School Tax Collections Hit High For Month Of October

School tax collections during October were the highest ever, assessor-collector Fred Baird told trustees during a meeting Tuesday night.

He reported 73 per cent collections during October, compared with 69 per cent for the same month in 1960 and 70 per cent in 1959.

J. W. Robinson Jr. went over insurance policies with the board. Robinson handles all insurance for the school buildings. He recommended that all policies should be allowed to lapse

in 1964, with the school going to a "deviated rate" that would allow savings of about 20 per cent. It would not be feasible to do this now, he said, because of the charge on short-term cancellations.

Trustees also voted to accept a five-year contract with the McMorris Co. of Amarillo to keep school tax property appraisals up to date.

The Amarillo firm during the year completed a study of all city, school and county property tax rolls and made appraisals. Cost of keeping the appraisals up to date will be on a unit cost basis not to exceed \$700 per year.

Superintendent Paul Stevens asked for a meeting on Tuesday, Nov. 28, with members of various club educational committees to outline an extensive study of the future school growth and the steps which need to be taken to stay up with such growth. The meeting will be held at 7:30 p.m. in the school cafeteria.

Stevens also reported that enrollment for the 1961-62 school year hit its peak last week with 3,066 students. Enrollment Tuesday was 3,048 compared with 2,810 the same period last year.

Following text book committee was named to study texts

for 1962-63. By law, Stevens will be chairman with these members: Wesley Hopp, Mrs. Helen Yeager, Miss Bea Barrett, Miss Ethel Womble, Mrs. Ellen Bryant, Mrs. Ruth Warner, Miss Gladys Setliff, Reece Whittington, Mrs. Jessie Mae Dods on.

Coronation Of Annual Queen At 'Stunt Night'

Packed with laughter and surprises, Hereford High School's annual "Stunt Night" will be held Friday, beginning at 8 p.m. in the high school auditorium.

Highlighting the evening's activities will be the coronation of the 1962 Annual Queen at Hereford High. Following the coronation ceremony, the queen will reign over the program to follow.

Many of the organizations and classes at the school will present stunts designed to bring a maximum of hilarity to the audience.

Master of Ceremonies for the event will be the Rev. Clarence Powell. Judges are Mrs. Harlan

CONGRESSMEN HAVE FUN comparing the size of Texas-grown sugar beets with those of other states after Congressional Forum here Tuesday afternoon. From left are Congressmen George Mahon, Lubbock; Ancher Nelsen, Minnesota; Walter Rogers, Pampa; Bob O'Page, Waco; and Tom Morris, Tucumcari, N.M.

A realistic, yet encouraging, report on prospects for more sugar beet production was brought jointly by four U. S. Representatives at a meeting here Tuesday.

Despite bad weather and slippery roads, more than 750 persons attended the meeting in the Bull Barn, showing an enthusiastic approach to the work which is being done by the Texas Sugar Beet Growers Association.

Congressmen Walter Rogers of Pampa, George Mahon of Lubbock, Bob O'Page of Waco and Tom Morris of Tucumcari, N.M., all made reports on the work that has been done and the final push that needs to be made within the next two months.

Joining them was U.S. Rep. Ancher Nelsen of Minnesota, who offered his support and encouragement to the efforts.

Attending the meeting were representatives of more than 15 Sugar Beet Associations from Texas, Oklahoma and New Mexico. Also on hand were two officials from the American Crystal Sugar Company and two from the Holly Sugar Company, plus Floyd C. Smith, president of the Arizona Sugar Beet Association, and Frank Ford of Plainview, a member of the state ASBS board.

Delegates also attended from Amarillo, Lubbock, Fort Worth and Pecos.

Master of ceremonies was Henry Sears of Hereford. Invocation was given by the Rev. Joel Treadwell, vicar of St. Thomas Episcopal Church in Hereford, after the barbecue dinner served by the Hereford Rotary Club.

James W. Witherspoon of Hereford, a member of the TSBSGA legislative committee, stated the purpose of the meeting. "We want to tell these Congressmen how much we appreciate what they have been doing trying to get a simple law passed. . . . We want them to tell you what the problems are and what you can do to help."

Lee Benefield of Hereford, president of the Texas Sugar Beet Growers Association, told briefly why his group was leading the fight to get the Sugar Act changed to allow more domestic sugar production. "I've grown sugar beets for 14 years and it's a great business. After

Charges Filed For Auto Theft Here Saturday

A man using the name Steven Landers for an alias was charged here Monday with felony auto theft and a warrant was issued for his arrest.

The man, who allegedly committed the felony, is Carroll Weldon Hartis, 34, and is also wanted in Plainview.

A check for \$995 was given Saturday afternoon by the suspect to a local automobile dealer for the purchase of a car, according to Henry Aycock, chief of police.

The man reportedly told a salesman at the company that he had some bonds in a local bank. Aycock continued, and would cash them and deposit the money on Monday.

As the employee of a local cleaners, he had a key to the business. Hartis is suspected of taking six pair of trousers, a hat and six of the firm's blank checks before leaving Hereford.

One of the firm's checks is said to have cashed at a newsstand here for the amount of \$53.24. The check was reportedly cashed on Sunday.

The suspect allegedly wrote another check for the amount of \$40 and cashed it at the Jim Hill Hotel where he had been staying.

Football Banquet Slated Saturday

Members of the 1961 Hereford Whiteface football team will be honored during the annual Football Banquet to be held Saturday night at the Hereford Country Club.

Highlight of the banquet will come with the presentation of the "Fighting Whiteface" award to the outstanding member of the team.

Approximately 170 persons are expected to attend the annual event. All football players, their dates, parents, and school officials will attend the formal dinner in honor of the football players.

Guest speaker for the banquet will be Preston Watson, former head football coach at Floydada High School. Coaching there for ten years, Watson was noted as one of the most outstanding coaches on the South Plains, according to Hereford coach Jack Meredith.

Master of Ceremonies will be high school principal L. E. Russell. Following musical entertainment by a boys quartet from Friona, head coach Jack Meredith will speak on behalf

Arbund Town

Slushy, sloppy and wet pretty well describes the weather. But there are always a few humorous things that come out of unusual weather. About 6:20 a.m. Tuesday superintendent Paul Stevens answered the phone at the school bus barn. It was a farm woman, who has four children in school. She wanted to know if the buses were going to run. Paul said they were. "Thank goodness!" she exclaimed, summing up the feelings of all mothers during bad weather. This same woman, it is reported, called back twice more to be certain. The last time she said, almost plaintively, "But the bus hasn't shown up yet!"

The Rev. Herschel Thurston, Samaritan that he is, was fishing around in ankle-deep water and snow on Main Street late Tuesday afternoon. Seems he was hunting for a set of car keys a woman had dropped when she got out of her car. After some searching, and the addition of more suitable utensils than bare hands, the keys were found.

A meat program will be held Saturday, Nov. 18, at 10 a.m. in the Community Center. Charles Webster, a buyer for American Stores, will talk on "Meats by Grade and Cut." The program is sponsored by the Committee on Foods and Health, a sub-committee of the County Program Building Committee. The publication (Continued on page 2)

Commissioners Meet Monday In Regular Session

Newly-appointed County Judge H. C. "Hank" Williams presided for the first time Monday as the Commissioner's Court met in regular session.

