Jack Renfro of Hereford recently bought the top Hereford bull at a sale on the Bridwell Hereford Ranch south of Wichita Falls. Renfro bought Silver Prince 34 for \$16,500. Breeders from 27 states, Canada and Wales attended the sale.

In just two days this week, 210 speeders were stopped by radar operated by the Texas Highway Patrol in a nine-county area which includes Deaf Smith. Sgt. Bob Brookshire said warnings or tickets were issued to all those stopped. The radar operations are a part of Operation Deathwatch, a program to enforce safety on the highways during the holiday period.

That attractive window display decorating the Agricultural Stabilization and Conservation office front during the holidays was prepared by the Stanton Junior High School civics class.

Cub Scout Pack 50, whose Christmas project was the presentation of a bountiful dinner for a family with 10 children, got an unexpected boost during the turkey giveaway. Packmaster Bruce Miller, standing and watching the activity, picked-up a bird that flew clear across the street and right between his legs. The bird was added to the Pack's gift package.

And speaking of free turkeys, 20 more citizens, last week received birds from the Star & Texas Theaters: Jesse E. Ford, Pat Gandy, Sabas Cantee, Joe Mednio, Ada Hollabaugh, Tandy Legg, Jean Drever, Fergell Dameron, Sylvia Wilson, Truenio Quintano on Wednesday; Joe Garza, LeRoy Wilson, Dale L. King, Norma Howard, Melinda Carrillo, John Burns, Jack Hagar, Ora Mae Carl, Jerry Don Whitaker and Mrs. Barrett Sowell on Thursday.

The county Hale-Aikin committee, which is to conduct a study of state and local school needs, will meet for its second session Jan. 6 at 7:30 p.m. in the high school library.

Small Acreage Is Allowed for New Sugar Beet Farms

Just 44 acres has been made available for new sugar beet growers in Deaf Smith County, according to Faust Collier, Agricultural Stabilization and Conservation office manager. Deadline for making application for a share of the acreage is Jan. 24.

The state allotment for sugar beets, most of which is allotted to this county, will be just 1,771 acres in 1958, Collier said. The state allotment for the current year was 1,820 acres, with new growers getting a total of 51 acres.

Reports from various growers indicate the 1957 harvest was a very good one, with yields running from 20 to 30 tons per acre and sugar content high.

LATE SHOPPERS — Doing his Christmas shopping early (early on Christmas Eve), Dr. A. T. Mims, left, president of the chamber of commerce, got some hurried advice from Tom Robinson, president of the school board, during a stop at Dub's. The last-day shopping rush got a late start in Hereford, with few buyers in stores before 9 a. m., but by mid-day, business appeared brisk in most downtown stores. (Staff Photo)

SOCIAL SECURITY PAY FOR 305 PEOPLE HERE

Park Row News Service
NEW YORK, Dec. 24 — More and more people in Deaf Smith County are availing themselves of the new pension opportunities opened up through amendments to the Social Security Act.

Women, who have become eligible at age 62 or over, are streaming in at a rate much greater than was anticipated. It had been thought that more of them would wait until they reached 65, when they would qualify for larger amounts.

Farmers, too, eligible for the first time, are filing for pensions in large numbers. The same is true for professional people, now covered.

FIGURES released by the Government show that pension payments of \$103,000 a year are going to 153 retired workers in Deaf Smith County. Per person, they average \$675.

Wives of these workers, qualifying at age 62 or over, are collecting an additional \$17,000 annually. The amounts are at the rate in effect at the beginning of this year.

Checks are also going to widows, parents and children of deceased workers in the county.

In all, 305 local residents are getting pension checks totaling \$171,000 a year. The amount is 21.0 per cent higher than a year before, when it was \$141,000.

This is a greater increase than was reported for the United States as a whole, 17.2 per cent. The West South Central States rise was 20.9 per cent.

THESE are not handouts. They are not relief or assistance checks. They are payments to which the recipients are entitled by virtue of regular contributions, made by workers and employers over a period of years to the Old-Age and Survivors Insurance Trust Fund.

The size of each pension check is in direct proportion to wages earned and contributions made to the fund, which is on an actuarial basis.

As it is now set up, the social security system will eventually offer a degree of economic protection to most Americans from the cradle to the grave. Already, nearly 75 million people are insured by OASI, with 11 million of them getting monthly benefits. Nineteenth of all paid work is covered.

With incomes assured for life, the millions of retired persons are able to spend more freely. They are adding substantially to the demand for goods and services.

GRAIN LOAD DEADLINE EXTENDED BY BENSON

Harvest weary farmers and grain dealers finally had one bit of good news this week as Dept. of Agriculture officials granted an extension of time for getting grain in storage and eligible for price supports. The announcement which extends the time to Feb. 28, 1958 was made in a telegram to Bill Nelson, executive vice president of Grain Sorghum Producers Assn., Amarillo, from Jack Bradshaw, program specialist for the agricultural Stabilization and Conservation office at College Station.

The original date for having grain in storage either on the farm or in commercial elevators was Jan. 31, 1958.

When it became evident that drying equipment could not be installed in time to condition the vast amount of grain wet from the unseasonable fall weather, the Grain Sorghum Producers Assn., and area grain men made an appeal to the state and national ASC offices for the time extension.

THESE REQUESTS had been repeatedly refused and noted had been made twice that an extension was not feasible, Nelson said. A final appeal was made by the association direct to Secretary, Ezra Taft Benson, on Dec. 18. The announcement came two days later granting the request.

