CUTTING OFF THE TYING RUN was mighty close Friday afternoon for Hereford as it rallied to beat Littlefield 8-5 in the District Pony League tournament. When Littlefield's James McAdams tried to score on a passed ball, Hereford was leading 6-5. But catcher Brad Johnson made the tag with moral backing from Bill Watts, at right. (Staff Photo)

## Escape Thru Window Futile As Police Nab Two Youths

By Gardner Collins  
Brand Staff Reporter

Two juveniles are being held by Deaf Smith County authorities and are awaiting return to Nebraska after leaving a trail of allegedly stolen automobiles from Nebraska to Colorado. The two youths, one 15-years-old and the other 16-years-old, left the last car they reportedly took in Denver before hitchhiking into the Texas Panhandle and to Hereford.

Following their capture in a maize field just north of the city limits the story of the pair began to unfold as law enforcement authorities began checking on the youths.

Checking with authorities in other states, it was learned that they ran away from Orville Wright Boys Home in McCook, Neb., several weeks ago.

They are believed to have stolen an automobile, but later abandoned it in a Nebraska community. There they took another vehicle and drove to Denver, Colo. The second automobile, a late model Lincoln Continental, was also abandoned as the pair began hitchhiking toward Texas.

According to a Deaf Smith County deputy sheriff, the youths arrived in Amarillo and were looking for work. They were hired to work in Hereford. They arrived here Sunday and were staying with Francis Miles, who lives at the end of Avenue K. Miles became suspicious of the youths from the stories they were telling and asked the Sheriff's office to check on them.

As a deputy and a Texas Highway Patrol officer arrived at the home late Wednesday afternoon the two youths bolted through a rear window of the home — diving through an aluminum screen. They hid in a maize field at the edge of town.

As the officers entered the home, searching for the youths, a man working next door spotted the pair as they fled and reported their hiding place to officers.

Help was summoned by the officers and the field was surrounded. Units assisting in the arrest consisted of Hereford Police Department officers, Texas Highway Patrol, Texas Rangers, and Deaf Smith County Sheriff's officers.

The two were caught by police patrolmen as officers searched the field.

The two were being held as alleged juvenile fugitives for alleged violation of the Dyer Act. Nebraska law enforcement authorities have been summoned to pick up the pair.

The 15-year-old lists his home as Denver, Colo., and the 16-year-old is from Crofton, Neb.

### SECOND TIME TO STATE

## Miss Witkowski In District Winner In 4-H Dress Revue

Lou Ann Witkowski, daughter of Mr. and Mrs. Leo Witkowski, was elected Friday, July 26, to be one of the four representatives from this district to compete in the 1963 State 4-H Club Revue to be held in October at the State Fair of Texas in Dallas.

Lou Ann, 17, was a winner in the Deaf Smith County Dress Revue held at the Hereford High School Auditorium on Friday, July 12. She has been a 4-H member for nine years and is in the Hereford Workers 4-H Club.

Miss Witkowski has been to the State Dress Revue one time previously as a representative of Castro County, where she lived before moving here. She has also participated

in the State 4-H Contest twice with safety demonstrations.

In 1963, she was named Deaf Smith County Bake Show Queen and has also had projects in yard improvement, gardening, food preservation, leadership, and public speaking.

At the District Dress Revue, held at the Holiday West Vic Mon Motor Hotel in Amarillo,

Lou Ann modeled a moss-green basic sheath dress with three-quarter length sleeves and a high collarless neckline. For accessories, she chose cinnamon brown patent opera pumps with matching bag, beige gloves and a feather hat with predominately brown tones.

Each entry was scored on four points: the girl, her posture, grooming and poise; the costume on the girl; the garment as a choice for the girl, including color; design and fit, construction of the garment; and clothing records submitted by the girl.

Janice Turrentine, 12-year-old daughter of Mr. and Mrs. George Turrentine, also represented Deaf Smith County in the Amarillo Dress Revue. She was in the Junior Dress Revue, which is not judged.

Janice wore a gold and white cotton dress-trimmed with eyelet beading and brown velvet ribbon down the center front. She has been an active 4-H member for about four years and has completed many projects in fields other than sewing.

The 4-H Club not only teaches the girls how to construct the garment which they enter but it also teaches them color coordination and gives them model-

Named as members of the Grand Jury for the July term are: Mrs. Leo Forrest, J. F. Martin, Mrs. J. D. Kelly, Denzil Pulliam, Mrs. Raymond Higginbotham, A. R. Dillard, Eldred Brown, Mrs. Clyde Russell, Mrs. Lewis West;

E. H. Leorwald, E. C. Reinauer, W. H. Andrews, Myron Morgan, Jim K. Wirman, V. P. Walker and C. R. Damron.

## Borger Wins Pony Tourney Hereford Takes 2nd Place

Borger walked off with the District One Pony League baseball tournament here this week. They capped three outstanding performances with a 17-5 rout of Hereford in the final game Friday night.

But Hereford had its moment of glory by knocking off Littlefield 8-5 Friday afternoon to earn a shot at the title. Borger as District champion, will enter the Sectional Pony League tourney in Tulsa, Okla., on Aug. 1.

Following Friday night's game, Hereford League president B. F. Cain presented the first place trophy to Borger and the runner-up trophy to Hereford.

With 2-1 records, both Hereford and Littlefield scrambled Friday afternoon to stay in the double-elimination tourney. Hereford had edged Littlefield 3-4 in the second round of action. But Littlefield battled back for an easy win over Irrigation League to gain another shot at the host team.

But Hereford's power exploded to knock off the South Plains team.

As the game opened, each team got a single, but failed to score. In the last of the second, Brad Johnson hit his first homer of the year over the left field for a 1-0 lead. Felix Albiar singled, but was stranded.

The lead changed abruptly in the top of the fifth as Littlefield cut loose for five runs. They came on four costly errors, a single by Fred Koontz, a walk and a double by Mike Bellar.

But Hereford was equal to the task and charged back in the last of the fifth for five runs and a 6-5 lead. The runs came with two out on an error, a walk, a double by Gene Duvall, a three-run homer over left field by Bill Watts, a double by Jimmy Allison, an error and a single by Jerry Fowlkes.

Littlefield threatened seriously in the sixth with an error and a walk putting runners on second and third with none out. Bill Watts was called in to relieve Felix Albiar on the mound. He got the first batter to pop up and the next to ground out to first without an advance. James McAdams tried to score on a passed ball, but was tagged out at the plate.

Mike Horton got on by error in the last of the sixth, but was doubled off second base as Bellar caught a hot line drive and fired to Denny Walker who was covering second. Lee Robinson worked a base on balls and Duvall

on six hits, walked two and struck out five. Larry Reese worked one and one-third innings. He allowed two runs on two hits, walked one and struck out two.

Phil Cain made a good play on Koontz' smash to third and threw out the runner in the top of the seventh. Watts then struck out the next two batters to close the game.

Albiar got credit for the victory. He worked five-plus innings. He gave up one hit in the first and two more in the fifth. He was touched for five runs, walked four and struck out six. Bill Watts did a fine job in relief as he worked two innings, gave up no runs, no hits, walked none and struck out two.

Lindy Stansell was the loser. He worked four and two-third innings. He allowed six runs

## Latin Not Badly Hurt From Two Knife Wounds

A Latin-American laborer received two knife wounds early Thursday morning, but was not seriously hurt.

Frederico Lopez Rodriguez of Alamo, Tex., reported to Deaf Smith County Hospital with two stab wounds in his left side. He appeared about 2:55 a.m. Thursday and was given emergency treatment.

Following examination, he was released from the hospital about 9 a.m. Thursday.

Although questioned by city police officers, Rodriguez said only that the incident took place someplace inside Hereford. He declined to make any other statement and would not name his assailant.

## 4-H Delegates Attend Electric Camp This Week

Deaf Smith County delegates to the annual 4-H Electric Camp at Camp Scott Able near Cloudcroft, N. M., will board the chartered bus Monday morning, July 29.

Attending from Hereford are Maura McAndrews, girl representative to the District Council; Joann Marnell, Lou Ann Witkowski, Jack Thomas, boy representative to the District Council; Dick Plank, District I Officer; Robert Galley and Jon David Miller. Mr. and Mrs. Harold Head of Westway will accompany the group as leaders.

The camp is sponsored for delegates from District I by the Southwestern Public Service Company and will feature training in leadership, recreation and use of electricity. It will be held from Monday, July 29, through Friday, August 2.

## \$5,000 Bond Set On Forgery Case

An Amarillo man was arraigned here Friday on charges of forgery. Clifford Duncan, 34, waived an examining trial and bond was set at \$5,000 by County Judge H. C. Williams.

The man had been free on bond on a charge of felony theft, alleging he took a batch water meter from a construction site here. The meter was valued at \$400.

Duncan was free on \$500 bond on the theft charge when arrested by county officers last week. He first was arrested on July 15.

## Around Town

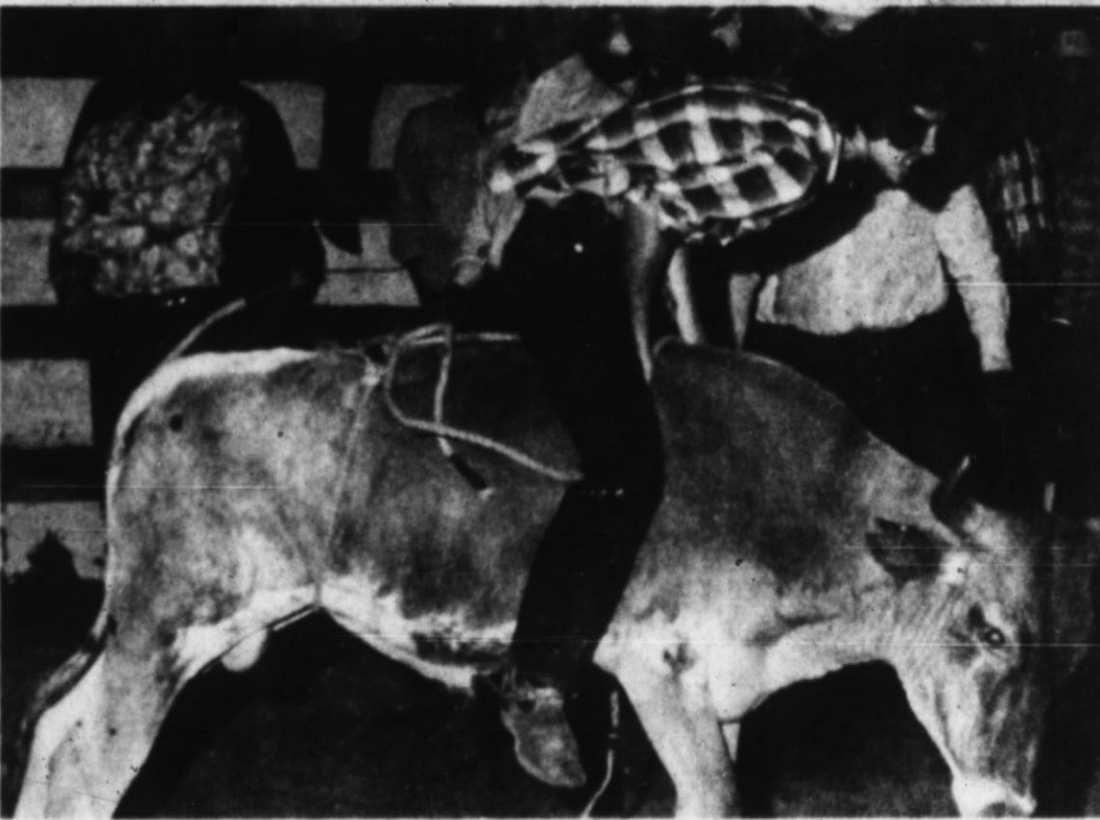

BY H. A. TUCK  
Man oh man, this has been one busy week for Hereford. The Festival was fine this year, although we didn't get our fill of cotton candy — one of our secret failings. Nor did we get to throw baseballs at the dunking board target while County Judge Hank Williams was getting dropped. Other than that, we joined a lot of other people in having a wonderful time.