Commissioners gave approval for the Deaf Smith County Council on Alcoholism to use the District Courtroom on Nov. 29, at 7:30 p.m. for an open panel discussion on alcoholism.

Ira Ott appeared to ask that the county consider paving three miles of Farm - to - Market Road 1259 southeast of Hereford. He said that three miles remained unpaved toward the Randall County line, with another four miles unpaved in that county.

Paving the road, he said, would provide all-weather access to Buffalo Lake and to Happy.

Commissioners explained that such a project would have to be done by the state in cooperation with the two counties.

Dyaltha Benson, manager of the Hereford Texas Federal Credit Union, appeared to ask if the county had any property near the Labor Camp on which a small credit union branch office might be located. Commissioners said the county owned no land near the camp.

Commissioners spent some time talking with John P. Work, architect, and Curt Timmons, contractor, on minor discrepancies which needed to be corrected on the new jail and renovation of the courthouse.

AN ICY COVERING caused trees to sparkle Tuesday night as the worst weather of the fall hit the Deaf Smith County area with freezing rain, sleet and snow during the first of the week. Temperatures hovered below the freezing mark Monday and Tuesday. Freezing precipitation stopped falling during the mid-morning Wednesday, but another cold, icy blast of winter weather is expected sometime today. (Staff Photo by Gardner Collins)

SLIP, SLIDE AND SCRAPE

Snow, Sleet, Rain Slash County With Early Storm

The worst storm of the fall hit Hereford Monday and spread a blanket of sleet, snow and freezing rain across Deaf Smith County as temperatures dipped well below the freezing mark.

A low reading of 27 degrees was recorded for both Tuesday and Wednesday mornings. A

high of 36 degrees was recorded Monday and 31 degrees on Tuesday.

Moisture amounts falling during the cold blast - so far this week have totaled 1.51 inches with one inch recorded during the Tuesday. The freezing precipitation falling Tuesday fell in a mixture

night, it marked the end of a 12-year tradition for the Hereford Whitefaces. Senior John Bob Drake ended his high school career, bringing to an end a long line of games in which sons of Mr. and Mrs. H. L. Drake have participated.

Probably the only parents in Hereford able to do so, the Drakes point with modest parental pride to 12 straight football seasons during which one of their sons has played weekly for the Whitefaces.

Three sons have led Mr. and Mrs. Drake to become two of the most avid fans for the Hereford Whitefaces, although they admit that football was at first unpopular in the Drake household.

Sitting outside in below-freezing weather while cheering for the Herd, or braving muddy

country roads to get their sons to football practice has been part of their lives for 12 years.

Few of the 120 games within this time have been played without the presence of these two parents.

Of course, preparing for football banquets and attending Booster Club meetings have become regular events with the Drakes, ever since Lee Drake donned a football uniform in 1949.

Three Drake boys have combined to collect nine football letters at Hereford High, claiming five all-district awards, and two all-regional honorable mentions during the 12 years of Drake football history.

Both father and mother were against their oldest son's decision to play football. "It didn't

United Fund Tops Its Goal For Fifth Drive

Deaf Smith County went over the top Wednesday in its fifth annual United Fund campaign.

J. W. Robinson Jr., chairman of the Deaf Smith County United Fund, announced just before noon Wednesday that collections had reached the goal of \$24,658.

This assures that none of the eight participating local agencies will have to curtail operations during the coming year. Agencies which participate in the United Fund include Boy Scouts, Camp Fire Girls, Red Cross, Salvation Army, Little League, Pony League, Hereford Athletic Club and Deaf Smith County Council on Alcoholism.

The original goal of more than \$26,000 was cut during the drive by United Fund officials

after the county's quota for Red Cross aid after Hurricane Carla came from other sources. Officials also eliminated a contingency account.

This is the first time in three years that the UF goal has been reached.

Robinson said that this should assure the future of the United Fund during the next few years, since it indicates an interest of county residents in the unit-

ed approach to collecting operating funds for various groups in one concerted effort.

Robinson had high praise for the efforts of campaign chairman Henry Sears and treasurer Mark Woodall.

"We tried something a little different this year," Robinson said. "And we feel that it will aid the United Fund in years to come. We tried to approach

Football Contest In Final Week

Upsets, upsets! The underdogs came through frequently last weekend and scores in the Brand football contest reflect the problems of forecasting winners.

Jeffrey Price, Route 3, Friona, came out on top with 15, the only entrant to get that many correct.

And only three persons managed to pick winners during a rugged week. Jane Kirby, 123 Ave. J, won second place with her close guesses on the tie breakers. Ansel McDowell, 106 Ave. I, was third place winner. Also picking 14 winners was Harold Lynn Smith, Route 1, Lexington, Okla.

Friday at 5 p.m. is the deadline for entering the final week of the annual Brand football contest. Even if you're out of the running for the grand prizes of Cotton Bowl tickets, you still could win cash prizes as one of the weekly winners.

HEADING THE CITY for a day is Bill Miller, selected surrounded by other Hereford High School students who have taken over city government positions. Standing are, from the left, Ronny Duncan, city commissioner, Charles Kelly, city manager, Peter Lantz, city commissioner, Dick Combs, city commissioner and Jay Boynton, fire marshal. The program

is part of the Youth Appreciation Week sponsored locally by the Hereford Optimist Club. The purpose of the annual nation-wide week is to recognize the 96 percent of the youth who never get into trouble. Students were elected to fill the city government positions in a school election. (Staff Photo)

A 12-YEAR RECORD CAME TO AN END as John Bob Drake played his last high school football game Friday night. Sons of Mr. and Mrs. H. L. Drake have played football 12 consecutive seasons for the Whitefaces. Although Mr. and Mrs. Drake will not have a son in uniform for the first time in many years, they will probably find it hard to break their habit of supporting the Whitefaces next year. Solons...

(Continued from page 1) my first trip to Washington, D. C. I began to see what the sugar act meant and how I could help by getting beet acreage for the young farmers in this area.

Congressman Rogers was the first to outline the problem: "This fight (for more sugar production) isn't new, and I want you to know what we're up against. I've heard that if you want to see the color of a man's eyes, just tamper with his pocketbook." He explained that the move for more domestic production is being contested by East Coast investors who refined most of the sugar imported into the United States.

"If our demands aren't just," Rogers said, "we'll accept that. If they are fair and honest, we'll get the law changed."

"Unless we are ready to move into an area of world government, our own economy and our own government. Whatever we do, we should get to be self-sufficient in everything that we can produce. It's not a healthy situation when we are importing up to 75 per cent of a product which we can produce in abundance in this country," he concluded.

Rep. Tom Morris went into some of the basic facts of the nation's sugar economy. "We import an average of \$550 million worth of sugar each year, about \$150 million of which is quota premiums paid above the world market price of sugar," he related.

Morris said that sugar production in this country is primarily controlled by telling the farmers how much they can produce, done through marketing quotas to the sugar companies. He said that only 12 companies were authorized to import raw sugar into the United States and that they would fight to protect their business.