While many farmers and grain dealers have made large investments in drying and aeration equipment, many technical problems related to their use in this area have developed, Nelson explained. In an effort to get a closer look at these technicalities the Grain Producers Assn. is joining with Texas Technological College and the grain industry to develop a grain drying short course on the Lubbock campus Feb. 20-21, 1958.

Rites Monday for Cecil Walker, Pioneer Resident

Funeral services for Cecil R. Walker, 61, formerly of Hereford, were held in Rose Chapel of Gilliland Funeral Home Monday afternoon.

Walker was born Nov. 29, 1896, in Hereford. He was the son of Mr. and Mrs. Carl Walker, the first couple to be married in Deaf Smith County.

He was found dead, apparently from a heart attack, in a canyon on a ranch near the village of Cleveland, N. M.

Walker married Amy Bowen on July 28, 1935, in Hereford. They moved to a ranch near Las Vegas, N. M., in 1945.

Survivors include his wife; two daughters, Mrs. Paul Bish and Miss Cecilia Walker; his mother, Mrs. Minnie Walker and a grandchild, all of the ranch.

The Rev. O. W. Randall of Las Vegas officiated at the services. Burial was in West Park Cemetery.

Injuries Are Fatal for F. D. Bales, Adrian Contractor

Funeral services for F. D. Bales, 64, died in El Paso Memorial Hospital Sunday of injuries received Dec. 10 in an automobile accident near Alamogordo, N. M. He had lived in Adkins since 1946.

Survivors include his wife, Emma; a daughter, Mrs. Opal Bales; a son, J. C. Bales; two sisters, Mrs. Cecil Merriman of Amarillo and Mrs. W. Christler of Pampa; four nephews, Marvin of Farmington, M. Ben of Bowie, Mark of Visalia, Calif., and Will of Austin, and five grandchildren.

Released on Bail

William H. May, 39, 402 Mable, charged with driving while intoxicated, was released Monday on \$500 bond. His trial has been set for February.

May was charged with DWI on Nov. 23 when he was involved in an accident in Hereford on that night. He was injured in the collision and was released from Deaf Smith County Hospital Monday.

HERE FOR HOLIDAYS — Dr. and Mrs. J. W. Barnett and sons of Houston are in Hereford to spend the Christmas holidays with friends.

Herd, Dimmitt Play Here Friday

After a day off for Christmas, the Hereford Whitefaces will go back into basketball action, hosting the Dimmitt Bobcats of District 1-AA Friday night.

Following the annual Hereford Invitational Tournament, the Whitefaces now have a season record of five wins and four losses.

Saturday night the Herd fell before the Palo Duro Dons of Amarillo, 67-64, in the tournament finals. Little Paul Hyatt fired in 27 points to lead the Dons. Jim Curtisinger hit 19 for Hereford.

EXCEPT for the early moments, Palo Duro led all the way. Twice in the last quarter the Herd closed the gap to two points. With five minutes to play the score stood 59-57 for the Dons.

Hyatt dropped in two jump shots and two free throws pushed the lead to 65-50. Single connected on a layup shot and Fred Curtisinger ran up a 20-foot jumper to narrow the score to 63-53 with 23 seconds remaining.

The pesky Hyatt then led a game and the turnover jump for Dons with a 20-foot jumper. Hyatt scored a total of 96 points in three games, getting 33 points against Phillips and 36 against Plainview.

CURTISINGER tallied 51 points in three games, 19 against the Dons, 18 against Levelland and 24 against Littlefield.

Terry Higgins, Lookingbill and Curtisinger were named to the all-tournament team by the participating coaches. Other players selected.

Editors Select Sputniks as Year's Top News Story

By JOE WING
General Editor AP Newsfeatures

Two metal moons lobbed into outer space by Russia made the biggest news of 1957.

Their breaking of the gravity barrier has been adjudged the year's outstanding event by the nation's top news editors in The Associated Press' annual poll.

The Russian achievement has had broad consequences. While the United States insisted it wasn't racing satellites, the launching quickly proved a propaganda victory for Russia. It was even likened here to a second Pearl Harbor.

Soon President Eisenhower assured America it was still ahead in over-all military strength, appointed a science coordinator, and gave priority to the whole missile program. As the realization sank home that the beep-beep from space symbolized vast technical developments in Russia, there was soul searching by Americans on their educational and military setups.

When Sputnik II stole a second march on the world, however, the Russians themselves were surprised because the Western man-on-the-street turned his attention largely to the doomed dog that

traveled the silent skies to a lone, some death within the halfton satellite.

A CLOSE SECOND on the editors' list of biggest news events was the Little Rock story.

Although a large number of schools were desegregated in the South last fall in line with the Supreme Court decision, troubles in a few spots, and in Little Rock most of all, cornered national interest.

