## King's Manor Bids Rejected

### Problems On Paving Occupy Much Of Commission Meet

Appearing before the Hereford City Commission Monday night in regard to the paving of Avenue D, Joe Hellman, 339 Avenue D, remarked that he did not feel that paving the street would add anything to the value of his property unless general conditions of the neighborhood were improved. If and when these conditions, which violate city ordinances and zoning regulations, are eliminated,

he stated that he would agree to paving. Earnest Langley, city attorney, was instructed by the group to take whatever steps are necessary to see that the area is cleared of offenses, certain property condemned if necessary, and that owners of rental property restrict the number of occupants to the two families allowed by zoning regulations.

Action on curbs, gutters, and expansion of strip paving petitioned by residents the 200 block of Irving was tabled until next year in order that the possibility of improving a three-block strip might be investigated. There was some discussion that an assessment program might be necessary if all property owners did not agree voluntarily.

After the hearing was closed, the commission went on to other major items on the agenda. They voted to pass an ordinance approving the plat and field notes of the Bradley Addition, which met all the usual restrictions after an additional street was added to eliminate long blocks and consequent fire hazards.

Although one property owner on Plains has refused to agree to the paving in front of his property, the commission voted to proceed with the project, which is designated as Unit I. It was felt that the problem could be solved without leaving the area unpaved.

City manager Dudley Bayne told the group that errors in descriptions of property involved in ordinance annexations since Jan. 1 had been discovered and corrected by the attorney. The new ordinances were approved.

### Around Town

BY H. A. TUCK  
If it's Thursday when you read this, I hope that you have a nice, quiet and safe Fourth of July. And if you were gone and are catching up with the news on Friday or Saturday, then I hope that you had a nice time on your holiday outing. Either way, the accent is on safety.

Highway Patrol Sergeant Bill Wells of Hereford said that his patrolmen would be carrying out a Holiday Traffic Watch from midnight to midnight and would like to have completely uneventful day. "We've had more than our share of wrecks in Texas and in the Texas Panhandle lately and it surely would be nice to avoid them," he commented.

### Book Salesmen Forfeit Bonds After Arrest

Two door-to-door encyclopedia salesmen forfeited \$50 cash bonds this week after being arrested for selling without a permit.

Arrested on a citizen's complaint Monday night were Ralph Lee Sparks, 19, of Waurika, Okla., and Larry Wayne Cox, 18, of Amarillo.

Strangely, the two young men were arrested within a block of each other by the same Hereford patrolmen and both worked for P. F. Collier, Inc. However, neither knew the other until the time of their arrest, about 9 p. m. Monday in the northeast section of Hereford.

Police Chief Marshall Padgett pointed out that city ordinance forbids house-to-house solicitation or sales without a permit from the City of Hereford. Residents are asked to call the police in cases where salesmen do not have permits to sell.

### Three Baseball Leagues Finish Regular Season

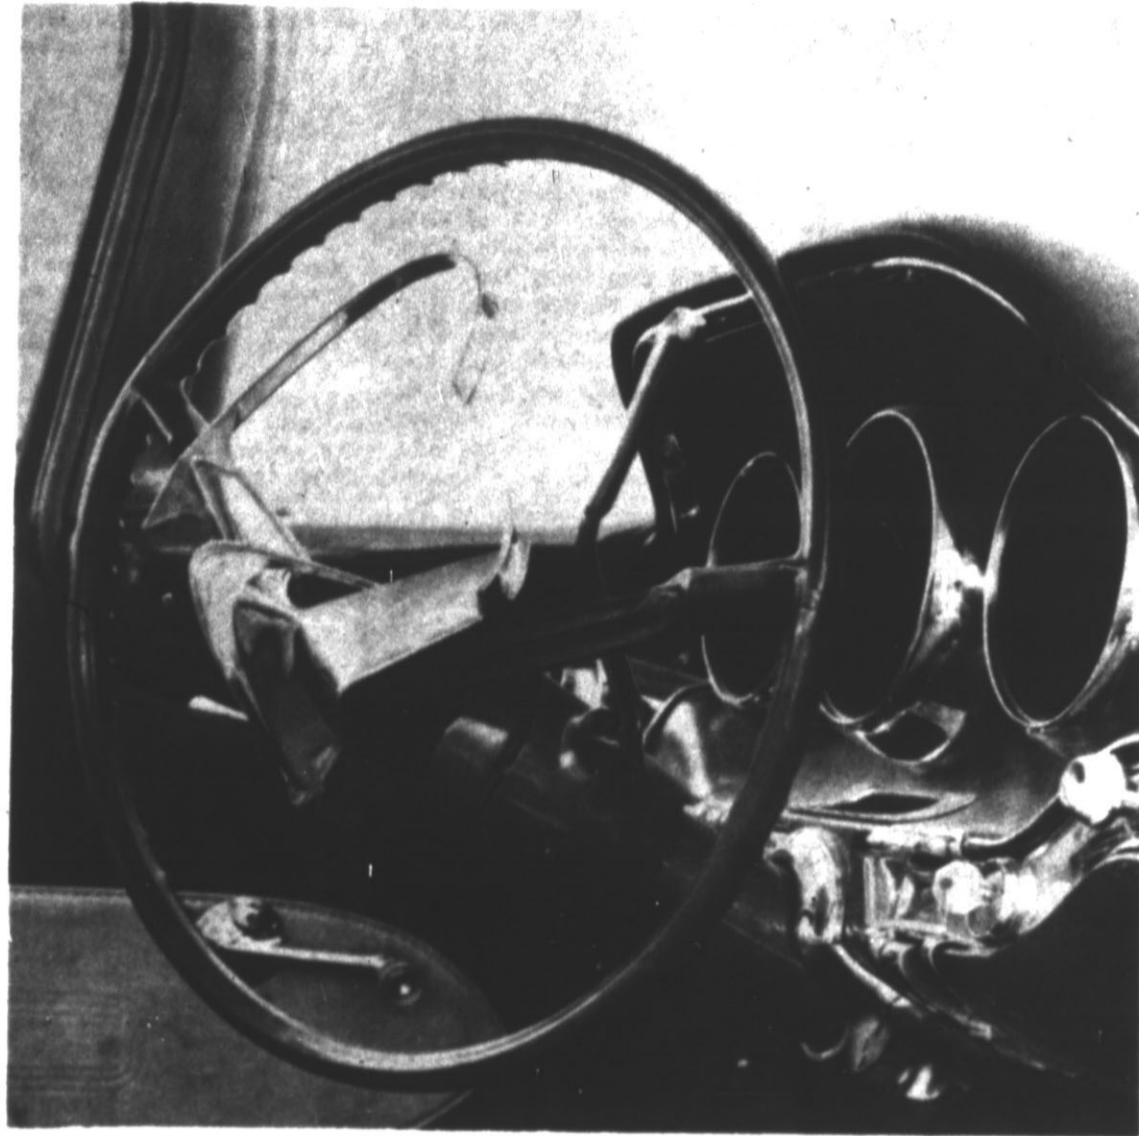

Youth baseball winds up its regular season in Hereford this weekend.

