And Again, Heavy Rainfall Halts Harvest

Heavy rainstorms with some light hail again halted the 1963 wheat harvest as grain producers were just getting into fields to cut the ripe grain.

A heavy rainstorm struck Hereford after dumping heavy rains on the western portion of the county. Rainfall was officially measured at .96 of an inch in the city, but upwards to two inches of rainfall was reported in some sections of the county.

Rural Telephone Exchange Lost During Storm

The whole Dawn exchange of West Texas Rural Telephone Cooperative was lost Friday as a "strong wind or small tornado" downed three transmission poles and broke two others, according to Vernon Inmon, manager.

Service to Dawn was lost about 2:30 p. m. as the dust storm struck the city from the north. The damage occurred six miles east and four north near the E. C. Reinauer farm.

According to the cooperative manager, service has been restored by temporary repairs. Mud and water are hampering the replacement of poles.

Inmon also reported that lightning during the storms had caused "extensive damage" to individual telephones and lines.

"We are hoping to have all phones and circuits back in operation by Saturday evening," he commented.

Red Birds Slate Home Opener At 2 p.m. Sunday

First home game of the American Legion baseball team is slated for 2 p. m. Sunday, June 16, on the Hereford High School diamond. They will host Palo Duro of Amarillo.

The Red Birds were to have played Saturday afternoon in Tulia, but the game was postponed until Saturday night because of wet grounds.

In their only outing, the Red Birds downed Childress there last Sunday 8-2 while slamming out 15 hits. A game with Nazareth last week was rained out and has not been rescheduled. Two practice games also were washed out.

This is the third year for the Red Birds to play. In their first season, during 1961, they placed second in the south half of the 18th district league to qualify for the district play-offs.

Last season, they tied for first place and again entered the district round-robin.

The team is comprised of 15 boys between the ages of 15 and 19. In the south half with Hereford are Nazareth, Tulia, Childress, Palo Duro and Caprock. The last two teams are from Amarillo.

Coach of the Red Birds is Rocky Lee with Johnny Haney serving as manager.

Closing Is Likely For TEC Office

Hereford office of the Texas Employment Commission is looking for a home again.

The farm labor office presently is located in the Jim Hill Hotel building in quarters furnished by Jack Renfro. However Renfro is relinquishing his lease on that portion of his quarters, effective July 1.

"Unless we can find a location, we'll just have to move out on July 1," commented J. R. "Pat" Patterson, TEC office manager here.

He explained that his supervisor from Amarillo still was attempting to get an appropriation that would enable the office to rent quarters in Hereford. Fiscal year for the TEC begins on July 1, but Patterson said he had not gotten any word about whether the allocation for quarters would be approved.

"As far as we know right now, we won't have anything in our budget for rent. Of course, we are hoping that rent money will be included, but we don't have much hope," he said.

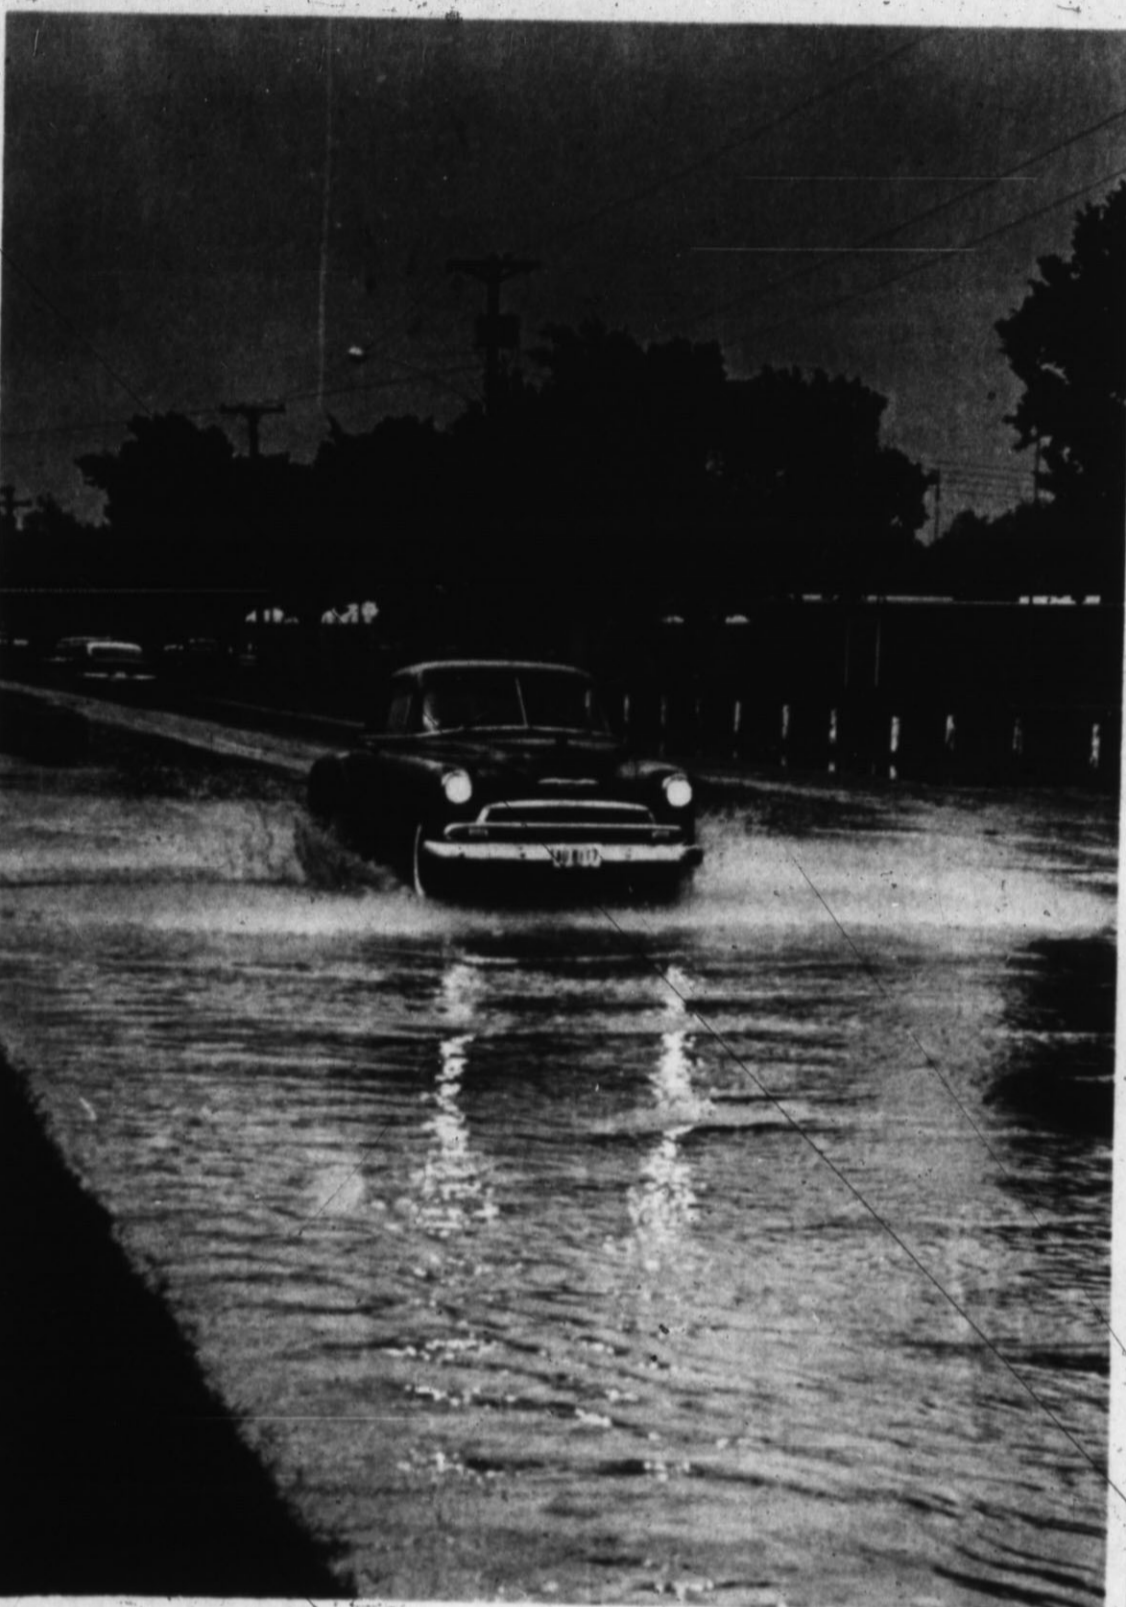

The local TEC office vacated its small office in the county courthouse about 80 days ago at the request of county officials,

who said the ground floor space was needed. Patterson said that the move was satisfactory, since the employment work had grown tremendously during its seven years in Hereford and larger facilities were needed. After much searching, the office was located in part of Renfro's space in the hotel building. The \$1 token rent was paid by the city, Patterson said, to make the lease legal.

