at West Texas State University. She was on the Dean's honor roll and was treasurer of Mary E. Hudspeth Honorary Society.

The son of Mr. and Mrs. Kelly Coplin, 113 Avenue B, the bridegroom is a 1961 graduate of Hereford High School and is majoring in business at Texas Technological College. He is night auditor at the Holiday Inn Motel.

After the wedding trip to Colorado, Mr. and Mrs. Saul will continue their studies at Tech. They will make their home at 2026 Sixteenth Street.

Read by the Rev. Newton Starnes, the double ring ceremony took place before fan-shaped floor baskets of white gladioli and fern. White tapers were used in ivy-entwined candelabra.

Before the ceremony "O Promise Me" and "Through the Years" were sung by Miss Nancy Davis, accompanied at the organ by Mrs. Glenn Dowlen. Other traditional selections were played by Mrs. Dowlen.

Given in marriage by her father, the bride wore a formal gown of Chantilly lace fashioned with a fitted basque bodice, with seed pearls and aurora crystals, and fitted sleeves tapering over the fingers. The full skirt swept into short Chapel train. Of silk organza edged with lace, the bouffant overskirt was accented with bows, appliqued lace medallions, seed pearls, and crystals. A crown of pearls held the waistlength double veil of French illusion edged with lace.

For something old the bride wore a shell pink cameo ring, which originally belonged to her great-grandmother. Her pearl droplet was a gift from the groom. For something borrowed she carried her mother's white Bible under a bridal bouquet of white sweetheart roses, violets, and stephanotis, tied with white satin streamers.

The young couple share the wedding date of the bride's maternal grandparents, who

have been married 53 years.

Matron of honor was the bride's sister, Mrs. Don Buch of Clarinda, Iowa. Her dress was a muted green chiffon sheath with bronze accessories. She carried a crescent bouquet of white carnations.

Miss Judy Buch, niece of the bride, was the flower girl. Her organza dress matched her mother's in color.

J. V. Perrin Jr. served as best man. Groomsmen were A. C. Sharbutt and Gene Markham, both of Lubbock.

Mrs. Harlan wore blue chiffon with shell pink accessories and a corsage of pink sweetheart roses. The groom's mother wore a dress of brown eyelet with yellow accessories and a corsage of yellow roses.

Aunts of the bride, Mrs. Glenn Bobbitt of Carlsbad, N. M., and Mrs. Glyn Persons of Wildorado, cut and served the cake at the reception in Fellowship Hall. Miss Pamela Richard and the bride's grandmother, Mrs. H. G. Persons, served the punch. At the guest registry was Miss Mary Beth Maxwell.

Piano selections were presented by Mrs. Dana Persons, aunt of the bride, Brenda Saul, sister of the groom, and Tommy and Cindy Bunch, nephew and niece of the bride.

Mrs. Saul chose for her going-away costume a green silk shantung suit with beige accessories. Her corsage was of white sweetheart roses.

Out of town guests were: Mr. and Mrs. Glen Bobbitt, Carlsbad, N. M.; Mr. and Mrs. John Stone, Mrs. Laverne Sell, Panhandle; Mrs. Viola Loftin, Mrs. Etta Miller, and Mrs. Vernon Loftin, Tulla; Mr. and Mrs. Glyn Persons, Ike and Cindy, Wildorado; Mr. and Mrs. Henry Levy, Ponca City, Okla.; Mr. and Mrs. O. B. Iman, Oklahoma City, Okla.; the Rev. and Mrs. Afly Cockrell, Marsha, Connie and Janny Gaiser, Lubbock; Mr. and Mrs. J. V. Perrin and John, Mr. and Mrs. Earnest Langley, The Rev. and Mrs. Herschel L. Thurston, and Mr. and Mrs. Bill Angel and Joe, Hereford; Mr. and Mrs. Kenneth Erwin, Mr. and Mrs. E. D. Persons and Debra, Mrs. Leon Barnard and L. B. Barnard, Amarillo, and Mr. and Mrs. Don Buch, Tom, Cindy and Judy, Clarinda, Iowa.

# 314 Attend Annual Meet For Wheat Growers Group

**By Ann Beavers**  
Adrian Wheat Growers had their annual barbecue Tuesday, May 28, in the school gym. About 314 people attended compared with last year's total of 380. Following the supper a business meeting was held in the auditorium.

Alfa Kilva from Israel, who is visiting the J. M. Gough family, gave a talk on farming in Israel. He said that May 29 was the day that Israel had their annual farmers' meet.

The high school students then put on a skit called "The car Pomo Show."  
Darr Blocker, of "Bonanza" fame, stopped at a station here to get gas Saturday night.  
The Bob Lanes were in Amarillo on business last week. Mr. and Mrs. Tom Tyler

visited Saturday in Dumas with Mr. and Mrs. Dickie Griffin and the Horace Boyd family.  
Miss Jean Heiselman was honored at a wedding shower Saturday afternoon, June 4, in the home of Mrs. Berry Bronniman. The hostesses were Mrs. Berry Bronniman, Mrs. Ernest Franks, and Mrs. Bea Fortenberry.  
Mr. and Mrs. Raymond Shelton and Shirley visited in Amarillo on Friday, May 30. They all attended the base-

ball game between the Gold Sox and the Austin Senators.  
Linda Gruhkey is home from West Texas State University. Michell Hayes is also home from college and is staying with Mrs. Nannie Fortenberry. He is also working for Jess Fincher.  
Mr. and Mrs. Joe Speed and Mrs. Ruthie Gruhkey spent two days last week in Raton N. M., attending the horse races.  
Mrs. E. C. Parker has been ill and is under the care of a doctor.  
Mr. and Mrs. Wesley Story from Nazareth visited the Ernest Franks family over the weekend.  
Mr. and Mrs. Jeff Fields and children from Sanford were the weekend guests of Mrs. Geneva Glass and children.

Friday in the Amarillo baseball park the Adrian Pony League played the Amarillo White Trucks Jr. League, and lost 7 to 5.  
Mr. and Mrs. Tuck Monk spent the weekend in Muleshoe visiting with the R. L. Houstons. Mr. and Mrs. Tuck Monk Jr. and children from Borger and Mr. and Mrs. Jerry Walker and children from Lovelington N. M., visited there also.  
Mr. and Mrs. Tuck Monk Sr. have been here for the past four months and are now returning to their home in Melrose, N. M.  
Miss Jolene Betts has been visiting the Gene Hammitt family in Lockney this past week.  
Mr. and Mrs. E. C. Parker and children visited Saturday in Plainview with Mrs. Francis Anderson and children.  
The Oldham County Beef Clubs met at the L. E. Garrison farm Friday, May 31, and journeyed to the Bill Dameron Hereford Ranch to compete against each other.  
The winners will compose a judging team which will represent Oldham County at the Texas Junior Hereford Breeders Association's Annual field day to be held June 22, at the Pronger Brothers Hereford Ranch near Stratford. Adult leaders, Mr. and Mrs. L. E. Garrison, and County Agent, Justin McBride, accompanied this group of some 20 members of the 4-H Clubs in this area.

Those attending the funeral of Buck Jordan in Amarillo last week were: Mrs. John Horton, Mrs. Bob Brown, Mr. and Mrs. Don Morgan, Mrs. Bessie Spade, Mr. Herman Jacobsen, Mr. and Mrs. Edd Jacobsen, Mr. and Mrs. Loren Cretz, Mr. and Mrs. E. B. Pounds, Mrs. Croff, and the Rev. and Mrs. Dave Sellers.  
Mr. and Mrs. Wayne Milner and daughter from Panhandle visited over the weekend with the Ernest Franks. Mrs. Milner is attending beauty school at the Space and Form School in Amarillo.