First to get finished will be the Pony League, which includes four teams of 13 boys each. The teams are for players 13 and 14 years of age. On July 4, the White Sox tilt with the Red Sox, starting at 8 p. m. A doubleheader between the Indians and the White Sox is slated for 7 p. m. Friday to

### It Never Fails

Another item for the "It Never Fails" department: Each summer, the Hereford Volunteer Fire Department members, their wives and children get together for a picnic and swimming party in the Municipal Pool. So you can imagine the scramble that took place Tuesday, about 3:50 p. m. when the fire alarm started its urgent wail. Half clad and still dripping, firemen headed five miles west of Hereford to battle a stubborn wheat stubble fire.

Their wives and offspring were left behind to close the picnic hampers, sort out the clothes that were left behind and pool the remaining transportation to get home. But, it could have been worse. The alarm could have come during the picnic.

A BROKEN STEERING WHEEL is mute testimony of the force that resulted when two cars crashed head-on south of Hereford Sunday afternoon. Ten persons were brought to Deaf Smith County Hospital for emergency treatment, but only two had to remain overnight for observation. (Staff Photo)

### NONE HURT SERIOUSLY

## Eleven Persons Injured In Two Wrecks On Sunday

Eleven persons were hurt, none of them seriously, in two wrecks Sunday.

In the first, ten persons were brought to Deaf Smith County Hospital for treatment after a head-on crash 7.7 miles south of Hereford. The accident occurred about 3:20 p. m. Sunday on a hill on U. S. Highway 385. The accident was in Castro County.

Involved was a 1955 Ford driven by Juan de la Cruz Martinez, 24, of Dimmitt. Passengers in the car included Elodia Berrera Martinez, 20; Raul Berrera, one year; Flora Berrera, two years; and Connie Berrera, 21. The car, owned by Eddie Berrera of Dimmitt, incurred \$500 in damages, according to Highway Patrol estimates.

Driving a 1959 Pontiac was Syra Traylor, 24, of Dimmitt. Passengers in the car were William Sanders, 44; Beatrice Ewing, 35; Cora Ewing, six months; and Patricia Ann Traylor, 11 months. All persons in the Pontiac were Negroes.

The Pontiac, owned by Sanders, of Hart, had \$700 worth of damage, estimates reported. According to Ed Richardson and Charles Skinner, investigating Texas Highway Patrolmen, the wreck occurred as the Pon-

tiac, going north, skidded off the road on the right side, swerved back across the highway and then turned back into the path of the south-bound vehicle driven by Martinez.

Two persons were kept overnight for observation in the hospital. They were Elodia Berrera Martinez and Cora Ewing. Both were released Monday. All the others were treated and released with minor cuts and bruises.

Neither of the cars was equipped with seat belts. Charges are pending a conference with the Castro County Attorney and Skinner.

The other accident took place just west of the Hereford city limits on U. S. Highway 60 as the road curves to the south. That wreck involved a car and a truck and took place about 11:50 p. m. Sunday.

Highway Patrolmen stated that a 1956 Ford, driven by Mario Caballo Sanchez, 18, of San Antonio, was coming north toward Hereford, passing a long line of cars. As Sanchez reached the top of the hill and curve, he saw a truck coming toward him. He told officers he attempted to turn left across the highway, but his vehicle was

struck by the right front fender of the large truck.

As the car overturned once a passenger, 18-year-old Alfredo Garcia, San Antonio, was thrown out and injured. He was taken to Deaf Smith County Hospital for emergency treatment, then released with cuts and bruises.

With a great deal of disappointment, trustees of King's Manor retirement home rejected all bids for a 24-bed nursing care unit. Spokesmen for the board said that bids were turned down as being about 25 per cent higher than had been anticipated.

Members of the building committee had opened and tabulated bids Tuesday at 2 p. m. in the reception area of the present King's Manor unit. They later went into a closed session before making the announcement that shattered hopes for building the second unit this fall. Low base bid on the project was \$198,200, with other bids ranging to a high of \$203,800. It had been hoped that the entire project would cost not more than \$200,000, including architect's fees and furnishings. A grant of \$97,000 in Hill-Burton Funds had been approved early this year to assist with construction costs.

### Floyd West Is Buried After Gunshot Death

Death from a self-inflicted gunshot wound was ruled by investigators after a Hereford man was found shot to death in his garage Sunday.

Dead was Floyd Thomas West, 54, a Deaf Smith County farmer. Officers were called to the West Home, 304 North 25 Mile Avenue, about 9:30 a. m. Sunday, shortly after his wife had reported the shooting.

Investigating officers said that West died of a single shotgun blast fired into his chest. A 12-gauge pump shotgun was found alongside the body by officers.

It was reported that West had been dependent for the past few weeks.

Services for Mr. West were held at 10:30 a. m. Wednesday, July 3, at the Central Church of Christ. Officiating was Joe Lomax, Amarillo minister, assisted by Cecil Williams of Panhandle.

Burial was in West Park Cemetery under the direction of Gilliland Funeral Home and Claiborne Funeral Home.

Prior to final rites, the body lay in state at Gilliland Funeral Home Tuesday.

Survivors include his wife, Mrs. Geneva West; a daughter, Mrs. John Dale Kelly of Panhandle; two sons, Kenneth of Amarillo and Tommy of Hereford; four brothers, B. A. and Lewis of Hereford, Ernest of Clovis, N. M.; and A. A. of Pampa; a sister, Mrs. Dennis Gaskins of Fremont, Cal.; and Gaskins of Fremont, Cal.; and two grandchildren.

