Grand Jury Reports On County

After convening Tuesday and Wednesday morning, the current term of the 69th District Grand Jury here released the text of several recommendations on the operation of Deaf Smith County.

No indictments or no-bills were returned by the Grand Jury before it recessed Wednesday, shortly before noon.

The Grand Jury questioned the spending of the Commissioners' Court and made six other recommendations.

Following is the text of the report filed with the District Clerk by the Grand Jury:

"It appears to the Grand Jury that our Commissioners' Court could work in a much more efficient manner. The records of the court are inadequate. There appears to be a lack of cooperation among the commissioners.

"We find that the general fund of the county is deficient in excess of \$69,000 and at the present rate, the general fund will be deficient approximately \$100,000 by October of this year. It appears that there will be a necessity for the county to borrow \$46,000 to \$45,000 before October to operate its general

fund. Aware of such facts the commissioners recently purchased two new road graders at approximately \$8,000 each and are issuing road warrants for approximately \$36,000 on such machines and \$10,000 more on another machine.

"The manner in which the county is presently divided into precincts apparently lends itself to local interests and concern and makes it difficult for each commissioner to represent the entire county. Inequalities of salaries of county officials are evident.

grand jury makes the following recommendations:

- 1. That Deaf Smith County be redistricted because: (a) Equal representation of the voters cannot be had under present precinct lines. (b) The Road & Bridge fund collected in the county is being divided into four almost equal parts, regardless of amounts collected and needed in the precincts. (c) Each commissioner will be more responsive to all the citizens of the county if he must look to 25% of the population for election to office.

"2. That qualified men be induced to run for office of county commissioner on the basis of community service in the same manner as the schools are served by the School Trustees and the city government is served by the City commissioners.

"3. That a county business manager be appointed whose duties would include: Purchase orders and receipts for items for the county. That prices quoted as prizes charged. That items are actually received. That proper charges be made against each office or department have a budget and a copy of expenditures be given each office or department each month showing expenses and the balance of the budget. That the county budget be followed and items not budgeted not be purchased unless in case of great emergency. That bank accounts be set up according to law and expenditures be made in accordance with the law. That the county manager and the county judge should call to the attention of the people instances where any elected official fails to conduct his office

in a business-like manner according to law and in the best interests of the citizens of the county.

"4. That a one unit system be considered to reduce costs in the amount of equipment needed and also allowing the use of equipment over the entire county and further recommend the commissioners be interested and concerned about the problems and the welfare of the entire county.

"5. That salaries paid to county employees be based upon qualifications, training and experience. That a study be made to evaluate the various jobs in the county government.

"6. All commissioners court meetings are open to the public, and we encourage interested citizens to attend these meetings. Members of the January term of the Grand Jury include: Troy Moore, foreman; Mrs. Dyalitha Benson, Mrs. Bert Boomer, J. B. Noland, Melvin May, H. C. Williams, Hilroy Aven, Mrs. O. G. Hill Sr., Ray Stewart, Ernest Brown, Howard Gault and Tom Robinson.

Set New Bond For Ramsey On Appeal

Convicted burglar Garret Milton Ramsey of Fort Worth gave oral notice of appeal on his eight-year sentence in 60th District Court here Monday. Ramsey was convicted here on June 17 for the \$8,000 bur-

glary of Cooper's Market in January.

The appeal was entered verbally by one of Ramsey's two attorneys who were present for the hearing. Ramsey had filed a motion for a new trial, which was denied Monday by District Judge Harry Schultz.

A \$10,000 bond was set by Judge Schultz, enabling Ramsey to be free until the Court of Criminal Appeals rules on the case. The appeals court probably will not hear the case for at least 90 days.

Ramsey was convicted here at the close of a three-day trial, attended by a large number of spectators. During the trial, Ramsey's three attorneys asked for acquittal on grounds of insufficient evidence. Same reason was given Monday when they asked for a new trial.

Two witnesses, during the trial, declared that they had (Continued on page 2)

Grand Jury made some strong recommendations for operation of the county and the Commissioners' Court after it concluded long deliberations Tuesday and part of Wednesday. Of course, they have no power to enforce any of their recommendations, but their word usually carries a lot of weight.

The petit jury panel was notified not to appear this week after it appeared that there would not be any cases for them to hear. They had been scheduled to appear Wednesday morning.

Hereford's Pony League All-Star baseball team will play an exhibition game here Friday night against the Friona All-Stars. Game time is 8 p. m. The Pony League season ended this week in a sea (Continued on page 2)

Peeler Elected President Of Grain Council

A Hereford man, R. G. Peeler, has been elected president of the United States Feed Grain Council. Election came Monday during a meeting of the group in Washington, D. C.

Peeler currently is vice president of the Grain Sorghum Producers Association.

The USFGC is a nationwide market development organization made up of corn, grain sorghum and barley producers, feed grain seed producers, grain elevator operators and grain exporters. Also serving as officers of the group will be Nelson Urban, first vice president, from the American Feed Trade Association, Des Moines, Iowa; Fred Maywald, second vice president, a farmers' grain dealer from Des Moines; James A. Mullin, treasurer, North American Grain Export Association, New York City; and Jack Barry, secretary, Grain Terminal Association, Minneapolis, Minn.

Agricultural associations from throughout the nation attended the one-day meeting. Also attending from the Panhandle area were Elbert Harp of Abernathy and J. C. Gilbreath of Dimmitt.

Peeler last year made an extensive tour of Europe to promote and observe the use of feed grains in other nations' agriculture programs. (Continued on page 2)

4-H Dress Revue On Friday

The annual Deaf Smith County 4-H dress revue will be presented at the Hereford High School Auditorium at 8:30 p. m. Friday, July 14. 'Round the World 'Round the Clock is the theme of the program where 53 girls will model outfits which they made.