At Little Rock, Gov. Orval Faubus threw Arkansas national guardsmen around Central High School to "maintain order," af-

ter a 100-day order all persons to refrain from interference with proposed integration of the school. The guardsmen turned away nine Negroes scheduled to enter the school but were

withdrawn after three weeks under court order. When the nine did enter school a few weeks later, despite police efforts. Then federal troops were rushed in by presidential order. While this

move insured places for the nine students in the erstwhile white school, it also spread bitterness through the South as stirred up political currents yet to be measured. "We are an occupied ter-

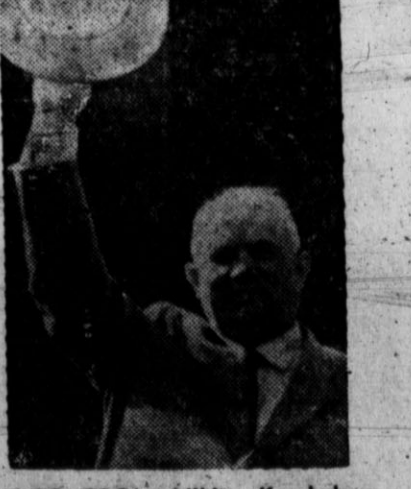

ritory," asserted Faubus. THE THIRD big story was the swift rise of Nikita Khrushchev to supreme if uneasy authority in Russia. Outpacing Stalin in this prime, Khrushchev first out-

School Teachers Away for Visits

By MRS. R. L. PINNELL.
Christmas holidays are upon us and most of the teachers are leaving or have left for many places. Superintendent and Mrs. Jones left Saturday for Waco to visit Mrs. Jones' parents, the M. K. Odonis. They plan to visit in Fort Worth with Jones' father Allen L. Jones and a brother L. L. Jones and then they will go on to Rockdale to renew a long friendship with Coach and Mrs. Cjarlie R. Martin.

Coach and Mrs. Cullender left Sunday afternoon to spend Christmas with Mrs. Cullender's parents, the E. A. Michaels of Canyon. They will return home for a basketball workout Friday. They will then go to Hartley to spend a day with his mother, Mrs. Grace Cullender.

Coach Shipp and his mother, Mrs. Bessie Shipp, plan to be fairly close to home due to her recent illness.

Mrs. Hazel Chilton left Friday for Columbia, Mo., to be with a friend, Mrs. Lillian Spragg.

Mrs. F. A. Kromer and Bruce left Saturday for Shamrock to be with her parents, the Glenn Kings. Mrs. King has been in the hospital in Shamrock since before Thanksgiving. Ferris and the girls will join the group Christmas day.

Mrs. Clyde Williams returned to Amarillo Friday to be with her husband for a quiet Christmas at home.

In the meantime all is quiet around the Adrian School building.

The Christmas tree and program presented by the Methodist Church Wednesday night turned out to be much more than just that. It seems Three Wisemen wandered in from the East loaded with an old-fashioned pounding for the pastor and his family, the Rev. and Mrs. Johnnie Williams. They received groceries, household linens, two hams and even a laundry basket.

Kelly Dean Lewis celebrated his fourth birthday with a birthday party at his home Tuesday afternoon. Those attending were Linda and Nina Engle, Buck and Cherrie Betts and Sharon McCown. The mothers, Mrs. Howard Engle, Mrs. W. B. Betts and Mrs. Shag McCown attended the children. Home movies of Kelly's past birthday were shown to the group. New ones were made by Kelly's mother, Mrs. Bill Lewis.

Don Carr of Amarillo spent Sunday-afternoon and ate supper with the John Proctors and Sheldon.

George Melvin of North Platte, Neb., formerly of the Mador Ranch, has visited this week with the T. N. Woody family and the Billy Briggs family.

June and Pegi Leslie left Saturday for Childress to visit their grandmother Mrs. J. A. Leslie Sr. They plan to return Monday.

Christmas presents arrived a bit early Thursday for the Cotton Johnsons Friday for the Henry Creitz and Saturday for the N. L. Jacobsons. Mrs. Johnson presented Cotton with a daughter, Pamela June, at St. Anthony's. The maternal grandparents are the Buck McNabbs of Vega. The paternal grandparents are the P. N. Johnsons of Adrian.

Mr. and Mrs. Meb Bolin of Beaumont were presented with a second daughter around noon Saturday. Grandma Jacobson called to announce the arrival of the 7 pound daughter to Norman, who left Monday to be with his family for Christmas. The paternal grandparents are the Rev. and Mrs. Jesse Bolin of Camden, formerly of Vega.

FIFTH among the big stories on the editors' list was the boiling Middle East that generated another major crisis when Russia expanded its influence into Syria. Suddenly, this fall, Syria was hollering that Turkey and America were about to attack her. Russia was warning she would not stand idly by in any such event.

America was warning right back against Russian intervention. There were appeals to the United Nations, a U. S. airlift of tanks to Jordan, Turkish maneuvers, an Egyptian troop movement to Syria. And then Khrushchev barged into a Turkish diplomatic party and said, in effect, to forget it, there would be no war.

Other top stories, in the order the news editors placed them: Hurricane Audrey, Most devastating since the northeastern storm of 1938, its tidal wave swamped the southeastern corner of Louisiana. Dead and missing numbered 539, property loss 40 million dollars.

The President's mild stroke. This story broke after some ballots were in the mail and most editors had to assess it while it developed. The story caused didos in the stock market, as was the case in previous presidential illnesses in 1956 and 1955, and smoked up once more the issue of establishing succession procedure for an ailing president in case of necessity.

THE ASIAN FLU. An epidemic that swept out of Hong Kong to envelope the Far East and then America was notable for its low death rate, its 12 million U. S. victims and the fact that a vaccine was developed and manufactured in a matter of months to help keep it under control. Still unanswered: whether it would return later in more virulent form.

The Girard case. A young Illinois soldier in Japan, William S. Girard, shot and killed a Japanese woman on a target range and became an international issue. America won good will by

turning him over to a Japanese court which convicted him of manslaughter and gave him a suspended sentence.

Civil rights bill. The first civil rights bill passed by the U. S. Senate in 82 years, a comparatively mild measure, was enacted despite a one-man filibuster by Sen. Strom Thurmond of South Carolina, who dragged out the fight against the wishes of his Southern colleagues.

