**LUMBER YARD BLAZE**—Hereford firemen worked over six hours Monday morning to control flames and contain fire damage to a large metal-covered warehouse at the Carl McCaslin Lumber Co. Preparing to enter the structure, above,

the volunteers had been hampered earlier by heavy doors and intense heat from the sheet metal sheathed structure. (Staff Photo)

## Firemen Win Praise in Controlling Two Fires

### McCaslin Lumber, Packard Mills Suffer Damages

Hereford's volunteer firemen won high praise from two property owners after they succeeded in holding damages to a minimum at the Carl McCaslin Lumber Co. early Monday and at the Packard Milling Co. elevator Tuesday night.

"We had excellent turnouts by the volunteers, had to use every piece of equipment and had a lot of luck. Everything we tried seemed to work," said Fire Chief Earl Phillips. About 24 volunteer firemen of 29 on the rolls attended each fire and two spectators helped hosemen at McCaslin's while one joined the crews at the elevator.

**DAMAGES** at McCaslin's, where the 140 by 40 foot warehouse at the south end of his main yard burned, are expected to go well above \$25,000. An accurate estimate of damages is not expected before Saturday when inventory and fire damage inspections are expected to be completed, according to Ben Childers, manager.

Frank A. Gyles, owner of Packard Milling Co., said Wednesday that he will be unable to tell the extent of damages until 4,000 to 5,000 bushels of wheat are moved. The headhouse at the top of the elevator was heavily damaged and machinery inside was ruined, by the flames, but water damage to the \$2 a bushel wheat may be the major damage, Gyles said.

"The firemen did a wonderful job," Gyles declared, echoing the sentiments of Carl McCaslin, who had earlier expressed his appreciation to members of the department.

**FIRE CHIEF** Phillips said that while the lumber yard fire was the hardest to control—it was reported at 1 a. m. Monday and required nearly three and one-half hours of maximum pumping—before it was considered under control—but the elevator fire presented the greatest challenge. Roaring in the headhouse 60 feet above the ground, they represented a challenge seldom equalled by men with high pressure water hoses.

"It was one of the few elevators that was ever saved after catching fire up there in the headhouse," Phillips said. Reported at 10:30 p. m. Tuesday, the elevator fire was out and firemen were securing hoses at 11:45.

**GRAIN ELEVATOR AFLAME**—Fire had raced through the roof of the headhouse 60 feet above the ground at the Packard Milling Co. elevator Tuesday night before firemen arrived to bring their hoses to bear. Fire damage was confined to the high structure and its equipment. Only 4,000 to 5,000 bushels of wheat was in the structure, which was being cleared for the coming milo harvest. (Staff Photo)

### TOMORROW IS DEADLINE

## Farmers Show Interest in New Soil Bank Plan

Many lettuce fields in the area have been damaged by aster yellow, a plant virus. While damage is reported to be running from 20 to over 50 per cent, the crop has been moving at good prices for heads that have escaped the "yellows," up to \$3 a carton. The virus is also said to be affecting carrots, and entomologists say that the carrots may be harboring the virus and leafhoppers that transmit it.

Today at 2:30 p. m. members of the West Texas State Ex-Students Assn. will be in Hereford to sell tickets to the WT-Mississippi Southern football game Saturday night in Amarillo. Tickets will be sold at Dub's Man's Shop and the ex-students will canvass the town. Price for a reserved seat is \$3.

Procedure in parliamentary courses will get underway at 7 p. m. Thursday in the High School Study hall and will continue on Monday night at the same time and place. The course is offered for officers of the P-TA and County P-TA members.

Officers for the Nateena Camp Fire group were elected at its first meeting held Sept. 26, at the Camp Fire Hut. New Officers are Judy Crume, president; Donna Williams, vice president; Barbara Langley, secretary; Sharon Tinnin, treasurer, and Susan Stapp, scribe.

## Man Says 'Twin' Must Have Sold Whiskey to Chief

A. Y. Brown, 41, a Negro, is being held in county jail in lieu of two \$1,000 bond on two counts of sale of liquor in a dry territory.

Brown, who moved here recently from Tulsa, was arrested Monday afternoon after he allegedly sold whiskey twice to Chief of Police Henry Aycock.

Aycock said the second time he bought the whiskey with money from which he had copied the serial numbers. He said Brown had money which corresponded with the serial numbers. Aycock said Brown has denied the charges, saying it must have been his twin brother who sold the whiskey.

Also, in county court Monday, Jose A. Ambriz was convicted of possession of liquor for sale in a dry territory and was fined \$150 and sentenced to 10 days in jail.

Tomorrow, Oct. 4, is the deadline for farmers to "bank" wheat allotment acreage in the acreage reserve program for 1958. But the number of contracts signed and their cash value to farmers is already well ahead of the totals for the 1957 program.

A total of 21,272 acres had been placed in the program, under which the farmer must pledge not only to keep a specified acreage out of cultivation for the year, but to not exceed specified limits on total harvested acreage.

**PAYMENTS** on 157 contracts, with a \$3,000 maximum payment to the individual grower, will total \$304,267. These were the figures reported at the end of last week by Faust Collier, Agricultural Stabilization and Conservation office manager.

"We have had a good many additional farmers in to sign-up this week," Collier said yesterday.

The totals for the 1957 program included 23,992 acres under 105 different agreements and payments of \$204,745.80. The ASC paid-off on completed contracts during the latter part of June.

While some farmers have been debating whether or not to bank acreage under this one year program for wheat, others were watching the mailbox for their dividend on the long range—five to 10 year—conservation reserve program.

THE LOCAL ASC office is preparing to make \$925,244 in conservation reserve payments. These payments, with a \$5,000 per indi-

## United Fund Meeting Set for Oct. 28

A kick-off coffee to start Deaf Smith County's United Fund campaign will be held Oct. 28 in the Hotel Jim Hill's ballroom.

Woody Wilson, campaign chairman, said the kick-off time was set Monday night at a meeting of the executive-campaign committee. Wilson urged that all area chairmen be present at the coffee.

Pledge cards for the downtown area were made up at the Monday night meeting.

Two more area chairmen were named by Wilson, with Carroll Kreig for Highway 51 and Nell Cooper for the Park Ave. section.

vidual limit, represent the return for taking 102,854 acres out of cultivation.

While the new acreage reserve program has attracted over 50 per cent more signers here than it did last year, the program has been reported to be behind the 1957 pace in other parts of the nation.

For the period ended Sept. 20 a total of 73,281 acreage reserve agreements had been signed by farmers placing 1,964,705 acres of winter wheat allotment land in the 1958 acreage reserve. For the comparable period a year ago, 106,485 agreements had been signed placing 6,392,561 acres in the

## Circus Is Coming

Clyde Beatty's Circus, last of the Big Tops, will stage two performances in Hereford at Veterans Park Saturday under the auspices of the Hereford American Legion.

The Zoppe family will be featured as bareback riders and the Sabre Jets will do their trapeze performances. Other features include educated dogs, monkey actors, aerial displays and novelty acts.

Performances are scheduled for 3 and 8 p. m., with gates being opened at 2 and 7 p. m. Beatty will perform his wild animal act. He is one of the world's top trainers.

Three herds of performing elephants, girls, horses and ponies will supplement Beatty's act and the regular circus shows.

## Ticket Sales Are Slow for Concert

Ticket sales to Hereford's Community-School Concert Series are lagging, according to Mrs. W. T. Carmichael, president of the group.

A sales drive is being held this week in an attempt to sell enough season tickets to pay the necessary fee for the Amarillo Symphony's appearance here next month.

Mrs. Carmichael has asked that all salesmen turn in their receipts at John McLean Insurance or Streu Hardware by Saturday morning. Tickets are on sale at those two places as well as by the Hereford High band and choir.

Ticket sales will continue until concert time. Mrs. Carmichael said. She said the group wants to see how it stands now.

Price of a season ticket for adults is \$3 and \$1.50 for students. A season ticket entitles the holder to attend the combined Amarillo Symphony-Hereford High choir concert next month, a high school band concert, a variety show and one performance of the symphony in Amarillo.

## Minor Collision

Jim P. Gallagher, 68, of Rt. 5, Hereford, was given a ticket for failure to grant right-of-way and driving without a license after a collision Monday morning with a car driven by J. L. Clutts, 41, of Clovis.

Damage to Gallagher's auto was estimated at \$48 by investigating officers. Clutts' car was not damaged.

## Schroeter Selects Most Winners in Weekly Contest

Paul Schroeter picked 20 winners out of a possible 25 in the second week of The Brand's football contest to take top prize of \$5 in trade at Hereford Hardware.

Henry Aycock and James Gentry both selected 19 winners, but Aycock's tie-breaker scores were closer so he won \$3 in cash from The Brand. Gentry received \$2.

Wendell Morton, last week's winner, was up at the top again with 19 winners, but his tie-breaker scores kept him out of the first three.

This week the \$5 in trade will come from Hereford Creamery.