Miss Jolene Betts has been visiting the Gene Hammitt family in Lockney this past week.  
Mr. and Mrs. E. C. Parker and children visited Saturday in Plainview with Mrs. Francis Anderson and children.  
The Oldham County Beef Clubs met at the L. E. Garrison farm Friday, May 31, and journeyed to the Bill Dameron Hereford Ranch to compete against each other.  
The winners will compose a judging team which will represent Oldham County at the Texas Junior Hereford Breeders Association's Annual field day to be held June 22, at the Pronger Brothers Hereford Ranch near Stratford. Adult leaders, Mr. and Mrs. L. E. Garrison, and County Agent, Justin McBride, accompanied this group of some 20 members of the 4-H Clubs in this area.  
Jimmy Zaring is home from North Texas State University. Ray Pinkerton from Clarendon will be visiting the M. H. Zaring this summer.  
Mr. and Mrs. Jack Fisher of Ford and Mrs. John Amason and children of Amarillo visited the Jack Fincher family of Adrian Thursday, May 30.  
Airman First Class and Mrs. Darrell Sewell and children from Arizona spent their three-week furlough visiting the Elmer Weidner family and the H. P. Sewell family at San Jon, N. M.  
Funeral services for Mr. Arthur G. (Buck) Jordan were held last Thursday afternoon at 2 p. m. in the Blackburn-Shaw Memorial Chapel. Burial was in the Llano Cemetery in Amarillo. He died at his home Tuesday night. Mr. Jordan is survived by his wife, Pebble, and four children, all of the home; his mother, Mrs. Jessie Jordan, of Littlefield; one brother, Lewis Jordan of Ft. Worth; three sisters, Ms. Edna Goodin of Claude, Mrs. Edith Morgan of Adrian and Mrs. Emma Lou Pounds of Ft. Worth. Buck Jordan was a former resident of Vega and Adrian.  
Mrs. Buck Jackson and son from Amarillo, Mr. and Mrs. Wayne Jackson, and Mr. and Mrs. David Jackson from Wichita Falls visited Mrs. Little Reynolds recently.  
Mr. Pool Deherly underwent surgery last Tuesday morning in the Osteopathic Hospital in Amarillo.  
Mary Ann Glass has been visiting her aunt and uncle, Mr. and Mrs. Jeff Fields and children at Stanford for the past three weeks.  
Mrs. J. R. Doub and Helen Doub from Arburn, Cal., visited the Tom Tyler family last week and Kathy and Shirley Tyler went home with them for a two months visit.  
Mrs. Frances Engle and girls and Mrs. Carroll Gruhkey visited Wednesday in Big Spring with the Dewey Engles. Mrs. Edna Malou and the girls stayed there for a month's visit.  
Mrs. Joe Brownlee and Donna accompanied Mr. and Mrs. Fred Brownlee to San Jon, N. M., Sunday afternoon for the funeral services of Mrs. Francis Parker, who died in El Paso, Tex., on Friday. Mrs. Parker was a pioneer settler of the Endee Community. For a number of years she operated the telephone exchange in her home at Endee.  
Mrs. Mona Parker Simmons of Amarillo was in the Glenrio - Endee Community last week, calling on old friends and making arrangements for the funeral services, for her grandmother, Mrs. Francis Parker.  
Mr. and Mrs. J. W. Carver from Wellington visited the Pat Maupin family last week.  
Mr. and Mrs. Earl Brown flew to Houston, Saturday morning to visit Earl's sister who is ill. They plan to return home next Monday.  
Rita Speed played in the recital of Lewis Muckelroy in the recital hall in Amarillo College. Rita is a piano student of Muckelroy.  
Wade Darrell Jobe from San Jon N. M., is visiting in the home of the Alford Jobe family this week.  
Mr. and Mrs. Ernest Franks, and Mrs. Franks mother, Mrs. Lydia Barnett left Adrian on March 7 to tour the United States. By living in the trailer house they pulled behind them, they spent the first night in Big Bend National Park, south of El Paso. They then followed the Rio Grande River as far as they could on their way to Brownsville. From Brownsville they crossed the border and saw Matamoros, Mexico.  
They traveled to Hempstead, Texas, where they visited Mrs. Franks' relatives for the next 10 days. Woodward, Okla., was their next stop. There they visited Mrs. Eva Story. From Florence, Ala., where they visited Turner Wylie, an old friend of Ernest Franks. They went to Covertown, Va., to visit four cousins.  
The Franks then went to Clinton, Mo., where they visited Mr. and Mrs. Keesler. Mrs. Keesler is a childhood friend of Mrs. Lydia Barnett. Then they went on to Olathe, Kan., to pick up Ms. Eva Story, who had gone there to visit her daughter, Mrs. Marie Whitehouse.  
The four of them then went to Jasper, Mo., to visit the Kenneth Milners and also to pick up Tina Lynn Milner, daughter of Mr. and Mrs. Wayne Milner of Panhandle, who has been visiting her relatives.  
They all returned to Oklahoma City, where Mrs. Eva Story was met by her sister who took her home to Woodward. The Franks took Tina Lynn to Panhandle to her parents and they all spent the night before returning home to Adrian the next day.

**Final Rites For Baer's Cousin Held On Monday**  
Funeral services for Milton L. Moise, Albuquerque, N. M., were held there Monday afternoon. He was a cousin of Gaston Baer of Hereford, who attended the funeral.  
Services were conducted in the Strong-Thorne Chapel with Rabbi David Shorr officiating. Moise, 57, died May 30 after a short illness. He lived in Albuquerque for 10 years, coming from Santa Rosa, where he had been a rancher. Survivors include his father and a sister. Burial was in B' Nal B' Rith Cemetery with Masonic services.

**SUMMER PLANS**  
John Buck, son of Mr. and Mrs. Maynard R. Buck, has recently returned from Notre Dame University in South Bend Ind. He plans to attend summer school in Hawaii.

## Two-Hit Efforts Amid Rain See Yanks Beat Cards, 3-0

Amid clouds and occasional heavy rain, the Yankees stormed past the Cardinals 3-0 in a tightly played Little League game Tuesday night. Each team got just two hits in the game as the pitchers sparkled.

First hit in the game came as David Huckert doubled for the Yankees in the first. But he was stranded. The Cards filled the bases in the last of the first on two walks and a single, but also failed to score.

Three strike-outs retired the Yanks in the second with the Cards getting one on by a walk in their part of the second.

Two runs scored for the Yankees in the third as the rains came. Paul Loerwald walked and moved to third on a passed ball and a wild pitch. Another wild pitch let him in. Two other walks had filled the bases, and the lead run came in on a fielder's choice to the plate that failed to get the runner.

Cards got runners on second and third in the third but couldn't move them around.

Three strike-outs retired the Yankees in the fourth. With two out in the bottom of the fourth, Richard Jones singled for the Cards but was left on base.

Final Yankee run came in the fifth as Huckert got on by fielder's choice. He stole second and scored as Jimmy Loerwald hit a fly ball that bounced off the top of the center field fence for an automatic double.

The Cards went down in order in the next two frames on a pop foul and five strike-outs. The Yankees were retired in order in the sixth.

Paul Loerwald started for the Yankees with Jim Rakestraw and Tom McGowen working in relief. David Alvarado and David Vines pitched for the Cards.

Fielding star of the game was Brown, Golda-Steward, N a n Rogers, Naomi Merrill, Nellie Beauford, Jamey Hopson, Bell Clark, Ruth Rogers, Addie Stallings, Bessie Lawrence, Mary Hamby, Pat White, Leona Love, Jackie Bishop, Mae Smith, Ursalee Jacobsen, an Ada Hollabaugh.

David Huckert. The Yankee third sacker made a grabbing catch outside the fence of a looping foul for one-out. Later he cut behind shortstop for a leaping grab of a short fly ball. Neither team was charged with an error.

