# Rain, Hail, Funnel Clouds Continue

By Gardner Collins  
Brand Staff Reporter

Heavy thunderstorms with damaging hail and heavy rains have continued to soak the Deaf Smith County area. For three consecutive days, the storms have rumbled across the county.

As the storms moved across the area, three confirmed funnel clouds in the Buffalo Lake area skirted the county. Another funnel was reported by a Hereford Police Department Patrolman near Summerfield about 2:30 a.m. Saturday.

Three funnel clouds were also reported in the Summerfield area Friday afternoon as a heavy hail storm struck south of the community. All three dissipated before touching the ground.

In all sections of the county, hail damage has been reported to ripening wheat and other crops. In most areas reporting damage, it is described as extensive.

Most severe of the storms struck the county Friday from the southwest, causing heavy crop damage south of Summerfield.

There were also unconfirmed reports that as the hail storm struck south of the community, three funnel clouds dipped from the storm and then dissipated before reaching the ground.

The storm is reported to have struck the area about 3:30 p.m. Friday and become progressively worse. Marble-size hail began falling and then increased in size until it was as big as baseballs and softballs.

The edge of the storm struck Hereford shortly before 5 p.m. as it moved across the southern portion of the county. Marble-sized hail fell in the city for about five minutes.

It apparently came out of the southwest and then veered off toward the east and hit the Buffalo Lake area.

During the night, thunderstorms continued to rumble across the county and were in the Hereford area until about 1:15 a.m. Saturday.

In the storms striking the county area Wednesday and again Thursday, damage was reported to crops in the Hereford area and north of Dawn School.

The storm Thursday skirted Hereford, but caused heavy damage to wheat about a mile southeast of the city and in a two-mile long strip beginning five miles north of Dawn School.

In both areas, damage to wheat ranged from 25 per cent loss to as high as a 90 per cent loss.

On the J. T. Gilbreath farm, hail is reported to have covered the ground.

The hail was described as very hard and ranged from marble size to golf ball size.

In the area from five to six inches of rain had fallen during the Wednesday and Thursday nights. The measurement is an estimate since hail shattered rain gauges in the area.

As the storms pummeled the county during the week, construction and farming operations have halted.

The moisture was badly needed on both croplands and rangeland. It, however, came too late to help the dryland wheat.

With a short harvest predicted, hailstorms are reaping a heavy toll from Deaf Smith County farmers. Cotton, wheat, milo, potatoes and other crops have suffered damage.

Moisture in Hereford from the three days of stormy weather has totaled 1.15 inches with 95 recorded Wednesday, 65 on Thursday and 15, Friday.

Total moisture for the year now stands at 5.01 inches. A year ago the total was 3.90 inches.

## George J. Haas Succumbs Friday In VA Hospital

George J. Haas, 67, died Friday, May 31, at 5 a.m. in the Veterans Hospital in Amarillo after an extended illness. His residence was the Green Top Trailer Courts in Hereford.

Born Jan. 29, 1896 in Wichita Falls, Mr. Haas came to Hereford from Oklahoma in 1939. A veteran of World War I, he was a member of the American Legion and the Veterans of Foreign Wars. He was a member of the Catholic Church.

His survivors include two brothers, Lucian Haas, Duncan, Okla., and Paul Haas, Beaumont, and four sisters, Mrs. Lucy Moore, Mrs. Alice Davenport and Mrs. Blanche Moore, all of Duncan, Okla., and Mrs. Mary Blankenship, Bakersfield, Cal.

Funeral services will be Monday, June 3, at 10 a.m. in the Catholic Church in Duncan, Okla. Father Strauser, pastor, will officiate. Burial will be in Duncan, under the direction of Gilliland Funeral Home of Hereford.

## Call Meet About Hiring A District Juvenile Officer

Harry Schultz of Dalhart, judge of the 69th Judicial District, has called a special meeting to discuss the advisability of hiring a district juvenile officer.

Invited to the meeting are county judges, mayors and school superintendents within the six-county area. The meeting will be held at 2 p.m. Thursday, June 6, in the district court room at Chaning.

The meeting, Judge Schultz said in a letter to those invited, is the outgrowth of a bill enacted by the state Legislature under which counties, cities and school districts within certain districts are authorized to join together in a plan for employing a district juvenile officer.

Approved legislation provides that the maximum salary of such juvenile officer would be \$8,000 to be shared by the participating counties according to their population and that necessary expenses also would be shared.

Judge Schultz, in his letter, said "It has always been the practice in this district that, by agreement between the county judges and the district judge, the county courts have handled juvenile cases. This is generally true in judicial districts in multi-county districts. There are several practical reasons why this plan is necessary, and I much prefer that we continue with it."

However, Judge Schultz said that Thursday's meeting would enable the various groups to make their own decision about the matter.

The judge said that if it appears a sufficient number of counties, cities and school districts are interested in having juvenile officer services available, then other points to be discussed would tentatively be: 1. What should the salary of a juvenile officer be? 2. What will the probable cost be to the counties, cities and school districts that may wish to participate in the plan? 3. On what basis should any of the school districts, cities or town wishing to participate contribute to the salary of the juvenile officer? 4. Suggestions as to who should be employed as the juvenile officer.

## Burglars Hit Service Station, Vegetable Shed

An El Paso service station on West First and Polar-Vac vegetable sheds were burglarized as the Memorial Day holiday began here on Wednesday.

The service station burglary was reported after it opened for business on Thursday. It was broken into sometime during the night, according to Hereford Police Department reports.

Entry into the building was made through an open window at the station.

Investigation revealed that the front of a cigarette machine and a candy machine had been pried off with a screwdriver.

An undetermined amount was taken from the cigarette vending machine while approximate five dollars in change was taken from the candy dispenser.

Three dollars was also reported missing from the cash register.

The break-in at Polar-Vac, a vegetable icing company, was discovered by a police patrolman about 3:30 p.m. Wednesday. The patrolman noticed that the plywood covering on the north door had been ripped off.

Investigation revealed that the screen on the door had been cut and the window broken out. The door was open.

A search of the building showed that the office had been ransacked. However, nothing was believed to be missing.

Members of the Hereford Flight of the Civil Air Patrol have been on operational status since 10 p.m. Thursday night. Word was received at that time that an aircraft on a flight from Albuquerque to Lubbock was unreported and presumed down.

In spite of very adverse weather conditions, Curtis Traveek, commanding officer of the local unit, and Carroll Newsom, executive officer, piloted planes in a search area west of Hereford for more than three hours. Observers in the aircraft were Bill Brady and Charles Duvall.

Chester Wiggins, not a member of the CAP, also participated in the search while using his own aircraft. The CAP aircraft were loaned for the search from Whiteface Aviation Communications, which were handled by radio through Eagle 1, Nest 2, designation of the station operated by Bill Thompson of the Civil Air Patrol net.

As of 11 a.m. Saturday the search was still on, and local pilots were awaiting a break in the weather to continue their search, which will probably carry them into New Mexico.

Other CAP members standing by for assignment to either aircraft are Dr. Milton Adams, Charles Frye and Benny Womble.

Civil Air Patrol search and rescue operations are assigned by the Air Force and are a primary mission of the organization. The Civil Air Patrol is a civilian auxiliary of the Air Force.

## Swimming Pool Opens Monday; Classes Slated

The Hereford Municipal Swimming Pool will open on Monday, June 3. It did not open on Saturday as was originally scheduled because the wind damage to the walls had not been repaired.

The pool will be open seven days a week between the hours of 2 and 6 p.m. Jim Bianchi, a Stanton Jr. High athletic coach will be the new manager of the pool. As in the past, the pool may be reserved for private parties at night.

Mrs. Bruce Miller, chairman of the Red Cross water safety committee, announced that the sessions of swimming lessons will be June 17-28 and July 8-19. More information will be released later as to time and classes that will be taught.

The business meeting of the association was called to order by Fred Baird, who has served as president for the past year.

Invocation was given by the Rev. J. Russell Winger.

A welcome address by Mrs. Valtry Thompson of Hereford on the experiences of many of early day settlers of the Plains. Response was given by Mrs. Inez Hutchins of Amarillo.

Following the reading of the minutes, and the treasurer's report by Mrs. Mary King, new officers of the association were elected.

Mrs. Alice Cox Swigert was elected president, John Patton, vice president, and Mrs. Mary King was re-elected to the secretary-treasurer post. All are from Hereford.

Mr. and Mrs. Claude Higgins were recognized as those who traveled the greatest distance to attend the meeting. They live in Compton, Cal.

Veon Winterspoon, 83, was the oldest man present for the Mid-Plains Pioneer Day and Mrs. H. M. Benefield was the oldest woman present. Both are from Hereford.

A basket lunch was served at the Center following the business session with Hereford members serving as hosts to out-of-town guests.

The event ended with visiting and entertainment.

## Session Slated For Grand Jury On Wednesday

The final session for grand jurors selected for the January term of the jury will be held at Deaf Smith County Courthouse on Wednesday.

Jurors are to assemble in 69th District Court for their final meeting beginning at 10 a.m. to consider criminal cases.

The 69th District Court, Judge Harry Schultz presiding, is also expected to hold a short session.

## 400 Attend Pioneer Day Meet

Hereford Community Center over flowed Friday as Panhandle pioneers assembled for the 40th annual meeting of the Mid-Plains Pioneer Association.

The day-long event began with registration conducted by the business and Professional Women's Club beginning at 8 a.m. and ended with visiting and basket lunch at noon.

Assisting in the registration of all visitors of the area was a group of Hereford High School girls. They acted as greeters and provided information.

More than 400 persons registered for the event with some coming to the celebration from as far away as California and many eastern states.

## Six Members Of 4-H Clubs Will Attend Roundup

Six members of Deaf Smith County 4-H Clubs will be competing for state honors this week in College Station. They are county and district contest winners who qualified for the State 4-H Roundup. Up that is slated for College Station June 4-6.

Kathlyn James will enter the favorite food show. Dick Plank will compete in tractor driving and operation. Jon David Miller and Jack Thomas form a team in the Soil, Water and Range Conservation demonstration, and Robert Galley and

## Around Town

I'm (splash) determined that (squish) this column (galump) won't be all (quack) about the (drip, dripp) rain. But I'm tempted, since it is foremost in the minds of almost everyone the past few days. The interpreters who are accompanying the people from South America arrived Friday evening and thought nothing in particular about the weather until someone mentioned the tornadoes and that they had driven right through Umbarger about the time the clouds were playing tag across Buffalo Lake. They said that, while they appreciated the effort we had made to show them something different, they would just as soon see a picture of a tornado instead of the real thing.