Miss Loreta Fowler, assistant county home demonstration agent, will be the commentator for the revue which is scheduled to last about 45 minutes. Announcements of winners will be made as the girls model their clothes.

Stop And Start Rainfall Halts Vegetable Work

Stop and start rainfall for the past week has stopped the vegetable harvest and caused Deaf Smith County growers to watch the rapidly gray skies with mixed emotions.

At press time Wednesday, all major vegetable packers and shippers had completely stopped operations. Several were planning to attempt work late Wednesday evening or early Thursday morning if the weatherman cooperated.

A shortage of vegetables caused a sharp jump in the market with both potatoes and onions climbing as much (Continued on page 2)

File DWI, Hold For Car Theft After Collision

A minor collision Tuesday morning resulted in the arrest of two Hereford men and the recovery of a car stolen in Amarillo several hours earlier.

Placed under arrest by city police officer James Neal were O. T. Tice, 34, Route 5, and Francis Ellwood Gaetz, 37, 219 Ave. D. Tice was charged with driving while intoxicated, second offense, and will be held for the Amarillo Police Department for investigation of an auto theft. Gaetz was charged with being drunk.

Police investigated after Tice struck a car owned by W. G. Duggan that was parked in the 100 block of North Main St. There was no damage to the cars when they collided.

EXAMINING GLENDA FUHRMAN'S suit are the judges for the annual Deaf Smith County 4-H dress revue. Judges are Mrs. Lucille King of Nazareth, left, and Mrs. Ed McLeroy from Dimmitt. Miss Fuhrman will be one of 53 girls who will model their dresses before the public at the Hereford High School Auditorium Friday at 8:30 p. m. (Staff Photo)

Moms And Minors Games Scheduled

The Little League Minor All-stars are ready to square off in a battle Friday, July 14, at 8 p. m. The all-stars from the Pirates, Dodgers and Giants will meet those from the Cardinals, Yankees and Braves.

Coaches for the two squads are Frank Hernandez, Leon McCutchen and Tom Marks from the Pirates, Dodgers and Giants and Doyle Vines, L. B. Russell and Del Cochran from the Braves, Cardinals, and Yankees.

The game played at Little League Park will feature 15 boys on each squad chosen on basis of their performance during the past season.

The Little League mothers will play at Little League Park on Saturday, July 15, at 8 p. m. The line up hasn't been

decided. The inter-league game will end the Little League Minor season as there are no further play-offs.

Members of the All-star team are Dickie Elliott, Rickie Grubbs, Servio Games, Raymon Casarez and Danny Boyer, Pirates; Ronnie Bab-

County Offices Close Saturdays

Offices in Deaf Smith County courthouse announced this week that they will begin closing on Saturdays, effective on July 15.

For some time, the school tax office, city offices and all state and federal offices in Hereford have been closing on Saturdays.

However, county officials said they plan to remain open when necessary during poll tax, car license and tax seasons.

Anyone who needs service after office hours at the county, day or night, is asked to call the county officer involved for service.

Elected county officials have the option of setting their own office hours, according to state law.

PLAY BALL is the plea for Mrs. Kenneth Coker and Mrs. L. B. Russell, but beauty comes first for Mrs. J. W. Robinson Jr. as she holds up practice for the annual Little League Mothers Game which will be played Saturday night at 8:00 p. m. in Little League Park. (Staff Photo)

Draw, Ya Tin Varmint... Ow!

Billy Baker, 20-year-old son of Mr. and Mrs. R. B. Baker of Frío, received emergency treatment at Deaf Smith County Hospital Sunday afternoon after a showdown with a tin can.

Baker shot himself in the right thigh while practicing quick draws with a .22 pistol and firing at a tin can several yards away. After shooting several rounds, he discharged the pistol before getting it completely out of the holster.

School Accepts Low Bids On Bread, Milk, Gas For Year

Low bids were accepted for bread, milk and gasoline during a meeting of the Hereford Rural High School board Tuesday night.

Hereford Bakery, Borden's and Conoco were the successful bidders for the school term.

In addition, resignations of five teachers were accepted and approved for employment.

Trustees also agreed to a stronger enforcement on a

policy requiring smallpox vaccinations for students entering school. Most of the three and one-half hour meeting was devoted to a study of the first draft of a budget for the 1961-62 school term.

Bids on bread for cafeterias included: Hereford Bakery bid 20 cents for 1 1/2 pound sliced white bread, 16 cents on 1 pound sliced white bread, 16 cents on 1 pound whole wheat bread and 15 cents on packages of six hamburger buns; Fresh Bread bid 10 cents on 1 1/2 pound loaves, 17 cents each on 1 pound white and whole wheat and 16 cents on buns.

Bidding on one-half pints of milk, either cartons or bottles, were: Borden's, 6 cents; Cream O Plains, 6.24 cents; and Seal-test, 6.34 cents.

Bids on regular gasoline did not include 5 cents state tax, which the school district pays. Bids per gallon were: Conoco, 13.08 cents; Allied Oil Company, 13.15 cents; Gulf Oil, 13.25 cents; Shamrock, 13.25 cents; and Texaco, 13.77 cents.

Conoco's bid is firm for 90 days, after which the successful bidder can adjust by deducting 4.32 cents per gallon from the company's posted tank wagon prices.

Resignations were accepted. (Continued on page 2)

Ask Bids Again On Road Graders

Money matters again occupied the Deaf Smith County Commission during its meeting Monday. Request for bids on some road equipment and a decision to switch a bond investment headed the action.

Because of a legal technicality, the court again has advertised for bids on three motor graders, including one used grader. Bids are to be opened on July 28.

It was agreed that Columbian Securities Corporation would handle the financial matters on the graders, including the issuance of warrants.