This year, even the weather cooperated by not raining out at least one night of the rodeo, as has happened almost every year. We understand that young Kim Gripp put on quite a show for the rodeo fans Thursday night. Kim, who's not much bigger than a chihuahua puppy, is being coached by his father, long-time rodeo rider and roper Spieer-Gripp. Kim crawled up on his dad's horse and caught a calf by the hind leg. But the calf was bigger than Kim and the horse had to do much of the work. Then, when the calf finally fell, his legs were beneath him and Kim had to rattle him over before making the tie. When all this was done, Kim just sat on the calf, took off his hat and mopped his brow.

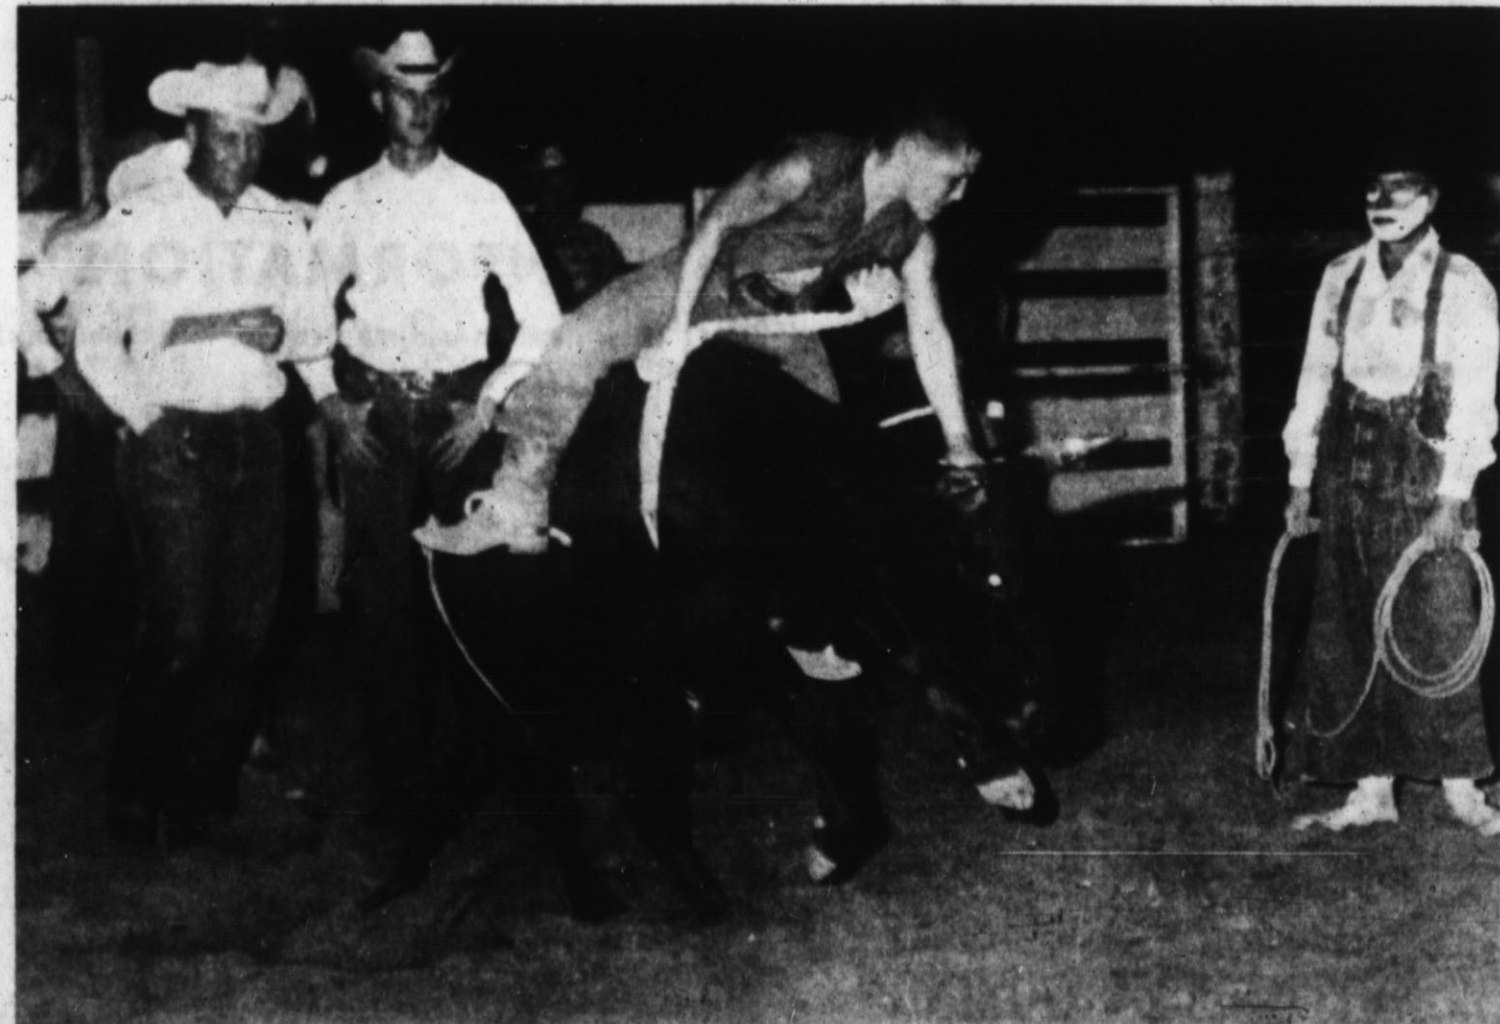

We also noticed that the rodeo got started right on time every night, which is the only good way to run such a production. But there are few things harder to get rolling than a bunch of independent-thinking cowboys and cowgirls for a timely Grand Entry. Congratulations to the Hereford Riders Club for a top-notch job.

It was disappointing Friday night to watch Hereford's last-remaining baseball team go down in defeat. But all the teams were fine ones and we couldn't be much prouder if all of them had taken World titles. With-

## Open Lifesaving Class On Monday

Registration for a senior lifesaving class, sponsored by the American Red Cross, at the Hereford Municipal Swimming Pool will be at 6 a.m. on Monday, July 29, and registration also be held at this time. Anyone wanting further information may contact either Mrs. Bruce Miller at EM4-2554 or Mrs. Peggy Nanninga at EM4-1885.

The third session of children's classes will start on Monday, Aug. 12, and will continue through Friday, Aug. 23. These classes are already filled from the overflow of the second session. If there are any vacancies registration will be held on Tuesday, Aug. 6. If the classes are full, there will be no registration on Tuesday.

Children who are registered from the second session of swimming lessons should report to the pool on Monday, Aug. 5, between 10 and 11 a.m. for classification and payment of pool dues.

## Hair-Raising Theft Carries Off Man's Tools

A burglary is always bad business — but when it puts a man out of business, that's tragic.

But that's what someone did to Bill Knox Friday night when they broke into his Main Street barber shop and made off with the tools of his trade.

When Bill arrived for work Saturday morning, he found missing: two pairs of clippers valued at \$50 each; one pair of \$25 clippers and one \$20 radio.

Police said the culprit broke a window in a restroom between Knox's shop and another building, then crawled inside.

Knox put a sign on his door Saturday morning informing his patrons: Closed for a short while because of a break-in. Then he high-tailed it to Amarillo to get more tools.

Knox was back in business Saturday afternoon. He was also seriously thinking about taking his clippers home with him each night in the future.

## Water Depletion Test Case Goes To Appeal Court

Attorneys for High Plains Underground Water Conservation District have been advised that the water depletion case, styled Marvin Shurbet et ux vs. United States of America, was appealed by the government on July 22, 1963.

The appeal is from a judgment rendered in May, 1963, by Judge Joseph B. Dooley of the U. S. District Court for the Northern District of Texas. Judge Dooley's ruling sustained Shurbet's claim for a federal income-tax refund.

The case will now go before the 5th Circuit Court of Appeals in New Orleans, Louisiana. Claim for refund is based on a cost depletion deduction for ground water used while irrigating agricultural crops.

The suit is a test case, and is sponsored by the High Plains Water District in an effort to obtain a federal income-tax deduction for all owners of ground water in the southern High Plains of Texas.

There is no indication at this time when the case will be heard by the court in New Orleans.

Another Harvest Festival is now history, and it is apparent that the event was a tremendous success throughout. We would have said that even if we had not been general chairman; a fact that we wanted kept quiet until we knew the final results.

merce Manager, Bill Thompson, and to the individual committee chairmen who organized and pushed the affair through to the grand finale.  
The Committee functioned smoothly under the direction of their chairmen, and all-in-all, everyone who worked on the festival did an outstanding job. As far as we can determine at press time, every event was a success.

Business along Main Street has picked up sharply the past few days, with the folks taking advantage of final sales on summer merchandise and beginning to shop for the heavier fall clothing, now on display in all stores. Most retailers report much more interest in the fall lines than in the summer goods, however. I suppose we're a little old-fashioned, for we seldom buy winter clothing until the need arises, although, it has become

quite customary these days to buy winter togs in July and August. Probably the introduction of the refrigerated air conditioner has changed many buying habits, and no doubt it is for the best. An advantage that is quite apparent is this: If the customers aren't buying the fall lines, just turn the air conditioning up a little and give them a preview of what's coming.

The First Methodist Church is making fine progress on the new addition to their building. This is a most unusual building, and we're looking forward to the completion date so that we may take a grand tour.  
Which reminds us of the story Herschel Thurston was telling over a cup of coffee recently. According to Herschel, this happened at a Board of Stewards meeting just after the announcement of the forthcoming building program and plans to tear down the old church building.

One of the board members arose to make this announcement: "The Hereford Fire Department wishes to extend its congratulations and gratitude to the people of the Methodist Church. We have had a standing order posted for years to the effect that if the First Methodist Church ever caught fire, immediately roll every wheel in the department and call Canyon, Friona, and Dimmitt fire departments for help."

Herschel allows that he knew the old building was in bad shape, but didn't realize that the fire department was keeping such close tabs on the thing.

Owners or operators of light vehicles whose operation involves frequent idling and require high cooling capacity will be interested in a new rooftop air conditioner. Designed for taxicabs, station wagons, limousines and light delivery trucks, it is being marketed by a Florida firm.  
However, what we are most interested in right now, is an air conditioned suit to be worn while walking up and down on the hot street.

Scoutmaster Nolan Grady and Scout Troop 50 were busy this week handling the traffic problem at the Lions Club Carnival. And the boys did a top notch job of it, too. Nolan says this will give them a little practice for their safety work. Act-

ually, we hardly see how the boys handled the situation since autos were bumper to bumper both coming and going. But they managed to keep it rolling.

R. L. Etheridge was one of the busiest people we observed during the event. Mr. Etheridge was handling the cotton candy machine, and at times we wondered if he didn't have more cotton candy on himself than in the machine.

We also tried to get a sandwich Friday night from the Kiwanian who were barbecuing the beef, but to no avail. They wanted a ticket and we didn't have ours with us. They did offer us a cup of the "campfire coffee" but we declined. Their coffee is out of this world, and we mean that literally.

To parents, a miracle drug is any one the kids will take without screaming.

And then there's the one about the tramp who said to another: "There I was, boss of 67 men in my department, when someone suggested it might be a good idea if I took one of those aptitude tests too."

**Golden Circle Has Class Meeting On Friday At Church**

The Golden Circle Sunday School of the Avenue Baptist Church met in the home of Mrs. Charles Gresham on Friday, July 12, at 8 p.m. The meeting was called to order by the president, Mrs. C. V. Burgess Jr., and the opening prayer was given by Mrs. Dale Barkley.