Effective Monday, June 3, the county R&D Cross office will be located at 320 Sampson in the Wayne Evans building. Mrs. Corinne Neely, chapter secretary, said the phone number would continue to be EM 4-3761. The move was necessitated by an increase in chapter activities during the past few years.

Mrs. H. E. Miller called the Brand the other day and wanted to know when the Brand planned to publish another cook book. We said that it had been discussed but that we didn't have anything definite in mind yet. "Well, I want you to put my name down so I can get the first copy when you do print it," she said. So that's what we have done and hope that she won't have too long to wait.

The public is invited to attend an afternoon of singing at the Grace Gospel Church on Avenue K on Sunday, June 2. It will begin at 2 p.m. with a number of singers from out-of-town expected.

## Burglary Suspect Arraigned Here; \$2500 Bond Set

A Waterloo, Iowa, man has been extradited and returned to Hereford to face charges of burglary of a coin-operated machine.

As the man, Donald Lee Yanda, 21, was arraigned here Friday, a bond of \$2500 was set by Justice of the Peace C. B. Miles. Yanda was being held in lieu of bond.

He was returned to Hereford from Iowa by Texas Highway Patrol for Deaf Smith County Sheriff's office.

### Final Rites For Mrs. Thompson Read Saturday

Final rites for Mrs. Arthur (Cora) Thompson, 68, were conducted by the Rev. B. L. Davis, pastor, at the First Baptist Church at 3 p. m. on Saturday, June 1. Mrs. Thompson died May 30 in Dallas, where she was on a buying trip for Little's Dress Shop of Hereford. She had managed the shop for the past 18 years.

Born Feb. 2, 1895, in Greenwood County, Kan., she was married in 1915 to Arthur Thompson in Hamilton, Kan. They moved to Hereford from Kansas that year. She was a member of the First Baptist Church and the Order of Eastern Star.

Mrs. Thompson is survived by her husband, one son, Arthur Thompson Jr. of Amarillo; two brothers, Warham Short, Hamilton, Kan., and Valentine Short, Eureka, Kan.; three sisters, Mrs. Clara Manis and Mrs. Pearl Bottomley, both of Hamilton, and Mrs. Irene Varner, West Virginia, and one grandchild.

Interment was in West Park Cemetery under the direction of Gilliland Funeral Home.

### CAPE POPULATION BOOM

When Cape Canaveral first opened its gates in 1950, it had a working population of 850 and total area of 15,000 acres.

Present working force is 27,000, including 1,500 on a dozen down-range tracking stations stretching 9,000 miles to South Africa. The National Aeronautics and Space Administration is acquiring land to increase the acreage to 140,743.

### Minors Complete Game But Majors Get Washed Out

Two minor league games got finished Wednesday evening, but dirt and rain swamped efforts to make up a major league contest that night. In one game, the Cardinals put together 20 runs in the first inning to jar the Yankees 23-10.

Ten walks and five errors enabled the Cards to score at will as they mixed in judicious hitting. The Yankees failed to score in the first. They did take advantage of walks to pick up two runs in the second while holding the Cards scoreless. The Yankee marked up six more runs in the third on four hits and three walks. Both teams were scoreless in the fourth after the Cards got one run in the third. Cardinals added two runs in the fifth for good measure, then

In the other contest, the Giants remained undefeated with a 17-6 win over the Orioles. After a scoreless first stanza, the Giants picked up four runs in the second inning. In the last half, the Orioles got one run. The Giants added on two more runs in the third, then blanked the Orioles. They got another two-in the fourth, but gave up the same number. Five runs came across for the Giants in the fifth, after which they left the bases full of birds by catching three fly balls. Final four runs for the winners came in during the sixth inning, while the Orioles could

## FOR STUDY IN GERMANY Fulbright Grant To Ex-Resident

By Dale Stevens Brand Society Editor  
Miss Karolyn Kirby is one of six Texans named recently to receive a Fulbright Grant for study abroad. A former Hereford resident and the granddaughter of Mrs. J. W. Kirby, 801 East Fourth, she will have a full grant, which covers transportation, tuition, and living expenses for 10 months study.

A chemistry major at Texas Technological College, Miss Kirby will do graduate study in physical chemistry at the University of Mainz, which is located on the Rhine River in West Germany. She will leave for Germany in September in time for the fall semester.

The Fulbright fellowships make it possible for foreign students to teach and study in the United States and for American citizens to teach and study in other countries. These fellowships were established by the 79th Congress and named for Sen. J. William Fulbright, who introduced the legislation. They are on a reciprocal basis with those countries which owe war debts to the United States. All arrangements for Miss Kirby are being made by the German Fulbright Commission, and all costs will be paid by the West German government from its War Debts Fund.

MORE THAN 400 PERSONS registered at the Community Center as the 40th annual Mid-Plains Pioneer Day got underway here Friday. Area old-timers came from as far away as California and many eastern states to attend the yearly meeting. Registration was handled by the Hereford Business and Professional Women's Club with Hereford High School girls assisting and serving as greeters. (Staff Photo)

CALLING THE MEETING TO ORDER is Fred Baird, out-going president of the Mid-Plains Pioneer Association, one of the oldest pioneer groups in the area. The meeting was held at Hereford Community Center on Friday with over 400 persons attending. New officers named by the association at its annual meet are Mrs. Alice Carl Swigert, president; John Patton; vice president, and re-elected secretary-treasurer was Mrs. Mary King. (Staff Photo)

(Continued from page 1)  
The First Baptist Church came up with a drawing card for its "Ladies Night" at the church fellowship hall on Tuesday. Fantomist Larry Kelley of Amarillo is one of the funniest young men I have ever watched. If he can't attract a crowd and then keep it laughing, then it just can't be done. I understand that he's changed his acts and that, if possible, he's even better than when I last

saw him.

All residents in this area should be even more careful in the future about what they do... they might be watched. On Sunday, June 9, the Federal Aviation Agency's new Air Route Traffic Control Center will be dedicated in Albuquerque, N. M. Included in the multi-million dollar structure are long-range radar sets that will allow operators to watch aircraft clear into the Texas Panhandle or west into Arizona, plus New Mexico, some of Colorado and part of Oklahoma. They can observe nearly 300,000 square miles. Although the radar and other gadgets are supposed to be for watching airplanes, we

intend to watch our step just a little more... after all, Big Brother might be watching. Seriously, the center should help with the air traffic problem and promote better flying safety.

Last week, we erred in a report on a scholarship awarded to Gary Kendrick, a graduating senior. The scholarship was from a group of anonymous donors and not, as we reported, from the retail group of the Chamber of Commerce.

All Cub Scout adult leaders are urged to attend a "Pow-Wow" in the Hereford Community Center on Sunday, June 2, from 2-4:30 p. m. Scout executive Louis Machuca will be

Simpson explained that the cooperative has outlined various activities for the visitors while they are here. However, final decision will not be made until Monday, when the visitors list what they would prefer to see and do.

Simpson said that a six-day study course had been drafted to show how a cooperative is organized and operated. Following that, the group will be allowed to observe both office procedures and field work.

Emphasis, Forrest said, will be placed on use of the "hot stick" method of handling lines. The hot stick is an insulated pole which is used to change insulators or poles without interrupting power service. This procedure is seldom used in South America; he said, since the electrical load isn't critical. In most South American countries, the power is just cut off before workers begin handling lines.

Simpson said that three field trips had been planned to show the visitors how electrical power was used on farms to improve rural living and work. The group also will see a number of agriculture-related industries which might be applicable in South America.

While here, the group also will be guests at other activities and events, such as the cooperative employees' picnic and a Little League baseball game.

equivalent before the beginning date of the grant, have a proficiency in language sufficient to carry the proposed study project and for general communication, and be in good health.

According to Dr. David Vigness, professor and head of the history department at Texas Tech and Fulbright program advisor to the college, a good academic record and a demonstrated ability for independent study are also necessary.

A graduating senior, Miss Kirby has maintained a 3.93

grade point average out of a possible 4.0 throughout her four years of college. She has been treasurer of Mortar Board, senior women's honorary society; the associate justice representing the School of Arts and Sciences at Supreme Court; an officer in the German Club and the American Chemical Society; a member of Junior Council; a service honorary society, Lychnos, an organization sponsored by Phi Beta Kappa Phi, and chairman of the International Interest Committee of the Tech Union.

Last summer Miss Kirby did biochemical research at the University of Texas on a National Science Foundation Undergraduate Research Participation Fellowship, a highly coveted and rare opportunity.

It was necessary for Miss Kirby to choose among several awards she might have received for graduate study. She had already accepted a full fellowship to attend Yale for work on her Ph. D degree, but she was released from that contract in order that she might accept the Fulbright fellowship. She does, however, plan to work toward her Ph. D after she returns to the United States. After graduation from Tech on June 3, she will spend the summer with her family in College Station. She plans to study European history and culture and to review the German language, which she has studied for two and one-half years

at Tech. She is the daughter of Mr. and Mrs. Jim Kirby. Her father is an economist with the State Agricultural Extension Service. During the past few days

Miss Kirby has been visiting in Hereford with her grandmother, her sister, Mrs. John Noakes of Oak Ridge, Tenn., and other relatives and friends.

Accompanying the group will be Mrs. Jean Beene, assistant county home demonstration agent, and J. W. "Lefty" Thomas, county agent.

More than 2,000 persons will be on the Texas A&M College campus for the Round-Up, about 1,300 of them 4-H Club members who will be competing for top honors in the 28 contests. Some of the state winners will then compete in national contests.

### Council Reports Given Episcopal Church Women

On May 28 the women of St. Thomas Episcopal Church met at the home of Mrs. Joel Treadwell to hear reports on the Episcopal Council of the Diocese of Northwest Texas, which was held in Midland on May 3-5.

The delegates, Mrs. Joel Treadwell and Mrs. Joe Smith, gave the reports. Mrs. Treadwell discussed the business meeting, the church services, and the main banquet. Mrs. Smith gave a resume of the main speech, which was delivered by Bishop Corrigan, the director of the Home Department of the National Episcopal Church.

