23RD, YEAR NO. 13.

HEREFORD, DEAF SMITH COUNTY TEXAS, TUESDAY, MARCH 6, 1928.

TAKES PLACE OF OLD PLAN OF REGULAR **COUNTY FAIR** 

# AT SEVEN POINTS

School Displays Will be Held for Scrutiny Of Patrons

For the past two years a County School Fair, at which the different schools, both city and county, displayed their school work, and at which athletle elimination contests were held, has been an annual attraction in the basement of the courthouse.

This year, however, it has been determined to split this Fair into several district or group fairs, so that the patrons of the country schools can more easily attend where their interest is strongest. At a meeting of the teachers of the rural schools held in Judge Megert's office on February 24 this step was decided upon. Judge Megert was the country schools in groups, to name the place of holding the fair in each district, and also to set the dates. The following groups and dates are announced by Judge Megert:

Group 1: Files, Walcott and Scherer, at Files, March 28.

Group 2: Fairview, Daniels, Union and Ford, at Fairview, March 29. Group 3: Tierra Blanco, Summer-

field. Messenger, Bippus and Farwell, at Summerfield, March 30. Group 4: Askren, Rice and Dawn, at

Group 5: Simras, at Simms, April 3: Group 6: Wyche, at Wyche, April 4. Group 7: Progressive, Ward and

Higgins, at Progressive, April 5. Judge Megert, in outlining the preparatory work to his teachers in a cir-

cular letter, says in part: The teachers of each district or

group will at their earliest convenience confer together as to arranging their exhibits, programs, races, contests or such other entertainments that they may decide upon. It was suggested that on the day assigned you for your Fair that you make a Communic, day of it; if, however, you think that is too long, then have your Fair in the afternoon with a short program from each school, together with such other entertainments that you may decide upon.

"Have some of your pupils make Posters for your room, giving the date and place of your District Fair, have daily reminder to the pupils of your received for baptism and membership. H. F. Ogden. room, and in that way they will talk it. At three a clock in the afternoon anduced to attend.

lo to the Panhandle School Fair and which were greatly enjoyed. "When placed on exhibition, which will give Death Comes Creeping Around" was a your friends an opportunity to see trio with wonderful effect. This "Singpresent year. We can and must make these Fairs a success, as your ability as a teacher and your year's work will be to a great extent judged by the showing your school will make at your o'clock. Prayer is the secret. District Fair."

The Hereford City schools, it is understood, will have individual room exhibits and probably "open house" all of one day, on or about the same dates as those chosen by the country schools. This date will be announced soon.

The general purpose and intent of all these exhibits is to select the pick of them all for exhibition at the Panhandle School Fair to be held at Amarillo.

# Farm Bureau Centers Fire on Foreign Outlet

The American Farm Bureau Federation is centering its fire at Washington in the effort to revive a foreign outlet for farm commodities. It has submitted a convincing report to Farm Bloc members. Martin J. Gillen, of New York, prepared the report which was checked by H. W. Moorchouse, of the Dept. of Research. The Farm Bureau recommends a revival of confidence in European securities.

# Loses Control Car; Smashes P. O. Window

Mrs. J. L. Ledford, who lives in Casfro county seventeen miles southeast of Hereford, drove her Jifney across the sidewalk and smushed a plate glass window in the post office building last Saturday afternoon.

It is understood that Mrs. Ledford had parked her car in front of the office and was endeavoring to back out when her wheel was thrown over too far and probably locked. In the effort to miss other cars Mrs. Ledford became excited and stepped on "low" with disasterous results. It was an unfortunate accident that caused Mrs. Leaford much embarrassment and worry.

# Hereford's Fire Rates Remain on Last Year's Basis

Hereford's fire insurance rate and good fire record" pecentage will remain the same as last year, according to appouncement made from Austin this week, which gives details as fol-Another good crowd attended the lows

"Twenty towns are allowed the maxi-Church, the church being assisted in Commerce, held at the City Cafe last mum credit of 15 per cent on fire insurance premium rates for good fire reords based upon loss ratios for the last three years in a list of towns made public late Thursday by the State Fire a meeting here were in attendance and Insurance Commission.

# NO TAX INCREASE

Court Figures How to Finance Bridge in Regular Funds

The proposition of building a real, modern, concrete bridge structure across the Tierra Blanco at the foot of Main street is assuming tangible form. It's aimost an accomplished fact. The extentssioners court is in dead earnest and beginning with next Friday will advertise in The Brand for scaled proposals for the construction of a forty foot clear span, reinforced bridge. The bids will include furnishing all tools, labor, muchinery, equipment, materful etc., of every description for completing a forty foot clear span, twenty foot roadway. .

Monday the court met and went over the project with Oscar A. Seward, Jr., of Amarillo, disrict manager for the Nagle Witt-Rollins g Engineering company of Dallas, who will aid the court in handling the matter. Specifications, plans and other information may be obtained by bidders from this concerns or from county Judge Megert for \$5.00 each, refund being made for those plans returned. Each bidder will be given until 10:00 a m. Saturday, March 24, to get in his proposal, which must be accompanied by a certified check for \$500.