## 115 M. P. H. CHASE

## 50-Man Posse Aids Capture of Youths

Three teen-age boys in a stolen car led law officers from all over the western half of the Panhandle a mad chase Wednesday morning before being nabbed in a maize field 12 miles north of Hereford.

Exceeding 115 m.p.h., the teen-agers, all from Oklahoma City, roared from Adrian west into New Mexico, doubled back at San Jon and came across dirt roads to Highway 51 in less than an hour.

More than 50 law officers from Hereford, Amarillo, Dimmitt, Canyon and Vega joined in the chase and finally caught the boys in a field owned by Robert Vogel. It took three hours to flush the teen-agers from the field and the last one was caught at 1 p. m. They were not armed.

The three boys were lodged in Deaf Smith County jail at 2 p. m. and no charges had been filed at that time. Sheriff Charles Skelton said all three of the boys have juvenile records and two of them are on parole from a reformatory.

## Herd Meets Olton Here Friday Night

With the taste of victory still sweet in their mouths, the Hereford High School Whitefaces will host the hefty Olton Mustangs of District 1-A-A here Friday beginning at 8 p. m.

Three Whiteface starters have been hampered by colds this week but are expected to be ready to go Friday. Fullback James Teas missed practices Monday and Tuesday as did center Gary Roland. Halfback Durward Jacobs was absent Monday but worked out Tuesday. Reserve tackle Dickie Feders was out Monday also.

Olton now has won one and lost two.

"We've had two good hard workouts," Hereford coach Jack Harris said Wednesday. "Except for the colds we're in good shape," he added. "We'll be ready to go all the way," he said.

Olton will field a big team with nine seniors in the probable starting lineup. "They have two tough tackles and a great runner in Arno Hall, their tailback," Harris said.

"OUR SCOUTS said they looked like a different ball club from the one in the earlier games. They're going to be hard to beat," Harris added.

Probable starters for Olton are Don Edwards, 190, left end; Charles Billingsley, 185, left tackle; Kent Wozencraft, 160, left guard; Billy King, 185, center; James Carson, 185, right guard; (Continued On Page 2)

## Boosters Set First Session

The Hereford Boosters, which has replaced The Hereford Merchants Assn., will hold its first regular monthly meeting at 10 a. m. Friday in the ballroom of the Hotel Jim Hill.

J. P. Jones is president of the organization, which was formed last month to promote retail sales in Hereford. So far 25 firms have joined the organization.

Last Friday starting fullback C. D. Fitzgerald was in only one play in the Herd's 37-20 victory over Tulsa. He had a bad cold but was back to work Monday. Teas played almost the entire game Friday, ripping off several good gains.

OLTON: also took its first win of the season last week by upsetting Hale Center, 13-7. Olton has lost three games, falling to Floydada, 21-6; Littlefield, 54-0, and Abernathy, 19-0.

Hereford now has won one and lost two.

**TOP BOWLERS**—Shown with team and individual trophies received Monday night for their performances in last season's bowling league competition are Jack Kirksey of the Kirksey 66 team, back row, left, with League Three first place award; Ed Skypala with the Borden team's League One first place award; Leroy Boyer with the Inkspot team's League Two first place award, and Charlie Owens with the Sunset Lane's team's League Four first place award. Trophies for individual performances went to Lloyd Neill, front row, left, Buddie Evans, Duane Baize and James Edmonson. (Staff Photo)

car and headed north on Highway 51. They encountered the speeding Ford as it was coming south. As Skelton and Brookshire turned around, the boys again doubled back to the north, and turned west on a dirt road.

"We were hitting 115 and they were pulling away on that dirt road," Skelton said.

The boys turned south and shook off Brookshire and Skelton. They turned east and headed back for 51 again. Deaf Smith deputy sheriff J. T. Sanderson spotted them and gave chase until his car blew out two tires while doing more than 100 m.p.h. The car did not turn over and Sanderson was not hurt.

Back on Highway 51, the trio started toward Vega but blew out the car's right rear tire. They ditched the car and scattered into the maize field.

By this time more than 50 officers had arrived. With two planes flying above the field spotting, and cars stationed at each corner, the officers formed a line and went through the field slowly, catching each boy separately.

Texas Rangers and city police

from various towns joined with the sheriff's officers and highway patrolmen to make the captures.

The planes were furnished by Bud Paetzold and Bryant Bros. of Hereford.

1957 winter wheat acreage reserve.

**ONE FACTOR** that may have created more interest in the program here is an increase in the payment scale per acre. The average payment last year was \$3.11 per acre, while the new program will provide an average of \$14.98, with the minimum to be \$11.98 per acre.

The principal limitations on the new contracts are the \$3,000 maximum payment and the limitation on harvested acreage. The limit, which applies to all crops except hay, applies to the entire farm and is determined by subtracting the number of acres in the acreage reserve plus any acres in the conservation reserve from the total soil bank base acre, a total determined by ASC officials.

Harvesting more total acreage from a farm than the permitted

acreage limit will make the producer subject to penalty.

Producers who participated in the 1957 acreage reserve program will be paid a 10 per cent premium above the 1958 rates, provided they place the identical land in the acreage reserve program again. No limitation is placed on the number of acres which may be offered for the 1958 program except for the limitation of \$3,000 in total acreage reserve payments.

**RELATIVES HERE**

Mrs. Grace McLeroy of Dallas and Jim Robinson of Colorado Springs, Colo., were called to the bedside of their sister, Mrs. Chris Renfro, last week who underwent surgery at Deaf Smith County Hospital. Mrs. Jack London of Kaufman, a niece by marriage, has arrived to assist the local staff as a trained nurse.

According to reports made by members of the family, Mrs. Renfro's condition remains unchanged.

**No Free Tickets for Scouts at Game in Amarillo**

The Hereford Scouts and Explorers will not be able to get in free at the game between Mississippi Southern and West Texas State on Oct. 5, because the game has been moved to the Amarillo Stadium under the direction of the Chamber of Commerce and all seats are being reserved at \$3 per ticket, according to W. M. Teague.

However, the Scouts and Explorers will be admitted free to the other two home games which will be played in Buffalo Stadium. These games will be with Hardin-Simmons and Abilene Christian College.

Olton runs a single wing formation most of the time with some T formation mixed in, Harris said. Last year Olton won six, lost three and tied one.

"We're expecting a heck of a ball game. Olton has really improved," he noted.

"OUR LINE did some excellent blocking most of the time against Tulla. Our passing looked good. We hadn't been able to pass much before.

"Our young kids (Reserves) did a good job in that fourth quarter event though Tulla scored twice. We wanted to give them some experience," the coach said.

Hereford's passing was effective against Tulla, clicking for a touchdown and setting up three other touchdowns.

The Hereford freshmen team, with two wins and one loss on the record so far, will play at Dimmitt at 6 p.m. today and the B team will visit Muleshoe for a game beginning at 8 p.m. today.

Other District I-AAA teams scheduled are Phillips against Perryton at Phillips; Littlefield hosts Tulla; Dumas has Artesia, N. M., at Dumas and Levelland goes to Snyder.

Gyles said it appears that an electrical short probably started the elevator blaze.

CHILDREN said that the lumber yard fire began in a shed at the rear of the warehouse. "We believe that either someone sleeping in the shed or children playing there started the blaze," he said. Material stored in the building and either destroyed or damaged included a large stock of plywood and plumbing and bath fixtures, hot water heaters, asbestos shing-

les, wallboard, wallpaper, paint and miscellaneous hardware.

Both McCaslin's and Packard Mills were open for business on the morning following the fires. Gyles expected to have new equipment installed in the elevator "very soon." The McCaslin warehouse is reportedly to be rebuilt, possibly on an adjacent lot.

The local Red Cross Motor Club made its first trip to the scene of a disaster during the McCaslin fire. Arriving on the scene about 3 a.m., the women served hot coffee and doughnuts to the chilled firemen until after sunup. The club is setup to aid disaster workers.

### Antonion Circle Has First Meet

The Antonion Circle of St. Anthony's Catholic Church held the initial session of the year recently in the school hall with Jo Ann Jekso and Viola Wagner serving as hostesses.

Officers were installed during the business session. Those assuming duties of office were Irene Reinart, president; Norma Huckert, vice-president; Freda Reinart, recording secretary; Regina Warren, corresponding secretary; Mildred Betzen, treasurer; and Rosalie Stengel, parliamentarian and reporter. Ethel Stengel conducted the candlelight installation rites with outgoing officers pinning a rose corsage on her successor.

New yearbooks were distributed by members of the yearbook committee; Norma Huckert, Dorothy Ohlig, Dorothy Schumacher, and Clara Reinart.

Refreshments were served to Father Michael S. A., Mrs. Mary Walker, a guest; and Mesdames Matilda, Anderle, Pat Schrader, and Mary Ileen McAndrews, new members. Also Mesdames Mildred Betzen, Mary Ann Dzuik, Juanita Higgins, Marcella Hoffman, Norma Huckert, Betty Koelzer, Alice Koenig, Clara Reinart, Mary Schjabs, Irene Reinart, Dorothy Schumacher, Clara Reinart, Ethel Stengel, Regina Warren, and Rosalie Stengel.