During the business meeting, presided over by Mrs. Alton Fraser, the group made plans for a series of lectures on Christianity versus Communism, to be led by the Rev. William West of Pampa. Mrs. Wallace Halgood was elected treasurer to fill a vacancy in that office.

Present for the meeting were Mesdames Abe Davis, Wallace Halgood, Alton Fraser, Joel Treadwell, and Joe Smith.

# Actor Robert Taylor Says: A Wife Should Be a Good Sportsman

By VIVIAN BROWN  
AP Newsfeatures Writer

Does absence really make the heart grow fonder? Handsome movie star Robert Taylor, a box office favorite for three decades, thinks it does even when you are, as he is, married to a beautiful girl.

He and actress Ursula Thiess have been married 9 years. "Married people need to get away from each other occasionally for one reason or another," he says, "but they should also have vacations and recreation together."

Whereas he likes "to jump in the car with another guy and a couple of dogs and take off on a little hunting trip," he also enjoys having Ursula with him on outdoor trips as often as possible.

"She likes to do the things I do—fishing, hunting, skeet, even though I suspect sometimes that she'd rather spend a weekend seeing three movies. She's crazy about movies," he says.

Many women don't take to the outdoors at all, but they shouldn't keep their husbands from it, if that's what they want," Taylor says.

**Try It First**  
Still, many women do not realize how much fun it can be until they try.  
"Ursula didn't cherish the idea, but I put my foot down to start off with," Taylor says laughing, "and pretty soon she took to it. She likes dogs and horses so the rest came easy."  
Ursula earned her camping

wings when they went on "one camp deal that was absolutely murderous. She didn't squawk as much as I did," Taylor says.  
Contrary to the picture most people have of Hollywood marriages, many of them are long-lasting and bolstered by the companionship that the outdoors affords.

**Travel Bug**  
German-born Ursula has a yen to travel.  
"She was a product of the Hitler era," Taylor points out. "She couldn't travel, but she's been tugging me to take her to some dirty countries, and I wouldn't care if I never went west of Los Angeles."

He would go back to Africa, a trip they could have made together when Taylor was making a movie.  
"Ursula was pregnant and couldn't go. But she went with me to Vienna recently when I made 'The Miracle of the White Stallions,' the Disney movie

about the rescue of the Lippisner walk marathons," he says, and their interest in outdoor sports love horses, and the trip was a special treat."

**Fisherman Son**  
They ride at their camp at Big Horn Mountain, Wyoming with their children, Tessa, 3½, and Terrence, 7½, "who catches all the fish in the stream when we go out," Taylor says. He also has bought Terry a .22 and they go skeet shooting together with Taylor supervising the use of the guns.  
"I like that kind of physical fitness for children, rather than

**SECONDARY DISTRACTIONS**  
FORT WORTH, Texas (AP)—Church leaders are so busy keeping their programs going that they tend to ignore communion with God, Dr. Leslie R. Smith, of Lexington, Ky., president of the Christian (Disciples of Christ) Churches told a meeting here. "Business with the periphery of the religious life instead of its center will not only not suffice, it will destroy."

PARIS NIGHT AND DAY... At left, raised waistline, small high bosom and wide shoulders, all marks of the Jeanne Lanvin silhouette, evident on this ottoman made of a deep ribbed orlon acrylic fiber and cotton. At right, white and navy are combined by Guy Laroche into soft box jacket suit. The crepe of silk and orlon is pin pleated at the waist.

## Why Men Object to Paris Styles

Now passe is the surreptitious glance at the woman in a Paris original (or copy), and the derisive inquiry, "Is that a woman?" It is not certainly in a soft, startlingly beautiful female. In all probability her shape may have been tampered with a little—the bosom flattened, the waistline lifted or lowered, and the shoulders drooped a bit. Yet Parisienne couturiers who have learned painfully that distortion is not the shortest distance to a dollar, now know not to go too far.

Even so, style practiced eyes, which include more masculine orbs than ever before, seem to have become accustomed to minor figure infractions.

Prettysoft is a term coined by a ready-to-wear trade publication to describe the quality that all Paris-inspired garments possess this season. The word hardly needs defining.

French garments are tucked, gathered, seamed and shaped from wonderful-to-touch textiles that do the most for the feminine figure without clutching at it.

There are buttons and bows and ruffles, but just enough to allow a woman to be womanly, not giddy girlie. There is still plenty of tailleur coming out of the world capital of fashion this year, yet none of it is severely mannish enough to stir resentment in males at the potential rivalry.

## Six County 4-H Members To Attend 4-H Round-Up

By Argen Draper  
This is a big week in Texas for 4-H'ers.

A release from the state office: "It's roundup time in Texas, 4-H, that is. The green and white of 4-H will take over the campus of Texas A&M College on June 4 when some 2,000 4-H members, leaders, county extension agents and friends of 4-H assemble for their annual roundup.

"The big day will be Wednesday, June 5, when winners will be named in 28 judging and team demonstration contests. Training for the state contest has been underway for many weeks and those participating in the contest have already won county and district honors. To be eligible to participate in the state finals, the team or individual must have ranked first or second in the district eliminations. More than 1,300 individual 4-H Club members will participate in the state finals and many will be shooting for an opportunity to represent their state in national finals later in the year.

"Four - H Club members have been coming to the A&M Campus for more than half a century. Their annual visit predates the 4-H emblem and passage of the Legislation by the Federal Government in 1914 which established the Cooperative Agricultural Extension Service. Four - H Club work is conducted in the counties under the supervision of the county extension agents with assistance from local, voluntary leaders and friends of 4-H.

"Recognition for outstanding contributions to 4-H will be extended by the Texas 4 - H Youth Development Foundation to individuals and business concerns in the state. The Foundation will also sponsor the ever popular 'chuck wagon barbecue' on the evening of June 4. The first general assembly of Roundup will follow the barbecue.

Winners in the 28 different judging and team demonstration contests will be announced during the afternoon of June 5 and will be honored at the final banquet in the evening. The Roundup will be officially over

### Mrs. Ray Cowser New President Of Hereford Art Guild

On May 28 the Hereford Art Guild met in the Art Room at the Community Center for its regular business session and installation of officers. Pictures brought by members were criticized and evaluated.

The president, Mrs. Jim Higgins, conducted the installation ceremony after thanking the club members for their loyalty during the past year. Officers installed by Mrs. Higgins were Mrs. Ray Cowser, president; Mrs. Earl Poarch, vice - president; Mrs. Jess Carter, secretary - treasurer, and Mrs. Vivian Major, reporter.

Each new officer was instructed in her duties and responded with her pledge to fulfill her responsibilities to the best of her ability. In return members pledge their support of the new officers.

After accepting her office, Mrs. Cowser announced her committees for the 1963 - 64. She also briefly outlined some of her plans for the coming year. The next meeting of the club will be on the fourth Tuesday in September.

Those present were Mesdames

with breakfast on June 6." Those from our county attending will be: Kathryn James, Favorite Food Show; Dick Plank, Tractor; Jon David Miller and Jack Thomas are a team with Soil, Water and Range Demonstration; Robert Galley and Gary Richardson are a team with Poultry Marketing; Mrs. Jean Beene, assistant County home demonstration agent; and J. W. Thomas, County Agricultural agent.

A beautiful, well - kept lawn adds to the material value of a home and is a basic requirement of an attractive yard. The beauty of a lawn depends largely on the care it receives during the growing season.

Fertilization, watering, mowing and weed control are important considerations in a good lawn care program. Fertilization is one of the most neglected. The best indicator for fertilizer use is a soil test. However, if soil test information is not available and the lawn has not already received a spring application of plant food, an immediate treatment is recommended with a complete fertilizer, a 1-1-1 or 2-1-1 ratio. Enough should be applied to supply two pounds of nitrogen per each 1,000 square feet of lawn area.

In addition, nitrogen should be applied every 30 to 40 days during the summer at a rate of one pound of nitrogen per 1,000 square feet of lawn. Such applications will keep the lawn grasses green and vigorous during the growing season. In the fall, 30 days before the first expected killing frost, the lawn should get an application of a complete fertilizer such as was applied in the spring.

The lawn should be watered only when the grass needs it. A slight wilting is an indication the grass needs water. Frequent light waterings are not recommended. Wet the soil to a depth of six inches or deeper. This will encourage deep root systems and enables the plants to utilize the plant food applied. It is best to water in the mornings.

Proper mowing gives a healthier and thicker turf. Mow regularly and don't clip more than one inch at a time. Keep the mower sharp and in proper adjustment and mow Bermuda grass at a height of one to one and a half inches and bluegrass at one and a half to two inches for an attractive lawn.

A thick, vigorous turf is the best defense against weeds but if they are a problem chemicals can be used for control. Ask the county agent for details.

BAR-B-Q ROAST U.S.D.A. Good

**Aged Mature Beef Blade Cut Chuck Roast**

To make marinade: Soak 4 cut-up garlic cloves in 1/2 cup cooking oil. Add 2 tsp crushed rosemary, 1 tsp dry mustard, 4 tsp soy sauce. Remove from heat, stir in 1/2 cup wine vinegar and 1/2 cup sauterne wine. Pour marinade over 4 lb chuck roast (2 1/2 x 3 in thick). Cover and refrigerate. During next 24 hours, turn meat frequently in marinade. Prior to using, remove meat and add 1 tsp Worcestershire and 1 tbsp steak sauce to marinade. Stir well, apply to meat before barbecuing. Baste frequently with marinade during cooking. Grill 3-5 in. from coals for about 60 minutes. Test for desired doneness by cutting into 1/2 inch section. Roast will be brown outside, rare in middle. 6 servings.

Very Rev. Bonaventure Koelzer  
SUPERIOR GENERAL OF ORDER

**Priest From Hereford  
Marks Silver Jubilee**

Very Rev. Bonaventure Koelzer, S. A., of Hereford, the Superior General of the Franciscan Friars of the Atonement will celebrate the 25th anniversary of his ordination to the priesthood on Thursday, June 13. A special Solemn Mass commemorating his Silver Jubilee in the priesthood will be held in Our Lady of the Atonement Chapel on June 13 at 11:00 a. m.

He was present Sunday, May 26, for a Solemn Mass in his honor at St. Anthony's Church in Hereford and for a reception which followed.