### Beginner Band Program Held In Park Tuesday

The Hereford Band presented a concert Tuesday, July 2, at 8:15 p. m. in Dameron Park. It was under the direction of Ben R. Gollehon and Clyde Wilson, band directors in the Hereford Schools. Selections were "Indian Dance," "Our Boys Will Shine Tonight," "Carry Me Back to Ole Virginia," "Aloha Oe," "Yankee Doodle," "Faith of our Fathers," "Carnival of Venice," "Doxology," "Down in the Valley," "Good Night Ladies," and "Merrily We Roll Along."

Joe Ed Campbell, a sophomore at West Texas State University in Canyon, was solo drummer on the number "Carnival of Venice." He has been percussion director for the summer band program.

The summer band program is held to instruct youngsters in playing instruments and to prepare them to enter the Stanton Junior High Band in the fall. Students will be in the seventh grade next year.

## Fireworks Stand Operators Enjoy Their Seasonable Jobs

By Sara Gillettine  
Brand Staff Reporter

Independence Day is the only time of the year in which the selling of fireworks is legal in Deaf Smith County. Stands can be open on June 24 and must be closed on July 5.

During this time, they can be seen dotting the countryside in nearly every small town and city in the United States. Many of these towns, including Hereford, have ordinances which forbid the shooting of fireworks within the city limits.

Dudley Bayne, Hereford city manager, said, "The penalty in Hereford for shooting fireworks is left up to the judge. His verdict would depend on the offense, whether someone was setting them off in the yard or throwing them at cars. (The maximum penalty, however is a \$200 fine.)"

Fireworks stands, around the city of Hereford, were started for different reasons. Many of the "Old Timers" who keep opening a stand in the same location do so because

they say that they make many friends from year after year and do not want to disappoint their old customers by not coming back.

Jim Thurlow, who runs a stand east of town on Highway 60 has been in the same location for seven years. He says, "The one thing about people buying fireworks that irritates me is that they wait until July 4 to buy them and then they get mad when we run out."

But the problem with me is (Continued on Page 6)

Redbirds Lose To Childress, Nip Tulia 4-3 In 8th Inning

Hereford's American Legion Redbirds split a pair of games over the weekend. The 14 - 4 loss to Childress Saturday afternoon dropped them into a tie for first place from an undisputed lead...

An unassisted double play by Childress second sacker Phillip Sell in the last of the first out off Hereford's chances in that inning.

In the last of the second, the Redbirds closed the gap by scoring three runs on a single and error, a double by Ronnie Duncan and another single.

That was the way it remained until the top of the fourth. Self opened with a double, followed by a walk. With two out Childress struck for two singles, a hit batter, a walk, a double by Jerry Sachse, another single and an error. This flurry of action brought in seven runs and an 11 - 3 lead.

In the top of the fifth, Childress added on three more runs with a walk, a sacrifice bunt that put out no one and Shires' second homer - again over left field. A wild pitch and an error also contributed to the horror of the inning.

Hereford could get just one run in its part of the fifth on a walk, a double by Gary Smith, a walk and a single by Larry Minks.

Teddy Barnes went the distance for Childress. He gave up four runs on six hits, walked five and struck out three. Mickey Stevens started for Hereford and was charged with the loss.

He allowed four runs on three hits, walked two and struck out two in two - thirds of an inning. Danny Loerwald hurled three innings. He allowed four runs on three hits, walked two and struck out four. Frank Cain worked one third of an inning and was tagged for six runs on three hits. He walked two and struck out one. Larry Minks worked the last inning. He gave up no runs on one hit, walked none and struck out one.

Smith got two of Hereford's hits. Shires and Sell each got three hits in four times up

for Childress. The second game was a heart-stopper all the way. Hereford scored one run in the first on four walks and a sacrifice fly.

Tulia took the lead in the fourth with two runs on two singles, an error and a double by Al Fields. They made it 3-1 with Ricky Sharp's homer over center field in the fifth.

Jim Haney, returning to the line - up for the first time this season, drew a walk in the sixth and moved around on three errors.

Hereford finally tied the score in the last of the seventh as Ronnie Duncan got on by error. He was safe at second as David Stevens laid a bunt in front of the plate. Childress catcher Al Fields grabbed the ball, but no one was covering second.

Frank Cain was walked intentionally. Mickey Stevens, returning as a pinch hitter after having been relieved from the mound in the second, bunted to score Duncan. With one out, John Willoughby was walked intentionally. A strike - out and a fly to shortstop closed out the inning with the score tied and the bases loaded.

REGIONAL OFFICER: Jimmie Allred, operator of Hereford Butane, Inc., Hereford, was elected Region "D" Vice President of the Texas Butane Dealers Association during the Association's 18th Annual Convention in Corpus Christi on Friday, June 28. Allred's Region D consists of the Panhandle area of the State.

Steve Hodges struck out two and got the other hitter to ground out in the top of the eighth.

Smith and Hodges walked to open the last of the eighth and Ronnie Duncan slipped a bunt single up the middle to score Smith easily and close out the game.

Stevens worked two innings for the Redbirds. He allowed no runs, no hits, walked two and struck out one. He retired with

a sore arm. Ed Mims worked one and two - thirds innings, allowing two runs on three hits, with three walks and two strikeouts. Larry Minks worked two and a third innings. He gave up one run on one hit, walked two and struck out one. Hodges worked the last two innings. He gave up one run on no hits, walked none and struck out two.

Larry Boyd went the distance for Tulia. He gave up four runs on three hits, walked nine and struck out six.

No player for either team had more than one hit during the game. In the Childress game, Hereford had two errors and Childress four. In the other contest, Tulia had five errors and Hereford one.

REP. ROGERS WRITES:

# 'We', Not 'They', Control Government Of This Land

"We hold these truths to be self-evident, that all Men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are Life, Liberty, and the Pursuit of Happiness." So declared the Representatives of the United States of America, in General Congress assembled, on July 4, 1776.

Not only did these brave forefathers of ours thereby dedicate themselves to freeing the young country from the yoke of British oppression, but also by their Declaration of Independence they laid down a philosophy of government that has been of paramount influence through all the days of the Republic.

On this occasion of the 187th anniversary of that first Fourth of July, Independence Day, let us pause a moment to remember that Thomas Jefferson and the other "Representatives of the United States of America" were declaring their intention to establish a government more in keeping with distinctly American ideals than that government which had exercised such tyrannous power over the colonies and their peoples. The founders were not declaring their intention to do away with government, to substitute anarchy for "absolute Despotism." They declared it was their "Right... their Duty" to be free of British rule "and to provide new Guards for their future Security."