He said that the refineries along the East Coast, with some on the Gulf Coast and the West Coast, were making a profit by refining raw sugar and that they weren't interested in people "out in the hinterlands" to receive honorable mention for all-regional twice while playing from 1954 until 1957.

John Bob Drake has played the last four years for the Hereford Whitefaces from 1958. Receiving "Player of the Week" recognition for his efforts as a starting guard for the Hereford Whitefaces, John Bob is a contender for all-district honors this year.

A habit is hard to break, especially when a person has been doing something for 12 years. As much as Mr. and Mrs. H. L. Drake have given to football, Whiteface fans can probably count on seeing these two football-atics at future Hereford gridiron events for some time to come.

be growing any more sugar. Morris blasted remarks made by Larry Meyers, head of the U. S. Department of Agriculture sugar section, at a meeting in Geneva, Switzerland, recently. He quoted Meyers as having said that the U. S. had increased its domestic sugar production just three per cent during the past seven year - period while Russia had almost doubled its sugar production, while also encouraging satellite countries to increase their sugar production.

"It is not in the best interests of this country to keep holding down its domestic sugar production," Morris concluded. Congressman George Mahon drew loud applause as he opened, "So long as we don't feel that we will be defeated, we will not be defeated - we will win this fight!"

He said that during the past year, it has been the objective to bring out all the issues and to make an impression on the President, the Secretary of Agriculture, the USDA and other Congressmen as to why it is important that domestic sugar production be strengthened, in order to strengthen all phases of our economy.

"We produce 55 per cent and import 45 per cent (of sugar used) and I think we ought to allocate a larger portion to the United States. We are trying to strike now while we are having trouble with Cuba. We are trying to show why farmers are producing crops are in large measure in surplus, should produce a crop that is not in surplus," he said.

Mahon admitted that many members of Congress had no particular interest in sugar beets and weren't inclined to support a proposed change in the Sugar Act.

"I think we'll get a new Sugar Act that will give domestic producers a larger share of the market. . . . If we get the Act changed, the law won't be perfect, but we hope to get our foot in the door and get started toward an improvement of the situation. . . . We shall continue this fight until we have a measure of success and then we'll set higher goals, because this is a long-term battle. Because this fight is just, we will win!" he said in conclusion.

A scheduled question and answer period was stopped when Rep. Bob Poage, vice chairman of the House Agriculture Committee, arrived after being delayed by snow, sleet and rain. Poage warned that an allocation of part of the growth fac-

Members of the Future Homemakers of America will have a "Daddy Date Night" at the Community Center on Thursday, Nov. 16, at 7:30 p.m. with all the girls inviting their dads to share an evening out with them.

A zone meeting of the six Lions Clubs in the area will be held here Sunday, Nov. 19, at the Community Center from 2-4 p.m., according to Ed Skypala, zone chairman. Presidents, vice presidents and secretaries of the clubs are expected to be here for the meeting.

A. D. Rosser, head of the tor to new growing areas was about all that could be expected in January when the Sugar Act is to be considered again. Population increase demands an additional 150,000 tons per year, he pointed out, and that is enough for two or three mills a year. Almost all of the present large sugar growing areas are growing as much as they want, he said, so most of the growth factor should go to new areas.

"I think you can get a sugar beet mill in this area if the company has some assurance that they will have the production," he declared.

Poage said he felt that the Congressmen should go back to Washington and work for passage of the Sugar Act substantially the same as it is now, with two changes. First, that the Cuban sugar quota be given to other foreign countries; second, that 75 per cent of the annual growth factor should go to new areas in this country.

"It's better to get part of something than all of nothing," he warned. "Let's nail down something that will let you produce some beets. This growth factor can let us have seven more mills in the United States each year," he pointed out.

Appearing briefly, Rep. Another Nelsen of Minnesota said, "So far this basic philosophy is concerned, we are often together. We are with you on this matter. . . . We hope we can get a portion of the Cuban part of domestic production. . . . In the next session of Congress, I'm sure that Congress will react in the best interests of the country."

The meeting closed with a short question and answer period.

Flight Service Station for the Federal Aviation Agency in Amarillo, will appear at a luncheon meeting of the Chamber of Commerce aviation committee on Friday, Nov. 17. The meeting will be held at the Hereford Country Club. Persons interested in attending are asked to call the Chamber in advance and make reservations.

County Welfare director Jewell Smith asks that anyone having extra antelope or deer meat left over from their hunts, please call her. The surplus meat can be frozen and used later for needy families. Jewell says she also needs bacon grease.

Central School PTA will have its annual Chili Supper on Saturday, Nov. 18, from 5:30-8:30 p.m. in the school gym. Latin-American children will keep in the dinner theme with their entertainment. Proceeds will be used to buy a loudspeaker for the gym. Tickets are on sale from Central students or may be bought at the door.

Nov. 17 to 23 is being observed nationally as Farm-City Week designed to create better living and working relationships between rural and urban residents. It's kind a like Mayor Ray Cowser has said in his talks about the Golden Triangle, "A City Limits sign shouldn't be an automatic barrier of distrust and misunderstanding."

Hereford has finished its football season, but there are two more dandy games Friday night in the district. Dumas will be in Phillips, as the Blackhaws will try to stop the dynamic Demons. And Levelland will be in Littlefield for that traditional rivalry feud. Dumas, by the way, will play Seminole's Indians on Thanksgiving afternoon in Plainview in what should be a good bi-district contest.

Services For Mrs. Parker Pending Here

Funeral services for Mrs. Alma Parker, 81, of 202 Catalpa are pending. Mrs. Parker died at 12:30 a.m., Nov. 15, in Deaf Smith County Hospital after a three-year illness.

She was born Dec. 9, 1880, in McLennan County, Tex. She was married to R. H. Parker on Oct. 20, 1899, in Comanche County and moved to Deaf Smith County in 1900 from Comanche.

Survivors are her husband, R. H., of the home; four daughters, Mrs. Dell Walton of Hereford, Veda of Sedan, N. M., Mrs. Billy Davis of Mesquite, N. M. and Mrs. Ruby Reese of Darrouzett, Cal.; four sons, Cecil, Monroe, and Frank of Hereford, and Price of Bentonville, Ark.; one brother, Clarence Wood of Houston; and one sister, I. I. Robinson said, "I would like to give my most sincere thanks to each person who worked on the United Fund drive this year. The enthusiasm and effort shown during the past weeks is typical of the way Hereford does things."

He also praised the continued efforts of all group chairmen to see that each business and each employee was given an opportunity to participate in the Deaf Smith County United Fund drive.

Snow...

(Continued from page 1) Some of the ice was melting here Wednesday morning and falling from power lines within the city.

However, another cold front, reinforced with cold arctic air is expected to push into the Texas Panhandle sometime Thursday. Snow is again in the prediction.

Light snow continued falling here Wednesday morning as the clouds seemed to be breaking up.

Highways to and from the city are reported as dangerous by the Texas Highway Patrol. The icy coating extends east along U. S. Highway 60 to Canyon and west into New Mexico.

Icing conditions extend north and south along U. S. 385. All Farm to Market roads in the Deaf Smith County area were covered with a mixture of ice, sleet and snow.