Born in Muenster, Texas, in 1912, Father Bonaventure comes from a family of 12 children. He was educated at Sacred Heart School in Muenster and St. Anthony's in Hereford before coming to Graymoor in the priesthood. He studied at St. John's Seminary and the Catholic University of America before his ordination to the priesthood on Feb. 13, 1938, in Amarillo by Archbishop Robert Emmett Lucey.

Following his ordination to the priesthood, Father Bonaventure served as Graymoor's Superior in Rome, and at various Graymoor posts in U. S. At the time of his election as Superior, General of all Graymoor Friars he was serving as Vicar General. As Superior General he is responsible for the direction of Graymoor activities in the U. S. and their missions overseas.

tain, Bobbie Hill and Beulah Cargo. The "H's, Lows" took second place. Betty Babione is captain with Kirby and Wilma Hill.

Beulah Cargo took the high individual score of 562 while Alice Lueb rolled a 224 for the high individual game. "The Misses" had the high team series of 1502, while "The Luckies" were second high for team series with 1492. That team includes: Opal Roberson, captain, Ernestine English, and Mary Alred.

"The Luckies" had the high team line with 538 and "The Misses" were second with 554.

High league averages for the year included: Beulah Cargo, 167; Alice Lueb, 161; Wilma Hill, 156; and Roseane Dawson, 154.

Members bowling a 200 games or better during the season included: Betty Babione, Mary Lynn Heidtins, Wilma Hill, Alice Lueb, Opal Roberson and Beulah Cargo.

**SUMMER PLANS**  
Joe Mack Hale, a student at West Texas State University, will be working at McCaslin Lumber Company this summer.

**IN CANYON**

Members of the Rise and Shine Bowling League convened on Thursday at 9:30 a. m. for their awards party and final business session after 25 weeks of bowling.

Comprised of three member teams, Rise and Shine is the first ladies' morning league in Hereford to be sanctioned by the Women's International Bowling Congress. Outgoing officers are Wilma Hill, president; Jane Kirby, vice president; and Betty Babione, secretary - treasurer.

Thursday's event was held in the form of a coffee in the home of Mr. and Mrs. Terry Kirby, with Jane Kirby and Betty Babione as hostesses.

Wilma Hill gave the welcome and presided over the business meeting. The following officers were elected to serve for the ensuing year: Alice Lueb, president; vice president and membership chairman, Evelyn Crofford; secretary, Mary Frances Marcum; treasurer, Ernestine English.

Trophies were awarded the winning teams and individual high score bowlers, and special recognition was given for high averages maintained, and high lines and high series rolled by teams and individuals.

Evelyn Crofford was the winner of the "Most Improved Bowler" trophy, and Bobbie Hill topped the only perfect attendance award.

The final recap of other winners is as follows:

First place team was "The Misses" with Alice Lueb cap-

# Long-Time Friend Visits With Mrs. Bob Doughman

By Mrs. Owen Andrews and Mrs. Charles Self  
Visiting the Bob Doughmans last weekend were Lt. Col. and Mrs. R. C. Sullivan of Ft. Lee, Va. Mrs. Doughman and Mrs. Sullivan worked together in Navy Civil Service offices in New Orleans during the war. Mrs. Doughman was working while Bob was on duty in the service. The two women have corresponded during all these years. Mrs. Sullivan has remained with the Civil Service, traveling and working in several foreign countries.

Mr. and Mrs. Weldon Stephan, Carol Robbins, H. D. Robbins, all of Hereford, and Mrs. E. H. Little and Peggy, of Texhila, all attended the graduation exercises of Oklahoma State University at Stillwater last weekend. Their son and brother, Pat Robbins, was one of the graduates. Mrs. Pat Robbins' parents, the Fred Sims of Hereford, also were among those from this area attending.

Mr. and Mrs. Tommy Sparkman were painting and doing other interior work on the house recently vacated by Mr. and Mrs. Joe Ed Andrews. The Sparkmans moved into the house last Thursday. It is located four miles south of the Hereford underpass on Farm to Market Road 1305. Tommy's parents, Mr. and Mrs. T. L. Sparkman Jr. and other members of the family helped them get ready to move.

Mr. and Mrs. George Zetsche, Ann and Cay, visited Sunday in the home of her parents, Mr. and Mrs. Owen Andrews.

About 80 children were enrolled Monday in Vacation Bible School at the Frio Baptist Church. The school is to run through Wednesday, June 5. Mrs. Weldon Stephan is the principal of the school. Mrs. Jack Rogers is the pianist.

### Toastmasters To Change Meetings

During their regular meeting last Tuesday, members of the Hereford Toastmasters Club voted to change their meetings to Thursday evening. Next regular meeting of the group will be Thursday, June 6.

At the last session, Dr. M. C. Adams gave the invocation. Raymond Flores directed the table topics discussion, with "Women" as the topic in question. Dr. Adams served as parliamentarian and Alvin Smith was grammarian.

Toastmaster for the evening was Don Chaney as Bill Thompson served as general evaluator.

The two speakers for the evening tied for the "best speaker" trophy. Bob Rott's topic was "Kids Will Be Kids; Parents Will Be Parents" and Hardy Benson spoke on "Value of Money".

Smith was named best evaluator and Dr. Adams was named as best table topics speaker.

Joe Ed Andrews and Houston Frye were honored with a birthday party at the Joe Andrews home on Sunday evening. A birthday cake, decorated to represent a tennis court, was a feature of the refreshments. Joe's sister, Mrs. George Zetsche, baked and decorated the cake. Those attending were: the parents of Joe Ed Andrews and Houston Frye; Mr. and Mrs. Harlan Frye and Mr. and Mrs. Owen Andrews; Mr. and Mrs. Wes Brown, of Dimmitt; Mr. and Mrs. Herbert Haseloff of Abilene; Mr. and Mrs. Bill Yarborough, Mr. and Mrs. Clark Andrews, Mr. and Mrs. Herbert Bruns, Mr. and Mrs. George Zetsche, Mr. and Mrs. Chesley Johnston, all of Hereford; Miss Jan Brown of Miss Linda Hogue, a student at W. T.; and Mr. and Mrs. Charles Frye; Mr. and Mrs. Larry Dobbs, Mr. and Mrs. Tommy Sparkman and Gerald Harder.

Mrs. B. H. Baldwin moved into her new home at 418 Western in Hereford Wednesday. The house, a two-bedroom, pink brick, has just been completed. The home will also be shared by Mrs. Baldwin's sister, Miss Viola Keene, who has been living at Levelland. Several of the men from the Frio Baptist Church helped Mrs. Baldwin and her family with the moving.

The parsonage of the Frio Baptist church is being redecorated and some new carpeting is to be laid. The Rev. and Mrs. G. W. Fine, Roxie and Ronnie, plan to move into the parsonage when the work is completed.

Having lunch with Mr. and Mrs. T. L. Sparkman Jr. on Thursday were Mrs. Frances Scrivner, Karen Scrivner and Bugs Mail, all of Albuquerque. Miss Scrivner had transferred to the University of Arkansas at Fayetteville from Hardin-Simmons University at Abilene. Bonnie Sparkman and Miss Scrivner were dorm pals during the first semester at H-SU.

Mr. and Mrs. David Yandell and Mr. and Mrs. Lloyd Shultz were in Lubbock Thursday to visit H. A. Parris, who is ill in a Lubbock hospital.

Enjoying an outing and picnic lunch at Palo Duro Park Sunday were the Intermediates of the Frio Baptist Church. Those attending were: Darlene Sparkman, Robert and Richard Williams, Troy Manley, Norman Harder, Jana Cole, Edlana Vinson, Vickie and Nancy Axe, J. D. Harder, Don Maxwell, Danny Land, Mr. and Mrs. Buck Stringer, Debbie, Mike, Mr. and Mrs. Tommy Sparkman, Mr. and Mrs. Charles Self, Brent, and Larry Cox.

Mr. and Mrs. Floyd Cole, Cheryl, Beverly, Bill, Carlita Vinson and Mr. and Mrs. D. C. Miller ate dinner and visited with Mrs. H. M. Mobley and Austin last Sunday.

The Frio 4-H Club met in the home of Mrs. Donald Adams last Friday evening. Miss Cecilia Patton presented the program on "How to Manage your Money". Those present for the meeting were: Jana and Cheryl, Cole, Carol and Genie Robbins, Edlana and Sammie Vinson, Linda Manley, Janet White, Mary Ann Vogler, Diana Adams, and the hostess.

Bill Cole and Stevie Robbins were among the sixth grade students who enjoyed a picnic at Dameron Park at noon Saturday.

Mr. and Mrs. Jim Brooks enjoyed visiting with his cousin, Mr. and Mrs. Coleman Haddock of Sapulpa, Okla., last Saturday night in Hereford. They had not been together for about ten years. Mr. Joe Scott, brother of Mr. Carlton Dobbins, is in the Plainview hospital. He had an operation on Tuesday morning. Mr. and Mrs. Robert Dobbins,

Carla Sue, and Mr. and Mrs. Carlton Dobbins visited with Joe Scott Sunday.

Mr. and Mrs. Thad Caroll, Mariam, and Mority of White Deer visited Sunday evening with Mr. and Mrs. Homer West and family. Mrs. Caroll is the former Cora Hearn, who was Mrs. West's roommate in college.

Mr. and Mrs. Deward Taylor, Kinny, and Robbin, and Mr. and Mrs. L. D. Taylor of Frioana ate supper with Mr. and Mrs. Jim Brooks. It was Mr. and Mrs. Deward Tay-

lor's 22nd wedding anniversary. ### Legal Notice

**THE STATE OF TEXAS**  
 To Faye Holmes Ellis and George H. Ellis, and to all other persons and parties, and each of the persons and parties, interested in the estate of Daniel O. Holmes, deceased, and the heirs of Daniel O. Holmes, deceased, whose names and residences are unknown, and to all other persons and parties, and each of the persons and parties interested in the estate of Daniel O. Holmes, deceased, and the heirs of Daniel O. Holmes, deceased, who are non-residents of this State.