The "new Guards" were, of course, to be a new Government. The founders of our Nation said WE will provide for ourselves as a self-governing United States, a government to be characterized in the immortal words of Abraham Lincoln, commemorating a battle fought 100 years ago this Independence Day, as "... of the people, by the people, for the people."

Those Americans who declared Independence and then fought to make it stick were opposing a government of such little regard for American feelings and desires that its leaders, from King George III through the Parliament, were THEY — and not WE.

This early American feeling that THEY — not WE — constituted the governing authority persists in some quarters today. Despite the demonstrable fact that through history our representative form of National government has remained responsive to the will of the majority while providing protections to minority rights, there are many Americans who decline to regard themselves as members of their government as citizens holding the franchise, the right of free speech, the right of petition and other rights assured by the Constitution.

How many times on this Fourth of July will orators remind their audiences that WE — Americans control our destiny through OUR voice in government, that govern men are is of us and is OURS. Many times, I hope, because that continues to be as true today as when the drafters of the Constitution chose to begin its magnificent expression with the words: "WE the People of the United States."

Unfortunately, many citizens have fallen into the THEY habit of thinking of the government. On this Fourth of

July, I would commend to them a re-reading of the Declaration of Independence, the Constitution, and any good, thorough history of the United States.

As a boy, like most American youngsters, I expended more pennies than I should have in buying firecrackers to commemorate Independence Day. Now, many States and most cities have enacted laws to protect citizens from the dangers of pyrotechnic celebrating.

Noting this fact, and to provide an appropriate substitute, the Senate and House this week enacted a resolution that "the anniversary of the signing of the Declaration of Independence should be observed each year by the ringing of bells throughout the United States at the hour of 2 o'clock, eastern daylight time, in the

afternoon of the 4th day of July, or at such other time on that day as may be determined by local authority."

The tolling of the Liberty Bell at Independence Hall in Philadelphia at 2 o'clock on the 4th day of July, 1776, proclaimed the signing of the Declaration of Independence. We've had Fourth of July bell-ringing since that time, and I'm glad the Congress has provided through the new resolution further encouragement of that practice.

In the Panhandle, 2 o'clock, eastern daylight time, will fall at noon. I hope everyone within reach of a bell goes forth to ring it proudly and that a great, if non-explosive, din will ensue.

## 7-6 OVER INDIANS

### White Sox Edge Through On Bunt

A squeeze bunt in the last of the seventh inning gave the White Sox a narrow 7-6 win over the Indians in Pony League action Monday night. The victory kept the White Sox in first place. Prior to the game, the Indians' only defeat had been at the hands of the White Sox.

Both teams were scoreless in the first, although they got runners on base.

The Indians took a 3-0 lead in the top of the second on three walks, two singles and an error. The White Sox got one run in the second, but it took a single, four walks and a fielder's choice to get it in as the Tribe got tough on defense.

In the third, the Indians got one run for a 4-1 lead. It came on a single, a walk and an error.

But the White Sox got even, 4-4, in the last of the third. Gene Duvall doubled with a walk and two singles driving in the runs.

In the last of the fourth, the White Sox got their first lead, 5-4, as Duvall doubled again and came in on an error.

The score was tied again in the first of the fifth as one run crossed the plate because of a hit batter and an error.

The Indians got in front once more, 6-5, in the top of the sixth. It took a fielder's choice a single, a hit batter and an error to bring it in.

That was the way it stayed until the bottom of the seventh. Denny Brown walked and Gene Duvall doubled for the third time during the game. Another walk and a hit batter pushed in Brown. With one out, catcher Charles Stone laid down a bunt between first and the mound as Duvall streaked home. The pitcher was unable to make a play as the winning run crossed the plate.

Duvall was the top gun for the night with three doubles and a pitching victory. He allowed six runs on six hits, walked six and struck out 11. He was matched almost pitch for pitch by Felix Albiar, who worked slightly more than six

innings. He allowed six runs on five hits, walked seven and struck out 11. He was relieved after walking the first batter in the seventh. Bill Watts came in and was charged with the loss as he allowed the winning run on one hit and one walk.

The White Sox committed seven errors during the game, while the Indians had three. Mike Horton was the only Indian to get two hits.

### Letter To The Editor

Sir:

In reference to the editorial "All Negroes Not Radical, I should like to know who 'us niggers' are. That first paragraph expresses the sentiments of a few thousand dull-witted, misguided Negroes compared to the millions of us who know the shame of being told our place in "Free" America.

You hint that the "disturbances" are "communist inspired crusade." You people try to connect anything or anyone you dislike or don't understand with communism.

The reason the Negroes of Hereford held back on integration was because they wanted total integration, not part. They wanted the Negro teachers to have a place on the all white staff.

I am highly emotional. Sincerely, Kenneth Eastman J. S.: I am a fifteen year old sophomore at Hereford High School.

## Deedee's Doodlings

**By Deedee Thomas**  
The first month of summer has come and gone. The teenagers of Hereford are really sad about the loss of this great month. You know what this means, don't you? It means that there are only two more months left in the summer vacation! Despite this tragic loss, the activities have continued.

Monday, June 24, Mandi Moore received guests in her home. Mandi gave a Coke party in honor of Diane Slay. Diane is the cousin of the No-land clan. Miss Slay is visiting her relatives for a week or so. Those present at the afternoon party were: Sandi Thomas, Sid Bayne, Marsha Robinson, Ann Mercer, Gayle Newell, and Cynthia Leasure.

Wednesday, June 18, Sharon Hill gave a college party for the kids who have attended college and for those who will attend college for the first time in the fall. Those present at the reunion were from the First Methodist Church; they were as follows: Jerry Hodges, Pete Plank, Bobby King, Dudley Bayne, Eddie Tucker, Craig Griffith, Frank Hergert, Suzanne Langley, David Dowell, Maribeth Gilliland, Glenda Fuhrmann, Jim Kassahn, Caroline Brumley, Nancy Anyi, and Sandra Moore. Brother T. cooked and served hamburgers for the kids.

June 6, the Methodist Youth are planning a Mobe Day. They are to do any jobs in or outside the house. That includes your car, folks! If any of you kind-hearted people are interested just contact any Methodist youth.

I always knew that Kathy Boston was a little sister, but I didn't ever think she would get recognition for it. Miss Boston was selected as the Little Sister by the Young Homemakers of Texas. They are known as the Young Farmers' Wives in Hereford. Soon she will compete on the area level for the honor of the Little Sister.