In the business meeting, these new officers were elected: Mrs. Dale Barkley, president; Mrs. Norman Messick, vice president; Mrs. Winston Hill, secretary; Mrs. Bill Parvin, class mistress; Mrs. C. V. Burgess Jr., recording secretary; Mrs. Jerry Landers, scrap book chairman; Mrs. Jack Flowers and Mrs. Leonard Schmidt, group captains, and Mrs. Charles Gresham, social chairman.

After the business meeting, Mrs. Bill Parvin gave the devotional, "Building a Christian Home," and roll call was in answer to "Do you have a Family Altar?"  
Refreshments were served to Mesdames Martin Mason, Don Davidson, Jerry Landers, Winston Hill, Bill Parvin, Don Gipson, Norman Messick, C. V. Burgess Jr., Christine Jackson, Charles Gresham and Dale Barkley.

**Baptist Mission Has New Pastor**

The Rev. Guillermo Enrique Benitez has been named as the new minister of the Thompson Memorial Baptist Temple, 315 Norton, a mission of the First Baptist Church for Spanish-speaking people.

Arriving here on July 15, the Rev. Benitez assumed the pastorate of the mission. Formal installation services are to be held on Sunday, Aug. 18.

Gradually he will also become director of Hereford Goodwill Center, a post now held by the Rev. Truett Foogie, Amarillo, co-ordinator of Latin-American children and a year-round adult education program.

**Services For Bill Jenkins Thursday**

Bill Jenkins, a 71-year-old Amarillo resident died Wednesday in Northwest Texas Hospital in Amarillo. Mr. Jenkins was a landowner in Deaf Smith County for about five years.

Funeral services were at 10 a.m. Thursday, July 25 in the Central Church of Christ with Robert C. Jones, minister, officiating. Burial was in Llano Cemetery under the direction of Blackburn-Shaw Funeral Home.

He had been an Amarillo resident since 1920 and was born on August 20, 1891 in Montgomery Shire, Wales, England. He came to the United States in April, 1914, and worked in Iowa before coming to Texas.

Surviving are his wife Viola; three brothers, Jack, David and Kirk Jenkins, all of Marton, Wales, England; two sisters, Mrs. Annie Hotchkiss and Mrs. Lucy Jones, both of Marton and a cousin, John Jenkins, of Cotter.

**CLEAN UP WORKSHOP**  
Home workshops can become fire hazards unless they are kept clean. Oily rags should be burned or stored in a tightly-sealed metal container. Flammable liquids should be in labeled, tightly-sealed, non-breakable containers and stored in a cool place. Every amateur workshop should have water or a fire extinguisher readily available.

The closing prayer was led by Mrs. Martin Mason.

The Rev. Guillermo Enrique Benitez is a native of Guadalajara, Mexico, and became a Baptist at 16. He is a pre-medical graduate of the University of Guadalajara and was a studying medicine when he dropped out to enter the ministry.

Encouraged to study in the United States, the Rev. Benitez entered Wayland Baptist College where he majored in social sciences and this year received his Bachelor of Divinity degree.

While studying at Wayland Baptist College, he became a naturalized American citizen completing the requirements in 1958. The Rev. Benitez came to the U. S. in 1950.

He has served as pastor of the Mexican Baptist Mission in Plainview and started missions in Springlake and Hart. He has also served as pastor of the First Mexican Baptist Church in Kansas City and has done missionary work among Latin-Americans in Topeka, Kan.

The Rev. Benitez is married to the former Esperanza Franco of Plainview. They have five children, Mario, 10; Sammy, 8; Henry, 7; Danny, 2; and Gloria, 1. They live at 907 Union Ave.

### Hereford Club Members Return From Glorieta

Nine members of the Hereford Garden Club went last week to Glorieta, N. M., which was the site chosen this year for the club's annual pilgrimage. En route on Wednesday evening the group enjoyed dinner in Santa Fe.

That evening the regular club meeting was held in the Hereford Baptist Lodge of the Glorieta Baptist Assembly. Mrs. Emmitt Hale was the presiding officer. Slides of her garden and some Holland gardens were shown by Mrs. A. L. Manjeot. On Thursday morning the group made a conducted tour of the beautiful greenhouse and gardens. Following the tour the Hereford group were honored

with a coffee by Mrs. R. L. Jones, who is also a member of the club. They were luncheon guests of the Glorieta Garden Club in the Southern Baptist Assembly dining hall. Mrs. O. G. Hill Sr., the pilgrimage chairman, was hostess for the trip. Others attending were Mesdames Emmitt Hale, John Jacobsen Jr., A. L. Manjeot, J. V. Pickens, S. S. Williams, Roy Calvert, J. W. Hacker, and A. O. Thompson.

**BRICK TIME HOMES** FOR **BETTER LIVING**  
COMPARE BEFORE YOU BUY. COMPARE THE PRICE, THE DOWN PAYMENT AND THE QUALITY. PEOPLE WHO HAVE COMPARED, HAVE BOUGHT A BRICK TIME HOME.

Bricktime does not raise the price of their homes nor does Bricktime raise the down payment nor does Bricktime lower the quality of their homes, AS SOME BUILDERS DO in order to make money. We sell our homes for exactly the price set by the Federal Housing Administration and Veterans Administration. As you will note the down payments are very reasonable. Bricktime does not add any additional money to the normal down payment as some builders do. With over 650 satisfied customers, Bricktime guarantees you a well-built home. Also F. H. A. inspects these homes at different stages of the building to assure you a well-built home. We will be glad to show you our inspection certificates. Will others? It is not necessary nor is it economical to buy a lot first and then build a home on it. Let Bricktime buy your lot for you and include it in the price of your home. That way you are getting a lot - a home - down payment and closing cost of loan for less money down than it takes to buy a lot. We at Bricktime and Hereford Real Estate bring you fine home for a respectable price. We feel our way is the right way to save you money. Below are just a few of the many homes that have been built or being built. Come out and see them. There is always a representative available. F. H. A. or V. A. or Conventional loans. Down payments start at \$300 for Bricktime Homes. Bricktime Homes are all brick - not half bricked, partially bricked, or front bricked.

## Deedee's Doodlings

By DEEDEE THOMAS

I hope every one of you readers have been enjoying the Hereford Harvest Festival as much as I have. I told you that there would be some kind of festivities that you would enjoy. Thursday, July 18, began the fabulous good times with a beauty queen contest. Speaking of beauties, I want to congratulate Sharon Tinnin and Joyce West on their splendid performance in the contest. These two girls are Hereford's beautiful princesses who reigned over the following events of the festival. I wish both of you girls could have been queen.

I must be learning a lot this summer because I have really made the mistakes. I would now wish to right another wrong. Last week I mentioned the Horizon Girls who went to Buffalo Lake for two days of skiing and fun, and forgot to mention the name of Linda Kirkpatrick. Linda also joined the girls on the fun trip. Thank you, Mrs. Kirkpatrick, for helping me to learn. Thursday, July 18, was a big day for a little bit of everything. Jane Messick and Sandra Huckabee had a Coke party in the home of Sandra Huckabee. The party was for no special reason but just a get-together of the following girls: Jana Cole, Jo Ann Ferguson, Wanda Gregg — a former resident of Hereford — Jani Sue Brumley, Janet Fryar, Beverly Betzen, Cynthia Leasure, Randy Hopson, Penny Jones, Cindy Sanders, Jane Wilhelm, and Judy Caddell. Jane Messick's cousin from Big Spring, Wanda Gregg is visiting Jani Sue Brumley. She is from Farmington, N. M.

Mrs. C. J. Crump gave a Coke party for Diana Robinson Thursday afternoon, July 18, at her home. Several of Diana's friends attended the party, including: Kay Seamounts, Betty Mae Scott, Jerre Bea Noland, Audni Miller, Patti Dirks, Avie Justice, and Marsha Robinson.

The following night Patti gave a practical shower for Diana who plans to marry in September. Those who went to the shower were Avie Justice, niece of the prospective groom, Betty Mae Scott, Jerre Bea Noland, Audni Miller, Kay Seamounts and Marsha Robinson. Marsha and Diana Robinson had a cousin visiting them over the weekend. She was Janice Smith of Panhandle. Janice arrived Friday, July 19, and left Sunday, July 21. I'm sorry I didn't get to meet your cousin, girls. The F.H.A. girls have really been working hard to make their booth at the Lion's Club Carnival successful. The officers want to express their appreciation to the club members for their hard work. I would like to thank all of the mothers and fathers who helped in the booth each night. Karen Shearhart of Vinita, Okla. is visiting her grandparents, Mr.

and Mrs. Earl Cole. She plans to stay in Hereford for two weeks. Karen, I hope your visit in Hereford will be enjoyable. Royce Ann Gilliland had company over the weekend. Her cousin from Carpentaria, Calif., came Friday, July 19, and left Sunday, July 21, for Amarillo where she will spend the rest of the summer with her grandparents, Mr. and Mrs. Pete Gilliland.

Sharon Tinnin and Cynthia Seed attended the conference Christian Outreach Workshop in Abilene last week. I know they really had a wonderful time. Sandi Thomas went to Littlefield Saturday, July 20, with the Dudley Baynes to pick up Sid Bayne who arrived on the train from Houston. Sid had been visiting in Houston with relatives for two weeks. Rita Williams went to Canyon on Tuesday, July 16, to spend several days with a friend, Kathy Huntington. Kathy lives next to the swimming pool and the park; now we know what Rita did. Phyllis Williams left on Thursday morning, July 25, in the wee hours with Lawana Vines and their sponsor, Mrs. Dale Barkley, for church camp at Glorieta, N. M. The girls will be gone for eight days.

A number of band students from here have been attending the band camp at West Texas State University in Canyon for the past two weeks. I heard from Glenda Sue Dillard that it was a lot of fun and hard work. The concert was held on Friday afternoon July 26.

Ice cream seemed to be the dish of the afternoon on Tuesday morning, July 23, for a group of girls. The occasion was one long conversation for Karen Shearhart, Vinita, Okla.; Diana Remling of Amarillo; Patsy Smith, Suzanne Hart, Cathy Young, Shirley Simpson and Deborah Thomas. The get-together was held at the home of Diana's aunt, Mrs. Earl Nipper. Cathy Young plans to go home with Karen to Oklahoma for a two week visit.

Well, harvest festival week has come and gone. The girls that worked all week making pies are suffering from pietitis or maybe onitis. Nevertheless, lots of fun went into the weeks' activities. Lots of faces showed up for work in the F.H.A. booth and on the dunking board for the Lion's Club Carnival. All I can say, girls, is that it was a job well done.

**HUSBAND OR WIFE CAN CONTROL PURSE**  
PRETORIA, South Africa (AP) — A South African university professor says there can be no firm rule about whether husband or wife should control the domestic purse.

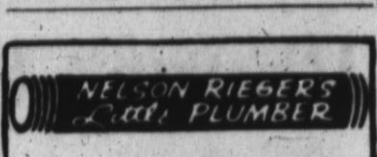

Prof. I. van Rooyen, head of the department of social work at the University of South Africa, told a finance forum for women here:

"The crux of the matter is trust. Each couple must work out a system of their own and keep to it."

The professor said in America one in five couples never come to an agreement about money — even after they have been married 20 years.

He advised young couples: "A budget can bring joy to couples who know the satisfaction of planning and waiting for things they want."

## Borger...

(Continued from page 1)

Hereford had eight hits, including three home runs and two doubles, while Littlefield had three hits, two singles and a double.

Mike Bellar got a single and a double to lead the Littlefield batters. Duvall and Watts each had two hits for Hereford.

Because of Pony League tournament rules, Hereford was short of pitchers for the final game. The local team was playing its fifth game of the tournament, while Borger was just playing its third.