Patterson explained that farm labor offices generally are not allocated rent funds. He said that six offices in this area are furnished quarters by cities or counties. Deaf Smith County officials looked into the matter and said that it would be illegal for them to pay rent for a TEC office here.

Patterson said that the sponsoring group could be the county, city or any other group, such as a service club or chamber of commerce organization. An individual could not pay such rent fees, he explained, to avoid discrimination.

"We are also working to get a mobile office located here for the time being," Patterson said. (Continued on Page 8)

WATER LAPPED AT THE curb along Park Avenue across from Dameron Park on Friday as a heavy downpour caused flooding of intersections along the main thoroughfare. Flooding was caused by run-off as the storm dumped a heavy amount of moisture on the city in a short period of time early Friday afternoon. As the dark clouds moved to the east, many drivers still had headlights turned on. (Staff Photo)

City Slates Bid Opening, Paving Hearings On Monday

A long session of the City Commission is slated for Monday as commissioners consider bids on a proposed sewer line to serve the northwestern section of the city and hold a public hearing on a planned paving project.

Also slated to come before the Commission is the final decision on a rezoning petition. Bids on the sewer line are to be opened in the City Manager's office at 2 p. m. Monday. They will be examined and tabulated before the Commission meets in regular session.

Final decision on bids will be made during the regular meeting of the city's governing body. It meets at 7:30 p. m.

The sewer line is expected to cost approximately \$40,000. Proposed route of the line is from U. S. 60 north on Clements to U. S. 385. The line

will then cross the highway to Knight St. Along Knight St., it will go north to Bradley and turn west.

It will then go north after several blocks to Harrison Highway and link up with another 10-inch line.

Because of utility lines already placed along Knight St., the city is seeking an alternate route for the proposed line.

Decision to attempt to put in the new line was made at a recent Commission meeting as commissioners were told that the present line serving the northwestern section of the city is becoming overloaded.

Also scheduled for the session is a public hearing on proposed paving for Ave. D between Grand Ave. and Thirteenth St.

The paving project was asked for by residents in a petition to commissioners.

Rezoning change to be considered was tabled at the last regular session of the Commission. The city is again to consider the request of Mr. and Mrs. Charles R. Kropff, 614 Blewins.

Camp Fire Plans 2-Day Pow-Wow During Weekend

A two-day "pow-wow" for third and fourth grade Camp Fire Girls will start at 2 p. m. Friday, June 14, in Dameron Park. All girls in this age group are invited to attend.

A small registration fee will be charged for the event. The program will include a variety of activities, stressing outdoor skills and crafts. It is being planned by adult leaders and members of the Horizon Club, who will be in charge.

An outdoor ceremonial will be held Friday afternoon to conclude the first day. On Saturday, the full day will begin with a flag-raising ceremony at the Camp Fire Hut. Following this, the girls will return to Dameron Park for their activities.

The girls will bring a sack lunch for the noon meal. Drinks will be furnished. The pow-wow will close with a "symbol hike" to JayCee Park, where parents will pick up the girls at 5 p. m.

No pre-registration is necessary. Camp Fire leaders said.

Swimming Team Workouts Set To Begin June 17

Workouts for the swimming team sponsored by Hereford Athletic Club are to begin at 7:30 a. m. Monday, according to Wayne Lawrence, coach.

Swimmers ranging in ages from six years old to 16 years old and interested in competitive swimming are being urged to attend the morning workouts, stated Lawrence.

Scheduled to be held Monday through Friday, the workouts will be held from 7:30 a. m. to 9:30 a. m. each day. Assisting Lawrence in coaching the team will be Mrs. Carl Stapp.

Around Town

BY H. A. TUCK

Honest, I didn't order that last rain! It came in spite of all my best hopes and wishes for clear skies and warm breezes to speed the wheat harvest to a close. But then, I've noticed that it almost always seems to rain during wheat cutting time. Maybe this coming week will be more favorable. Frank Ford Jr. was in the office this morning and commented that, as a dryland farmer, he sure did like this rain... but wished it would kinda spread itself out.

Directors of the Hereford Red Cross chapter will have a meeting at 10 a. m. Tuesday, June 18, in the First National Bank building. This is the end of the fiscal year and time to elect new officers.

Hereford Prop - Spinners Model Airplane Club will host a fly-in at Hereford Municipal Airport on Sunday, June 16. The event is to start at 1:30 p. m. on the Club's new flying field south of the T-hangers. Modelers from Lubbock, Amarillo, Dimmitt, Friona and Bovina are expected to be on hand. The public is invited and there will be no admission.

Exemplar Chapter of Beta Sigma Phi sorority will have a rummage sale on Saturday, June 22, at the corner of Main and First. The sale starts at 8 a. m. and last until all the rummage is sold or the girls get tired.

The Texas Employment Commission farm labor office is now opening at 7 a. m. each morning for the convenience of area farmers. The office is located at 311 North Sampson or call EM 4-2963.

Hereford Little League baseball players will have their annual candy sale on Saturday, June 22. Mothers of Little League players are to meet at 8 a. m. that day at Little League Park. Players are to report to the field at 9 a. m. The boys will be selling peanut brittle.

The public is invited to attend the free Panhandle Cutting Horse Association contest. It will be at 3 p. m. Sunday, June 16, on the O. G. Hill place six miles west of Hereford on Harrison Highway.

If you see Clinton Jackson all duded up in a new suit, it will be because he won the outfit as a top salesman in the National Farmers Union Insurance Company. He placed in the top two per cent of all agents in the company. I sure do hope that suit is waterproof, or it may have to hang in the closet for a long time.

Budget request meeting of United Fund participants will be held at 8 p. m. Thursday, June 27, in the First National Bank community room. All agencies desiring to participate should have written budgets to submit and someone from the agency should be on hand to answer questions. Melvin Young has been named as campaign director for the 1963 fund drive by chairman Nell (Continued on Page 8)

Swim Classes Draw 150; More Classes Later

A good turn-out was reported last week for the Red Cross swimming registration. About 150 children registered and of these 72 were beginners. The rest are in either intermediate or swimmers division.

According to the chairman of the Red Cross Water Safety Committee, there will be a junior life-saving class. These sessions will begin on Monday, June 17, and will last through Friday, June 28.

If there is sufficient demand, a second session of Red Cross water safety instruction will be offered.

County Sells Bond Issue, Names Tax Rate For 1964

In a busy special session, re-sold bonds Thursday. The meeting had been tentatively set during the court's Monday meeting, contingent upon passage of the \$350,000 bond issue Tuesday for hospital improvements and addition.

Following a canvass of the light voting, Commissioners declared the election duly carried and was official. The official tally was 299 in favor of the bond issue and 243 against. The official vote was exactly the same as the unofficial count.

An offer from Columbian Securities Co. to purchase the bonds for 3.50 per cent interest with Columbian paying all expenses of issuance was accepted. Bob Davis, county bond advisor and representative for Columbian Securities, was on hand to certify the results and bid on the bonds. The rate is below the 3.62 per cent on the courthouse renovation and jail construction bonds issued four years ago by the county.