Texas' first railroad building charter was granted Dec. 16, 1836.

### City Golf Tourney Match Play Will Begin Saturday

Max Drever fired a 73 Sunday to take medalist honors in the men's division of the Hereford City Golf Tournament. Meredith Ireland shot an 81 Tuesday to become women's division medalist.

Match play in the tournament opens Saturday at 10 a.m. with 18 holes. The men will go 54 holes with 36 slated Sunday. The women are to play 18 each day. Finals begin at 1 p.m.

A total of 20 entries had been registered Tuesday. Bob Lindsey is the defending men's champ and Juanita Sims won the ladies' title last year.

Other top scores in the men's bracket came from Dr. J. H. Chaner, 74; W. W. Gilbreath, J. A. Pitman, John Renner and Charles Seed, 75; J. M. Posey, Frank Cogdell and John Blocker, 77.

Hootie Gilbreath was second in the women's qualifying round with 87 and Ola Mae Tremble and Rowena Posey each had 93.

### Stanton's Teams Lose to Plainview

Both the seventh and eighth grade football teams of Stanton Junior High were defeated Tuesday night at Plainview, in Golden Spread Conference games.

The seventh graders lost, 14-0, and the eighth grade crew fell, 48-13.

Plainview scored twice in the first period against the seventh graders but was held in check after that. The Hereford squad twice drove to the Plainview two-yard line later in the game but couldn't score.

Jim Chavers scored for the eighth graders in the third quarter on a 60-yard dash and in the final period Dennis Hodges ran 10 yards for a touchdown and then plunged for the extra point.

Next Tuesday both Stanton teams go to Dimmitt.

### Illness Is Fatal for Mrs. Engle

Funeral services for Mrs. Emma Mae Engle, a resident of Hereford since 1910, were held Wednesday morning in the Gilliland Funeral Home's Rose Chapel with the Rev. Russell Wingert, pastor of the First Presbyterian Church, officiating.

Mrs. Engle, 68, died Sunday at 6:05 p.m. in Deaf Smith County Hospital. She had been ill for a year and a half.

She was born Dec. 29, 1888 and came to Deaf Smith County from West Virginia in 1910. She was married to Pete Engle on May 15, 1935, in Chicago.

Survivors include her husband; a daughter, Mrs. Gladys Carroll of Hereford; a son, William of Arlington, Va.; a sister, Mrs. Vernon Ireland of Jeffersonville, Ohio; two brothers, F. H. Barker of Akron, Ohio, and D. W. Barker of Springfield, Ohio; two grandchildren and six great-grandchildren.

DANIEL NEWS

Combining of Row Crops Is Starting Now

By MRS. W. R. MOORE  
Several of the farmers in the community are starting to combine their row crops. So far they have had good results. The army worms had damaged several acres of feed, but they were stopped by spraying poison. Some of the community residents have been on the sick list the past week.

Word was received that R. L. Campbell is still critically ill and is in a hospital in Kansas City. Mrs. Mammie Cogdell has returned home from a two weeks visit with her sister and friends in Gatebo, Okla.

Darlene Moore, who is teaching music in the Cactus Schools, spent the weekend in her parents home. Visitors in the home of Mrs. Mammie Cogdell Sunday were Mr. and Mrs. Walter Lee Ballard and children, Jimmie and Faye Lee, of Vega, Mr. and Mrs. Ezra Norton of Hereford were also afternoon guests.

Mrs. Zelma Axe spent Sunday in the home of her sister, Mrs. George Chambliss of Muleshoe. Mr. and Mrs. C. L. McBroom and daughter, Janie, visited in the home of Mr. and Mrs. James Ware in Amarillo on Sunday.

Mrs. James White visited in the home of Mrs. J. F. Matthews Saturday morning.

Mrs. Zelma Axe visited in the home of Mr. and Mrs. W. H. Killen in Claude Saturday.

Mr. and Mrs. Elroy Artho and children were guests of Mr. and Mrs. Lee Haske of Umbarger Sunday.

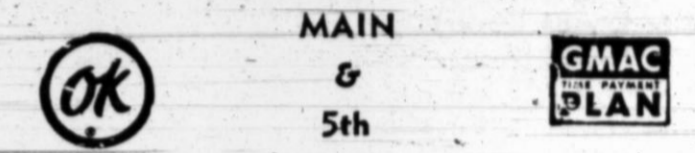

Pat Price left recently for Houston where he is attending college. Mr. and Mrs. J. F. Matthews visited in the home of Mrs. Jim White of Canyon Sunday afternoon.

Mrs. J. T. McClain and daughters, Alice and Kathrine, and Darlene Moore attended the wedding of Cecilia Waters and Arlen Ruthardt, both of Canyon, Saturday night.

CORRECTION

The names of Mrs. Ray Cowser and Mrs. Charley Hill were unintentionally left out of the guest list of a recent coffee given by Mrs. Wm. M. Lenderman, 1011 Park Ave. The coffee was in the form of an annual get-together of close friends.

## Hopson Sacks-Up a Second 'First Bale' Premium Here

Cotton in the Hereford area is generally slow to mature and open this season. But not for A. N. Hopson. He set a new first this week by taking in the second "first" bale of the season. He had produced the first "first" bale on Sept. 17, for which he obtained a premium price of 50 cents per pound and grossed just over \$350 from the Ward Gin.

Tuesday, John McClesky polished-up the just rebuilt Hereford Gin and looked around for some business on which to try the new machinery. Hopson was able to supply his request for "some cotton" from his farm one mile south of town. And again he received that 50 cents per pound premium, this time on a 650 pound bale. Lint and seed brought about \$350.

Mrs. Hopson told her husband, "All we need in Hereford is more gins." The veteran farmer yesterday completed harvesting of his fourteenth bale of the season off his 22 acres, figures the field will finally average a bale and one-half per acre. He planted Paymaster 54B variety on May 3-4, and credits having skipped the normal "last irrigation" with the crop's fast maturity.

By JIMMIE GILLENTE

A FEW MORE days of hot weather, followed by a mild freeze in 10 or 15 days, and this area will set a new, all-time high in grain sorghum production. The gigantic yield comes, despite things like the acreage reducing soil-bank and the low support price allotted the crop.

The grain sorghum situation is, in fact, an enigma to anyone who attempts to figure it out. The same folks who sit down and prove beyond any doubt that they lose money growing milo will, invariably, turn right around and plant more than they had the year before. In addition to being a good example of human nature, the process has consistently increased the yield per acre. Part of the answer, of course, rests on the fact that this area has no acreage allotment in basic commodity crops — which leaves very little choice.

THIS SITUATION, you would think, would lead to a bunch of irate farmers who would come out bucking for acreage allotments and supports on grain sorghums. Instead, when they have a meeting to work out plans, something like 25 to 35 people show up. On the other hand the farmers down in Hale County, where they have cotton as a basic crop, seem to be supporting the grain sorghum organization around 80 per cent strong. Most of the stores in Plainview display big signs which read, "I am bucking the grain sorghum association. Are You?" In Hereford, where grain sorghums are far more important, the stores are like the farmers, namely, not very excited about the whole thing.

Meanwhile, it is really getting serious in spots. Already several younger farmers in Parmer and Deaf Smith counties are throwing in the towel. They are planning on selling out or leasing their acreage — and will seek greener pastures.

WHETHER WE CAN effect much improvement is problematical. However, we can all join hands, attend the meetings and thoroughly inform ourselves concerning the basic situation. One reason we have not secured more tangible results through the organization rests on the fact that very few people seem to care much what happens. At least not enough to get into the swing of the drive and help beat the drums. Unless something happens — and soon — there will really be some moaning and groaning.

Jim Robinson, old timer in these parts who now lives in Colorado Springs, was visiting over the weekend with his son, J. W. Jr. and family. Jim is still an avid hunter, but unlike the local boys who travel to Colorado for deer and elk, prefers to go into New Mexico, despite the fact that it requires an out-of-state license.

D. C. Kinsey, now a resident of Portales, N. M., is just back from Colorado, where he purchased an out-of-state fishing permit. When you tally up the situation, it looks like the sportsmen are more interested in going somewhere than any other thing.

Mrs. A. J. Schroeter was just in with some clippings from the Gainsville Register concerning the Victor Guano trapeze act in the Clyde Beatty Circus, billed here for Saturday. The Guanos, they say, are really tops. The circus is sponsored by the local American Legion post, which gets half of all

advance tickets sales. KENT SNARE gave me a clipping from the New York Times sports page concerning the Giants baseball team, which will be in San Francisco next year and criss-cross the continent in airplanes for their games. The history of the team starts out:

"Forerunners of the Giants were charter members of the National League when it was founded in 1876. But they were expelled at the completion of the season because they refused to travel."

