Fumes Kill Man In Grain Bin

Start Oldsters Home Unit In January

James Durham Dies Tuesday

A home for "golden age" people will be built in Hereford. This decision was made definite at a meeting of the Hereford Area Foundation on Monday afternoon.

A plan drawn up by the Methodist Church Conference committee on hospitals and homes was approved by the Foundation and removed the final barricade to construction of a home here.

Around Town

Heartiest congratulations to Big Domino Band for its Superior rating in the University Interscholastic League marching contest in Amarillo on Tuesday afternoon. It was richly deserved and an honor for which the bandmen had done a tremendous amount of work.

County Tax Collector - Assessor Nell Miller was wearing a broad smile this week after getting a letter from state Comptroller of Public Accounts Robert S. Calvert. He said, in part, that his office had checked the tax roll for the county and found not a single error in it.

There will be an all-day singing at the Bippus Community House on Sunday, Oct. 29. It is scheduled to start at 11 a.m. and everyone is invited to attend.

Hereford Lions will be out Thursday night, Oct. 26. They will leave candy at all homes in the city and will accept donations to help them carry on their many charitable projects.

A Mexican supper is scheduled from 4-7 p.m. Sunday, Oct. 29, at St. Anthony's School. Proceeds will be used to help purchase a station wagon for the nuns.

It was a delight to hear that, (Continued on Page 2)

Band Receives Top Rating In UIL Contest

Hereford High School's Big Domino Band received the highest rating awarded at University Interscholastic League marching contest held in Amarillo Tuesday.

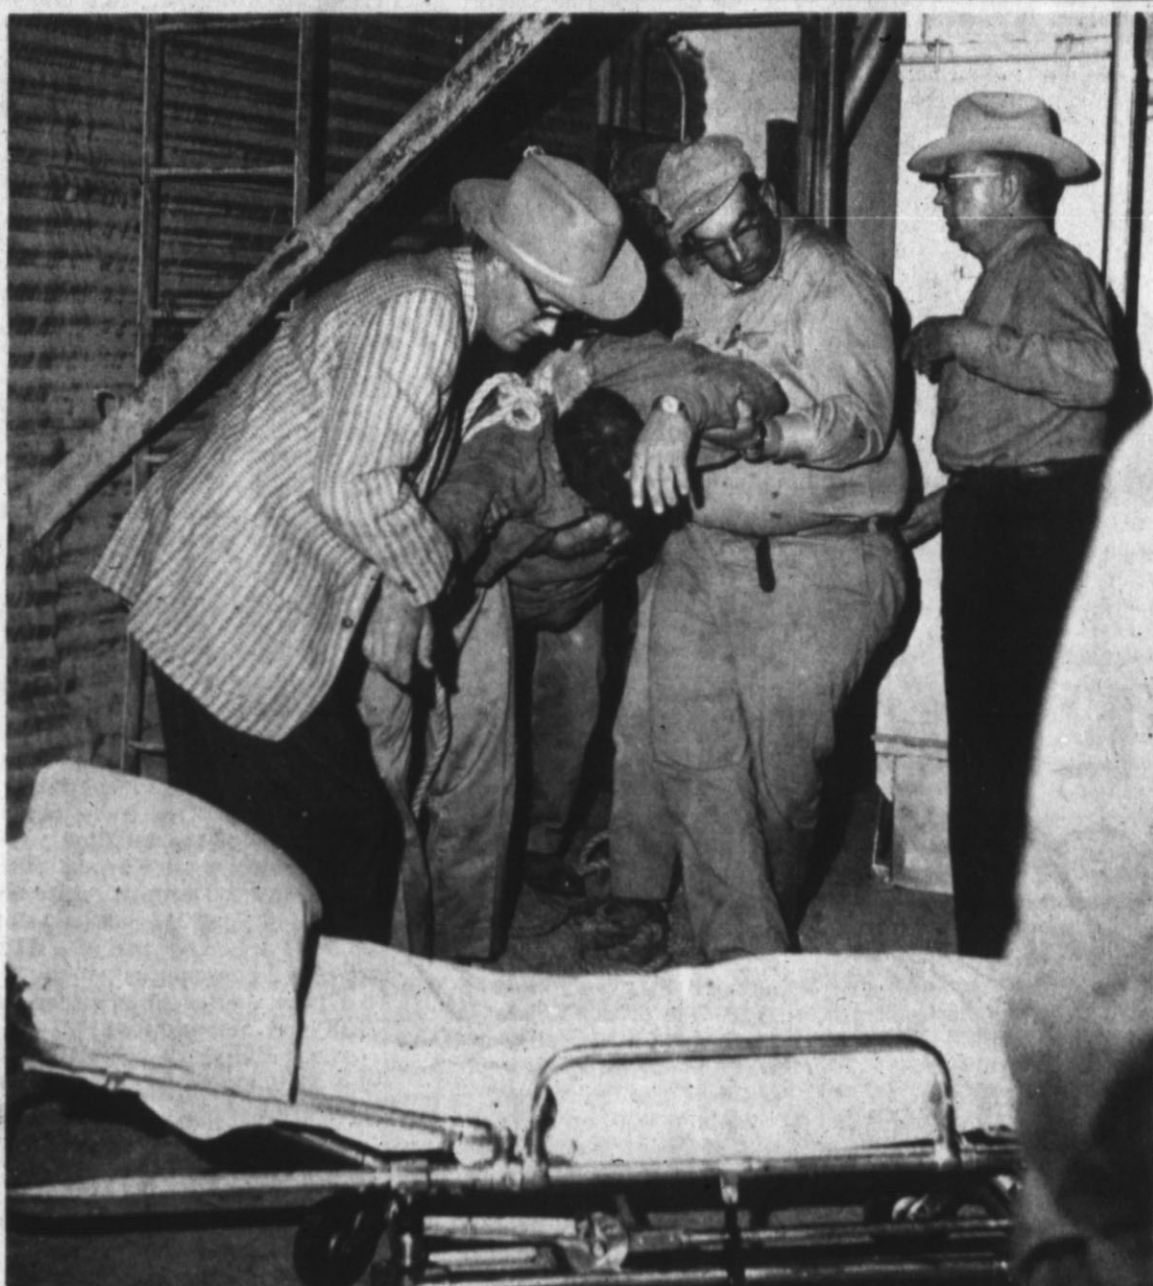

Under the direction of Ben Gollehon, the 48-piece high school band earned a Division I rating, standing for "superior" band marching and playing.

High school twirlers Jenny Holt, Jerre Bea Noland, and Kathy Boston entered twirling events. The trio earned a Division II, "excellent" award.

Entering solo twirling events were Kathy Boston and Jenny Holt. Miss Holt was presented a "superior" award, while Miss Boston claimed an "excellent" rating.

Later in the year the band will compete in concert and sight-reading contests in Canyon, also sponsored by Interscholastic League.

In class AAA, the band competes with units from Dumas and Phillips. Approximately 40 bands competed in various divisions during the contest held all day Tuesday at Dick Bivins Stadium in Amarillo.

DEADLY FUMES from a grain fumigant proved fatal Tuesday night to James L. Durham, 606 Miles, after he was overcome while inside a steel grain bin. Rescue workers were hampered in their efforts by the heavy concentration of fumes which forced them to wear masks while trying to revive the victim. Rescue workers, about an hour after the accident, finally brought the victim to the ground. (Staff Photo)

BY H. A. TUCK BRAND NEWS EDITOR

All efforts failed in desperate action to save the life of James Levon Durham, 34, after he was overcome by toxic fumes inside a grain bin here Tuesday night.

Durham, an employee of the Hereford Grain Corporation, was pronounced dead about an hour after he tumbled back into the bin of maize in which he had been working. Cause of death was the inhalation of a deadly fumigant Durham had been using.

Witnesses said that Durham and A. B. Carr, another employee, had been fumigating the bin for some time. Bin Number Four is located just north of the Bull Barn in the southeast part of Hereford. It is a tall, steel grain storage facility with access to the interior through a small man hole near the conical top, about 80 feet above the ground.

Carr said that Durham started climbing out the bin but suddenly fell back into the grain, about six feet from the man hole.

Carr called for help. Then he and Jamie Clearman, another employee, tried to get Durham out by tying a rope around him. Braving death, Clearman entered the bin wearing only a handkerchief over his mouth rather than the customary face mask.

He managed to get a rope under Durham, but was unable to get it tied before the fumes forced him outside.

An ambulance was called at 7:05 and Marlin Gilliland resident with an oxygen tank. The Hereford Volunteer Fire Department also brought its resuscitator.

Rescue operations were hampered by lack of masks. Norbert Skypala, an employee of the company's other elevator here, arrived with an additional mask.

Durham's body was removed and brought to the ground about 8 p.m.

Curtis Roach, manager of the company, said that Durham had been working with fumigants regularly since he joined the firm in 1954 and was familiar with its dangers. A check later showed that Durham's mask was in working order and that the cannister on it was dated good until 1964.

One employee said it was possible that over-exertion caused Durham to breathe too deeply while wearing the mask.

Durham had been employed by Hereford Grain since May 22, 1954, and was eleva-

James L. Durham

County Opens A Road Officially

County Commissioners approved the opening of a county road in the northwest part of the county during their meeting Monday. The right-of-way is already dedicated and the road is present, but not maintained.

In other action, they voted to divide the lateral road funds, received from the state, equally into the four county road and bridge funds. The money will be used for maintenance and construction of lateral roads.

County Judge Don Zimmerman recommended that the county ask the District Judge to appoint a County Auditor, to work on a part-time basis. Zimmerman pointed out that the post had been optional in the past, but now will be required under state law. The Commissioners agreed on the action, but no one was mentioned for the post.

Revenge-Minded Phillips Battles Hereford On Friday

Aching for revenge and a district victory, the dangerous Phillips Blackhawks will invade Whiteface Field here Friday night in a reversal of past roles for the two teams. Phillips has a misleading 3-3 record for the season and lost

to Hereford last year. Hereford is riding the crest of a 6-1 mark for the year and would like to repeat its victory over the Blackhawks last fall.

A sell-out crowd for the game is assured as all advance tickets were snapped up by Wednesday. Bleacher seats and standing room are all that are left.

Man Draws Fine, Suspension, Jail Term for DWI

A 37-year-old Latin American drew a \$100 fine, three days in jail and six months suspension on his driver's license for felony driving while intoxicated.

The Hawks saw victory slip from their claws in the dying seconds last Friday as Littlefield came from behind for a 19-14 win. Phillips knows it will be completely out of contention with another district loss on its record.

Phillips started the season with a loss to Ector of Odessa, then won three straight against Plainview, Canyon, and Perryton. The Hawks have fallen in the last two weeks, to Lamesa and Littlefield, by a total of 11 points.

Pleading guilty to the charge was Ramon Vasquez Rodriguez, who listed his residence as the Elm Motel. The man was arrested here Saturday night by Hereford Police Department patrolman Pete Cole.

Spearheading the Hawk attack is big Jack Gray, a 185-pounder who plays every position in the backfield. Gray is a threat every time he handles the ball, since he can run with speed and power or throw for accuracy and distance.

Representatives from the six District 1-AAA high schools met in Hereford Saturday morning to revamp the football schedule for the 1962-63 season, making way for the entrance of Perryton into the district.

Plan An Additional Week On UF Drive

As Deaf Smith County's fifth annual fund drive entered its final phase this week, Henry Sears, drive chairman, said that it is likely the drive will be extended another week.

He was picked up at the intersection of W. First and Lee Streets.