Commissioners also agreed on the matter of closing county offices on Saturdays. Elected officials had told the court last week they would like to close on Saturdays, except during poll tax, vehicle license and tax payment seasons. They said they would be available upon call at any time. Under law, elected officials are allowed to set their own office hours.

The court also approved the bond for Homer Hamilton as a deputy public weigher. Some \$40,000 Series K bonds now owned by the county will be cashed with the funds used to purchase municipal and school district bonds. These are monies earmarked for debt service and may not be used for any other purpose, it was explained.

Damp Grounds Slow Riders Club's Annual Horse Show

Rainy weather dealt an almost fatal blow to the eighth annual Hereford Quarter Horse Show which was held Saturday in the Hereford Riders Club arena. Although faced with a small list of entries, officials were greatly pleased with the show's quality.

Sponsored by the Hereford Riders Club, the show featured top quarter horses from a three-state area competing in stallion, mare and gelding divisions. Many were also entered in the reining contests which held Saturday afternoon. Several events were canceled because of muddy grounds.

Leading the parade to the winners circle as grand champion stallion was Ray Mo, owned by W. A. Reeder of Plainview. The reserve champion in the stallion division was King Lee owned by H. J. Lee of McAllister, N. M. Bogleanna, owned by J. K. Fulton of the famed Fulton Quien Sabe Ranch near Lubbock was the grand champion mare. Taking reserve champion mare was Poco Margaret also owned by H. J. Lee. The grand champion gelding was Baldy Hornet. The reserve champion in the gelding class was Brady Slick. Both horses were owned by Jake Snippes of Clovis, N. M. (Continued on page 2)

of mud and officials called off three make-up games Monday and Tuesday to get a clear-cut league champion.

Meanwhile, Hereford's American Legion baseball team should go into action Thursday night in Borger, as the district round robin play-off gets started. They were supposed to have started Tuesday, but Amarillo, Pampa and Borger were in a battle to see which two teams would represent the northern half of the district.

City police have recovered two 12-quart pressure cookers taken last week from the cellar of a vacant house here. They also got an old .22 rifle and three cases of pop bottles which were taken, but hadn't been missed.

Hereford High School class of 1946 will hold a banquet reunion at the Jim Hill Hotel on Saturday, July 15. It will start at 6:30 p.m. and all HHS exes are welcome.

These Rho installation of officers will be held at 7:30 p.m. Thursday, July 13, in the IOOF Hall.

Little League baseball season in Hereford will wind up this weekend with a pair of interesting games. Friday night at 8 m. the minor league all-stars will clash. On Saturday at 8 p.m. the traditional Little League Mothers' game will be played.

ly invited, but urged, to attend this meeting at 8:00 p.m. in the Community Room of the First National Bank.

No request for funds will be made although an opportunity will be given to anyone who wishes to become a charter member of the Texas Panhandle Heritage Foundation, the organization which is sponsoring the building and management of the outdoor theater.

Miss Harper will discuss some of the works of Paul Green, the writer who has been chosen to create a production typifying this section of the country. She will further deal with the problems involved in building an amphitheater and what it would mean to the area in confirming our heritage. She will also discuss the economical angle.

Several Hereford residents have been attending the organizational meetings recently held in Canyon and their reaction is most favorable. If you are interested in this project, you are invited to be at the First National Bank Community Room Thursday at 8:00 p.m.

CARD OF THANKS
We would like to express our love and appreciation to all our friends and neighbors who were so kind and thoughtful in so many ways to our family during the recent death of our husband and father. May God bless you all.

Vegetable shippers in the county estimated that the onion harvest is 50 per cent complete and expected to turn to carrots about July 20. Although the potato harvest is just getting underway, one grower claimed that 70 to 100 cars of Hereford spuds have already been shipped to various points in the nation.

Although the moisture has most of the county too muddy for vegetable trucks to operate, several growers were renting heavy equipment and pulling loaded trucks from the fields.

Henry Andrews, who farms 10 miles south of Hereford, estimated that he had received about 3.5 inches of rain since last Friday. He stated that it greatly helped his maize crop and that he would not need to irrigate for several days.

On the Harvey Brook farm, two and one-half miles north of Dawn, moisture has aided his sugar beets and maize. Brock believed that he had received about one inch of rain this week and about four inches last week.

"My sugar beets got just what they needed," said Paul Corbett who farms four miles west of the city. Corbett believed that he had received at least three inches of moisture during the past week.

Tommy Carnahan, who lives 19 miles northwest of Hereford said that he had received approximately three inches of rain but that his potatoes and onions had not held much of the moisture.

On the Jack Higgins farm, which is located 11 miles northeast of Dawn, about one and one-half inches of rain had fallen since the first of the week. Higgins said his maize would benefit greatly.

Joe Reinauer, a grower and shipper who owns Reinauer and Sons Inc., stated that he had received about three inches of rainfall and that his workers were staying out of the vegetable fields until the sun came out.

Six miles north of Hereford on the J. C. Morrison farm, the rain was holding up plowing. Morrison estimated that he had received about three inches of moisture.

The row crops benefited on the Clyde Russell farm, which is 12 miles northeast of the city. Russell said that his cotton and alfalfa received about 2.6 inches of rain.

New teacher hired included: Miss Martha Mackey, a summer graduate of Texas Tech, as a commercial arts teacher; Miss Lucille Park, long-time classroom teacher at Dum's with bachelor's and master's degrees from West Texas State College, as a fourth grade teacher at Central; Earl Smith, a graduate of Texas A&M and former classroom teacher and coach at Friona, as a mathematics teacher; Charles Holt, a graduate of West Texas and teacher at Grants, N. M., as biology teacher; and Tom Templeton, a graduate of Abilene Christian College and teacher at Hart, as junior high science teacher.