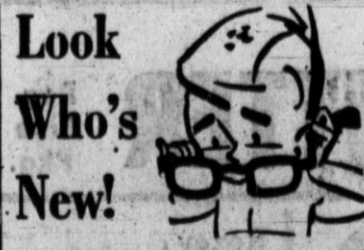

Each time I read about the current integration controversy, I am invariably reminded of the delegation of negroes who appeared before the Hereford Rural High School Board one night back in 1955 — and literally plead with the board NOT TO INTEGRATE the negro students, especially the smaller children. There are a lot of sidights to the question, one of which is the fate of negro teachers. One of the negroes in the local delegation pointed out:

"Right now, school teaching is one of the few honorable jobs which our young women can grasp."

The next step, of course, will be a required number of negro teachers in each of the schools. The NAACP probably has this on their list, and it is one of the reasons so much effort has been made toward federal subsidy and control of the schools. Certainly, the teacher question will be a controversial problem in future years. In view of our current teacher shortage, it will be quite an item, too.

JOHNNY POOL has some starter springs, which he says will save many farmers from buying complete starter kits for irrigation engines. He figures he should get a free plug, because it is a public service. However, I find that he expects to charge for them, despite the public service angle.

Things are changing rapidly. One of Hereford's most pressing — and least recognized — problems is that of downtown parking. Even the courthouse square is 90 per cent full most week days. While most cities are in a tailspin over this subject, it is also a factor in the smaller towns. People just ignore it. Meanwhile, it is definitely revamping the face and life of the community. The automobile, it seems, is here to stay. The time has come to seriously consider and adopt a workable plan to handle the downtown parking problem.

Mr. and Mrs. Billy Pittman are the parents of a girl born at 10:34 a.m. Sept. 28 and weighing 7 pounds on arrival.

A girl was born to Mr. and Mrs. Johnny Jackson Sept. 29, at 10:21 a.m. She weighed 7 pounds and 1/2 ounce.

At 10:57 a.m. on Oct. 1, a boy was born to Mr. and Mrs. S. C. White. The baby weighed 5 pounds and 12 1/2 ounces. Maternal grandparents are Mr. and Mrs. Andrew Scott and the paternal grandparents are Mr. and Mrs. Frank White.

Tuesday when he fell from a boxcar behind the A & P packing shed, a mile west of Hereford on U. S. Highway 60.

Tacke was taken to Deaf Smith County Hospital in a Kreig-Marcum ambulance. He was treated and released and went back to work. His legs were bruised and he was shaken-up.

A Santa Fe spokesman said Tacke was on an empty boxcar which was being shoved up to the packing shed for loading and the hand brake failed on the box car. Tacke then fell off the car.

Attracted by the ambulance and police sirens, a large crowd of cars and people created a minor traffic jam which was further complicated by a stream of cars coming from the Tower Drive-in Theater.

# Exes Form Football Cheering Sections

By SANDRA GLENN

Football season is fast getting underway and the thrill of seeing that hometown team or the old college alma mater triumphant once more has brought scores of people back to the cheering section again this year.

Last weekend there were several of Hereford residents who traveled to Lubbock to see the A&M Aggies down the Texas Tech Raiders. A few of the people who were seen are Mr. and Mrs. Way-

ne Phillips, Mr. and Mrs. Ben Childers, Mr. and Mrs. Earl Phillips, Tommy Cornahan, Mr. and Mrs. Bill Miller, Mr. and Mrs. J. W. Robinson Jr., Mr. and Mrs. Bill Decker, Mr. and Mrs. Cliff Kerr, Wayne Lehrer, Virginia Cowan, Paton Ramey, Mr. and Mrs. Sylvester Slagle, Mr. and Mrs. W. L. Davis Jr. and Mr. and Mrs. W. L. Davis Sr.

Several of the Tech Exes have acquired tickets to view the outcome of the Texas Tech and Louisiana State game which will be

played Saturday in Lubbock. According to Clint Formby, these exes are going as a group and are made up of Tech Exes from Hereford and Dimmitt. He also said that this was to be an annual affair and each year these exes would attend one of Tech's home games. Those who plan to go to Lubbock Saturday are Mr. and Mrs. James Headstream, Mr. and Mrs. Stanley Sigman, Mr. and Mrs. Jim Wyman, Mr. and Mrs. Clint Formby, Mr. and Mrs. Oliver Streu, Mr. and Mrs. Jack McCracken, Mr. and Mrs. Earnest Langley, Mr. and Mrs. Bill Waldrop, Mr. and Mrs. Lee Kent, Mr. and Mrs. Donald Shipley, Mr. and Mrs. Jim Cleavenger, Mr. and Mrs. Ed McElroy and Mr. and Mrs. T. M. Cox.

## How To Find the Watts

By ARGEN DRAPER

Several calls at the office when the club women have been checking the number of watts on a single circuit in their homes. They have looked on the appliances and can not find the watts listed but the amps and volts are on the plate of the appliance. Multiply the amps by the volts and the answer is the number of watts or amount of electricity the appliances use. After the programs during September I think families will have better service from the appliances they use. Already we have gotten reports of charts being made of the circuits in the house and plans to spread the load so signs of inadequate wiring will not be present.

A lot of home improvement both inside and outside. The

club demonstrators are trying to get their plans complete before Christmas. Mrs. John Jacobson Sr. is rearranging some partitions and re-decorating. The Dick Godwins have good plans for their landscaping. The M. M. Hendersons have finished filling in the yard and planting grass on those spots.

The new fence at the Henry Cloys sure is pretty; it is the finishing touch just like trimming on a dress.

Mrs. A. E. Douglas says she will share the colius in the yard with you; it is lovely and will be a good start for you; keep it in the house or porch this winter and then in the yard next summer; if you see her flower bed you will be enthusiastic about putting it in the yard. Call her and make a date with her to get the cuttings before frost.

For decoration Mrs. W. H. Awrey who lives out on the Dimmitt highway sprayed some pampas grass blooms blue. The West Hereford Club had for its project one year for each member to add pampas grass in the landscaping.

Understand it was like old home week down in Dimmitt in Bruce Woodell's Court when the Herefordites appeared on the speeding charges they got in the radar trap Friday night. I can just see Bruce smiling and being jovial as he said: That will be only — and give a big figure.

The circus is coming to town, and I'm not going to miss it. When I think about the circuses disappearing I think I had better throw all my weight of one ticket behind the performances of the circus that is coming this weekend. Circuses and tent shows were such fun when I was a child that I hate for them to disappear.

## Cultural H. D. Elects Officers

The Cultural Home Demonstration club met in the home of Mrs. Pat Robinson on Sept. 27 for the purpose of electing officers. Elected were Mrs. M. W. Sumner, president; Mrs. Ralph Packard, vice president; Mrs. Joe Story, secretary; Mrs. T. L. Bryant, assistant secretary; Mrs. Louie Robinson, reporter; Mrs. Louie Olson, council delegate; Mrs. Earl DeHart, alternate delegate; Mrs. Pat Robinson, parliamentarian.

Wilbur Gibson of the Deaf Smith County REA gave the program on improved lighting in the home. He spoke on adequate wiring and lighting and he said that all homes should have 10 to 12 circuits, but a majority have only six. He said that each house should have isolated circuits since some appliances need to be on isolated circuits, such as TV. When wiring a new house or rewiring an old house keep in mind that the wire should be able to carry future loads as well as those now existing.

The two visitors were Mrs. C. H. Keyworth and Mrs. Argen Draper. Mrs. Clinton Jackson was added as a new member.

Those present were Mesdames P. M. Houser, Louie Olson, J. T. Richardson, Joe Story, Joe Johnson, Edgar Telchik, Ira Scott, Jim Gandv, M. W. Sumner, Pat Robinson, Marvis Southard, Ervin Robinson, Grady Parsons and Ralph Packard.

## Lt. Keith Savage at Camp Johnson

Lt. Keith Dwight Savage, USAR, of Hereford, was recently assigned to the 458th Transportation Company (Amphibious Truck), Camp Leroy Johnson, New Orleans, La.

Lt. Savage entered the Army in June 1957 to serve 6-months active duty under the provisions of the Armed Forces Reserve Act. Prior to his present assignment, he attended the transportation officers' basic school at Ft. Eustis, Va. He received two degrees from Texas A. & M. College — one, the Bachelor of Arts degree, and the other, the Bachelor of Science degree. He is a member of the Texas State Teachers Assn. and the National Education Assn. Prior to entering the Army, he was a high school English teacher at the Aransas Pass High School, Aransas Pass, Texas.

Lt. Savage is the son of Mrs. Alwyn Savage, 603. Blevins Hereford.

FARM TOUR—About 100 farmers and other persons interested in agriculture took part last Thursday in the annual farm tour of the Hereford area. Keen interest was shown, above, in soybean production at the W. H. Johnson farm. Johnson, at left, told of his cultivation practices during an interview by Jim Wiman, extreme left. Other stops, in which grain sorghum and cotton plantings, irrigation systems and dry land sorghum were observed were made in visits to the farms of C. R. Damron, V. P. Walker, W. H. Andrews, T. L. Sparkman, Jay Boston and Ray Johnson. Sponsors of the tour included the county agent's office, Soil Conservation Service and Tierra Blanca SCD, Gifford-Hill Western and DeKalb. (Staff Photos)

## Bowl Rematch Set Saturday

CANYON (Special) — When West Texas State and Mississippi Southern meet in Amarillo Stadium Saturday night, it will be a rematch of the 1957 Tangerine Bowl in Orlando, Fla.