The group also decided to apply for a bond rating for the county. At present, Deaf Smith County does not have a bond rating. Commissioners, county judge and county clerk will accompany Davis to New York in mid-July to make the request.

Applications for bond ratings will be made to Moody Investments and Standard and Poor's. Davis explained that the county would seek an "A" rating, but that probably the county would be rated as "B-AA", since it had not been rated previously. The Hereford school system recently got its rating improved from "B-AA" to "A" after making two trips to New York.

A bond rating, Davis said, would enable the county to save money on its bond issues by making them more desirable. When this happens, the interest rate is less than for non-rated bonds.

In preparation for the trip, the county now is preparing a detailed report on its finances and the growth of the county, both past and future.

As expected, the county set its tax assessment rate at 22 per cent of actual value. This is an increase from the 17 1/2 per cent rate now in effect. The county had announced earlier that it planned to set its assessment rate at 20 per cent of actual value, and that two per cent would be added if the hospital bond issue carried. Burglar Takes Some, Misses Some At Station

Troy Moore's Farmer's Drive service station on East First was hit by burglars for the second time in six weeks. The break-in occurred between 9 p. m. Wednesday and 6 a. m. Thursday.

The building was entered in the same manner that the firm was broken into during a previous burglary.

After breaking open a rear room door on the west side of the building, a hole was knocked in the ceiling. The burglars then crawled into the attic and broke through into their firm's office.

A cigarette machine was broken into and \$25 and \$50 was reported missing as Hereford Police Department officers investigated.

A large sum of money in the building was missed as the office was ransacked.

Bippus HD Club Entertained By Mrs. V. T. Adrian

While discussing tornado safety rules with the Bippus Home Demonstration Club on June 13, Mrs. Argen Draper warned, "If you are in open country, move at right angles to the tornado's path. They usually move forward about 40 miles an hour. If there is no time to escape, lie flat in the nearest depression, such as a ditch or culvert."

After the program the hostess, Mrs. V. T. Adrian, served refreshments of ice cream, doughnuts, and coffee. Each plate was decorated with a long stemmed rose from Mrs. Adrian's garden.

Those present were Mesdames Tom Draper, J. G. Fortenberry, Jim Bradley, Clint Homfield, Charlie Burke, G. V. Hall, and V. T. Adrian, and Miss Christine Fortenberry. Welcomed as guests were Mrs. Melvin Henderson, Mrs. J. V. Perrin, and Mrs. Hessler.

Come Back in 1972 for a Check-up

When buying a mattress lots of people ask, "How long will it last?" We think they would be smarter to ask, "How long will it retain its original comfort?" Many mattresses will give you 10 years service or more, but few will be really comfortable after 10 years' use.

Beautyrest will. Why do we say that? Well, we've read some convincing reports from United States Testing Company showing that Beautyrest far outlasted other mattresses in Durability Tests. But what really convinced us is the experiences of users. Many of them have slept on a Beautyrest for 10 years... 15 years... and longer... and they think it is still just tops in comfort.

Get the Beautyrest that's right for you and 10 years from now you'll most likely feel that it is still the most comfortable mattress you ever had.

When you decide to give yourself the world's finest sleep comfort, call on us for help—we won't be satisfied to just sell you a Beautyrest—we'll try to sell you the Beautyrest model that best fits your particular sleep needs.

Red Sox Take Both Ends Of Twin Bill From Tigers

As the Pony League finally got caught up on its rained-out games Tuesday night, the Red Sox trimmed the Tigers on both ends of a double-header. They won the first one 10-6 and then came back for an narrow 12-11 victory.

The first game saw the Red Sox take a substantial 6-0 lead in the last of the first with a series of extra-base hits. Ronnie Lance led off with a double, Jim Marcum walked, Jerry Fowlkes doubled, Gene Sparks singled, Gene Drummond tripled, Roger Beasley singled and Jim Scott and Gregg Herring walked. Lance got on again by error after Johnny Pool had gotten aboard on a fielder's choice.

The Tigers loaded the bases in the second, but left them stranded.

In the top of the third, the Tigers picked up two runs. Philip Cain led off with his second double of the night. An error, a fielder's choice and a single by George Bullard pushed in the runs before the Red Sox turned a double play from Roger Beasley to Johnny Pool to cut off the rally.

The Bengals tied the score 6-6 in the top of the fourth on a four-run spree. A walk, three singles, an error and a double by David Evans scored the runs. But the Red Sox came back for four runs in the last of the fourth to ice the game. They made the rally on an error, two walks, a fielder's choice and a single.

In the top of the fifth, the Tigers got runners on second and third, but three strike-outs preserved the victory.

Jim Marcum and Johnny

Pool shared mound duties for the winners. Marcum allowed six runs on eight hits, walked three and struck out two. Pool gave no hits or runs, walked two and struck out three, all in the crucial fifth inning.

George Bullard, Lee Robinson and Wayne Miller shared mound duties for the Tigers. Cain was the leading hitter with two doubles and a single in three times at bat.

The second game was a thriller to the last. The Red Sox scored one run in the first on a double by Ronnie Lance, a stolen base and an error. The Reds put runners on with a walk and a single, but a double play from catcher Philip Cain to Ronald Ott at first and back to Cain nipped the rally.

The Tigers took a 3-1 lead on a single, an error, four walks

and a fielder's choice.

A three-run rally by the Reds gave a 4-3 lead in the second. They scored on a double by Roger Beasley, two walks, a hit batter and a double by Jerry Fowlkes.

But the Tigers weren't through as they got three runs in their part of the second and regained the lead, 6-4. They pushed runs in on three-singles, a walk and a double by David Evans.

In the top of the third, the Red Sox tied it up 6-all with two runs on two singles, two errors and a walk.

Then the Reds took a 12-6 lead in the first of the fourth. An error and a walk, put two men on before Gene Sparks homered over left field. A walk, an error, a fielder's choice, four stolen bases and a single accounted for the other runs.

In the last of the fourth, the Tigers pulled back within one run with a five-run rally. David Evans led off with his second double, followed by three errors, a single and two walks. Reds got two on in the fifth, but didn't score.

When the first Tiger up drew a walk in the bottom of the fifth, Gene Drummond was summoned to put out the fire. He threw just 13 pitches in striking out the next three runners to preserve the victory.

Cruz Chavarria got credit for the win. David Evans pitched all the way for the Tigers.

Roger Beasley was the big hitter in the game with a double and two singles in four times up. David Evans was two-for-two on the Tiger roster with a pair of doubles.

OFF THE Shelf

BY H. A. TUCK

Just the title, *With Sunshine Faces*, should make you smile. But the contents of Fleming Healy's book can make you laugh aloud and chuckle with amusement.

This lovely autobiography is in the new non-fiction shelf at the Deaf Smith County library.

When Fleming Healy was a small boy, he was taken in hand by his sisters and enrolled in an Academy "designed to educate and train lady like girls and refined small boys." His experiences in the molding of such paragons of deportment form the basis for his story.

Although he was vastly relieved that first day in the first grade that the Sister didn't ask to see his appendicitis scar, he found that much of the routine was beyond his comprehension, and far beyond his desires.

For what young man would willingly dance with a girl? But Fleming did learn.

He was exposed to reading, writing and arithmetic (one young scholar couldn't understand subtraction until the Sister burned a piece of paper to symbolize the action. Thereafter, he did his homework aided by piles of small bits of paper and a box of matches.) But he also was required to learn, etiquette, art, dancing and theatricals (in which one first-grader might in an afternoon play many

parts).

Fleming's education after school was often as enlightening as the classroom. He acquainted us with the Sisters that neighbors along the block. For instance, there was the day Leonard Robinson chased his father up the street with a carving knife... or when Mr. Mulrooney was tricked into riding the sidecar of Willie Eichorn's motorcycle... or when his class found how to win contests... or the efforts of his contemporaries to establish a clubhouse, headquarters of which was a recently vacated chickenhouse.