In one minor game, the Cards romped past the Orioles 15-7. The Cards scored seven runs in the second and eight more in the fourth to win easily. The Orioles got two runs in the second and five more in the fourth. Johnny West pitched for the win. Kenny Rogers and Kenneth Laing hurled for the Orioles.

The other minor game was a seven-inning thriller as the Giants beat the Braves 7-4.

The Braves took a 2-0 lead in the last of the first.

Three runs in the second put the Giants in front. It stayed that way until the last of the fourth, when the Braves tied it.

### VISITS PROSPECTIVE COLLEGE

Audni Miller, daughter of Mr. and Mrs. H. H. Miller of Dawn, has recently returned from Seguin where she visited the campus of Texas Lutheran College. While there she stayed with the Rev. and Mrs. Daniel F. Schorlemer and family. Before returning home, she visited her sister and her husband, Lt. Col. and Mrs. H. W. Richardson, in San Antonio.

### RETURNS HOME

Nancy Edwards, daughter of Mr. and Mrs. Calvin Edwards, has recently returned home from Austin, where she attended school at the University of Texas. She plans to go to summer school at West Texas State University the second semester.

## TO THE TAXPAYERS OF DEAF SMITH COUNTY:

For the past two years your hospital's Board of Managers has given serious thought and study to the question of expansion of the facilities of the hospital in order to keep pace with the growing demand for health care for our people.

As the population of our Town and County has grown, so has the demand for our services grown until now the demand for hospital beds is exceeding our capacity to supply them. Now it is quite evident to us that in order to avert a serious shortage of hospital beds, we must build more bed rooms.

Over a year ago a master plan was developed so that expansion could be accomplished in stages as needed. The first stage of that master plan was finished last Fall.

Not since 1947 - 16 years - have we had to ask for a bond issue to finance hospital construction. We have grown considerably since 1947 but we have been able to pay for that growth through your donations, gifts from the Jim Hill Estate, from our auxiliary and our service clubs. Too, every dime collected over and above the actual operating costs of our hospital is reinvested in the hospital for building or equipment. As a result, during this 16 year period the assets of the hospital have more than doubled without the necessity of a bond issue.

We have now gone as far as we can without your help.

As taxpayers ourselves, we have tried to be conservative in our planning. We need and want a good, solid, functional plant that will stand up under the abuse that 24 hours per day, 365 days per year use subjects it to. For the wellbeing of our patients, it must be comfortable and must have the proper equipment necessary for the treatment of illnesses, disease and injury. We are not, however, trying to build a monument to anyone at the expense of our taxpayers. 40 years ago, the first building of our present hospital was constructed. Our board and our commissioners built well and that original building is still quite sound. With repair and remodeling, it will serve us many more years. It is our hope that 40 years from now, our children and grandchildren will be able to say that we built as wisely and will be as proud of this addition as we are of the original building. We are only trying to provide a plant for the hospital care we feel our people want and deserve.

We have been honest with you and have told you to the best of our ability what the bond issue will cost. We know, and have told you, that the passage of this bond issue will result in a small increase in your taxes—and in ours. We feel that our hospital is well worth this small increase. We hope that you will feel the same and will vote for the passage of this bond issue.

Sincerely Yours,

Your Hospital Board of Managers.

C. S. Perrin, President,  
J. T. Gilbreath Jr., Vice-President,  
Ed Loerwald, Secretary-Treasurer,

## Equitable Enforcement Provides The Only Fair Method Of Zoning

Recent questions arising on the subject of city zoning have created headaches for all concerned. The situation, of course, is not exclusive with Hereford in view of the fact that zoning has provided more controversy for more cities than practically any other single problem. In fact, we would go so far as to say that Hereford has been indeed fortunate in this particular phase of municipal operation.

Our one criticism of the zoning situation here would rest in the fact that it was not started sooner, and had such been the case we feel sure that the community would be a much better place in which to live.

Zoning is a two-way sword. It takes away some privileges of the property owner, and at the same time protects the interests of all other property owners in the area. Without zoning, we doubt if any town or city would grow or progress, chiefly because people would be afraid to invest in real estate which, the next day, might be obliterated by erection of a rendering plant or slaughter house next door. The case is extreme, of course, but does convey the point—and if you let one person escape the rules, you cannot afford to turn down the next one regardless of results.

We realize that zoning does create hardship on some people and that it may well interfere with their plans and prospects. However, the same is true of highway regulations, of parking meters, and of most other laws which are established in behalf of the public. Always, some individual becomes an innocent victim; still, laws must be enacted and enforced in behalf of the masses, and they should be enforced fairly and equally to all people concerned. This,

## Should Colleges Tighten Reins?

In the face of ever-increasing costs of higher education, the thought has crossed our mind that perhaps we could solve many of our problems by eliminating the "deadwood" in our colleges and universities.

We would be the last to deny any deserving individual the opportunity of a better education, but we do feel that many of our youngsters attend college purely for the social advantages, not from a sincere desire for learning.

Of course, the institutions of our nation do require a passing grade as criterion to staying, but when the situation becomes really critical, it is possible that this standard is not going to be strict enough. And perhaps it would be even better if we could require a "B" average in secondary education as a prerequisite to entering college in the first place. This could have an effect on both the college enrollment and the attitude of students at the secondary level.

If a minimum "B" average were required, many high school students who now play through four years of secondary schooling might be forced to put out a little effort at this critical stage. After all, the student who "gets by" by the barest minimum will add very little to the college they choose to attend. Many will not make the grade, dropping out after the first semester, and helping neither themselves or the college they attended.

The price of higher education is becoming greater every year. Perhaps someone besides "Dad" should do a little of the paying. Paying in effort to be sure, but paying nevertheless. After all, nothing worthwhile is ever really "free". —M. V.

## THE Sunday Brand

Established 1948  
Published every Sunday at 336 Main St.

we feel, represents the action of the City Commission and the zoning board in the matter at the present time, and in the past.

Zoning has had considerable publicity in this community in addition to minimum legal requirements. Cases such as the present one, though difficult for the victim, do continue to point up the existence of zoning regulations and may well save some other person the same consequences. To say the least, any person who expects to install a business, boarding house or manufacturing establishment should most certainly check zoning regulations carefully before completing plans. In addition, the securing of a building permit prior to any proposed expansion provides another possibility of avoiding confusion.

Like a lot of other things, zoning is a by-product of civilization and as time passes it is inevitable that rules and regulations become more complicated. As we said before, the only answer rests in continued equity and justice in the matter of enforcement. —J. G.

## Hospital Ballot Should Be Large

A factor in the hospital expansion bond issue Tuesday will no doubt be found in the existence of hospitalization insurance. Well over 50 percent of the people in the community are covered with some sort of hospitalization insurance, and most of these people are no doubt sincerely interested in having adequate facilities when and if the time comes that they will use their insurance.

Needless to say, the expansion program, tax wise, will not be a drop in the bucket when compared with the money most of us are already spending on hospitalization insurance. If our insurance covers a private room, for instance, it is only logical that people will want that private room when the occasion is justified and demanded. Certainly, it would be provoking to spend dollars on hospital insurance, then discover that we could not collect that insurance because we failed to invest a few cents annually—and no rooms were available.

While the casting of only two absentee ballots in the hospital issue indicates little interest up to the present time, it is possible that many people will flock to the polls Tuesday, and whether the issue passes or not, we do hope that the vote will be representative of the thinking of the entire community. —J. G.

## 'Harmless' Prank Could Be Serious

Childhood pranks are as inevitable as childhood itself. But all too often they outgrow the label of "harmless pranks".