Joyce West, you are to be commended for your excellent showing at Canyon. Joyce won the semi-finals of the Dairy Princess contest.

Mandi Moore, Sharon Tinnin, and Carolyn Aven returned to Hereford Friday, June 29, from Abilene. The three girls were attending the Youth Assembly at McMurry College.

Twenty-seven FHA members have just finished four days of

their annual charm school. Mrs. Don Steele presented the instructions to the girls. I wish I knew some of the girls who took the course so I could see if any of the girls are more charming.

Thursday night the F. H. A girls held a picnic at the Community Center in honor of their families. Before the picnic the girls discussed progress of their summer projects.

Thursday, June 27, the Grey Ladies gave a luncheon in honor of the Junior Grey Ladies. The juniors there were Kaki Barnard, Linda London, Linda Loerwald, Sandra Green, Charlotte Williams, Fanelda Williams, Patricia Maxwell, Marie Roberson, and me, Diedra Thomas.

Speaking of food, Sandi Thomas was hostess of a hamburger fry given for her family and friends. Those of the teenage set at the cookout were Sandi Thomas, Sid Bayne, Sandie Winkler, Deborah Thomas, Dan Thomas, while John Bob Drake and I were just tagging along. Sandie Winkler is a Louisiana girl visiting her grandparents, Mr. and Mrs. L. H. Lookingbill. She also has several cousins in Hereford. I believe that most of you kids know Sandie for she was here in Hereford last summer. Don't forget your manners. Show her a warm Texas welcome.

LaReese Askew and Rosi Rush have gone far away. Well, actually they went to Canyon to attend the drama workshop at West Texas State University.

The girls left Sunday, June 30, and will be gone for two weeks. After two weeks there will be tryouts for the exceptionally good students. Those who will be chosen will remain in Canyon for an extra 30 days. I think LaReese and Rosi went to Canyon to see if they could become better witches. They are the best ones that I am acquainted with. Good luck girls, and have fun.

Beth Ballard has a cousin visiting her from Mississippi. He is Jimmy Siska of Dekalb. Miss Jimmy arrived in Hereford Friday, June 28. Beth said he would be here for about two more weeks.

Congratulations to Janey No-land; she was appointed Grand Nature at the fortieth session of the Grand Assembly of the Texas Order of the Rainbow Girls, which was recently held at Houston.

Congratulations also to Ruth Ann Allison and Barbara Barrett. Ruth Ann was chosen sweetheart of the Lion's Club and Barbara was chosen as the sweetheart of the Kiwanis Club. I can say that the men couldn't have made a better choice in either case.

Girls, don't forget if you are interested in participating in the queen's contest of the Harvest Festival to let yourself be heard. Contact Mr. or Ms. Wayne Fuller at

### Zimmerman Wins Law Paper Competition

A paper on "Copyright Law and Educational Television" has taken first place in two contests for its author, Donald Lee Zimmerman, University of Texas as law student from Hereford. He is the son of Mr. and Mrs. Don Zimmerman, 107 Beach. Zimmerman's paper won an annual contest of the State Bar Association's patent, trademark and copyright section. He will receive a \$100 prize Thursday, July 4, during the Bar's general assembly in Dallas.

He was co-winner with Ernest E. Figari of Beaumont of the Nathan Burkan Memorial Competition at the University Law School. The two students split a \$350 award.

Papers by third-year law students on some phase of copyright law are eligible for the Burkan competition. It is held both locally at accredited law schools throughout the U. S. and

### Fireworks... King's...

(Continued from page 1) that I don't have any room to store them so I can't buy a large stock in advance." Jim opens his shop at 7:30 each morning and closes about 10 or 11 p.m. Freddy Conyers, son of Mr. and Mrs. John W. Conyers, has operated a stand west on Highway 60 for the last two years. He says that the thing that makes him the happiest is that people have so much enthusiasm at this time of year. He added, "I only hope that parents do not allow children who are too young to shoot off fireworks because they can be very dangerous when not properly used."

Teenager Sandra Patterson, who operates a stand on the Dimmitt Highway, said, "The most popular items that I have early in the season are Black Cats, which are small firecrackers, and smoke bombs."

This is the first year that Sandra has operated a stand and she enjoys it very much. She continued, "The closer it gets to Independence Day, the better business gets. Many people are buying the bigger things now, the kind that go up in the air, such as rockets and floral designs."

The stand which Sandra operates does not have a lock or even a door on it, so it is necessary for her to take its contents home with her each night.

"I have enjoyed the business very much this year," she said, "and I hope to continue it again next year."

Another newcomer is Jay Robinson, son of Mr. and Mrs. J. W. Robinson, who operates a stand in front of his home on Harrison Highway.

He said that he enjoyed the work very much but ran into a slight problem because he was playing little league baseball. His parents came to the rescue, though, and ran the stand while Jay is at the games.

Jay's Fireworks Stand is open between two and 10 p. m. each day and, according to Jay, is doing a very good business.

Each year many avoidable accidents take place because people are very careless with the use of their fireworks. There are a few simple rules which distributors say everyone should obey when shooting them: (1) Shoot fireworks OUT OF THE CITY LIMITS and away from farm animals; (2) check the condition of the ground and be sure that there is no dry grass which will catch fire easily and finally (3) Be safe, don't take any chances.

Violations of the fireworks ordinance will be punished, the commission agreed, and publicity in the newspaper and over the radio would be welcome.

Since the contractor still has not installed the sprinkler system in North Park, the commission decided that city employees should do the work on weekends rather than wait any longer. The cost would be about the same as the contract bid.

### King's...

(Continued from page 1) the meeting Tuesday. Hammock Brothers Construction Company of Lubbock submitted the low base bid of \$198,200. Second low was Knox and Galley construction company of Lubbock with a base bid of \$199,419. Knox and Galley was the general contractor for the first unit of King's Manor, which was completed last fall.

Other companies submitting bids included; Bennett Construction Company of Lubbock, \$202,500; John F. Moss Company, Amarillo, \$202,541; and Claude Martin and Sons, Lubbock, \$203,800.

Also included in the bid tabulations were five alternatives, all of which would have trimmed costs of the base bid. However, they could have cut costs by only about \$4,500 to \$5,000, still leaving costs far higher than had been anticipated.