Conditions had worsened during the day Tuesday as sleet and rain continued to fall. Temperatures hovered just below the freezing mark causing hazardous driving conditions. Public schools were closed.

here at 2:30 p.m. Tuesday due to the worsening conditions, according to Paul Stevens, superintendent.

Schools were opened again here Wednesday since conditions were not considered bad enough to close them. Only three wrecks were investigated here Tuesday by the Hereford Police Department. Two were minor collisions.

In an accident shortly before 1 p.m. a 1953 model pickup, driven by Glen Dale Neill, 32, 121 Ave. G, rammed into the side of a 1955 model sedan causing an estimated \$450 worth of damage.

The sedan was driven by Virgil Orville Kelly, 25, 111 Catalpa. The accident occurred at the intersection of West Third and Miles Streets. No injuries were reported.

Some damage is expected to be caused by the freezing weather to grain sorghum remaining in the fields, according to Lefty Thomas, county agricultural agent.

The freezing precipitation will hurt the crop in both quality and quantity, he stated, but only light damage is expected.

Damage is expected also in the 1961 cotton crop in the county. The cotton harvest has yet to reach its peak. Dry, sunny weather is needed for the fiber to dry out and stripping to begin.

"I think football is wonderful," adds Mrs. Drake, "and it makes better men out of the boys."

When asked if she thought all of their efforts during the past years to let the boys play football had been worthwhile, she replied, "You bet it has. I think it's been wonderful."

"I don't know how we'll act next year without a boy out there playing," admits Mrs. Drake, "but we'll probably be at the games, just the same."

The oldest son, Lee, played for the Whitefaces from 1950 until 1953. Mr. and Mrs. Drake took permanent case of football fever while Lee lettered three years for the varsity, playing on the freshman team his first year.

Lee, who still lives in Hereford, recalls how his parents used to drive 30 miles a day in order for him to play football. Since the family they lived about 14 miles out in the country, they used to have to pick him up after football practice, often as late as 9 p.m. at night.

While playing for the Whitefaces, Lee was named to the all-district team two years. Following Lee's graduation, the second Drake boy's name appeared on the roster for the Whitefaces. Lettering all four years, Bill Drake collected All-district honors three years, and

Several old boys have remarked that they see what I meant Sunday, when I said now is the time to get your overcoat out of mothballs. Frankly, it was a little bit more severe than even I expected, but it really is the forerunner of a long, hard winter. We will have some more in November, especially the latter part. Delmo Williams is getting real tough. He says if I can't predict some good weather, why don't I keep quiet.

Stan Knox, on the other hand, says he is happy to have the advance forecast. He says it enables him to plan and be ready when the cold snaps hit. Most people, like my wife, insist that I am just plain lucky.

Delmo was also telling me that a tremendous amount of milo still remains to be gathered, especially out in the Ford territory — and in the northwest. Delmo reports that grain in these parts was still testing over 19 before the storm, and he says a lot of old boys are going to have ulcers if they don't get some more harvest weather soon.

On nights when their meetings fall during a home basketball game, they will meet at 6 p.m. Fred Baird told the board that gate receipts for the 1961 football season were almost \$16,000, up about \$4,000 from last year.

Board members adopted a resolution officially commending the coaching staff and football players for the job that they did during the season of this year. of the football squad.
Set at the Hereford Country Club at 7:30 p.m. Saturday, Mrs. Troy Moore has charge of arrangements for the affair.
Mrs. Don Steele and Mrs. Marlon Davis have charge of decorations for the banquet, while Mrs. D. C. Martin and Mrs. Buck Hale are in charge of programs. Program chairman is Mrs. Jack Meredith.

In charge of ticket sales for the dinner is Mrs. Joe Brooks. Mothers of the football boys have charge of preparing the annual Football Banquet.

Another fellow I always think about when the weather gets bad is Bob Wilson, the man who is responsible for operating the gigantic fleet of buses out of Hereford Rural High School each day. Bob generally shows up between 3 and 4 a.m., starts the motors running and, with

Stunts will compete for awards to be presented following the program. Stunt Night is staged each year to climax the Annual Queen race.

Competing for the crown this year are Ruth Ann Allison, Jenny Holt, and Judy Means. The queen is chosen through fundraising events staged by each class.

Senior class contender for the honor is Judy Means, daughter of Mr. and Mrs. M. L. Means. Named by the junior class as its candidate for the crown is Jenny Holt, daughter of Mr. and Mrs. Earl Holt. Sophomores chose Ruth Ann Allison to compete for the royal title. She is the daughter of Mr. and Mrs. J. R. Allison.

The Queen and her court will be announced at 8 p.m. Friday night. Tickets are on sale at the door, with all proceeds going to help finance the high school annual, "The Round-Up."

Supt. Paul Stevens and other administrators, tosses in his 2-cents worth about whether the buses run or not. If they ever vote to see whether schools operate in the summer and dismiss in December, January and February, it won't be difficult to figure out how his ballot will go. Bob has been on this job for a long time, and no one was ever more conscientious or since re in looking after the general safety and welfare of our youngsters; at the same time, I doubt if there is a job in the whole country which carries more responsibility than does that of Bob Wilson and the individual folks who drive the school buses.

money about. The phone rings didn't have a lot of comforts we enjoy, but they got by much cheaper — and no doubt about that.

Mr. and Mrs. G. C. Caison, 304 Star, decided to surprise their son Saturday, so they packed up and drove down to Wellington. About the same time the son had the same idea, so he packed up and drove out to Hereford. Both families arrived to find the houses locked. A couple of telephone calls straightened things out, though, and the Wellington clan drove back home, where they all spent the week-end.

Bill Lankford is a newcomer who already rates high with me. He made a nice little Yuletide design, including a fellow reading The Brand, and sent it down to the office. It really is clever, and was most thought-

ful. The Lankfords purchased Billie's Flower Shop, 715 25-Mile Avenue, several months back and are planning a formal opening later in the month. Watch for the announcement. It should be a real nice occasion.

Ed Vaught, who has been stationed at Camp Carson, Colo., got a leave recently and came home to get warm. "It was a lot warmer in Colorado than in Hereford," says Ed, "but I am still glad to be home."

Hereford seems to have plenty of service stations, but there is a first class opening for a good weapons store. The Brand has been displaying a board featuring knives, guns, hatchets and other weapons confiscated by the police — and you would be surprised how many people come in and want to know the price on some specific item on

the board; also, "what will you take for that big jar of dice?" "Time is a lot like weeds; everyone you see is against it, but it continues to flourish and grow."

The sugar beet meeting drew a phenomenal crowd, weather considered. Dick Barnard said the Rotary Club fed around 550 people, and there were numerous others who drifted in all during the afternoon. The Dumas delegation got in just as the meeting was breaking up, and I saw two or three from as far away as Pecos. Scores of Panhandle towns were represented. Henry Sears, who emceed the meeting, said that estimates on the crowd had varied from 1,500 down to as low as 50, when the weather got so bad. It does show how interested people are in the crop. It also indicates that they are going to stay with the deal until they get some consideration. The

American people are funny. You can kick them around almost any way until they bow their necks, then something is going to happen.