Mrs. Turrentine To Head Westway HD Club in 1958

The Westway Home Demonstration Club held installation services Dec. 18, in the home of Mrs. George Turrentine. Officers installed, by Mrs. Paul Rudd, were Mrs. George Turrentine, president; Mrs. Ken Rudd, vice president; Mrs. R. L. Wilson, secretary - treasurer; Mrs. C. A. Sauley, council delegate; Mrs. C. A. Sauley, parliamentarian, and Mrs. Harold

Rudd, reporter.

The house carried out a silver and blue decorative theme. Mrs. T. B. Thomas presided at the tea service and Mrs. Herman Paetzold presided at the coffee ser-

vice. A gift was presented to Mrs. George Turrentine for her services as president during the past year. Present were Mesdames Charles Owen, Herbert Owen, J. C. Morrison, Paul Rudd, Ken Rudd, Harold Rudd, G. C. Merritt, T. B. Thomas, Ernest Flood, B. B. Northcutt, Joe Landers, R. L. Wilson, Joe Wagoner, Bess Werner and George Turrentine.

Others present were Mrs. W. B. Nunley, Dorothea Prowell, Argen Draper and Mrs. Hegman Paetzold.

FOUR CORNERS MARKER

CORTEZ, Colo. (AP) — A cement marker about two feet high stands on a small mesa in lonely desert country southwest of Cortez. Placed there by government surveyors, it marks the point where the boundaries of four states — Colorado, Utah, New Mexico and Arizona — intersect.

CHANGING TIMES

CHARLOTTE, N. C. (AP) — Milkmen here are a little more sure of their footing, and maybe a little less quiet, these days.

The city's major dairies have agreed to make their morning deliveries after sun-up.

They say they want their employees to lead more normal lives, and that modern refrigeration has all but eliminated the need for pre-dawn deliveries.

ONE IF BY LAND

DENVER (AP) — Riley Cass, Denver engineer, and his wife drove to New England for their vacation. They especially wanted to see the Old North Church in Boston. But no one they asked seemed to know exactly where it was, including several policemen standing outside a district station. So the Casses drove on — and passed Old North Church a block from the police station.

The Hereford Brand, Hereford, Texas, Thursday, Dec. 26, 1957

Two Couples Entertain at Informal Holiday Open House

Mr. and Mrs. J. R. Allison and Mr. and Mrs. Townsend Douglas were hosts at the Allison home Friday evening from 6 to 10 p.m. at a holiday open house to extend happy yuletide greetings to a large number of guests.

The house was resplendent with Christmas beauty in the form of snow covered Christmas trees shining with pink glitter and bright decorations, and gold and pink holiday suggestions everywhere.

The refreshment table was laid with a pink net cloth over pink satin and centered with an arrangement of pink carnations touched with gold. Pink tapers burned in silver holders and hot punch and coffee was served from silver services.

On the buffet a cloud of pink angel hair surrounded a gold cornucopia basket filled with pink

and gold balls. Pink tapers glittered in gold flanked the arrangement.

Members of the house party assisting with the hospitalities were Mr. and Mrs. Robert Veigel, Mr. and Mrs. Joe Hodges, Dr. and Mrs. L. B. Barnett, Mr. and Mrs. Lloyd Pool, Mr. and Mrs. P. G. Peeler, Mr. and Mrs. Ralph Hastings, Mr. and Mrs. J. T. Gilbreath, Jr., Mr. and Mrs. Wayne Edwards, Mr. and Mrs. Kenneth Coker, Mr. and Mrs. Lowell Sharp, Mr. and Mrs. Charlie Hays of Dimmitt, and Mr. and Mrs. B. F. Cain.

VISIT MRS. HIGGINS
Mr. and Mrs. D. C. Barnard and daughters Sue and Denise, and Mr. and Mrs. Glenn Brown and little daughter, all of Tucson, Ariz., are here to spend a couple of weeks with Mrs. Hilton Higgins.

HERE FOR VISIT
Miss Irene Crawford of Amarillo will spend a part of the holidays in Hereford with Mrs. W. E. Dameron and other friends. Miss Crawford is a former teacher in Hereford High School.

On Stage and Behind the Scenes at Christmas Plays

AT CENTRAL SCHOOL'S Christmas program; after the King's gift of his crown, above, failed to be "What Made the Chimes Ring," these members of the audience, right, reflected the intense interest the youngsters displayed in the story narrated by Rev. Cloud Northcutt.

Warns Vegetable Growers on Use of Insecticides

COLLEGE STATION, — Cases continue to crop up which indicate that not all vegetable growers are fully aware of the provisions of the Miller Amendment which sets residual tolerances for insecticides used on vegetables, says F. M. Fuller extension entomologist.

The entomologist points out that the amendment gave the Pure Food and Drug Administration authority to set tolerances for insecticidal residues on vegetable crops and also to enforce the legislation. With the tolerance information available, the extension entomologists prepare insect control recommendations which are supplied growers through the offices of the local county agents. When the recommendations are followed, Fuller says no residue trouble should be experienced by growers.

But when the recommendations are not followed closely, and certain insecticides are used too close to the vegetable harvest date, excessive insecticidal residues make the vegetables shipped interstate subject to seizure by inspectors of the Pure Food and Drug Administration.

This happened recently in Texas. One hundred eighty-four bushel baskets of spinach were seized in Detroit, Michigan, because the spinach contained residues of DDT greatly in excess of the tolerance of seven parts per million allowed.