Paul Stevens, Hereford Baral High School Superintendent, was re-elected to serve as district football chairman. School superintendents and coaches from Hereford, Levelland, Littlefield, Phillips, Dumas, and Perryton convened here Saturday.

So far only about one-half of the divisions are complete with gifts totaling approximately \$12,500.

The extension will give those divisions which have not completed a chance to finish, he continued.

Unable to revise the present schedule, officials started anew to slate games for the 1962 season.

Sears predicted Wednesday that the UF drive would reach the goal set by budget committee. A budget of \$26,440 was made after the needs of all agencies were reviewed.

Other groups are contacting rural residents under the direction of Bill Thompson, chairman of the rural areas division.

"We were very well satisfied with the new schedule," stated Stevens. "Hereford drew Littlefield and Levelland for the latter portion of the season. This will probably mean better weather conditions for the Whitefaces, and also these towns are somewhat closer than those in the northern section of the district."

The drive chairman praised the public school teachers for

their donations to the United Fund. The division reported gifts totaling \$970.50.

"Treats For Toys" will be the slogan for the Veterans of Foreign Wars here on Halloween night.

The eight local agencies approved for inclusion in the 1962 budget are the American Red Cross, Boy Scouts, Camp Fire Girls, Salvation Army, Hereford Athletic Club, Little League, Pony League and the Deaf Smith County Council on Alcoholism.

Anyone wishing to have toys picked up can call EM 4-3411 or EM 4-9722.

The traditional show will be replaced this year with treats as VFW members trade goods for repairable toys. Each year the VFW makes a drive for used toys which members can repair and provide for children who otherwise would not receive toys for Christmas.

VFW Slates Treat For Toys Swap Halloween

Trucks containing the treats, and receiving toys, will be located at Taylor and Sons Market, N.H. T. Foods and Whiteface Barber Shop.

ford again No. 26 to approve schedules for basketball, spring sporting events, literary events, and all District University Interscholastic League activities.

During the November meeting, All-District football team members will be selected. At least four representatives from each high school district will attend the meet to prepare for future activities.

Drawn up at last Saturday's conference, the football schedule for District 1-AAA during the 1962-63 football season is as follows:

- Oct. 16: Hereford at Phillips, Dumas at Levelland, Perryton at Littlefield
Nov. 2: Perryton at Hereford, Littlefield at Dumas, Levelland at Phillips
Nov. 9: Dumas at Hereford, Phillips at Perryton, Littlefield at Levelland
Nov. 16: Hereford at Littlefield, Levelland at Perryton, Dumas at Phillips
Nov. 23: Hereford at Levelland, Perryton at Dumas, Phillips at Littlefield

HEREFORD VOLUNTEER FIREMEN begin putting out a blazing haystack on the Jim Plack farm nine miles north and three miles west of the city. The blaze was one of a series of small fires which have kept the volunteers on the run. Two other fires were reported Saturday, a third on Sunday, plus the farm blaze, and a fifth here early Wednesday morning. (Staff Photo)

NORBERT SKYPALA examines the mask while working inside a grain bin here Tuesday night. A check showed that the mask was operative and that the cannister was overcome and killed by toxic fumes.

OFF THE Shelf

BY H. A. TUCK
"In the clammy murk of early night — Boston, January 17, 1950 — seven men tumbled out of a canvas-covered Ford truck parked near Brink's, Incorporated, and strolled casually toward the front door of that internationally famous money-handling organization's prime office in New England."

Thus starts an absorbing story of **The Men Who Robbed Brink's**.
Everyone is familiar with the cry that was raised when Brink's was robbed of \$1,218,211.29 in cash, plus \$1,557,183.83 in checks, money orders and other non-negotiable paper.

But the story that Joseph James "Specs" O'Keefe told to ace reporter Bob Considine is unknown to all but a few crime buffs and the Federal Bureau of Investigation, which operated in the book.

All told, 11 men were involved in the robbery: seven went inside, one was on the roof, one drove the truck, one drove a car and another did not go near the scene.

And all of the 11 were professionals in their business of relieving others of money and goods. When they entered Brink's they knew exactly what to do and how to proceed... and well they should, for they had spent months in planning the action, even to the extent of having been inside Brink's more than 20 times.

The story is told largely by the only man at liberty to reveal all the bizarre details, the articulate, self-educated Specs O'Keefe.

But a major role is played by the daring, relentless men of the FBI and the Boston Police Department.

Greed for money made a shambles of the superbly trained and organized band of robbers. One of the 11 who robbed the great Boston counting house was, in turn, robbed of his share of the fabled loot.

As much as anything, this is the story of Specs O'Keefe, a Boston boy who was going wrong by the time he was in the first grade. His father was a warden at the House of Correction on Deer Island, but had no control over the boy.

Specs quit school in the eighth grade for a full-time life of crime. He was caught, imprisoned, released and caught again.

One of Specs' best friends in grammar school was a roly-poly Italian boy, Anthony Pino, who later was to be architect for the Brink's job.

Others involved had about the same background: a taste for money and an aversion to work. They plotted and executed the perfect crime. But one got greedy while another got lazy.

Eventually the gang was split. Two died and Specs was an angry man when he found his part of the loot was gone.

He was the hunter and the hunted in a cut-throat gangland feud.

Finally, he agreed that his treatment had violated the old saying about "honor among thieves" and agreed to turn state's evidence.

His testimony convicted eight of the gang, all of whom got at least one life sentence for the robbery of Brink's.

Reporter Considine writes tersely and with a sense of rapidity that makes the Brink's robbery and its solution seem like it was today instead of almost 12 years ago.

The book, **The Men Who Robbed Brink's**, is in the Deaf Smith County Library.

Hold Order Filed On Dimmitt Trio By City Police

A hold order on the "Dimmitt Trio," accused of a series of thefts throughout the Panhandle and South Plains, was placed with the Potter County Sheriff's office Monday by Hereford Chief of Police Henry Aycock.

The three residents of the Panhandle community were arrested in Amarillo late Friday by police while in the act of burglarizing a Sears-Roebuck store.

Facing felony burglary charges are Charles Ray Houtchens, 30, and Mr. and Mrs. Randall Lamar Follis.

A hold order was filed by the Hereford Police Department on the trio for allegedly burglarizing the Hereford High School following the Whiteface - Olton Football game on Oct. 6.

Reported missing from the school following the burglary was the microphone for the public address system. The microphone was valued at \$45 by school officials.

Entrance into the building was made by breaking out a window pane in the east door near the trash disposal unit. The door was unlocked from the inside.

A window pane on the office door inside the building was also broken out as the trio allegedly entered the office. An attempt was also made to break into the former office of the superintendent.

No money, except for \$10 in the teachers' coffee fund, was in the building. Receipts from the homecoming game had already been deposited at a local bank.

The burglary reportedly took place sometime between 11 p.m. Friday and 9 a.m. the following morning. Two early morning checks of the building were made prior to the break-in.

The three Dimmitt citizens have confessed to break-ins at 21 Panhandle and South Plains business firms which netted them better than \$16,000 in cash and merchandise.

Mrs. Follis, 22, admits that she participated in three of the burglaries.

Tri-Part Study On Feet Given At Club Meeting

"You and Your Children's Feet" was the subject of the program, presented in three parts to the Progressive Home Demonstration Club on Oct. 17 in the home of Mrs. Lester English.

Mrs. Earl Plank gave the first part of the program called "Use Your Head, Save Your Feet." She urged the organization of work to save many steps.

Part two, "What We Are Doing to Our Children's Feet," was given by Mrs. Alvis Jolly. The statistics given pointed out that 99 per cent of all feet are perfect at birth, eight per cent have developed trouble at one year, 41 per cent at age five, and 80 per cent at age 20.

Many parents damage their infants' toes and feet by depriving them of the chance to move freely.

Mrs. E. C. Hammett gave a pedicure to Mrs. H. L. Hershey to demonstrate the third part of the program. She stated that "the feet show all the time; even with the shoes on."

Frown lines on the brow, a pained expression on the face, poor posture and an unattractive walk are all signs of "hurting" feet caused by incorrectly fitted shoes and tired feet.

The next meeting will be on Nov. 7 in the home of Mrs. H. L. Hershey.

The hostess, Mrs. Lester English, served refreshments to the other members present: Mesdames Fred Autry, C. V. Burges Jr., Earl Plank, Darrell

(Continued from page 1) of the volunteers to the Jim Plack farm, nine miles north of town and three miles west.

The strong wind had whipped a fire out of control and destroyed one small building. Firemen worked quickly and put the fire out in the barn before any major damage was done to the structure.

Extensive damage was done to fence posts, some burned in two, and a hay stack was completely destroyed.

The flaming haystack posed a major problem for the firemen. They finally pulled it apart using hooks and the fire was put out piecemeal.

A house fire at the Doyle Turner, 306 Ave. H, sent firemen out again before 6 a.m. Wednesday. Only very minor damage was done to the home.

Thomason, Leon Coffin, C. V. Burges Sr., Alvis Jolly, W. P. Caldwell, E. C. Hammett, Dale Hallows and H. L. Hershey.

Sadie Lee Oliver 4-H Club Program Is 'Friendships'

The Sadie Lee Oliver 4-H Club met Oct. 20 in the home of Janice Turrentine with Janice Head as the presiding officer.

"How to attract friendships" was the subject of the program presented by Mrs. Harold Rudd. Each girl mentioned a quality she would like to see in a friend. A round table discussion about friendliness and how to make friends completed the program.

The business session included the appointment of committees. Appointed were Judith Morrison and Rebecca Jesko, recreation committee; Janice Turrentine and Deborah Jesko, finance committee; Sharon Bartels, Karen Jesko and Carol Turrentine, program committee.

Members present were Janice Green, Sharon and Judy Bartels, Judith Morrison, Lynn and Teresa Rudd, Janice Head, Janice and Carol Turrentine, Deborah, Rebecca and Karen Jesko, Deborah Thomas, a guest, Mrs. Rudd, leader and Mrs. Turrentine, the hostess.

The next meeting will be with Sharon and Judy Bartels on Nov. 3.

W. C. Russell First In Sixth Gridiron Contest

W. C. Russell, 313 Avenue K, was two games better than anyone else on last week's Brand football contest as he picked 15 winners. That earned him first place for the week and the top cash prize for the sixth go-around of the ten-week event.

No entrant was able to pick 17, so that left eight persons bunched with 16. On the basis of the tie-breakers, James Arney, 804 Union, took second place. And, keeping it in the family, Mrs. James Arney won third place on her guesses for the tie-breakers.

Others picking 16 winners were Kenneth Cowan, Ronnie Gray, Mrs. Ray D. Hennigh, Dave Hopper, W. H. Kitchens and Jim K. Wiman.

Members present were Janice Green, Sharon and Judy Bartels, Judith Morrison, Lynn and Teresa Rudd, Janice Head, Janice and Carol Turrentine, Deborah, Rebecca and Karen Jesko, Deborah Thomas, a guest, Mrs. Rudd, leader and Mrs. Turrentine, the hostess.

The next meeting will be with Sharon and Judy Bartels on Nov. 3.

Fumes...

(Continued from page 1) and one sister, Mrs. Willie Jo Smith, all of Philadelphia, Miss.; and one brother, Wesley of Adrian.

Durham was a veteran of World War II and a member of the First Baptist Church of Hereford.

Funeral services are pending with Gilliland Funeral Home.

Around...

(Continued from page 1) after more than a year of anxious waiting, Hereford is going to have a home for senior citizens. Construction should start in January on the first unit. The home will be just one more step in a better city that continues to progress because it goes out and gets what it wants, through determination and effort.