Or Fleming's introduction to the world of music via violin lessons, which resulted in his mother setting a new record for home canning and crocheting. Or his new tube radio at a time when it was a sign of knowledge and experience to fiddle with the "cat's whisker", moving it over the crystal until rewarded with an ear-splitting shriek over the headphones, at which time the listener customarily announced, "I think I've got KDKA, Pittsburgh."

This book really does live up to its name, as not only the characters but the readers get together *With Sunshine Faces*.

DARK, THREATENING CLOUDS boiled across the Hereford skyline Friday as heavy thunderstorms roamed the area. Rainfall officially measured in the city totaled .96 of an inch. The first of two storms struck the city from the north about 2:30 p.m. leaving .72 of an inch in Hereford rain gauges. The second storm of the day which hit about 5:30 p.m. added the additional .24 to the official total. (Staff Photo)

HEAVY RAIN FLOODED fields again halting farming operations in the county as heavy rains were dumped across the county Friday. Two storms struck Hereford and left almost an inch of rain in city gauges. High winds and lightning were also responsible for loss of rural telephone service. Another round of storms was predicted Saturday and again Sunday. (Staff Photo)

Giants Rally For 7-6 Win Over Dodgers On Thursday

With two outs, a walk and a double by Danny Boyer brought in a run for the Giants Thursday night and enabled them to edge the Dodgers 7-6. In the previous inning, the Giants scored three runs to come from behind in a game.

Three singles and an error plated two runs for the Giants in the top of the first. But Dusty

Duncan kept the Dodgers in the game with a solo homer in the last of the second over center field.

The Giants made it 3-1 in the top of the fourth, scoring on two singles and a fielder's choice.

In the last of the fourth, the Dodgers went in front 4-3 on an error, a fielder's choice, a hit batter and walk.

As the lead went back, and forth, the Giants took a 6-4 edge in the top of the fifth, scoring a trio of runs on a double by Donny McDermitt, two singles and a walk.

Three walks and two errors enabled the Dodgers to pick up two unearned runs in the last of the fifth. That tied the score at 6-6.

But the league-leading Giants were equal to the occasion as they picked up the lead run in the sixth. They allowed one walk in the last of the sixth to preserve the win.

Russell Phillips and Jackie Meredith pitched for the win. Frank Hernandez and Ismael Urias hurled for the Dodgers. Gary Lemons and Russell Phillips each had three singles in four times at bat to lead the Giants. The Dodgers' three hits were scattered among as many players.

In a tightly-played game, the Yankees defeated the Orioles 5-3 in one of the minor league games Thursday.

Both teams were scoreless until the Yankees pushed across one run in the bottom of the third. Tommy Tuck singled and came in on Cliff Higgins' double.

One more run came in for the Yankees in the bottom of the fourth as Lynn Chisholm got a bunt single and stole three bases.

But the Orioles charged back for the lead with three runs in the top of the fifth on an error, two singles, a ground ball and a walk. The Yankees nipped the rally with a double play as Lynn Chisholm took a hard-hit ball along the first base line, tagged the bag and fired to Sheldon Alexander at third to get that runner.

The Yankees charged back in the last of the fifth with three runs on a walk, an error and and-doubles by Alexander and Ross Hardwick.

Tommy Tuck hurled four innings of no-hit, no-run ball. He struck out seven and walked seven. Ross Hardwick worked two innings and got credit for the win. He gave up three runs on two hits, walked two and struck out one.

Robert Holmes pitched the distance for the Orioles. He gave up five runs on five hits, walked just two and struck out 12.

In the other minor league game, the Braves beat the Cardinals 12-5.

The Braves opened with two runs on two singles by Greg Bullard and Rusty Babione, plus a walk. The Cardinals lost little time knotting the score, as they marked up two runs on a walk, an error and a double by Bill Walker.

The Braves got in front again in the second with two more runs on two walks, a hit batter and a single by Bullard.

Three more runs came in for the Braves in the top of the third on a single by Greg Chisholm, a double by Steven Vines, three walks and Bullard's third single.

In the last of third, the Cards got their last three runs on a walk, a double by Dana Rush and a single.

Both teams tightened down then. In the fifth, the Braves finally broke loose with five runs. They came on a walk, a hit batter, a double by Eddie Robinson, an error and a single.

Three strike-outs held the Cards out of the scoring column in the sixth, after they had threatened briefly in the fifth with two runners on.

Bullard pitched the distance for the Braves and got the victory. He allowed five runs on seven hits, walked five and struck out six. Andy Scott worked

We were happy to note the appointment of L. C. Thomas as business manager of King's Manor. Mr. Thomas had served with distinction as principal of Central Elementary School until his retirement this spring. We feel that he will also be an asset to King's Manor.

If you're wondering what's going on around the postoffice building, we'll set your mind at ease. They are just repairing and replacing some of the mortar, etc. Nothing major; just a few minor repairs. The work should be completed in a few days, according to Postmaster Nolan Grady.

We also understand that the Hereford postoffice is faced with quite a problem over postoffice boxes. Apparently the shortage is acute. Many businesses are having to receive mail via the general delivery window, and the waiting list for boxes by both business men and individuals is growing longer. Just another sign of the continual growth of our city.

Wheat is beginning to trickle into the local elevators. The first load was delivered to Hereford last Friday; Pitman Grain Company receiving. This was dryland wheat grown by the Hewitt Bros. The first load deliv-

ered to Deaf Smith County's only other town (Dawn) came in the early part of this week and was accepted by the Dawn Co - Op. It was grown by Clarence Betzen (Betzen & Luke) on the Luke farm northwest of Dawn.

Raney's have started construction on the addition to their restaurant. The addition should almost double the seating capacity of the cafe.

Mr. and Mrs. Jim McDowell and children, James and Shawn, will be leaving Hereford this week. Jim has accepted a position as pharmacist with the Lubbock Drug in Lubbock. He has been associated with his father, Ansel McDowell, in Hereford the past year and half.

Received a card Friday morning from Mr. and Mrs. Homer Henslee who are vacationing in Washington, Oregon, and other points north. The Henslees are also planning a trip into British Columbia this week and will probably return to Hereford around the end of June.

Jimmie Roberts is going to be one of the most "traveled" men in Hereford if he doesn't slow down.

Jim, Betty, and their children, Beverly and Rickie, have just returned from Louisville, Miss., where they have been visiting relatives. After returning home, Jim discovered that he had won another trip to Lake Tahoe, Cal. ... compliments of the Zenith Corporation. They will leave July 16 and return home July 23.

Of course, these trips (and this is the fifth he has won) are given dealers who place first in sales contests, but the thing that mystifies us about the whole deal is this: How in the world does the man sell any merchandise when he spends all his time traveling? We're going to find out his secret someday.

They used to say "another

day, another dollar", but now it has been changed to "another day, another rain"! Abbie Crume was by the office Friday afternoon complaining because we were about to have a dirt storm. "Just look at that thing rollin' in" she says. Fifteen minutes later the rain (not the dust) was coming down in sheets. In fact, we're seriously considering trading our automobile for an out-board motor (with boat of course) just to be sure we can get back and forth to work. Oh well, it'll be dry again someday... you can bet on that.

We noticed the other day that someone had discovered what happened to the dollar watch: It's still with us but the price tag has gone up to \$6.50 - plus 65 cents (or 10 percent luxury tax), plus 13 cents sales tax. Which brings the total price to \$7.28. In fact, the tax that is now levied against the old dollar watch is almost as much as the watch was. On the other hand, I guess we can't complain. When you could buy the dollar watch for \$1 we were making \$12 per week. All in all, we guess things aren't always as bad as they seem.

The poor working girl who marries because she is tired of working is soon disillusioned.

A few years ago you did not believe in the X-ray. If anyone had suggested there was a light that would make the body transparent so that you could see the bones in your hand, you would have laughed.

A few years ago you did not believe that a man's voice could be carried through the ether and heard around the world.