Superintendent Paul Stevens told the board he still has vacancies for two junior high mathematics teachers, a speech-English teacher in junior high; a high school English teacher and one elementary teacher. He said he had more than enough applicants to fill the vacancies.

Business manager Kendall Williams reported to the board on his investigation of various types of electric organs. A special account has been formed in high school with gifts from graduating classes to purchase an organ for the high school auditorium.

Trustees recommended that the less-expensive organ be bought.

They also approved a request from the Oasis Shrine Club for use of the high school football field for two circus performances on Wednesday, Sept. 13.

They include Glenda Lou Homfeld, Caprock Club; Sharon Bezner, Ford Club; Caroline Brumley and Janice Higgins, Willing Workers; Glenda Fuhrman, Merry Maidens; Joanne Carlson and Barbara Barrett, Happy Workers.

Division E entries may model any type garment they wish. This year one long formal, five suits and a cotton dress were entered.

Only the Division E county winner is eligible to continue in district and state competition. The district contest is scheduled for Friday, July 28, at the Pioneer Natural Gas Bldg. in Amarillo at 1 p.m. The first

place winner in each of the 22 counties comprising District 1 competes to be eligible to go to the state contest.

The top third of the garments at district contest may compete at the State 4-H Clothing contest during the State Fair in Dallas. Last year Lu Anne Higgins, daughter of Mr. and Mrs. A. E. (Hap) Higgins of Dawn, was the County Dress Revue winner. Miss Higgins plans to enter Texas Tech at Lubbock this fall and is undecided about her major.

Miss Fowler said that response to the dress revue has been exceptionally enthusiastic this year with 53 out of 125 girls in 4-H entering. All of the 125 girls did not have clothing as a project this year. The various clubs in the long workshops since May in preparation for the dress revue.

OFF THE Shelf

BY H. A. TUCK

Over the weekend we enjoyed a couple of non-fiction releases from the Deaf Smith County library.

It Takes All Kinds by Robert Littell is an adventure in good writing. Littell is an editor for the Reader's Digest and has compiled some of his best articles into a book.

In the book, Littell carries the reader through Europe and a most-unusual series of brief feature stories. In northern Italy, you visit a school which teaches dogs how to sniff out the expensive truffle; you journey behind the Iron Curtain as a political prisoner converts a guard who eventually gets both of them to freedom;

Owners of dry cleaning plants in New York and Sweden changed homes, pets, jobs, everything but wives for a year of residence. The New York couple took over the home and plant of their Swedish counterpart, while he and his family came to the United States. A delightful story in international cooperation and idea exchange.

The work of a man who discovered unusual pre-historic drawings in a remote cave area of North Africa is a story of dedication, while "Man Overboard" tells how a young seaman survived more than two

days in the Atlantic. Another article deals with the open air debates and speeches in London's Hyde Park, while Littell changes scene and circumstance in outlining the practical way a German judge deals with youthful offenders.

He tells of Algerian terror in Paris' streets, the training and work of England's tower climbers, how Swiss avalanche dogs work, hardships in everyday life in divided Berlin.

These and many more are wonderful to read, even if you have read all the articles before. Short and to the point, each story can be completed in a few minutes if the reader desires.

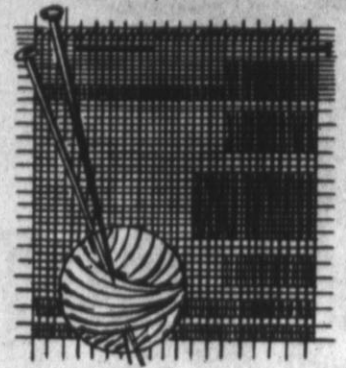

It Takes All Kinds can't be placed in any type of classification, except as good reading. **The Happy Lagoons** by Jorgen Andersen - Rosendal, a Danish author who wandered through the South Pacific Islands. In some he found the lovely natives had gone Western. With an addiction for Cokeys, chewing gum and juke boxes. In others, they remained unspoiled and charming as their forefathers. Fortunately, they had become civilized enough not to eat casual visitors or enemies.

Rosendal met the charming queen Salote, some Europeans who had "gone native," a couple who had charted outer space and contacted spacemen in flying saucers, some practical missionaries and some not

so practical. He also met a lovely assortment of native beauties.

For anyone who has thought about renouncing civilization

and the daily grind for a tropical island, or anyone who enjoys reading good travel adventure, we would recommend **The Happy Lagoons**.

Up To Five Inches Rain Reported During Weekend

BY MRS. S. N. THWEATT
N. A. Brown reported more than five inches of rain over the weekend. Rain began to fall Friday night and more than an inch had fallen by Saturday morning. On Saturday evening it started to rain again, with more than two inches reported by Sunday morning at Bootleg. Bill White reported rain and hail Friday night west of Dan Guseman's, where the county road men were doing some work.

The rain was just what the community needed; some of the farmers had their wheat stubble turned over, while others couldn't plow because it was too dry.

E. M. Jack says this was the first time in some years he had tried to plow stubble with no success. S. N. Thweatt and Bertram Jack are shredding wheat stubble instead of burning it.

Mr. and Mrs. James Ray Coleman and three sons, Teddy, Rex and Joe, of Amarillo flew out the Fourth of July and visited Mrs. Ruth Coleman, Mrs. G. E. Pinkerton and the Bruce Coleman family. James took all of them for rides in his new plane.

The James Colemans returned home late that evening. Barbara, David, Roger, Earl and Tommy Brown and Shelton White are taking swimming lessons in Hereford. The past week they have been learning water safety. Monday they started learning how to swim.

Mr. and Mrs. S. N. Thweatt made a business trip to Amarillo Saturday. They also visited with his brother, Mr. and Mrs. Bus Thweatt.