Football tickets for Friday night's Hereford - Phillips clash here are supposed to be on sale at Dub's Man's Shop and McDowell Drug, but you'd better hurry if you don't have tickets. The game is sure to be a sell-out, and probably already is.

How well I remember the excitement last year when Hereford snapped a long drought in District 1-AAA football play and beat Phillips. But, the Phillips players, coaches and fans also remember how they were taken off the unbeaten list and eliminated from the district title after the Whitefaces downed them. They'll be here in force Friday night looking for a chance to avenge that loss and Hereford can't afford to take them lightly. We know the players will be ready, but they need the support of everyone to get that extra spark that is so vital.

The Booster Club is going to do its part. After getting a Whiteface bull last week for a mascot, they have gotten a horn which sounds like a Whiteface and plan to use it for some extra encouragement at the game. They also considered the idea of using cow bells, but rejected it on

the grounds that their ears are getting a little sensitive with age. Maybe the cheerleaders can encourage the students to take up the cow bell idea.

On Thursday night, the Stanton Junior High ninth graders will play Coronado of Plainview in a single game here, starting at 7 p.m. That night, the B team will be playing in Phillips.

Congratulations again to the band. We think their rating just grand. A Division I is so hard to get. The kids are on Cloud Nine, I bet!

CARD OF THANKS
We wish to express our deepest gratitude for every card, wire, letter, and phone call, expressive of your sympathy in the recent home-going of our loved one, Mrs. D. M. Scott. Your thoughtfulness at this time will always be remembered with appreciation and great affection.

Bro. and Mrs. Howard E. Scott, Beth and David

Revenge...

(Continued from page 1) by Bowling, center, 159; Ron Rounsaville, left guard, 145; Stephen Allen, left tackle, 160; and Kenny Hunt, left end, 153; Jack Gray, quarterback, 185; Phillip Johnson, right half, 151; Billy Hunt, left half, 146; and P. R. Stiles, fullback, 160.

On defensive alignment, Bowling is replaced by Jerry Kuecera, 156; and Kenny Hunt is replaced by Phillips Mahan, 160. Hereford coach Jack Meredith said that guard Troy D Moore, hit in the eye by a flying elbow at Levelland, was not injured except for a black eye and would be in the starting lineup Friday.

End Ken Loerwald also took a hard smash from the same elbow, resulting in a loose tooth. He did not work out Monday or Tuesday but is a likely starter Friday.

Halfback Dennis Hodges, held to limited action against the Lobog after receiving a knee injury in practice, is running full speed again and will be starting Friday.

Meredith had the Herd in shorts for a light workout Monday and resumed some contact work Tuesday. Pass defense and points-after-touchdown came in for some work after weaknesses were revealed there last Friday.

Other district tilt will see Littlefield in Dumas while Levelland is idle.

Santa Fe hauls 2.3 million bales of western cotton to markets

King-Cotton has moved west. In 1945, only 36% of the nation's cotton was grown in the West. Today over 62% of it comes from states served by Santa Fe.

This year Santa Fe will haul over 2,300,000 bales of cotton to markets in 34,000 box cars—enough box cars to make up a train 284 miles long.

Hauling cotton and other important crops, materials and products from where they are grown or made to where they are needed is another example of how Santa Fe is meeting the transportation needs of a growing America.

The railroad that is always on the move toward a better way

EXAMINING PROJECTS done in Mrs. Erwin Wertemberger's crafts class during Open House at Stanton Junior High Monday night. Lynn Brisendine and Mrs. T. E. Brisendine admire some of the students' leathercraft. Mrs. Wertemberger displays art work completed in art classes, which she also teaches. (Staff Photo)

BY JIMMIE GILLENTE
No Bull Column for a long time but, as usual, I have a good excuse. The downright truth is that I have been working too hard, and have not been able to eke out the extra time. Already I can hear Woody Wilson and Earnest Langley sneaking about the remark, but it is still the truth. I can even prove it by my wife, and when a man's wife thinks he is working too hard, you can figure he really has his nose to the grindstone.

Mostly, the condition has been due to a mass turn over in help at The Brand Office. Looks as if we are about to get squared away, though. Meanwhile, thanks to all of the nice people who asked about the Bull Column. I hate to hear people complain, but it would be a lot worse if no one even noticed its absence.

Ivan Block says I have been skipping because I was afraid of Jack Paar and his tirade on newspapers and columns. I doubt if Paar ever heard of The Brand and, though I can not agree with him all of the way, I must admit that he has a point. The American Press is sometimes biased, but like the United States, it stacks up fairly well when you compare it with other countries and nations. I do wish Mr. Paar and some of his other critics would try to help build up, rather than tear down. Unfortunately, the newspapers of America are not attracting enough intelligent, alert, sincere young men and women. More girls, than boys, but still there is a shortage.

This year, for instance, Hereford High dropped journalism, citing lack of interest on part of students. A good 75 per cent of the J-students are now coming from the big cities — and 75 per cent of that number are girls.

Meanwhile, Russia is setting up one of the most fantastic propaganda machines the world has ever known. Apparently, the Communists value propaganda even above atom bombs. They operate a different type of press for sure, but it still stems from basic training in communications — and it is the one point where our country needs a lot of strength. The cold war is proof enough of this fact. Women have a real

place in communications and on newspapers, but it still doesn't hurt to have a few men around. Dad may not get in a word edgewise around home, but even Mom wouldn't be without him.

Hereford is making one journalism contribution through Suzanne Loerwald, daughter of Mr. and Mrs. Ed Loerwald. She is a featured editorial writer on the "Mount Mirror," school paper of Mount St. Scholastica college, Atchison, Kan., and after reading some of her editorials, I can see why she is getting so much recognition.

I hear that Sam Bell is managing the Triple-A office in Amarillo, having saddled his motel burden on Ernest Kendell a few months back, which reminded me about a story Jess Ford was telling about his daughter, Patsy de Herder, who is in England. Patsy's car broke down and had to be towed in for service. She remembered a AAA policy and filed for the low fee. She was paid in "pounds and pence," but Jess says in "plain American" it figured \$7.98.

Dallas Phillips has one of the nicest suburban stores in the country on Highway 385. Business on this road seems to be growing right along. Within a few more years it will probably be solid, like the present condition on Highway 60.

What happened to our pheasant hunters? A few years back, it seemed as if half of the town migrated to South Dakota about this time of the year. So far, Neil Cooper is the only verified hunter I know who turned out on schedule to open the season. Ross Latham, Dubb Reeves and Dale Timin were getting the fever for a late run this week — which they probably will.

More and more people are

A HEREFORD MAN AND HIS SON were injured early Tuesday morning as this 1949 model coupe overturned on a farm road about five miles southeast of Hereford. Injured in the one-car accident were Theodulo V. Aranda, 45, and his 13-year-old son, Rodolfo. Both were taken to Deaf Smith County Hospital where they are reported to be in good condition. The wreck was discovered by Jerry Hicks. (Staff Photo)

talking about and building bomb shelters. I hear, too, that the subject of pets is a terrific problem. Do you take your favorite pooch and let your neighbors perish, or do you toss out Flido and make room for someone you never liked anyway? However, if bombs really start falling this controversy will probably settle itself in a hurry.

G. D. Caison Jr. has been giving me a lot of static about not publicizing his new Wheel-In sign, and I have to admit that it really is nice. Furthermore, I'll bet there isn't another sign like it anywhere in the country. Just for good measure, I also notice that he recently paved his parking lot and seems to be generally on the ball. They always say other pastures look greener but, so far as I am concerned, the cafe business is one racket I wouldn't want to tackle.

Slim Wester caught a 38 or 39 pound fish a month or two back, and has practically disap-

peared from his usual haunts. He is either working up a storm, or has decided that he is an expert with a trot line. Maybe both.

This has been a travel year for W. O. Shelton; first it was Atlantic City, N. J., then California. W. O. is still telling a lot of tall tales about the country. He says they had to come back because they ran out of relatives — and things are pretty tough out west if you don't have an inside track.

Just to prove it is a smaller world than most of us realize, I had a letter from a publisher in Kosciusko, Mississippi, and remembering that Jim Roberts was from this part of the country, I asked if he knew the man, Jim says, "Sure. He's my cousin." Mr. Bravly, the telegraph man, also hails from this section, along with Mrs. Brawly, who lived in Kosciusko. This was quite a shock to me, since it is usually safe to presume that most non-natives in these parts come either from

Tennessee or from Oklahoma.

At Uvalde, Texas, the newspaper is The Leader-News, and they have come up with an innovation on subscription prices, advertised as follows: "65.19 in Texas; \$5 anywhere outside of Texas." The reasoning is explained in a footnote which reads: "Of course it is worth more to live inside Texas!"

GATOR TECHNIQUE
MIAMI, Fla. (AP) — The bull alligator is a regular casanova, with a real he-man technique. Ernst Christensen, Everglades National Park naturalist, says a male alligator establishes his domain, lets out a frightening roar audible for a mile, and then waits for the girl 'gators to come running.

"And they've been getting away with it for thousands of years," says Christensen.

Lake Superior was discovered in 1623 by a Frenchman named Brule.

Paul Stevens Asks Study Of Schools

Paul Stevens, Hereford Rural High School District superintendent, speaking at the noon meeting of the Rotary Club here Monday urged all civic clubs to set up committees to study the enrollment problem which may be facing the Hereford School system.

Enrollment is up almost 200 students over last year, Stevens told the group. It is the highest it has been at any time, and there is little space in any of the schools to take care of other increases.

"We are not sure what will happen in the future," he said. "The community is facing changes in agricultural labor with the recent change in the law governing Mexican laborers."

"There is the possibility of a sugar beet mill being built here," he said, "plus the allied industries which will come with it. This will mean an increase in the number of families moving to the city."

The committees would meet with the school board to study the problem at a future date, Stevens said, and make possible recommendations for the solution to the problem.

In his talk, he also pointed out such additions to the system as the counseling program, the music program for junior high and elementary schools and the Americanism program

Safety Program For HD Meeting

Eleven members and one guest answered the roll call, by telling of the hazards that had been eliminated from their homes, at the meeting of the Young Homemakers Home Demonstration Club on Tuesday, Oct. 17, in the home of Louise Stutts.

Pat Clark called the meeting to order and Jeanne Jackson gave the opening exercise. Pat Shaw gave a financial report of the club and Christine Evans gave a report of the reporters meeting attended on Oct. 9. Teams were chosen for the candy sale to be held soon with the losing team treating the winning team with a salad luncheon.

An interesting program, on safety in automobiles and the necessary precautions for the safety of children, was presented by DeLois Brothers.

Refreshments were served from a table decorated in the Halloween theme, to Pat Clark, Sandra Brown, Alice Burgess, Sue Caywood, DeLois Brothers, Pat Shaw, Jeanne Jackson, Christine Evans, Verleen Wooley, Evelyn Johnson, Janet Lowry and the hostess, Louise Stutts.

EXPLAINS THE PROBLEM
GASPORT, N. Y. (AP) — Miss Ida Hofert, who has been a school teacher for 51 years, says gradeschool students are "mollycoddled" in the teaching of mathematics.

"We teach mathematics like it was all one big game," she says. "Then all of a sudden we drop the game and shove the children out in the cold world problems."

In measuring the effectiveness of the school program here, Stevens said, students in the top 50 per cent of graduating classes were checked. Not a one has failed one hour of English in college.