George Millard told me he was going to Canadian on a deer hunt, but I doubt if he made it. George had a noble attitude, however: "I am going for a deer," he said, "but I would settle for a turkey — and if I don't get either, I know where I can pick a bunch of persimmons to bring back home."

I was visiting with B. M. Nelson, the Dimmitt publisher, and he says very little cotton has been harvested in Castro county. He figures this weather will cut the grade decisively. Most of the cotton already gathered was on the south side of the county, according to B. M. I asked about his son, Dan, who

was considered a potential voice discovery, and who sang at numerous Hereford affairs. He reports the young man is now editor of the Globe, Ariz., newspaper, and that he pursues singing only as a hobby and recreation.

Robert Viegel drank so much coffee the other day that he swears he went home, sat down — and percolated for 15 minutes. Not to be outdone, Ansel McDowell reported on a cold patient who took so many penicillin shots that, when he sneezed in the drug store, he cured 15 people.

One of my neighbors says he is glad that he has no fall-out shelter.

"It sure could be rough," he allows, "to get up around 3 o'clock in the morning and traipse out to the thing in your bare feet."

Mrs. Genevieve Parkhurst

Women Named As Power For The Cause Of Peace

Fellowship Hall of the First Christian Church was the scene Saturday afternoon, Nov. 11, for a tea from 3 to 5 p.m., honoring Mrs. Genevieve Parkhurst of Woodward, Okla. The CWF of the First Christian Church and the WSCS of the First Methodist Church were hostesses for the tea with approximately 60 people attending. Refreshments were served by Mrs. Herschel Thurston and Mrs. Gilbert Davis Jr. from the table laid with a green cloth, appointments of silver and an arrangement of greenery and white mums.

Mrs. W. E. Dameron introduced the speaker, Mrs. Parkhurst, as a dear friend of long standing, an accomplished speaker, and one who had a tremendous message of faith to bring to others who are united together in the pursuit of Christian ideals.

Mrs. Parkhurst talked of the first churches in the new West, stating that these churches were only small gatherings of Christians in homes. During those trying times of poverty and the building of a home on the new frontier, the women held the churches together while "the Lord got hold of the men." The women held the thread of faith as a gift of posterity to their children. She said that love, in those days, reached out as a magnet, having a superior drawing influence.

Woman's power is the power of love, Mrs. Parkhurst told her listeners. Women hold a dynamic place in the church as well as at home. She urged women to be still, contact God and then proceed in the Lord's way for the cause of peace.

"Love is your strong fort, as both a gift and a weapon," she stated. "We are just now realizing the power of the invisible and the unseen in this war of ideologies. The power of the mind is the strongest in the world: 'As a man thinketh, so is he.' The power of feeling is an outgoing thing."

She urged women to use this power of love and feeling that they possess to change the world.

"We must take care to insure that our cable from God to man remains intact," said Mrs. Parkhurst. "A self - possessed person creates and causes response from others for the cause of peace. Women are more sensitive to feeling and intuition and have a natural knack for transferring this outgoing love as a tremendous force for the furtherance of the Christian faith, the hope of the world."

She described the real Christian as having a contagion of courage which is passed to others by contact, both in person and in conversation. "God comes into our midst," she reminded the audience, "when we come expectantly. We are then, truly, in the 'radiance of His Holy Presence.'"

Mrs. Parkhurst concluded her talk with the statement, "A woman should consider the love of God as the most priceless thing in her life."

Mrs. Parkhurst is an outstanding religious leader who has been instrumental in the formation of many active non - denominational prayer groups throughout the Panhandle of Texas and the eastern portion of Oklahoma. She has spoken at a number of services this week at both the First Christian Church and the First Methodist Church.

Beet Talk Given By Witherspoon At High School

Local attorney James Witherspoon spoke before 450 Hereford High School students Monday, explaining aims of the local Sugar Beet Growers Association.

Witherspoon invited all high school students to attend the huge sugar beet forum held in Hereford Tuesday, and urged listeners to take an active role in working for the establishment of a sugar beet refinery in this area.

"The younger generation is down through history has been remembered for grabbing the pendulum of changing time," stated Witherspoon during the special high school assembly.

Chairman of the Texas Sugar Beet Growers Association, Witherspoon continued by saying, "I think high school students such as you should be interested in the sugar beet movement as it affects you as an American and as a citizen of Deaf Smith County."

The attorney pointed out the benefits that sugar beet production increases in the United States and the possible resulting refinery in this area would bring to Hereford residents.

The added \$20 million annual payroll, the increased employment and the "extra crop" for local farmers would add up to a "foolproof" boost to Deaf Smith County economy, according to Witherspoon.

After pointing out other pertinent facts concerning area beet production and the proposed refinery, Witherspoon urged students to support the efforts of sugar beet growers by writing congressmen and the President, and by taking the initiative in organizing efforts of Panhandle students, who, as he pointed out, "will reap the benefits if the beet refinery should become a reality."

EASTER NEWS

BY VIOLET BARTON The Easter Club met Thursday in the home of Mrs. John Key for their regular meeting. Mrs. J. R. Mitchell of Memphis spent last weekend in the Williams Moss home. Mr. and Mrs. Grover Moss also visited with their son, William Moss, and family on Tuesday. Mr. and Mrs. W. A. Epperson visited with the R. B. Medleys in Hereford Sunday afternoon. Mr. and Mrs. C. N. Land spent last Monday in Lubbock. Mrs. Nina Foler, who is the sister of Mrs. C. N. Land, was in an automobile accident. She is recovering rapidly. John H. Burnett and Wilbur Leonard visited Mr. Burnett's father last Monday, who is in the Hollis Convalescent Hospital at Hollis, Okla. Nine Accidents Cause \$42,580 In Damage

The Highway Patrol investigated 9 accidents on rural highways in Deaf Smith County during the month of October, according to Sgt. Roger Sosebee, Highway Patrol supervisor of this area. These wrecks accounted for seven persons injured, and a property damage of \$42,580. With the indications that fall has changed into winter, it is time for our driving habits to change with it. It is a good idea to follow the Boy Scout motto, "Be Prepared." The veteran Highway Patrol

supervisor listed some tips to help the driver winterize his driving. (1) Frost on ice on bridges means to slow down before you reach the bridge. It is too late to do anything once you are on the slick surface. (2) Check your exhaust system thoroughly, don't risk carbon - monoxide poisoning. (3) Be extra careful at railroad crossings with windows up. In a sealed car you cannot

hear the train. (4) Check windshield wipers now. They will be carrying an increasing load from now on. (5) Clear all fog or any form of precipitation off windows and wind-shields. Don't just rub a small hole to peep through. Use defrosters to help keep the windshield clear. (6) Make a definite, conscious attempt to adapt your driving habits to the changing season. Your life may depend on it.

Plans Completed For Meal, Gifts

Plans were completed for the preparation of a Thanksgiving dinner and Christmas gifts for the elderly couple adopted by the Golden Circle Sunday School Class of the Avenue Baptist Church, at the regular business meeting on Nov. 9. The members met in the home of Mrs. Don Davison. Mrs. Jack Flowers gave the devotional. An enjoyable social hour of fellowship followed the business meeting. Class members present were Mesdames Diane Leath, Jack Flowers, Mable Higby, Marti Mason and the hostess, Mrs. Don Davison.