This spinach was produced and shipped from the Crystal City area and its seizure represents a big loss to the grower. Fuller cites this case as an example of what can happen when recommendations are not followed. He offers this suggestion to vegetable growers: If there is any doubt about using a certain insecticide, see the local county agent and ask for a copy of the guide for controlling insects on vegetables.

Wyche H. D. Club Has Xmas Party

The Wyche Home Demonstration club held its annual Christmas party Thursday in the home of Mrs. George L. Olson.

Mrs. Charles Packard and Mrs. Argen Draper read Christmas poems to the group. Gifts were exchanged.

Present were Mesdames Ramey Elliston, W. P. Axe, Marvin Axe, E. C. Hewitt, Ira Ott, Elsie Conaugh, Charles Packard, C. R. Dameron, A. J. Jones, O. B. Sumner, Argen Draper and George L. Olson.

The next meeting will be Jan. 2, in the home of Mrs. Ira Ott.

FISH FACT
CORPUS CHRISTI, Tex. (AP) — A. P. Richards, who operates a worm ranch as a sideline, has this advice for fishermen after several underwater trips observing both worm and fish:
"Hook the worm in the middle, and let it wiggle around. It's the wiggle that tempts the fish to bite."

REP. WALTER ROGERS WRITES.

Issues To Be Before Congress Next Year

To the people of the 18th District: Although this letter may reach you after Christmas, I want to again wish you a very Merry Christmas and entire holiday season. Also, let me wish you a very happy and prosperous New Year, and certainly a peaceful one. It is that New Year that I want to discuss at the present time. The question is in the minds of many of our people as to what the issues before the Congress will be and what will be done about them. Let us see what the picture looks like here

in Washington.

MISSILES
There is little doubt but that the subject of guided missiles will be number one on the important matters for action in the early days of the next session of Congress. Efforts will be made to force the coordination of the activities of the several Services and to effectuate a concentration on early accomplishments that will put this country ahead of Russia. This can and should be done.

FOREIGN AID
The highly controversial foreign

aid program will receive much attention during the entire session. Great stress will be laid to the argument that it is the only way we can keep our friends in Europe and other sections of the world. As concerning Asia, the pitch was anticipated in a New York Herald Tribune (European Edition) editorial that appeared on Oct. 12 and 13, 1957. This editorial was entitled, "The Stake in India Is Astor." This editorial warned Congressmen that the \$600 million loan needed by India to carry out

IN SHIRLEY SCHOOL'S Yule program, a play adapted from "The Choirs of God," Kathy Boston, left, daughter of Mr. and Mrs. Jay Boston, portrayed an angel telling shepherds of the Birth of the Christ Child. Wanda Holt, above, daughter of Mr. and Mrs. D. R. Holt, was the "Flower Lady." Two members of the combined fifth and sixth grade, Shirley choir, Carolyn Parmer, right, daughter of Mr. and Mrs. David Parmer, and Gay King, daughter of Mr. and Mrs. Jacob King Jr. are shown as they were providing musical background for the on-stage action. him to appoint new officials to the battle-scarred department.

But more static developed in the special sessions. Senate tried to oust the new commissioner, William A. Harrison. Attorney General's opinion said they had no say-so over Harrison's appointment. However, the Insurance Department still faces continued critical surveillance from disgruntled senators.

3. COX CONVICTED — Things talked about for years erupted into the open with the sensational resignation, indictment and conviction of Rep. James E. Cox of Conroe. A tape recording of a conversation between Cox and a Naturopathic Association leader was the prime evidence used to back up a charge that Cox had agreed to accept a \$5,000 bribe. This provided extra fuel for the reform drive. A code of ethics and lobby registration laws were passed.

6. NEW SEGREGATION LAWS — East Texas legislators put plenty of steam behind proposals designed to preserve local authority over school segregation. Futile filibusters caused delays, but five bills were passed. They'll probably be in the news again as opponents bring them to tests in courts.

7. OIL-SAGS — Violent fluctuations in Texas oil production gave impetus to the Jitters-Prevention Bill (Continued On Page 2)

Double Main Event Set Here Saturday

A double main event has scheduled for Hereford wrestling fans in the Bull Barn Saturday night.

Dory Funk will take on Great Bolo in two out of three with an hour time limit. Two Judy Grable and Peggy Allen meet in the other main event. Chief of Police Henry Aycock referee the girls' match.

The first bout begins at 8 p.m.

Last week Funk and Bob O won a tag team match from Perez and Leo Garibaldi. Fun Geigel won the first and falls.

In two preliminary matches Geigel and Perez fought draw, and Garibaldi vs. Funk.

Wrestling promoter Slim V has announced that Dick V will defend his world's weight championship here on Nov. 11. Wester did not name his challenger. Hottel won the weight-uda from Leo V November.

AUSTIN HIGHLIGHTS

Capitol's Top 10 Stories Selected

By VERN SANFORD
Texas Press Association

AUSTIN, — Things have been popping under the State Capitol dome throughout 1957.