In fact, Borger just played 19 innings in the tournament, 12 of them against Hereford.

Hereford went down in order in the first inning and then got shell-shocked by Borger hits. James Robinson opened with a homer over the left field. With one out, Jerry Billington, Sammy Dalley and Jimmy Rodgers singled in succession. Jackie McClellan walked, followed by singles by Mike Plumee, Danny Page and Brooks Poston.

Robinson narrowly missed a second homer as he fielded out just in front of the center field wall. But Sanders didn't miss as he blasted one over left field and Billington drilled a booming homer over center. Another walk was issued before the inning was closed out. Borger led 10-0.

Hereford got a walk in the second, but left the runner stranded.

Borger had two out in the last of the second, before putting one on by error, followed by a single and Robinson's second homer of the night.

With a pitching change at that point, Hereford finally retired the next batter on a fielder's choice, as he made first but tried to take second.

Hereford went down in order in the third. Borger moved a runner around to score in the third on a single and three wild pitches.

The Hereford squad finally started showing some spirit in the fourth as David Evans and Gene Duvall singled. With two out, Allison slammed a double down the right field line and Brad Johnson doubled to left to push in two runs.

Borger got those two runs back in the last of the fourth on two singles, a sacrifice fly and two walks. Hereford got three

runs in the fifth on two walks, a wild pitch, an error and singles by Evans and Watts.

Borger ended the game in the last of the fifth on three singles, the last of which drove in two runs.

Under Pony League rules, if a team is leading by 12 runs in the fifth inning, or anytime thereafter, the game is called. Jerry Billington went all the way for Borger. He walked five runs on six hits, walked three and struck out seven.

Lee Robinson pitched one and two-thirds innings. He gave up 13 runs on 11 hits, walked two and struck out one. David Evans worked two and two-thirds innings. He was tagged for three runs on six hits, walked three and struck out one.

David Evans was the only Hereford player with more than one hit.

Robinson got two homers for Borger, while Billington got a round-tripper and two singles in four times up. Also getting two hits each were Mike Plumee and Brooks Poston.

out exception, they all exhibited good sportsmanship and played their hearts out — win or lose. And their coaches were a dedicated group who did all they could. Sometimes, you just don't have the material, but come up with a respectable team just from a lot of work and team play. Other times, you have good material, but just can't get the breaks that can win games. But, as Casey Stengel must be saying frequently these days, "there's always next year."

Wendell Maloney will attend a regional sales seminar at Lake Texoma Lodge, Kingston, Okla., from July 31 through Aug. 3. It will be a gathering of agents for the American General Life Insurance Company. I just wonder which is going to take precedence — business or fishing?

Mr. and H. D. Blythe Jr. honored on anniversary (Staff Photo)

### HERE And THERE

With Mrs. Merlin Kaul  
At a reception held Wednesday night at the home of Mr. and Mrs. Edgar Skypala, 510 N. McKinley Street, Mr. and Mrs. H. D. Blythe Jr. of Amarillo were honored on their 25th wedding anniversary.

ter, Mr. Skypala, and the four daughters of the couple acted as hostesses. Guests were received by the honored couple. Mrs. Skypala, and the eldest daughter, Gale (Mrs. Jerry Malone), Liz Ann, the youngest daughter, was in charge of the guest book. The refreshment table was covered with a Madeira linen cloth. The wedding arrangement featured white gladioli and orchid chrysanthemums with the numerals 25 encircled in silver. Miss Sandy Blythe of Canyon served the cake which was decorated with white

and Mrs. Fred Mulkey, Mrs. Merlin Kaul, Mrs. Irene Boardman, Nancy, Linda, Debbie and Dede.

Mr. and Mrs. Eddie Skypala returned to Hereford this week to spend the rest of the summer here. They have spent the past six weeks in school in Weatherford, Okla. They will return in September to Weatherford, where both are students at Southwestern State College. Mrs. Skypala will be a senior and is majoring in elementary education and Eddie is a business major.

Mrs. Mary Roach gets Master's Degree

Mrs. Mary Turrentine Roach, daughter of Mrs. Bess Werner, who lives on Harrison Highway, received a Master of Arts degree from Texas Western College, El Paso, on June 1.

Mrs. Roach, a graduate of Hereford High School, received her Bachelor of Arts degree from Mary Hardin Baylor College at Belton. She is now head of the English department at Bel Air High School in El Paso. She also teaches senior English and sponsors the annual yearbook.

Mr. and Mrs. Roach and children Wallace and Martha moved to El Paso six years ago when she started teaching there and her husband began work as Safety Engineer for American Employers Insurance Companies.

Mrs. Roach and the children are presently visiting her mother as well as her brother, George Turrentine and family.

Miss Linda Tooley of Dawn accompanied her aunt Mrs. Wendell Tooley, Karla and Wendelyn of Floydada and Mrs. Jack Barton and children of Littlefield to Colorado Springs, Colo., Sunday afternoon where they are attending the Ashram of Dr. E. Stanley Jones.

Miss Debbie Ferguson of Hamlin is spending two weeks here as a guest of Judy Roland and other friends. She attended church services at the Wesley Methodist Church Sunday where her father, the Rev. John Ferguson, was the former pastor.

Miss Marsene Baisden of Turkey was guest of the Rev. and Mrs. Clesby Patterson last weekend.

Mr. and Mrs. Carroll Martin and Jennifer were weekend guests here in the home of her parents, Mr. and Mrs. Marcus Latham, and his parents, Mr. and Mrs. D. C. Martin.

Mr. and Mrs. J. L. Dones, Skip and LeAnn and his niece, Barbara Ann Dones of Elizabeth, Ind., are here visiting relatives. Relatives include her mother Mrs. Perry McMinn and family of Summerfield, and her sisters and their families Mrs. Harold Loerwald, Mrs. Calvin Goodin, and Nan Leyman, and his brother Charles Dones and Mrs. Dones of Glorieta, N. M., and Hereford. Elizabeth, Ind., is 24 miles from Louisville, Ky., where Mr. Dones is associated

with the Ford Motor Company. He commutes to his work each day.

Molly Jo Schofield is back at work at the Thomas Beauty Shop, after spending the past two weeks vacationing in Colorado. Her mother, Mrs. Minnie Roberson, who accompanied her to Colorado, is spending the week at the Baptist Encampment at Glorieta, N. M.

Mr. and Mrs. Al Saulcy of Twin Falls, Ida., are here, visiting in the home of his brother, C. A. Saulcy.

Mr. and Mrs. John Poindexter, Kerry Don and Barbara Sue of Spur are spending the summer with her parents, Mr. and Mrs. S. S. Howell, on their farm near Westway where John is working. He is now coach at Spur High School. He is a former football coach here. On Thursday Mr. and Mrs. Lyle Byars, Scott and Michelle of Amarillo were visitors of the Poindexters in the Howell home. Byars and John were formerly coaches in Amarillo.

Mrs. Mike West and son Gary of Clarendon have been guests the past week in the home of her sister Mrs. Cawthon Bryant. While here she and Mrs. Bryant and Gary drove to Ralls to see their mother, Mrs. Mattie Smith, who has been ill. Gary West, who is seven, experienced his first train ride coming to Hereford and his first bus ride en route home to Clarendon.

Mrs. D. H. Bryant is spending a couple of weeks in Tulsa with Larry and Sara Ann Taylor, children of Mrs. Sara Agnes Taylor, while Mrs. Taylor and her sister, Mrs. Gladys Carter of Lubbock, are attending a church meeting at Mt. Sequoia, Ark.

Mr. and Mrs. L. C. Thomas and Martha Sullivan and Holly went to Ennis recently where they attended the Thomas Family Reunion. Martha and Holly returned to Hereford with her parents Mr. and Mrs. J. W. Thomas of Fort Worth. They spent a few days here then went on to Dumas to visit in the home of their son Randy Thomas. Mr. and Mrs. L. C. Thomas continued on to Alabama to take his brother Claude Thomas to his home which is near Birmingham. They were accompanied by his sisters Mrs. Frankie Harris and Mrs. Pearl Harris of Ennis.

Mr. and Mrs. Ronald Babb.

one were honored with a party at Veterans Club House last Saturday night. Being enthusiastic bowlers, the guests were friends with whom they have bowled the past few years. The evening was spent in dancing.

Refreshments were served by the hostesses Misses Alice Lueb and Betty Kropff, Mrs. Helen (Ray) Polvadore, and Mrs. Bill Cargo. The Babions will leave Hereford next week for their new home near Altus, Okla. They will be missed here in school, church, and social circles where they have been very active.

Mr. and Mrs. A. A. Hare, Miss Naomi Hare, and Mrs. Grant Hanna went to Lubbock Tuesday where they attended the School of Missions of the WSCS of the Northwest Conference of the Methodist Church. The principal speaker for the meeting was Lucy Gist formerly of Fort Worth and now of Charlotte, N. C., where she works at Bethlehem Center as a social worker. Taking a sabbatical leave three years ago, she went to Korea to spend the year and stayed two years studying and working with social conditions there.

Mrs. Grant Hanna is president of the WSCS for this district and Miss Hare teaches in Monterrey, Mex. She is here presently for a visit with her

parents, Mr. and Mrs. A. A. Hare, and other relatives and friends.

Kenneth Loerwald is spending two weeks on leave from the navy here with his parents Mr. and Mrs. E. H. Loerwald on Blevins Street. He has been stationed in California the past 11 months and on Aug. 2 will leave to be stationed in Memphis, Tenn.

Mrs. Paul Rudd was hostess at a supper last Friday at her home honoring the birthday of her husband, Paul. A covered dish supper was served after which Paul was presented gifts from those present.

Those attending included Mrs. Nannie Stoner, Hiawatha, Kan., Mr. and Mrs. C. C. Griffin, Pampa, Mr. and Mrs. Kenneth Rudd, and family, Mr. and Mrs.

Harold Rudd and family, Mr. and Mrs. Homer Rudd and a daughter, Mr. and Mrs. R. L. Wilson, Mr. and Mrs. Ralph Mitchell, Mr. and Mrs. C. A. Saulcy, Mr. and Mrs. Joe Wagoner and Joe Bob, Mr. and Mrs. Joe Landers, Mrs. Bess Werner, and Mr. and Mrs. Merlin Kaul and Larry.

Mr. and Mrs. Raymond Wells Sr. entertained with a fish fry last Sunday night at their home. Guests included their daughter, Mrs. Harold Rudd, Mr. Rudd, (Continued on page 9)

Seventh Day Adventist Church

### Adventists Have Dedication Of New Building

The new Seventh Day Adventist Church was dedicated on Saturday, July 21, at 3 p.m. Located in the West Park Addition, the building is now free of debt.

The dedicatory sermon was delivered by Elder L. C. Evans, president of the Southwestern Union Conference of Seventh Day Adventists, with headquarters in Richardson. He was assisted by the president of the Texas Conference, Elder G. H. Rustad, of Amarillo and Elder James D. Meade, pastor of the church.

Organized in 1930 by Elder G. H. Lagrone, the church had 18 charter members. Six of these are still members of the Hereford church. They are Bennie Fortner and Mesdames Vera Lee Cantrell, Jewell Elliston, J. Lindsey, Mae Grimes and Myrtle Ellen Fortner.

Early in 1961, church members, under the pastorage of John D. Sammons, began making plans to build a new church. The church was located then at

Third and Lawton. Construction of the new church began on May 1, 1961.

On July 8, 1961, the group met in the new church for the first time. The consecration service was led by pastor J. D. Sammons, assisted by Elders B. D. Fortner and Delbert Deiter.

A welfare center maintained by the church and open on Tuesdays distributes thousands of articles of clothing, bedding and other items each year in local and adjoining communities. They also ship clothing overseas to needy fields.