The C. W. Kings had a get-together at the home of Mrs. C. W. King of Rosedale, N.M., on Sunday. Those present were Mr. and Mrs. France Decker and daughter Beverly of Broadview, N. M.; Mr. and Mrs. Malcolm Garrett and son of Clovis, N. M.; Mr. and Mrs. Clyde Shadix and three daughters of Rosedale, N. M.

Mr. and Mrs. Jim Cleveland, Mark and Vickie of Clovis, Mrs. Wendell Armstrong and two daughters, Mrs. Cecil Caldwell of Norwalk, Cal., Mr. and Mrs. Floyd Brown, Roger, Earl and Sammie and Mr. and Mrs. Eldred Brown and son, Tommy, all of Garcia.

Mr. and Mrs. Bruce Coleman and children and Mr. and Mrs. Johnnie Johnson had a hamburger supper in the back yard the night of July 4. Mr. and Mrs. S. N. Thweatt and Mrs.

Ruth Coleman were guests for the fire works.

Mrs. Eldred Brown and Mrs. Wendell Armstrong attended the wedding of Miss Marilyn Hutchins to Artie Don Foster Sunday afternoon at the Baptist Church of Rosedale, N. M. Marilyn is the daughter of Mr. and Mrs. C. L. Hutchins and Artie Don is the son of Mr. and Mrs. Johnny Foster, both of Rosedale.

Mrs. Cecil Caldwell of Norwalk, Cal., arrived in Amarillo Thursday. Mrs. C. W. King and Mr. and Mrs. France Decker met the plane. Mrs. Caldwell

has visited her mother, and other relatives for the past four days. Mrs. Caldwell left Monday from Amarillo for her home in California.

Mr. and Mrs. Elton Sorrells, Bill White and children, Shelton and Sharon, Mrs. Cecil Caldwell were guests in the Eldred Brown home Sunday evening.

Mrs. C. W. King spent Sunday night in the home of her daughter, Mr. and Mrs. Floyd Brown.

Mr. and Mrs. S. N. Thweatt and Carl Hagan visited in Levelland Sunday where a birthday dinner honoring Carl was held in the home of a brother, Mr. and Mrs. A. P. Hagan. Mr. and Mrs. James Lewis of Carlsbad, N. M., were present for the dinner. The Thweatts and Hagens visited Spain Thweatt at the Knight Rest Home in Levelland.

Mrs. H. D. Buse and son, David, visited in the home of Mrs.

Bruce Coleman Friday evening. Mrs. Frank Ford Sr. spent a couple of weeks on the ranch during wheat harvest. During her stay, she visited the N. E. Tylers, the S. N. Thweatts and Mrs. Ruth Coleman. She also visited the Carl Perrins. Susan and Johnny, the Fords' children, are working in Lubbock during the summer. Johnny plans a visit with a brother in Hereford later in the summer. Susan will leave early in August.

for three weeks of travel in South America before she returns to the University of Texas in Austin.

S. N. Thweatt learned Saturday of a niece's husband and son being hurt in a car wreck at Austin on Wednesday. Both were seriously injured. Mr. and Mrs. Roy Campbell

and son, Johnnie, of Clovis, N. M., visited Mr. and Mrs. N. A. Brown one day last week. The Campbells worked for Frank Ford before moving to Clovis.

C OF C SCOUT

'Deaf' Smith Says

TO: The Spirit of General Sam Houston
FROM: The Spirit of Erastus "Deaf" Smith

SUBJECT: Scouting Report on the Farm and Home Show. Sam, one of the features of the Harvest Festival each year has been the Farm and Home Show. Since the Deaf Smith County Fair died some years ago there has been no regular place for the exhibit of the farm and commercial products of my county.

In looking at the possibilities of such an exhibit three years ago it was determined that this should be the one project that would be sponsored by the Harvest Festival Committee as a whole. You know that all of the other projects are sponsored by the various civic clubs and that the committee serves only to co-ordinate and publicize.

Well, a lot of thinking and planning was done and the show has changed and developed each year. The first two years there were some forty exhibits in the Bull Barn with a three day show lasting from 1 p.m. until 9 p.m. two nights and only until 7 on Saturday night because of the Lions Club wrestling.

This proved very unsatisfactory to the exhibitors because of the heat during the day and the comparatively few people who visited the show during the long afternoon hours. Closing on Saturday night caused the loss of the biggest potential crowds.

This year the show will not open until 6:30 p.m. but it will be open on four nights, Wednesday through Saturday, until 10 p.m. Having worked out the hours the next problem was who and what should be encouraged to participate in the show. A professional decorator, Southwestern Decorators, was contracted to put in the booths after it was found that it could not practically be done locally. Mrs. J. W. Thomas was contacted and agreed to sell the booths on a commission basis for the 4-H Club Adult Leaders.

Each year Casie, as Mrs. Thomas is known, has managed to fill the Bull Barn with exhibits of interest to everyone. Those firms that did not have a display of their own have given them to community organizations such as the Boy Scouts, the Campfire Girls, the 4-H Clubs, the Soil Conservation Service and so on. Other firms have had educational and interesting exhibits of the products that they sell or produce. Many of the vegetable sheds have had displays of the produce of this area. A grain elevator has had a model elevator which has attracted much attention.

Appliance dealers have had the latest model television sets, refrigerators, ranges and hi-fi sets. Irrigation pump companies have had demonstrator models of irrigation systems and seed companies have had displays of range grass suitable for the area. All of these exhibits have attracted much attention. Many of those participating have given advertising gifts such as yardsticks to those visiting their booths.

This year with the larger show the committee has decided, as an incentive to have visitors register, to give door prizes. Every one visiting the Farm

and Home show will have at least two opportunities at cash door prizes to be given away at 7:30 and 9:30 each evening. Exhibitors will be able to explain the terms of the door prize and will assist visitors in every way possible.