- Tops among the stories that kept the Capitol newsroom teletypes jangling were:
- 1. WATER PROBLEMS** — Floods, tornadoes and hurricanes brought 10 years of drought to a close. Reservoirs then filled to 91 per cent of capacity — a two-years supply. But Lampasas, Dallas, Silvertown, and other towns added up damage toll of more than \$100,000,000. Pasturage flourished, but many crops washed away or rotted. Water's importance couldn't be ignored. Result: Legislature passed two major measures. People approved \$200,000,000 bond-selling amendments for water conservation projects.
 - 2. ICT FAILS** — Ben Jack Cagle became a household word after the crash of an empire he had built

- with heavy investments from organized labor. Losses were estimated at \$4,500,000. Two legislative committees and two grand juries spent months trying to untangle ICT's fantastic history. Cagle was indicted. After his return from South America, he was convicted on embezzlement charges and still faces trail on other indictments.
- 3. EX-OFFICIALS ENMESHED** — Former Insurance Commissioners J. Byron Saunders and Garland Smith, were accused of receiving money from ICT while they were in office. Both were indicted on perjury charges. Trials are pending.
 - 4. INSURANCE REORGANIZATION** — Texas insurance regulation must start over with a "clean slate," declared Gov. Price Daniel shortly after taking office. Over strong opposition, he pushed the insurance reorganization bill through the Legislature. It enabled

the Suez Canal crisis forced production allowable to an all-time high of 18 producing days in March. But Suez reopened and foreign oil came flooding back into the U. S. A. Texas' allowable had tumbled to 13 producing days by July, skidded to an all-time low of 12 in September. President's order for voluntary import cuts brought some hope.

8. RAIDS — Attorney General Will Wilson padlocked Galveston gambling houses with less repression on the Pleasure Isle's economy than expected. Latest Wilson raids rounded up naturapaths on charges of violating the Medi-

cal Practices Act. — **9. RUN-OFFS DECREED** — Almost forgotten now is the furor over the Pool Bill to require a run-off in special elections. Ralph Yarborough became junior U. S. senator in an old-style one-shot election. Then the Legislature passed a bill requiring run-off elections in the future.

10. MONEY SHORTAGE — It didn't make black headlines, but it troubled men in high places. By the end of the second special session, the Legislature had scraped the bottom of the state treasury. Comptroller predicted the state would be \$12,000,000 in the red by 1959. Depressed oil, a prime tax source, and extra sessions contributed to the problem. But most people agreed that Texas was bursting its fiscal seams from in-

evitable growth. A special Tax Study Commission is studying the issue over-all. Observers say new taxes are unavoidable.

MORE INSURANCE WOES — Texas insurance world is "all shook up" again. Fuse was re-lit when the Senate investigating committee announced it had uncovered a \$2,000 gift from a company president to an Insurance Department employee. Sen. Charles Heering of Austin, committee chairman, called a new round of hearings.

Insurance Commissioner William A. Harrison fired the employee, Examiner J. W. Pierson, who had been with the department 24 years. He demanded removal of the company president, John L. McCarty of Estate Life Ins. Co., Amarillo. McCarty resigned.

Estate officials swung back, threatened to sue the department. They contend the company was hooked in a department-approved reinsurance contract taking over policies of the bankrupt Physicians Life.

Harrison also took aim at another company, United General Life of Dallas. Hearing is set for Dec. 31 in which the company must prove "competence, fitness and reputation" of its officers or lose license.

Largent Parks, who came under Senate committee fire earlier, resigned as president of Preferred Life of Dallas. Insurance Department had made Parks' removal mandatory for company's continued existence.

GILES PAROLE DENIED — Former Land Commissioner Bascom Giles faces another year in the State Prison at Huntsville. The Board of Pardons voted 2 to 1 against recommending clemency. More than 100 Austin Citizens, four ministers and Giles' family presented pleas to the board.

Giles began serving a six-year term for his part in veterans land program frauds in January, 1956. As a model prisoner and trusty, he can complete the sentence by January, 1959. His case has come up twice for review by the Pardons Board. Each time it has been rejected on grounds a pardon might "depreciate the seriousness of the offense."

RESERVOIRS URGED — Construction of new reservoirs should have first priority in state water

planning, say engineers. Some 25 consulting engineers from over the state met with the Water Board to help get a new planning program rolling. It authorizes the first state effort at topographic mapping since the 1920's. Since there's not enough money to map everywhere, engineers urged mapping areas where reservoirs are needed.

Retiring board member H. A. Beckwith will direct the mapping. Beckwith was hired by the board as a \$10,000-a-year engineer.

SHORT SNORTS — Back in business is the veterans land program after selling \$12,500,000 in bonds at 2.695 per cent interest. Applications are being mailed to the first thousand of the 22,700 veterans on the waiting list. Harold E. Selke will become chief examiner of the Insurance Department on Jan. 1. Commissioner William A. Harrison said Selke will replace E. B. Kelley who will remain with the department "if he so desires."

Rep. Walter

its second five-year plan should be granted.

The editorial indicated very strongly that if the \$600 million loan was not made, it would mean the loss of Asia to the allies. That failure to make the loan could result in India falling into the Communist orbit, thereby creating almost a solid Communist front in Asia.

The editorial said, and I quote: "The Soviet Union, which has turned itself into a modern country in one generation, provides a beautiful daydream for many Indians — a daydream which soothingly blurs over the totalitarian horror on which Soviet industrialization was based. Communist China is on the threshold of a similar blood-and-sweat transformation. The temptation is strong. The State of Kerala, which embraces some of the best educated people in India, recently elected a Communist government. Economic disaster would open the door to Communist control of all India."

You can see from this that it will be necessary for the Congress to weigh very carefully all arguments both pro and con on the foreign aid program whether it be in direct grants or in loan authorizations.