After great records in 1956 these same two clubs were matched in the Jan. 1 classic and the Buffs staged a brilliant last half rally to win, 29-13. Florida fans, more than 13,000 of them called it the greatest of all Tangerine Bowl games.

West Texas officials last week accepted an invitation from the Amarillo Chamber of Commerce to move the game from cramped Buffalo Stadium to 15,000-seat Amarillo Stadium. It will be the first appearance of the Buffs in Amarillo since 1951.

"WE ARE happy to accept the invitation from Amarillo," said West Texas President James P. Cornette. "It is a pleasure to have the opportunity to give more area fans a chance to see this great football game."

Many of the key players who paced both teams in the Tangerine Bowl are back in harness. For the high-powered Southerners, always one of the na-

tion's top independents, their top two ball-carriers return. Bo Dickinson, 215-pound fullback who topped Southern runners with 670 yards last year, will be the big man to stop. Not far behind though is 180-pound J. C. Arban, a speedster who registered 380 yards rushing in 1956 and scored one of the Mississippi team's two touchdowns in the Tangerine Bowl.

HEADING THE West Texas veterans who starred in the Tangerine classic is Ron Mills, 175-pound White Deer halfback who was named the game's "most valuable player." Mills scored two touchdowns against the Southerners, one coming on a 75-yard intercepted pass play.

Tickets for the Amarillo battle are on sale at leading stores throughout the area. The Amarillo Chamber of Commerce is pushing ticket sales and hopes to fill the spacious Amarillo Stadium for the big college attraction.

## Frank Borman Is Now Army Medic

KITZINGEN, Germany (AHTNC) — Army Pvt. Frank W. Borman, son of Mr. and Mrs. Joe Borman, Hereford, recently was graduated from the 10th Infantry Division's Medical Academy at Kitzingen, Germany.

A litter bearer in the 45th Ambulance Company, Borman received instruction in the basic duties of a medical aidman.

He entered the Army in November 1956, completed basic training at Fort Hood, Tex., and arrived overseas in June 1957.

## TINY CHAPEL

LEXINGTON, Ky. — Transylvania College has one of the smallest churches in the South.

The 11 by 12 foot chapel was constructed and furnished in 1952 by Theta chapter of Phi Kappa Tau, a social fraternity on the campus.

The chapel, seating 12 persons, was dedicated in honor of Dr. Harvey A. Wright, now emeritus professor of mathematics at Transylvania. The altar was dedicated to the memory of Dr. E. W. Delcamp who died in September, 1952, after nearly 50 years of service to the college.

Among the furnishings is a Bible printed in 1880.

## NO FIG STY

VERDON, Neb. — Farmer Ed Fritz's pigs live in air-conditioned comfort.

What's more, the two brooder houses which are air conditioned in the summer are cozy in the winter, thanks to central heating. The comfortable pigs, Fritz explains, are ready for market earlier. As a result he can beat the marketing rush and get a better price for the pigs.