The court proposes to raise the the new bridge five feet above the present structure, which will almost cut out the grade on the south, but will necessitate farm or interested in irrigation locally approach on the north side. The city an important meeting and one from this part of the expense will have to be which much good can be derived by borne by the city. The present bridge is 70 feet long, with abutments of 70

coming year's irrigated crop. Tell that thing that will interest the your neighbors about this meeting and tax payors; there will be no baise in make your own arrangements to attend, the tax rate, nor will a bond issue be necessary! The court has gone around the proposition so carefully, so many times, that they have a reasonable idea of what the new bridge will cost, and they figure they can take care of this expense out of the xegular county in-

May their shadows never grow

# Seed and Burch Will Both Hold Sales Next Week

Two more public sales are tisted for next week, one on Tuesday, March 13, and the other on the following Thursday, the fifteenth. One is just south of Hereford while the other is down below Dimmitt in Castro county. Details of both sales will be carried in next Friday's Brand.

The Tuesday sale will be held by H. R. and Mrs. C. W. Seed, at their irrigated farm, five miles southeast of Hereford, on the east Dimmitt road, beginning at 10:30 a. m. The sale includes a long list of farm machinery, nine head of horses, five cows and calves, some hogs and numerous other things. Lunch will be served at noon by the Methodist Missionary Society. It is also announced that the Seed Irriga-

The Custro county sale is that of O. M. Burch, ten miles south of Dimmitt, three miles southwest of Cleoschoolhouse, and eight miles north of Springlake, beginning at 1:00 p. m., Thursday, March 15. Mr. Burch offers five head of nucles, four head of horses, twenty cows and calves, other live stock and an unusually large assortment of form implements and equipment of every kind.

# MRS. JESSIE SISK HERE ON A VISIT

Mrs Jessie B. Sisk of Madisonville, Ky., reached Hereford last Friday and is visiting in the home of her son, Bart-Sisk. Mrs. Sisk will later visit her two sons, H. R. and H. B. Sisk, at Nogales,

# Red Cross Helps School

The American Red Cross has apropriated the sum of \$3,000 to be used for rebuilding one of the Corpus Christi, Texas, schools which was partially destroyed by the storm of September 14. 1919. This is the largest single appropriation made in connection with the Texas disaster and was not made until recently as the local committee needed time to fulfil their pledge of raising the additional amount necessary, about \$12,000, to continue the structure. The work must commence by September 1st, 1923 and be completed by February 1st; 1924, otherwise the money appropriated by the Red Cross will be reverted.

The need for this school was vital in the opinion of Red Cross officials representing the Southwestern Division, the headquarters of which are in St. Louis. Children who normally would have attended the destroyed school, were required, because of its damaged condition, during the past three years, to walk more than two miles to another school and many of them were nuable to attend any school at all.

# COTTON LIST!

STILL GROWING!

The cotton acreage list for this ommunity, subscribed in the effort to secure a gin, has been revised to date and sub-divided by counties. Some of the owners do not live in the countles listed, but their land is there, if no error has been made. Any corrections to the list should be called to the attention of the Chamber of Commerc at once.

The more acreage secured the easier it will be to secure that gin. A lot of people have been heard to declare that they intend to plant some cotton but won't list it. If everybody took that point of view there would be no gin here in 1923.

Kick in-put in your acreage if you intend to plant any-and help the cause along.

We are receiving constantly shipments of the best lump and nut coal. Have on hand now plenty of lump and are expecting daily a car best screened nut, that we will sell mighty cheap-quality considered. File your orders by telephone. We store our coal in good house where dirt and snow cannot go. We sell coal not real estate.

Hereford Light & Power Co.

# Why Do You Do It?

This constant struggling and worrying and managing?

Some struggle for one reason some for another. We believe the most reasonable reason for a man's trying to make a success is for sake of the wife the kiddies and the creditors.

If a man takes care of these he is a success.

And Oh! how he must dig!

Most men need to use all the instrumentalities possible to make the thing go. Real men do not want Charity-They want service when service is needed.

And that's exactly when the First State Bank & Trust Co. renders it.

# MAKES VERY DEEP IMPRESSION HERE

(Continued from Page One) Worth. The evangelist is the president iting in the home of her nephew, Carl of the company. Many of the songs are his own composition. Smith is a plain and mighty preacher of the gospel. Prof. Ogden is a great leader of song, and inspirer of roung people. This lat-ter is attested by the great crowd of young people that greeted him each evening at seven o'clock in the Young People's Prayer Meeting. Miss English is a remarkable plantst, composer, and leader of juniors. She is also an alto of no mean ability. It is a great evangelistic team with each a star in his particular line.

The meetings will continue daily at 3 and 7:30 for everybody. Prayer meetings at 7 o'clock in four groups. The Junior Services are held at 4 o'clock on Tuesdays, Wednesdays, Thursdays and Fridays.

The unconverted of Hereford are especially invited to these services. The party was brought here especially to help those not yet religious.

Rev. W. R. Hill. Pastor.