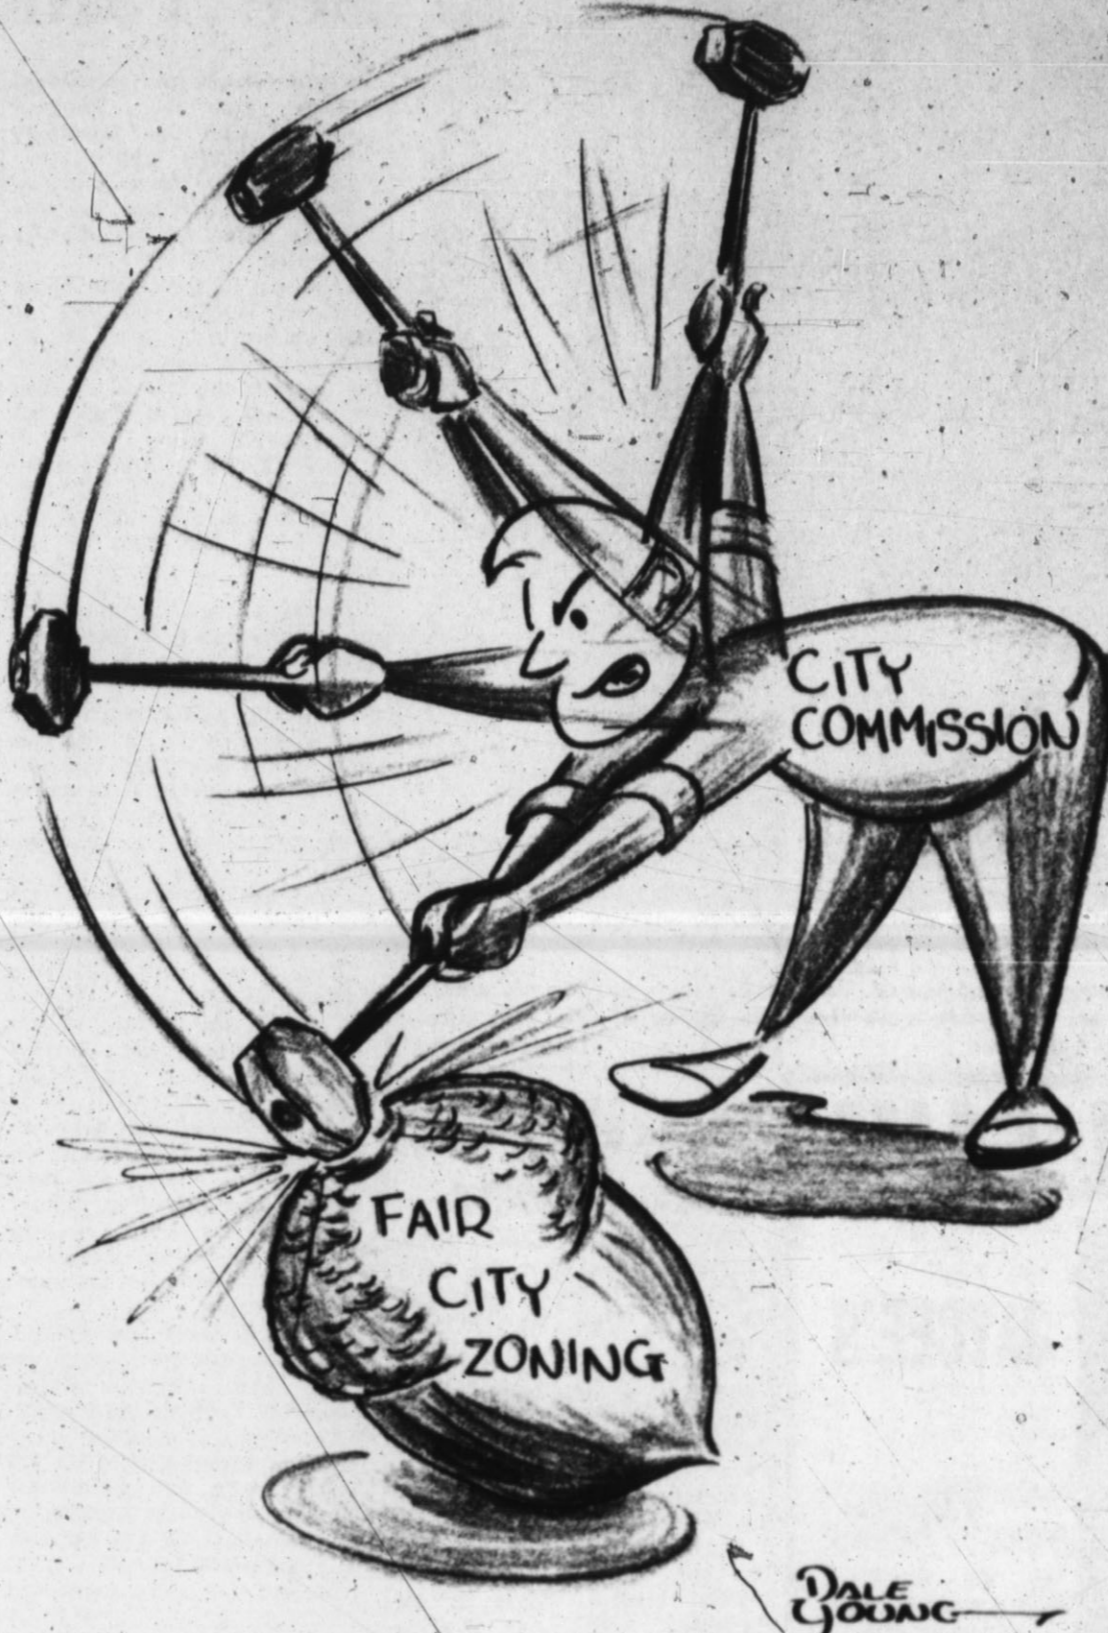

Such is the case as dramatized by the picture above. That damage was caused by a "water bomb", constructed out of ordinary materials—a rubber balloon filled with water and tied. When thrown it can be as deadly as a baseball or a rock.

A few years ago in Hereford, a great tragedy was missed by inches when a watermelon was tossed from an overpass at a school bus. It shattered the windshield and hurt the driver. A water balloon can do the same damage, although children can't seem to realize something so harmless could be so lethal.

Children, both large and small, should be warned by their parents of the serious consequences of such a plaything. Parents would deplore of their offspring throwing rocks at passing cars. They should be no less concerned with a water-filled balloon.

Like firecrackers exploded in glass jars, such a contrivance could maim or kill an innocent person, leaving a child to live with such a memory for the rest of his life. It just isn't worth the risk. —HAT

## A Tough Nut To Crack!

## Sage Reviews Visitors Here For Pioneer Day

(Editor's Note: A review of the 40th annual meeting of the Mid-Plains Pioneer Association meeting has been written by The Sage of Goat-head Prairie, Will G. Harris of Summerfield, an occasional contributor to the Brand on matters of the past.)

In behalf of the Mid-Plains Pioneer Association, I should like to express our thanks to the Business and Professional Women's Club, the Pioneer Study Club, the Deaf Smith County Chamber of Commerce, radio station KPAN, the First National Bank, the Hereford Brand and any other who helped make Pioneer Day a great success.

We really had many VIPs (Very Important Persons) present, people who grew up here

when Hereford was known as "The City of Windmills."

It seems as if I always fall heir to the high-sounding title, Publicity Chairman. It is my job to see that everyone receives an announcement and that all of them come back from every direction.

I am proud of my job and try to make a hand. It is a good paying job. Yes, it pays me well in knowing that some will be here whom we haven't seen for years; it pays to see the smiles on happy faces, the embraces, the shaking of hand long unclasped.

I am frequently asked to be on the Steering Committee. I can't see that I am much help on a steering committee, for I am fresh out of the cattle business and don't own a

steer to my name.