While not completely sold out as yet, it appears that every space will again be rented well in advance of the opening of the show. Those with booths so far are:

NOTICE OF COUNTY'S INTENTION TO RECEIVE BIDS FOR THE PURCHASE OF CERTAIN ROAD MACHINERY AND TO ISSUE TIME WARRANTS TO EVIDENCE THE INDEBTEDNESS TO BE CREATED THEREFOR.

Sealed PROPOSALS addressed to HON. D. D. ZIMMERMAN, County Judge of Deaf Smith County, at Hereford, Texas, will be received at the Office of the County Judge until ten o'clock A. M., on the 28th day of July, 1961, for the purchase of the following road machinery for the maintenance and improvement of the roads in and for said County, to-wit:

Two (2) - Diesel Powered Motor Graders, not less than 115 H. P., with cab, heater, lights, 14 ft. blade, steering booster, 13.00-24 10 ply tires, front and rear.

One (1) - Used Motor Grader with cab, heater, rain traps, 14 ft. blade, 13.00-24 tires, front and rear, and 2 ft. L. H. extension.

SUCH PROPOSALS will at said time be publicly opened and read before the Commissioners' Court.

A CERTIFIED CHECK or CASHIER'S CHECK in the amount of five per cent (5%) of the amount of the bid must accompany each bid.

IT IS THE INTENTION of the Commissioners' Court to pay all or a portion of the purchase price of such road machinery by the issuance of and delivery to the proper contractor or contractors the legally issued time warrants of said County, bearing interest at a rate not to exceed FOUR PER CENTUM (4%) per annum, payable annually or semi-annually, which said warrants shall not exceed the principal sum of FORTY-EIGHT THOUSAND DOLLARS (\$48,000) and the principal of said warrants shall be payable serially, the maximum maturity date to be not later than December 31, 1966. The County has made arrangements for the contractor to dispose of such warrants herein mentioned at par value thereof, and all bidders shall be governed accordingly.

THE COUNTY reserves the right to reject any or all bids and to award contract to that bidder who, in the opinion of the Commissioners' Court offers the proposal to the best interest of the County, and the right is further reserved to waive all technicalities.

ALL BIDS will be retained, unless otherwise specified, until 10:00 a.m. of the day following the date of the opening of the bids. Bids will be set up by 7 p.m. each day.

JAMES P. LADY, SON OF Mr. and Mrs. Cecil Lady, recently received his promotion to First Lieutenant at the U.S. Electronics Proving Ground at Ft. Huachuca, Ariz. Lady is a graduate of Hereford High School and received his degree in accounting at West Texas State College in 1959. Following his discharge next December, he plans to return to Hereford to live.

Legal Notice

Notice is hereby given that the Board of Equalization of the Hereford Rural High School District will meet in the School Tax Office on July 24th, 1961, at 10:00 a.m., for the purpose of equalizing taxable values and to give consideration to requests from any property owner for adjustment of the value placed on his property to which he believes he is justly entitled.

The re-appraisal which your School District, together with the City of Hereford and the County of Deaf Smith, has undertaken and which is now almost complete, will inevitably result in some errors. If you have reason to believe your property is valued at more than its present worth you are invited to meet with your Board of Equalization on the above date and present your claim for adjustment.

TELEPHONE TALK

by Gene Adkisson, Manager

PROXY MARRIAGE WITH A NEW TWIST

Today it's not unusual for a couple separated by many miles to be married by means of a long distance telephone call. But I recently heard about a marriage conducted in Fort Worth for a couple 5,000 miles away, in Germany, with a new angle.

When Dale Bennett and his fiancée were married in Konigsstein, Germany, his father, Rev. Harold O. Bennett, conducted the ceremony from his church in Fort Worth via overseas telephone. By means of special speakers installed in the church, family and friends could hear both ends of the conversation.

The speaker system was arranged by two telephone communications experts who also set up the overseas call. This may be the first marriage of this type in the world.

ANNIVERSARY

Most of you probably have met or talked with Mrs. Opal Elliston in our business office here. We think Mrs. Elliston deserves the spotlight of this column. On July 2, she celebrated her 15th service anniversary and at the same time completed 15 years perfect attendance. We feel that this accomplishment deserves recognition for her loyalty, ambition, ability and desire to fulfill our customers needs for telephone service.

Mrs. Elliston began working for the company on July 2, 1946 as an operator. After six years she became a Service Representative, the job which she has held and performed so capably for the past nine years. Hats off to Mrs. Opal Elliston.

PUR MORE FUN IN YOUR TRIPS

One day last week an old friend stopped by to tell me about his vacation plans. He told me where he was going, what highways he'd take and where he'd be staying all along the way.

I asked him how he got everything worked out so well. "It was easy," he said. "This year I made all my plans by phone. We have good accommodations for each night, and I know how much they cost. You just can't beat a phone call for finding out what you need to know."

That's a good idea for you, too, if you're planning a trip or vacation. You can save money by calling on Sundays or after 6 p.m. on weekdays when long distance rates are lower. And by calling station-to-station, you save as much as one-third more.

Call by number. It's twice as fast.

Mattie Mae Swisher

Funeral Services Monday For Former Music Teacher

Funeral services for Mattie Mae Swisher, long-time music teacher here, were conducted at 10 a.m. Monday in Blackburn - Shaw Memorial Chapel, with the Rev. Luther Kirk pastor of San Jacinto Methodist Church, officiating.

Interment was in Mt. Zion Cemetery, Grafton, W. Va., under the direction of Bartlett Funeral Home.

Miss Swisher died Saturday at 11 a.m. in St. Anthony's Hospital. She had been ill for several months.

Her home was at the Ladies Rest Home in Amarillo for the past two years.

She was born July 13, 1884, near Grafton, W. Va., and was a 1918 graduate of Moody Bible Institute in Chicago, Ill. She also attended Wesleyan College in Buchanan, W. Va.