You and each of you are hereby cited, required and commanded to appear before the County Court of Deaf Smith County, Texas, to be held in the county court room in the courthouse of said county in the City of Hereford, Deaf Smith County, Texas, such appearance to be at or before ten o'clock a. m. of the first Monday next after the expiration of ten days from the date of service, exclusive of the day of such service, which day and date of service shall be the date of publication that this newspaper bears, and which appearance shall be at such time on such Monday, which will be the 17th day of June, 1963, by filing written answer to the application hereinafter mentioned, contesting same, should they or any of them desire to do so, which application will, at such 10 o'clock hour and such place be acted on, said application having been filed by Dorothy D. Holmes in said court on the 28th day of May, 1963, and now pending therein a proceeding on the probate docket of said court, styled Estate of Daniel O. Holmes, deceased, the file number of which application and the docket number of which proceeding is 1646, the nature of such application being for the probate of the written will of Daniel O. Holmes, deceased, which cannot be produced in court, and such application reading as follows:

No. 1646  
**IN RE: ESTATE OF DANIEL O. HOLMES, DECEASED**  
**IN THE COUNTY COURT OF DEAF SMITH COUNTY, TEXAS**  
**TO THE HONORABLE JUDGE OF SAID COURT:**

Now comes Dorothy D. Holmes, who has heretofore qualified as Ancillary Administratrix in the Estate of Daniel O. Holmes, Deceased, and files this her first amended application to probate an holographic will left by the said Daniel O. Holmes and, as grounds therefor, would respectfully show to the Court the following:

I. That Applicant, Dorothy D. Holmes lives and resides and is domiciled in Colorado Springs, Colorado.

II. That Daniel O. Holmes died in Colorado Springs, Colorado on August 23, 1962, and at the time of his death was fifty-one (51) years of age, and had his domicile and residence in Colorado Springs, Colorado.

III. That on the 28th day of August, 1962, the County Court of El Paso County, Colorado granted letters of administration in the Estate of the said Daniel O. Holmes to Applicant Dorothy D. Holmes, who qualified as Administratrix and received letters from the said Court on August 28, 1962, which said letters are still in full force and effect. That this Court has venue in that the said Daniel O. Holmes, deceased, did not reside in this State, but at the time of his death resided in Colorado Springs, El Paso County, Colorado, and at the time of his death he had no kindred in the State of Texas, but the principal Estate was situated in Deaf Smith County, Texas at the time of his death and that at said time the said Daniel O. Holmes owned an undivided one-half (1/2) interest in and to the following described property in Deaf Smith County, Texas, described as follows, to-wit:

All of the South 1/4 of Section 48, Block K - 8, Deaf Smith County, Texas; SAVE AND EXCEPT, an undivided one-half (1/2) of the oil, gas and other minerals in, to and under said land; and that the probable value of Decedent's interest in said land is \$30,000.00.

IV. That Daniel O. Holmes left an holographic will entirely in his own handwriting and duly executed when he was fifty (50) years of age and of sound mind. That the said will was duly and properly drawn and executed in accordance with the laws of the State of Texas, and was and is a valid will and is entitled to probate; but the said will has been lost and cannot be produced, although Applicant, Dorothy D. Holmes, has used more than reasonable diligence in trying to locate and produce the said will, and it has been impossible for Applicant to locate the same, and she here represents to the Court that the same has been lost.

Applicant would further show to the Court that the said holographic will was read by Applicant and by another credible person. That the said will provided that Daniel O. Holmes willed, devised and bequeathed all of his right, title and interest in and to the said 1/2 section of land in Deaf Smith County, Texas, near Hereford, the same being the only land owned by him in Deaf Smith County, Texas, to Dorothy D. Holmes, Applicant herein. That the said will was written and dated on or about September 17, 1961, and was executed by the said Daniel O. Holmes and was written out entirely in long-hand by the said Daniel O. Holmes in his own handwriting.

VI. That, after the making of the said will, no child of the said deceased Daniel O. Holmes was born or adopted who survived him. That this Court has jurisdiction and Applicant is not disqualified by law to serve as Administratrix and has heretofore qualified to serve as Administratrix of this Estate, Applicant being the widow of the deceased Daniel O. Holmes.

VII. That the said will of on or about September 17, 1961 was never revoked by the said Daniel O. Holmes and is entitled to probate and should be admitted to probate and should control the disposition of all properties owned by the said Daniel O. Holmes, Deceased, in Deaf Smith County, Texas.

VIII. That said Daniel O. Holmes left surviving him his widow, Applicant herein, Dorothy D. Holmes, forty-two (42) years of age, a single person, who resides in Colorado Springs, El Paso County, Colorado; and he left surviving him only one (1) child by a previous marriage, Mrs. Faye Holmes Ellis, about twenty-six (26) years of age, a married person, who resides in Kingman, Indiana.

IX. That the said deceased Daniel O. Holmes was never divorced.

X. That the said will of on or about September 17, 1961 was witnessed by Mrs. Marie H. Young, who read the will and executed it as a witness at the request of the said Daniel O. Holmes, deceased. That no administrator or Executor was appointed or named in the said will of on or about September 17, 1961.

XI. That administration in the State of Texas is and was necessary in that there were more than two (2) obligations owed by the Estate and administration is essential. That Travelers Insurance Company holds a lien on the above described land in the approximate sum of \$22,000.00, and the 1962 taxes were due and payable at the time of the filing of the application for Ancillary Administration as well as other obligations.

WHEREFORE, on this the 24 day of May, A. D., 1963, This Applicant, Dorothy D. Holmes, prays that citation be issued as required by law, and that the said holographic will herein described be admitted to probate, and that the letters testamentary heretofore issued to this Applicant be ordered to remain in full force and effect, and that this Applicant be permitted and authorized to administer this Estate of the said Daniel O. Holmes in accordance with the terms of the said holographic will herein above described, and that such other orders be entered as the Court may deem proper.

Dorothy D. Holmes  
 SWORN TO AND SUBSCRIBED BY DOROTHY D. HOLMES before me this 24th day of May, 1963, to certify which witness my hand and seal of office.

Elton R. Winter  
 Notary Public in and for El Paso County, Colorado  
 My Commission expires Dec. 18, 1966

THE STATE OF COLORADO

## Hospital Bond Vote Depends On Needs

Bond issues are nothing new to the people of Hereford and Deaf Smith County. Sometimes we pass them without a murmur, and sometimes we delay the ordeal for months — even years. Usually, provided the need exists and the presentation is logical and clear-cut, we do get around to passing them, however, such is the preamble with which we view the coming election, set for June 11 by the Commissioners Court, to consider a \$350,000 bond issue for expansion of Deaf Smith County hospital.

From what we hear, the issue will face considerable opposition; some observers are already predicting that the measure will fail on the first round. The reasons are numerous, hinging on high taxes, on resentment against doctors, and upon a likelihood of several other additional issues which are expected to appear as a result of general growth. Some people are also of the opinion that no need exists for expanded hospital facilities at this time.

More than once in recent months The Brand has been criticized for always sup-

porting bond issues. One critic said that he had checked, and that we had never failed to support a bond issue over a 25-year span. Although not exactly accurate in his survey, we would have to agree, if he had said that we had not failed to support a bond issue where facilities were sorely needed, where the proposed plan was sound and practical, and where the entire condition had been carefully explained to the public. While we realize that our critic meant nothing complimentary in his remarks, we were definitely inclined to accept them as praise worthy.

Frankly, we do not know whether the county hospital faces a crisis at this time or not, nor do we know whether projected growth indicates a crisis in the near future. The Commissioners, hospital board and administration will no doubt, provide a clear picture along this line before the election, just as they will likely disclose accurate figures to support their recommendation for hospital expansion. If these steps are taken — and if we really do need to expand the hospital — The Brand will most certainly support the cause. If the condition is not explained thoroughly, or if there appears any doubt that the facilities are needed, we will definitely be against the issue. Furthermore, after the condition is thoroughly clarified should any question of doubt regarding need remain in the mind of a voter, it would probably behoove that person to cast his vote against the measure.

We take this attitude, because we too feel that taxes are high — and that no unnecessary expenditures should be added to the tax burden.

On the other hand, if the bond issue sponsors do convince us that there exists a need for hospital expansion, The Brand will endorse the measure 100 percent, and we believe that most citizens will have the same outlook.

In the first place, the life of a member of one's family depends upon hospitalization, all of us want the best. Those who have been along this road will be the first to tell you that they approve adequate hospitals. Second, this community and this area has more than tripled in size since World War II, and although the hospital has been expanded from time to time, it must still keep pace with area growth. Third, taxes are a problem here, just as they are high in other communities which are growing and expanding — but the only place you find low taxes are those which have gone downhill, instead of up; invariably, there are places where owners cannot rent houses or buildings, and from where people have moved to Amarillo, Lubbock — and Hereford.

We full realize the questions and problems involved in this issue. What's more, we agree with some of the sentiment expressed from time to time concerning the situation. At the same time, we doubt that the hospital board would be so stupid as to ask for an unneeded expansion at this particular time.

Consequently, let's take a good, long look at the facts and figures when they are produced. Then let's make up our minds just how much the expansion program is needed. If we do have a need for this increase now, or in the immediate future, let's support the measure with equal vigor.

We now have one of the best hospitals in the country and, for the sake of our families, we want to keep it that way.

## New Outlook On Education

CARL R. Miller in the Raymondville Chronicle: We hear a lot these days about what is wrong with our young people. However, there is one answer you seldom hear. "It's adults."

The urge to make this comment came after noting the remarks of Mrs. Billie Davis, of Springfield, Mo., educator, author and missionary, who spoke Tuesday at the luncheon meeting of the Ministerial Alliance in Corpus Christi.

To quote Mrs. Davis: "The reason so many young people do not appreciate their opportunities is that they do not know they have any. They are provided with all the necessities and most of the luxuries. They do not look upon churches and schools as opportunities, not to mention the libraries, art galleries, zoos, and other places provided with taxpayer's money for the education and betterment of the younger generation." Mrs. Davis said. As Mrs. Davis points out, "When the youngsters of today start to school at the age of six, they are taken the two or three 'blocks in the family car and told to 'be good.' Why? 'So you will get good grades and make Mommy and Daddy proud of you."

"So it goes until, years later, when they are writing an essay, they don't consider that it has been an opportunity for them to prepare and write the essay. Their reaction is: 'I'm glad it's done and I hope it pleases the old so and so.'"

Maybe we had better start emphasizing what is right about our young people in-

## "He May Have Something . . . . . Worth Buying"

## Investigate Land Before Investing, Buyers Urged

Persons considering the purchase of land advertised in magazines, newspapers, over radio and television, and attractive brochures are urged to investigate before investing, stated Bill Thompson, manager Deaf Smith County Chamber of Commerce.