## Texas Fertilizer Sales on Increase

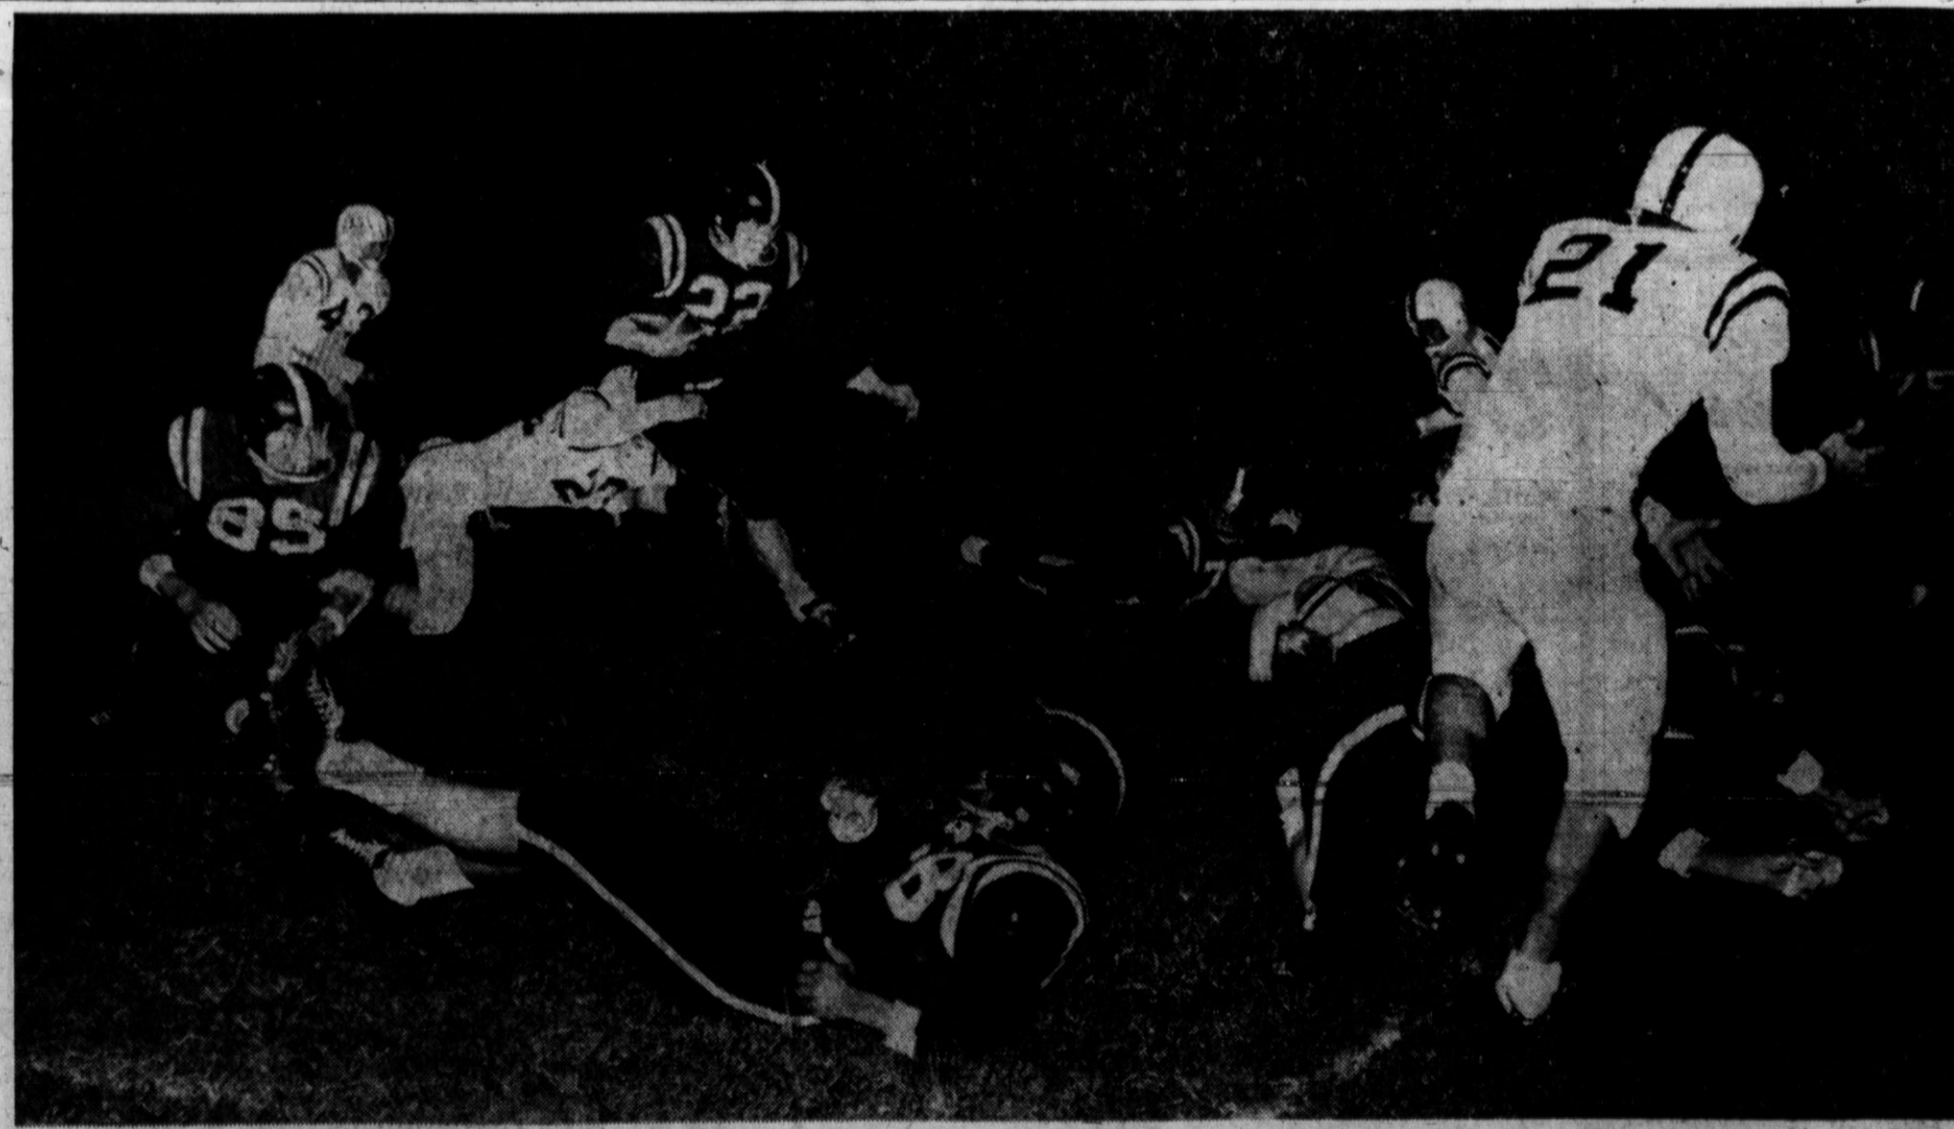

COLLEGE STATION. — The total tonnage of fertilizer sold in Texas during the spring of 1957 was about five percent higher than during the same periods of 1955 and 1956. Mixed fertilizer accounted for 46 per cent of the total tonnage sold this year, as compared with 53 per cent sold in the first six months of 1956. Grades of the 1-2-1 ratio accounted for 65 per cent of this total and the 1-1-1 ratio for 12 per cent.

Reports from individual counties indicated a varied fertilizer purchase pattern in different regions of the state, said State Chemist J. F. Fudge.

East Texas used 46 per cent of the total tonnage of mixed goods sold in Texas and 65 per cent of the tonnage of mixed goods in the 1-2-1 ratio. More than 77 per cent of the mixed goods sold in Texas was used in the three eastern regions — East Texas, Gulf Coast and North Central.

Mixed goods carried 19 per cent of the nitrogen, 50 per cent of the available phosphoric acid and 94 per cent of the potash used during the spring of 1957. East Texas used more than 40 per cent of the nitrogen, available phosphoric acid and potash carried by mixed

## TEXAS BRIEFS

SEMINOLE. — Blame this one on "Cousin" Hal Blymiller of Radio Seminole, KSML.

The last half of the Seminole-Hobbs football game was played during a driving rain storm, the likes of which Seminole doesn't often see.

The rain came in sheets and water splashed off the press box where Hal was broadcasting the game. When the press box door opened, rain poured in, wetting the announcer's equipment.

When a tackler dropped a ball carrier on the field, there came the words: "The player was drowned on the 20-yard line."

Oh, well, sometimes they all get their tangs tangled up.

SINTON. — When a friend gave Mrs. Laura Hollon a fryer in a paper bag, she put it in the refrigerator, then went downtown shopping.

Returning a couple of hours later, she took the sacked chicken out, assuming it was ready to prepare for the frying pan.

At the kitchen sink, as she removed the fryer from the sack, its head moved and Mrs. Hollon saw its eyes wink. The unexpected had happened. The friend had given her a live chicken and it had survived two hours on ice!

MATADOR. — Mrs. Raldo Martin of Flomot carried a severed toe in her apron pocket for two hours and finished her washing before she sought medical aid.

A cow stepped on Mrs. Martin's foot and completely severed the second toe on her left foot. She picked up the severed digit and put it in her apron pocket, then administered first aid to herself.

She had started a washing before turning some cows and calves together in the lots where the accident occurred.

She returned to the house and finished her washing, then two hours later drove the farm tractor to the home of a relative, who took her to the hospital.

AUSTIN. — A cemetery isn't always the best place to rest in peace, a 51-year-old Oklahoma City man found out.

He was kicked out of an Austin burial park by police after an attendant found him snoozing between some graves. Police explained that to rest there you had to be dead — not just dead drunk.

He was given a new resting place at city jail where he was booked for vagrancy.

RAYMONDVILLE. — A Lubbock man who claimed himself dead to avoid a fine was fined \$36.10 by Judge Hubert Wright after pleading guilty to a worthless check charge.

County Attorney Edna Cisneros mailed a registered letter to the man accusing him of the offense. The letter was returned unopened and a note on the back said the addressee had been killed in an automobile accident.

One thing went wrong. The man, himself, had written the note and the writing matched perfectly with the handwriting on the bogus check.

SAN ANTONIO. — A 79-year-old man was given ten days to pay a \$100 fine for causing a nuisance by playing his radio at a loud volume and barking back at neighborhood dogs.

Five neighbors testified Walters had his radio so loud they had to close their windows and put cotton in their ears before they could sleep.

They complained that the man went to his front porch and imitated dogs when they barked early in the morning.

The accused man conceded the dogs had kept him awake so he retaliated.

ABILENE. — Ol' Shep wasn't just flappin' his jaws when he raised a ruckus the other night on Joe Wilde's farm west of here.

Wilde and his son, Raymond, heard Shep and knew he wasn't joking. They went out to see what was wrong. Wilde didn't look long. He ran back for a shot gun and killed the "varmint" that Shep found.

When the shootin' was over, there lay a rattlesnake measuring just five inches short of six feet. It was three inches through the

## Fred Ruland on Army Exercise

24TH DIV., Korea (AHTNC) — Army PFC Fred D. Ruland, son of Mr. and Mrs. Gus Ruland, Route 3, Hereford, recently participated in a training exercise with the 24th Infantry Division in Korea.

Ruland entered the Army in September 1956 and received basic training at Fort Hood, Tex. He is a mechanic in the division's 34th Regiment.

He attended Hereford High School.

thick part of its body. Wilde, who has killed more than 100 rattlers in his lifetime, said he'd never seen such a snake.  
And the people who gathered around figured that the rattler's mama musta been scared by a hot rod with twin smitties. He had dual fangs — four instead of the usual two.

**GEORGETOWN** — A freshman coed at Southwestern University inquired of the postmistress at the sub-station concerning a mail box. When told the price of renting a box, the coed said, "Well, I believe that I'll shop around to see if I can find a cheaper one."  
If she can find Uncle Sam in a bargaining mood, he will have plenty of customers. Perhaps she could have one sent from her hometown!

**BAY CITY** — Fear gripped Mrs.

Richard Bachman the other night when she noticed her younger son, Richard, in half awake, half asleep state, holding his right arm close to his body in what appeared a paralytic freeze.  
But as he became more awake than asleep, she heard him mumble — BANG BANG!  
Just an overdose of Wyatt Earp.

**SAN ANTONIO** — Celia Terralva forgot all about her tin can bank and consequently is \$100 poorer.  
She told police she had the money in the can behind her house. When a neighbor asked for a can to be used as a flower pot, Celia gave her the "bank."  
Later she realized what she had done, she said, and asked the neighbor to return the can. The neighbor said it was empty.  
Celia appealed to police for assistance.

goods. West Texas used more than half of the phosphoric acid carried by materials, more than 60 per cent of the materials nitrogen and 50 per cent of the total nitrogen used in the state, said Fudge.  
Over the state and in the East Texas, Gulf Coast and North Central regions, mixed goods averaged near a 7-14-7 grade, while those sold in West Texas averaged nearly 9-18-9. Over the past seven years, the average amount of nitrogen in all fertilizers increased from 8.52 to 19.41 per cent, while the averages for available phosphoric acid and potash changed

very little. Total nutrients per ton increased from 24 units in 1950 to 36.27 units in 1957.

## Double Main Event Set for Saturday

A double main event has been set for Saturday night in the Bull Barn for Hereford wrestling fans. Dory Funk will meet Art Nelson and Roger Mackay will take on John Tolos. Both bouts are scheduled for two out of three falls with a one hour time limit. Last Saturday Dory Funk and Little Red Feather, a midget, defeated Dick Raines and Sky Lo Lo, another midget, in two out of three

falls in a tag team match. Raines and Sky Lo Lo took the first fall in 14 minutes but Funk and Little Red Feather rallied to gain the last two falls in succession.

In the two preliminary bouts, Sky Lo Lo downed Red Feather in 12 minutes and Funk was awarded a win over Raines after Raines had slugged the referee and was disqualified.

## Beauty at Home

By Lynn Carter

Q. I have trouble applying my lipstick properly, due to the tiny pore hairs on my upper lip which hinder the smooth application of my lipstick. What can I do about this?

A. Removal of these hairs with a wax depilatory, or for a permanent removal, electrolysis by a skilled operator, is your best answer to this little problem.

Q. Should eyeshadow be used on the "sunken" type of eyes?

A. This tends to make them look

even more "sunken." Instead, try blending a little clear petroleum jelly from the middle of the upper lid toward the hairline. This should be all you need to enhance your eyes.