Miss Swisher, 76, taught music and voice for many years with public schools here after coming to the Panhandle in 1919. Here she organized one of the first orchestras to be formed in this area.

In 1921 she attended the first meeting of the Panhandle Music Teacher's Association and served as its head from 1925 until 1932.

Following a six-year stay here, Miss Swisher took over the job of student secretary for the Methodist Church at West Texas State College in Canyon. While there she also taught music.

She resigned at Canyon in 1934 and returned here to teach. She then helped reorganize the Community Civic Chorus which gained fame throughout the region for its annual production of "The Messiah." She directed the production for 16 years, until the last performance of the oratorio in 1955.

Miss Swisher also served as director of the Junior Festivals of National Federation of Music Clubs for 12 years and was treasurer of the State Federation for two years.

She is survived by one sister, Blanche, of Grafton.

REP. WALTER ROGERS WRITES

Will Berlin Bring War?

TO THE PEOPLE OF THE 18TH DISTRICT:

If the Berlin crisis causes a third World War in this century, it will be a sad commentary on man's ability to handle his own problems. It will be definite and conclusive proof that wars have always created problems, not settled them.

Some historians would probably write that the third World War in the 20th Century was caused by a fight between the two major victors of World War II over the spoils of that war. Such a statement would not be completely true unless Berlin could be called a spoil of a conflict. There is no question but that it was thoroughly spoiled from a physical standpoint at the end of the war. There are scars still standing like grim specters throughout the city, but the physical spoil has been cured.

West Berlin has been rebuilt into a modern city, primarily by the generosity and help of this country. The Eastern sector has also been rebuilt, but it is very crude in comparison with the modern look of the Western side. This physical difference actually reflects the difference between Communism and the free enterprise system.

The difference is also reflected in the faces of the population sadness in the Eastern sector, joy in the Western sector.

Whatever may be argued, it cannot be denied that Berlin was the center of the activities and conduct that brought about World War I. It was the center of activities and conduct that brought about World War II. In both instances the city and the country were in full control of the German people and a German government.

Although it may be said that the same exists today insofar as West Berlin is concerned, it must be admitted that the influence of other countries on West Germany and West Berlin is much more pronounced under the present circumstances than it was before. The German people in the Eastern sector are dominated by the Soviet Union. Hence, if Berlin becomes the point where the spark that fires World War III comes into existence, it cannot be blamed on the Germans. It will be the fault of the outside powers.

The propaganda machine of

the Reds at work again to try to split the West on this issue. The recent remarks of Walter Ulbricht, the Communist leader in East Germany, that Western Germany was rebuilding itself for the purpose of renewing its traditional military activities, are a good example. This is undoubtedly being done for the purpose of creating suspicions among the Western powers. If there is any reason to suspect the activities of Western Germany, the several governments which comprise the NATO organizations could control the situation without too much difficulty, and should.

On the other hand, the Red propaganda machine is slyly suggesting that there is a rift between Red China and the USSR. The Free World should recognize this for what it is—a move to lull us into a false sense of security. It must be realized that if a controversy existed between these two powers it could hardly redound to the benefits of the Free World. We are not dealing with a bunch of naive people. We are dealing with a shrewd, ruthless and tough opponent. The worst

mistake we could make would be to again underestimate this bunch.

The people in this country were led to believe that a great revolution was about to take place inside Russia, and that

much internal unrest was on the move. There is very little evidence of that being the case. There is less evidence that if such a revolution were to start it would have the most remote chance of the least possible suc-

Management Course Has Agent Busy At Texas Tech

BY ARGEN DRAPER

This workshop I'm attending at Texas Tech, really and truly has the work in it. We attend classes, lectures, committee, and have assignments in the library. Three nights I've studied until after 11 p.m.

The workshop is on Management. The teacher is Dr. Beatrice Paolucci, who is an assistant professor in the College of Home Economics at Michigan State University. She is a young single woman, as Italian as her name implies. She is brilliant, very personable and is a true Latin beauty. She's staying at the same place Sybil Stringer, Extension Agent from Castro County, and I are staying. She rides to school with us so you see we are getting to enjoy her socially.

Some of the things brought out in the workshop:

Management is a body of knowledge. Management is conscious mediation (bringing to peace conflicting kinds of interest in the family) of a consciously selected value system.

In the problem solving that has been studied in Deaf Smith County programs, the whole family sorts out and recognizes values and foresees consequences. The family then decides if it is willing to accept the consequences from the action taken.

In every crowd there is some one who knows someone at

Hereford. Ruby Power is chairman of the committee I'm in. She used to live at Jumbo with her brother, Marion Power. She remembers the Horace Bairds and the Bill Hunters — along with a lot of persons who have moved from there.

Miss Billie Williamson is a cousin of Paul Mathers. She is an instructor in Foods and Home Management in Tech. Two of my cousins are in the Workshop. One is a Home Economics teacher in the Lubbock School System and the other a Home Economics teacher in the Beaumont Schools. Don McGinty, Tom's nephew, has begun work in Lubbock County as Assistant Extension Agent. His father worked on the Tom Ivy Ranch in the early day.

Every night an attendant from a service station close to the parking lot cleans all the windshields and leaves a slip under the wiper blade stating that the windshield was cleaned and give the information about the station, etc. As soon as I see the slip is not a parking violation, I have a friendly feeling — appreciating the service and also appreciating the great world of competition in American Business.

I am getting some ideas for the sub-committees of the County Program Building Committees. I'll be in the office the morning of July 17.

cess. The complete failure of the countryside to rise up in support of such a move occurred in the recent Cuban invasion. Had the countryside arisen to the challenge, the invasion probably would not have failed. We in this country must face the cold, hard facts of reality and understand that whistling in the dark is not going to scare off the attempts of the Communists to try to take all they can get. We must let them understand without question of doubt that we intend to fully support our commitments and the protection of our rights, whether it be Berlin or any place else. To negotiate fairly and honestly — "Yes," to sacrifice principle — "No."