**GOLD STRIKE**

**SALISBURY, Southern Rhodesia (AP)** — Jim Nolan, a South African who gave up a law practice 30 years ago for the lure of gold prospecting, has finally hit pay dirt. He and his partner, Piet von Lillienfeld, are turning out \$19,600 dollars worth of gold ore every month from the old Welcome Mine they recently reopened in the Rhodesian bush.

Nolan says, "It's my bonanza."

He and Lillienfeld took over the Welcome Mine which was abandoned 10 years ago after the previous owner hit a fault in the gold-bearing quartz 340 feet down.

D., Mr. and Mrs. Wilson Millard, Monica and Myra, Nancy Millard, Arlene Wilson, and Mr. and Mrs. C. R. (Beth) Morgan, all of Amarillo, and Mr. and Mrs. Olin Curlee (Mae) of Wichita Falls. Fred Millard Jr. of Duncanville and Dr. and Mrs. M. O. Sowell (Jean) and family of Coleman were unable to be present for the occasion.

Mr. and Mrs. C. C. Griffin of Pampa were guests last Friday night and Saturday in the home of her sister Mrs. Paul Rudd.

Congratulations to Drew Kershen on his election to the Dean's Honor Roll at Notre Dame University. Drew is the son of Mr. and Mrs. Andrew Kershen and was a freshman at Notre Dame last year. Out of a possible high of 6 points, Drew made 4.65. He will return to Notre Dame this fall as a sophomore student. He is helping his father farm in the Westway Community this summer.

### Summer Social For Members Of La Madre Mia

Members of La Madre Mia met for their summer social on the evening of July 18 in the Friendship Room of the Hereford State Bank. Following a salad supper and the exchange of secret pal gifts, members played bridge.

Hostesses were Mesdames Dean Herring, John Beasley, and Richard Pickens. Others present were Mesdames Ben Gollehon, Joe Hacker, Lee Drake, Jerry Landers, Bill Lankford, G. C. Merritt, Harold Morton, Bobby Owen, John Smith, Vance Robinson, Eugene Sparks, W. C. Russell, Gene King, and Joe Whitley.

The two partners suspected the gold reef continued 50 feet from the fault. They prospected and struck it.

They pegged out claims for nine miles in the area, started digging and pumping out water. Now the mine, employing 157 persons, is being developed steadily and another shaft is being sunk.

"This is a heck lot more exciting than law," says Nolan.

**\$30,000 TO START FARM**

**WINNIPEG, Man. (AP)** — A young farmer needs 10 times as much money to start a farm today as he would have required before the war, says an agricultural economist.

Prof. H. C. Driver told the closing session of Conference Week at the University of Manitoba that \$30,000 is the minimum capital outlay needed today to begin a farm unit.

"It has become next to impossible for aspiring farm operators to gain control of this amount of capital without some assistance from parents. The farm business is often called upon to support two families until the parents retire.

For young career farmers, Prof. Driver recommended government aid to increase their knowledge of technical and management aspects of agriculture. The idea would be to enable them to keep up with the rapidly changing agricultural technology and prevent them from becoming submarginal farmers.

It's a good idea to drink a glass of water when you get up in the morning.

Mushrooms make a good addition to the usual combination of cooked peas and carrots.

Mr. and Mrs. Wagner Johnson, Jerry and Joe of Post were guests in the home of her brother, T. B. Thomas Jr., last Wednesday night. They were en route to Red River for a vacation.

Mr. and Mrs. Jim Williams and daughter Nancy of Romero were guests of Ben Thomas last Friday.

Mrs. Caudie Ola Brown accompanied Mr. and Mrs. Angus Roberts and son Lyle of Lamesa and Mr. and Mrs. Jack Burrus and daughters Sabrina and Shelley of Childress to Cimarron Canyon in New Mexico last week where the group enjoyed camping and fishing. Mrs. Roberts and Mrs. Burrus are daughters of Mrs. Brown. Jack Burrus, whose parents live at Dawn is game warden of the Childress area.

Guests in the home of Dr. and Mrs. Roy Grubbs this week are his parents, Mr. and Mrs. Roy Grubbs Sr., and his sister, Mrs. Roger Butler and her daughter Judy, all of Selma, Alabama.

Misses Della Stagner and Lucile Park are in Sherman attending a school on mathematics at Austin College. The school will last for two weeks.

Members of the family of the late Mr. and Mrs. Fred Millard met this year for a family reunion in South Dakota. The group spent several days in the Hughes Millard home in Faith, S. D., then all went to Spearfish Canyon where they got cabins and spent some time together fishing and visiting. All attended the Passion Play at Spearfish. Mrs. Hughes Millard and her son and wife Mr. and Mrs. Kent Millard had parts in the Passion Play this year. Kent, who is associate pastor of the Methodist Church at Spearfish, played the part of a Roman guard. Mrs. Millard states that Josef Meier who plays The Christ in the play, plans to retire after this year and it is uncertain who will play the part.

## Party On 91st Birthday Honors Mrs. J. F. Ward

On Friday, July 19, Mrs. J. F. Ward celebrated her 91st birthday. Her Win-One Sunday School Class of the First Methodist Church hosted her annual birthday party in the King's Manor Recreation Room. Between 65 and 100 guests were present to honor Mrs. Ward.

Mrs. Cliff Hicks was in charge of the brief program. Mrs. I. H. Spratt played the piano as Mrs. A. A. Hare and Mrs. Lola Carpenter led group singing. Mrs. Thomas L. Collins led the group in prayer. St. John 14 was read by Mrs. John Jacobsen Sr. Mrs. Ray Conaway sang "I Love to Tell the Story", and the Rev. Herschel Thurston led the closing prayer.

Following the serving of the birthday cake by Mrs. Paul Coneway and punch by Miss Naomi Hare, some of the out-of-town guests were shown through King's Manor by Mrs. Ola Davis.

During a short business meeting after the birthday party, Miss Naomi Hare told of her work as a missionary in Monterey, Mex. Furnishings and changes to be made in the new parlor at First Methodist Church were described by Mrs. Paul Coneway.

Each year at Mrs. Ward's birthday party, a tree-planting offering is taken in her honor for a worthy cause. This year's offering will be used in the prayer room when it is added to King's Manor.

# Littlefield And Borger Are Tourney Winners Thursday

Both games in the Pony League district tournament here Thursday were runaways. Littlefield trimmed the Irrigation League All-Stars 16-1 with the game ending after five innings. Hereford narrowly missed the same fate as it was trounced by Borger 16-5.

the first inning as it pushed in one run on three errors before Bobby Boulding poled a homer over left field for a 4-0 lead.

The South Plains battle continued to be one-sided as Littlefield got three more runs in the second on three singles, a sacrifice bunt and a double by Boulding. Only in the third inning was Littlefield shut-out.

Four more runs scored in the fourth on a walk, a single, two fielder's choices and an error. Irrigation got its only run of the game in the last of the fourth as Mark Holt got on by error and moved around on singles by Mike Chisholm and Jimmy Stockstill.

But Littlefield came back in the fifth for five more runs on three errors, three walks and a double by Mike Bellar.

Gary Johnson hurled three innings for Littlefield and got credit for the victory. He allowed no runs on two hits, walked two and struck out three. Larry Reese hurled the last two innings. He allowed one run on three hits, walked one and struck out two.

Jimmy Stockstill worked the first four innings and was charged with the loss. He gave up 11 runs on six hits, walked one and struck out three. Danny Kelley came on in the fifth, but allowed three runs on an error and two walks without re-

tiring a man. Logan Armstrong threw the last inning. He gave up two runs on one hit, walked one and struck out two.

Boulding and Bellar each had two hits for Littlefield. Irrigation had five hits and Littlefield got seven. But Irrigation League made eight errors while Littlefield had two.

Sammy Dalley hurled no run ball for five innings Thursday night and gave up just one hit, that in the fifth, to handcut Hereford.

The Borger crew lost little time in shelling Hereford. James Robinson opened with a double in the middle. Tommy Sanders singled through the mound to score Robinson, but was caught going to second. Jerry Billington singled up the middle and scored on a stolen base, a passed ball and a wild pitch.

Two walks were followed by a homer by Jackie McClellan over center field. Mike Plumlee singled, but was left on base as Borger got five runs on five hits.

The Borger crew got four more runs in the second. Robinson singled and Billington homered over left center.

Borger got just one hit in the third inning, but Danny Page stole second and then scored on an error.

Neither team scored in the fourth inning.

Borger scored once in the fifth on a single and two errors, but left three runners on base.

Hereford got its first hit of the night in the fifth as Gene Duvall singled, but he was forced at second.

Jimmy Rodgers homered for Borger in the fifth and another run scored on two errors.

Hereford got its first two runs in the last of the sixth on three walks, a single by Gene Sparks and a fielder's choice.

In the top of the seventh, Sanders and Billington hit back-to-back homers over left field. Another run scored on an error and two singles.

Hereford got three runs in the last of the seventh on two walks, an error, three balks and a double by David Evans.

Dalley was the winning pitcher. He worked five innings-plus. He allowed two runs on two hits, walked nine and struck out nine. Frank Sherrill pitched two innings in relief. He gave up two runs on one hit, walked two and struck out two.

Borger slammed out 15 hits and committed three errors. Hereford got three hits and made seven errors.

Billington was the leading hitter with two home runs and a single in five trips up. Robinson, Sanders, McClellan and Page each had two hits for Borger.

Borger also turned a double

# Latinos Sweep Two Opponents Here On Sunday

Hereford's Latinos took two games here Sunday afternoon. They dropped the Tucumcari Dukes 15-8 and then trimmed the Muleshoe Dragons 10-4.

In the game against Tucumcari, the Latinos picked up one run in the first on a single by Al Salinas, and a double by Abe Leal. But Tucumcari got three runs in the second on three errors and a single.

That was the last time Tucumcari led, however, as the Latinos garnered five runs in their part of the second on two walks, two errors, a single by Leal and a double by Rudy Martinez.

The Latinos got two more in the third on a walk, an error and another hit by Martinez. In the top of the fourth, the visitors got back in the game with two runs on two singles, a double by Newman and an error.

Hereford got one run in the fourth on a single and a double by Paul Torrez.

Both teams were blanked until the last of the sixth, when Hereford picked up four runs on a triple by Salinas, four singles and an error. The Latinos added two more in the seventh on a walk and two errors.

Three unearned runs came in for Tucumcari in the eighth on three walks and an error.

Lupe Ramirez was the winning pitcher.

Hereford just kept on scoring as the second game opened. The Latinos got three runs in the first on singles by Salinas, Leal, and Torrez with an error sandwiched among them. They got two more in the second on a single by Martinez, a double by Gary Kendrick and an error.

Rudy Vela tripled to drive in a run for Muleshoe in the third.

In the fourth, Hereford got four runs on an error, a single and doubles by Suarez, Leal and Torrez.

There was no more scoring until the last of the seventh, when Hereford got one run on three singles.

Muleshoe got one run in the eighth on a walk and an error. Two more runs closed the gap for them slightly in the ninth. They came on a triple by Role Lapata, an error and a single.

Gary Kendrick was the winning pitcher. He gave up four runs on five hits and struck out 16. Andy Perez was the loser. Torrez had four hits and Leal three during the second game.

## MEETING WITH KESTERS

... and Mrs. Lynn Kester went to Ruidoso, N. M., last Sunday to meet Mr. and Mrs. Leslie Walls and children of Deming, N. M. Mrs. Walls returned to Hereford with Mr. and Mrs. Kester, who are Mrs. Walls' parents, for a two-week visit. Mickey celebrated his eighth birthday in his grandparents' home on July 24. Walls will join them for the second week of their visit.

play in the third inning from Jimmy Rodgers in center field to Jerry Billington at third. Six balks were called on Borger during the game.