People change over a period of 20, 40, or 50 years. When Earl Wilson said, "My name is Kennedy — John F. Kennedy," I replied, "Oh, Yeah!" But for a second his name, to me, might have been Kennedy or anything else. He really had me guessing. Earl is a former county judge of Deaf Smith County. He is the oldest son of a pioneer cattle man, John L. Wilson.

The Wilson family chose Pioneer Day for their family reunion.

The pioneer family of George Cloyd was represented by Edwick and John Cloyd. Mrs. Al Vaughn had a son from California and her only daughter, from Portales, visiting with her.

The Norton family was represented by Claude and his sister, Mrs. Una Hutcheons, who gave the response.

Mrs. Seth B. Holman and her sister, Mrs. D. C. Laird, were here. Mrs. Holman and her husband were publishers of the Brand for many years. The Lairds owned the famous OYO ranch. The OYO was located southeast of Hereford.

Bill Argo, brother of Mrs. Audrey Thompson, was here. He was a top cow hand for the R. L. "Bob" Mountz operation. The Mountz ranch extended for miles west of Hereford and was part of the old XIX ranch. The first roundup I ever saw, Bill was cutting out cattle for Mountz.

The Judge Gough family was represented by Leroy Gough and his sister, Mrs. Irma Gella. Judge Gough was a man of many resources. He was a T-Anchor cowboy, county judge of Castro County and a composer of western poems and stories. The cowboys called him "Parson Gough."

Mr. and Mrs. Claud Higgins of California received the award given for those coming the longest distance. Their families were among the first settlers of Deaf Smith County. Mrs. Higgins is a sister of Wood and Dick Vaughn, who were also here.

Mr. and Mrs. Alvie Wilson and Mr. and Mrs. Cecil Wilson of New Mexico also were present. The Wilson grew up at Summerfield and their mother was Vern Witherspoon's sister.

Orville Brunk of Brunk's Comedians fame was here. He graduated from Hereford High School in 1909. Mr. and Mrs. Frank Hastings were here from Bovina.

(Continued on page 7)

## Panhandle Paragraphs

### WT GETS AEC GRANT

Another door to research was opened for West Texas State University this week as the institution received a grant of \$10,000 for use in the instructional field of atomic energy. The grant was made by the Atomic Energy Commission and the funds will be used to purchase equipment. Dr. William R. Wilson, associate professor of physics at the school, said there is a possibility of the school receiving a total of \$25,000 to put to instructional use. Dr. Wilson prepared the 37-page report upon which the request for the grant was based. West Texas already has an alliance with the Department of Interior for mutual assistance in helium research. There has been some talk that space research may be done here in the future but nothing concrete has been announced as yet.

THE CANYON NEWS

### COUNTY RECORDS TRAFFIC FATALITY

Parmer County's first traffic fatality of 1963 was recorded Tuesday afternoon in a rural accident that happened just 200 yards inside the county line at the intersection of two dirt roads, five miles south and one mile east of Clay's Corner. The victim was a 30-year-old Negro man who was a passenger in a pickup truck. The truck is reported to have collided with another pickup at the intersection. It was sent into a spin and both the driver and his passenger were thrown out as the pickup overturned according to the Texas Highway Patrol officer investigating.

THE PRONA STAR

### HALE COUNTY TAKE PROJECT LEAD

Hale County Commissioners have taken the lead in the Running Water Draw Watershed Project, allocating \$12,500 to pay the county's share of the proposed planning party costs. The action was taken in response to a letter from F. F. Calhoun, chairman of the Board of Supervisors of Hale County Soil Conservation District, addressed to commissioners and delivered by a delegation of supervisors. The letter detailed the share of each of the five counties in the \$70,000 project. Curry County, N. M., and Parmer County have been asked to pay \$8,333 and \$4,167 respectively in lower applications expenses. Hale County's \$12,500 share will be for those areas of the county lying outside of Plainview which has been asked to pay \$20,000.

LAMB COUNTY LEADER (Littlefield)

### ANNIVERSARY PROGRAM PLANNED

Muleshoe merchants, working through the retail committee of the Chamber of Commerce and with Muleshoe Junior Chamber of Commerce, are laying elaborate plans for Muleshoe's annual anniversary celebration with events booked from June 29 through July 4. The big event, as in past years, will wind up with the annual talent show at Benny Douglas stadium on July 4.

BAILEY COUNTY JOURNAL (Muleshoe)

### TWO DROWN IN FLASH FLOOD

Bodies of two Booker men were found Friday morning in a pickup in a ravine near rain-swollen Wolf Creek, and Coroner Hardy Hulsey ruled death by drowning. Dead were Ben H. Davis, 74, and James Noble Smith, 48, who had apparently been on a Memorial Day holiday fishing expedition. Down creek from the pickup in which the bodies were found, seachers spotted a frying pan, blankets, a folding chair, and fishing equipment. At the point where the vehicle was found, the creek and road run parallel and the ravine runs from the creek toward the road. Debris on nearby trees indicate that water had run five feet over the road at the point and the ravine is four to five feet deep. It is not known if the two men were asleep in the pickup and a rushing wall of water washed their vehicle into and slid into the ravine.

THE SUNDAY HERALD (Perryton)

## THE BOOTLEG —Philosopher

Editor's note: The Bootleg Philosopher on his hindwood farm may have his tongue in his cheek this week. Maybe it beats a foot.

Dear editor:

As you know, this is the time of year when graduating classes get to hear a lot of advice and I've been reading some of it from around the country and so far I haven't heard something mentioned which I'd like to bring out myself.

I don't mean to say the advice isn't sound, it is, regardless of how little of it will be taken. In the world's entire history there never has been a shortage of advice, and like everything else we've got a surplus of, the price has never been high.

Most commencement speakers, especially at colleges, exhort the graduates to work hard and achieve and amount to as much as the speakers, but they've got to do better than that if the world's going to hold together. Right now, we're at the point where a disarmament conference feels safer if it's meeting close to a bomb shelter.

Now, the point I'd like to bring out is that in nearly every graduating class, except of course the one in Hereford, there's always a certain number about whom some folks predict, with about the accuracy of a weather forecast, "Well, they won't set the world on fire."

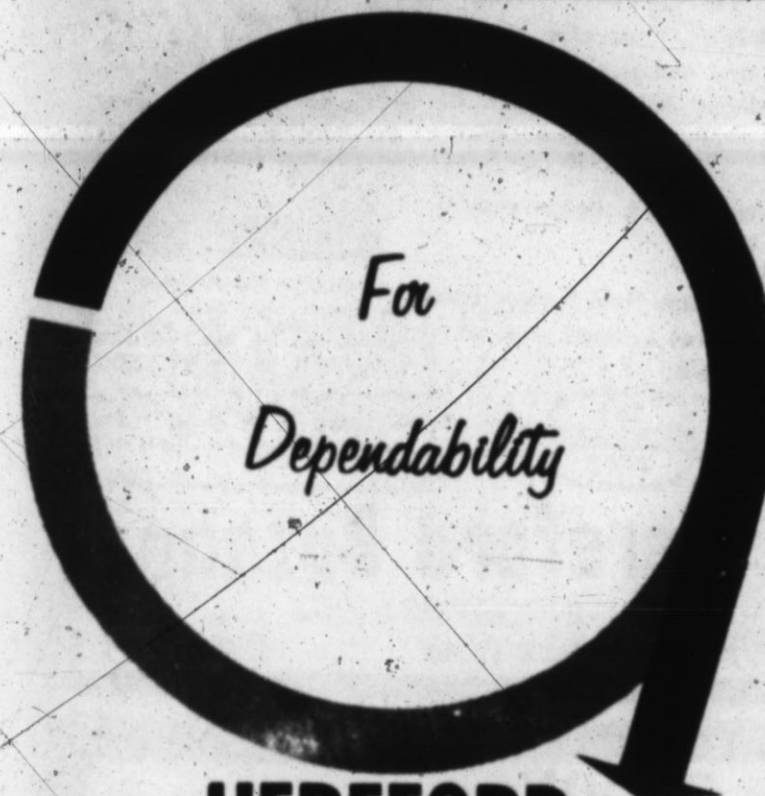

I tell you, that's exactly the kind of young people I'm looking for. If this world needs anything, it's somebody who won't set it on fire.