CIVIL RIGHTS

It is anticipated that the proponents of the so-called civil rights legislation will act in the early days of the session to enact into law those sections that were deleted from the original bill which was passed during the first session of this term of Congress. This will mean a bitter fight. Although it was generally thought that the Administration would not want to precipitate another fight on this issue, the proponents served advance notice some time back that they would immediately move for legislation giving much stronger powers to the federal government.

EDUCATION

There will definitely be a strong movement to expand the activities of the federal government in the field of education. Efforts will be made to prevent legislation limiting eligibility to integrated schools. The proponents of the federal aid program feel that they have a much better chance to pass the bill if the question of segregation or integration is left out of it. Some feel that if they can get this bill passed, there will be plenty of time later on to limit eligibility for participation to integrated schools. Others feel that the President could do this by Presidential directive.

TAXES

This is a subject that everyone is worried about. The chairman of the ways and means (taxing) committee, the Honorable Jere Cooper, passed away last week. He was a grand fellow and a very able tax expert. He had been in Congress almost 30 years and came from the State of Tennessee. Because of his death, the Chairmanship of the Committee will be assumed by the Honorable Wilbur Mills, a very able and conscientious Representative from our neighboring State of Arkansas. Mr. Mills has had a great deal of experience in tax matters and is considered by many in this country as one of the leading experts on the subject. He is a fine gentleman and will unquestionably make an outstanding Chairman of this Committee.

There will, no doubt, be strong efforts made to increase taxes but it is my hope and my feeling that

Blue denims, or blue jeans, are nearly always called "Levis." We know for a fact that other folks make them. Personally, I like Lee's because they have a zipper fly instead of a button fly. You might think there's only one company that makes nator oil, but I'm saying it's not true. Come by in the morning and we'll talk about Champlin's Hi V-I price and quality. PRESLEY ENTERPRISES, 1001 E. 1st G. W. (Gerry) Hall

these will not be successful. There will be a re-appraisal and a re-evaluation of the allocation of tax monies in the several divisions of government, especially defense. We hope that this results in a balanced budget without further deficit spending.

THE SPUTNIK

It can be expected that all of the above proposals, as well as many others will be closely tied in with the Russian accomplishment in placing the satellite in orbit. Every program will be described as necessary in order to

answer this Russian accomplishment. You can be assured that all will be weighed very carefully before conclusions are reached.

Long Time Ago

45 Years Ago
Approximately six inches of snow fell on the Plains Sunday and Sunday night. The temperature in Hereford fell as low as 10 degrees Sunday night. The stock here has not suffered as everyone was prepared with a good supply of feed, either maize, Kaffir or cake. While not a large acreage of wheat has been sown, this moisture will be a benefit.

The little lady friends of Frances Oberthier had a jolly time at the Oberthiers' home Saturday afternoon when a Christmas party was given. A small tree with all of the festive decorations was set up on the dining table. A real live Santa Claus was personified by Elizabeth Oberthier in full costume. Each little tot "fished" for her presents, a doll and toys, from a fish pond and Santa Claus brought their sacks of candy. Mrs. Oberthier and Louise served refreshments to the guests. Around 35 of Frances' little friends attended the party.

Mr. and Mrs. Jack Cobb had a few of their neighbors to a Christmas dinner Wednesday. Those present were Mrs. Mercer, Mr. and Mrs. Rosecoe Davidson, Mr. and Mrs. W. G. Ross, Mr. and Mrs. R. W. Lovelace and children.

Eighteen students of WTSTC in Canyon are in their Deaf Smith County home for the Christmas vacation. They are Burl Alexander, P. W. Barnett, Ashby Bruton, Albert Davis, Addine Hastings, William G. Hawkins, G. T. Higgins, Frances Holman, Geneva Griffin, Keith Guthrie, Woodrow Ireland, Bettie Rose Kerr, J. C. Line, Oline Ramey, Maurine Spradley and Carl Spratt, all of Hereford, and Catherine and Margaret Steen of Adria.

Miss Kathryn O'Laughlin, Congresswoman elect of the Sixth Kansas District, has received four proposals of marriage since her nomination, one of which is from "Cowboy, 56 years old," and sent from Hereford. He writes that he read in the papers that Miss O'Laughlin was once a bronco buster and that he himself is a cowboy and believes "the two of us could get along just fine together. You have a fine face," wrote the cowboy. "You look just like my sister."

POTPOURRI

Parsonage Has Nativity Scene

By SANDRA GLENN
"And His Name shall be called Wonderful, Counsellor, the mighty God, the Everlasting Father, the Prince of Peace."

This passage is brought to life by three oil paintings which have been hung on the outer walls of the Immanuel Lutheran parsonage by the Rev. Andrew Szegedin, pastor. The parsonage is just across the street from the church in the 100 block of Ave. B.

The Christmas story is told with three pictures. The nativity scene of the Christ Child, Mary and Joseph hangs in the front of the Szegedin house. At night spot lights are turned on the scene to bring out the colors which are so perfectly blended.

On the south wall of the house hangs the picture of the Wise Men traveling toward the star which shines over the new Prince in Bethlehem. The third picture, hung on the north side of the house, is a picture of the shepherds as they listen to the angel proclaim, "For unto you is born this day in the city of David a Savior which is Christ the Lord."

The paintings are certainly some of the most eye-catching in town. The Rev. Szegedin says he will probably leave up his decorations until Jan. 8, and we suggest that you drop by and see for yourself how impressive the pictures are and how well they relate the true story of Christmas.

Virginia McDonald, Louise Ferguson, Max Winkler, Betty Blakely, Sue Ramirez, Francis Thomas, J. C. Henderson and special guests, Hub and Pat Homer, Pat and Paula of Pampa.