A few years ago you did not believe that immense passenger planes could fly over sea and land from continent to continent.

A few years ago you did not believe that man could orbit the earth in slightly over an hour and return safely.

What are some of the things you do not believe today?

FOLLOWING A HEAVY RAIN Friday, a fertilizer tank stands abandoned in a puddle of water at the edge of a field as storm clouds again begin to form west of Hereford. The storms brought to a halt again farming operations in the Hereford area. Fields had just become dry enough for work to resume when upwards to two inches of moisture was dumped in some sections of the county. (Staff Photo)

Uses Of Freezer Discussed For Westway Club

Mrs. B. B. Northcutt spoke on the care and preparation of frozen foods at the June 13 meeting of the Westway Home Demonstration Club. Pointing out that frozen foods save time and energy, she advised the members to buy large quantities of fresh foods in season for freezing.

In addition to fresh foods, whole meals can be frozen. Mrs. Northcutt continued by planning a well-blended meal and cooking in double quantities. Preparing foods that can be cooked together saves washing so many utensils, she concluded.

Mrs. Merlin Kaul displayed her antique bisque dolls, which were made in Germany years ago. One of the dolls had been repaired at a doll hospital recently. It was dressed in the fashion of an earlier time.

There were 12 members present for the meeting, which was held in the home of Mrs. Kaul. Mrs. Bess Werner was co-hostess. Visitors were Carol Lamb, home for the summer from West Texas State University, Sue Northcutt, and Mrs. Jimmy Northcutt, a native of Austria. She is visiting in the Northcutt home while her husband is in service.

The next and final meeting for this club year will be in the home of Mrs. H. E. Owens. Officers for the coming year will be installed.

(Continued from page 1) Convening as an equalization board, the group decided to meet Monday, Aug. 12, at 3 p. m. for the public hearing on tax increases. If necessary, the board will remain in session for several days.

The court, during its business meeting, paid \$2,490 to Jay Sivadon for the remainder of the exterior work on the courthouse. Sivadon last week completed his contracted work to clean the marble exterior and replace mortar joints between the stone slabs. The project took about six weeks.

Commissioners also discussed fire contract they have with the City of Hereford, but reached no decision on the matter. According to estimates worked out prior to the bond issue, the following is about what the tax assessment increase will mean:

The owner of a \$10,000 home currently is taxed on an assessed value of 17 1/2 per cent of actual value, or \$1,750. The current tax rate is \$1.62 per \$100 of assessed valuation. That sets taxes at \$28.35 for the current year.

(Continued from page 1) said. These are trailer houses which are used by the TEC to provide temporary quarters, usually at construction sites. Patterson said that there were just three such trailers in the state and he didn't know if one could be located here or not.

Patterson said that he was waiting further word, although his supervisor had told him that it was very likely that the office would have to be closed here on the afternoon of Friday, June 28.

"Right now, we just don't know what's going to happen," Patterson declared. "We might have to move to another town around here, although our big work load is in Deaf Smith County and we'd like to stay here."

sed value of 17 1/2 per cent of actual value, or \$1,750. The current tax rate is \$1.62 per \$100 of assessed valuation. That sets taxes at \$28.35 for the current year.

For the coming year, the assessed value would be \$2,200 with the rate expected to continue at \$1.62, for a total tax bill of \$35.74.

For the owner of an irrigated section of land, the current tax for county and state purposes is \$107.57. This will increase to \$135.23 for the coming year.

Miss Loerwald Weds Mr. Dolle At Saint Anthony's

Saint Anthony's Catholic Church was the scene of the nuptial Mass for Miss Carolyn Suzanne Loerwald and Herbert Don Dolle Wednesday, June 12, at 5 p. m. The Rev. Angelus Delahunt, S. A., officiated. The bride, daughter of Mr. and Mrs. Edmund F. Loerwald, 224 Star Street, is a graduate of Hereford High School and Mount St. Scholastica College in Atchison, Kan. She served as editor of the Mount Mirror and president of the student body. With a Bachelor of Arts degree in English and a minor in elementary education, she taught fourth grade at Whittier Elementary School in Amarillo for the past year and will teach in the Hereford schools this fall.

Mr. and Mrs. Herbert Dolle of Littlefield are the parents of the bridegroom. A graduate of Littlefield High School and Texas Technological College, he has a Bachelor of Science degree in agronomy. He served in the United States Army from 1959-1962 and is now with the Soil Conservation Service here.

Double ring vows were exchanged before an altar decorated with two golden vases of salmon butterfly gladioli. On each side of the altar were ferns and wedding tapers in wrought iron candelabra.

Mrs. Elbert Vance, soloist, was accompanied at the organ by Miss Sharon Dolle, sister of the groom and by Mrs. Darrell Hershey. Musical selections were "On This Day, O Beautiful Mother," "Ave Maria," "Holy Matrimony," and "Mother, at Thy Feet As Kneeling". The traditional Russian processional and recessional were played.

Later in the evening the wedding guests were entertained with a dance, given by the bride and groom, with music by Clyde Miller.

For the wedding trip to Colorado, the bride chose a white cotton embroidered dress with black patent accessories.

Guests from Littlefield were Mr. and Mrs. Herbert Dolle, Sharon and J. T.; Mr. and Mrs. Bill Dolle and Belinda; Mr. and Mrs. Bill Brandt; Mr. and Mrs. E. J. Brandt, Jane and Pam; Mr. and Mrs. W. R. 14 Hits Equal 14 Runs When White Sox Win

A barrage of hits by the White Sox subdued the Red Sox at Pony League Park Thursday night. The Whites won 14-4 with the same number of hits as they had runs.

The Whites scored in every inning except the last. They put the Red Sox down in order in the first and then marked up three runs of their own.

With one out, Larry Brown doubled, and Gene Duvall got on by error. Jimmy Allison powered the next pitch over left field for the three runs.

In the second, the Red Sox tied the score at 3-3, the only time they got within striking distance. They pushed in the runs on two walks, a double by Ray Martinez and a single.

But the White Sox then turned on the pressure with two runs in the last of the third on a walk, an error, three stolen

bases and two singles. They picked up four more in the fourth on three singles, a wild pitch, a walk and an error. A double play from Roger Beasley to Cruz Chavarria helped keep the White Sox from running away in the inning.

Two more runs scored for the White Sox in the fifth on two singles, a stolen base and a wild pitch, plus two ground balls.

In the top of the sixth, the Red Sox got their last run on an error, a ground ball and another error.

The White Sox closed the gate and held off the Red Sox in the seventh.

Gary Story took credit for the win. He allowed four runs on five hits, walked four and struck out five. Johnny Pool and Cruz Chavarria hurled for the Red Sox. They allowed 14 runs, 14 hits, walked six and struck out two.

Her bouffant veil of imported French silk illusion was held by a sequined tiara, which was worn by her sister, Mrs. Frank Brorman, at her wedding. The bridal bouquet was a white Victorian rose with cascading French carnations. The bride also carried a prayer book, which was carried by an aunt at her wedding.

Bridesmaids were Mrs. Frank Brorman and Miss Kaye Dolle. Miss Patricia Loerwald was maid of honor. They wore street-length dresses similar in silhouette to the bride's gown. In graduating shades of shrimp, the dresses were made of taffeta with overlays of silk organza. In center back of each dress were three hand-fashioned roses, of matching material. Another of the roses held each of their tulle veils. Their bouquets were crescents of white gladiolus.

Serving as groomsmen Frank Brorman, Ron Kershner of Umbarger, and Albert Simmacher of Pep. Guests were seated by Daniel Loerwald, Elmer Reinart, Bill Dolle, and Hal Jilek.

The bride's mother wore a Nile green dress of linen weave silk shantung. Mrs. Dolle, the groom's mother, was dressed in blue cotton embroidered material. Both of their corsages were white roses.

Following the ceremony, approximately 300 guests attended a buffet supper in the school auditorium. They were served by aunts and cousins of the

Highway Patrol Investigates Six Traffic Accidents

Highway Patrol units stationed in Hereford investigated six rural accidents in Deaf Smith County during May, according to Sergeant W. E. Wells, area patrol supervisor.