Go to the moon, orbit the earth, invent a tall pipe that won't rust out, perfect a drip-dry car fender that straightens out its own dents, eliminate racial strife, abolish slums, lower taxes, bring television to Africa, shave Castro, control the weather, grow food in a test tube, de-salt the ocean, eliminate flies and mosquitoes, write more books, find a funny comedian on TV, eliminate crime, make honesty convenient, outwit the Russians, bring peace on earth, but don't set it on fire.

Yours faithfully,  
J. A.

ANYONE FOR SLIDING? Play equipment in the park on South Main was damaged last week as flood waters covered a wide area along Tierra Blanca Creek. Vast amounts of debris also piled up around the merry-go-round and picnic tables in the park as water rushed toward Buffalo Lake. (Staff Photo)

### Civil Defense Tips Are Given For H.D. Club

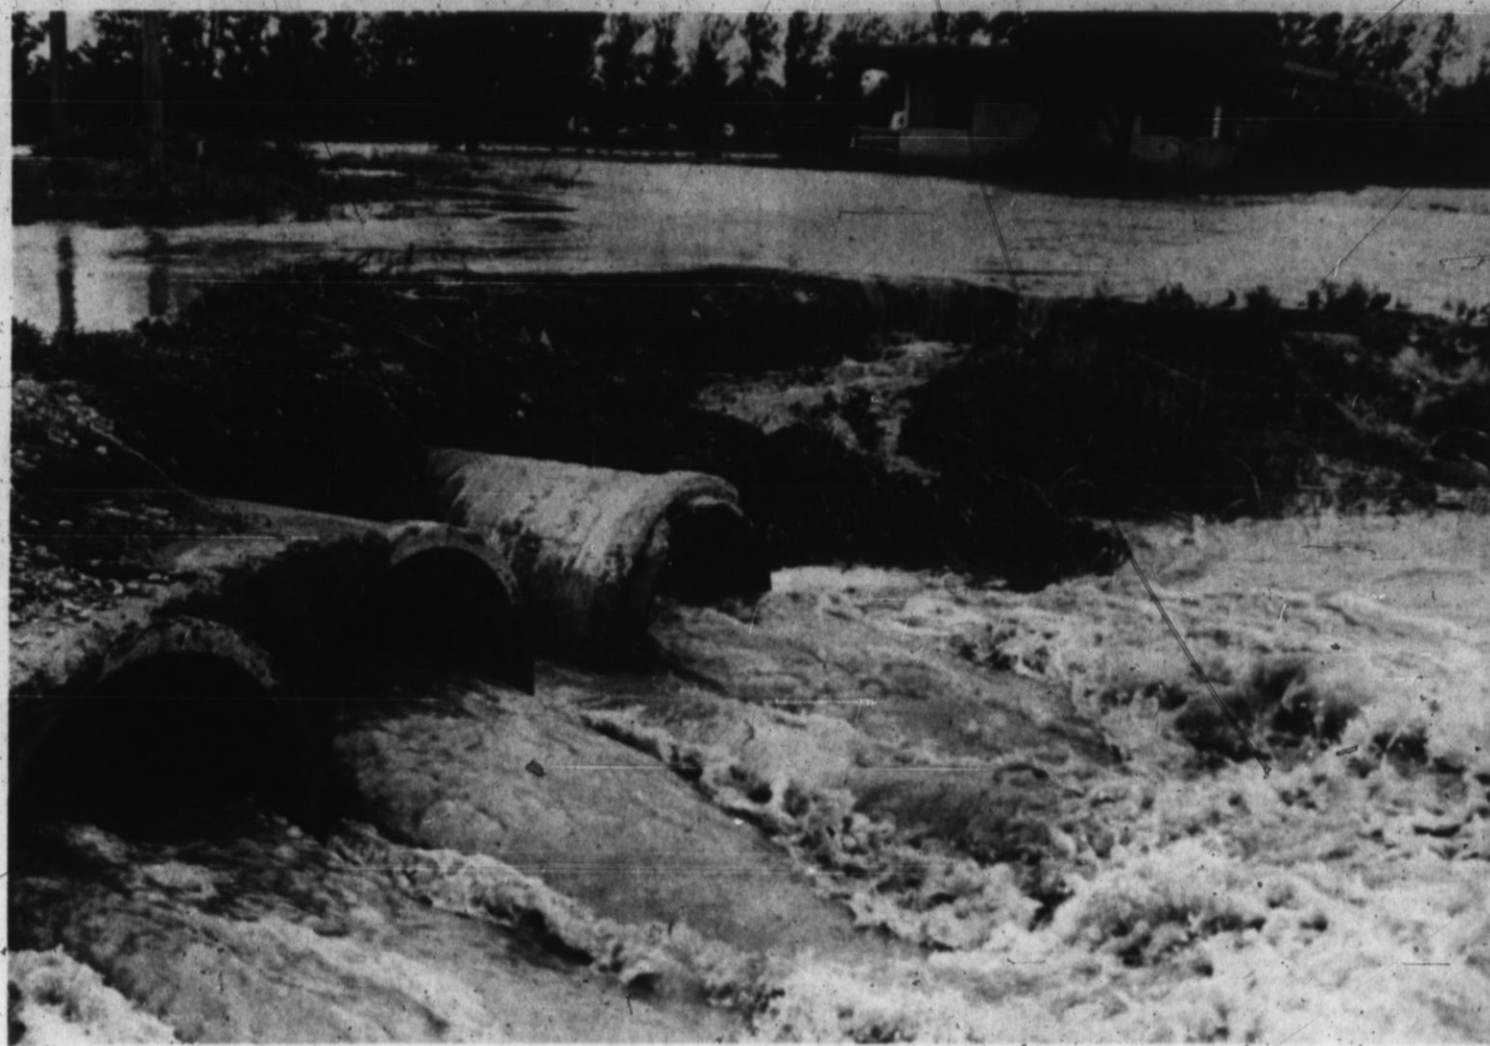

West Home Demonstration Club met in the Community Center Tuesday, May 28, at 2:30 p. m. Mabel Vaughn lead the club collect. Roll call was answered by, "What we should do if a tornado should strike our city."

Mabel Vaughn introduced the speaker, John Gilliland, who gave a program on first aid. He told what to do for internal bleeding, shock, snake bit-

es, car accidents, poison, burns, broken bones, and how to care for a person found in an accident. He said the most important things to remember were to never move an injured person and to call an ambulance and the police immediately.

It was announced that Dortha Prowell will teach a course in dress making this month and anyone interested should call her.

Committee reports were given. Mabel Vaughn gave the council report which stated that 10 clubs were present and eight of these were 100 per cent. She also said that there will be

A TINY ISLAND OF MUD was all that kept the house in the background from being flooded. Huge drainpipes couldn't do all the work as water swept across roads, cutting huge chunks out of the paved drive. (Staff Photo)

a meeting in her office on Monday, June 17 at 2:30 p. m. for club reporters.

Alice Swigart gave a report on the scrap book. She also said that several cards had been sent to members this month. The Civil Defense report was given by Mabel Vaughn.