Johnny Dowd moved on to the three yard line. Thomas connected with a pass to Terry Hill for the score. Cain passed to Lynn Cook for the two extra points, making it 21-30 with only three remaining in the game. Littlefield managed to score, however, placing the final tally at 36-21.

Thirty one states and the District of Columbia have individual income taxes; 19 withhold all or part of the tax from wages and salaries. A 20th will begin to do so next year.

Stanton came back to score early in the first quarter on a 65-yard pass play. Quarterback Frank Cain passed to end Lynn Cook for the score. Cain's kick for the extra point was good.

Neither team was able to sustain a drive early in the second period, until Littlefield scored with only 30 seconds left in the half.

Following a quick score by the Wildcats in the third quarter, Dogie Danny Thomas took the kick-off and ran 65 yards to score for Stanton.

Stanton's defense held, and the Dogies took over near midfield to set up their third score. Dogies Dan Thomas and

LET'S COOK SOMETHING

Busy Mother, Wife Offers Tasty, Economical Recipes

Wilma Allred is one of the busiest women in Hereford with activities that involve her children, PTA and home demonstration club work alone would keep her occupied but she is so enthusiastic about the interests of her children.

Her children are well-behaved, thoughtful and good workers like their parents. The Allred children help with the daily chores at home and on the farm. Roddy helps his Dad. Peggy and Donita help Mom. Wilma sews for the girls and teaches them to cook and sew.

Wilma is a wonderful helpmate to Glenn, her husband, working with him in the constant tolling of farm work. She is an efficient "parts chaser,"

saving Glenn many work hours, especially in harvest time when everything goes "hay-wire."

She works rapidly but is never in too big of a hurry to wave and speak to her friends. Wilma is that person who always volunteers to help with the school parties. She is a good housekeeper, doing everything around the home, such as planting the lawn, building a fence or even washing the car. The amazing thing about her is her ability to do anything she wants to do.

Wilma extends a helping hand to anyone who needs help; operating on the theory that what you give to the lives of others comes back into your own. She feels that people are basically good and looks for that trait in everyone.

Wilma takes care of their home in town for the convenience of the children during the school year. She makes many trips back and forth to the farm at Wildorado, taking care of all the chores necessary for making a happy home for a family as close-knit as the Allreds'.

During the summer, Wilma was nursemaid to a new born family of ground squirrels. The children had brought in the injured mother and said "Mother, may we keep it? You won't have to take care of it." But well, every parent knows the answer to that question.

The recipes offered by Wilma Allred are economical as well as tasty; she hopes you will try them.

Baked Apples
1 1/2 cups sugar
3 teaspoons cinnamon

Wash and core apples. Place in a baking dish or loaf pan. Cover with sugar and add cinnamon. Place a chunk of butter in the center of each apple. Put water 1 inch deep in the pan. Bake in a 375 degree oven for 2 hours. One small package of red hots can be substituted for the cinnamon if desired. Both may be left out completely; according to your taste.

PREPARING HOT VEGETABLE soup for family is Mrs. Wilma Allred, 840 Blevins. Mrs. Allred is the typical busy wife and mother whose activities range from PTA to home demonstration club work. The vegetable soup prepared by Mrs. Allred is an economical and tasty meal as well as an excellent chill chaser during cold winter weather. (Staff Photo)