These accidents, according to the patrol supervisor, accounted for two persons injured and property damage amounting to \$2450.

Rural accident summary of the county from January through May shows a total of 27 crashes on rural roads and highways. Four persons have been injured, but no fatalities have been recorded.

Property damage from the accidents has been estimated at \$10,630.

"It might well be said," commented the patrol supervisor, "that some of our good citizens do not associate in their thinking good citizenship with safety."

He pointed out that safety and good citizenship go hand in hand since a person cannot disregard traffic rules and regulations and still be considered as a good citizen.

"Good behavior in traffic—good behavior in our contacts with other citizens; strict regard for all laws—traffic laws included—these are some of the qualities expected in the good citizen of today," he concluded.

Ray Coneways Observe 50th Wedding Anniversary Sunday

In observance of their golden wedding anniversary, Mr. and Mrs. Ray Coneway were honored with a reception on Sunday, June 9, given by Mr. and Mrs. Paul Coneway and Dr. and Mrs. Edwin Goodall of Breckenridge.

Frieda Hazel Hitz and Raymond Paul Coneway were married in her parents' home on June 11, 1913 in Indianapolis, Ind. They moved in 1917 to her father's farm and ranch at Black, where her father, George Hitz, had put in the first irrigation well in Farmer County in 1911. They pioneered the raising of vegetable crops in this area and built a large sweet potato storage curing plant in 1919 at Black. A part of their farm is known now as the Hayes

place. Gold roses, chrysanthemums, and lilies were used throughout the home of Mr. and Mrs. Paul Coneway, Rio Vista Drive,

Minor Giants And Pirates Win Tilt

In a pair of make-up games in the minor leagues Wednesday afternoon, the Giants beat the Athletics 13-6 and the Pirates trimmed the Yankees 12-6.

The Giants got off to a slow start, getting just one runner on in the top of the first. The Athletics used walks and a hit batter to push in three runs in the last of the first to take their only lead of the game.

But the Giants turned loose their power in the second for nine runs. They loaded the bases in the third, after setting down the A's in order, but couldn't push in a run.

The Athletics got one run in the fourth on Kevin Patton's double and a ground ball.

In the fifth, the Giants fanned four more on five singles and a triple by Bill McMinn. They loaded the bases again in the sixth, but didn't score.

The A's got the sacks full in the fifth, but left them stranded. However they managed to

pick up two runs in the sixth on four walks, an error and two fielder's choices.

Lonny Noyes and Kenny Kearns shared mound duties for the winners. Leslie Wiggins and Bobby Albright pitched for the Athletics.

In the other game, the Pirates took advantage of 13 walks and four hit batters to win an 11-6 decision. They started quickly with three runs in the first on a walk, two hit batters, an error and two ground balls.

The Pirates, searching for their second win of the season, got one run in the second on a hit batter, a walk and a double by Morris Ayala. They added four more in the third on five walks, a hit batter and a fielder's choice.

Five runs scored for the Yankees in the last of the third. With two out, Tommy Tuck singled and Cliff Higgins walked to set up a three-run homer opportunity for Sheldon Alexander, who powered one over

left field. Singles by Bill McQueary and Loy Wylie, with two walks between, brought in two more runs.

But the Pirates took advantage of more wildness for four more runs in the fourth inning on six walks and a fielder's choice. They went down in order in the fifth.

McQueary scored the final Yankee run in the fifth on his single, an error and two stolen bases.

Hurling for the Pirates, who allowed five hits and walked five, were Bobby Banner and Jeff Deavenport. Oliver Eastman, Brent Caviness and Tommy Tuck pitched for the Yankees.

to
flame cultivate

Of course, it's not too late to flame cultivate. In fact, the weeds are really growing now, due to the excessive amount of moisture that we have received, and this condition makes flame cultivation even more important to you.

Flame cultivation will justify itself under any type of conditions (dry or wet) but it really shines when the rains come and the weeds begin to grow. The fields are too wet for conventional cultivation. Then, flame cultivation may mean the difference between a crop or no crop.

in the subdivision including water, electricity, gas and telephone facilities must also be stated. If water is available only from a well, the average depth of water must be told.

Also required by the law, is a statement on the complete price of the land and financing terms or rental.

The statement must also disclose the existence of blanket encumbrances-trust deeds, mortgage or any other lien-unless provision is made for proper release.

In the act is a section setting the advertising standards for brochures, publications and advertising relating to the subdivisions.

The main clause in the section states that the advertisements shall not "misrepresent or contain false or misleading statements of fact."

Actual road miles to facilities, points of interest or municipalities included on maps of the area or listed in literature must be disclosed, the act also states.

It also provides that land shall not be advertised for closing costs unless all such costs are itemized accurately. Neither may be land be given as an "award" or "prize" if any cost is involved.

Illustrations accompanying the advertising must also accurately portray the subdivision in its present state. Artists' conceptions of the subdivision and facilities shall not be included in material unless labeled as such.

Under the act, a person, agent or employee of a corporation who knowingly authorizes or assists in publication, advertising, distribution or circulation of any false statement or representation concerning subdivided land for lease or sale may be found guilty of a felony.

Student Welfare Basis Of School Operations

Closing of the Dawn elementary school marks an occasion which we feel sure is viewed with mixed emotions. At the same time, it is an action which might well be classed as inevitable.

In closing the school, the Hereford Board went against a tremendous opinion segment in Dawn but, since the decision was unanimous, there seems little question that some excellent reasons must have guided the trustees in their final opinion.

Dawn is the last of six or seven com-

munity schools to close its doors. For a long time, administrators have contended that schools of this size were not practical from a standpoint of all-around educational facilities and from the standpoint of operational costs. Dawn presented a "different situation" to the board, however, in view of the fact that the old common district was originally consolidated against heavy protest, which was followed by a suit in district court. This factor, we feel sure, has motivated trustee thinking for many years—and more especially the past five years.

Centralization of education is certainly not unique to Deaf Smith County. Instead, it has become universal all over the United States—and will likely become all the more pronounced during the next 10 years. Some educators already contend that a high school which does not graduate 100 students each year cannot efficiently operate on several scores. In the Dawn situation we note that local trustees pointed to "Conversational Spanish" along with other innovations as impossible in a small school. In addition, cost figures showed a near-double figure for the Dawn unit as compared with larger groups in Hereford on a per capita basis.

Dawn residents, like those in other parts of the nation, naturally feel remorse over the fact that removal of the school will tend to decentralize a progressive community. This without doubt is true to a large extent. At the same time, cost of operation is offset by taxpayers all over the large district, which brings up the question: "Is it fair to penalize all of the people in the district to solidify any single community?"

Bus travel is of course a serious question, especially on a long haul such as the Dawn district. However, bus travel is already a problem in view of early arrival at the school in order to continue the haul of high school students on into Hereford.

This particular case, like all others of the same nature, should be settled on the basis of what is best for the youngsters. In the United States our constitution guarantees these youngsters equal opportunity with other boys and girls, and it is the job of our trustees to see that this condition is realized. The Dawn decision, as we interpret it, was made on such a basis. Add to this the fact that the board, composed chiefly of neighboring farmers within the district, was unanimous—following long and careful study—and it seems that the people of the Dawn community were given fair and impartial treatment.

Many of them will be unhappy, this we know. At the same time, it could have been unrequitable had the board pursued any other course.

that the original cost, somewhere around \$25,000, is probably the best investment the community ever made. Originally, the camp was financed through donations—chiefly along Main Street—and was purchased from the government as part of the dismantled Prisoner of War Camp located here during World War II. It is now incorporated as a non-profit organization, and is operated through much hard work on the part of a few interested administrators, many of whom donate their time.

The Labor Camp is not a place where one usually takes visiting celebrities. It has no outstanding architectural feats—and very few modern conveniences—but it accounts each year for more income, more progress, and greater growth than the hotel, community center, and a dozen other projects combined; it has been the focal center of more controversy and discussion than perhaps any other single development within the county—yet, what would we do without it?