The Nomination Committee submitted the officers for the year 1963-64. They were: Mrs. Blanche Mosley, president; Mrs. Mary King, vice-president; Mrs. Blanche Harden, secretary; Mrs. Hubert Duncan, treasurer; Mrs. Carl Schroeder, parliamentarian; and Mrs. Artie Frost, reporter. The council delegate will be selected later. The motion was made and carried that they be elected by acclamation.

Then the meeting adjourned. The next meeting will be May 19 at 2:30 p. m. in the home of Mrs. Vida Jacobsen.

Refreshments of punch and cookies were served to the 21 persons attending.

#### HOME FOR SUMMER

Maribeth Gilliland, daughter of Mr. and Mrs. W. J. Gilliland, has recently returned to Hereford from Ft. Collins, Colo., where she was attending Colorado State University. She will be taking courses at West Texas State University this summer.

#### SUMMER PLANS

Butch McCaslin, son of Mr. and Mrs. Carl McCaslin, has recently returned home from Austin where he attended the University of Texas. He plans to attend summer school in Hawaii.

#### SUMMER PLANS

Ann Gentry, daughter of Mr. and Mrs. W. H. Gentry, is attending summer school at West Texas State University.

## White Sox Beat Tigers 7-3, 8-1

White Sox swept a double-header from the Tigers in Pony League Park Thursday night, 7-3 and 8-1.

In the first game, the White Sox scored three runs in the top of the first and made them stand up. They used two walks, two errors and a fielder's choice for the scores. They added another run in the second on three walks and an error.

Another run scored for the White Sox in the top of the third on an error, two singles and a fielder's choice.

Only Tiger runs came in the last of the fourth. They got their three scores on a single, a walk, an error and a double by Wayne Miller.

Two runs in the fifth kept the White Sox out front. Two walks, an error and a double by Jimmy Allison pushed in the runs.

Ronny Houston was the winning pitcher as he allowed three runs on four hits, walked three and struck out eight. Miller was the losing pitcher. He gave up seven runs on four hits, walked nine and struck out three.

Allison was the leading hitter of the five-inning game with a single and a double in four trips. The White Sox made two errors and the Tigers five.

In the second game, Gary Story's two hit performance

paced the White Sox to the nightcap victory in another five-inning contest.

The White Sox took the lead in the last of the first with one run on a walk, two stolen bases and an error.

That was the way it stood until the last of the third, when the pale horse picked up four runs on five singles. They added three more in the fourth on two walks, two singles and a double by Robert Wagner.

Only Tiger run came in the fifth on two singles and a walk.

In the second game, the White Sox had one error and the Tigers one.

Story allowed one run on two hits, struck out six and walked two. Greg Bullard worked two and two-thirds innings, allowing five runs on five hits with five walks and no strikeouts. Lee Robinson finished the game, giving up three runs on three hits. He walked two and struck out three.

The Tigers turned the only double play of the night. It came in the first. Bullard grabbed a fly and doubled up the runner at first by throwing to Higgins. Gene Duvall, Allison and Wag-

## CYGON... THE BEST NEW FLY CONTROL IN 20 YEARS

One CYGON spray in dairy barns, poultry houses and animal shelters, controls flies up to 8 weeks or longer... including flies resistant to all other sprays.

Now, for the first time since not was new, there's a fly spray that keeps on killing flies for months. Under most conditions, only two CYGON sprays can give seasonal control of flies. (Some areas report 3 months' control with one spray).

**Flies stay dead**  
Unlike "knock-down" sprays, flies downed by CYGON are dead. As a matter of fact, flies that come in contact with CYGON do not topple over—only to rise again. It takes some hours for CYGON to "soak-in", but then they're done for... for good.

**Resistant flies too**  
CYGON kills all flies... including those that are resistant to chlorinated hydrocarbon and phosphate insecticides.

**Economical control**  
Because CYGON keeps on giving control week after week, it puts real economy into the fly control job. And CYGON is versatile. It can be used as a residual wall spray inside dairy barns, poultry houses, hog pens and livestock shelters. It

can be used as a spot spray around windows, doorways, fences... wherever flies congregate. It can be used on fly breeding areas such as manure.

**Readily available**  
CYGON will be readily available this year. Remember, a little CYGON goes a long way... it gives the best fly control.

CYGON is available in pint, quart and gallon sizes.

AMERICAN CYANAMID COMPANY  
PRINCETON, NEW JERSEY

As a residual wall spray or to spot treat fly resting places such as doorways and windows, CYGON keeps on killing flies for weeks. Applied to fly breeding places such as manure, it kills maggots before they become flies.

### Legal Notice

THE STATE OF TEXAS  
COUNTY OF DEAF SMITH  
CITY OF HEREFORD  
NOTICE OF HEARING ON  
CITY PAVING ASSESSMENTS

Notice is hereby given to all abutting property owners and persons interested in the properties on the hereinafter mentioned portions of Plains Avenue and sundry other streets in the City of Hereford, Deaf Smith County, Texas, that on the 20th day of May, 1963, E. R. McMorris and Associates, City Engineers, have filed with the City of Hereford, the estimated amounts per front foot proposed to be assessed against the owner or owners of abutting property on said property on each portion of Plains Avenue and the sundry other streets to be paved and improved by the City of Hereford, Texas, as well as the total cost of improvements on each unit of said streets, and that the same has been duly approved by the City Commission and the same was ordered filed and shall remain on file with the City Secretary in the City Hall in Hereford, Texas, as well as all of the plans and specifications pertaining to all of such proposed improvements. Notice is further given that any and all property owners and persons interested therein within the City of Hereford and elsewhere, may inspect the same; and further, that the City of Hereford, by a resolution duly adopted by the City Commission thereof on May 20, 1963, has fixed the 17th day of June, 1963, at 7:30 o'clock p. m. in the City Hall in Hereford, Deaf Smith County, Texas, as the time and place for all of such owners and persons interested in such paving, and in such properties, to appear and make objections thereto, if any there be, and to contest the amounts of the proposed assessments, the lien and liability thereof, the special benefits to the abutting property and owners thereof by means of the improvements for which assessments are to be levied; the accuracy, sufficiency, regularity and validity of the proceedings and contract in connection with such improvements and proposed assessments, if it is so desired; and this notice is given as is provided in Section 9 of Article 1105b of the Revised Civil Statutes of the State of Texas, in that the City proposes to levy such costs against respective properties as are shown in said proposed paving assessments as so filed by the City Engineers with the City of Hereford, and as hereinafter set forth. Said streets to be paved and portions of streets to be paved and the costs of improvements on such portions thereof, with the amount per front foot proposed to be assessed or such improvements against abutting property and the owners thereof, of each such portion, is as follows:

UNIT NO. ONE, on Plains Avenue, from the present existing paving at the West line of Aspen Street to the West property line of Fir Street, width of 37 feet, triple asphalt surfacing on six inch flexible base; the amount per front foot proposed to be assessed against abutting property and the owners thereof, for improvements exclusive of curb and gutter is \$3.70; the amount per front foot proposed to be assessed against abutting property and the owners thereof for curb and gutter is \$1.25; the total amount per front foot proposed to be assessed against the abutting property and the owners thereof is \$4.95; the estimated cost of the improvements is \$12,366.68.

UNIT NO. TWO, on Thirteenth Street, from the present existing paving on 25 - Mile Avenue to the existing paving at the West line of Avenue C, width of 44 feet, triple asphalt surfacing on six inch flexible base; the amount per front foot proposed to be assessed against abutting property and the owners thereof, for improvements exclusive of curb and gutter is \$3.53; the amount per front foot proposed to be assessed against abutting property and the owners thereof for curb and gutter is \$1.25; the total amount per front foot proposed to be assessed against the abutting property and the owners thereof is \$4.78; the estimated cost of the improvements is \$13,609.08.