King's Manor was planned as a three-part project. First part is for well-care residents. Second part is to be for those who require medical and nursing care and are generally confined to their beds. Third part of the program outlined for King's Manor is to be another well-care unit. The home is located in the northwest part of Hereford. Although the home is operated by The Methodist Church conference for Northwest Texas, its residents and staff are from many faiths.

### Problems...

(Continued from page 1) the area unpaved.

Involving an alley between Texas and Knight Streets in Womble Addition, the last major item on the agenda was discussed at length before the group decided to find out how many residents would sign alley deeds and then review the situation.

In the final action of the evening, the commission gave authority to Bayne to investigate the cost of storm sewers and gutters along Harrison Highway from Aspen Street to Gum Street. The state highway department has notified the city that it will pave the needed area.

### Around...

(Continued from page 1) works we have seen is called "the snake". It is a tiny black pellet, about the size of an aspirin tablet. You place it on the ground and stick a match to it. The thing starts to put out bright green smoke as it uncoils itself into a most snake-like piece of black cinder that wriggles and twists for all the world like a snake. Very ingenious. But then, so are the huge aerial bombs which form themselves into American flags, or eagles or ships, etc. I just can't see how they can pack that much color and sound into one small tube. Of course, I haven't even figured out yet what makes a radio work.

With the exception of a few service stations and cafes, all business and service establishments in Hereford will be closed on Thursday and open again on Friday.

The humidity is something fierce this week and we really can't forecast anything much better for the next few weeks. But just think how good this would feel if we could store some of it and then pull the cork next January.

Bill Waldrop, who keeps us informed about all sorts of things in the Easter area, says that this is going to be a bumper mile year. He was shaking his head about the water situation, though. He said that first it was too wet, and almost before the farmers could get in the fields, it was too dry again. He was also talking about a mile field that was planted three rows to the bed and flame-cultivated. He said that the stand was almost unbelievable.

We would like all of you to join in the nation-wide bell-ringing at noon on Thursday, July 4, in commemoration of Independence Day. The official time is from 2 p. m. until 2:02 p. m. Eastern Daylight Time.

In the final action of the evening, the commission gave authority to Bayne to investigate the cost of storm sewers and gutters along Harrison Highway from Aspen Street to Gum Street. The state highway department has notified the city that it will pave the needed area.

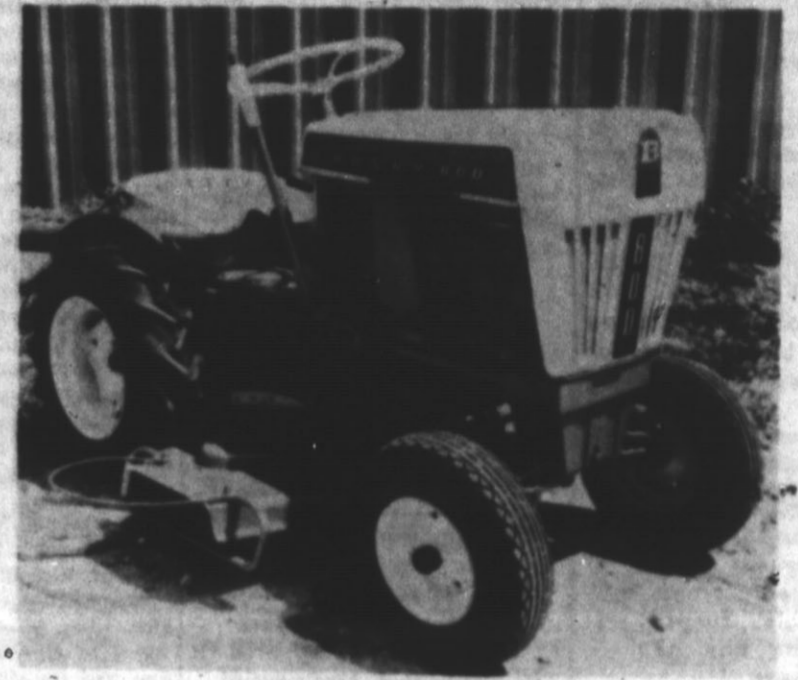

which figures out to be noon in Hereford.

Personally, we would like to see one more old-fashioned Fourth of July celebration, complete with a picnic, a long-winded orator who didn't mind bragging about his country, plank lemonade, a fireworks display and a lot of sunburn. It just can't be beat, but probably is as dead as an old-time political rally.

group returns from New York on Friday. But if that did happen, Commissioners J. T. Guinn and Don Hicks probably are coming home on the train, since they weren't too hot for the idea of flying to begin with.

Such sticky humidity brings on stupidity. And a sudden desire to be where fish're.

# 'Fish-To-Market' Roads Draining Highway Funds

By Vern Sanford  
Creation of many new lakes in Texas has resulted in a money problem for the State Highway Commission.  
Commission Chairman Herb Petty Jr. of Carrizo Springs expounded on the situation when a Nacogdoches delegation headed by Carl Monk and County Judge F. L. Harris came to Austin to ask for a farm-to-market road from Nacogdoches to McGee Bend Reservoir, now 59 per cent complete.  
Petty said cities and lakes are draining heavily on state road funds. He pointed out that the State Highway Department worked up a plan for access roads to McGee Bend in 1958. That work has been proceeding in cooperation with the surrounding counties. But there was no new Nacogdoches County road in the plan.

State Highway Engineer D. C. Greer stated that the farm-to-market road law specifically authorizes use of that money for building roads to recreation areas. Petty said some people call these fish-to-market roads **FADDER'S BEEDS**.  
Lawyers have drawn up the deed by which state-owned land in Laguna Madre will be transferred to the United States. This land is to become a part of the Padre Island National Seashore.  
But deed can't be signed by the School Land Board until the law authorizing the transfer takes effect on Aug. 23.

**VACATION**  
Gov. John Connally and his family took off for the family ranch at Floresville for a brief vacation.  
So far his vacation has been interrupted twice for speeches in Austin and Dallas.  
Connally also took along a pile of work to do. He has many appointments to state boards, commissions and courts to make. He gathered up a file of letters containing recommendations. These will help him decide whom to name to the two new Courts of Civil Appeals (at Corpus Christi and Tyler), to the new Parks and Wildlife Commission, and to many other state boards.