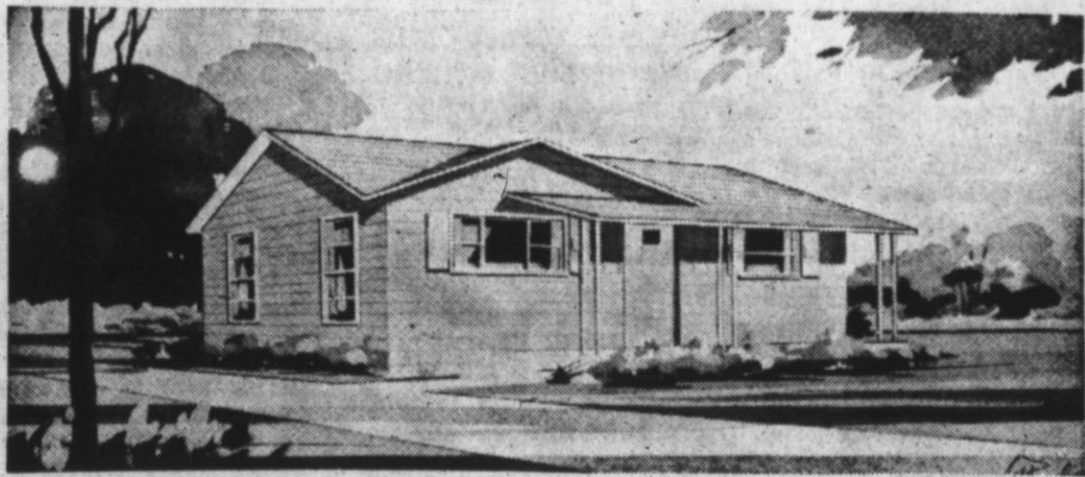

The strongest studies in the system, he continued, are math and science. The weakest is social studies.

He also discussed attendance at Hereford schools this year. Attendance is up due to the program started by County Judge Don Zimmerman and through the cooperation of the Sheriff's office.

Higher attendance, he added, is actually saving the school district money. However, the primary interest is keeping the children in school.

In discussing plans for the future, Stevens, told of a proposed foreign language program to begin in the elementary schools. Only conversation would be taught with grammar to be picked up at the junior high school level.

The program ended with a short question and answer period. Stevens was introduced by Kendall Williams.

The artists conception of one of the new Reliance Homes built for Mr. and Mrs. William H. Knox is shown above. This new home has been built at 406 Lee St. and is occupied by Mr. and Mrs. Don Chaney, new residents of Hereford. Foxworth-Galbraith Lumber Company, builders of the popular line of Reliance Homes call this model the Blue Bird.

Foxworth-Galbraith offers a choice of many other plans and designs built to varying stages of completion. Each carries the company's written warranty against defective materials and workmanship and a mortgage payment plan which guarantees full payment in case of death.

Open House will be held Sunday afternoon from 2 to 5. Officials of Foxworth-Galbraith will be on hand to answer any questions regarding Reliance Homes. The public is cordially invited to see this new development in housing.

PREPARING A FAVORITE one-dish meal is she has. Since she is a full-time worker, Mrs. W. B. Dowell, 131 Ave. A. Mrs. Dowell, she must plan her work and use time as efficiently as possible. (Staff Photo)

LET'S COOK SOMETHING

One-Dish Meals Fit Time Budget Of Working Mother

Mr. and Mrs. W. B. Dowell, (Bartley and Jean), live at 131 Ave. A with their two teenage sons, Randy and David. The boys are students in Hereford High School, Bartley is associated with a local accounting firm, and Jean is a dental technician. The Dowells are active members of the First Methodist Church.

Jean is a busy wife and mother and is employed as a full time worker too, making it necessary to plan her time and work at home as efficiently as possible. The time allotted for cooking, in the time budget is small, so Jean prepares these favorite one-dish meals in the electric skillet for her "hungry men."

Heat one cup juice to boiling point and add to jello, then add the remainder of the juice and the salt. Let thicken and add apples and nuts.

Hamburger Macaroni-Casserole
2 tablespoons fat
1/2 cup chopped onion
1 lb. ground beef or 3/4 lb. beef and 1/4 lb. sausage meat
1 no. 2 1/2 can tomatoes
1 cup diced celery
1/2 cup green pepper, chopped
2 teaspoons salt
1/2 teaspoon celery salt
pepper to taste
1 teaspoon Worcestershire sauce
1 8 oz. package of elbow macaroni; cooked, rinsed and drained
Grated cheese

Preheat skillet to 360 degrees, add fat. When melted, add onion, fry, stirring until just beginning to brown. Add meat, fry, stirring frequently until browned. Pour off excess fat. Add tomatoes, celery, green peppers, seasoning and cooked macaroni. Bring to boil; cover and turn up dial to 220 degrees. Simmer about 30 minutes, stirring occasionally. Sprinkle with cheese. Serve directly from the skillet.

Frankfurter Casserole
1 lb. sliced frankfurters
2 tablespoons butter
1/4 cup diced onion
2 1/2 cups uncooked noodles (4 oz.)
1-10 oz. can condensed tomato or mushroom soup diluted with an equal amount of milk
Grated cheese
Preheat skillet to 360 degrees, add butter. Melt. Add sliced frankfurters and onions. Brown, stirring frequently. Add noodles and soup. When boiling, cover and simmer at 200 degrees for 30 minutes, stirring occasionally. Sprinkle with grated cheese. These salads can be made days ahead.

Cranberry Juice Salad
1 pint (2 cups) cranberry juice
1 pkg. lemon jello
1/4 teaspoon salt
1 cup chopped apple

DEDICATION CEREMONIES for Owen Hall, a new women's dormitory at Wayland Baptist College, honored Dr. A. Hope Owen, president. Present at the ceremonies were all of Dr. Owen's immediate family and others in the family group. Standing, from the left are Mrs. Gene Owen and Gene Owen, Plainview; T. D. Owen, Duncan, Okla.; G. P. Owen, Hereford; J. B. Harlin, Hereford; Mrs. Harlin; Mrs. Tom Hargrave, Hereford; Mrs. O. R. Tipps, Wichita Falls. Seated from the left are Mrs. A. Hope Owen; Jeffre Ann Owen, eldest granddaughter; Dr. Owen; Mrs. Jack Robertson, Hereford; and Mrs. George K. Hunter, Shawnee, Okla. Jeffre Ann unveiled the oil portrait of Dr. Owen during the ceremonies dedicating the new dormitory.

RECEIVING RECOGNITION at the dedication of two new buildings at Wayland Baptist College were Mr. and Mrs. J. R. Allison, left, Hereford, who with Mrs. H. G. Conkwright, Hereford, gave funds to make possible the erection of Allison-Conkwright Hall. Tribute was paid these members of a pioneer West Texas family by Tom Z. Parrish, vice president of development, at the Monday afternoon ceremonies when Owen Hall, named for President Albert Hope Owen, was also dedicated. The Allisons were given a rising vote of thanks by students, faculty and several hundred guests. Mrs. Conkwright was unable to be present. Allison-Conkwright Hall is the third unit in the new married student area and contains eight family units. It will be filled to capacity as is all married student housing at Wayland.

HEREFORD RESIDENTS HONORED

New Dormitories Dedicated At Wayland Baptist College

Plainview (Special): — Ceremonies dedicating two new structures on the campus of Wayland Baptist College Monday afternoon honored Dr. A. Hope Owen, Wayland's president, and the J. R. Allisons, and Mrs. H. G. Conkwright of Hereford.

Approximately 300 persons attended the dedication ceremonies in Owen Hall parlor for the new woman's hall and Allison-Conkwright Hall. Among the guests were all of the living brothers and sisters of Dr. Owen and others of his family. Some 165 parents from Louisiana, California, Oklahoma, New Mexico and Texas had registered earlier for Parents' Day activities. In honoring Dr. Owen, for whom the newly opened residence for young women is named, J. D. McPhaul, chairman of Wayland Board of Trustees, Lubbock, called attention to the outstanding leadership of Wayland's seventh president.

"Few college presidents in so brief a time can show such a list of accomplishments as can Dr. Owen," said McPhaul. "Since July 1, 1953, Dr. Owen has led Wayland Baptist College into a new era of growth in academic prestige and in physical plant. Coming into the presidency from the pastorate of First Baptist Church, Plainview, and a six-year appointment as a member of the Wayland Board of Trustees, Dr. Owen was familiar with the problems that beset the college, as well as the potential for the development of a truly outstanding four-year liberal arts college in the framework of the Baptist General Conv. of Texas. "Dr. Owen's first declared objective was the raising of faculty salaries to maintain and to recruit a vigorous and stimulating faculty. In the eight years of his leadership, faculty salaries have more than doubled and the preparation of the faculty

has had great emphasis. In 1961-62, Wayland's faculty is nearly twice as large as it was in 1953 and rates high in number of doctorates held and in number approaching completion of doctoral requirements. "Another high mark was reached when membership in the two top accrediting agencies, Southern Association of Colleges and Secondary Schools and the Association of Texas Colleges, was granted in 1956," McPhaul pointed out. "One has only to look around to see how the physical plant has been expanded under the leadership of Dr. Owen and the man he chose to work with him in development, Tom Z. Parrish, vice president of developmental services, who organized Wayland Associates, the West Texans responsible for funds to erect Owen Hall," he continued. Audit for buildings constructed on the Wayland campus since 1951 shows over \$1,100,000

has been spent, including cost of Owen Hall and Allison-Conkwright Hall. "It is with admiration, gratitude and appreciation that the Wayland Baptist College Board of Trustees today dedicate Owen Hall in his honor and with appreciation to all who have had a part in planning and in giving toward its erection and furnishing," concluded McPhaul. "Our hope for the future is that the young women who will live in Owen Hall may be as truly dedicated to their Christian tasks so that their Christian influence will reach as far as that of President Albert Hope Owen and

the charming woman who shares with him his duties and his joys at Wayland." The tribute to Mrs. H. G. Conkwright and Mr. and Mrs. J. R. Allison, Hereford, whose generosity helped make possible the construction of Allison-Conkwright Hall for married students, was paid by Parrish. "Mrs. Conkwright is a benefactor who has given generously to other Wayland causes in the last 15 years," said Parrish. "Mrs. Conkwright with her husband, now deceased, has helped make the Panhandle - South Plains an area of economic stability and Christian culture and influence. Her interest in Wayland has been kindled by her desire to make Wayland a first rate Christian liberal arts college in the fast-

est growing area of the state," Parrish said. Mr. Conkwright died in 1945. Mr. Allison, and his wife, daughter of Mrs. Conkwright, are long-time friends and benefactors of the college. Allison became a Wayland trustee four years ago and a Wayland Associate in 1960. One of the highlights of the dedicatory ceremonies was the unveiling of an oil portrait of Dr. Owen by his eldest granddaughter, Jeffre Ann Owen. The portrait was painted by Armin Stock, St. Louis, Mo. H. L. Mitchusson, Wayland's business manager, presided over the meeting. The invocation was given by Miss Katherine Smith, Sluton, president of the Owen Hall Council. Music was provided by the Treble Tones,

American Legion Will Hold Spring Convention Here

The spring convention of the American Legion's District 18 women's chorus directed by Dr. Joseph O. DeLage, head of the music department, and the International Choir directed by James D. Cram.

Recognition was given the architect - Herbert Brasher of Brasher - Goyette, Lubbock, and the building superintendent, Earl Perkins of Wayland. Concluding the ceremonies Dr. J. Ralph Grant, Wayland trustee who is pastor of the First Baptist Church, Lubbock, gave the prayer of dedication.

will be held here, announced Grant Hanna, commander of the local Legion Post.

Site of the 1962 convention was selected by delegates to the fall meeting held Oct. 21-22 at Perryton. Other towns in the district seeking the convention were Borger and Childress.