Fighters, Large And Small, Battle Here

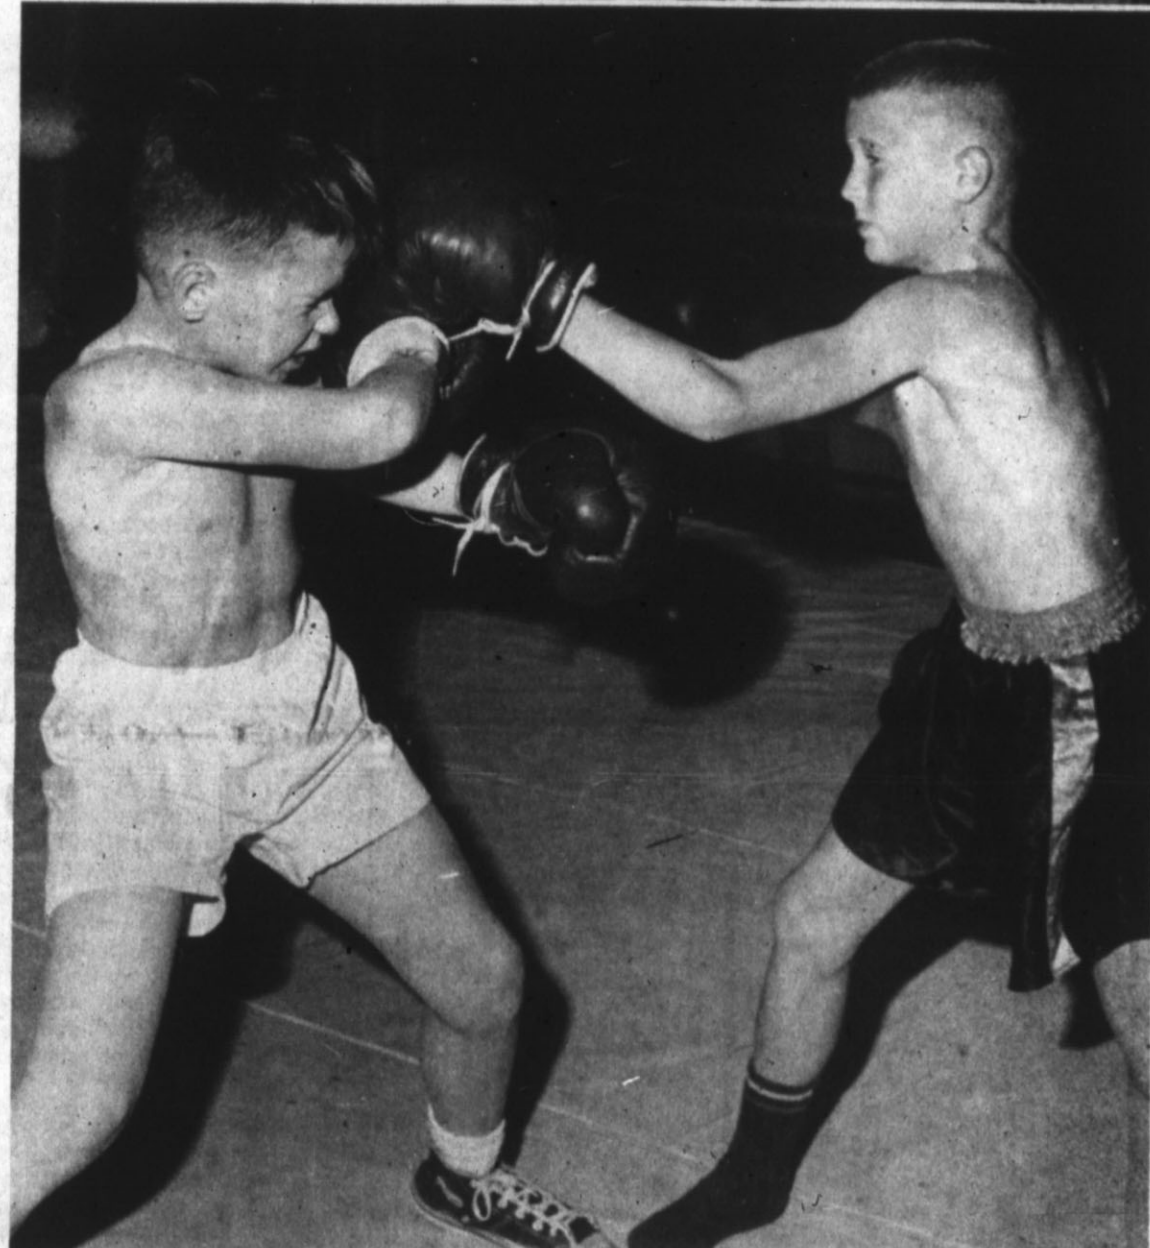

Fighters have impressed fans here the last two Saturday nights with their willingness to do battle. Hereford Athletic Club fighters have been host to battlers from Clovis, Plainview, Levelland, Amarillo and Pampa in bouts ranging from 50 pounds up to 148 pounds. Many of the region's better fighters have been appearing here, getting ready for the regional Golden Gloves in Amarillo in January. Coaches of the Hereford team are Don McNeese and Asa Austin, assisted by Melvin Young as matchmaker.

TAG, YOU'RE IT! Howard Clement of Amarillo really tagged Andy Chavez with this left-hand lead in a fast 65-pound battle Saturday night. But Chavez shrugged it off and bored in to take the decision in one of 20 bouts, at the Bull Barn. (Staff Photo)

"NOW, THIS TIME LEAD with your left," Hereford boxing coach Don McNeese advises scrapper Rusty Babione between rounds. And Babione did, tagging Joe Love of Hereford on the forehead and making him wince. Babione, appearing in his sock feet, won a decision in this 70-pound battle. Babione hit the canvas once, but the referee ruled that Love had stepped on his opponent's sock, causing him to fall. (Staff Photos)

FLASHY JESSE RODELA of Levelland, left, misses with a corkscrew right and takes a left to the chin for his effort from Pete Pettit of Pampa in Saturday night's action at the Bull Barn. But Rodela didn't miss often as he pounded

Pettit into submission while winning a technical knockout in 1:16 of the second round. It was a battle in the 100-pound class.

TWO HEAVYWEIGHT sluggers — in the pee wee class — thrilled fight fans here Saturday night by standing toe-to-toe and slugging for three rounds. Gary Watson, left, of Pampa finally decided Nate Rodela of Levelland in a 62-pound battle that was all offense.

Plan To Attend Service Of Witness In Lubbock

More than 3,000 Episcopalians from Northwest Texas will gather in Lubbock on Dec. 3 for a Service of Witness at the Lubbock Municipal Auditorium.

The Reverend Joel Treadwell, Vicar of St. Thomas' Church, Hereford, reports that approximately 45 people from Hereford plan to attend the service. Several members of the choir from St. Thomas' Church will be included in the 150 voice choir from all churches in the Diocese participating in the service.

In addition, Alfred Davis, Helen Davis, and Bruce Miller, who are attending the Diocesan Youth Conference in Lubbock, will march in the procession. The 11 a. m. service, which will be a celebration of Holy Communion, will mark the 15th anniversary of the consecration of the Bishop of Northwest Texas, the Right Reverend George H. Quarterman. Bishop Quarterman will be the Celebrant at the service.

The Right Reverend Gordon V. Smith, Bishop of Iowa, and seminary classmate of Bishop Quarterman, will be the preacher at the service. The Right Reverend C. Avery Mason, Bishop of Dallas, will read the Gospel, and the Right Reverend Chilton Powell, Bishop of Okla-

homa, will read the Epistle.

The Episcopal congregation in Hereford and Dimmitt are planning to charter a bus to take the group to Lubbock as a body. Baby sitter service will be provided in Lubbock and all 3,000 attending the service will eat together in the Lubbock Coliseum.

Bishop Quarterman, a native of New York, was graduated from the General Theological Seminary in 1931, and ordained Deacon and Priest that same year. From 1931 to 1946, he was Rector of St. Phillip's Church, Ardmore, Okla.

Shortly after being called to be Rector of St. Andrew's Church in Amarillo in 1946, he was elected Bishop of the Missionary District of North Texas and consecrated on Dec. 3, 1946.

In 1958, the Missionary District became the Diocese of Northwest Texas and Bishop Quarterman was installed as the first Bishop of the Diocese on Oct. 31.

The Rev. George H. Quarterman Jr., serving in the Chaplain Corps of the Air Force, will come to Lubbock for the service and serve as his father's chaplain.

For 1962... an all-new kind of Ford!

the car that's just right for just about everybody
right size... right price...

You've never seen anything like it, because there's never been anything like it... until today. On the outside the new Ford Fairlane 500 measures a quick 197 inches from stem to stern. A good foot shorter than the cars from which it borrowed its name, it calls the snuggest parking places home. At the same time, on the inside the new Fairlane 500 is every inch as big as some of the biggest Fords ever built.

The new Fairlane 500 is priced way under previous Fairlanes, well under many compacts. But Fairlane economy doesn't stop with a pretty price tag. It runs to amazing gas savings—with the world's first economy V-8 or the nickel-nursing Fairlane Six. Routine service is reduced to a minimum—30,000 miles on many items, only twice a year or 6,000 miles on the rest. And it adjusts its own brakes.

RIGHT! Quality and precision craftsmanship you've never before enjoyed in any car anywhere near its low price.

Campaign Climate Grows As Filing Deadline Nears

BY VERN SANFORD
 With filing deadline for state offices still more than two months away, the State Capital already is taking on that political campaign atmosphere. Announcements for office, state-wide speaking tours, and fund raising dinner plans are setting the stage for the upcoming campaigns.
 Only announced candidate for governor, thus far, has been Jack Cox of Breckenridge. Cox will be running in the Republican primary.
 As yet, no formal announce-

ment has been made by any Democrat. But the field of probable candidates is growing daily. Formal announcements by three senators for the lieutenant governor's race assures warm competition for the place left open when Ben Ramsey moved to the Railroad Commission.
 Sen. Jarrard Secrest of Temple, Sen. Bob Baker of Houston, and Sen. Preston Smith of Lubbock are the announced candidates. There is likely to be GOP opposition for this post as well as at least one other