# Civil Rights Progress OK Without Labor's Needling

**By Vern Sanford**  
Gov. John Connally says Texas is making a lot of progress on civil rights without demonstrations and disturbances. He urged Texans to avoid the trouble which is plaguing other states.

Roy Evans, secretary of Texas State AFL-CIO, indicated mass demonstrations are needed in Lower Rio Grande Valley to improve working conditions of Mexican workers. Connally commented such statements are irresponsible and inflammatory.

Governor also rejected labor's appeal for a special session of the Legislature to abolish right-to-work law and enact state minimum wage, saying he saw "no need, emergency or desirability" for such a session.

Evans said labor's traditional role is to try to inflame peogainst injustice, and he intends to keep on trying to do that.

**QUICK CHANGE**  
From one of the unpaid boss jobs to \$16,500-a-year assistantship is the story of Dr. J. B. Copeland of San Antonio.

When the Legislature created a new job of deputy commissioner of the Health Department Dr. Copeland resigned as chairman of the State Board of Health to accept the job of deputy commissioner. He had been Board Chairman for the past ten years.

Governor Connally named Dr. N. L. Barker of Paris to replace Dr. Copeland. He reappointed Dr. Elmer Baum of Austin and named Dr. John M. Smith of San Antonio and I. D. Flores of Floresville, a pharmacist, to the Board of Health.

**APPOINTMENTS**  
Connally made other appointments.

Among them:  
S. A. Kerr of Huntsville and Dr. Joe A. Nelson of Weatherford, reappointments, and David A. Kimball, Wichita Falls, to the board of regents of North Texas State University.

Ed Minor of Austin and W. R. Whitten, Fort Worth, to State Board of Pharmacy.

Sister Mary Brian Sherry of San Antonio and Mrs. Martha McClellan Davis, Beaumont, to Board of Nurse Examiners.

Dr. Richard T. Weber of Austin and Dr. James E. Makins, Lubbock, to Board of Den-

tal Examiners.  
Judge Otis Dunagan of Tyler, former Atty. Gen. Grover Sellers of Sulphur Springs and Judge James H. Moore, Nacogdoches, to the new 12th Court of Civil Appeals at Tyler.

Judge Stephen F. Preslar, McCamey, to the 8th Court of Civil Appeals at El Paso, replacing Justice Jim Langdon, whom he had named to the Railroad Commission.

Charles Sherrill, Fort Stockton, to replace Preslar as district judge.

Judge Howard P. Green of Cuero, Paul Nye of Corpus Christi and T. Gilbert Sharpe, Brownsville, to the new 13th Court of Civil Appeals in Corpus Christi.

Mayor Joe E. Kelly, Victoria, to replace Green as district judge.

Eugene R. Hoyt of Orange, Jack Pierce of Nacogdoches, Warren P. Cunningham Jr. of Houston, Arthur C. Leshar Jr. of Houston, as district judges.

Ward R. Burke of Lufkin, Dr. George Andrew Constant of Victoria and C. E. (Sonny) Bentley, Abilene, to Board for State Hospitals and Special Schools.

George Christian of Austin, who was administrative assistant to former Gov. Price Daniel, as Governor's press secretary, replacing Wilbur Evans, who went back to sports press relations.

Clay Cotten, longtime attorney for State Insurance Department, as State Liquidator to succeed C. H. Langdeu, who is retiring due to ill health.

**LOANS**  
Frank Miskell of Austin, who headed up the Texas Legislature's studies on the loan shark problem, will be the administrator of the new law which regulates licensed lenders.

Miskell was chosen by the State Finance Commission to be the first Regulatory Loan Commissioner. He will assume his new duties on August 23.

**DRY AND WET**  
Texas is spotted with drought and flood points.

Texas Water Commission found that reservoirs declined a little in June. They wound up the month 76 per cent full, so there's room to store more floods when and if they come.

In general, Northeast Texas reservoirs are full, while those

in South Texas are shrinking.

**ROADS**  
Highway construction is one thing - dry weather helps.

State Highway Engineer DeWitt C. Greer reported that contractors on state-federal projects completed \$24,073,319 worth of work during June.

But there's plenty yet to do. They hold contracts which total \$382,872,803 and another \$25,000,000 worth of contracts will be issued this week.

**DO FENCE THEM IN**  
Texas Highway Department has endorsed the idea of building "median rails" on busy urban expressways.

Rails - heavy-duty fences which keep traffic from careening into opposite lanes - have been or will be installed on expressways around Houston, Fort Worth and Austin.

Also under development by highway engineers is woven-wire mesh fence - similar to backyard chain-link jobs - to reduce headlight glare and to prevent pedestrians from crossing the freeways.

**OIL HOLDS UP**  
Despite recommendations by several major oil buying firms that Texas production be cut in August, the Railroad Commission held the line.

Production will continue at the July rate of 28.5% of capability of the wells. Independents praised the action.

**HIGHER EDUCATION**  
Texas Committee on Education Beyond the High School has selected one of its members as paid executive director.

He is Dr. A. B. Martin, president of Amarillo Junior College. He will coordinate all staff work for the big study.

Committee has one year to finish its study and report to the Governor and Legislature.

**SADLER ACTIVE**  
Land Commissioner Jerry Sadler continues to be much in the news.

Sadler disagreed with Governor Connally and Atty. Gen. Waggoner Carr on seriousness of state-federal dispute on reclaimed lands in the tidelands; swapped hot wires with ex-Sen. Bob Baker after Baker accused him of impeding Padre Island Seashore project and insisted that Carr get Supreme Court concurrence on Carr's ruling that a new law reorganizing the School Land Board is valid.

**POLLUTION QUESTION**  
Texas Water Pollution Control Board granted a permit to discharge thousands of gallons "treated effluent" into the waters of Copano and Aransas bays in connection with plans for a big new resort motel and marina at Lamar Townsite, Aransas County.

Objections voiced at public hearings led to the Commission's action in instructing backers of the project - American Liberty Oil Company - to extend the point of discharge 500 feet further out into the bay area.

**STATE SCHOOL**  
Dr. James Turman, Director of the Texas Youth Council, defended his council's action in either firing - or retiring - Superintendent O. F. Perry of Gatesville State School.

Perry and his supporters claim too much interference from Austin, too little discipline of the boys. Youth Council denies this, contends policy differences caused the dismissal.

M. B. Kendrick was named to replace Perry.

**SHORT SHORTS**  
Texas Game and Fish Commission, Department of Public Welfare Board of Plumbing Examiners, Board of Professional Engineers, Board of Pardons and Paroles, Department of Agriculture, Department of Banking, and Building Commission are moving into the new John H. Reagan State Office Building.

Dr. Dorman Winfrey, Director of the Texas State Library, announced that the Val Verde County Library, recognized in December as one of the "Ten Best Small Libraries in the U.S." also has been cited for its "top-flight public relations program."

Rep. Robert Hughes of Dallas will resign from the Legislature on September 1 to accept appointment as domestic relations court judge in Dallas.

**FOR SAFE TURNING**  
NEW YORK (AP) - Proper signaling for turns marks the courteous driver. Since almost every car on the road has mechanical turn signals, the motorist need only make sure they are in adequate working condition. Changes in the speed of your directional flasher are an indication that your bulb has probably burned out.

Keeping close tabs on turn signals assures your safety and that of other motorists.

## Shallow-Angle Parking On Main Has Merit

Lessen the angle of parking on Main Street and cut traffic mishaps and fender-bendings.

This is something which needs to be seriously considered by city officials who

are seeking ways to trim the increasing number of collisions and mishaps in town.

Hereford's Main Street is narrow and heavily traveled. What can be done about the total width? Nothing really. You can't cut the curb back and place it closer to store fronts. First, it would be too expensive. Second, it would make the side walks too narrow and already they are just barely adequate.

It would be unthinkable to make Main Street one-way.

Parallel parking, of course, would leave a lot more room for traffic and make the street look a lot neater. It probably would be the finest solution except for two things. One is that parallel parking eliminates more than half of your parking spaces. The other is that a lot of drivers—particularly women—just don't like to parallel park. Parallel parking also might increase some problems too by jamming traffic waiting for a driver ahead to maneuver in or out of a crowded place.

Thus it seems that decreasing the angle of parking would be a good compromise. At present drivers have to cut pretty sharply into the curb to get into the allotted space. And this leaves almost the full length of the car sticking out into the street.

Of course, we might limit vehicles parking on Main Street to compact models and motor scooters, but that would be rank discrimination.

If adopted, the shallower angle of parking would cut out about two or possibly three parking spaces per block. But even this would leave a lot more spaces than parallel parking and would be so much safer and more convenient than the present system.

Many towns have recently adopted shallow-angle parking and are most enthused about it. Notable among them is Abilene, which went this method when it renovated its downtown business area. Customers love it, city officials like it and merchants are delighted with it.

And the system wouldn't cost us taxpayers anything to speak of. The city could remove one or two or even three parking meters at one end of each block and then repave the lanes to conform to the remaining meters.

It seems that the plan has enough merit to warrant serious consideration by city officials and police officers... both for convenience and for safety, not to mention an improved look for Main Street.

takers.

Superhighways have been built in countries with few, if any cars.

In Lebanon, we built a stock breeding farm with nine stalls for every bull.

In Taiwan, we built a sawmill which couldn't handle the type of lumber produced there.

In Indonesia, millions of dollars in U. S. aid were used to buy U. S. gold.

In Liberia, millions we donated to reduce the level of poverty have been used to build a luxurious new palace for the president.

The \$61,895 to set up a colony of baboons might be a good investment, come to think of it. Baboons, they say, can be trained to do just about anything a human being can do—or should do. Maybe a Bureau of Baboons on the Potomac, trained to check on useless expenditures such as setting up a colony of baboons, would save us some money now and then.

## Hereford Should Bid For School

Hereford should be making its bid for a new state-supported school for retarded children.

When the announcement was made a few months ago that such a school was planned, many area cities went right to work. Amarillo, Lubbock and Levelland are among the leading contenders at this time, but the location hasn't yet been announced.

Many other towns in the area would like to have the school and are preparing their information to present for consideration.

But Hereford should have some advantages. Such a facility would be a logical extension of the Shrine Club's Children's Clinic. There aren't any psychiatrists or psychologists here, but they would be hired and brought into any city that might be named to house the new school.

There are some definite advantages in the way of climate and atmosphere; these might seem unimportant, but they can weigh heavily when looked at through the vision of long-range planning.

This would seem to be a joint project of the Chamber of Commerce and the Oasis Shrine Club. Both should be interested in such a facility, here and both have available the pertinent facts and data that would need to be presented.

## Baboonville Might Cut Our Wasted Taxes

Waste of the taxpayers' money by government bureaucrats is an old story. And the most glaring examples usually involve the expenditure of a relatively small amount of money. For a government which is spending 100 billion dollars a year, what's another couple hundred thousand more or less?

What is often overlooked by those who take this attitude is that there are hundreds — perhaps thousands — of cases every year involving the wholesale squandering of funds on totally useless projects. Put together, they represent millions in waste.

A freshman congressman, Gene Snyder, R-Ky., was recently challenged to show how the budget might be cut. He replied by citing 66 examples of ridiculous expenditures over the past year or two, suggesting that many more similar cases might be found in the current budget. The list is long, but here are a few typical gems:

Purchase of 1,000 TV sets for \$400,000 to be used in undeveloped countries where there is no electric power.

Donation of a \$3,100,000 yacht to the millionaire emperor of Ethiopia.

A grant of \$1,250,000 for the study of relations between an infant monkey and its mother.

\$10,000 for a tour of U. S. defense plants by officials of Communist Poland.

\$18,000 to find out why patients break appointments at pediatric clinics.

\$61,985 to establish a colony of baboons and \$13,816 for another monkey colony.

\$9,775 to produce a "sterotactic" atlas of the beagle brain.

\$11,500 to study blood group genetics of Southampton Island Eskimos.