As he made the statement, Thompson pointed out the reasons commenting on land schemes listed in the Service

Bulletin of National Better Business Bureau Inc. These are prepared especially for Chamber of Commerce members of the bureau.

The bulletin states that three Miami men have recently been indicted in Phoenix, Ariz., on mail fraud charges stemming from their mail-order sales of Arizona land.

These tracts, according to the charges, were advertised as

developed "king-sized western estates" near Lake Mead.

"Attorney General Robert F. Kennedy said most of the property is in fact totally undeveloped, desert rangeland 48 miles from Lake Mead."

The attorney general, according to the bulletin, stated that the case was developed by the Investigation Service of the Post Office Department following extensive investigation. Results of several similar postal investigations in other states have been turned over to the Department of Justice and are being reviewed by grand juries.

In another case, Federal Trade Commission recently announced charges that Great Southwestern Land Co., Inc. of Albuquerque, N. M. has used deceptive means to sell parcels of real estate in its "new resort area" subdivision in Taos County, N. M. These are called Carson Estates and Tres Piedras Estates.

## 50 YEARS AGO Chamber Of Commerce Pushing A Trades Day

Hereford needs several things, but one of the first things that it really needs is a Trades Day. You can name it what you please. "Down in sticks," they call the day First Monday and in some other places, the First Saturday, just because the people have formed the good habit of coming together at least one time during each month to trade among themselves and to make purchases of their necessary supplies. But the best reason why the people of any community should meet often is a social one. The acquaintance of neighbors, the friendly spirit formed, the hospitality extended, is worth more than the mere fact of swapping horses and buying something at the stores. To this end, the Chamber of Commerce in connection with the merchants have decided to name the Second Monday of each month as Trades Day. The first time this day will be observed will be June 9, that day being the Second Monday of the month. Everybody who hears of the Hereford Trades Day is invited to come. Bring your entire family and invite your neighbors to come along with you. Some form of entertainment will be furnished, the hotels and restaurants will have a special dinner on that day and they will charge a reasonable price for the meal. If you do not care to patronize the plate houses, bring your own baskets and spread dinner with your neighbors.

## 40 YEARS AGO

A joint session of the County Commissioners and the City Commissioners was held Monday, and more meetings are to come on the problem of construction of the new bridge and fill across the Tierra Blanca at the foot of Main Street. The city line runs right up to the bridge and the big fill to the north will fall within the jurisdiction of the city. The officials are conferring on an equitable way of prorating the expense and of letting one contract for all the work to save expense. It was stated after Monday's session that an agreement is in sight and will be reached shortly. W. D. Howren, engineer, was here Monday and Tuesday, assisting the city commissioners in estimating the extent of the work. Meanwhile construction foreman Chapman of the Austin Bros. Bridge Co., has a crew hard at work on preliminaries, constructing concrete forms, etc., and is actively pushing things.

stead of emphasizing the negative.

This is the time of year when we get a good look at some of the finished products our schools are turning out. For the past few weeks we have had this opportunity and the reaction is remarkably encouraging and refreshing.

As we talked with them we made this

mental observation: Never have we noted so many bright, intelligent, clean, well-mannered boys and girls. We challenge the "older generation recall the impression they made when they graduated from high school."

The comparison, although revealing, should speak for itself.

## Panhandle Paragraphs

**COTTON IS HEAVILY DAMAGED**  
Several hundred acres of young cotton were lost Sunday by Olton farmers when an abrupt norther swept across the High Plains area. The high winds hurled cutting sand into young plants, searing the stalks and turning the leaves black. Most of the damage was in areas which had received above average rainfall where protective clouds dissolved.

**VIOLENT WEATHER RUINS CROPS**  
There's no such thing as moderation in West Texas weather. Of course those who have lived here a long time already know that, but the ones who didn't or had forgotten were reminded by Tuesday's rain and hail assault on the area. First indication that all was not usual weather-wise in the Friona area showed up in the form of dark threatening clouds in the north and northeast about 3 p.m. Tuesday. From that time until about 3 a.m. Wednesday conditions were constantly changing and ranged from a total calm to winds of almost tornadic volume and from no rainfall and scattered hail to overflowing rain gauges and hail stones stacked up to two feet in depth. Heaviest amount of hail fell west of town and several miles north and south of FM 1731 and in the area around the Hub community eight miles south of Friona.

— THE FRIONA STAR

**JUROR SELECTION HIT**  
Randall County jury selection method brought about a legal snag that could cause the wheels of justice to grind to a halt here in both the county and district courts. Jerry Kolander, representing a defendant charged with driving while intoxicated, moved that the jury in the case be discharged because they were improperly selected. Kolander, former judge of the domestic relations court in Amarillo and now a practicing attorney, cited article 2094 of Texas Civil Statutes as grounds for his motion. The article stipulates that counties with a town or towns of more than 18,000 population at the last taking of the federal census select jurors by the jury wheel method. Until now Randall County jurors have been selected by the jury commission method. In his motion Kolander noted that Randall County portion of Amarillo came to 25,103 in 1960 when the census was taken. The problem is a tricky one. Neither Truett Hull, district attorney; Kolander or Judge Wayland Angell is certain that the statute refers to segments of cities spilling over into adjoining counties as in the case of Amarillo.

**GRINDING CRASH KILL FOUR**  
Metal gnashed against metal as two cars collided head-on north of Booker Tuesday morning and the twisted car bodies yielded four dead, two critically injured, and another less seriously hurt. The crash which occurred about 9 a.m. on SH 23 one and one-half miles north of Booker snuffed the lives of three persons in one car and a passenger in the other vehicle. The death victims ranged in age from 76 to 83 years of age. The accident occurred as one of the automobiles was attempting to pass an empty cattle truck, according to reports.

**OLTON ELECTION HEARING RECESSED**  
A 154th District Court hearing on an Olton election contest suit was recessed here Friday after Mayor Gene Wilson requested and received permission to reinstate his reply to the petition. District Judge Pat Boone Jr. granted Wilson's request "to make this a fully contested case" and recessed the hearing until 10 a.m. June 10. Wilson, a one-vote winner over W. E. "Bill" Thomas in the Olton mayor's race, had filed an answer to Thomas' suit contesting the election, but he later withdrew the reply after announcing his resignation.

## THE BOOTLEG Philosopher

Editor's Note: The Bootleg Philosopher on his blindweed farm comes out in defense of small towns in his letter this week.

Dear Editor:  
I have heard so much lately about the fear city people have that the farmer will disappear that it was a pleasure to read in a national magazine last night which a salesman earlier in the day wanted me to subscribe to but which I declined on the grounds that some magazines may disappear sooner than us farmers, that the city folks are now worrying over whether the small towns can survive.

As I understand it, the thinkers in the cities have decided that since towns depend on agriculture to survive, and since according to their figures agriculture is going under, the towns will follow.

In fact, some people are so worried about small towns that it wouldn't surprise me to learn somebody in Washington may come out before long with a sort of soil bank idea for town buildings. Leave every third building vacant and put it in the Vacant Building Bank.

Well, I'll tell you, I'm not worried about towns or farmers either.

Now it's true that the percentage of farmers has declined, from 50 per cent of the total population 40 years ago to only 8 per cent today, but that's just a bunch of figures.

Take the automobile industry. The number of car makers has dwindled over 500 per cent in the last 40 years. There used to be 25 or 30 car makers, now there are only four or five. Us farmers with 8 per cent of the total population are giants compared with the car makers with about one-millionth of 1 per cent, and I'm surprised there aren't more people in Washington wringing their hands over this situation.

Car makers are like farmers, just a few of us giants are surviving, but the results of our work spread far afield. For example, producing and processing (you want to underscore processing) agricultural products is now an 82-billion-dollar-a-year industry, the largest in the nation, according to the president of a big cereal company. Farming is bigger business than oil, steel, cosmetics, or national defense.

I don't understand statistics. Every time I go into Hereford it seems like somebody has put up a new house. Poorest way I know to make a town disappear.

Yours Faithfully,  
J. A.

## Miss Patty Roach Is Worthy Advisor

Miss Patty Lou Roach was installed as Worthy Advisor of the Order of Rainbow for Girls, Hereford Assembly No. 157, in an impressive ceremony on May 25. She was installed by J. Frank Triplett, a member of Amarillo Khiva Shrine. Assisting with the service were Mrs. Beverly Newman, installing officer; Mrs. Betty Jean Gallagher, installing musician; Mrs. Beth Miller installing marshal; Miss Lynn Thompson, installing recorder, and Miss Janie Noland, installing chaplain. Officers who will serve with Miss Roach for the ensuing term are LaReece Askew, worthy associate advisor; Peggy Allred, charity; Jo Frances Deavenport, hope; Ann Mercer, faith; Donna Hill, treasurer; Nancy Boyer, recorder; Janice Smith, drill leader; Carole Coffey, chaplain; Denise King, love; Linda Price, religion; Judy Wiltshire, nature; Penny Jones, immortality; Linda Kirkpatrick, fidelity; Jane Messick, patriotism; Kay Brogden, service; Edith Davis, outer observer; Helen Davis, confidential observer; Judy Summers, musician; Peggy Lee, choir director, and Mrs. D. R. Holt, mo-

The Worthy Advisor's theme, "Service to Others," was written with styrofoam letters mounted on a large rainbow placed in the East. It was emphasized by a basket of orchid out in the floral and Bible decorations and refreshments. The Golden Rule was chosen as her Bible verse and the cross her emblem. Following the taking of her vows, Miss Roach was presented with an arm bouquet by her aunt, Mrs. Norvel S. Bruce. Ben Collehon, accompanied by Mrs. Joe Hacker, sang "The Lord's Prayer" as Miss Roach approached the East. As a special tribute to her parents, he sang "I Love You Truly." After reciting the poem, "My Friend," Jo Frances Deavenport presented a gavel to Miss Roach. A highlight of the service was the presentation of the coveted "Honor Wreath" to Patty by Mrs. Holt. Miss Roach wore a floor-length dress of orchid lace and tulle, which was accented by a large taffeta bow with floor streamers in the back. Her gold leaf and pearl choker necklace and bracelet were a gift from her aunt and uncle. Following the installation re-

 In challenging other printed, pictorial, photographic and oral representations, the complaint says that all lots do not front "on a graded road" and are not "readily accessible" from an established highway.  
 It also contends that the land does not offer value greatly in excess of the price asked and the lots available for "only \$495" are not "limited" in number.  
 The complaint also says that telephone service and electricity are not readily available to purchasers and there is not assurance that these utilities "will be brought into the individual's property "as he builds".  
 Water is not available by private well at a depth of "approximately 75 feet." In fact, the complaint states, it is necessary to drill down several hundred feet to obtain water.  
 When the FTC complaint was filed, the company and its officials were given 30 days in which to file an answer.  
 In connection with the Arizona indictments, Attorney General Kennedy pointed out that in the past two years "a sharp increase in the sale by mail of nearly worthless land for 'only greatly inflated prices' has been experienced."  
 "There certainly have been a number of honest, imaginative, and attractive land developments," he commented. "But, at the same time, thousands of persons — particularly aging couples looking forward to retirement — have been taken in by unscrupulous promoters."  
 "Advertising for such fraudulent sales has played on these retirement hopes, on the promise of the West, and on the lure of easy credit — such as a dollar down and \$10 a month."  
 "The attorney general added: "Evidence developed in this case should stand as a warning to all citizens to exercise great caution in buying land by mail."