Delegates from the Hereford Post 192 asked the delegates to consider this city as the place for the convention. Attending the meeting were Mr. and Mrs. Ira Ott, Arch Dobbins, Mr. and Mrs. Carlos Vaughn, Mr. and Mrs. Hanna, and Mrs. W. J. Frost.

The convention here will bring delegates from 28 American Legion posts located in the Panhandle and South Plains.

Layman Speaks At KC Meeting

The quarterly communion breakfast of the Knights of Columbus, Council 2778, Hereford, was served to 250 Knights and guests on Oct. 8. Hi-fi stereo music was enjoyed during the meal that was served by St. Anthony's Guild in the school auditorium.

A. C. Moses Jr., outstanding Catholic layman from Dallas, was the speaker for the occasion. His comments and enthusiasm were appreciated by his listeners. Mrs. Moses accompanied her husband to Hereford and attended the breakfast.

In the afternoon, Mr. and Mrs. Moses toured the area around Hereford to observe methods of irrigation, cattle feeding operations and farming. Grand Knight Tom Albracht, Mrs. Albracht and John Warren conducted the tour for the visiting dignitaries.

Rural Residents Start Naming Their Own Roads

BY ARGEN DRAPER
It's good to see some roads and homes being named. W. A. Gearn has named the road in front of their house and along the grape vineyard. What could be more fitting than Vineyard Road. I think a sign should be put up over the Harrison Highway, too.

From the compliments the club women received on the Hot Spicy Punch that was served at the Federation Tea you may want this recipe.

Hot Spicy Punch
Tie in cheese cloth or put in large metal tea bag:
1/2 cup tea leaves
4 sticks cinnamon
6 whole cloves
Submerge in 2 quarts boiling water. Remove from heat, let steep ten minutes.
Remove tea bag — add:
1/4 cup sugar
1 cup lemon juice
1 cup orange juice
1 quart pineapple juice
2 cups cranberry juice
2 quarts elder (Use full flavored sweet elder)
Heat just to boiling, stirring to blend. Pour into 2 gallon punch bowl 2 quarts ginger ale. Then

pour in hot tea. (a metal spoon in punch bowl will keep the hot liquid from breaking it) (For a one-gallon punch bowl use 1 qt. ginger ale and half as much of the hot tea mixture.)
Mrs. J. E. Warrick Sr. has a new way of preventing weevil damage in dry beans and peas. As soon as the peas are shelled and cleaned she puts them in the freezer for three

Bippus HD Club Members Give Safety Program

The Bippus Home Demonstration Club met recently with Mrs. G. V. Hall as hostess. Roll call was answered by giving a hazard around the farm that should be eliminated and a hazard to be eliminated in the home.
Officers elected for the new year were president, Mrs. J. G. Fortenberry; vice president, Mrs. Elmo Hall; secretary, Mrs. C. F. Homfeld; reporter, Mrs. G. V. Hall; council delegate, Miss Christine Fortenberry.
"Safety" was the program subject with Mrs. Elmo Hall giving an interesting talk on "safety of the child," stressing importance of watching the child who is unaware of the dangers about him. Mrs. G. V. Hall talked about "safety on the highways." "Safety on the farm" was the subject of the talk given by Mrs. C. F. Homfeld.
Mesdames Argen Draper, Elmo Hall, G. V. Hall, C. F. Homfeld, J. G. Fortenberry and Miss Christine Fortenberry were present for the meeting.

Football Contest Standings

Mrs. Pat Voyles, Ronnie Gray, and Jim Wiman still claim a slight lead in the Brand Football Contest after six weeks, and a total of 120 games. New entries are still joining the race to compete for the weekly cash prizes, and the winner at the end of the contest will earn Cotton Bowl tickets.

W. F. Vanderburg

W. F. Vanderburg Slated To Speak At Church Here

W. F. Vanderburg, Amarillo, field representative of Wayland Baptist College in the northern Panhandle, will speak at all services of the First Baptist Church here Sunday, Oct. 29.

The Rev. B. L. Davis, pastor of the church, will be speaking at a revival meeting at the Oak Street Baptist Church in Colorado City, Tex.
In his work at Wayland, Vanderburg is part of the staff of the office of Development, which is headed by Tom Z. Parrish, vice president of developmental services.
Vanderburg, who had been pastor of First Baptist Church, Clarendon, for the past four years will speak for Wayland at churches and assemblies and visit with prospective students and their families.

A Wayland graduate with the B. A. degree, Vanderburg also holds the B. D. degree from Southwestern Baptist Seminary, Fort Worth. While at the Seminary, he was pastor of Otter Creek Baptist Church, Snyder, Okla., and mission pastor for First Baptist Church, Pawhuska, Okla. He also served as mission pastor for First Baptist Church, Pampa, and pastor of Hobart Street Church, Pampa.

In Clarendon, Vanderburg was active in Chamber of Commerce, Boy Scouts of America and the Lions Club. Before entering Wayland as a student to prepare for the ministry, he managed Standard Food Markets in Pampa. The Vanderburgs, who now live at 2823 Lloyd Drive, Amarillo, have two young daughters.

CARD OF THANKS

We wish to thank everyone for the cards, flowers, calls and the many kindnesses extended to us during the illness and death of our wife and mother. May God's blessings be with you all.
The family of Roberta Mathers

Flag Day commemorates June 14, 1777, the day the Continental Congress, meeting in Philadelphia, adopted this brief resolution: "Resolved that the flag of the United States be 13 stripes alternate red and white, that the Union be 13 stars white in a blue field representing a new constellation."

'Deaf' Smith Says

TO: The Spirit of General Sam Houston
FROM: The Spirit of Erastus "Deaf" Smith

SUBJECT: Scouting Report on the Aviation and Beautification Projects of My Chamber of Commerce

In the new budget and program of work of my Chamber of Commerce, Sam, there are direct budget allocations for the Aviation and Beautification committees. These have both been very active committees working entirely without a penny but still managing to accomplish a lot through individual and group hard work.

The Aviation program is divided into two parts. The first says "Undertake those projects which will promote the development of both private and commercial aviation." The committee has a ready discussed many of the physical improvements which would improve the airport facilities with the City and with the airport management. The city has recently completed extensive replacement of the runway wiring and lighting and now has an excellent lighting system. The city has also regularly mowed and cleaned the airport property. A major improvement that will someday be re-

quired will be an additional paved runway at right angles to the present one.

The second project is "Enter a plane each year in the All Texas Air Tour." This might come under the aviation committee or it could come under community publicity. This would be an excellent opportunity for Hereford to visit a good many communities where they would have the opportunity to talk about the industrial and agricultural opportunities available here.

The Beautification Committee, headed by Mrs. Irving Alexander, has been most active this year but feels that its work has only begun with the naming of a town flower. The program, as outlined, is a very general statement "Aid and encourage the Beautification committee in their efforts to make Hereford and Deaf Smith County the garden spot of the High Plains." The members of the committee have discussed the desirability of adding more flower boxes both in the downtown area and in the Park Avenue area. Park beautification is another project hardly begun. Promoting of the planting of the Peace Rose, the town flower, will require publicity and assistance.

Some people have been heard to comment that they are not interested in Aviation, or that they keep their place clean and plant the flowers they want — and can't see where these are projects of the Chamber of Commerce. The existence of an airport at Hereford is a demonstrated asset to the community in industrial development as well as agricultural service.

But not having an airport is not enough. It represents a very large investment by the public, many of whom have no direct or indirect interest in flying. Informed of the many activities which occur at the airport, most will recognize that this was money well spent and an investment which pays them dividends. The Aviation committee has continued to carry on activities which would call attention to the importance of aviation to our area.

Many industries today, as I

have often pointed out, Sam, look not only to the normal economic factors present in a community — transportation, power, market, land and taxes — but also look at the community itself as the place of residence of their personnel. If the town is clean and appears to have pride in the beauty of its homes and businesses it can often be a positive factor in location decisions. These are the reasons that the Chamber is concerned about Aviation and Beautification. They are as much a part of the economic growth of the community as is direct industrial development work.

That's my report for this time, General. Next week I'll report to you on the Tourist and Convention Program, another important economic development activity of my Chamber of Commerce.

Book Review At Bay View Study Club's Meeting

The Bay view study Club met Thursday, Oct. 19, at 3 p.m. in the Flame Room of the Pioneer Natural Gas Company, with Mrs. J. M. Gillentine as hostess.

After a short business session, Mrs. Jack Gilliland presented the program, an interesting review of the novel, "The Waters of Kronos" by Conrad Richter.

In this haunting novel, Conrad Richter writes of the journey of John Bonner, who goes back to the town where he was born, hoping to find the meaning of his deep unrest; but the town he seeks lies at the bottom of a modern dam made by the river Kronos. How he has gone back to the waters of Kronos to

truly see himself again and his deal departed family, who all appear young to him again, forms the basis of this story and his religion.

Members attending were Mesdames Phillip Barkley, Richard Barnard, Lee Benefield, Colby Conkright, Howard Gault, J. W. Kirby, Jack Gilliland, Wm. F. Hardwick, Ansel McDowell, John McLean, Carl Perrin, J. W. Spradley and the hostess, Mrs. Gillentine.

GUEST SPEAKER

Mrs. Henry Turner was hostess to the Harmony Music Club in her home on Tuesday, Oct. 17, at 8 p.m.

Mrs. Turner called the meeting to order and introduced the speaker, Mrs. Charles Duval. Mrs. Duval presented the program on "Alcoholism and Its Effect on Our Children."

Refreshments of punch and cake were served to Mr. and Mrs. Frank Ford and children,

Bud To Blossom Clubs Meeting At Mrs. Patton's

Mrs. W. H. Patton was hostess to the Bud to Blossom Garden Club on Oct. 20 in her home. Refreshments were served as the guests arrived, bringing their own individual flower arrangements of both fresh and dried materials. The members judged and scored the arrangements and discussed points of merit or improvements that might be made.

The club members will add new bulbs to the peony garden at the Community Center.

Those present for the meeting were one visitor, Mrs.

Mrs. U. V. Pierce and Laura, Mrs. Joe Curtsinger, Lana Turner and Mrs. Henry Turner.

Clyde Sherrod and Mesdames Ernest Kendall, Ira Scott, Delmo Williams, Glenn Willi a m s, P. L. Carmichael, Ray Frye, Lloyd Sharp, R. A. Daniel, Don Bilbrey, Clinton West and W. H. Patton.

ATTEND REUNION

Mr. and Mrs. R. C. McGilvary have returned from a trip to Mexico to attend the annual reunion of World War I veterans of 144th Infantry, 36th Division. Thirty two veterans and their families attended the reunion held at old Fort Parker. The McGilvays' visited their daughter, Mary Helen, in Fort Worth on the return trip.

Herd Hosts Phillips After First District Win

Hereford's stout-hearted never-say-die Whitefaces will put their clean district mark on the line this week as they face the powerful Blackhaws from Phillips in Whiteface stadium. The 8 p.m. kickoff time should find a record crowd on hand to witness one of the most important and exciting games of the season.

Junior Supper Slated Before Game Friday

Spaghetti and meatballs, or fish, will be the order of the day as the Junior class sponsors a supper preceding the important Phillips-Hereford district tilt here Friday night.

With pert little Jenny Holt serving as the Annual Queen candidate for the Juniors, the class will have its yearly Annual Queen projects beginning at 5:30 p.m. Friday, in the high school cafeteria.

During the supper, a transistor radio will be raffled off to some person attending the affair.