\$20,092 to study diseases of giant snails.

\$13,837 to find out what information is contained in echoes.

\$20,991 to study how synthetic detergents travel in percolating water.

\$8,205 to study the "social role" of aging wild horses.

Although the exact amount of money involved could not be determined in the following cases they are of equal interest: Government officials in Kenya have used our foreign-aid money to purchase extra wives.

We have bought suits for Greek under-

### 50 YEARS AGO

### ChamberBacks Clean-Up Day As Businesses Close

Next Tuesday has been duly set apart by the Chamber of Commerce as Clean Up Day. On this day every business house will likely be closed. A petition has been circulated and liberally signed by the men who have agreed to volunteer their services for one day to give the streets of town one thorough cleaning. They will meet at the Board building at 8 o'clock sharp, bringing hoes and files, rakes and shovels. The hundred men will be divided into three or four squads and each squad will take a street, and all of the weeds in the streets will be cut and piled, the trash raked and put into piles. If you read this and desire to contribute your part towards making Hereford the cleanest town in Texas, don your overalls, bring your arms of offense and help fight the battle strong. Don't sulk in your tent or go a-fishing. The fish will not bite on next Tuesday.

### 40 Years Ago

At least the old-timey cells in the Deaf Smith county jail, which may have been the latest fashion twenty years ago but are a joke to modern criminals, are to be replaced with a cage that will bother some of these expert lock-smiths. Albert Vosse of St. Louis representing the Panly Jail Company, arrived here Friday and began at once to gather a local crew with which he will move the old "depot" cell on the west side of jail upstairs, to the front room, and will replace it with a modern bad man-proof steel cell that is guaranteed to hold any kind of desperado. Mr. Vosse says his company will let you use a blow torch on that steel for twenty-four hours and then defy you to hack-saw your way out through it. The new cell will be placed alongside the more modern one there now and two new doors, with latest locking devices will be installed. In one corner will be a four foot "private entrance" through which the jailer can feed his prisoners or take them out one at a time instead of taking his life in his hands every time he opens the door. New steel bunk beds are also provided that fold up against the wall and will be placed in both new and old sections of the cells. The old section to be removed to the front room will be provided with a real lock and used for storing illicit booze that may be confiscated from time to time and for a private apartment for any women who may get into the hands of the law, or any juvenile who should not be mixed up with more hardened folks, or for any insane that may be held in the jail temporarily. The old cell combination resulting in the old LaPlata County site jail of many years ago, has been unsanitary and unsafe for a long time and the escape of the prisoners last winter awoke the county officials to the fact it was time for modern cells to be installed. When completed, taken with the recent improvements made outside, the Deaf Smith county jail will represent one of the best looking as well as one of the strongest county jails in this neck of the woods.

"Actually," Thompson stated, "This is merely a ruse to hoodwink the public."

In a typical example the mailing notes that several tons of brand new cookware with a "list price" of \$199.50 must be sacrificed for \$35, implicitly to satisfy creditors' claims.

"This merchandise is being regularly sold throughout the country in large volume for \$35 by means of this deceptive gimmick," said the chamber manager, noting that the list price of \$199.50 is "wholly fictitious."

He continued pointing out that these "Public Notices" are the latest in a series of deceptive sales stratagems employed by certain cookware promoters to fool the public.

"Other versions exposed by the National Better Business Bureau, with which the Chamber is affiliated, through membership include the sale of cookware from a hotel suite for a few days by 'hit-and-run' salesmen; this is merely a ruse to hoodwink their goods at a sacrifice because their companies are no longer selling by means of home demonstrations," he said.

Another fictional version requires the promoter to dupe a warehouse or freight carrier into publishing an ad offering cookware at an alleged bargain price because it is "unclaimed freight."

Still other reasons given for bogus disposal sales represent that the "distributor is giving up franchise," or that goods offered were "not picked up by our agents," or that the merchandise would have to go at a "sacrifice in order to settle his estate," etc.

"Whatever the stated reason," Thompson said, "misuse of the 'distress' appeal in merchandising is a scheme to flim-flam the public and a betrayal of public confidence in advertising."

### NEW CITY MANAGER HIRED

A Rosebud man has been employed as Canyon city manager to replace Bill York, who turned in his resignation Thursday of last week. The new city manager is Dewey L. Bryant, who is presently serving as city manager at Rosebud. York resigned to accept a similar post at Edinburg. He will leave here August 1, at which time Bryant will assume duties of Canyon city manager. Bryant was hired in a special session of the city commission Sunday. York resigned at a special session Thursday.

### EXTRA WATER DUE FOR CITY

The City was scheduled to complete a tap on the Lubbock water line Wednesday, a move that will give citizens 50 per cent more water in their municipal water system. The project, it has been emphasized, is not a "cure-all" for the city, but a temporary measure to provide more water this summer. When the plan was adopted, Mayor Bill Armstrong termed it "good, inexpensive insurance." Local water users have been drawing around three million gallons of water per day out of taps with the advent of hot weather. "People are using every drop we can pump," J. W. Harrison, city manager, reported this week. Users are "rationed" in a manner since water pressure is cut back as the supply dwindles. This point has been occurring early in the day for the past few weeks.

### INTERCONNECT ORDER RESULTS IN SUIT

Court action to set aside a Perryton city council order directing General Telephone Co. to interconnect its land lines with Perry-Texas Communication's radio dispatch system is sought in a district court suit filed in Ochiltree County. The suit is by General Telephone against City of Perryton and Bernard F. Ohmes, doing business as Perry-Texas Communications Co. After being notified that the telephone firm had refused to grant service the city council had set a hearing as provided for in Texas Statutes. Following the hearing on June 5, the city subsequently on July 2 entered an order favoring Ohmes directing, according to the plaintiff's petition, the interconnect for both local and toll purposes. Contention of the telephone company is that the city exceeded its statutory authority in requiring the interconnect for local service. They contend statutes provide authority for the city to hold hearings only as related to toll connections.

### GRAIN DETERIORATION BLAMED ON WEATHER

A freak weather condition early in the spring which has resulted in dissipation of some grain sorghum heads has caused some concern among Bailey County sorghum growers, it was revealed late this past week after several had reported finding undeveloped heads in their fields. It came about like this: The late April-planting of grain sorghum was followed by about four weeks of hot, dry weather. The soil did not have enough moisture to cool off the crust during the period. Under these conditions, farm experts said, some blasting was bound to show up.

### STATE APPROVAL OF WATER NEARS

The next-to-last-step towards getting Littlefield's public water supply approved by State Department of Health neared completion last week with prospects good to finish all requirements by January 1. The latest move is the separate housing of a chlorinator at the city water plant to satisfy a health department recommendation. This makes about a half dozen improvements in the city system in the last 90 days in a program to upgrade the system and meet health department requirements. The final improvement will be some expensive repairs on the large concrete reservoir which receives water from city wells.

## THE BOOTLEG —Philosopher

Editor's note: The Bootleg Philosopher on his bindweed farm has an answer to the farm problem this week, add however.

Dear editor:  
The trouble with some people in Washington is that they don't know a good thing when they see it. They're so bogged down in solving problems they don't recognize a solution when it comes along.

As I understand it, this country recently lost 24 million bushels of surplus grain. We shipped it to Austria and it never did get there, or if it did nobody over there remembers receiving it. It just disappeared.

All right. Now what happens? Why a bunch of senators are trying to appropriate \$100,000 to investigate the matter.

Here we've found the perfect system of getting rid of an embarrassing, tax-eating surplus; just put it in ships and let it disappear, eliminating all the storage charges etc., and somebody wants to spend \$100,000 to get it back.

I don't understand this. What those Senators ought to be doing is erecting a monument to the Unknown Clerk who lost 24 million bushels of surplus grain. The last thing they want to do is investigate and find out who did it. When you get a situation like that, leave it alone and hope more and more grain will disappear until the warehouses are empty and the demand gets within arm's length of supply.

Of all the ideas I've heard of for getting rid of the surplus, none can equal the brilliant work of the clerk who lost the 24 million bushels. I say leave him alone, turn him loose, give him a map of all the warehouses throughout the nation and open up a hot line between him and whoever it was in Austria he sent the stuff to, and let the Senate recess until the farm problem is solved.

After all, there's a new crop of grain coming in this year and if we don't get these warehouses empty, where're we going to store it?

Yours faithfully,  
J. A.

# Redbirds Lose Two In AL Tournament

Hereford's American Legion Redbirds closed out their season Wednesday night, losing the second of two games in a tournament at Levelland. The Redbirds fell to powerful Lubbock Auto 4-2, although they out-hit the Lubbock team in the opener Monday.

On Wednesday, the Redbirds lost to Levelland 6-2.

In the first game, Hereford got one run in the first inning on a walk, an error and a single by Joe Coffman. They scored another in the second on a walk, a sacrifice bunt, a single and an error.

But the heartbreaker came in the top of the third, as Hereford got three singles and didn't score a run. Lubbock Auto got all its runs in the fourth. Johnny Barnett opened with a double. A hit batter and a single drove in one run, and Jim DeShirlea homered

to drive in the other three. Lubbock also accounted for three of its five hits in the one inning. Hereford went down in order in the fifth, but put two runners on in both the sixth and seventh innings.

Mickey Stevens went all the way for Hereford and took the loss, despite a neat five-hitter. He allowed four runs, walked two and struck out seven.

Johnny Barnett and Coleman shared duties on the mound for Lubbock. They allowed two runs on seven hits, walked three and struck out 11. Danny Strong of Lubbock was the only player in the game to get two hits.

Hereford stranded 11 men on base and Lubbock left five.

In Wednesday night's game, Hereford got two singles in the first, but didn't score.

Levelland opened with a vengeance, scoring four runs. S. D. Balze started on the mound for Hereford, but

couldn't get the side retired. He hit the first batter, gave up a single, a walk, struck out one and hit another. Larry Minks came in and gave up two walks and saw another get on by error before the side was put out, having scored four runs.

Hereford got two runs in the fifth on a hit batter, two walks, an error and a single by Eugene Green.

Levelland added two scores in the sixth on a single and a homer by Mello Garcia.

Balze was charged with the loss. He allowed four runs on one hit, walked one and hit two. He also struck out one. Minks worked most of the rest. He gave up two runs on eight hits, walked five and struck out seven.

Stevens came on with the bases loaded and retired the side in the seventh. He struck out two.

Don Stephenson went all the way for Levelland. He allowed two runs on seven hits, walked three and struck out seven.

Green led Hereford hitters with two singles. Levelland's hits were scattered among eight players with Stephenson getting two singles.

(Editor's Note: This is the fifth in a series of articles about a two-man expedition from Texas to Alaska. The two are Brand publisher Jimmie Gillettine and his son, Buzz. They are travelling in a van that is their sleeping and eating headquarters as well as transportation.)

BY JIMMIE GILLETINE  
FORT NELSON, B. C. — Mile 300. They say anything can happen along the Alcan Highway, and it did to us. When we came to this town yesterday afternoon about 3 p.m., we were halted at a roadblock and were told by a Canadian Mountie that the road had been washed out some 100 miles ahead. Consequently, we are holed up here until repairs can be made. Right now they are guessing three days.

Fort Nelson, though perhaps boasting fewer stores than Vega, does have three big motels and several small ones, offering some 200 to 225 rooms; they also have adequate cafes, a Hudson Bay Store, apparel store, picture show, coin laundry, barber shop, two banks and a drug store, which incidentally seems somewhat of a rarity in Canada. The town is the only one this side of the washout capable of taking care of the Alcan traffic. This is the second day, and the town still has plenty of rooms, which shows that still not too many people are traveling the Alcan. What it will be at the end of the third day remains to be seen, but the trades people say they can handle it fine.