# Miss Reiter And Donald Paetzold Exchange Vows

Miss Nancy Rae Reiter, daughter of Mr. and Mrs. C. J. Berend, and Donald Robert Paetzold, son of Mr. and Mrs. John Paetzold, exchanged wedding vows Saturday evening, June 1, in St. Anthony's Catholic Church. The Rev. Father Cletus McGorry read the double ring ceremony.

On the side altars were pink gladioli in fan-shaped gold vases. The soloist, Mrs. Elbert Vance, sang "Ave Maria" and "Mother, at Your Feet We're Kneeling." She was accompanied by Mrs. Morris Hacker at the organ.

The bride was given in marriage by Mr. Berend. Her formal gown was of chantilly lace

and silk organza over crisp bridal taffeta. The skirt, draped in the front and held by three tiny silk bows, extended into a chapel train. The fitted bodice of lace was enhanced by a scalloped jabrina neckline, which was trimmed with iridescent sequins and tiny bridal pearls. The sleeves were long and tapered to points below the wrists. The silk illusion fingertip veil was held in place by a small crown of seed pearls and sequins. Her modified colonial bouquet was of white cattleya orchids with trailing stephanotis.

The maid of honor, Miss Doris Berend, chose a gown of

pink silk organza over taffeta. She carried a modified colonial bouquet of white Kellon daisies. Miss Elaine Albracht, the flower girl, wore a dress fashioned the same as that of the maid of honor and carried a white wedding basket with pink rose petals.

Serving as best man was Jim Marnell. Ushers were Joe Frank Huckert, Eddie Gallagher, Roger Albracht, and Butch Walterchied. Acolytes were the bride's brother, Ronnie Reiter, and a nephew of the groom, Danny Koenig.

Mrs. Berend, the bride's mother, wore a beige two-piece lace effect suit with pink accessories. Mrs. Paetzold, the groom's mother, wore a blue lace effect dress with blue and beige accessories. Both wore corsages of delicate pink gardenias and Frenched pink carnations.

A buffet dinner was served, following the ceremony, in St. Anthony's Hall to about 175 guests. Miss Rita Witkowski registered the guests in the bride's book.

For the wedding trip to Yellowstone National Park and other points of interest, the bride was dressed in a two-piece, silk suit with yellow and black accessories and an orchid corsage.

Mrs. Paetzold is a 1962 graduate of Gainesville High School and has been employed at The Ink Spot since moving to Hereford. The bridegroom is a 1961 graduate of Hereford High School and farms southeast of Hereford. The couple will live on his farm.

Out-of-town guests for the occasion were Mr. and Mrs. Glen Reiter, Irving; Mr. and Mrs. Tony Wimmer, Mr. and Mrs. Andy Wimmer, Mr. and Mrs. Lawrence Wimmer, Mr. and Mrs. Buddy Reiter, Mr. and Mrs. Leo Haverkamp and Gloria, Mr. and Mrs. C. J. Wimmer, Mr. and Mrs. Ray Otto, and Mr. and Mrs. John H. Wimmer, all of Muenster; Mrs. Agatha Krostgens, Calumet, Okla.; Mrs. Andrew Schoelen, Mr. and Mrs. John Coldiron, and daughters, Okarche, Okla.; Oklahoma City, Okla.; Mr. and Mrs. Johnie Zimmer, Beaville; Mr. and Mrs. Joe Looper, Pampa; Mr. and Mrs. George Paetzold Jr. and Miss Betty Paetzold, Abiquiu, N. M., and Mr. and Mrs. Tony Reiter, Gainesville.

Miss Linda Hair will wed in August (Personal Photo)

# Miss Hair Plans August Wedding

Miss Linda Lucille Hair and Allen Ray Lewis, both May graduates of Hardin-Simmons University, will be married in a double ring ceremony on August 22 in the First Baptist Church of Hereford. It will be read by the Rev. B. L. Davis.

The engagement and wedding plans have been announced by the bride-elect's parents, Mr. and Mrs. W. R. Hair of Hereford. The prospective bridegroom is the son of Mr. and Mrs. Ray Lewis of Houston.

Miss Hair is a 1959 graduate of Hereford High School and took her Bachelor of Science degree in education. She was a member of Delta Social Club, Pi Kappa Delta, and Alpha Chi, and was listed in Who's Who in American Colleges.

A 1959 graduate of Jefferson Davis High School in Houston, Lewis received a Bachelor of Arts Degree. The president of Sigma Delta Sigma and a distinguished military graduate, he also was listed in Who's Who in American Colleges.

After the wedding the couple will make their home in Louisville, Ky., where the bridegroom-elect will attend Southern Baptist Theological Seminary.

**BILL CLAYTON REPORTS**

**Legislature Ends Session On Most Harmonious Note**

When the Legislature Sine Die adjourned midnight of the May 24, it was the end of one May 30. He has been pastor of the Alec O. Thompson Memorial Baptist Mission for the past three years.

of the most harmonious and objective legislatures in modern history, and it had accomplished many of the State wide objectives as well as passing much local legislation.

During the session 1088 House Bills, 80 Senate Joint Resolutions and 100 Concurrent Resolutions were introduced in the House. In the Senate there were 523 Bills, 30 Senate Joint Resolutions and 91 Concurrent Resolutions introduced. This was besides many House Simple and Senate Simple Resolutions. In all there were over 2000 legislative proposals that came before the 58th Legislature.

There were fewer bills reported from committees as compared to previous sessions, which indicated that the committees studied the bills more carefully and screened them in committee rather than taking the time of the entire membership of the Legislature to decide that proposed legislation did not have merit.

Some of the accomplishments of the 58th Legislature can be seen by the passage of the tax bill, House Bill 106, and the appropriation bill, House Bill 86.

The tax bill, which was studied in committee and drafted by a sub-committee, passed both Houses without a single amendment and was signed by the Governor. The appropriation bill received 116 votes in the House and 24 votes in the Senate.

It appropriated 3.1 billion dollars for support of the State Government during the next two years, and the Comptroller has certified that the predicted income will cover the bill.

This session was marked by understanding and accord as evidenced by the fact that the three days short of the 140-day constitutional deadline and with 58th Legislature adjourned the major objectives accomplished.

Some of the major accomplishments of this legislature are as follows:

House Bill 1, which creates the 25-member Governor's Committee on Education Beyond the High School. This will be the first study and this kind and covers an over-all survey of higher education in our State, encompassing both private and public institutions. The study will be made in order that the state officials and future legislatures may more accurately know the needs and problems caused by our rapidly increasing college-age population and our changing and growing economy.

In the field of higher education, Senate Bill 2 and Senate Bill 7 were passed. Senate Bill 2 added San Angelo State College and Senate Bill 7 added Pan American College to the four year state supported colleges. Also two existing schools, in order to conform to their expanded program and rules, had their names changed. West Texas State College became West Texas State University, and A. & M. College became A. & M. University.

House Bill 351 created the new medical school in San Antonio to be known as "The University of Texas South Texas Medical School".

House Bill 500 authorized the University of Texas to establish a graduate school for biomedical sciences in Houston, where it will be in a strategic location near the new NASA Manned Space-craft Center.

In recognition of the potential problems arising from possession and use of atomic energy reactors in Texas institutions of higher education — and this is necessary and desirable to prepare students for scientific careers in this nuclear age — we have passed H. R. 100, which authorized institutions of higher education operating these reactors to purchase liability insurance.

Senate Bill 15, the Small Loans Bill, passed. This bill establishes the regulations governing the making of small loans. This is a problem that has been recognized and studied in Texas for the last fifty years.

The passage of House Bill 13 climaxed a long standing problem. This bill will curb the unreasonable annexation powers of cities while giving them some control over developing areas outside their corporate limits.

House Bill 11 was passed, and this legislation culminates the State's long-time efforts to promote tourism. It creates the Texas Tourist Development Agency.

House Bill 21 was passed, and it is a merger of the State Parks Board and the Game and Fish Commission. The new agency will be known as the Parks and Wildlife Department. The merger of these two agencies will have an economic advantage so far as the tax dollar is concerned, and will meet the needs of the Wildlife Department and put a new emphasis on the Parks of Texas which are in a pitiful run down condition.

House Bill 50 was passed, and it is the speed limit bill. It permits the Highway Department to set speeds up to 70 mph for daytime driving and 65 mph for night driving. It also provides for the setting of minimum speed limits on expressways where it has been shown that slow driving causes wrecks. This new regulation will not become effective until August of this year.

Senate Bill 61 was passed, and it is a revision of the election code. No major changes in the state's election laws are affected by the bill, which is designed to improve election administration, clarify vague provisions, and remove conflicts and ambiguities.

Senate Bill 132 passed and will be effective if the voters vote to abolish the poll tax. This Senate Bill will provide for a 25-cent annual registration fee for voters. The fee will cover the cost of registration. Public Schools had their share of favorable legislation this time. House Bill 9 was passed, and raised benefits for teachers already retired and made benefits possible for those still active in the profession.

Because of the increase in the population of Texas and the need for more Courts, the legislature created two new Supreme Judicial Districts and several new district courts.

Senate Bill 27 was passed, and it is the repeal of the Robertson Law. Many feel that the repeal of this Law will make it easier for Texas insurance companies to do business in other states.