Also on tap will be a bake sale given by the class, with proceeds going to support the Junior candidate for the queen. All cakes, pies, and cookies will be home-made by mothers of Juniors.

Don't forget to be on hand as the Junior class sponsors its spaghetti and meatball supper just before the big game Friday. Tickets may be purchased from any Junior, or at the door Friday night.

BEAT PHILLIPS!!

of the mighty Herd has been well earned.

Boasting a 1-0 district mark after upsetting a tough crew from Levelland last week, the fighting Herd will try for the second step in their run for the district 1-AAA crown. The visitors from the land of oil bring a misleading 0-1 district record into the contest after dropping a close one last week to the highly rated Littlefield eleven.

Not only will the Hawks be fighting for survival in the district race but will carry with them a vivid memory of last year's crushing defeat at the hands of the upstart Herd that put them out of contention for the district title.

This memory and desperate need for a victory, coupled with the prowess of the running of big Jack Gray, will provide the toughest test the Whitefaces have had to face all season.

Gray and company will feature one of the biggest and fastest forward walls in the district along with a rock-ribbed defense that has impressed many coaches in this area. Fans on hand for this one can expect to be treated to an evening of wide open football stacked and packed with thrill after thrill as these two foes fight it out in a no-holds-barred affair.

The rejuvenated Jack Meredith-led boys from Hereford will most likely be rated once more as the underdogs in the Friday night affair. And if nothing but speed and size, were taken into consideration, this prediction could hardly be questioned—but the herd from Hereford has shown what hard work and determination both on the part of some 25 hardened high school boys and a small staff of qualified down to earth coaches can do.

Add all this to a school bursting at the seams with spirit and a town loaded with support and the odds come out about even.

BEAT PHILLIPS!!

CAUGHT IN THE ACT of applying somewhat shady tactics in an effort to bring down the Herd's Mack Canler is Benny Tyler, Levelland back. Hereford won the unusually penalty-free game 20-12 at Levelland Friday night in the district opener. The Whitefaces tackle the Phillips Blackhaws here Friday night in their second all-important conference tilt.

Protesting Loudly, Slaves Enter Bondage On Friday

Perryton Enters District Circle

As if the Whitefaces don't have enough problems trying to win a district crown this year, it will be even harder next season.

University Interscholastic League officials announced last week that the Perryton Rangers will join District 1-AAA sports competition during the 1962-63 season.

Perryton will join Hereford, Levelland, Littlefield, Dumars, and Phillips in the district circle. This will mean that the Herd will have to drop at least one non-district tilt next year, leaving only five football games to prepare for district battles.

By no means a stranger to the Whitefaces, Perryton dropped out of the Herd's district in 1955. In the last three years that the teams met, Perryton claimed two of the games and granted one tie. Perryton dealt the Whitefaces one of their two losses in 1955.

Perryton remains a power in district 2-AA this season, under a new coaching staff.

BEAT PHILLIPS!!

Hi ho, hi ho, it's off to work the sophomores and Juniors unhappily go, as the Hereford High School Student Council sponsors its annual "Slave Day" at Hereford High School.

Sponsored by the council in order to raise funds for its many activities, "Slave Day" presents the opportunity for high school seniors to finish some of their tasks that have been put off so long... while underclassmen may as well prepare for the worst of things.

The fact that is outstanding in this sale, is that it is involuntary who will be a slave, so any "untouchable" (senior) may purchase any, or as many "unfortunates" as his heart desires... boy or girl. They will be in bondage from the start of school Friday morning until after the game that night.

It may be left to the imagination some of the services the slaves will be required to perform. One enterprising boy, it has been reported, is buying three slaves—two boys to carry him around on a platform with a chair on it, and a girl to walk beside him to fan him.

All three are to chant "Alah, senior! Alah, senior!" Now, isn't this a wonderful project

for three lucky underclassmen to look forward to? Wonder who they will be? Any one yet desiring a slave should get in touch with Jim Reinauer.

Then there will be, of course, the usual tortures invoked on the "unfortunates" by the "untouchables," like pushing B-B's

National Honor Society Members Honored Tuesday

New members in the National Honor Society will be honored at a formal initiation ceremony held in the Hereford High School auditorium on Oct. 31, during an assembly program at 10:45 a.m. This ceremony is to give public acknowledgement of the new members who have met the high scholastic standards and quality of leadership, service, and citizenship standards required by the national organization.

Students to be admitted will dress semi-formally. At this ceremony, the honor students will be presented with their membership cards and enrolled formally.

The public and parents are cordially invited to attend.

BEAT PHILLIPS!!

All-School Play Cast Announced

Depicting hardships placed on Jews during the second world war, a young girl's diary forms the basis for the upcoming Hereford High School presentation of "The Diary of Anne Frank."

Written by a 13-year-old Jewish girl, the diary which was found years after the war presents a stirring award-winning script which will be staged by Theatians and other high school students.

Exact date for the production has not been selected due to the many conflicts during the latter part of November, when the play was originally slated.

Directing the drama will be Mr. James Hinkley, head of the speech department and Theatians sponsor at Hereford High.

Selected to portray the lead role of Anne Frank was Kay Seamands, a Junior. Others in the 11-member cast are Anne's father, Mr. Frank, played by John Fowlkes, while Kay Neil appears as Mrs. Frank.

Janice Higgins will be Margot, Anne's older sister. Shari Joe Carmichael enacts the part of Meip, the young lady responsible for supplying food to the hidden Jews.

Mr. Kraller will be characterized by Curtis Crowell, while Richie Albracht will play Mr. Dussell.

(Continued on page 2)

A VIRTUALLY BARE STAGE was the setting for tryouts for the all-school play and the musical "South Pacific" last week, as both dramatic productions began preparing for their separate productions. Cast members for "The Diary of Anne Frank" read parts above. Kay Neil, at left, landed the role of Mrs. Frank, while Kay Seamands at center portrays the lead of Anne. At right Janis Higgins plays Margot, Anne's sister.

CROP Trick-or-Treat Slated On Halloween Night

Halloween Oct. 31, is the day set for the annual CROP drive. All students in high school and Junior high are urged to participate in this drive. CROP stands for the Christian Rural Overseas Program which was set up by the National Council of Churches to feed and clothe the needy people all over the world.

The goal for CROP this year in Deaf Smith County alone is over \$1,500. This is a raise over the goal last year.

Hereford has always been known as one of the most generous cities in the nation. She has never failed to reach the goal set for CROP and for the last two years Hereford has given more to CROP per capita for a town of this size than any other in the United States.

All interested students are urged to meet in the basement of the First Methodist Church at 7:30 p.m. Tuesday. Here they will be given badges and assigned streets to cover. This will be a door-to-door campaign with each home in Hereford being covered.

The drive will climax in the basement of the First Methodist Church with refreshments and fellowship. Mickey Stevens, the food chairman, assigned different churches to bring foods.

Mickey Bonesio and the members of his committee are dividing Hereford into districts and posting them on a map at the headquarters. Slips of paper with the street names and numbers will be given to the students when they arrive.

The high school officers of

Behind The Lockers

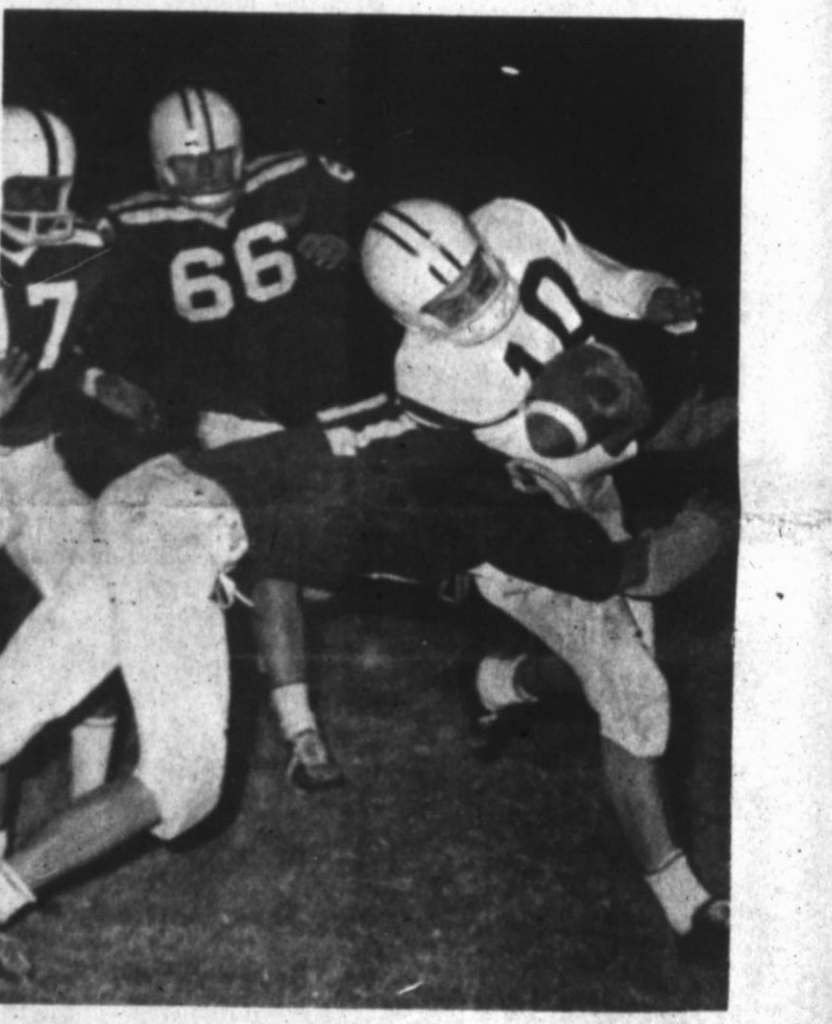

Linda, Patsy, Dianne, and Nicky—I hear you really do like some Amarillo boys. They really must be something, judging from the way you go so often.

Joy and Jan Story really have a hard time parallel parking. Did you girls say that you got your driver's license at a certain drug store? I understand Joy has some influence there.

Jay Boynton and Dennis Rickman have a racket going in getting people out of activity period.

Sharon Hill had a hard time with the three boys she was riding around with the Friday night of the open date. She had a

QUARTERBACK AUSTIN HODGES is about to reach a sudden stop on a 15-yard gainer here Thursday night as a Littlefield Wildcat comes in for the tackle. The Wildcats tied the Herd Bees 20-20 in a surprising game as the Wildcats scored on the last play of the game. The Bees travel to Phillips Thursday to take on the tough Blackhaws.

{Whiteface Photo}

Whitefaces Welcome 'Scat'

Through the efforts of the Hereford Whiteface Booster Club and the courtesy of Stanley Metcalf, a HHS Junior, the Whitefaces now have an official mascot.

Nicknamed "Scat" after high school principal L. B. "Scat" Russell, the registered Hereford comes from the championship Mischief Stock at Logan, N. M., as only the best is good-enough for the Whitefaces. His real name is Onward Mischief 39.

Owned by Stanley Metcalf, the 750-pound bull was purchased only two months ago by Stanley, Stanley and Jackie Lee are in charge of transporting and taking care of the prized mascot.

Actually the Hereford Booster Club is responsible for attaining "Scat's" services. The Boosters decided that the Whitefaces deserved a mascot, and then set about the hard task of locating the suitable Whiteface.

Originally the mascot was to be one donated by Foster Hill of Hereford, but the young bull had "too much spirit" to handle. After finding Onward Mischief, the Boosters borrowed him for the honorary mascot.

Mischief has behaved excellently during his first two appearances, at the pep rally and ball game Friday. The young bull still commands a respectable distance from most onlookers, however.