Business is booming as a result of all the captive customers, and most everyone is happy, although they do sympathize with the tourists. Hudson Bay ordinarily closes on Wednesday afternoon, but stayed open yesterday and I hear that the manager reports more business that one afternoon than all last week. Hudson's sells just about everything you can find at Fedway and Sears combined, plus ice and groceries. Fort Nelson was founded by the Hudson Bay Company and still operates here in two buildings.

In addition to the tourist business, the town is also headquarters for a small government air base and a "Dew Line" or "Pine Tree Line" radar station. There is a large Indian reservation to the north, and the original "Old Fort Nelson" is seven miles north, where freight barges dock on the Peace River. Folks around here say that they are constructing a huge dam on the Peace River which, when completed, will create the largest man-made

lake in the world. The Peace River is big, all right, but I am not so sure about the lake being the world's largest. Canadians are a lot like Texans when it comes to pride and truth. They wouldn't lie to you for anything — but they will stretch the truth just about as far as it will go.

DAWSON CREEK — Mile 0 is the beginning of the Alcan Highway, and is one of the few places which looks about like you expect it to look. The only things missing from the movie versions are the saloons. Like other parts of Canada, they have a large central, government-operated liquor store — and that's it. No bars or taverns, a la Texas style. One hotel had signs indicating licensed liquor sales, and it had two divisions: one for men, the other for women with escorts.

When it comes to business facilities, Dawson has just about everything you would find in Hereford, plus considerable more in the way of tourist accommodations. I would have guessed the population at 6,000, but they tell me it is nearer 12,000, part of which is due to military posts and government employees, since the town headquarters numerous forestry, highway and other agencies. Even the smallest towns usually have one of those little bakeries with wonderful bread, pies, tarts and other goodies; sometimes they are even part of the larger supermarkets — and we are good customers.

Dawson is marked "Mile 0", and from this point mileposts stretch along the Alcan Highway. The J-C's have little thermometer type decals of the route all over Dawson, which is the beginning of the road, and the only way you can get to Alaska by automobile. We camped at Mile 107 the first night, and are now at Mile 300. We are going to make the most of our lay-over here by visiting the coin laundry, having already found a motel with showers. After that, I figure things will be pretty dull.

Although we have traveled 300 miles on the Alcan, we are still wondering what it is really like. It has been raining since Sunday, and folks tell us the road is far from normal in that it usually has clouds of dust. Temperatures range from 50 to 60 degrees, while normally they hit 80 to 90. This is the first rain in these parts in something like two months, and everyone says the moisture was badly needed. The wheat and oats still look good, though, and the natives say they will harvest in late August or early September; they

say that the first "staying snow" usually comes in October, but the really big ones hit in January and February.

Another thing which gives us trouble is the late sunset. Last night, just after the sun went down, Buzz said, "Tell me what time it is without looking at your watch." I guessed 8:45 p.m. — and thought I was adding enough to be on the safe side. It turned out to be 11:46 p.m. So far we have not gotten up early enough to see the sunrise, but it is well up and on the way at 6 a.m. It couldn't be dark for more than four hours a day — and they tell us this will be more pronounced the further north we travel. Almost anyone can get in an 8-hour-day in these parts if he really wants to work.

We are now in the province of British Columbia, which we do not like half so well as Alberta. The roads are worse, people are different, and prices are higher. At this point, it is a lot like Montana, and they tell us it will get worse. Gasoline is now 55 cents a gallon, and hamburgers are 45 cents each without "chips", which is Canadian for French fries. Blueberry pie is still 45 cents a slice, though, and it is always homemade. — We run across a service station about every 30 miles, although some of the little towns are as far as 100 miles apart. Some of these stations are very nice with cafes and general stores but, for the most part, they are fairly crummy. When it is raining you even get your own gas, which we do not consider exactly cricket at 55-cent-per-gallon.

We are also beginning to see what Virgil Dodson meant when he said to be sure and take along some spare tires. The roads are literally filled with millions of chug holes, usually three to six inches in width — and just about as deep. We let our air pressure down to around 20 pounds at the advice of a service station man in Dawson, and so far, haven't had any tire troubles. A lot of people who are pulling trailers, they notice that many people with great, long trailers are having trouble hauled out by special trucking companies. We figure that they likely belong to military personnel in Alaska — and the government is probably paying for it, anyway.

When you want to commit a misdemeanor in this country, all you have to do is throw a can or piece of paper out on the side of the road. British Columbia has signs everywhere pointing out that it is a \$500 fine to throw stuff along the road — and it gets results. Even in Montana and Wyoming you seldom see a beer can in the bar ditch — and it is unheard-of in Canada. Although \$500 sounds a bit drastic, it does get the job done.

Fishing seems to be taboo for us. Here we are stranded and nothing to do, but the streams are high and so muddy they look like chocolate milk. Even the lakes are out. We still have hopes, though. Ran into an old boy while waiting on road repair crews yesterday, and he says all you have to do is drop in your hook, and pull one out. I asked him what kind of flies, and he replied:

"Any kind. Just any kind! And if they are hungry, just pitch out the bare hook and they'll grab it."

I asked him if he had ever lived in Texas, but he didn't seem to get the implication. These Canadians also kid us quite a bit about going up to see the "biggest state in the Union". Everyone seems to think this is original and quite funny. We always laugh with them — and usually meet some interesting people as a result.

Yesterday morning we saw a couple of bobcats crossing the highway. They look like overgrown house cats, except their hind legs are powerful and strong. Needless to say, they are considered very dangerous. A native here at the motel was telling me that he would not dare walk along the Alcan Highway at night, chiefly due to this menace.

You see lots and lots of hitch-hikers in Canada, and many people pick them up. Four boys from Lansing, Michigan, are walking from Dawson to Fairbanks, a distance of about 1500 miles. They are averaging 30 miles a day, and say that they have mastered the technique of reading while they walk. Their biggest gripe, of course, is the mosquitoes, which appear in clouds. Staying at this motel last night was another youngster, this one from Oregon, who is riding a bicycle all the way to Alaska, which means that he, too, will walk about half of the way by the time he pushes the bike up the long, steep hills.

These antics appear to be fairly new. At least, the natives consider them worthy of extensive conversation — but I feel reasonably sure that they will never become too general in scope. Such is not the way of human nature.

Most of this country is Catholic and the church still takes care of needy cases in these parts. Instead of going to the Welfare office in the courthouse, you go and see the priest, who will help out with a meal and a night's lodging on worthy cases; according to local parishioners. They say that the area is flooded with destitute travelers these days — and the points with railroads get even more migrants. It takes four deisels to cross the mountains, but only one engine is manned with a crew (don't tell the railroad brotherhoods); consequently the other three soon fill with tramps and hobos.

"Canada is restless... on the move," said a Fort Nelson native last night. "More especially the younger men." All of the people I see are anti-Kennedy, despite the strong Catholic membership. They say DiEffenbaker "went out because he talked too much and did too little". They figure Kennedy will lose in the next election. They do not like his integration movements at all. Canada has no parallel for our Southern Negro problem... and no race troubles... but they think Mr. Kennedy has already gone too far, and that we will be plagued with more and more troubles along this line as a result of his mis-handling. They liked Roosevelt, and pretty well consider him to be our last really great president.

More to come "if and when" we get moving.

PONY LEAGUE TOURNEY RESULTS

Irrigation League Joins Littlefield In Victories

Irrigation League squeezed in a run in the last of the seventh to down Anton-Shallowater 6-5 in the early game Wednesday of the District Pony League tournament here. And Littlefield took advantage of their hits in the second game to beat Childress 9-5. Both games were among losers. Anton-Shallowater and Childress were eliminated as they took their second losses.

The first game Wednesday was a real thriller. Anton took an early lead with three runs in the second inning on two singles, a walk, two errors and a passed ball. Irrigation League got one of them back in the last of the second on a single, a passed ball, and two ground balls.

Irrigation League knotted the score in the last of the fifth with two runs. Jimmy Stockstill opened with a double, followed by a walk. With two outs, Danny Kelley's single brought in both runners.

Anton took another lead in the top of the seventh, scoring twice on two singles, a walk, a balk and an error.

But Irrigation League was equal to the challenge. Mark Holt doubled and went to third on a passed ball. Kelley walked and Logan Armstrong singled in one run with two outs. Kelley then came home on a passed ball. With two strikes on the batters, Armstrong broke for the plate and slid under the pitch for the winning run.

Danny Clark went all the way for Anton-Shallowater and took the loss. He gave up six runs on five hits, walked four and struck out four. Ronny Hill, Doug Messer and Logan Armstrong all worked on the mound for Irrigation League with Armstrong scoring the run that gave him the victory.

Combined, they allowed five runs on six hits, walked six and struck out seven.

Jimmy Dan Preston had two hits to pace Anton, while Irrigation League's five hits were divided up among five players.

Irrigation League had three errors and Anton-Shallowater two.

In the second game Wednesday, each team had nine hits, but Littlefield made their pay off as they dropped Childress from the tourney.

But Childress took the first lead with one run in the first on a walk and three singles.

Denny Walker homered for Littlefield in the last of the first to tie the score.

Childress led 4-1 in the top of the third with three runs on two singles, two walks, three fielder's choices and an error.

Littlefield used a walk and an error for one run in the last of the third.

Then Childress' luck turned sour. A double by Ronnie Sims and a single, plus two other ground balls, couldn't score a run for them in the fourth.

Littlefield broke the game open in the last of the fourth with five runs on three walks, two fielder's choices that filled and a double by Walker, plus a passed ball and a wild pitch.

Littlefield got one run in the fifth on three singles, an error and a walk.

Childress led 4-1 in the top of the third with three runs on two singles, two walks, three fielder's choices and an error.

HEAD COCKED AN LEANED AWAY, Canyon Little Leaguer Leach still couldn't avoid the tag applied by Hereford catcher Sid Shaw in Canyon last Friday as Hereford squeezed through for the area title, 3-2. The action came in the fourth inning as Leach tried to score from second base on a wild throw. He was caught on a perfect peg from left fielder Dusty Duncan to Shaw. (Staff Photo)

## Duncan Outlines Boys' State Meet

"I felt fortunate as an individual to attend Texas Boys' State this summer," commented Ronnie Duncan, Hereford, High School senior, as he spoke at Kiwanis Club on Thursday.

Duncan, son of Mr. and Mrs. G. W. Duncan, and John Fowlkes, son of Mrs. Loraine Fowlkes, attended the week-long American Legion sponsored affair in Austin.

Continuing, Duncan stated that he wished every young man could have the opportunity to attend since the experience would help in school work as well as extra-curricular activities.

"Boys' State program assembles students from all over the state with the purpose of teaching the basic fundamentals of Texas government, the student explained.

The boys established a fictitious state government in keeping with the motto of the program: "Learn by doing," he pointed out.

Duncan explained that the boys attending are separated in such a manner that they become residents of a fictitious city and county and belong to one of two political parties.

"The first four days," he commented, "are devoted to party politics, planning of strategy, the convention and election of candidates and the general election."

Following announcement of election results, the Hereford representative stated, the winners then learn the duties of their offices.

Those who were not candidates or elected to office write letters of application to elected city, county and state officers seeking appointments to various boards and commissioner, he

added.

The following day, those attending Boys' State are taken on a tour of the Capitol with elected officers going to their respective offices.

"This may sound like all work and no play," Duncan commented, "but, it isn't. In the afternoon there is a recreation period in which every boy must participate in some sport."

In closing, he quoted a statement made by the lieutenant governor of Boys' State: "We came as boys and leave as men."

Duncan was introduced by Dr. Dale Wynn, program chairman for Kiwanis Club.

**ALL IS WELL**  
(OR IS IT?)

Some may wonder! When government operates 19,000 businesses, in direct competition with its taxpayers, they cannot be blamed for wondering. A case in point is the electric industry. Already

over 15% of the nation's electricity is generated by the federal government. If you don't think all is well, write to your elected representative. He'll be interested in hearing your view.