Four constitutional amend-

ments will be submitted to the people and they are:

1. The question of abolishing the poll tax
2. The financing of the schools of Texas
3. Public Welfare legislation
4. The veteran's land program

Several bills that will benefit agriculture were also passed:

House Bill 64 provides for the regulation of the distribution, sale and transportation of economic pesticides.

The legislation exempting anhydrous ammonia tank trailers from paying commercial license fees passed.

The legislation raising the limits of credit life insurance to those borrowing from the Production Credit Association passed.

Senate Bills 50 and 54 passed and they authorized the establishment of two new State schools for the mentally retarded. One is to be in the Gulf Coast area and one in West Texas.

House Bills 156 and 266 and Senate Bill 383 passed. They provide that the Board for Texas State Hospitals and Special Schools may conduct or enter into contracts for research in the fields of mental retardation and mental illness and for medical care and treatment for mentally ill persons.

Senate Bill 6 created the Padre Island National Seashore, which will help attract tourists to Texas as well as provide recreational facilities for Texans, and will bring millions of tax dollars to the State.

During the session we had only two bills of purely local

interest for our District. The last few days of the session I sponsored and passed a resolution which sets up an interim committee to make a thorough study of watershed planning and other problems relating to water and water pollution in West Texas. The other bill provided for a juvenile officer to serve several of our neighboring counties.

fruitful session, and one which has been of benefit to the business men as well as the farmer. I have enjoyed representing you in the 58th Legislature, and during the next one and one-half years I want to be of what ever help I can. I hope you will feel free to call on me.

SINCERELY,  
BILLY W. (BILL) CLAYTON

**CARD OF THANKS**

I would like to thank the many people of Hereford for helping to make my four years as Distributive Education Coordinator so enjoyable and rewarding. The association with the businessmen of Hereford has shown what fine individuals make up this community. Without their cooperation the Distributive Education Program would not and could not be of assistance to the many deserving students of Hereford High School. Along with my thanks to the businessmen, I would like to express "special thanks" to H. A. Tuck of the Hereford Brand and Clint Formby of KPAN Radio Station for their help, cooperation and assistance with the Distributive Education program. It has been a great pleasure to work in this school system with the faculty of Hereford High School, the students, and the members of the community.

# Miss Quattlebaum Marries Billy Bob McGee Wednesday

Miss Wyla Jean Quattlebaum and Billy Bob McGee pledged double ring wedding vows at 6:30 p. m. on Wednesday, May 29, in the First Christian Church of Hereford. The Rev. Eugene Brink, minister, read the ceremony.

The bride is the daughter of Mr. and Mrs. Wylie Chalmus Quattlebaum, 407 East Fourth, and the bridegroom is the son of Mr. and Mrs. Joe McGee, Lewisville.

Musical selections were provided by Mrs. John Sims, organist, and Ben Gollehon, soloist. He sang "Because" and "Song of Ruth" before the ceremony and "The Lord's Prayer" during the ceremony.

Behind the communion table was a large sunburst of emerald-greenery, from which radiated white wedding roping to connect the four wedding candelabra. Sunbursts of white mums and gladioli decorated the candelabra, in which white wedding tapers were used. A small sunburst of greenery accented the altar table just below the cross.

Given in marriage by her father, the bride chose a formal gown of white bouquet taffeta designed with a basque bodice and long pointed sleeves. The scooped Sabrina neckline was deeply etched with re-embroidered Alencon lace. A double obi bow with streamers, also appliqued with lace, enhanced

the back of the voluminous skirt. Deep unpressed folds of material at each side gave fullness to the wide Chapel train. Her veil of tiered silk illusion fell from an open crown of lace. Her bouquet was a cascade of white French roses centered with a large white Cattleya orchid.

Attending the bride were Mrs. Marline Cronin, College Station, Miss Jerri Bea Noland, Hereford, and Miss Janet Moore, Welston, Okla. Each wore yellow organza over taffeta with a headpiece made of a yellow fabric rose holding a short nylon veil. Each carried a colonial nosegay of white French carnations and yellow roses.

Serving his brother-in-law as best man was Lee McCasland of Richardson. Ushers were the bride's brother, Neil Quattlebaum, Panhandle, and Porter Needham, Lewisville. Groomsmen were Porter Needham and Tom Bowdry, Dallas.

The bride's mother was gowned in a powder blue chiffon dress with a lace bodice and matching accessories. Her hat was fashioned of fabric flowers and she wore elbow-length white gloves. Mrs. McGee wore a dress of wild rose lace over soft pink with a chiffon cummerbund, which fell into a soft bustle at the back. Her hat was of tiny pink fabric flowers with matching veil and velvet headpiece of wild rose. Her accessories were of matching satin and her gloves were white elbow-length. Both wore corsages of white French roses and carnations.

A reception followed the ceremony. At the guest registry were Mrs. Neil Quattlebaum and Mrs. Porter Needham. Mrs. B. F. Cain, Mrs. E. L. Patterson of Alamogordo, N. M. and Mrs. Lee McCasland of Richardson served the three-tiered wedding cake and punch from a table centered with a large arrangement of white stock and yellow daisies in a three-branch silver candelabra, which contained pale yellow tapers.

Mrs. McGee left for the wedding trip in a coral silk suit with a coral and white printed overblouse. Her accessories were white and her corsage was the orchid lifted from the bridal bouquet.

A graduate of Hereford High School and West Texas State University, where she was a member of Pi Omega Pi and Zeta Tau Alpha, the bride teaches in Irving High School. Her husband is a graduate of University, where he was a member of Sigma Phi Epsilon. The couple will live in Lewisville, where McGee is in business with his father.

By Melvin Young  
With a little luck and some cooperation from the elements, another two weeks will see the beginning of wheat and barley harvesting in the Deaf Smith County area.

Due to the prolonged drought of this spring, prospects of a bumper crop have been lessened, but even without the many acres of dry land wheat, we should have a very nice harvest. All the irrigated wheat that hasn't already been harvested by nature, looks pretty good. Of course, there have been some cases of "freeze out" but apparently the remaining crop is producing well.

Onions and potatoes are coming along nicely and it shouldn't be too long before these will be ready for harvesting. All in all it looks like a pretty busy summer. The over a 11 farm picture isn't as bright as it could be due to the adverse weather, but it certainly could be a lot worse. We might have had a scourge of green bugs.

The weather in West Texas never seems to please all the folks hereabouts, but personally, we're not going to complain about the rain until it gets knee-deep. It's been dry too long for that.

Tommy Braddy was telling us the other day that he had built a 17 ft. deep stock tank at the farm. One of those earthen deals where you dam - up a little draw and let the rain water fill it up. This particular pond however has never had more than one foot of water in it since it has been built. This week it filled up. And we would imagine that many others throughout the country have also filled.

Out of town guests for the wedding and reception, in addition to those in the wedding party, were Betty Ann, Bobbie, and Edie Needham, Lewisville; Mrs. Elmer Robbins and Debbie, Ft. Worth; Mrs. Frietsch, and wife; Mrs. Tom Bowdry Dallas; Mr. and Mrs. Floy Quattlebaum, Granite, Okla.; Mrs. R. E. Barton and O. W. Quattlebaum of Elk City, Okla.; Mrs. Owen Harris, Leedey, Okla.; Mrs. Bertie Tomlinson, Alamogordo, N. M.; Luthen Fronabarger, Canyon; Mr. and Mrs. J. B. McCombs and Jim Bob McCombs, Borger.

We were quite disturbed recently by the pronouncement by Senators J. William Fulbright of Arkansas and Joseph S. Clark of Pennsylvania that the American people are not capable of governing themselves. They would have us relinquish the powers of Congress to the President and advocate at the same time, something near to totalitarian rule by the executive branch of the government. The Senators, in a publication entitled "The Elite and The Electorate" also suggest that the constitution of the United States of America is outmoded, outdated, and generally needs an overhaul.

These men were supposedly elected by the people of their respective states to represent those same people. We wonder sometimes. With friends like these, who needs enemies?

# Carthel-Gearn Wedding Vows Read On Saturday

Following a wedding trip to Ruidoso, N. M., Geary Gearn and his bride, the former Miss Beth Carthel, will live in Hereford.

They were married Saturday, June 1, at 5 p. m. in the Presbyterian Church. Bob Ware, minister of the Canyon Church of Christ, read the double ring ceremony.

See picture on Page 1, Section 2

Mr. and Mrs. Wayne Carthel, Dimmitt Highway, are the parents of the bride. The groom is Kenny Gearn, 321 Star Street. Given in marriage by her father, the bride chose a gown of chantilly lace over taffeta.

The fitted bodice featured a square neckline with scallops outlined in sequins and long, tapered sleeves. The lace of the elongated bodice extended into an apron effect in the front and dipped in back the full length of the bouffant nylon and tulle skirt.

Her fingertip veil of illusion was held by a tiara of seed pearls and rhinestones. She carried a prayer book - style bouquet of white cattleya orchids and white French roses.

The ceremony was performed in a setting of spiral candelabra with wedding tapers, Grecian columns and urns, and bouquets of white gladioli and

mums. The soloist, Ben Gollehon, sang "I Love You Truly" and "The Lord's Prayer." He was accompanied by Mrs. John Sims at the organ.

Attending the bride were Mrs. Terrell Hodges, matron of honor, Mrs. Jim Casthel, Miss Betty Mae Scott, and Mrs. Houston Frye. They were dressed in blue cotton with lace-covered bodices; white acces-

sories, and blue pillbox hats with short veils. Each carried a Victorian bouquet of white happiness roses.

The groom's brother, Tim Gearn, served as best man. Ushers were Steve McWhorter and Jerry Moss of Hereford, Wendall Wilson of San Marcos, and Richard Jones of Houston.

Ringbearers were Davis Carthel, nephew of the bride, and Brenda Carthel, niece of the bride.

Sherry Chappell served as the flower girl, also a niece of the bride.

Following the ceremony there was a reception in Westminster Fellowship Hall. Miss Connie Renfro and Miss Shari

Jo Carmichael served from crystal appointments.

For her going-away costume the bride wore an ice blue cordette crepe suit with white accessories. Her orchid was lifted from the bridal bouquet.

The groom is a graduate of HHS, and will be a sophomore at Trinity University in San Antonio.

The bride attended HHS and Beauty College in Amarillo. She is now employed at 20th Century Beauty Salon.