Apparently he does his job well as the Whitefaces and fans at Levelland gave him a hearty welcome.

Although a good-natured bull, Scat has put in his comical comments when he has a chance. Whiteface coach Wil-

(Continued on page 2)

Navy Laws, Ladies Clash In South Pacific Paradise

One of Broadway's greatest hits comes to Hereford soon as the musical department of Hereford High School presents "South Pacific."

"South Pacific," the romantic musical written by Oscar Hammerstein II, with musical score by Richard Rodgers, presents the world's all-time favorite subject—love—in the beautiful atmosphere of the tropical Pacific Isles.

Navy regulations and Navy nurses clash in a romance-based musical which brings both tears and chuckles.

Directed by Don Moore, high school choir director, the play goes into rehearsals this week. Members of the cast were selected last week during lengthy tryouts for parts.

Assigned the lead role of Emile DeBeque was Mickey Bonesio. Opposite Bonesio as leading lady is Joyce West, playing the part of nurse Nellie Forbush.

Mary Albracht and Walker Parris also have lead roles in the 28-member cast. Albracht appears as Bloody Mary, while Lt. Cable will be characterized by Walker Parris.

Orchestration for the production will be furnished by members of the Hereford High School concert band, under the direction of Ben Gillehon.

Five weeks of rehearsal lie between now and Nov. 29 when "South Pacific" opens. The show joins a growing list

(Continued on page 2)

Stunt Night Set; Entries Accepted

No one knows yet who the Annual Queen is for the year. Will she be Judy, Jennie, or Ruth Ann? The queen will be presented at Stunt Night, and no one will know until then who she is.

Stunt Night will be held Friday night, Nov. 17, at 8 p.m. in the high school auditorium. The purpose of Stunt Night and the Annual Queen race is to make money to help pay for the annuals. This money enables the yearbooks to be purchased for a lower price—approximately one-half of the regular purchase fee.

All classes, clubs, and organizations are expected to participate in Stunt Night with a stunt. The sponsors of the clubs or responsible for the stunts. Sponsors should let Mrs. Chisholm know the name of your stunt by Nov. 11.

The master of ceremonies will be Mr. Clarence Powell. The judges will be Mrs. Clyde Cave, Mr. Johnnie Pool, and Mr. Harlan Voyles. Prizes will be awarded for the best three stunts. First place prize is \$5, second place will be given \$3, and third place \$2.

Even if you are in a stunt the price for admittance to Stunt Night is \$5.00 for students, and \$7.50 for adults.

BEAT PHILLIPS!!

HELLO, I'M "SCAT", the new Whiteface. Since my job is to be the official Hereford High School mascot, I hope that my presence at the school's sporting events adds even more spirit to the affairs. The little cheerleader beside me is Layne Young, five-year-old daughter of Mr. and Mrs. Dale Young. She is a mascot too. Both of us hope that everyone will support the Whitefaces in their next three important district football games. {Whiteface Photo}

REP. WALTER ROGERS WRITES

Communist Tactics Change As Strategy Remains Same

TO THE PEOPLE OF THE 18TH DISTRICT:

The question is asked many times as to whether or not the Communists have changed their strategy or will change their strategy. Strategy is defined as the employment of artifice, intrigue, etc. In the light of this definition, the answer is a resounding NO! However, it is well to note that the Communists have changed their types of strategy or tactics, and can be expected to change these from time to time as circumstances require.

Their end purpose, to wit, Communist domination of the world, will not change. However, all of the tricks that can be conceived in the mind of man will be employed or re-employed when they are needed to serve the Communist cause.

If this requires a change of position geographically, politically, or otherwise, such change will be made, but the making of the change must not be misconstrued by those under attack as an indication of repentance or weakness on the part of the Communists. Those people who are presently emerging into the light of independence would do well to walk very carefully and to weigh with great care each and every step they take.

Many of these peoples who are former colonies look upon this country as the finest example that could ever be created of an ex-colony. They have looked upon us for leadership and will expect that leadership. However, many of the people in these areas are not familiar with the responsibilities, the burdens, the sacrifices and the problems associated with independence and self-government.

Hence, they are sitting ducks in many respects for the entreaties and false promises of the Communists. The Communist realize this and are exploiting it for all it is worth. In fact, this is one of the circumstances that caused the USSR to make a major change in its tactics. Prior to the emergence of these new countries, the Communists had operated primarily on the premise that they must work outward from their home bastion.

In other words, move into those countries adjacent to the

Communist countries of the USSR and Red China. Korea was an excellent example of this tactic. Laos and Viet Nam have been other examples as has the satellites in Eastern Europe.

However, a marked change has been noted by students of the Communist strategy. They have begun stepping up at great length their activities in the infiltration of countries and areas separate and apart from their homeland area, separated in most instances by areas of the Western free world or allies of the Western free world.

Cuba is an excellent example of this type of diplomacy as is the great changes that have been made in Indonesia in recent months by the Communists. Other examples are many of the countries in Africa, as well as the stepped up efforts in South America.

This does not mean that their efforts will be relaxed in the areas immediately surrounding the main Communist stronghold. The same brush fires will be continually maintained, such as Berlin; and the difficulties in the Near East countries — Laos, Viet Nam, Quemoy, Matsu, and Formosa.

The prime objective in the European area is to destroy the North Atlantic Treaty Organization, commonly called NATO, of which this country is a member. If the Soviets can mislead Western Germany into withdrawing from NATO, it will have accomplished a great proportion of its purpose. They obviously hope to do this by neutralizing Germany with any and all agreements or promises necessary to accomplish this result. Once neutrality has been accomplished, both East and West Germany will be taken into the Red orbit by force or otherwise.

It also hopes to go infiltrate Italy as to force withdrawal of that country from NATO and further weaken the organization and undermine world confidence in the power and leadership of the United States. England also will come in for internal attacks in the nature of disarmament demands on the part of Communists and Communist fellow travelers who have infiltrated the British Isles.

Much more could be said on this subject, but the main objective is to point up the continuing danger and the great need for constant alertness by all Americans and all those who look forward to freedom and a better way of life.

WALTER ROGERS
MEMBER OF CONGRESS
18TH DISTRICT OF TEXAS

ever, all of the tricks that can be conceived in the mind of man will be employed or re-employed when they are needed to serve the Communist cause.

If this requires a change of position geographically, politically, or otherwise, such change will be made, but the making of the change must not be misconstrued by those under attack as an indication of repentance or weakness on the part of the Communists. Audri Miller will act as Mrs. Van Daan, with Don Sheppard playing Mr. Van Daan. John Pavlicek will be Peter Van Daan, their son.

Reading quotations from Anne's diary is Judy Stone, Anne's off-stage voice. Using these descriptions from the diary gives the drama a unique touch.

"The Diary of Anne Frank" was written by a young Jewish girl who, along with her family and another family, hid from the Nazis for almost two years during World War II.

Hidden in a deserted office, the families survive until near the end of the conflict, living on the bare essentials of life. After the script was found following the war, it was published in the book called "Anne Frank — the Diary of a Young Girl." Francis Goodrich and Albert Hackett dramatized the story which is released by the Dramatist Play Service Inc.

Production dates and crews have not yet been selected for "The Diary of Anne Frank."

FREE REQUEST
ROGERS, Ark. (S) — A Rogers hotel recently advertised its free facilities in a vacation guide.

"Please send me your free catalogue and your free parking and your free magazine and your free booklet and thank you," came a letter, signed by "Hikmat Saleh Tutundiji, Babel, near the mosque in Mosul, Iraq."

The hotel manager promised to send Hikmat everything free, except the free parking.

A FEMALE VIEWPOINT

NORMAN, Okla. (S) — The Sunday School teacher asked her young charges what they had learned from a lesson based on I Kings, Chapter 11. No response. Finally the question was directed at Linda Allen, 11. Replied the girl: "Well, I found out one thing — King Solomon kept 700 women from being old maids."

Although...

lie Williams found this out during pep rally Friday morning, as "Scat" insisted on inserting his two-cents worth.

BEAT PHILLIPS!!
The highest temperature ever recorded in the Virgin Islands was 90 degrees, and the lowest was 65 degrees.

you to come by and explain to me about what you found in your locker.

Jessie Joe Wright has a habit of wrifling to Arnold Powell on the back of Royce Ann's black dress — with chalk.

Judy Means will start her lessons of jumping on the trampoline sometime next week. Congratulations to Joyce West, Mary Albracht, Mickey Bonesio, and Walker Farris on getting the leading parts in "South Pacific." Also I would like to congratulate Kay Seamands and John Pavlicek on their leading parts of "The Diary of Ann Frank."

Some girls told me they found a hair-net in Austin Hodges' coat, which he left in the gym. Practical jokes are the thing now. The one that topped Jay Boynton's and Linda Edwards' was the one Nancy Edwards and Dan McDowell pulled. Right, Joy?

The senior girls are really going to have to quit picking on the freshmen girls, especially about letting them out of parking spaces.

Mrs. Williams told me she was going to kick Mack off the football team if he didn't start behaving in home room.

What excited Kay Seamands so much that she fell out of her chair, got stuck and was unable to get up?

Nancy Edwards — Do you have a hard time keeping your mold from being scratched off?
Kathy — You must have been very enchanting the day you

'62 CORVAIR MONZA NEW FACE, SAME SPORTING HEART

We might as well tell you straight off: Corvair's the car for the driving enthusiast. Think that lets you out? Maybe. Maybe not.

Until you've driven one, you really can't say for sure, because Corvair's kind of driving is like no other in the land. The amazing air-cooled rear engine sees to that. You swing around curves flat as you please, in complete control. You whip through the sticky spots other cars should keep out of in the first place. (Especially this year, now that you can get Positraction as an extra-cost option.) You stop smoothly, levelly with Corvair's beautifully balanced, bigger brakes.

And Corvair's found other new ways to please you this year. A forced-air heater and defroster are standard equipment on all coupes, sedans and both Monza and 700 Station Wagons. So are dual sunshades and front-door armrests and some other goodies. You'll note some new styling, inside and out. Nice. And safety-belt installation is easier, too, and cheaper. Another extra-cost option well worth considering is the heavy-duty front and rear suspension; it turns a Corvair into a real tiger.

So you can see we haven't really done much to Corvair this year. Why on earth should we? If this car, just as she is, can't make a driving enthusiast out of you, better take a cab.

And here's America's only thoroughbred sports car, the '62 CORVETTE. We warn you: If you drive a Corvette after your first sampling of a Corvair, you may well end up a two-car man. And who could blame you?

See the '62 Corvair and Corvette at your local authorized Chevrolet dealer's

CROP...
(Continued from page 1)
those who cannot bring cars, but president Dick Plank has asked that all high school students who possibly can bring cars to do so.
Hereford High School and Junior high have done a very wonderful job in turning out for CROP in the past few years. We hope that every person who possibly can will come and help on Tuesday night. The people of Hereford are very generous to give their money for needy over the world. Let's be sure that there are enough students to visit all their homes and collect from them.
More than a million visitors a year tour the historic rooms of the White House.

Retraining Group Program Outlined

The program of the Air Force Retraining Group in restoring the armed service's prisoners to useful duty was described by Col. James A. Johnson, commander, at the Thursday noon meeting of the Kiwanis Club here.

Retraining, he said, is a different outlook in the Air Force on the handling of prisoners. It is a reform from the base guard house on up.

"Prisoners come to the group from all over the world," he said. "These are selected prisoners with some potential value to the service."