Yes, without hesitation, we would say that the Migratory Labor Camp has done more to change the community and the way all of us live than any other single innovation yet to come our way.

Pros And Cons On New Lines

Members of the Commissioners Court this week took their initial look at a re-districting proposal for Deaf Smith County.

We do not know how the commissioners reacted, but it is obvious that the proposal would miss solving all of our precinct problems by a tremendous margin. Chief of these problems would be representation which, according to vote count in the 1960 general election, follows:

Precinct 1	805
Precinct 2	2061
Precinct 3	116
Precinct 4	259

Under the re-districting proposal, precincts one and two are taken care of in good shape when it comes to representation, since each would include approximately 1400 votes. Precincts three and four, on the other hand, would still represent only 375 votes as compared with 2800 in precincts one and two. Yet, the vote of a commissioner representing 185 people will carry just as much weight in the court as the vote of a commissioner representing 1400 people.

This, we do not consider equal representation.

Visitors See Carnival And Irrigation Wells

Hereford has extended the welcome hand to many visitors this week. They are here from Chicago to Los Angeles, from Nebraska to South Texas to see the wonders of irrigation and to enjoy the other natural and artificial attractions. The climate, cool nights and sunshine days, the water, "Oceans of Water" from the wonderflow wells are some of the natural attractions. The merry-go-round, the doll-rack, the Ferris wheel, the "loop-the-gap" bicycle boy, are only a few of the artificial attractions furnished by the Southern Amusement Co. And they have some natural attractions too, the dog and cat show, the negro minstrel, the dancing girls, the "games of chance," the "big snakes, etc., a fairly good line of things doing." Big crowds are out every afternoon and night rubbering. But the street carnival is only the "side show"; the "Big Show—The Greatest on Earth"—are the big streams of water flowing from the score of wells. A string of autos have been making the trip to the wells every day, but today and tomorrow a special effort will be made to get everybody out to see the greatest irrigation pumpers of all Texas. Those who have come hundreds of miles to see big pumpers have "with one accord" remarked that the pictures which they have seen broadcast and the stories which have been told are not half the truth. Everyone is wonder struck by the volumes of water. It is estimated that today and tomorrow some 2,000 people will witness the wells. The Carnival will close Saturday night at 12 o'clock—a happy success.

A good phase in the proposal centers around the fact that precincts three and four would contain a more equal division of miles—and roads. Four is now overloaded, according to reports.

We feel that these points merit extensive additional study in an effort to better represent all of the people if possible. How? We do not know, unless the county should decide to operate road maintenance on a basis of central, rather than precinct supervision—and this idea appears unpopular in many circles, especially with the commissioners who will have to initiate any re-districting program within the county. Unfortunately the bulk of Deaf Smith county's population is located in one corner, and therein lies the source of our troubles in recent years, more than ever before, it

seems to us that we have been operating with "county commissioners" more than "precinct commissioners"—all of which diminishes the need for new district lines. It is possible under the proposal, with the attitude of county-wide welfare at heart, that our commissioners might function more efficiently. Only time would tell the story.

We could also move all of the people back out to La Platta, original county-seat before the railroad came along, and solve all of our problems in one fell swoop. Meanwhile, it seems to us that the commissioners are doing a pretty fair job—and we feel sure that they will consider and review the proposal without prejudice or individual greed. According to the present state laws, their decision is the only one which will count, anyway.

legislature added an emergency clause calling for the law to take effect immediately. However, existing subdividers have six months to comply with all provisions of the new law.

Advertising standards are set forth which, in many instances, duplicate those contained in NBBB's "recommended Standards for Land Advertising," he added.

The Act provides severe penalties ranging up to imprisonment for five years and a fine of \$100,000 or both for false or fraudulent advertising of subdivided land, the NBBB bulletin states.

In the new act, provisions stated that it is unlawful to sell, offer to sell, lease or offer to lease subdivided land until a plat has been approved by the county commission in the county where the land is located.

Legal access "from an existing public way and to each lot" must also be dedicated and accepted by the commission before the sale of lots can begin. Before subdivided land can be sold or leased, the law provides that "certain conditions must be disclosed in writing to the purchaser or lessee."

All restriction or reservations of record which subject the subdivided land to any unusual conditions affecting its use or occupancy must be noted.

The statement must also tell of any street or road facilities that have not been accepted for maintenance by a governmental agency.

BURGULARS ROB JEWELRY STORE

Two Latin Americans who checked into the Elite Hotel last Sunday and then went to work in their room with king-sized hand drills, robbed Lindsey's Jewelry by gaining entrance through the ceiling straight from their room above. Truman Lindsey said at mid-week that he had not completed checking his losses, but he figures 25 watches, 40 or 50 birthstone and pearl rings and two transistor radios were missing. The two men registered in the hotel about noon Sunday. At 9 a.m. Monday when the maid checked the room, she discovered a large square hole in the floor. Another hole through the metal ceiling of the jewelry store had been cut. Downstairs the hole in the ceiling had not been discovered since it was in the darkened store room of the firm. Officers said the men apparently used large hand-operated drills to make the opening through the floor large enough to admit their bodies.

DAM PROJECT FUNDS SOUGHT

Lamb County commissioners are being pressed into following the lead of Hale County in allocating money on the Running Water Draw Watershed Project. A trust fund by counties along the draw is being set up to possibly speed action on building flood-control dams. Last week Hale County Commissioners allocated \$12,500 as their share of the proposed planning costs. Lamb County, which is a signed co-sponsor on the project, will be asked to part with \$41,67. That is the price of one structure. County Judge J. B. Davis said: "We haven't met as a court to discuss money for future planning, but I'm sure things will soon get rolling. Almost everyone in Littlefield is for it. The Lions Club and other clubs favor the structure as does the Chamber of Commerce."

ROAD CONSTRUCTION EXPECTED SOON

The proposed short-cut highway between Muleshoe and Portales, which would top some 15 miles off the present route, reached the planning stage this past week when officials of Bailey County and Roosevelt County, N. M., met in Portales to work out plans. County Judge Glen Williams and Precinct 2 Commissioner, Loyd Stevens, met with the Roosevelt County group. The new road, which would aid both cities, has been changed from its original plan, and when completed will link the two county seats on an almost direct line.

WHEAT HARVEST UNDERWAY

Although thousands of chattering combines have started chewing their way through millions of acres of wheat—as the national and state news releases say—the noise is barely audible in this area and is not expected to get much louder. Because of severe winter freezes, coupled with the driest winter and early spring in many years, only a small fraction of the area's wheat acreage will be harvested, and that will primarily be the irrigated wheat.

THE BOOTLEG —Philosopher

Editor's note: The Bootleg Philosopher on his bindweed farm discusses work this week, a subject he doesn't mind talking about, if you follow us.

Dear editor:

I was looking through a farm magazine the other night and ran across a letter by a farmer with a curious problem.

He wanted to know why farmers can't have a standard work-week like city people. "Why can't we have a standard," he asked, "so when we quit work at 6 we won't feel like we're loafing?"

This question brings up so many answers I hardly know where to start attacking it.

In the first place, I've never had any trouble knowing when to stop working. I've sometimes had trouble knowing when to start, but never when to stop.

Maybe city people have to be told when they're tired, but I've never had that shortcoming.

This farmer went on to say he'd like to know what work hours other farmers put in around the U. S., on the grounds a uniform standard could be established and a man could get off his tractor at a certain time each day without feeling sheepish about it.

A man who has to watch his neighbor to know when to stop plowing is in the wrong business. On the other hand, any neighbor who watches me to learn when to start, will go broke.

But this idea of a standard work week for farmers worries me. You let somebody in Washington hear about it, and it won't be long before he'll come out with some new legislation called an Hour-Control Program, with government checks cut if you go over or under it.