**CARDS' THREE HITS**  
The Cardinals made the most of three hits Monday night as they defeated the Dodgers 5-2. The Dodgers, on the other hand, couldn't take advantage of their eight hits.  
In the top of the second, the Cards picked up one run on three walks and a wild pitch. The Dodgers tied the score in the last of the second on an error and two singles.  
But the Cards came right back in the third for three runs on two singles and two walks. They added another run in the fifth on a single, a ground ball and a walk, plus a passed ball.  
Final run for the Dodgers came in the last of the sixth on a fielder's choice and a triple by Denny Brown.  
David Vines and Bobby Wieman pitched the Cardinals to the victory. Tommy Pool and Bobby Albracht hurried for the Dodgers.  
Vines got two of the Cardinals' three hits, all of which were singles. Frank Hernandez got a pair of singles for the Dodgers to lead their hitting attack.  
In one minor league game, the Braves swamped the Athletics 15-3. The Braves picked up one run in the first, seven in the second, five in the third, one in the fifth and another in the sixth. The Athletics got a run in the third and two more in the sixth.

**RED REGISTER**  
Attorney General Carr is taking steps to force Texas' only known communist to register. But he has not decided where to bring suit.  
A 1951 law requires any communist remaining in Texas as long as five days to register with the Department of Public Safety. No one ever has registered.  
Two weeks ago, U. S. Atty. Gen. Robert Kennedy notified the man, a resident of San Antonio, to register within 20 days under a Federal registration law, or face prosecution.  
Carr picked up the ball and decided to try to make him register under the unused state law, too.

**LIQUOR FINES**  
People still keep violating the liquor laws.  
Liquor Administrator Coke Stevenson Jr. reports that his agents filed 143 cases last month. There were 738 convictions, with 28 jail terms, for violations. Fines came to \$46,172 during the month.  
The Lubbock district, mainly dry, was as usual the location of the largest number of cases, among the 18 enforcement districts.

**INSURANCE UP**  
Recommendations for higher auto insurance rates have been made to the State Board of Insurance, by insurance companies, and the Board's own staff. Losses under current rates prompt a general statewide increase averaging 8.5 per cent. But there are variations.  
Farmers and ranchers, who have chalked up a good non-accident record, will get substantial cuts. They will range from 20 to 30 per cent, in various parts of the state.  
City drivers will face higher rates for their public liability insurance. Statistics show that where there are more cars there are more accidents.  
State is divided into 26 rating territories. Drivers living in safer areas will pay less for their insurance.  
Board will announce its decision soon, and new rates will take effect on August 1.

**SEWER AID**  
State Health Department has compiled a list of 37 cities awaiting word that Congress has appropriated money to continue the federal-aid program for construction of sewage treatment facilities.  
These cities have applied for

\$4,067,626 worth of grants to help them build \$15,890,394 worth of projects.  
Expected Texas allocation is about \$3,200,000. So some will have to do without federal aid — or wait for next year.

**ETHICS**  
Three representatives who piloted a tough code of ethics bill through the House of Representatives still are trying.  
Reps. James E. Nugent of Kerrville, Robert C. Eckhardt of Houston, and Travis Peeler of Corpus Christi presently are seeking help from the Attorney General in drafting a new version for the next session of the Legislature. Later on they hope to talk with Governor Connally about it.  
Their bill zoomed through the House. But it was killed in the Senate.  
It would prohibit state officials (and legislators) from having extensive business holdings in areas they regulate — or legislate.

**SWEDES CELEBRATE**  
Some 1,300 Texans of Swedish descent gathered in Austin to observe the 125th anniversary of the arrival of the first Swede in Texas.  
He was S. M. Swenson, who became quite a power in Texas affairs, and then brought hundreds of other Swedish immigrants to Texas.  
Swenson family still operates a large ranch in Throckmorton and Jones Counties.  
A program in two languages marked the observance.

**CLERKS**  
Folks who keep the official records in the 254 courthouses of Texas had a convention in Austin.  
County Clerk Val D. Huvar of Victoria County wound up as the new president of the County and District Clerks' Association of Texas.  
Runnels County Clerk Frankie Berryman was named first vice president, and will move up to president in 1966.

Summer range and pasture feed prospects continued on the upgrade in the northwest part of Texas. Prospects also were improved by rains in the central and southeastern parts of the state. There ranchers had been culling herds, and sales had been heavy until the rains came.

Securities Commissioner William M. King issued an order prohibiting further sales of stock in the Roka - Bed Corporation of Lubbock.

Advertising said Roka - Bed had been tested on 5,000 babies. But promoters told investigators no such tests had been made.  
Stock was sold to about 300 persons, mainly in the South Plains area.

Nearly two centuries ago in the fateful course of human events Liberty was born. With justifiable pride we declared our Independence... Liberty and the rights of all men. *The spiritual aspect of the proposition of freedom, equality and justice for all was fundamental in the development of these new ideas.* Liberty loving fathers, possessed of unyielding faith and vital religious convictions supplied the genius. Before a government could be founded on the brotherhood of man... there had to be the Fatherhood of God. Then let us preserve this freedom through eternal vigilance, unceasing prayer and unflinching faith. Independence!!!... the Fourth of July. *Let us ever remember the source of our freedom... By Dale Stevens  
In the Irving Berlin musical, "Mr. President" remarks that if he is flagwaving, he is proud of it. Recently someone wrote either to Ann Landers or Abby Lane and signed herself "Flag Waver and Proud of it". Mr. President's reasons for waving the flag were valid and good, while the writer's reasons probably would be considered highly debatable by most people. However a question arises. How many of us are flag wavers, justifiably proud to be called that?

Unfortunately the best occasion for flag waving, the Fourth of July, with its parade, picnic, and speeches, seems to have become in most of the country a thing of our "great and glorious past," so often the theme of the speeches. Our children are growing up denied the opportunity of experiencing the fervor of patriotism so evident on these occasions. Surely patriotism is not a once-a-year emotion, but there is nothing old-fashioned or "corny" about an all-out Fourth of July celebration.

Many parents complain that our children are not taught patriotism in our schools. It is taught in the schools, but that is not enough. To know a true spirit of patriotism, our children must experience the thrill of seeing a flag rise majestically against a blue sky, hear bands playing "The Star Spangled Banner" and the stirring marches of Sousa, and hear orations on patriotism. There is no better time to experience this than the Fourth of July, with all this and skyrockets and fireworks displays. Here there can be little doubt what we are celebrating and why.