UNIT NO. THREE, on Thirteenth Street from the present paving at the East line of Avenue C to the East line of Avenue F, width of 44 feet, triple asphalt surfacing on six inch flexible base; the amount per front foot proposed to be assessed against abutting property and the owners thereof, for improvements exclusive of curb and gutter is \$3.53; the amount per front foot proposed to be assessed against abutting property and the owners thereof for curb and gutter is \$1.25; the total amount per front foot proposed to be assessed against the abutting property and the owners thereof is \$4.78; the estimated cost of the improvements is \$13,609.08.

UNIT NO. FOUR, on Thirteenth Street from the East property line of Avenue F to the West line of Avenue I, width of 44 feet, triple asphalt surfacing on six inch flexible base; the amount per front foot proposed to be assessed against abutting property and the owners thereof, for improvements exclusive of curb and gutter is \$3.53; the amount per front foot proposed to be assessed against abutting property and the owners thereof for curb and gutter is \$1.25; the total amount per front foot proposed to be assessed against the abutting property and the owners thereof is \$4.78; the estimated cost of the improvements is \$13,718.86.

UNIT NO. FIVE, on Avenue I from the existing paving at the North line of Thirteenth Street to the existing paving at the South line of Fourteenth Street, width of 37 feet, triple asphalt surfacing on six inch flexible base; the amount per front foot proposed to be assessed against abutting property and the owners thereof is \$3.80; the estimated cost of the improvements is \$8,535.55.

### Sage...

(Continued from page 4)  
Douglas and George Connell represented the Ed Connell family. Ed Connell was a colorful figure of the old West. He was a Texas Ranger and sheriff of Deaf Smith County. Jim Robinson, father of J. W. Robinson, was here from Colorado. There were so many more... more than 400 names were placed on the register. Most of them are pioneers who think

so much of the Mid Plains that they have never moved away. As I recall the almost 60 years that I have lived among such wonderful people, this anonymous poem comes to mind: "Isn't it strange that princes and kings and clowns that caper in sawdust rings. And common folks, like you and me, are builders for Eternity?"

"To each is given a bag of tools, a shapeless mass, and a book of rules. And each must build, err his life has flown, a stumbling block or a stepping stone." It seems to me that the people who have become the pioneers of this Mid Plains area built a lot of stepping stones.

ATTEND ROTARY CONVENTION  
Mr. and Mrs. J. R. Johnson, and daughter Penny are leaving for St. Louis on Saturday, June 8, where they will attend the Rotary convention. They plan to return to Hereford on Saturday, June 15.

## Mrs. Gordon Joins Heather In Making New Friendship

During the past year a great many people in Hereford and vicinity have come to know and love the delightful Heather Gordon, high school exchange student from South Africa. She has so effectively aroused our interest in her family and country with her personal charm and her speeches about her country.

Heather's mother, Mrs. Barney Gordon, is also a very charming person. Her serenity in strange surroundings and circumstances and her complete poise in meeting so many people new to her are her most immediately noticeable characteristics.

Living in a small apartment in Hereford is indeed quite different from her life at home. There she has a full-time cook, houseboy, and gardener. A laundress comes in once each week. This is not a mark of great wealth, but only that service is inexpensive and available.

Preferring not to work with clubs and committees, Mrs. Gordon spends all her free time working with the blind. In addition to personal service to blind people, she helps with

collecting funds for the National Council for the Blind, which is also called Northern Light, and assists with group socials. An eye bank is being developed.

There are two boys in the family, Heather's younger brothers. Andrew, 15, will begin his junior year in February. He enjoys camping with boys of his Synagogue. Russell, 11, will be in standard 4, which is equivalent to the seventh grade. His present interest is guns.

Since her husband's publishing business takes him to many parts of the world and because she enjoys traveling, Mrs. Gordon has been to several European countries more than once, to Israel, Greece, Brazil, and other countries. During their three previous trips to the United States, she and her family visited many different areas, including New York City, New Orleans, San Francisco, and many points of interest between those cities.

Mrs. Gordon was born in Johannesburg. Her father was a vinegar manufacturer. After the standard schools, she attended a business school and worked on the stock exchange before her marriage.

Although Heather was reluctant at first to accept her assignment from the American Field Service to a comparatively small town in West Texas, Mrs. Gordon encouraged her. It meant another year of separation, since Heather had just been to a school in Italy for

three months, but Mrs. Gordon felt that the opportunity to come to the United States for a year must not be missed. Both mother and daughter have been very happy about their decision.

During their month in Hereford, Mrs. Gordon and the children are being entertained by several people. She prefers small gatherings so that she may have the opportunity of visiting at length with each person.

Although 12,000 miles will separate the Gordons and the people of this area, there will be a closeness of friendship that will endure for many years. The Leroy Aven family, Heather's American family, will feel a sense of loss along with the closeness of friendship.

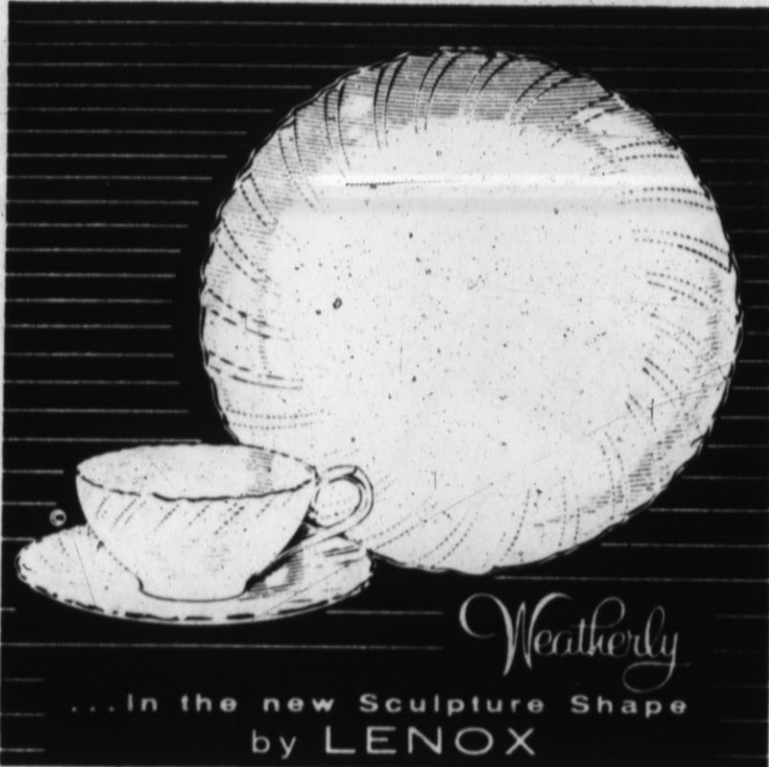

**VISIT FAMILY**  
Mr. and Mrs. Bud Martin and family were recently in Hereford visiting their parents, Mr. and Mrs. M. R. Latham and Mr. and Mrs. D. C. Martin. They are students at North Texas State College in Denton.

**VISITORS TO HEREFORD**  
Mr. and Mrs. Charles Ray Wester and family are visiting the C. T. Westers of Hereford. They will leave on Tuesday, June 11.

**MOVE TO LUBBOCK**  
Mr. and Mrs. Lynn Jones and family are moving to Lubbock, where he will be attending Texas Tech.

**GUESTS IN WESTER HOME**  
Visiting the H. E. Westers this week are Mr. and Mrs. Stewart Jones, Dana, Meloney, and Virginia from Lubbock and Mrs. Louise Cox, Vicki, Lisa and Leslie, from Dallas.

HER QUIET FRIENDLINESS AND shy charm have endeared Mrs. Barney Gordon of Johannesburg, South Africa, to the people of this area. In return she has been very impressed with the warmth of her welcome here. The center of a number of gatherings in her honor, Mrs. Gordon is shown spending a quiet afternoon with her needlepoint.