A farmer's day begins when he wakes up and ends when he goes to sleep, and what he does during those hours is his own business, provided the support price is satisfactory. And any farmer who can't figure out how to spend those hours, without looking over the fence to make sure he doesn't work longer, or shorter than his neighbor, ought to move to town and get a job where somebody can make these decisions for him.

I don't want anybody telling me how many or how few hours I can work a week. This is a matter I can decide for myself, even if it takes me the first five days to decide what I plan to do the last two.

Yours faithfully,
J. A.

Virginia Church Is Scene Of Hawkes-Benson Wedding

The wedding of Miss Peggy Jeanette Hawkes, daughter of Mr. and Mrs. John A. Hawkes of Church Road, Va., and John Greer Benson, son of Mrs. Lloyd E. Barnes, Jr. of Roswell, N. M., and Henry N. Benson of Hereford, took place Saturday, June 15, at 4:30 o'clock in Trinity Methodist Church.

The Rev. Joseph A. Kelly performed the ceremony before an altar banked with mixed white flowers, palms, and cathedral candles. Mrs. Robert G. Rawlings, organist, accompanied

Robert Marek, soloist. Given in marriage by her father, the bride wore a gown of white peau de soie with a scooped neckline appliqued with Alencon lace. It was styled with cap sleeves, fitted bodice, and bell skirt, with detachable chapel train. Her veil of imported illusion fell from a pill box headdress, which was fashioned of peau de soie and lace to match her gown. She carried a cascade bouquet of orchids and carnations.

Bruce E. Benson of Roswell, N. M., was his brother's best man. Ushers were Joseph A. Fuller of Dallas, Tex., Homer D. Hinds, of East Orange, N. J., and John R. Hawkes, and Thomas A. Hawkes, brothers of the bride.

Robin Stanfield was flower girl. She wore a pink trestlette dress and carried a basket of rose petals. Marvin Springston, nephew of the bride, was ring bearer.

The bride's mother wore a blue street-length sheath dress. The bridegroom's mother wore a beige street-length dress. Their flowers were cymbidium orchids. Following the ceremony a reception was held in the Social Hall of the Church.

After a southern trip the couple will make their home in Dallas. Mrs. Benson attended Mary Washington College of the University of Virginia. Mr. Benson was graduated from the University of Texas. He is with the Mercantile Bank in Dallas.

Miss Christman Shower Honoree

A shower tea honored Miss Lois Christman, bride-elect of James Lee Smith of Cherokee, on June 7 in the home of Mrs. Robert Wagoner. In the receiving line with the bride-to-be were her mother, Mrs. Fritz Christman, and her maid of honor, Miss Dixie Wilbanks of Ballinger.

Guests were registered by Miss Marlene Legg. Mrs. Owen Stagner, Mrs. Marlin Gilliland, Mrs. Clyde Rayburn, and Miss Linda Hair presided at the tea table, which was laid with a French lace cloth and set with crystal and silver appointments. The bride-elect's chosen colors of yellow and white were used in the centerpiece.

Hostesses were Mesdames Robert Wagoner, Owen Stagner, Marlin Gilliland, Ben Childers, Jimmie Allred, Bud Minor, Edward Roberson, E. W. Young, Ralph Paul, Sam Morgan, J. J. Durham, Tandy Legg, Roy F. Calvert, Dub Hare, B. L. Davis, Taft McGee, George Suggs, C. J. Crump, Clyde Rayburn, Carl R. Allison, H. R. Short, L. J. Clark, and Paul Harvey.

Mrs. William Springston of Wilsons, Va., was her sister's matron of honor. She wore a street-length dress of pink trestlette over taffeta with scooped neck and bell skirt. Her head dress was a pink rose with a circular veil. She carried an arm bouquet of pink carnations.

The bridesmaids were Miss Camille Chesson, and Miss Donna McCord of Norfolk, Va., Miss Jean Rhodius of Jamaica, N. Y., and Miss Carla Wilkinson of Lynchburg, Va. Their dresses and flowers were identical to that of the honor attendant.

How Does Your Crop Look? GIVE IT A BOOST WITH Golden URAN

Realizing that the weather in recent weeks hasn't been conducive to "tops" in crop growth, we would like to offer a suggestion. Heavy moisture and cool weather have slowed young cotton growth considerably—to counteract this condition in the face of a shortened growing season, we recommend an application of from 5 to 7 gallons per acre of GOLDEN URAN. The nitrate content of this excellent nitrogen fertilizer will provide a quick boost of growth power to the dormant plant. This small amount of nitrogen will in no way affect the maturing of the crop, but will give it added leaf and root growth. IF YOU ARE ONE OF THE MORE UNFORTUNATE WHO HAVE TO REPLANT—WE WOULD LIKE TO SUGGEST THAT YOU APPLY A BOOSTER SHOT WITH YOUR SEED!

First Loss For Giants As Yankees Take 8-0 Shutout

The Giants lost their first game of the season Tuesday night as the Yankees shut them out 8-0 in Little League Park.

Big Jim Rakestraw hurled a four-hitter for the winners

and didn't allow a hit in the last three innings to foil the Giants' almost-patented process of coming from behind late in the game.

Meanwhile the Yankees took advantage of two errors and

some sharp hitting. They lost little time as they tallied twice in the first inning. Tom McGowan was safe on an error, took second on a stolen base, went to third on a passed ball. David Huckert walked and stole second.

Ricky Adams singled in one run and another came on an error in the outfield. The Giants had two singles in the first inning, but left runners stranded.

Jim Loerwald homered for the Yankees in the top of the second to make it 3-0. In the bottom part of the inning, a walk and a single put two more runners on for the Giants, but again they were left on base as two struck out.

Adams doubled to open the third inning. He took third on a passed ball and came in on mound.

A double by Tim Fuston and a walk put runners on again for the Giants in their half of the third, but they couldn't come in.

Big inning for the Yankees came in the fourth, when they scored four runs. With one out, Kevin Young singled, McGowan walked, Huckert doubled, and Adams doubled. Rakestraw singled but was caught trying to stretch it to a double.

The Giants went down in order in the fourth and fifth. In the sixth, they got two on by walks, but two strike-outs preserved the shut-out. The Yankees went down in order in the last two innings.

Rakestraw allowed four hits, walked four and struck out seven.

Danny Massie and Jack Meredith hurled for the Giants. They allowed eight runs on nine hits, walked three and struck out four.

Little Ricky Adams of the Yankees was the top hitter with two doubles and a single in four trips. Tim Fuston's single and double provided half the hits for the Giants.

In one minor game, the Giants beat the Pirates 10-4. The

Giants sewed up the game in the first inning with seven runs. The Pirates got a pair of scores in the bottom of the first. The Giants got one more in the second, another in the third and one in the fourth.

Last two runs for the Pirates came in the third and the fifth. Fidel Vigil hurled for the Giants with Jeff Deavenport going for the Pirates.

In the other game, the Cardinals blasted the Athletics 25-6. The Cards opened with four runs with a home run by Bill Walker. The Cards picked up three more in the second while the A's got back in the game with four runs in the second.

The Cards scored one run in the third, set the A's down without a run and then scored seven more in the fourth. The Athletics managed to get one run in the fourth. Ten runs crossed for the Cards in the fifth and the Athletics managed to get their last run in the sixth.

Johnny West and Dana Rush hurled for the Cardinals with Mike Brunley and John Pesina going for the Athletics.

Mrs. Elmer Jones Is Sunshine Club Hostess Tuesday

On June 11 the Sunshine Club met in the home of Mrs. Elmer Jones. Each member answered roll call with her answer to the question, "Where will I spend my vacation?" After minutes were read and approved and the treasurer's report submitted by Mrs. Clint Lundry, plans were discussed for a picnic supper for members and their families. It will be at 8 p. m. on June 18 at the Clint Lundry home.

Mrs. Elmer Fryar won the penny ante gift and Mrs. Clois Kemp the hostess gift. Refreshments were served by the hostess to Mesdames Clois Kemp, Elmer Fryar, George Minor, Clint Lundry, and Thurman Cole. Miss Alma Andrews was a visitor.