Those who scream the loudest about "teaching" patriotism - have they ever taken their children to Washington, D. C., and other places of historical interest? To visit the tomb of the unknown soldier, especially on Sunday afternoon at vesper, to stand in the Lin-

coln Memorial, to go through Mount Vernon, to touch the Liberty Bell in Independence Square, to stand in the church in Richmond, Va., where Patrick Henry stood when he shouted, "Give me liberty . . ." to visit Monticello and the Hermitage, to know that you are walking in these places where the great heroes of our past have walked - in these places one cannot fail to experience the urge to wave the flag, the deep sense of devotion to God and our country, which cannot be taught by words alone.

The thrill of patriotism for our own state seems to be rapidly becoming a thing of the past also. Many do not recognize the majestic strains of "Texas, Our Texas." Many more have never known the special thing it is to stand in the Alamo or visit San Jacinto Battleground, Texas Independence Day and San Jacinto Day go unnoticed in much of our state.

In analyzing the lack of patriotism in our nation and state, the immediately recognized factor is our national guilt complex, so fashionable in recent years. Some justification for this is obvious, but must we continue to fill our national consciences with Hiroshima, the "Ugly American," Little Rock, juvenile delinquency, the divorce rate, the American Indian, et cetera ad infinitum?

Our children hear mostly of the things of which we are ashamed. They hear too that we must not sing the last verse of "America" nor say "under God" in the Pledge of Allegiance. This wonderful song and pledge are thus slightly tarnished for them.

Even worse they are given to understand quite early in life that anyone who stands up to be counted on either side of a controversial issue is a fool, or worse. They get the impression that a non-conformist, non-middle-of-the-roader, is a bad thing to be.

Patrick Henry, Thomas Paine, Andrew Jackson, Susan B. Anthony, Abraham Lincoln, and

so many others who have shaped our history were non-conformists. Yes, even radicals in their time.

Of course these men and women had a valid basis for their radicalism in a sincere love of their country and logical thinking. They are to be distinguished from the witch hunters of Salem, the Thaddeus Stevens of the Civil War and Restoration periods, the people who persecuted the American Germans during World War I and the American Japanese during World War II, and our modern witch hunters who find fault and stir up dissension merely for the sake of creating turmoil.

There seem to be only three classes of people these days. There are those who won't take a stand on anything, those who are so narrow-minded that they are rigid, and those who are so broad-minded that they are fat-headed. None of these three groups has any room for a true sense of patriotism.

Let us teach our children that fear and prejudice do not generate nor foster a true sense of patriotism. Instead of downgrading the United States and our state, let us "point with tremendous pride" to our wonderful heritage, opportunities, and accomplishments.

We will not ignore nor fail to try to correct our faults, but we must not magnify them to the point that our pride in "Old Glory" is dimmed one whit. Let's be "flag-wavers and proud of it!"

# Watts Throws No Hitter; Indians Gain Two From Reds

A no-hit performance in the first game and a barrage of doubles in the second enabled the Indians to sweep a doubleheader from the Red Sox in Pony League Park Friday night. Bill Watts had a walk and an error to spoil his efforts as he pitched for a 19-1 decision in the first game. Six doubles in the second game allowed the Indians to beat the Reds 10-6. In the first game, the Indians

Jerry Fowlkes and Johnny Pool pitched for the Red Sox. They gave up 19 runs on 14 hits, walked nine and struck out eight.

Watts also was the leading hitter with three singles and a double in four times up. Felix Albarr hit three singles in the same number of attempts. The second game started quietly, but soon got wild. The Red Sox drew a walk in the first, but left him there. Mike Horton doubled for the Indians but also was left standing.

Three walks in the top of the second loaded the bases for the Red Sox, but they failed to push in a run. But the Tribe went out front 7-0 in the bottom of the second on doubles by Gilmore and Johnny Cornelius, four singles and two errors.

After holding the Reds scoreless, the Indians picked up two more scores in the third. With two outs, Nate Stark, Brad Johnson and Horton put together consecutive doubles. In the top of the fourth, the Red Sox got their first runs on three walks and an error. But the Tribe matched that with one run on a triple by Watts and an error.

Some sort of prestige was salvaged for the Red Sox in the top of the fifth as they got the only home run of the night. A walk and a single came just before Jerry Fowlkes slammed one over left field. A single, a walk and another single meant two more runs for the Red Sox. Felix Albarr was the winning pitcher. He gave up six runs on five hits, walked nine and struck out eight. Ray Martinez was the loser as he allowed 10 runs on 12 hits, walked one and struck out one. Horton, Watts, Childers and Nate Stark each had two hits for the Indians.

Watts gave up five walks and struck out 11 in five innings.

# Giants' Rally Wins Saturday Over Yanks 12-5

In a make-up game Saturday night in Little League Park, the Giants took advantage of poor Yankee pitching for a 12-5 victory. The Yankees held a 5-0 lead after three innings, but blew it the rest of the way, allowing 13 runs on just five hits.

Jim Rakestraw started for the Yankees and blanked the Giants for three innings on just one hit, a double by Russell Phillips in the second. He also allowed two runners on base in the third on a pair of walks.

In the last of the second, the Yankees got one run. Ricky Adams singled, took second on an error in the outfield and went to third on a passed ball. Rakestraw singled him in with a line-shot single to center.

In the bottom of the third, they added four runs. Otis Robinson and Sandy Rush singled, Loerwald walked to load the bases and Paul Loerwald singled in two runs and took second on another outfield error. Adams was safe on a throwing error and Paul Loerwald came home from third when an attempted pick-off to first base went wide.

But the Giants jumped on Tom McGowen, who relieved Rakestraw in the fourth. They picked up eight runs on four walks, two wild pitches, singles by Lonny Coffey, Sid Shaw, Tim Fuston and doubles by Shaw and Phillips. Paul Loerwald relieved McGowen later in the inning.

In the top of the sixth, the Giants tacked on four more runs on a hit batter, four walks, three wild pitches and an unsuccessful fielder's choice.

Yankees got runners on base in the last three innings, but couldn't bring any of them in. Steve Sanders started for the Giants. Jack Meredith

worked the last three innings and got credit for the win. Sanders allowed five runs on six hits, walked two and struck out none. Meredith allowed no runs on one hit, walked two and struck out five.

Rakestraw started for the Yankees. He walked two and struck out five. McGowen lasted two-thirds of an inning and gave up eight runs on four hits, walked four and struck out none. Loerwald pitched two and a third innings. He gave up four runs on five hits, walked four and struck out two.