Q. Is it necessary to shampoo the hair before having a permanent wave?

A. Not if your hair is clean and only moderately oily. The natural oil sometimes helps create a softer wave. Of course, dirty or very oily hair should be washed

first. If you have any foreign material on your hair, such as lacquer, spray dressing or rinses, shampoo and rinse out thoroughly. If left on, these materials will retard the action of the permanent solution.

Q. How can I map up to help camouflage the freckles on my face?

A. A darker shade of face powder, blended with the freckles, helps a lot.

Q. What can I do to make my rather rough lips smoother?

A. You might try some lip pomade. These sticks come in white or, if your lips are very pale and need a hint of color, in a light rose shade. Pomade makes your lips soft, and keeps them that way.

Q. What treatment can I give a hangnail?

A. After wiping the area with

an antiseptic, use sharp manicure scissors to cut the hangnail off as closely as possible, and use a hand lotion to soften the stiff edge of the skin. Prevent future hangnails by faithful use of creams and cuticle oil.

Q. What external treatment can I give to very oily hair?

A. Shampoo it oftener, and also brush it oftener. Brushing carries the oil to the very tips of the hair where it belongs, away from the scalp where it clogs. Treat yourself to a vigorous massage before each shampoo. You have oily hair because the tiny oil glands are working overtime, and massage and brushing will help to regulate them.

Q. Please suggest a method for removing blackheads from the skin.

A. Try applying some slightly

moistened cereal grains (oatmeal, for instance) to the infested area. Let the grains dry on the skin, then rub them off with a coarse towel. The friction helps to dislodge the blackheads.

Q. How can I remove powder stains from some of my clothes?

A. On most hard-finished fabrics, these stains can be removed with cleaning fluid. On silks and wools, though, first treat the spot by rubbing it with a piece of cheesecloth dipped in warm sudsy water and wrung out; then proceed with the cleaning fluid.

# Range Judging Big Aid in Management

COLLEGE STATION, — Rangeland — that is, land generally unsuitable for cultivation and covered with native vegetation — makes up about two-thirds of the 169 million acres in Texas. Old cultivated fields that have been abandoned because of low production are also classified as rangeland.

A large percentage of the agricultural income and food of Texas is derived from products produced by the 15-million grazing animals. Wildlife adds additional income and pleasure for many people. Thus, rangeland is an economically important natural resource in Texas.

Range judging is a contest that offers a practical way to learn good range management. It can teach the ranchman how to determine the condition of various native grassland pastures and how to manage them. It points up why Texas needs to manage properly one of its most valuable natural resources — grass. Through range judging the importance of native grasses and plants can be better understood.

Range judging can be practiced all over the state. It is a means by which the contestant becomes familiar with grasses, weeds, trees, soils and reactions of grazing animals on native grassland. Any person can participate.

In West Texas the land user manages for highest grass production; while in East Texas, highest production and greatest income is derived from multiple use — grazing and timber. In different areas of the state the grazing periods have to be adjusted to the growth stage of native vegetation. Unless all these points for the local area are known, one cannot obtain good range management.

For an explanation of the practices taught in range judging and an outline of the contest itself, ask your county agent for the extension bulletin B-864, "Do You Know Your Range?" It may also be obtained from the Agricultural Information Office, College Station, Tex.

# Long Time Ago

## 45 Years Ago

Col B. F. Yoakum has built more miles of railroad in Texas than any other living man during the past 10 years. Mr. Yoakum was born in Limestone County, Texas. Like nearly all big railroad men he mastered his profession from the bottom up. He began his railroad experience as a laborer on a construction gang of the International and Great Northern between Jacksonville and Palestine and reached the top rung in railroad management in 1905 when he was elected chairman of the executive committee of the Rock Island and Frisco lines and directed the affairs of 17,000 miles of railroad — the greatest aggregate mileage under any single control in the world.

In the beginning of his career Mr. Yoakum mapped out a comprehensive system of 6,000 miles of railroad in Texas which he determined to build, and he has constructed over 1,200 miles, but at the close of the 32nd Legislature announced that he had grown weary of the task and would soon retire from construction work. Legislation inimical to railroad investments and public sentiment hostile to the railroad industry are said to be the reasons assigned for his retirement from the field.

## Don't Let Bad Skin Spoil Fun

By VIVIAN BROWN  
AP Newsfeatures Writer

There is nothing that can throw a popular co-ed for a loss like having skin trouble on the night of a big party.

It may be a full-scale breakout over all the face. It may be a few pimples or blackheads.

HAPPY HALLOWEEN—Lip balm helps ward off chapped lips so prevalent during brisk autumn co-ed party time.

Or perhaps it is chapped lips that cause her to feel she doesn't know why it had to happen to her.

But sometimes the effect is to ruin her entire evening, even after weeks of plans.

A girl who has had the experience of having her skin break out at some crucial moment should avoid food and makeup to which she is sensitive for days before a big event. A dirty powder puff is a prime offender too, and the girl with skin trouble should make sure she uses a fresh cotton puff in her compact each day.

The skin should be cleaned carefully too, as delicate skins often may be allergic to a brand of soap that is too alkali or the harsh abrasiveness of a turkish

## THE QUIET MAN

DALLAS, Tex. (AP) — A neurologist says treatment for aphasia — loss of speech — might be wasted on hepped-up husbands.

Dr. Joe R. Brown of Rochester, Minn., told a clinical society about trying to get a physical history of a patient.

The man's wife answered every question the doctor asked her husband. Seeking some direct answers, Dr. Brown gently asked her to leave the room.

After she left, Dr. Brown found her husband couldn't speak. Calling the wife back, Dr. Brown apologized for not realizing the man had aphasia and couldn't speak a word.

The wife was astonished. She didn't know it either, Dr. Brown said.

# Scout Council Holds Meeting

The Llano Estacado Council of Boy Scouts of America met in the Jim Hill Hotel Tuesday to discuss activities for the coming year.

The group was called to order by chairman Joel Hodges. Dr. Milton Adams gave the invocation before lunch.

The minutes of the last meeting were given by W. M. Teague, district executive, then introductions of the committees were made.

Teague gave the report of the organization and extension committee. In his report he gave the membership as of Sept. 30 which was Cubs, 202; Scouts, 145 and explorers, 0, bringing a total of 347 boys enrolled in scouts from Hereford. A boy fact survey which was held at Stanton Junior High reported 47 boys expressing a desire to join scouting. Troop 51 reorganized with its first meeting Monday, Sept. 23 and work is being done on the organization of Explorer Ship in Hereford.

Chairman of the advancement committee, Wayne Thomas, reported that the Eagle Court of Honor is to be held at 7:30 p.m., Oct. 14, in the First Baptist Church Educational Building.

Earnest L. Langley, leadership training committee chairman, announced that the University of Scouting is to be held in Hereford High School Oct. 21 and 22. The basic sessions in cubbing, scouting and exploring will be offered.

Langley also reported that the District Explorer Training team met Sept. 10, and made assignments for October basic training courses. Billie E. Nichols of Friona will serve on the Explorer Training team.

The camping and activities committee report was given by Dr. R. J. Grubbs Jr. He told the group that Troops 50 and 54 had one overnight camp in September. He also said that Troop 51 held a parents night supper Sept. 23, and two Patrol Dads agreed to serve on the Troop Staff.

In Henry W. Aycock's report for the Health and Safety Committee he told the members that he had home fire inspection blanks for Cubs in packs 50, 52 and 54. The Cub leaders are asked to contact him for the packs.

Dr. Milton C. Adams, commissioner, announced that the Deaf Smith County District Cub Scout and Explorer Round Table will be held Thursday, Oct. 17 at 7:30 p.m. in the Hereford State Bank community room.

Reports of Institutional representatives were made by Albert Maxwell, Pack and Troop 50, Coy Patton, Troop 54, and Dr. A. T. Mims. Comments were made by the scout executive, W. J. Hiatt. He discussed the troop recruiting plan and the organization of new units. He said that the round up program will continue until Dec. 31.

Hiatt also announced that the Council committees would meet Thursday, Oct. 3, at 6:30 p.m. in the Herring Hotel in Amarillo. Those who are to represent Hereford are Wayne Thomas, advancement; Dr. R. J. Grubbs Jr., camping and activities; Bruce Miller, organization and extension; and Henry W. Aycock, commissioner.

### TELEPHONE TALK

by W. L. Leavy, Manager

### THE TELETRAINER

We had the pleasure of demonstrating the Teletrainer the other day at high school. Mr. J. D. Neal, in whose class it was shown, was very enthusiastic.

### SAFELY BACK TO SCHOOL

Well, it's September and school bells are ringing again. It's a good time of year to remind ourselves to be even more cautious in our driving—especially until we get accustomed again to "school stops" and small fry pedestrians.

### DON'T RUN! REACH!

Next time your telephone rings, think about this: Can you reach out and answer it . . . or do you have to run for it? Is it handy? Or is it in some out-of-the-way place? Maybe even on a different floor?

Call by number. It's twice as fast.

towel. Sometimes it is best just to pat the skin dry with a soft cloth.