He told the group that the men who come, are given a ticket and told to report to the group. Less than one percent are brought by an escort. "If a man is interested enough to come to us on his own," he stated, "we can do something for him. By letting them come on their own, a very small percentage go awol (absent without leave)."

In the tests given the retrainees, most of them do not have a high school education, he continued. In three weeks of intensive study, men who have gotten to the tenth grade can pass the AF's grade 12 test and get a high school diploma.

"Of the men who come to us," he continued, "51 per cent are restored to full duty at full pay. This is five times as many men restored to useful productive lives than come from state and federal prisons."

The maximum stay with the group is about six months. However, the average period is 90 days. Each man has his own needs in the controlled environment, said Col. Johnson. The program is not mandatory.

The biggest known factor

as to why these men get into trouble is parental neglect, said Col. Johnson. Next is the school's influence followed closely by the community itself.

Col. Johnson ended his talk by saying, "If we cannot restore a man to full duty, we try to put him back into his old community as a better man than he was when he came to us."

Serving as program chairman for the meeting was Dr. Bruce Beene.

KIWANIS CLUB GUEST SPEAKER, Col. James A. Johnson, left, commanding officer of the Air Force Retraining Group, discusses the rehabilitation program of the group with Dr. Bruce Beene. The unit's purpose is to return prisoners to useful, active duty. Dr. Beene was program chairman for the meeting Thursday. (Staff Photo)

Funeral Services Held Monday For Mrs. Mathers

Funeral services for Mrs. Roberta Lee Mathers, 54, 120 Star, were conducted at 4 p.m. Monday in the First Presbyterian Church of Hereford with the Rev. Russell Wingert, officiating.

Mrs. Mathers died at 7 p.m. Saturday, Oct. 21, in the Lamesa Hospital after a short illness. She had become ill while attending a church meeting Tuesday in Lamesa.

Mrs. Mathers was born March 9, 1907, in Rochester, Tex. She and Paul Mathers were married Nov. 17, 1929 in Wichita Falls. The couple came to Hereford in 1929 from Canadian.

She was a member of the First Presbyterian Church of Hereford.

Survivors include her husband of the home; a son, Robert Lee Mathers of Gulnare, Colo.; a daughter, Mrs. Paula Wallace of Norman, Okla.; two brothers, Casey O'Pool of Longview, and

SUIT SUITS TAILOR

ROCHESTER, N. Y. — Tailor Bob Ryan had some olive green suiting material that he liked very much. He recommended it highly, and at least five prominent industrialists had suits made from it.

They later discovered that

Guy O'Pool of Orange, and four grandchildren.

Burial was in West Park Cemetery under the direction of Gilliland Funeral Home of Hereford.

they had identical suits, and decided to hold a party at which they would all wear them. Ryan was invited, but he had the last laugh. He showed up in one of the olive green outfits, too.

The name of a Paris street may change several times between one end and the other. For example, the Rue St. Honore becomes the Rue de Faubourg St. Honore, Avenues des Ternes, and Avenue du Roule,

Here is the most exciting new toy of the year!

The ENCO Energy Rocket
Only \$2.95* with coupon from your neighbor in a HUMBLE uniform

This Humble exclusive is a fascinating toy. So safe and easy to use, a small fry of six can run it. So much fun, even Dads will monopolize it.

Its principal parts are of Escon,® Humble's tough new plastic. It's battery powered, easy to assemble, (and the car is securely held together by screws). Simply start it, place on track and after a turn or two, throw the switch. The car zips down the side-track into a plastic bumper and wh-o-o-o-sh! The rocket zooms toward the ceiling (but doesn't hit it).

Ask for a coupon at the Humble sign in your neighborhood today. Mail with \$2.95* (cash, money order or check) to address on coupon.

*plus State tax where applicable

Without coupon—You can buy the Enco Energy Rocket without a coupon for \$5.95.* Mail cash, money order or check with name and address to Rocket, Humble Oil & Refining Company, P. O. Box 1244, Houston 1, Texas.

"Give your car an energy boost—fill up with Enco Extra gasoline"

3 MINUTES LEFT

Time flies. It's later than you think.

The egg glass here gives us only three minutes. It is time for serious thought, final preparation. Neither your station in life nor your bank account will exalt you to God. *This is inventory time, Mister.*

When have you been on your knees, or to church, or helped those in need? All the cattle, oil wells, uranium mines in the world won't put you on good terms with the "Man Upstairs."

When time is running out, when the end draws nigh, worldly goods won't mean a thing. Then you'll want what the church stands for, your family, and things eternal... you'll want God. Why not let Christ captain your soul?

You may have three minutes left.

1962 MERCURYS
 best-looking buys...now in each size

COMPACT MERCURY COMET
 BIG MERCURY MONTEREY

MERCURY COMET
 smartly ahead of the compact crowd

MERCURY MONTEREY
 the best-looking buy for the big-car man

Your Mercury dealer asks:
Do you know a better way to furnish a two-car garage?

FOR "HER"—COMPACT MERCURY COMET. So becoming (only compact with fine-car styling). So easy to handle (watch her park like you!). Packed with the quality extras that make the difference (luxurious upholstery and insulation throughout). Extra room and a smoother ride (up to 7.5-inch longer wheelbase than other compacts). Bigger trunk. Extra resale value (finest record of any compact). Easy to own, too (priced with or below most compacts).

FOR "HIM"—BIG, LUXURIOUS MERCURY MONTEREY. Mercury's top-of-the-line car. For the man who prefers or needs a big car. He gets quality—example: every automatic transmission is "run-in" at the factory. For extra stability, a longer wheelbase than other cars in its class. More room and trunk space. A smoother ride (Cushion-Link Suspension). More big news: routine service is needed only twice a year—at 6,000- to 30,000-mile intervals!

CHARLIE SEEDS MOTOR CO., INC.
 First & Miles St. Hereford, Texas

PROOF!
 Gates revolutionary Low Profile Tire outwears 5 other leading brands... cuts mileage costs 25%

These six leading 1st line tires were run the same miles on the same cars by an independent test fleet.* Only Gates Air-Floater Tire still had 25% to 30% more miles of tread left at the end of the test! All together 10 million miles of road tests prove Gates nylon goes as far for 75¢ as other tires go for \$1—a clear saving to you of 25% of your tire dollars.

Here's why this tire gives you bonus miles: Low profile design is more nearly the running shape of a tire. That reduces sidewall flexing and heat build-up; reduces tread scuffing, lengthens tire life.

*South Texas Tire Test Fleet, Inc.

as low as **\$18.55** plus tax & old tire off car

GATES TIRES

Unconditional ROAD-HAZARD GUARANTEE
 against ANY tire failure for the entire life of the long-wearing tread—no time or mileage limit! Should tire fail for any reason, you get a new tire, with full credit for unused mileage, based on Gates standard, nation-wide adjustment schedule.

HIGHLIGHTS AND SIDELIGHTS

Sales Tax Modifications Water Problem Discussed

BY VERN SANFORD
Austin — City officials in Texas got a warning from Chief Engineer John Vandertulp of the State Board of Engineers. He said Texas had better get moving on its water projects. Vandertulp's staff has just completed a water study outlining ways in which Texas cities and industries could meet their water needs for 1980. Half of the 14 reservoirs now under construction in Texas will be too small to supply their service areas by then.

It is going to take \$1,000,000 to build the reservoirs, treatment plants and distribution systems, to provide water the Texans of 1980 will need. It will also take planning and working — starting now — to get the 45 new reservoirs proposed by the Board of Water Engineers' plan built and full of water by or before 1980.

Plan is endorsed in most details by the U. S. Study Commission.

Sales Tax Modification
State Comptroller Robert S. Calvert thinks it's time to change the oil tax plan just adopted by the Legislature.

Constitution allocates the new sales tax on motor oil to the State Highway fund for road building. Consequently the corner service station man must keep books on this tax separately from sales taxes he collects for the State's general fund.

Calvert plans to suggest to the Legislature that this oil tax be levied at the jobber level, same as gasoline sales taxes. This will simplify bookkeeping and collecting.

Speaker James A. Turman agreed that there are inequities in the new sales tax which the Legislature should correct.

First to talk openly about paying the tax under protest were the vending machine people. They can't collect sales tax on items selling for less than 25 cents, but they must pay sales tax on their gross sales.

Texas Merchandise Vending Association plans to ask for a court ruling.

Last Go-Round
Sale of \$25,000,000 in bonds for the Veterans Land Board completes the borrowing by the State government for that program. Voters authorized \$200,000,000 to finance purchases of farms and ranches for veterans.

In the last year, about \$37,500,000 has been invested in land since the program was revived after an increase in the

authorized interest rate. L. H. Page of Carthage, member of the Veterans Land Board, estimated that veterans will pay enough extra interest that the state will have made \$100,000,000 profit on this program by 2005. That is when the last loan is supposed to be paid off.

More Study
Governor Price Daniel asked the Legislative Council to bring its 1958 study on loans and interest rates up to date. Governor Daniel now seems likely to call the Legislature back into session in January. He wants up-to-date facts on the subject of regulation of interest rates and lenders. Regular session just could not reach agreement.

He will ask also for passage of a bill extending the new escheat enforcement procedures to unclaimed bank accounts in banks and savings institutions.

Speaker James A. Turman appointed a special House committee to make a follow-up study of escheat laws. Reps. Franklin Spears, San Antonio; Ted Springer, Amarillo; Richard C. Slack, Pecos; Paul Haring, Colliad; and Reed Quilliam, Lubbock, are its members.

Governor Appoints
Gov. Price Daniel assigned Dr. James A. Turman (no kin to Speaker Turman), Texas Youth Council director, and Rep. Don Kennard of Fort Worth to attend the National Governors' Conference on Delinquency and Youth Crime in Denver, Colorado.

They'll come back armed with arguments on why Texas needs parole officers in more than just the five biggest counties. That's extent of present program.

Governor Daniel is asking the Legislature to expand the five-man juvenile parole set-up it created this year. Kennard has sponsored juvenile parole legislation.

First Runner
Sen. Preston Smith of Lubbock became the first candidate for lieutenant governor in the Democratic primary next May 5.

Smith, who served three terms in the House of Representatives and five years in the Senate, ran third in the 1950 lieutenant governor's race. That was the year Ben Ramsey won the run-off and started the first of his six terms in the office.

Senator Smith, 49, is a theater operator. **Highway Speedup**
Faster feeding of federal-aid money into highway construction is reflected by the State Highway Department's monthly report.

As a recession-trimmer, U. S. cash was sent out faster than had been scheduled. On October 1, there were \$325,858,057 worth of highway construction contracts outstanding in Texas, averaging at just about 50 per cent completion.

During last month, highway contractors completed \$18,684,270 worth of new construction. Figure doesn't include the maintenance work by Highway Department crews.

Short Shorts
Railroad Commission again set November production of oil at eight days — the seventh straight month of 22 or 23-day shutdowns.

VISITING FAMILY
Eugene Dowell of El Paso is visiting in the home of his parents, Mr. and Mrs. R. L. Dowell of Hereford, and other friends.

PARENTS VISIT
Mr. and Mrs. Sam Locke of Plainview visited over the weekend with their daughter and family, Mr. and Mrs. Ted Panciera. The two families attended the play, "The Taming of the Shrew," in Canyon on Saturday evening. Mary Kaye Panciera played the role of Bianca in the production. Mary Kaye is a freshman student at West Texas State College majoring in drama.

COMPLETES STUDY
Charles Bell Jr., an insurance representative in Hereford, has been notified of qualification for his company's advanced underwriting diploma after com-

pleting the tax and business insurance course. The course is last of a series of four study courses offered in a three year educational program for representatives of the company.