What am I?

You are a small part of a great plan. The more you learn the more you realize the greatness of that plan and find true humility.

Only when you acknowledge the fact that all men are in the image and likeness of God do you understand your relationship to all men, who are equally important parts of that greater plan and vitally necessary to its fulfillment.

The pattern is simple. The evidence is overwhelming. Hate destroys. Love creates. Peace is ours when we abide by the fundamental law of God, which commands, "Love thy neighbor as thyself."

AUSTIN HIGHLIGHTS

Like Backward Students, Solons Return Once More

AUSTIN — Texas legislators, like students who failed to complete their work in the long term and have to come back to summer school, return to Austin this week to "get it over with."

Goal is the passage of a two-year appropriations bill expected to run around \$2,600,000,000. To pay for it, they will need to find some \$350,000,000 more in tax money than now provided on the law books.

But if money is short, advice is not.

At least three committees have a word or two for the lawmakers. Two are unofficial. They are the Citizens for a Sales Tax, whose name explains its purpose, and the Citizens for Fair Taxation which is pushing Gov. Price Daniel's plan for additional selective sales taxes, plus more business taxes, higher taxes on alcoholic beverages and others.

A third committee, appointed by the Governor, avoided a single, specific recommendation but pinpointed some sort of retail sales tax as the most likely source for the amount of money needed. This committee is composed mainly of the chairmen of governing boards of state welfare and educational agencies.

Committee suggested that either the retail sales tax passed by the Senate last session (a "general" sales tax with exemptions for food, farm supplies, medicine) or a "Pennsylvania-type" tax which affects only the items listed in the bill or a combination of the two might be the answer.

All of which leaves the Legislature just about where it was—with at least some support, and some opposition, for any course it might take.

Auto Insurance Raised
Beginning August 1, Texas motorists will pay higher premiums for automobile insurance.

How high the premium goes will depend on the county in which the motorist lives and its accident record. In general, the big-city counties have higher accident rates and insurance premiums than rural counties. In Travis County (Austin), the increase on a typical policy would be 15 per cent; in Dallas County, about 17 per cent.

This is the first increase in the base rate for auto insurance ordered by the State Board of

Insurance—since 1958. Reductions or increases for traffic accidents and violations under the Safe Driving Plan will continue as before.

Reasons given for the rate raise include:

1. More people than expected qualified for the 20 per cent premium cut allowed under the Safe Driving Plan for drivers with no accidents or violations. This caused a decline in premium income.

2. Higher cost of repairing today's wrap-around-windshield, wrap-around-fender cars.

3. Generous jury awards for injury and damage claims.

4. Drop in the number of new cars sold last year.

5. Apparent dropping of insurance by some motorists who had previously carried it.

Highway Costs Up
Cost of having good roads, the State Highway Department admits, is going up.

Highway Commission has announced a highway maintenance budget for the next fiscal year (Sept. 1, 1961 to Aug. 31, 1962) of \$51,300,000 — which is up \$2,100,000 from the previous year.

Reasons given for the increase, Texas had more than 1,100 new highway miles to care for and it costs more per mile to care for them. But proper upkeep, says the Commission, "stretches the taxpayer's dollar by increasing the life of the road."

Department now maintains 57,757 miles of highway at an average cost of \$811 per mile for upkeep. Per mile upkeep cost has increased \$19 since the last fiscal year.

Higher Speed, Higher Toll
Beginning September 1, higher toll charges will be made on the Texas Turnpike, linking Dallas and Fort Worth.

Beginning August 28, effective date of authorizing legislation passed last spring, the speed limit on most of the toll road will be raised from 60 to 70 miles per hour.

Toll charges for an end-to-end trip by passenger cars will be hiked from 50 to 60 cents; for heavy trucks, from \$1.25 to \$1.35.

Texas Turnpike Authority voted the higher fares after receiving estimates that the operation would have a \$425,000 deficit at the end of this year unless revenues increased.

Sabine Dam Under Study

After a hearing on the pros and cons, State Board of Water Engineers has granted the Sabine River Authority's application for a permit to build the proposed Toledo Bend reservoir.

Sabine, for quite a stretch, serves as the boundary between Louisiana and lower East Texas, and the proposed dam is to be a joint Texas-Louisiana project.

Spokesmen for timber interests in the area told the Board the reservoir, slated to be 100 miles long, would put valuable timber under water and sawmill workers out of jobs. It would take 10 years, said a sawmill representative, to get all the timber out of the area.

Advocates of the dam contended that the \$54,000,000 project will ultimately benefit the area by attracting new industry and helping to offset future water shortage.

More Jobs, More Jobless
More Texans were at work and more were out of work this May than a year ago, Texas Employment Commission reports.

Employment increased 3,200 over a year ago, but unemployment was up by 30,800, indicating job seekers are increasing 10 times faster than job openings.

Average weekly wage for Texas factory workers during May was \$91.46, compared to the national average of \$92.66.

Oglesbys Honored At Housewarming

Mr. and Mrs. Cecil Oglesby who have recently moved to Hereford from Dimmitt were surprised on Sunday evening with a housewarming party. The Oglesbys have moved into their new home at 107 Sunset Drive.

Approximately 30 friends were present for the occasion. Hostesses were Mesdames Jimmie Alfred, R. C. Anderson, Jim Clark, Otis Lee, Clyde Rayburn and J. B. Snead.

Oglesby will be associated with the International Harvester Company.

ATTENDS FLORAL MEET

Roy Peet left Saturday for Dallas where he is attending the Texas State Florist Convention. He plans to return the latter part of this week.