Democrat.
 Only thing certain now is that there will be stiff competition for those primary votes on May 5.
Capitol Value
 For years, the huge red granite State Capitol, which was paid for with 3,000,000 acres of West Texas land, has been carried on the state's books at a value of \$131.50.
 Board of Control has appraised the Capitol at \$9,948,391. They valued the land on which it is located at \$5,143,623. It's not for sale for the total of \$15,092,014. But at least it's on the books right, now.
 Incidentally, the old Capitol is getting a refurbishing. Workmen are replacing cracked and splintered panels in the hallways, and removing the old varnish. It will come out lighter and brighter.
New Laws
 Atty. Gen. Will Wilson quickly plugged one possible loophole in the "Blue Law."
 He advised Dist. Atty. Henry Wade of Dallas that a corporation owning two or more stores must close them the same day. One can't open Saturday and the other Sunday. Nor can a store accept orders by phone in advance to be delivered on Sunday.
 Wilson also is busy interpreting other new laws, among them the one requiring holders of property for others, except banks, to report it to the state when the owner hasn't been around for seven years.
 He advised Treasurer Jesse James that an oil company which holds royalties outside Texas does not have to report it to the State of Texas except that amount held for persons whose last known address was in Texas.
 The attorney general expects so much work out of this new law that he set up a special division to handle it.
 In another opinion, Wilson held that wiretapping to record phone conversations is not illegal in Texas.
Third Round
 In the next few weeks, Gov. Price Daniel will have completed his third round of appointments.
 Most of the state's operations are directed by 3 or 9-member boards, appointed for six-year overlapping terms.
 These appointments are made to more than 140 state boards and commissions.
 Latest appointments include: David B. Irons, Dallas; Dr. Horace Cromer, Austin; Mrs. H. E. Butt, Corpus Christi; and Howard Tellepsen, Houston, to the Board for State Hospitals and Special Schools; Max Starck, Austin, and Harry Hornby, Uvalde, to the State Parks Board; and Sam G. Wood, Killeen, and Hatton W. Simpson, Tyler, to the State Board of Pharmacy.

Water Pollution Board
 Governor Daniel named former Rep. Sam Wohlford, Stratford; J. S. Hudnall, Tyler, and C. G. Shigley, Freeport, as public members on the new State Water Pollution Control Board.
 Board of Water Engineers Chairman Joe D. Carter, State Health Commissioner J. E. Peavy, M. D., and Game & Fish Executive Secretary Howard Dodgen, or their alternates, will complete the board.
 In the future, no one may discharge waste of any kind into or adjacent to the public waters of Texas, or the Gulf of Mexico, without a permit from this board.
 Unfortunately, this board was handed a big job but no operating money. Governor Daniel will ask the Legislature, at a special session in January, to provide some expense money for it.
Short Snorts
 Starting January 1, the State Welfare Department will begin paying medical, hospital and nursing home bills for the 225,000 needy aged who are on the old - age assistance rolls. Program will cost about \$12,000,000 in state money in the coming 20 months. Federal dollars match the state's.
 Governor Daniel has reactivated the Governor's Committee for the White House Conference on the Aging, to resume its study of the problems of the aging. Sen. Crawford Martin of Hillsboro was renamed chairman.
 The first month's payments under the new natural gas tax totaled \$356,481, but \$306,532 of it was paid under protest. Gas pipelines have brought suit to 'kill' the new tax.
 Income from the first 90,780 reports received by Comptroller Robert S. Calvert was \$7,206,727. Calvert thinks it will be February, when the first full quarter's sales tax is collected, before he can tell whether it will yield the estimated \$319,000,000 in two years.

 On Wednesday evening, Mr. and Mrs. Ed Loerwald and Mrs. Gene Loerwald attended Mass in St. Anthony's Church, where they knelt in the sanctuary and reaffirmed the marriage vows. Father Angelus Delahunt, S. A., pastor, was celebrant of the Mass and officiated at the ceremony. Their children and other friends of the couple attended. Mrs. Darrell Hershey provided the organ music and Edward Dziuk sang several hymns. After the service, refreshments were served in the Loerwald home.

Bees Fall 8-6 In Last Game
 In a hard-fought defensive duel, the Hereford High School Bees lost their last game of the season to the Littlefield Bees by the narrow margin of 8-6 at Littlefield Thursday.
 Completing the season with three wins, three losses, and one tie, the Bees have suffered from lack of players this season. There have been only 15 on the B-team, which is composed mostly of sophomores.
 Hereford Bees have made a name for themselves, however, in defeating Tulla 18-14, Dimmitt 22-6, and Levelland 36-12. The Herd tied Littlefield 20-20, while falling to Canyon, Phillips, and Littlefield.
 During their final game, the Whitefaces lost by only two points to the young Wildcats. Badly outweighed, the Herd fought a defensive battle with the Littlefield team. Both squads had touchdowns cancelled because of penalties.
 Fighting to a 0-0 tie at the half, the Bees finally allowed the Wildcats to score in the

CHRISTMAS SURPRISES FROM PHONELAND
 It's not too soon to start thinking about your Christmas shopping list.

Here are a few suggestions: A colorful extension phone for Mother in the bedroom, kitchen or sewing room... or in the den or workshop for Dad. You can be sure a phone for the teenagers will be well received. Choose from a table model, a wall phone, or the lovely little Princess phone with the light-up dial.
 For family, we offer Home Interphone. It lets you talk from room to room, answer the door, and take outside calls without racing through the house—a real stepover for everyone. Or maybe you want the pleasant musical tone of the Bell chime.
 To announce your surprise, be sure to ask for the free bantam Princess phone to place under the tree. It makes a wonderful child's toy, too.
 Why not visit or call our Christmas Phoneland in the business office and order the telephone gifts you want this week?

"PARDON OUR MESS"
 You have probably observed the ditch digging equipment working here along East 1st Street and on East toward Canyon and wondered what is going on. The Telephone Company is in the process of running an underground cable from the Central office out to the edge of town to connect with a new cable being buried to Canyon.
 This new cable contains 50 pairs of wire to be used for long distance telephone service between Canyon and Hereford and will also be a link in the nation wide long distance network of telephone lines. The cable is actually replacing the old "Open Wire" line that runs along the railroad between Canyon and Hereford.
 With the use of special "Carrier Equipment" it will be possible for us to use this 50 pair cable to transmit as many as 300 different conversations at the same time without anyone hearing any conversation other than his own.
 You will no doubt be interested to know that this job will cost the Telephone Company around \$640,000.00. Of course this amount includes the cost of the 40 odd miles of cable, the cost of putting it underground, plus the electronic terminating equipment in Canyon and Hereford, and the construction and equipment contained in 5 repeater stations which will be required between Canyon and Hereford to amplify the conversations carried over the cable.
 The new installation will improve the transmission quality over the old system that has been in use.
 The job on this buried cable will be completed and you will be talking over it before Christmas. So don't forget to call those friends and family out of town and wish them a Merry Christmas.

Call by number. It's twice as fast.

Oh LORD, OUR GOD,

... give us hearts of gratitude on this Thanksgiving Day. May the dignity and the solemnity of the occasion of Thanksgiving warm our hearts as individuals, as families, as nations. As we express gratitude for the favors of mercy, may we be conscious of the fact... *they all come from God.* May we know the full meaning of historic Plymouth landing. Let us be reminded anew that freedom began there... and to worship God according to the dictates of our own hearts was guaranteed when the Pilgrim Fathers stepped ashore. Then, let us not fail to humbly recognize God as *the Giver of life,—the Provider of all goods,—and the Savior of the souls of men...* AMEN

Six Hereford Fighters Win Bouts Here Saturday Night

Six Hereford fighters won their fights during a 13-bout card of amateur boxing here Saturday night at the Bull Barn. Hereford was host to fighters from Pampa and Levelland.