Home to spend Christmas with mother and dad is Jackie Brown, daughter of Mr. and Mrs. Jack Brown, 233 Ave. B. This is Jackie's first trip home since she left in the fall to begin her freshman year at the University of New Mexico in Albuquerque, N. M.

Ann Lookingbill, sophomore student at West Texas in Canyon, is spending her Christmas vacation working at Cowan Jewelry, where she is helping with the Christmas rush.

Ann is the daughter of Mr. and Mrs. L. B. Lookingbill.

Pat Ferguson is home after six months training at Fort Chaffee, Ark., with the Army reserve. He is the son of Mrs. Louise Ferguson.

Home on a 15-day leave from Fort Chaffee is Oscar Ramirez. He has completed six weeks training with the reserve.

Bill Chesser and family of Amarillo are spending the holidays with Oneas Carol.

Look Who's New!

Mr. and Mrs. T. J. Kendall of Dallas are spending the Christmas holidays with Mr. and Mrs. J. B. Richardson, 315 Union, Hereford.

Mrs. Richardson and Mrs. Kendall are sisters. Richardson is Texas agent here. Kendall is chief of staff of the 16th Aero Squadron in Dallas.

Mr. and Mrs. Leo Hennington of Albuquerque, N. M., are visiting in the home of her parents, Mr. and Mrs. Buddy Witherspoon.

Mr. and Mrs. Floyd McGee Jr. of Lubbock are visitors in the Floyd McGee Sr. home.

Visiting in the home of his parents, Mr. and Mrs. Roger Corbett, are Mr. and Mrs. Pat Corbett of Fort Worth.

Johnny McIver and George Turner of Midland visited in Hereford over the weekend. Johnny visited in the home of his parents, Mr. and Mrs. W. Melyer, and George visited with friends.
They are both employed by the Western Electric Phone Co.

Mr. and Mrs. Pick Harman were hosts for a Christmas party given in their home for their employe and other guests Sunday night.

The group exchanged gifts and were served refreshments. Present were Wilmer Studer, Shirley Stalcup, George Turner,

infantry tactics, first aid, demolitions, field fortifications and advanced schooling on weapons.

Lest we forget: If the days of our pilgrimage be "evil," they are "few." The brevity corrects the bitterness. The fight may be severe, but the warfare will soon be accomplished. The road may be rough, and the weather stormy; but our Father's house, our home, is at hand. "God shall wipe away death, neither sorrow, nor crying, neither shall there be any more pain; for the former things have passed away."
A most cordial welcome to you!

BELL RINGER

RANDOLPH, Mass. — A high school musician really had the joint jumping — but it wasn't his music that did it.

It seems that members of the school band were gathering in the music room before going outside to drill for their weekly football game performance.

One of the musicians bent down to pick up some music. The bell of the French horn under his arm struck a fire alarm box on the wall, breaking the glass and summoning firemen — in musical lingo — "allegro vivace."

WHIPPING SPUD

WATERVILLE, Que. — Latest in a series of monster potatoes grown in Quebec's eastern townships is a four-pound beauty unearthed here by farmer Desire Audet.

It's a dear bargain to entrust your insurance program to an agent who writes only one or two lines of insurance, and who can give you only part of the protection you really need.

We have a hunch you'd rather BUY FROM AN AGENT who as an independent business man represents capital stock insurance companies with facilities to take care of all your insurance requirements.

That's how this Agency conducts its business. John McLean Insurance Agency 25 Years of Insurance Know How Phone EM 4-0544

Year's Activities Listed in Review

By BEN SCHMIDT With this year coming to a close, we would like to recount some of the activities of the Soil Conservation District this past year. The most noteworthy of all the conservation activities are those of the local district's farm conservation program. Many of these are just good farm practices of long standing which are being put into their proper perspective. The sponsorship of the annual Fort Worth Press Awards Program was perhaps the highlight of the local district activities this past year. This program honored conservation farmers from all soil conservation districts in West Texas. Among those receiving awards were: Robert H. Smith, who had been chosen the Conservation District of the Year by the Tierra Blanca SCD.

Another of the events was the luncheon held for Assistant Secretary of Agriculture Erwin Peterson, administrator of the PCS, Donald Williams and State Conservationist H. N. Smith. Last winter both chairman of the board, Luther Lesly and Charles Hoover attended the meeting of the State Assn. of Soil Conservation Districts in Tyler. Lesly also attended the meeting of the National Assn. in St. Louis, Mo. The local board has completed negotiations for the acquisition of surplus government earth moving equipment. This will be used to install conservation practices and is one of the many district programs aimed at getting conservation on the land. This district was also designated as one of the first to be activated for assistance under the new Great Plains Conservation Program. The actual practice selection and program formulation has now been carried out and on the farm assistance is now ready to start. In this past year a total of 23 different types of soil conservation practices were used on 350 different farms and ranches. Many farms had as many as five different practices while most had but one or two. Some of these practices were carried out as a regular part of a good farm operation. Many other required considerable outlay of expense and time. It might be asked why all these different types of conservation practices. The answer lies in meeting both the needs of that particular piece of land

and also the desires of the farmer. Alternative practices must be provided to take care of differences in land and farm operation. If a sound conservation program is to be developed on a farm or ranch it must fit the needs of the land. A variety of conservation practices are needed. Many of these are just good farm practices of long standing which are being put into their proper perspective. Conservation practices must be used in combinations to get the maximum results from anyone of them. Each practice increases the utility of the other.