Cold weather isn't the only cause of chapped lips, one reason why we may be caught unaware during a brisk autumn and before a big social season. The dryness, cracking and parching that leaves your lips uncomfortable and lipstick impossible to apply, may come from any temperature change. Lips have a protective glands, the excretory remains, so they have no means of applying their own moisture, one reason why a dry lipstick may feel particularly comfortable in fall.

It's a good idea to start using a chap stick early in fall, continuing it through the winter when you spend a good deal of time outdoors. A thin layer of lip balm may be applied before your lipstick to help keep lips moist re-

gardless of the type of lipstick worn. At night when all traces of lipstick are removed with suds or cream, apply lip balm before going to bed, particularly for a week or so before a big date.

Some girls like to apply these little camphorated sticks at heels and elbows to keep those areas from becoming rough. Red and chapped. These areas should be worked on long in advance of the party if you are planning to wear evening clothes. Scrub elbows and heels with a complexion brush, soap and water. Dry thoroughly, then apply smoothing lip balm.

### At The Movies

**STAR THEATER**  
**True Story of Jesse James:** Jesse James, played by Robert Wagner, tries to hide his past as a notorious gangster but his cousin, Bob (Carl Thayer) desires the reward of \$25,000 given for the capture of Jesse James dead or alive. Friday and Saturday.

**TOWER DRIVE-IN**  
**Rebel Without A Cause, East Of Eden:** Two of James Dean's great movies. Story of rejected teen-age

kids who desired only to be wanted. Hatred built up between brothers because of the partiality of the father toward the older boy. This is booked for Friday and Saturday.

**MISFIRE**  
**OKLAHOMA CITY** — Newspapers were alerted; TV stations notified and radio stations were informed that a Midland, Tex., firm would demonstrate its latest fire-fighting equipment at a local airport. Members of the news media were on hand when an old plane was set afire. The demonstration equipment failed to operate and the regular firemen doused the blaze.

## WHEAT AND SMALL GRAINS NEED NITROGEN!

For the nitrogen your crops need, apply Phillips 66 Ammonium Nitrate. The nitrogen and other plant foods removed by last year's crops must be replenished to maintain higher yields and profits per acre. Wheat and other small grains respond quickly to nitrogen to help stimulate early growth . . . produce and support bigger heads per plant and more plants per acre.

For fall-seeded small grains, apply nitrogen this spring before plants reach the jointing stage. For spring-seeded small grains, apply nitrogen before seeding or as a top dressing early in the season.

## Somebody's Track

— was it yours? Did you know that your footprint identifies you almost as well as your fingerprint. The law uses it to trap the lawless. God uses it to show you where you were when you became conscience smitten. Your tracks tell on you... they give you away. You were where you should not have been and your tracks prove it. Your son was following your tracks when he got into serious trouble. Mr., you write either a good story or a bad one by the tracks you make. Why not resolve to walk toward the church next Sunday... any church... for they are all better than you. Every church in this community offers you a place to work, an opportunity to help others, and the privilege to make tracks for God. Then why not turn your tracks into a testimonial for the Lord, to be read of men, by printing them on the way that leads to church every Sunday.

**YOU IN THE CHURCH THE CHURCH IN YOU**  
 Character is a by-product of the church. It is here that young and old alike are showered with benedictions stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

## Foibles -- Fancy and Plain

By KENT SNARE

The SWC teams, in one National ranking this week, were arrayed thusly: Arkansas, Baylor, TCU, Texas A&S, Rice, Texas, SMU and Texas Tech. From the initial roster, there has been some ups and downs. Baylor, Texas A&S, Rice and Texas Tech have all declined, although the Raiders have found a hole rather than a declivity. Arkansas and TCU have both risen sharply, however this Saturday will resolve one or both. SMU, aided by rain, has been the surprise, however they get a breath this week, preparing for Missouri and a direct comparison to Texas A&S who go to Tigertown Saturday. Personally I wouldn't make a book on the above layout except maybe to odds again same. While the Pros have left the foot in football they also lean on the arm more than somewhat, I noticed in the Bear-Packer game last Sunday that their slot back post, who is primarily a pass receiver, was filled by ex-ends. The Bears had Bill McColl of Stanford and Henry Gremminger of Baylor and the Packers used Ron Kramer of Michigan and Gary Knafels of Colorado in the slot. To drop into the guessing slot, here we go: Pitt at USC, dnp. Pitt. Two good jobs leaning on each other and not scoring many? TCU at Arkansas, 41-6. Ark. By 1 said one capper: N. Car. St. at Clemson, 7-13. NCS. After what the Wolfpack did at Virginia and the Tatum did to Clemson, it should be by about 60 points, but don't wager that, pointwise. Houston at Cincinnati, dnp. Houston.

Denver at Colo. State, 39-13. Denver. Probably worse this time. Kansas at Colorado, 25-26. Colorado. KU lost their job last week and this one, then likewise. Maryland at Duke, dnp. Duke. These clubs have been trying to get together for years, now the Terps would rather have vanilla. Nebraska at Kansas St. 7-10. K.S. The Huskers don't get even husks this go-round. Florida at Kentucky, 8-17. Kentucky. The the Kainucks will have to open the preseason book & live up to it. Baylor at Miami, dnp. Baylor Rough. Purdue at Minnesota, 14-21. Minnesota. The Purdues probable wish they could stand in Lafayette. Texas A&M at Missouri, dnp. Tex. A&S. Every week that the op-

posish holds off will see the Cadets getting tougher, although one and all didn't believe Mr. Bryant earlier. Oregon St. at Northwestern, dnp. O. S. Northwestern has 3 Soph qb's & they won't be ready this soon. Indiana at Notre Dame, 6-20. ND. They won this one last lap, one of the two they took. UCLA at Oregon, 6-0. UCLA. The rivals respect Mr. Sanders, even sans seniors, and they had better continue to do so. Army at Penn St. 14-7. Penn St. After what the quakers did to the Nittany Lions last week, I'd call it a toss-up. Dartmouth at Penn. 7-14. Dartmouth. Leave us take Penn. Stanford at Rice, dnp. Rice. If the Dais don't shoot the slot and up and Mr. Douglas, the thrower & Miller Messrs, Vill, Shea and McMillen-aground, they might finish like Northwestern, second, which is as bad as you can do in football. LSU at Texas Tech, dnp. LSU. So. Carolina at Texas, dnp. Texas. 1 to 7 points according to the line makers. Florida St. at Villanova, 20-13. Villanova. Virginia at Wake-Forest, 7-6. Virginia. After Duke, what could be fought for the Cavaliers. Miss. Southern versus West-Texas, at Amarillo, 13-20, Tangerine Bowl. Toss-up. So they say. West Virginia at Wisconsin, dnp. Wisconsin. But them Mountaineers ain't Marquette, neither.

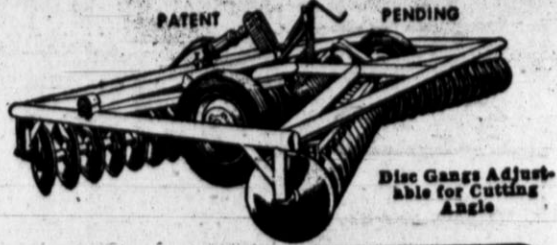

**CLAMP DOWN**  
LAWRENCE, Mass. (AP) — A new complaint has been logged against speeders. Residents complained about the noise caused by motorists speeding over a railroad bridge. The railroad was requested to tighten down the loose planks — the police to clamp down on motorists.

## United Church Women To Meet

There will be a meeting of District 19 of the United Church Women in Canyon Monday. Registration will begin at 9:45 a.m. in the Memorial Chapel on West Texas State College Campus. The local councils of Hereford, Friona, Canyon, Panhandle, Littlefield, Childress, Plainview and Amarillo will each have representatives on the program. Hereford's representatives on a panel discussion concerning the situation in the United States will be Mrs. Alton Fraser, Mrs. Ronald Babione, Mrs. Howard Armstrong and Mrs. Earl Plank. Luncheon will be served in the Methodist Church where each local president will give a report of her council's activities during 1956.

**PIECEWORK CONSCIENCE**  
BOWLING GREEN, Ohio (AP) — A thief who stole 26 guns from the Moore Auto Accessory Co. apparently has a piecework conscience. Eleven of the weapons showed up later in a sack left at the rear door of the store. Still later, two more of the stolen guns were left on the steps of the city building.

## HARVESTER TANDEM DISC HARROW

**15-25% LIGHTER PULL NO GREASING**

Newest 16-foot, wheel-mounted tandem disc harrow, constructed of seamless tubular steel, with all-welded frame, practically eliminating assembly time. Because of super-sealed Timken bearings, requires no greasing, insures 15 to 25% lighter pull. New outside bearing adjustment, mounted on rubber tires for fast moves between jobs. Convertible manual or hydraulic lift.

The Disc Harrow can handle tough stalks, hard-baked stubble, loose straw, or cover crops, leaving a level, thoroughly mixed seed bed. Engineered for trouble-free operation, the Harvester has positive depth control, gives longer life. Sizes 7', 9', 12', 14', and 16' dia., 32, 40, 48, and 56 discs.
